G. F. PROWSE

MANUFACTURER OF

**TIN AND COPPER GOODS,
HOT AIR FURNACES
Of various descriptions.**

**Baths of all descriptions.
REFRIGERATORS, OR SUMMMER ICE
HOUSES
of a superior quality.**

G. F. PROWSE, would respectfully invite public attention to his NEW and GREATLY IMPROVED FURNACES, which give a still grsater degree of heat from the same quantity of fuel than his former one.

By this NEW INVENTION, the flames and smoke, after leaving the fire and passing the generators, again re-enter and pass through the Furnace, thereby adding greatly to the existing volume of Caloric, and consequently diminishing to an equal extent the necessity of consuming the fuel. This apparatus erected in a kitchen will BAKE ROAST AND BOIL in a manner every way superior to any other now in use. By an arrangement of the SUMMER APPARATUS, a very small fire is required for cooking, and no heat, (except required,) need be felt in the house. Another great advantage in this Furnace is a still smaller apparatus for broiling and boiling, the smell of which is entirely carried up the Furnace, and hot water can be sent to any part of the building for baths, &c., whereby a great saving is effected both in fuel and labor.

This line consists of the well known Boats LADY ELGIN and CRESCENT, which having undergone a thorough repair and refitting during the past Winter, are now equal in comfort and convenience to any boats on the St. Lawrence, and they are fitted up with State Rooms throughout, for which there is *no extra charge*. The Cabin Fare is fixed at 7s 6d currency, or one dollar and a half, *meals included*, and the average time of arrival in Quebec and Montreal, is from 30 to 60 minutes previous to the Breakfast hour at the principal Hotels.

Travellers will bear in mind the high rate of fare which they paid on this route (being usually six dollars), before the owners of "Tate's Line" commenced running their Boats, and as every attention will be paid to their safety, comfort and convenience, the Proprietors confidently hope for a continuation of the liberal support which they have hitherto received.
