

PLACES IN THE NEIGHBORHOOD OF MONTREAL OUTSIDE CITY LIMITS.

LACHINE.

(Incorporated in 1872).

A City on the St Lawrence and on Island of Montreal (Seigniorly of Montreal), county of Jacques Cartier. It is the summer residence of many Montrealers and one of the most prosperous manufacturing centres of the Province of Quebec. Part of the Parish of Lachine has just been annexed to the city and it covers about $4\frac{1}{2}$ acres of new land. Its works are very numerous and thousands of men are employed yearly. The chief industries are the Dominion Bridge Co., the Allis-Chalmers-Bullock, Limited, Daly & Morin, Fisk, Limited, Asbestos Mfg Co. Limited, the Dominion Wire Rope Mfg Co., McLaurin Bros. Limited, Steel Co. of Canada, Limited, The National Breweries, Limited, the Railway Signal of Canada, and the Lachine Gas Works which have just been established. The St. Lawrence Bridge Co. are erecting an immense works in Dominion Park at a total cost of \$2,000,000. No less than 2,000 hands will shortly be at work. In winter months it is greatly frequented by pleasure parties, while in summer thousands of tourists pass through Lachine to run the Lachine Rapids. Regattas and other sporting events take place every summer and are largely patronised by visitors. Lachine is now provided with an up-to-date hospital, where surgical and ordinary cases are attended to by a skillful staff of surgeons and physicians. It is known as the "Lachine General Hospital." It is provided with an automobile ambulance that attends all emergency cases. A handsome public market has just been built at a cost of \$80,000, and is open daily from 5 a.m. to 9.30 p.m. It is provided with the most modern refrigerators and coolers, and all perishable articles are constantly kept on ice. A new public weigh house has just been built for the accommodation of the traders. Two hundred and fifty new houses were built within the past year and are all rented. The leading citizens of the city have just provided a Board of Trade where all important business matters are discussed. A new City Hall, to cost about \$100,000 will shortly be erected. The Ladies of Saint Anne have built an extensive convent which will be known as Le Mont Saint Anne. Messrs. Tooke Bros. of Montreal, have erected a large factory on Eighteenth av, and it gives work the year round to many employees. There are also four banks, viz., the Merchants Bank of Canada, the Molsons, La Banque Provinciale and la Banque d'Hochelega, all of which are doing good business. The Grand Trunk Railway runs several trains daily to Montreal. Montreal Park & Island Electric Railway have also a line of electric cars running from the City of Montreal to the Western limits of the city of Lachine. The Catholic church has been renovated and enlarged, and a new parish has been formed in Dominion Park, to be called that of the Holy Sacrament, and a new church has been built and

dedicated under the name of l'Eglise du Tres Saint Sacrement. The Lachine Methodist Church has been rebuilt and enlarged. New granolithic sidewalks have been laid on mostly all streets, and tar has been laid on St. Joseph street, to prevent dust, and make the road bed as level as possible for automobiles. A ship canal connects the navigable waters of Montreal with Lake St. Louis. Trees have been planted on all avenues, so as to give shade to the residential districts. The Great North Western Telegraph Co. have offices here. There are two post office branches, also the Bell Telephone Co. The City is lighted by electricity, and has a fire alarm system and a complete system of waterworks and drainage. The waterworks is being enlarged and a new hydraulic pump has just been purchased at a cost of \$80,000. There are, besides the convent, a first-class commercial college, two Catholic academies and two Protestant academies. Distant from Montreal City Hall, 9 miles. Mail three times daily. The population is steadily increasing and since last year no less than 1,214 persons have been added to the population, the total of which is to-day 11,219.

LONGUEUIL

A flourishing town, on the south shore of the river St. Lawrence, near St. Helen's Island, seigniory of Longueuil and Tremblay, county of Chambly, district of Montreal. It is the county seat. A market is open here every day, and a Recorder's court is held. A water works supplied with the New York Filter Co's. system, 2 Catholic convents, 2 colleges, 3 churches, 1 Protestant school, 1 foundry, Bank of British North America, Bank of Hochelaga, etc. A new college has been erected on Chambly road at a cost of \$130,000. 54,000 feet of permanent concrete sidewalks have been laid in Longueuil in the past year, and this work is still proceeding. Longueuil has no factories to mar the residential features, consequently there is no smoke or dirt to contaminate the pure air. The business is chiefly local. There is a considerable trade in firewood and coal. A stream ferry boat plies constantly between here and Montreal. There is an electric car which gives a 30 minute service between Montreal and Longueuil from 6 a.m. to midnight daily. The cars run through the principal streets of the town and connect with each trip of the ferry boat. Streets are lighted with electricity throughout the town.

MACADAMIZING STREETS is Progressing Rapidly in accordance with the Parliament Law, 1912, re Good Roads.

Land Speculation is very active in this Town, in view of the great work which will be done on the South Shore by the construction of

A BRIDGE

by way of **ST. HELEN'S ISLAND** over which the Electric Railways will reach the City.

MR. M. DAGENAIS,
NOTARY,

Secretary-Treasurer for Longueuil since 1892.

OUTREMONT.

(Incorporated in 1875.)

A town near the west end of Mount Royal Park, forming part of the municipality of the parish of Montreal, county of Hochelaga. It is bounded on the East and North by Laurier ward, on the West by Cote des Neiges ward, and on the South by Mount Royal Ward. Electric cars going around the mountain to St. Laurent, and Cartierville, pass through the town, and there is also a special five minute service for the town. The town contains a very fine dissentient school, a large educational convent, a branch of the Sisters of the Holy Names of Jesus and Mary, a Town Hall and the Outremont Curling Club. The Outremont Golf Club has its links off St. Catherine road. Building operations have been carried on extensively during the past year. Easy of access from the city, no finer suburb can be found. Distance from Montreal 3 miles. Population about 7,000, Joseph Beaubien, mayor; G. Picher, G. H. Robinson, Donald Munro, Wilfrid Beausette, W. J. Little, Robert Cooke, W. J. Stewart and A. Corbin councillors; Ernest T Sampson, sec-treas.; J. Duchastel, engineer; H. G. Reid, building inspector, J. Turnap, chief of Police.

For names of residents, see Montreal Alphabetical Directory.

ST. LAMBERT.

A suburban town on the south shore of the St. Lawrence directly opposite Montreal in the county of Chambly, district of Montreal with a population about 3,500 and growing rapidly. It is an important railway centre, with an electric railway to Montreal, operated by the Montreal & Southern Counties Railway Co. making 50 trips each way. Fare single, 15c return, 25c; ten trips 75c, 55 trips \$2.75, and has an excellent train service by the Grand Trunk Railway, with over twenty trains each way daily. Return 25c, single 15c, on suburban trains, return good for day of issue only, 25c; return good for 1 month 35c; single fare on regular train 25c; by commutation tickets, 10 trips for 75c, 55 trips for \$2.75, or 5c a trip.

The Victoria Jubilee Bridge spans the St. Lawrence here, and all train to and from the City stop at the railway station. Several lines of railway run here, viz: Grand Trunk for points South, East and West; I.C.R. for Halifax; Central Vermont for Farnham; New York and Boston, Delaware & Hudson for New York; South Shore Railway for Sorel and the Montreal Southern Counties Electric Railway. The distance to Longueuil, the county seat, is three miles; communication, by the electric railway. There are four churches: Methodist, Episcopal, Roman Catholic and Presbyterian, with resident ministers and cure. There is a large Academy, conducted by the Protestant School Commissioners, with a staff of five teachers.

The Roman Catholic School Commissioners' school is now conducted by the sisters of the Holy names of Jesus and Mary and have a staff of five teachers for girls and two Brothers of the C. S. Viateur for the boys. They have built a convent that has cost \$30,000 to receive by boarders. There is excellent boating on the river, and the St. Lambert Boat Club is recognised as one of the best clubs in the vicinity of Montreal. The residents are mostly employed in the City, and select it for a suburban home from its favorable situation and excellent means of communication at all seasons with the city. A wall along the river bank gives the town a fine promenade of over 1,000 feet in length from which the view of Montreal, lighted at night by thousands of electric lights, is magnificent. During the winter months direct communication is had with Montreal by an ice road across the St. Lawrence on which considerable driving is done, and by the bridge. St. Lambert is being rapidly built up, and is destined to become a very important suburb point and has a system of water, drainage and electric light. Mail twice daily. G.N.W. Tel. Co. has an office, also telephone communication.
