FROM QUEBEC.

THE "NISTRY" QUEBEC, March 6.

The Ministers met in town at Hon. Messrs.

Chapleau, Lomer, Wurtz, Lynch, Paquet,

Fiary and Dinnie, besides Hon. Bocher de la

Breuve, the President of the Council,

without a portfolio. It is understood that the

office has now no salary attached to it. This

will probably be arranged when the Legislature

meets. Hereafter when the Minister in the

Legislative Council was the President, as in

the case of Mr. Starnes, and later of Mr. Ross,

it was necessary for him to be continually

leaving the chair to introduce or support a

Government measure, or to reply to an

Opposition attack. It is now proposed that

the Government policy this session will

be in the Council; hence the means taken by

the Government to strengthen their position

there. The appointment of Mr. LaRoche, Q.C.,

to the Council is well received here.

REDUCING THE MINISTERS.—There is a

rumor, believed to be well founded, that

Government intends to reduce the number of

Ministers in the Government abolishing prob-

ably the Solicitor General's office.

IN RAILWAY MATTERS a much more

satisfactory feeling prevails since the sale on

Saturday of the Eastern Section of the Q. M. O.

& O. Railway to syndicate in which Quebec

participated. The sale was a success.

THE SESSION.—Friends of the Govern-

ment allege that they will introduce but few

new measures, and that the session will con-

sequently be very short, the regular annual

session of the Legislature being resumed again

at the end of the month.

THE GRAIN TRADE.—Chicago grain mar-

kets are expected here this week to investi-

gate the facilities for the storage and

shipment of grain.

THE "BAHAMA" DISASTER.—Most of

the survivors of the steamer "Bahama" now

here, and are being subjoined as witnesses at

the investigation proceeding before Mr. Gregory

at the instance of the Dominion Government.
