A Floral Paradise In Westmount

The colourful profusion of Westmount's annual spring floral display is depicted in the above pictures. Top left shows a banana tree with the fruit slowly ripening in tropical splendor. Top right is a picturesque windmill, with the two lower photos showing the mass of blooms which gives a fairy-like appearance. The scent given off by the many variety of flowers is delightful.

RMR Brass, Bugle Bands to Receive New Uniforms

The Royal Montreal Regiment's Golden Glove tournament on Thursday attracted a large attendance of fight fans, who were treated to some smart boxing.

Captain Dave Peebles, coach of the Army Football team, has already started to get his men into shape for the fall season. Any young man interested in playing football and doing a little soldiering as well should apply to Capt. Peebles at the armoury on Tuesday evenings. It is announced by Dave that he is arranging a football night soon, at which the Neilson film in colour, of the Grey Cup final between Alouettes and Calgary Stampeders will be shown. An open invitation has been extended to all Q.R.F.U. clubs and their friends.

C. M. S. Norcott has transferred to the 3rd Div. R.C.A.S.C. at Hillside Avenue, where he will take over the duties of R.S.M.

Brig. V. Whitehead, chairman of the New Uniform Fund for the brass and bugle bands, states that he hopes to be able to outfit the bands in the new scarlet dress uniforms before the end of the summer.

Major Don MacRae, who has been appointed commandant of this year's Bisley team, has been presented with a red satin huntsman cap by Carling's Brewery. The major's only regret is that no horse accompanied the cap.

Pro-Mayor J. S. B. Pemberton Opens Westmount Spring Flower Display

Pro-mayor J. S. B. Pemberton of Westmount said "one of the things which help to offset some of the worrisome matters we have to think about today is flowers", as he officially opened the City's annual spring floral display on Wednesday.

Mr. Pemberton who was introduced by alderman R. Panet-Raymond, added "I think the chance of seeing this display is a very wonderful thing. I believe that we in Westmount are doing a fine thing in providing this show. Thousands will see it in the next few weeks and get much pleasure from it."

Civic officials who attended the opening included Mayor J. S. Cameron with Mrs. Cameron; Alderman and Mrs. R. Panet-Raymond; Alderman and Mrs. R. Campbell; Alderman and Mrs. W. A. Kennedy; Alderman and Mrs. J. S. B. Pemberton; P. E. Jarman Westmount City Manager and T. J. Hughes assistant general manager.

Guests invited included: Mr. and Mrs. Ross Hutchison; Mr. and Mrs. G. H. Lafontaine; Mr. and Mrs. P. G. Delgado; Mrs. H. S. Jacques, Mrs. J. S. McKeen, Mr. and Mrs. J. R. Fenwick, Mr. and Mrs. Paul Viau, Miss C. Owens, Mrs. Passmore, Mrs. Maughan, Mrs. Offer, G. Borlana, Mrs. Jacques Senecal, Mrs. J. M. Fraser, T. Taggart Smyth.

E. J. Anderson, superintendent of parks stated to The Examiner that at least 5,000 visited the exhibition on Saturday, while on Easter Sunday it was difficult to move due to the large crowds.

Three Youths Plead Guilty

Three teen-aged youths pleaded guilty of being in possession of burglars' tools and intending to break in and enter private property before Recorder C. A. Hale of the Westmount Recorder's Court, Tuesday, and were remanded for sentence.

According to the Westmount Police Department, Const. A. J. Whiteway caught the three boys, Maurice Dubois, 19, Omer Dumoulin and Norman Gibard, both 18, at the rear of Young's Fruit Market, 4873 Sherbrooke street, west.

The addresses of all three were not disclosed, but it is reported they were from the Montreal area.

Judge Cousineau Reverses Decision Of Recorder Hale

Mr. Justice Philemon Cousineau, at St. Jerome, on Saturday, ordered the release of an eleven year old Westmount boy, who was sentenced to serve five years for theft of a bicycle, by Recorder C. A. Hale of Westmount, in 1948.

The proceedings in the appeal of the sentence were reported in The Examiner of December 23, at which time it was stated that Judge Cousineau had taken the case under advisement.

Mr. Justice Cousineau's order came in a judgment handed down on Saturday, maintaining a writ of habeas corpus, presented on the boy's behalf, which charged that the sentence was "irregular, illegal, null and void".

The judgment stated that commitment and sentence of the boy by Recorder Hale was "illegal, null and void" and "the boy is unlawfully detained and imprisoned and must be discharged from the said conviction and he is to be released and set at liberty".

The boy who was nine years old at the time of the sentence, was arrested two years ago by Westmount Police, as he was riding a bicycle owned by Mrs. Ruth A. Reid. The bicycle was valued at $20. He was brought before the Westmount recorder and sentenced to the five year term.

He has served one year of the sentence at the Shawbridge school, before petition for a writ of habeas corpus was presented last July to Mr. Justice Cousineau by Mrs. Florence Eugenie Davis, the boy's foster mother. Legal counsel for Mrs. Davis were N. W. Jacobs, K. C., and John E. Crankshaw, K. C., who maintained that the law provided for a maximum sentence of six months for a juvenile offender who steals an article valued under $25.

On presentation of the petition the judge ordered the boy to appear in court, and he was subsequently released on $50 bail.

The hearing took place last December, at St. Jerome. The facts were reviewed, representations made on behalf of the young offender, and final judgment was handed down Saturday.

Since the boy's release on bail, he has been attending a private school in Westmount, and his principal and teachers reported that his progress was "favorable". Before his conviction the boy attended King's School, whose principal George Donald Lessard, testified "inter alia" as to the boy's character.

The attorneys stressed that under law the prosecution is not entitled to give evidence of a prisoner's bad character unless the prisoner offers evidence to prove his good character, either by examining his own witness, or by questioning the Crown witness.

Since the boy had made no defence, nor had he been asked to make a defence, the petition maintained he was deprived of his right of full answer and defence to the charge of stealing.

Civic Officials Pay Tribute to Thomas Moffitt

Members of the Westmount City Council and other civic officials attended the funeral service of Thomas Moffitt, former Police and Fire Department Chief of Westmount, who was buried at the Mount Royal Cemetery yesterday.

Mr. Moffitt, who was in his 91st year, died in Winnipeg, Manitoba, Saturday. He was born in County Fermanagh, Ireland, June 20, 1959, and came to Canada in 1895.

Two years later, he joined the Westmount Police Department, and in 1908 was made chief of both the Police and Fire, a position he held until his retirement in 1922.

He was a member of the Chief Constables' Association of Canada, and of the International Police Chiefs' Association. He was also a member of the Westmount Lodge, A.F. & A.M.

Mr. Moffitt was predeceased by his wife, the former Mary Jane Storey, and is survived by two sons, T. H. Moffitt, assistant treasurer of the C.P.R., Montreal, and F. S. Moffitt, assistant general manager of the Royal Bank of Canada, Montreal; also three daughters: Mrs. D. MacDougall, Winnipeg; Mrs. A. Forester, Vancouver; and Mrs. E. Garrigues, Sea Island, New Jersey. There are also 11 grandchildren and two great-grandchildren.

This Smells Like Politics — Or Does It?

What happened to the driver of the army garbage truck which was pulled up by Westmount Police some weeks ago for transporting garbage through the City streets without a cover?

A resident writes The Examiner asking why he has not seen a report of any prosecution in the case.

He also points out that the transporting of garbage in open trucks is prohibited by a City by-law.

The Pillar

By GEORGE COCHRANE

POLITICAL PIFFLE

If one can observe the antics of the world's politicians with an air of cool detachment, and even more the antics of their less intelligent underlings, it is possible to derive considerable entertainment with the expenditure of very little money.

Take for instance the Commies' Canadian newspaper, not mentioned by name here because I'm told that the Red boys take great delight in using the decadent bourgeoisie's laws to their own advantage. And libel laws have not yet been scratched from the statute books.

I bought a copy of the Commie weekly the other day merely to see what type of propaganda they were circulating in this country. Frankly I was a little disappointed.

There is a great deal about Soviet Russia's form of government, aims and policies which is without a doubt misunderstood and misrepresented on this continent, particularly at this time when the cold war is at its height. Bu, instead of making an intelligent plea for the sympathy of the Canadian workers, the Commies are filling their publication with the vilest sort of tripe, almost all of it written by people whose education in the niceties of the English language apparently halted somewhere in the vicinity of grade seven.

Their hoarse shriekings at Messrs. St. Laurent, Pearson, Atcheson and their cohorts can impress none but the mentally undernourished. And this country is certainly not going to let itself be run by a conglomeration of nincompoops.

There are those with superior intelligence in the Communist Party. That fact becomes evident almost every time there is a round-up of Red spies. How these people can stand idly to one side and see one of their chief propaganda media acquire all the vices of a cheap tabloid and a few of its virtues is something which I find difficult to comprehend.

ITEMS

Along the local scene it is a pleasure to report that big Tom Earle, he of Chesterfield avenue, celebrated his 23rd birthday in restrained style a couple of Tuesdays back. Large Thomas is still working for the railroad . . . "Every word that you say out loud uses 72 muscles in your face and throat," is the word from Dr. Wilfred Funk and Norman Lewis in their "30 Days To a More Powerful Vocabulary" . . . Westmount's Bob Lord will be trying out for a berth on Robitaille Motors' senior fastball squad this spring . . . Bliss Cartmel pursuing his studies at Sir George Williams College with renewed energy these days as exam time draws nearer and nearer . . . Harold "Bud" Emo, another of the famous Clarement avenue boys, still toiling as an insurance adjuster and doing right well.

William Fish, the Claremont avenue pedagogue who'll be moving May 1, plans to answer the telephone in his new abode with the words, "Aquarium, Fish talking." Figures it'll really wow his callers . . . John Riley, yet another Claremonter, learning the construction business from the bottom up and doing a bit of painting on the side . . . Angus Boright in the third year of his science studies at McGill. Brother Frank currently holidaying at Key West, Florida . . . Jim Macdonald, the St. Leo's grad, planning to take up commercial art. Jim is now a married man, lives out on Harvard avenue . . . Little Tom Armstrong graduates from Sir George Williams College this spring. He has specialized in chemistry . . . Knute Sorenson becomes a teacher next year. He's now studying education at McGill . . . If my eyes didn't de eive you can get a fleeting glimpse of Westmount's Ann Acer in that John Pratt ski film at the Snowdon . . . That film "Francis" is good for more laughs than the usual Hollywood production.

Scouting Around with REG. GROOME

Crawford Park Pack in Southern Area played host to Westmount Park Pack on Monday evening of this week in the Old Stone House on Lasalle Blvd. The Westmount Cubs walked into a superbly decorated Den, with the lair covers decorated with pictures of the animals Akela, Baloo and Bagheera. We would advise Cubmasters to drop in for a visit if they would like some ideas.

A Council Rock made by Scoutmaster Saunders is the latest piece of equipment which Akela Wilson is very proud of. Tom Netterfield led the opening Grand Howl followed by a lively games period. Our Westmount lads seemed to outshine the Verdun boys in the "whistling while chewing crackers" contest . . . or should we say out-whistle. More games were followed by a camp fire with Little Beaver and Michelle doing an excellent job in the sing-song. One amusing song was that made up by Akela Wilson about Cub Camp MacAuley.

The Ladies Auxiliary at Crawford Park then surprised all very pleasantly by providing sandwiches, cakes and soft drinks, all of which disappeared in record time. Tom Netterfield later expressed the sincere thanks of the Westmount boys, and we hope there will be more such inter-Pack meetings.

Hard-Times Dance

This Saturday evening, starting at 7.30 p.m., the last dance of the season will be held in the Western Area Headquarters on Cote St. Antoine Road, with Don Rodgers as emcee. It will be called a "Hard-Times Dance", and will start at 7.30 for the purpose of giving an hour's lessons in barn-dancing. Scouts and their girl friends are urged to turn out for this last dance of this season . . . wear old clothes, such as plaid shirts, blue jeans, etc. . . . and remember, there's no charge whatsoever . . . just bring along your registration card to prove you're a Scout.

Here and There

Here and There . . . that covers a lot of ground . . . last weekend it took us all the way to Toronto to see the Detroit Red Wings make the Toronto Leafs look pretty bad in the Stanley Cub Hockey finals . . . Don Rodgers was our company for the trip . . . We hear Gregory Walker is taking quite a ribbing down at Trinity Memorial over that long list of names he has so suddenly acquired . . . Darrel Bedford and Kay Mitchell were married last Saturday . . . best of luck . . . Don't forget to listen to "Scouting on the Air" every Saturday morning at 9.05 a.m. over CJAD.

Plan Rover Moot

Ontario Rover Scouts (older Boy Scouts) will be hosts at the first Canadian Rover Moot, now being planned, to be held at Blue Springs, Ont., Aug. 31 to Sept. 4, 1951.

British Scouts In U.S.

Rotary Scholarship

Gordon F. Coles, Halifax, N.S., a law student at Dalhousie University, has been awarded a Rotary International Scholarship for post-graduate study in England. Gordon is a former King's Scout with an outstanding record in the 14th Halifax Troop which, though under age at the time, he kept going during the early war years as Acting Scoutmaster.

The Editor,
Westmount Examiner.
Sir:

You have no doubt seen the articles which appeared recently in the Montreal Herald.

As you can tell from this address, we live right across the street from one of the worst piles of dirty snow that we have yet seen. It is really a disgrace, but what is worse is that later on when the weather gets warm we will have a filthy smell coming from it.

I really think in a City the size of Westmount it is high time some other arrangement is made for dumping snow.

Sincerely,
Jennie B. Corneille

Train-Auto Crash Claims Two Lives

Mr. and Mrs. George Trenholme, of 601 Clarke Avenue, Westmount, were killed on Sunday night at Lachute, when their car was struck by a C. P. R. Ottawa bound train. The above photo shows the wreckage of the auto.

Lower right is a picture of Mr. and Mrs. Trenholme taken at their wedding day on March 1st, last year.

Westmount Couple Killed In Crossing Accident

The tragic death of a Westmount couple, Mr. and Mrs. George Henry Trenholme, whose automobile was struck by a train at a level crossing at Lachute, on Sunday evening, has shocked their many friends in Westmount.

Mr. Trenholme was vice-president of the Guaranteed Pure Milk Company Ltd., and was 47 years of age.

He and his wife the former Margaret Kerr Lundon, had resided at 601 Clarke avenue, Westmount, since their marriage in March, 1949.

Mrs. Trenholme who was in her 30th year served overseas during the war as an officer in the C.W.A.C., after graduating from McGill University in 1941, with a B.A. Degree.

She is survived by her parents, Dr. and Mrs. A. E. Lundon, and one brother, Major R. E. Lundon, all of Montreal.

Mr. Trenholme was the son of the late William H. Trenholme, one-time mayor of Westmount. He is survived by one brother, James G. Trenholme of Sherbrooke, and two sisters, Mrs. F. R. Findlay and Mrs. W. G. Cuttle, both of Westmount.

The unfortunate couple were returning from a visit to their country home at Lost River, a community north of Lachute.

The accident occurred at a level crossing over the C.P.R. tracks at the entrance to Lachute. There is no warning bell or gate at the crossing.

An Ottawa bound train slowing down for a stop at the Lachute station struck the auto in the centre and dragged the car about 300 feet along the track.

Police reported that Mr. Trenholme died instantly but Mrs. Trenholme died 30 minutes later in La Providence Hospital, Lachute.

The funeral which was largely attended was held from their residence, 601 Clarke avenue, Westmount, on Tuesday afternoon, with interment being in Mount Royal Cemetery.

Westmount Householders Warned Against Gyps.

The Better Business Bureau of Montreal has issued a warning to all householders to beware of the perennial pests of peddlers who usually put in an appearance about this time of the year.

Experts who guarantee to rid the garden of insects injurious to plant life and also undertake to destroy termites which may be eating away your gallery, or painters who offer to redecorate at far less a price than the neighbourhood painter, but who uses inferior paint and materials, are some of the gyp solicitors one may expect, the bureau states.

Tree trimmers who offer to trim your tree at 10 cents a branch, but who can usually find several hundred branches to cut in the space of 15 minutes or so, is another form of pest who should be avoided.

The phony maple syrup peddler who actually sells a solution of brown and white sugar is around again. The product is pure, but any housewife could make it in her own kitchen.

Westmount is a happy hunting ground for these kind of people, as the impression seems to be that here is a city with plenty of money and full of fall-guys.

Westm't Graduates Should Benefit From Scholarship

Westmount graduates of Canadian Colleges may be interested in the offer of two scholarships, named the "Viscount Alexander Scholarships" which have been offered by the University of California to graduates of Canadian Colleges to continue advanced studies. First awards will be made in 1950-51.

The scholarships will commemorate the Governor-General's Charter Day address to the university in March, 1949. At that time, Viscount Alexander declined the honorarium offered to Charter-Day speakers and suggested establishment of a scholarship for Canadian students.

An announcement from government house said the Governor-General has accepted proposals submitted by Robert G. Sprout, president of the University.

Each scholarship will provide $1,000 in cash plus tuition for which non-residents of California are charged $300 for the two semesters of the academic year.

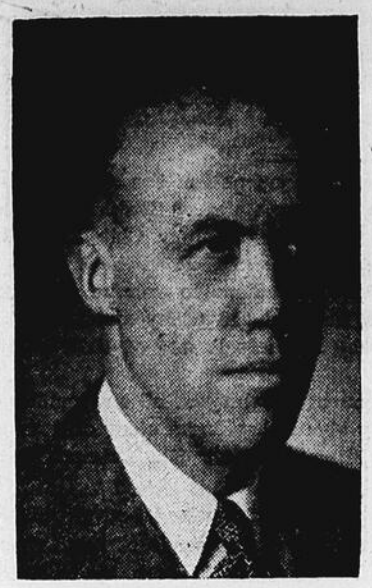

The scholarships will not be limited to any special field. Thus the best two students in any sphere of advanced studies will be eligible.

REUNION DINNER

The Royal Canadian Army Service Corps, Officers' Association, Montreal District, will hold a reunion dinner at the Berkely Hotel on Friday, April 14th, at 7.00 p.m. All former officers of the Corps are cordially invited.

DON'T HESITATE

Don't hesitate about seeing your doctor if you suspect you may have cancer. And don't let fear of this disease make you put off having medical attention. Hundreds of cancer patients are cured each year and a patient's chances of a complete and lasting cure are far higher if the disease is detected and treated in its early stages. Don't wait for pain. It is not an early symptom.

George C. Marler Lauded By Premier Duplessis

Mr. George C. Marler, liberal Mr. George C. Marlet, liberal member at Quebec for Westmount-St. George, and acting leader of the opposition in the legislative assembly, was warmly congratulated by Premier Duplessis, for the valiant fight he and his handful of followers had put up against government sponsored legislation, during the term which came to an end last Wednesday.

Mr. Duplessis said "Mr. Marler had proved himself an indefatigable worker, never absent from a sitting even for a moment, and handicapped, perhaps though not showing it, by the fact that he was aware that he did not have full support even in his handful of lieutenants, and that several of them were openly working for the election of a new leader of the party at the approaching Liberal convention May 19 and 20".

The Premier made a stinging reference to this absence of loyalty on the part of several of these lieutenants. Mr. Duplessis characterized it as "shameful" for such Liberal members to take part in a movement behind the back of a hard working leader.

Mr. Marler let the words of praise from Premier Duplessis pass without comment.

Special Overture for "Samson and Delilah"

A special overture is being prepared by Paramount to introduce Cecil B. DeMille's "Samson and Delilah", and it will be used for the first time at the two-theatre world primiere for the Technicolor epic Dec. 21, at the Paramount and Rivoli theatres in New York.

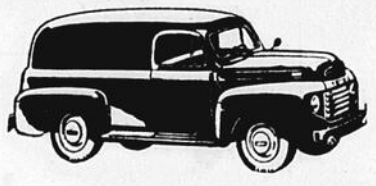

Mood music is being assembled from Victor Young's score to precede the picture and put the patrons in the proper mood for the powerful and highly dramatic film.

The recorded overture will run ten minutes and include eight or ten musical high spots from the Young score, according to Louis Lipstone, head of the studio music department. Its over-all effect will be in keeping with the scope of the spectacular and romantic film.

Ghouls Rob Dead Wait for Funeral

Another case of ghouls who prey on the dead and bereaved is reported. Examiner readers will remember reading of the sudden death of Miss Margo Ruuni, of 2054 Claremont Avenue, Apt. 9, who was found unconscious in her bathroom and died soon after she was admitted to the Royal Victoria Hospital.

Foul play was at first suspected as Miss Ruuni had a bruise on her head, and was suffering from a hemorrhage when admitted to hospital.

Later investigations however led to the verdict of accidental death and funeral arrangements were proceeded with.

During the funeral, the victim's apartment was completely ransacked and everything of value removed.

This is the second such case in recent weeks brought to our attention, the other one being in Notre Dame de Grace, when the house at 5131 N.D.G. Avenue, of J. Szentagotay, ex-Hungarian Consul, in Montreal, was robbed during the funeral services for Mrs. Szentagotay.

What Makes Time Tick Explained By Stu Keate

"Time editors have a firm belief that journalism can achieve the height of literature," Stuart Keate, Bureau Chief of Time Magazine in Montreal, told members of the Westmount Rotary Club at their luncheon meeting, Wednesday.

Mr. Keate, who is one of the three Canadians to ever be abureau chief of the Time-Life organization, outlined the policy and work of the publication, stating that accuracy in facts is one of their chief objectives.

"Our research department is one of the largest of any publication," he said giving a detailed story about checking a story on Prime Minister Louis St. Laurent last year.

"We had received four principle stories from friends of the Prime Minister which were claimed to be the gospel truth, but still we wanted to check them," the speaker explained. He told how he wrote the Prime Minister a letter outlining the four stories, took it to his home, left it on the table in the hallway after casually opening the door, and then called the Prime Minister next morning to check on the stories.

"As it turned out, none of the stories were true," Mr. Keate said, "but I tell you this story for a second reason. It was quite an experience to walk in the front door of Canada's number one citizen without anyone checking on who I was or what I was doing," Mr. Keate said, claiming that he was sure it was one of the few countries in the world where such a feat would be possible.

Radio and television tell where and when a thing takes place very rapidly so that it is up to the newspaper publications to answer the question why, more than ever, he explained.

Citing Premier Duplessis latest move of publication censorship, Mr. Keate was highly critical of the idea, stating that while it was good to remove the immoral literature on the news-stands, the censorship was so broad that many types of magazines could be removed from the stands by the Provincial Government.

"They claim that they can remove immorality as applied to pictures and writing," he said, "which could in theory mean the removal of the Encyclopedia Britannica because the new edition is carrying 16 plates of great art, some of which are nudes."

Mr. Keate called this latest action a type of padlock law on publications.

He was introduced by Boyd Robson and thanked by Harry Houston of the Westmount Rotary Club.

Chinese Sauce Flavors Popular Pork Spareribs

Pork spareribs have a homey appeal to all of us. So let's take a quickie course in getting the most eating pleasure out of them. All the way from boiled spareribs and sauerkraut to the glamorized Chinese sweet-sour spareribs.

Because spareribs are a pork cut, they must be thoroughly cooked Therefore plan on braising these meaty morsels. Do not broil. They have rich meat that combines well with tangy sauces, such as a spicy barbecue or a Chinese sweet-sour sauce.

In purchasing, remember the high percentage of bone to meat and make generous allowances per person to be served. Extra portions are almost certain to be in demand, so allow approximately ¾ pound or more per serving.

Rice is a perfect companion for the Oriental style spareribs. With the American barbecued spareribs, baked or French fried potatoes.

Sweet-Sour Spareribs
(4 servings)

Two pounds pork spareribs.

Cut spareribs in one-rib pieces and place in large skillet. Cover with hot water, bringing to boil, and simmer 10 minutes. Drain and dry thoroughly. Pour sauce over spareribs in skillet and simmer 2 minutes. Serve hot.

Sauce: One small piece ginger root, 1 clove garlic, crushed, ¼ cup sugar, ¼ teaspoon dry mustard, ½ teaspoon salt, 2 tablespoons flour, 2 tablespoons soy sauce, 3 tablespoons vinegar, 1 cup water, 1 tablespoon salad oil.

Peel ginger root and chop fine. Place in a bowl with garlic. Add the dry and the liquid ingredients. Stir until smooth.

Baked Spareribs With Fruit
(6 servings

Two sides spareribs (about 4 pounds), 2 teaspoons salt, 1 cup dried prunes, 1 cup dried apricots, 1 cup dried pears, 2 cups water, ¼ cup brown sugar.

Brown spareribs in roasting pan on surface heat. Soak dried fruit in water about 15 minutes. Drain off water. Mix 1 cup water with sugar and salt. Place fruit around meat in roasting pan. Pour water and sugar mixture over ribs and fruit. Cover and bake in a slow oven (325 degrees F.) about 2 hours. Uncover and brown in hot oven (400 degrees F.) for 15 minutes.

More than 6,000 corporations representing all sections of the community will be canvassed, Mr. Cunningham said.

The group chairmen will be: W. J. Bryant, John B. Frosst, Dr. H. S. Sutherland, K. M. Sedgewick, Martin P. Murphy, MacMillan Boyd, J. A. Klein, J. E. Harrington, Gerald J. Cockerill, John W. Eaton, Donald S. Patterson, D. McKay Ford, Frank Willcox, Philip S. Gregory and Sydney A. Shepherd.

Cream Puffs

Make them tiny to fill with chicken salad —

One-half cup butter, 1 cup boiling water, 1 cup flour, ¼ teaspoon salt, 4 eggs.

Melt butter in water. Add flour and salt all at once and stir vigorously; cook, stirring constantly, until mixture forms ball that doesn't separate. Remove from heat and cool slightly. Add eggs one at a time, beating vigorously after each addition until mixture is smooth. Drop from teaspoon, 2 inches apart, onto greased baking sheet. Bake in hot oven (450 degrees) 15 minutes; then in moderate slow oven (325 degrees) 25 minutes. Remove with spatula and cool on rack. When thoroughly cool, cut side of each puff and fill with Chicken Salad. Makes 4½ dozen tiny cream puffs.

Glen Snow Dump Is Health Menace

Charges by Dr. Ruben Levesque, a Montreal City councillor, that piles of snow dumped on vacant lots during the winter, become a menace to health in springtime, will focus attention of the snowpile on Westmount Park at the corner of St. Catherine Street and Lansdowne Avenue.

The snow which is collected off the streets is mixed with waste paper and garbage, Dr. Levesque states, hence the reason for it becoming a health hazard.

Enquiry from Westmount city authorities by The Examiner, brings forth the information that Hill 60 at the Glen is rapidly melting and that the crust is constantly being broken so as to allow the snow underneath to disappear at a faster rate from the heat of the sun.

It is expected that all the snow will be gone within about ten days or so. The dumping of the snow on the park saved the city quite a considerable quantity of coal which normally would have been used to melt the snow.

The recent coal strike was one of the reasons for trying out the new system of disposal.

Published in this issue is a letter from a resident on Lansdowne Avenue, who is seriously concerned over the snow dump at the Glen.

Beef—One Of Canada's Favorite Meats

Beef steak and rib roasts are the pin-up cuts of meat to most Canadians. Runners-up in this popularity contest are hamburger, Swiss steaks, stews and pot roasts.

Cookery of beef varies according to the cut and the grade. For special meals you want the top-quality steaks for broiling or the rib roasts for oven roasting. However, the everyday budget calls for the thrifty cuts, the lower grades of beef which lend themselves to braising. These are the basis for Swiss steak, stew, or pot roasts and the many delicious dishes prepared from ground beef.

Whether the cut is one large piece such as a chuck or rump roast, or a 2-inch-thick blade or round bone pot roast, round or flank steak, or cut into cubes for stewing, the same method of cookery is used. Cover meat with seasoned flour, brown in a small amount of fat and, with a little liquid added, cook slowly in a covered container until tender.

The terms "roasting" and "pot roasting" are often confusing. Roasting, or oven roasting, where the meat is cooked in an open pan in the oven, is the method used for only the highest quality tender cuts. No water is added during the cooking. This is sometimes referred toas a "dry heat method of cookery."

Pot Roasting

Pot roasting is the method described above in which the meat is first browned and cooked in a covered pan either in the oven or on top of the range in a small amount of water or other liquid, because the liquid added is needed to help tenderize the less tender cuts of meats cooked in this manner. It is sometimes referred to as "moist heat cookery."

TENDER SWISS STEAK makes a flavorful meat course, accompanied by carrots and green beans.

Typical of the pot roasting or braising method of cookery are the many ways of preparing and serving the ever-popular round steak. This cut, even though called "steak," should be cooked in a liquid to make it tender.

In purchasing round steak, plan on ½ to ⅓ pound per serving. Have the steak cut 1 to 2 inches thick for Swiss steak. Season and place on a well-floured cutting board. Cover with flour and pound with a meat hammer or edge of heavy saucer. Continue to turn, flour, and pound meat until all flour is taken up by the steak. Brown and braise in a small amount of liquid.

Cook with tomatoes or tomato juice in a small amount of water with browned onion and green pepper rings. Whatever your favorite, for ease and variation of sevice, cut the round steak into individual pieces before cooking.

Gentle Treatment Best For Glass Curtains

To give sheer glass curtains a crisp new look they should be laundered carefully. With a little care they can be done quite professionally.

Shake gently to remove dust. If it is the first time they are being washed, soak in cold water for an hour or two to remove the dressing. It's a good idea to let them soak anyway to remove the starch. A little borax added to the water helps in this process.

Make suds with mild soap flakes and lukewarm water and either wash curtains by hand or put in an old pillow case and leave in washer about three minutes. Rinse two or three times in water of the same temperature (lukewarm).

Never twist or wring curtains. Roll in Turkish towels to absorb most of the moisture. When partly dry, ease into shape and hang at window or put on stretcher adjusted to original size of curtain.

If curtains require stiffening—use either starch or gum arabic. Make starch paste with cold water and thin with boiling water, making sure it's smooth. Dip curtains in starch solution after final rinsing. The ruffled type may be hung in the shade — never where they'll be blown about — and if left to dry, must be dampened before ironing.

The gum arabic solution is made by dissolving one ounce of gum arabic in one half pint of boiling water, strain and bottle. Keep well corked. Use one teaspoonful in a pint of cold water. Dip curtains in this, then stretch and iron.

TOM GARD'S NOTE BOOK

After hitting my nose with a hoe handle when stepping inside the garage door yesterday, I have finally decided to put my tools in order—not before it was needed either! After filing several plans carefully in the wastebasket I came up with one that is quite serviceable. Maybe there are others who could use the same arrangement, so it is illustrated. While I'm at it, all tool handles are going to receive a fresh coat of bright red paint to cut down on the time wasted in looking for "lost" equipment.

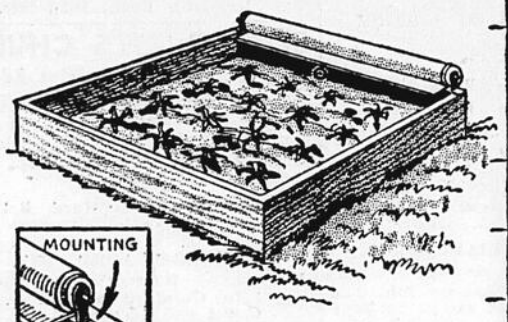

Gardening Fever

I find this the hardest season to restrain one's impulse to get out in the garden. Just up the street today, I noticed a chap who was trying to beat the gun by planting a few seeds. Whatever they are, the plants will likely be frozen off but that man will go to sleep with a strong feeling of accomplishment! Give expression to your gardening urge by making seed flats, seed flat shades, plant dibbers and the like. Your labour will not be in vain and you will be all set to act quickly when the proper time comes.

One of the smartest ideas I have seen in a long time was picked up on a visit last week. The house where I stayed was being furnished by two newlyweds. They chose an attractive bedroom suite but felt they couldn't afford the price of a vanity seat. An old cheese box was picked up on the market for considerably less than a dollar; the lid was padded and covered with attractive chintz that draped to the floor. I'll wager the seat they would like to have had was no more attractive than the one they made. The cheese box also served as a catch-all for out-of-season footwear.

Knick-Knack Shelves

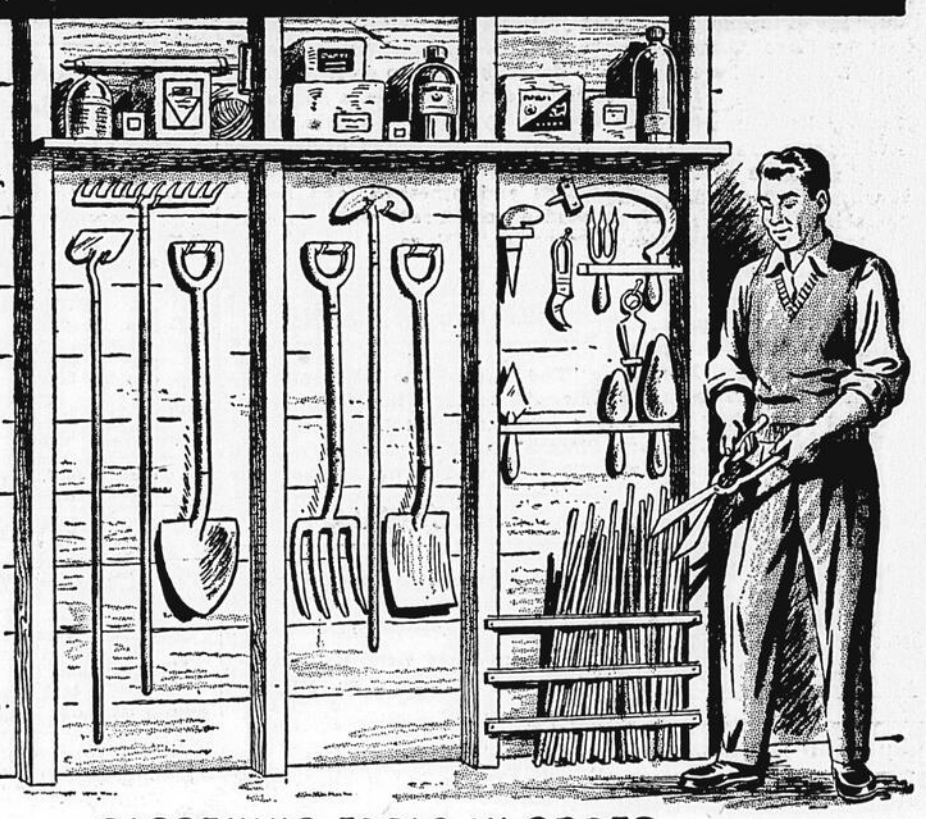

To be displayed properly, small ornaments require a shelf. Nothing is more attractive or useful for this purpose than a wall bracket or corner shelf. I met a chap the other day who was turning out several types of knick knack holders on his basement workbench. Three of the types he found most attractive are illustrated.

"PARLIAMENTARY LANGUAGE"

* * *

But Mr. Gardiner is Still a Smart Politician

* * *

One of the arts to be cultivated by the successful parliamentarian is that of the polite insult. It is not allowed by the rules of the House of Commons, for example, to call a member a liar. But there is no harm in audibly regretting that his remarks display a notable disregard for accuracy. Such thrusts are usually enjoyed by both sides of the house and the Speaker, as guardian of manners, interferes only when the language exceeds his standards of propriety.

Standards vary, however, and in the opinion of Hon. W. Ross Macdonald, the present Speaker, it is no longer parliamentary to call a member of the house a politician. The following dialogue took place on March 13, after J. A. Charlton, M.P. for Brant-Wentworth, had referred to Rt. Hon. J. G. Gardiner, Minister of Agriculture, as "one of the smartest politicians, with a capital 'P', that Canada has ever seen'.'

Mr. Speaker: Order. I do not know whether I correctly heard the hon. member a few moments ago, but did I understand him to say that the Minister or Agriculture, who I notice is not in his seat, was a smart politician with a capital "P"?

Mr. Charlton: Yes, Mr. Speaker.

Mr. Speaker: I do not think the hon. member should use that expression, especially when the minister is not in his seat.

Mr. Charlton: Hon. members opposite applauded, and I thought that I was paying the minister a compliment.

Mr. Speaker: I do not think the expression is permitted. I do not believe it is parliamentary to refer to an hon. member as a smart politician with a capital "P".

Mr. Charlton: Very well, Mr. Speaker.

Mr. Speaker: I think the hon. gentleman should withdraw the expression, and I ask him to do so.

Mr. Charlton: Then I will delete the capital "P".

Many who are not under Mr. Speaker's eye will continue to refer to Mr. Gardiner as a smart Politician, although he did not establish his claim to the mantle of the smartest, a year ago last summer.

Christian Science

"Doctrine of Atonement" is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist, on Sunday. — (John 2:1)

The Golden Text is from "If any man sin, we have an advocate with the Father, Jesus Christ he righteous."

Among the citations which comprise the Lesson-Sermon is the following from the Bible: — "I am the good shepherd, and know my sheep, and am known of mine. As the Father knoweth me, even so know I the Father: and I lay down my life for the sheep. My Father, which gave them me, is greater than all; and no man is able to pluck them out of my Father's hand. I and my Father are one." (John 10: 14, 15, 29 and 30)

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science & Halth with Key to the Scriptures" by Mary Baker Eddy:

"Jesus of Nazareth taught and demonstrated man's oneness with the Father, and for this we owe him endless homage. His mission was both individual and collective. He did life's work aright not only in justice to himself, but in mercy to mortals, — to show them how to do theirs, but not to do if for them nor to relieve them of a single responsibility. Jesus acted boldly, against the accredited evidence of the senses, against Pharisaical creeds and practices, and he refuted all opponents with his healing power." (Page 18)

Westmount Baptist

"The End of the Black-out" — this will be the title of the Morning Sermon in Westmount Baptist Church on Sunday. The address will be based upon one of our Lord's most significant statements and will be illustrated from the pages of Immanuel Velikovsky's amazing and recently published book entitled: "World's in Collision." This is one of three books the same author intends publishing. "Ages in Chaos" will follow shortly. If Valikovsky's theory is wrong his book will occasion no end of controversy, if it proves to be right then the book may well prove to one of the most significant of our day.

In the evening Dr. J. A. Johnston will have as his theme this question — "Are these the signs of a God-sent Revival?" Recently in Colleges, Seminaries and Universities there have been signs of a

BELT CONTROL

Reasonable exercise is the best way to help keep that "middle-age spread" under control. This does not mean that you should suddenly become an athlete in your middle years. Walking, gardening, moderate golfing and lawn bowling are only a few of the forms of recreation that tone up mind and body in the "after-forty" class.

WET FEET

April, in most parts of Canada, means melting snow and running water. It also means wet feet and, unless care is taken, coughs and colds for the whole family. Children are a particular problem at this time of the year, but a little extra care in keeping them warm and dry will pay dividends in good health.

deep and wide-spread Spiritual Awakening. Men like Dr. Edwin Orr who was in Montreal a year ago, Armin Gesswein and Billy Graham are among the human centres of this new spiritual upsurge. Are the things that have been happening on the West Coast and in many of the Colleges and cities of the U.S.A. signs of a Movement generated by the Spirit of God?

On Sunday, April 30th, the Congregation of Westmount will celebrate the Twenty-fifth Anniversary of the Opening of the Cuhrch at the corner of Sherbrooke St., and Roslyn Avenue. It will be remembered that the First Sod was turned by David Lloyd George, the great British Premier of the First World War and that the Foundation Stone was laid by the Hon. Albert Matthews later the Lt. Governor of Ontario.

The Special Speakers of the Anniversary occasion will be Dean . S. Thomson D.D., LL.D., of the Faculty of Divinity of McGill University who will address the morning congregation and Prof. G. H. T. Kimble M.A., Ph.D., who has been designated Executive Director of the American Geographical Society.

Westmount Park-Emmanuel United Church

Seventy-five years ago this month Emmanuel Church, Montreal, was dedicated, and twenty years ago this thirteenth of April the new Westmount Park Church was opened for public worship.

On Sunday the congregation of Westmount Park-Emmanuel will celebrate their anniversary.

Guest-preacher for both services on Sunday will be Rev. J. W. Clarke, D.D., M.C., who was pastor of the Westmount Park congregation when the new church was built. Dr. Clarke comes from Second Presbyterian Church, St. Louis, in the United States.

Following his ministry here, Dr. Clarke went to Knox Church, Winnipeg, and then to the Chair of Homiletics and Pastoral Theology at Chicago University. Afterwards he was called to St. Louis where a fruitful and happy ministry has seen him grow to be one of the most distinguished preachers on this continent.

The congregation will hold a reception on Sunday from 5 to 7 p.m., when tea will be served. The services will be at eleven in the morning and seven-thirty at night.

St. Andrews Westmount

Good Friday and Easter are now past — "earth's saddest day and gladdest day." From the experience of the mountain-top we descend to the plain of the every-day. "They serve God most who are at their post when the crowds have gone their way."

"A Post-Easter Message — He Gambled, and Won," is the subject of the sermon on Sunday morning by Rev. D. M. Grant, and in the evening Rev. G. K. Ward will preach on the theme, "From Fancy to Fact." The Services on Sunday will be broadcast over Radio Stations CBM and CJAD respectively.

The Alpha Omega Society will resume its activities after the Easter recess. The Kirk Session will meet on Monday at 8 p.m.

Rural Church "Work" Talk

Rev. Allen Clark, Rector of the Episcopal Church in Danvers, Mass., will be one of the guest speakers at a special "Lay Luncheon" being held at the Windsor Hotel on April 26, to celebrate the 100th anniversary of the formation of the Anglican Diocese of Montreal.

Hundreds of lay men and women from all parishes in the Diocese will participate in the giant celebration. The annual meeting of the Synod of the Diocese will be in progress in Montreal at the time and lay delegates to this gathering will be special guests at the luncheon.

A member of the Episcopal Church's Rural Life Committee, Mr. Clark's interest in rural church work led him to forsake a large metropolitan church to become Rector of a small country parish. In 1928 he designed the ministry by mail program known as "Home Prayers" which supplies church teachings to isolated families and this project has now become a nation - wide development.

His address at the luncheon will deal with the rural church situation in the United States and is expected to be of great interest to lay members of Diocese' outlying parishes.

AT HOME IN THE WATER

Children should be taught to swim in their early childhood. In this way they learn to be at home in the water. They understand its dangers as well as its attractions and become safer swimmers as well as better swimmers. Most children like the water, providing they have not learned to fear it in their early days.

Married In Calvary United Church

Mr. and Mrs. Keith MacNaughton Smith photographed following their wedding on Saturday afternoon, in Calvary United Church, Westmount. Mrs. Smith was formerly Miss Beverly Marion Kilgallen, daughter of Mr. and Mrs. Lindsay E. Kilgallen, of Montreal, and Mr. Smith is the son of Mr. and Mrs. William Burr Smith, of Notre Dame de Grace.

SMITH - KILGALLEN

Saturday afternoon, at three o'clock, in Calvary United Church, Westmount, the marriage took place of Beverly Marion, daughter of Mr. and Mrs. Lindsay E. Kilgallen, to Mr. Keith McNaughton Smith, son of Mr. and Mrs. William Burr Smith. The Very Rev. T. W. Jones, D.D. officiated. Mr. Gifford Mitchell played the wedding music and Mr. Robert Booth sang during the signing of the register. Spring flowers, arranged with palms and ferns, were used to decorate.

The bride, who was given away by her father, was in a gown of ivory satin, with a fitted bodice, fastened up the back with tiny buttons, having a yoke appliqued with lace and sleeves ending in points over her hands and a full circular skirt falling into a train. Her fingertip length veil of tulle illusion, was held by a headdress of lace and tulle and she carried an arm bouquet of stephanotis and ivy.

Mrs. Ralph C. Smith, of Toronto, sister of the bridegroom, as matron-of-honor, and Miss Jennifer Wood, as bridesmaid, wore frocks of aqua tissue faille, fashioned on similar lines to that worn by the bride, with fitted bodices and full skirts. At least four miles of walking and twenty-five hours of time is spent each year making just one bed by the usual household method. "One trip" bed-making can cut that distance to about a mile and a fifth if you make up one side of the bed completely, then finish the other side with no return trips from side to side.

Guild Player In "Our Town" Has Done Radio, Stage Work

Miss Joyce Carter of 2225 Old Orchard Ave., N.D.G., is to play the role of Mrs. Webb, an editor's wife, in the St. Genesius Players Guild production of "Our Town" at Loyola Auditorium on April 18, 20 and 21st.

JOYCE CARTER

Joining the Guild after graduating from St. Augustine's High School, Joyce did so well in the Guild's radio plays and studio stage productions that she was awarded a Summer scholarship in radio and dramatic study at St. Michael's Summer Theatre, Vermont. There she worked under Professor Fairbanks (of the Dramatic-English department of the University of Notre Dame) and Eliot Duvey, Director of the Boston Tributary Theatre. She has since then worked with the Guild and had private lessons in voice and diction from Alexander Kirby.

While at St. Michael's she played in "Our Town" and also appeared with the Playhouse's guest star Blanche Yurka.

Despite her youth she has already played mature character roles, and received favourable mention for her role of Olimpia Marto in the Guild's production of Lady of Fatima.

The Green Grass Is Growing

Come with me to McGill Street. Come to WILLIAM EWING CO. LIMITED, Top Quality Seedsmen for eighty-one years — leaders in Montreal. More than two square feet of beautiful grass is growing in a flat — green, the most restful colour in the scale. What a feast after the startling white snow, the uninspiring mud — no wonder we waft into Spring with the greatest of ease. For a continued season of ease, study the tips offered in this sample. This kind of grass is highly suited to Montreal — Colonial Bent, unsurpassed for permanent lawns, putting greens, bowling, etc. Of course, EWING'S have all kinds — mixtures of turf grasses for sturdy lawns. There is another notable feature in this flat. The top dressing is of Terra-Lite; wonderful for successful transplanting and a plant aid for bigger, healthier flowers, shrubs and trees. Another flat alongside — is half an inch up — neat rows of radishes, lettuce, carrots, beets and cress, ready to transplant in 3 or 4 days — ready to eat in 8 weeks. Immediately is the time to start tomato seeds for plants, also eggplants. I saw a brand new trick — plastic hothouses, shaped like loaves of bread. Gardening is really getting to be magic — saw all sorts of short-cuts with illustrations in a very practical handbook; also new, smart, usable looking English tools, recent arrivals — many gadgets to tease a true gardener sales-resistance. At present there is an abundance of bulbs, all types — Dahlias, Gladiolas, Begonias, Lilies — Japanese and native. EWING bulbs are popular for best results, bigger blooms, better colours. A general catalogue will be mailed free on request — describing about 150 vegetables and 800 flowers. For an early showing plant now Snap-dragon, Zinnias, Pansies, Asters, Carnations, Forget-me-nots, Verbenna and Mignonette to mention only some. All the best old timers and new unusual are here. If you can't visit the shop, simply telephone for careful, speedy attention. There are three telephones at your service. THE WILLIAM EWING CO., LIMITED, 474 McGill Street, below Notre Dame. Tally Ho!

See all the upturned tails of the Beagles and Hunting dogs, the eager tilt of the heads — even the horses paw the ground restlessly — wonder what all the delay is about. Let's join the conversation of the riders. It is about the hunt? There seems to be quite a buzz. There is a wonderful aroma in the air. More pots of COFFEE arrive at the long tables. This, evidently, is the most pleasant part of the morning. Didn't take long to realize what all the excitement was about. No, friends, you just cannot get away from the 'inner-man' — especially on a crisp, clear morning like this — topped with the frangrance and taste of an excellent COFFEE, always turns out to be the most arresting excitement offered. BOKAR ferrets out the fox quicker than John Peel. With the return — gallons of BOKAR will be needed. Watch them alight and make for the BOKAR, the strong, winey and vigorous blend of A & P; RED CIRCLE, the rich, full bodied blend; and 8 O'CLOCK, the mild and mellow — two other super blends — to be bought custom-ground at your neighbourhood A & P Store.

Betty Speirs Class Stages Fashion Show Models Well Trained

An interesting and colorful fashion show took place recently at the Speirs - Miller Charm School before a capacity audience.

The models were warmly received as they displayed the various gowns and garments from Teen Togs Inc. and their technique and precision on the runway showed the results of a diligent course of training in correct posture, poise and personality.

The young ladies taking part were Lillian Dooley, Beverly Trudeau, Urmilla Gayadeen, Ann Wellesford, Dorothy Wells, Joyce Doughty, Betty Hendry, Elva Hollingsworth, Maureen Hegarty, Barbara Kukoba, Millicent Craig, Terry MacClellan, Helen Goodfellow, Christine Kenny, Marjorie Doiron, Helen Godin, Dorothy Barnes, Carol Bremner, Florence Acorn, Therese Comeau, Madeleine Mernier, Jacqueline Lacoste, Beverly Mayhew, Beryl McWilliam.

This monthly fashion show is proving a popular feature with the modelling group and their personal appearance were favorably commented upon, clearly indicating that the young ladies had taken full advantage of the hair-styling and make-up sessions during the course.

Betty Speirs acted as commentator and is to be congratulated upon a very fine effort.

Montreal Ladies' Choir To Give Annual Concert

The annual concert of the Montreal Ladies Choir will take place Wednesday evening, at 8.30 at the Ritz-Carlton Hotel.

The choir will be under the direction of Mr. Clifford Johnston, and accompanied by Mr. Phillips Motley, B.A., Mus. Bach.

Guest soloists will be the well-known violinist, Antoinette Carta, and 15-year-old Peggy Haigh, who will render numbers by Mendelssohn, Beethoven, Schuman and Chopin.

Co-Convener

Mrs. C. N. KNOWLES

Mrs. Knowles is acting as joint convener, with Mrs. C. S. Smith, for the annual spring bridge being held by the Women's Auxiliary of the Homoeopathic Hospital in Trinity Memorial Church Hall at 2.30 Tuesday afternoon, April 25. This project is designed to raise funds for the refurnishing of patients' hospital rooms.

Give Corner Curtains Careful Consideration

Windows can make design sense from the outside of a house and at the same time prove to be a decorating problem when viewed from the room side. Corner windows are perhaps hardest to curtain properly.

Keep the size in mind. If a window is small or narrow stick to plain fabrics for curtains. Large showy patterns look best on large windows.

Unless there is a radiator or shelf under the window let draperies hang to the floor.

A cornice box is a tidy way to make two windows look as if they belong together. You can cover the box with drapery material. Don't overload windows with surplus fabric. A window width and a half is considered sufficient for draw draperies.

For Freshness — "File" Your Eggs Each Week

There's no disputing the fine delicate taste of a country-fresh egg. But if you're always having to use last week's eggs this week out of a mistaken sense of thrift you're missing a treat.

Reserve your newly delivered eggs for eating out of the shell by putting a pencil mark (or date) on any eggs that are left over from last week's batch.

There are many uses for ordinarily good eggs — in baking cakes, frying, cooking, in omelets etc. — that do not require your freshest eggs. Simply save the left-overs, which you've plainly marked, for cooking and breakfast on the fresh.

A transcription is an arrangement or modification of a piece of music, so that it suits an instrument other than the one for which it was originally written.

Noted Psychologist To Address Meeting Of Montreal Council

"Mental Hygiene in the Community Today" will be discussed by Miss Nora Bailey, Psychologist and Educational Assistant of the Mental Hygiene Institute, at the meeting of the Montreal Council of Women, on Wednesday.

An example of early mental hygiene effort in the community will be recalled prior to Miss Bailey's address, when Doctor Baruch Silverman will receive from the Council eighty records of mental tests given adults and children in 1918. These cases were referred by Montreal hospitals and welfare agencies to Miss Isa N. Cole, a social worker, engaged by the Council on recommendation of its Committee on Mental Deficiency. The committee, headed by Professor C. M. Derick of McGill University, had worked for several years previously to show the need for the testing and classification of defectives, for psychiatric clinics, special classes, training schools and institutions and for changes in immigration laws. Miss Cole's records, which have been in the Council's files, will be transferred to those of the Mental Hygiene Institute, the Board of Directors accepting them for permanent safekeeping, both for their historic value and present, practical use.

The hostesses at this regular monthly meeting of the Council, to be held as usual at 2.30 p.m. in the Allan Shatford Hall, 1439 St. Catherine Street West, will be the Silver Cross Mothers of the R. C. A. F.

Cast Of Fifty In "Our Town" St. Genesius Play At Loyola

"Our Town" Thornton Wilder's hit play about American small town life at the turn of the century, will open at the Loyola Auditorium, April 18, as a presentation of the St. Genesius Players Guild, and will continue there for two performances through the 21st.

Pictured above are two of the players, Evelyn Boileau and Frank McGilly. The latter will be seen as the doctor's gangling son, the town's best baseball player.

Other roles in the cast of fifty will be played by: Barbara Hammile, Gerry Tynan, Evelyn Boileau, Don Smith, Joe McCarney, Ralph Monaghan and Muriel Kilgour.

Paul Brennan will be seen as the Stage Manager, — narrator in the St. Genesius Players Guild presentation of "Our Town". Bill Shore will play the town doctor, and Phillip Gregory will be seen as the editor of Grover's Corners Sentinel. Joyce Carter will appear as the editor's wife, and Geraldis Bryant as the doctor's wife.

A Pulitzer prize winner, "Our Town" ran on Broadway over a year and was lauded by critics as "one of the great plays of our day" and a supreme adventure in playgoing."

Set in the little New Hampshire town of Grover's Corners, "Our Town" is the story of the typical figures in a country village and the quietly charming lives they led in an era uncomplicated by gadgets.

"Our Town" is presented almost entirely without scenery, and a narrator billed as the Stage Manager, invites the playgoers to be their own scenic designers, of a drug store, the church, and finally the cemetery on the hill.

Versatility Of Groups Seen At N.D.G. Club Members Day

Variety was the key-note of the program presented by groups of the Notre Dame de Grace Women's Club at the final open meeting of the season, in Victoria Hall, Wednesday afternoon. Over 500 members and guests witnessed results of group study and training that had been one phase of the club's activities for the year. The meeting opened with the singing of "O Canada", led by the club choir.

Mrs. J. W. Perks, president of the club, welcomed members and guests and introduced the chairman of the day, Mrs. Robert Japp, who has been in charge of all groups and classes during the past season.

The first item on the programme was a number of selections by the **Choir** of approximately 30 members, under the direction of Mrs. R. Uden, L.R.A.M., accompanied by Mrs. S. S. Beamish. Included in the repertoire were, "How Lovely Are Thy Dwellings" by S. Liddle; "Evening Prayer" from Hansel & Gretel; "A Shepherd Kept Sheep" by Eric H. Thiman; "All Through The Night", An Old Welsh Song arranged by W. H. Anderson; "Billy Boy" arranged by Thomas F. Dunhill; "Now Is The Month Of Maying" by Morley; and "Sumer Is Icuman In" by Percy S. Fletcher.

Their performance showed a year of conscientious work and study, resulting in very good attack, sweet quality of tone and many variations which were most expressive. Taking part were Mesdames C. E. Bowers, F. D. Crowley, H. Giles, G. Mallinson, J. H. Maude, S. Miller, B. Sutcliffe, S. Turner, E. R. Cass, T. Dawson, E. F. Mount, A. Watson, W. V. Toole, C. Jackson, T. Patterson, W. A. Falconer, N. B. Muir, G. A. Shean, W. G. Stevens, G. Irvine, W. D. Kirk, S. England, G. Murray, T. Gunn, A. Gall, E. Harris, R. Wilson, C. W. Misner, G. H. Morgan, R. C. Halford, J. C. Kelleher, F. Luxton.

Civics Group

Taking as its theme, "Education Is Everybody's Business", the **Civics Group** touched briefly on the complicated background of our educational system. Including the Church, Civic Authorities, Home & School Associations, the Parents and the Home; it was pointed out that the greatest single influence on the child was still exerted by home environment. Improvements during the past decade, in both the physical character of school buildings and in the type of courses offered, were practical steps in fitting the youthful citizen into the pattern of industry, trade or the professions.

Participating in the discussion were Mesdames: R. E. Wager, chairman; W. M. Hick, C. T. Groome, I. K. Lowry, F. R. Murray, P. H. Amey, J. S. Miller.

Fashions of 1950 were presented by the **Dressmaking Class** with Mrs. M. Rochemont, chairman of the class, as commentator and Mrs. P. C. Cope at the piano. Mrs. H. W. Dunn modelled a pretty light, summer printed cotton number, Mrs. C. Scurrah was smart in a tailored suit, Mrs. C. F. Walker—in a spring number of leaf green with hat to match, Mrs. H. P. Hiltz in a printed crepe with smart pocket and cuff arrangement, Mrs. A. A. Davis displayed a green corduroy two-piece suit which she had made for her young daughter, Mrs. W. L. Gatehouse was striking in a red satin housecoat with concealed pockets and displayed a black bathing suit, also made during class; Mrs. M. Rochemont wore a most becoming grey wool dress with many interesting details, including a detachable panel buttoned each side of the dress.

W.V.S. Award

A Certificate of Merit awarded by the Women's Voluntary Services to the club in recognition of the services rendered by the Military Hospital Visiting Committee of the club, was presented by Mrs. H. P. Moore to Mrs. J. W. Perks, President of the N.D.G. Women's Club. Mrs. Moore stated that 100 Hour Service Pins had been won and presented to the following members of the N.D.G. Women's Club this year — Mrs. R. Reynolds, Mrs. T. Paton, Mrs. F. N. Ward and Mrs. D. K. Gowans.

A one act comedy entitled "From Five To Five-Thirty" by Philip Johnson; produced and directed by Cecile Wright, was presented by the **Drama Group** with the following cast: Mesdames Bobby Rice, Moira Millington, Peggy Seller, Thelma Japp and Frances Lindsay.

The comedy was realistic in its portrayal and was well received, evoking much laughter.

Mrs. F. Moody expressed appreciation to the various participants of the afternoon's entertainment, and complimented Mrs. Robert Japp, chairman of groups and classes.

An Art Exhibit by the **Art Class** was on display in the Banquet Hall. Members having pictures on exhibition were: Mesdames R. A. Macintyre, chairman of Art Class; G. A. Murray, C. E. Bowers, J. Shupe, E. V. Gage, T. R. Rennie, G. Shanks, R. B. Moffit, J. F. Masterson, T. W. Halsey, Miss B. Wallace. Mrs. J. C. Peterson was teacher of the Art Class.

AN OFFICE "MUST"

A first-aid kit is a "must" in office or factory, and no home should be without one. But such a kit is worse than useless unless someone has been adequately trained to use the materials it contains. First-aid training may be had almost anywhere in Canada under the sponsorship of nationally-known institutions.

Kiddies Mistake Door — Whole Town in Uproar

Colonial village, a new community on the far south side of Chicago, was thrown into an uproar the other day when Leo Poynton, 40, and his wife, Helen, 38, reported that two of their six children—Christine, 5, and Leo, 3—had disappeared.

The search began at a point a block from the Poynton home, where some one remembered having seen the children, and rapidly expanded around the village, up and down Halsted st., with its heavy traffic, and along the Calumet Sag channel. Eight patrolmen, two detectives, two sergeants, and three squads, commanded by Police Lt. John H. Miller, joined a group of Colonial villagers and conducted an energetic four hour search, without success.

Poynton, sick from worry, led his wife back home to await developments. Mrs. Poynton was on the verge of hysteria when suddenly the door was pushed open and in came Christine and her brother. Both were crying inconsolably. It was a long time before they could tell how, on their way home, they mistook the home next door for their own and entered. When they discovered their error, they could not pull the door open against its heavy check and remained terrified captives until the neighbors returned.

Czar Ivan "The Terrible" took over Russia's top spot when he was only three.

*FAVOUR**

WHEN the housewife calls at the grocery store and orders a supply of provisions, she is not asking a favour . . . she is buying goods for which she will pay on delivery . . . purely a matter of business.

So with your bank. It is a business proposition just as much as the grocery store.

The grocer deals in groceries . . . the banker deals in credit. And as the making of loans is one of the principal ways by which his bank derives its revenue, he is as anxious to sell his credit as the grocer is to sell his groceries. And like the grocer, the banker naturally wants to know that he is going to be paid for his goods . . . that his loans will be met when they fall due. That, too, is only good business.

When you have occasion to ask for a loan, look at it this way. Come to the Bank, not feeling that you have to ask a favour, but to offer the manager a sound business proposition which will be of profit both to you and to his institution.

Your Favorite Big Stars At The Monkland, Saturday

Charles Coburn, Gloria De Haven and Glenn Ford represent the family whose happiness is blighted when Janet Leigh separates Glenn from his celebrated doctor father. They appear on the Monkland screen Saturday until Tuesday in the new M-G-M drama, "The Doctor and the Girl." The main Technicolor feature attraction, "Oh, You Beautiful Doll," starring June Haver and Mark Stevens, will give the seekers of variety in entertainment an outstanding show that they will really enjoy.

One of the toughest jobs Producer George Jessel and Director John Stahl had in producing "Oh, You Beautiful Doll," the Twentieth Century-Fox musical Saturday until Tuesday playing at the Monkland theatre, was the selection of songs to be included. Since the story of the picture is about the life and tunes of Fred Fisher, one of America's great song writers, who flourished at the beginning of the Jazz era in music, there were hundreds of the composer's songs available.

From the fabulous array of Fisher song hits Jessel chose a dozen to be sung and played in the film: "Peg O' My Heart," "When I Get You Alone Tonight," "I Want You To Want Me," "Ireland Must Be Heaven," "Any Little Girl," "There's a Little Spark of Love Still Burning," "Come, Josephine, In My Flying Machine," "There's A Broken Heart For Every Light On Broadway," "Who Paid The Rent For Mrs. Rip Van Winkle," "Daddy, You're A Mother To Me," "Chicago' and "Dardanella." The latter was said to be the greatest song grosser of all time, having sold over 7,000,000 recordings and 2,500,000 sheet music copies even before its revival in recent years.

Second Big Attraction

Academy Award-winning Charles Coburn has one of the most dramatic roles of his career as Glenn Ford's stubborn father in "The Doctor and the Girl," new M-G-M offering.

He appears as Dr. John Corday, brilliant and successful neurologist who plans on having his son follow in his footsteps, then breaks with the boy when the latter marries a poor girl.

The veteran character actor appeared previously at M-G-M in "The Green Years" and "B.F.'s Daughter." He was nominated for an Academy Award for his performance in the former and won the Oscar in 1942 for his supporting role in "The More the Merrier."

Coburn, a native of Savannah, Georgia, started his theatrical career as a program salesman in a Savannah Theatre. After - subsequently serving as the theatre's manager, he appeared in stock company plays, won success on Broadway in his own theatrical company, and came to Hollywood in 1937 in "Of Human Hearts."

Gloria De Haven and Janet Leigh have the leading feminine roles in "The Doctor and the Girl." The picture was directed by Curtis Bernhardt and was produced by Pandro S. Berman.

OPPOSITE SAXES

This is the big and the little of the sax section of the 100-piece Sun Devil band of Arizona State College at Tempe. Betty Blythe, uses all of her 90 pounds to blow a note through the big bass sax, while 300-pound George Rayes has plenty to spare in breezing through a score on the little soprano saxophone.

Musical Sharps
Flats and Naturals
by
Frances Goltman

Readers tastes vary to such an extent that what will interest one, another will pass by. Certain headings are "eye catchers" however and no matter whether the content of the article is a topic you seldom read, you may be fascinated by the title, glance through or even read it thoroughly. This was brought to our attention a short time ago by a non-musical person who asked us why we didn't write on personalities of the month any more. We were surprised when this gentleman told us he read a music column, mentioned it to him, and were informed that he holds a particular interest in birthdates of famous people, so our "heading" was the season.

There are so many musicians born in April that we have had to condense the galaxy of personalities and divide it into two instalments to include some of the celebrated premieres. These are really birthdates too since many are commemorated on the date.

Among the composers there is Serge Rachmaninoff (1873, Russian) who was equally great in his lifetime as performer and conductor and whose works will live on forever. Ferruccio Busoni, (1866, Italy) also a great pianist, both born on April first. Reginald de Koven, (1859, American) composer of operettas, "Robin Hood". Charles Marie Courboin, (1886) the noted Belgian organist who has visited Montreal for many concerts. Ludwig Spohr, (1784, German) whose violin works are still performed. Oscar Straus, (1870, Viennese) very popular for his operettas, especially the "Chocolate Soldier". Carlos Salzedo, (1885, French - American) harpist. Guiseppi Tartini, (1692, Italian) whose violin works will live on, was a great teacher and performer. Pietro Nardini (1722, Italian) is another great violin composer.

Paolo Tosti, (1846, Italy) will never be forgotten through his celebrated song, "Good-Bye"; Franz Von Suppe, (1819, German) Roger Ducasse, (1873) French modernist; Albert Coates (1882, English) celebrated conductor as well as Serge Prokofieff, (1891, Russian) also a conductor and pianist. As a modernist, Prokofieff has become celebrated for his "Classical Symphony" and "Peter and the Wolf". Friedrich von Flotow, (1812, German) famous for his opera "Martha" and Frantz Lehar (1870, Hungarian) composer of the "Merry Widow".

Celebrated composers who died in April include Johannes Brahms in 1897, Gaetano Donizetti in 1848 (composer of "Lucia di Lammermoor"), George Frederick Handel (1759) buried in Westminster Abbey. Two great violin composers, Henri Wieniawski 1880, and Edouard Lalo 1892, passed away in April. Ottorino Respighi died in 1936, and Alexander Scriabin in 1915.

A powerful influence on music and dynamic personality, Cosima Wagner, the daughter of Franz Liszt and the Countess d'Agoult, passed away in 1930 at the age of ninety-two. She was married first to Hans von Bulow, conductor and pianist, afterwards to Richard Wagner.

Next Week: April Personalities. Part 11 Conclusion.

"All The King's Men" Honoured by Redbook

"All the King's Men," Robert Rossen's picturization of Robert Penn Warren's Pulitzer prize novel, has been selected by Redbook Magazine as its "picture of the month" for January and a candidate for Redbook's annual silver cup award.

This is the fifth national magazine to date to honor the Columbia picture, Seventeen having also announced its selection for January, Esquire for February, and Life and Look having featured it previously in text and layouts.

Last week, the New York film critics selected "All the King's Men" as "picture of the year" and its principal player, Broderick Crawford, as male star of the year.

VERSATILE

Joseph Cotton, co-starring with Joan Fontaine in Hal Wallis' "September Affair", had a varied career before arriving in Hollywood. He was a professional football player, paint salesman, newspaper advertising solicitor, collar ad model, assistant stage manager and radio and stage actor.
Broadway villain who came west for his health and now dies in the movies for a living.

SOUP TO NUTS — AND POPCORN

Erskine Johnson, famed Hollywood correspondent for NEA Service and The Monitor, startled popcorn munchers at a Los Angeles movie by having a seven-course dinner served to him in his seat. The stunt was another round in Johnson's crusade against popcorn at the movies, and included everything from shrimp cocktail to flaming "Cherries Jubilee" dessert. Time magazine reported the event and noted that besides fighting popcorn, the NEA columnist skips the Hollywood gossip halls and saloons, covering filmtown news like he would a City Hall beat, as a "good, workaday reporter."

Excellent Twin Bill Sunday At The Westmount Theatre

Containing at least five laughs minute, "Miss Grant Takes ichmond" starts Sunday at the Vestmount Theatre.

Producer S. Sylvan Simon, hose reputation as a creator of mic masterpieces was never ore handily displayed than in ed Skelton's explosively funny The Fuller Brush Man," has put gether another robust comedy. quipped with beauteous comedine Lucille Ball and handsome illiam Holden, who exhibited ch a neat comic touch in "Dear uth" and "Dear Wife," Simon s come up with another exuberit romp that exudes a lightarted touch and undoubtedly ll be acclaimed as the most hilious girl-takes-boy escapade of e year!

This time, Simon has explored e comic implications of a bookie erating behind the screen of a al estate office. When Holden, e bookie, hires luscious Miss all to be his secretary, wham! e comic explosions begin. Miss all, rather dense in the upper gions, has a heart as big as a hale, and she gets the reluctant olden to embark on a grandiose using project which takes most his ready cash.

Second Feature

Since every man is a soft touch r some woman, "Mr. Soft uch," an engrossing drama of a rd - pressed gambling man who eets up with a sweet settlement ly and is knocked for a loop, tertainingly proves this point. t further, the Glenn Fordvelyn Keyes co-starrer which is added attraction at the Westount Theatre, is a fast - movg story of a man who had a te with a bullet and of a girl o tried to make him break it. Ford and Miss Keyes give beautifully paced performances, which may be accounted for by the fact that they were teamed up before in other movies.

TELEVISION FAN

Charles Bickford, co-starring h Bing Crosby in Frank Capra's iding High," owns a television vice shop in Hollywood and ends his spare time learning the rets of video.

LET IT RAIN

Hollywood's Joan Caulfield is pretty as a rainbow and ready for April showers in this abbreviated rain outfit that she wears in a new musical picture.

Trinity Players' Last for Season

Trinity Players will present their fourth and last offering of this season in Trinity Memorial Hall, April 26-29. Basil Donn, C.D.A., will direct "Peace in our Time" by Noel Coward, perhaps the best known author, playwright, actor and director of recent years.

The entire action of the play takes place in a London "Pub" called "The Shy Gazelle", situated somewhere between Knightsbridge and Sloane Square. The period covered is from November 1940 to May 1945 and the dialogue and situations represent to the audience what would have happened to the people of England if the Battle of Britain had been lost.

Ronnie Naylor is having his first chance at designing and executing a set — the lighting is being done by John Linney and Elinor Watson.

New Broadway "Find" Signed By Hal Wallis

Charlton Heston, regarded as Broadway's hottest new screen bet, has been signed by Hal Wallis to a long - term contract and he will make his screen debut in "House of Mist," one of Wallis' major productions for Paramount this year.

The dark, handsome, six-foot-three Heston currently is appearing in "Stained Glass Window" in Boston. The play is scheduled to open shortly in New York. He has been appearing on television in New York and is favorite with Eastern video audiences.

Wallis was successful in signing Heston against spirited bidding by several studios. The producer said he believes Heston has tremendous starring potentialities, comparing him with Burt Lancaster and Wendell Corey.

Fan Returns Allan Ladd's Belt

A belt from Alan Ladd's new amel's hair topcoat which the star lost ten months ago when mobbed by fans in Halifax has just been returned by a girl who helped herself to it for a souvenir, the actor revealed on the set of "Chicago Deadline" at Paramount.

The belt disappeared during a melee at the Nova Scotia port where 150,000 people gathered to watch Alan on his way to London for the annual Command Performance.

The Halifax miss who took the belt read somewhere that Ladd had been unable to obtain a replacement. Thereupon she mailed back her souvenir to the star, writing that she hated to give it up but was doing so because of thte circumstances.

Swanson Completes Tour For "Heiress" Publicity

Gloria Swanson, "ambassadress of goodwill" on behalf of William Wyler's "The Heiress", has completed a swing of five cities as part of her nationwide tour publicizing the Paramount picture.

Miss Swanson spent last week in San Francisco where she addressed important groups and the press. She previously visited Denver, Dallas, Kansas City and Minneapolis. On her tour she has been discussing "The Heiress" with civic organizations, women's clubs, educational groups, film exhibitors and newspaper editors.

Her San Francisco visit was in connection with the second West Coast opening of "The Heiress" at the St. Francis Theatre on Nov. 24. It is currently in a sixth week in Hollywood at the Carthay Circle Theatre, playing to capacity business.

London's big new concert hall now being built on the banks of the Thams will be called "The Royal Festival Hall," a name chosen by His Majesty the King.

direct from Hollywood

By JACK HIRSHBERG

HOLLYWOOD, April 13 — Larry Thor, formerly one of Canada's favorite newscasters on the CBC, and a local hit on Montreal's CFCF, was star witness a few days ago at an important trial in Los Angeles.

Now night supervisor for the Columbia's Broadcasting System in Hollywood, Thor was once a staff news reporter on KMPC, local 50,000-watt independent. G. A. Richards, owner of KMPC (and Detroit's WJR and Cleveland's WGAR), is undergoing examination by the American government to certify his qualifications for a renewal of licenses to operate his radio station interests.

If the case goes against Richards, he will have to sell or close the highly profitable broadcast outlets.

★ ★ ★

Richards has been accused of ordering his news staff to inject racial bigotry and political bias into their supposedly objective broadcasts of world happenings. He ordered his announcers to insult President Roosevelt on the air, to feature news deprecatory to certain religious groups, to read Hearst editorials and Westbrook Pegler copy as though the latter was actual news, without giving the sources thereof.

Thor quit his job with KMPC rather than comply with Richards' alleged unethical and undemocratic orders. On the stand at the trial — which is still current — Larry gave his inside report on Richard's efforts to create hatred through abuse of the broadcasting privilege he possesses.

The courtroom had at least one hearty laugh during Thor's testimony. This came when the Canadian pointed up Richard's extreme hatred for President Truman by recalling how Richards ordered newscasters to make derogatory comments whenever possible on Margaret Truman's vocal prowess.

Apparently the adverse publicity didn't hurt either Margaret or her dad. Truman was re-elected without Richards' help, and Margaret's current concert tour is a sell-out.

TICKERTAPE — Though Jack Beutel has not worked before a camera since Howard Hughes starred him seven years ago in "The Outlaw," the little known actor has been paid his salary by Hughes every week since. Now his contract is being extended for another few years, though there are still no plans to feature him on film . . . In the past two years the number of actors under contract to film studios has been cut in half. Instead of carrying thesps on the weekly payroll between assignments, film factories are signing them only for specific roles with definite time limits . . . You might suspect it. Alan Ladd's "Montana" is being photographed in "Arizona." After all, they did shoot Austrian Alps for "The Emperor's Waltz" in the Canadian Rockies.

In Paris, the French version of "Annie Get Your Gun" is titled "Annie of the Far West," . . . Samuel Goldwyn, Jr., who now works as a writer for his father, has hired an agent to handle his contractual negotiations with the old man. . . . McGill's Hume Cronyn took something of a beating from New York critics and audiences for his production of "Now I Lay Me Down to Sleep". The play stars Fredric March and Florence Eldridge, but it cost too much and will be one of the season's most expensive flops.

International Rugger Game Set

Westmount Rugger Club Plays Harvard This Week

With some leaving tonight and others leaving tomorrow, members of the Westmount English Rugger team will straggle into Boston, Mass., over the two day period to play their first International match since the war.

Fifteen players and three substitutes are making the trip to play a powerful Harvard University team at Cambridge, Mass., Saturday afternoon. For the Westmounters, it will also be the first game of the season, while Harvard have just returned from a week of competition with teams from the British Isles and other American colleges, held at Bermuda.

The trip is being made by automobile, with the players to be billeted at the Harvard player's homes over Friday and Saturday night, and the return trip to Montreal taking up most of Sunday.

Making the Boston trip are Jordan Beverly, fullback; Charlie Turner and Bob Harrocks, wings; Ron Burgess and John Stopford, centers, Tony Beck, flyhalf, Eoin Ruthven, scrumhalf and forwards; Terry Lockyer, Doug Veevers, Bill Thomas, Dick Miller, Dave Statow, Bill Hedges, Bob Burnall and Hartland Price. Substitutes for the team are Basil Smith, Ken Haworth and John Constantineau.

The Westmounters plan to entertain the Toronto Wanderers on May 13th, and then make a return trip to Toronto the following week-end, but this has not been definitely arranged as yet.

Three other teams are in the Montreal area, one from McGill, third from the Dawson College, but no report on their activities for another from Macdonald and a the spring has been made as yet.

Snowdon Fastball Loop Schedule Ratified

The Snowdon Senior Fastball League moguls got together for another of their friendly meetings on Monday night. It was a rather uneventful session.

The 1950 schedule was formally ratified and is now in the hands of the printers. It is hoped to have the schedules ready for distribution on opening day, Sunday, April 30.

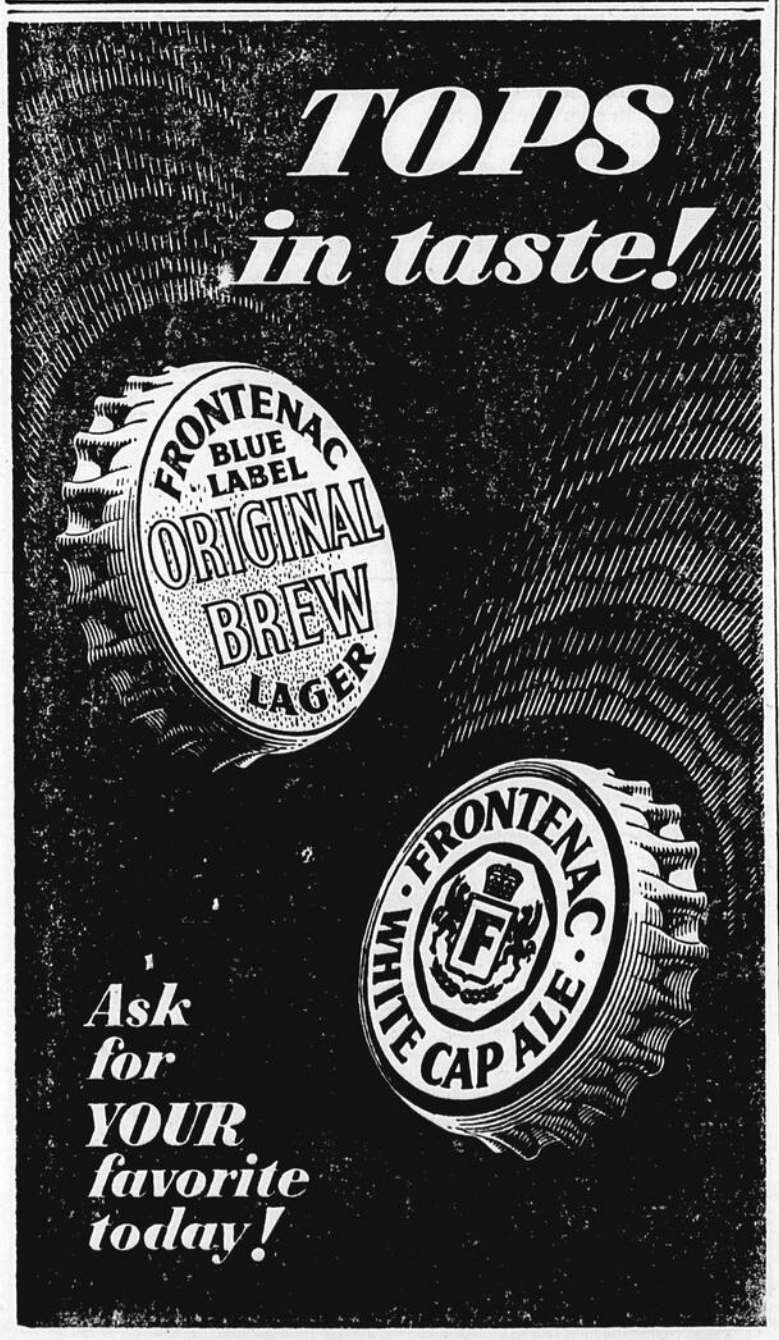

It was also learned at the Monday meeting that the City of Montreal plans to erect a new scoreboard at Macdonald Park, something very much in need.

R. Watson New QRFU Head Westm't Not At Meeting

Reg. Watson was unanimously elected president of the Quebec Rugby Football Union at the annual meeting held in the Canadian Legion Building, on Tuesday night.

Other officers elected, also by acclamation were: Alan Kerr, first vice-president, Joey Richman, second vice-president, and Ed. Fennell, third vice-president. Fennell is the only newcomer to the executive although he served as convener for the intermediate division last season.

Retiring president Myer Insky who will step into the presidency of the Canadian Rugby Union next year, declined nomination.

President-elect Watson presented Mr. Insky with a briefcase on behalf of the clubs and executive of the Union. He paid tribute to Mr. Insky's leadership of the Union and to his contribution to football during his five year term of office as president.

A one-minute period of silence was observed by the meeting in memory of the late Col. Henry Harrison, a past preseident and more recently an honorary auditor of the Union.

Walter Stenhouse, also a former president of the Q.R.F.U., added his voice to pay tribute to Col. Harrison with whom he had been associated for almost forty years in football.

Norman Gillespie, secretary-treasurer, presented an optimistic report of the progress of the game in Quebec, which, he said was showing a surprising growth in areas which until recently had evinced little or no interest in football.

Most of last year's clubs were represented although Westmount was a noticeable absentee. It is believed that the club will again operate, however.

Harold Platt, referee in chief from Westmount, who is now a member of the rules committee of the C.R.U. gave a report on the last meeting of that body. Platt stated that he did not think there would be any major changes in the rules this year.

Following the meeting the executive met and re-appointed Norman Gillespie as secretary-treasurer, Bill Liddell as registrar and Walter R. Stenhouse was again named auditor.

Present at the meeting on Monday night was Al Dupont from Cartierville, who made enquiries as to the possibility of entering an all French-Canadian team in the junior division this season. Indications are that the new club will be accepted.

NO SUBSTITUTE

A game band of basketballers from the University of Manitoba have wended their weary way westward this week, after having the oldest and truest of all sports axioms, "there is no substitute for experience", proved beyond a doubt to their dissatisfaction. The youngest club ever to play in a Dominion senior basketball final could win only one game in four from Montreal's high-powered Y.M.H.A. five, boasting as a starting line-up five members of Canada's 1948 Olympic team, but they went down fighting in all of the games they lost. They just didn't have the weapons.

The Bisons only looked like true Western champions in one game of the final series, the third, when they whipped the Blues 70-54 in a ding-dong battle. In the other three games they tried hard, but they didn't show anything to make people suspect that they were the best ball club from the Prairies and British Columbia.

Manitoba used a slow-break, ball control game in all tilts but the third, the one they won, and, while this style of play may have proved successful against fire-horse American collegiate and Western senior teams, it was completely ineffective against the experienced Blues. Y.M.H.A. didn't try to make the collegians play their type of game, they played the Westerners' games better than Manitoba could. The only thing that wasn't disappointing about the Bisons was their big gun, Carl Ridd, who was held pretty well in check, but still managed to run up 70 points in the four games, making him by far the outstanding figure in the series.

In all fairness to the "Y", they did a tremendous job in winning their first national championship and in breaking a ten-year Western stranglehold on the Montreal Cup, but still, the four-game set-to produced some of the worst basketball officiating we have ever been forced to watch. Such integral parts of the game as jostling under the backboards and three-second violations by the offensive team just weren't called at all.

Anyhow, it was an awful long trip home for the Bisons.

THREE TIMES AND OUT

Another game team bowed out this week, in the persons of the Toronto Maple Leafs, three-time Stanley Cup champions, who lost in a torrid seven-game semi-final series to the league champion Detroit Red Wings. The Red Wings won despite the loss of ace winger Gordie Howe when Harry Lumley, always an uncertain quality in the playoffs, rose to great heights to shut out the scrappy Leafs in the sixth and seventh games. It was a great series for goaltending all around, with each goaler recording three shut-outs, and a total of only 21 goals scored in the seven games.

The Leafs lost the chance for their fourth successive Cup when their two great centers, Max Bentley and Ted Kennedy, were held to a stand-still in the two final games by the hard-checking Wings. Bentley's ineffectiveness was probably due in part to the absence through injuries of his season-long linemates, Ray Timgren and Joe Klukay, while Kennedy was never himself after the first-game accident which sent Howe to the hospital with a serious head injury, and in which Kennedy was involved.

Whichever team, the Rangers or the Red Wings, wins in the final round, currently only one game old, it will break a six-year monopoly of Canadian teams on the coveted Stanley Cup. Canadiens won it in 1944 and 1946, the Leafs in 1945, 1947, 1948, and 1949. And if the Rangers win it all, it will be the first time in a decade that a team other than Detroit, Toronto, or Montreal, have held the Cup.

Marvin Greenbaum Leads Wolves To 50-8 Victory Over Flyers

The Wolves' Marvin Greenbaum, who hit the hoop for 14 points, led his team to a 50-8 victory over the Flyers in the Westmount Municipal Intermediate basketball league, this week.

The win just about clinched first place for the Wolves. Dave Binmore and Cliff Gill were the next best men for the Wolves finishing with 12 and 10 points respectively. Dave Barnard dropped 8 points, Wendy Young came up with 5 points and Ian McGillis snared a single. Mickey Bourrassa accounted for 4 of the Flyers' points, while Harry Wolfe and Moe Strachan scored a basket for 2 points each.

The Avenue Stars, with their great passing and accurate shooting, defeated the Ding-Bats 85-10. Bert Kelly played sensational ball to chalk up 40 points, an average of a point a minute. Ambidextrous Jack McKissock, potting the ball with either hand, racked up 30 points. Willie Manolson hit the loop for 8 points, Earle MacDonald sniped 5, and Graydon Easton finished with 2 points. George Coleman snared 4 points for the Ding-Bats, Fred Stevenson dropped 3 points, Erwin Frank sniped 2 points, and George Presho finished with a single.

Royals Edge Staynor

In a close hard-fought contest the Royals defeated Staynor 26-25. Staynor were leading 15-12 at the half way mark but Royals came back to out-score them 14-10 in the second frame. The Royals' points were well distributed with Bill Graham snaring 7, Ben Young 6, Noel Romney 5, Logue McDonald and Tom Bonnar 4 points each. Staynor's Ron Brambell, with a last place team, played terrific ball, hiting the hoop for 18 points. Charlie Morgan sniped 6 points and Don Tinning scored a foul throw for a single.

Queen's Hoopsters Down Iona 23-22

Fight, aggressiveness and spirit paid off for Queen's elementary school cagers last week as they came from behind to down Iona 23-32 in a thrill-packed overtime battle played on the Westmounters' home floor. The game, particularly in the second half, packed all the excitement of a Dominion cage final as the Queens lads, champions of the Westmount Protestant Elementary Schools Basketball League, came surging from behind in the dying moments of the game.

Those last few minutes were hectic as first one team and then another grabbed the lead. With 20 seconds to go, and the game apparently in their grasp as Gordon Goldsmith sank a lay-up shot and followed up with a free throw to put them two points up, Iona's zone defence crumbled long enough to let Queen's strike for the tying basket.

Iona Take Lead

The five-minute overtime period was a replica of the game itself. The green and gold clad lads from up Snowdon way jumped into a three-point lead but Queen's, who seemed to grow stronger as the game progressed while the losers displayed more and more signs of battle fatigue, fought back gamely with Higgens leading the way.

It was a hard fought game and Queen's well deserved the win. They outhustled the Ionians, outfought them and showed the spirt of true champions in coming from behind repeatedly to stay in the ball game and finally win out.

5-0 at Half

The first half was a rather weird, low-scoring affair in which the visitors had the better of the play. When the half-time whistle sounded Iona was up 5-0. The interesting thing about the score was that the Ionians registered all their first half points via the free throw route. Not a single field goal was scored in the first two quarters.

Queen's found Iona's 1-3-1 zone defence just about impenetrable in the first half while Queen's man to man was almost as tough to crack for the visitors.

The tide of battle turned midway through the second half when Queen's went all out in a great display of spirited basketball.

Higgens was the individual star for the winners with eight points while Pat Robinson was next in line with five.

Iona's big gun was captain Stanley Goodman, who potted 10 points. Dimunitive Gordon Goldsmith also turned in a stellar game for the losers, being particularly effective in the fourth quarter. He accounted for seven points.

TOGETHER AGAIN

Maureen O'Hara and John Payne are reunited again, this time in Pine-Thomas' "Tripoli", Paramount release filmed in Technicolor. Their last co-starring assignment was "The Miracle of 34th Street." The new picture is an outdoor adventure drama.

FAST MOVING STAR

On a recent 24-city tour actor John Payne appeared in three cities in one day — Charlotte, Durham and Raleigh, N.C. — in conjunction with his Pine-Thomas picture, "Captain China", Paramount release. Thirty-five days were required to make the tour.

Dessert For Children Can Be All-Important Vitamin Source

Dessert is the climax to any meal. For children it may even be the prize won by eating the uninteresting first course.

Mother may even make the dessert the main course without arousing suspicion of the small fry by using plenty of milk and eggs in the pudding.

Canada's Food Rules emphasize the fact that children up to twelve years should drink at least a pint of milk a day. Adolescents require even more: their quota being one and one-half pints, while adults should have at least one-half pint. Many homemakers interpret this rule to mean milk served as a beverage but a goodly portion may be used in cooking.

Eggs, too, play an important part in the diet, not only because of their nutritive value but because of their palatability and versatility in cooking.

Eggs, too, play an important part in the diet, not only because of their nutritive value but because of their palatability and versatility in cooking.

The following desserts are suggested by the home economists of the Consumer Section, Department of Agriculture, Ottawa, with the children in the mind but the adults will enjoy them as well.

SELECTING SAUCEPAN

If you are selecting a new saucepan, consider the fast-heating kind of stainless steel with the machined copper bottom. There are now lids to fit any saucepan — who wants a saucepan without a cover.
