AQABA BLOCKADE WARNING

US Will Accept Test Suspension If Atomic Production Stopped

WASHINGTON — (AP) — Officials here today said the United States is prepared to accept suspension of atomic weapons tests only under a first-step disarmament agreement providing also for halting production of nuclear weapons.

President Eisenhower created the impression at his press conference Wednesday that the U.S. might have reversed its policy on banning tests and might be about to accept a Russian proposal for a test moratorium separated from other major disarmament proposals.

A few hours later, however, the White House explained that the president "did not imply and it was not intended to imply that we would consider suspension of tests in isolation" from other arms control considerations. James C. Hagerty, White House press secretary, said there had been no change in policy.

Hagerty said in response to questions that the problem of halting production is linked with the problem of stopping tests. But he would not spell out U.S. policy on these crucial points.

HOPEFUL SIGNS
Eisenhower was asked about a week-old Soviet proposal for a two- or three-year moratorium on test explosions, along with establishment of an international commission to manage the agreement and an inspection system to police it.

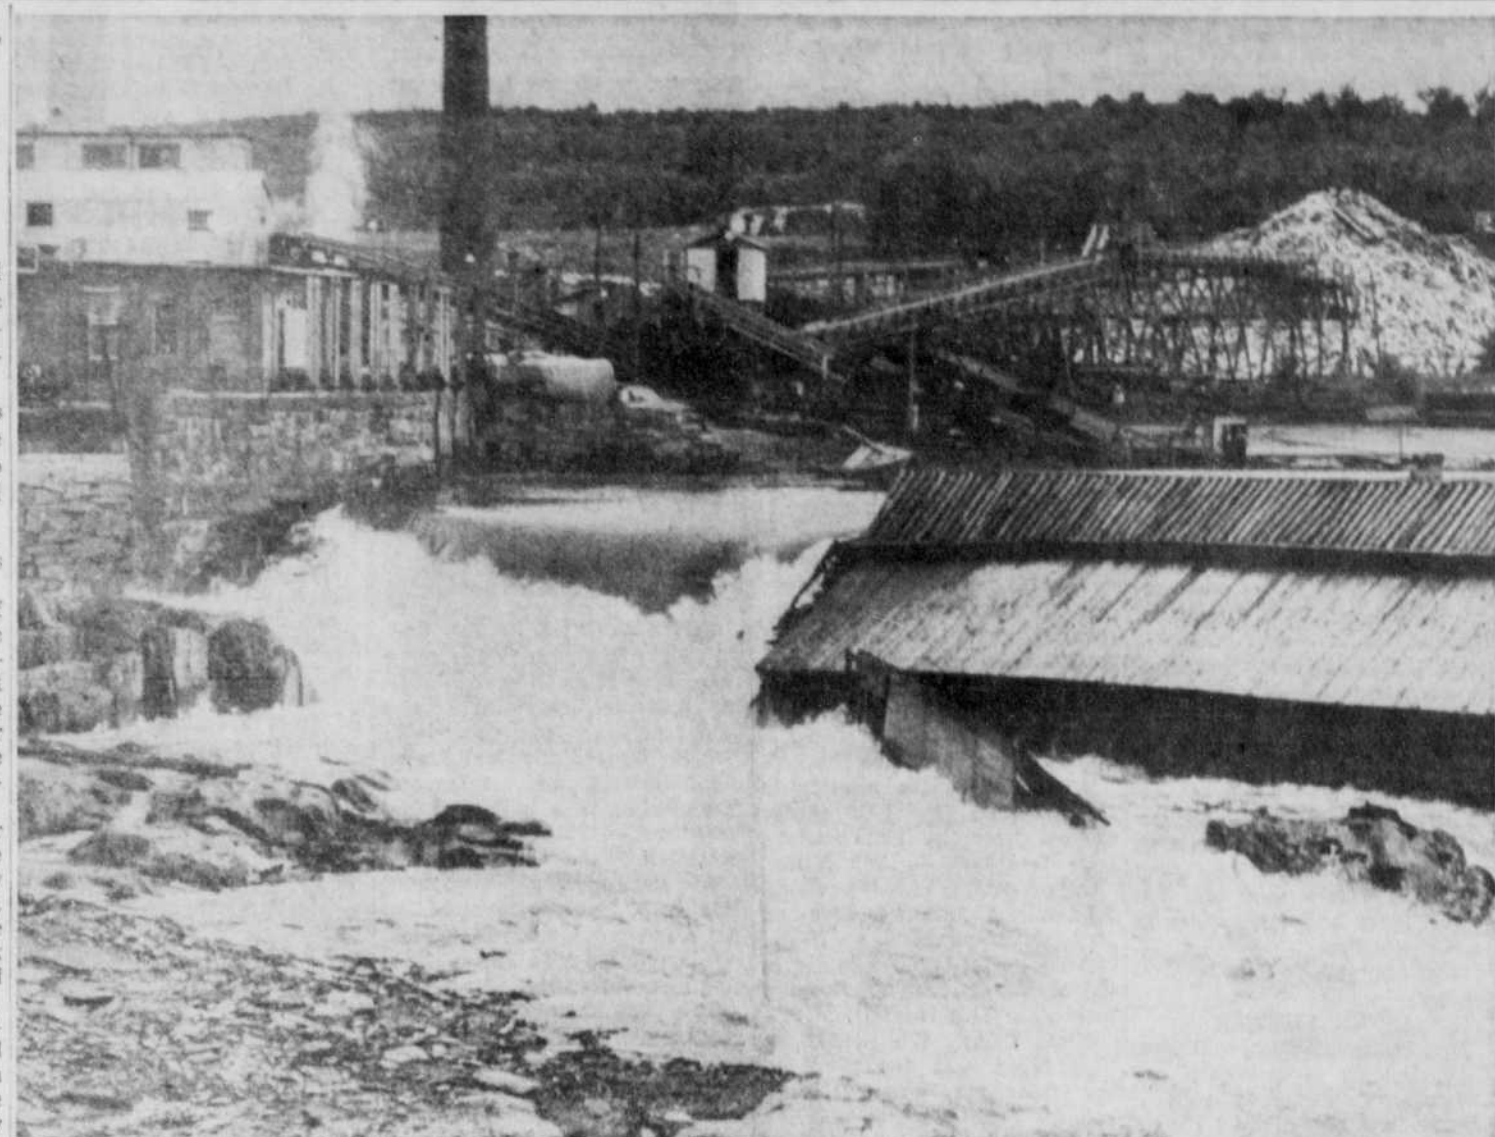

"These are hopeful signs, as I see them, and they deserve the most earnest and sympathetic study," the president said. The U.S. wanted to know all the details because "generalization is

one thing, to see how it works is another."

Then, in response to a series of inquiries, Eisenhower made the point that with an adequate inspection system to guard against secret testing it might be possible to work out an arrangement for suspending the tests in advance of some other aspects of a disarmament agreement.

He spoke of suspension under a system which would assure the U.S. and Russia that each knew exactly what the other was doing. Both countries could then use the period of the suspension "to work out something in which we could have real confidence."

A test suspension then, he commented at another point, "would naturally not be isolated from other disarmament steps because after all everybody wants to know whether the other fellow is keeping safe, so there would have to be some kind of inspectional basis with it."

Israel Warns Egypt Against Submarine Use To Block Ships

JERUSALEM — (AP) — Israel warned Egypt Wednesday night against trying to blockade the Gulf of Aqaba with three submarines newly acquired from the Soviet Union.

A government broadcast beamed to Egypt said use of the subs to cut off ships from the Southern Israeli port of Eilat, at the head of the gulf, would be "lighting the fires" leading to Egyptian suicide.

Egypt confirmed Tuesday that she had bought the submarines and they had joined her fleet in Egyptian waters. They are believed to be the first undersea craft acquired by any Middle Eastern country.

Israel fears they might be used to reimpose the blockade of Elath, which Israeli troops ended last fall by destroying the Egyptian shore guns overlooking the Gulf of Aqaba. The gun positions now are occupied by troops of the United Nations Emergency Force.

Ships now operate through the gulf to and from Elath without interference, despite protests from Egypt, Saudi Arabia and Jordan that the gulf is Arab territorial water. Saudi Arabia protested to the UN Wednesday for the fifth time in less than 10 weeks that Israeli ships and planes had violated what it claims is its territory in the gulf.

TAKING ACTION

"This peaceful navigation will continue," Wednesday night's Israeli broadcast said.

Without giving details, the director-general of the Israeli defence ministry said in a speech at Haifa that Israel is taking measures against possible submarine action. The official, Simon Peres, added that Israel will defend the open seas and will not "sit on folded hands" when its enemies are being equipped with arms to destroy Israel.

The government broadcast said any blockading submarines would meet the same fate as the Egyptian frigate Israeli forces damaged and captured in the only naval action of the October-November invasion.

Britain, France and the United States also have showed concern that the Russians again have tampered with the armament status in the Middle East by supplying the submarines to Egypt. British and French spokesmen say Israel probably will ask the Western powers for anti-submarine equipment as a counter-balance.

A French spokesman said the three countries are trying to learn whether the submarines will be manned by Soviet crews, since they doubt that Egyptians could do the job. However, reports in London are that some Egyptian officers and senior ratings have been trained in submarine tactics in Poland.

PAPER SUPPORTS FEAR
Cairo's government-controlled newspapers today lent support to fears that the submarines might be used to bar Israeli shipping from the Aqaba Gulf.

An editorial in Al Ahran asks specifically: "How can we possibly neglect reinforcement of our fleet when Israel is daily threatening to violate the sanctity of our territorial waters in Aqaba Gulf and the Suez Canal?" It adds that Egypt needs the submarines "to protect her long coast against further imperialist, Zionist treacherous attacks."

Al Gumiurriya says the purchase "should cause alarm only to those who plan any violation of Egypt's territorial waters or any naval attack against Egypt."

Tanker Crash Toll 13

BREST, France (Reuters) — Survivors today told of Wednesday's ship collision that took 13 lives and turned the sea into a hell of flaming oil.

At least 13 men were killed and 20 injured when the American tanker Stony Point and the Greek freighter Ioannis collided in fog off the coast of France.

Capt. Mario Cappelletto, 52-year-old master of the Stony Point, told of swimming "in a sea of flames." "The oil was burning and the wind was slight," he said. "It drove the flames toward the Ioannis."

"The fire spread rapidly and with the means at our disposal it seemed to us impossible to fight the outbreak. It is a miracle that we do not have to mourn more victims among the members of the crew."

STILL BURNING

Radio reports from the Dutch tug Thames said the Stony Point was still burning today.

The fire aboard the Ioannis was doused for the second time early today but maritime authorities at Brest said the ship would not be brought into harbor until it was certain all danger was past.

Firemen were standing by on board the vessel, still carrying the bodies of six of the men killed.

Ten of the injured were landed at Brest Wednesday night by the British destroyer Ulster. Of these, two died today. Another 27 survivors also came ashore, many of them swearing they would never go to sea again.

Prov. Liberals Not Affected By Federal Defeat

QUEBEC — (AP) — Georges Lapalme, Quebec Liberal leader, said today his party probably will not be adversely affected by the defeat of the Liberals in the federal election.

He said Premier Duplessis and his Union Nationale party will no longer be able to accuse the provincial Liberals of a tie-up with the federal government. This was one of the main Union Nationale arguments during past provincial elections.

The 50-year-old opposition leader in the Quebec Legislative Assembly made the statement during a press conference following a three-day meeting of the executive committee of the provincial Liberal federation.

Mr. Lapalme said he plans a tour of the province this summer to assess the political situation on the provincial level.

BWU Head Answers Charges

WASHINGTON — (AP) — James G. Cross, a former "pan greaser and fruit cook" who rose to be president of the Bakery Workers Union, was due back before a Senate committee today for further questioning about alleged misconduct in office.

The stocky union official faced questions about alleged borrowing and beatings in his second day before the Senate rackets investigating committee.

Still to come up for discussion are charges that Cross and hired "goons" beat up Mr. and Mrs. Nathan Ehrlich at the bakery workers convention in San Francisco last October for opposing him for re-election.

Ehrlich, president of a New York local, had lined up with forces trying to oust Cross as boss of the bakery and confectioners union.

For more than three hours Wednesday Cross was questioned about his expense accounts to the union. Robert F. Kennedy, the committee counsel, said they tallied more than \$39,000 in 1956, and that they included \$15,000 to \$20,000 for entertaining without supporting documents to show the money actually had been spent. Cross insisted that the accounts were accurate.

P. E. I. Cow Champ
TORONTO — (AP) — The Canadian Shorthorn Association reports a cow in Prince Edward Island rates as a record producer. The animal, an eight-year-old short-horn on the Meadow Brook farm of Robert Jewell, has just given birth to her seventh calf in 23 months. She has delivered triplets and two sets of twins, all healthy and normal in every way.

UK Ends Nuclear Tests

LONDON — (AP) — Britain exploded its third hydrogen bomb Wednesday, "successfully" completing its current nuclear test series in the Central Pacific.

As in the two previous tests, it was dropped from a Valiant jet plane and exploded at high altitude in the Christmas Island area.

The supply ministry's announcement said radioactive fall-out was negligible.

The ministry gave no details on the third blast but said it "completes this series of tests." Atomic weapons research officials and task force personnel were sent telegrams congratulating them "on the successful conclusion of this operation," the announcement added.

Britain exploded her first hydrogen weapon May 15 to join the United States and the Soviet Union as the world's H-bomb powers. The first explosion was said to have been equal to 1,000,000 tons of TNT. The second—and biggest—of the three blasts took place May 31.

The tests were carried out despite widespread opposition at home and abroad, especially from Japan.

In Tokyo, 20 leftist Japanese students and pacifists assembled in front of the British embassy today to protest the third H-bomb blast. It was the smallest and least active of the demonstrations which have followed the previous explosions.

Po River Floods 2 Islands

ROVIGO, Italy (Reuters) — The rain-swollen Po River burst its dikes today and forced 52,000 inhabitants of two delta islands to flee for their lives.

First it swirled over Ariano Island south of Venice, driving out the island's 32,000 people.

As rescue workers struggled to erect a wall to save part of the island from being submerged, the rampaging waters turned on Porto Tolle Island and its 20,000 population.

Rescue workers immediately switched to the second island to buttress its river walls with sandbags.

As pressure increased on the walls, an emergency order for immediate evacuation of Porto Tolle was issued.

Meantime, the Rovigo flood control office said almost the entire island of Ariano was flooded.

Conservative Cabinet Takes Shape

OTTAWA — (AP) — The new Progressive Conservative cabinet of John Diefenbaker should take final shape today, ready to be sworn into office Friday.

The 61-year-old Saskatchewan lawyer, who has the prerogative of picking his own government colleagues, met a succession of top-ranking Conservatives Wednesday.

The same activity will continue today around his office in the Parliament Building's centre block until the slate is completed for the first Conservative government in 22 years.

Mr. Diefenbaker is due to be

sworn in at about 11:30 a.m. EDT Friday at Government House in the presence of Governor-General Massey. Then his cabinet will be summoned and sworn in.

He has indicated the cabinet slate may not be a complete one; some posts may not be finally filled until his return from the Commonwealth prime ministers conference. The new prime minister is scheduled to leave by air for London Sunday afternoon, to be away for two weeks.

LIBERALS TO MEET

Shortly before the new government takes office, resigning Prime Minister St. Laurent and the members of the Liberal cabinet will visit the governor-gen-

eral to take their leave. Later in the day the elected Liberal members, 105 strong, will meet in caucus to discuss the party's defeat and its future.

At the party leader's office, the procession of visitors gave some clue to the makeup of the cabinet.

Mr. Diefenbaker kept his own counsel, but a high party infor-

Prosecute Armed Men Police Told

MONTREAL — (AP) — The Montreal metropolitan commission Wednesday ordered Montreal North Police Chief Charles St. Amour to press charges against two armed men, arrested in the suburb's municipal elections May 13.

Commission Chairman Pierre DesMarais ordered the chief to make a detailed report on election events and the circumstances under which the two were released without charge.

He said he was requesting the action as a result of stories written in a Montreal North weekly newspaper, alleging existence of a scandal over the incidents.

"It is not normal to release armed men arrested election day," he said. "Since Montreal North falls under the jurisdiction of this commission and this commission named the police chief, I find it advisable to have such allegations cleared up."

Unattractive Wife Best Bet Says Ex-Premier

TAIPEI, Formosa — (AP) — Choose yourself an unattractive wife if you want to live a long and healthy life, says Nationalists China's ex-premier Chang Chun.

Himself a married man, Chang made the suggestion today in a talk to the Rotary Club.

An unattractive wife, said the 68-year-old close associate of President Chiang Kai-shek, is the best guarantee against over-indulgence which, Chang contended, hastens the aging process.

Mrs. Chang was not available for comment.

UN Hungary Report

RFE Broadcasts Incited Hope

UNITED NATIONS, N.Y. — (AP) — United Nations investigators conclude that the general tone of Radio Free Europe's broadcasts to Hungary during last fall's uprising "aroused an expectation of support" and hope that a UN force would be sent.

However, the General Assembly's five-member special committee on Hungary found no evidence that the anti-Communist radio actually promised the Hungarian rebels military help.

The committee was named Jan. 10 to investigate Soviet suppression of the revolt. Its 391-page report, made public today, included findings on RFE's influence on the Hungarian population during the rebellion. Some French newspapers, Hungarians and Germans had charged that the station's broadcasts built up a false impression that the anti-Russian freedom fighters could

expect help from the West.

RFE DENIED ALLEGATIONS
RFE, a privately financed American-sponsored agency which broadcasts to the Soviet satellites from West Germany, denied in January it made any "direct promises of help." It conceded that the "sense of urgency" in the voices of some Hungarian escapees broadcasting to their homeland probably gave the Hungarians a "wrong impression" that RFE was urging them on.

RFE said it would welcome a full-dress investigation by the UN into the charges it helped incite the revolt.

The UN report says "the committee feels that in such circumstances the greatest restraint and circumspection are called for in international broadcasting."

The generally hopeful tone of such broadcasts may well have been overemphasized in the process of passing from mouth to mouth what various speakers were alleged to have said.

OBVIOUSLY SYMPATHETIC
"The committee was told that during the uprising Radio Free Europe was very encouraging and obviously sympathetic. Listeners had the feeling that Radio Free Europe promised help, although witnesses said clearly that it gave no reason for expecting military help. Rather, the general tone of these broadcasts aroused an expectation of support, which some listeners hoped might take the form of a United Nations token force to help in stabilizing the situation."

"In a tense atmosphere such as that prevailing in Hungary during these critical weeks, optimistic and encouraging broadcasts, which paid tribute to the aims of the uprising, were welcomed. The generally hopeful tone of such broadcasts may well have been overemphasized in the process of passing from mouth to mouth what various speakers were alleged to have said."

World News In Brief

ISTANBUL — (Reuters) — A Russian cruiser and two escort ships passed through the Bosphorus bound for the Mediterranean early today.

The Russians previously had informed Turkey about the ships, saying they were on a naval exercise.

CHICAGO — (AP) — Three teenagers branded as "young rattlesnakes" by a prosecutor have been convicted of the murder of a motel keeper and their punishments fixed at 99 to 110 years in the penitentiary. The jurors fixed punishment for Robert Maslowski, 16, the trigger man in the robbery, at 110 years imprisonment. David Clark, 15, and Gerald Pelzer, 16, each drew 99 years. All will be eligible for parole after serving one-third of their sentences.

JACKSONVILLE, Fla. — (AP) — The aircraft carrier Franklin D. Roosevelt limped into port early today, victim of its second accident at sea in two months.

On board were two dead and five injured seamen. They were sprayed by live steam which spewed out when a pump exploded deep inside the 45,000-ton warship Wednesday.

HOLLYWOOD — (AP) — Actor Yul Brynner is back before the cameras after fracturing a vertebra in his back on an MGM movie lot. Brynner was doing some trick riding for the Brothers Karamazov, and leaned far to one side as he slashed with a sword. Soon afterward he complained of back and chest pains and X-rays disclosed the fracture.

CAPE GIRARDEAU, Mo. — (AP) — Ray J. Hill, a 45-year-old farmer, was stung beneath the left eye by a wasp Wednesday and died 15 minutes later.

MIAMI BEACH, Fla. — (AP) Marshall Frey, 10, was treated Wednesday for slight injuries received while "under the influence of comic books." The boy told police he rammed his bicycle into the side of a parked car as he attempted to flip a page in the comic book he was reading.

HOLLYWOOD — (AP) — Rita Hayworth strained a tendon in her leg while doing the latest dance number in the filming of Pay Joey, her studio said Wednesday. She appeared with Frank Sinatra and Kim Novak in the number. Her doctor said it was indefinite as to when she could dance again before the cameras.

Work Of Noted Artist On View At Cowansville

COWANSVILLE — The Cowansville Art Centre is the scene of a most interesting exhibition of paintings, sculptures and woodcarvings by Gwendolyn Norris Fuller, the well-known Montreal artist and art teacher. Mrs. Fuller is a native of the Eastern Townships and is vice-president of the Art Centre.

At the opening ceremonies, Mrs. L. S. Lee, president of the Art Centre, welcomed the guests and introduced Mrs. Fuller, stressing her versatility.

This was obvious to all who viewed the works of art, much admiration being expressed. There were about 70 paintings, eight of them watercolours and the larger group in oils. Each had appeal and meaning and the subjects were wide in variety, locale including the Eastern Townships, Montreal, the Laurentians, the United States, Britain, Ireland and Europe.

Of the local views an oil of Gale Pond attracted much attention. "Brome Fair" was gaily portrayed and the lovely little "Hilltop - Autumn" was a true echo of autumn beauty in the hills of home. "Sweetsburg Church" and "St. Augustine's of East Farnham" were other familiar sights.

A Portrait Sketched on Television exemplified the marvelous rapidity with which Mrs. Fuller can paint. The oil, "Cleaning Lamps" was an appealing reminder of the past. Three watercolours of groups at the Historic al Ball in the Chateau de Ramezay also reflected the artist's appreciation of days gone by.

Comendation must also be made of the sculpture and wood carvings. "Joyce", "Mother", "Negro Head" and the bronzed "Mr. Blair" attracting particular notice.

The exhibition is open to the public June 23, inclusive.

Among those present at the opening were Mr. and Mrs. Leon Plomteaux who earlier this year exhibited their paintings, Milton Castello, Mr. and Mrs. William Patterson of Farnham, E. Hawke of Montreal, Mr. and Mrs. G. P. Hawke of Farnham, Mrs. E. C. Boyd, Mrs. Guy Cousens, Mrs. J. Gibson, Mrs. W. D. Smith, Mr. and Mrs. Bert Foster, Major and Mrs. Alfred Rubens, Mr. and Mrs. A. J. MacLellan, Mrs. Sherman Rodger, Miss Alice Draper, Miss Germaine Coderre of Knowlton.

Refreshments were served and tea was poured by Mrs. Ralph Stockwell and Mrs. Plomteaux.

ANOTHER EXHIBIT JULY 6 - On July 6 an exhibition of paintings will be opened at the Art Centre when the works of six artists will be on view.

They are Kathleen Norris, A.R.C.A., Beatrice (Mrs. Robert) Hampson, Nora Collyer, Ethel Seath, Ann Savage and Mabel Lockerby.

High Waters Wreck Large Section Of Bromptonville Dam

Future Of Troublesome Project Become Further Complicated

The already complicated situation surrounding the city-owned power dam at Bromptonville was further aggravated this morning when a 150-foot section of the cribwork was washed away by the pressure of the high water.

The break, at the east end of the 700-foot structure adjoining the plant of the Richmond Pulp and Paper Company occurred shortly after 12.30 this morning and by 8 a.m., the level of the water above the dam had dropped some seven feet.

The extent of the damage had not been assessed by City of Sherbrooke officials this morning and, with the absence of Mayor Armand Nadeau in Montreal, no one at the city hall was prepared to make any prediction on future plans, although it is expected that a special session of the City Council will be called as soon as Mayor Nadeau has returned.

The dam has been used in recent years to operate the wood pulp grinders at the Richmond Pulp & Paper plant, but company officials this morning indicated that there would be little disruption of operations because of

the mishap. The Company has substantial reserves of ground-wood on hand, they said, which will supply the paper mill until such time as the grinders can be placed back in operation.

Their greatest problem at the minute is the transportation of their pulpwood which is usually dumped into the St. Francis river from a railway siding on the west bank and floated across the pond.

The sharp drop in the water level of the pond has interfered with the log raising mechanism and it will be necessary to bring the wood from the siding to the mill by truck.

FUTURE PLANS

The wash-out will compel the City of Richmond Company to take some immediate steps towards reinforcing the structure.

Clifford Bryant Re-elected As CNIB President

Clifford G. Bryant was re-elected president of the Sherbrooke and District Committee of the Canadian National Institute for the Blind at the annual meeting held at the Institute's local office, William Street.

Other officers named were: Patrons, Senator Charles B. Howard, Senator Jacob Nicol, Maurice Giguere, M.P., Hon. J. S. Bourque M.P.P., and Mayor Armand Nadeau; honorary president, C. W. Dunn; honorary vice-president, Alberic Julien; vice-presidents, John L. Burns, of Richmond, and J. A. Charpentier; secretary, Miss Thelma Crawford, and treasurer, N. L. Amirault.

Miss Helen Slattery and R. D. Rice were added to the membership of the general committee. Reports were given by the field secretary, Neil Tracy, and the home teacher, Miss Dolores Dufresne.

Mr. Tracy's report covered prevention cases, placement surveys in local plants, and results of district campaigns. He stated that, up to date, \$11,469.50 had been collected, Sherbrooke and Lennoxville both having shown increases over last year.

Campaign returns are still expected from Theford Mines, Asbestos, Stanstead, Rock Island and Beebe, Magog, and Coaticook, which, if present trends are continued, should reach the objective of \$18,000 by the end of the year.

Mr. Tracy also reported that organizing the district along progress had been made in recent years. Another change mentioned was that the County of Brome had been taken out of the Sherbrooke district and added to Granby for purposes of policy and organization.

Miss Dufresne reported reaching 62 blind persons during the past year with courses in braille, French, English, knitting, leather work, chair caning, and other handicrafts. These people were located in Sherbrooke, Magog, Asbestos, Wotton, and other centers in the district.

Miss Dufresne also gave a report on bowling and cribbage among the blind, stating that local blind persons had taken part in four tournaments of national and provincial scope.

She spoke on clubs for the blind, the Oasis Club in particular, and reported that others were to be formed in suitable centers during the next year. Stress was laid on the value of clubs as rehabilitation and publicity measures.

A financial report showed that nearly \$23,000 was disbursed during the year ending March 31st. This did not constitute a deficit, as charges for administration expenses are covered by the annual Provincial grant, which kept net outlay in the district at slightly over \$18,000.

The meeting closed with a few words from L. A. McClin-tock, supervisor of field services from the Divisional Office in Montreal.

He remarked that the blind of Canada were becoming a power to be reckoned with. He said that through welfare agencies

as this morning water appeared to be undermining sections of the cribwork adjacent to the original break point.

The legal problems connected with the dam are almost as complicated as the physical aspects.

Actually, the dam was acquired by the City some years ago — with the adjoining pulp and paper — from the St. Lawrence Corporation with the idea of developing it to provide additional power for the municipal electric system.

Subsequently, the mill and machinery was sold to the Richmond Pulp interests but the city retained ownership of the dam. It was leased to the Richmond Company for a five-year period ending in July of 1956. The paper company refused to renew the lease but have continued to use the dam on a month-to-month basis.

NO FUNDS AVAILABLE

Last summer, the Council submitted a by-law to the ratepayers to borrow money to rebuild the dam and install a power house, but was rejected at a referendum.

With no funds available to carry out the project the Council opened negotiations with the Richmond firm for the sale of the dam. While the paper company expressed its willingness to purchase the installation, there were sharp differences of opinion as to the price that should be paid.

The city asked \$210,000 but the company placed a top price of \$70,000 on the property. The matter was referred to arbitration, but the only result to date has been the report by the city arbitrator, Maurice Royer, P. Eng., of Quebec City, who placed a value of \$500,000 on the dam and grinder room equipment.

COMMITTEE NAMED

After the report was received last week, the Council named a committee comprising Mayor Nadeau and Aldermen Jeanson and Nicol, to re-open negotiations with the company. It is understood that the reason for Mayor Nadeau's presence in Montreal, is to arrange for formal talks.

In the meantime, the city and the company have been arguing over certain repairs made by the company to the dam, the company seeking recompense for the expenditure while the city has refused to accept any responsibility for the costs.

Litigation is also in progress between the city and the Town of Bromptonville over the valuation placed on the installation, Bromptonville valuing it at \$400,000 and the city claiming \$100,000 is the true valuation.

Group Urges Later Deer Hunting Season

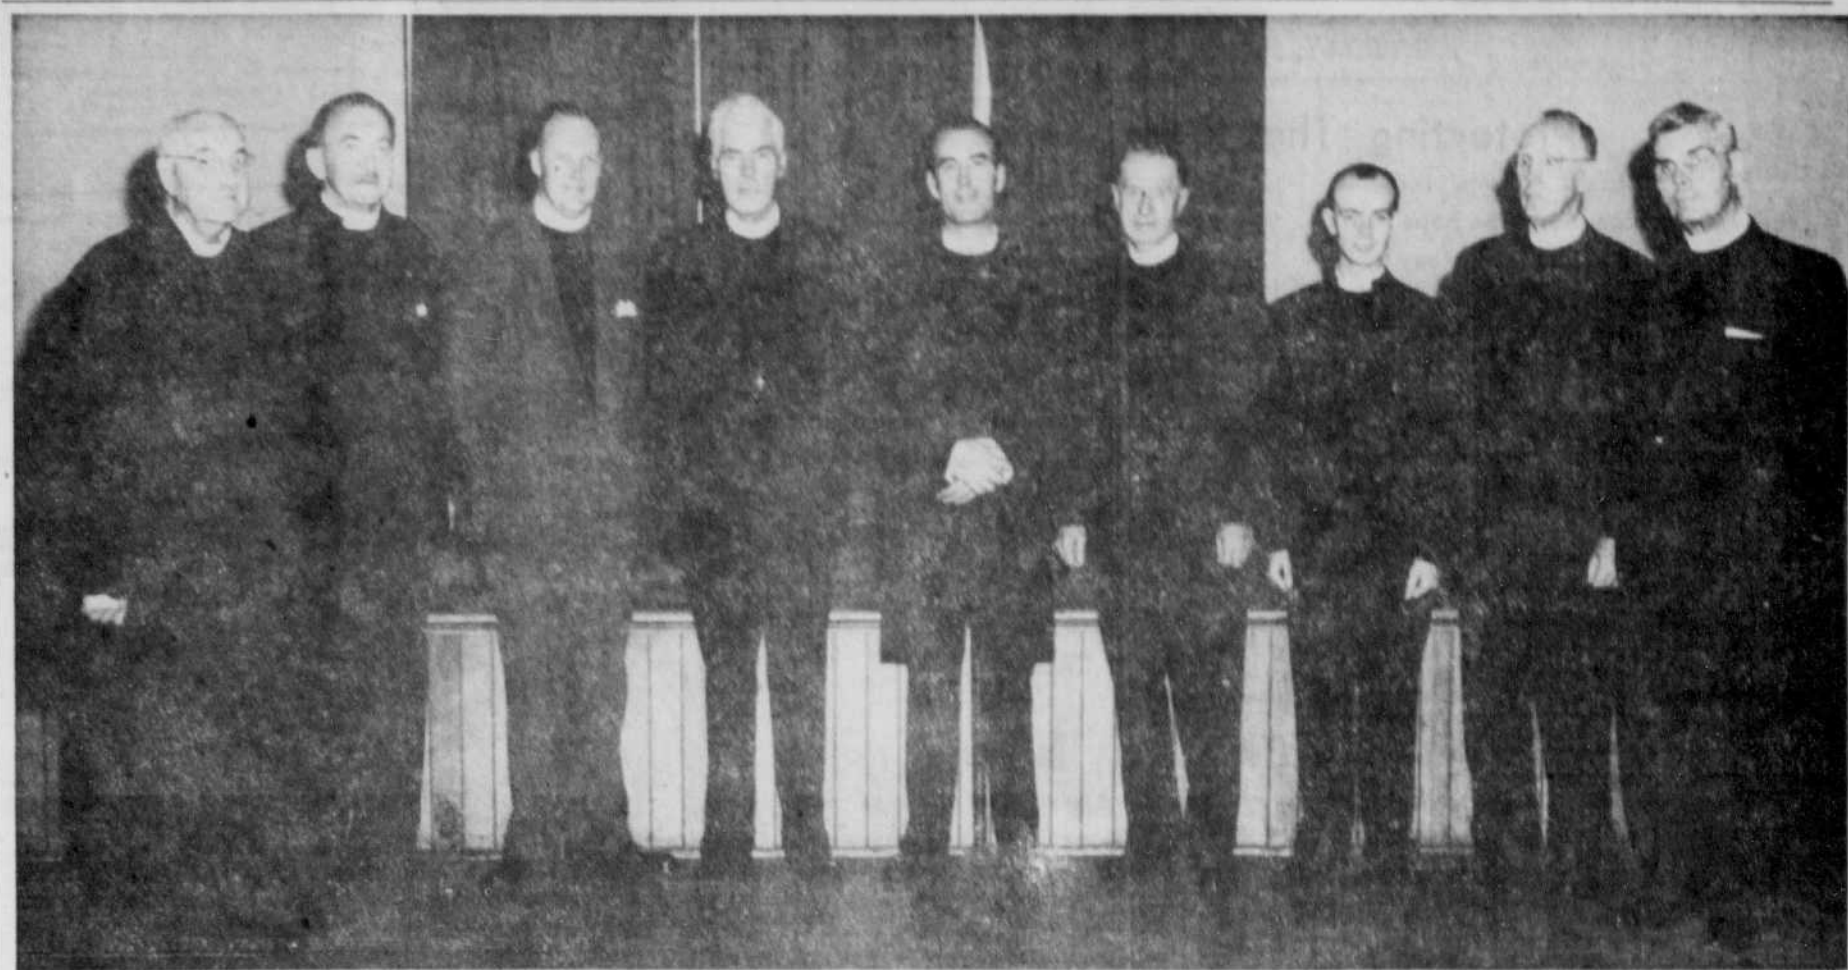

The Eastern Townships Fish and Game Association last night resolved to ask the Provincial Government to change the deer hunting season from the first three weeks in November to the last three weeks.

At their annual meeting in the Sherbrooke Hotel, the association also decided to ask the Department of Game and Fisheries to ban the use of lamprays as bait in any manner whatsoever. The law at present forbids their transportation for use as bait and also their use in certain counties. This, however, leaves the rule open to several interpretations, it was pointed out.

Recommendations made at the last meeting that in zones A and B, in the Townships, bucklaw be abolished, were originally upheld by the Department. However, the Department has agreed to shorten the season as requested, but not to abolish the bucklaw in zone A as a compromise, it was reported.

New committee chairmen for the coming year were named as follows:

Constitution: George Ewing, Melbourne; Field Man: E. L. Lessard, Sherbrooke; Game Fish: J. B. S. Huard, Sherbrooke; Anti-Pollution: Andre Pare, Drummondville; Education on Conservation: Roger Vezina, Sherbrooke; Deer: Gaston Emond; Windsor Mills: Small Game and Depredatory Birds: Earl Blair, Windsor Mills; Law Enforcement: Albert Morin, East Angus;

Rev. Henry Mathews Inducted As Minister Of Trinity Church

The induction of Rev. Henry Mathews to the ministry of Trinity United Church, took place last evening, conducted by Rev. A. McKinley Rose, chairman of Presbytery.

Following the processional, Rev. R. C. Tait, of Plymouth United Church, gave the invocation and led in the Lord's Prayer. The gospel was read by Dr. E. Boucher, of Sangster Memorial United Church, and the Epistle by Dr. L. M. Outerbridge, of Lennoxville.

Trinity trio, composed of Mrs. E. Hough, Mrs. L. Gilbert and Miss J. McMurray, sang "How Lovely Are Thy Dwellings," and Rev. F. R. Matthews, assistant minister of Trinity, conducted the offertory.

Trinity senior choir, directed by Mrs. B. Bell, who accompanied at the organ, rendered "And Can It Be?" The Doxology and Dedication of the offering then took place, followed by the sermon by Rev. Ernest Breen, minister of Cookshire United Church.

The majority of this was addressed to Rev. Henry Mathews, covering the Message, Method, Motive and Manner of good preaching. Mr. Breen's text was taken from St. Paul's Epistle to the Corinthians.

He said that preaching should have the note of urgency found in that of the Old Testament prophets and in Jesus' own preaching, and should have the living Christ as its centre to give it power.

In his few words to the congregation, Mr. Breen spoke of the relationship between the church and its minister as a partnership. "The effectiveness of the pulpit is determined by the responsiveness of the pews," he said.

The theme of the sermon led into the solo, "Let Him Mould Thee," sung by Ken Halpenny.

Following this, the actual induction took place, Rev. McKinley Rose, officiating, with all attending members of Presbytery standing. Mr. Mathews was presented by Rev. H. Boomhour, chairman of Presbytery's Pastoral Relations, and minister of Ayer's Cliff United Church.

After the induction, the service was brought to a close by the pronouncing of the benediction. Refreshments were served in the Church Hall, catered by Trinity Woman's Association.

Mr. Halpenny conducted the program, which consisted of greetings from the various churches represented. Dr. Boucher gave a message from Sangster Memorial United Church, Rev. R. C. Tait from Plymouth, Dr. L. M. Outerbridge from Lennoxville United Church, and Rev. McKinley Rose from the Presbytery.

The Anglican community was represented by Rev. Ronald Reeve, who brought greetings, the Presbyterian Church by Rev. S. Garland, the Baptist Church by Rev. F. C. Amery, and Grace Chapel by Mr. H. A. Welch. St. Peter's Church sent Rev. Fr. Kennedy, and Lieut. Peak came from the Salvation Army.

Long Distance Call Record Is Expected Friday

Long distance operators here expect one of their busiest days of the year on Friday, the day preceding the long St. Jean Baptiste weekend. According to Bell Telephone estimates, residents of Sherbrooke District will place 6,200 long distance calls during the 24-hour period. These estimates also show that the grand total of long distance calls placed on Saturday, Sunday and Monday will likely reach 11,650.

The flood of 6,200 calls expected for Friday compares with a normal daily volume of 5,600 for this time of the year. Last year the number of long distance calls placed on the Friday preceding St. Jean Baptiste Day was 5,800.

Protecting The River Banks

For the benefit of local residents and visitors alike it is to be hoped that the aldermen mean what they say when they threaten to crack down on persons who use the banks of the Magog river as a dumping ground for garbage.

In the gorge of the Magog river, Sherbrooke has a natural attraction that should be a thing of beauty but due to the thoughtlessness of a group of citizens has become a veritable eyesore, with debris littering its banks as far as the eye can see.

From time to time the municipal

authorities, at the prodding of interested citizens, have made half-hearted efforts to correct the situation, but these have been short-lived and within a few weeks, conditions have reverted to their former unsatisfactory state.

To bring about any permanent improvement in conditions, the municipal authorities must exercise a constant watch over the river banks so that any breach of the by-laws can be detected in the early stages rather than after they have resulted in a major nuisance.

Welcome To The Mayflower

Probably no one will be so unkind as to accuse the Mayflower II of weakness because it accepted a Coast Guard tow line a few miles out of Princetown harbor on its historic journey from Plymouth, England, to Plymouth, Mass.

The little craft, a perfect copy of the original Mayflower which brought the Pilgrims to Plymouth Rock in 1620, had been bouncing on the deep Atlantic for 53 days.

Mayflower II substantially completed its ocean passage against all manner of hazards, most of them minor but nonetheless annoying. Winds

were often capricious and seas unusually choppy. But the crew under Capt. Alan Villiers stuck at it and brought the tiny vessel to a landfall off the Massachusetts coast.

It is fortunate that all the descendants of the original Mayflower voyagers did not descend on Plymouth to greet it because these people now number in the many millions, according to their own claims. But nevertheless, everyone will welcome the Mayflower II to this continent with full praise for an enterprising display of Anglo-American kinship.

Canada's Deadlock

(Manchester Guardian)

Few Canadians seem to have expected the Liberal losses in their Federal election to be so great that the party would lose not only its over-all majority but even first place. Fewer still probably ever thought of the world-wide interest which such a resounding defeat would arouse. For among the fallen Cabinet, though he held his own seat after a desperate struggle, is Mr. Lester Pearson, who of all Foreign Ministers and representatives at the United Nations Assembly today is probably the most generally respected and trusted. No man could have done more than he has to make Canada's moral reputation stand high in the world at large, none could have tried harder to make the United Nations organization work sensibly and efficiently. He was one of the few bridges between the divided nations at the height of the Suez crisis. He was one of the staunchest believers that however much an individual member might be annoyed with or feel frustrated, even badly treated, by the United Nations no good could be done by sulking, despairing, or even withdrawing. He will be sorely missed in the councils of the world, for whoever his successor may be he will have to spend months or even years winning the same contacts and the same confidence among all groups. The United States, too, may find that it has lost much, for when his countrymen have been most piqued by such affairs as that which ended in the death of Mr. Norman, their ambassador in Cairo, Mr. Pearson always has striven to keep them cool. He has appreciated more than the Conservatives have appeared to do that the vast American investments in Canadian expansion are serving his country well however much they may seem to give the United States control of another's industries. Al-

though at times outspoken in criticism of American policies, he has kept the two countries in general harmony.

Of immediate importance, too, is the question of who will represent Canada at the conference of Commonwealth Prime Ministers in London in a fortnight's time. The Canadians have rejected the Liberals who have ruled them for the last twenty-two years because, in the words of the independent Windsor "Daily Star," they were fed up with a Government which had lost touch with the people and had become smug, complacent, and self-satisfied. But they have not put any other party in power. With three results to come the Progressive Conservatives had the biggest number of members of Parliament with 110, but they cannot command a majority in a House of 265 even with the aid of the Social Credit party of nineteen (who are basically Conservatives) and the solitary independent Conservative. Against them are 106 Liberals and independent Liberals; and the 24 Co-operative Commonwealth Federation members, who are nearest to Labour and have already refused to give any other party support except on an individual motion of which they may approve. All parties appear to be taken by surprise.

No such situation has arisen in Canada since 1925, when Mr. Mackenzie King and Mr. Arthur Meighen in turn tried in vain to carry on minority governments. In the meantime it would be deplorable if the man who will be head of the Canadian Government after the next election should not attend the Commonwealth Conference. It is bad enough that the present New Zealand Deputy Prime Minister, substitute for Mr. Holland, is on the eve of an election his party may well lose. Mr. St. Laurent and Mr. Diefenbaker had better both come to London.

Press Comment

ON TIME.

(Sioux City Journal.)
Time is many things. It is a vampire that sucks the strength of man and beast; a magician who mends broken hearts; a flaunter of fame.
To the young, time is a slow moving stream, but to the mature it is a racing torrent that cannot be stemmed. Time is a heavy burden upon the backs of the self-centred, while for those busy in the service of others, the load is buoyantly light.
Time is the tattered tunic in which the procrastinator tries to wrap himself. It is the

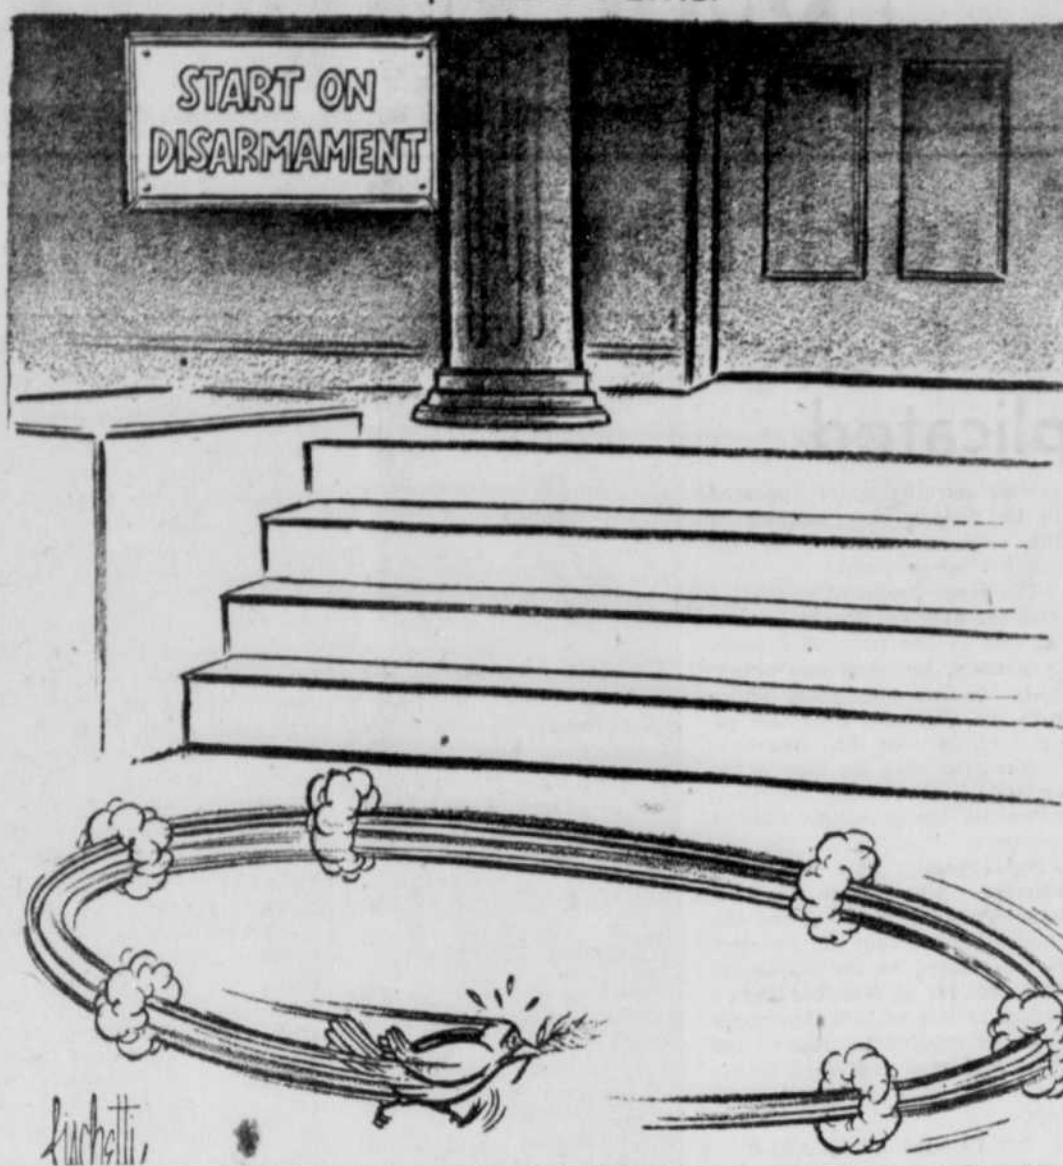

cradle of hope; the tomb of dreams; a lash and a lariat. Time is a pretender in ghostly masquerade; a shrewd master who enslaves us; a twice-tongued prophet mocking both wise and foolish.
Time is one brief moment, and it is endless eternity.

THE TRICYCLE DID IT.
(Fort William Times-Journal.)
The little fellow sick in hospital would not get better, according to the best advice.

The news grieved the neighbors in the block where the boy lived. But one of them had an idea, which was quickly accepted.

ed. They took up a collection, bought the youngster a tricycle and took it down to the hospital room.
The child was too weak to be the tricycle on the floor. So while the few in the room tried to hold back their tears, the tricycle was lifted up close to the bed where he could see it.
A brief flash of pleased interest in the boy's eyes was a reward for the trouble taken. But that was not the real reward. Almost miraculously, the boy took a turn for the better—and recovered. Maybe he decided he just had to ride on that trike.

Major Research Program

Australian Rainmakers Serious

By LOUIS LECK

SYDNEY — Australia has embarked on a major research program designed to unlock one of the great secrets of nature — the making of rain.

Details have just been released of plans to step up the rainmaking work which the Commonwealth Scientific and

Industrial Research Organization has carried on for the last 10 years. The cost will be about \$200,000 a year, in the initial stages.

Australia claims to lead all other nations in this field. The present object is not merely to make rain under suitable conditions — the Australian rain-makers did this first 10 years ago — but to alter the weather over a year in three widely-different types of country and to examine costs as against results.

MAN BEHIND A DESK

St. Thomas Times-Journal
According to a psychiatrist in New York a business man should not put a desk between him and a visitor. A desk, says the gentleman skilled in psychology establishes a barrier against the people who come to see him.

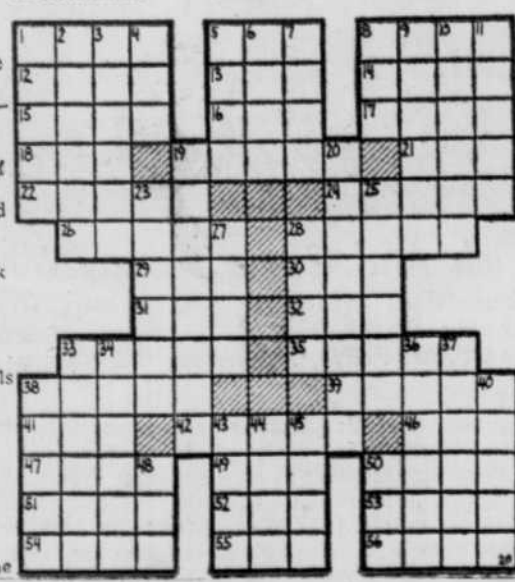

Well, that might be a very good reason for having one: If there is no such barrier a too friendly salesman could gradually edge close enough to the big man, clapping him on the knee and calling him "Old Top." He might even poke the big man in the ribs when he tells a joke, or tap him on the chest and say, "Look here, Mr. So-and-So, get a load of this."
The boss's desk is the most important piece of office furniture. An imposing looking desk can give visitors the impression that the little squirt behind it is really a big shot. And it should be as far from the door as possible so that the boss can size-up the fellow walking across the floor. Benito Mussolini of Italy is said to have attached great importance to his desk a long way from the door for that very reason. Gave the caller a queasy feeling as if he were walking the last mile.

Besides, if there is no desk, where is the big man to plant his feet when he's having his coffee break?
Industrial Research Organization has carried on for the last 10 years. The cost will be about \$200,000 a year, in the initial stages.

SCIENTIFIC BID ASSURES GAME

Take a look at the North cards only. Your partner opens one no-trump. What should you do?
If you want to leap right to three no-trump you will probably do all right. There is some chance that this contract won't make. There is also some chance that you will be missing a slam, but in most cases you will be in the proper spot.

The JTB allows you to bid this hand most scientifically. You start by responding two spades. This is the club transfer and your partner will go to three clubs as demanded.

Your second bid should be three spades. This bid is a force to game and shows that you have a spade-club hand with more clubs than spades. It also warns your partner that he has got to take care of the red suits if he wants to play no-trump.

This second bid won't leave South much of a problem. He won't want to raise either black suit so he will bid three no-trump, whereupon you will pass.

South managed to make six in the play. He won the opening heart lead and ran six clubs and two spades, stopping in his own hand. He discarded three diamonds and a spade on dummy's club while West discarded three diamonds.

Now, South cashed the ace of hearts and led the queen of diamonds. West won with the ace and had to lead a heart up to South's king-ten.

and Australian work now relies exclusively on "seeding" clouds from aircraft.

With the co-operation of the Royal Australian Air Force, which provides aircraft at cost price, the CSIRO men for two years past have been testing their method over the snowy mountains, in Southeastern Australia.

They selected two areas some distance apart, but almost identical in natural conditions and in rainfall. They consistently made rain in one, but not in the other. In the two years the rainfall in the selected area has been substantially higher than in the other. The work will be continued for three more years to ensure that this is no fluke.

Similar experiments are to be undertaken now in other parts of the Commonwealth.

Firemen Overcome — Fire which broke out in the workshop of Ernest Frechette and Sons, Contractors, Asbestos, caused damage estimated at several thousand dollars. A spark from a welder's torch ignited cans of paint filling the building with flames and heavy smoke. Firemen and police under the direction of Chief Larivee fought the blaze for an hour and managed to confine the fire to the one building. Four firemen, Claude Leroux, Marcel Geoffrey, Captain Jos. Dionne and Chief Larivee were overcome by escaping gas from the acetylene tank and were taken to the Canadian Johns-Manville Hospital. They were allowed to return home later. (Record photo by Wm. H. Textile Workers Urge Imposition Of Import Quota

MONTREAL — The United Textile Workers Council of Canada (CLC) has urged the Canadian government to establish a quota system on imports to assure a steady market for the Canadian textile industry.

The labor organization's request was contained in a resolution adopted at its annual meeting here during the weekend.

In other resolutions the union asked that minimum wages be raised to \$1 an hour in all provinces; that all corporations operating in Canada be made to publish annual financial statements; that old age pensions be increased to \$65 from \$40 monthly and that free medical, dental care and drugs be provided for pensioners.

The adoption of a national industrial pension plan, the cost to be shared equally by employers and employees, also was urged.

NATIVE LIZARDS

Canada has four species of small lizards, covered with scales like other members of the reptile family.

Final Tribute To Wm. Wallace Of Coaticook

COATICOOK — The funeral of William Wallace, a prominent resident of Coaticook who died on Thursday, June 13, in his 81st year, was held at the Knapp Funeral Parlors on Sunday afternoon, Rev. F. C. Amery of the Sherbrooke Baptist Church officiating. Mr. Wallace had been in failing health for some time, but his passing came as a shock to the community.

The bearers were Harry Baldwin, Clarence Davis, Freeman Sutton, John May, Hartley Waldron and Harry Buckland. Interment was in Mount Forest Cemetery.

Mr. Wallace was a well-known citizen of the community, having served for many years prior to his retirement as customs officer in the Post Office building in the center of the town. He was an active member and an official of the Coaticook Baptist Church, vice-president of the Coaticook Branch of the Bible Society, a member of Victoria Lodge, I. O. O. F., having recently received his 50-year jewel, a member of Harmony Rebekah Lodge and a Past Grand Master of the Order. Besides his wife, he leaves one daughter, Eleanor, Mrs. H. Burton, of Waterville, to mourn his loss.

Japanese On Good Will Visit

VANCOUVER — An 11-man party of Japanese steel industrialists flew into Vancouver Wednesday night and said it was not looking for orders. Shigeru Kawada, president of the Nippon Kokan Co., a leading Tokyo steel mill, said "We are here to learn more about Canada, a country we are expecting to be a good market because of its rapid growth."

Dog In Union

MONTREAL — Cinda, Wednesday night became the first four-legged member of the International Association of Machinists (I.A.M.), a 14-month-old German shepherd seeing-eye dog, was presented with a card qualifying her as a "unionized assistant mechanic."

Police Look For Short-Changer

BARRIE, Ont. — Police are looking for a short-change artist who has confused Barrie bank clerks into giving him an extra \$150 in change.

They said he walks in with a large bill to change and makes the operation so complex tellers don't realize they're giving him almost twice as much as he started with.

CNR Freight Train Derailed

FORT FRANCES, Ont. — The Canadian National Railway service through this northern Ontario town was expected to be delayed at least 24 hours by the derailment Wednesday of 30 cars of a freight train near Elders, 70 miles east of here. Officials blamed a washout for the mishap. Carloads of merchandise, dynamite, ammunition and beer spilled over the embankment.

Whoops, Wrong Fleet

KIEL, Germany — A Soviet minisubmarine intruded on the first manoeuvres of West Germany's new navy, naval authorities said Wednesday. They said the Soviet ship turned up Wednesday night in the centre of the concentration of 60 German vessels in the western part of the Baltic Sea, then disappeared on a northerly course.

Two Bodies Found

FORT FRANCES, Ont. — The bodies of Myron Piniuta, 17, and David Roach, 14, reported missing since they went fishing Tuesday were recovered Wednesday from Rainy River on the edge of town.

such as the C.N.I.B., they were beginning to overcome their apathy and ask for the right to work, to be accepted, to expect and receive their just place in society.

The Institute, Mr. McClintock stated, will keep fighting until all who can work will have work, all who need protection will be protected, and above all, until the means test is removed from the blindness allowance.

In order to bring this about, greater demands will be necessary on Institute personnel, volunteer workers, such as committee members and auxiliaries, and on the public at large, to serve the blind in every possible way.

South Bolton Junior W. I. On Farm Program

On Saturday, June 22 at 12:15 DST over the CBC Junior Farm Program, members of the South Bolton Junior Women's Institute will be interviewed by George Atkins, CBC's farm commentator. The president, Melanie Westover, will speak about the organization of the club five years ago, and Marilyn Elston will discuss membership problems.

Pearl Marsh, treasurer, will talk about the funds of the club, while Beverly True will explain methods used to raise money. Special projects of the club will be outlined by Betty Cousins, and Maureen McGill will speak about the recreational side of club meetings.

Angela Mailleur will discuss the Junior W. I. rally to be held soon at Bury. These clubs comprise girls of 12 - 16 years old. Apart from these interviews with members of the club, the singing of country songs will be an attractive feature of this week's rural program which comes over the Trans-Canada Network and radiates from station CBM, Montreal.

MR. and MRS. LYLE GEORGE SAGER, photographed cutting the cake, following their marriage, which took place in St. Columban's Chapel of St. Michael's Cathedral, on Saturday, June 15. The bride, the former Miss Shirley Yvonne Coley, is the daughter of Mrs. Thomas Coley, Prospect Street, and the late Mr. Coley, and the groom is the son of Mr. and Mrs. Leland Sager, of Magog. (Photo by J. R. Williams)

SAGER — COLEY

The wedding of Miss Shirley Yvonne Coley, daughter of Mrs. Thomas Coley, Prospect Street, and the late Mr. Coley, to Mr. Lyle George Sager, son of Mr. and Mrs. Leland Sager, of Magog, took place in St. Columban's Chapel of St. Michael's Cathedral on Saturday, June 15 at 12 o'clock noon, with Msgr. Moisan officiating.

The chapel was decorated with pink peonies and ferns.

The bride, given in marriage by her brother, Mr. James T. Coley, wore a ballerina-length gown of white lace and net over taffeta, having a lace bolero, and a Juliet cap which held in place her shoulder-length veil. A cascade bouquet of white shasta daisies completed her ensemble.

Miss Ann Winslade, acting as bridesmaid for her cousin, was attired in a ballerina-length gown of silk chiffon and net in a pale mauve shade, with a matching headpiece, and carried a nosegay of white shasta daisies.

Miss Laura Coley, niece of the bride, was flower girl, and was dressed in pale blue net and lace with a headdress and nosegay of pink sweetheart roses.

Mr. Harvey Catchpaw acted as best man for his brother-in-law, Mrs. Coley, mother of the bride, wore a printed grey and white dress with a small white hat and accessories, and a corsage of pink carnations.

The mother of the groom, Mrs. Sager, chose a two-piece dress of fawn and brown printed silk, a small white hat, white accessories, and a corsage of small yellow mums.

Following the ceremony, a reception was held in the Cavalier Room of the Hotel Wellington, where the bride's table was centered with a three-tier wedding cake and decorated with white candles and pink peonies.

Mr. and Mrs. Sager left on a wedding trip to New York, the

bride travelling in an ensemble of navy blue and white polka dot with close fitting white hat, white gloves, black patent leather accessories, and a corsage of white carnations.

Upon their return, they will reside in Sherbrooke.

Out of town guests were Mr. and Mrs. R. C. Winslade, of Renfrew, Ont.; Mr. and Mrs. Arnold Coley and Mr. and Mrs. Nicholas Panchuk, of Montreal; Mr. and Mrs. Arthur Poirier, of Ottawa; Mr. and Mrs. Harvey Catchpaw, Mr. and Mrs. Francis Whittier, Mrs. Elsie Catchpaw, Miss Stella Catchpaw, Mr. and Mrs. Isidore Simard, Mrs. Clarence Sager, Miss Norma Sager, Mr. Jack Whittier, Mr. and Mrs. Bob Turcotte, Mr. Jenn Michaud, and Mr. Moquin, all of Magog.

WENDY SHARON and RANDY THOMAS, twin children of Mr. and Mrs. Thomas Rogan, of Greenfield Park and niece and nephew of Mr. and Mrs. Tin carre, of East Angus.

Homemaking

So, you've read where rich desserts are good for persons trying to gain weight. This is true. But if desserts make your skin break out, better substitute something else in your weightgaining diet. Also, eating desserts before a meal is still out, whether you're thin or fat. It kills the appetite for a wellbalanced meal.

MANNERS MAKE FRIENDS

WITH an unmarried woman of middle age in the group a wife described another woman as being "an old maid." It wasn't kind to the absent one described. And it was downright rude from the point of view of the unmarried woman.

Probably she thought, "I suppose that is how she refers to me when I'm not around."

ASCOT CORNER —

Mrs. B. V. Triganne and Miss Louise Triganne spent the weekend in Montreal, and attended the Horse Show at Ormstown Fair.

Mrs. Diefenbaker Prepares For National Spotlight

OTTAWA — How does it feel to be the wife of Canada's prime minister-designate? "I just can't comprehend it yet," says Mrs. Olive Diefenbaker.

Monday night her husband, Progressive Conservative leader John Diefenbaker, accepted Governor-General Massey's invitation to form a new government.

His attractive wife, who likes to cook but who hasn't had much time for the kitchen lately, will also step into the national spotlight.

"The full realization of what has happened will come only in the process of time," Mrs. Diefenbaker said in an interview at her hotel suite here.

What role a prime minister's wife plays? "I'd be glad to tell you if I knew — I wish someone would tell me."

WEEKS AHEAD

The weeks ahead may mean moving into the official prime minister's residence and should-

ering the responsibility of large-scale entertainment.

Her most immediate concern was preparing for a 10-day trip to London Monday where Mr. Diefenbaker will attend the Commonwealth prime minister's conference. The party is to travel in the RCAF's C-54 airliner.

For widely-travelled Mrs. Diefenbaker — she's been to Europe twice — it's her wardrobe that's a worry.

"I can't locate some of my clothes, including my best evening dress."

BIT OF SCRAMBLE

"You can imagine things are in a bit of a scramble," she said with a twinkle in her blue eyes. But outwardly she appeared calm and charming in a summery blue and white dress.

Assistant director of guidance for the Ontario education department for eight years before she married Mr. Diefenbaker in 1953, she's a native of Roland, Man., and a graduate of McMaster University.

Dame Hilda Ross, N.Z.'s Lone Woman Cabinet Minister

AUCKLAND, N. Z. — Only one woman at present holds full cabinet rank in the national government of any Commonwealth country.

She is Dame Hilda Ross, minister for the welfare of women and children in New Zealand.

So great is her following in New Zealand that she must rank as one of the most influential women politicians anywhere in the world today.

But to call her a successful cabinet minister ignores a large part of the work which has won her a unique place among her people. She is also guide and counsellor to the nation on personal relationships and plain common sense.

BOLTON CENTRE —

Mr. and Mrs. Rudy Shilson, of Cedars, were recent weekend guests of Mr. Guy Peasley.

Mrs. Rustin Talbot, of St. Petersburg, Fla., is at the home of her mother, Mrs. Lois Marsh. Mrs. Marsh is much improved in health and is able to be up.

Week-end guests at the home of Mr. and Mrs. John Neale were Mr. and Mrs. Ralph Mosher, of Lennoxville.

Mrs. Kenneth Elston entertained several young children on the occasion of Jimmie Elston's 8th birthday.

Mr. and Mrs. Clyde Bracey, of Brighton, Mass., were weekend guests of Mr. and Mrs. W. L. Eldridge. Mrs. Forest Eldridge has returned from the Montreal General Hospital, where she was a patient, and is convalescing at the home of Mr. and Mrs. W. L. Eldridge.

Mr. Merle Coons, of Montreal, spent the week-end at his home here. Mr. Wallace McGillivray of Montreal was also visiting the home of Mr. and Mrs. Merle Coons over the week-end.

Mrs. Wm. Peasley spent the week-end in Newport, Vt., guest of her aunt, Miss J. McGillivray. Mr. Wm. Peasley and son Randall were visitors at the same home.

Mr. and Mrs. Wm. J. Bryant, of Montreal, were weekend guests of Mr. and Mrs. George True.

ACTIVE CAREER

Dame Hilda, a widow and grandmother, had intended to retire from politics this year. At 73, she has spent 12 years in Parliament and eight as a cabinet minister.

Much to the relief of the local party organizers, she has just used her woman's prerogative and changed her mind. She will stand again at the general election this year, thus assuring the government of one safe seat because of her enormous personal following.

The portfolio of minister for the welfare of women and children was created specially for Dame Hilda. It means she has a brief to look after the interests of more than half the population and to intervene if she wishes in almost every action of the government.

She does not use this privilege to excess. But when she does put forward a view, her colleagues listen with the utmost care.

WIDE RANGE

Dame Hilda believes she must listen to individual troubles in order to understand the needs of people as a whole. She has more callers than any other minister.

Her door is always open to anyone and there is invariably a queue of people waiting to see

her with personal troubles. She is a one-woman marriage guidance bureau, relief organization, purveyor of new angles on problems which seemed insuperable.

"I sometimes think I should be called 'minister of last resort,'" she says. "Most of the letters I receive begin: 'I am writing to you as a last resort.'"

The United Church W. A. held its regular monthly meeting at the home of Mrs. J. Gough with Mrs. Jones presiding. The usual business was dealt with, the proceeds from rummage sale amounted to \$182.00. The W.M.S. program was in the form of reports by various members of the W.M.S. Sectional Rally held in Farnham recently. Mrs. Gough was assisted

in serving refreshments by Mrs. Salisbury, Mrs. F. E. Best, Mrs. Lumsden, Mrs. Fiddis and Mrs. Nellie Martin. Mrs. Trott will entertain the final summer meeting at her home in Phillipsburg on June 20th.

Mr. and Mrs. R. Oakes have returned from a trip to Connecticut, where Mrs. Oakes was the guest of Mr. and Mrs. James Waterman in Hartford, and Mr. Oakes on a

business trip to Torrington. Mr. Ed. Jess and Mr. L. Ames also spent several days in Torrington, making the trip with Mr. Oakes. Mr. and Mrs. L. Dummer of St. Lambert spent the week-end at their home on the Phillipsburg Road.

Mrs. J. Cauldwell and the Misses Julianna and Mona Cauldwell were recent guests of Mrs. Cauldwell's son-in-law and daughter, Mr. and Mrs. B. Laduke, in Stanbridge East.

Miss Ethel Miller, of Montreal, spent the week-end with her parents, Mr. and Mrs. W. Miller.

Mr. George Palmer, of Montreal, spent the week-end with Mrs. Palmer and family.

Hauver Teams Four Winners, Fabi's William West Kyer Wins In 2:08.2

Cards Looking Good Just Like Last Year Before Nose-Diving In July; Half A Game Out Of First Place

Okay, so the St. Louis Cardinals look great, just half a game out of the National League lead. But you've got to split the credits between a long streak and a short memory.

They hustled to 20 victories in the last 27 games, winning 13 of the last 16, and jumped from sixth, 8½ games behind, to within seven percentage points of the first-place Milwaukee Braves.

They were only three points out of the lead at this stage a year ago—then went into a late-June swoon that dumped them out of the race for a fourth-place finish, 17 games behind.

The Redbirds moved in on the Braves Wednesday night, sweeping Pittsburgh 5-2 and 5-1 in a doubleheader as Milwaukee's Bob Buhl cut the Braves' lead at three games with his third consecutive four-hitter in a 6-0 victory over New York Giants.

Cincinnati ended its four-game slump, coming from behind on home runs to beat Brooklyn 4-3, leaving the Redlegs and Dodgers two games behind with the Braves in third place by two percentage points. Philadelphia slipped to fifth, 2½ behind, with a twin loss at Chicago, 9-0 and 4-3.

In the American League, Chicago White Sox held on to a 2½-game lead with a 3-1 decision at Baltimore after the second-place New York Yankees had upped their winning streak to six games with a 10-2 breeze against Detroit. Third-place Cleveland lost 6-0 at Boston. Kansas City joined Baltimore in sixth place, rallying in the ninth to defeat Washington 6-3.

The Cardinals, a surprising 24-10 road club, gained a 9-14 record at home with their fifth doubleheader sweep of the year. Hobbie Landrith's double drove home the winner and Joe Cunningham then packed it away with a two-run pinch homer as Ron Kline lost his 10th.

Wally Moon swatted a two-run homer as the Redbirds scored three in the night cap against Bob Purkey. Stan Musial hit his 15th homer and stretched his hitting streak to 19 games as young Lindy McDaniel won his seventh.

Both Redleg homers were two-run jobs in the seventh, with Bob Thurman delivering his fourth pinch-hit shot ahead of

Lightweight Champion Joe Brown Is Still Hungry For Pork Chops After His TKO Over Cuban Orlando Zulueta

DENVER (P) — Lightweight champion Joe Brown, winner by a 15th-round technical knockout over Orlando Zulueta, shopped around today for pork chops and some overweight matches to cash in on his title.

Brown knocked the bobbing Cuban to the canvas in the 13th round for a count of nine and finished him off with a flurry of rights a scant 21 seconds before the end of the nationally televised title fight Wednesday.

Referee Ray Keech was roundly booed by the crowd of 3,686 in the Denver Coliseum for stopping the bout. Zulueta got up at the count of eight after his second knockdown.

"I asked Zulueta if he was all right when he got up," Keech said. "He only mumbled. His eyes were glassy and I thought there was no use in taking a chance that he might be seriously injured."

"That was the loudest decision I ever saw in my life," wailed Zulueta's manager, Hymie Wallman.

Duchess Takes Over Second Position In Richmond Softball League With 18-12 Verdict Over Legion Squad

RICHMOND — Duchess moved ahead into second spot by downing Legion 18-12 Tuesday night. The game featured a few home-runs by both sides as they battled it out for second position. Legion's catcher Frank Bergeron, was ousted from the game for talking back to umpire LaVoie after being called out on a play.

Legion had to finish with eight players and were unable to even after first inning and nti shre the score. The game was tied 2-2 after the first inning and neither team scored in the second. Marc Langlois, catcher for Duchess, was the big factor for his club when he slammed a homer with two men on in the third frame. His mates counted seven runs altogether in the inning while Legion grabbed onto four in their half.

Wayne Crack got the only hit for the winners in the fourth while two of his followers were struck out by hurler Norm Badger and the third grounded out to third base. Frank Bergeron homered for Legion in the third on the four-run barrage.

Young Bobby Fortin got Legion's seventh run in the fourth inning with the Duchess leading 9-7. Hurler Rouville Beaudet slammed one of Badger's slants into center-field for a homer. It was the only run for Duchess in the top of the fifth and Legion were limited to one hit in the

CLOSE FINISH — Mighty Elworthy, number four, driven by Jacques Hauver is seen crossing the wire ahead of J. Letourneau's Spencer Creed with Fern Desrochers at the reins. It completed Hauver's clean sweep of the "D" Pace when the Waterloo driver posted four victories for the evening card. (Photo by Marcel Dumas)

LOWERS HIS RECORD — Shown above is William West Kyer, owned by Fabi & Fils of Sherbrooke, who won in Montreal Tuesday evening and lowered his mark by a full second when he led the field home in 2:08½. He had set his previous record of the season at the local track earlier this month when he won in 2:09½.

Fabi Pacer Lowers His Record In Posting Victory At Blue Bonnets; Daily Double Pays Sum Of \$123.10

Jacques Hauver of Waterloo set the pace last night in the mid-week racing card at the Sherbrooke track when he teamed home four winners. He made a clean sweep of the "D" Trot and Pace with Helen Volo H and came through with his other double win in the "D" Pace with Mighty Elworthy.

Despite the heavy going the drivers battled it out for the top honors in all events and nothing was decided. The double combination of Hauver's Mighty Elworthy and Gendron's Del Miller paid the high price of the evening when the sum of \$123.00 was collected.

In Montreal Fabi's William West Kyer walked off with the honors in his first attempt at the Blue Bonnets race track when he led the field home in 2:08½. The Fabi horse had set his mark in Sherbrooke when he was clocked in 2:09½ when he won the "DD" Handicap Trot and Pace event. The Fabi and Fils stable moved into Montreal last week where William West Kyer lowered his mark by a full second.

Guy Desrochers made a strong bid for the honors in the "D" Handicap Pace with Onil Patry's Tea for Two. In the first heat he led the field home but in the second outing he was obliged to settle for second money as Dr. Taylor's Laurina Rosecroft, with Buster Huckins teaming, edged him out at the wire in a close finish. The Taylor mare was second in the first.

The first quinella was collected for the pair and the sum of \$16.30 was paid. In the sixth Coombs' Freda Harmony and Cass' Katie Did paid their pickers \$21.60. It was the high for the night as in the ninth Nita Grattan and Corporal Benedict paid \$18.20.

Gendron's smooth-going big trotter, Del Miller, won the first heat of the "D" Trot nosing out Kenneth Hanover. However in the second trip they were both set back when they came down the stretch on the break trying to catch Huckins and Freda Harmony.

Hauver's Mighty Elworthy paid the top price for a win and place ticket in the first race when \$15.20 and \$8.80 was collected. Hauver was also the driver for Brouillette's Blue Heaven which paid \$10.80 for a show investment.

Even Marlene Can't Wear Bermudas In Ont.

TORONTO — Several young contests—including Marlene Stewart Street—have discovered that Bermuda shorts just aren't allowed, despite the heat, in the Ontario ladies' golf championship.

The knee-length shorts were considered proper attire for sitting around the clubhouse but not for touring heat-scorched links.

The young women who showed up Tuesday at the first tee at Weston Golf Club attired in shorts were told by officials this was contrary to the rules of golf. Unless they changed into skirts they wouldn't be allowed to play.

Toronto had a recorded temperature Tuesday of 92 but the girls all changed.

Marlene said shorts were in order in last year's United States amateur at Indianapolis.

Foundation Of National Game Would Be Threatened If Placed Under Anti-Trust Laws, Says Ford Frick

WASHINGTON (AP) — Baseball Commissioner Ford Frick said today Congress would "threaten the foundations of the national game" if it placed baseball under federal anti-trust laws.

Frick said such action would result in endless lawsuits, "uncertainty and chaos for players and clubs" and public suspicion of the "honesty of a game no longer allowed to regulate itself effectively."

In a statement prepared for a House anti-trust subcommittee, Frick said if such legislation were applied to the national pastime:

"I do not see better baseball, or lower admission prices, or better ball parks, or anything better for the fan. In short I see baseball set back 50 years."

Frick was the star witness as the subcommittee asked took up its investigation of the status of professional team sports under anti-trust laws. The Supreme Court has ruled baseball is exempt from the Sherman Act to curb monopolies but that softball and boxing are covered. It has indicated the baseball decision likewise would not carry over to other team sports.

Rep. Herlong (Dem-Fla.) previously told the subcommittee the minors would suffer along with the majors if Congress took away baseball's immunity.

Frick mentioned the proposed shift of the National League's Brooklyn and New York franchises to Los Angeles and San Francisco, and said present big league rules will "facilitate" expansion.

He prophesied a third major league will develop "in the foreseeable future" and said:

"The log jam which prevailed in major league status for 50 years has been broken and I predict that a good many changes are in the offing."

Proposals to exempt certain practices while covering commercial aspects, Frick said, would lead to "burdensome litigation." He termed "detrimental" another measure to modify the contract reserve clause, which binds a player to the club that first signs him.

To scrap the reserve clause altogether, Frick said, would bring on a "chaotic scramble" for players. Weaker clubs would be "unable to compete," he said, as teams with the most money would land the best players.

Fans would lose confidence, he said, if players could "shop around" or be approached with offers from rival teams.

Jack Kay To Lead Classy Field Of Quebec Pros Against Ontario Squad Sunday For Dow Trophy At Wentworth

Quebec's professional golf pros, headed by newly-crowned QPGA champion Jack Kay, will be shooting for their second straight victory over Ontario's best pros Sunday at Wentworth.

The Quebec squad, made up of the eight low finishers in last Sunday's provincial championship matches, will face a team almost entirely different from that which they beat 8-4 last year.

Only holdover on the Ontario squad is Murray Tucker, their new provincial champion. Other team members — Joe Noble, Ken Jacobs, Gordon Clifton, Bob Gray, George DeLaat, Roy Robaine and Archie Grimsditch — are all new to the interprovincial rivalry for the Dow Trophy and \$2,500.

In Quebec, five members of last year's team succeeded in retaining their berths: Kay, Bill Kerr, Beaconsfield; Bob Dean, Cornwall; Pat Fletcher, Royal Montreal and Rudy Huot, Royal Quebec. Newcomers to the Quebec squad are: Jim Swarbrick, Marlborough; Jim McLean, Whitcomb and his brother Arnold Hillsdale.

The Ontario vs. Quebec matches will be highlighted by the individual duel between their respective champions, Tucker and Kay. All scoring will be according to the Nassau system, a hole-by-hole method which awards a total of three points for a round of 18 holes — one point for winning the most holes on the first nine; one for taking the most holes on the second nine and the third for taking the most holes on the entire 18. Ties result in opponents each scoring a half-point.

The individual matches will get underway at 2:30 p.m. During the morning, team matches on the Nassau two-ball best-ball scoring system will be played. Winning squad will be that which totals the most of the 36 points available on the day's play.

Tall, genial Kay, whose QPGA championship victory was his

Red Sox Down Yankees 19-7; Tilt Tonight

Lennoxville Optimists' sponsored Yankees are sinking deeper into the cellar of the Little League. Last night they lost their sixth straight when the Sherbrooke Optimists' sponsored Red Sox won to the tune of 19 to 7.

Tonight the Senators are hosts to the Indians at the Parade Grounds at 6:30.

Yankees started off with a single tally in the top of the first inning with Lemay and Joly getting singles. Hits by Main, Cotton, Edwards, Norton and Doherty, coupled with two errors gave Red Sox five runs in their half of the inning.

Yankees went scoreless in the next two frames while Red Sox piled up their lead clicking for eight runs in the two innings. Cotton hit a home run in the second with two men on.

Yankees got three runs in each of the fourth and fifth. Cotton, Addis and Edwards added to their batting average coming up with hits for the Red Sox in the fourth and fifth. In these innings Red Sox still added to their lead pushing home seven more runs, they added one more in the fifth. Yankees going down one, two three in the top of the sixth as the game ended 19-7 in Red Sox favor.

Sandy Cotton had four hits, one a homer, while his teammates Addis, Edwards and Coates each had two singles. For the Yankees Lemay, with two hits, along with D. McNair starred Wilcox, Webb and Baird umpired the game.

Yankees 1-0-0 3-30 7-8-4
Red Sox 5-6-2 5-1x 19-17-2

Bums' Ace Hurler Lost Indefinitely

CINCINNATI (P) — Brooklyn Dodgers received word Wednesday that Johnny Podres, southpaw star, will be lost to them indefinitely.

After examination in New York, Dr. Herb Felt said Podres was suffering from a pulled tendon in his left forearm.

Young Pitchers Blooming In Majors With Fine Crop Coming Into Their Own While Older Stars Having Trouble

NEW YORK (P) — A fine crop of young pitchers is blooming in the major leagues while many established stars are having troubles.

Within the last 10 days, two rookies have turned in flashy performances that hint of future success. VonMcDaniel, the St. Louis Cardinals' \$50,000 bonus pitcher, made himself at home with two excellent relief jobs.

And Danny McDevitt, a Brooklyn recruit from St. Paul, broke in with a victory over Cincinnati, striking out 11 Redlegs.

The list certainly would have to include Dick Drott, who whiffed 15 Milwaukee Braves May 26 to provide Chicago Cubs one of their few bright moments.

Philadelphia's Jack Sanford, who returned last fall from army service, already has an 8-1 record.

Here are the records of some of the better-known pitchers compared with unexpected performances by other members of the same staff.

All records through games of June 18.

Detroit — Frank Lary 4-7, Jim Bunninf 7-1.

New York Yankees — Whitey Ford 2-1, Bobby Shantz 8-1.

Washington — Chuck Stobbs 0-11, Trumand Clevenger 5-0.

New York Giants — Johnny Antonelli 3-6, Al Worthington 7-4.

Philadelphia — Robin Roberts 6-8, Jack Sanford 8-1.

St. Louis — Vinegar Bend Mizell 1-4, Larry Jackson 8-3.

Buffalo Bisons Still Hold Upper Hand Over Richmond; Miami Takes Two From Leafs; Royals Split

Buffalo Bisons have no complaints when the International League schedule pits them against the league-leading Richmond Virginians. The Bisons are the only team to hold a season series edge over the Vees.

The Bisons made it eight of 14 Wednesday night behind the three-hit pitching of Walt Craddock, nipping the Virginians 4-2.

The second-place Toronto Maple Leafs blew a big chance to narrow the gap. Miami Marlins snapped a six-game losing streak at the expense of the Leafs by taking a doubleheader 5-2 and 14-3.

Craddock gained his seventh victory, against four defeats. Buffalo's Luke Easter belted another tape-measure home run—his second in two days. It was a 400-foot drive over the right centre field wall and it followed a home run by Lou Ortiz in the sixth inning. Craddock had a one hitter going into the seventh when Danny Schell singled and rode home on Johnny Jacuk's homer.

Frank Herrera led the Marlins 10-hit attack off three Toronto pitchers in the second game with two home runs. Ray Semproch, who came on in relief of John Anderson in the third, got credit for the victory. Toronto took a 1-0 lead in the first inning of the opener but the Marlins later drove Eddie Blake to cover.

Lynn Lovenguth, the league's hottest pitcher, went the route for the Red Wings and posted his fourth victory in less than 10 days. Lovenguth, who led the league's hurlers with Toronto in 1956, had a string of 15 scoreless innings stopped in the second on

MAGOG and DISTRICT — NEWS —

TO RACE IN MAGOG REGATTA June 30th. The Theftord Star to date is the only Eastern Townships entry in the 226 class. Owned by Rolland Leblanc of Theftord Mines, this craft is powered by a 265 cu. in. Buick alcohol fed motor, using four carburetors, and turns at 6500 rpm. The Theftord Star is a favorite to win the feature race. Leblanc's craft was last year's winner of the 100 and 225 mile marathon races. Other boats entered in the 226 class are Dr. Paul Letour's Escapade from Montreal, which will be driven by the famous Ernie Roberts of Cornwall, Ontario, and Canada Maid II, owned by Wilfrid Daoust of Montreal. Gerard Patry's craft The Patry, powered by a 1956 Chevrolet V-8 motor is a promising contender for June 30th.

Featured in the 225 class are two boats from Cornwall, owned by Numa Haineault and Cliff MacDonald, as well as others.

The regatta will have twelve classes, and shall see some sixty entries. The classes are A, B, C and C Service and the 226 and 225 inboard classes. The site of Magog's June 30th Regatta will be Wright's Beach, loaned to the community for their tourist week classic.

Special Events For Tourist Week

Beginning a week full of entertainment and excitement, Saturday, June 29th will see a special children's parade through Magog's Main Street to Merry's Point, where a fishing derby is planned for the kiddies. Their catches will be made in a large tank erected for the occasion and filled with plenty of perch, rock bass and other common fish. The event is open to all children and there'll be prizes too.

Saturday evening will see one of the most unique combinations ever, a horse show, coupled with a ladies' fashion show, run by Jeanne Pouliot of this city on her grounds on Fraser Street, off Merry Street South. The event will see a number of riding classes and miladies' styles for the summer of '57 will be on display. It will be followed by a dance at Hotel Chateau du Lac.

Sunday June 30th, the horse show will continue on the Jeanne Pouliot property, and the municipally promoted international regatta will be held at

Wright's Beach, featuring twelve classes, totalling sixty craft. On Sunday evening there will be a special prize giving party.

On Monday, July 1st, Dominion Day there will be a civic reception day in Magog, and mayors will go on a fishing excursion on the Lake Memphremagog. Their wives will be taken for a tour of Mount Orford, and afterwards treated to cocktail party at the Mount Orford Golf Club.

Tuesday, July 2nd, the Catholic Federations of Boy Scouts of the Sherbrooke diocese will visit Magog.

Wednesday, July 3rd will feature a bicycle race organized by Rene Vien of this city. The race will be run twenty times around Magog's main business district, starting on Main Street, up Merry, down St. Patrick, along Sherbrooke onto Main, to represent some twenty miles. Entries for this event are open. Special arrangements are being made to clear the local streets for the contest.

Thursday, Friday, and Saturday, July 4, 5 and 6 will see a giant service club fair on municipally owned Merry's Point, operated by the Magog Lions, Kiwanis, and the 203rd Unit of the Magog Army, Navy and Air

Leather Course Work At Stanstead

FINE WORK DISPLAYED — Some of the ladies who attended classes in leather work and glove making display their work at the tea held by Stanstead North W.I. at the close of the course. From the left above are: Mrs. Lawrence Galvin, Mrs. Edgar Hill, Miss Altimas, the instructor; Mrs. John Smith, Mrs. Ruth Curtis, Mrs. E. J. Curtis, Mrs. Douglas Johnston, Mrs. Douglas Mayhew, Miss Norma Holmes, Mrs. Ivar Lemon, Miss Johnston, Mrs. Edward Hyatt and Mrs. Albert Young.

STANSTEAD — Upon completion of a ten-day course in leather work and glove-making the Stanstead North Women's Institute entertained at an afternoon tea and a social program.

This took place in the Stanstead Municipal Council rooms, where the course classes had been held. Those taking advantage were members of the Stanstead North, the Ways Mills and Tomifobia Women's Institutes and a few friends of the communities.

The lessons were under the capable instruction of Miss Bridget Altimas of Macdonald College, St. Anne de Bellevue.

The work was arranged on display on a long table, as were the patterns and tools used for making the articles.

During the afternoon, Mrs. B. W. Brown, social convener of the Stanstead North branch, showed some excellent films; one — "Homes We Live In," depicted homes in several parts of the free world, Australia, Canada, Ireland, England, Finland, Germany, East Africa, Netherlands, New Zealand, Norway, Switzerland, the United States and others. Mrs. Ivar Lemon acted as narrator.

Mrs. Brown also showed several local scenes, which included local birds and animals, as well as many scenic spots in this vicinity.

Mrs. Lawrence Galvin, of Stanstead, having had perfect attendance during the course, was invited by the Stanstead North president, Miss Norma Holmes, to perform a pleasant task. This was the presentation of a gift to Miss Altimas from her class, the recipient expressing appreciation.

Afternoon tea, served by members of the branch, terminated a very pleasant course.

Upon her arrival the honored guest was presented with a corsage by little Carol Ingalls and Mrs. W. Hawthorne and Mrs. P. Pauw, mothers of the prospective bride and groom were also presented with flowers by Mrs. Stuart Hawke and Mrs. Cedric Douall.

A "Musical Romance" and "flower" quiz under the direction of Mrs. S. Hawke were enjoyed and Mrs. Edmund Lewis sang several selections during the afternoon, with Mrs. Clarke Powers at the piano.

Mrs. George Patterson read a poem of her own composition before presenting Miss Hawthorne with a blue woollen blanket, blue sheets and pillow cases, a purse of money, and numerous other gifts.

Lunch was served with Mrs. Pauw and Mrs. Hawthorne presiding at the tea table assisted by the Misses Martha and Marie Pauw, Janine Downs, Geraldine Alger and Norma Dougall.
