World News In Brief

Quebec, May 17.—(CP)—The Quebec Government will tender an official reception here May 24 to European delegates on their way to a convention of the International Agriculture Federation at Guelph, Ont.

Premier Duplessis is expected to make his first public appearance after several weeks' illness at a banquet for the visitors. Agriculture Minister Barre and heads of Quebec farm organizations will also attend.

The European group will come to Quebec by train from Halifax and travel on to Montreal by bus passing through Plessisville, Princeville, Victoriaville, Granby, St. Hyacinthe and St. Hilaire.

St. John's, May 17.—(CP)—Five city bakeries, closed since Saturday to protest ceiling prices on bread, re-opened today after the government promised an investigation of the price set-up.

Supply Minister Addison Brown announced last week that bread prices in the heavily-populated Avalon peninsula must be slashed from 18 to 16 cents a loaf. The Newfoundland Master Bakers' Association claimed it would lose money under the new agreement and ceased operations in protest. Some 200 persons were made idle.

Halifax, May 17.—(CP)—The eight-man crew of the fire-ravaged steamer Uronic was rescued by the cable ship Lord Kelvin off Newfoundland's east coast today while the search continued for some 20 Danish seamen adrift in small boats off Greenland.

The Lord Kelvin, on cable repair work in Trinity Bay, reported she had taken aboard the Uronic's crew from the lifeboats. The men went over the side when the ship, carrying 500 gallons of gasoline, caught fire yesterday. The captain warned other ships not to approach the burning vessel.

Two R. C. A. F. Lancaster bombers joined the search over a cold, snow-spattered sea for the crew of the 120-ton motor schooner Ebba. The seamen abandoned ship about 200 miles off Cape Farewell, the southern tip of Greenland, after her hull was ripped apart by a raging sea and she sank under their feet.

Little Current, Ont., May 17.—(CP)—Mantoulin Island is coming under provisions of the Ontario Liquor Control Act after 35 years under the Canada Temperance Act.

Residents voted nearly 2-1 yesterday to scrap the 1876 federal legislation, so far as this tourist-conscious island in northern Lake Huron is concerned.

The Ontario Act will permit sale of liquor under government control but another vote will be necessary to decide whether residents favor opening of hotel beverage rooms.

Montreal, May 17.—(CP)—Viscount Alexander will deliver an address at the annual Commemoration services to be held at the Field of Honor at Suburban Pointe Claire May 24, it was announced yesterday. The annual service is sponsored by the Last Post Fund.

Soviets Dealt Unexpected Blow In Election To Approve Red Congress Appointment

Universities Have Special Role In Life

Sackville, N.B., May 17.—(CP)—Canada's Governor General said today Canadian universities will lose much of their unique value if the development of the cultural side of life, and if degrees become something needed to get a good job.

The Governor General, Viscount Alexander, spoke at the annual convocation of Mount Allison University, where he received an honorary doctorate of laws. "The result of several years at a university," he said in a speech prepared for convocation, "is the development of the cultural side of life, and I cannot believe that this will continue to be possible if literally thousands of students are working to obtain degrees in subjects which could just as well, if not better, be obtained at a commercial school designed for specialized knowledge."

The object of a university education, he said, was not merely the acquisition of knowledge but "to train the mind and to develop character, thought and initiative." The Governor General and Lady Alexander flew from Ottawa to Moncton, N.B., then drove the 30 miles to Sackville. They were met at Moncton by Lieut.-Gov. D. L. MacLaren and Mayor F. W. Storey.

Outlining the history of universities and university customs, Viscount Alexander said Canadian universities now were greatly overcrowded. But by making university education available to veterans of the Second World War "we have at least paid a small part of the debt we owe these young warriors, and in spite of the embarrassment as regards accommodation, extra work thrown upon the faculties and other difficulties, I would wager that his generous approach to the problem will not only pay a good dividend in the future, but that these young people are today amongst the best of your students."

If universities expanded to meet Canada's growing population, he said he hoped "that the great universities of this country will maintain their traditions, prestige and position, and continue to give to future generations the cultural values of life which are the heritage of a great people."

India Hopeful Of Neutrality Stand

Washington, May 17.—(CP)—India's new ambassador to the United States said yesterday she believes the new relationship between India and Britain will be of benefit to both countries.

"The Association is a very happy one at the moment," Mme. Vijaya L. Pandit told a press conference. "It is an association which we believe will be of mutual benefit."

Mme. Pandit emphasized, however, that her country intends to "maintain a certain aloofness" in

More Than One-Third of Electors Voted No On Ballot Calling for Approval of Red Party Slate.

Berlin, May 17.—(AP)—Eastern Germany has dealt Communism an unexpected blow in Soviet-controlled territory. Official figures in the People's Congress election today showed a surprising snub by a third of the voters.

Of 12,024,221 valid ballots, 4,080,272 were marked "No."

The Communists had hoped to roll up a virtually solid "yes" vote for their hand-picked single slate of candidates, so that they could go to the Foreign Ministers conference in Paris next week with a government for Eastern Germany which would match that of the West.

So shocked were the Communist officials that election returns were withheld 20 hours after the polls closed, and the Soviet-controlled press cried double cross at their political allies in the Eastern zone.

Party Heads In Britain Debate Vote

By FRASER WIGHTON

London, May 17.—(Reuters)—Both Labor and Conservative leaders are trying to assess the probable effect on next year's parliamentary general election of the country-wide local government contests now completed.

Final results of the local contests show that in a turnover of 30,000 seats, Conservatives regained at least half their total of more than 3,000 losses suffered after the 1945 general election. Labor losses in the just-completed contests exceeded 1,000 seats.

The elections, which ended Saturday, were unique because for the first time all local government contests were compressed into a single month, instead of being spread over the year.

Conservative and Labor leaders now must determine to what extent the "local government general election," with its representative character, was an accurate index of national political feeling.

It is generally agreed that national issues, notably continued austerity living conditions, played a part in the local elections. But the political opponents recognize that the percentage of electors voting was far below general-election level.

Only about half the British electors who vote in a general election normally turn out for local contests.

Problem of the opposing parties is to discover the political alignment of the large proportion of the public which did not vote in the local elections.

On the Labor side, there is general recognition of vastly improved Conservative organization in the constituencies.

Some independent observers believe that a cardinal reason for the heavy Labor reverses was the party's failure to exert its own full strength at the polls.

There were 13,533,071 persons eligible to vote. Of these 12,887,234 cast ballots, or 95.2 per cent. The valid ballots totalled 12,024,221.

This was the vote: Yes: (In favor of the hand-picked single slate) 7,943,949, or 66.1 per cent.

No: 4,080,272, or 33.9 per cent. The organ of the Soviet military administration, Taglichka Rundschau, accused the eastern splinter parties of the Christian and Liberal Democrats of playing a "double game." They were accused of swearing their allegiance to the Communist-front Congress and "agitating in secret" against it.

Rundschau admitted that "without doubt, there are not a few people under the influence of the lying propaganda of the enemies of unity who voted against the list."

The two-day balloting for the Congress ended last night. The Communist-controlled People's Council took complete charge of issuing a final count, expected later today. The voting was for a people's congress of 2,000 members, all hand-picked and put on a single ticket. Voters were given a choice of voting "yes" or "no."

Just before the lid was clamped on the results, the main election committee of the Congress for Eastern Germany announced the breakdown of the first 7,000 votes counted.

Only 2,820 voted "ja." A majority of 3,809 voted "nein." About 250 ballots were declared invalid. Some wrote on their ballots "We won't vote for a police state and we reject Communism."

The Western Berlin press reported soon afterward that the election committee was "re-examining" the ballots.

The Communists had hoped 10,000,000 or more eastern zone Germans would vote for them and only a few thousand would dissent. They wanted a huge endorsement of the Congress, which is certain to clamor for adoption of Russia's peace terms by the Foreign Ministers' Council at the Paris meeting next week.

The Soviet-licensed German agency announced only that 91 per cent of the East Berlin electors had voted and that percentages were even higher in some of the five states in the zone.

Tax Reductions Election Propaganda As Budget Not Approved, Drew Charges

St. Laurent Hopeful For Fiscal Pact

By Canadian Press Staff Writer

Charlottetown, May 17.—(CP)—Prime Minister St. Laurent indicated last night his feeling that the June 27 election might pace the way for a financial agreement between the Federal Government and all the provinces, Ontario and Quebec are the only provinces which have not entered separate agreements on tax sources with Ottawa since collapse of the 1946 general conference.

"I believe," he said in his first public address in this cradle of Confederation, "that it won't be very long after June 27 when the people dispose once and for all of this charge that the Liberal party is trying to destroy provincial rights and it may not be very long before we are able to reach tax agreements with all ten provinces."

These governments are the people's governments. They do not exist to provide pedestals for the men and women who take leading parts in federal and provincial politics. They exist to serve the Canadian people."

This main theme was an answer to an address by George Drew, Progressive Conservative leader, here last week when he accused the Liberal Government of centralizing power at Ottawa and proclaimed a "fight to save confederation."

Mr. St. Laurent said: "I should be very much surprised if many people in the Maritimes were much impressed by this self-appointed effort to save Confederation."

His government had completed Confederation by the inclusion of Newfoundland "and I don't think many Canadians are going to believe that the government responsible for completing Confederation is trying deliberately to destroy or even to weaken it."

"All this talk about Confederation and provincial rights is completely without foundation. . . I have three times challenged anyone in parliament to give a single sample of impingement upon any provincial rights by Ottawa since the war and no one anywhere has

(By Canadian Press Staff Writer)

Halifax, May 17.—(CP)—George Drew, Progressive Conservative leader, sharpened his attacks on the Federal Government yesterday and said that the budget presented by it for 1949-50 is nothing but an election manifesto.

Addressing a political party in this city, represented in the last Commons by Liberals, Mr. Drew warned that a budget cannot become effective until it is passed by Parliament. The 1949-50 budget was "deliberately" not passed by the government.

"You have no right to accept any statement in the budget as having any more value than other promises made by the government," said Mr. Drew, who speaks today in Truro, N.S., and Amherst, N.S., as he continues his coast-to-coast federal election campaign tour.

His Halifax address was one of four made yesterday. He spoke as well at Mahone Bay, Lunenburg, Chester and Bridgewater.

There was no reason, he said, why the budget should not have been passed by Parliament before the election. Members have at through the Easter Recess or Prime Minister St. Laurent could have called the session earlier.

Now when a new government takes office after the June 27 election a new budget will have to be presented, he said. That budget when presented and passed would be the budget that would be effective for 1949-50.

At Mahone Bay, Chester and Lunenburg, Mr. Drew urged his listeners to get out on election day and vote according to their conscience. He reminded them that one of the freedoms in a democracy was the right to make a choice in an election according to one's own conscience.

"If everyone voted as their fathers and grandfathers did, there would not be much use in having elections," he said.

At Bridgewater, where he made a major speech, he charged that the government has power to seize farm products and to nationalize the steel and lumber industries.

In acts passed by the Government there was power to go on farms and take products of farms, he said by the Government. There was power, to take complete control of the steel and lumber industries.

"Don't tell us that they won't use them," he shouted. "They will use them if the long-haired boys in their ivory towers get to a point where they believe that they should be used in that way."

The government had stated that the Foreign Exchange Control Act wouldn't be used to restrict trade. The Government went ahead and used it to enforce the restrictions on trade with the United States.

"If they do that sort of thing with one act, they will do it with another," he said.

He stated the Government had refused a several occasions to give information to the people's representatives in Parliament.

Coldwell Is Critical Of Both Parties

By Canadian Press Staff Writer

Summerside, P.E.I., May 17.—(CP)—The big campaign runs of the C.C.F. party rolled into action last night as National Party Leader M. J. Coldwell opened a cross-Canada tour in Prince Edward Island with a volley of political fire at the agriculture policies of both the Liberals and Progressive Conservatives.

Mr. Coldwell told a public meeting in this western P.E.I. centre that the C.C.F. alone has shown itself to be in favor of the measures farmers want.

He accused the Liberal Government of juggling its responsibilities by failing to bring in uniform marketing legislation requested by the Canadian Federation of Agriculture.

One of the greatest crimes, he said, is gambling with the people's food, a situation which existed under the Liberals and would, by George Drew's admission, be aggravated under a Progressive Conservative administration.

The C.C.F. would remove speculation in sale of coarse grains and enable farmers to market them through the Dominion Wheat Board.

The C.C.F. at the last session of Parliament had asked for this change in an amendment to the Wheat Board Act but Liberals and Progressive Conservatives had both voted against the C.C.F. despite the fact that farmers had asked for the change.

Mr. Coldwell's Summerside address was the first in a series that will take him into all of the ten provinces. He moved into New Brunswick today to deliver an address at Moncton.

The C.C.F. leader mentioned the asbestos workers strike in Quebec and described and given the men and their families by the Roman Catholic Church as a "great humanitarian gesture."

"It often takes great courage for the church to side with the common man," Mr. Coldwell said. "It's a great thing when a Christian."

Airlift Is Planned To Aid Imports

Ottawa, May 17.—(CP)—A small-scale airlift to shuttle machinery parts into the Canadian market will be proposed by President Harold Wilson, he said, the United Kingdom Board of Trade when he returns to London, it was learned today.

The proposal, it was learned, will be made by Mr. Wilson to British manufacturers as one way of meeting United States competition in Canada, and giving Canadian buyers assurance that British replacement parts will be available quickly.

This innovation means that a one-day replacement service may be available to Canadians buying U.K. farm equipment, wheeled tractors, motorcycles and some types of automobiles and other equipment. It is understood to have the approval of Canadian trade experts.

Details of the airlift plan are expected to be made public by Mr. Wilson as he continues his 20-day trade tour of the Dominion. The top U.K. trade officer left for Toronto last night after meeting with the cabinet and speaking before a press conference and a district convention of Rotary International.

He warned that the U.K. must sell more to Canada if it is going to keep on buying goods here.

Britain now is buying all she can from Canada with spending her last-ditch reserve of gold and dollars, he said. Before buying more, Britain must sell more—and it must increase its exports to maintain purchases in Canada at the present rate.

He said the U.K. was trading with iron-ore countries—and plans to increase trade with Russia—because special trading agreements were needed in 1947 when the U.K. had to suspend convertibility of sterling into dollars. So she exported coal and steel, although they were scarce at home, to get timber and food which she needed even more.

Another sales-boosting plan which Mr. Wilson may lay before U.K. manufacturers when he returns overseas is a large-scale British advertising campaign in Canada—a campaign which would equal United States advertising here.

Although he declared that Anglo-Canadian trade problems had reached a critical stage, Mr. Wilson, it was understood, did not place concrete trade proposals before the Federal Government during his week-end visit to the capital.

However, he is expected to have suggestions for increasing U.K. trade in Canada ready for the Federal Government before he returns to London at the end of the month.

Federal Government authorities have already indicated that they

Seeks Royalty On Practice Bombs

Ottawa, May 17.—(CP)—A consulting chemist yesterday sued the federal government for a royalty of 10 cents on practice bombs used by the R.C.A.F. during the Second World War. The chemist, Gordon C. Wilson of Ottawa and Montreal, claimed an invention of his was incorporated in the bomb.

Mr. Wilson testified in Eschquer Court yesterday he presented the principle to the government in 1940 and it later was put into use. He asked for royalties on an unestimated number of bombs. The Government, opposing the suit, contended he did not develop the new idea.

United Nations Boycott Of Franco Spain Is Maintained

By NORMAN ALTSTEDTER

New York, May 17.—(CP)—The United Nations' boycott on top diplomatic representation in Franco Spain remains in force today. The U.N. General Assembly voted 26 to 15 last night in favor of returning envoys withdrawn from Madrid in 1946 as a gesture of disapproval against Generalissimo Franco.

But the move failed because it was four votes short of the two-thirds majority needed for Assembly approval.

Sixteen countries—including Canada, Britain, the United States and France—abstained from voting although British and United States delegates spoke strongly against the Franco regime.

At the same time the Assembly overwhelmingly rejected a Russian-bloc proposal to slap military and economic restrictions on Spain. The vote was 40 to 6 rejecting a Polish resolution advising U.N. members to stop arms shipments to Spain and refrain from signing any agreements or treaties with the Franco regime.

Early today another Polish resolution attacking the present resettlement and repatriation processes of the International Refugee Organization—was slumped down 31 to 6 (Russian bloc).

Gen. A. G. L. McNaughton, Canada's permanent delegate,

mounted the rostrum at 1 a.m. to reject as "untrue" Russia's old charges that displaced persons now in Canada are being exploited.

The Canadian delegate said all Canadians welcome the refugees and do all in their power to make a real home for them.

Assembly delegates were scheduled to be back at work at 11 a.m. to tackle the final problem of their six-week spring session, U.N. officials said it was possible they might wind up the session tonight with a decision on a controversial proposal to split control of Italy's former colonies among four countries—Britain, France, Italy and Ethiopia.

But informed sources said it was more likely the closing speeches would be made sometime Wednesday.

Defeat of the proposal on Spain sponsored by Bolivia, Brazil, Colombia and Peru, leaves the status of the U.N. diplomatic boycott of the Franco regime just where it was. In 1946 the Assembly adopted resolutions banning Spain from membership in the U.N. and recommending that member countries withdraw ambassadors and ministers from Madrid, leaving in their place lesser officials.

Argentina and several other countries have since sent back their ambassadors despite the U.N. ruling.

Compromise In Ontario Strike

Orillia, Ont., May 17.—(CP)—The strike at the Heywood-Wakefield baby carriage plant is over, with the dispute over dismissal of 18 workers to be settled by arbitration.

Labor Minister Daley announced last night that officials of the plant had signed a four-point agreement with the Orillia General Workers' Union (C.C.L.) which called the strike 16 days ago.

The cases of the 18 discharged workers will go before an arbitrator or a county court judge, to be chosen by the Labor Department.

All of the others on strike are to return to work at once. The union claims as members 70 of 110 men.

Brief skirmishes between strikers and non-strikers occurred and resulted in 26 Ontario Provincial Police being called to the scene last Wednesday at the request of Mayor W. M. Seymour to keep order.

The settlement was seen as a compromise between the terms laid down by Plant Manager A. J. Lloyd and Union Organizer George Brough. Lloyd had refused last week to meet with the union organizer until picket lines were removed, and Brough had demanded that the 18 employees be returned to their jobs.

Charges against five union members for causing disturbances will be dropped, officials indicated.

Fresh Communist Threat To Shanghai Port Developing

By FRED HAMPSON

Shanghai, May 17.—(AP)—A new Communist threat to menaced Shanghai developed today as pressure eased on the city's vital sea and air gateways. In Central China, the Reds were reported walking into Hankow, the country's greatest inland port.

A Shanghai garrison command communiqué said the more than 10,000 Reds based at Pengyeng drove to Chowpu, less than 10 miles southwest of Shanghai's famous Bund along the Whangpoo river.

Another Red force of 2,000 Reds pushed to Chawansha, 12 miles almost due east of the Bund, the Nationalist communiqué said.

Thus it appears the Communists, held off at the Woosung ship entrance to the city on the north and balked at Lungwha international airport to the south, are concentrating on a "soft spot."

This is Pootung, dock and industrial area just across the Whangpoo from the Bund. It is infested with Red guerrillas.

The garrison said fighting was in progress at Chowpu and Chawansha and Nationalist reinforcements were being rushed into both points.

The occupation of Hankow was reported in a dispatch to the newspaper Sin Wan Pao from the big mid-Yangtze industrial centre. It said the Reds marched in yesterday

at 4 p.m. Fires were visible from downtown Shanghai as Communist forces from the southeast surged closer to the Pootung waterfront. The fires appeared to be from four to eight miles away. They probably were set by Nationalist mines which have been concentrating on the Communists in that area.

Nationalist reinforcements were being rushed to the Shanghai front. Government spokesmen said the city, "unless mistakes are made," could hold out indefinitely. The morale of troops was described as high.

Shanghai's shipping and aerial links with the outside world still were operating. Chinese planes, although their crews admitted the Communists were dangerously close, continued to fly from Hong Kong to Canton, Formosa and Lung Kong.

All last night heavy shelling was audible in the main part of the city. Machine gun bursts could be heard frequently.

Fortified Woosung, which commands the Shanghai sea lanes, was reported to have repulsed several Communist attacks with great success.

The Communist radio in Peiping said Red forces were within 12

Montreal, May 17.—(CP)—Newsreel cameramen and longshoremen were hard at work on the Montreal docks yesterday as the British freighter Arabia loaded 19 giant Canadian tractor combines for the United Kingdom.

Built at a Brantford, Ont., plant, the combines are the latest type used on Western prairie farms and have not previously been used in the U.K.

The sitting ended without incident. Special precautions were taken to guard against possible demonstrations by persons sympathetic to the anti-partition cause of the government of the new republic of Ireland.

The bill emerged from committee virtually unaltered from the form in which it was given second reading by a vote of 317 to 12 last week.

But the numbers opposing key passages of the bill were bigger than the dozen who voted against the bill as a whole.

In defending the measure as it stands, Home Secretary Clutter Ede referred to inflammatory posters he said had appeared in Dublin during the last 48 hours.

Earlier Ede had told the Commons the Irish declaration of independence had made Irish unity, demanded by the Republic, more difficult than ever.

He added Ireland's Prime Minister, John Costello, "Made the question of the unity of Ireland more difficult than it has ever been before by his action in taking the 28

OBITUARIES

MR. HENRY D. SNOW, OF COATICOOK

Coaticook, May 17.—One of the oldest and most respected citizens in this place passed away suddenly on Monday, April 4, Mr. Henry D. Snow, the grand old man of Coaticook, a former alderman and known far and wide for his deep interest in gardening and for many years a government appraiser for farms in the Province of Quebec.

He was prominent in municipal affairs in the Council and on the school board in Compton County, prior to coming to Coaticook, and serving as a member of the Coaticook Town Council, and municipal valuator for many years.

He married Lydia Chapman, of Barnston, sixty-six years ago on February 28, 1883, and they had five children, two girls who were adopted, Dorothy, deceased, and Anna, Mrs. Ernest McQuat, now of Lacchu, Que., and three sons, Rev. Norman H. Snow, of Santa Cruz, Calif.; Lawrence D. Snow, of Coaticook; and Howard C. Snow, of Swampscott, Mass.

Besides his wife and children who survive him, he leaves several nieces and nephews, including Mrs. Lloyd B. Smith, of East Barrington, N.H.; Homer Chapman, of Portsmouth, N.H.; and Harris W. Chapman, of Rochester, N.H., among others, and a number of grandchildren. Carol Snow, of Swampscott, Mass.; Larry, Jeffrey and Margaret Ann Snow, of Santa Cruz, Calif.; Grace, Paul, Lydia and Alice Chapman, of Rochester, N.H., and Henry Snow, of Lacolle; Donna Snow, of Coaticook, and Mrs. Dick Kench, Edith, of Toronto, Ont., and Jean Snow, of Asbestos.

Funeral services were attended by a large number of local citizens, including Mayor Charles E. Akhurst and members of the Town Council, and were held on Wednesday afternoon at the home of his son, Lawrence D. Snow, Ottawa Street, at 2:30 p.m., with the Rev. W. H. M. Church, of St. Stephen's Anglican Church, officiating.

The bearers were Messrs. Gordon Pocock, of Hatley; Stewart Snow, of Waterville, and George Sarrasin, Walter Smith, Jay N. White and A. A. Hopkins, of Coaticook. Mr. Leonard Akhurst, of the J. H. Knapp Regd., Funeral Home, directed arrangements, and interment took place in Mount Forest Cemetery.

Miss J. Scarth Is Guest Artist In Drummondville

Drummondville, May 17. — The fine soprano voice of Sherbrooke's Miss Jean Scarth thrilled nearly 700 listeners who attended "Concert Varieties" in the new Drummondville High School Auditorium last Friday night.

Supplementing Miss Scarth on the serious side of the program were the piano trio, Miss Eugenie Morton, Mrs. Kay Ferguson and Mr. Parker, who played Chopin's "Polonaise Militaire" and "Minute Waltz"; Bill Riley, playing LeCuona's "Siboney" as a trumpet solo; and Mr. Richard Williams, whose rich bass voice showed to advantage in Gounod's "Vulcan Song" and Grieg's "Ich Liebe Dich."

Mr. Williams joined Messrs. Cliff Wilson, Louis Moor and William Munroe in a less serious Gay Nineties quartette, singing "The Whiffenpoof Song."

Chief comedian of the evening was Mr. Alex Gnaedinger, who starred with Don Gauthier in an illuminated dance routine, and joined Buddy Imiah and Heri Squires as "Three Young Maids of Lee." Mr. Gnaedinger's tour-de-force, however, was his gymnastic frenzy as director of the incredibly-garbed "Spick Janes" Orchestra.

BIG BUSINESS: SMALL INVESTOR

An interesting sidelight on how the "little people" of Canada—widows, school teachers, and all the category of people who accumulate by thrift and industry a modest saving—are directly concerned in what is purported to be the ownership of "big business," is given in The Financial Post this week.

"Socialist orators on the radio and public platform are forever talking about the big companies that they will liquidate for the benefit of the common man. They give the impression that these organizations are the sole property and creatures of a handful of unnamed millionaires. As usual, this sort of talk is all froth.

In the annual report of B.A. Oil Co., ownership figures show just how wrong these soapboxers can be. Of the 18,597 shareholders of B.A. Oil, 43 per cent hold 25 shares or less or an average investment of under \$600 apiece.

"B.A. Oil, like every other big company in Canada is owned by thousands of little people, many of them widows and retired people, who depend on the dividends of a few shares in this or that company to provide them with life's necessities. If these companies were taken over and liquidated, as the socialists plan, it is these little people, not some non-existent millionaires, who would be the chief and immediate sufferers."

Of much more concern than the investment in an oil company, is the stake that so many people have in their insurance companies, from which they hold policies, straight life, endowment, 20 year pay, and all the rest which is first rank investment. All this business in the hundreds of millions, has developed only from the common urge by humans for security. They have it in Canada. A revolutionary change advocated by crackpots is simply rocking the boat. The socialist dream is simply to penalize Canadian thrift and work of the individual citizen.

THE BRITISH MUNICIPAL VOTE

The British Conservative Party executive is wise in gaining its supporters that the sweeping gains registered in the recent local elections do not inevitably mark the doom of the Labor Party in the next national elections. But they should serve as a warning to the Labor Government that the people who are still free to express their judgement with votes are far from satisfied with the way events are proceeding. Already the fiscal program for 1949-50 is being nicknamed the "misery budget." That is a logical conclusion to the premise that all socialist programs are scarcity programs.

England, with an area less than the Maritime provinces and with fewer resources, has three or four times as many people to feed as the whole of Canada. The politicians of England know well that England cannot recover enough industrial efficiency to compete against all the machine tools of the world as England did when it led the parade. The politicians know that the dry, temperate lands of Africa are waiting development, but they refuse to persuade their slum dwellers to go to Africa on temporary government subsidy, where Englishmen could build as they built in Canada the American colonies and Australia a vigorous economy.

Which raises the question: Why won't the British politicians part with their slum dwellers? Because the slum dwellers have votes. The politicians can only remain in power as long as they have millions of voters dependent upon them for mere subsistence.

Harry Hopkins knew this in the United States and he carried out this policy, but he had a fabulously rich country to ruin. England was ruined before the Socialist Government was given power. The top Conservatives knew this. This is the reason why they turned

Churchill out. They knew he could not solve the insoluble.

The English fiasco may serve a good purpose. It is a laboratory where we can behold what will happen to us if we do not learn from the British failure.

PRESS COMMENTS

AN INDIAN CANDIDATE

Something new has been added to Canadian politics with the naming of Frank Calder, full-blooded native Indian, as CCF candidate for the northern British Columbia provincial riding of Atlin.

Action of the B.C. government in extending the franchise to the native Indians marked a step forward in the history of race relations in this country. Previously, it has never been possible for any native Indian to cast a vote in Federal or provincial elections, let alone stand as a candidate for office. No other Canadian government has yet followed B.C.'s pioneering innovation.

Whether or not Mr. Calder wins his contest in Atlin, the door has now been opened for Indian citizens to take their place on the floor of the legislature.

KEEP THEM OUT

Bad news for owners and renters of slot machines and kindred contrivances comes from Calgary, where the appellate division of the supreme court has held that no appeal can be made from a magistrate's order under the Slot Machines Act, confiscating one of the machines. In this particular case the magistrate's original order had been set aside by a district court judge, but the appeal court decided that the latter had no jurisdiction to interfere.

The decision gives the lower courts a good deal of arbitrary power in these matters. The Slot Machines Act—an unusual piece of legislation passed back in 1935—literally outlaws these devices by declaring that they cannot be anyone's legal property within the province.

A DOCTOR'S MILLION

A million dollars might seem important to most people, but to Dr. Selman Waksman the money itself is rather unimportant.

As the discoverer of streptomycin, his royalties amounted to nearly that sum last year. But, most casually, Dr. Waksman has assigned \$1,000,000 to Rutgers University to establish an Institute of Microbiology, \$250,000 for operating expenses, and with the further provision that additional proceeds shall go into fundamental research.

We doubt that Dr. Waksman gave much thought to the financial decision. Research had produced the money as a by-product of the growing conquest of man illness, and the scientist's view would be that of mere trusteeship over dollars to be directed back to the beginning point.

END OF A CHAPTER

This ends another chapter of Berlin, in which Western determination and skill, supported by the stamina of the residents of the western sections of the German capital, shattered the most ambitious effort of the Soviets to convert a common victory into an exclusive victory for themselves.

Berlin remains an outpost of the Western World and will not share the fate of Warsaw and Budapest, of Tallinn, Riga and Kaunas, of Bucharest, Sofia, Belgrade, Prague, and now Nanking. If that "bottle" demonstrated to the Kremlin the limitations of its power, as it must have demonstrated to the West the full extent of Soviet ambitions and the only way to check them, it will have been worth while.

It may even clear the atmosphere for more realistic peace negotiations than have been attempted in the past.

THE STARLING'S NESTS

During the spring nesting season, the starling is busy adding to his unpopularity by nesting in most mail boxes of this type. Just why he can find entrance, a pair of starlings will half fill one of these metal boxes in a day. They favor the older models that had a small opening, supposed to be covered with a metal flap.

Time and hard usage has succeeded in removing the cover from the letter opening from most mail boxes of this type. Just why he can find entrance, a pair of starlings will half fill one of these metal boxes in a day. They favor the older models that had a small opening, supposed to be covered with a metal flap.

They are persistent too, and have no respect for His Majesty's mail. They will sometimes scatter letters along the roadside, and they are heartily disliked by the mailmen.

RESTORING THE GRASS

Before the white man came to the Prairie West the Indians lived well at certain seasons of the year. There were millions of buffalo fattening on the lush Prairie grass, there were native fruits, fish in the streams, and tea and meal to be had at the trading posts for the furs which abounded. But the basis of the Indian's food was Prairie grass.

For a long time after farmer settlers began to crowd into the West in the early days of the century the whole effort was to kill the grass to make way for the wheat. The ranchers praised the grass, of course, and wanted it left "right side up." But they were driven farther and farther back from the settlements and our appreciation of the value of grass dwindled.

Now, however, we're beginning again to appreciate this great resource, this kindly cloak of Nature, and we're trying to restore it in areas where it should never have been disturbed. The spearhead of this restoration program is the Prairie Farm Rehabilitation Administration.

ARENA NOT A SUITABLE MEMORIAL

The Editor. Sir:—Now that the civic centre project has attained memorial status it has knocked all the flippancy out of our argument. Prior to reading the account of the Chamber of Commerce meeting on the subject we thought the arrangement of payment a pretty sordid business, now we think it is positively indecent.

That Sherbrooke should have a memorial at some time in the not too distant future was a foregone conclusion and we are sure that the citizens of Sherbrooke will feel it an honor, privilege and duty to support their worth-while scheme to glorify their dead—and what is more, to carry the cost themselves. Now Sherbrooke civic officials, not all of them, I hope, endorsed by the Chamber of Commerce, purpose to honor their dead on a 25 per cent basis. I wonder if it has occurred to those officials and the said Chamber of Commerce that they hope to take a cut from their expenditures in this city, have also decided to honor and are not in a position to mulct their neighbors and would not do so if they were. If we are to have a Memorial let it be our memorial, not 75 per cent other peoples.

There does not seem a single reason at the back of the proposal to warrant the proposed sales tax except as they say they will never get the money any other way. If Senior Hockey is to be bought at such a price let some other place have it. I'm getting on in years. I nearly reached my allotted span in life. I hope I will not leave Sherbrooke disgraced.

The Arena has been pushed into the scheme as the result of the attendance at hockey matches. It must be attraction to everybody that the main attraction is "The Gate." Their whole argument is a direct give-away. Their exaggerated figures,—thousands attending the various attractions from a population of 250,000 within twenty-five miles. Where do they get them? Ascot, East Angus, Lennoxville, Birchton, Eaton, Sawyerville, Cookshire, Capeton, Eustis, North Hatley, Katovalo, Magog, Ayer's Cliff, Waterville, Compton, Coaticook.

Sales tax was introduced as an emergency measure. This city's project is not an emergency and never will be. There is one emergency that stares us in the face every year and becomes more and more burdensome. I refer to hospital deficits. I don't know what the Catholic situation is in Sherbrooke, the Protestant Hospital was not far short of \$40,000, and that is likely to be increased three-fold when the new buildings are in operation. St. Mary's Hospital, Montreal, has had to have a campaign for \$100,000 for their latest deficit, and the same can be said of all the Protestant Hospitals from coast to coast. In this case the nearby communities would be supporting their hospital as well as ours.

And bear in mind that no government in power will lend itself to assisting any memorial project unless it was a National character. If a candidate has it as one of his promises place your vote elsewhere.

H. G. JAMES.

Sherbrooke, Que. May 13, 1949.

THE MARGARINE BAN

The Editor. Sir:—There was one very significant point in this urban reader's view, in which there would be wide agreement, in the course of that letter "flaying the Margarine ban," from Magog. "As I understand it, a democracy is a country wherein the voice of the people is heard, and a dictatorship is one where the voice is heard but unheeded. . . ."

I concur, of course, with the first half of the above assertion—other-

The Record Short Story

QUEEN O' THE MAY

By HOLLIS STARNES

"Wake up, sleepyhead!" shouted chambermaid Katie Kilfeather as she opened Jean Donner's door with her passkey, and found the black-haired beauty still pouting her pillow. The warm noonday sun streamed into the girl's tiny room at the old San Pedro Hotel, haven of struggling young actresses in Broadway's Roaring Forties. "Don't you know what day 'tis?"

Slowly Jean's lips moved. "Sunday." The motherly maid chuckled as she set up a clatter with dry-mop and carpet-sweeper. Every day was Sunday, to the young laybones on her floor. They never he on time for rehearsals, auditions or lessons if she didn't rout them out. She shook Jean's slim shoulder. "Tis a glorious day for bein' crowned queen o' the May!"

Now the girl's big brown eyes shot open. She sprang into sitting position. "What time it it?" "A shade after 12, an' high time to get a wiggle on, if ye don't want to be late for your crownin'!"

Jean hopped out of bed and raced to the window. "Not a cloud in the sky!" she sighed. "Glory to God, are ye wishin' 'twould rain?" "Heaven help me, I was!" said the girl. "Oh, I want this bazaar to make pots of money for charity—but my feet fairly drip icicles at the thought of meeting Tip's mother and all her society crowd."

"Ye got to meet 'em some day," said Katie as she started stripping the bed. "What could be sizzier than meetin' 'em as queen at the bazaar? Don't forget, too, ye're doin' 'em a favor!" Jean shook her dark curls. "Oh, no, they'd have picked a local deb for queen if Tip hadn't sold his mother the idea that a Broadway name might stir up more interest. Only I'm no name—in a chorus line!"

"I'll bet them debbs would jump at the chance to change places with ye," the maid said. "Sure, they're all stizzin' an' I bet they're all after Tip!" "I don't dread the girls as much as Mrs. Tipton," said Jean. "Naturally she wants her son to marry in his own crowd, not some Broadway unknown whose father's a farmer!"

Katie tossed her gray head as she flipped the mattress over. "Tis no disgrace to be a farmer's daughter—an' Bill Tipton won't be the first rich sprout to marry in 'show business!'" "He's not married in it, yet," Jean said cryptically. "Soon's his ma gives ye the once-over, I bet he'll be poppin' the question. Mebbe he fair queen o' the May'll come back tonight an' engaged girl!"

Jean said coolly, "Even if he asked me I'm not sure I'd take him." "Tis no disgrace to be a farmer's daughter—an' Bill Tipton won't be the first rich sprout to marry in 'show business!'" "He's not married in it, yet," Jean said cryptically. "Soon's his ma gives ye the once-over, I bet he'll be poppin' the question. Mebbe he fair queen o' the May'll come back tonight an' engaged girl!"

When she reached the maid she was tempted to rush in and waken the girl, showing the picture as an excuse, meantime prodding for behind-the-scenes news. While she was still nobly restraining herself, a bellboy passed her in the hall with an airmail special for Jean. "She's still sleepin'," warned Katie. "Lemme look at the postmark. 'H'm, her home town. Mebbe news from her pa or ma—I better take it in!'"

She shook the girl, waving letter and newspaper picture before her. "Here's excitement for startin' your day with! But tell me this first—how'd the Tipton crowd treat ye?" "The girl sat up, yawning. "Oh, fine." "Did me brave Tip pop the question?" But Jean's eyes were on the envelope. "Give me that letter!" "Cast your eye on this picture o' the queen o' the May!"

Jean brushed the clipping aside and tore open the envelope. Discreetly Katie marked a dusting of the dresser. Then she heard the girl laughing. "Katie, if you want to see the real queen of the May, look at this!"

She held out a clipping, and the woman read, "May Queen—Jean D., prize-winning entry in the Yancy County Spring Show." She stared at the strange illustration—an awfully machine trimmed with streamers and flowers. "What kind o' dang thing's that for a May queen?" she demanded. Jean laughed. "It's Paul's tractor—he says in his letter he named her for me, for luck. He put her work on his own land this Spring, then rented her out to half the farmers in the county. He says for the labor she saved, and increased crops resulting, she won the service award in the Spring show."

"So your name brought him luck at that," Katie said grudgingly. "Oh, but the prize isn't all. He says Jean D.'s earned him enough money to put down the payment on a fine big new house. 'Ye don't get ye back?' Katie sniffed. "He wants me to leave the show right away, so we can have a June wedding."

"Now's your chance to tell that man off, but good!" the maid gloated. "Send him this picture of yourself as May queen, an' tell him ye're marryin' into swashy New York sassiness!" Jean looked up at her soberly. "But I'm not, Katie—though Tip did ask me to marry him last night!"

"Glory to God—an' ye didn't snap him up? Why not?" "Because, away back in my mind, I always intended to marry Paul, I guess. Oh, he's stubborn and proud, has to do things his way—but he's shown his way makes sense. We're used to the same kind of life, like the same things, know the same people. Tip's a different world, I'd always feel an outsider in it."

"Do ye mean ye—love t's stubborn, proud critter?" Katie chuked. Jean nodded with a radiant smile. Oh, girls today were a caution, sighed Katie. But she gathered the May queen in her arms. THE END

McKENNY ON BRIDGE

By Wm. E. McKenny, America's Card Authority

SHREWD ENDPLAY MAKES CONTRACT

Finding out how a person plays the game of life is always more interesting to me than learning how good his bridge is. I had a chat recently with Robert Merrill, young baritone of the Metropolitan Opera Company.

One of the things that interested me most is the fact that each year Merrill takes a prominent part in the show at Madison Square Garden given for the benefit of the Israel Orphan Asylum.

Going back in his life, I learned that Bob used to play semi-professional in Brooklyn. When he told me he had earned his first "buck" on a cruise boat in Havana, I remembered that I had done the same thing. He has done a long way since he decided that he wanted to be a crooner—and his mother persuaded him to become an opera star. His Madison Square show is really a grand slam in musical programs.

Mr. Merrill used a little poker psychology when he went to six on the trump on today's hand. His partner's bid of four no trump was intended as a Blackwood bid, asking for aces.

The opening lead of the jack of clubs was won with the king, East showed out. This marked West with five clubs originally. Three rounds of diamonds were taken and then four rounds of spades. West led a club, the queen of clubs was cashed. Now instead of taking a chance on the heart finesse Bob simply led a club and threw West in, knowing he would have to return a heart, which gave him his contract.

Sovietization Of Reich Remains Chief Problem

By DEWITT MACKENZIE Associated Press News Analyst.

Under cover of the "peace" brought about by the lifting of the Berlin blockade, the Western Allies and Russia are preparing intensively for resumption of the cold war—the struggle for control of Germany.

a federal republic comprising their three zones of occupation. It is their hope that eastern Germany, now under Soviet control, will join this federal government.

Their aim is to create a strong but peaceful nation in the heart of Central Europe as a barrier against war.

Russia on the other hand is against a federal government. She wants a unified country under a centralized government. She also calls for the withdrawal of Allied troops of occupation.

Observers note that such a set up would be ideal for Russian purposes. She already has Sovietized Eastern Germany and, with a centralized German government she would be in excellent position to extend Communism throughout

miles of the city. It boasted Shanghai would be taken in due time.

Maritime sources said all foreign ships have been diverted from the Whangpoo but that Chinese ships were plying the stream.

Reports from Hankow said Red Gen. Lin Piao's fourth field army Manchurian veterans was taking the big inland port on the Yangtze river 900 miles west of Shanghai and about the same distance north of Canton.

Other reports said the Communist second field army's south-east drive through Kiangsi province had carried to Luchin, 235 miles northeast of Canton. The main body of Gen. Liu Po-Chang's 100,000-man army was reported at Ningtu, 275 miles from Canton.

the Reich by fifth column tactics.

A Communist Germany in the heart of Europe, adjoining the Russian bloc on the East, would increase Moscow's strength immensely. That would to all intents put the Soviet right up against France's eastern border. On the other side would lie the nations belonging to the Atlantic pact.

Attractive to Some Taken at face value the Russian attitude, regarding a unified Germany and a withdrawal of forces of occupation, undoubtedly has attraction for some Germans. However, the German leaders as a whole are said to recognize fully the threat of communication—which they definitely don't want.

Moreover, they are not overlooking that, on the insistence of Moscow, Poland was permitted to annex 38,986 square miles comprising the former German provinces of Silesia, Pomerania and West Prussia. This rich area was given Warsaw in exchange for the 69,839 square miles of Eastern Poland which was ceded to Russia.

In any event the Germans can't play "neutral" successfully between the East and West. They must pick and stick.

Indications in Washington are that United States State Secretary Dean Acheson and his assistants will want actions rather than words as proof that Russia has undergone any change of heart along with the lifting of the blockade.

New Demand By Teachers In Montreal

Montreal, May 17.—(C.P.)—French-speaking Roman Catholic lay teachers of Montreal at a meeting last night approved a salary scale for 1949-50 providing for a basic wage of \$1,700 for women and \$1,800 for single men and \$2,100 for married men.

Minimum salaries now paid are \$1,000 for women and \$1,200 for single men.

The sliding scale adopted by the teachers, all members of the Catholic Teachers Alliance who last January went on strike for a week in a wage dispute with the Roman Catholic School Commission, provides for increases up to a maximum of \$4,400 for male high school teachers. Women teachers in the same category would receive \$3,200.

Maximum salaries now paid are \$3,500 for men and \$2,400 for women.

Leon Guindon, Alliance president, told the meeting that the union's application for recertification had been turned down by the Labor Relations Board of Quebec. The Board's action came after the teachers went on strike.

Mr. Guindon said the union now has taken legal action to compel the Board to show cause in court why it will not recognize the Alliance as the legal bargaining agent for the teachers.

The teachers called off the strike without having gained a definite promise of an increase in their salaries. Their demands then were on a slightly lower level than the scale they now have approved.

Mr. Guindon said that a committee set up by the School Commission to work out a suitable wage scale was expected to present its report soon.

leave feed grains on the speculative market but would add wheat. "That," Mr. Coldwell said, "is enough to assure that the Progressive Conservatives won't get the votes of the farmers on the Prairies, and it should be enough to see that they don't get the vote of any farmer anywhere."

He declared that every C.C.F. member elected to Parliament will be committed to support the national marketing legislation proposed by the Canadian Federation of Agriculture.

"With regard to this draft marketing act, this fact stands out above all others: No party other than the C.C.F. was willing to give it wholehearted support in the House of Commons."

Liberals had ignored the wishes of the Federation and had passed a bill investing its federal powers with the provincial governments. The result was that Canada now had ten marketing acts, with each province seeking to organize inter-provincial and export trade.

Forest Fire Loss Heavy On Prairies

Winnipeg, May 17.—(C.P.)—Charred tree stumps and blackened shells which once had been homes dot thousands of acres of the northern parts of the Prairie Provinces today as forest fires continued their advance.

Rains yesterday in Alberta and northern Saskatchewan aided thousands of firefighters. Many hoped for showers today.

But residents of the fire-infested region said it will take more than the odd shower to quell the hundreds of blazes which during the last few weeks, have been sweeping through dry-as-dust timber stands.

There are no official estimates yet as to extent of damage caused by fires. But observers said the damage easily will reach into millions of dollars, estimated in terms of the years it will take to substitute for present fire-scarred timber stands.

In northern Alberta's Assiniboia district 17 persons have been left homeless by a fire which destroyed their homes. Blazing along a 20-mile front in the Lesser Slave Lake area about 120 miles northwest of Edmonton, the fire has kept firefighters busy since last week.

Another Alberta fire, in the Chip Lake area about 90 miles west of Edmonton, also is reported serious. But other blazes scattered across northern sections of the province are said to be under control.

In northern Saskatchewan, forest fires are said to be at their worst along a heavily-treed area extending east from Prince Albert to the Carrot River valley near the Manitoba border.

In Manitoba, the Interlake region between Lakes Winnipeg, Winnipegosis and Manitoba is described as the most seriously threatened. Most of the fires are believed under control.

the ideological struggle between Russia and the Western powers.

"We think it is perfectly possible to stay clear of power politics and still have the friendship of all nations," she said. "We think this can be a force for world peace."

It was Mme. Pandit's first press conference since her appointment as the first woman ambassador to the United States. Previously she was Indian ambassador to Russia.

Obviously proud of India's new status as an independent republic, she nevertheless seemed eager to stress her country's continued friendship with Britain.

Coaticook Ball-Players Receive Uniforms

Coaticook, May 17.—(C.P.)—Players and directors of the Coaticook Canadians, the local baseball team, held a meeting at the Men's Mess in the Armoury on Friday night after the practice. Those attending included Connie Breault, president, Ivan Bohrer, Director, Leonard Lemoine, business manager, Bill Capute, assistant business manager, and Coach Paul S. Malloy.

At this meeting, players who made the team by results shown at the practices received their uniforms, and are as follows: Paul Davignon (26), Jean Chouinard (6), Raoul Pelouquin (7), Paul Paquin (9), Gerard Lefebvre (24), Lucien Charon (10), Maurice Bernard (20), Jim Dawson (17), Delphis Letourneau (4), Mitch Elias (22), Germain St. Pierre (5), Jean-Louis Fochette (11), Marcel Benoit (23), Connie Breault (27), Jim Padden (18), Gaston Boivin (Mascot 2), Gerard Comtois (19), Jacques Laurence (16), Guy Proteau (15), Henri St. Pierre (8), Raymond Michaud (21) and Paul S. Malloy (12).

Following the distribution of uniforms, Coach Malloy spoke briefly on the rules and regulations, which members of the team must follow. No drinking before games or on the grounds will be allowed; swearing will not be tolerated at any time; orders that he himself gives to the boys must be carried out; the team captain, which he has appointed, will be responsible for the execution of these orders; and players in the dug-out must work as hard as those in the field by encouraging others.

Coach Malloy concluded by saying that if these few things are put to practice, the team should run smoothly, and possibly be in line for the championship.

Bill Capute, as assistant business manager, was appointed to take charge of the transportation, and Andre Cloutier was made official team score-keeper.

Last year, tie blue and red jackets were worn without crests, but this year, business manager Leonard Lemoine has decided to give 25 crests to the team. Team members received this news with considerable appreciation.

The coming of the Colored Giants for a night exhibition game on June 3, was discussed. These colored players, from Pennsylvania, play night games wherever they go, and carry their own electric system with them.

Several United States teams have written for dates available by the local team for exhibition games in their cities. Among these, Berlin, N. H. and Lisbon appear on the list.

At this meeting, July 22 was set as the date for the Canadians to visit Berlin, N. H.

will give all the help they can to increase the flow of British goods to Canada and ease the trade problem which finds the U.K. importing from Canada about 2 1/2 times what she exports to the Dominion.

The airlift proposal, if accepted, may see a special fleet of transport aircraft shuttling across the Atlantic daily.

Montreal, May 17.—(C.P.)—Canadian Pacific Airlines yesterday inaugurated a new air route to Val d'Or and Puvion-Noranda in the northern part of Quebec. The two-hour and 40 minute flight from Montreal is operated by flying boats because of the lack of runways at Val d'Or.

attempted to take the challenge up."

The Government had tried to turn back as swiftly as possible those provincial tax fields it had taken over by necessity in the war. He suggested that since all but two provinces had entered fiscal agreements it might be the other two and not Ottawa which did not want agreements.

Conservative leaders had been saying that those agreements were destroying provincial autonomy. But the Premiers of the three Maritime provinces had all testified that they now were able to provide services for their people which would otherwise have been denied them.

Those agreements allowed the signatory provinces to share in the revenue from tax sources that tapped businesses in the central provinces. The central regions benefited from doing business all over the country. It was not right that only those provinces which contain head offices should tap such sources.

The Doctor Says

INCREASING LONGEVITY PRESENTS SPECIALIZED MEDICAL PROBLEMS

By Edwin P. Jordan, M.D.

More people are 65 or older now than ever before. Not only are there more elderly people, but oldsters are forming a constantly increasing proportion of the whole population.

Jordan

Older people have medical problems which are different from those of youth and middle age. Some changes in anatomy and in physiology develop with the years.

There is, for example, some atrophy or shrinking of almost all of the tissues as one grows older. Also there is a constant increase of what is called fibrous tissue, which can best be described as the development of a scar or scarring in all of the organs and tissues.

Affects Organs

The heart, the liver, the skin and all other organs show this gradual replacement with fibrous tissue. It accounts for such things as the changed appearance of the skin in old people.

The functions of the body tend to slow down and deteriorate slowly. Seeing and hearing become less acute, the digestive system is less active and the other functions all behave in a similar way. These are all normal changes which merely accompany the older years and may or may not cause any distress.

No two people age at exactly the same rate of speed. Ordinarily it is not until the forties or early fifties that any conscious adjustment to the aging process is necessary. People who reach the older years should consider the slightly decreased capacity of their functions and organs and save them accordingly.

This does not mean that all of the active joys of life have to be cut out, but merely that one should be sensible about them and engage in those which are best suited to the age and physical condition.

Q—What can be done for hypertension with a metabolism of plus 33 and a blood pressure of from 180 to 220?

A—This is obviously a complicated problem since there seem to be two diseases present. Removal or treatment of the overacting thyroid gland might possibly help the high blood pressure, but on the other hand surgery is somewhat more risky in such cases.

GOOD CITIZENSHIP is a lot of little things

SPRING IS HERE... IT'S TIME TO SHINE

Spring is the best season to paint your house. The paint gets a chance to go deeper and dry normally without peeling because the sun is not too strong. There are fewer flies and specks of dirt to mar the effect. Remember—one house with a neat exterior decoration job inspires others. Soon the whole neighborhood has had its face lifted. That makes it a better place to live in. So paint your house, now. Any activity which has as its goal the building of civic pride is "Good Citizenship".

You can help this public service effort. Make a note of some of the little things which, in your opinion, contribute to Good Citizenship.

OBITUARIES

MR. GARDNER WHEELER RAND, OF RANDBORO

Randboro, May 17. — There passed away at his home in Randboro, Mr. Gardner Rand, dearly beloved husband of Lily Parker. He had been in failing health for many years and succumbed, after an illness of two weeks, during which time he was tenderly cared for.

The deceased was born on December 2, 1866, the youngest son of the late Marshall S. Rand and his wife, Maria Hurd.

On October 18, 1898, he was united in marriage to Lily Sarah Ann Parker and lived in St. Isidore D'Auckland, on the home farm, for fifty years. Last year in October Mr. and Mrs. Rand sold their farm, owing to failing health, and took up residence in Randboro, where they celebrated their golden wedding anniversary.

Mr. Rand was a life-long member of the Methodist Church and in his younger life, was very active in the affairs of the community, where he was always respected as a good neighbor and friend.

Mr. Rand leaves to mourn his loss, besides his wife, many nephews and nieces.

He was predeceased in 1912 by one step-son, Roy Cable, who was born to Mrs. Rand in a former marriage and to whom Mr. Rand was a kind and loving father.

The funeral was held in Randboro United Church, following prayers at the house, and was largely attended by friends and neighbors.

The bearers were all nephews of the deceased, Messrs. Lyle and Clinton Rand, Douglas Seale and Leslie McCallum.

The choir sang "Hark, Hark My

Son!" and "Jesus, Saviour, Pilot Me."

Rev. Alex Cameron conducted the funeral services, and burial took place in the family lot at Maple Leaf Cemetery.

Those who attended the funeral from a distance were Mr. and Mrs. Harold Leggett and children, of Somerville, Mass.; Mrs. Gertrude Winslow, Mrs. Grant Taylor and son, of Sherbrooke; and Mr. and Mrs. Alan Williams and Mr. Gerald Williams, of Bulwer.

MR. EMERY MARCOTTE, OF LAVENIR

L'Avénir, May 17. — The funeral services for Emery Marcotte, who passed away at his home on April 29, were held in St. Peter's Church on Monday morning, May 2, at 9:30 a. m.

The cortege left the late residence at 9:15 a. m., and proceeded to the church, where the body was received by the parish priest, Rev. Lucien Roberge, who chanted the Requiem Mass, assisted by Rev. A. Allard, of St. Niciphore, and Rev. M. Campagna, of St. Jeanne d'Arc, deacon, and sub-deacon respectively.

Two "Peris de Montfort," said masses at the side altars.

The deceased was in his sixty-seventh year and had been in failing health for some time, but was able to go about until three days before he passed away, when he became stricken with a severe heart condition, from which he failed to rally.

Having lived in this community for many years the deceased was well known here and in the surrounding districts. A member of the Sacred Heart Church, since its establishment, he served as a

MARRIAGES

CORDEAU-BEATTIE

The marriage of Jean Wilson Beattie, daughter of Mr. and Mrs. G. L. Beattie, of Sherbrooke, to Paul Emile Cordeau, son of Mr. and Mrs. George Cordeau, of Sherbrooke, took place on Saturday afternoon, April 23, at three o'clock, in the library of St. Patrick's Church, the Rev. Father J. E. Moisan officiating. Blue and rose potted hydrangeas and spring flowers decorated the library. Mrs. Fred Bampton played the wedding marches and Schubert's Serenade during the signing of the register.

The bride, given in marriage by her father, wore a two-piece dress of ice blue crepe with a draped neckline, fitted bodice with peplum and matching three-quarter length gloves, a bandeau hat of pink velvet with rose petals falling on one side and she carried a nosegay of baby pink roses. Her ornaments were a pearl choker and earrings, the gift of the groom.

Mrs. Harry Fowles, her sister's matron-of-honor, was dressed in a dainty pink frock made on Princess lines, a pearl grey tulle hat trimmed with pink and blue flowers and matching pearl grey gloves. She carried a colonial bouquet of variegated sweet peas.

Mr. Guy Cordeau, brother of the groom, acted as best man and Mr. Keith Beattie, brother of the bride was usher.

Mrs. Beattie, the bride's mother, was gowned in a black flowered silk crepe dress and wore a black straw hat and a corsage of white gardenias.

Mrs. Cordeau, the groom's mother, wore a dress of turquoise crepe, with an ox-blood straw hat and matching gloves. Her corsage was of white gardenias.

Following the ceremony a reception was held at "Rockcliffe," Quebec Street, where the bride's table, covered with an ecru lace cloth and centered with a three-tier wedding cake, was decorated with Happy Times roses.

Later the bridal couple left for a honeymoon trip to Ottawa and Toronto, Ont., the bride travelling in a chocolate brown gabardine tailored suit, with brown accessories, a Faddy Green straw hat trimmed with yellow and white flowers and a corsage of yellow baby roses.

Mr. and Mrs. Cordeau are residing at 12 Fulton Avenue.

opened the meeting with a prayer. Mrs. Norman Bradley led the devotional exercises by reading a portion of the 12th Chapter of Romans followed by prayer. Minutes of the previous meeting were read by the secretary, Mrs. E. Wheeler. Business arising from the minutes was discussed and plans were made to send a box to All People's Mission, Brantford, Ont. Mrs. W. S. McMann took the topic by reading very interesting reports on the Aikido Avaniidda and Bimpatam Mission fields, in India. The meeting was closed by repeating the Mizpah benediction in unison.

The last tea of the season, sponsored by the Catholic Women's League, was held in St. Patrick's Church Hall, last Thursday afternoon, with the following hostesses: Mrs. F. E. S. Shelley, Mrs. Rene Blouin, Mrs. F. Steben, Mrs. J. R. Simms, Mrs. F. O. Beattie, Mrs. J. W. Drapeau, Mrs. A. J. Winslow, Mrs. Romeo Thierrien, Miss Elizabeth Bradley and Miss Gertrude Workman. Assisting the hostesses were Mrs. T. Wdovick and Mrs. F. Janowski. The tea table was centered with a crystal bowl of spring flowers with yellow and green candles in crystal holders. Presiding at the tea table, were Mrs. F. E. S. Shelley, Mrs. John Murphy, Mrs. F. O. Beattie, and Miss Yvette Campbell. Mrs. O. Goyette, treasurer, acted as cashier. Mrs. A. J. Winslow, Miss Evelyn Winslow and Miss Joyce Maskell, assisted in serving.

The Sunday School Auxiliary of Sangster Memorial United Church held a tea and musical in church hall on Saturday afternoon, May 7. The hall decorations were carried out in a pink, blue and yellow color scheme. Paper streamers trimmed the windows and the small tables were decorated with yellow and blue shmoos balloons. The lace-covered tea table was centered with pink and blue spring flowers in a silver rose bowl and blue candles in matching holders, were at either end of the table. A bouquet of yellow daffodils, donated by Mrs. J. Hillman, added to the appearance of the hall. A musical program, under the direction of the teachers, was presented by the children of the Sunday School, with Mr. H. C. Wright as master of ceremonies. The program which

DOROTHY DIX

Scientific Mate-Selection

GIRL WOULD CHOOSE HUSBAND BY LISTING FAULTS, VIRTUES

Dear Miss Dix: Do you believe that a girl should look for a husband in a purely scientific manner and consider only those qualities that would make him an ideal mate? Why would it be wrong for me to make an impersonal survey of all the men I know, sorting out their good and bad points and coming to a conclusion as to which one is best suited for me? Need a girl fall desperately in love with a man to make a happy marriage? I believe a husband should be chosen like you buy a new dress. Surely affection and maybe love will come after marriage.

DOROTHY DIX

I know that I can be a good wife and a good mother, too. Do you think I would be treating my husband fairly if I married him with the knowledge that I wasn't in love with him?

LOUISE

Answer: Theoretically the marriage of convenience should be the preferred risk, for it takes into consideration all of the things about which most husbands and wives fight. John marries Mary not because he is madly in love with her, but because she is of the same social status, belongs to the same church, is a good cook and has a nice dowry. And Mary doesn't marry John because he is her dream man, but because he is a good, sturdy chap who will stay hitched and who will be a good provider.

These marriages of convenience that are short on romance but long on practicality are very common abroad, where they seem to work out satisfactorily; but they are not so popular in this country, where marriage is more of an adventure and less of a life job.

NO SUCH ANIMAL

This is what puts the skids under your plan of getting an ideal husband by piecing together the good qualities of different men. It can't be done, for there is no such animal as a perfect husband. You have to take them as they come and shut your eyes to their faults.

Nor is choosing a husband like you would buy a new dress a safe bet. No woman can know in advance how her husband or her dress is going to stand everyday wear and tear, nor how soon she is going to get tired of either. The one and only sure thing about marriage is how big a supply of love you can bring to it. If you have enough of that, you will be blind to your husband's imperfections and love his faults because they are his.

Dear Miss Dix: My husband and I have been married for four years. Last night he told me that he loved a girl who is only 17, and she loves him, but he says he is afraid that if he gets a divorce he may make a mistake, because he also loves me. He wants me and he also wants her, and he doesn't know which one of us he loves the best.

But while he is making up his mind about it he wants to go on living in the same house with both of us until he can decide. Should I get a divorce? I don't want one, because I love my husband so much that every time I think about it I die a thousand deaths. What shall I do? We have three children.

BEWILDERED WIFE

Answer: If there is one individual in the world more pathetic than any other, it is the woman who is ALL heart and NO backbone, and who lets a miserable cad of a husband flaunt his infidelities in her face. Such is your sad case, and it is adding insult to injury when he brings his current flame to live in the same house with his wife.

If you were a stronger woman, I would say take your children and leave a husband who has neither respect nor affection for you, as he shows by bringing his mistress to your house. But as you are one of the women who is so obsessed by love that she has neither pride nor dignity left, I should say, do not get a divorce that will break your heart. Wait. That type of man will always be unfaithful to his wife, but in the end he will come back to her.

Dear Miss Dix: My sister in getting married in a couple of weeks. All the attention is given to her trousseau and showers and I haven't been noticed for months. I am 16 and just as madly in love with a boy of 18 as my sister is with her fiance and I am going to elope with him BEFORE my sister's wedding. My sister has always done everything first and I have decided to beat her to it this time and get married first.

A FORGOTTEN HEART

Answer: Evidently you are piqued because your sister has the limelight, but that is a bride's prerogative. It is her last fling and you shouldn't begrudge it to her, for when she folds away her wedding finery she is no longer the center of attraction, she is just Mrs. So-and-So.

You will miss all of that if you elope. So don't you think you will pay a pretty high price for spitting your sister?

opened with the singing of O Canada, consisted of vocal and instrumental numbers. The singing of the 23rd Psalm by a group of the older pupils brought the entertainment to a close. Miss Beverley Drew was accompanist and played several selections during the afternoon. Tea was poured by Mrs. Wesley S. Boyd and Mrs. Jack Drew. Mrs. R. Larrabee was convener of the tea room and Mrs. J. Hall was in charge of the kitchen. Mrs. R. Fraser, assisted by Mr. Graydon Larabee, acted as cashier. Miss Barbara Cairns and Miss Lucy Cutts were in charge of the candy table.

The regular bi-monthly meeting of the Sangster Memorial Women's Association, was held in the church hall on Thursday evening, May 12, with 12 members and one visitor in attendance. The meeting was in charge of Mrs. H. Drew, vice-president, and opened with the repeating of the Lord's Prayer in unison. The minutes of the last meeting were approved as read, and a very satisfactory treasurer's report, was given by Mrs. J. Hillman. Final plans were made for the food sale to be held on Friday morning, May 20. At the close of the business meeting refreshments were served by hostesses, Mrs. J. Hillman and Mrs. M. McCoubrey. The tea table was decorated with yellow candles. Tea was poured by Mrs. S. W. Boyd and Mrs. H. Drew.

"We Liberals have dedicated ourselves to maintaining a high level of employment and income, because that means a high and widely distributed standard of living for our people."

Prime Minister Louis St. Laurent

You share— every Canadian shares— in the greater Opportunity Prosperity Security

brought about by constructive Liberal policies

Liberals mean what they say. Look over the record of the last five years — the most impressive period of prosperity and growth in our history. It shows that Liberal performance exceeds Liberal promises.

Under Liberal policies, Canadians can be confident that this forward march will continue — that Liberal promises will again be carried out.

More Jobs—More Income

More people are working than in any previous peacetime period — nearly a million more than in 1939. National income is three times as high as in 1939, is more widely distributed than ever before.

More Savings

People have nearly 2 1/2 billion more bank accounts than before the war. They have put aside more than 4 billion dollars in personal bank savings.

More Production and Trade

The products of our farms and forests, factories and mines and fisheries are worth twice as much as ten years ago. And Canada's exports are more than four times greater. Canada is the world's third largest trading nation.

More Family Allowances

The federal government has, since 1945, invested one billion dollars in Canada's children. Four million boys and girls in 1 1/2 million families are receiving a better start in life. Benefits are being extended this year.

More Old Age Pensions

Federal payments have been twice increased since 1945. The new pension basis is now increased to \$40.00 a month, providing greater comfort and security for the aged and blind.

National Health

Health grants to provinces are helping to build a stronger nation. Many projects are already under way: nine province-wide health surveys; 15,000 additional hospital beds; training for health specialists; increased health services and research.

Aid to Home Builders

Close to 300,000 dwellings have been built since the war. More homes have been built in Canada, in proportion to population, than in any other country; and more were built last year than anytime in our history.

And lowered taxes as well!

By careful administration the Liberal government has established these records and been able at the same time to cut the national debt by 1,625 million dollars. And every budget since 1945 has announced lowered rates of taxation.

CANTERBURY EAST

The Women's Institute met at the home of Mrs. Prentice Jacklin with Mrs. Douglas Mayhew the joint hostesses. The meeting opened in the usual way. The minutes of the previous meeting were read, also the treasurer's report, and were adopted as read. The roll call subject, "How to beautify the home grounds," was responded to by all. As there was considerable business to be transacted the rest of the program was left over until the next meeting. Several items were discussed by the Ways and Means Committee. The Sick conveners gave their report. Plans were finished regarding the convention. A sale of plants, seeds and bulbs is being held in the hall on May 16, for the benefit of the W.I. An attendance contest with sides chosen for this year was planned. The history of this branch was read by the secretary and was much enjoyed. A very delightful and instructive meeting closed by singing the National An-

Miss Wynman entertained the Women's Association of the United Church and Ladies' Guild, of St. Matthias Church, at their combined monthly tea one afternoon. A good attendance of ladies was present. Plans were read for a dinner in the Canon Gustin Hall, on May 13. Delicious refreshments were served. The hostess was assisted in her duties by Mrs. K. L. Pelkie and Mrs. R. L. Cooke.

Mrs. Carmen Wilson, of Ottawa, was calling on old friends here. Mrs. Wilson had motored down from Ottawa with Mr. Russell Taylor. They stopped at Macdonald College, Ste. Anne de Bellevue. Mrs. H. G. Taylor and Mr. and Mrs. Stanley Hardacker joined them home for the week-end. Since sympathy is extended to Mr. Fred Courtemanche the popular mail driver in the sudden death of his father, Mr. Edward Courtemanche, of Macrog, who passed away at his home on Saturday afternoon.

The girls softball team went to Beebe one Friday, where they played the Beebe school girls' who defeated them by a score of 40-36. Mr. Godfrey Crawford, of Montreal, spent the week-end with his family here.

PEARCETON

Mr. Taylor, of Bedford, was a guest of Mr. and Mrs. Frank Clough.

Mr. and Mrs. John Holloway motored to Montreal, where they were guests of his sister, Mrs. Silver, and Mr. Silver.

Guests at the home of Mr. and Mrs. George Goyette were Mr. and Mrs. Harry Peirce, of Enosburg, Vt., Mr. and Mrs. James Moore, of Fordyce, and Miss Kathleen Moore, of Cowansville.

Mr. and Mrs. Brien, of Farnham, spent an evening with Mr. and Mrs. Cyril Gardner. Messrs. Donald and Clair Gardner, Mr. and Mrs. Cyril Gardner, Mrs. Annie Gardner and Miss Shirley Sherrer motored to Venice, one evening.

Messrs. Jason Hunter and Ronald Short, of Stanbury, and U. Brien, of Farnham, were calling on Mr. and Mrs. I. M. Hunter.

Messrs. Arthur, Guy and Eli Addis and Miss Dorothy Addis, of Sherbrooke, were guests at the home of Mr. Denning Clough. Later Messrs. Arthur and Guy Addis accompanied by Mr. Dennis Clough motored to Lovell, Mass., where they were guests of Mr. J. Clough, while Mr. Eli Addis and Miss Dorothy Addis, were guests of Mr. and Mrs. Benard Goulet, at Lincoln, Vt.

Mrs. Annie Gardner has left for Montreal, where she will be a guest of Mrs. Longthorp prior to entering St. Mary's Hospital.

Friends of Mr. George Goyette are pleased to hear that he has returned home from the Royal Victoria Hospital, Montreal, and is gaining nicely.

CLEANER HOMES MAKE CLEANER CITY: CLEAN-UP SLOGAN

Clean-Up Program Should Include Both Health And Fire Precautions

A cleaner, brighter, and (most important of all) safer Sherbrooke is expected to arise from this city's efforts in National Clean Up Week. This period, set aside across the Dominion to encourage home and civic cleanliness, opened yesterday.

CLEANER HOMES ARE SAFER HOMES, the Fire Department says. Get those old boxes filled with inflammable odds and ends out of the attic; they might cost you your life some day. A cellar piled high with useless objects is no help in fire prevention either, a spokesman for the department stated. They do burn sometimes and they don't help firemen put out

a fire. Any sort of blockade is a potential fire hazard.

To store owners the department issues another warning. Remove those waste cardboard boxes and garbage piles from behind the buildings. They not only are unsightly to residents, but insurance companies take a dim view of them.

When the chimney sweepers come, be at home. In addition to cleaning your flue, the sweepers will install soot catchers to help stop that interior undecorator from ruining your furnishings. They cannot install these preventative devices if the doors are locked. Home owners are urged to stay

PAINT-UP

Spring is the season of which poets sing and which painters extol. It's the season too when every citizen should get out paint-brushes and get in new cans of paint to do those many paint jobs he has been promising to do all winter. Color splashes the poet's notebook and the painter's canvas. Color can make your property beautiful and your community more attractive. Paint-Up your property to beautify it. Paint preserves. Your woodwork will last longer when painted. Paint is clean and is easy to keep clean. Paint-Up to preserve your property and to keep it clean. All dealers have a wide variety of tasteful and attractive paints and enamels. They supply complete instructions on economical and best methods of application. Get your paint in now for the Paint-Up Campaign.

at home and let the sweepers help make the house just a bit cleaner.

A final tip to householders for their clean-up plans from the Fire Department: cut that grass along the walls of the house and out-buildings. It isn't easy on the eyes when green, and when dry it just waits for that lighted cigarette or spark.

CLEANER HOMES ARE HEALTHIER HOMES, the city health office states. Give your home a thorough look-over. Are there any spots where pests could breed? Have you noticed any rodents or vermin recently? Never let them get beyond control. The expense of an exterminator is very light when compared to your family's health.

In the kitchen be sure all garbage is covered. Flies love the stuff. After any garbage is put outdoors, a cover on the container keeps rats and other pests from having a feast on your expense and your property.

Health officials emphasize good care of your window screens. Those flies have landed in many unpleasant places previous to setting foot on the family dinner.

A final tip to parents from the health department: children will play with anything they find. Those half filled medicine bottles and rusty razor blades left within their reach are of no value to small stomachs and small fingers.

STANBRIDGE RIDGE

Messrs. Rolland and John Le-bonte, Earl and Neil Baker, Archie Sager and Burt Crandall attended an auction sale at Dunham.

Mr. and Mrs. Edmund Jess have been spending a few days with the former's parents, Mr. and Mrs. Robert Jess, in Quebec.

Make Sherbrooke the cleanest and most attractive of Canadian cities.

Do your bit in this Clean-Up and Beautification Campaign.

Keep Clean Up and Beautification in mind throughout the Entire year.

Clean Up your Property and Home.

Paint Up your Property and Home.

Plant Up your Garden. Trim your Lawn. Install a Window Box Garden.

Light Up all dark and gloomy corners. Light your interiors adequately.

Make Clean Up and Beautification a Year Round Habit.

They're Tops

You can't beat the Dutch when it comes to growing tulips and seven-year-old Caroline, daughter of A. S. Tuinman, agricultural attache from the Netherlands, is proving it to George Brown in this photo by Malak of Ottawa. Caroline donned her Dutch Volendam dress to pose for the photo on Parliament Hill.

MILLFIELD

Mr. and Mrs. Lewis Eager were guests of Mr. and Mrs. Guy Davidson.

Mr. and Mrs. James P. Wright were evening guests of Mr. and Mrs. Gordon Learmonth.

Mrs. William Bullard and son, of Kinsley, were visiting Mrs. J. W. Porter and family.

Mr. W. G. Wright spent two days in Thetford Mines.

Misses Rita Porter and Marion Learmonth spent the week-end at their homes here.

Mr. and Mrs. Charles Wright were evening guests of Mrs. J. W. Porter and family.

Guests of Mr. and Mrs. Charles Wright were Mr. Ernest Wright and Miss Edna Wright, of Lennox-

ville, and Mr. and Mrs. Harold Wright and Mr. and Mrs. Kenneth Mathers and family, of Thetford Mines.

BOYNTON

Mrs. Mildred Fergusson spent two days in Sherbrooke.

Mr. and Mrs. O. H. Brown were in Magog for a day.

Miss Eleanor Blake and Miss Doreen Piercy, of Ayer's Cliff, spent the week-end at the former's home here.

Dinner guests at the Cooper home were Mrs. Chloé Denick and son, Leo, of Stanstead; and Mr. and Mrs. Lyman McIntyre and four children and Mr. A. McIntyre, of Tomiobla. Other callers at the same home were Mr.

PLANT-UP

Homes fronted by ill-kept lawns, shambling flower-beds and neglected trees or bushes must disappear from our city. Trim lawns, neat flower-beds blooming with color, well-groomed trees and bushes, and tidy well-kept walks give character to a home and compliments to the owner. Houses without lawn or garden fronts can be made cheerful and attractive with window-box gardens, in which a surprisingly large variety of beautiful flowers can be grown with little trouble. Yet your seed catalogue and cuttings from your florist today and join the Plant-Up campaign to make Sherbrooke a real city of flowers. If you haven't a garden, install a window-box as a contribution to your own pleasure as well as to the beautification of our city.

FIRE PROTECTION

More than \$18,000,000 worth of property is burned up every year in Canada from fires to which no definite cause can be attributed. Close to \$3,000,000 is the annual cost of fires caused directly by smokers' carelessness. Fires of unknown origin may actually be caused by careless disposal of trash.

Careless, whether with cigarette or "harmless" litter may lead to a fire on your property or a conflagration in your neighborhood. Use Clean Up and Beautification time as a time to check up on all your electrical wiring, your chimneys and flues, and to remind yourself that the trash you discard carelessly may cause or help a fire. Fire Protection is a part of Clean Up and Beautification.

LIGHT-UP

Dark corners breed gloom, fear and broken limbs. Clean-Up and Beautification logically mean to make light and bright as well as to make tidy and neat. Make your property attractive at night by lighting up gloomy stairways, verandahs and balconies. See that your interior lighting is adequate, for your health and for the beauty

and Mrs. Thomas Cooper, of Stanstead, and Miss Dorothy Cooper, of Ayer's Cliff.

What might have been a very serious accident occurred here late Wednesday evening, when a truck loaded with pulp wood crashed through the bridge into the river. The driver was not hurt.

of your home. This year's Clean-Up and Beautification Campaign is also a Light-Up drive. Make all parts of Sherbrooke bright and attractive by night as well as by day.

MAYOR'S PROCLAMATION

Clean-Up Week, May 15th to the 22nd, 1949.

The Municipal Council has fixed, "CLEAN-UP WEEK" from the 15th to the 22nd of May, 1949, inclusively.

As in former years, I hope that this week shall be a complete success. I urge all citizens to co-operate with the Municipal Health and Parks Department by cleaning their premises, painting their buildings, planting shrubs and flowers and generally beautifying their properties in order to render same attractive to the many tourists who will visit us this year and also maintain for Sherbrooke its reputation of being a clean and attractive city.

Given at Sherbrooke, this 14th day of May, 1949.

ALPHONSE TRUDEAU,
Mayor.

CLEANER, SAFER SHERBROOKE AIM OF CLEAN-UP WEEK

Mrs. W. Husk Was Hostess For Gore Women's Institute

Gore, May 17.—The Gore Women's Institute met at the home of Mrs. Mark Husk, one Saturday. The meeting opened by repeating the "Club Women's Collect." The minutes of the last meeting were read and approved. Plans were made for the School

Fair. It was moved by Mrs. Griffith and seconded by Mrs. Hughes, that prizes be given for flowers, cookies and vegetables, the last to be judged on quality and arrangements. Mrs. Husk offered to make prize lists and give them out to the children. The prizes are to be cash. First prize, 75c; second prize, 50c; third prize, 25c.

Mrs. Griffith is to continue her work on the Sunshine committee and Mrs. Johnson and Mrs. Nixon on the buying committee. A sale of plants and remnants at this meeting amounting to \$5.75. It was moved by Mrs. Griffith

CLEAN-UP

From coast to coast in Canada from May 16 to May 28 citizens who are proud of their community will be backing up this pride in a competitive "Clean Up, Paint Up, Plant Up, Light Up" effort to make their own home and district a model for all others. Make 1949 Sherbrooke's biggest Clean-Up and Beautification year. Drive out dirt from every corner of your home and property. Co-operate with the City in keeping streets, sidewalks, parks and public places free from trash and litter. Clean-up and beautify during the Campaign and set yourself a standard to keep up with during the rest of the year . . .

and seconded by Mrs. Frazer that \$5 be paid to Mrs. Hastings for making the programs. The prize drawing was won by Mrs. Nixon.

A contest, "What will you have for dinner?" was won by Miss Frazer, Mrs. Gee and Mrs. Farquhar. A very pretty pink basket filled with gifts for a new baby was presented to one of the members.

HILLSIDE

A reception was held at the home of Mr. and Mrs. L. Sherrer for their son, Hugh, and his bride. A large crowd attended and the happy couple received gifts of pyrex, silverware, linen and money. Mr. and Mrs. H. Sherrer have moved to their farm, which they purchased last week from Mrs. Lloyd Ingalls.

Week-end visitors at Mr. L. Sherrer's were Mr. and Mrs. A. Sherrer and two sons, of Cowansville; Mr. Keith Sherrer and Miss Shirley, of Sutton, and Miss Shirley Sherrer, of Stanbridge East.

Mr. and Mrs. Hugh Sherrer, Miss B. Sherrer and Mrs. L. Sherrer were visitors in St. Albans, Vt. Mr. Roger St. Pierre, of LaPrairie, and Miss L. St. Pierre, of Montreal, were guests of their parents over the week-end.

Mr. Douglas Sherrer is in the B.M.P. Hospital, Sweetsburg, and Mrs. D. Sherrer and Bruce are staying with their parents.

Mr. and Mrs. L. Sherrer, Mr. and Mrs. H. Sherrer and Master G. Jones were visitors in Farnham. Mr. and Mrs. D. St. Pierre and family, of Farnham, were guests of Mr. and Mrs. H. St. Pierre over the week-end.

DRUMMONDVILLE

The home of Mr. Wilfrid Larochelle, located on St. Francis Park Street, St. Simon, was completely destroyed by fire, which broke out early Tuesday evening, with damage estimated at \$5,000. No one was at home at the time and the cause of the blaze is still unknown.

Judgement and sentences at the city court house this week, found a young man of St. Germain, guilty of stealing chickens, and sentenced to two years in jail. Two young girls also brought before the magistrate on charges of vagrancy were also sentenced to serve two years, while a third was fined \$20 and costs. A man accused for disturbing the peace and resisting arrest, was given three months. Four other young men accused on a vagrancy charge, three of whom were sentenced to pay costs while the fourth offender had to pay a fine of \$5.

Some 40 members of the Junior Chamber of Commerce, travelled by bus to Montreal Friday morning for a tour of inspection of Molson's Brewery organized by their president, Mr. Roger Lauzon. The weather was rather cool, but an enjoyable time was spent.

Some 60 members of the local unit, 140th Anti-Tank Battery R. C. A., under the command of Capt. W. Prentice, left here Sunday noon to take part with the 139th Battery R. C. A., of Victoriaville, in a parade and showing for new recruits, sponsored by Headquarters Quebec Command, for Army Week.

Week" would start from May 15 to the 21st. Property owners, householders and all citizens alike are asked to give their full co-operation with the civic authorities in giving their city a new look, by painting up, fixing their front lawns, getting rid of all refuse, and getting ready for early planting of trees and flowers. To many a stiff back may result, but your humble efforts will not have been in vain in helping to beautify your home community and an example for visitors to take note, when spending a vacation here or merely passing through this fair city.

Building permits handed out by the city hall for May are as follows: Mr. H. Parenteau, Belcourt Street, 4 flats, \$14,000; Elizabeth Belair, Laurier Street, 2 flats \$7,500; Mr. G. Booth, Lafontaine Street, one flat, \$7,000; Armand Vandal, St. Alfred Street, 2 flats, \$7,000. The municipality of St. Jean-Baptiste issued 28 permits since the beginning of the year with a total of 31 flats under construction at a total cost of \$105,000, while the nearby municipality of St. Simon, has issued permits for the construction of 19 flats at a cost of \$84,000. Looks like a boom in the construction trade this summer for Greater Drummondville.

Alderman Leo Surprenant has informed the City Council, that he will present a motion calling for the undertaking of a public works program at a total cost of \$140,000. The greater part of this money would be used for the paving of streets and sidewalks, and making sewers, and the new aqueduct. At the moment the most important project is the paving of Mercure Boulevard, Heriot Street, including sections adjoining the new Hospital. Work is expected to start at an early date and is expected to be completed by early fall.

THAT'S THE WAY you want your money matters handled. That's the way your bank handles them.

When you deposit money, cash a cheque, make a money transfer, arrange a loan, you want it done speedily, efficiently... and above all, confidentially.

It is only natural that your bank should work that way for you, for privacy is traditional in Canadian banking. In any case, the competition of other banks assures it.

Canada's ten chartered banks — competitive, efficient, private — provide for millions of customers a service unexcelled in the world.

State monopoly of banks would wipe out competition and would open your bank account to the eye of the state official.

"The Gift of Freedom" Refutes Soviet "Slave" Charge

To counter Communist propaganda that the American worker is a slave, the U.S. government has prepared a booklet called "The Gift of Freedom" to tell the foreign worker how his American counterpart lives. The 142-page booklet tells its story precisely and without frills in text, diagrams, charts and pictures. Prepared by the Bureau of Labor Statistics at the request of the

State Department, "The Gift of Freedom" will be used in publications and radio broadcasts all over the world. Below are some of the photographs from the booklet which will give the Frenchman, the Hungarian, the Indonesian and the German the picture story of the conditions under which the American worker lives, works and eats.

Food stores in working-class neighborhoods offer wide variety.

Many workers drive their own cars, park in company lots.

Workers are free to strike for better working conditions.

Unions and factories offer free, on-the-spot medical care.

Modern equipment is typical in a worker's kitchen.

Pleasant homes are within financial reach of skilled workers.

Up-to-date machinery makes farming easier and more profitable.

Workers' homes have well-equipped bathrooms.

ROYALS WIN JUNIOR HOCKEY TITLE; FARNHAM HERE TONIGHT

Bring Memorial Cup To Montreal For First Time In History, Stage Rally To Down Wheat Kings 6-4

Winnipeg, May 17.—(P)—Montreal Royals may not go down in the record books as the best junior team in history, but the newly-crowned Memorial Cup champions can lay claim to having won the hardest-fought final series and under the most adverse conditions.

It took Royals eight games to dispose of Brandon Wheat Kings, Western Champions, in the longest series in Memorial Cup history and send the cup East of Ontario for the first time.

The Royals won the Canadian Amateur Junior Hockey Title last night when they defeated the Wheat Kings 6-4 in the eighth game which showed once more there was little difference between the two clubs.

Another record was set in that May 15 is the latest date to which a junior final has extended. The thermometer registered between 70 and 80 degrees above through the drawn-out affair, which switched between the Winnipeg and Brandon rinks.

Playing his best game of the series, Bert Herschfeld, flashy wingman from Halifax topped the Montreal scores with three goals and one assist. His linemate and team captain, Bob Frampton, was right behind with two markers and one assist. Gordie (Swede) Knutson, first-string centre, bagged the other goal and assisted on one goal.

In gaining Montreal's first Dominion Junior Title in 32 years, Royals had to come from behind last night in the final contest. The teams had split even with three victories apiece and one game tied in the originally-scheduled best-of-seven final, necessitating an eighth game.

Royals took the opening game 3-2, but Wheat Kings reversed the

score in the second contest. The third game was tied 3-3 in overtime. Montreal then won the next two 1-0 and 7-4, but Brandon captured the sixth and seventh games 2-1 and 5-1.

Last night, the Royals working in front of the steady goaltending of Bobby Beau, built up a 2-1 first-period lead, but were behind 3-2 at the end of the second period. After giving away another goal near the start of the third session, the speedy Easterners came back with four straight counters without a reply in 10 minutes of play to sew up the see-saw battle.

Brandon's four goals were split evenly among Joe Crozier, Bob Chrystal, Jack McKenzie and Reggie Abbott.

After Brandon had taken a 4-2 lead at 2:23 in the third period, Royals' cause was helped by two successive penalties to Wheat King defenceman Bill Allison. Taking advantage of the extra man, the fast-skating Easterners scored two goals to even the count.

Loss of their lead seemed to break Brandon's spirit, and they were no match for Montreal from there on in, getting caught on breakaways for Royals' winning and final goals.

Frampton opened the scoring in the first period. Herschfeld, who set up the first goal, put Royals into a 2-0 lead when he smashed Neal Langill's pass from a face-off into the Brandon netting behind Ray Frederick.

Wheat Kings fought back in the last three minutes of the period and cut the Montreal lead to one goal. Crozier blasted a blueline drive through a maze of players and past Beau, who never saw the puck.

It was all Brandon in the middle session and the Westerners were rewarded with two goals that moved them into the lead for the first time.

Chrystal's pass that accounted for the first, McKenzie scored the second when he stickkicked through the Royal defence, drew out Beau, and flipped the disc home on the nicest effort of the game. Wheat Kings outshot the Royals 16-5 in the second period.

With Allison off for interference, Knutson beat Frederick from about 15 feet out. Five minutes later, with Allison again in the penalty box, Herschfeld evened the count at 4-4.

Frampton's winning counter came at 11:13 when he outraced the Brandon plays, caught deep in Montreal territory, to the Wheat Kings goal, where he again out-

Y Five Pin Playoffs Continue Tonight

The opening games of the semi-finals of the Y.M.C.A. Five Pin Bowling League will be played this evening.

In the first encounter Smeracs and Mitchells will take on the Hawks to round out the evening's activities.

Tomorrow night four more teams will swing into action. Ramblers and Legion Blues will meet at 7:00 while St. Pat's and Allart's 7:00 will tangle in the second tilt.

Thursday evening Spitfires and Hawks will meet in their second round in the first game at 7:00 while Mitchell's and Smeracs will play at 8:45.

Williams-Bolanos Bout For May 26 Postponed

Los Angeles, May 17.—(P)—The world lightweight championship fight between title-holder Ike Williams and Enrique Bolanos has been postponed indefinitely because of Williams' shoulder injury.

Clayton Frye, chief inspector for the California State Athletic Commission, said yesterday.

Frye was present at a medical examination conducted by Dr. Francisco Bravo, who commented: "The shoulder has been causing enough trouble (with bursitis) to warrant a layoff of six weeks to two months." The fight was scheduled for May 26.

Pobielan Optioned To Royals By Dodgers

Chicago, May 17.—(P)—Brooklyn Dodgers yesterday announced that Clarence Pobielan, rookie right-hander pitcher, has been optioned to Montreal Royals of the International League.

Pobielan, who came up to the parent club in the National League this year from the Royals, was knocked out of the box in his first start.

1,360 Golfers To Compete For Open

New York, May 17.—(P)—Byron Nelson and some 1,360 other golfers will seek the National Open Golf Championship this year.

Counting the entries after yesterday's deadline, Joe Dey, executive secretary of the United States Golf Association, said the second largest list in the tournament's history is assured.

The open will be staged June 9-11 at the Medina Country Club, just outside Chicago.

Ben Hogan, the defending champion, is recovering from injuries received in an automobile accident and will not compete.

Wesley Westrum's Big Bat Helping Giants In I. L. Climb; Royals Stage Rally To Edge Out Syracuse 7-6

Wesley Westrum, hard-hitting catcher of Jersey City's Giants, is using his big bat to pave the way to the big leagues.

Westrum, who proved somewhat of a flop with the parent New York Giants last year following a big buildup, has been the leading light in Jersey's climb to the top of the International League pennant race.

The 26-year-old receiver walloped a grand-slam homer last night to lead the Giants to a 7-6 victory over Toronto. The triumph enabled Jersey City to retain their grip on first place. They now lead Rochester Red Wings by a full game, with Toronto and Montreal in third place, a game-and-a-half behind.

The grand-slammer was Westrum's second in two days and his third of the year. It also was his ninth home run of the campaign, and gave him a total of 29 runs batted in, tops in the circuit.

The Giants won in the 11th when Monte Irvin's fourth hit of

the night drove in Rudy Rufer with the tie-breaking run. Wes Bailey, who pitched the last two frames for the winners, was credited with his sixth victory. He has yet to taste defeat.

Ed Sanicki banged a pair of homers for the losers, his 11th of the season coming in the last half of the ninth to force the game into overtime.

A ninth-inning three-base blow by pinch hitter Kermit Wahl drove in the tying and winning runs as Montreal defeated Syracuse Chiefs 7-6, Trailing 5-1, the Chiefs had shelled Frank Laza from the mound with a five-run rally in the top of the ninth to take a temporary 6-5 lead.

Charles Lare, third Montreal pitcher, was the winner, while Mike Schultz, who took over for Johnny Beber in the ninth, was the loser.

The victory moved the Royals into third place, 12 percentage points over the Maple Leafs.

X-Ray To Determine Joe DiMaggio's Future

New York, May 17.—(P)—Joe DiMaggio is scheduled to undergo another X-ray examination of his ailing heel tomorrow and the result probably will determine the outfielder's immediate baseball future, General Manager George Weiss of the New York Yankees said today.

"We are waiting until the last possible moment before making a move in his case," he added.

The Yankees must cut their squad from 29 to 25 by Thursday to meet the player limit. The examination probably will determine whether DiMaggio will be put on the voluntary retired list for 60 days or kept on the active roster.

QUEBEC SPORTS DIARY

By JACK SULLIVAN

The financial and other details of Sudbury Wolves' 62-game tour of Europe over a three-month period will be given at the Canadian Amateur Hockey Association annual meeting in New York June 2-6.

At the meeting, the British Ice Athlete of London, the slick Irishman who, as C.A.H.A. overseas representative, planned the jaunt.

Bunny has been directing traffic of Canadian clubs in Europe for years—at a profit—he has a flourishing travel agency, hooked up with practically every European air service, and, naturally, he receives the agent's usual commission on the movement of players.

Kept Wolves Hopping

He had the Wolves hopping around from country to country and the 62 games in three months, it must be admitted, is better than any National Hockey League operator could do.

Bunny, secretary of the British Ice Hockey Association and general secretary of the International Ice Hockey Federation, has been called a "racketeer," a "dictator" and a "sharp operator" but he takes it all in his stride.

He doesn't try to screen the fact he gets a commission when teams are on the move under his direction. His salary as B.I.H.A. secretary is around \$4,000 a year and Bunny, who likes to live high, needs something to supplement this.

Handled Olympic Team

Bunny is "Mr. Hockey" in Europe. The politics of the game are his long suit and his lobbying would do credit to any politician.

Bunny makes no bones about his travel-agency connections—he says it's his living and blandly asks those who criticize him if "there's anything you go about wanting to make a decent living."

He has lots of friends on this side of the Atlantic and among the

Bill Brandt Hurls Tonight Against Farnham; Game To Start At 7.15

Farnham Black Sox will play their initial visit of the season to Sherbrooke this evening to tangle with the Athletics at 7.15.

The game is not listed on the schedule for this evening as it was postponed from Saturday, when wet conditions of the grounds forced cancellation of the tilt.

Bill Brandt, newcomer to the local hurling staff, will toe the mound for the A's while the choice of the Black Sox is uncertain. Manager Gladu will field the same team that played Sunday against Granby.

Brandt, who hails from Fort Wayne, Ind., performed last season with the General Electric when they won the 1948 National Baseball Congress title held at Wichita, Kan., and was a member of the hurling staff. Bill Dyke was also a member of the same aggregation.

Farnham is an unknown club, having not played here as yet, but they have a few of their leading hitters from last year back with them and should give a good account of themselves. Several new players were supposed to report to the team over the past week-end which should strengthen the club considerably.

Tomorrow night the locals will pay a return visit to Farnham, and on Saturday evening they will move down to Drummondville for their third meeting of the season with Stan Beards' Cubs. Sunday they return home and will take on the Braves of St. Johns at 2.00 in the afternoon, with the twilight fixture going to St. Johns for 8.30.

YESTERDAY'S BATTING AND PITCHING STARS

Batting. Senators—collected two singles, scored a run and drove in another in Washington's 3-2 victory over Boston Red Sox.

Pitching. Mickey Haefner, Senators—followed up his one-hit shutout over Cleveland with an eight-hitter over Boston.

staunchest are the R.C.A.F. Olympic Team. Bunny handled their exhibition games across Europe in 1948.

Aheane has been arranging tours for Canadian teams since the early '30's. He looks after the expenses, including travel and hotels for the tourists from the time they hit England until they are ready for home.

With a party of 18 to 20, this usually runs into five figures—\$30,000 to \$40,000—and there's lots of room for a loss on the deal. But Bunny hasn't lost money on a tour yet.

Brandt, who hails from Fort Wayne, Ind., performed last season with the General Electric when they won the 1948 National Baseball Congress title held at Wichita, Kan., and was a member of the hurling staff. Bill Dyke was also a member of the same aggregation.

Farnham is an unknown club, having not played here as yet, but they have a few of their leading hitters from last year back with them and should give a good account of themselves. Several new players were supposed to report to the team over the past week-end which should strengthen the club considerably.

Tomorrow night the locals will pay a return visit to Farnham, and on Saturday evening they will move down to Drummondville for their third meeting of the season with Stan Beards' Cubs. Sunday they return home and will take on the Braves of St. Johns at 2.00 in the afternoon, with the twilight fixture going to St. Johns for 8.30.

Boudreau Worried About His Indians, But Thinks Team Will Repeat With Warm Weather Tonic, Will Be Tough

Pittsburgh, Pa., May 17.—(P)—Lou Boudreau, shortstop-manager of the world champion Cleveland Indians, is more than a little perturbed about his team—but he thinks they'll repeat.

"Once the warm weather sets in, we'll be okay," Boudreau said last night before an exhibition game with Pittsburgh. Trying to shake off a hitting slump, he started his regular lineup and the Indians eked out a 4-3 victory.

Sunday Chicago White Sox shut out the Indians twice.

"The Red Sox were seven or eight games out a few days ago, now they're only five games back of the Yanks. We've played fewer games than the rest and the weather sets in we'll be okay," Boudreau said.

"It's going to be another close race to the wire. The Yanks are a lot tougher than some people

rate them."

In addition to his team's poor hitting, Boudreau has had plenty of trouble with a mound staff which was expected to be tops in either league. But here, too, Boudreau thinks warm weather will iron out his troubles.

Bob Lemon, sidelined with a torn rib cartilage, probably will be out at least 10 more days, Boudreau indicated. He said he expected Bob Feller's sore shoulder to respond to "warm weather treatment" and that Gene Bearden has about recovered from a pulled thigh muscle.

The Indians now are in 6th place, 3½ games back of the Yanks.

"We'll have plenty to say about this American League race, you can bet on that," said Boudreau.

Seven U.S.-Owned Colts Entered In English Derby To Be Run June 4

London, May 17.—(P)—United States owners intend to make the biggest raid since the war this year on the world's most famous turf prize, the English Derby.

Seven American-bred colts are entered in the 170th renewal of the English three-year-old classic on June 4 at picturesque Epsom Downs.

Some likely will be withdrawn when the last half of the 1400 running fee is due May 24. But enough should have their fare paid to exceed the previous post-war record.

Most fancied invader, an 18-1 chance in recent London betting, is Brown Rover. He was bred at the Belair, Md., farm of William Woodward, chairman of the American Jockey Club.

The colt proved his ability by winning over the Derby distance of 1½ miles early in May. He has trained alongside another illustrious Woodward colt, the four-year-old Black T. rquin.

Another Woodward nominee, Lone Eagle, may not go to the post. He was active in the betting market for a week after winning a 1½-mile tune-up race. But he blotted his record by running second in a 1½-mile Classic Trial Stakes.

New Castle, England — Dave Sands, 161-1-2, Australia, stopped Jackie Jones, 161-3-4, England (1).

Rochester, N. Y.—Johnny Flynn, 206, Rochester, outpointed Rusty Payne, 181-1-2, Pittsburgh (10).

Chip Is Purely A Wrist Shot, Made On Principle Of Putting, With Very Little Body Action

By GENE SARAZEN

Strokes lost from the tees and on the fairway can be saved by accurate chipping and putting.

For this reason putting and chipping should be practiced more than other parts of your game.

The chip is purely a wrist shot requiring very little body action.

There is a slight movement of the left side in the backswing, and the right side in coming through, but this is merely to keep you relaxed.

The body is turned only as much as is necessary to keep the blade facing the hole in the follow through.

The stance is open, the feet close together.

As in putting, keep the blade low coming through, and square to the hole.

Any iron, from the No. 5 to the 9, can be used in chipping.

The more lofted the club, the less the roll.

Select the club with enough loft to land the ball on the green and roll it up close to the pin.

Practice will teach you which is the proper club.

Gene Sarazen . . . turn only enough to keep the blade facing the hole in the follow through.
