PRICE—THREE CENTS

## Well-Known Local Floral Clock Operating

During the past week, Westmount's well-known floral clock, situated near Victoria Hall on Sherbrooke Street, has been set up for the summer.

This well-known landmark and tourist attraction, the first of its kind in North America, was designed after the pattern of the famous floral clock in Edinburgh, Scotland, and was established here in the year 1926, during Mayor P. W. McLagan's term of office.

With the exception of the years during World War II, the clock has been a continuous feature in Westmount during the summer months.

The clock face is 19 feet in diameter, and approximately 6,000 plants are used in making up the design. Dwarf plants, or plants that can stand continuous clipping have to be used. Among the plants usually used for the purpose are Echeveria, Santolina, Red and Green Alternanthera (or Telanthera) and various varieties of Achyranthus (or Irisene).

The mechanism of the clock is located below the mound at the top of the clock. With the exception of periods of wet weather, when the hands become weighted with water and out of balance, the clock keeps good time.

In recent years, floral clocks have become more numerous about the world, although they are still uncommon. Some of the places where they are to be seen are Springfield, Mass.; Washington, D.C.; Ostend, Belgium; Intertakon, Switzerland, and Queensland, Australia.

## Two Burglars Draw Five Years In Penitentiary

Two young men who were detained and arrested by Lt. Baker on charges of loitering in Westmount recently, pleaded guilty to charges of being in possession of burglars' tools and a fully loaded automatic pistol which were found on their persons and were arraigned and sentenced on Friday morning.

Ralph Powell and Robert Mitchell, both 23 years of age and of no permanent abode, were both sentenced to five years in the penitentiary. Several charges also are pending against them in Montreal.

## Dr. Stern To Attend Conference Of Rabbis

Dr. Harry J. Stern, Rabbi of Temple Emanu-El, plans to attend the 59th annual convention of the Central Conference of American Rabbis, to take place June 22nd through June 28th at Kansas City, Missouri. Dr. Stern is a member of a number of important committees at the Conference. President of the Conference is Dr. Abraham Feldman, of Hartford, Connecticut. The Conference is the largest rabbinical body in the world.

## MAYOR AND ALDERMAN TO ATTEND CONFERENCE

Mayor R. P. Adams and Alderman W. S. Greene will attend a conference of the Federation of Mayors and Municipalities, to be held in Halifax, June 22-25.

## Wayfaring Dog Disturbs Work At Print Plant

The routine of work in the Circulation Department at the Examiner was sadly disrupted on Tuesday morning, when a large, white dog strayed into the office and all the members of the various branches took time out to pet and feed it. Soon the word had passed around the entire plant and there was quite a crowd on hand to see the show.

The dog's owner was notified and Miss Marion Van Der Walde, 680 Roslyn Avenue, Westmount, came down to pick up the wayfaring animal. She revealed that she had had the dog for less than a week, but that it was pedigreed and lacked but one point from being a championship dog. The dog is a Great Pyrenee.

Miss Van Der Walde then took the dog and left and the members of the staff regretfully returned to their work.

## Westmount "Y" Officers Attend YMCA Conference

John F. Lewis, Vice-Chairman of the Westmount Y.M.C.A., and W. H. Spearman, Executive Secretary, will attend the Eastern Ontario and Quebec Conference of Y.M.C.A.'s which will be held at Ottawa on June 18, 19 and 20. This is one of four such conferences to be held by "Y's" across Canada to replace the 1948 annual meeting of the National Council which, in recent years, has been held in October. There will be no National Meeting until about February, 1949.

All of these conferences will deal with the subject matter suggested by the three commissions set up at the last National Council Annual Meeting. These are in the fields of:

1. Membership.
  2. The Y.M.C.A. and Public Recreation.
  3. Christian Emphasis in the Y.M.C.A.
- In addition each area is selecting certain other topics which it feels are concerns of its associations. Some of those already suggested in some of the areas are:
1. Y.M.C.A. Public Relations.
  2. Chest vs. Independent Appeals.
  3. Community Program.
  4. Y.M.C.A.-Y.W.C.A. Joint Program.
  5. Volunteer Leadership, training and supervision.
  6. The Y.M.C.A., Labour and Management.
  7. The Y.M.C.A. in a Two Power World.
  8. Y.M.C.A. Extension in the Maritimes.

Three National Council Secretaries will be on hand at all of these conferences. They will be Cliff Schell, who is Secretary of the Commission on Membership, Lavern Herbert, Secretary of the Y.M.C.A. and Public Recreation Commission, and R. S. Hosking, Secretary of the Commission on Christian Emphasis. In addition, it is expected that the National Council Liaison Secretary for the Area concerned will also be present. In the Western and Maritime Conferences the Annual Regional Secretaries' Conference probably will be held in conjunction with the Area Conferences.

## Police Chief's Anti-Horn Blowing Drive Pays Off

Excessive blowing of the horn of a "jeep" parked in front of the Avenue Theatre recently, led to the arrest of the driver and the discovery that the vehicle had been stolen.

As Constable J. McAleer approached the "jeep" to investigate the reason for excessive sounding of its horn, it rushed away down Greene Avenue and turned west on St. Catherine Street.

By fortunate coincidence, at that moment a prowler car appeared on the scene. Constable McAleer jumped aboard and it gave chase to the fleeing jeep, which finally was captured near the Glen. Taken to the police station, the driver, Paul Goodin, 125 Bridge Street, Montreal, was found to have stolen the vehicle, which belonged to the Brooklyn Window Cleaning Company, on Milton Street.

Charged with blowing his horn unnecessarily, impudent driving, and failure to carry a driver's license or registration for the car, he pleaded guilty to all charges and was fined \$10 and costs on each charge or 30 days in jail. He was then handed over to the Montreal Police Department for arraignment on the car theft.

## Housing Need Said Cause Of Robbery

Sentences are now pending in the Montreal courts in the case of two brothers, Robert and Edward Brady, aged 19 and 18 respectively, and another man, Albert Beede, who admitted burglarizing the Hodge Auto Parts Store, 5028 Sherbrooke Street West.

They were apprehended on Friday, June 4th about 2.30 a.m., when Westmount Police, suspicious of their actions, stopped the cab in which they were riding to question them. Four radios were on the back seat of the cab and the men, under questioning, admitted that they had robbed the Hodge store of two radios and \$40 in cash. They had effected entry by climbing the fire escape and forcing the door at the top. Held at the Westmount Police station overnight, they were turned over to the Montreal Police Department. They appeared in the Montreal Police Court the following day where they also confessed to robberies on St. James St.

Judge Gerald Almond learned that the two brothers were not living at home and held sentence over to Friday, pending representations of their parents. Robert Brady gave his address as 3494 Marcell Avenue, while his brother and Beede listed their address as the Russell Hotel. Judge Almond stated that he blamed the housing shortage, necessitating the two brothers living apart from their parents, for their advent into criminal ways in which they had joined a west-end gang and had engaged in thieving activities.

Pleading guilty to charges of loitering in Westmount, each of the three was sentenced to a fine of \$40 and costs.

## Rotary Carnival Entertains, Proceeds Help Good Works

This year's Rotary Carnival in Westmount Park got off to a good start on Tuesday evening, with a large and happy crowd which thoroughly enjoyed itself at the many attractions provided for its entertainment. Unlike the opening evening last year, when proceedings were dampened somewhat by sporadic showers, the weather man this week provided ideal weather for the event.

A wide variety of entertainment has been provided for the carnival goers, and the spirit of general gaiety is enhanced by strings of multi-colored lights which set off the many attractions in the booths operated by the Rotarians and their helpers who have turned Carnival men for the occasion.

### Seventh Consecutive Carnival

This is the seventh consecutive year in which the Rotary Club of Westmount has held its annual carnival in Westmount Park. Started in a modest way in 1942, under the difficulties of war conditions, this annual festival of fun has grown to become a major operation for Westmount Rotarians — an outdoor carnival that has won its place as a fixture in the community life of the district.

Headed by Rotarian S. B. Cayford as chairman, the carnival committee consists of J. H. Colton, honorary treasurer; R. E. Edwards, publicity; D. Kerr, stock; C. T. Medler, tickets; P. Delgado, construction; W. H. Girard, lighting; W. F. Close, purchasing; W. G. Moxley, decorations; E. A. Everson, programme; A. M. Murray, personnel; S. A. Neilson, secretary and F. Kenwood, advertising.

The carnival features a larger number of booths than heretofore offering a greater variety of entertainment.

An innovation this year consisted of quiz programs made on the grounds of the midway and aired over radio station C.J.A.D.

All precautions are being taken to see to the protection and safety of the public and policing of the grounds, and information service are in the hands of the Young Men's Section of the Board of Trade.

### Proceeds Help Good Work

The Rotary Carnival enables the Rotary Club of Westmount to live up to its moral obligations, voluntarily assumed through the years, of contributing substantially to the upkeep, well-being and expansion of such institutions as the Montreal Children's Hospital and the Julius Richardson Convalescent Hospital for Children. Nor would the Club be able to lend its support to the extent it does to crippled children's work, or to the Unity Boys' Club, or other undertakings to the general benefit of the community.

Remember, you can enjoy yourself at the carnival, playing the games and joining in the happy spirit of the others who do likewise. Yes, you'll enjoy yourself, and you'll be glad you went and contributed to the good works carried on by the Rotarians with the Carnival proceeds.

## UNITY CLUB PICNIC

On Sunday, the Westmount Unity Youth Group will hold a picnic at Calumet Beach, Point Calumet which is situated some twenty odd miles from Montreal.

Being the first major event of the summer on the Club's agenda of activities, a great deal of planning has been done to be sure the picnic is a success. There will be a softball game swimming race, boating and many other events.

The Group will leave Central Station at 9.20 a.m. D.S.T. Anyone requiring further information should get in touch with the Committee Chairman John Wakely.

## Playgr'nd Parade Plus Pageantry Plans Progressing

Details are now available on the Westmount's playground parade and elections which will be held early in July. The date for this event has been advanced from that originally set in order to fit in with the schools programme.

A Mayor from each of the three playgrounds — Westmount, St. Anselme and Prince Albert — will be elected by ballot, and also a junior fire chief and chief of police.

Elections will be held in each of the playgrounds one week prior to the parade.

A junior beauty queen will be chosen by the audience in a ceremony in Westmount Park.

Nominations for these positions should be handed in to the supervisors in any of the playgrounds as soon as possible or Phone FI.6975. Election campaigns are now under way.

The parade itself will consist of bands, decorated floats, cars containing the fire chief, police chief and beauty queen, etc., and will travel through the city streets to Westmount Park.

In the Park, the various ceremonies will be performed culminating in an evening of general entertainment.

Candidates for any of the above mentioned positions should be residents of Westmount and should not be over 16 years of age.

## Stamp Club Has Bang-Up Wind-Up

The Westmount Stamp Club terminated its 1947-48 season with a social evening in the banquet room of Victoria Hall on Thursday evening, June 10th.

A programme of movies was shown through the courtesy of Canadian National Railway. Both films, "Song of Algonquin" and "Visit to Jasper", were magnificent productions in color and were appreciated by the audience.

This was followed by refreshments during which President Yaxley officially closed the club for the summer recess, and announced its re-opening on Thursday, September 9th.

The Club has had a most successful year he reported and has now a membership of over 150. Attendance has averaged 86 over the year and the Junior Club is now a very active body. No doubt, he said, next year will see even further expansion and the Westmount Stamp Club will be well on the way to being one of the foremost Philatelic Societies on the North American Continent.

## World Service In Action

### TURKEY

The taxi driver looked blank. "The American Dershane?" he said. "It sounds familiar, yes, but place it I cannot". The man with the suitcase began searching through his pockets. "I have the address somewhere. The Dershane — some people call it the YMCA I think." "Aha!" recognition flooded the driver's face and he slid behind the wheel. "The Y. M. C. A.! I take you there in no time!"

On the road to Adrianople in the Moslem quarter of Istanbul, between the old Turkey of mosques and minarets and the new Turkey of University lecture halls and laboratories, stands the three-story building of the American Dershane. This is the Turkish American School of Languages and Commerce with which the International Committee of Y. M. C. A.'s has worked for the last 35 years. Back this year on furlough after 5 years on the Dershane staff is Ezra Young — back with encouraging accounts of broadening opportunities for social service in Turkey and the Dershane's leadership in meeting them.

Highlights of his report were: Two hundred boys a day use the

Dershane's ground floor gymnasium and social rooms. On the second floor, its classes draw capacity crowds, with all seats filled and standees jamming the doorways. English has become the most popular course. Its dormitory on the top floor, all occupied too, has a long list of University students awaiting. Mostly self-supporting, the Dershane's backing from the community grows steadily year after year and this year made possible tuition scholarships for 250 underprivileged boys. Most important unofficial activity of the Dershane staff is personnel guidance to the hundreds of students, workers, businessmen, officials, etc., who come in each month for interviews.

The Dershane's supper camp had been closed since 1939. This year it re-opened on a site near the Sea of Marara, and 200 boys went out for their first camping season since before the war. Held there too was a training centre for teachers from 10 different provinces of Turkey — teachers who are now managing similar camps in different parts of the country for the Turkish Red Cross.

and engraved spoons will be awarded to the winners.

**Softball:** Senior League ball games can be seen in Westmount Park on Monday, Tuesday, Wednesday and Thursday evenings commencing at 6.45 p.m. Schedules for this week are:—

Monday — Unity vs Football Club.

Tuesday — Postmen vs 400 Taxi; Western Taxi vs Corporation Yard.

Wednesday — Unity vs Tornadoes.

Thursday — Mounties vs Police and Fire; 400 Taxi vs Corporation Yard.

**BAND CONCERTS:** Band Concerts will commence on Monday evening, June 28th, with a performance by the Royal Montreal Regiment.

**SING-SONG:** These popular events will commence shortly and persons who can sing, dance, recite or entertain in any way at all, can now send in their names to appear in one of the programmes. Auditions will be held in the Victoria Hall. Apply to 150 Hollowell Avenue or phone FI.6975.

**PLAYTOWN:** Supervisors are now in attendance in Staynor, Prince Albert and Westmount Parks and a general programme of games and handicrafts is commencing. Register in your playground now so that you can take part in all the fun.

**CRICKET:** Westmount Cricket Club will play a match against the West Indians in Westmount Park on Saturday, June 19th.

## Final Tribute Paid W. G. O'Sullivan

Many former fellow officers in the Royal Canadian Air Force, business associates and friends gathered at a funeral service, held in the Church of the Ascension of Our Lord, on Tuesday morning, to accord final tribute to Sqdn. Ldr. William Gerald "Sully" O'Sullivan, who died suddenly at his home, 4136 Dorchester Street West, on Saturday. He was in his 51st year.

During the last war, he was senior administrative officer and adjutant of the St. Hubert R.C.A.F. Air Station.

Born in Montreal, he attended Archbishop's Academy and later Loyola College, where he interrupted his studies in World War 1 to join the Royal Flying Corps, with which he served overseas.

On his return, he worked with the ship chandler firm of his father, the late John O'Sullivan and later joined the firm of Green-shields and Co., stockbrokers, where he was in charge of the mailing department until 1939, when he joined Defence Industries Ltd., as purchasing agent.

In 1940, he joined the R.C.A.F., with the rank of Flying Officer, and was subsequently posted to No. 1 Wireless School as Assistant Adjutant and was elevated to the rank of Flight Lieutenant. He became assistant adjutant and later adjutant at the Aeronautical Engineering School, and also served as an administrative officer at Trenton, St. Thomas and Lachine. He served at Halifax and was then posted to St. Hubert where he was promoted to the rank of Squadron Leader and became senior administrative officer, a post he retained for three years.

In the Fall of 1946, he received his discharge from the service, and joined the War Assets Corporation. Three months ago, he became office manager of Deluca Office Specialty Equipment Company.

He was a member of the Air Force Veterans of the Canadian Legion.

He is survived by his wife, the former Catherine Nichol; two brothers, Thomas and Dominic O'Sullivan; a sister, Miss Lena O'Sullivan; two nephews, Neil and David O'Sullivan and a brother-in-law, D. M. Nichol.

Interment took place in Cote des Neiges Cemetery.

## Roslyn News

By Peter Safford and Dick Dunbar

John Moore and his hockey team, the Spitfires, have received crests as City Pee Wee "B" Champions for the season 1947-48. They were presented by Mr. Anderson at a meeting of the Westmount Parks and Playgrounds held in Victoria Hall on Friday night.

There were two girls' softball games played on Monday, June 14, between King's and Roslyn. King's Grade Five won 21-14 and Roslyn Grade Six girls won 29-11 against King's.

The final standings of the Grade Five and Six Softball League (Boys) are as follows:

	P	W	L	Pts.
Eagles	4	4	0	8
Bears	3	2	1	4
Leopards	3	1	2	2
Wildcats	4	1	3	2
Tigers	4	1	3	2

Grade Four Room 15 have completed their Red Cross Collection for the year which amounted to \$50.

Heather Mackenzie, who went to New Orleans, is back visiting for the summer. She is spending a few days visiting Room 16, her former classroom.

Visitor—"Gosh! How did you get that big bump on your head?"

Patient: "Appendicitis operation."

Visitor: "How come?"  
Patient: "They ran out of gas and hit me over the head with a hammer!"

## Y Notes

### CAMP WESTMOUNT

Camp Westmount, the in-the-city camp, operated by the Westmount Y. M. C. A. for boys 9-15 years of age, opens Monday, June 28th, for a three-week period.

The Camp program is planned to provide a happy and interesting educational experience to boys on their sudden release from school restraints.

From June 28th till July 17th, the Camp will operate from 9.30 a.m. to 4.30 p.m., with all-day picnics each Wednesday, swimming and swim instructions daily, baseball and sports out of doors, lunches, educational films, crafts, visits, hikes, contests, films. Special arrangements have been made for campers to attend Belmont Park, the Montreal Swimming Club at St. Helen's Island, Mon Repos Beach. In addition, there will be speakers and visits with similar other Y.M.C.A. Camps.

From July 17 till the end of the Summer, a half day program will be operated each day, with all-day picnics continuing each Wednesday.

A Parents' Night will be held Friday, July 16th at which time parents may see the progress in swimming and crafts that their youngsters have made during the three week period.

Further information about the Y.M.C.A. Summer program for boys may be obtained by phone — EL.1106.

Tomorrow the Teen-agers are holding a Hard Times Party. Fellows and girls are asked to come in their oldest clothes. Admission: Members, one tin of fruit or vegetables; non-members must have guest tickets and admission of 2 tins of fruit or vegetables. Special vegetable prizes will be offered winners of the many contests to be held. This promises to be an evening of fun and entertainment. No one without proper costume or admission will be admitted.

This evening the regular Friday evening movie at the Westmount Y.M.C.A. will be "Danger Ahead" starring Renfrew of the R.C.M.P. Boys and girls are invited to attend. Younger children may be accompanied by their parents. Movie commences at 7.00 p.m. sharp and ends at 8.50 p.m.

It was decided that during the hot weather, movies would be held in the evenings rather than on Saturday afternoons.

The following registrations have been received from boys in the Westmount Area for Kamp Kanawana and Camp Perrot:—

### Kamp Kanawana

Robert Baker, Blake Beamer, Laurie Bennett, Max Caplan, Fred Flanagan, Ian Fuller, Billy Hartley, Robert Hough, Edward

Hough, Robert Rosenthal, David Schell, Michael Schell, Leslie Halpert and John M. Semple.

### Camp Perrot

There is still space for boys 12-16 years of age from June 26th to July 24th.

### SUMMER LIBRARY HOURS

The Summer Hours at the Westmount Library will go into force on Saturday, June 26th and will be as follows:

Closed all day Saturday.

Closed Wednesdays at 6 p.m.

Mondays, Tuesdays, Thursdays and Fridays, 10 a.m. till 9.30 p.m.

### DODDS NAMED CHAIRMAN

Jackson Dodds, C.B.E., was elected chairman of the board of the Canadian Corps of Commissioners, Montreal Division, it was recently announced. Mr. Dodds replaces Col. Royal L. H. Ewing, D.S.O., M.C., who has retired.

## Nat. W. Jacobs Will Broadcast

A radio broadcast on the always timely subject "Justice to Youth", sponsored by the City Improvement League and the Municipal Service Bureau, will be made over station CFCF at 5.45 p.m. tomorrow by Nat. W. Jacobs, of Westmount.

The theme of his talk will be indicated by a quotation from Rousseau, "Men and Nations can only be reformed in youth: they become incorrigible as they grow old." He will go on to describe and illustrate how and why youth should be allowed and encouraged to think for himself and to benefit to a greater extent by changes for the better in our educational system.

## Peanut Day Raises \$6,365-\$4,077 In West End Area

There were nearly 1,100 Cubs, Scouts and Rovers out canvassing on Saturday, Scout Peanut Day, in the Western and Southern Areas, supported by a large number of committeemen, Scouters, divisional directors, and others. Hon. Gilbert Layton, retiring president of the Western Area Scout organization, and honorary chairman of the Peanut Day committee, expressed himself as pleased with the results of the collection in the west end, it being the highest total receipts so far. Commissioner Norman B. Fergus in charge of Southern Area, also expressed his satisfaction at the results achieved there. In both Areas the supply of peanuts was completely disposed of.

The total gross receipts were \$6,365, of which \$4,077 was collected in the west end and \$2,288 in the Verdun section. From this, of course, comes the cost of the peanuts and other supplies. The Western Area officials felt, however, that the net receipts would be quite sufficient to cover the operating expenses for maintenance of the 'ote St. Antoine Rd headquarters, and for programme purposes in the 1948-49 season. Southern Area officials also felt that a good start had been made in their efforts to raise funds to set up a camp-site locally.

**Breakdown of Figures**

Details of the Western Area results are as follows: Division 1a, Dan. Anderson and SM Templeman, 69 Cubs and Scouts collected \$257; division 1b, V. O. West and V. O. West, Jr., 77 Cubs and Scouts, \$281; division 2, Mrs. R. Byford and SM Syd Jolley, 49 boys, \$203; division 3, W. C. Sloan and DCM W. R. Gold, 104 boys, \$389; 4 and 5,

W. C. Dean and DSM D. Rennie, 119, \$704; division 6, D. C. McDiarmid and W. J. S. Dorner, 59 boys, \$227; division 7, R. A. Wright and DCM A. Tingle, 75 boys, \$446; division 8, J. C. Cairns and SM Alex Bramson, 60 boys, \$322; division 9 (flying squad), Gilbert Layton and SM L. G. Leighton, 72 boys, \$1248. Of the 683 boys, 486 were Wolf Cubs and 197 Scouts.

At the time of going to press similar details had not been received from the Southern Area officials, but such were promised for next week.

**Long Day Put In**

The boys were out on the streets quite early, some at 7 o'clock, and the canvass closed about 1 p.m., at which time the "headquarters staff" took over: Allan B. Strong, general chairman, J. C. Britton, D. L. Campbell, H. Whiston, C. B. Neapole and Pat Leahey.

### Pupils In Play At Priory School Closing, Tuesday

Serge Prokofieff's "Peter and the Wolf" was interpreted in dance by primary class pupils of The Priory School at the School's Closing this afternoon. In the presence of parents and friends, the young artists danced out the action to the accompaniment of the familiar words and music. Their simple and colourful costumes were enlivened by the ingenious cardboard heads of the animal-actors and by the white flannelite 'fur' of the Cat designed by Mr. Thurston D. Archibald. The performance was under the direction of Miss Noreen Kennedy of The Priory Staff. The cast included David Brown, as Peter; Susan de Courcy, the Bird; Cynthia Archibald, The Duck; Adele Laurendeau, the Cat; Terry Colom, Grandfather; Murray Orlando, the Wolf; with Bob Sweeney, Marion Boyes, John Howlett, Emerson Hughes, Michael Monty and Billie O'Dea as Hunters.

The play was presented at The Priory, 5319 Notre Dame de Grace Avenue.

## SALARIES OF TOP EXECUTIVES

Early this year I sent out an article entitled "London Shows The Way", writes R. J. Deachman. It gave the record of profits and the distribution of the sales dollar in nine different plants in the City of London, Ont. Now these business firms have followed this with another article. It was written in answer to a criticism of the previous story. It was pointed out at the time that \$4,612,834 had been paid in salaries and wages. Quite naturally there followed this question: How much of the \$4,612,834 went for executive salaries and how much did these salaries affect wages and the price of goods?

The salaries of the nine top executives in these London factories amounted to \$102,000. If in these nine plants executive salaries had been cut to the level of the best men in the shop and the amount taken off divided among the other employees the addition to each man's wages would have been about 1c on each dollar of wages, or on \$35 of wages, 35c. Needless to say, on the price of goods it would be infinitesimal.

Here are some other stories of executive salaries and their relationship to total wages. A certain business firm employed forty persons with annual sales of \$200,000, the payroll was \$80,000 and the manager's salary \$4,000. No one would criticize that although it represents 2% of sales, 5% of payroll. Here's another: 300 employees, annual sales \$1,600,000, payroll \$550,000, manager's salary \$10,000, which is less than 1% of sales or 2% of payroll.

Now let's come to the big fellows. This time a giant American corporation, sales \$1,902,000,000, payroll, \$892,000,000, number of employees 289,000. Total remuneration of 12 top executives, \$2,200,000. It works out at 1/8 of 1% of sales or 1/4 of 1% of payroll. In other words for every \$40 of payroll management got 10c. What's the meaning of all this? It means that the big executives, those who direct large industries, are paid high salaries but in concerns of this size the number of workers is so large that if we eliminated these salaries and paid workers' wages to top executives it would hardly be enough to wet the whistle of the average man on the payroll.

Sometimes the inference is that the larger part of the income of big corporations goes to the men at the top; when measured in volume of production, it is insignificant. Nevertheless I hold that these criticisms

are valuable. They have brought forth the answering facts. Capitalism has its faults and its weaknesses. It has never been as strong on publicity as it should have been but that is being remedied now. If I were looking for a job I would seek for a firm with a highly paid management. It means higher pay and better conditions for the workers.

## "THIS CAR COST ME—21 HOGS"

What's money? is the title of a study released by the Farm Journal which describes how inflation has affected the farmer's purchasing power. An Illinois farmer is quoted as saying in 1947 that his \$3,000 car was "the cheapest car I have bought in a good many years!" He explained that it cost him "lots fewer hogs than the last one."

Other figures in the study are a basic lesson in economics. What's Money? compares various manufactured products in dollar prices and their equivalent prices in farm products for the years 1940 and 1947.

The price of an automobile increased from \$699 to \$1,219, but the 1940 car cost the farmer 17 beef cattle while the 1947 model cost him only 13 beef cattle. A refrigerator's price rose from \$154 to \$194. However, the farmer had to sell 20 hogs to buy the 1940 model, but the 1947 model cost only 5 hogs. A \$90 washing machine was worth 107 bushels of wheat in 1940; in 1947 the same make of washing machine cost \$150, the value of only 78 bushels, according to the study.

## "BLUE BLOODS FROM CANADA"

The story of Canada's agricultural industry — with particular emphasis on its export phase — is pleasingly told in "Blue Bloods from Canada," a 16mm motion picture just completed by the Associated Screen News studio, of Notre Dame de Grace, Montreal, for the Department of Trade and Commerce, Ottawa.

The main theme of the story — the successful breeding of domestic animals along scientific lines — has been skillfully blended into a half-hour narrative film by Director Jack Chisholm.

In the development of pure bred animals and poultry, the Dominion and Provincial Agricultural College and Experimental Farms have played a great part. Through their guidance and help, the art of animal husbandry in Canada has reached a high peak and has acquired a world-wide reputation.

Due to the varied climatic conditions, Canadian breeders have succeeded in developing sturdier and more virile breeds than any other livestock country.

"Blue Bloods from Canada." Filmed in Kodachrome and in full sound, it will shortly be released in four languages — English, French, Spanish and Portuguese — to Canadian Trade Commissioners in thirty-eight countries.

The various breed associations in Canada are planning pamphlets and other sales aids telling the story of each breed. This material is also to be distributed by the Trade Commissioners throughout the world.

# Can. School of Electricity Celebrates Quarter Century

Next week will mark the Silver Anniversary of the Canadian School of Electricity—a Montreal institution which has been responsible for the graduation of more than three thousand students in practical electricity in Junior Electrical Engineering, Radio Engineering and Electrical Drafting.

The Canadian School over the years has trained an average of four hundred students a year and, during the war years turned out several hundred technically trained men who were sought by and welcomed by army, navy and air force.

Many of the school's graduates are in top line positions today with leading Canadian corporations and it was recently stated by the Personnel Manager of the biggest electrical manufacturing company in the country that, whenever an applicant for a technical position can show a diploma from the Canadian School, he is hired at once.

The School's diplomas are recognized by both the Provincial and Federal Governments.

The Canadian School of Electricity was the first in Canada to introduce "shop laboratory" methods of training in practical electricity and junior electrical engineering, radio engineering and drafting. Today, as well as these subjects, the School is teaching electronics and television—the two sciences of tomorrow that are here today and will provide some of the most lucrative positions of the next twenty-five years.

The Canadian School writes its own textbooks, treatises, and manuscripts, and produces all of its own laboratory material.

Prime mover in the Canadian School of Electricity, around its activities revolve, is the Principal and President, Morrie E. Coshof, B.Sc., M.E., A.E., who has directed the affairs of the School since 1924 and enjoys the respect of leading educationalists, plant superintendents and personnel managers throughout the Province of Quebec and all Canada. It is to Mr. Coshof that many successful businessmen today look back with

Morrie E. Coshof

gratitude for his personal interest, guidance and encouragement during those first crucial years. To Mr. Coshof a boy's first job is often the most important of his entire life for it frequently happens that that first job determines the entire course of his career.

The Canadian School of Electricity has reason to be proud of its record and to celebrate its Silver Anniversary. Twenty-five years ago it was started with only fourteen students. Today its graduates are spread all over the world and many have gone to the top in fields of electricity, electronics, radio and television.

## SUSPENSE

A large flustered woman, dragging a small boy, sailed through the station barrier and approached her waiting husband.

"Hello," said the man. "You're late."

"Oh, don't talk about it, Alf," replied his wife. "I never 'ad such a time! What with young Bill 'anging on me 'an, me 'anging on to the luggage-rack, the train 'ung up in a tunnel and you 'anging about the station for me, I was in a regular state of suspense."

## ARE YOU IN A MAKESHIFT JOB?

These are the jobs that anyone can fill — that call for no knowledge, no skill, no training — and pay minimum wages.

You owe it to yourself to know all about the Canadian School's courses in Electricity, Radio, Television, Electro-Magnetism and Electronics . . . the sciences of today and tomorrow. You should know about the low cost and the very easy payments of both day and evening courses. You have nothing to lose — everything to gain. Invest in yourself.

Don't delay. Write today. Call in at the School or telephone for a friendly interview with our Public Relations Director anytime during the day or from 7.30 to 9.30 in the evenings.

## BOOK REVIEW By H. S. Ross

The Government of Canada by R. MacGregor Dawson, M. A., D. Sc. (Econ.), Professor of Political Economy, University of Toronto. The University of Toronto Press, Toronto. Pages 662. Price \$5.50.

In this volume we are given a brilliant study of Canadian Government and no one familiar with the trenchant style and ready wit of the author will be disappointed.

Stores of knowledge, sound philosophy, clear organization and orderly thinking are evident throughout the many pages and chapters which will be a source book for those interested in this all important subject and that should include everyone in our country and many in other countries. It will be a pity if this book does not find its way into libraries, large and small, throughout Canada and in particular High School libraries.

Professor Dawson deals in order with constitutional development, the constitution, the executive, the administration, the legislature, the judiciary and the political parties.

His illuminating comments on the weakness of our governmental system are based upon appreciation of the values of traditional forms. His book will not only lead students to examine critically our institutions but inspire in them respect and admiration for their many good features.

This is the second volume in the Canadian Government Series, of which Professor Dawson is Editor.

As the author points out in his Preface, Professor Clokie wrote the first descriptive account of the government of Canada and here we are given the second.

While every chapter is filled with interest I enjoyed (as would any reader) Chapters IX, X and XI The Cabinet and its position, personnel, functions and organization; The Civil Service; The House of Commons; The Judiciary with much more space given to the Courts of the Province of Quebec than in most of such volumes written in other provinces and this also applies to the very thorough study made of the political parties in the Province of Quebec as discussed in chapter

XXI entitled Political Parties and Chapter XXII Party Organization. Chapter XXII Party Activities and Problems is very frank and revealing. The Appendices set out in full The British North America Act, 1867, and the amendments in 1871, 1875, 1886, 1915, 1940 and 1946.

There is a helpful and exhaustive index and it is interesting to note that the first reference reads:

Abbott, D. C., 240n-241n, 424 and the second reference reads: Abbott, Sir J. J. C. 209, 342.

The author is a Maritimer by birth and received his early education in Nova Scotia. After receiving his B.A. and M.A. at Dalhousie University he was granted an A.M. by Harvard and an M.Sc. (Econ.) and D.Sc. (Econ.) from the University of London. He has lectured on Economics and Political Science at Dalhousie, Rutgers, Saskatchewan and Toronto and has contributed many articles to periodicals and is the author of several notable books, including The Civil Service of Canada, Constitutional Issues in Canada, Canada in World Affairs: Two Years of War.

## Eventide Home To Have New S.A. Officers

Major and Mrs. Arthur Brewer, who have supervised the Eventide Home for Aged Men on Upper Lachine Road for the past three years, are being transferred to Toronto to take charge of the Eventide Home there and they will be succeeded by Major and Mrs. William Bexton.

The work of transforming the old Trenholme estate from its ramshackle condition into the beautiful refuge it is today fell to their lot and these Salvation Army officers have certainly made a creditable showing. The Eventide Home living room was furnished by the Montreal Westward Rotary Club, and Major Brewer, on two occasions, was guest speaker for the Club at Montreal West during his tenure of office.

The Salvation Army Advisory Board have also taken great interest in the organizing of the Home and appropriated a sum from a previous Red Shield Campaign to enable needed alterations of extensive nature to be made.

Plans have been under consideration for some time to provide a Sunset Lodge for Aged Women in Montreal and this may soon materialize if and when proper circumstances develop.

**Park-Emmanuel**  
A stained glass window, which has been placed in the narthex of the Church, will be dedicated on Sunday morning. The window is the gift of Mrs. Arthur Jarvis in loving memory of her daughter Dorothy Blair Jarvis Chalk and has been designed and executed by C. W. Kelsey, the well known Montreal artist.

## Congregations Join For Summer

During the past few years, it has been the custom of Dominion-Douglas and the Stanley congregations to join together for the Summer Season. These services have proved so profitable that it has been decided to provide for them again this year.

During July and on the first Sunday of August, services will be held in Dominion-Douglas Church. At these services the Choir and Organist of Dominion-Douglas will conduct the services of Praise and Rev. J. D. Wilkie of Stanley will be the Preacher.

During the last four Sundays of August and the first Sunday of September, the services will be held in Stanley Church, and the Choir and Organist of Stanley will conduct the service of Praise, the Preacher will be the Rev. Charles Johnston of Dominion-Douglas.

## TOPICS OF THE WEEK

By R. J. DEACHMAN

### TELL THE WORKERS

This story has been in my mind for a long time. It has been listed in my advance diary and I have moved it forward on several occasions because something else came first—now it must be written.

All great public corporations put out statements at the end of the year addressed to their shareholders, the men and women who provide the money which makes possible the creation, expansion and development of industry. The investors have a right to be told what was done with their money. There is something beyond this. It involves a wholly new conception of industry.

The stockholders are not the only ones who are interested. There should be a report to the workers. It would give facts, it would show the number employed, the total volume of wage payments, the increase in the volume of production per man and per man-hour. The last item is an index of progress. It determines individual and national income.

Then I would carry this one step further. Both these reports should show the price level of the products produced and something of the price problem of the nation, for the consumers, those who buy the products, have a definite interest in industry and in what industry is doing for them.

### THE CHANGE IS COMING

Just when I was about to write this story, The Steel Company of Canada Limited came out with what I had in mind. It is entitled "What Stelco Did in 1947" Stelco is the short name of The Steel Company of Canada. Underneath the heading is this sub-head—"A Report To Employees".

It is a good report. The Company ought to be proud of it—so should the employees. It tells a tale of industrial expansion—also of wage increases. If you were an employee you would like this sentence:

"At the end of 1947 the average hourly earnings of payroll employees were approximately 70% above such earnings at the end of 1939, compared with an increase of 42.9% in the official Cost of Living Index during the same period."

I think this is important. It is worth telling. It is nice to know that the company had an investment in plant and equipment of \$92 millions at the close

of 1947 and expects to have \$104 millions by the end of 1948. When the workers see these statements they realize that they are not going to be short of equipment, and good equipment makes the daily task lighter.

I mention a third item, it's all set out in the report. It shows the amount paid in dividends from 1928 to 1947 and the amount retained in the business, plowed back into new equipment to provide for greater stability and increased production. Production per man-hour is the basis of higher earnings per worker, lower prices for the consumer. The men who direct our industries realize that dividends are not everything—important though they are. In modern business, those who hold the longer view are building not for tomorrow but for the ages and reinvestment of profits is a reserve against hard times, a guarantee of stability.

### Calvary Church

### Christian Science

"Is the Universe, including man, Evolved by Atomic Force?" is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist, on Sunday.

The Golden Text is from 1 Corinthians 8: 5, 6. "Though there be that are called gods, whether in heaven or in earth, (as there be gods many, and lords many,) but to us there is but one God the Father, of whom are all things, and we in him."

Among the citations which comprise the Lesson-Sermon is the following from the Bible: — "And behold, there was a woman which had a spirit of infirmity eighteen years, and was bowed together, and could in no wise lift up herself. And when Jesus saw her, he called her to him and said unto her, 'Woman thou art loosed from thine infirmity'. And he laid his hand on her; and immediately she was made straight and glorified God." (Luke 13: 11-13)

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

"If sickness is true of the idea of Truth, you cannot destroy sickness, and it would be absurd to try. Then classify sickness and error as our Master did, when he spoke of the sick 'whom Satan hath bound', and find a sovereign antidote for error in the life-giving power of Truth acting on human belief, a power which opens the prison doors to such as are bound and sets the captive free physically and morally. ing man, is no longer an open question, but is demonstrable Science." (Pages 495 and 171).

### Westmount Baptist

"The Man Who Wrought No Miracle". This will be the Theme of Dr. J. A. Johnston in Westmount Baptist Church on Sunday morning. The text will be: "John Wrought No Miracle, but all Things That John Spoke of this Man Were True." The world lauds men who do spectacular things. It has Rhodes Scholarships for its brilliant students, Nobel prizes for its successful scientists, Victoria Crosses for its Battle Heroes, but it has no medal for the plodder, no decoration for the plodder, no title for the toiler. This word concerning John emphasizes the worth of things that are ordinary, the intrinsic value of things that are commonplace. Although we may accomplish no miracles there are many supremely worthwhile things that each of us may do in the Services of Christ.

"What Had Happened To Peter?" This will be the question answered by Dr. Johnston on Sunday evening. The King was furious. The gates of the prison were locked. The police were baffled because the prisoner had vanished. This man Peter was on the eve of death but was amazingly delivered into abundant life. The things that happened to Peter are like the things that may happen to you.

The Baptist Convention of Ontario and Quebec is being held at Windsor, Ontario from June 14th to 18th. Westmount Baptist Church will have a full delegation present, including Dr. J. A. Johnston, Mr. and Mrs. George Adam, Mr. A. T. Weldon, Mrs. Harold Greig, Major-General and Mrs. A. E. Walford. The principal speaker will be the Rev. Oscar Johnson, D.D., President of the Baptist World Alliance. General Walford will address the Padres who are to be honoured at the Assembly on Wednesday evening.

 quiet of multi-colored sweetpeas and lily-of-the-valley.

The ushers were Mr. C.D.A. Aitken, of Granby, Que., and Mr. Douglas MacLeod.

The reception was held at the residence of the bride's father, where pink sweetpeas were used as decorations.

Later, Dr. and Mrs. Dorrance left by motor, the bride travelling in a grey suit fashioned with a peplum. A white crepe blouse, a

black picture hat and matching accessories completed her ensemble.

Among the out-of-town guests were Mr. and Mrs. C. D. A. Aitken, of Granby, Que., Mrs. A. R. Profit of Toronto, Mrs. G. M. Taylor, Miss Judy Taylor, Mr. Donnie Taylor of Oshawa and Mr. and Mrs. Harold Rutherford, of Shatinigan Falls.

**FAIRBROTHER - PLAYFAIR**

On Saturday afternoon, June 12, at four o'clock, in the home of the bride's sister, Mrs. H. N. Kidd, 4462 Sherbrooke Street, Westmount, the marriage took place of Queenie Doris, daughter of Mr. James R. Playfair and the late Mrs. Playfair, of Westmount, to Mr. Arthur J. Fairbrother, son of Mr. and Mrs. Joseph Fairbrother, of 2235 Prud'homme Avenue, the Rev. G. W. Goth officiating.

Following the ceremony, Mrs. A. Wilbur of New York sang "Because" and "All Joy Be Thine".

**Fashion Industry Features Better Values in Coats, Suits**

Canadian women are, in every way, as fashion-conscious as their sisters across the border, said A. D. Gould, at the monthly press luncheon meeting of the Montreal Fashion Industries organization held at the LaSalle Hotel, Monday, June 14th. Mr. Gould, president of the Manufacturers Council of the Cloak & Suit Industry, added that the heightened interest in Canadian fashions accounted, in part, for the 300% increase in dollar volume since 1939 in his industry.

G. Gerry Levitan, executive director of the Montreal Fashion Industries, acted as host at the meeting, attended by fashion editors representing French and English newspapers, weeklies and magazines, the radio networks and the press services.

During the course of his informal remarks, the speaker pointed out that fine, imported English and Scotch fabrics, which were prohibitively-priced in the U.S., helped Canadian manufacturers produce better garments, in many instances, at almost half the price they were sold in American cities. He added that tourists were now buying their clothes in Canada, whereas it was the reverse before the war, when Canadians preferred to buy their clothes in the U.S.

Mr. Gould also discussed Fall trends, stating that square shoulders will be out this year; more natural shoulders will be featured with less padding. Suits with straight skirts will predominate; some skirts with narrow fronts and fullness in the back. Loose coats, with or without belts, will be shown; also fitted coats with

Pink and white roses were used as decorations.

The bride, unattended, was given away by her father, and wore a gown of salmon pink, with fitted bodice, extended shoulder sleeves and full corded skirt, with flowered hat to match. Her bouquet was of Talisman roses.

A reception followed the ceremony, and the bride's table was decorated with pink and white flowers. Mr. and Mrs. Fairbrother left later for their wedding trip to New York, Atlantic City, and Boston. For travelling, the bride wore a summer suit of powder blue, with light grey accessories, and a corsage of American Beauty roses.

The out-of-town guests were: Mr. and Mrs. George K. Playfair from Ontario, Mrs. Peter Kirkham, and Mr. and Mrs. Joseph Cerisola, of East Boston, Mass.

Among the out-of-town guests who attended the marriage of Miss Margaret Evelyn Hornback, daughter of Mr. and Mrs. M. E. Hornback, of 2235 Montclair Avenue, to Mr. John Bourne, on June 12, were Mrs. R. C. March and Miss Betty Hornback, of Arvida, Que. Present also, were the Reverend and Mrs. Milton Little and their daughter, all of East Angus.

**HARVEY - MARIOTTI**

In St. Matthias Church, the marriage was solemnized of Joan Constance, daughter of the late H.C.G. Mariotti, K.C., and Mrs. Mariotti, of Quebec, to Dr. Robert Frederick Harvey, son of Dr. and Mrs. F. W. Harvey of Dorchester Street, on Friday afternoon, June (Continued on Page 8)

## A Place Of Interest

When out of town visitors come to visit us, we make a point of selecting the most interesting places to show them, and for example if you have not already visited the NEW MORGAN TRUST GALLERIES, 2085 City Councillor St., then mark this special spot with an X. I call it NEW because it has undergone a vast change in the last year, and there may be some of you who having attended auction sales here years ago, are not now aware that this practice was discontinued some time ago. The important change made has been that no article for sale will be received in a poor condition, because if repairs are necessary, they must be made before the article is sent to the MORGAN TRUST GALLERIES. Another point of interest to note is, that nowhere in Canada can there be found such an elaborate collection of china, antique and modern furniture, paintings, and domestic and oriental rugs. The china room is worth a visit in itself, as here you will find some of the most exquisite pieces, and though hundreds of years old, are still in perfect condition. In this room are also displayed many silver articles, candelabras, entree dishes, soup tureens, and I am sure that many of your friends will be interested in exploring this enchanting room for gifts to bring back home, and at prices that cannot be duplicated in the United States. If you are looking for period furniture there is no place in Montreal where such a varied assortment is to be found. You will appreciate the way one is permitted to weave leisurely in and out through all this wonderful collection.

## The Night Of Nights

June ushers in Graduations and Weddings, which bring back happy memories and call for celebrations. The question of where to go in warm weather is easily answered when the occasion is such a special one, and that is, the one and only NORMANDIE ROOF, which is air conditioned so that one may dance and dine with indifference to the heat outside. Last week I met GEORGIE PRICE while rehearsing his songs for this week's show at "THE ROOF". It is always an inspiration to meet these artists while rehearsing, for when before the public their routine often appears so easy that one is apt to lose sight of the fact of long hours of preparation put in by the singer. Georgie is an artist not to be missed, with his impressions of Broadway satellites, and his own inimitable way of singing the old time songs like "Mamy", "Carolina in the Morning", etc. Then comes one of the funniest parodies on the trials and tribulations of the income tax payer, sung to the tune of Largo Al Factotum, from the Barber of Seville. If you want a good laugh, then don't miss GEORGIE PRICE with his wit, comedy songs and patter. Georgie told me that he is the only actor with a seat on the New York Stock Exchange. He said that he always looks forward to coming to Montreal and thinks the Canadians are the most wonderful people on earth, and never misses a trip to the Laurentians. "THE ROOF" with gay continental atmosphere lends itself to celebrations such as graduation and weddings. With the delicious cuisine and enjoyable music of Neil Golden and Peter Barry's Rhumba band, a good time will be had by all who come here.

## Happy Sunny Days

The old fashioned styles may be back, but the twentieth century sports minded girl has not changed, and the peaches and cream complexion that went with the Gibson girl era must give way to the golden tan that all women are so proud to have. We read about the benefits of the sun's rays, but how dangerous they can be if not guarded against. From now on the we tots, and Mom and Dad will be exposing their skin to this wonderful health restorer, but first procure these three essentials for the summer's enjoyment. DUOLANE, a suntan lotion and insect repellent combined. This lotion has excellent cosmetic properties. It contains skin-softening substances which render it highly beneficial to the skin, so that it may be applied even to a babies skin, without harm. If you are working in the garden, you will be amazed how a few drops of this cream lotion over the arms and hands will prevent sunburn, and also drive away any flies that may be buzzing around you. I found this preparation most refreshing as it is non-greasy and dries so quickly. Before your skin has had its full share of the sun, apply SUNOLANE CREAM and watch your skin take on that golden tan, so that by the time you are ready for your summer vacation, your snappy new bathing suit can be donned without looking anaemic. If you are spending a weekend in the country be sure and bring a bottle of IR-OL for the black flies. With this threesome you are assured of an enjoyable time never offered before. All drug stores and sports shops have the THREE preparations.

## Lasting Memories

For years now the Saguenay trip has been and for years to come, certainly will be for many honeymooners their choice for the wedding trip. Having enjoyed this wonderful trip myself last year I can readily appreciate its enormous popularity. If by chance you are going to be one of the fortunate ones this year, before embarking you should purchase one of the Saguenay scarfs that have been specially designed for the C. S. Lines. They are made of a good quality rayon, and have the complete trip so picturesquely traced all over the scarf. They are available in all the pastel shades, for \$2.95 and can only be purchased at the C.S.L. Gift Shop, 1480 Sherbrooke St., a few doors from Guy St. Speaking of wedding trips, here is the ideal place to look for the unusual wedding gift, and any purchase will be delivered to any place in Canada from "THE SHOP". Apart from the always acceptable Murray Bay Blankets for \$8.95 and the Bed Spreads to match, single size, \$14.95, double size, \$16.50, you can also buy the Murray Bay Motoring Robe in bright red and black, or brown and fawn, for \$9.75. There are some very fine Val St. Lambert glass pieces from Belgium, that could be used for bon bon dishes, all beautifully etched for \$3.00. LADIES! Here is a buy that if you neglect acting upon, don't blame me. I have been waiting for these for ages. They are a set of 8 clear glass ash trays, in the shape of a half apple, quite heavy, and ONLY \$1.75 for the set.

## Social and Personal

(Continued from Page 7) the wedding music and baskets of snapdragons and carnations, arranged with palms, were used as decorations, the guest pews being

marked with sprays of the same flowers.

The bride wore a Period gown of blush satin, the fitted bodice having a heart-shaped neckline and sleeves ending in points over her hands and the full skirt falling into a long train and was given away by her uncle, Mr. James F. Walsh. Her veil of tulle illusion was held in place by a tiara of orange blossoms and she carried a cascade bouquet of white roses and stephanotis.

Miss Audrey Marioteti, sister of the bride, was maid of honor and Miss Kathleen Cole of Quebec, was bridesmaid. Both were gowned alike in frocks of taffeta, with shirred bodices having net yokes and bouffant skirts, Miss Mariotti being in lilac and Miss Cole in pink. They wore mittens of the same color and halos of matching flowers in their hair and carried mauve sweetpeas.

Miss Joan Walsh, a cousin of the bride, was flower girl and wore a frock of pale blue sheer over taffeta, with a fitted bodice and a full skirt. She also wore a bandeau of pink and mauve sweetpeas in her hair and carried a small cas-

cade bouquet of the same flowers.

Mr. Thomas Harvey acted as best man for his brother and the ushers were Mr. Wallace Gowdey, Mr. Stewart Hamilton, Dr. Lindsay Mussells and Dr. Jack McMartin.

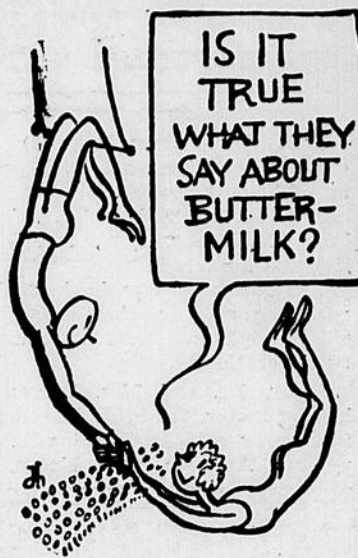

Mrs. Walsh, the bride's aunt, was in a floor-length gown of mist grey crepe and wore a flowered hat and a corsage bouquet of orchids.

Mrs. Harvey, mother of the bridegroom, wore a floor-length gown of rose beige crepe with a dark brown Leghorn hat, trimmed with flowers and a corsage bouquet of orchids.

## They Can Tell Their Grandchildren

Pram Arbo, Gen Williams and Elinor Mellanby who are off on a bicycle tour of Europe for the next several months.

## Trio Of Co-Eds Europe Bound Hope To Return Safe, Sound

By DAWN McLAUGHLIN

Reminiscent of carefree pre-war days in Europe, is the cycling jaunt across the Continent, planned by three McGill University students. These three Montreal girls, Elinor Mellanby, 111 Wolseley Ave., N., Montreal West, Pram Arbo, 1465 Argyle Ave., Westmount, and Gwen Williams, 78 Sunnyside Ave., Westmount, well equipped with bicycles, carriers, blue jeans and peanut butter, and determined to see what's left of Europe, set sail aboard the "Italo Marsano" on June 15, bound for Piraeus, Greece.

Once in Greece, the trio plans to make short trips inland, using their ship as a hotel. During their five day visit, they hope to see as much of Athens and Corinth as time allows, although their plans do not include swimming the Hellespont.

From Greece, the girls will journey to Naples, where they will spend a few days. Their plans also include an investigation of the famous Blue Grotto Cavern, on the Isle of Capri, a short stay at Pompey and hence to Genoa.

A train from Genoa will carry the travellers to Lucerne, Swit-

erland. Here they will begin their trip in earnest. After a week in Switzerland, the girls will journey to France, spending two weeks in and about Paris.

The next scheduled trip will carry them through Luxembourg, Belgium and Holland, then back along the coast to Calais, where they will board a ship bound for Dover.

If all goes well, the trio hopes to reach the English port by the

22nd of August; and they will then leave by train for London. Upon reaching London, the young adventurers intend to go their separate ways; Pram hopes to make her way to Norway, while Elinor and Gwen will cycle through the Lake District, made famous by the poetry of Wadsworth, and then to Wales.

By September 15, three world weary travellers will board the aircraft carrier "Grand Pond", America bound, and will reach home late in September.

## Nichols Recital Nets Sum of \$222 To Children's Fund

At Westmount Junior High School, on Friday, June 11, pupils of Miss Irene Nichols, L.R.S.M. (London), gave a recital of unusual interest. The program included McGill Conservatorium and piano classes in Westmount. The entire proceeds of \$222.65, were donated to the Save the Children Fund.

Miss Nichols was one of the first teachers to introduce the new class teaching system in Montreal schools under McGill University and she has also done post graduate work in New York, specializing in child psychology at Teachers' College, Columbia University.

The concert demonstrated the undoubted success of her method and Miss Nichols deserves to be congratulated. Seventy-eight young children, after only one rehearsal, were able to not only face a large audience, but to play selections they actually enjoyed, themselves. There was a total lack of tension and nervousness which one usually expects in children of such a tender age.

David Gould was a competent master of ceremonies.

The introduction, "Toyland", was played by Barbara MacLean. Folk songs were by Douglas Dawson, Eric and Neil Lande, Gordop Southward, Sandra McMaster, Richard Bolton, Barbara Gillespie, Miriam Cooper and Jane and John Woodburn.

Solos were rendered by Peter Ferguson and Diana Currie.

Those who took part in Canadian Fairies Visit Europe, which was the title given the recital, were very young beginners Susan Maughan, Elizabeth Jeffries, Judith Parker, Patrick Kearney, Judith Cooper, Joan Wright, Penny Hugman, Jackie Yuile, Elizabeth Beamer and John Hardy.

The fairy music, which was excellently rendered and showed to advantage the players touch and technique, was played by Carol MacDonald, Heather Wilson, Brenda Keddie and June Ito.

Trios, composed of the very young beginners class, were Helen Bertram, Barbara McFadden and Frederick Melling; Elizabeth Rollit, Stephen Kinsman and Jimmy

Horne; Jacob Elkin, Bobby Woodburn and Jonathan Wisenthall; Ann Henderson, Marilyn Maughan and Irene Elkin, Ann McLean, Judith Davis and Katherine Kerr.

Duets, beginners class, were by Bruce Stavert and Wendell Laidley and John de Brabant and John Bridgman.

The Nutcracker Suite was played by Brian Wilson, Nancy Willis, Ian Leslie, John Lohead, John Wilson and Jill Adams.

## Variety Concert

The Women's Association of Calvary United Church, are holding a June Festival, on Friday, June 18, at 8 p.m. This will take the form of a Variety Concert, under the direction of Mr. Gifford Mitchell, organist. Refreshments will be served.

# Delightful Technicolor Musical At Westmount

**AT THE SNOWDON SATURDAY!**

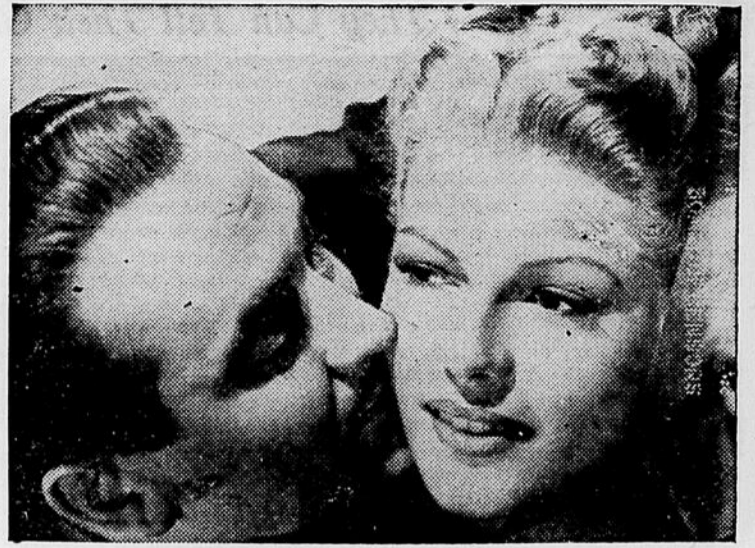

Lucky in love are June Allyson and Peter Lawford in the new Technicolor musical "Good News" which starts Saturday at the Snowdon Theatre.

The life of Chauncey Olcott told against a Technicolor canvas of minstrel days, Lillian Russell, the Robert E. Lee, Rector's, the old Fourteenth Street Theatre and "Mother Machree" is captured with a sweeping flourish in "My Wild Irish Rose," starring Dennis Morgan, which starts Sunday at the Westmount Theatre.

It is the saga of the immortal Irish composer-singer with Morgan in top form in this title role. Miss Russell of legendary beauty Andrea King plays the ravishing newcomer, bids for stardom with and fame, and Arlene Dahl, a her portrayal of Olcott's sweetheart. Any number of celebrated personalities of that era filter through this nostalgic romance.

"I Love Trouble" is the title of the added attraction and that's just what Franchot Tone, in the role of a private investigator, gets plenty of! Here's a mystery melodrama that's fast-moving, violent and always exciting.

Janet Blair is starred opposite Tone as a wide-eyed innocent caught in a web of blackmail and double-crossing. Janis Carter as a glamorous and mysterious Brazilian beauty; Adele Jergens, a designing showgirl and unwilling aid to the sleuth; Glenda Farrell, his dependable "girl Friday"; and Lynn Merrick, whose sordid past is the key to the suspenseful chain of events, round out the quintet which makes life for the hard-working detective interesting but doubly dangerous!

**AT THE MONKLAND SATURDAY**

Gorgeous Rita Hayworth and dashing Lee Bowman furnish both heart and hilarity to Columbia Pictures' dramatic Technicolor musical, "Tonight and Every Night," starring them with Janet Blair at the Monkland Theatre starting Saturday. Second big feature brings Loretta Young and Brian Aherne in the romantic mystery thriller, "A Night to Remember." These two outstanding features are brought back by popular request for 4 days only.

## Handicapped Tots At Belmont Park

The School for Handicapped Children is holding its annual picnic at Belmont Park today, Thursday, and on Friday the Dominion Bridge Recreation Club will be holding its outing. Steinberg's "Money Saving Days" are being celebrated all this week until Wednesday, June 23rd inclusive.

Lem Kimris, the current free outdoor attraction appearing daily at 5 and 11 p.m., combine human skill with mechanical ingenuity. They provide one of the most sensational bits of aerial entertainment the most ardent thrill-hungry fan could wish for. Their routines, presented atop a towering revolving contraption have won them international acclaim, for theirs is an act that flirts with death daily as there's no safety net or any other device should there be a mishap.

Visit Belmont Park any afternoon or evening, enjoy yourselves on the many and varied 'rides' along the Midway; see the thrilling outdoor act; and dance to the rhythmic strains of Ellis McLintock's Orchestra which is featured nightly in the spacious ballroom.

William Eythe is currently making "Special Agent" for Pine-Thomas at Paramount. On the side, he is producing a stage musical which may star Margaret Whiting. Eythe recently produced "The Glass Menagerie," which he also directed and took the lead role.

A strange woman was Joanna — wayward, obstinate, impulsive, lovely. She had the drive and ambition of a man, but also the yielding instincts of a woman. Her whole life was a conflict between the two sides of her nature — her love for the earth to which she belonged and the loves which would have torn her from it. ## June Allyson And Peter Lawford Frolic Through "Good News"

The gone-but-not-forgotten campus days of the '20's, when students wore raccoon coats instead of worried expressions, carried ukeles instead of the burdens of a family, and met at the college malt shop instead of a quonset hut, are happily revived in the new Technicolor musical jamboree "Good News", which is bringing good entertainment news to the Snowdon screen this Saturday.

This new and fast-paced film version of one of Broadway's biggest musical-comedy hits offers a field day of singing, dancing and romantic excitement for a host of topnotch Hollywood and Broadway headliners, among them June Marshall, Joan McCracken, Ray

AT THE SEVILLE SATURDAY!

Tyrone Power and Jean Peters are the romantic twosome in the thrilling adventure film "Captain From Castile," color by Technicolor, which starts Saturday at the Seville Theatre.

AT THE WESTMOUNT SUNDAY!

"Don't forget!" That's what Chauncey Olcott (Dennis Morgan) says to his favorite Rose (Arlene Dahl) in the lively new Technicolor musical "My Wild Irish Rose," which opens Sunday at the Westmount Theatre.

Allyson, Peter Lawford, Patricia McDonald and Mel Torme.

Set on a typical pre-war, colorful college campus, with its action backgrounded by football excitement, gay proms, and the feminine intimacies of sorority houses, the tongue-in-cheek plot revolves about the battle of two co-eds, June Allyson and Patricia Marshall, for the love of the campus hero and Adonis, Peter Lawford, with a number of subsidiary predicaments involving the other principals. It all provides an amusing and diverting framework for the picture's delightful flock of songs and some of the most orig-

inal and arresting dance routines yet seen in a film musical.

### Second Feature

Mickey Rooney, Brian Donlevy, Ann Blyth and James Dunn are the principals of the vivid "Killer McCoy," which will be the companion feature.

Young Rooney reaches the peak of his acting career in this story of Tommy McCoy, tough tenement kid who achieves notoriety when he accidentally kills his opponent in the prize-ring with an unlucky punch. Big-time gambler Jim Cagney becomes interested in the young fighter and gives him a build-up as a boxer.

## "Tonight And Every Night" Heads Monkland Double Bill

Rita Hayworth "Tonight and Every Night" with Janet Blair and Lee Bowman reads the billing. Sounds like not a half-bad idea to this writer and from advance reports about this Columbia Pictures' Technicolor dramatic musical coming to the Monkland Theatre on Saturday there

are going to be a lot of other persons feeling the same way about it. We hear from Hollywood that it tops the redheaded dancer's last sensation "Cover Girl", which seemed to be just about the ultra-ultra in film-musicals.

From our movie spies we learn that "Tonight and Every Night" is not only lush with big production numbers but that the musical score is the best ever from those two keen and sharp melody makers, Jule Styne and Sammy Cahn, who have already contributed so many numbers to your movie musical hit parade. There's "What Does An English Girl Think Of A Yank?", "Tonight and Every Night", "The Boy I Left Behind", "Cry And You Cry Alone", "You Excite Me" and "Anywhere."

In dancing to these melodies, Rita has acquired herself a new partner, Marc Platt, captured from the Broadway smash musical, "Oklahoma!" And again those indefatigable spies report that never has she had a better one. Redheaded, like Rita, and agile, Mr. Platt is said to have brought down the house at every and all previews. So dance fans can certainly expect something extraordinary in this department of "Tonight and Every Night."

But that isn't all we have heard about this show in the dancing line. There are Janet Blair and the Picka-dillies (including the lovely and lively Leslie Brooks).

With that array of talent and inspiration, if we know our movie fans, "Tonight and Every Night" means you have a date with a beautiful picture.

# ASCENSION STILL IN SNOWDON CELLAR

## Defeat St. Malachy's 9-4 Downed by Steinbergs 6-2

By GEORGE COCHRANE

Ascension Snowdon Senior Fastball League entry are still marooned in the basement of the Snowdon circuit standings.

Last Sunday afternoon the Ascensionites split a pair of tussles, topping St. Malachy's 9-4 in an afternoon fixture at Macdonald Park and dropping a 6-2 decision to Steinberg's on the sabbath eve at N.D.G. Park.

The Sunday afternoon triumph was one of the most impressive chalked up the Ascensionites this season. Belting George Scully for a total of 16 hits, the locals went into an early lead and were absolutely without a worry after the first inning, the frame that saw the Malachy Men score all of their four runs on a mere hit and a quartet of Ascension miscues.

Big guns in the win were Toots Provost and Tommy Brennan, who each went four for five, Leo Pelouquin with three for four, and Noel Romney with three for five. Gerard Lecavalier was on the hill for the winners and limited the Saints to a scant five hits.

### Different Story

The night game was a total different story as Steinberg's belted the locals' Gerry Snyder and Emmet Jones for a total of 17 hits. Boston Bruin puckster Jimmy Peters paced the grocers at the plate with a four for five performance. The ever-smiling winger belted one homer, three doubles.

Snyder started on the hill for the locals and was removed in the fifth after allowing 11 hits. Jones did a fine bit of relief hurling except for a bad ninth inning.

### Scoring Summaries

## Westmount Soccer Team Tie North End 2-2

A much improved Westmount team met the highly rated North End team in a regular National City Soccer League at Charlevoix grounds on Monday last and a very hard fought game ended in a tie of 2 goals each.

Westmount led at half time on a smart goal by W. Craig who beat the defense and after drawing

Hank Sauer

Big Hank Sauer of the Reds, picked up where he left off in the International last fall by taking an early lead in the National League home run and runs-batted-in races.

Grosser out of the goal, scored in the empty net. North End equalised early in the second half when W. Entwistle the Westmount full back headed into his own goal whilst attempting to clear, and very shortly after, Pekats put North End ahead 2 to 1. A smart goal by Bill Craig tied the score once again and the same player had a wonderful chance to put the game away for Westmount in the last few minutes, but Grosser, the North End goalie saved smartly and both teams seemed to be content with a draw. W. Craig with his two goals, Herbie Leah, for his fine defensive work and Dick Shorrock, in the Westmount goal, were the stars for the local boys, with Caplan being outstanding for North End.

The balance of the schedule for June is as follows: Thursday, June 17, versus Canadair at Charlevoix St. grounds; Monday, June 21, versus Hungaria at Fletcher's Field; Wednesday, June 23, versus St. Paul Rangers at Notre Dame Stadium and Wednesday, June 30, versus Wanderers at King George Park, Westmount. Starting time for all games is 6.30 p.m.

The Westmount executive make an appeal to Westend residents to support these games as this is the only soccer team operating in the west end of the city this season.

The only nice thing about a flood is that it makes you feel glad that you contributed to the Red Cross.

# Sport Topics

The most fabulous tennis tournament in the world starts again on Monday, when play gets underway in the Wimbledon Tennis Championships, Britain's gaudiest sports spectacle. Once again the English will play host to the greatest amateur players in the world, among them Americans Frankie Parker, Bob Falkenburg, Tom Brown, and Gardner Mulloy, and such other foreign stars as Enrique Morea and Alejo Russell from Argentina, Australia's Jack Bromwich, the Czech's best, Jaroslav Drobny, South Africa's Eric Sturgess, and Lennart Bergelin of Sweden.

The woman's division is equally as star-studded with most of the American women who so soundly defeated the British in the Wightman Cup matches entered. The best of these are Mrs. Margaret Osborne Dupont, Louise Brough, Mrs. Patricia Canning Todd, Shirley Fry, and Doris Hart.

### Parker Is Favourite

The biggest favourite in any of the five divisions in the tournament is Frankie Parker, almost an odds-on choice to win the men's singles title, after his convincing display in winning the Belgian and French International Titles. Parker can beat any other member of the American contingent when he's right, and he long ago demonstrated his superiority over such foreign stars as Drobny, who he whipped for the title in France, and Bromwich, who fell before the Californian in the semi-finals at Forest Hills last summer. However, while we see Parker as the men's champion, we don't think he can rise to the heights that the great American champions — Tilden, Vines, Budge, and Kramer — did before him.

In the women's division it is almost a foregone conclusion that an American will emerge victorious, and it could be almost any of the Yankee girls in the tournament, although the two favourites should be Mrs. Dupont and Louise Brough, with Doris Hart and Mrs. Todd ranked close behind. The two doubles titles will go to the best combinations the Americans can muster in the respective matches, and the mixed doubles winners should have at least one American member. If Jack Bromwich and Louise Brough, the defending champions, team together again this year, they should carry through to win.

### Personal Colour Missing

While the competition will be as furious, and probably as exciting as in the past, nevertheless, much of the personal colour will be missing. Parker, who is the outstanding player in the tournament, has about as much colour as a plate of cold beans. There will be no repetition of such incidents as Budge's careless wave to Queen Mary, who left the crowd thunderstruck, when she waved back. There will be no crowd-pleaser such as Kramer, whose "big game" thrilled the conservative English public, as the tall American simply simply overpowered his opponents. The stress at Wimbledon this year, will not be on personal colour so much as in the past, but the competition should be sharper this year than ever before.

### Is Feller Through?

With Bobby Feller ranked seventh in percentage among the pitchers of the Cleveland Indians, and charged with exactly half of their first fourteen losses, the old question as to how good Feller is has been revived again. You remember the last time they asked that question. Feller promptly went out and threw a no-hitter at the slugging New York Yankees, and went on to win 26 ball games for a weak Cleveland Club. That was in 1946. Last year, Rapid Robert "slumped to 20 wins, and when he started off poorly this season the critics jumped down his neck again. How many other pitchers in the majors would like to slump to 20 wins for a season?

Bobby Feller is not through. He's simply run into a string of bad luck, that can't last forever. Take a look at young Art Houtteman of the Detroit Tigers. He's a far better pitcher than his eightler pitched against the Yankees in New York last Sunday is anler pitched against the Yankees in New York last Sunday is an example. In losing his seventh game, Feller gave up 6 hits in 6innings, and was trailing 2-1 when he left the premises. He was not knocked out of the box; he was lifted for a pinch hitter in the seventh inning, as the Indians strove for runs. As it turned out, the Tribe lost 5-3, so it is merely conjecture as to whether Feller would have won, had he pitched the route. The Yankees actually won the game with a three-run, eight-inning rally off Feller's successor, Gene Bearden. No, Bobby Feller is not through! Watch for the Indian ace to come back again with a string of victories, and with Feller in winning fettle, keep your eye on the Indians in the A. L. pennant race.

## Sherbrooke Looms As New Township Vacation Capital

A new vacation centre has arisen in the province of Quebec, in the city of Sherbrooke, the population of which today stands at 45,000. Situated in the heart of Canada's Eastern Township region, this bilingual city offers many attractions to tourists from either Canada or the United States.

The city offers exceptional shopping facilities, including several super-markets, where goods can be purchased cheaper than in the United States. Golfing, tennis, and swimming facilities are excellent, with a modern 18-hole course, several fine courts, and the Jacques Cartier Beach within city limits.

Sherbrooke is the home of Canada's Great Eastern Exhibition, held annually, and also of the Winter Fair, with its marvellous horse show. The many hotels and cabins in this city offer the best in accommodation for visitors at these or other events in the vicinity.

As for the actual location of the city of Sherbrooke, it is ideal. The Township metropolis is but 99 miles from Montreal, and 145 from Quebec City. The American border is within 50 miles of the city, and such other Township localities as Drummondville, Farnham, Magog, Richmond, Victoriaville and Thedford Mines are all within the range of two hours' driving.

Sherbrooke has much to offer to the tourist, and the coming vacation season should be the greatest in the city's history.

## Kill Black Flies Along 100 Miles

In a test made to kill black flies, which for many years have caused a heavy toll among cattle, 615 pounds of DDT dissolved in oil were sprayed by aeroplane over the South Saskatchewan River at Fish Creek on May 25. The plane crossed the 300 yard-wide river diagonally 16 times and in this way the DDT was applied to about 10 million gallons of water which flowed down stream at three-and-a-half miles an hour. On reaching the first rapids two miles down stream, the swaths sprayed by the plane formed a continuous film, which 90 minutes after application, took two hours to pass a given point. The application was planned so that the river received a concentration of DDT equivalent to one part in 10 million sufficient to flow over a given spot for 35 minutes. The test proved completely successful.

Before application the river was heavily infested with one-third grown black fly larvae in every rocky rapid below Fish Creek and Fenton. After application of the DDT no larvae could be found, and the officials in charge had to travel over 100 miles to below the junction of the North and South branches of the river to find any larvae. A cautious estimate by the entomologists is that not one larvae in a billion escaped throughout the entire stretch.

The experiment has freed the part of the river most heavily infested by black flies in the past four years, which were responsible for heavy losses of livestock in districts up to 100 miles away. The threat to livestock in 1948 should be greatly reduced.

### CLEAR, COOL WATER

National health authorities warn that persons going camping this summer should be sure that their water supply is safe. Just because it is clear, sparkling and cold is no indication that it is free from dangerous bacteria. The water supply of every camp should be okayed each season by the health authorities. Local health officers are glad to tell campers the simple procedure. This service is free. On overnight trips hikers should boil or add a chlorinated tablet to all drinking water.

C. L. Copland was appointed chairman of the Westmount Y. M.C.A. Board of Management, for a second year, at the last meeting of the board for the summer season, which was held recently at the "Y".  
Other officers appointed are John F. Lewis, vice-chairman and R. W. Beckett, recording secretary.  
The following members were appointed chairmen of the standing committees: John F. Lewis, Finance; C. J. Smith, Membership; F. Errol Smith, Physical; H. B. Griswold, Young Adult Program; J. G. Atkinson, Boys; I. R. Tait, House and F. B. Wilson, World Service.

**Maxwell Ford Named President Of Fossils Club**  
The Fossils Club of Montreal, at its annual meeting held in the Berkeley Hotel on Monday evening, elected William Maxwell Ford 449 Elm Avenue, as president for the coming year.  
At the meeting, retiring president E. F. Hearn reported the Club had given \$3,000 to the Montreal Boys' Association as a result of the year's activities of the Club. The money will be used to provide summer holiday accommodation for additional underprivileged boys at summer camp. The Club members also spent considerable time during the year enlarging and improving summer camp grounds and buildings at their own expense, he added.  
Officers elected for the coming year also included: Past President and Chairman of the executive, E. F. Hearn; Vice Presidents, Leeds M. Nelson and Leonard Martin; Secretary Grant Deachman and Treasurer, Ronald Murray.

**Bugle Band Of R.M.R. Wins Trophy**  
The Royal Montreal Regiment's drum and bugle band won the T. Eaton Trophy on Saturday evening at the fifth annual competition for local regimental bands sponsored by Quebec Command headquarters. The event was held in the 17th Duke of York's Royal Canadian Hussars Armory on Cote des Neiges Road.  
This trophy was donated to encourage enlistment in the Reserve Forces and to maintain trumpet and bugle bands at a high standard of efficiency.  
In the competition, Les Fusili-
