

ALL NATIONS MAY TAKE PART IN CONFERENCE Interesting Discussions At E. T. Boards Of Trade Meeting

Many Important Matters Before Boards Of Trade

Eastern Townships Boards of Trade and Eastern Townships Immigration Society Convened Yesterday for Summer Meeting at Magog—Questions in Connection With Immigration, Farm Life, Tourist Conditions, Level Crossings and Other Matters Taken Up—Addresses in Afternoon.

(Special to the Record.)
MAGOG, June 19.—Questions pertaining to immigration, farm life, tourist conditions, level crossings, fish ladders at dams and other important matters were taken up at the joint summer meeting of the Eastern Townships Associated Boards of Trade and Eastern Townships Immigration Society held here yesterday in the Town Hall. The meeting was in charge of Messrs. J. K. Edwards, of Sherbrooke, and B. N. Robinson, of Coaticook, presidents of the Boards of Trade and Immigration Society, respectively.

The morning session was devoted to the business of the two organizations, the proceedings being opened by the reading of the minutes by the secretaries, Messrs. C. E. Soles, Boards of Trade, and R. W. S. Nuthorn, Immigration Society, following which business arising from the minutes was taken up.

That the Railway Commissioners have had no official notice in connection with the move towards the abolition of level crossings in the Eastern Townships as announced in the press by the Quebec authorities was the information outlined in a letter received from Hon. Frank Oliver by the Association. In this connection a resolution was passed that some definite action be taken with a view of remedying this matter.

Mr. R. H. Gooley, inspector of public buildings, stated that he had been approached by Mr. J. K. Edwards regarding adequate fire protection in public halls, especially in the country districts. He had made a thorough survey of public halls brought to his notice and in a few instances had found that it had been necessary to see that additional equipment was obtained. In closing, Mr. Gooley told those assembled that he would be very pleased to co-operate with the Association in this connection, and stated that if any building which looked at all as though it might not have sufficient fire escapes or equipment were referred to him he would at once see that a thorough inspection was carried out and the dangers mitigated.

Salmon Disappearing
That the salmon in the lakes of the Eastern Townships are often unable to reach their native waters to spawn owing to the fact that fish ladders are not provided at several of the dams was brought to the notice of the gathering by Mr. J. O. Donigan, of Magog, who pointed out that salmon are disappearing from the Eastern Townships lakes despite the fact that the government authorities are putting in thousands of fry every year. Mr. Donigan stated that the Federal Government had recently passed a law that all dams, locks, etc., be equipped with ladders or fishways to remedy this condition, the same to be erected within two years of notification by the authorities.

After discussion a resolution was passed that the Federal authorities be requested to notify all owners of dams on the St. Francis and Magog rivers that are at present not provided with ladders or fishways so that the ruling might become effective as soon as possible.

The penalty for not complying with the government ruling calls for a fine of \$25 per day.

Mr. C. E. Soles read a letter from Col. J. Bruce Payne, of Granby, calling attention to the slot machine menace in Granby. In speaking of this matter Mr. Soles reported that he had written a letter to the authorities, but as yet had received no reply.

Mention was also made by Col. Payne of the recent resolution of sympathy passed by the St. John's Board of Trade in connection with the death of the Rev. Dr. J. J. (Continued on page 2)

RAIN MAKING EXPERIMENT UNSUCCESSFUL

Associated Press Despatch.
HONG KONG, June 19.—Army aviators today carried out rain making experiments above Hong Kong, dropping a chemical known as "deolin" on the clouds. The experiments were not successful.
Hong Kong is suffering from severe water famine, necessitating drastic action to replenish its supply.

Survivor Tells Story Of Tragic Journey Of Ill-Fated Air Liner Which Took Toll Of Seven Lives

Tells of Helplessness of Passengers on Board City of Ottawa When One of Motors Went Dead—There Was No Panic as Plane Descended—All Tried to Adjust Life Belts.

(By Frank H. King, Associated Press Staff Correspondent)

OLKESTONE, England, June 19.—Revealing the tragic flight of the cross-channel twin-engined air liner City of Ottawa, Monday, when one of her motors went dead and describing the helplessness of her passengers, Homer W. Tatham, of Minneapolis and Sacramento, United States, survivor of the disaster, yesterday gave the Associated Press an account of the plunge that cost seven lives.

Tatham, with bandaged head, gashes on his right cheek and chin, sat propped up in bed in the Royal Victoria Hospital. If the accident had not taken place on one of those windless days when the channel is as calm as a mill pond, the death list would likely have been even greater, he said, for the waterlogged plane would not have served as a life raft for the passengers who were able to escape from the cabin trap.

Efforts to Inflate Belts Were Useless
"I tried to inflate my life belt twice," said Tatham. "The life belts issued to the passengers are deflated affairs containing compressed air which is supposed to be released on pressure of a button." Tatham, who can swim only a few strokes, says his efforts to inflate the belt were useless.

"The first sign we had of trouble was when the starboard motor stopped," said Tatham. "The plane was like a big bird with a broken wing. The mechanic said we might have to make a landing and that it would be best to put on our life belts."

"The descent became more and more swift. There was no panic, just frantic efforts to adjust life belts. Then came the big crash and the rush of water. We were all thrown forward."

Were Soon Rendered Helpless
"Those in front I believe were hurled against the panels separating the cockpit from the cabin and were soon helpless. The plane must have turned over. The mechanic had ripped open an emergency exit but I don't believe I got out that way. I kicked myself free and found some sort of opening through which I clambered, all the time, under water."

"I pulled a girl out with me and the Australians, Mr. and Mrs. Fleming, followed through the same exit."
"After a few minutes struggling in the water I climbed aboard the wreckage and helped the others aboard. The pilot was thrown into the sea when the crash came."
Tatham paid great tribute to the heroic efforts of the crews of the Belgian trawler and of the London pilotship which came to their aid. The Air Minister tonight announced he would conduct a full investigation of the disaster. A single inquest on the seven victims including the three women whose bodies are still missing, will be held at the old town hall at Limerick tomorrow.

Better Co-Operation Between Agriculture And Market To Be Chief Aim Of Hon. J. L. Perron

Minister of Agriculture Dissatisfied at Bringing in of Foodstuffs from Central States, and Wants Grocers to Buy from Quebec Farmers—Credit Situation Will Be Dealt With.

(Canadian Press Despatch)

MONTREAL, June 19.—Widespread publicity so that not only will the farmers of Quebec acquire knowledge as to the newer methods of farming and marketing, but that corner grocery store through out province will have specific knowledge of what produce he may buy from the farmers, will be one of the principal portions of the programme of the provincial agricultural department which Hon. J. L. Perron will announce at Quebec on Thursday.

From what can be gathered in advance of the new minister's programme, the intention is that there shall be very close knowledge on the part of the merchant, who deals with the mass of the people and the farmer, as to what may be purchased in this province.

This will require a certain organization of publicity so that it may be made known that it is possible for the farmers of this province to produce great quantities of foodstuffs which now come from the United States, notably from Chicago in the matter of pork. Mr. Perron, speaking to the produce merchants this week, made it clear that he is much dissatisfied that so much is brought into the province from outside, when it might be produced here. He mentioned poultry as a case in point, and investigation locally shows that he was quite correct in the sense that very little of the chicken sold at leading hotels and restaurants is produced in this province. This is especially true as regards what are known as "broilers." The programme will pay attention to this issue, it is learned.

Loans to Farmers
Mr. Perron intimated very strongly that when his programme is underway it will be the fault of the farmer if his farm is not drained, or if it suffers because of lack of fertilizer. It is understood that there is under way a project whereby much of the principle underlying the Good Roads Act of 1912, and amendments, will come into effect, namely, the loaning of capital for necessary expenditure at a nominal interest rate. For example, the municipalities pay only two per cent. for loans under the Good Roads Act and the capital is extinguished in forty-one years without additional payments, and from what can be gathered it is much the same idea which will be brought into the Department of Agriculture.

In addition, it is pointed out, the rural credits law, enacted by a federal statute, will come into force in this province in a short time, and certainly before the end of the calendar year. The Province of Quebec has accepted the federal scheme, and it is probable that at the cabinet meeting at Quebec tomorrow the appointments to the provincial board, as provided under the Act, will be made. The name of J. B. T. Lafreniere, M.L.A. for Richelieu, is being mentioned as chairman of the provincial board dealing with the execution of the rural credits system. It is believed that Hon. Mr. Perron will endeavor to bring the federal scheme into harmony with his policy, since the situation created by the federal legislation has been accepted by the province.

LINDBERGH BACK AT WORK AFTER HONEYMOON VOYAGE

(Associated Press Despatch)
NEW YORK, June 19.—His honeymoon at an end, Colonel Charles A. Lindbergh was back at work today.

His first professional engagement since his marriage to Anne Spencer Morrow on May 27th, was at Mitchell Field to observe the opening flight tests for the \$150,000 prize offered for the safest aircraft by the Daniel Guggenheim fund for the promotion of aeronautics.

New Ruling For Construction Of Road Diversions Has Been Given

Railway Board Issues New Regulations—Main Feature of Ruling Is that August 1 Next No Contributions Will Be Made from Grade Crossing Fund in Respect of Road Diversions Unless Plans Are Approved by Board—Four Clauses to Text of Order.

OTTAWA, June 19.—A new ruling regarding aid in the construction of road diversions has been issued by the Board of Railway Commissioners. The main feature of the ruling is that August 1st, next, no contribution will be made from the grade crossing fund in respect of road diversion, unless the plans for the diversion are approved by the Board before the date.

SEVERE SHOCKS FELT IN MURCHISON AND TAKASKA COUNTIES TODAY

(Associated Press Despatch)

WELLINGTON, N.Z., June 19.—Severe earthquakes were felt today in Murchison and Takaka counties, both of which were hard hit in the tremors earlier in the week. Considerable anxiety was felt as to the fate of the town of Lyell, containing 2,000 inhabitants, which was reported greatly damaged and no news was available in any course. Aeroplanes tried in vain to sight the town, due to bad visibility. All roads leading to it were blocked. There were rumors it had been wiped out but these were discredited. The postmaster at Westport reported minor earth shocks were continuing there with less frequency but said there were four severe shocks between 1 a.m. and 2 a.m. today. The post office was damaged. A very heavy gale and rain made outside cooking difficult.

Protective Tariff And Empire Trade Upheld By Conservative Leader As Assets To Dominion

Desire and Aim of Conservative Party Is to Give Canadians an Equal Opportunity With Fair Competition to Develop Dominion, Hon. R. B. Bennett Informs Ontario Audiences—Favors Calling Economic Conference With View to Making Empire an Economic Unit.

(By Frank Flaherty, Canadian Press Staff Correspondent)

ST. IMCOE, Ont., June 19.—The desire and aim of the Conservative party, as expressed by Hon. R. B. Bennett, the party leader, in an address last night, is to give Canadians an equal opportunity with fair competition to develop the Dominion.

The only way to do this, Mr. Bennett said, was by means of a protective tariff that would force the products of other countries produced under more favorable competitive conditions to pay a toll to enter this country. He was in favor of Empire trade and suggested the calling of an economic conference with a view to making the Empire an economic unit, but he declared Empire preferences should never be of the blanket sort which would destroy Canadian industry as the Australian and New Zealand treaties were ruining our dairy business.

An Optimist In Respect To Canada.

It was the fifth speech of the Conservative Leader's Ontario tour and tomorrow he speaks at two widely separated points. Port Stanley in the afternoon and Brantford in the evening.

Mr. Bennett declared he was an optimist in respect to Canada despite the efforts of all the Liberal newspapers in Canada to make him appear a man of gloom and pessimism, he was an optimist, he said, because he had faith in the great sources of this country and the character of the Canadian people. He realized Canada was prosperous at the present moment. It was bad policy, however, he contended, to be deluded by prosperity into neglecting plans for the future.

Favors Policy of Protection.

It was essential that Canada should preserve her economic independence if her people were to be happy. This could only be done under a policy of protection, the national policy of the Conservative party, which would ensure that fruits, vegetables, butter and manufactured products produced in countries with which Canada could not compete on even terms would not be dumped into this country to destroy home industries.

THE WEATHER

LOCAL THUNDERSTORMS, NOT QUITE SO WARM

Pressure is high over the United States, with an extensive low growing out of the Great Lakes in the Western Provinces. Local showers have occurred in Manitoba and Saskatchewan. The weather continues decidedly warm in Ontario, but has become cooler in Quebec and the Maritimes.

Forecast: Moderate winds; local thunderstorms and not quite so warm tonight and tomorrow.

Foundation For Naval Reduction Is Laid By MacDonald And Dawes

Foundation of International Naval Reduction Conference Laid by MacDonald and Dawes Speeches, Though Next Move Remains in Doubt—Attitude of Press Wholly Favorable, Support Coming from Conservative and Liberal Organs, as Well as Labor Daily Herald.

(Associated Press Despatch)

ONOND, June 19.—The foundation of an international conference on naval reduction has been laid in speeches last night by Prime Minister Ramsay MacDonald and the United States Ambassador General Dawes.

The speeches left in doubt the next move to bring about the conference. In one sense they were couched in very general terms, but in another they left no question as to the imminence of negotiations for naval disarmament, in which every nation interested might share.

The attitude of the London Press toward the speeches was wholly favorable.

"It is evident from the ambassador's utterance," said the Times editorially, "how great an enterprise has been set before the nations and what level of sincerity, sobriety and far-sightedness they must rise to if they would bring it through. The world sanction for which Ambassador Dawes asks is ideally right and is in practice essential, but it is with the British and American peoples that hopes of progress, primarily rest. Their failure to agree has halted and, until it is amended, it will continue to halt disarmament."

Support From Conservatives

The Conservative Daily Telegraph said: "British opinion undoubtedly will approve his proposal as agreeable to common sense, supported by experience. The nation will very willingly listen to MacDonald's appeal to share helpfully the labor of the government and enable them to carry it to a successful conclusion."

The Conservative Post, always an advocate of a strong British navy said: "In General Dawes' admirable and closely reasoned speech there was not a word on which a pacifist or militarist could pick a quarrel. The spirit of humanity and justice animates his statements and we are particularly grateful to him for his evident willingness to realize the British point of view as well as the American. If there is nothing definite there is at least good will on both sides."

A Business Proposition
The Laborite Herald said: "Ambassador Dawes' declaration will be treated here as a business proposition and there should be no doubt the two governments will be able to do business. Human nature is with them. For the first time there is an active desire on both sides not for superiority but for friendship and assured peace. The task may be hard at times, but it certainly will be glorious, and it is both governments' duty to see that it is carried through."

The Daily Mail, Liberal, dealing especially with the premier's proposed visit to Washington, remarked: "There is a vast amount of work to be done before he goes, but when he goes he will carry with him best wishes and highest hopes of every nation and the love of peace throughout the world."

PREMIER TELLS OF VISIT FROM AMBASSADOR DAWES

(Associated Press Cable.)
LOSIEMOUTH, Scotland, June 19.—Premier MacDonald, making his anxiously-awaited speech with reference to new disarmament proposals last night told the Losiemouth Town Council at a dinner given in his honor that the meeting on Sunday last with the United States Ambassador, General Chas. G. Dawes, had been inspired by the hope that they might ultimately sit in co-operative fellowship studying the arts and the ways of peace, gaining sense of security, not by arms, but by the absence of arms.

Picturesque Setting.
"Symbolizing the openness of our hearts and our purpose, the sunshine poured through the great windows of the room in which we sat. With it came the song of birds and the murmur of the horn, and I believe, human eyes watched as we sat talking and penning notes. As to the wide world purpose of what is known as the Anglo-American Conference."

SAT ON TRACK, WAS STRUCK BY MOVING TRAIN

Rene Tanguay, 20, of East Angus, Hit by Slowly Moving Freight in Richmond Yards—Injuries Not Severe—Taken to Hospital for Observation.

(Special to the Record.)

RICHMOND, Que., June 19.—Struck by a slowly moving freight train in the west end of the Canadian National Railway yard here last night while he was sitting on the track, Rene Tanguay, of East Angus, received bad bruises to his body and a cut hand. At first it was thought his injuries were not serious, but this morning the victim was no better and was complaining of his back, with the result that it was decided to take him by the morning train to Sherbrooke, where he was sent to a hospital for examination.

The accident happened at 10:15 o'clock last night in the yard, when Tanguay was sitting on one of the rails. He apparently failed to notice the freight as it approached him, and the engineer was unable to stop his train before he had struck the man. The train was moving slowly, however, so Tanguay was not badly cut or crushed.

Tanguay who is twenty years of age, stated that he had been working in Berlin, N.H., and was on his way to Montreal. His mother, Mrs. L. Gaulin, and step-father, Mr. Gaulin, of East Angus, arrived here this morning to care for the injured man, and accompanied him to Sherbrooke.

harness. We, at any rate, take no easy complacency in view of the needs of the nation. I have made it clear both before and during the election that I put our relations with the United States in the forefront of international concern. As regards them, we have not let the grass grow under our feet.

"General Dawes, the new Ambassador, has been good enough to take a long journey here to see me and have a talk with me about them. He saw some of the beauties of Morayshire. He heard some of its historical stories, and I hope these were in part, at any rate, a recompense for his weariness of body."

"We found each other taking the same general views on world peace. The hands we clasped were not cold with official correctness, but warm with a friendship inspired by common enthusiasm for services in the cause of international good will and common sense. We did not meet to threaten other nations, to dominate other peoples, nor, indeed did we meet to form alliances and pacts. We had no intention of presenting to the other nations an accomplished fact that they can take or leave. A more genial, humane and democratic spirit than that was in Lodge House last Sunday afternoon. We met, inspired by the hope that we might be instrumental in preparing a board round which other nations might ultimately sit in co-operative fellowship studying the arts and the ways of peace, gaining sense of security, not by arms, but by the absence of arms."

"Symbolizing the openness of our hearts and our purpose, the sunshine poured through the great windows of the room in which we sat. With it came the song of birds and the murmur of the horn, and I believe, human eyes watched as we sat talking and penning notes. As to the wide world purpose of what is known as the Anglo-American Conference."

INSTITUTE AT
NORTH HATLEY
HELD MEETING

Mrs. J. A. Seguin Delivers Interesting Address on Canadian Industries—Money Voted to Sherbrooke Hospital.

NORTH HATLEY, Que., June 18.—The Women's Institute was entertained by Mrs. B. H. Kezar and Miss Colt at the home of the latter on Tuesday afternoon, June 18th. There was a good attendance of members and a few visitors. Mrs. F. A. Rexford, vice-president presided and the meeting was opened in the usual way. Various bills were read and interesting discussions as to ways and means took place. Ten dollars was voted to the Sherbrooke Hospital. Mrs. Ramsden, Mrs. Virgin and Miss Colt were appointed entertainment committee for the forthcoming month. They plan to hold a food sale early in July. After the programme tea was served by the hostesses, assisted by Mrs. G. F. Kezar and Miss Seymour.

An address on Canadian industries was delivered by Mrs. J. A. Seguin, as follows:—

"How much do Canadian women of today know about industries? We women of Canada who are about ninety per cent of the buyers, should know to what extent we are affecting industrial development by the intelligence or otherwise, which we show as purchasers. Do we know what goods manufactured in Canada, are exported and where to? How many of us know that Grecian women are making bread from Canadian flour, that men in Danish dairies and packing houses are wearing Canadian made rubber boots? The mines in South Africa produce gold by power, transmitted by Canadian made rubber belts."

"At Henley Regatta, a popular sandwich is made from Canadian lobster and salmon. Peruvian and Columbian crude oils flow down Canadian pipe lines to the tankers at the port docks. At harvest time in France can be heard the whirling of Canadian binders. We are sending pins and needles to Great Britain. Canadian lanterns shed a glow from Chinese stores and bangles."

"Theatre curtains the world over are made fire resistant with Canadian asbestos. Canadian toilet soap brightens the faces of West Indians and South Americans while Canadian carbide brightens their nights. West African docks are solidified by Canadian cement, reinforced by Canadian steel. The dock warehouses have Canadian rolling doors, and Canadian rails carry the produce to and from the steamers. Newspapers with circulations running into millions carry their messages on Canadian newsprint."

Bonnie lassies in New Zealand and English photograph their picnic parties with Canadian cameras and films."

"We must not forget how important our Canadian wool is. Canada has her woolen mills and also has a thriving wool-growers' co-operative association to which many Canadian sheep breeders belong. Woolen Mills are an important branch of Canadian industries and our homespun made up in dainty articles and by the yard are eagerly bought by our friends from the border."

"There is a big foreign demand for Canadian autos, which is another branch of Canadian industries."

BEANS IN THE MOUNTAINS

Recently I received the following inquiry from one of my readers. Bearing this inquiry has many points of interest, I am herewith giving the letter and my answer: "I do a great deal of traveling in mountainous districts, during which time I am sometimes compelled to remain for several months away from town and must therefore rely upon concentrated food. I know you do not advocate navy beans, but they seem to me to provide a great deal of nourishment in a compact space. How may they be used so that they do the least

Strength After Childbirth

"After my baby was born I was very weak and run-down. I was not able to do any heavy work but I had to be around on my feet all day. The strain proved too great and I was real sick for about two months. My mother advised Lydia E. Pinkham's Vegetable Compound and I started to take it. You should have seen the change in me. I am now well and strong and in good spirits. I have taken the Vegetable Compound ever since if I feel my energy lacking. I also take Liver Pills and I find them a wonderful help for constipation."

—Mrs. James E. Robson, Box 693, Fernie, British Columbia.

Lydia E. Pinkham's Vegetable Compound

Many people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for fifty years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symptoms disappear in five minutes.

injury, and what other foods would you suggest? I have been taking oatmeal, milk, rice, potatoes, flour, bacon, coffee, sugar and various dried soups upon these journeys. I am able to obtain a limited amount of fresh meat but no fresh vegetables."

I have been unable to recommend dried beans because they contain such a mixture of protein and starch that they readily ferment and are always gas producers. I do not recommend them in the diet of anyone living close enough to civilization to be able to secure other foods. Of course, they will sustain life for a long time, and there are no doubt emergencies such as a forced stay in the mountains, when no other food can be obtained, in which dried beans may be kept for a long period of time and used as needed. In this event, they should be combined, if possible with less concentrated foods, such as the non-starchy vegetables. Dried beans are less apt to cause injury if one uses vigorous physical exercise such as might be necessary in long and forced marches. One who is leading an outdoor life can undoubtedly use and assimilate many foods which would cause serious indigestive disturbances to an indoor city worker.

It is a good plan to take, in addition to the foods which you have listed, some of the dehydrated vegetables which weigh very little and would provide mineral elements to assist in avoiding the dangers of such a preponderantly acid-forming diet as the one on which you are at present subsisting. It would also be a good plan to take with you some of the dried berries and non-sulphured figs, prunes, etc. These are quite nourishing and at the same time, are protective foods. It is also possible to secure dried meat and fish, both of which are quite nourishing and would be valuable when you cannot secure fresh game.

There are many wild edible herbs which would be a valuable and palatable addition to the somewhat limited menu which you are forced to use because of your lack of contact with the outside world. You can undoubtedly find out by a little inquiry which of these are edible. If you have a permanent camp, it would be well for you to stock up with a number of canned vegetables such as spinach, beans, sauerkraut, tomatoes, string beans and asparagus. Even though you are in the country, you will, of course, obtain as much benefit from observing correct food combinations as you would while living in a city.

QUESTIONS AND ANSWERS

Removal of the Thyroid Gland

Question—K. N. G. asks: "When all of the thyroid gland is removed does the patient become prematurely senile? I am deeply concerned about my daughter who was operated on for goitre. Her health has been failing since then. She has suffered a complete nervous breakdown, followed by fits of insanity and despondency. She has become gray during her convalescence, is often fearful, and has developed the slow movements of a very old person. I do so want your advice."

Answer—If all of the thyroid gland is removed the patient generally dies within a short time, but if only a portion of it is removed it is possible that enough remains to supply the need. However, a lack of thyroid secretion does produce premature ageing and may cause some mental disturbances. Your daughter may have some other condition as well as the thyroid trouble but, of course, it is impossible for me to diagnose her case without first having the opportunity of examining her.

Questions and Answers

Question—Mrs. K. L. writes: "I have just returned from Australia, where I enjoyed eating the Queensland nut. Do you believe that this could be grown in California, and what is its food value?"

Answer—This nut is already being successfully cultivated to a limited extent in California. The nut is very similar in food value to the Brazil nut.

Strengthening the Fingers Question—Y. W. asks: "Will you kindly tell me what I can do to strengthen my fingers? I play the piano and my teacher says that my fingers are weak, especially on the left hand."

Answer—A good exercise to strengthen the fingers is to spread out a full-size sheet of newspaper and grasp one corner with the finger at arms length, and then with the fingers pull the newspaper to the hand, trying to crush it into a ball.

What is Klim?

Klim (in the brown and yellow tin) is the full-cream milk of tested dairy herds. All the good of the milk is in Klim—the water only is absent. By adding Klim to water—putting back that water which is removed to make it—you again have liquid full cream milk.

Positions on a Canoe Trip are incomplete without Klim.

Children thrive on Klim—it's good for them.

Take Klim to the Summer Cottage.

This summer take Klim with you when you go away, and you will always have fresh milk. At the camp, the summer cottage, on the canoe trip, wherever you may be, you will find Klim unvarying in flavor, economical to use and handy for every occasion. You will be agreeably surprised at its fine fresh flavor, it keeps indefinitely in the unopened tin and for weeks without ice after the tin is opened, is light in weight and of a purity comparing favorably with certified milk.

C.M.P. Brand Powdered Skimmed Milk (formerly known as Klim) is a valuable and economical product for cooking purposes.

LAKE MEGANTIC

The Megantic Fish and Game Protective Association are restocking the streams leading to the lake with salmon and trout, and on Saturday, June 8th, they received a shipment of thirty thousand from Magog, which will ensure good fishing in a few years. In a few days they expect a shipment from Lake Winnipegosis, Manitoba, of twenty thousand and more. Those fish are sent through the co-operation and courtesy of the Federal Government and Canadian Pacific Railway and are being delivered free of charge to the Association.

SERVICE TAKEN IN BEDFORD BY THE CHILDREN

Interesting Service at United Church in Commemoration of Children's Day—Social and Personal News.

BEDFORD, June 19.—On Sunday morning, June 19th, at the United Church a most impressive service was held in commemoration of Children's Day. The greater part of the service was in the hands of the children, who performed their various duties in a most praiseworthy manner, having received their training at the hands of the Sunday School superintendent, Mrs. Forest Smith. The service opened with the singing of "All Hail the Power," by the choir. The opening prayer was delivered by John Lancaster, son of the Rev. David Lancaster, pastor of the church. A recitation "Welcome," followed, given by Madeline Smith, and hymn, after which a prayer was delivered by the pastor. The 23rd psalm was read by Margaret Lancaster, followed, during the taking of the offertory, by a hymn by the choir. The prayer for the offertory was delivered by Master Arnold Gilman. A recitation followed by Florence McArthur, while "God's Watch Over Us," a recitation, was given by Catherine Smith. Dorothy and Kathleen Campbell sang a duet, which was followed by a recitation by Bessie Russell, of Mystic, a duet by Irma Miller and Dolores Corey, a recitation by Eric Russell, of Mystic, and another duet by Florence McArthur and her brother, Alexander. The concluding number on the programme by the children was a recitation, "Youth," given by Westland Smith. A most inspiring and helpful address was delivered by the pastor.

who took as his subject the story of Ruth and Naomi, showing how important it is to train a child in right ways in its youth, as the results of this early training will be manifest all during the after years. It was owing to the training that Ruth had received in her early years that she answered the call to duty when it came and remained with Naomi.

At the conclusion of the service each member of the primary class received a potted plant, before the dismissal of the congregation. The church was profusely decorated with purple and white lilies, forget-me-nots and tulips. After evening service the flowers were distributed to the various sick members of the congregation. The congregation of the United Church of St. John's joined with the Bedford congregation for the morning service.

Simple and Economical

THE Ford Car has proved the case for the light car as a long distance traveller. It has demonstrated its ability to carry you across a continent without fuss or fatigue. Never failing mechanical performance gives mental comfort with the assurance that you will arrive fresh and relaxed at the journey's end.

Simplicity of design in every mechanical part means less wear and friction and long life without repair or adjustment. Speed and acceleration are there in full measure. And the beauty of Ford performance is enhanced by the knowledge that every mile is covered at great saving in gas and oil, and, even at high speeds, with an engine that is conserving rather than exhausting its power and endurance.

COMFORT—Deeply upholstered seat cushions, set at a restful angle, match in comfort your easy chair. Large windows on the closed models allow unobstructed vision and open wide in warm weather. Four Houdaille hydraulic shock absorbers, and the unique Ford feature of transverse semi-elliptic springs give the effect of riding on air.

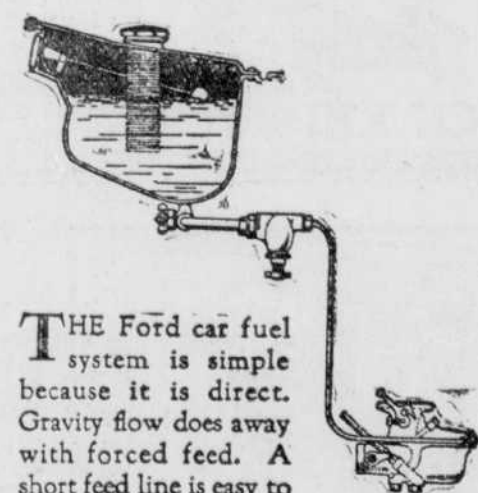

BEAUTY—The Ford car is distinguished by its quiet simplicity of line and air of sturdy strength. Without being extreme, it has struck a new note in motor car design. A particularly pleasing feature is a choice of beautiful colours in all body types without additional cost.

DEMONSTRATION—Ask your Ford dealer to let you drive a Ford car. He will be glad to take you out. Select the steepest hills, the heaviest going—you will be amazed at the power at your command. Make for the thickest traffic. Drive alongside other cars. Try the quick getaway, the swift pickup in second, the easy gearshift. Feel the smooth, sure action of the six brake system. A demonstration will convince you of the outstanding merit of the Ford car.

TIME PAYMENT—If you prefer to buy out of income, you will find the authorized time payment plan offered by all Ford dealers most attractive.

THE FORD CAR FUEL SYSTEM

THE Ford car fuel system is simple because it is direct. Gravity flow does away with forced feed. A short feed line is easy to service and there is little chance of water freezing or sediment clogging.

The nine gallon tank is so placed that it is well protected from front or rear end collision and may be filled while the driver supervises the operation without moving from behind the wheel.

ACTION AROSE OVER MOVING OPERATIONS

Orville Glaude Claimed Ovide Chamberland Failed to Carry Out Contract to Aid in Moving, With Damages Resulting—Plaintiff Failed to Continue Action, Which Was Dismissed.

An action arising out of the trials and tribulations of moving came up in the Superior Court before Mr. Justice Archambault yesterday morning. The plaintiff, the one who had to undergo the trials and tribulations, failed to continue his action, however, and it was consequently dismissed.

The plaintiff was Orville Glaude, a farmer on the Ascot Road. In his declaration he said he had engaged defendant, Ovide Chamberland, to move his household property on the night of February 6th, 1928, and that, in view of the contract, which was to be carried out in the evening, after six o'clock, he had prepared for the departure of himself and his family. The defendant had then, without previous warning, notified plaintiff that he refused to carry out the moving operations, with the result that Glaude was left with his wife and baby in a cold house and without the ordinary household comforts for a cold winter's night. He had taken grip, he alleged, and his wife and baby were also taken ill, while his honor and reputation had been affected. He therefore claimed \$200.

The defendant claimed that he had consented to lend his horses to plaintiff for the purposes of moving, on the condition that one Matthew, an employee of plaintiff, should look after them. Plaintiff had then found Matthew, who had refused to look after the horses or help in the moving, and had so notified plaintiff. Further, Matthew had consented to keep the Glaude family over night in the part of the same building where he lived. In conclusion Chamberland alleged that Plaintiff and his family had not become so ill as they pretended, and had actually been in a position to move on the night arranged.

TALK GIVEN BY OTTAWA MAN AT ROTARY DINNER

Mr. R. J. C. Stead, of Department of Immigration, Had Very Practical Message for Rotarians.

Members of the Sherbrooke Rotary Club listened to a very interesting address last evening when they had as speaker at their weekly meeting at the New Sherbrooke House Mr. R. J. C. Stead, director of publicity of the Department of Immigration, Ottawa.

Although Mr. Stead did not announce any special subject for his address, stating that he was going to give a rambling talk, his message was one which provided much material for thought.

At the outset of his address Mr. Stead commented on the progress that has taken place in the world, the development of modern machinery being one of matters mentioned. A comparison of the old methods with modern ones was given, and it was shown how production has been more than doubled by the new systems and modern methods. In the old days it required several men to perform a certain piece of work which with present day machinery can be done by one man in much less time than formerly. This presented a surplus of men and the present day question is what is to be done with this surplus.

The only remedy, Mr. Stead said, is to have shorter working hours. Higher wages were also favored, as it is an acknowledged fact that higher paid men are more satisfactory and greater production is the result.

Mr. Stead made it clear that he was not trying to make people believe his way, but was simply putting before them his views in the hope that they might arouse thought and that his audience would from time to time give consideration to the points that he brought out.

Mr. Stead's address was one of the most interesting that has been heard for some time past by members of the Rotary Club, and he was sincerely thanked on behalf of the club by Rotarian E. J. Page. Mr. Stead, who is a well-known author and writer, is himself a Rotarian.

CONVOCATION TOMORROW AT LENNOXVILLE

University of Bishop's College to Honor Mr. S. P. Smith, M.A., Mr. G. M. Stearns and Rev. Leonard Hodgson—About Fifty Degrees in Course—Chancellor Meredith Will Preside at Annual Function.

Three degrees of Doctor of Civil Laws, honoris causa, and nearly fifty degrees in course, in the faculties of arts, divinity and music, will be conferred by the University of Bishop's College tomorrow at the annual Convocation. The ceremony will be held, weather permitting, on the spacious lawns of the college grounds, or in the event of rain in Bishop Williams' Hall in the new arts building. The innovation of an out-of-doors Convocation was introduced at the special Convocation held in May, when it was practically necessary owing to the large number of guests and visitors present, apart from the university officers, the undergraduates and others connected with Bishop's.

Two of the three men to be honored with degrees tomorrow will receive recognition for their work for education, these being Mr. S. Percy Smith, M.A., headmaster of Bishop's College School, Lennoxville, for a number of years, and the Rev. Leonard Hodgson, M.A. (Oxon), distinguished theologian and author, and professor of apologetics in the General Theological Seminary, New York. The third degree is to be conferred upon Mr. George M. Stearns, of Lake Megantic. Mr. Stearns will be honored for his business leadership in the Eastern Townships, where he has been a prominent lumber manufacturer and merchant for many years, and more especially for his work on behalf of education here. Mr. Stearns has for many years been governor of Bishop's University and of King's Hall Ladies' College, Compton, for both of which institutions he has done much good work.

The Chancellor of the university, Dr. F. E. Meredith, K.C., of Montreal, will preside at the public Convocation, which will commence at three o'clock in the afternoon. The annual Convocation service will be held in the Chapel of St. Mark at eleven o'clock tomorrow morning. The preacher at this annual Eucharist will be Professor Hodgson, of New York.

Lunch will be served at one o'clock for visitors from a distance, while after the public Convocation the Principal and Mrs. McGreer will as usual hold a garden party on the lawn of their residence.

REMAINS OF MR. S. R. TATE ARE LAID TO REST

Large Number of Residents Paid Last Respects at Funeral Held Yesterday.

A large number of prominent local citizens yesterday paid their last respects to the late Mr. Samuel Rennie Tate, who passed away at the Sherbrooke Hospital on Monday morning following an illness of nine weeks.

The funeral service was held from Lord's Funeral Home, the Rev. Joseph Corder officiating, assisted by W. Bro. Evans Joslin, Master of Prince of Wales Lodge, A.F. and A.M., who conducted the Masonic part of the service. During the course of the service Mr. F. W. Lord rendered a solo, accompanied by Mr. J. W. Blackburn, Mus. Bac.

The bearers, all brother Masons, were Messrs. R. Broadbelt, V. Adams, Col. Somers, B. Woolgar, W. Hutchinson and W. Ballantyne. The large cortege proceeded to the family lot in Elmwood Cemetery, where the committal prayers were said. The large number of floral offerings testified to the esteem in which the late Mr. Tate was held.

Mr. Tate, who was seventy-two years of age, was born in Dufferin, Ontario, in 1856. He came to Sherbrooke over forty years ago and took up his duties as a traveller, being connected with several prominent firms in eastern and western Canada. He was forced to retire from active business twenty years ago, due to a paralytic stroke and he spent his retirement in this city.

The deceased was a prominent Mason, a member of the Prince of Wales Lodge, an Oddfellow and a Presbyterian in religion.

He is survived by his two daughters, Myrtle, Mrs. R. Lavers, of this city; Viola, Mrs. Charles Moore, of Cobalt; two brothers, Messrs. A. A. Tate, of Sherbrooke, and Robert C. Tate, of Detroit; three sisters, Mrs. Robert Keeler, of Sherbrooke, and the Misses L. and M. Tate, of Ladysmith; his two sons-in-law, and several nephews and nieces. Three brothers predeceased him.

Matters Before Board Of Trade

(Continued from page 1)
treasurer, Mr. W. M. Hillhouse.
Dangerous Point on Lennoxville Road.

The danger of the underpass at the Canadian Pacific Railway tracks between Sherbrooke and Lennoxville was pointed out by Mr. R. W. S. Nutbrown, of Sherbrooke, who suggested that some steps be taken at once to have the underpass widened or in some way improved, as many accidents had occurred at this point during the past two years. A resolution to this effect was passed, copies of which will be forwarded to the Railway Commission, Minister of Roads and Canadian Pacific Railway.

The difficulties of obtaining sufficient help for Eastern Townships farmers was pointed out by Mr. Nutbrown, secretary of the Eastern Townships Immigration Society, in his report. This was due, said Mr. Nutbrown, to the fact that the passage money is at present higher and that conditions are improving in the preferred countries, with the result that not as many desire to leave as formerly. Despite these drawbacks, some 250 men have been obtained by the Society and have been distributed among the farmers of the district during the past five months.

Boys From Overseas.
The manner in which boys from overseas, who come to this country to learn farming, are handled was interestingly dealt with by Mr. William Morrison, of Montreal, Department of British Colonization and Immigration.

During the past four years over 3,500 boys have been brought out to this country and ninety-six per cent of this number have made good. The boys are put on farms in Canada to learn farming, and when they have mastered the principals and saved \$500 they are loaned an additional \$2,500 by the Department, to enable them to purchase farms of their own. This scheme had worked well, many of the boys having become very successful farmers.

The British Family Cottage Scheme, which is at present being carried out by the Canadian Pacific Railway, was explained by Mr. C. LaDua Norwood, of the Colonization Department of the C. P. R., who stated that arrangements had been made with Lord Lovet by which British families are to be settled in houses erected by the company, for which the newcomers pay a small rental. Twenty-seven of these cottages will be erected in this district during the coming year. Mr. Norwood asked for the co-operation of the association in this connection, he pointing out that the success of the scheme would mean much to the Eastern Townships. At the present time three sites have been decided upon in the Eastern Townships.

The question of care for new arrivals who had fallen ill was brought to the notice of those present by Messrs. D. J. Salls and E. G. Pierce, who stated that no provision had been made by the government to give aid in case of illness. Mr. Morrison, in speaking of the matter, stated that an effort at present is being made whereby new arrivals be brought under the Public Charities Act similar to natives and those who had resided in Canada during the past five years. After general discussion the Association went on record as being in favor of having those who came to this province brought under the Act.

Afternoon Session.
At the afternoon session the presidents of the two societies, Messrs. J. K. Edwards and B. N. Robinson, opened proceedings by welcoming the large number of guests present, especially the ladies who were present to hear the addresses. Reference was also made to the death of two prominent members, Messrs. V. E. Morrill and W. M. Hillhouse, who had passed away during the past year.

The fact that many points of interest in the Eastern Townships are unmarked was brought to the notice of those assembled by Mr. E. G. Pierce, of Sherbrooke, who stated that at the present time there are many places of historic interest which are only known to residents of the vicinity. The suggestion was made that such spots be suitably marked for the benefit of tourists and others motoring in the vicinity.

A resolution was passed in this connection whereby the secretaries of the various Boards of Trade will be asked to investigate all such places in their respective localities and send a list of them to the secretary of the Associated Boards of Trade, who in turn will communicate with the Provincial Government and ask for assistance in having the points of interest suitably designated.

The addresses during the afternoon were given by Mr. J. C. McConnell, Sherbrooke, on "Tourist Traffic"; Miss B. N. Philip, on "Domestic Life in the Eastern Townships"; Mr. R. J. C. Stead, Ottawa, Ont., on "How Canada Selects Her Immigrants"; and Mr. C. B. Howard, M. P., on "Country and City Interests". A full report of these addresses will be given in another issue of the Record.

During the meeting a letter was read from Senator George G. Foster in which he expressed his regret at not being able to be present. The guests were officially welcomed by Mr. A. Girard, secretary-treasurer of the Town of Magog, representing Mayor Hamel, and Mr. J. R. A. Langelier, president Magog Board of Trade.

ORDINATION OF TWO DEACONS AT BISHOP'S

Lord Bishop of Quebec Ordains Two Candidates to Diaconate—Presented by Dean Carrington, With Rev. A. Jones Preaching Sermon.

Two candidates were ordained to the diaconate of the Church of England by the Rt. Rev. Lennox Williams, D.D., Lord Bishop of Quebec, at Lennoxville yesterday morning. The impressive service of ordination was held in the Chapel of St. Mark at the University of Bishop's College. The deacons are Rev. James Barnett, of Cheshire Heath, Cheshire, England, and Rev. D. M. Brown, of St. Martin's, N.B.

The candidates were presented by the Dean of Divinity, Rev. Philip Carrington, under whom they have studied during their course in divinity, to the Lord Bishop of the diocese, who was attended by the Venerable Archdeacon R. W. E. Wright, of Lennoxville, acting as chaplain.

The Rev. A. Jones, rector-elect of St. George's Church, Lennoxville, preached the sermon. Following the ordination there was a choral Communion service, Nicol's Communion service being sung by the college choir. There were many vested clergy present in the chapel, and a large number of undergraduates, graduates and friends.

The Quiet Day, which preceded the ordination, was conducted by the Rev. F. J. LeRoy.

Foundation For Naval Reduction

(Continued from page 1)
erican conversations, I hope that neither the large states nor the small ones will have any doubt that they are not exclusive—they are inclusive. The mighty republic across the Atlantic will enter into no European entanglements and alliances. But no one ought to suspect that it will decide to serve the common interests of peace and democracy.

"There are obstacles to be surmounted, differing interests to be reconciled, some historical rivalries which are legitimate, to be confined to their proper channels; such inconsiderations for instance as those mentioned by Mr. Churchill the other day to be studied and adjusted. That is the glorious task which the happy conversations, which the American Ambassador and I had together at Logie, opened up, and I would pray to the whole nation, irrespective of party to share and help fully in our labors, to give us their confidence and to enable us to carry the work to a successful conclusion."

AN EARLY AGREEMENT ON NAVAL REDUCTION URGED

(Associated Press Cable)
LONDON, June 19.—Charles Gates Dawes, former Vice-President of the United States, and Ambassador to the Court of St. James, in his first public pronouncement, since his assumption of his duties, last night told the Pilgrims' dinner that the importance of an early agreement on naval reduction by nations is of outstanding importance at the present time, and it would seem to be the next step taken toward world peace.

Ambassador Dawes' speech had been awaited with the greatest eagerness by the whole of Great Britain for the light it would cast upon the new movement in Anglo-American relations initiated by Ambassador Dawes' conference with Premier Ramsay MacDonald at Lonsimouth, Scotland, on Sunday. Revelation of the topics then discussed, particularly as they affected the momentous problem of disarmament and naval reduction, was then postponed until today.

IMPORTANT SILK TRUST IS FORMED IN GERMANY

Will Have Capital of \$50,000,000 and Directorate Will Be Joined by Representatives of British Courtauld Company.

(Associated Press Despatch)
BERLIN, June 19.—Organization of a trust entitled "Algemeine Kunstsyde Unie" (General Artificial Silk Union) was announced yesterday through the combination of the big German United Glanzstoff Work at Elberfeld with the Dutch "Enka" artificial silk mills. The trust will have a capital of \$50,000,000 and its directorate will be joined by representatives of the British Courtauld Company.

On Monday, Mrs. C. F. Durrell poured tea and the table was prettily arranged with yellow and mauve iris. On Tuesday Mrs. T. Nutfield presided at the tea table, assisted by Miss Marion Mennie, who also assisted on Monday evening.

MARRIAGES

MURRAY—CAMPBELL
A quiet but very pretty wedding took place this morning at seven o'clock in the Chapel of the Benedictine Monastery when Kathleen, daughter of Mr. and Mrs. Firmin Campbell, Prospect Street, was married to Mr. Bernard Murray, son of Mr. and Mrs. W. B. Murray and the late Mrs. Murray, the Reverend Canon Fissette officiating. The bride, who was unattended, was given away by her father, and wore a smart ensemble of rose-beige crepe georgette, with Baku hat and shoes of the same shade. She carried a lovely bouquet of pink roses and lily-of-the-valley. Her only ornament was a handsome pearl necklace, the gift of the groom.

The altar was decked with peonies and the pews reserved for the guests were marked with lily-of-the-valley.

A very beautiful musical programme was rendered, the vocal soloists being Miss K. Leonard, Miss Yvette Oliver, Miss Beatrice Lawrence and Mr. L. L. Bachand. Miss Dora Leonard presided at the organ, playing the wedding march and accompaniments.

The wedding party returned to the bride's home where an informal reception was held and a delicious buffet breakfast served. The bride and groom left immediately for an extended motor trip through Ontario and on their return they will reside in Sherbrooke. The wedding presents were numerous and handsome.

The out-of-town guests included Mr. and Mrs. Frank Pearson, Mr. John Murray, Mrs. Tetreault, and Miss Tetreault, all of Montreal; Mr. Pearson, of Richmond; Miss Dorothy Hopkins, of Pittsburgh, Pa.; Mr. George Siris, of Quebec; and Miss M. Burke, of Boston, Mass.

Miss Audrey McKechnie spent the week-end in Leeds Village the guest of Dr. and Mrs. W. E. Hume.

Mrs. J. H. Blue, Mrs. J. F. Morrill, Mrs. A. Wood and Miss Gladys Hale motored to Montreal yesterday.

The match played at the Sherbrooke Country Club yesterday afternoon between the married and single ladies, resulted in a tie.

Mrs. Lloyd McKee has gone to Montreal to visit her parents, Mr. and Mrs. Arthur B. Wood, who are sailing for England today.

Dr. and Mrs. W. E. Hume are expected home tonight after spending two weeks in Leeds Village. Dr. Hume has completely recovered from his recent illness.

Friends of Mrs. Charles Wells and her daughter, Mrs. Livingston, Montreal Road, will regret to hear that Mrs. Wells has entered the Sherbrooke Hospital for treatment.

Mr. John Beaudry, F.R.C.C., Mrs. Beaudry and Miss Beaudry, of Ottawa, are expected in Sherbrooke this afternoon, and during their stay will be the guests of Mrs. W. H. Wiggitt and Miss Wiggitt, Portland Avenue.

The closing meeting for the season of the Lennoxville Women's League of St. Andrew's Church was held at the home of Mrs. Albert Hall yesterday with a fair attendance of members. Mrs. Trenholme, president, presided and several items of business, including the payment of accounts, etc., were disposed of. Much regret was expressed at the resignation of the president, Mrs. Trenholme, who is leaving the city. Refreshments were served by Mrs. Hall and Mrs. James Stewart, joint hostesses for the afternoon.

Other cadets from this province receiving recommendations were R. G. C. Smith, of Quebec, who received the Governor-general's bronze medal and one of the Large Bexhall cups, recommended to the 57th Field Battery, Canadian Artillery; D. O. Turnbull and S.S. T. Cantlie, of Montreal, to the Royal Highlanders of Canada; and F. X. Chabell, of Montreal, to the 2nd Royal Montreal Regiment.

CONSERVATIVES TO ELECT DELEGATES SATURDAY
Conservatives of the county of Sherbrooke will gather in the city hall at eight o'clock on Saturday evening to elect delegates to the forthcoming provincial conference of the party, which will be held in Quebec. For the past several weeks meetings have been held throughout the province at county centres for the purpose of naming delegates, and Sherbrooke will decide its choice on Saturday. Every county in the province is entitled

to send ten delegates and ten substitutes, while the sitting member of the Legislature or the defeated candidates in the past two general provincial elections will be admitted ex-officio, which will mean the automatic attendance of Mr. A. C. Crepeau, M.L.A., for Sherbrooke. At the convention, which is scheduled for next month, the leadership of the provincial party will be decided, while there will be a thorough discussion of the organization of the province for the next elections, whenever they may come.

LAKE PARK CASE SET FOR WEDNESDAY NEXT
Marcotte Dore, of Lake Park, pleaded not guilty to a charge of

keeping a disorderly house on his appearance before Judge J. H. LeMay in the Magistrate's Court this morning. The preliminary inquiry was set for Wednesday next. Dore was arrested on Saturday during a raid made by provincial officers on a cottage at Lake Park. The seven young men who were arrested at the same time, on charges of being inmates, pleaded guilty this morning and were ordered to pay the costs.

Fred Nadeau, Adelard Lessard and Henri Bouchard, of East Herford, were each fined \$100 and costs for having illegal possession of liquor contrary to the Canada Temperance Act, which is in force in that district.

to send ten delegates and ten substitutes, while the sitting member of the Legislature or the defeated candidates in the past two general provincial elections will be admitted ex-officio, which will mean the automatic attendance of Mr. A. C. Crepeau, M.L.A., for Sherbrooke. At the convention, which is scheduled for next month, the leadership of the provincial party will be decided, while there will be a thorough discussion of the organization of the province for the next elections, whenever they may come.

LAKE PARK CASE SET FOR WEDNESDAY NEXT
Marcotte Dore, of Lake Park, pleaded not guilty to a charge of

keeping a disorderly house on his appearance before Judge J. H. LeMay in the Magistrate's Court this morning. The preliminary inquiry was set for Wednesday next. Dore was arrested on Saturday during a raid made by provincial officers on a cottage at Lake Park. The seven young men who were arrested at the same time, on charges of being inmates, pleaded guilty this morning and were ordered to pay the costs.

Fred Nadeau, Adelard Lessard and Henri Bouchard, of East Herford, were each fined \$100 and costs for having illegal possession of liquor contrary to the Canada Temperance Act, which is in force in that district.

The closing meeting for the season of the Lennoxville Women's League of St. Andrew's Church was held at the home of Mrs. Albert Hall yesterday with a fair attendance of members. Mrs. Trenholme, president, presided and several items of business, including the payment of accounts, etc., were disposed of. Much regret was expressed at the resignation of the president, Mrs. Trenholme, who is leaving the city. Refreshments were served by Mrs. Hall and Mrs. James Stewart, joint hostesses for the afternoon.

Other cadets from this province receiving recommendations were R. G. C. Smith, of Quebec, who received the Governor-general's bronze medal and one of the Large Bexhall cups, recommended to the 57th Field Battery, Canadian Artillery; D. O. Turnbull and S.S. T. Cantlie, of Montreal, to the Royal Highlanders of Canada; and F. X. Chabell, of Montreal, to the 2nd Royal Montreal Regiment.

CONSERVATIVES TO ELECT DELEGATES SATURDAY
Conservatives of the county of Sherbrooke will gather in the city hall at eight o'clock on Saturday evening to elect delegates to the forthcoming provincial conference of the party, which will be held in Quebec. For the past several weeks meetings have been held throughout the province at county centres for the purpose of naming delegates, and Sherbrooke will decide its choice on Saturday. Every county in the province is entitled

to send ten delegates and ten substitutes, while the sitting member of the Legislature or the defeated candidates in the past two general provincial elections will be admitted ex-officio, which will mean the automatic attendance of Mr. A. C. Crepeau, M.L.A., for Sherbrooke. BURY COUNCIL SESSION HELD; GENERAL NEWS

Tenders Submitted for Reconstruction of Bridge—Valuation Roll Being Prepared—Bury Notes of General Interest.

BURY, June 19.—Tenders for the construction of the steel and concrete bridge, on the Scotstown road, known as the Strapps bridge, were received and opened at an adjourned meeting of the council on Saturday evening. Six tenders were received as follows: Mr. Charles Mason, \$9,974.45; Mr. Joseph Plante, \$4,131.70; Mr. J. D. Hamel, \$3,657; Mr. Roy Lake, \$3,190; Mr. H. L. Roy, \$3,007; Mr. C. A. Stokes, \$2,295.

These tenders have been forwarded to Quebec for examination and report by the engineers of the Department of Public Works, which is a necessary procedure before the council may accept any tender.

An inspection of the Gould Station road, from Gould Station to the Scotch Road, was made by an engineer of the Department of Roads, in company with the road committee, Messrs. Bennett, Johnson and Frangley, the road overseer, Mr. John MacMillan, and the secretary-treasurer. This inspection was to determine the quantity and quality of the work remaining to be done in order that this road as an improved gravelled road may be taken over by the provincial Government for maintenance.

The triennial valuation of the township is now under way, the assessors being Messrs. James F. Groom, Willis D. Francis and Raymond Morrison. As the secretary-treasurer is accompanying them, his office is closed for the time being.

General Notes
 The concert by the Harris Family, of Lennoxville, given under the auspices of the Ladies' Aid on Friday evening last, was a great success, every number being richly enjoyed. Despite the wet evening there was a good attendance.

On Friday afternoon, the Catholic School Board opened the tenders received for the erection of their new school here in Bury. The successful tenderer was Mr. Carlos A. Stokes, of Bury. The tenders received were as follows: Mr. Alfred Martineau, \$9,550; Mr. J. R. Royer, \$6,950; Mr. Joseph Houle, \$6,887.77; Mr. J. D. Houle, \$6,520; Mr. Carlos Stokes, \$4,950.

The Bury W.C.T.U. will be entertained for their June meeting at the home of Mrs. Wilber E. Lowe, on Friday afternoon, June 21st.

A meeting of the Bury Athletic Association was held on Friday evening, June 14th, Col. O. L. Pope presiding. Preliminary work for the sports day in the Memorial Park on Dominion Day was done by the appointing of the various committees who will report to the next meeting of the association on Friday, June 21st. The tentative programme as far as at present sketched out follows the general outline of the last two years.

The Bury Brass Band attended the church parade of Odd Fellows and Rebekas at Sawyerville on Sunday, June 16th.

ANNUAL REPORT OF CEMETERY CO., COMPTON

Important Letter Embodiment Annual Report and Financial Statement Issued by Officers of Company—Much Work Being Done by Committee in Charge of Cemetery.

An important letter for those interested in the Compton Cemetery has been sent out in the form of the annual report for the year ending December 31 last, by the officers of the Cemetery Company, Messrs. John A. McClary, president, and Arthur G. Batchelder, secretary-treasurer.

The letter, which is addressed to the contributors and all persons interested in the cemetery, is as follows: "The Compton Cemetery is now under the control of a board of trustees, known as the Compton Cemetery Company, incorporated by act of Parliament. The company is at present engaged in spacing, levelling and resurfacing the cemetery, with the ultimate object of lawn mowing the whole yard. About half the work is already done, and operations will be continued during the present year."

"The assets of the company, as at December 31st, 1928, amounted to \$3,333.57, the income from investments for the year was \$155.72, and the amount expended on the cemetery was \$439.93 as per appended statement. The company has no liabilities. On September 8, 1928, the trustees passed a resolution to the effect that the owner of any lot in the cemetery who contributes \$100 or more to the Compton Cemetery fund shall be entitled to perpetual care of such lot. The trustees wish to raise the fund to at least \$6,000, which, invested at five per cent, would provide an income of \$300 a year, which should be a sufficient sum to keep the cemetery permanently in order once it is put in shape."

"Any person wishing to purchase a lot, erect a stone or monument or do any work whatsoever in the cemetery, should apply to the committee in charge, composed of Mr. R. Hooper, Mr. W. Munroe and Mr. E. Gill. All contributions should be addressed to Mr. Arthur G. Batchelder, secretary-treasurer, Compton, and all cheques drawn payable to the order of the Compton Cemetery Company."

Financial Statement.
 The financial statement for the year ending December 31 last, audited by Mr. S. W. Broderick, follows:

Assets—Amount deposited with Church Society of the Diocese of Quebec, \$2377.90; Montreal Tramway Bond at cost, \$509.14; Cash in Bank of Commerce, \$451.93. Total, \$3338.97.

Receipts and Disbursements.—Balance in Bank December 31st, 1927, \$990.95; Income from investments, \$155.72; subscriptions, \$249.93; Total receipts, \$405.65. Total, \$1401.00.

Amount expended on cemetery, \$439.93; investments, \$509.14; balance in bank, December 31st, 1928, \$451.93. Total \$1401.00.

Company Officials.
 The officers of the company are the following:
 Honorary members: Rev. C. R. Eardley-Wilmet, M.A., Rev. P. D. Muir, B. A.

Trustees: Messrs. Jas. A. Cochran, John A. McClary, Edward Dawson, Fred. Gill, William Munroe, Edward Hooper, Arthur G. Batchelder.

Officers: Messrs. John A. McClary, president; Edward Hooper, vice-president; Arthur G. Batchelder, secretary-treasurer; William Munroe, Edward Hooper and Fred Gill, committee in charge of the cemetery; Fred Ball, caretaker; S. W. Broderick, auditor.

WELCOME GIVEN NEW PASTOR IN WATERVILLE

Fifty People Gather to Welcome Rev. and Mrs. C. P. England to Baptist Church—United Church to Celebrate 67th Anniversary.

WATERVILLE, Que., June 19.—On Friday evening, June 14th, Rev. and Mrs. C. P. England were happily surprised when a party of about fifty friends met at their home to welcome the new pastor of the Baptist Church of Waterville, Moos River and North Hatley. This gathering was to welcome Pastor England to his new field. The three churches were well represented. Among the out-of-town friends present were Rev. and Mrs. G. N. Simmons, of New Liskeard, Ont., their son, Rev. R. M. Simmons, pastor of the Sherbrooke Baptist Church, Rev. D. W. Terry, Rev. and Mrs. W. H. Viner, of Sawyerville, and several friends from the Sherbrooke church. An interesting programme was given, after which refreshments were served. Pastor England expressed his appreciation in a few well chosen words. Before leaving, all joined in singing "Blest be the Tie that Binds."

On Wednesday evening, June 12, a delightful musical programme was given in the auditorium of the United Church under the direction of Mr. Albert Blier, by friends of Sherbrooke and Lennoxville. There was a large and appreciative audience to enjoy the several items, which included piano solos by Mrs. Stephenson, of Sherbrooke; organ solos by Mr. Leonard Brodie, of Sherbrooke; cello solos by Mr. Clifford Price, of Sherbrooke; vocal duet, "Snowdrops," by Mrs. Stevenson, of Lennoxville, and Mr. Albert Blier; a vocal solo by Mrs. Tremholme, of Lennoxville; vocal solos by Mr. Forrest Lord, of Lennoxville; a vocal solo by Mrs. Stevenson; a vocal duet by Mrs. Stevenson and Mrs. Tremholme, and a trio by Mr. Stephenson, Mrs. Stevenson and Mr. Blier. A vote of thanks was tendered to Mr. Blier and to all those who so kindly contributed to the success of the evening's entertainment. The proceeds, which were very gratifying, went to the Ladies' Aid.

Mr. and Mrs. John Swanson, of Bristol, Me., were week-end guests at the home of Mr. C. O. Swanson.

Mr. and Mrs. J. McLeod and daughter, Miss Elizabeth McLeod, spent Sunday in Sherbrooke with their son, Mr. McLeod, and family.

Miss Hazel Samson, of Magog, was a week-end visitor at the home of Mr. and Mrs. Samuel Edgecombe.

Mr. and Mrs. Charles Peasley and daughters, Olive and Alene, and Mrs. Wm. Healey spent a day recently at Fitch Bay with relatives.

Arrangements were being made for the sixty-seventh anniversary services of the United Church (formerly Congregational), which will be held on Sunday and Monday, June 23rd and 24th. Rev. A. R. Collins, who recently returned from China, will be the speaker for the Sunday services. Special music will be presented by the choir. On Monday evening there will be the usual anniversary supper, followed by an entertainment in the auditorium.

Rev. Mr. Collins will again be present and a fine programme is being prepared.

The executive of the Young People's Society has arranged for an out-of-town meeting to be held on Friday evening at Woodland Bay, Mr. and Mrs. A. L. Blier having kindly loaned their cottage for the occasion. The young men of the Society will convey the members in their automobiles, and a committee has been appointed to look after refreshments. This will be a splendid outing for all the young people, especially those who are writing examinations this week at the local high school.

ISLAND BROOK

The MYSTERY of the BLUE TRAIN

by AGATHA CHRISTIE

WHAT HAS HAPPENED SO FAR

Rufus Van Aldin, American millionaire, secretly purchases a collection of the world's largest rubies, among them the famous Heart of Fire, once owned by Catherine the Great of Russia. In Paris he foils an attack by Apaches working for a masked man with white hair—the Marquis—who seeks the jewels. After showing the rubies to his secretary, Richard Knighton, Van Aldin gives them to his daughter, Mrs. Derek Kettering, married to a dissolute English aristocrat. Recommending that Ruth divorce Kettering, Van Aldin learns his daughter has an affair with a rascally French Count. Kettering informs his mistress, Mirelle, a beautiful dancer, that if divorced he will be broke. She tells him he will be rich if his wife dies "accidentally". Meanwhile, Katherine Grey, thirty-three and good looking, comes into money. She has been an old woman's companion for ten years and now decides to see the world and "live". She receives an invitation to visit the Riviera from a society-climbing cousin, Lady Tamplin. She obtains a wardrobe of smart clothes. Learning that her wife is leaving for the Riviera to meet the Comte de la Roche, Kettering obtains passage on the Blue Train. At the ticket office he sees a lady with grey eyes he had previously bumped against in the hotel corridor. It is Katherine Grey, who also books for the Blue Train. Van Aldin is stunned when Kettering refuses 100,000 pounds to accept a divorce. On the Blue Train Katherine Grey meets Ruth Kettering, who is nervous and confides her story. But at dinner Ruth is absent. Her table partner is a small man who remarks about her book, a mystery novel. That night, unable to sleep, she sits in the corridor and sees a man enter Ruth's compartment. She recognizes him as the one she ran into at Cook's. At Nice next morning Katherine, to her great surprise, is requested to go to Police Headquarters. She is informed that Ruth Kettering is dead—murdered. Hercule Poirot, world's great detective, her table partner at dinner, enters the case.

Now Go On With the Story.

CHAPTER XII CONTINUED

"I like you," said Lenox suddenly. "I came up to warn you not to be taken in by Mother, but I think now that there is no need to do that. You are frightfully sincere and upright and all those queer things, but you are not a fool. Oh hell! what is it now?"

Lady Tamplin's voice was calling plaintively from the hall: "Lenox, Derek has just rung up. He wants to come to dinner tonight. Will it be all right? I mean, we haven't got anything awkward, like quails, have we?"

Lenox reassured her and came back into Katherine's room. Her face looked brighter and less sulky. "I'm glad old Derek is coming," she said; "you'll like him."

"Who is Derek?"

"He is Lord Leconbury's son, married a rich American woman. Women are simply potty about him."

"Why?"

"Oh, the usual reason—very good-looking and a regular bad lot. Every one goes off their head about him."

"Do you?"

"Sometimes I do," said Lenox. "and sometimes I think I would like to marry a nice curate and live in the country and grow things in frames". She paused a minute, and

then added, "An Irish curate would be best, and then I should hunt."

After a minute or two she reverted to her former theme. "There is something queer about Derek. All that family are a bit potty—mad gamblers, you know. In the old days they used to gamble away their wives and their estates, and did most reckless things just for the love of it. Derek would have made a perfect highwayman—debonair and gay, just the right manner."

Left alone, Katherine gave herself up to thought. Just at present she felt thoroughly ill at ease and jarred by her surroundings. The shock of the discovery in the train and the reception of the news by her new friends jarred upon her susceptibilities. She thought long and earnestly about the murdered woman. She had been sorry for Ruth, but she could not honestly say that she had liked her. She had divined only too well the ruthless egoism,

Merchants Of Bedford District

The Record plans to have a special page of interesting reading material and advertising from the various towns of Bedford district every week, thereby enabling the merchants of that district to place their advertising to advantage before the Record readers.

Merchants desiring to profit from this opportunity to advertise their goods to the public are requested to have their copy ready when the Sherbrooke Record representative calls.

She went down to join the others on the terrace outside. Through the branches of mimosa, she looked over the blue of the Mediterranean, and, whilst listening with half an ear to Lady Tamplin's chatter, she was glad that she had come. This was better than St. Mary Mead.

That evening she put on the mauve pink dress that went by the name of coup d'autome, and after smiling at her reflection in the mirror, went downstairs with, for the first time in her life, a faint feeling of shyness.

Most of Lady Tamplin's guests had arrived, and since noise was the essential of Lady Tamplin's parties, the din was already terrific. Chubbly rushed up to Katherine, pressed a cocktail upon her, and took her under his wing.

"Oh, here you are, Derek," cried Lady Tamplin, as the door opened to admit the last comer. "Now at last we can have something to eat. I am starving."

Katherine looked across the room. She was startled. So this was Derek, and she realized that she was not surprised. She had always known that she would some day meet the man whom she had seen three times by such a curious chain of coincidences. She thought, too, that he recognized her. He paused abruptly in what he was saying to Lady Tamplin, and went on again as though with an effort. They all went in to dinner, and Katherine found that he was placed beside her. He turned to her at once with a vivid smile.

"I knew I was going to meet you soon," he remarked, "but I never dreamt that it would be here. It had to be, you know. Once at the Savoy and once at Cook's—twice without three times. Don't say you can't remember me or never noticed me. I insist upon your pretending that you noticed me, anyway."

"Oh, I did," said Katherine; "but this is not the third time. It is the fourth. I saw you on the Blue Train."

"On the Blue Train!" Something undeniable came over his manner; she could not have said just what it was. It was as though he had re-

marked Lenox.

"They must have," said Derek; "probably some idiotic nonsense, but I suppose I shall have to push off to the Prefecture. How dare the old boy rout me out from dinner? It ought to be something deadly serious to justify that, and he laughed as he pushed back his chair and rose to leave the room.

\$800 TO SCHOOL BUILDINGS IN SUTTON, QUE.

Commissioners of Sutton Townships Agree to Give \$400, Like Sum Coming from Fisher Trust Fund—General Notes of Interest in Sutton.

SUTTON, June 18.—The Glad Game class of the United Church Sunday School was entertained at the church rooms by Miss Jessie Morrison and Miss Annie Longeway on the evening of June 14th. Arrangements are being made for a lawn social to be held on July 12th. Mrs. L. E. Dyer, Miss Ruth Hawley and Mr. Merlin Lewis were appointed as supervising committee. An election of officers for the ensuing six months resulted as follows: Miss Ruth Hawley, president; Miss Ola Dyer, vice-president; Mr. Merlin Lewis, secretary. Mrs. D. N. Sweet was retained as treasurer. There was a good attendance, an excellent lunch, and a pleasant evening.

There was a regular meeting of the Protestant Board of School Commissioners, held at the town hall on June 15th. There were present the chairman Mr. Ernest Farmer, the secretary-treasurer, Mr. L. E. Dyer, and commissioners Thomas Hextall, George Logan, Naaman O'Brien and Moses Lahue. The meeting was visited by the Rev. Dr. E. B. Beard, representing the Protestant Committee of the Council of Public Instruction, and of the trustees of the Fisher Trust Fund, of which he is a member. In a short address, Rev. Dr. Beard pointed out to the commissioners the Government requirements as regards school buildings and grounds, and that the trustees of the Fisher Fund were willing to help finance to the extent of 50 per cent of the cost, up to \$50 per school. The Commissioners, their visitor and the Secretary-Treasurer took an auto trip to the different school buildings in the township, and there was, as a result, an allotment of \$800 made, of which sum the Fisher Fund will furnish \$400.

JAY-WALKERS

Notwithstanding determined efforts to reduce the number of accidents on streets and highways, the automobiles continue to claim a heavy toll in lives. But the entire blame cannot be placed on the motorist, although there are many drivers in charge of cars today that should not have licenses. A large proportion of those who fall victims each year in motor accidents are jay-walkers and children.

During a recent check-up on Wellington Street, between Albert and King Streets, within a few minutes seven persons were observed crossing this busy thoroughfare without paying any special attention to the automobiles and other traffic. This jay-walking is very dangerous. The jay-walker not only runs the risk of being seriously injured himself, but endangers the lives of others owing to the fact that a motorist in order to avoid striking a jay-walker is frequently forced to take desperate chances with his car.

Co-operation in the direction of safety will have a tremendous effect in reducing the number of automobile accidents, and in this co-operation parents and school teachers can play an important part by keeping alive in the minds of the children the constant danger they are in while on the street. At home and at school there should be the most consistent effort made to establish firmly in the minds of the little ones the necessity for the exercise of care and caution at all times, for it is only through the development of this "safety" sense, in the final analysis, that the number of accidents on streets and highways is going to be reduced.

GENERAL BRAMWELL BOOTH

In the passing of General Bramwell Booth the world has lost one of its greatest social workers and the Salvation Army its great chieftain.

To give fifty-four years of active sacrificial work to the great organization which his father founded is no small labor.

The life of General Booth is one which teaches a lesson of true Christianity and love for all men. It was not in the world's great and impressive cathedrals and churches that the voice of General Booth was heard, but on street corners in the humblest sections of London and other centres that he reverently stood and pleaded with the passers-by to pause and give a moment of thought to the higher ideals of life and to the great God whom he faithfully and conscientiously served.

Under his wise administration the Salvation Army steadily increased in number and importance, spreading far beyond the limits of England into many other nations of the world.

Today this great organization is deprived of one of its greatest figures, but as a tribute to his work and memory it will carry on, always striving and hoping to bring tidings of great joy to those who try diligently and sincerely to serve God and man.

General Booth is dead, his work is done and he is at rest, and now he wins, withdrawn from human eyes, a good man's two-fold immortality, to live forever by the Father's throne and here in lives made better by his own.

IMPORTANCE OF CANADA'S MINING INDUSTRY

The mining industry in Canada is making rapid strides and is attracting world-wide attention. In fact, no country ever had in any one year the amount of high grade exploration that is being undertaken in the Northern territories of the Dominion this year.

"The mining and metallurgical industries of Canada are yearly gaining in importance in the industrial life of the provinces and it has authoritative been opined that mining may soon rank as the second of Canada's primary industries, after agriculture," states the current issue of Agricultural and Industrial Progress in Canada in discussing the rapidly expanding mining operations throughout the country. "A study of the fields over which mining activity is rapidly expanding makes the realization of this not altogether impossible. Mining operations are now a matter of vital concern to three Canadian provinces, of prime importance to two others, and are becoming of increasing moment to the three remaining large provinces. Developments in Quebec and more recently in Manitoba and Saskatchewan have thrown a new light on the mineral resources of these provinces and the success of the pioneers in these fields has provided the incentive to greater activity in prospecting and development.

"Probably in the opening months of the year a greater degree of interest has been centered upon the oil field of southern Alberta than on any other of the Dominion's many scattered mining sections. The progress of this field renders its future increasingly significant.

"The nickel situation has likewise received a good deal of attention. According to an official statement world demand for nickel has increased more than 100 per cent. during the past year and the present demand is fully up to the productive capacity. Exports of nickel from Canada in the fiscal year ended March 31st were approximately 50 per cent. greater than in the previous year. A programme of elaborate expansion is under way in the industry. A contract has been let under which a chemical plant will be erected at Copper Cliff to manufacture nitric acid, a necessary flux in nickel refining. A company has been incorporated to erect a large electrolytic copper refinery to refine all the copper produced in the nickel mines and at the same time operate on a customs basis. An official statement is to the effect that a market will be found for all the copper produced

and nickel will be mined in proportion to what can be sold."

SEEING AND STATING PROBLEMS (By Glenn Frank)

It is commonly assumed that the most valuable ability is the ability to solve difficult problems.

The fact is, I think that the solving of problems is the last and least difficult achievement in the average organization.

There are four things we must do with our problems, viz:

- First, we must "see" the problem.
- Second, we must "study" the problem.
- Third, we must "state" the problem.
- Fourth, we must "solve" the problem.

As an administrator, I find that I can secure the services of ten men capable of solving even the most difficult problems to one man who, confronted by an unsatisfactory situation or process, is able to see what the problem really is, to study it in its entirety, and to state it with clarity.

Once a problem is seen, studied, and stated, there are usually dozens of experts readily available who can solve it.

This is why humanity has always, in the end, looked with veneration upon its seers.

The men who have made the greatest contributions to science, to government, to religion, to education have not been the problem-solvers but the problem-seers.

One of the perils involved in our excessive worship at the shrine of specialization is the fact that we are training a race of men more gifted in the solving than in the seeing of problems.

Our modern factoryized schools and universities are, by and large, educating for knowledge rather than for insight and resourcefulness in seeing the new things that need to be done.

"It is one of the greatest dangers of modern life," says Alfred Zimmern, "that we are inclined to give up the attempt to study difficult problems as a whole. We relieve our consciences by flinging parts of them to specialists who, in their turn, disclaim responsibility for general conclusions."

Here is a question that means everything to us individually and nationally: Can we salvage something of the spirit of the seer in this age of the specialist?—Cpt. 1929.

PRESS COMMENT

THEIR BEST CUSTOMER.

(La Patrie)
The United States sold us last year \$916,000,000 worth of merchandise, and it is a record of which they have good reason to be proud. Great Britain, which has five times the population of Canada, and is much more dependent on foreign imports, has not been so generous to the American producer, and has only bought from them \$347,000,000 worth of commodities. We have taken the place of Great Britain as the United States' best customer. Is this something to rejoice about?

EMPIRE POSTAGE STAMPS.

(Vancouver Province)
We are strongly inclined to believe that Canadians generally will heartily approve of the proposal for a common Empire stamp to celebrate the restoration of penny postage. If the Chancellor of the Exchequer can see his way to follow Canada's example in regard to postal rates it would be an excellent idea to adopt a stamp for common use throughout the King's Dominions. The familiar tiny sticker with corrugated edges and the King's effigy upon it might very well be made from practically identical dies. The King's head could be the same, the color could be the same, the words "one penny" would serve as "two cents," and unless some genius in the Postal Department discovers bureaucratic difficulties there is every reason for adopting the plan. A common stamp would exercise a continuous influence of undoubted psychological value as a symbol of Imperial unity.

FROM throat to intestines is one continuous tube. When food wastes choke this passage the poisons they give off swiftly seep through the system. That, doctors tell us, is how 90% of common ills begin!

But Fleischmann's fresh Yeast, as millions know today, keeps this passage clean, active—healthy.

The millions of live, active yeast plants in every cake stimulate elimination—gently, naturally. They check the formation of poisons, purify the whole body—restoring normal digestion and clearing the skin of pimples and boils. Eat 3 cakes of Fleischmann's Yeast daily, before or between meals: plain or in water, cold or as hot as you can easily drink. At grocers, restaurants and soda fountains.

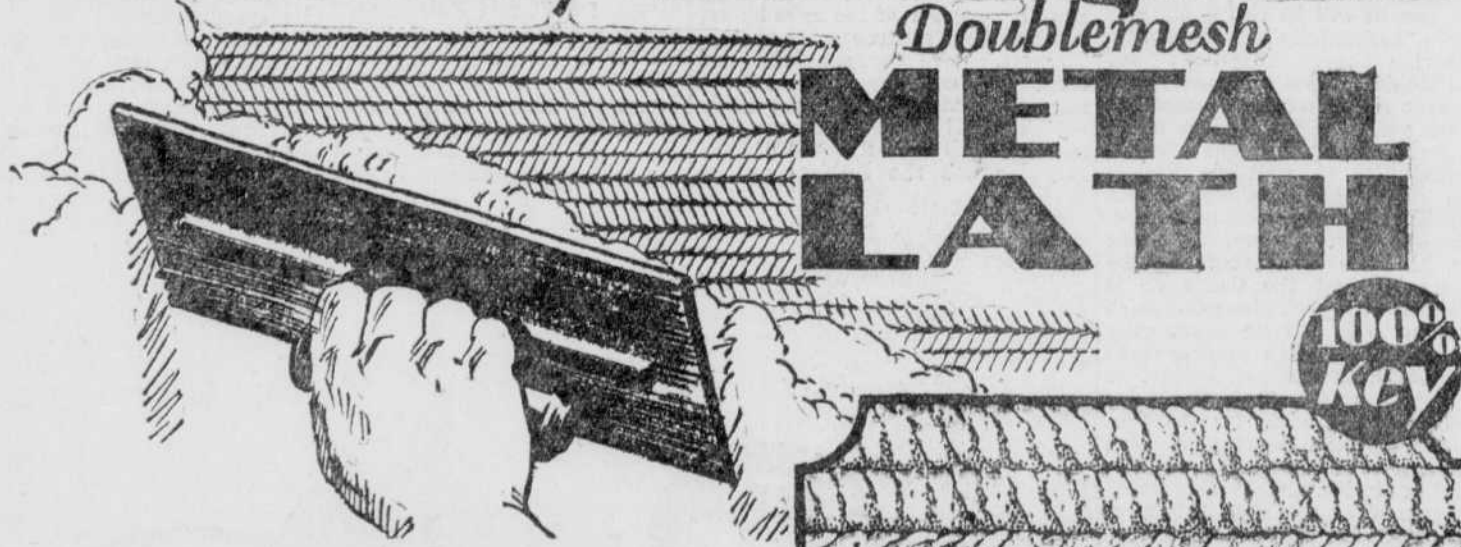

"Yeast regulates the functioning of the intestine... It reduces intestinal fermentation and has a modifying action on nutrition... It is especially used in disorders of the skin."

ATHLETICS ADD HALF GAME TO THEIR MARGIN

Connie Mack's Team Handed Out
Another Beating to Senators
—Red Sox Divided Double
Header With Yankees.

(By Wm. J. Chipman, Associated Press Sports Writer)
NEW YORK, June 19.—Perhaps there ought to be a law, but even that might do little good. It is difficult to believe that any mere statute on the books could protect the Senators from the Athletics. It happened again yesterday at Washington in full view of a hardy band of capital fans—thirteen victories for the Mackmen in fourteen starts against Walter Johnson's men. If this is carried far enough, it may easily mean the margin by which the Athletics defeat the Yankees, presuming always that they do defeat the Yankees.

The score of this latest outrage against Clark Griffith's peace of mind was 7 to 6 and the Senators

threatened to the very last to pull it out. The best, forces did have the satisfaction of seeing Robert M. Grove, star left hander of the American League, making an undignified exit after the second inning, but Rube Walberg was in there when the pay-off took place. The customary parade of Washington pitchers marched through the box, headed by Hadley.

Gehrig Got His Eighteenth Homer
The victory netted the Athletics a gain of half a game over the Yankees, who now trail by eight full games again. The champions got no better than an even break against the Red Sox despite the presence of "Babe" Ruth on the bench. Heimach exercised his customary spell over the Boston team in the opener by 9 to 0, but Pipgras, Zachary and Sherid shot the chutes in the nightcap, which Boston won by 7 to 4.

Lou Gehrig got his eighteenth home run in the opener, holding his tie with Hafey, of the Cardinals, who broke out with a round trip show at Chicago. Other teams in the American League were idle.

Robins Nosed Out Giants
Inspired no doubt by the loose conduct of the Braves, who brazenly took one-run decisions from the Cardinals at St. Louis on Sunday, the roaring Robins hit the warpath at a most inopportune time for the New York Giants. Not satisfied with winning the first game by 8 to 7, the Flatbush flock came right back in the second to win by 7 to 3 on home runs by Rube Bressler and Babe Herman in the eighth and ninth, respectively.

The first game witnessed the rout of Larry Benton and Dazzy Vance. John Morrison did a fair job of finishing for the Robins, but the Giant pitching remained indifferent. Melvin Ott hit his fifteenth homer, and Bill Terry also hit for the circuit. Terry got nine hits out of ten trips to the plate in the two games, bringing his average to .400 and himself to the league leadership.

Cubs Gained on Leaders
The Giants were not the only contending team to run into trouble yesterday. Red Lucas outpitched Irvin Bram at Cincinnati to shade Pittsburgh 2 to 1, and the Cubs thumped the Cardinals 13 to 6 at Chicago, as Hack Wilson hit two homers. This round of results left the Cardinals holding a three point lead. The Pirates were second, three points ahead of the Cubs.

The 4 to 2 victory of the Phillies over the Braves was notable chiefly for the seventeenth home run of

Charlie Klein, the slugging outfielder of the Philadelphia team. Lester Sweetland pitched smart ball against Ben Cantwell and Lavere.

BROWN OUTPOINTED GREGGIO

(Canadian Press Despatch)
NEW YORK, June 19.—The bantamweight division had a ruler today that the New York State Athletic Commission, at least, could recognize—Panama Al Brown.

Brown, whose 118 pounds is distributed over a frame six feet high, decisively outpointed Vidal Gregorio, of Spain, in a fifteen round bout at the Queensboro stadium last night and thereby won recognition by the State Commission as "defending bantamweight champion of the world." The Panama negro, one of the cleverest boxers in the business, also lays claim to the National Boxing Association 118 pound championship.

BOUTS LAST NIGHT

The fights last night resulted as follows:

New York—Al Brown, Panama, outpointed Vidal Gregorio, Spain, fifteen rounds; Kid Chocolate, stopped Teddy Roth, New York, in three rounds; Tony Vaccarelli, New York, outpointed Pete Meyers, San Francisco, ten rounds.
Allentown, Pa.—Tommy Grogan, Omaha, Neb., outpointed Johnny J. J. J., Philadelphia, in ten rounds.
Cincinnati—Maxie Rosenbloom, New York, outpointed Joe Anderson, Covington, Ky., in ten rounds; Larry Sansone, Cincinnati, outpointed Babe Pilleo, Newark, N.J., in ten rounds.
Indianapolis—Eddie Anderson, of Cody, Wyo., knocked out Steve MacDonald, Glaco Bay, one round; Lon Lovelace, Terre Haute, outpointed Charlie Court, Cincinnati, in six rounds.

GOLF AS CHAMPIONS PLAY IT

At what point or angle of the downward stroke should the "zip" —the wrist movement—start?

Answered By

JOHNNY FARRELL

Winner of Eastern, Metropolitan, Wheeling, Massachusetts, Philadelphia, Chicago and Pennsylvania Open Championships, 1927; La Gorce Open, 1928; Tied for Bahamas Open, 1928; National C-n, 1928.

The "zip" or wrist movement should come into the downswing after it is more than half completed—that is, after your club is more than half way down.

This factor is important in the timing of the stroke. Getting the zip in too soon means applying power at the wrong place. The zip, which means the power, should start about half way down and continue on through the ball. If it is put in sooner part of the power of the stroke will be lost.

ST. ROCH AGAIN TOOK FALL OUT OF 'CHAPPIES'

Local Team Registered Their
Fifth Straight Victory Last
Evening—Launched a Batting
Bee in Opening Frame.

With Aime Morin displaying brilliant form on the mound, the St. Roch team registered its fifth straight victory over the Chappies, of Quebec, at the Ball Park last evening. It was one of the best games seen here this year, the final reading of the score board being four to three.

The locals actually won the game in the first inning, when they tallied all their runs and chased Hackett, the visiting twirler, to the showers. Corbett replaced Hackett on the mound for the visitors and throughout the remainder of the game held St. Roch in check. Meanwhile the Chappies continued a determined uphill fight, but Morin proved a little too good for them, although it was a narrow shave with the visitors struggling for the tying run in the last four innings.

The Chappies broke into the scoring in the fourth frame when they tallied two runs, to which total they added another counter in the fifth. From then on it was a battle royal, with the locals holding tightly on to their one run margin, which proved sufficient to win the game.

A prompt start, which seems to have become a habit in recent games, allowed the thousand fans present last evening to witness a full nine inning game, the encounter being over, long before darkness set in.

The score by innings was:

Chappies . . . 000 210 000 3 7 2

St. Roch . . . 400 000 000 4 5 2

Batteries: Chappies, Hackett, Corbett and Cayson; St. Roch's, Morin and Landry.

Umpires, Grant Kelly, of Richmond, and George Hume, of Magog.

MISS LESSARD, OF THETFORD, WON HER MATCH

Will Enter Second Round of Provincial Ladies' Championship Golf Tournament.

(Special to the Record)

MONTREAL, June 19.—Among the eight players that survived the first round in the Provincial Ladies' Championship Golf Tournament at the Summerlee course yesterday was Miss Lucienne Lessard, of Thetford Mines.

Miss Lessard, who has been playing very good golf this year, defeated Miss Peggy Yule, of Royal Montreal, six up and five to play, and today meets a strong player in Miss Eileen Kinsella, of Senneville.

Miss Lessard's club-mate, Miss E. McNaughton, however, did not fare so well, being defeated after an interesting contest, by Miss L. Papineau, of Ival, by five up and four to play. Other players to qualify to enter the second round of the championship are Mrs. S. T. Blaiklock, Royal Montreal; Mrs. Dagenais, Ival; Miss Doris Taylor, Summerlee; Miss Maud Ross, Royal Ottawa, and Miss Dora Virtue, Whitlock.

In the championship consolation flight Miss E. McNaughton, of Thetford Mines, meets Mrs. H. R. Pickens, of Marlboro, today.

Y.M.C.A. NOTES

GLIDER CLUB

Up to the present there have been no plans received for the construction of a glider, but it is hoped that something will be on hand this week.

SHERBROOKE ATHLETIC ASSOCIATION

A meeting of the executive of the Sherbrooke Athletic Association will be held tonight in the Y.M.C.A. at 8.15 o'clock for the purpose of drawing up plans for the coming season.

TENNIS CLUB

The executive members of the Y.M.C.A. Tennis Club are very anxious to get a tournament started for the membership, and would be pleased to have all who would like to take part leave their names at the Y.

BOYS' CAMP

During the past few days there has been considerable interest shown in the boys' camp, and a large number have already registered. Members of the boys' work committee would appreciate an early decision by every boy that intends going to the camp.

SPORTSMAN

A Londoner, a strong swimmer, was spending a holiday at Le Touquet. He bathed each day at a part of the coast generally considered to be dangerous. He noticed that on every occasion a Frenchman on the shore watched him with gloomy interest. One day the Saxon broke silence.

"You like to see me swim?" he asked.

"Mais, non," the other shrugged.

"But here they pay five francs for the recovery of a body!"—Sporting and Dramatic.

RAILROADERS AND Y. M. C. A. PLAYED DRAW

Fast and Furious Contest Waged
Last Night at Parade Grounds
Between Two Local Teams—
Standing in League Unchanged—
Contest One of Best Witnessed This Year.

Quebec Central and Y.M.C.A. battled their way through ninety minutes of fast and furious play at the Parade grounds last evening to a one all draw in a scheduled fixture of the Eastern Townships Football League. Although the victory gave each team an additional point, the result made no change in the League standing.

With both teams rapidly rounding out into good condition, the game last night was one of the best witnessed by fans this year. From the opening to the final whistle both elevens tore into the fray with a spirit that kept the pigskin moving rapidly from one end of the field to the other. It was not until twenty minutes of the first frame had been ticked off the timekeepers' watches that a tally was notched up, Bennett scoring for the Railroaders when his drive from the lane struck Jackson on the back and caromed into the Triangle nets. The "Y" staged a stiff offensive and were successful in equalizing the count three minutes later, when Terry Jackson lifted a high lob from centre which caught Styles napping. For the remainder of the game both teams made strong bids for honors, but sound defensive play by the opposing backs and spectacular net work by Styles and McGinty held the game a draw until the final whistle.

Mr. A. Davidson handled the whistle.

The line-ups were:

Q.C.R.—Stoyles, Grimes, Pearce, McHarg, Joiner, Loach, Grimes, McNally, Hammond, Penland and Milne.

Y.M.C.A.—Boddy, Wooton, Jackson, Westlake, Haines, Elford, Grey, Robertson, T. Jackson, Adair and Bell.

The league standing to date follows:

	W	L	D	F	A	P
Q.C.R.	6	1	1	18	4	13
Colchester . . .	4	1	1	18	3	9
Y.M.C.A.	3	1	2	13	6	8

GRANBY

The comedy-drama, "Yimmie Yonson's Yob," drew crowded houses in the new Drummond street hall on Thursday and Friday evenings, June 13th and 14th, and the hearty applause and merriment showed how thoroughly it was enjoyed. The plot of the drama is unique, holding the attention from the start to the dramatic finish. There were no weak spots in the cast. Mr. Kent, (taken by Mr. S. Riley) was excellent, while Mrs. Kent, (Mrs. L. N. Thompson) was a sweet, patient, sorrowing woman; Frank, (Mr. S. Perryman), a fascinating villain, after money, no matter how or where; Micky, (Mr. Alfred Wade), such an excitable, ghost-hunting Irishman; Pal, (Mr. L. N. Thompson), a shrewd detective; Yimmie Yonson, a Swede from Minnesota, (Mr. E. E. Eskin), whose romantic, humorous, good-natured and lifelike acting was very real; Belle, (Miss Gladys Osgood) a sweet, gentle daughter, and again lively and full of mischief; Silvia, (Mrs. H. Taylor), was superior, fearful, nervous and peevish as the

AN IMPORTANT BUSINESS MERGER HAS BEEN MADE

New Company Known as Niagara Hudson Power Corporation and Will Unite Through Exchange of Stock Several Corporations.

NEW YORK, June 19.—Plans of J. P. Morgan and Company for a unification of the eastern power systems moved another step forward yesterday with the announcement of the merger of three upper New York state companies into a \$600,000,000 corporation.

The new company to be known as Niagara Hudson Power Corporation will unite, through an exchange of stock, Buffalo, Niagara and Eastern Power Corporation, Northeastern Power Corporation and Mohawk Hudson Power Corporation. The new company will serve the entire upper New York state, except for the Rochester district, from Buffalo to Albany and north to Malone and Watertown.

HONORARY DEGREES WERE CONFERRED UPON SEVEN BY PRINCETON COLLEGE

Mr. J. P. Morgan, Noted Financier, and Sir Wilfred Thomason Grenfell Honored by University.

(Associated Press Despatch)

PRINCETON, N. J., June 19.—John Pierpont Morgan, financier and member of the Paris Reparations Commission, was one of seven to receive honorary degrees from Princeton University yesterday. The degree of doctor of laws was conferred upon Mr. Morgan.

Sir Wilfred Thomason Grenfell, Labrador explorer and medical missionary, received the degree of doctor of laws.

NEW YORK PRESS MARKET COMMENT

New York World: Despite the retarding influence of profit taking, the momentum of the advance was strong enough to carry through the day. More issues advanced than declined, and the net gains were generally more extensive than the losses.

Wall Street Journal: While some tightening is to be expected in the demand loan market before July 1st, the longer outlook in the money market is toward cheaper rates. This position is strengthened by the inflow of gold.

Wall Street Journal will say today: Soo Railway gross climbed in May.

O'Fallon no aid to rail stocks. Best year seen for Brake Shoe. Durant still bullish.

VATICAN PAPER ISSUED WARNING TO CATHOLICS

Catholics of Peninsular Warned to Keep Their Eyes Open and to Be on Guard for First Attacks of Enemy.

(Associated Press Despatch)

VATICAN CITY, June 19.—Observatore Romano, which is used for the official pronouncements of the Vatican, under the heading "Protestant Peril in Italy," warns the Catholics of the Peninsula to "keep their eyes open" and to be on guard for "the first attacks of the enemy."

The newspaper goes on to say Protestantism is against "The soul and tradition of the Italian people" and asserts that its alleged financial dependence on foreign sources is an indication of other dependencies.

"The dioceses of Northern Italy which have never known Protestantism propaganda are today assaulted by small minorities disposing of immense capital," the article says. "And, let us recognize it, of ardor and tendency. Graver still is the situation in the south. In the last few years in eleven dioceses of Abruzzi only two were immune from infraction."

MONTREAL LIVE STOCK MARKET QUOTATIONS

MONTREAL, June 19.—There were 15 cattle, 130 calves, 616 hogs and 56 sheep and lambs for sale on the two live stock markets here today, including about 400 hogs held over from Monday and Tuesday markets.

STOCK PRICES AT MONTREAL WERE 'SOFT'

There Was Little Activity at Opening of Market, With Brazilian Receiving Bulk of Attention.

(Canadian Press Despatch)

MONTREAL, June 19.—Stock prices were generally soft at the opening of the Montreal Stock Exchange this morning. There was little activity, with Brazilian receiving the bulk of attention. This issue opened at 58½, off ½. The rest of the list suffered fractional declines. Abitibi was down ½ at 42½, Canada Car, Montreal Power, Dominion Bridge and Steel Preferred were all off ½, while Nickel and Shawinigan eased ¼ point.

UPWARD PRICE TENDENCY ON WALL STREET TODAY

NEW YORK, June 19.—Upward price tendencies again predominated at the opening of today's market. General Electric showed an initial gain of 2½ points, National Lead 2, and Johns-Manville and American and Foreign Power a point each. Allied Chemical and American Can fell back a point on opening transactions.

POTATOES — Potatoes were cheaper yesterday. New potatoes from Virginia were, per barrel of 165 lbs. net, \$5.50 for No. 1 quality, \$4 for No. 2 and \$3.25 for culls. Old potatoes were also easier, being 45c per 90 lbs. in bulk for New Brunswick Green Mountains on track here, in carlots. There were heavy arrivals over the week-end track stocks yesterday being 22 cars of new potatoes and 46 cars of old potatoes.

POULTRY — Poultry was cheaper. Dressed broilers, chickens and fowl were reduced generally 1c and 2c per lb. Prices to the retail trade were quoted by jobbing houses as follows:

Squab broilers, 48c to 50c per lb.; selected broilers, 42c to 46c per lb.; selected chickens, 38c to 44c per lb.; with milk-fed chickens, 48c to 49c per lb.; selected fowls, 28c to 36c per lb.; selected turkeys, 40c to 50c per lb.; selected geese, 30c per lb.; selected ducks, 31c per lb.; domestic ducklings, 34c per lb.; green ducklings, 37c per lb. These prices are for "Standard" poultry. For "A's" prices are 2c to 3c per lb. less on all lines except turkeys. "A's" prices are 2c to 3c per lb. which are 4c less.

Rich and poor, large amounts and small, in fact, all classes are advised to invest at least one hundred (\$100) of your savings by buying stocks in this company, before they are placed on the market, in order to benefit from the high values which they will have when they have been listed and the high value which they will maintain.

This mining proposition is one of the most important in the northern section of the Province of Quebec and we sincerely believe without making any exaggeration that the value of these parts will surpass those of Noranda within the next few years.

We earnestly recommend and advise you very strongly to buy today, so as to reap the greatest possible profits.

A visit to our office will convince you of the value of these mining stocks.

Every once in a while some new mining enterprise comes to the front and spreads wealth among thousands.

Mabell Mines bids fair to be one of the next sensations and we are joined in this opinion by some of the most capable and highly regarded mining engineers in Canada.

THE CORPORATION: FOREIGN POWER SECURITIES CORPORATION, LIMITED.

1927 under the laws of the Dominion of Canada and is primarily interested in the acquisition of the securities of hydro-electric and public utility companies operating in foreign countries. The Corporation's funds may be employed temporarily by investment in high-grade bonds or shares of Canadian or foreign origin. Since the organization the Corporation has acquired a substantial interest in the securities of the following electric light and power companies operating in the Republic of France and the French Colony of Madagascar: L'Énergie Industrielle, Hydro-Electrique du Sud-Est, L'Union Hydro-Electrique Armoricaine, L'Énergie Electrique Rhone et Jura, Hydro-Electrique des Basses Pyrenées, Hydro-Electrique du Verdon, Française Auxiliaire pour l'Electricité, Force et Lumière des Pyrenées, Electricité et Eau de Madagascar. Through its investment in securities of the foregoing, the Corporation is indirectly interested in their subsidiaries.

The above-mentioned Companies (and subsidiaries) operate 56 hydro-electric plants and 20 steam plants with a total installed capacity of 357,246 h.p. The distribution system comprises 12,000 miles of transmission and distribution lines. In addition the Companies have undeveloped power sites estimated capable of producing a further 573,000 h.p.

These Companies, whose operations are carried on in various sections of France, were serving, at April 30th, 1929, 661,799 customers located in 2,538 communities with a population of over 3,600,000. In 1928 the electrical output of the Companies amounted to 662,000,000 kilowatt hours and the output of gas was 2,625,000,000 cubic feet.

REVENUE: The revenue of the Corporation is derived from the interest and dividends received upon its invested capital, to which may be added from time to time profits secured by reason of the sale of any part of its investment holdings. Messrs. Price, Waterhouse & Company, Chartered Accountants, Montreal, have certified that net revenue, after deducting expenses and taxes (other than Canadian Income Tax) for the period from the commencement of operations in May, 1927, to October 31st, 1928, amounted to \$434,317.53. Net revenue, on the same basis, for the six months ended April 30th, 1929, amounted to \$416,812.77. This is at the rate of more than 2½ times the annual interest requirements on the Bonds of Series "A" before receipt of any benefit from the additional capital provided by this issue.

All orders will be received subject to the approval of the proceedings by Counsel and to the issue and sale of the Bonds as planned. The right is reserved to reject any application, and also, in any case, to allot a smaller amount than applied for.

These Bonds are offered as, if and when issued and received by us and subject to prior sale and the conditions stated above.

AERIAL SURVEY TO BE MADE AT LAKE MEGANTIC

Flying Officials Arrive at Lake
Megantic to Engage in Photo-
graphic Work for Geographi-
cal Survey.

LAKE MEGANTIC, Que., June 19. — Flying officer Brown, of Ottawa, flew here Tuesday, accompanied by Mechanics Roberts and L. A. C. Desbiens. They expect to stay here for a month or six weeks during which time they will be engaged in photographic work for the geographical survey. Flying officer Brown is connected with the Royal Air Force and was here for some time last summer, engaged in the same work.

CUSTOMS DEPT. WERE BUSY AT BOUNDARY LINE

Monthly Report for Vermont
Shows that Eight Automobiles,
4,199 Bottles of Liquor and
Rowboat With Forty-Six Bot-
tles Were Seized During
Month of May.

ST. ALBANS, June 19. — Law enforcement activities of the customs and border officers in the Vermont district under the direction of Collector Harry C. Whitehill resulted in the seizure during May of automobiles and merchandise to the value of \$1,626.15, and the confiscation of four thousand, five hundred and sixty-four bottles of contraband liquor.

In addition to the eight automobiles and 4,199 bottles of liquor taken into custody by the border patrol, a rowboat and its cargo of forty-six bottles was captured and seized. The remainder of the liquor seized during the month was found abandoned by customs inspectors during the customary inspection of trains, or taken from amateur smugglers attempting to get by with small quantities for their own use. Failure in the latter cases resulted not only in the loss of their liquor, but in summary penalties of two dollars to five

TOTAL OF 11,622 DEATHS IN CANADA LAST DECEMBER

Influenza Accounted for 1,849
and Pneumonia 1,331, Ac-
cording to Figures Issued by
Dominion Bureau of Statistics.

(By the Canadian Press)
OTTAWA, June 19. — The preliminary report on vital statistics for the month of December, 1928, issued by the Dominion Bureau of Statistics, allows for the first time a comprehensive view of the mortality throughout Canada in that month due to the influenza epidemic of last winter.

Deaths in the nine provinces for the month of December totalled 11,622 of which 1,849 were attributed to influenza and 1,331 to pneumonia. These figures compared with 8,857 deaths in December, 1927, of which 211 were caused by influenza and 741 by pneumonia, while the total deaths in December, 1926, numbered 9,024 with influenza certified as the cause in 341 cases and pneumonia in 878 cases.

WOULD PREVENT FUTURE VISITS OF NEGROES TO WHITE HOUSE FUNCTIONS

Although Resolution Adopted by
Florida House of Representa-
tives Was Originally as Pro-
test at Recent Visit of Mrs.
Oscar De Priest, It Has Since
Been Made into General
Dominion Bureau of Statistics.

(Associated Press Despatch)
TALLAHASSEE, Fla., June 19. — The Florida House of Representatives has adopted a resolution protesting "certain social policies of the administration in entertaining negroes in the White House on a party with white ladies."

The resolution was originally worded to direct the protest at "the act of Mrs. Herbert Hoover in entertaining the wife of Oscar De Priest, negro congressman from Illinois at the White House, but before passage it was amended to make it general in terms.
