LEGISLATORS TODAY SETTLE DOWN TO SERIOUS BUSINESS OF SESSION

Large Number of Bills, Including Two Money Measures, Already Stand in Names of Cabinet Ministers—Amendments Proposed to Quebec Liquor Act—To Extend Terms of Farm Mortgage Law—Re-Organization of Provincial Police Planned.

Quebec, January 10.—The traditional and colorful opening ceremony by the Lieutenant-Governor concluded, the third session of the eighteenth Quebec Legislature settled down to business today to hear addresses in reply to the Speech from the Throne.

The Speech from the Throne, read to the members of the Legislative Council and Assembly by Hon. H. G. Carroil, gave notice of a wide range of laws to be presented during the session. In addition, notice of motion of fifteen new bills, two of them money ones, was given by the Ministers of the Government.

Among the economic bills outlined in the Speech from the Throne were: The setting up of a system whereby municipalities, if they desire, are enabled to municipalize their electric power systems; control of electricity rates; control of the price of milk with the improvement of the farmers' position in view but without increasing consumer prices; control of truck transportation and introduction of an insurance bill which will end the jurisdiction conflict between the Dominion and the Province.

The social section was prominent with the announcement the Government would establish farms to enable prison inmates to make a new start in life on their release and also the judicial extension of the Collective Convention of Labor. Permanence of timber cutting dues to contractors who have conformed to their permit requirements and protection of woodsmen in the forest were the main points of the lumber section.

The placing of the Provincial Police under one direction was another bill mentioned.

Hon. R. F. Stockwell, Provincial Treasurer, gave notice he would bring in a measure to amend the Quebec Liquor Act with regard to the closing hours, understood to be aimed at the curtailment of night life in Montreal. Other bills to be presented by the Treasurer are changing the license law in regard to amusement places and concerning gasoline. Premier Taschereau will propose a grant to the City of Three Rivers for the purpose of celebrating its 300th anniversary. Hon. Adolphe Godbout, Minister of Agriculture, will bring in a bill to extend for another year the farm mortgage law.

The Speech from the Throne, which sounded a note of optimism, made it clear no new taxation was proposed. The adoption of the Speech will be moved by Theodule Theau, member of the Liberal party. Jacques Cartier, and former member of Parliament for the same constituency. Mr. Rheame and the other two new members of the Assembly, Thomas Lapointe, Wolfe, and Alexandre Gaudet, Nicolet, were introduced yesterday.

Hon. J. E. Perrault, Minister of Roads and Mines, in his annual report presented to the Assembly yesterday, stressed the importance of the tourist traffic to the Province.

STRESSES IMPORTANCE OF TOURIST TRADE TO QUEBEC

Quebec, January 10.—The importance of the tourist traffic was stressed in the annual report of Hon. J. E. Perrault, Minister of Roads, tabled in the Legislature yesterday. The report points out that with the improvement of roads, the Department set itself to attract tourists, with results that well justified the expenditure. The comment is made:

"Success in the touring realm depends in the first place upon roads, hotel accommodation, and public life. It is therefore to these three essential factors that the tourist organization must give its first attention. It must also exploit to the greatest possible advantage all the natural beauties of the province: natural resources, hunting, fishing and summer resort regions, etc., the historic and old French character of the province, domestic arts, and other resources."

The minister thus defines tourism: "The natural desire of man for travelling, accentuated by the change in means of locomotion." The three chief means of locomotion at present are the boat, the train and the automobile. From the point of view of their relative importance, the automobile comes first. As a matter of fact, according to an estimate made by the Federal Department of Commerce, the revenues derived by Canada from touring in 1932 amounted to \$212,448,000. The revenue from touring by water are estimated at \$11,543,000 or five per cent; the revenues from touring by rail are placed at \$42,067,000 or 20 per cent; the revenues from touring by motor amounted to \$159,838,000 or 75 per cent.

The development of touring by water and rail devolves upon the big transportation companies, which maintain experienced and very effective publicity services. The official organization must co-operate in the development of automobile use during the past twenty-five years, states the different domains in which the money derived from touring circulates, and points out that it is in the United States and the other provinces that we must strive to advertise our province. The report draws a parallel between the different classes of tourists, and demonstrates that it is the

AID BEING SENT TODAY TO STRANDED AIR TRAVELLERS

Complete Set of Spare Parts, First Aid Outfit, Quantities of Food and Radio Being Despatched to Lonely Spot Along East Coast of Hudson Bay.

Montreal, Jan. 10.—Aid was on the way today for Captain Dick Bibby, Canadian Airways pilot, and three passengers believed forced down in a lonely spot along the east coast of Hudson Bay. A big Junkers cabin plane with J. H. Lymburner at the controls climbed into the air here this morning as soon as it was light enough to see and dropped off into the north en route to bleak Ungava.

The big all-metal plane carried a complete set of spare parts, a first aid outfit, quantities of food and a radio set. C. Palaisy, air engineer, went along with Lymburner as radio operator and to aid air engineer W. H. Sunderland repair the Bibby plane should it be necessary.

The Junkers is heading today for Moosonee on James Bay, the point from where Bibby took off on December 20, on a flight to Povungnituk, carrying Mr. and Mrs. R. C. Stewart as passengers in the seven passenger Fairchild transport plane. Sunderland was also in the plane.

BRITAIN STILL FAILS TO STOP LUMBER SALES

Canadian High Commissioner Still Awaiting Word from British Government on Plan to Prevent Dumping.

London, Jan. 10.—Hon. G. Howard Ferguson, Canadian High Commissioner, today awaited the British Government's decision, on Canada's protest against large imports of Russian timber after he found there was no basis for a report a decision had been already reached.

Mr. Ferguson satisfied himself yesterday that the Morning Post's statement that the government would reduce the Russian import quota from 435,000 standard to 300,000 had no basis in fact. The government, he learned, has not yet reached a decision in the matter.

Timber Distributors Limited are understood to have contracted with Soviet exporters for the 435,000 standard, and the Canadian Government has protested the importation of a large amount of Russian lumber, the Canadian Government contends, is produced under state control which does not offer fair competition.

Canada's latest protest has been given to Moscow for comment. When this is received it is expected the British Government will reach a decision.

"I am still negotiating with the Board of Trade," Mr. Ferguson told the Canadian Press today, "and at present am unable to say anything further."

The Canadian High Commissioner has only just returned to his office following seven weeks' illness. He hopes shortly to be able to go to the south coast to recuperate fully.

SHARP WARNING IS GIVEN GERMAN CATHOLIC CLERGY

Hiltel Newspaper Issues Strong Warning Against Any Interference with Government.

Berlin, January 10.—Chancellor Adolf Hitler's newspaper, the Völkischer Beobachter, sharply warned the Catholic clergy today against opposing the government.

The warning was issued at about the same time that Munich police took in protective custody a priest whose testimony resulted in the conviction of a colleague in a political trial.

It explained that anonymous threats from "extremist Catholics" made it necessary to take the action in behalf of Father Harth.

The priest was the chief witness against Father Joseph Rosberger, head of the Freising Seminary, who was sentenced on January 2nd to eight months in jail for utterances regarding the German Reichstag building fire.

Commenting on the alleged threats against the priest at Munich, the Völkischer newspaper charged murderous religious incitement was behind them.

During the night, Rev. Joseph Stelzle was arrested at Traunstein, in Bavaria, for delivering an anti-Nazi sermon.

PENSIONS FOR NEEDY BLIND WILL BE DISCUSSED

Ottawa, Jan. 10.—When the provincial Premiers meet Prime Minister R. B. Bennett on January 17, pensions for the needy blind will be one of the subjects on the agenda. It was learned today that all the Premiers had signified their readiness to discuss the subject.

Prime Minister Bennett is understood to be introducing the question.

DURANLEAU IS CONFIDENT OF BETTER TIMES

Minister of Marine Preaches Gospel of Sound Optimism and Unbounded Faith in Canada Served by Hard Work, Economy, Thrift and a Determination

St. Lambert, Que., Jan. 10.—The gospel of "sound optimism, the gospel of unbounded faith in this country of ours, faith in Canada served by hard work, economy, thrift and a determination to win out, any difficulty that may arise," was preached by Hon. Alfred Duranleau, Minister of Marine, in an address to the South Shore Board of Trade here last night.

Mr. Duranleau found that Canadians had developed a public spirit "which has brought and is bringing every Canadian to the realization of his duty to contribute his share in the national progress and development."

The two great races of the country would not remain unemployed on rich soil or on top of almost inexhaustible mines, he said. The people were keen on increasing their trade, which was the only way for a country to prosper.

Although a country of little more than 10,000,000 people, Canada was the world in agriculture; second among manufacturing countries of the British Empire; first in exports of newsprint, asbestos, nickel and wheat. Canada manufactured 6,500 goods of articles and more than 1,600 commercial houses were engaged in export trade. Total manufacturing production reached \$3,777,000,000 annually.

In keeping with the office which he holds, Mr. Duranleau spoke extensively of Canada's maritime development. Upon a visit to England and France he found nothing that would permit one to believe "that Canadian ports, waterways and aids to navigation are lacking in efficiency."

"As Minister of Marine, I feel it is my duty to do my part in seeing that the Canadian flag is constantly and logically improved," he said, "and my department is sparing no effort to facilitate a return, not only to normal conditions, but to prosperity." Every modern device known had been adopted to render maritime routes as safe as a boulevard. Development of radio directing stations was reviewed by the Minister.

SEAWAY PACT PROVIDES TEST FOR ROOSEVELT ON FOREIGN MATTERS

Senate Expects Roosevelt to Address Special Letter Urging Ratification of St. Lawrence Treaty—Approval Uncertain as States Divide without Regard to Politics—New York Democrat Senator, Leading Opposition, Claims Fifty Votes Against.

Washington, Jan. 10.—President Roosevelt is expected to address to the Senate late today or possibly tomorrow, a message upon ratification of the St. Lawrence waterway treaty between Canada and the United States. It is doubtful whether the two-thirds vote necessary to ratification will be found in the Senate.

The treaty provides for the completion of a twenty-seven-foot channel from the Great Lakes to the Atlantic Ocean, which would permit lake carriers to proceed from Port William to Liverpool and provide more than 2,000,000 hydro-electric horse power in Ontario and New York State.

The cost of the project, running to \$176,274,000, would be divided between the two countries, with an eye to the already heavy expenditure made by Canada in waterways improvement. Canada's share of the cost approximates \$233,274,000.

The treaty protects the rights of either country to development of power and further waterway development in its own territory, and secures a sufficiency of water in the lakes and the St. Lawrence to navigation.

Coming before the Senate at this time, the treaty may be expected to receive probably more favorable attention than it would have in the past. It would appear to have behind it the weight of an administration more firmly established and holding more public confidence than any other of recent years—an administration which, moreover, is devoted to the development of public works and particularly power works toward which many millions of dollars already stand pledged.

President Roosevelt, Governor of New York State during the years of investigation and international dickering which finally bore fruit in the treaty, is thoroughly familiar with the situation as it would affect the Empire state. Thus his opinion would presumably carry added weight.

On the other hand, the question in the Senate has never been as between Democrats and Republicans, but has been always sectional, the lake states—with the exception of Illinois, whose city Chicago draws water from Lake Michigan—and New York in part standing strongly for the waterways. Other

ANXIETY FELT FOR SAFETY OF MISSIONARIES

Six American Missionaries, Isolated in Fighting Zone of Rebellious Fukien Province, Have Not Been Heard from for Ten Days.

Poochow, China, Jan. 10.—Grave fears were held today for the safety of six American Methodist Episcopal missionaries, isolated in the fighting zone of rebellious Fukien Province, who have not been heard from for ten days.

All of the missionaries, whose headquarters are at New York, were caught in the Min River Valley fighting area around the town of Kutien.

Since then, communication lines have been severed and all efforts to get in touch with them have been fruitless.

Kutien is the site of a Methodist Episcopal mission and also a leper station, but Ralph E. Diffendorfer, corresponding secretary with the office in New York, said he was unable to say who the missing six are. He said the New York office had received no word from Poochow, although it has many missionaries in that region.

Kutien is about fifty miles northwest of Eochow, capital of Fukien Province and center of the anti-Nationalist Government revolt movement.

Pierce fighting became centered around that point several days ago when the Nanking regulars, driving their way down the Min River Valley toward Poochow, reportedly met stern opposition.

Despite a lack of definite information, however, the Nationalist forces were said today to be pushing steadily nearer Poochow.

ORDERED TO PROVIDE CHICKEN A WEEK

Milwaukee, Wis., Jan. 10.—For alimony Mrs. Elmore Beyer, aged twenty-six, will get a chicken dinner every Sunday.

The curious order was issued by Judge John J. Gregory. Louis Beyer, a farmer living near Manawa, was directed to pay ten dollars a month for the support of his nine-year-old son and to send his former wife a chicken every Friday.

Miss Marjorie Haley, secretary of the Young Women's Christian Association here, had told Mrs. Dorothy Woodard, friend of the Strangs, plans to remove the two women last November. "I am going to clear these raven-haired Scotch women out of the shelter and May or David Cross is behind me," Mrs. Woodard told the commissioner.

Miss Haley had said:

"So you were given to understand there was a plot to 'get' the 'Strang'?" asked Ira A. Humphries, counsel for the commission.

"That was the impression I got," the witness replied.

Miss Magdalene and Miss Catherine Strang are charged with having ill-treated wards of the Society for the Care of the Homeless, made in a series of affidavits sworn by former employees of the shelter.

Mrs. Woodard strongly defended the two women, declaring she had visited the shelter often and had never seen either of them treat a child harshly or cruelly. Similar evidence was given by Mrs. E. O. Ford, T. W. Draper, principal of a school here, Robert Cooper, whose home is near the shelter, and Dr. Fred Adams, medical officer of the shelter.

MUCH INTEREST IS SHOWN IN UNUSUAL FORM OF PLAY

Eugene O'Neill's Self-Termed "Modern Miracle Play," in which Two Actors Play Hero's Role, Draws Second Capacity House.

New York, Jan. 10.—Eugene O'Neill's new play, in which two actors are required to play the hero's role, drew its second capacity house last night following its premier on Monday under the auspices of the Theatre Guild.

It is "Days Without End," which as experimental drama provides new vitality to discussion of its author as the prophet of American playwrighting.

Termining it "a modern miracle play," O'Neill revived his use of the mask in character portrayal. His protagonist as the "outer man" appeared straight, while his "other self" in a face of sardonic falsity made possible the demonstration of a man's struggle with his inner self.

The dual character thus strangely synchronized was John Loving, depicted by Earl Larimer as the man known to his friends, and Stanley Ridges as the other part of the Jekyll-Hyde equation. The result was "something different" for Broadway to talk about, an added evidence of O'Neill's heightened stature as he passed from his problem of youth in "Ah, Wilderness!"

ATTEMPT TO CHRISTIANIZE JEWS CAUSES CONTROVERSY

Difference of Opinion Among American Protestants Revealed in Report of Committee of Twenty-Two Religious Leaders.

New York, Jan. 10.—American Protestants are divided on the question of attempting to Christianize the Jews, it is revealed in a report by a committee of twenty-two religious leaders.

A majority of the committee believes that Protestant churches should try "in some definite way to establish friendly contacts with Jews and include them in its ministry." The minority viewpoint is to "accord to Jewish religious leaders first opportunity to win their own people."

The report will be presented at the twenty-sixth annual meeting of the Home Missions Council and the Council of Women for Home Missions, representing 23,500,000 members in the United States and two Canadian denominations.

COURT DEMANDS RESPECT FOR BIBLE

Kearnsburg, Ont., Jan. 10.—During hearing of a case here, Magistrate F. W. Walker reprimanded a witness for the manner in which he picked up the Bible. "Some witnesses," Magistrate Walker affirmed, "handle the Book as if it were a blood-bitten almanac."

CLAIMS EFFORT MADE TO FRAME HOME OFFICERS

Witness Before Windsor Probe Tells of Plot Between Mayor and Welfare Worker to Clear Out Matron and Sister.

Windsor, Ont., January 10.—Investigation into the Children's Aid Shelter continued here today, after M. A. Sorsolle, commissioner, had heard inferences of a "frame-up" to remove Misses Magdalene and Catherine Strang, matron and assistant, respectively, from their positions.

Miss Marjorie Haley, secretary of the Young Women's Christian Association here, had told Mrs. Dorothy Woodard, friend of the Strangs, plans to remove the two women last November. "I am going to clear these raven-haired Scotch women out of the shelter and May or David Cross is behind me," Mrs. Woodard told the commissioner.

Miss Haley had said:

"So you were given to understand there was a plot to 'get' the 'Strang'?" asked Ira A. Humphries, counsel for the commission.

GOVERNMENT GUARANTEE ASKED FOR FARM ISSUES

Washington, Jan. 10.—President Roosevelt's conviction that the United States Government should guarantee the principal of the \$2,000,000,000 in bonds for refinancing of farm mortgages.

The Senate and House were acquainted in the brief message with the President's conviction that the government has the moral responsibility to guarantee these issues.

He pointed out that the action recommended would put the bonds on a par with Treasury securities.

"It is a fact," he said, "that technically the responsibility for the government will be increased by the amount of \$2,000,000,000, but it seems in every way right that we thus publicly acknowledge what amounts already to a moral obligation."

In any event, the securities to be offered are backed not only by the credit of the government, but also by physical property of very definite value."

The Democratic leadership of Senate and House expressed no doubt that they would be able to get the legislation wanted. Bills to the end sought already were prepared, and action was to be asked without delay.

Later in the day the President planned to send to the Senate a message proposing immediate consideration of the treaty with Canada for development of the St. Lawrence Waterways.

PRIME MINISTER WARNS AGAINST INCREASING DEBT OF DOMINION

Canadians Have Already Seriously Discounted the Future, Premier Bennett Tells Vancouver Audience—Further Accumulation of Debt Would Retard Return of Prosperity—Insecurity of Exchange Greatest Danger of Dominion.

Vancouver, January 10.—After linking a warning against debt accumulation with a prophecy of brighter days ahead, Prime Minister R. B. Bennett today prepared for a quick visit to his home city of Calgary and a dash to Ottawa to attend the Federal-Provincial Conference.

Canada had seriously discounted the future, the Prime Minister declared in an address to the annual meeting of the Vancouver Board of Trade last night, and the accumulation of further debt would retard the progress out of depressed conditions now being achieved.

The big question when expenditures were being considered was where the money would be obtained. He was strongly in favor of spending more money, but first of all he wanted to be sure where it was coming from. The people themselves were to blame for the debt which the Dominion faced today, he said.

There was no danger to Canada greater than the insecurity of exchange, said the Prime Minister in a brief reference to likelihood of the establishment of a Central Bank for the Dominion. Close guard over the exchange situation had to be maintained by the Government, he said.

The Prime Minister spoke of the benefits under the Ottawa Conference agreements, reviewed the steps taken by his Government to protect Canadian industry, and declared every step taken to guard the integrity of the country was justified. The tariffs, necessarily high, were designed to meet any emergency, and they met it, he declared.

Canada, he declared, had weathered the depression better than most nations and many other countries envied the Dominion's standing. The Dominion was the fifth among exporting nations—the same position she occupied before depressed conditions crippled world commerce.

The Empire trade pact had established stability of trade through agreements that could not be terminated at will or caprice, Mr. Bennett said. They had been completed in the fall of 1932, and in their first year of operation Canada had increased her exports to New Zealand by twenty per cent; to Australia, by twenty-five per cent; to South Africa, by seventeen per cent; to the Irish Free State, by nineteen per cent; and to the United Kingdom, by seventeen per cent.

Figures during the last few months showed progressive improvement. Sales to all the world in a time when it was difficult to increase sales had advanced three and seven-tenths per cent, and to the British Empire fifteen per cent. Treaties with France, Germany, Austria, Italy, The Netherlands and South American countries had resulted in increased exports.

The trade of the world was about thirty-six per cent of what it was before the depression, and it was unfair to compare the total trade of Canada or that of any other country with the pre-depression figures.

In 1930 Canada had an unfavorable trade balance of \$100,000,000. This had been progressively reduced and wiped out until for the twelve months ending November 30th last the balance was a favorable trade balance of \$134,000,000.

He emphasized what this meant to a debtor country like Canada which must meet its obligations abroad through creating credits either through the products of its gold mines, favorable trade balances through increased exports, or through foreign investments.

It had been found necessary to enact embargoes against Russian coal, pulpwood, asbestos and furs. No new country such as this could develop trade if faced by unfair competition and by a country of 160,000,000 people whose export and import policies were in the hands of three or four men free to select this market today and another tomorrow. Anyone was free to trade with Russia except in the products named.

It was a matter of pride that during all the stress and strain of the depression no Canadian bank or financial institution had closed its doors, Mr. Bennett declared.

CATTLE LED TO DISCOVERY OF MONEY CACHED ON FARM

Because Cows Continued to Lick Sill on Barn Near Statesboro, Ga., Thirty Old Silver Dollars Were Recovered.

Statesboro, Ga., Jan. 10.—Because cows continued to lick a certain sill on a barn near here, thirty silver dollars, minted thirty-three or more years ago, have been discovered.

The coins were found in an old barn on the farm of Inman Foy at Adahelle. Tenants saw something shining between the sills on one side of the barn. The coins had been brightened up by the licking of the cattle on the farm. An aged negro, now dead, is reported to have hidden his money in the barn.

THE WEATHER

MILDER TOMORROW

Light snow has fallen in some parts of the Lower Lake region and western Quebec, though the weather has been for the most part fair from the Rocky Mountains eastward. It has been mild throughout the west and in the region of the Great Lakes but is colder this morning from the Ottawa Valley eastward. A deep disturbance, centered over Hudson Bay, is moving southeastward while pressure is high over the major portion of the United States.

Forecast: Fresh southwest winds; partly cloudy today and Thursday with rising temperature.

Temperature yesterday: Maximum, 29; minimum, 27.

Same day last year: Maximum, 32; minimum, 5 above.

LUCIEN MENARD IS SENTENCED TO FIVE YEARS

Two Sentences for Thefts at Savage's Store in Granby to Run Concurrently — Alfred Nadon Will Spend Two Years in Penitentiary.

Sherbrooke, Jan. 10.—Two five year sentences to run concurrently were imposed upon Lucien Menard, to definite address, by Judge J. H. Lemay in the Sherbrooke Court, Menard having been found guilty on two charges of theft at R. C. Savage's store in Granby.

Alfred Nadon, no definite address, who was found guilty by the Magistrate of one offense, was sentenced to two years in the penitentiary.

Leopold Huard and Philippe Dugoin, both of St. Victor de Tring, appeared before Judge Lemay on charges of having stolen a ride on a freight train. The two young men were found guilty of this offense, and also stealing garments from a clothes line at Birchton. They were sentenced to one month in jail for the clothes theft, and to five of \$5 and costs or fifteen days in jail for their ride. Unable to pay the latter fine, their fifteen day term behind the bars will run concurrently with the thirty day sentence for theft.

Found guilty on a charge of possessing illicit liquor, Bastien Menard, twenty-two years old, was sentenced to a fine of \$200 and costs or one month in jail.

MORE VIOLENCE BREAKS OUT IN CHICAGO STRIKE

Mail Train Stopped as Milk Strikers Seek to Tighten Already Effective Lines—Peace Negotiations Under Way.

Chicago, Jan. 10.—With new outbursts of violence reported over a wide front, including the stopping of a mail train, milk strike blockaders apparently sought to tighten their already effective lines today, while preliminaries to peace negotiations were under way.

Aided by the powerful Wisconsin Co-operative Milk Pool, whose president, Walter M. Singler, announced at Milwaukee last night that the pool's members would withhold milk shipments to Chicago, the strikers apparently were determined to continue the blockade despite the state police and United States marshals who are under orders to stop the interference with shipments.

POLICE SEIZED LARGE STILL NEAR LACHINE

Four Men Were Taken into Custody when Police Launched Raid on Supposedly Vacant Factory.

Lachine, Que., January 10.—Inch by inch Royal Canadian Mounted Police today searched an old factory out the outskirts of Lachine, where one of the largest illicit stills ever operated on the Island of Montreal was seized last night and four men arrested.

The still was of 500,000 gallons capacity and was in operation when the Mounties aided by Lachine police entered the factory. The old building had appeared vacant for months and police found screens had been placed in the windows to give the impression the factory was still vacant.

The four men arrested who gave their names as Benny Schwartz, Larry Harper, Ben Cohen and Abe Hurvitz, were taken to R.C.M.P. headquarters in Montreal. They were charged with being in possession of an illicit still and will be arraigned today.

The Mounties, who had been investigating for weeks reports a large still was in operation near Montreal, forced in a door and surprised the men. Eight large vats with a capacity of 10,000 gallons each and two vats of 5,000 gallons capacity were found filled with an alcoholic liquid. Several thousand gallons of alcohol in kegs and ready for shipment were discovered and seized. The distilling apparatus was said to be the most up to date ever found in an illicit still in Montreal.

INSANE WOMAN HELD CAPTIVE FOR TWO YEARS

Believed Husband Incarcerated Woman to Hasten Death—Victim Weighed Only Fifty Pounds.

Ridgefield Park, N.J., Jan. 10.—In a small, squalid room over a stable in the old Barnes estate police last night found a cowering, insane woman who, they believe, has been held a virtual prisoner for two and a half years.

Several hours later the woman's husband, Joseph Cerardi, forty-two years old, was arrested as he entered the apartment above the stable, and brought to police headquarters for questioning.

Cerardi, who is also known as Gerard, was booked on a charge of false imprisonment. Officers said he had been questioned in the Lindbergh kidnapping case when the body of the Lindbergh baby was found not far from a cottage where Cerardi sometimes stayed.

Arrested with Cerardi on the false imprisonment charge was his housekeeper, Mary Griffin, aged thirty-five years, of New York, whom he engaged about four months ago.

Police said there was a possibility that the woman, Mrs. Sophie Cerardi, aged forty-two, might have been imprisoned to hasten her death, and announced they would investigate information that her husband had insured her life for \$10,000.

Mrs. Cerardi, who had wasted away to fifty pounds, was taken to a hospital after County Physician Raphael Gilday had pronounced her insane.

Cornwall, Ont.—Very Rev. Dean Michael J. Leahy, 77, priest in many Ontario parishes.

CAN. NATIONAL REGISTERED A MAJOR UPSET

Railroaders Took Three Strings from New Windsor to Provide Unexpected Surprise in Industrial Bowling League Circles.

Canadian National Railway provided the major upset of the Industrial Bowling League season last evening by taking three strings from New Windsor. Without the service of A. Roy, the champions of the first section of the schedule fell easy victims to the inspired bowling of the Railroaders. The four regular New Windsor players registered totals which would have been sufficient to capture the game, but the low mark of 248 posted by Roy's substitute was principally responsible for their shutout.

It was the first defeat of such proportions that New Windsor suffered to date. During the first half of the schedule, the hotelmen lost no more than one string in any game and finished on top with a comfortable margin. Their startling setback last evening, however, revealed that a merry fight would develop before the winners of the second section were to be crowned.

The City Gas Department and Bowell's returned similar clean-cut victories over the Record and Canadian Silk Products, respectively.

D. Cote, of the Gas Department, annexed the "best single string" with a score of 237, while Captain Beaudry, of the New Windsor squad, chalked up the best three-string total, an aggregate of 567.

The detailed results of last night's games follow:

TO RESTRICT ACTIVITIES OF MONTREAL NIGHT CLUBS

Quebec, January 10.—Night life in Montreal is to be curbed, and that sharply. This is the meaning of a notice of motion on the part of the Hon. R. F. Stockwell, provincial Minister of Justice, introduced in the Legislative Assembly yesterday that he will bring in a measure to amend the Quebec Liquor Act "concerning the hours of closing."

The main objective of this bill is to check the unreasonable attitude which certain restaurants in Montreal have taken in the last few years. It is admitted that the situation as regards that class of place has been and is disgusting, and the intention of the Government is to end that intolerable situation. Certain night clubs in Montreal are also aimed at in this bill, since they are not clubs in the real sense of the word, and merely one-man institutions for personal profit. The details of Mr. Stockwell's measure are not yet available, and it is safe to say that they are not decided upon as yet by the Government.

The reason for the announcement of Mr. Stockwell's bill is that the Government decided that this session at least Government legislation would be brought down early, and as a preliminary step notices of bills of importance to come in soon given. This does not necessarily mean that the bills themselves will be earlier, but it is a step in the right direction, and sounds good. As regards amendments to the Quebec Liquor Act, it may be safely asserted that outside of the definite decision to curb the unreasonable night life of Montreal, the Government is waiting for suggestions, and also for the results of the inter-provincial conference to open next Wednesday at Ottawa. On the decision of Ottawa to cut the excise duties on liquor or otherwise, a great deal depends. However, this is not a new story.

Altogether the ministers have given notices of fifteen new bills, and resolutions accompanying two of them, since they all mean money bills. What they all mean is, perhaps, obvious to the ministers, but the notice of their presentation means that the Government will have a great deal of legislation. Hon. Mr. Stockwell is going to change the licence law in regard to amusement places, no doubt a move to tighten up on collection of amusement taxes, for it has been notorious that the Government, and consequently the hospital and other charitable places, lose a great deal because of entertainments given under the guise of charity and religion. The Government, it is learned, does not mean to attack any legitimate entertainments really meant for charitable and religious purposes, but only to check the promoters of those who

The province of Quebec occupies second place in the matter of volume and revenues of tourists traffic. It comes immediately after Ontario. In this connection the report draws attention to the fact that the federal statistics, while being well founded as far as Canada as a whole is concerned, cannot serve to determine the exact importance of tourism in each province. A great proportion of the tourists coming to visit the province enter Canada through Ontario or New Brunswick, and are credited to those two provinces. And it turns out that tourism in the province of Quebec is much greater in volume and value than indicated by the federal statistics.

There are two means of creating and developing tourist traffic. The first is that of internal organization, which consists in permitting or facilitating access to the various regions, improving conditions for the reception of visitors, and preserving or improving upon all the tourist resources the province possesses. The second means consists in advertising the province beyond its borders. These two means cannot be utilized the one without the other. The Government, and particularly the Department of Roads, has accomplished much in both

Country and Dairy Products Prices			
Montreal, January 10. — Egg prices at Montreal were again lower yesterday, continuation of mild weather and heavier receipts having an easing influence. Graded shipments in carlots were mostly quoted yesterday at 31c for grade A-large, 28c for grade A-medium, and 27c for grade A-pullets. Small lots to the retail trade were quoted as follows by wholesale jobbing houses:			
Grades	Cartons Loose		
A-large	35-36c	31-35c	
A-medium	33-34c	30-33c	
A-pullets	31-32c	30-31c	
B-large	28-29c	27-28c	
B-medium	25-26c	24-25c	
C	22c	21c	

Demand was slow on the butter market and prices were generally around 25 1-4c per lb. for carlots or l.c.l. lots of No. 1 pasteurized. The cheese market held steady at 10 1-4c to 10 1-2c per lb. for current make Ontarios.

The potato market was quoted as follows: N.B. Mountains, 80 lbs., No. 1, \$1 to \$1.10; 15 lbs., fancy, 27c. Quebec Whites, 80 lbs., No. 1, 95c to 1.01; P.E.I. Mountains, 90 lbs., No. 1, \$1.20 to \$1.25.

Dressed poultry prices to the retail trade, on small lots, are quoted by wholesale jobbing houses per lb. as follows, B-grade generally being 2c under the A-grade prices:

Milked chickens	21-23c
Selected chickens	20-21c
Fowl	15-18c
Turkeys	20-22c
Broilers	22-25c
Geese	12-15c
Brome Lake ducklings	22-24c
Domestic ducklings	15-17c
Ducks	13c-15c

use such means as a cloak.

Mr. Stockwell has a bill also in regard to gasoline, the purport of which is not disclosed, but apparently it does not mean an increase in the gasoline tax, for the Speech from the Throne makes it clear that there is to be no new taxation.

WINDSOR MILLS DOWNED NORTH HATLEY SQUAD

Pulp Town Team Routed New Entry in St. Francis Valley Hockey League by Seven to One-Fixture Was Much Closer than Final Count Indicated.

Windsor Mills, Jan. 10.—Originally scheduled to start their St. Francis Valley Hockey League last Wednesday evening, Windsor Mills made its debut before home fans last evening and registered a seven to one victory over North Hatley, an addition to the circuit this winter. The game was closer than the final score indicates, but there was no doubt about the home team's superiority. The victory sent Windsor Mills to the top of the group with North Hatley, who have already played two games, defeating Coaticook in the League opener last week.

From the outset the homesters assumed the lead on a goal by Antonio Frenette within two minutes of the first whistle. Five minutes later Alcide Frenette rattled in a second tally, to be followed in twenty-eight seconds by Bobby second section, but there was no first period ended with Windsor leading by three to nothing.

Sandwiched between the two second-period Windsor markers registered by Harry Healy was North Hatley's lone counter, posted by Capell on a long shot. Forty-second seconds after the face-off, Healy opened an opening in Gagne's goal, after George Couture had laid the groundwork. Two minutes before the interval arrived, Healy repeated, Antonio Frenette taking part in this play, which gave Windsor a five to one margin entering the last chapter.

Alcide and Antonio Frenette were responsible for the two final points in the last period, Alcide being helped by Maurice Belanger, while brother Antonio was helped by Healy. Both points came in the last five minutes after North Hatley had held their own during the greater part of the period.

W. R. Morrisette, of Windsor Mills, and S. Seguin, of North Hatley, handled the game, in which Windsor suffered three minor penalties and North Hatley two.

Windsor Mills goal: N. Hatley goal: Gagne. Windsor defence: Taylor. Cayer. Frenette. Centre: Meigs. Healy. Wing: Young. Windsor Mills subs.—Morey, Alcide, Frenette, Belanger, Dubois and Landry.

North Hatley subs.—LeBaron, Bowen, Bassett, Capell and Guid.

When Your Cough Hangs On, Mix This at Home

Saves Good Money! No Cooking!

If you want the best cough remedy that money can buy, mix it at home. It costs very little, yet it's the most reliable, quick-acting medicine you ever used. The way it takes hold of stubborn coughs, giving immediate relief, is astonishing.

Any drugstore can supply you with 2½ ounces of Pinex. Pour this into a 10 oz. bottle, and add granulated sugar syrup, use 2 cups of sugar and one cup of water, and stir a few moments until dissolved. No cooking needed. It's no trouble at all, and gives you four times as much cough medicine for your money—a real family supply. Keeps perfectly and tastes fine.

It is surprising how quickly this loosens the germ-laden phlegm, soothes and heals the inflamed membranes, clears the air passages, and thus ends a severe cough in a hurry.

Pinex is a compound of Norway Pine, in concentrated form, the most reliable healing agent for severe coughs. It is guaranteed to give prompt relief or money refunded.

PAGEANT HELD AT KNOWLTON; GENERAL NEWS

Impressive Presentation of Old Story Given in United Church—Knowlton Items of General Interest.

Knowlton, Jan. 10.—The regular service at the United Church was replaced by a pageant introducing Sir Henry Van Dyck's beautiful "Story of the Other Wise Man." The church dimly lighted by candles, was well-filled by an appreciative audience representing both Protestant churches. The Madonna, who was represented by Miss Ruth Prouty, seated by the manger of the Christ Child in the lowly stable of Bethlehem, was the central figure of the action. The time was a few days after the birth of Christ.

Gounod's "Nativity," rendered by Mr. LeRoy Bullard, gave the cue for "Come and Adore." Then in the distance, the strains of "Adeste Fideles" was heard, being sung by the choir. As the singers drew nearer, the answer, "O Come Let Us Adore Thee," was heard. The procession was followed by the beautiful strains of Back-Gounod's "Ave Maria," interpreted by Mrs. L. N. Knowlton. Then in a few seconds came the arrival of the "Three Kings of the Orient," singing their characteristic song. These parts were taken by Messrs. LeRoy Bullard, Gordon Badger and Gifford Mitchell.

After the wise men laid their gifts by the manger and retired, a figure robed in a fifteenth century doctor's gown, came forward to the front. This was Rev. Mr. Mitchell, who delivered the story of the "Other Wise Man," who started out, but did not find the Christ Child. However, during the years, he served his Lord in other ways, and at the end received the reward of the merciful.

During three breaks in the story, the hymn, "As With Gladness," was sung, as well as Mrs. Mitchell's interpretation of "Gesu Bambino," and "O Thou Who Tellest Good Tidings of Zion," from Handel's Messiah, which was sung by Gifford Mitchell.

As all was finished the choir followed by the Madonna, the Westerner and the narrator, left the church, chanting Simeon's "Nunc Dimittis."

A Tired, Worn Out Woman Can't Make a Happy Home

There is no happiness in the home when the mother is sick and worried by the never ending household duties. She gets run down and becomes nervous and irritable, has shortness of breath, faint and dizzy, can't sleep, and gets up in the morning feeling as tired as she went to bed, and is downhearted and discouraged.

Milburn's H. & N. Pills will soon convince women it is not necessary to suffer, as they build up the nervous system and bring back the former health and vigor.

THE OLD AND NEW.

J. R. Andrews.

Impatiently we close the door
Behind the Old Year's flight,
As when some guest, unloved and poor,
Goes out into the night;
Nor do we ponder what the cheer
His coming may have brought,
Nor of the magic, through the year,
His hasting hand has wrought.
Perhaps we failed to do our part
As well as we had planned,
Or scorned to follow Wisdom's chart
To reach life's highest stand;
The Old Year offered all it had,
To each and all the same;
If we converted good to bad
The Old Year's not to blame.

With eager eyes we watch the veil
Rise from the young New Year
And scan its portents, dim and pale,
Of good and ill and fear;
And, strange enough, as acts grow clear,
Familiar sights arise;
The things we did in yesteryear
Repeat before our eyes.
Forgetting vows, we do again
Don garments of the past
And slouch a-down the ways of pain
In grip of error fast!
The Year is young, and Hope-lights flame
To make our pathway clear;
So play your best in life's great game
And win a glad New Year!

WHO WILL GET THE SILENT PROTEST VOTE?

Business people know that their cash customers are not among the rich or affluent, so much as with the thrifty and the steady earner of salary or wages. The man who saves has denied himself of many unsatisfying pleasures, and has found his gaiety in books and in friendships. He has invested his savings in bank shares and in industrial and commercial stocks. It is these thrifty people who suffer most from taxes. They have not been led into ostentatious display and do not live beyond their means, but have always laid by for a rainy day.

Because of the envy of their neighbours there is no outcry of protest when they are made the source of excessive taxes. Their stocks and shares are heavily taxed, their incomes shaved, and politicians cheer the unthinking by saying, "We go after the people who are best able to pay!"

That is a fallacy. Taxes find their even level and spread themselves out so that everybody bears a part of the weight.

Yet when taxes are imposed with the thought of an unfair assignment, then does business slow up in proportion to the broken confidence shown by such a doctrine. Money can find a hiding hole as quickly as does quicksilver in a sluice box.

You cannot, we cannot, nobody can afford to chuckle at a new tax because the political bandit does not aim this tax gun directly at you. A Toronto candidate who said that "we must find new sources of taxation," was left at the post. The imposer of taxes is cross-eyed in his aim if he does not know that the sugar tax, or any other nuisance tax, hits everybody. The refinery does not pay it, even though it be collected at the owner's door.

So many people who think they have political vision develop compound astigmatism in both eyes. A salt tax or a sugar tax, or any tax on the necessities of life, denotes a rheumy political eye, and a lack of clear vision.

There is a deep though silent protest over the reduction of the excise tax on alcohol, with a transfer to a two-cent tax on sugar.

Governments must save themselves by economy and not by devising new taxation.

To-day, who would harvest the strong silent vote which decides all elections?

THE "OMINOUS" SITUATION.

The Presidents and the Managers of our leading banks in Canada courageously followed up their closed-office debates with spending governments by telling them this year that they had reached the limit of endurance, and that they must start at the bottom and pull down the pillars of waste and extravagance which successive administrations have allowed to creep into the fabric.

They have not soft-pedalled this warning, for they know that their advice to retrench has been met in a spirit of resentment. Lulled to a sense of superiority by the adulation of the mob who gather each day at the public trough, the inferior mind is like to aim at autocratic impatience, and in his office he vows that he will tell those golden bankers just where they get off at. The taxpayer then pays

again for the prideful magnificence of gorgeous offices built for the housing of their army of tax collectors, for it costs more money to be vengeful. What's the odds? Put another tax on sugar! Off with his head!

Were we to get up an "Who's Who?" on the Hundred Leading Citizens of Canada one would naturally start with the President of the Canadian Pacific Railway, by virtue of his office, his learning, his experience and his admitted talent. Edward W. Beatty, K.C. LL.D., Chancellor of McGill, and a railway man since graduation from school, always speaks out in meeting. "I read the Sherbrooke Record daily," he said recently, "and I like your forthright opinions even when I do not agree with them."

More recently Mr. Beatty was reviewing his earlier prophecy that "the point of upturn has been reached or is in the offing." Naturally, Mr. Beatty is an optimist, for though the Canadian Pacific has suspended its dividends the annual affairs of his company have not been "in the red." But "we still have the railway problem with us," said Mr. Beatty, "and it is not much less a problem than it was twelve months ago."

"There seems no reason to believe that conditions that have made railroad management difficult over the past few years are going to be materially changed in the immediate or near future. . . . Such progress as has been made over the past year along the line of effecting economies in administration of public affairs has been helpful, but has served mostly to point the way to larger and more fundamental re-arrangements looking towards an easing of the great load of national debt, and a reduction of taxation the extent of which has come to assume ominous proportions. There is no need for further stressing the incapable necessity for such action."

"I do not believe that any thinking Canadian, viewing national affairs without prejudice, will deny that the drain upon public and individual wealth consequent upon the general railway situation continues to overshadow all other problems, and it is by far the most important difficulty that has to be surmounted before the way to prosperity lies open before us."

"In order to clarify the situation, early in the year I outlined in two public addresses what I believed to be the only possible solution for that problem."

"In effect, I proposed that the people of Canada, as owners of the Canadian National Railways, should enter into a partnership arrangement with the shareholders of the Canadian Pacific, and that the resulting organization should be operated by the privately-owned concern, thus relieving railroad management in this country from the too-well-proven evils of political influences and at the same time removing from the path of our greatly harassed political leaders the embarrassments that must ever accompany responsibility for railway operation. My proposals at that time met with a volume of approval and support such as, frankly, I had not anticipated, and I found even in places where it was least to be expected, that they received a serious consideration that showed how widespread was the conviction that this problem had to be settled in some satisfactory and permanent manner."

"Nothing that has since happened has tended to change my conviction that in these proposals lies the only sound ultimate solution of the difficulty. I can think of nothing short of this that may be attempted that will offer adequate relief from an economic drain that has in it all the possibilities of national disaster. I have reason to believe, also, that I share in this conviction with a large and increasing number of citizens who are giving thought to the state of real economic peril in which we stand."

Faced with another Canadian National deficit, and debts piling on top of the monumental debt, it is indeed an "ominous" condition.

Surely, Parliament will this year have engendered the courage to face it and to solve it in one or the other way. There are but two ways.

EDITOR'S NOTE BOOK.

The test of sanity is the ability to do team work. When you go to a hockey game, you can know what a man is or will be by his method of play. The man or boy who is always questioning authority or fearful of taking orders will never be other than a snooty or snorting companion in life. When you see one such join quickly in condemning a business because it is conducted by a corporation you can envisage his boyhood on the school campus.

NEW OFFICERS OF BURY GUILD WERE ELECTED

Satisfactory Reports of Past Year's Activities Submitted at Annual Meeting of St. Paul's Guild.

Bury, Jan. 10.—The annual meeting of the St. Paul's Guild was held on Wednesday afternoon last at the rectory, with Miss Naomi Lewis as hostess. There was a large attendance of members. A new member was warmly welcomed, Mrs. Cumming was in the chair. The meeting was opened with prayer by the rector, Rev. C. T. Lewis. A very encouraging and satisfactory financial report was presented by the treasurer, Mrs. S. J. Pringley. Correspondence, including letters of thanks from those who had received Christmas cheer, was read by the secretary, Mrs. McClintock. The reading of the report of the work committee by the convener, Miss Alvin Wootton, was received and adopted with applause.

The auditor announced that the accounts were found to be correct, and the books well kept. Mrs. Cumming, president, rose and thanked all the officers and members for their loyal support throughout the past year.

The election of officers then took place by nomination and ballot and resulted as follows: president, Mrs. F. Cumming, unanimously; honorary president, Mrs. Isaac Goodenough; first vice-president, Mrs. A. J. Hunt; second vice-president, Mrs. Roe; secretary, Mrs. McClintock; treasurer, Mrs. S. J. Pringley. The latter two officers were elected unanimously and the auditor by acclamation, the rector.

Other committees were appointed namely, work committee, Miss Alvin Wootton and Mrs. Saunders; any work, aprons, convener, Miss Easter Finner, Mrs. A. J. Hunt and Mrs. D. D. Trotter; social service, Mrs. Cumming and Mrs. A. J. Hunt; rectory repairs, Mrs. Bradley, Mrs. S. J. Pringley, Mrs. Oliver Barton and Miss Fisher; collector of dues, Mrs. Bradley, with Miss Olive Card as assistant; decorating committee, Mrs. D. J. Morrice, Mrs. S. J. Pringley, Mrs. Oliver Barton and Miss Fisher; collector of dues, Mrs. Bradley, with Miss Olive Card as assistant; decorating committee, Mrs. D. J. Morrice, Mrs. S. J. Pringley, Mrs. Oliver Barton and Miss Fisher.

The re-elected president called upon Rev. C. T. Lewis to address the meeting. In rising, the rector said he was extremely hard for him to say what he wanted to say. He warmly welcomed them to the rectory after an absence of four years, while one and all fully understood the reason why Mr. Lewis said he was deeply touched and extremely grateful for the kind sympathy that the officers and members had manifested. He also welcomed the St. Paul's Guild for the loyal and most efficient support that it had rendered throughout his ministry in the parish. He and the warden owed the officers and members a debt of gratitude for their unfailing generous support in maintaining the material side of the church life in the parish—in caring for the church property, assisting in relieving the distressed and even sending help to the sufferers in the west, he said.

This was the twenty-third annual meeting of the St. Paul's Guild that had been such a characteristic feature of the Guild during that long period. At the conclusion of his speech, Mrs. Cumming, president, thanked him.

A standing vote of loving remembrance of the members who had passed to their rest in Paradise during the past year, was carried. Their names were, Mrs. C. T. Lewis, Mrs. A. Byron Hunt, Mrs. Charles A. Locke and Mrs. M. A. Locke. It was unanimously resolved to put aside a certain amount out of the balance on hand towards eventually repairing the roof of St. Paul's Church.

The meeting was closed with the benediction, after which tea was served to the hostess, assisted by Bessie McDonald.

APPEAL CERTIFICATE HAS BEEN DENIED COAL FIRMS

Justice Wilfrid Laliberte Refused Application by Defence Counsel for Five Companies Fined \$30,000.

Quebec, January 10.—Mr. Justice Wilfrid Laliberte has refused an application by defence counsel for five coal companies upon which he imposed fines totalling \$30,000 recently, for a certificate which would enable them to lodge an appeal of the convictions before the Court of Appeals. They were charged with combining in restraint of trade.

Counsel for the five companies — two Canadian import companies, two P. P. Weaver companies and the British Coal Corporation, all of Montreal — asked for the issuance of the certificate to enable them to lodge an appeal on fact. Hon. Lucien Cannon, K.C., one of the defence lawyers, argued that no proof had been adduced to show that an offence had been committed by the defendants and further, that no penalty should have been imposed.

Louis St. Laurent, K.C., acting for the Crown, charged that the demand for the certificate was prompted only by a desire on the part of defence counsel to get advertising placed by the companies on the petition took all morning yesterday. The hearing was only in the afternoon that His Lordship rendered his judgment refusing the certificate.

LIFE INSURANCE CONCERNS TO INCREASE ADVERTISING

Co-Operative Spirit Displayed by Companies Had Favorable Results, Declares President of Insurance Advertisers.

New York, Jan. 10.—Nelson A. White, president of the Life Advertisers' Association, stated today that life insurance companies spent two-thirds more for advertising in 1933 than was spent in 1929, and for the current appropriations already made "should further accelerate the upward trend."

He said insurance companies had developed a type of advertising which stressed the "institutional and co-operative spirit" rather than the "competitive note" because, he said, "the splendid record of life insurance during these stormy days has been one of the most outstanding phenomena of the economic picture."

Life insurance national advertisers increased by five during 1933, Mr. White said, adding that he had heard reports indicating that "one or two other companies are considering extensive campaigns during the coming twelve months."

\$100,000 GIFT TO UNIVERSITY OF MONTREAL

Montreal, Jan. 10.—The University of Montreal is richer today by \$100,000. P. V. Rougier, of Paris, head of the chemical products firm of Rougier Brothers, which has a branch office here, has donated this sum to be used particularly, it is understood, in the medical laboratories of the university.

IMMEDIATE RELEASE OF NEWSPAPERMAN IS URGED

Dublin City Council Draws Up Resolution Expressing Appreciation of Honor and Integrity of Irish Journalist.

Dublin, Irish Free State, Jan. 10.—The Dublin city council, with the Lord Mayor in the chair, last night voted unanimously in favor of a resolution expressing appreciation to the honor and integrity of Irish journalists, regretting the sentence of one month's imprisonment imposed on Joseph Dennigan, Canadian Press correspondent, and urging his immediate release.

Dennigan was sentenced to prison a little more than a week ago when he refused to tell a military tribunal the source of information he had incorporated in a new story.

MINNESOTA'S FIRST WOMAN SHERIFF WANTS JOB AGAIN

Elected to Office After Death of Her Husband, Mrs. Kate Bolke Has Been Regarded as Most Efficient Official.

Le Center, Minn., Jan. 10.—Minnesota's first woman sheriff, who has held office eighteen months, likes her job so well she has filed for re-election.

She is Mrs. Kate Bolke, of Le Sueur county. Elected to office after the death of her husband, Sheriff Hugo Bolke, she has been regarded as an efficient official. She is about fifty years old and the only woman sheriff in the United States.

When filings for the office were opened, she was the first to register.

CLAIMS HUBBY IS ANNOYING

Philadelphia, Jan. 10.—Mrs. Elizabeth Nibling is separated from her husband, but lives next door to him. She appeared in court today, seeking support.

"He plays the mouth organ and sings just to annoy me," sometimes she sings half the night," she complained. "And he builds fires in the furnace in his home and shuts off the drafts, smoking my house out."

Judge Theodore Rosen ordered Joseph Nibling, the husband, a bread salesman, to pay eight dollars weekly.

MRS. PRINCE ENTERTAINED CATHOLIC WOMEN'S LEAGUE

Mrs. C. A. Prince, president of the Lennoxville sub-division of the Catholic Women's League, entertained the members and several visitors, last evening at her home on Warren street. Following the routine business, several letters of thanks and appreciation were read from families who had received Christmas baskets. A vote of thanks was extended to all those who had in any way helped the League to carry out their social service work at Christmas.

After enjoying a social hour, the hostess served refreshments, assisted by Miss Alice Dundin and Miss Plourde.

BENEFIT PLAYS PRESENTED IN ST. PATRICK'S CHURCH HALL

"Thanks Awfully" and "Oh, Didn't It Rain" were presented by members of St. Patrick's Mission Circle and St. Patrick's Old Boys' Association before an appreciative audience last evening in St. Patrick's Church hall.

These two pleasing plays, which were first presented several weeks ago, were repeated last evening in aid of the Child Welfare Clinic and the Victorian Order of Nurses.

All members of the two casts played their parts well, while the music provided by the orchestra added much to the enjoyment of the evening.

CHILD WELFARE CLINIC IS OPERATING SUCCESSFULLY AT HOSPITAL

There was a large attendance at yesterday's meeting of the Child Welfare Clinic of Sherbrooke held in the MacKinnon Memorial. The president, Mrs. Harold Goodhue, occupied the chair, and following the adoption of the minutes and financial statement, announced that the Clinic work was progressing most favorably at the Sherbrooke Hospital.

Four clinics had been held, the total attendance being twenty-five children. There had been four operations, four children had been referred for eye, ear, nose and throat treatment and two for dental treatment.

The Child Welfare Clinic gratefully acknowledges the following donations: Miss Sherman, from Central School, Carol Singers, \$38.04; Schubert Music Club, \$15.84; Ladies' Auxiliary of the Canadian Legion, \$15.62; Macdonalds, \$15.00; Carleton Place, \$5.50; T. F. Atkins, \$5; Mrs. C. MacIntyre, \$5; and Mrs. J. R. Burton, Lennoxville, \$1.

UNITY LODGE I.O.O.F. INSTALLED NEW OFFICERS

The following officers of Unity Lodge No. 8, I.O.O.F., were duly installed during the official visit of D.D.G.M. J. C. Mead: A. Bruygom, J.P.G.; W. Winstanley, N.G.; J. W. Blake, V.G.; J. Johnston, J. S.; F. G. Lindley, F.S.; L. M. Johnston, treasurer; B. H. Laporte, warden; D. J. Bouchard, conductor; C. O. Gustafson, R.S.N.; G. R. Quinn, L.S.N.G.; C. Campbell, R.S.V.G.; M. M. Lohrop, L.S.V.G.; W. Trussler, R.S.S.; T. Symons, L.S.S.; P. Humphrey, inside guard; E. J. Bockus, outside guard, and M. Flanders, chaplain.

A pleasant feature of the evening was the presentation of a fifty-five year jewel to J. W. Campbell, P.G., the oldest living member of the lodge, who was initiated on July 8, 1878, and has held continuous membership since that time. Brother Campbell was presented by Brother A. E. Berwick, P.G.R. Brother James Lowe, P.G.R., made the presentation with a few reminiscences of the earlier days of the lodge, to which Brother Campbell replied very suitably. Brother Campbell is still hale and hearty and very keen on the degree work.

After the meeting refreshments were served in the banquet hall.

KING GEORGE FIFTH CHAPTER NOMINATED OFFICERS

Members of the King George Fifth Chapter of the Imperial Order of the Daughters of the Empire were entertained by their Regent, Mrs. W. E. Loomis, and Mrs. S. Robinson yesterday afternoon at the former's residence on Queen street. The Regent presided, and after the meeting had been opened with the customary ceremonies, the secretaries of the various departments submitted their reports.

Very appreciative letters were read from recipients of the Chapter's benevolence, the warm expressions of gratitude well repaying the members for their generous donations and unselfish effort to make Christmas a happy season for others. A few of the mite boxes for the I. O. E. National Endowment Fund were turned in yesterday, but there still

FEWER DRIVERS' PERMITS GIVEN OUT LAST YEAR

An Increase of Forty-Five Was Recorded, However, in Total Number of Chauffeurs' Permits Issued at Local Provincial Revenue Office in Eleven Months of 1933.

There were one hundred and thirty-five less drivers' licenses but an increase of forty-five in the number of chauffeurs' permits granted last year by the local Provincial Revenue office as compared with the figures for 1932.

Registration of light cars increased by 123 compared with the previous year, while heavy cars dropped by twenty-seven, according to the statistics furnished the Record today by Maurice St. Laurent, joint collector of Provincial Revenue.

Statistics indicated that from February 1st to January 1st, a total of eleven months, 4,993 drivers' licenses were issued, compared with 5,078 in the same period of 1932. A total of 720 chauffeurs' permits were given out compared with 675.

A large increase was recorded last year in the number of registrations for trucks under 6,000 pounds—250 licenses for such vehicles being issued in the eleven months compared with eighty-six during the previous year.

The following tabulated figures furnish an interesting comparison of the number of permits and registrations issued in eleven months last year and the figures for 1932:

	1933	1932
Drivers' or operators' licenses	4,993	5,078
Chauffeurs' licenses	720	675
Registrations:		
Light cars	3,758	3,635
Heavy cars	729	756
Commercial trucks	364	395
Trucks under 6,000 pounds	250	86
Farmers' trucks	195	208
Taxis	185	129
Motor cycles	23	30

remain a large number to be returned. The meeting agreed to co-operate with other local chapters in striving to obtain a good attendance at the proposed illustrated lecture on "Birds of the Province" to be sponsored by the I. O. D. E. Miss Edith Martens contributed an outstandingly interesting paper on "London," at the close of which she was accorded a hearty vote of thanks and appreciation. The League of Nations was referred to by Mrs. C. H. Bowen.

The nomination of officers was then proceeded with, Mrs. T. S. Somers, Mrs. O. H. Parker and Mrs. W. Wilson acting as scrutineers. Afternoon tea was served by the hostesses. Mrs. James Wilson presided at the tea table, and Mrs. Somers, with the Misses Ruth and Sylvia Loomis, assisted in serving.

TRINITY LADIES' CIRCLE RESUMED ACTIVITIES

Members of the Ladies' Circle of Trinity United Church were pleasantly entertained last evening by Mrs. George C. Hall at her home on Cliff Road. During the brief business session the newly elected president, Mrs. R. E. Richardson, presided, and most encouraging reports of the past year's activities were presented.

The treasurer's statement showed that the year had been a most successful one, and the convener of the Sunday School supper also reported that event as being a fine success.

It being the first gathering of members since the holiday season, a pleasant social time followed the business period. Later the hostess served delicious refreshments, assisted by Mrs. George Parsons and Mrs. Miller Hall.

GOOD DEEDS ACCOMPLISHED BY SIR JOHN SHERBROOKE CHAPTER

The Misses Maura and Helen McManis, who entertained the members of the Sir John Sherbrooke Chapter of the Imperial Order of the Daughters of the Empire yesterday afternoon at their home on Queen street. Mrs. Malcolm Mitchell, the Regent, presided and the meeting opened with the usual ceremonial.

In addition to the many good works carried on by the Chapter, were special donations of six Christmas dinners to ex-servicemen and twenty-eight scrap books to the Children's Memorial Hospital and the School for Crippled Children in Montreal. The following amounts were voted at yesterday's meeting: the I. O. D. E. National Endowment Fund, \$50; agricultural bursaries, \$9; local V. O. N. \$5; and for work in India, \$1.

The soup kitchen operated by the Chapter at the Mitchell School has proved of inestimable value, not only to the pupils who materially benefit from the additional nutrition, but as an incentive to other children who through its operation have become intensely interested and desirous of helping others less happily situated than they. A few statistics will illustrate more fully than words the growth of this work among children. Ninety-three loaves of bread, seventeen pounds of butter, 132 quarts of milk, in addition to sugar, have already been supplied, and \$24.22 spent in extra supplies.

The Chapter has also donated twenty-eight quarts of milk to the East Ward School this winter, and home-made soup has been supplied by Mrs. Dean Suckling, Mrs. W. G. Cross, Mrs. Malcolm Mitchell and Mrs. Martha Rouse.

The Misses Helen McManis and Margaret Gough acted as scrutineers during the nomination of officers for the coming year.

The educational period was delightfully spent in listening to a talk on Labrador by Edward Boothroyd, who spent last summer there, and his personal reminiscences added greatly to the interest and

NEAR LOW MARK IN FIRE LOSSES DURING 1933

With Loss Amounting to Only \$32,301.26, Sherbrooke Strengthened Its Position as One of Leading Cities of Dominion from Viewpoint of Low Fire Hazard.

With total damage to property and contents amounting to only \$32,301.26, approximately sixty per cent. less than in the previous year, Sherbrooke in 1933 strengthened its position as one of the leading cities of the Dominion from the viewpoint of low fire losses. For many years past this city has enjoyed a splendid reputation as a centre excellently protected from fire hazards of all sorts, and the near-record low loss during the past year clearly indicates that Chief H. O. Camirand and his men have been on the job twenty-four hours a day, risking life and limb for the safety and welfare of the general public.

A point worthy of note in the statistics issued by Chief Camirand today is that no outbreak escaped beyond the control of the local firemen in 1933, and that although 130 more fire calls than in 1932 were answered, the total loss is lower than a year ago by \$49,936.29.

A ten-year survey made by the department records that the heaviest loss was sustained in 1925, amounting to \$157,223.62. Lower losses than last year were recorded in 1931, amounting to \$25,704; in 1929, \$18,825.50; and in 1928, \$20,401.

The \$32,301.26 total for 1933 represents a loss of \$1.11 per capita. Insurance amounting to \$2,711,300 was carried upon the properties that were damaged by fire during the year.

The West Ward suffered the most serious loss, \$10,483, with insurance totalling \$608,350. Next in order was the North Ward, where fire damage amounted to \$8,500.91 with insurance of \$301,100; the East Ward with \$6,049.50 damage and insurance of \$684,700; the Centre Ward with \$4,884.85 damage and insurance of \$636,750; and the East Ward with \$2,883 damage and insurance of \$330,400.

Of the 523 fire calls during the past year, 349 were transmitted by telephone, 144 by the alarm system and 32 by special messenger. One hundred and twenty-seven of these alarms were for the West Ward, 123 for the South Ward, 113 for the East Ward, 81 for the Centre Ward and 75 for the North Ward.

The 523 alarms in 1933 compared with 416 in 1932, 327 in 1931, 317 in 1930, 393 in 1929, 416 in 1928, 356 in 1927, 322 in 1926, 254 in 1925 and 307 in 1924.

The municipal firemen, the report of the 523 fire calls during the past year, 349 were transmitted by telephone, 144 by the alarm system and 32 by special messenger. One hundred and twenty-seven of these alarms were for the West Ward, 123 for the South Ward, 113 for the East Ward, 81 for the Centre Ward and 75 for the North Ward.

The total fire losses for the past ten years, together with the loss per capita and the insurance carried upon the different properties and contents are clearly revealed in the following tabulated figures:

Year	Losses	Capita	Insurance
1933	\$32,301.26	\$1.11	\$2,711,300
1932	\$82,237.55	\$2.76	\$2,614,650
1931	\$25,704.00	\$0.89	\$2,392,400
1930	\$34,293.61	\$1.18	\$2,481,400
1929	\$18,825.50	\$0.69	\$2,400,800
1928	\$20,401.00	\$0.75	\$2,850,200
1927	\$67,667.50	\$2.58	\$1,661,100
1926	\$41,154.60	\$1.64	\$1,659,800
1925	\$157,223.62	\$5.85	\$1,760,745
1924	\$74,068.86	\$3.01	\$3,344,050

enjoyment of his informal address. Later the hostesses served afternoon tea, when Mrs. Malcolm Mitchell presided at the attractive tea table.

TWO SUPERIOR COURT CASES HEARD BY JUSTICE WHITE

Mr. Justice Charles D. White presided over two cases in the Superior Court this morning, the defendant in both actions being Antonio Parise, of Sherbrooke.

In the first case, Brierre and Bisson, Ltd., claimed the sum of \$106.35 for merchandise delivered and services rendered, while in the second action Camille Adam, of Johnville, requested judgment for \$444.49 on similar grounds.

DEATHS REPORTED

FUNERAL OF WILLIAM H. LOVELL

A large number of friends paid final tribute to the memory of William H. Lovell, for forty-two years registrar of the County of Sherbrooke, whose death removed a well-known and highly esteemed figure.

The funeral was conducted by Rev. Dr. W. S. Lennon, of Trinity United Church, and interment was in Mount Forest Cemetery, Coaticook.

Mr. Lovell passed away very suddenly on November 24, after only a few hours' illness. He was born in Barnston, the only son of Mr. John Lovell and his wife, Annie Merriman Lovell. He lived in Barnston for several years, following his marriage, in 1878, to Miss Estella Goodhue. One son born of that union died at the age of ten years.

Mr. Lovell moved to Sherbrooke in 1891, and for forty-two years served as registrar in the city. His first wife predeceased him many years ago, and his marriage to Miss Cora Blanche Sanborn, of Bulwer, took place in July, 1927.

Mr. Lovell's quiet sense of humor, his unflinching courtesy and kindness, won for him a large circle of friends, who, with the widow and relatives, will keenly miss his genial presence.

He is survived by only one of four sisters, Mrs. Agnes Lovell Parker, of Coaticook, several nieces, nephews and cousins.

STILL MANAGE TO USE ROADS FOR MOTORING

Hazards of Winter Braved by Some Motorists Who Have Not Allowed Rough Condition of Highways to Stop Them from Travelling to Sherbrooke from Outside Points.

In spite of the fact that highways leading in and out of this city are in a very rough condition, and in many cases just barely passable, there are quite a few adventurous motorists who manage to travel from town to town by motor car, armed with a shovel in case of emergency and trusting largely to luck that they will get through.

When times were more prosperous—in the distant past—and both municipal and provincial governments were in stronger financial positions, the majority of highways in this district were maintained during the winter, and motor vehicle traffic could proceed in and out of Sherbrooke with only a minimum of risk. This winter, however, few if any of the roads have been kept open and travelling by motor car along these is an adventure all of its own.

A trip from Montreal to Sherbrooke at this time of year, especially after the recent heavy snowfall and the mild temperature that was followed by intense cold, is a feat worthy of note—and such a feat was accomplished yesterday when Luke Hamel pulled into this city after negotiating the distance from the metropolis, a distance of a hundred miles, in his 1933 Ford. He said that he had met with no serious misadventure on the way, and apparently he was all set for another trip back.

Mrs. Desruisseaux, the Record correspondent at Birtchton, entertained the members of the editorial sanctum yesterday afternoon with an account of her motor trip from Birtchton.

Mrs. Desruisseaux is an enterprising young lady, and had roads means very little when it is a question of reaching the Record office with "copy."

It was rough going, she admitted—but she had no worries about reaching Birtchton on her return, she explained, consisted of the deep rutts along the roads. Travelling in these rutts was quite safe—but once you got out of them, then one could never tell just what would happen.

"But what do you do when you meet another car—say a truck?" she was asked.

"Well, you see," Mrs. Desruisseaux replied, "when I meet a car, say a truck, I pull up on my side of the road. I stop my car and wait. When the truck is passing by, I shout at the driver to stop for a minute until I see if I can start again. And if I can't start, well, the other fellow just has to help me out."

NOVEL THEORY OF DEFENCE KINCARDINE, ONT., JAN. 10.—The theory clothing worn while cutting wood absorbs the alcohol from the wood was advanced by Thomas Bushnell, Kincardine township, as the reason for his son, Bert, giving off an odor as if he had been drinking when arrested. Judgment was reserved.

PRINCESS ARTHUR OF CONNAUGHT UNDER OPERATION

London, January 10.—Princess Arthur of Connaught, the former Princess Alexandra Victoria and the wife of the Duke of Connaught, underwent a successful abdominal operation today in a London nursing home. A hospital bulletin said the Princess' condition was satisfactory.

TAKES UNUSUAL COURSE TO GET OUT OF A DIFFICULTY

Charles Listner Wanted to Get Married and Could Not, So He Tried to Get Himself into Jail.

Chicago, Jan. 10.—Charles Listner, twenty-seven years of age, stepped up to policeman James Capperelli last night and announced he was a hold up man who wanted to surrender.

He confessed several robberies but the police failed to find reports on them. Finally, Listner blurted out, "the whole thing's a lie. I didn't commit any crimes. I'm in love with a girl—a wonderful girl—I'm engaged to marry her on February 3rd and I haven't any money."

Listner said he was a Northwestern University graduate and unemployed but had told the girl he had a high-salaried job.

"But why," asked Sgt. Nealon, "did you tell the story of being a robber?"

"I didn't have the nerve to tell her the truth about myself. I thought if I could get put in jail as a confessed criminal, the matter would take care of itself," he replied.

The police telephoned the girl, Miss Ethel Enk, aged twenty-four. Job or no job, the police said she maintained her faith in Listner and said she would marry him.

LENNOXVILLE

W.M.S. PRESENTED ANNUAL REPORTS

During the monthly meeting of the Women's Missionary Society of the United Church yesterday afternoon, in Douglas Hall, reports of all departments of work were presented by the various secretaries. The best year on record in interest, enthusiasm and membership was the summing up of the activities. Considerable local relief work, hospital and sick calls, flowers, fruit and clothing had been dispensed, apart from the money raised by the society in response to the needs in wider and more distant fields of service. To take charge of the financial obligations of the society, a finance committee composed of Mrs. F. Matthews, Mrs. A. Willard, Mrs. W. J. Lane and Mrs. P. Pergau was appointed.

Mrs. Matthews was in the chair, and the devotional reading was given by Mrs. Pergau. "Social Life in China" was the subject of discussion during the study period, and was led by Mrs. Nelson Lohrop. Miss Scott described the chief characteristics of family life in China, saying that it was the center of all religious life in China, and the training ground for citizenship.

Mrs. W. A. Hyndman told of the modern revolt against family life in China, which she said was weakening under the impact of western civilization, contact with which were being forced by Chinese young people coming to America as students. Mrs. Willard introduced the question "How can we help China in her family problems?" This problem, she said, could only be solved by always keeping in mind and practising the principles and ideals of Christ.

Social and Personal

Mr. Charles B. Howard, M.P., and Mrs. Howard, who journeyed to Quebec for the opening of Parliament, were guests during their stay at the Chateau Frontenac.

Mrs. Emma Tonkin is leaving Waterville tomorrow en route for Florida, where she will spend the remainder of the winter season.

Mr. William Morris, K.C., and his daughter, Mrs. Henry S. Horsfall, are spending a few days at the Magog House, prior to leaving on Friday for Paris, Ontario, where the former will make his home with Mr. and Mrs. Horsfall, who are about to take up residence in their Ontario home.

Mrs. Worthington has returned from New York, where she has been a guest of her daughter, Mrs. Napier Blakeley, and family for over two weeks. Mrs. Worthington was accompanied home to Sherbrooke by Mrs. Blakeley and her little daughter, Patricia, who will be guests of Col. and Mrs. Worthington for ten days. The Colonel, who also spent Christmas and New Year's with his family in New York, returned to Sherbrooke last week.

Members of the Women's Guild of the Church of the Advent were entertained at their opening meeting last evening by Mrs. E. H. Humphries, "The Parsonage", Elkins avenue. There was a large attendance and the president, Mrs. A. Farr, on behalf of the meeting, warmly welcomed five new members to the Guild. During a short business period plans were completed for a bridge party to be sponsored by the Guild in the near future. After enjoying a pleasant social hour, the hostess served dainty refreshments, assisted by Mrs. James Wark.

LOYALISTS HAIL CUBAN CHIEF AS UNREST GROWS

With labor problems aggravating the growing unrest in Cuba, more than 30,000 workers gathered before the Presidential Palace in Havana, as shown here, to shout their allegiance to President Ramon Grau San Martin, shown in inset smilingly acknowledging cheers from the Palace balcony. The attempt of the anti-administration Federation of Labor to stage a counter-demonstration later led to a riot in which six were killed and the offices of a newspaper wrecked.

FRAME OF GIANT LINER

It was announced recently in the British House of Commons that financial facilities for completing the giant Cunard liner 534 would soon be provided. The ship is lying half completed on the Clyde, construction having stopped because of the lack of funds. This photo shows the frame of the half-completed sea giant.

A VALUABLE LITTLE TRUCK LOAD

In striking contrast to the movement of gold and currency in United States cities, where numerous guards are on duty armed with revolvers and riot guns, is this scene in Hammersmith, England, at the Town Hall during the transfer of 67,000 pounds from a local bank. A lone policeman stands guard. The funds were taken to the town hall for the share-out of the Broadway Congregational Societies.

TORONTO UNIVERSITY'S PRESIDENT MARRIED

Dr. H. J. Cody, president of the University of Toronto, seen with his bride, the former Miss Barbara Blackstock, leaving St. Paul's Church, Toronto. The ceremony was performed by Rev. R. B. McElheran, of Wycliffe College.

MARION COMES BACK TO OPERA

Lure of grand opera was too strong for Marion Talley to resist, and she is shown here in Chicago practising for her "second debut," with the Chicago Grand Opera Company. She startled the world in 1929 by retiring to become a Kansas wheat farmer, after making a sensational debut with the Metropolitan company in 1926, when she was only nineteen, and becoming the nation's youngest prima donna.

SPANISH REBELS' BOMB DID THIS — AND TWENTY DIED

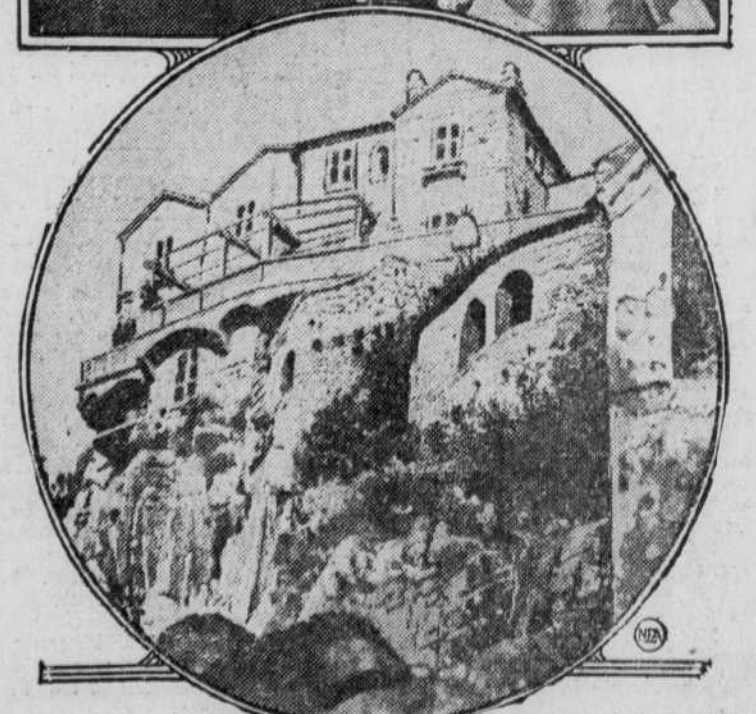

One of the acts which led to the mobilization of troops throughout Spain and caused the Premier to declare a "State of Alarm" was the bombing by revolutionists of the Seville Express near Valencia. In the wreckage, pictured above, 20 were killed and almost twice that many injured.

DODGE HEIRESS MAKES DEBUT

Miss Frances Dodge, daughter of the late John F. Dodge, automobile pioneer, wealthiest girl in Detroit and one of the richest in the nation, is shown here as she made her debut in Detroit society. Her "coming out" party was one of the most lavish ever held in the Michigan metropolis.

HEIRESS AND HER PRINCE LOOK TO "PALACE ON THE ROCKS"

If the marital romance of Prince Alexis Mdivani and his American-born Princess, the former Barbara Hutton, goes on the rocks, all it will mean is that the titled couple has bought from Prince William of Sweden the picturesque cliff castle, below, overlooking the Mediterranean near Monte Carlo. The Mdivanis are shown in their latest photograph together as they appeared at the opening of the Metropolitan Opera in New York.

LONDON FAMILY ENGAGES IN UNUSUAL OCCUPATION

Mrs. Gustav Taylor, her son, Godfrey, and her daughter, Molly, of London, England, comprise the only family in England, or perhaps in any other country in which all the members are engaged in making glass eyes. The family has its own secret process for giving permanence to the colors burnt into the eye. No machinery of any sort is used and in each case the eye is made to match the natural one. Here they are shown in their workshop.

PREMIER MOVES TO OUST INSULL

Nemesis of Samuel Insull is Premier Panayotis Tsaldaris, of Greece, above, through whose efforts has come the order that the fugitive utility magnate leave Greece, not later than January 31. Tsaldaris, for weeks, has been working on a plan to mollify the U. S. government, following two refusals of Greek courts to allow Insull's extradition.

INDUSTRIAL LEAGUE GAMES LAST EVENING RESULTED IN DEADLOCKS

Victorias and Cottons Played One-All Tie in Opening Contest of Third Twin Bill, while Codere's and Savard's Scored in Overtime Session to Post Three-All Stalemate—Oscar Salois, Savard's Crafty Winger, Was Individual Star, Scoring His Team's Three Goals—No Material Change in League Standing.

One-third of the route in the Industrial Hockey League pennant race has been completed today with Codere's holding the post position, Victorias and Cottons battling neck and neck for second-place honors and Savard's a few lengths behind but still very much in the running. The third weekly doubleheader was staged at the Arena last evening, and the respective rankings of the four entries were not materially changed. Both games resulted in deadlocks, Victorias and Cottons failing to break the one-all tie which existed at the end of the second period in the first fixture, and Codere's and Savard's playing to a three-all stalemate in the nighter.

The two overtime battles provided the largest gathering of the season with spectacular hockey from the first whistle of the opening tilt until the bell ended the supplementary session in the second contest. Speed and action were packed into the twin encounters, while a flock of golden scoring opportunities which went astray added to the excitement and kept the fans in a continual uprear. Heightening the interest was a fist fight which developed in the second set to when two players lost their heads momentarily, but no serious damage resulted from the sports.

In hockey, as in several other sports, there is a bunch of players who seldom get into the headlines. They are comparable to the linemen on a rugby squad, the players who are in on every play, take their bumps, but seldom have an opportunity of gaining well-deserved applause from a crowd. In this category was Oscar Salois, a junior not so many years ago, asserted himself last night and tallied the three points registered by Savard's.

His performance was by far the most brilliant individual exhibition of the evening, excepting the outstanding exhibitions turned in by the four netminders. A promising product during his junior hockey days, Salois lost some of his effectiveness after surpassing the junior age limit, but his work last evening stamped him as one of the reasons why Savard's should soon better their position in the circuit standing.

Last night was the first time that the Arena audience had ample opportunity to gauge the respective strength of the four aggregations. The four teams were pitted on all cylinders, and the trend of play revealed the equal distribution of local hockey material. There was little to choose between the teams. In fact, selecting a winner was as difficult as finding the needle in the proverbial haystack. The fans got more than their money's worth, being treated to their first overtime programme of the season.

Victorias and Cottons started the long grind to nowhere with a sparkling exhibition. Last year's champions were forced to come from behind to even the count after the Vics' kid line had picked up the lone first-period marker. Saving their energy in the earlier part of the initial frame, Cottons bombarded Bert Pearson from long range, and the only threatening play the Vics' custodian had to cope with in the opening minutes came when Billie Gordon broke through the Prefontaine-Dussault defence.

Prefontaine, recovering from a leg injury received on Sunday when the Canadians downed St. Michael's, missed the first chance to open the scoring when Frankie Mitton managed a pass from a corner, while at the other end Pearson dropped Pergau's long shot on the goal line, but whisked the puck away in time. Combs and Harold Shields had returned from serving the only penalties of the period when Labbe beat Hibbard, with Gaudette providing the assistance. Labbe's paralyzing checking kept Cottons well bottled up during the remainder of the first period, which ended with the Vics leading by one to nothing.

The first period pace took its toll, and the middle chapter opened somewhat staidly until Pergau led a dangerous rush on the Vics' citadel. Penalties to Mooney and Luff caused Cottons to resort to defensive tactics until the punished players returned. Pergau produced the tying point after ten minutes had been played when, instead of unworking one of his long shots, he skirted Prefontaine and backhanded the disc past Pearson. The same player and Derochers pulled Pearson from his cage as Cottons forced the play, but a few miraculous saves prevented any further scoring. In the remaining minutes of the second stanza Labbe was penalized for tripping and in his absence Goff and Billie Gordon missed two chances to send Cottons into the lead.

The third canto and the overtime, both scoreless sessions, reproductions of the first two periods. Hibbard and Pearson distinguished themselves, and it was due to their spectacular work that both teams were obliged to divide the points.

SAVARD'S BID FOR FIRST VICTORY FRUSTRATED

Ninety seconds separated Savard's from their initial victory of the season after losing two straight games. Leading by the odd goal in five with one minute and a half of overtime remaining, Savard's saw their hopes of drawing closer to the leaders vanish when Roy drilled the home equalizer on a pass from Mathieu. It was the third time during the game that the yellow and black jerseys came from behind to place the teams on even terms.

Savard's introduced Laurie Ball between the goal posts instead of Armand Desruisseaux. Ball was not overburdened with work, and consequently a true indication of his ability could not be obtained. The Sherbrooke Athletics' quarter-back made several hair-raising stops, particularly in the second stanza when Roy rifled three quick shots at him, but a weakness on waist-high shots was apparent.

Savard's went ahead before the timer's clock had registered two minutes. It was a lucky counter that Salois got the credit. The regular left winger rushed in to get his own rebound, and his second shot was deflected off Glen Guild's skate into the draperies. The absence of Ernest Huard caused a shake-up in the Codere roster, as on occasions, being brought up from defence to centre, with Mathieu and Turgeon as his wings. Five minor penalties had been inflicted before Roy and Dugre staged their exhibition of ice boxing. Dugre, resenting Roy's antagonistic checking, slashed Codere's left winger and was about to serve a major penalty when Roy resorted to his fists. A melee ensued, but cooler heads separated the pair, who renewed their exchange of punches when the remaining players had returned to their positions. The result was two ten-minute penalties. As the period ended, Gagne was banished for three minutes and Codere's were playing two men short against Savard's five.

Savard's were too anxious to capitalize on Codere's weakened power at the commencement of the second period and threw discretion to the wind by keeping the entire team in foreign territory. Anderson broke away from the scramble, outdistanced Bob Dunsmore and laid a perfect pass on Parsons' stick for the equalizing tally. Both teams were a man short when Salois tickled the draperies behind Boisvert, a second time. Camire started the play and passed to the crafty winger as he was sandwiched by the Codere defence. Salois deftly manoeuvred until he found an opening and Savard's were again ahead.

Roy and Dugre returned and the former bothered Ball with his dynamic shots. Codere's had an edge in territorial play, but the stalwart Savard resurgard did herculean duty and repulsed every threat. As the period ended, Gagne collided with Bob Dunsmore and it appeared as though the Codere defenceman had shoved his knee into Dunsmore's stomach. Dunsmore doubled up and the bell came none too soon to prevent a recurrence of the Roy-Dugre episode.

Gabi Gosselin missed a corner as the third period got under way. Mathieu, Roy and Gagnon carried the Codere play against Gosselin, Lefebvre and Goyette. The two-minute mark Mathieu delivered the point which necessitated overtime. Parsons earning a share in the play. His shot as he clashed with the Savard defence proved too hard for Ball to handle. Savard's had the better of the play during the closing minutes of regulation time, but Boisvert was like a Gibraltar and refused to allow any leeway. The Savard kid line, Mac Dunsmore and the Kirby brothers, Fred and Willis, had Codere's bottled up, but the scoring punch was missing and the third period ended with the score two-all.

Before the teams changed ends for the second five-minute overtime stretch, Salois had chalked up his third marker, Jack Kelly getting an assist on the play which saved Savard's ahead. Codere's threw five forwards over the boards, and Roy's shot rolled by an open corner, missing the post by an inch. Mathieu appeared to have tied the score after taking a pass from Anderson, but the goal umpire refused to flash his red light. Savard's missed the closing minutes of the effort to safeguard their margin, but before the team could get organized Roy had slipped down the left wing lane after taking Mathieu's pass and hoisted the disc into the upper right hand corner of the net. It was a heart-breaking blow for Savard's, who appeared well on the way to their initial victory.

Dave O'Keefe and Tom Moynihan handled the whistles and kept the

FROM THE SIDELINES

Laurie Ball introduced a novelty by wearing no stockings. As far back as the old timers can remember, it was the first time a player had appeared stockless on the ice.

Gerry Mathieu played a very unusual role last evening during the Dugre-Roy incident. The slim centreman acted as the "dove of peace," pacifying Dugre with a resume of his own experience in such matters.

A considerable number of more rabid fans crowded around the penalty box expecting the fireworks to be resumed. A couple of Chief Camirand's stalwarts, however, cleared the passage in short time.

Paul McMahon was sent on with instructions to follow Luke Lepage, no matter how the play went. The youngster dodged Lepage's heels like a fly on sugar and prevented the crafty centre from getting away.

Mac MacLeod, the popular bank teller from Lennoxville, bet one whole quarter on Codere's and informed Mathieu to this effect. It was no fault of Gerry's that Mac didn't win his stake.

The Ladies' Hockey League gets under way on Sunday, when Sherbrooke opposes Magog and Coaticook, last year's champions, face Lennoxville.

Lepage and Oscar Dussault presented the horse and jockey act in the third period. Lepage portrayed the jockey.

Laurent Boisvert, who gave another outstanding exhibition of net minding, was seen begging Phillip Zakabi, the peanut vender, for a sample of his wares when Codere's came out for preliminary practice.

One of the most popular phrases newspapermen hear during intermissions and after the games, even a few days later, is "Don't forget the assist I got on so-and-so's goal."

Reports from East Angus this morning revealed that the Paper Town team is well on the way to posting a record for scoring. In three games East Angus has tallied twenty-seven goals against five.

The lucky number in last night's draw for the prize was No. 18. It was held by Axel Almquist, the accordion player, who was so elated that he almost lost his power of speech.

LOCAL GOLFERS NAME OFFICERS FOR THIS YEAR

Sherbrooke Country Club in Healthy Financial Condition—Several Matters of Considerable Importance Were Discussed During Annual Meeting Last Night.

Fred Briggs will again supervise the destinies of the Sherbrooke Country Club for the coming year, having been elected president for a second term at the annual meeting of shareholders held last evening. One of the best attended meetings held in some years elected as a board to assist him the following gentlemen: S. Robert Newton, vice-president, and directors Henry Welsh, Gider, Nadeau, Charles Mignault, A. C. Stevens and P. M. Robins.

In spite of a decreased membership and a falling off in green fees, the treasurer's statement showed the club to be in a healthy financial condition. After provision made for an installment on the sinking fund for the retirement of the bond issue, a reduction of the bank loan to \$6,740 and an appropriation for replacements and contingencies, a surplus of some \$270 was carried forward.

Hence the present indebtedness of the club consists of a bond issue of \$25,000, fully provided for by a sinking fund sufficient to retire the bonds at maturity, and a bank loan of only \$6,740.

The various committee reports were made by the chairman of the committees as follows: the green committee by Bart. Holtham; the house committee by Doug. Stevenson; the tennis committee by Frank Norcross; the match and handicap committee by Dave Salls acting for the captain, Phil Robins, and the membership committee by Dick Severals.

Several matters of considerable importance were discussed and passed upon.

The junior membership of the club was divided into classes according to age. From eleven years to fifteen, junior boys will now pay \$8; from fifteen to eighteen they will pay \$12, and from eighteen to twenty-three, being the intermediate membership, they will now pay \$20 instead of \$40 as heretofore.

Provision was also made exempting young men passing from intermediate to full membership from the necessity of holding a qualifying share in cases where such young men are still dependent on their parents.

Discussion of the question of a social membership for ladies was turned down for the time being by a very close vote.

The meeting was unanimous in its approval of the engagement of a professional at the course, details of which were left in the hands of the incoming executive. The temporary membership created last year, whereby certain members were admitted without the necessity of holding a share, was continued for another year.

CURLING

DIVIDED HOWARD CUP GAMES
Lennoxville notched up its first victory in the Howard Cup series with the Sherbrooke Curling Club last evening when Basil Baker's quartette outpointed Phelan McCullough's Sherbrooke four at the College Town. At the Sherbrooke Club, Fred Southwood skipped a rink to a sixteen to four victory over Roy Clarke's visiting squad. The rinks were:

Sherbrooke: G. Ford, G. Burton, J. G. Armitage, Rev. A. Jones, Les Sangster, L. M. Watson, F. J. Southwood, Roy Clarke, Skip—16.
W. Hopkins, C. O. Gustafson, C. Parkin, C. Crawford, Bob Baker, E. McLean, P. McCullough, Ras Baker, Skip—10.

McCREA CUP GAME AT LADIES' CURLING CLUB

In the McCreia Cup competition at the Sherbrooke Ladies' Curling Club yesterday afternoon, Mrs. O. R. Webster's quartette won a nine to six victory from Miss F. Ingram's rink. The rinks were:
Mrs. D. J. Salls, Mrs. A. Gagnon, Miss E. Murray, Miss E. Hall, Mrs. Whitman, Miss El. Murray, Miss F. Ingram, Mrs. Webster, Skip—6, Skip—9.

DEMPSEYS ARE ANXIOUSLY AWAITING LITTLE ARRIVAL

Former Heavyweight Boxing Champion Confirms Reports that An Addition to Family Is Expected in About Six Months.

New York, January 10.—Jack Dempsey arrived in New York yesterday with confirmation of reports that an addition to his family is expected in about six months.

"Yes, sir," he said proudly, "I'm going to become a father in about six months. I don't know what we'll name it. That's up to Hannah. She said she didn't care what it was named so long as we have it. It's all she'll talk about. She said she hoped it would be twins, or maybe three babies. What do you call that? O, yeah, triplets."

The former heavyweight boxing champion's wife, Hannah Williams, left him as soon as their train reached New York so she could hurry to her home and tell her mother.

"I never saw her so excited," said Dempsey.

COMPTON GROUP LEAD CAPTURED BY EAST ANGUS

Paper Town Aggregation Blanketed Cookshire Under Ten to Three Score Last Evening for Third Straight Victory—Pat King Was Principal Point Getter.

Cookshire, Jan. 10.—If they continue at their present pace, the East Angus intermediates bid fair to eclipse the scoring record established by the Toronto Maple Leafs in the National Hockey League. The Paper Town boys have yet to meet Bury and Sawyerille in regular Compton County League fixtures, but on their showing against both Cookshire and Cookshire it does not look as though their supremacy will be seriously threatened.

Wally Hebert led his troops here last evening for the first time this season and returned home with a ten to three victory over the local entry. Playing inspired hockey, the visitors turned what had started to be a close game into a rout during the second period by registering four tallies. They polished off the final twenty minutes with another four-to-one score to bring their goal aggregate for three games to twenty-seven.

Pat King enjoyed one of his best nights, scoring four times and being credited with two assists. Paul Therrien and Armand Desruisseaux were second in the point-getting activities, the former netting the disc twice and supplying one assist, while Desruisseaux chalked up one tally and provided two passes which resulted in goals. Paul Paquin, a junior, getting his first taste of intermediate hockey, fitted in well, receiving credit for two assists, while Emile Drapeau and Ralph Hayes raised East Angus' point total to eighteen with individual assists. H. Duke, the pick of the local squad, Mignault and Mowle tallied Cookshire's three points.

East Angus outclassed the home-sters in every department, their speed giving them quite an edge on the local representatives. The game was clean and fast, Cookshire striving continually but fruitlessly to make a better impression on the score sheet. The victory was East Angus' third straight triumph and gave the defending champions undisputed possession of first place ahead of Sawyerille. The runners-up, however, have played one game less than the pace-setters and have yet to taste defeat. East Angus and Sawyerille do not clash until Continued on Page Two.

JOLIAT SCORED TWO GOALS TO BEAT MAROONS

Crafty Left Winger Provided Winning Margin in Habitants' Victory—Both New York Entries Bettered Positions with Victories.

Montreal, January 10.—Little Aurel Joliat, whose fighting heart and deft ability to avoid punishment have carried him through eleven years of the most strenuous hockey played, seemed bound today to make his twelfth season in the National Hockey League one of the greatest of them all.

The crafty left winger, oldest in that position in the "Big Time," goes right on amazing those who started counting him out years ago. Recently he scored a goal or an assist in eight games. Last night he drove two pucks past Dave Kerr and played his usual canny defensive game to aid the Montreal Canadiens in a three to two victory over the Maroons.

The Ottawa Swiss has fought the ravages of time and borne up under the punishing grind of hockey so well that only one of the younger generation of puckchasers leads him in scoring points today. With nineteen points, Joliat is tied for second placing on the list with Earl Roche, of Ottawa, five points behind Charlie Conacher, of the Toronto Leafs.

If he keeps on as he has, there is no good reason to suppose he won't equal his top-scoring mark of forty points, made in 1925. He certainly should top his eleven-year average of twenty-seven points. Joliat's two goals, scored in a little more than two minutes of the second period, and Armand Mondou's tying counter in the first session gave the Habitants the edge in their city series with Eddie Gerard's team. The Canadiens have now won two games, tied one and lost one.

The Frenchmen's left wing shared starring honors with blonde Russell Blinco, recently promoted from the Windsor Bulldogs, who scored both Maroon goals. The Canadiens' scoring punch made its appearance when Neway Lalonde sent Jack Riley out to centre to play with Joliat and Johnny Gagnon. Riley got assists on both Joliat goals.

The win lengthened the Habitants' lead over the Maroons to four points, but left them still ten

points behind the Toronto Leafs. Victories for both New York teams improved their positions. The Rangers beat the Detroit Red Wings by two to one, evening their season series at two wins each, and moved up into second place in the United States division with the Red Wings. The Americans' two to one decision over Boston left them only two points behind the Ottawa Senators and with a game in hand.

Young "Red" Conn had a lot to do with the Americans' win. He scored the first goal of the game in the second period and then passed to Eddie Burke for the second in the third frame. Peggy O'Neill, the Saskatoon youngster, got the Bruins' only tally with less than two minutes of playing time left.

Brilliant passing attacks gave the Rangers both goals against Detroit. Just as Teddy Graham returned from a penalty in the first period, a five-forward attack Les Patrick had been trying clicked. Murray Murdoch scoring. Then Bill Cook snared another goal in the second period with Earl Seibert and Frank Boucher in on the play. Johnny Sorrell slammed the puck through Seibert's legs for the Red Wings' goal in the third frame that gave the New Yorkers plenty of thrills. The Wings fought furiously for goals but the Ranger defence turned them back.

JOLIAT TIED FOR SECOND PLACE AMONG POINT GETTERS

Aurel Joliat, the Canadiens' wing star, flipped in two goals when his team beat the Maroons by three to two last night to move into second place with Earl Roche, of Ottawa, in the National Hockey League's "Big Seven" topped by Charlie Conacher, of Toronto.

The standing to date is as follows: Charlie Conacher, Toronto 16 8 24 Earl Roche, Ottawa 10 9 19 Aurel Joliat, Canadiens 10 9 19 King Clancy, Toronto 4 14 18 Joe Primeau, Toronto 5 12 17 Neil Stevens, Boston 10 6 16 Smith, Montreal, Jackson, Toronto, Barry, Boston, Gotsdell, Chicago, and Boucher, Rangers, are tied for seventh place with 15.
