PRICE 3 CENTS

Exchange Teacher From U.K. Coming To Roslyn School

One of the 54 United Kingdom exchange teachers coming to Canada this year will teach in Westmount. Miss Velma Price from England has been assigned to Roslyn School. Miss Joyce Marshall also from England will teach at Barclay School, in Park Extension.

Under the Canada-U.K. teacher exchange scheme organized by the League of the British Commonwealth and Empire, in conjunction with various Departments of Education, 54 U.K. teachers will again exchange posts with a similar number of teachers in seven Canadian provinces. The exchanges are for one year, and include teachers in all types of schools, from nursery to high school.

Last week, Her Majesty Queen Elizabeth received 250 exchange teachers from the British Commonwealth and the United States, who have been teaching at schools in the United Kingdom during the term just ended.

Twenty of the British teachers coming to Canada will be assigned to British Columbia schools; twenty will go to Ontario; four to Alberta; two to Saskatchewan; four to Manitoba; two to Nova Scotia; and two to Quebec, these being Miss Price and Miss Marshall.

Man Fined Here For Loitering

Aquila Lefebvre, of 2371 St. Denis Street, was fined \$40 and costs for loitering at the corner of Western and Victoria Avenues at the Shell Gas Station, when he appeared before Deputy Recorder A. E. Laverty at Recorder's Court this week.

U.S. Motorist Collides With Auto At Clarke Ave.

William Bernardi, of Highland Park, Illinois, was involved in a collision with Jean Paul Joannette, of 3451 Mountain Street, Monday, at the corner of Clarke Avenue and Sherbrooke Street.

Rent Administrator Here Clarifies Regulations

"Settlement between the tenant and the landlord is the purpose of the Rent Control, Bill 22," said Norman Saylor, K.C., administrator for the Westmount-Hampstead office located at Victoria Hall.

Of the 2,000 people who have passed through the office Mr. Saylor, John Cerrini, K.C., of Ross & Cerrini, the legal council; and Rene Ladouceur, the secretary; have tried to get the applicants to face the issues involved in a fair and honest way.

Mr. Saylor stressed the fact, missed by some of the metropolitan dailies this week, that all tenants, who were dissatisfied with their present rate of rent had to do, was to file the note of "intention" with the rental administrator and the landlord.

The notice reads: "Notice is hereby given you under Provincial law that I intend to make an application for the prolongation of my lease and fixation of rent." Mr. Saylor said this notice of intention was intended to act as a stimulus between the two parties to bring them together to find an honest and fair rate of rent.

The dailies stressed the need

Playground Elections Held In City Parks

More than 100 kiddies from the Westmount area were present at a carnival at Staynor Playground Wednesday, complete with prizes, food and fortune telling. Above, Margie Ansell, 10, has her fortune told by Barbara Doherty, 11. Behind are playground mayor Bobby MacNulty, 12, and monitress Lillian Jaslow. Elections were held in Westmount, Prince Albert and Staynor Parks for Mayor, Police Chief, Fire Chief and other offices.

Playground Elections Held In Local Parks

Nine Westmount children are still proudly wearing their laurels this week after winning the elections held at Westmount, Staynor and Prince Albert Parks under the direction of the Recreation Department.

Of all the successful candidates in the campaign held at the parks only one was re-elected to office. He was Bobbie Cote, elected mayor of Prince Albert Park.

The other successful candidates are as follows:

Westmount Park: Mayor Pat Naismith, Police Chief Larry Porter and Fire Chief Paddie McElroy.

Staynor Park: Mayor Bobbie McNulty, Police chief Richard Ryan and Fire Chief Calder Black.

Prince Albert Park: Mayor Bobbie Cote, Police Chief Bertelle Gatto and Fire Chief Hernany Brillenbourg. Bertelle Gatto was the only girl in the slate of officers elected to office.

The elections were carried out to the letter in a formal manner as in real ones. Ballot boxes

used in the Westmount elections were dusted off for the first time in many years.

Candidates were nominated and gave their election speeches before their assembled playmates. Inauguration was cancelled due to rain but will be held August 30 at the Westmount Athletic Grounds.

The mayors, police and fire chiefs will be received that evening by Mayor J. S. Cameron at the final sing-song of the season.

The day will be festival day for all the youngsters who have taken part in the playgrounds summer program. An exhibition will be held during the day at the Athletic Grounds of the articles made in the playground activities.

Monday will be excursion day for all the children of the playgrounds who want to take part in a boat trip on the S.S. Island King. Parents are not only invited to come but children unescorted by one of their family will not be allowed to make the trip.

Price of the trip is 50 cents for children and 75 cents for adults. Tickets may be purchased from the playground supervisors. The parties will leave the individual parks at 1 p.m. sharp.

Attendance for the last week July 16-20 at the parks was as follows:

Westmount Park: girls, 337; boys, 267.

Staynor Park: girls, 391; boys, 314.

Prince Albert Park: girls, 647; boys, 625.

(Continued on Page 2)

Lucien Croteau Advocates Rail And Tram Plan

The scheme which was first advocated by The Examiner to use existing rail lines to help solve Montreal's traffic problem seems to be bearing fruit. Councillor Lucien Croteau, a member of the executive committee of the City of Montreal, states that he is preparing a plan which would provide for overall co-ordination of all passenger transportation services within the Montreal area.

Montreal is circled by rail lines with another cutting through the centre of the island. It has long been suggested that these lines be used to augment tramway and bus transportation, with transfer points being established. Feeder lines could be run to certain points in the suburbs which would relieve traffic congestion in the uptown and downtown districts.

Westmount would Benefit

It will be recalled that the Notre Dame de Grace Community Association this year sent a deputation to Ottawa to interview the Board of Railway Commissioners as to the possibility of making a station at or near Melrose avenue. It was argued by the association that this step would ease traffic conditions in the west end with resulting benefits to Westmount residents who would find the trams and buses less crowded. Fewer tramcars and buses would be required to transport the N.D.G. population downtown which would have the effect of easing automobile traffic conditions in the intervening through streets.

The use of the rail lines is made all the more necessary because of the delay in starting a subway system. The Montreal Transportation Commission last week engaged the services of the Chicago expert who designed the Toronto subways, but it will be at least one year or longer before the plans are ready and after that the problem of financing has to be met. A reasonable estimate is that even if a subway is decided on, Westmount and other points in the West end will have to wait probably ten years before getting any traffic relief from such a system. Inside sources have it that the first subway to be constructed will run east along or adjacent to St Catherine Street from a point at or near to St. Denis and St. Catherine Streets.

Councillor Croteau's plan is to set up a joint board widely representative which will act in the general interest. He will propose that on the board representatives of the railways shall have seats as well as other transport operators and public representatives. It would not be a matter of taking over existing operators, but of ensuring that all transport facilities were used to best advantage.

The board would be able to look at things from a community point of view, and to plan how best to provide convenient travel routing over lines of both railways also the rail lines belonging to the Harbour Commissioners. In some cases these facilities could be combined to provide transfer privileges. Now that the Montreal Tramways Company has been taken over by the M.T.C. some of the difficulties which previously existed as to profits, etc., have been eliminated. This factor should make an agreement between the various transportation agencies much easier.

Whatever becomes of Mr. Croteau's suggestion it is at least a step in the right direction and should receive the support of all citizens who are perturbed by the ever increasing mass transportation problem.

Circus Arrives At YMCA; Said Bigger And Better

The Summer Circus has arrived in town, and will have the Westmount Y.M.C.A. as its headquarters all day today. The Circus will be open in the Y.M.C.A. gymnasium from 2.30 to 4.30 and again from 7.30 to 8.30.

Among the features of the Circus this year will be the Bee Bee Gun Range, Baseball Throw, Fortune Telling, Turtle Races and Movies.

The Circus is being put on by the boys of Camp Westmount, the Westmount Y.M.C.A. City Camp. The boys in the Camp have been planning the Circus for the last few weeks, and it promises to be bigger and better than ever.

Prizes will be given to those people winning in each of the booths. Proceeds from the Penny Carnival will be donated to the World Service Work of the Y.M.C.A.

The week of July 30 to August 4 will be Special Event Week at the Westmount Y.M.C.A. when trips will be taken to various industries, beaches and Belmont Park.

The August Summer Fun Club will commence on August 6.

City Hall Broken Into By Youth

Levis Parizeau, looking for a pot of gold, chose the wrong place Tuesday morning, according to Chief of Police R. A. Byford. He selected a large building between Kensington and Argyle Avenues.

Chief Byford said there were two things Parizeau didn't reckon on when he broke into the building. He hadn't counted on the alertness of the Westmount police and he didn't know that the building he chose to burglarize was the Westmount City Hall.

The nineteen-year-old Parizeau, of no fixed address, was caught by Sgt. W. Maxwell and Cnst. M. Millar with a watch and \$12 worth of stamps and cash.

Taken to the police station he was booked on a charge of burglary, but appearing before Deputy Recorder A. E. Laverty he pleaded not guilty. His case was remanded until next week.

I Remember

By G. P. SMITH

A series of articles by a retired coach and physical director recalling great athletes and great teams. Mr. Smith was 32 years of Westmount High as director of physical education (boys), and concurrently 28 years at McGill as wrestling coach.

Teams of 1936-37

There is an old saying "That leaders are born not made." The ones that realize it more than anyone else are school athletic directors, as it is on the sport field that this characteristic is brought out and the squads are not slow in noticing it when captains are being elected for the different teams. At times an outstanding player will be chosen, and as a captain he is a washout. He has not the qualities necessary as a leader, even though he is very popular with the boys.

A fact I have noticed is the amount of promoting and driving a team will take from some captains without showing any resentment and the way they will dig in when called on by him. We will take the case of Cammie Mussells, now high up in the R.C.A.F. At the beginning of the season it was always my habit to look over the

squad very carefully and to pick out boys who had these qualities of leadership and indirectly bring them to the attention of the squad, and when the voting took place invariably they would be picked as captain or co-captain.

In Cammie's case it was unnecessary, as he was the unanimous choice from the start, and the way he could drive a team when they faltered either by voice or the flat of his hand on the seat of their pants was amazing and with no resentment on their part. This is the earmark of one type of leadership while others are the quieter type yet very effective. Wally Markham was one of the latter, likewise Donnie Smith, Jimmie Thomson, Johnny Porter, Russ McConnell, Hughy Farquharson. Their effectiveness was more power of ex-

Miss G. Arnold Welfare Worker Died On Sunday

Miss Gertrude Arnold, for many years active in welfare and soldiers' aid work here and abroad, died Sunday at her home, 423 Mount Pleasant avenue, Westmount. She had been in poor health for some time.

Rev. Dr. Scott MacKenzie, conducted the funeral service Tuesday at Miss Arnold's residence, burial was in Mount Royal cemetery.

Born in Scotland, the elder daughter of the late Mr. and Mrs. J. Porteous Arnold, Miss Arnold came to Canada as a young girl and was educated in Montreal.

She went overseas in World War I to aid Lady Drummond's work with Canadian soldiers in London, and was later posted to a military hospital in England after qualifying as a Voluntary Aid nurse. Miss Arnold spent three years with No. 2 Red Cross Hospital in Rouen, France.

Returning to Montreal after the war, she was in charge of the social service department of the Soldiers Civil Re-establishment Department. When she completed her service there, she became a district secretary with the Family Welfare Association for several years.

At the request of the late Lord Atholstan, Miss Arnold administered the Atholstan Educational Fund during its 10 years of service, aiding hundreds of underprivileged boys and girls in the Montreal area.

She was an active member of the Church of St. Andrew and St. Paul, and also of the Canadian Authors Association. Miss Arnold was also active with the I.O.D.E.

She is survived by a brother, Thomas Arnold, and a sister, Miss Mima Arnold, both of Montreal.

ample, Curtis Ross with his 200 lbs. or weight and booming voice and drive while Buddy Hellyer was another type.

A story about Cammie that bears repeating. At the beginning of the war the R.C.A.F. were very fastidious about the scholastic rating of those they took in. While Cammie was not like his brothers, remarkable scholars, he was all there in many other ways, one of which was persistence. When he went down to join up, he was told his scholastic standing was not good enough. His answer was "O.K., but, every morning you are going to find me sitting on your doorstep until you take me in." Eventually they did, and what was the result? His rise was meteoric, and look where he is today.

In football we were successful in winning the three league titles, the B team scoring 178 points, to 0 against them; the senior team, with Cammie as captain and F. W. with Buddy Hellyer, J. Mowatt, and J. Thomson as H. B. J. Swift at quarterback. On the line were Eric Fleet at snap flanked by J. L'Abée, I. O'Hara, D. Campbell, J. Charters; at outside, tough John Hanson and lanky Reg. Chown, Tommie Chown was a very good manager.

This was the first year we used the new rules and this meant a lot of re-arranging of plays. Nevertheless by the middle of the season all teams seemed right at home with them, and the new rules proved agreeable to the spectators and players as they opened up the game and gave every player something specific to do on every play.

Hectic Playoff

In the playoff for the City title we had to wait three weeks for the other league to declare its champions. This proved a handicap to both the A and B team, as the long wait seemed to take the edge of both teams. The A team met the strong W.H.H.S. team and lost out by a score of 4 to 3. The game witnessed by the

biggest crowd of the season, nearly ended in a riot when the officials declared what appeared to be a perfectly legal foul play was caught by Jack Mowatt behind the line on the last play of the game. Jimmie Hanson, who was lying on the ground was supposed to have touched it before Jack. After the most hectic period I have experienced we got the teams off the field and left it to the crowd. For weeks after it was the sole topic of conversation when meeting those who attended the game. The officials were honest and called it as they saw it.

The B team, with Sandy Morrison as captain, had played all through the season without a point being scored against them got careless when leading the St. Leo's team and one of them slipped around the end and scored a touch which put them in the lead with full time only minutes away. The layoff of three weeks and a day waiting for the playoff did not help them any, and St. Leo's won by score of 6 to 4.

The basketball team led by Reg. Chown, tied for the league. With Strathcona in the playoff they won the round and then met the strong St. Willibrord, and were successful in winning the city championship. Mr. Parker Wearing was a big help with his assistance in coaching. This was a great help as it filled a long felt want.

In hockey the competition was very keen W.H.S. only winning out by a point over W.H.H.S. who were tied in their last game by Strathcona, thus giving us the title, W.H.H.S. had a very powerful team that year and it was a case of over-confidence that beat them out. This is something that all coaches find hard to combat when it creeps in. Many times I have had to cut my teams down to size by a tongue lashing before a game or at half time if they came in dry and cocky.

There are many people who have the impression that a coach does not effect the playing of a team once the game starts. I remember one incident in a city playoff when at half time the team came off the field at half time with the score standing 9 to 0 against them. I have never dressed a team down like I did that one. The result was they were the only team on the field in the second half. Final score 13 to 9 for W.H.S.

The senior hockey team with J. Lyons in goal, replaced by Bob Scarlet after first game, Defense Eric Fleet and Kev Casey, forward Buddy Hellyer, J. Mowatt, J. Thomson on one line and J. Kennedy A. McConnell, and Bill Fisher with T. Wells as alternate.

In the playoff we met the D'Arcy McGee team and while dominating the play all through, we could not beat Jerry Burns in the nets. He turned in the most sensational goaling I have ever seen in school hockey. The Sen B team met the St. Lambert team and won by a score of 5 to 4 in two games.

Paul Haynes helped out by marking my fault cards and the ones to show most improvement were Eric Fleet and Buddy Hellyer. Eric played clean standout hockey all season, while Buddy was tireless up front. Buddy and Bob Scarlet are still playing good hockey in the senior group with Ottawa and Royals.

COWFETERIA

"Bossy" has come into her own at the British Industries Fair which opened Monday, April 30. Among the exhibits are a "Cowfeteria," described as a "mobile canteen for cows," and an electric midwife or "Cowsitter" which keeps the farmer constantly in touch with cows in labour. The Fair closes May 11th.

Mrs. C. Cassie Dies; Was Prominent Catholic Worker

Mrs. Elizabeth E. Cassie, wife of Charles Cassie, president of Standard Brands, Ltd., died suddenly Saturday at the Private Patients Pavilion, Western Division, Montreal General Hospital.

Mrs. Cassie, formerly Elizabeth Whitney, a native of Hallowell, Me., had been residing here for the past 21 years. She had been active in church and social work. She was a member of the Catholic Women's League of Westmount, the Catholic Church Extension and Xavier Apostolate Guild, also a member of the American Women's Club of Montreal.

Besides her husband, she is survived by a grandson, Charles H. Whitcomb; a sister, Mrs. E. H. Boynton, of Hallowell, Me.; and other relatives residing in the United States.

Funeral service was held Tuesday morning at the Church of Ascension of Our Lord, Sherbrooke street and Clark avenue. Interment was in the family burial lot at Hallowell, Me.

Bridge Party Held For Orange Home

An afternoon gathering for the benefit of the Orange and Protestant Children's Home at Rosemere, Que., was held recently in the Victoria Hall, Westmount; organized by Mrs. J. Wilfred Shaw, proceeds amounted to \$90.00.

Twenty tables played bridge for prizes donated by Stafford Foods; door prizes—a ham from Wilsil's Ltd. and a cabinet of stationery, donated by a friend—were drawn for by R. W. Sis. Ethel Erskine and won by Mrs. R. Newman and Mrs. G. W. Dunn.

Tea was served by Mrs. Leslie H. Boyd, Mrs. F. W. Dakin, R. W. Sis. E. Helm, Mrs. W. Allin Thompson and Mrs. J. W. Tyson.

more work for the administrators."

The notice of intention, he said, should be mailed to the administrator and the landlord by registered mail to be on the safe side.

The other forms are only for those who cannot come to some fair and just agreement with the landlord, Mr. Saylor said. The copy to the rental administrator must be mailed to the official in the district in which the lessee lives.

The second and third forms must be sent before September 1. They are, respectively, a notification to the landlord that application is being made, and an application to the board for prolongation and rent fixing.

Copies of all forms are available in both English and French at the rental office.

Norwegian Educator Was Rotary Guest Speaker

Norwegian guest at the Westmount Rotary Club this week, Jacob Omoholt-Jensen, of Oslo, told the Examiner he had come to study Canadian education.

Mr. Jensen, a Rotarian himself, arrived in the Norwegian steamer "Terne Fjell" Tuesday and is staying with his brother, a Canadian citizen at 4800 Cote St. Catherine Road.

An educator, Mr. Jensen wants to avail himself of all Canadian education has to offer. He will stay here for three months visiting various Montreal institutions and speaking with men in that field.

He is principal of Vesthern, one of the very few Norwegian private schools. In this his first visit to Canada Mr. Omoholt-Jensen was impressed.

Station Of Cross Not In Westmount

In the Examiner of last week it was incorrectly stated that one of the "Stations of The Cross" would be placed on Westmount City property.

Actually what is being done is that Westmount is moving a lamp standard on Surrey Gardens further back so that the view from the Stations of The Cross will not be obstructed, but it is pointed out that the figure referred to representing one of the fourteen stations of Christ's passion is on St. Joseph's Oratory property and is on the Montreal side.

Hospital Appointee

Miss Elsbeth Geiger, R.N., B.N., M.A., who has been appointed to the post of Director of Nursing of the Homoeopathic Hospital.

He was slightly surprised when taken to the basilica at St. Joseph's Oratory for his first view of the city. "I didn't expect to have my introduction to this country from a church yard," he quipped.

In the absence of the guest speaker Frank Carlin, vice-president of the club improvised with some of his experiences with the "Victorias", the first hockey team in history.

Mr. Carlin was ex-member of that team when it toured Scandinavia more than a score of years ago. He said the games played there were those countries introduction to the sport.

The first hockey match played in Sweden, he stated, came about as the result of an argument on the part of some Swedish newspapermen.

The journalists, he related, were debating the merits of hockey and a similar Swedish sport called "bandy". The latter game was played on a rink the size of a soccer field, with a ball of tightly bound string and sticks similar to those used in field hockey.

The upshot of this heated discussion, Mr. Carlin said was an invitation for an amateur team to play an exhibition match in Stockholm.

The Swedes, he said were out-manuevered with their lack of know-how and clumsy racing skates. The result was a solid thumping 17-1 for Victorias.

Mr. Carlin chaired the meeting.

Civil Defence Calls On Nurses To Take Course

Nurses will begin to take a hand in greater Montreal's civil defence next month when under the auspices of the metropolitan CD organization and the Quebec Association of Nurses, Montreal section, they will attend a course on general defense aspects.

The course will last from Aug. 13-17, and the provincial ministries of health and youth and social welfare have also been invited to submit their names of personnel from their departments for attendance.

It's the first move towards incorporating the many thousands of personnel trained in their particular fields, health, salvage and the like into the general scheme of the organization. Police and fire organizations, also to be enlarged with volunteer personnel against CD need, are being pigeon-holed into the expanding pattern of the organization.

Role of the 248 instructors who have just completed training will be an important one towards assuring best possible division of services, and understanding by each of the important roles which other CD units will play. Ability of the organization to ensure rapid mass training is now enormously increased.

In the fall all recruited personnel, including subdivision controllers and district wardens, will undergo first aid as well as general, civil defence and specialized courses.

Charged With Burglary Accused Pleads Guilty

Robert Dumas, 23, of St. Catherine Street, pleaded guilty to a charge of burglary before Deputy Recorder A. E. Laverty Saturday at Records' Court and was remanded for sentence until later this week.

Dumas was arrested by Sgt. Det. H. Belac and Det. A. Talbert on information received after he had stolen a bicycle and a camera from a rooming house at 236 Wood Avenue.

Youth Is Sentenced For Two Westmount Offences

The plea of a father and stepmother for custody of a 17-year-old was spoiled at the last minute in Sessions Court Friday when the judge decided he didn't like the youngster's attitude.

The boy, identified as Trevor Kool, no known address, and sent up to Criminal Court by a judge of the Social Welfare Court, pleaded guilty before Judge T. A. Fontaine to assault on a girl in Queen Elizabeth Park, Westmount, and theft of \$144 worth of goods from a Brooke Ave. home.

A man who identified himself as the boy's father told of being divorced and then serving six years in the armed forces, during which time the boy and two other children were cared for by welfare agencies or friends.

With the father was his second wife, who claimed the youth had "never had a home but lived in rooming houses." She said the couple wanted to take him home.

Detained Before

Judge Fontaine said the youth had once been detained for possession of a revolver and that his case had "obviously" been studied in the Social Welfare Court, where he had been brought several times.

"What did you have that revolver for?" the judge asked Kool, "No reason whatsoever," the

Don't Leave Them Behind

Abandoned pets: Every year the S.P.C.A. picks up hundreds of pets abandoned by families who leave on summer holidays without making any provision for their pets. Many of them are Christmas and Easter presents to children and are left to fend for themselves during holidays even though some are only a few months old. More than 500 calls a day are received by the S.P.C.A. to pick up these unwanted animals which includes dogs and cats. The soulful look on the faces in the above picture is proof that the animals are not enjoying their enforced confinement.

STALIN GIVEN LION

The newspaper Evening Moscow reported that Stalin had been given an African lion by a South African admirer.

Fifty Cent Pieces Proving Popular

The mint in Ottawa reports a sharp rise in the popularity of 50-cent pieces — and blamed it on the equally steep rise in the cost of living.

Mint officials said they are working overtime, trying to keep up with the demand for half-dollars. The demand is, they said, a reflection of price increases in such items as cigarettes, cab fares and haircuts.

They reported that 50-cent pieces totalling more than \$400,000 already have been minted this year, compared with \$429,000 worth for the whole of 1950.

HOW 'PIN MONEY' ORIGINATED

The phrase "pin money" originated in the 14th Century when pins were so expensive manufacturers sold them in open shops only two days a year and husbands provided their wives with money for this luxury.

World Population Increases Rapidly

The United Nations estimated Monday the world population at 2,378,000,000 as of 1949 and said the birth rate for the 20th century "shows world population to be increasing as never before."

Despite two world wars and rises in accidental deaths, figures published by the UN World Health Organization showed that the world's population increased by 826,000,000 since 1900 — a daily net addition of 60,000 persons.

The WHO report revealed that world population nearly quadrupled in the last three centuries, rising from an estimated 545,000,000 in 1650 to approximately 2,378,000,000 in 1949.

Ebenezer Butterick, in 1863, designed, packed, and sold the first commercial patterns—for boys' and men's clothing.

LAURENTIANS

BOY, 10, CRAWLS UNDER MOVING FREIGHT TRAIN TO SAVE CHUM

André Fiola, of Jonquière, Que., risks his life in daring rescue of unconscious boy

1. Young Eddie Simard, aged 7, was playing alone on a large company's railway siding in Jonquière. His thoughts must have been miles away, because he was quite unaware of a freight train approaching. The train was also backing up . . . and the sound of the engine either didn't reach him — or didn't bother him. Suddenly he was struck by the rear car and knocked unconscious.

2. Everything had happened so quickly that no one noticed the plight of the unfortunate youngster — no one, that is, except 10-year-old André Fiola. He was horrified at the sight of Eddie being knocked down . . . but when he saw the little figure crumple in a heap and then begin to disappear under the freight car, André leaped into action. At top speed he raced to the railway tracks.

3. Luckily the freight was moving very slowly. But even so it took great courage and presence of mind for André to get under the moving car and drag the unconscious boy to safety. The bravery of this young Jonquière boy and his unselfishness in risking his life to save a friend merit the praise of every Canadian. We are proud to pay him tribute through the presentation of *The Dow Award*.

THE DOW AWARD is a citation presented for acts of outstanding heroism and includes, as a tangible expression of appreciation, a \$100 Canada Savings Bond. The Dow Award Committee, a group of editors of leading Canadian daily newspapers, selects Award winners from recommendations made by a nationally known news organization.

Civil Defence Wardens Named For Westmount

Brig. J. Guy Gauvreau, civil defence co-ordinator for the Montreal Metropolitan area sent out a request to all municipalities on Wednesday asking each to appoint a district warden.

Brig. Gauvreau announced that the district warden will be responsible for subdividing his area into suitable units, as well as supervising and training wardens.

Westmount has already named Brig. J. A. DeLalanne as warden with Brig. K. G. Blackader and Rene Perrault as deputy wardens.

In his request to the municipalities Brig. Gauvreau noted that the whole pattern of defence planning was a series of units constantly dividing one end of the scale, and on the other, building up to the master design.

METROPOLITAN DISTRICT DECLARED TARGET AREA

The Montreal metropolitan area, he stressed, constituted a target area. This was known as a division, which in turn reduced to six subdivisions. Each of these divided into districts under a district warden.

The districts are divided into four to five groups, headed by a group warden, and each group into four or five sectors under a sector warden. Finally, each sector was divided into wardens' posts, which may control some 500 persons, or a quarter-mile beat—whichever was the more adaptable.

For civil defence organization, the municipalities have been grouped as follows: Subdivision 1—Town of Mount Royal, Ville St. Laurent, Ville St. Pierre, Lachine; subdivision 2 Outremont; subdivision 3—Westmount, Hampstead, Montrea West; subdivision 4—Ville St. Michel, Montreal North; subdivision 5—Verdun, Ville La-Salle; subdivision 6—Montreal East and Pointe-aux-Trembles.

WESTMOUNT TO BEGIN TRAINING SEPTEMBER

In the meantime, Westmount is pointing towards Labor Day as the date after which training will begin in earnest.

With basic organization "practically completed" the director Lt.-Col. P. W. Cook stated that the civil defence committee had been operating since early in the year. This committee comprised Mayor J. S. Cameron, Aldermen, R. Panet-Raymond, R. H. Dean, Roy L. Campbell, J. S. B. Pemberton,

H. Lloyd Blachford, also Lt.-Col. J. Eric Slessor and Col. Cook, with Alderman R. H. Dean as chairman.

Under the chairmanship of R. D. Harkness an advisory council includes George S. Currie, Dr. Lorne Montgomery and Mrs. H. S. Jacques.

WOMEN PLAYING ACTIVE ROLE

Colonel Cook also noted that women were playing an active part in the Westmount organization. Associated with Mrs. Jacques are Mrs. H. C. Brennan, Mrs. J. S. Corbett, Mrs. Jean St. Germain, Mrs. Frank Binmore, Mrs. J. O'N. Gallery and Mrs. I. S. Isaacs. The first of a series of courses in standard first aid for women was in progress. Many had volunteered for various civil defence agencies, but many more were needed, particularly in the warden services.

Westmount, Colonel Cook explained, was made up of two warden groups and seven warden sectors. Sherbrooke street was the dividing line, Group A being north and Group B south of Sherbrooke.

The first group was subdivided into Sector 1, comprising the area north of The Boulevard and Cedar avenue; sector 2, the area between The Boulevard and Cote St. Antoine west of Argyle, Montrose and Murray; sector 3, the area between The Boulevard and Cedar avenue and Cote St. Antoine and Sherbrooke, east of the above between Cote St. Antoine and Sherbrooke.

Group B comprised sector 5 between Sherbrooke and the C.P.R.

Named Chief Warden

BRIG. J. A. DELALANNE

tracks, west of Melville and Abbott avenues; sector 6, the area between Sherbrooke and St. Catherine, east of Melville, and sector 7, the area below St. Catherine, and east of Abbott.

Sector 4, Colonel Cook said, was divided for convenience into sub-sectors A and B at Grosvenor avenue. In all cases the centre of the street was the dividing line.

GROUP AND SECTOR WARDENS NAMED

A. H. Drummond Ross has been named warden for Group A, with H. M. Hague as his alternate, and A. E. D. Tremain warden for Group B, with Jacques Senecal as alternate.

Following are the sector wardens: 1. Frank E. H. Gates, W. F. Macklaier, alternate; 2. Norton A. Fellowes, W. R. Eakin, alternate; 3. G. B. Puddicombe Roger Cordeau, alternate; 4A. J. E. L. Holliyer, Ian Cassils, alternate; 4B. L. A. Brooks, R. L. Grout, alternate; 5. A. R. Tilley, B. M. Adair, alternate; 6. R. E. C. Hunt, W. H. Carling, alternate; 7. S. F. H. Lane, and alternates H. M. Soden, J. D. King and H. P. Iilsley.

Colonel Cook emphasized there were still many posts to fill, and called on Westmount citizens to register either at the civil defence office, 4350 St. Catherine Street West, or with their sector warden.

Chief R. A. Byford Helps In Search For Tourists

Police Chief R. A. Byford of Westmount was called upon this week by A. W. Judge, of the Cleveland Auto Club to institute a province wide search for a Cleveland, O., tourist who with his wife and two children were believed to be enjoying a holiday somewhere in Quebec. Just after leaving for his vacation the father had died suddenly.

The tourist is Earl Glasmapp, of Cleveland, O., who is driving a 1951 yellow Mercury sedan with Ohio licence A-Z 567. On the lookout for the car are municipal and provincial police and the RCMP, Glasmapp is accompanied by his wife and two children. He is asked to get in touch immediately with C. E. Riley at Main 1-2414, Cleveland.

"Unfortunately," said Chief Byford, "we are hampered by not knowing what district the family was heading for. Our information is that they entered Canada from Watertown, N.Y., but there are several routes they could have taken. All we know is that they are somewhere in Quebec."

On receiving first a telegram and letter on Saturday from the Cleveland Auto Club official Chief Byford alerted all police agencies in the province.

Neither the telegram nor the letter stated the cause of Mr. Glasmapp's father death. It is known, however, to have been very sudden.

U.N. WHEAT GIFT

The first shipment of a 100-ton wheat gift from United Nations staff members to India as a "gesture of good will and sympathy" has been handed over to the regional director of food grains.

Dr. D. R. Murphy Wins Fellowship

The American Academy of Pediatrics has announced election of Dr. David Ross Murphy of 87 Arlington Avenue, Westmount, to an affiliate fellowship in surgery in the Academy.

After completing the usual internship, a doctor must have at least five years of specializing in the care of infants and children before he is eligible for fellowship in the Academy. Then he must pass comprehensive examinations given by the American Board of Pediatrics. After passing these examinations he than may be elected a Fellow of the Academy upon application and approval by the executive board.

About three thousand outstanding pediatricians in this country, Canada and Latin America are Fellows in the American Academy of Pediatrics.

Whirl-a-whip Is Available At Milk Bar

Robil Milk Bar, 5375 Sherbrooke Street West, is presenting this summer a new dairy product known as a Whirl-a-Whip, a delicious soft cream of different flavors. To date, there has been no soft ice cream machine that could make an assortment of flavors, but now, at Robil's, you can find strawberry, nuts, fresh banana soft ice cream made to your order and many others such as cherry malted, banana walnut, etc. Robil owners are two Agronomes, graduated from Oka Agricultural College, and always on the alert for new items.

The Whirl-a-Whip machine was brought from U.S.A. last year, after the big dairy convention in Atlantic City and only at Robil's, in eastern Canada, can you find that wonderful and flavorsome product.

Proprietors are Roger St. Pierre, dairy specialist, and Gabriel Renaud, agronomer. Gabriel's family have resided in N.D.G. since 1922.

Youth . . .

(Continued from page 3)

youth replied. "I just borrowed it."

"I'm not impressed at all. I don't like your attitude."

Any reunion of the couple and the youth was delayed for three months; the sentence Kool was given concurrently for assault and theft.

Kool was detained by Det.-Sgt. Harris Belec of the Westmount Police Department, who said the stolen goods had been recovered.

SMALL POTATOES

Montreal Hesitates To Refund Tax Overpayments To Westmounters

The City of Montreal apparently intends to hang on to the extra amount of one half of one percent of rental value which some 5,000 residents of Westmount and Outremont remitted in payment of water taxes.

Those residents who followed the advice published by Westmount not to pay the extra assessment pending the finding of the court can congratulate themselves in heeding the advice offered which was to the effect that they should calculate and remit only the amount of tax owing on the old basis of 7½ percent.

The unwillingness of Montreal to refund

the additional sum paid, trifling in some cases, until a decision has been reached whether or not to appeal the judgment handed down by Mr. Justice A. Smith, looks like small potatoes and is certainly discriminatory against those residents who did not dispute the Montreal bill.

Claude Choquette, A.C., Montreal City Attorney, will write to the lawyers of Westmount and Outremont asking whether they object to the cheques being discounted at the higher figure. In view of the fact that Westmount openly advised residents not to pay the higher figure it seems obvious that the answer to Montreal will be, No!

In the meantime tax payers are liable to have their payments acknowledged "without prejudice to the rights of the parties concerned".

It is most assuredly a lesson to all not to pay governments, whether they be municipal, provincial or federal, any more than they should receive, as the process of refunding may take a long time.

While the City of Montreal may have a case in demanding more money for water taxes it certainly has no case in withholding moneys owing to taxpayers who voluntarily paid the extra tax before the court judgment was handed down.

Christian Science

"Truth" is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist, on Sunday. The Golden Text is from Isaiah 26: 1, 2: "We have a strong city; salvation will God appoint for walls and bulwarks. Open ye the gates, that the righteous nation which keepeth the truth may enter in."

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And the Word was made flesh, and dwelt among us (and we beheld his glory, the glory as of the only begotten of the Father), full of grace and truth. And of his fulness have all we received, and grace for grace. For the law was given by Moses, but grace and truth came by Jesus Christ." (John 1.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The Word was made flesh." Divine Truth must be known by its effects on the body as well as on the mind, before the Science of being can be demonstrated. Hence its embodiment in the incarnate Jesus,—that life-link forming the connection through which the real reaches the unreal, Soul rebukes sense, and Truth destroys error. Christ, Truth, was demonstrated through Jesus to prove the power of Spirit over the flesh,—to show that Truth is made manifest by its effects on the human mind and body, healing sickness and destroying sin."

Westmount Baptist

Dr. G. H. T. Kimble, the Executive Secretary of the American Geographical Society with headquarters in New York, will address the morning and evening congregations of Westmount Baptist Church.

The Nature Of The Universe

By Rev. Canon R. Kenneth Naylor,
Rector of Trinity Memorial Church

A very notable series of broadcast lectures was delivered over the CBC early this summer. They had previously been given over the BBC in Great Britain and roused a great deal of interest. The lecturer was Mr. Fred Hoyle, lecturer in mathematics at the University of Cambridge, and his subject was "The Nature of the Universe." He had been asked by the BBC to follow up the popular works of Eddington and Jeans and tell the British public where our knowledge of astronomy stands at the present time; in particular, to show what advances have been made in the past ten years.

The lectures were intensely interesting but they contained statements that call for comment from the Christian point of view. Mr. Hoyle refers to Christian beliefs and holds most fantastic ideas about them. Those who heard the lectures might have been swept away by the extraordinary learning of the lecturer, into thinking that his ideas about Christianity were also valid.

Before touching on those ideas I should like to comment on two earlier passages in the last lecture. Mr. Hoyle lays before us a universe of marvels in which the density of matters varies from one atom of hydrogen in a space the size of a match box to the density of matter in some of the dwarf stars where the same match box would contain a million tons. This matter is being steadily used up but it does not decrease, for it is being continuously created at the rate of one atom of hydrogen per year in a space the size of St. Paul's Cathedral — an increase unbelievably small, but amounting in the total to a hundred million, million, million, million, million tons of hydrogen per second. But that is not the marvel. The marvel is that Mr. Hoyle talks serenely on about creation, and yet there is no Creator. The lecturer is using words he has no right to use. A Creator is one who creates. Creation is the making of matter by a Creator. The words do not imply an impersonal coming into being, but personal activity. Mr. Hoyle should devise

Father, Son On Pensioners Outing

Harry Tatum, 70, was asked if he felt up to the 100-mile bus ride at the beginning of an old-age-pensioners outing.

"I'm fine," said Harry, "ask dad."

"Young Harry was always a good traveler," said the father, William Tatum. He's 95.

Annex Coaching School To Open

On the day high school results are published and the following day registration will be held for the Annex Coaching School, 1474 Drummond Street.

The purpose of the school is to help pupils pass supplemental examinations in subjects which they have failed, to raise marks to standards required by universities, and to assure pupils requiring such coaching that it will be done by competent teachers who have had successful experience in this type of work.

Classes will be held in all subjects daily from Monday to Friday throughout August. There will not be more than 10 pupils to each class.

Studies will consist of reviews of high school courses and an intensive drill on typical examination questions.

The coaching school will be staffed with teachers holding First Class High School Teachers diplomas in addition to University degrees. Also included will be

Your Clergymen
Rev. J. D. Wilkie
Stanley Presbyterian Church

One of the stateliest looking churches in the city is Stanley Presbyterian located on the side of the mountain with its Byzantine dome overlooking the lower reaches of Westmount.

This church is actually a splinter of Erskine United Church. In 1874, when that church decided to install an organ, the more conservative members of the congregation took exception and rebelled.

Sir William Dawson, prominent member of the church, led the dissenting parishioners of Erskine into the formation of Stanley Church. Before the members decided to move to Westmount in 1913, its first site was on Stanley Street beside the Windsor Hotel. Taking its name from that street it has kept it to his day, only dropping the street.

Rev. J. D. Wilkie, the minister, describes his church as one of the finest examples of Byzantine architecture in the country. This line of architecture, he stated, was unusual in a Protestant church.

Byzantine was the style adopted by the Greek Orthodox Church after the great schism which split the Christianity into two bodies. Rome and the West clung to Gothic and developed an animosity towards the Orthodox Church's architecture.

Mr. Wilkie pointed out that the theological meaning of the Byzantine dome was heaven and God brooding over man while the members of Sir George Williams High School staff, selected because of their outstanding success in this type of work.

Funeral Held For Sportsman

The funeral service for the well known Montreal sportsman, Ralph G. Johnson, of 4615 Royal Avenue, was held Saturday in the Church of St. John the Evangelist.

The service was conducted by Canon A. R. Kelley and Canon W. H. Davidson. Interment was at Mount Royal Cemetery. Mr. Johnson died last week at the Western Division of the General Hospital. He was 69.

He was a football great of another generation and a noted lacrosse player. Mr. Johnson played senior ball and lacrosse for the M.A.A.A. Later he was president of the club's football team, the Winged Wheelers, the year they captured the Grey Cup in 1931.

In 1924 he was president of the Big Four and in the same decade he was president of the Inter-Provincial Rugby Football Union.

A native of Lucknow, India, he was the son of Capt. Francis G. Johnson. He came to Canada at the age of 11. Mr. Johnson was the grandson of the former Chief Justice Sir Francis Godschall Johnson.

He gained his first business experience with the Canadian Bank of Commerce and the London Assurance Corporation. Later he was with the Central Agency Limited.

In 1908 he joined the Burroughs Adding Machine Limited of Canada as a sales manager and was promoted agency manager at the end of World War I.

From then until his retirement from active business life in 1941, he was agency manager in Montreal in charge of business in the Province of Quebec and the Maritimes for the company.

Mr. Johnson is survived by his widow, the former Nora Duchesnay, of Montreal; one son, Graham G., and three daughters, Mrs. W. H. (Dorothy) Soden, Mrs. Michael C. (Kathleen) Tracey and Mrs. A. A. (Lorraine) Rodger, all of Montreal, and a brother, E. C. G. Johnson, of Toronto.

REV. J. D. WILKIE

Gothic spire signified man reaching up to God.

Mr. Wilkie, who lives at 531 Lansdowne Avenue, is the father of three boys: George, John and Donald. His wife is the former Emma Dorothy McCallem.

He started his career at McMaster's University where he received his B.A. in 1926 and took a degree in theology at Knox College, the University of Toronto, three years later.

Mr. Wilkie's first call came for him to serve in the mission field of Formosa. There he spent seven years as principal of the Bible Training School. His three children were born there during his mission service.

From Formosa he was called to Teeswater, Ontario, where he was minister of Knox Church for five years and from there he went to Knox Church in Elora, Ontario.

Mr. Wilkie is chaplain of the Sea Cadet Corps of Montreal. He is a member of the budget and stewardship committee of the Presbyterian Church in Canada. He is also a member of the Religious Education Council and the Quebec Bible Council.

Social ♦ ♦ Personal ♦ ♦ E ♦ ♦ ngagements ♦ ♦ Weddings

Among the Montrealers registered at the Tadoussac Hotel, Tadoussac, Que., last weekend were: Dr. and Mrs. A. J. Martin, Mr. W. W. Veitch, Miss Veitch, Mrs. Wm. Severs, Mr. and Mrs. H. E. McCormick, Mr. Vern McAdam and Mr. and Mrs. Geo. Hodgson.

Miss Blanche Emard, Oliver Avenue, is leaving tomorrow for a vacation at Old Orchard Beach.

Mr. and Mrs. Kenneth E. Chisholm and children, Carol and Leslie, have returned from a vacation in Hamilton and the surrounding district.

Mr. and Mrs. W. M. Woodside have returned from a motor trip to Prince Edward Island where they visited relatives and friends. They were accompanied from Saint John, N.B., by their daughter, Mrs. S. Smith.

ENGAGEMENTS

Mr. and Mrs. T. Cassidy, of Westmount, announce the engagement of their only daughter, Mary Thelma Joyce, to Mr. Michael Allan (Mickey) Bourassa, youngest son of Mr. and Mrs. D. Bourassa, of Sherbrooke, Que., formerly of Westmount.

Mr. and Mrs. George A. Brown, of Westmount, announce the engagement of their eldest daughter, Margaret (Peggy) Phyllis, to Mr. Kenneth Gordon Pitcher, son of Mr. and Mrs. H. Gordon Pitcher, of Verdun. The marriage has been arranged to take place on Saturday, August 18, at ten o'clock, in St. Malachy's Church.

APPROACHING MARRIAGE

The marriage of Mrs. Virginia Case Mundy, daughter of Mr. Glen S. Case and of the late Mrs. Case, to Mr. Errol Klock McDougall, son of the late Hon. Mr. Justice Errol McDougall and of Mrs.

Recent Wedding at Ascension Church

Mr. and Mrs. Jean Paul Gagnon, whose marriage was solemnized recently in the sacristy of the Church of the Ascension of Our Lord, Westmount. The bride, formerly Miss Sheila Christine Reid, is the daughter of Mrs. C. Reid, of Otterburn Park, Que., and the bridegroom, a graduate of the University of Bishop's College, is the son of Mr. and Mrs. H. L. Gagnon, of Sherbrooke, Que.

Mrs. D. Harrison Heads Westm't Women's Div. Of Red Feather Drive

Regional chairman for Westmount in the Women's Division of the forthcoming Red Feather campaign is Mrs. Dent Harrison, 609 Roslyn Avenue. The 1951 Red Feather campaign will be held from September 4 to October 4, with an announced requirement of \$1,439,390 needed to support many welfare services in the community.

The Westmount district under Mrs. Harrison has been subdivided into three sections, Westmount North, Westmount East, and Westmount West. Chairman and vice-chairmen for the sub-division will be announced by Mrs. Harrison.

McDougall, has been arranged to take place quietly tomorrow afternoon at three o'clock, at the summer home of the bride's father, Glenora Acres, Ste. Agathe des Monts.

WEDDINGS

DETRIE-BARRIE

The marriage of Lois Alice Mildred, daughter of Mr. and Mrs. John Robert Hardie Barrie, of Westmount, to Mr. Edward John Detrie, of Westmount, formerly of Vancouver, took place recently in the Church of St. James the Apostle, the Rev. R. K. Maguire officiating. Mr. J. E. F. Martin played the wedding music and white and pink gladioli were used to decorate.

The bride, who was given away by her cousin, Mr. Richard Lunn, was in a gown of white Swiss organdy over taffeta, having a full skirt. Her finger-tip length veil of white tulle illusion was held by a tiara of seed pearls and she carried a semi-cascade bouquet of pink and white roses with sweetpeas and baby's breath.

Mrs. D. Tomalty, as matron of honor, and Miss Helen Field as bridesmaid, wore frocks of white nylon crepe over taffeta with deep picture necklines and cap sleeves. They carried semi-cascade bouquets of multi-color sweetpeas and baby's breath and wore bandeaux of the same flowers in their hair. Mr. Ronald Harris acted as best man for Mr. Detrie and ushers were Mr. Norman Ward and Mr. Dick S. Lunn.

Mrs. Barrie, the bride's mother,

was in an ensemble of powder blue tissue crepe with navy blue accessories and wore a corsage bouquet of deep pink roses.

The reception was held at the home of the bride's cousin at 433 Argyle avenue, Westmount. Later, Mr. and Mrs. Detrie left by motor for the United States, the bride wearing a navy blue linen suit with white and navy blue accessories and a gardenia corsage bouquet. They will reside in Dorion, Que.

Out-of-town guests were: Dr. Alice J. Lunn and Mr. and Mrs. William Steele, of Ottawa, Mrs. L. Crawford, Mr. and Mrs. H. Crawford and Miss Ruth Crawford, of Farnham, Que.

Mrs. Sydney Morrisey is at Metis Beach, the guest of the Colonel, the Hon. and Mrs. Wilfrid Bovey, for ten days.

Make it Yourself

by PAULINE ROY

If you would like to have directions for crocheting this SQUARE DOILY send a stamped, self-addressed envelope to the Make It Yourself Dept. of this paper asking for Leaflet No. PC-4132.

Have you ever tried turning eyesores among your furnishings into assets? It may be that you've become so accustomed to your old household accessories that you don't notice how much renovating they need. But cast a critical eye around you. If you don't like everything you see, don't be discouraged — begin making them over so they will add to, rather than subtract from, the beauty of your home.

If you use window shades, remember that they cover a large area of your room when they are down. If they are ugly they can spoil and otherwise lovely effect of fresh curtains, potted plants or pottery arrangements you may use to brighten your windows. So do something a little novel with your shades. You can make new shades yourself, quite easily, using same rollers and sturdy new pieces of chintz in decorative pattern.

Old mirror frames can be brightened and brought right into your bedroom's decorating scheme by covering them with ruffles of material. If the frames are flat, the material can be pasted to the frames. You can rejuvenate your wastebasket in this same manner. If the headboard of your bed is

old-fashioned or unattractive, it can be brought up-to-date and beautified with a modern slip-cover. Quilted headboards are new and popular and fun to make. Another new note to add to your bedroom is a handsome stuffed bolster, made from any gay bed-spread material. By paying attention to the

smaller items you can make all the difference to your home decorating scheme. New table settings do much for your morale and give you new enthusiasm for trying different recipes. When you are first married preparing meals is so much fun for you have lovely table cloths and mats, and new silver and glassware for your table. After a few years, though,

the newness wears off somewhat and perhaps you don't get the same kick out of planning meals as you did at first. This is the time to put your talents to work and add a few fresh table linens to your supply and try your hand at decorative floral centerpieces. Have dinner by candlelight at least once a week, make your table look new and exciting and try a few different meals and

you'll be amazed at what a difference it will make to this business of feeding your family.

Pictured here is a square doily which makes a lovely table setting. You can crochet it yourself in white or ecru or any of the lovely colors of mercer-crochet. The doily measures 14 inches square so it is amply big to hold a dinner plate, side plate, and water and juice glasses.

THERE'S NOTHING LIKE A CRUISE ON THE SAGUENAY

You'll be thrilled with the cloistered beauty of this Laurentian fjord — the thousand-foot cliffs and meandering shoreline. The St. Lawrence, too, will fascinate you with its patchwork farms and picture-book villages. Trips ashore will find you sightseeing, shopping, golfing or swimming.

Your ship is your hotel, providing the finest of meals, comfortable air-cooled cabins, a dance orchestra and other popular activities.

100-Year-Old Scottish Knitting Being Sent to Canadian "Ex."

Traditional Scottish knitting patterns, passed from generation to generation will be shown in a novel display of home-knitted garments being sent from Inverness, Scotland, to the C.N.E.

Sending the display is Miss Catherine Gillies of Inverness, who has spent many years tracking down local traditional designs so she might help keep them alive by using them in modern-styled garments.

In the district of Gairloch, over

100 years ago, says Miss Gillies, knitters were famous for "Gairloch stockings". Few men nowadays wear long stockings, and the attractive patterns might easily have been lost to posterity. Miss Gillies adapted three of them to make "weskits", or waistcoats, as we know them, and is sending samples of all three patterns to the C.N.E.

Other interesting items in her display will include a cerise-colored evening shawl, using still another old traditional pattern, a pair of diced hose, hand-knitted some 80 years ago by the mother of the late Mackintosh of Moy, several diced waistcoats and some Norwegian designs done by a Shetland knitter in the Fair Isle method.

Miss Gillies has 200 knitters helping her, most of them working in their own homes. She has written: "I shall jump at the opportunity of showing my work at the Canadian National Exhibition". It will go on display in the Exhibition's Women's Building.

Simultaneously with the showing of these early Scottish patterns in Canada, Miss Gillies will have similar displays at the "Living Traditions" Exhibition in Edinburgh, part of the Festival of Britain.

MATS AGAIN

Plastic place mats, which are proving themselves such wonderful time-savers for the housewife whether she entertains or simply serves the family dinner, are now appearing in embossed form with a realistic three-dimensional surface.

Textured to resemble a hemp pattern, the new mat is made of flexible Vinylite that resists wrinkling and cracking, flame and boiling water, will always lie flat, and like all plastics will wash easily. Matching coasters in a geometric leaf design are available, also.

DEAN MARTIN & JERRY LEWIS
AMERICA'S ZANIEST LAUGH-TEAM... ARE AT WAR WITH THE ARMY

*** A Paramount Picture ***

"September Affair" Heads Big Attraction at the Monkland

Joan Fontaine and Joseph Cotten, two of the brightest stars in the Hollywood firmament, will be seen together for the first time when Paramount's Hal Wallis production, "September Affair," opens on Saturday till Tuesday at the Monkland Theatre.

The film, which was made on location in Italy, co-stars veteran Continental performer Francoise Rosay, and according to advance audiences, it matches the pictorial splendor of the Italian countryside with a brilliant and moving tale of an unconventional love.

Joan Fontaine, as an American pianist studying in Italy, meets Joseph Cotten, a vacationing American, aboard an airliner bound for New York. On a stop-over at Naples, the two miss the plane's departure, and when it crashes into the sea, they are reported lost. With the world believing them gone, they decide to fashion a new life together and they have an idyllic romance in Italy. But they also find that a life can't really begin anew and the past must be reckoned with.

Joan Fontaine and Joseph Cotten, in their first screen teaming, are said to play a series of love scenes that are wistful, tender and eloquent. And Madame Rosay, who plays Joan's teacher and companion, acquits herself with distinction in her American starring debut. The dazzling authentic backgrounds include the famous ruins of Pompeii, the Coliseum in Rome, and the beautiful Isle of Capri, as well as striking views of Florence and Naples.

"September SoAg", the ever-popular tune made famous by the late Walter Huston in a hit Broadway show of ten years ago, sets

the musical mood for this bitter-sweet love story. In addition to Huston's recording made specially for the film, Miss Fontaine plays the number on the piano, and it is sung by Jimmy Lydon, who plays a home-sick GI stationed in Italy.

Director William Dieterle, whose film achievements include "The Story of Louis Pasteur," "The Life of Emile Zola" and "Love Letters," has reportedly brought rare sensitivity to the filming of "September Affair," and under his able direction, the talented cast of supporting players add to the lustre of the production. Particularly noteworthy is Jessica Tandy in the featured role of Cotten's wife.

Added Feature

"Between Midnight and Dawn," Columbia Pictures' thriller realistically narrates the dramatic

"The Enforcer" and Comedy Are at Westmount on Sunday

"The Enforcer," a drama starring Humphrey Bogart in the title role, comes to the Westmount screen on Sunday.

The United States Pictures Production, distributed by Warner Bros., is based on an actual series of crimes committed by a nationwide network of death. How a fearless assistant district attorney, aided by a handful of strong-armed cops, traps the leaders, hitherto immune from the law through a series of high-up ties, forms the basis of what has been termed, in advance, one of the best in recent years.

In emphasizing accuracy throughout the entire production Director Brethaigne Windust used outdoor location shots around the city of Los Angeles, covering the residential and shopping districts, the ominous underworld section and other outlying neighborhoods.

Added Attraction

Dean Martin and Jerry Lewis, hailed as the scene's newest and funniest comedy team after their sensational performances in "My Friend Irma" and "My Friend Irma Goes West," are on the loose again in their latest starring vehicle, Paramount's "At War With The Army."

The screwball comics are cast as two trouble-making GIs who

adventures of the police Radio Patrol. Mark Stevens, Edmond O'Brien and Gale Storm head a cast that includes Donald Buka, Gale Robbins, Anthony Ross and Roland Winters.

The new drama is said to contain adventure with the sting of reality because it is based on the police files of a great city. The routine of a metropolitan police prowl car team is depicted with graphic vividness as its riders balk juvenile delinquents in an attempted robbery and have a run-in with a killer who later goes gunning for them.

Stevens and O'Brien are the prowl car cops, bosom buddies on the job and off, both in love with the same pretty girl (Miss Storm). She eventually chooses Stevens but, on the eve of the wedding, he is murdered by Buka, the gunman they had tangled with earlier. How O'Brien avenges the murder of his brother officer by tracking down the killer and facing him in a blazing gun battle provides the climax.

In taking the audience behind the wheel and behind the guns of a police prowl car Columbia Pic-

subject the army to the sternest test it has ever known. Before their hitch is through, there is talk of adding a sixth side to the Pentagon building to deal with their hilarious misadventures.

Lewis, the uninhibited clown whose incredibly flexible face does everything but spell words, plays a tattered private with a high sense of duty and a low IQ. Martin, the handsome baritone with the free-and-easy manner is a rank-conscious sergeant who keeps one eye on the girls and the other one on Jerry. Together, they are said to rollick through a series of side-splitting complications that leave their commanding officer tottering on the brink of collapse and the audience weak with laughter.

Patrons Sneak Out On Sneak Preview

A sneak movie preview backfired in Los Angeles recently. The audience got up and stole away.

Not, however, until every one of the 600 patrons got the admission price back.

The preview was shown unannounced with the regular run, and even Jim Haynes, the manager ad-

mitted it was no bargain. People started clamoring for their money back in the middle of the picture.

"You never know what kind of a preview you're going to get," Mr. Haynes said sadly as he shelled out. "It's like going to the races. We were given the wrong horse."

Stars Cop Softball Pennant

Mounties, R.M.R. & Navy Bunched In League Race

By the look of things the Westmount Inter-Service Softball League are not going to be outdone by the American Baseball League, because the battle for league leadership is just as tight as the Major League. The three top teams are running neck and neck as they go into the last month of the schedule.

At present there is only one half game separating the first and third place teams, with R.C.M.P. holding the slight edge over R.M.R. and Navy who are tied for second place in the standing.

In the games of the past week, R.C.M.P. lost to Chateaugay on Friday night 13 to 5, but came back strong on Tuesday to down the Engineers 7 to 5, while on the other diamond Navy had to go all out to beat Westmount by the close score of 5 to 4.

On Friday, Chateaugay played heads up ball to down the Mounties behind the combined pitching efforts of Charlebois and Pelletier who held the losers to 5 scattered hits between them. Beland was the losing pitcher, being relieved in the sixth inning by Boisvert, but after the damage was done. To their credit it must

be said that the support given them by their mates was very erratic.

On Tuesday R.C.M.P. had to go all out to defeat the tail end Engineers, who in their last few games have come to life, and won't be easy pickings for the other teams any longer. Boisvert the Mounties' starting pitcher had to be relieved by Robitaille, who proved to be the man for the job, and put a stop to a late Engineer rally.

In Tuesday's other game, Westmount started the wrong man in the box, as Navy scored 5 runs off Moutard the starter in the first two innings, but then "Buddy" Selby took over the mound chores in the third, and held Navy scoreless the rest of the way, pitching superb ball, but his mates couldn't come through with the needed runs off Navy pitcher Jack Bates, who bore down and matched Selby pitch for pitch the rest of the game, to protect his small lead, which enabled Navy to move into a two-way tie for second place with R.M.R. who were not scheduled.

The league standing up to and including July 24th is as follows:

	Won	Lost	Points
R.C.M.P.	6	2	12
R.M.R.	5	2	10
Navy	5	2	10
Chateaugay	3	2	6
Westmount	2	4	4
R.C.A.S.C.	1	4	2
R.C.E.	0	6	0

Games this week: Friday, July 27, Westmount vs Chateaugay. Tuesday, 31, R.C.A.S.C. vs Engineers; Navy vs Chateaugay.

Competition Keen On Putting Green

Two stroke tournaments were held last week at the Westmount greens.

Since the weather was favourable, a good turnout and keen competition was witnessed.

On Tuesday a tie occurred for first place in both the men's and ladies' divisions of the tournament.

Mrs. M. Craig and Mrs. R. Lydon tied with a net score of 82, and Mrs. Lydon being successful in the playoffs.

In the men's section R. Drain and N. Dundas tied for first with a net score of 78. Mr. Dundas was pulled through in the playoffs.

On Thursday night, P. Minto won the spoon for the men's competition with a net score of 76 while Mrs. H. Smith won a spoon in the ladies' class, with a net score of 81.

Britain Has Many Milers But Doesn't Know What To Do

Britain has worked herself into a position akin to that of the old woman who lived in a shoe — she has so many milers she doesn't know what to do.

With track and field on the up-grade and the 1952 Olympics at Helsinki in mind, Britain has suddenly found itself with a bumper crop of good 1,760-yard men.

When Sidney Wooderson hung up his shoes in 1945 prospects for the mile seemed bleak. Wooderson once was clocked in four minutes 4.2 seconds for the distance.

But in the last two years so many good milers have come to the front coaches are wondering who will get the berths for the 1,500 metres in Finland.

Out in front at the moment is the lanky Oxford medical student, Roger Bannister, who recently ran off with the Benjamin Franklin mile at the Penn relays in Philadelphia in four minutes, 8.3 seconds.

Close on Bannister's heels are at least seven others capable of four minutes 12 seconds or better.

Bannister, at 22, is beginning to hit his peak and is already being confidently cheered as next year's 1,500-metres titlist.

Although his four minutes 8.3 seconds is his top time, experts feel he could lop seconds off this if only someone could be found who could push him.

In his last race, at London's White City Stadium, Bannister literally sprinted home with 350 yards to go.

Bannister's challengers include Bill Nankeville, whose best time is 4 minutes, 8.8 seconds; Len Eyre 4 minutes 10.2; Doug Wilson 4 minutes 11; Dick Morris 4 minutes 11.2 and young Alan Parker 4 minutes 11.8. Wilson, who competed unsuccessfully in the last Olympics, is expected to concentrate on longer distances now.

First there is 20-year-old red-haired Chris Chataway. He went in a mile a couple of weeks ago and was beaten by John Parlett, who won by inches in his first race over a mile in years. Both men clocked 4 minutes 12 seconds.

So the coaches are still scratching their heads, wondering which three go for the 1952 Olympics.

NEW JET FACTORY

A jet engine factory to employ 6,000 workers will be built on a 70-acre site here by the makers of Britain's Canberra jet bombers, which has been adopted by the United States. Work will start in the next two or three months.

NEGRO TROOPS MALAYA

Britain is sending Negro troops from the crack East and Central African battalions of the King's African Rifles to Malaya next January for active service against terrorists, it was announced here.

Four-Man Softball Team From States Play Here Sunday

The famous four-man softball team from the United States will stage an exhibition against a team from the Snowdon Fastball League Sunday, August 17, at the Westmount Athletic Grounds.

Eddie Feigner and his team of four are well known for their antics on the ball field and their spectacular playing against other teams at full strength.

The boys play a wide open game with a catcher, a pitcher, a first baseman and a man in the outfield. Last year when they played at MacDonald Park they drew a crowd of 10,000 in two games and beat their opponents.

The team rumoured to play against the boys is Robitaille. Admission for the event will be 75 cents for adults and 25 cents for children.

Atwater League Schedule Revised

Percy Hyland, president of the Atwater Baseball League, has released a revised schedule taking in postponed games, as follows:

- July 27 — St. Anns at Verdun.
- July 28 — Verdun at Mount Royal.
- July 29 — St. Henry at Mount Royal, Verdun vs. St. Anns at Verdun.
- July 30 — St. Henry at Y.M.H.A.
- July 31 — Mount Royal at St. Henry.
- Aug. 1 — Y.M.H.A. at St. Anns.
- Aug. 2 — St. Anns at St. Henry, Y.M.H.A. at Mount Royal.
- Aug. 3 — Mount Royal at Verdun.
- Aug. 4 — Verdun at Mount Royal, St. Henry at St. Anns.
- Aug. 5 — Y.M.H.A. at St. Henry, Y.M.H.A. at Verdun.
- Aug. 6 — Mount Royal at Y.M.H.A.
- Aug. 7 — Verdun at St. Henry.
- Aug. 8 — St. Henry vs. Y.M.H.A.
- Aug. 9 — Mount Royal vs. Y.M.H.A.
- Aug. 10 — St. Anns vs. Verdun.
- Aug. 11 — St. Henry vs. St. Anns, Verdun vs. Mount Royal.
- Aug. 12 — Verdun vs. St. Henry, St. Anns at Mount Royal, Y.M.H.A. at Verdun.
- Aug. 13 — St. Anns at Y.M.H.A.
- Aug. 14 — Verdun vs. Y.M.H.A. at Verdun.
- Aug. 15 — St. Henry at Y.M.H.A.
- Aug. 16 — Verdun at Mount Royal, St. Anns at St. Henry.
- Aug. 17 — Mount Royal vs. Verdun.
- Aug. 18 — Mount Royal at St. Anns.
- Aug. 19 — Mount Royal at St. Henry, Verdun vs. St. Anns, at Verdun.
- Aug. 20 — St. Henry at St. Anns.

Play-Offs Slated For Monday August 6 Start

By ALLAN SANDZELIUS

The 1951 playing schedule of the Westmount Intermediate Softball League closed last Monday night as Avenue Stars teed off on the "always-come-lately" Aladdins 25-9 and the Yards recovered quickly from a 7-0 score in the third inning to take the RYPS' measure to the one-sided tune of 25-13. In these tilts both the Aladdins and RYPS played with seven men while the Yards used eight.

Because of the present difficulties involving holidays, etc., only two games were actually played this week of four scheduled those being the above, the other games, Stars vs. Aladdins and Yards vs. RYPS defaulted to the Stars and Yards respectively. The latter games were two of five rescheduled, postponed with the three remaining to be played Monday and Wednesday coming. On Diamond No. 1 Ave. Stars will meet RYPS who will undoubtedly be seeking another victory at the expense of Gordie Graham's starry squad after having spoiled their win streak early in the season with that never-to-be-forgotten 9-2 win; and Yards will take on the Aladdins on No. 2. Wednesday, only the Yards and Aladdins will tie up as they replay a game that went wrong the very first day of the baseball season.

The play-off series, as decided by the League executive, will consist of a semi-final round of two-out-of-three where the first team plays the third and the second, the fourth. A final play-down will pit the winners of each semi-final against each other in a three-out-of-five series.

An All-Star game vs. Avenue Stars will follow this and, we hope, an exhibition game with the champions of the service league playing the Intermediate League counterparts.

Here is a revised but by no means final listing of the first All-Star team who will play the 1950 champion Ave. Stars at the end of the season.

1. Pitcher — Fred MacDougall, RYPS. 2. Catcher — Al Dorner,

Events Scheduled Next Week at WAG

The week's schedule at the Westmount Athletic Grounds is as follows:

Monday, baseball, 6:30 p.m., St. Henri vs. Y.M.H.A.

Wednesday, baseball, Y.M.H.A. vs. St. Anne's.

Thursday, 10 a.m., puppet show for the playgrounds. Community sing-song, 8 p.m.

Friday, cricket, 11 a.m., 6:30 p.m., Montreal All Stars vs. M.C. C. (all star English team).

Saturday, cricket, 11 a.m., 6:30 p.m., Montreal All Stars vs. M. C.C.

RYPS. 3. 1st base — Dave O'Meara, Aladdins. 4. 2nd base — Don MacDonald, Aladdins. 5. 3rd base — Cliff Gill, RYPS. 6. Shortstop — Rene Chatelois, Yards. 7. Left F. — Guy Bonnier, Yards. 8. Center F. — Maurice Cote, Yards. 9. Right F. — Jim McCarthy, Aladdins.

	P	W	L	For	Agst	Pct
Ave. Stars	17	16	1	150	77	.941
Aladdins	16	8	1	155	131	.500
Yards	16	8	11	119	156	.313
RYPS	17	4	13	190	163	.235

Leaves Of Three Leave Them Be

Beware picking this beautiful vine. It's poison ivy and must be given a wide berth as it may give anyone who comes in contact with it a most distressing itch which may lead to other serious troubles if not attended to immediately.

Beware of Poison Ivy
The No. 1 Public Enemy

Reports from various centres would indicate that the poison ivy plant appears to be more abundant than usual, probably due to the recent rainy weather as the plant thrives best in damp places.

With vacations in full swing and picnics the order of the day it is well that local residents and their families should take a good look at the picture of the poison ivy plant and try to memorize what it looks like.

"Leaves three; leave it be."

The simple adage is still the best advice doctors can give for coping with the poison ivy menace that continues all summer and early fall, a survey of medical opinion showed today.

"Anybody can get a reaction from poison ivy," one specialist warned, adding that some people wrongly think it is a matter of allergy.

"The oil secretion from the compound leaves of three leaflets each, and from the white waxy berry irritates the skin," he explained.

The droplets are so tiny that they can be readily conveyed in the smoke of burning plants by insects or by an article of clothing, such as a shoe, which has come in contact with the secretion.

Sometimes the poison can be transmitted from person to person by bodily contact and if an inflammation occurs it can be spread to other parts of the body by scratching. Cases are on record of garage men developing the poisoning from working on cars which had been driven through areas infested with the plant.

Anywhere from a few hours to several days after contact with the ivy, the affected skin will be-

gin to itch terribly.

Blisters soon appear. They are superficial, but in severe cases of poisoning the face and eyes as well as other parts of the body, may be affected. Although the poisonous oil may be spread from one part of the skin to another, it is not true, as many people think, that the fluid in the sores contains the poison.

Recipe For Quick Relief

The best treatment to bring quick relief is to use a five per cent aqueous solution of potassium permanganate gently dabbed on the affected parts with sterilized gauze. Directions give one tablet dissolved in a quart of water. In severe case use a pail or basin and soak the affected part for several minutes. Wet compresses of sterilized gauze soaked in this solution and help in place with adhesive tape held to reduce the swelling and itching. Be careful to wrap up all soiled gauze or bandages before disposing of it and wash your hands with the coarse laundry soap.

Sometimes the blisters do not break naturally. Then they may have to be opened with a steril-

ied needle and the treatment repeated.

After the treatment of bathing with the potassium permanganate, the affected parts will be greatly relieved by a soothing lotion such as calamine, which can be bought at any drugstore. Never use a greasy ointment, for as long as any of the poison is present it will dissolve and spread in such an ointment, starting up a new series of blisters on an unaffected part of the skin.

One way of getting rid of poison ivy temporary is to spray the leaves and surrounding soil with a solution of sodium chlorate, using one pound to a gallon of water. Another method, if the patch is not too large, is to cover it with tarred or other heavy paper weighted down by stones. This excludes the light and eventually kills the plants. However, the most permanent way is to get rid of the roots, digging up and destroying its underground runners. Here great care should be taken not to touch them as they are just as poisonous as the leaves and stems. Even the garden tools will need a thorough cleaning and a rinse of the sodium chlorate solution.

Should you burn the roots, stems or leaves, don't stand anywhere near the smoke. Although the growing plant does not exude poisonous vapors, the smoke from the burning leaves could carry droplets of sap several feet away and poison any exposed sensitive skin.

Charles Dickens, the Victorian novelist, was born in Portsmouth, England, in 1812 when his father was a clerk in the navy pay office. Since 1904 the birthplace at 393 Commercial Road has been kept as a museum.

AROUND THE HOME

Pin box

OLD SHAVING BOWL - CLUSTER OF SPRUCE CONES ON TOP - ENAMELLED.

House number

OLD LICENSE PLATES PROVIDE FINE FIGURES FOR THAT EXTRA HOUSE NUMBER - ON BACK OR SIDE DOOR, GATE OR GARAGE.

PROTECT THAT GARDEN HOSE

SMALL PULLEY UNDER EAVES, OR ON FACING BOARD, ON SHADY SIDE OF HOUSE - WITH ROPE ATTACHED AS FOR A FLAG POLE.

New bunk beds in the children's rooms at the cottage presented a mattress problem. After much shopping in second-hand stores and at auctions, four of the right size were finally rounded up. We undertook to cover them with some faded chintz drapes put into discard after our decorating spree this spring. With the whole family working at it, the job was soon done. Now the surface of the mattresses can be kept fresh and clean - and the children can graduate from army cots.

Pin Box

It was a request for a new pin box after the cardboard one finally collapsed that reminded me I was out of shaving soap. What's the connection between pins and shaving soap? That empty soap tub would be just the thing to hold common pins. Right in the midst of the mattress-covering bee I took time off to clean it up and decorate the top with a few pine cones to serve as a handle. Junior suggested it would make a good penny bank - it might at that!

Does the lawnmower ever get in the way of the automobile when you drive into the garage? Does it take up too much room in the basement? Showa is a little idea I've found most useful to keep it right in place - a couple of inches above the floor. Be sure to nail the cleats securely so as to carry the weight.

Save That Garden Hose

Every year I vow something will be done to preserve the rubber garden hose. It gets more wear and tear being coiled and uncoiled and rots more from the sun and undrained water than from actual use. The idea I am eventually going to use is not original but it will be effective. Two pulleys will be placed under the eaves on the north side of the house. A rope attachment will accommodate a 25-foot length on each quite handily and then the hose will be dry and up out of the way when not in constant use.

To Keep the Lawnmower in Place in garage or basement-

TAKE 2 PIECES OF 1" PINE... ROUND THE POINTS... MAKE NOTCHES FOR HANDLE... NAIL TO EACH SIDE OF UPRIGHT SO THAT MOWER HANGS CLEAR OF FLOOR.

NEW LOOK FOR OLD MATTRESS
SLIP COVER FROM OLD PAIR OF DRAPES OR CHINTZ - OPEN AT ONE END - FASTENED WITH RIBBONS.
