Beginning of Campaign to Drive Back Teuton Invasion of Serbia is Auspicious for Entente—Rumors of Salonika-Nish Railway Cut Near Vranje

Special Star Cable by United Press. ROME, Oct. 18.—The Allies landed troops at Enos today, according to the Messagero, and seized the neighboring Dodegatch railroad.

Enos is on the Gulf of Seros, in Turkish territory, opposite the Gallipoli Peninsula, and the railroad referred to would be needed for operations in Turkey or Bulgaria. Its southern terminus, Dodegatch, has been Bulgarian since the first Balkan war.

Special Star Cable by United Press. LONDON, Oct. 18.—Occupation of Strumitza by the Allied forces is confirmed by a despatch to the Exchange Telegraph Company from Athens. The despatch adds that the Allied armies are advancing.

A number of Allied warships are cruising in the Aegean off the Bulgarian port of Dodegatch. The British blockade of the Bulgarian coast, says a despatch from Athens, is a prelude to combined land and sea operations along the Aegean coast of Bulgaria and Turkey. In these operations Italy will be represented by a naval squadron and a number of transports.

Special to The Montreal Star from Our Own Correspondent. OTTAWA, Oct. 18.—Lord Kitchener's call for three million men and the urgent necessity of increased recruiting in order to bring the war to a speedy and successful conclusion is taken as involving the need of Canada contributing a more effective quota than at present to the cause of the Empire.

It is reasonable to anticipate that in the course of a few weeks, or at any event before long, authority will be issued for raising additional troops in this country. By spring it is probable that upwards of 200,000 men will have been enlisted or will be in process of recruiting.

At the present time about 140,000 men have been enlisted. There are 50,000 in the front, 30,000 in England, 20,000 in training in Canada, and about 20,000 doing guard duty in different parts of the Dominion, while to this property should be added about 10,000 casualties, probably half of the victims of which will be able to return to the front.

When the Prime Minister and the Minister of Militia returned from their tour of the front, it was anticipated that an announcement would be made as to the character and extent of additional forces, but though it is known the matter has been under consideration, no definite conclusion has been given out.

SCOUTS PARADED BEFORE THE DUKE

Duchess of Connaught Sees Sports at McGill University

Inspection was held by both His Royal Highness, the Duke of Connaught and His Royal Highness, the Princess Patricia on Saturday, and both expressed their pleasure at the smart appearance of the soldiers reviewed at a conference that when these men get to the front they would worthily uphold the honor of the Dominion.

Her Royal Highness, the Duchess of Connaught was also busy on Saturday, attending the first official sports of McGill University at the new stadium and campus. She was accompanied by the Princess Patricia and by Sir William Peterson, principal of the University. All seemed interested in the struggle between the Freshmen and the Sophomores, in which the former proved the superior in the majority of contests.

Her Royal Highness, the Duchess of Connaught, in his role of Chief Scoutmaster of the Dominion, attended another function yesterday morning, inspecting about 800 Boy Scouts gathered from all parts of the city, and speaking with encouragement and praise to them from the steps of the Strathcona residence on hereditary attack from which he afterwards took the salute.

There was a large muster for the parade. Lord Col. G. R. Starke, provincial commissioner, and City Commissioner McInnes, McIntyre, headed the parade, which was commanded by Major J. A. Ewing, district scoutmaster, with E. A. Stangor, assistant scoutmaster, and H. A. Lordy, provincial secretary.

The scouts paraded at Fletcher's Field, and marched to Bonaventure street, where they divided into four parties, the Catholic Scouts, the St. Patrick's Church, and the Protestant to the Mount St. Vincent, St. Charles Church. After the services the Victoria Bugle Band marched to the Strathcona residence, where they

DROLET ST. DEAL PUT OVER AGAIN UNTIL TOMORROW

Incomplete Board of Control Did Not Consume it Today

BIG TRUMP CARD IS EXPECTED NEXT

Opponents of Bargain Said to Have Blocking Measure Ready

Utter failure this morning attended two attempts made to have an item on the famous Drolet street deal...

The deal was finally put over for discussion at tomorrow morning's session of the board when, persistent reports have it, opponents of the deal are to play a trump card that will block the affair once more.

The proprietors will not get their money was the declaration of one bitter opponent of the deal today.

The first attempt to have the deal ended was made while Mayor Martin and Controllers Cote and Hebert were sitting at ten o'clock. Controller McDonald did not arrive till 10:15 and Controller Alney till 10:35, both averring—and Controller Cote agreeing—that the session had been set for 10:30, not ten o'clock, this morning.

As soon as the three members were in session, Controller Hebert started reading a proposal "seconded by Controller Cote," that the board annul the resolution of September 28, by which the city treasurer is forbidden to pay out the money until further orders from the board.

"Just a minute," said the mayor, "I am favorable to the payment of the amount, but I think we should wait for Messrs. McDonald and Alney. We do not want them to say that this affair was pushed through while they were not here."

"I was just going to suggest the same thing," said Mr. Cote, so Mr. Hebert dropped his motion for the time being.

Routine business was taken up and went forward for a few minutes when Mayor Martin, with his eye on the clock, declared:

"We will wait until eleven o'clock. Then if they are not here, we will go forward with the motion."

At that moment Controller McDonald arrived. He questioned the hour of the meeting, and the routine business went forward until about more the motion came up and was read by Mr. Hebert as follows:

"Resolved, that the resolution of September 28, 1915, prohibiting the city treasurer from making any payment made out in the name of Severo L. Violette in connection with the expropriation of Drolet street, be proposed by Controller Hebert, seconded by Controller Cote, that the said resolution be annulled."

"Make that a notice of motion," suggested Mr. McDonald.

"I read the motion, but I was given the right to make it later in the meeting as the board was incomplete," replied Mr. Hebert.

Mr. McDonald looked at his watch and called attention to the fact that Controller Alney as evidence that there had been some misunderstanding as to the time of meeting.

"I think it should be made a notice of motion. Your rules make it obligatory if such a request is made," he repeated.

"Controller Hebert demurred, but Mayor Martin cut short all discussion by shouting 'Notice of motion,' and the matter went over until tomorrow morning's meeting."

AN ALIEN ENEMY CANNOT SUE HERE IF HE'S INTERNED

Question Decided by Mr. Justice MacLennan in Austrian's Case

An alien enemy who has not registered with the authorities, and who is interned, cannot proceed with any civil action he may have taken, until the close of the war.

This was decided by Mr. Justice MacLennan this morning in the case of Mihal Giesu versus Mrs. Tille Lang. It was before Mr. Justice MacLennan that Giesu unsuccessfully tried to obtain his liberty on a writ of habeas corpus not long ago.

Giesu filed an action against Mrs. Lang for a certain amount and her lawyer made a motion to have the case dismissed on the grounds that Giesu was an alien enemy.

The judgment is the text of the judgment. The court having heard the parties to the case and the defendant's motion for the dismissal of the action on the ground that the plaintiff is an alien enemy interned as a prisoner of war, having examined the documents of record, and deliberated:

"The plaintiff instituted his action on July 9, 1915, to recover an alleged civil debt. He is a citizen of Austria, has never been naturalized as a British subject, and is, in the judgment of the Registrar, not a citizen of this country. On July 25, 1915, he was interned as a prisoner of war, by the Registrar of alien enemies in Montreal, in person who, in the judgment of the Registrar, could not consistently with the public safety be allowed at large, and since that date has been interned in the military authorities. The defendants have moved for the dismissal of the action on the ground that the plaintiff, as an alien enemy, is not entitled to sue or be sued, and that a writ of habeas corpus is not a legal proceeding of any kind.

"The plaintiffs' internment as a prisoner of war took place after his action had been duly entered and returned in due form. The status of the plaintiff as an alien enemy, or should it be merely suspended until the termination of the war now existing between this country and Austria, does not affect his right to sue and be sued, and his liability to be sued has recently received very full consideration by the Court of Appeal in England, in which Lord of Reading stated the law as follows:

"Whenever the capacity of an alien enemy to sue or proceed in our courts has come up for consideration, the authorities agree that he cannot enforce his civil rights and cannot sue or proceed in our courts of the realm."

By the existing law of the country, the mere fact of internment in the military authorities does not suspend any rights of action which at the time of the outbreak of the war any alien enemy may possess.

"This is a civil court of the realm and plaintiff has no right to proceed with his action while the application of the law of the realm is suspended by the operation of the law of the realm in relation to the plaintiff for a writ of habeas corpus on the ground among others that an alien enemy has not been registered with the Common Law of England. The plaintiff's action and all proceedings in it are therefore suspended until after the termination of the war now existing between this country and Austria."

"The only hint given why the nomination paper had been rejected, as said, was that it contained no street address. The petitioner had, however, been unable to see the paper as it had been sent to Ottawa."

Judge MacLennan—But you know whether the street address was given or not. Mr. Marshall ought to know that. Garneau—We have not the document.

Judge MacLennan—But Mr. Marshall ought to know. I am asking you what he did.

WHAT ABOUT ADDRESS. Mr. Garneau—My information from my client is that he described himself as 'Tancred Marsil, of the city and district of Montreal, journalist.' Mr. Garneau argued that if no street address was given, that was not sufficient reason for rejection of the nomination paper. He claimed that the fact of space being left for an address in the form attached as a schedule to the Dominion Elections Act could not act as an amendment to a candidate's name, which had not been repeated, requiring the name, domicile and profession of the candidate. Mr. Garneau claimed that all these particulars had been given.

Rodolphe Monty, who appeared for Garneau, argued that a mandamus could not lie in the present case. The only proper way to proceed, if there were any irregularities, was by way of an election petition.

Garneau, he said, had already deposed that all documents in connection with the nomination to the Clerk of the Crown in Chancery, an official over whom the Dominion Parliament alone had control, if they had been granted, therefore, the returning officer in Hochelaga could not proceed with the holding of an election.

MARSIL ASKS THE COURTS TO ORDER ELECTION HELD

Long Argument Heard But No Decision Reached So Far

WANTED TO ASK SOME QUESTIONS

Lawyers Dispute Over Calling of N. Gourgeon, the Returning Officer

Tancred Marsil made his application before Judge MacLennan in the Practice Court this morning to compel Narcisse Gourgeon, returning officer in Hochelaga division to hold an election.

The exciting events which followed Mr. Marsil's attempt to secure acceptance of his nomination paper in the Hochelaga by-election have already been told. Today, there was evidence that the excitement is as keen as ever. The court room, generally attended by one or two members of the bar, was packed, many of them waiting patiently while the court went through the regular roll right on till well after the noon hour, when the Marsil application was called.

There was long argument—argument which will continue this afternoon. The point was raised before adjournment, whether Narcisse Gourgeon could be examined.

LAWYERS DISAGREE. The point in question was an affidavit sent by Mr. Gourgeon to the Clerk in Chancery at Ottawa, which stated that E. L. Patenaude had been duly elected in Hochelaga. Leon Garneau and J. Marsil, who represented Mr. Marsil's interests, declared they wanted to examine Mr. Gourgeon on his reason for stating that Mr. Patenaude had been elected.

"We want to know if he has a copy of his certificate—that is reasonable," said Mr. Perron.

"Well, you won't ask him," retorted counsel for Gourgeon; and at this point there was an outburst of laughter.

In support of the petition for a mandamus, Leon Garneau reviewed the incidents of the nomination.

Some twelve or fifteen Canadian soldiers on overseas service first saw the light of day in the Montreal Foundling and Baby Hospital.

One is an officer in the aviation corps, another has been mentioned in despatches and a third is recommended for bravery.

The twenty-ninth annual meeting of the hospital is being held this afternoon. Since the hospital moved to its new quarters at 750 St. Louis street in December last, more than double the number of babies has been received. With the extra space and work the expenses have increased and the treasurer's report shows a deficit of more than \$1,000.

The Local Council of Women has used the hospital milk station, over 100 babies have been taken there daily while clinics have been held four times a week by local doctors.

Miss Phillips, superintendent of the hospital, has given lectures to mothers on the care and feeding of babies and has also spoken on the subject at the Y. W. C. A. and at the various settlements.

The private wards have been full this year and many premature babies have been brought up in the hospital. Owing to war conditions many of the parents have not been able to pay even \$1 a month, but the work has been carried on just the same.

The training school for nurses has been well attended. Doctor Black presides at the medical board, Mrs. James Thom, has resigned from the position of director. She has gone to England to be near her son, who is at the front.

Following the resignation of Mrs. H. V. Meredith, Mrs. M. J. D. Opper and Mrs. Alex. Woodie, treasurer, Mrs. J. C. Cameron, recording secretary, Miss Fyffe, and corresponding secretary, Miss Grace Robertson.

\$50 FOR SELLING WITHOUT A LICENSE

Convicted of keeping liquor on his premises, and of selling it without a license, Joseph Racine of 223 Cadogan street, was sentenced this morning by Recorder Semple to a \$50 fine with the alternative of three months in jail on each count. Racine was arrested by Lieut. Savard, and pleaded guilty.

The operators of five other alleged "blind pigs" created by Cap and Dandenault of the Chaboulet square station, pleaded not guilty before Recorder Semple, and will be tried tomorrow.

They belonged, the captain says, to a combine, and it was impossible to buy liquor at their places unless one had the password, which was changed constantly. The arrests were made by two of the captain's constables who disguised themselves as Italians. The names of the five accused, who are at liberty on \$100 bail are: Lucie Caradei, 4 David Lane; Tomasi Donato, 18 Imperia Lane; Theresa Romandi and Giovanni Venditoli, 5 and 7 School street; and Gavara Bonata, 118 St. Felix street.

HIGH PRAISE FOR FRENCH-CANADIANS

Says 22nd Battalion Under Col. Gaudet Displayed Great Coolness

COL. F. M. GAUDET

The work of whose French-Canadian Battalion is mentioned in official despatches.

Special to The Montreal Star from Our Own Correspondent. OTTAWA, Oct. 18.—Splendid heroism and magnificent self-sacrifice by Major A. V. Roy, of the 22nd Montreal Battalion, is recounted in the official eye-witness report from the front, received by the Minister of Militia last night.

The Montreal regiment and also the 25th, of Regina, under Col. Embury, come in for special commendation for their bravery in dealing with a German surprise attack, which failed completely.

Generally speaking, there was no change on the Canadian lines last week. The text of the official representative's report follows:

FRENCH-CANADIANS PRAISED.

Special mention is also made of the 22nd French-Canadian Battalion under Col. Gaudet, of Montreal, which, according to the official statement, "displayed great coolness in dealing with this surprise attack of the enemy, which consequently failed completely."

"In future Canada is to have a weekly communique of its own intended to supplement the communique of the Allied Governments and issued on lines similar to the communique of Sir John French.

The communique, which is full of incidents of the personal gallantry of officers and men and speaks glowingly of the bravery of the Canadian regiments which have been in action during the past week, follows:

"On October 6 Major A. V. Roy, 22nd Battalion, Montreal, was standing in a trench issuing orders to Company Sergeant-Major Marion and others. The enemy trench mortar shells were falling in the vicinity. Brig.-Gen. Watson, Quebec, had just passed along the trench, when a mortar shell fell into the trench a few feet from Major Roy and his men.

The shell did not burst on impact, and, rushing towards it, Major Roy bent down with the object of seizing it and throwing it over the parapet in order to save the lives of those near him. Before he could grasp it, the projectile exploded, inflicting wounds from which Major Roy shortly afterwards died. His gallant self-sacrifice has been specially reported by his brigade and divisional commander.

NO CHANGE ON FRONT.

"During the period October 8 to 14 there has been no material change on the front of the Canadians. On the afternoon of October 8 the enemy exploded four mines at points on the front of one of our divisions, simultaneously opening a heavy bombardment on the area affected. The enemy advanced into the craters, but was driven out of them by our bombers.

"At one point, two German officers led a party through a crater. One was blown to bits by our bombers and the other rolled back into the crater. This party then withdrew. At another point a party of the enemy reached our trench and attempted to effect a permanent lodgment, but was driven off with fixed bayonets. Our companies manned their parapets and machine-guns, frequently cutting the enemy's wires and bringing in samples.

BRAVERY OF CANADIANS.

"On the afternoon of October 8, Lieut. J. G. Anderson, accompanied by Pte. A. H. Whyte, both of the 5th Battalion, encountered five of the enemy in a German sap. One of the enemy was killed and three wounded. On the morning of October 9, reinforced with three bombers, they revisited the sap, driving off a German working party and bringing in two rifles and equipment of value for identification purposes.

"On the morning of October 10 we exploded a mine in front of our first brigade. The explosion was heard working in his mine gallery a few feet away, just prior to the explosion. It is believed his losses were considerable. On the afternoon of October 13 a demonstration was carried out all along our front. The fire of our artillery was effective both against the enemy's wire and against the enemy's supports were being brought up. The enemy's wire and heavy artillery, machine-gun and rifle fire.

"At one point, under cover of smoke a party of thirty men and machine-gun fire was opened on the party. Major Brown was wounded in the advance, but continued to direct operations. The crater was entered by a few men under Lieut. Fairweather and McPhee, and rendered untenable to the enemy. The crater was then evacuated.

"During the retirement, Sgt. W. C. Wyer, 26th Battalion, St. John, succeeded with the help of Pte. E. Daley in bringing in a wounded man under heavy fire.

"Four working parties have been continuing employed in strengthening and improving our defences. Considerable rain has fallen during the period, and at times fog has been prevalent."

HEROIC WORK IN EUROPEAN WAR OF NOVA SCOTIA MEN

Special to The Montreal Star from Our Own Correspondent. OTTAWA, Oct. 18.—Heroic work at Front by the Nova Scotia Regiment is indicated in despatches

which have been received by the Minister of Militia. Very disquieting rumors have been current at Ottawa for some days, the report having been that the regiment had been blown up by German mines with disastrous results.

Major-Gen. Hughes immediately instituted inquiries and an official report on the subject was received yesterday. It discloses that four mines were exploded near the Nova Scotia Regiment entailing a loss of thirty killed and wounded. To escape the falling rock and debris, the regiment fell back temporarily, but they rallied immediately and succeeded in capturing every foot of the lost ground.

The feat was made the more remarkable by the fact that it was the first time the regiment had ever been in action.

The Prime Minister and the Minister of Militia both cabled congratulations to the regiment, whose work is compared to that of the veterans of Wellington before the mines of Badajoz.

ESTABLISH RECRUIT ROGUES' GALLERY

Special to The Montreal Star from our own Correspondent.

OTTAWA, Oct. 18.—The professional recruit is to be done away with by means of a recruiting rogues' gallery, in which will be displayed photographs of men who make a habit of enlisting and deserting.

It has come to the attention of the Militia Department that a number of men have been accustomed to enlist in one division, serve a while and draw soldier's pay, and then desert, afterwards repeating the performance in some other city.

The practice is to be ended by circulating in each centre photographs of these repeaters. The fee for purchasing discharge has been increased from \$15 to \$50.

\$100 FOR MACHINE GUN.

Nearly \$100, which will be given to the machine gun fund being raised by the children of Notre Dame de Grace, was realized at an entertainment given on Saturday by pupils of the Mackay Institute. D. M. McCoun, president of the Institute, was chairman.

BRITISH MAILS.

British mails by Canadian steamer will leave on Saturday, and via New York on Wednesday, and Saturday, but these mailings are subject to change. Parcels are forwarded by Canadian route only.

J. L. GARVIN SAYS PROMPT ACTION A NECESSITY TODAY

Applied to Balkans it Will Save Situation for the Allies

MUST SAVE SERBIA FIRST.

LONDON, Oct. 18.—J. L. Garvin, writing in yesterday's Observer, says: "We know now that it must be, above all, Great Britain's work in the Balkans. We know equally well that the Balkans in the infinitely frightful weeks before us will either be the grave of German ambition or the grave of British hopes."

"If we fall in the Near East there can be no thorough victory over the Central Empires. We may and shall fight them to a standstill, but we shall not achieve the total overthrow essential to a drastic settlement, ensuring peace, and our own future safety.

"The conditions are such that if only we are strong and prompt enough we can wrest good out of evil and turn the Balkan struggle entirely and fatally to German disadvantage. The enemy is at present blocked in France, blocked on the Italian frontier, blocked in Russia. In all three directions the Germans have reached their limit.

"If they are blocked in the Balkans during the next few weeks and brought visibly to their limit in that direction also, the Central Empires, with limited numbers and coming to their last reserves, will have stretched out their fighting line to its longest and thinnest.

"If they are but held on that line to begin with, it can be more certainly ruptured in its weakest point. They will then be pressed in on all fronts in due course by the accumulating strength of the Allies' forces, employed with increasing superiority of numbers on a combined offensive working from west, east and south.

ENEMY PLAYING HIS LAST CARD

"The enemy in the Balkans is playing his last card. The Allies in France and Belgium can in any case stop

their front impregnable. Under the new conditions they can postpone their western offensive if they choose, so as to make it more crushing as a later stage.

"It suits Gen. Joffre that the Germans in pursuit of their compelled possibility to reduce their strength between the North Sea and the Vostges or should have the utmost difficulty in supplying the reinforcements required to keep up to a safe level their strength against the Franco-British armies. These are just the conditions required to accelerate the coming of the final situation, when Gen. Joffre will have it in his grasp to hit the crowning victory of the European war."

"In the east, Russia is already relieved to a remarkable degree by the transfer to the Balkan frontier of the armies under Mackensen, Dautwitz and Eichhorn. Our Russian allies have a breathing space. The Carr's armies in the next stage a few months hence could swing their offensive with greater effect against an enemy weakened on the eastern front by the diversion of troops and reinforcements of guns and munitions toward the Danube.

THEY MUST SAVE SERBIA FIRST.

"The first thing is to save Serbia. The Bulgarians of their hopes in Macedonia. Britain and France, but Britain above all, must throw rapidly by into the Balkans enough troops to neutralize the Bulgarian attack. This means at least a quarter of a million men in the next preliminary step. Further steps will mean the real test of British capacity and statesmanship.

"We must act at Bucharest and at Athens as we have failed to act at Sofia. We must guarantee to Rumania and Greece that with the Allies they will be on the winning side. To make that guarantee the real test of our strength and statesmanship. We must pledge ourselves to raise British and French forces in the Balkans within a stipulated time to the strength of half a million men and more if need be.

WHAT ROMANIA CAN DO.

"Rumania can put 600,000 men in the field. Neutrals, like members of parliament, count two, upon a division. Rumania in the end must move either one way or the other, and would rather go with the Allies, but her geographical position forbids her to leave anything to chance. She must be thoroughly satisfied as to the military prospects in the Balkans. There must be no more blindness in that respect, no more peddling diplomacy on the part of the Allies.

"The adherence of Rumania would mean not only a splendid accession to the Allies' numbers and efficiency; it would mean that the Russian forces would be directly linked up to the Rumanian railways and the heart of the Balkans. That would

mean that Russian troops could pass into Bulgaria. That would bring about a complete political revolution in Bulgaria, the sweeping away of King Ferdinand and his dynasty, the return of the Slav cause. That is as certain a possibility as anything in political calculation can be.

"The Allies can secure the adherence of Rumania, the reversal of the Bulgarian policy, the saving of Serbia and the mastery of Turkey if their military policy in the Balkans is decisive enough and their diplomatic action at Bucharest is bold and generous."

INJURED BY CAR.

Suffering from a fracture of the collar bone and a crushed foot, the result of being knocked down by a street car at the intersection of Ontario Street and St. Lawrence Boulevard on Saturday evening, Madame Julia Rubin, aged sixty-five years, was taken to the General Hospital. Her case is considered critical on account of her advanced age.

SEES STUPENDOUS PANORAMA OF THE ARTILLERY WORK

A Man-Made Inferno is Description of Eye-Witness at Front

BRITISH HEADQUARTERS IN FRANCE, Oct. 18, via London, Oct. 18.—

Along the Hulloch-Haines line where the fighting has been almost continuous since the taking of Loos, a correspondent had an unprecedented view of the British attack which took the Hohenzollern Redoubt.

From a vantage point in the first country was witnessed a stupendous panorama of artillery work. The firing of shells per minute from the British guns (about 1,000) in front, to the left and right, and in the rear, was a sight to behold. The firing by batteries of the name of the neighborhood was fiercer and fiercer away.

The line of both the British and German trenches was describable in the clouds of smoke and dust from the charging man-made inferno. No shells were seen bursting in the air, which appeared peaceful and calm. The British position was restricted to a narrow theatre, against the frontal positions of the opposing side.

EVERY THREE MINUTES ONE DIES IN THE U. S.

The Anti-Tuberculosis Society illustrates the frightful toll of consumption by extinguishing a light every three minutes, and shows that it is the man or woman, girl or boy, who neglects colds, whose blood is impure, who feels weak and languid, who is the very one to contract tuberulosis—and none are immune.

During changing seasons, or after sickness, if you and your family will take Scott's Emulsion after meals it will charge your blood with health-giving richness, quicken circulation and strengthen both lungs and throat.

GAVE AEROPLANES COVER.

It was a warm and perfect autumn day, a bright sun shone and play came into a number in the sky, which gave the aeroplanes cover, and into the cleared man-made inferno, rising from the earth, rolling clouds of smoke rising up from the British trenches and from the German lines.

The reddish-black British shells and the coal-black German shells were indistinguishable from the expression of every variety of shells.

The explosion of a mine made a vast, mushroom-shaped cloud, which drifted over the British trenches, while the explosion of a mine made a vast, mushroom-shaped cloud, which drifted over the British trenches.

Large calibre shells bursting in the air made big vaporous puffs and such explosive bursting in the air caused black puffs. There were also asphyxiating gas shells, signal shells above and below, under a mass of changing colors that was an eye-tiring spectacle. Now towards Hulloch and now pink and towards Aubry-le-Las.

SEVEN KILLED IN AUTO MISHAPS

Special to The Montreal Star by United Press.

NEW YORK, October 15. Seven dead and twenty-five injured, several of them probably fatally, is the toll of Sunday auto accidents in and around New York. Of the dead, one is Alan H. Wenzell, the sixteen-year-old son of A. H. Wenzell, the well-known illustrator.

Young Wenzell with six other boys of his age, were joy riding in a car taken from in front of a church. While going thirty miles an hour the car left the road and crashed into a steel telegraph pole killing Wenzell and injuring four of his companions.

MADE IN CANADA. Announcement Regarding "Royalite" Oil TO DEALERS AND USERS. We recently reduced the price of "ROYALITE" kerosene oil to 15 cents a gallon. At the same time, we offered the public an oil-can which is non-refillable, does not leak, and is quick and easy to handle. We have advertised widely both the new price and the new can. Our sole object in taking this step was to increase the use of kerosene by putting its price within the reach of all. Kerosene is the best light, and the most economical heat. With the lower price and the clean can, we hoped to double the consumption of oil in Montreal. In naming the lower price for "ROYALITE", we knew that the merchants would not suffer, because the increased consumption of oil, at the lower price, will more than replace the previous larger profit per gallon. Profits on "ROYALITE" in cans at 15 cents are larger than those on the average staple article. Some Dealers in oil, and oil pedlars, are not giving this Company fair co-operation. These are charging more than 15 cents for "ROYALITE" in cans. They are also attempting to substitute other oil for "ROYALITE", the best oil produced. The Imperial Oil Company does not desire to enter the Retail Oil business. It has decided to do so, however, if users of oil are unable to get "ROYALITE" in cans from their dealers, and at 15 cents a gallon. We ask that the public insist on "ROYALITE" at 15 cents. If unable to get it, notify the Company, by letter or telephone. The Imperial Oil Company, Limited 918 St. Patrick St. MONTREAL. Tel. Victoria 1120. 15 Cents A Gallon

BIG CROWD OUT FOR OPENING OF FINAL RACE MEET

What will in all probability be the last local race meet of the season was ushered in Saturday when the Black River Jockey Club opened their fall meet under most auspicious circumstances.

The track was in better condition than during the inaugural meeting in September, while the attendance surpassed that of any day at the previous meeting, over 4,000 race fans being in attendance.

Saturday was the seventy-first day of horse racing in Montreal this season, which is a new record for this section of the country, but judging from the number of fans present on Saturday it was not too many.

The opening day card was made up of eight well filled races, featured by a selling handicap, which brought together a good brood of sprinters. Sempilla was the winner of this event and won easily, covering the five furlongs in 1:00 2-5.

The longest price winner of the afternoon was Idler, who won the opening event, this race also provided the closest finish of the day, Idler opened at 15 to 1, but was played down to 6 to 1 before post time.

The winner was rushed to the front after setting away poorly and forced a fast pace lasting just long enough to beat out Media, the favorite.

Results: First race, purse \$300, for maidens, two-year-olds, five furlongs—Idler, 114, won; Hazel C., 113, Estey, 2 to 1, 114, second; Ann Scott, 111, White, 6 to 1, 114, third. Time, 1:02 2-5.

Second race, purse \$300, for three-year-olds and up, five furlongs—Moss Rose, 113, Howard, 6 to 1, 2 to 1, even, won; Hazel C., 113, Estey, 2 to 1, 114, second; Ann Scott, 111, White, 6 to 1, 114, third. Time, 1:02 2-5.

Third race, purse \$300, for three-year-olds and up, five furlongs—Lachapelle, 112, Howard, 6 to 1, 2 to 1, even, won; Hazel C., 113, Estey, 2 to 1, 114, second; Ann Scott, 111, White, 6 to 1, 114, third. Time, 1:02 2-5.

Fourth race, purse \$300, for all ages, selling, five furlongs—Sempilla, 115, Fondercast, 2 to 1, 4 to 5, 2 to 1, even, won; Dominick, 6 to 1, 2 to 1, even, second; General, 110, Indifferent, 114, 5 to 2, 5 to 3, third. Time, 1:00 2-4.

Fifth race, purse \$300, for three-year-olds and up, selling, five and a half furlongs—Tactless, 118, Griner, 3 to 1, 1 to 2, even, won; Indifferent, 114, 2 to 1, even, second; Estey, 4 to 1, 2 to 1, even, third; Neville, 110, Cummings, 20 to 1, 8 to 1, 4 to 1, third. Time, 1:07 2-5.

Sixth race, purse \$300, for three-year-olds and up, six furlongs—Freda Johnston, 111, Pickens, 6 to 1, 2 to 1, even, won; Cordouan, 111, McCullough, 2 to 1, 2 to 1, 3 to 2, second; Senator James, third. Time, 1:14 1-5.

Seventh race, purse \$300 for three-year-olds and up, one mile and a quarter—Shepherd, 108, Doyle, 3 to 1, 5 to 1, won; Enterprise II, 115, Howard, 2 to 1, 4 to 1, 5 to 1, second; Zedler, 111, Gibson, 11, 2 to 1, even, third. Time, 1:48 1-5.

Eighth race, purse \$400, three-year-olds and up, one mile and a quarter—Shepherd, 108, Doyle, 3 to 1, 5 to 1, won; Enterprise II, 115, Howard, 2 to 1, 4 to 1, 5 to 1, second; Zedler, 111, Gibson, 11, 2 to 1, even, third. Time, 1:48 1-5.

Ninth race, purse \$400, three-year-olds and up, one mile and a quarter—Shepherd, 108, Doyle, 3 to 1, 5 to 1, won; Enterprise II, 115, Howard, 2 to 1, 4 to 1, 5 to 1, second; Zedler, 111, Gibson, 11, 2 to 1, even, third. Time, 1:48 1-5.

Tenth race, purse \$400, three-year-olds and up, one mile and a quarter—Shepherd, 108, Doyle, 3 to 1, 5 to 1, won; Enterprise II, 115, Howard, 2 to 1, 4 to 1, 5 to 1, second; Zedler, 111, Gibson, 11, 2 to 1, even, third. Time, 1:48 1-5.

Eleventh race, purse \$400, three-year-olds and up, one mile and a quarter—Shepherd, 108, Doyle, 3 to 1, 5 to 1, won; Enterprise II, 115, Howard, 2 to 1, 4 to 1, 5 to 1, second; Zedler, 111, Gibson, 11, 2 to 1, even, third. Time, 1:48 1-5.

Twelfth race, purse \$400, three-year-olds and up, one mile and a quarter—Shepherd, 108, Doyle, 3 to 1, 5 to 1, won; Enterprise II, 115, Howard, 2 to 1, 4 to 1, 5 to 1, second; Zedler, 111, Gibson, 11, 2 to 1, even, third. Time, 1:48 1-5.

MONTREAL BEGAN WELL IN RUGBY GAME IN OTTAWA

Special to The Montreal Star. OTTAWA, Oct. 18. — The Ottawas continued their winning streak in the Inter-provincial Football Union Saturday at the expense of the M.A.A.A., defeating them by the score of 20 to 5. The Montrealers showed great improvement over the game they put up against the Senators at the opening of the season, and had the score 4 to 0 in their favor at the end of the first period.

EDDIE MAHAN OF HARVARD TAKES BRICKLEY'S PLACE

By Gop. R. Holmes, United Press Staff Correspondent. NEW YORK, Oct. 18.—A new spectre bearing an astonishing likeness to Charley Brickley has arisen to confront contenders for the eastern football championship. And again it is Harvard. Eddie Mahan, captain of the Crimson crew, stepped into the shoes left vacant by Brickley on Saturday and booted Harvard to a victory over the tough Virginia eleven, which two weeks ago had electrified the football world by licking Yale. Three times did Captain Eddie boot the oval between the bars after his men had tried vainly to penetrate through to the Virginia line. The victory in itself isn't so important as in the discovery that Harvard has a man who can do such stuff. One goal might be termed lucky; two fortunate; but when a man places three in one game he is there. Harvard's stock rose by leaps and bounds over Sunday, thanks to Mahan's toe, and it is probable that the crimson now will go into her coming tilt with Princeton and Yale as a favorite.

Overland Six \$1600 Just "Six" Facts— To you who are confused with and weary of long drawn out aside-from-the-point arguments, we present these Six important basic facts: The Overland Six has a wheelbase of one hundred and twenty-five inches. Many a Six—costing more—has a shorter wheelbase. The Overland motor develops full forty-five horsepower. Many a Six—costing more—has considerably less power; considerably less speed. The Overland is a roomy Six—seating seven adults with ease. Many a Six—costing more—has a smaller tonneau; hence less comfort. The Overland Six has 35" x 4 1/2" tires with non-skids on the rear. Many a Six—costing more—has smaller tires. The Overland Six has high tension magneto ignition. Many a Six—costing more—has not. All Overland electric control buttons are on the steering column—within reach. On other Sixes, that cost more, they are not as conveniently located. These few major items alone should, we believe, convince any intelligent buyer of the downright wisdom and out-and-out economy of selecting an Overland Six.
