Thirty-Fourth Year.

TRADE MINISTER MADE EFFECTIVE REPLY TO CRITICISM BY LIBERALS

Hon. W. L. Mackenzie King Protested Against Time at Which Amendments to Customs Tariff Were Brought Down—Declared that Parliament Was Not Called to Amend Tariff, But to Consider Unemployment Problem—Presented Amendment Which Had Effect of a Want-of-Confidence Motion.

OTTAWA, Ont., Sept. 18.—Debate on the Government's tariff proposals will continue in the House of Commons today. At the same time the Senate will be deciding the fate of the Government bill to establish a fund of \$20,000,000 for unemployment relief work. The Upper Chamber yesterday gave first and second reading to this measure.

The first attack on the Government's tariff changes came yesterday from Rt. Hon. Mackenzie King, Opposition leader. He moved an amendment, which had the effect of a want-of-confidence motion as follows:

"This House regrets that the Government has seen fit at a special session called to deal only with unemployment to propose great increases in customs taxation on a wide range of commodities under circumstances which preclude this House and the country from securing adequate information regarding the proposal and prevent proper parliamentary discussion of them."

"In the opinion of this House the tremendous increases in taxation proposed will not end unemployment, but will inevitably increase the cost of living, and will also increase the cost of production in the primary industries, agriculture, fishing, mining and lumbering, thus making it more difficult for Canadian producers in these industries to meet world competition in marketing their products."

In opening his speech, Mr. King protested against the manner in which the Government introduced its many tariff changes. The present session, he said, had been called to deal specifically with unemployment, with emergency conditions "and not for the purpose of amending the tariff of Canada."

"Today," he continued, "under the cloak of an emergency session, Canada is being asked to alter its tariff to a degree more extensive than has been the case since the tariff was placed on the statute books of this Parliament." To ask Parliament to deal with these changes between now and next Monday, so as to permit the Premier to attend the Imperial Conference in London, was "in the nature of coercion of the most extreme form."

The Liberal leader protested against "the nature and extent of the changes in the tariff" proposed. He proceeded to present some evidence to substantiate this view, first of all observing that the former dumping duty of fifteen per cent. ad valorem in excess of the normal duty had been raised to fifty per cent. an increase of three hundred per cent. He mentioned certain increases in the British preference duties and then said: "They ask us, in the short interval before going to the Imperial Conference, to place on the statute books of Canada increases of duties against goods coming from Great Britain to this country. I say that common courtesy and decency alone would have demanded that any changes that were to be made in the duties with respect to goods coming from other parts of the British Empire might well have been left until after the Imperial Conference."

Mr. King noted increases of two hundred per cent. in the British rates on iron and steel plates and on other items in this classification. Rates on refrigerators were increased seven per cent. under the British preference and thirty per cent. under the general rates. Warming machines had been taken off the free list from Great Britain and a duty of fifteen per cent. provided, while the general rate was increased from twenty-five to thirty-five per cent. Clothes wringers, fire engines and fire extinguishers were also taken from the free list from Great Britain and an impost provided. The British preference was increased in kitchenware, cream cans, and other similar goods, sometimes as much as one hundred or one hundred and twenty-five per cent. He noted. The British rate on clothing had been increased and a specific impost added. The rates on blankets, fishermen's sails, socks and stockings, boatsmen's shoes had been raised.

Dealing with farm machinery, Mr. King observed that the duties on one item, including drills and cultivators, had been raised 250 per cent. On ploughs the increase was 150 per cent., on moving machines 300 per cent., on hay and potato machinery 150 per cent., on incubators 150 per cent., on threshing machines 100 per cent., and on pasturizing machines 150 per cent. The Liberal leader charged "star chamber" tactics against the Bennett Government in determining the new duties. There had been no public hearing before a tariff board, where

MANUFACTURERS ATTEMPTING TO PROVIDE WORK

Canadian Manufacturers' Association Executive Reports that Great Interest Is Being Taken in Buenos Aires Fair.

TORONTO, Ont., Sept. 18.—At a meeting of the executive council of the Canadian Manufacturers' Association, the report was approved of the industrial relations committee, a body appointed to superintend ways and means of trying to provide employment wherever possible. "It is of interest to note that the replies to the Association's questionnaire go to show that the almost universal policy of the Association's membership is to keep the maximum number of people in at least part time work during a period of depression such as the present," declares the report of the committee regarding its investigation into employment conditions.

The council approved the committee's recommendation to co-operative in every way with the Dominion, provincial and municipal governments in order to increase the sale of Canadian products of all kinds and manufacturers were asked to pledge themselves and to try and influence their employees and customers as much as possible to purchase Canadian products.

A report of the commercial intelligence committee revealed Canadian manufacturers are taking an unusual interest in the British Empire Fair at Buenos Aires, Argentina, in 1931. It is expected that a considerable space has already been set to Canadian exhibitors that the entire Canadian allotment will be taken up.

LONDON PAPER SEES FAILURE OF NEW TARIFF

London Daily Star, Liberal, Describes New Tariffs as Natural Act of Any "Tariff-Ridden Country."

LONDON, Sept. 18.—Naturally the London tariff proposals were warmly welcomed by the Liberal press. While individual industrialists are not disposed to comment at the moment, it is admitted markets for British goods will be considerably affected by what is considered "drastic legislation."

"If the world could live on protectionist promises," says the Star (Liberal) Canada would now be in a very happy position indeed. The paper proceeds to recite Premier Bennett's statement of a promise from manufacturers that in a few weeks the new tariff would give employment to 25,000 people without involving increase of prices to the consumer. "Everything in the window seems lovely," the paper continues, "but unfortunately everything in the shop is going to be dearer. If the tariff is to be a success, and some well known fact about human nature are not entirely wrong."

In further comment the Star says: "The revision is aimed at America but England comes in for some shrewd shocks. At a moment when Canada is hoping to ship us more of her cattle we might have expected her to be a little more considerate of the sentiment of Empire free trade but when it comes to tariffs Canada is like every other tariff ridden country."

The Star alludes sarcastically to "only 170 items being repealed and 134 new ones enacted" and remarks that the real revision will take place at the next parliament. "And then," explains the Star, "Finally the people who object to government interference with business will demand protection. They are as credulous as the Canadian Prime Minister when he believes those 'definite positive assurances'."

NOTES IN CIRCULATION \$122,496,067.

OTTAWA, Sept. 17.—Gold held by the Minister of Finance against Dominion notes in circulation on August 31st amounted to sixty-eight per cent., according to a statement issued by the Finance Department. Notes in circulation amounted to \$122,496,067.10, and gold held against them was \$83,308,034.00. Gold held against savings bank deposits was \$2,478,032.11, or the statutory ten per cent of the deposits.

INCREASE IN FRANCE'S DEFENSE BUDGET

RAMBOUILLET, France, Sept. 18.—An increase of 750,000,000 francs in France's defense budget was made known when the Finance Minister's figures for the next year were handed to the Cabinet today.

SHAMROCK V. IN LAST EFFORT TO RECAPTURE CUP

Considered Unlikely that Green Sloop Can Carry Off All Four Remaining Contests.

NEWPORT, R.I., Sept. 18.—With her main halyard, which parted yesterday, repaired, Sir Thomas Lipton's Shamrock V today was ready to make a last desperate bid to take the fourth race of the America's Cup series and stem the tide which has three times carried Enterprise, the defender, to victory.

The three races already sailed in the cup series have all gone to the defender, and if Enterprise should win today, the cup is likely to remain in the United States forever, unless the terms of competition are changed.

The defender scored a clean-cut victory Saturday and Monday. Yesterday Shamrock V was forced out of the third race, soon after it started, when her main halyard parted and Enterprise continued over the course, fulfilling terms of competition and scoring her third straight victory.

In order to attain the virtual impossible and lift the cup Shamrock would have to take four straight races, and no one, not even Shamrock's crew, believe Harold Vanderbilt and his Enterprise are likely to lose that many sailing contests against the green sloop.

The fourth of the series of races for America's Cup was started today at 10:40 (E.S.T.) right on schedule. The course signal was hoisted at 10:25, the committee ordering the boats to proceed west northwest, a beat to windward, for the first leg. If the breeze holds steady that course would make the second leg a run and heave to up to avoid collision with a ten mile reach home northwest and half east.

The first ten mile leg would carry the boats close in to the Naragansett shore, where the water is smoother than it is further out to sea. An advantage Shamrock has is that she is a very fast boat. Enterprise followed her around a minute or two later.

The Shamrock, driving into a fourteen knot breeze and a choppy sea, overcame the slight lead of Enterprise and opened up a twenty yard gap over the white-hulled United States defender.

ACCIDENT TO SHAMROCK'S MAINSAIL GAVE A THIRD VICTORY TO ENTERPRISE

NEWPORT, R.I., Sept. 18.—Sir Thomas Lipton, eighty-year-old British yachting enthusiast, was successful in his efforts to lift America's Cup today, faces the well known impossible task of taking four straight races from the United States representative, the Enterprise, as a result of yesterday's satisfactory termination to the third competition. The Shamrock V, was sailing the best race and displaying the nearest form it has shown since its arrival from across the water when, forty-four minutes after the start, her main halyard or sail hoisting cable broke and she was forced to discontinue. As a result of the disastrous mishap, the Enterprise requires but one more victory to retain the historic trophy.

When the yacht went out yesterday morning there was an overcast and a streaky grey sky, with a few ribbons of blue clearings. Gradually all gloom coverings disappeared, and when the starting gun sent the boats against the wind on the first leg the breeze was eight knots and giving evidence of increasing. Captain Weddell, the professional skipper manning the challenger, made a fine start, having a shade the better of skilful Harold S. Vanderbilt, at the helm of the Enterprise. The pride of United States crept up inch by inch, but Shamrock was doing well and her supporters were hoping that she would be up near the Enterprise's flying heels at the turn and perhaps outrun her home. Without warning, the British boat's 1,400-pound mainsail slipped down, dropping and fluttering with half on the boat deck and half over the side. The sail, which had been used in twenty-two races in the Old

(Continued on Page Five.)

HON. PERRAULT PRESIDENT OF ROAD SOCIETY

Delegates to Canadian Good Roads Association Enjoyed a Trip to Murray Bay Yesterday—Many Papers Delivered.

QUEBEC, Sept. 18.—Hon. J. E. Perrault, K.C., Minister of Highways, Quebec, was unanimously elected president of the Canadian Good Roads Association at the annual meeting held here yesterday, while the Newfoundland representative, Hon. R. Hibbs, was elected to the newly created post of third vice-president.

Following the election of officers in the morning, the party took a river trip to Murray Bay in the afternoon, the annual dinner and dance being held at the Manoir Richelieu.

Hon. D. A. Stewart, of New Brunswick, in presenting his presidential address, expressed the association's thanks to the Lieutenant-Governor of Quebec, Premier Taschereau, Hon. J. E. Perrault, Mayor Lavigne and the citizens of Quebec for the hospitality extended by the province and the Ancient Capital. In welcoming the unusually large and representative gathering of delegates, he referred with pleasure to the fact that every part of Canada was represented, as well as the Mother Country, the United States, and other countries.

It was particularly pleasing to note the attendance of delegates from the Government of Newfoundland, which had become an official member of the association on the same basis as the Canadian provinces. In its comparatively short history the association had held one or more conventions in every province of the Dominion. Now it was forming links with the sister nations of the Empire, and an association tour of the Empire was a possibility of the future.

The association's finances, as set forth in the treasurer's report, were in a satisfactory condition, and the president believes that its affairs had been well and economically administered. Outstanding in the association's activities were the meetings of the Interprovincial Conference and the fact-finding committee. This body, which brought together the highway authorities of all the provinces and the representatives of all the large transportation interests, was of great benefit to all Canada and was productive of much useful legislation.

Hon. Mr. Stewart stressed the need for Dominion-wide studies in highway signs, roadway and bridge widths, curves and grades, and traffic regulation. Much had been accomplished in this direction, but much more should be done in order that all the provinces should have uniform practices, which would make for both economy and safety on the highways. The president suggested that the resolution advocating federal aid for highway construction, hitherto an annual feature of the association's conventions, might be unnecessary this year in view of the fact that the new administration at Ottawa had already signified its favorable view of expenditures designed to link up the inter-provincial highway connections, while also relieving unemployment.

Several papers on technical matters connected with road construction were delivered by various authorities in their respective spheres during the course of the meeting.

SAN DIEGO, Cal., Sept. 18.—Ruth Alexander, local aviator, was killed when her airplane crashed at Lompoc, within the city limits here, early today, shortly after she had taken off for a proposed one-stop flight to New York.

CUBA'S DEFENSE OF SOVEREIGN RIGHTS CAUSED HEATED DEBATE

In Encounter Before Assembly of League of Nations, Cuba Successfully Defended Her Sovereign Rights as an Independent State—Chinese Ambassador, Dr. C. G. Wu, Acted as Peacemaker Between Cuba and Her Critics, Nicholas Politis, of Greece.

GENEVA, Sept. 18.—In a heated encounter before the assembly of the League of Nations today Cuba defended her sovereign rights as an independent state within the League—and won. Cuba's critic, who met defeat, was Nicholas Politis, of Greece. He sharply censured the West Indian state for blocking entry into force of the protocol for revision of the World Court statute.

"Cuba," declared Orestes Ferrara, the island nation's ambassador at Washington, "will not submit to dictation by Mr. Politis, nor by Greece, nor by any member of the League of Nations."

Then he loudly announced that Cuba's reasons for objecting to the coming into force of the protocol must be neither challenged nor discussed by the committee. "We entered the League regarding it as a society of nations and not as a super state able to override the sovereignty of any members," he declared.

The discussion was closed by chairman Silesu, of Italy, after speculations and delegates had risen to their feet in excitement and persons from outside the committee room had rushed in to see what

STEEL COMPANY HEAD APPROVES NEW SCHEDULES

Ross H. McMaster, President of Steel Company of Canada, Sees Expanding Market for Primary Producers

HAMILTON, Ont., Sept. 18.—Approval of the tariff amendment introduced by Premier R. B. Bennett is expressed in a statement issued by Ross H. McMaster, President of the Steel Company of Canada.

"The tariff changes directly affecting the product of this company are confined to a limited number of items in connection with which the rates under the intermediate tariff have been made equal to those applying under the general tariff, correcting the situation for which there never was any justification."

"The duties on pig iron and bar agricultural implements restore half of the original duty and will assist in retaining the business in Canada."

"Imports of finished goods, however, should be impeded through the increases duties applying to cast iron pipe, hollow ware, agricultural implements, etc., which will in turn add to the volume of domestic business available to Canadian pig iron and steel producer and help improve employment."

"The greater opportunity afforded the production of agricultural implements in Canada will be generally helpful, and the steel industry is prepared to do its part in supporting the undertaking that increased duty will not cause higher prices."

Reopening of the million-dollar plant of the Libby Owens Glass Company, which has remained idle for many years, was confidently predicted by Low Lloyd of the Hobbs Manufacturing Company here. The concern would be remodelled, he thought, and a staff of 500 men with a weekly payroll of \$50,000 engaged, he hoped.

Fruit growers in the Niagara Peninsula have been given assurance that the protecting duties previously enacted by Mr. Bennett would continue in force to the end of the Canadian marketing season, thus ensuring their ability to dispose of crops.

JAPAN WILL ACCEPT PACT WITHOUT RESERVATIONS

NEW YORK, Sept. 18.—A Tokyo dispatch to the New York Times today said that the special committee which had been named to investigate the London Naval Treaty today decided to recommend its unconditional acceptance.

The decision of the committee to approve the pact, without attaching any rider, came as a complete surprise and marked a decisive victory for the Hamaguchi Government.

BRITISH AVIATOR REACHES SOFIA, Bulgaria

SOFIA, Bulgaria, Sept. 18.—Captain Matthews, British flyer, arrived here from Belgrade at 10:30 a.m. today in his effort to break a fifteen-day record set by Bert Hinkler between England and Australia.

SAN DIEGO, Cal., Sept. 18.—Ruth Alexander, local aviator, was killed when her airplane crashed at Lompoc, within the city limits here, early today, shortly after she had taken off for a proposed one-stop flight to New York.

Dr. C. G. Wu, of China, took the role of peacemaker. He said that China regretted the protocol could not be brought into force but nobody, he added, could challenge Cuba's rights to her objections to the protocol itself. "This warm passage of arms has gone far enough," said Dr. Wu, with a smile and a slow drawl in his English. "You have noticed that the temperature in this room is higher than the temperature outside. I move the discussion closed."

M. Politis said Cuba was the only member of the League not having made "an effort of good will," to bring the protocol into force. He said Cuba's position was most regrettable.

Senator Ferrara replied with vigor that Cuba could not submit to a discussion of her reasons by the committee. "These reasons are an expression of Cuba's sovereignty," he asserted, "and must not be challenged. Her reasons must be accepted."

The Cuban representative concluded that M. Politis' remarks were in the "nature of an election speech." He asserted that neither M. Politis nor Greece could dictate to Cuba.

TODAY IN PARLIAMENT

OTTAWA, Ont., Sept. 18.—Today in parliament: The Senate will continue consideration of the unemployment relief bill in committee of the whole. The House of Commons will continue the debate on the tariff changes.

FOREIGN COAL IMPORTS SHOW BIG INCREASE

Whereas Total Imports in Seven Months of 1929 Amounted to 585,122 Tons, Those for Only Four Months This Year Are 564,109 Tons.

MONTREAL, Sept. 18.—Foreign anthracite coal imports to the end of August are only twenty thousand tons behind the total landed in Montreal during the whole of last season. Whereas, the total imports in the seven months of 1929 amounted to 585,122 tons, those for only four months this year are 564,109. Although the volume of British anthracite so far brought across from Scotland and Wales is below the total for the whole of last year, the quantity is well ahead of that imported during the corresponding period of last season. Russia, on the other hand, has exported to Montreal 34,603 tons more anthracite than during the seven-month season of 1929.

British coal cargoes received here to the end of August total 155,887 tons, as compared with 158,664 for the same four months of last year. Whereas, only 42,586 tons of Russian anthracite were landed on the Montreal wharves during this period last season, no less than 118,222 tons have been reported since the beginning of June last year. There has been a thirty-six per cent increase in British coal importations over 1929.

August showed a slight decline in the amount of Scotch and Welsh coal brought in, as compared with July, though the Russian was slightly better. Receipts of British and Russian coal, month by month, since the beginning of this season, are tabulated below with those of 1929 and 1928 for the sake of comparison:

	1929	1929	1928
British	155,887	122,229	37,293
June	80,556	59,489	22,253
July	122,156	67,966	74,144
Aug.	86,884	33,900	66,075
	445,887	283,664	199,765
Russian	1930	1929	
May	20,914		
June	37,212	5,146	
July	29,731	12,612	
Aug.	30,365	24,828	
	118,222	42,586	

The following figures represent the amount of British anthracite landed here during the past ten years (four months in 1930) together with that brought in from other countries: Russia, Germany, Holland and South Africa.

	British	Other	Total
1930	445,887	118,222	564,109
1929	401,503	83,619	485,122
1928	359,253	7,885	367,138
1927	388,090	18,519	406,609
1926	108,015	70,075	178,090
1925	438,841	None	438,841
1924	219,327	None	219,327
1923	111,234	None	111,234
1922	177,630	None	177,630
1921	5,163	None	5,163

The above totals give some indication of the growth made by the foreign coal trade during the last decade during which it has thrived and brought increasing revenue to the Port of Montreal. It was not until 1926 that any anthracite other than British made its appearance here, but the outbreak of the coal strike in Great Britain resulted in other sources of supply being tapped to satisfy the demand in Canada for coal of this character. Russian, German and Dutch coals were brought to Montreal, and the Russian has continued to come over since in ever-increasing quantities.

TARIFF ON NEW ZEALAND BUTTER APPLIES OCT. 12

Ruling from Government Sources Settles Disagreement on New Duties.

OTTAWA, Sept. 18.—As some question has arisen as to the effect of the tariff change respecting butter, it was explained yesterday by a member of the Government that, as far as New Zealand is concerned, and that is the country from which Canada has suffered competition in this product, the rate under the existing trade arrangement with that dominion, through extension to it of the treaty between Canada and Australia, will obtain until October 12, when the arrangement ends, and after that date the new duty, as provided for in the tariff brought down here Tuesday, will apply, namely, an increase from 4 to 8 cents per pound British preference. There are now large quantities of New Zealand butter on the sea bound for Canada.

CLAIMS SHERBROOKE DELEGATION REFUSED HEARING BY GOVERNMENT

Charles Howard Charges Unemployment Relief Delegation Was Referred to Provincial Government—Wants Opportunity to Consult Local Manufacturers, Workmen and Consumers Before Passing on New Tariff Legislation.

NO DELEGATION SENT BY CITY TO GOVERNMENT

Mayor Denies Report of Committee Seeking Unemployment Relief Being Refused Hearing.

"No delegation from the city of Sherbrooke has yet approached the Dominion Government regarding unemployment relief," stated the Mayor when interviewed concerning the statement made in the House of Commons yesterday by the local member, Charles Howard, that a committee from the city had been refused a hearing by the cabinet. "On Monday evening the Council instructed me to name a committee to proceed to Ottawa and I have asked several leading citizens to make the journey, but they all desire to know the date of our meeting before they definitely accept."

"I have wired to Ottawa asking for an appointment, but from the tenor of Mr. Howard's remarks in the House yesterday, the cabinet evidently considers that the provinces, which are in closer touch with local difficulties, can better handle the fund. However, I have had no reply to my telegram as yet."

"I do not see that having to apply to the Provincial Government would cause any undue delay, while the fact that the various local administrations have to match the Federal money will tend to see that the expenditures are carried out most efficiently," said the Mayor.

RETIREMENT OF ARCHBISHOP TO BE CONSIDERED

New Method of Election of Successor to Archbishop Matheson, Primate of Canada, Favored by Nova Scotian.

OTTAWA, Sept. 18.—A meeting of the general board of religious education for the Church of England in Canada was held yesterday as annual sessions of officers of the church continued here. Various commissions and committees of the church are meeting for review of the work during the past year and preparation of plans for church endeavor during the ensuing twelve months.

The matter of first importance will come up Saturday when the House of Bishops considers the resignation of Archbishop S. P. Matheson as Primate for all Canada. The veteran leader, who will reach his seventy-eighth birthday today, was removed to a hospital last night suffering extreme fatigue and nervous exhaustion. He has sought to resign from the primacy before, but was requested by the last synod to retain office at least until this year. Election of the next church head and the possibility of revoking the existing rule by which the senior archbishop of the church usually is elevated to the primacy, is the main topic of informal discussions among officers of the church. Most Rev. Dr. C. L. Worrell, Archbishop of Nova Scotia and senior ranking metropolitan next to Archbishop Matheson yesterday gave his approval to a proposed plan of election of the next primate by popular vote of the general synod. The synod does not meet until next year, but it is suggested an acting primate could be selected for the intervening months should the resignation of Archbishop Matheson be accepted.

Speaking to newspapermen before the start of yesterday's business session, Archbishop Worrell said: "Those of us who are most experienced want the synod to elect our next primate. We do not think that in the best interests of the church the selection should be left with the House of Bishops confined to selecting one of the four archbishops of the church." A man selected by the general synod would be assured of enthusiastic support from the rank and file of the church membership, His Grace added.

OTTAWA, Ont., Sept. 18.—Speaking in the House of Commons yesterday, C. B. Howard, Liberal member for Sherbrooke, charged the Federal Government with having nothing to do with a delegation from that city which desired a contribution from the \$20,000,000 unemployment relief fund. The delegation had been referred to the Province of Quebec as one of the administrators of the fund. This, Mr. Howard said, meant a delay of at least three months because of municipal laws existing in that province which compelled a plebiscite of the people on such a question.

The unemployed people of Sherbrooke would get very little benefit from the Government's measures, declared Mr. Howard. He was not opposed to tariffs rightly applied, but he much preferred the old system where enquiry was made before the Tariff Advisory Board to the present method of making a blank slate and raising the tariff haphazardly. What assurance had the Government that more employees would get work following the tariff changes, and what was the assurance they would get decent rates of pay? asked Mr. Howard. He felt that he himself should have the opportunity of consulting the manufacturers, the workmen and the consumers of Sherbrooke before he passed upon the legislation.

Mr. Howard was still speaking when the House rose for dinner recess at six o'clock. In continuing his remarks on the tariff changes after the dinner recess, Mr. Howard said there were many manufacturers who paid proper wages to their employees, but there were some who paid only "Chinese" wages. He wanted to be certain that any benefit derived under the fiscal changes by producers would be passed on to a certain extent, at least, to employees.

FAMOUS CANADIAN SINGER BROADCASTS THIS EVENING

Jack Van Der Straeten, Soloist in Canadian National Transcontinental Hour Tonight.

MONTREAL, Sept. 18.—The young "Canadian Caruso," as he has been called, Jack Van Der Straeten, one of the first radio singers in the Dominion, who began his musical career in Winnipeg, will be the soloist during the Canadian National Railways radio hour Thursday. The programme will be broadcast from Montreal from ten to eleven p.m. E.D.S.T. over stations CNRS, CNRA, CNRO, CNRM, CNRO, CNRT, CNRX, CNRL, CKOC and CFRC.

Van Der Straeten, who was born at Ilexau, France, was brought to Canada at an early age when his parents moved to Winnipeg. In his early teens very much under age, he succeeded in passing military doctors and getting into the infantry in 1915. Until 1918, when he was gassed, he was a popular entertainer at the front. He has spent the past six and a half years studying at Ghent, Brussels and Paris, singing in opera in Tunis in the summers and in oratorio in Europe in winter. Yvonne Hubert, pianist, and a pupil of Cortot, will be heard in a group of solos, and a programme of gypsy music will be furnished by an orchestra directed by L. Korman. Van Der Straeten's solo will include "Sylvia," "A Dream," "To A Hill Top," "Kashmiri Song," "For You Alone," "Plein d'Amour" and "Serenade d'Arlequin."

THE WEATHER

FAIR; COOL TONIGHT

Pressure is high over the Great Lakes and Eastern States, with a deep low area in Western Canada and a shallow depression over Eastern Quebec. Light showers have occurred in Northern Ontario and the St. Lawrence Valley, while in the West the weather has been fair and warm, but is now becoming cool, with showers in Alberta. Moderate temperature prevails from Manitoba eastward.

Forecast: Moderate to fresh westerly winds; fair today and Friday; cool tonight.

Northern New England: Fair tonight and Friday; not much change in temperature; moderate westerly winds.

Temperature yesterday: Maximum 76, minimum 61.

Same day last year: Maximum 69, minimum 50.

Growing Deaf With Head Noises? Try This

If you are growing hard of hearing, and for catarrhal deafness, or if you have ringing, rumbling, hissing noises in your ears, go to your druggist and get 1 ounce of Parmit (double strength) and add to it 1/2 pint of hot water and a little sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy, and the mucus stop dripping into the throat. It is easy to take. Anyone who is threatened with catarrhal deafness or who has head noises should give this prescription a trial.

Picture of Health Now

"In May and June I was badly rundown and had faint spells until it was a drag to do my work. In July and August I didn't seem to pick up so I decided to try Lydia E. Pinkham's Vegetable Compound because I saw it advertised. I took two bottles and now I am the picture of health. I feel fine, do all my work and milk two cows. If any woman writes, I will certainly answer her letter."—Mrs. George R. Gillespie, Punnichy, Saskatchewan.

Lydia E. Pinkham's Vegetable Compound

ST. FRANCIS DISTRICT

RICHMOND

Mr. Fred Davis, third year architect, McGill University, spent the week-end with his uncle and aunt, Mr. and Mrs. George McLeay. He left on Monday for Quebec City, where he will attend the summer school in sketching.

Mr. Robin B. Fraser left on Monday to enter the University of Bishop's College, Lennoxville.

Mrs. Lorne Robinson returned on Saturday from a holiday spent with relatives in Bellows' Falls, Vt. She was accompanied by Mr. and Mrs. Gordon Robinson and Mr. and Mrs. Harold Mathers, of Bellows' Falls.

Mr. and Mrs. Walter Gray are visiting relatives in Montreal.

Mrs. R. E. Findlay, of Sudbury, Ont., is visiting Mr. and Mrs. G. V. McLeay.

Mr. and Mrs. H. Boutelle and Mr. Chas. Boutelle, of Danville, and Dr. Arthur Boutelle and daughter, of Melrose, Mass., were in town recently, calling on friends.

Mrs. S. Davis, who has been ill, is making progress towards recovery.

Quite a number of citizens attended the chicken-pie supper at Melbourne Ridge United Church, on Friday evening and reported having had a good time.

We are sorry to report that Miss Eva Hall is quite ill at her home, Stanley avenue. Her aunt, Nurse Hall, of Vermont, is taking care of her.

Mr. Roderick McLeay, of Quebec, and Mr. Gilbert McLeay, of Montreal, spent a few days last week visiting with their uncle and aunt, Mr. and Mrs. G. W. McLeay.

"Skinny" Run-down Violinist Gains 10 Lbs. in 4 Weeks

WEIDEN, MAN.—Mr. Fred Dunlop, well known violinist, says: "I was badly run down for months. Then I tried Ironized Yeast. New pep at once. Gained 10 lbs. in 4 weeks."

Ironized Yeast adds 5 to 15 lbs. in 3 weeks. Ugly hollows, bony limbs fill out. Blemished skin clears right up. "Nerves," indigestion, constipation and overwork. Avoid danger of serious ill. New pep first day.

Ironized Yeast is two great tonics in one. Weight-building brewer's Yeast plus strengthening blood-enriching Iron. Many times more effective than unmedicated yeast. Results in half the time.

Gain weight, health quick. Avoid risk of serious ill. Take these pleasant little tablets. No yeast taste; no gas. If not delighted with quick gains, manufacturer refunds money. Get Ironized Yeast from druggist today. Feel great tomorrow. New pounds quick.

were calling on their sister, Mrs. Pomeroy, on Tuesday. Other guests at Lee Grange, were Mr. L. W. Davis, of Halifax, N. S.

EAST ANGUS

Dance Sat., Silver Lake Pavilion, Marlinton. Next to the last dance.

Dance, Odd Fellows' Hall, Bury, Sept. 19th. One dollar per couple.

INVERNESS

Mr. Charles H. George returned to home in Milby, on Saturday. He was accompanied by Mrs. Christie

4 Years without HEADACHE

How do you deal with headaches? Do you just take something to deaden the pain without getting rid of the trouble which causes the pain? Thousands do, despite the medical profession's warning cry of "DON'T!"

Such makeshift methods simply suppress the symptoms of headaches. They merely numb the nerves and leave the underlying cause to look after itself. And it only obtains a firmer grip. Headaches can generally be traced to a disordered stomach and to the unsuppressed retention in the system of stagnating waste material which poisons the blood. Remove these poisons—prevent them from forming again—and you'll never have to worry any more.

And that is just how Kruschen Salts bring swift and lasting relief from headaches. Kruschen Salts aid Nature to cleanse your body completely of all clogging waste matter.

"For many years I suffered from severe headaches almost daily. I started taking the small dose (of Kruschen) a matter of four years ago, and I can honestly say I have never had a headache since."—(Mrs. M. W.)

Moffatt, who returned to her home, in Sherbrooke, after spending a few days with her brothers in Inverness, and by Mrs. Peter McKenzie, who paid a short visit to friends in Sherbrooke, Lennoxville and Milby.

Mr. and Mrs. David McCullough, Miss Marjory Glanders and Mr. Archie Kinneer spent Sunday with friends in Sherbrooke.

Cookshire, Que.

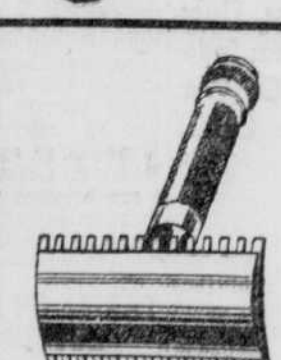

THE SHOCK ABSORBER ZONE

He banished bending shock from the double-edge blade

HERE'S the reason for Probak's swiftly won popularity. Henry J. Gaisman—inventive genius—famous authority on safety razors and blades—discovered and banished bending shock and edge-distortion. After years of experiment he perfected a double-edge blade that always lays its keen edges straight and true along the guard.

Probak's butterfly channeling and duo-tempered steel absorb all bending shock and strain. Distortion vanishes before it reaches the shaving edges. Prove the amazing difference. Buy a package of guaranteed Probaks. Use two in your double-edge razor (old or new model). Compare them with your present blades. If every Probak shave isn't quicker, cooler, smoother—return the package and get your money back—\$1 for 10, 50c for 5.

There Is Only One Probak Quality—The Best

Mrs. Leighton Burnet and Miss Jean Burnet, of Montreal, spent the week-end with Mr. and Mrs. G. P. Swan.

There will be no church service in the United Church, Sunday, September 21st.

Mr. and Mrs. Rice, of Manchester,

It's the "extras" that cost

THE milk or cream or lemon and sugar which you put into the cup of tea, cost more than the tea itself. The most expensive tea is really a very cheap drink.

If King Cole Tea cost twice as much, it would still be cheap enough for the poorest person to afford.

There is comfort in the thought that everybody can afford the great luxury of a truly fine cup of tea.

KING COLE TEA
and
KING COLE ORANGE PEKOE
King Cole Coffee is also a masterpiece of blending.

N.H., and Mr. and Mrs. A. Kemp, of North Stanbridge, were calling on Mr. and Mrs. W. H. Tilson, on Sunday.

The Protestant school has reopened with Miss A. Hatcher, of Lennoxville, as teacher.

Mrs. Kenneth Thompson, of Newport, Vt., and Mrs. Kidder, of Enosburg Falls, were recently visiting Mrs. S. J. Thompson.

Mrs. T. H. Derick, Mr. and Mrs. Benj. Hall and Miss Mary Hall motored to St. Johns, on Thursday, September 11th.

THIS MESSAGE IS FOR MILLIONS

ALL-BRAN Is Health News to Them

Millions know that headaches, general depression and other ailments are caused by constipation. They know that cathartics, pills and patent medicines will not effect permanent relief. They will be keenly interested in the natural, effective remedy for constipation that experience has revealed to other millions.

Kellogg's ALL-BRAN is eaten everywhere today for the relief and prevention of constipation. This delicious cereal adds roughage to the diet that is absolute assurance against this dreaded disease. Kellogg's ALL-BRAN is guaranteed to relieve both temporary and recurring constipation.

Kellogg's ALL-BRAN is the original ALL-BRAN. It not only prevents constipation, but contains abundant iron that enriches the blood and brings the radiant glow of health to the complexion. With milk or fruit juices, it also brings important vitamins.

Eating Kellogg's ALL-BRAN daily is one of the most healthful habits in the world. It is especially essential in reducing diets or cases of recurring constipation.

Your grocer has Kellogg's ALL-BRAN in the red-and-green package. Served everywhere. Made by Kellogg in London, Ontario.

A Lifetime Discount of **25%** off your fuel bills

THE home that is hard to heat is hard to sell. The insulated home saves fuel—as much as 25%. This saving is not to be ignored, nor can it be ignored by the prospective home buyer.

Donnacona Insulating Board is home comfort that pays for itself. The yearly savings in fuel multiplied by the years of the life of the building soon gives you back its low first cost and leaves you an unexpected balance which can be applied to improvements and repairs.

A difference of four or five degrees of temperature outdoors is of little importance, but inside the home a difference of four or five degrees

makes all the difference between comfort and discomfort. In Winter it is the difference between sweaters and light and comfortable clothes. In Summer the difference between sweltering heat and cool comfort.

For the future value of your home, for increased resale, loan and rental value, for comfort and economy, build with Donnacona, the all-wood insulating Board.

Write for booklet "Out of the Forests, Warmth and Comfort for the Home."

WHAT ABOUT the ROOF LINE ?

Insulation of your entire home is desirable. Insulation above the roof line is imperative. Uninsulated roofs are responsible for 25% of the heat loss in the average home. For added comfort and lower fuel bills make sure the roof is insulated.

Rinso
THE GRANULATED HARD-WATER SOAP
for whiter washes

(Millions use Rinso. Thousands write us letters like this.)
"I certainly was amazed—such white clothes!"
says Mrs. A. Kurth
"They told me about Rinso when I bought my washer. I tried it and I certainly was amazed. What suds! What speed! The clothes come from hard water here, too. Yet with Rinso alone—no powders, no softeners—I get the creamiest, soapiest suds you ever saw! I think Rinso is very economical; a little goes so far. I use it for dishes and all cleanings."
MRS. A. KURTH.
For tub washing—marvellous!
Rinso soaks clothes whiter than they can be scrubbed. Saves the clothes; spares the hands. Cup for cup, Rinso gives twice as much suds as lightweight, puffed-up soaps—even in hardest water. Safe, lasting suds. The makers of 38 washers recommend Rinso. Get the BIG package.
Guaranteed by the makers of LUX—Lever Brothers Limited.

Millions use it in tub, washer and dishpan

Positively last week!

Store closes positively Sept. 27th, and building must be emptied to bare walls. Come, help us move our stock and save big money.

BOY SCOUT NEWS

PAYS TRIBUTE TO BOY SCOUTS

Does Scouting actually train the boy to be a better citizen? Judge Travers, speaking at the Chautauqua at Lennoxville Tuesday night insisted that it did. This eminent jurist, speaking on the prevention of criminality, stated that he had yet to encounter a Scout or an ex-Scout in any of the fourteen prisons with which he has been connected. He spoke very highly of the work that the Scout movement is doing for young men.

Judge Travers selected an opportune time for these observations, for the Scouts are at present in the midst of their financial campaign for fifteen hundred dollars. A contribution to this fund is an investment in better citizenship.

BUSINESS MEN ARE IN FAVOR OF NEW BUDGET

Heads of Various Manufacturing and Business Firms in City Welcome New Conservative Budget With Enthusiasm—Individual Opinions Obtained from Prominent Business Men.

In an attempt to obtain the consensus of opinions of the heads of the different manufactures and business firms concerning the Conservative Budget in the House of Commons yesterday, representatives of the Record interviewed business men throughout the City, all of whom expressed their utmost confidence in the step taken by the administration. Optimism in the future of the Dominion as a direct consequence of the budget was the keynote of the opinions given.

L. W. Cook, manager of the Whiting-Davis Company, said: "The budget will increase employment, which is the prime factor to be considered, especially in this period of general business depression. It will give more confidence to local industry and by shutting out manufactured goods from Europe and the United States will give the Canadian manufacturer wider scope for his products. The high tariff which the jewelry trade has to pay on semi-manufactured goods will be counterbalanced by the higher tariff which will keep foreign goods out of the Dominion."

Frank A. Hovey, treasurer of the Hovey Packing Company, said: "I am much in favor of the present budget. Indirectly, it is beneficial to a great asset to agriculture, our basic industry. Canadian packers will be enabled to give the farmer higher prices for his pork and other farm produce and the weekly train loads of semi-finished products from Chicago will be stopped. Formerly, the dumping into Canada from our Southern neighbors of the prices so low that it was impossible for us to compete, but under the new tariff schedule, we may now successfully offer competition."

Walter Mutchler, general manager of the Julius Kayser Company, said: "The present budget will go a long way towards stabilizing business. Several revisions will, no doubt, be offered between the present and the next session of Parliament in January. Only a few minor changes affect the silk industry but one of its chief benefits to our special business is that it will prevent the dumping of chamoulette gloves from Germany and give Canadian firms a chance to compete with the cheap labor which exists in the European countries."

T. Wendell Prestwich, general manager of the Paton Manufacturing Company, said: "The budget is eminently satisfactory. It is bound to reflect in the employment of more Canadian labor. As far as the woolen and worsted schedule is concerned, the one chief effect it will have is the employment of more hands than formerly. Canadian manufacturers will enter into production with more confidence than they have hitherto displayed, safeguarded by the higher tariffs which are now in vogue."

Harry L. Allen, manager of the Canadian Sturdy Chain Company, said: "The Canadian Sturdy Chain Company greatly appreciates the revision of the tariff, which has been very favorable to manufacturing. The result is apparent. Within the last twelve months, the demand for labor has increased and soon all the factories will be back to their full force and the country will forge ahead as it should."

Mr. Andrew Sangster, works manager, Canadian Ingersoll Rand Company, said: "I feel that the tariff increases move in the right direction although our own industry does not benefit directly by the new schedule. In fact, the cost of certain raw material and supplies will be increased to us. I believe that the government at a later session will make further alterations to add more protection where it is deemed advisable."

Mr. E. J. Page, of the Page Printing and Binding Company, said: "Although I do not say that the new budget will relieve all unemployment, I do think that it is a wonderful thing, and will greatly lessen the heavy depression in our country, especially in the woolen industries. As far as our own business is concerned, there will be very little change, for the tariff on advertising matter remains very much the same."

Mr. A. A. Munster, Canadian Silk Products, said: "I think that the new budget is the proper medicine for the patient. It is obvious that the Conservative government promises to carry out its protection promises to the people of Canada. The new tariff will relieve unemployment to a great extent, and the people will become more confident. Later on, this new confidence, and the optimistic outlook which the Canadian people are bound to take, will result in stronger buying power. The new budget is just what Canada needed, for there were many industries that were suffering and needed protection. I think the new budget should start the wheels going again!"

FIRE THIS MORNING ON FRONT STREET

A blaze started this morning in the second story of the house occupied by Mr. O. Laverdier, 38 Front street, by an over-heated stove-pipe. An alarm was immediately sounded, and fire brigades from Stations Nos. 1, 2 and 4 answered.

It took the firemen about half an hour to extinguish the blaze, which caused only slight damage.

POLICE SEVERE REGARDING OVER-TIME PARKING

The local police department is still waging a campaign against over-time parking on the principal streets of the city, and yesterday six city motorists were summoned to appear at police headquarters for infraction of the parking regulations along Wellington, King and Depot streets.

About a month ago Chief Camirand decided that motorists were becoming impertinent in their persistent and utter disregard of the traffic regulations in the city, and advised that he would use severe measures in treating with offenders. This action on his part has resulted in clearing Dufferin street bridge to a great extent, and in making traffic move along through the city.

In the Recorder's Court this morning, Hilaire Lemay, of this city, was sentenced to a fine of fifteen dollars and costs or fifteen days in jail by Recorder Forest, when he was found guilty of having been drunk and disorderly on Alexander street at nine o'clock last night, while Thomas Hamel, of Glens Falls, N.Y., who appeared before the Recorder on a charge of vagrancy, was sentenced to a fine of ten dollars and costs or ten days in jail.

Many things. Previous to Sir Wilfrid's time, the textile workers in the Dominion numbered over 40,000 people, whereas they now number but a scant 4,000 or 5,000 at the most. The new budget should result in mills starting up, and consequently giving thousands of our Canadian people good labor. I am proud to be a supporter of a government, which, during these trying times, is prepared to do so much to give employment to the unemployed."

Mr. Joseph Ames, of Alex Ames and Sons, said: "I think, as other business men in the city must think, that the new budget introduced by the Conservative Government is very satisfactory, and that it should help our country immensely."

SOCIAL AND PERSONAL

Dr. and Mrs. T. Brazenall, of Bury, were in the city yesterday.

Miss Eliza Faith, Montreal Road, left this morning for Quebec City, where she will enter the Jeffrey Hale Hospital as nurse-in-training.

Mrs. Eliza Osborn has returned to Montreal after visiting Mrs. Barbra and other friends in Richmond.

Mrs. David Anderson has returned home after visiting her daughter, Flora, and Mrs. Wm. Lockwood, Verdun, Que.

Mr. E. Cotton received word today of the death of Mr. Frank Cotton, formerly of Capetown, Que., at Peterboro, Ontario, on Tuesday, September 16th. The funeral will take place on Friday at Tweed, Ontario.

Mrs. Bessie Rowe, of High street, Lennoxville, has returned from Kirkland Lake, Ont., where she has been the guest for some time of her son, Mr. Thomas Rowe, and Mrs. Rowe. Mr. and Mrs. Thomas Rowe and young son are now the guests of Mrs. Bessie Rowe.

Mr. Harry E. Grundy, Portland avenue, is leaving today for Montreal, from where he will sail on Friday on the Ascania for Havre, France. Mr. Grundy will spend a year abroad in extension study and special subjects pertaining to his profession. Mrs. E. O. Grundy and Mr. Frank Grundy will accompany him to Montreal.

The Ladies' Guild of St. Paul's Mission met yesterday afternoon at the home of Mrs. A. E. Perry, Prospect Street. There was a large attendance of members and the vice-president, Mrs. T. Doust, presided during the business session. At the close of the afternoon the hostess served a delicious refreshment, assisted by Mrs. S. Doust and Mrs. T. Doust.

St. Andrew's Auxiliary met in the church hall yesterday afternoon with a fair attendance of members. The president, Mrs. R. L. Wilson, presided during the business meeting, when it was decided to hold a rummage sale on November 8th. The hostesses at the tea hour were Mrs. C. A. Turner and Mrs. C. Robertson. Mrs. W. J. Humphrey poured tea and Mrs. A. Gunning and Mrs. R. Giff assisted. Mariagolds and yellow daisies centered the tea table.

The Lennoxville Women's League of St. Andrew's Church met yesterday afternoon with Mrs. George Christenson, Summer street. The president, Mrs. J. G. Trenholme, presided during the business meeting. Plans were discussed for a sale in October, and routine business was carried through. The afternoon concluded with a social hour, when the hostess served refreshments, assisted by her daughter, Miss Helen Christenson. Several visitors came in at the tea hour.

The Ladies' Aid of Trinity United Church met yesterday afternoon with the president, Mrs. W. S. Armitage, Lower Belvidere Road. There was a good attendance of members and during the business session plans were made for a food sale and tea to be held in Wesley Hall on October 4th. The Christmas sale was discussed and the date will be decided later. After a social hour, the hostess served refreshments. Mrs. C. B. Howard poured tea, and those assisting were Mrs. Lovell, Mrs. C. E. Bentley, Mrs. Fred Parkins, Mrs. Ernest Armitage, Mrs. Wendall Armitage, Mrs. Fred Stone and Miss Bransitt.

The September meeting of the Belvidere Women's Institute was held at the home of Mrs. W. S. Armitage, Lower Belvidere Road, on Saturday afternoon, September 13th, with Mrs. Fred Parkins, the president, in the chair. An interesting report of the County Institute meeting held recently, was given by Mrs. Armitage, the official delegate from the Belvidere Institute. Plants grown from slips, kindly donated by Mrs. Armitage and Mrs. S. Cillis, were judged, and the prizes awarded. The first prize was won by Mrs. W. Cillis, the second by Mrs. S. Cillis, and the third by Mrs. W. S. Armitage. Ways and means were discussed for increasing the club's funds, and Mrs. W. Cillis kindly offered her home for a social evening for the members and their friends on October 25th. It was decided that future meetings would be held the second Saturday afternoon of every month. The latter part of the afternoon was spent socially, and delicious refreshments were served by the hostess.

Fourteen lady members of the Sherbrooke Country Club motored to Cowansville yesterday and spent the afternoon as guests of the ladies of the Cowansville Club. After a delicious luncheon, a friendly match of eighteen holes was played, resulting in a victory for the Sherbrooke ladies by a score of fifteen points to four. Seven members played in the match, the remaining seven enjoying a game of golf or bridge. Tea was served in the club house before the visitors left for home, after a delightful day. The scores follow:

Cowansville	Sherbrooke
Mrs. Tessier	Mrs. S. R. Newton
1	2
Mrs. M. Draper	Mrs. K. B. Jencks
1	2
Miss A. Draper	Mrs. J. Hammond
2	0
Mrs. Riggs	Mrs. F. A. Baldwin
0	3
Mrs. F. Johnson	Mrs. P. M. Robins
0	2
Mrs. Moore	Miss A. Walsh
0	3
Mrs. Dean	Mrs. M. Beaton
0	3
4	15

Mr. Wm. Cathcart, Sr., of Bury, was a visitor in the city yesterday.

Messrs. S. J. Hamilton and E. W. Leonard, of Bury, were visitors here yesterday.

Mr. and Mrs. William Gyurer, of Evansville, Indiana, have returned home after visiting their sister, Mrs. David Anderson, at Verdun, Que.

Master William Duggan has returned to his home in Montreal. He was accompanied by his aunt, Mrs. W. K. Foss, Beckett Road, who will spend two weeks in the city visiting relatives and friends.

Miss Jessie Stewart, of Montreal, who has been the guest of her sister, Mrs. Gordon Miller, at Beckett Road, Magog street, for the past few days, returned home this morning.

Miss Edgell will be convener for the tea at the Sherbrooke Country Club on Saturday, and will be assisted by Mrs. James J. Bell, Miss Dwyne, Misses Addie and Edith Bradford and Miss Tomlinson.

The Union Sewing Circle held its first meeting of the season last evening at the home of Mrs. H. Hetherington, Camirand street, with a good attendance of members. Mrs. W. Jameson opened the meeting with devotional exercises, after which plans were formed for the season's activities. The evening was spent in sewing, and at its close the hostess served a delicious refreshment, assisted by Miss Margaret Killen. The next meeting will be on Wednesday, September 24th, with Mrs. B. Grime, Beckett Road.

A very pleasant surprise party was given at the summer home of Mrs. C. Merrill, Little Lake Magog, on Saturday evening, to mark the fifteenth wedding anniversary of Mr. and Mrs. J. Cook, Fairmount avenue. Twenty-five friends of the popular couple were present to congratulate them and extend best wishes for the coming years. The guests were entertained with cards and dancing, after which refreshments were served from a daintily arranged table, centered with a three-tier wedding cake. The decorations were carried out in yellow and white and autumn flowers. The hostess was assisted in serving and looking after the guests by Mrs. C. Furlong, Miss Ivy Cook and Miss Jennie Hopkins. Mrs. Cook was presented with a lovely bouquet of flowers by her small daughter, Doreen, after which Mr. R. B. Oad, on behalf of the friends and relatives assembled, presented the bride and groom of fifteen years with a lovely blanket. Mr. and Mrs. Cook responded briefly, expressing their thanks for the lovely gift and good wishes, and for the pleasant surprise which they would remember for many years to come.

MARRIAGES

BANGS-SMITH

The marriage of Doris Esther, daughter of Mr. and Mrs. James C. Smith, to Mr. Porter Norton Bangs, son of Mrs. Bangs and the late Mr. Bangs, of Ayer's Cliff, took place in Trinity United Church on Tuesday afternoon at four o'clock. Dr. W. S. Lennon and Rev. Duncan Robertson, of Scottstown, uncle of the bride, officiated.

The church was beautifully decorated with quantities of hydrangeas and autumn garden flowers, and the guest pews were marked with marigolds and bows of white tulle.

Mr. Gault Parker officiated at the organ, and played the wedding march softly during the service. While the register was being signed, Mrs. Alberta LeBaron Adams sang a lovely solo, "Holy Spirit, Breath of Love" (Galbraith). The bride, who was given away by her father, wore a beautiful gown of eggshell satin, made on long, princess lines. Her tulle veil, of the same shade, was made in cap effect, caught with orange blossoms, and formed a long train. She wore satin shoes to match her dress, and carried a shower bouquet of butterfly roses and lilies-of-the-valley.

Mrs. Maurice Parker, of Quebec, sister of the bride, was matron of honor. She wore a dress of eggshell net over honey-dew chiffon, made with a tight bodice and long, full skirt, and short, puffed sleeves. Her dress was trimmed with blue velvet, and she wore a small blue velvet hat. Her bouquet was of tallisman roses and blue lace flowers.

The groom was attended by Mr. Maurice Parker, of Quebec, as best man, and the ushers were Messrs. Lawrence Fish and Frederick Cann, of Lennoxville.

The bride's mother wore a black lace and chiffon dress, with a black hat and stone marten fur, and carried red roses. The groom's mother wore a black lace gown and black hat, and carried pink roses.

Mrs. Duncan Robertson, of Scottstown, the bride's aunt, was dressed in figured chiffon, with a large black hat and stone marten fur.

After the ceremony a reception was held at the home of the bride's parents, Woodward avenue. The rooms were decorated with quantities of garden flowers, and the bride's table was attractively arranged with yellow roses and blue lace flowers, and centered with a three-tier wedding cake.

Going away the bride wore an Echmore ensemble, with fawn silk blouse and matching accessories, and a stone marten fur. Mr. and Mrs. Bangs left on a motor trip through Ontario and Quebec, and on their return they will live on Queen street.

Out-of-town guests from Newport, Vt., Ayer's Cliff, Lennoxville and Montreal were at the wedding.

CITY BRIEFLETS

OPENING OF THE Y.M.C.A. GYM CLASSES.

The Y.M.C.A. gym classes for 1930 will open on Monday, September 22nd, when the following classes will be organized: business men, young men, employed boys, high school, juniors and juveniles. In these classes there will be room for all men and boys.

SHAMROCK V. IN LAST EFFORT TO RECAPTURE CUP

(Continued From Page 1.) Country and in the two races here, had evidently become weakened and snapped at an inopportune moment. At the time the Enterprise held a lead of a quarter mile and pulled by her jib top sail. On the run home she set all sail before the wind, balloon and spinnaker, instead of going over the course with little canvas, which she would have been entitled to do. She went over the finishing line at 2:34.16 going as twelve knots per hour. Skipper Vanderbilt brought the defender into harbor under her own sail, declining a tow.

After the mishap the Shamrock turned back and had another halyard run up through her bowline mast. By the time the Enterprise had crossed the line her new sail was in place and she lay at her mooring, her crew ready for the race today.

In yachting, the penalty of losing must be paid when the rigging or canvas parts. A similar occurrence happened in the last boat races when the Shamrock IV, won by default when a throat halyard on Resolute, the then defender, parted.

LAVERGNE WOULD LEGALIZE WAR VETERANS' LOTTERIES

Deputy Speaker of House of Commons Desires to Counteract Taschereau's Action.

OTTAWA, Sept. 18.—In an effort to undo harm he claims was done by Premier L. A. Taschereau in banning the Army and Navy Veterans' lottery, Armand Laverge, Deputy Speaker of the House and member for Montmagny, has introduced a private bill to amend the criminal code and the purpose of which is to legalize the Army and Navy Veterans' lottery and to prohibit the lotteries of the Art Union of Great Britain and the Art Union of Ireland. Under the present law these are the only two lotteries permitted in Canada. Mr. Laverge says he has no particular objection to the British lotteries but he thinks there is to be a lottery it should be Canadian and one by which the veterans can implement their pensions. The proceeds of the Army and Navy lottery are always used exclusively for relief work among destitute veterans.

LAKE GRAIN CLEARINGS
FORT WILLIAM, Sept. 18.—Six grain boats cleared today from the port of Fort William-Port Arthur with 1,407,000 bushels of wheat, the greater part for Buffalo. This leaves only the John Anderson loading grain but six other grain boats are en route due today and tomorrow.

BEAUTIFUL WOMEN
Use Mello-glo
Beauties who guard their complexion use MELLO-GLO Face Powder only. Famous for purity—its coloring matter is approved by the Government. The skin never looks pasty or flaky. It spreads more smoothly and produces a youthful bloom. Made by a new French process. MELLO-GLO Face Powder stays on longer.

PLANS AIR COMMUNICATION WITH BRITISH WEST INDIES

Prominent Britisher to Discuss Air Travel With Canadian Government Officials.

LONDON, Sept. 18.—The Earl Amherst, who recently joined the Board of Atlantic Airways Limited, has sailed for Canada on a special mission, having for its object the reopening of negotiations with the Dominion regarding Canadian co-operation with the airways in the West Indies.

Technical experts have been considering what machines are likely to give the best results for the projected air service between Trinidad and other West Indian possessions next year. The service will be inaugurated by a fleet of six machines, some of the amphibian type and some of the land flying type only. Jeffrey John Archer Amherst, fifth earl, is descended from Field Marshal Sir Jeffrey Amherst, the celebrated commander-in-chief of the British forces in North America from 1758 to 1764. Sir Jeffrey was created the first Baron and his nephew was raised two steps in the peerage to an Earl.

The present Lord Amherst lived for some time in New York and is no stranger to Canada.

CONVENTION OF TEACHERS TO BE HELD SHORTLY

Sixty-Sixth Annual Convention of Quebec Protestant Teachers to Be Featured by Addresses from Prominent Educational Men—Convention to Be Held at Montreal on October 2, 3 and 4.

MONTREAL, Sept. 18.—The sixty-sixth annual convention of Quebec Protestant teachers is to be held here on October 2nd, 3rd and 4th, when prominent men in the field of education will deliver what should be very interesting addresses. Henry F. Munro, Ph.D., superintendent of education for Nova Scotia, will speak on "The Modern Scene in Education," and George P. Locke, M.A., chief librarian, Public Library of Toronto, will speak on "A Serious Problem Facing Us."

Among other notable speakers at the convention will be Robert K. Speer, Ph.D., director of elementary education, New York University, who will talk on "How to Teach Composition"; Miss Ruth Evans, assistant supervisor of public schools, Springfield, Mass., who will address the physical training section, and Miss Charlotte Whitton, principal of Ottawa Ladies' College, who will speak in the kindergarten and first year section.

Arrangements are also being made with Professor Kirsoff Lake, Harvard University, to come to deliver a lecture for the teachers during the week of the convention. Various clubs and societies, as well as members of the clergy, will co-operate with the P.A.P.T., by featuring addresses which should tend to awaken the public to a better sense of their educational responsibilities. The Junior Red Cross is giving a luncheon in the Windsor Hotel on Friday, October 3rd, at which Lady Willingdon will speak to those engaged in the work of that Society.

It has also been learned that Dr. W. P. Percival, M.A., director of Protestant education for Quebec, will address the Kiwanis and Professor F. Clarke, department of education at McGill, will speak at the Rotary Club.

Don't neglect to read the Classified Advertisements in this issue.

ALFRED WOOD, President and Editor.
GORDON MILLER, Managing Editor.
C. F. BUCKLAND, Advertising Manager.

Henry Van Dyke, poet and litterateur, says: "Four things a Man must learn to do, if he would keep his record true: To think without confusion clearly; to love his fellow-man sincerely; to act from honest motives purely; to trust in God and heaven securely."

HIS COUNTRY ASKED FOR THE CANADA FIRST POLICY.

Gaining his majority and raising the number of Conservative members of Parliament from 90 to 138 on a straight protection issue the Prime Minister rightly considers that he has a mandate from the people which is decisive.

For the first time since 1878 there was no other serious or earnest issue before the electors. The Canada First policy of the Premier was what gave to him his majority. The country had grown weary of the tariff tinkers and of the members who just love to hear themselves talk without giving coherent or sane thought to the problems of Canada.

Many months ago we commented upon the courage of a retiring chairman of the Quebec branch of the Canadian manufacturers. He was bold and had the courage to declare that the manufacturers of Canada should cease quiet suasion and just deploring, and pronounce themselves for a tariff high enough to protect Canadian workmen and to assure them of regular work. No other journalist in Canada seemed to notice this departure from the diffident ways of diplomacy. But it did bring the manufacturers and their employees right out in the open, that is where the men were loyal to their employers and were not afflicted with the disease of disloyalty.

For years the Conservative party had been guided by the same timidity which was expressed in the declaration, "Don't offend Washington!" The soft-pedallers were afraid to grapple with and combat the weak ideas of the free traders who wanted everything free of tariff protection but wheat.

The new Prime Minister has convictions and has the courage of his convictions, and his predecessor as leader of the Conservatives had neither.

WATCH CANADA GROW.

The protection offered to the basic or key industries of Canada by the Dominion Government went into effect at once. The new tariff went into force on the morning after the Prime Minister announced the changes and the drastic increases which should encourage the industries and the employees to prepare for a bigger and better business.

It is again a buyer's market, for that which has been dumped on this market and has deprived Canadians of work will be cleared out of the stores right quickly.

Yesterday we published full reports of the changes made in the tariff. These advances made to safeguard the Canadian workmen who had been thrown out of employment should afford relief within the present year.

The Prime Minister, in his capacity as Minister of Finance, promises that other revisions with an upward trend will be submitted to the regular session of Parliament. The purpose is to study the many thousand articles which we have been importing from foreign countries and adopt a tariff to protect that which can just as easily be made in Canada.

Depression and destitution have at last been brought home to Canadians, and they are now alive to the spirit of a strong and peaceful defense of the Canadian producer, no matter what may be his chosen avocation.

MINE HOST CADIEUX.

When Richmond produces such a fine hotel as the Brunswick, point is given to our comment on the improvement so noticeable in the hostelry and inns throughout the province.

In the olden days the hotel inspector considered himself as belonging to the ornamental branch of the civil service, and figured that his chief duty was to hire a lot of sneaks who had the savvy to induce some country hotel man to break the law, so that the poor chap might be haled before the Court.

Today there are better principles. The hotel inspectors are helpful. They give ideas suggestions and help to the hotel men who honestly try to keep a clean and respectable hotel for the traveller. This has developed a better type of hotel men.

Prominent fellow-townsmen of Ben Cadieux gathered in the Brunswick hotel at Richmond on Wednesday night and tendered that gentleman a banquet in appreciation of his providing the Town of Richmond an hotel worthy of a large city. Mr. Cadieux's former hostelry had been burned to the ground and the pluck and tenacity with which he has built again, and erected a finer hotel than before, has won for him the admiration of his friends. Representative men of the counties gathered at the Brunswick.

BACK AGES OF MOTORING.

Some of the motor laws of Quebec are archaic, born in the days when the owner of a motor car was considered fair game for exploitation to every township constable where the venturesome motorist might drive. Fortunately the Quebec Government stepped in as controller of the King's highways and put a stop to the petty persecution

of any driver who might put on his brakes and come to a stop.

But the Quebec Government is surely in the wrong when it imposes license fees and drivers' fees quite out of proportion to that of other provinces.

A concrete example:

The Ottawa driver of a small car pays \$4 for a license and \$1 for a driver's permit, or \$5 in all.

The Sherbrooke owner of a lordly Ford pays \$19.20 for a license and \$5 for a driver's permit, or \$24.20 in all.

There are over a quarter million motor drivers and owners in the Province of Quebec, and each and everyone of them dislikes being placed at a disadvantage of \$19.20 a year, particularly when the average driving year in Quebec is two months' shorter than it is in Ontario. In the latter province all the trunk highways are kept open the year 'round. So that taking it by and large, subtracting, adding and dividing, the Quebec motorist is under a big handicap as compared with his Ontario friend.

When this factor is reduced to the business of owning trucks for trade competition with an Ontario house, the Quebec manufacturer loses much of that which he gains by being wiser in the matter of public operation and ownership of utilities.

The license fees on motors should be a fixed sum, the same on every car, and only sufficient to meet the original purpose of keeping a record of all car owners using the roadways.

To argue otherwise would be to admit that a license fee is class legislation.

SIR WILLIAM'S SOLECISM.

With his grandson in the general election contest for his own old constituency in York County, Sir William Mulock, the aged Chief Justice of the Supreme Court of Canada, committed the solecism of appearing on the hustings. At eighty-six years of age Sir William ought to know better.

Grandson was defeated. His former colleague, Mackenzie King, was defeated, and the active old knight of the political warriors feels that he ought to resign and take his pension, which he is entitled to do without any loss of income.

Sir William was Postmaster-General with Sir Wilfrid, and was chosen in the days when he who could make the longest speech on the floor of the House was judged of Cabinet calibre.

There would be no thought on the part of the Government of reprimanding the veteran statesman and jurist for his indiscretion, and for his activity as a partisan, but it is believed that on reflection Sir William will adjudge himself.

Colonel Herbert Lennox, the M.P. for North York, has defeated the grandson of William Lyon Mackenzie, the grandson of Sir William Mulock, and the son of Sir Clifford Sifton, and he now sits on top of the world saying: "Bring on your grandsons!"

EDITOR'S NOTE BOOK.

Bringing the agricultural college and the experimental farm to the gateway of the Quebec farmers is what the Canadian National Railway and the Quebec Minister of Agriculture are doing with their Soil Culture Train now passing through the Eastern Townships. Over 1,000 soil samples were analyzed free during the first four days, when the train visited Coaticook, Compton, Lennoxville, Brompton, Windsor and Richmond. It is like unto a course of university post-graduate lectures to a Master of Arts seeking his Ph.D.

Some men like to play with the word "protection," to nibble it, to nag at it, and to timidly admit that they believe in it. Yet the electors cheered for it. Even today it may be noticed how few are the men occupying prominent positions who have the courage to endorse protection in the public press. Some of the large city papers carry interviews in which the timid men express their opinions and yet ask the reporters not to use their names. Why should a man not express favor and fervour without fear?

As proof that the Quebec Central Railway passes through a fisherman's paradise, Mr. R. G. Price laid on the desk in the "Angel's Rest" a well-fed trout which must have tipped the scale at seven pounds when in the lake of the living. A debate as to whether the beauty should be stuffed or whether the Editor should be was decided in the affirmative.

FRONT WINDOW MUSINGS

The chief objection to a handsome husband is that a man with good bait isn't content to quit with one fish.

All work and no play makes jack for the nerve specialists.

Last week's best example of impatience is afforded by an eighty-year-old pedestrian who hanged himself.

Obsolete expression: "Haven't you something a little more expensive?"

For our part, we'll wait until they raise the putting greens three feet and let you use a cue.

Another thing that gives pleasant variety to a vegetable diet is an occasional thick steak.

Starting at the bottom isn't always the best plan. After all these years the mosquito family is still working on ankles.

If you say something everybody believes, it's a platitude. If you say something new, it's heresy. What a world!

The Gangster: Feeling an urge to slap somebody you don't like; fearing he might hit back; deciding to shoot him instead.

Some men keep going in spite of minor ills, and others have the kind of insurance that pays them for lying around home.

BUYS CATTLE IN TOWNSHIPS FOR ABITIBI FARMS

Cows and Young Stock Being Purchased in Sherbrooke, Stanstead and Compton Counties for Shipment to Newly Colonized Section of Province.

Mr. R. P. Sabourin, connected with the live stock branch of the Provincial Department of Agriculture, has been in this vicinity for the past few days picking up carload lots of cattle, cows and young stock, for shipment into Abitibi, the newly colonized section of the Province.

Four car loads have just been shipped, consisting chiefly of high grade cows of Ayrshire and Holstein strains. Six car loads have been sent to Abitibi in the past two weeks. During the summer three carloads of young stock consisting of seventy-six grade Ayrshire heifers and twenty-eight registered Ayrshire bull calves were consigned to Abitibi farmers.

Seventy-five head of pure bred Ayrshire, Holstein and Short Horn bull calves have been shipped into other sections of the province. All the purchases were made in the counties of Sherbrooke, Stanstead and Compton.

MILBY

Mr. P. Powers, of St. Johnsbury, Vt., is visiting his brother and family.

Rev. Mr. Robins and Mrs. Robins, of Scottstown, were calling on old friends on Monday.

Mr. C. H. George is home from a business trip to Inverness.

The social in the hall, Friday evening, was exceptionally well attended, several car loads coming from a distance.

Mr. J. B. Campbell is improving and is able to sit up each day for a short time.

Mrs. McKenzie, of Inverness, is a guest of Mrs. George.

SOUTH AFRICA IN SEARCH OF EMPIRE TRADE

Industrialists of South Africa Urge Selective Interchange of Goods Between Various Parts of Empire.

KING WILLIAMSTOWN, South Africa, Sept. 18.—The industrialists and business men of South Africa have evidently become converted to the idea that within the Empire, rather than in foreign countries, lies the best market for their products. The Federated Chamber of Industries, the most representative body of industrialists in the Union, adopted a resolution after a long secret session declaring that, as economic conditions in Europe and America call for co-operative action on the part of the United Kingdom, the dominions and the colonies, the executive of the Federation should be asked to formulate on general lines suggestions for such co-operation and that these suggestions be communicated to the South African delegates at the Imperial Conference.

The proposed commercial treaties with foreign countries were brought up during the Federation's discussion but it was asserted by several speakers that no foreign country was going to take South African goods unless it was at a disadvantage to South African trade.

The motion finally adopted expressed the view that: "Mutual advantage will arise from measures being taken for the interchange of primary and secondary products between the United Kingdom, the Dominions and the British Colonies. Such interchange should be, as far as practicable, of a selective nature in order to avoid wasteful competition between one country and another."

NEW PAPER AT HALIFAX

HALIFAX, N. S., Sept. 18.—Circulars distributed here yesterday announced that a new evening newspaper, "The Halifax Recorder", independent Liberal in politics, would be established here, according to the Evening Mail.

BROWN'S HILL

Mrs. Don Hutchins, who was so seriously ill, is now the guest of her parents, Mr. and Mrs. R. R. Smith. Mr. Hutchins, of Georgeville, was with his wife, over the week-end at the same home.

Mrs. Ovilla Ste. Marie, of Montreal, who has been at Lake Megantic for the past two months, was the guest of her brother, Mr. C. R. week-end.

Brown, last week, and also visited her nephew, Mr. H. G. Ayer, going from there to Beebe, on Sunday, for a visit.

Mrs. Rosa Brown, of McConnell, is visiting her sister-in-law, Mrs. James Sharon, at the home of her son, Mr. K. G. Sharon. Mrs. Sharon's friends will be sorry to learn that she is confined to her room.

Mrs. Mary Vaughan is also in very poor health.

Mr. and Mrs. H. R. Pease, of St. Johnsbury, Vt., were guests of their cousin, Mrs. C. R. Brown, for the week-end.

CHILDREN NEED THIS TEMPTING BREAKFAST

for
PROPER GROWTH

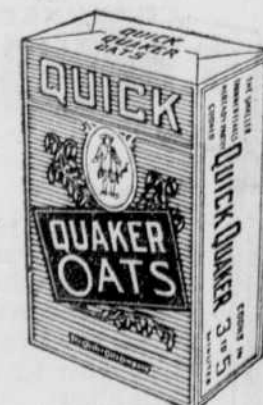

This young lad starts the day right with a nourishing breakfast of Quaker Oats. How proud he is of his pets.

Quaker Oats provides lasting energy for the most active hours of the day

The most important meal of the child's day! This is how leading educators and nutritionists regard breakfast. Morning hours are by far the most strenuous, mentally and physically. Children's breakfasts must supply sufficient food energy to meet these morning demands—or nervous energy will be consumed instead. That is why the right kind of breakfast is so vitally important. Why one cereal known as "the most nutritious of all cereals" is urged above all others. The Quaker milling process retains every valuable part of the oat—Nature's best-balanced food. Thus Quaker Oats contains 16% protein—the "growth element"; 65% carbohydrates—the "energy

food. Besides body-building minerals and the important vitamins. It's easy to get children to eat Quaker Oats—for this famous Quaker milling process makes them different . . . better . . . than "just oatmeal." Quaker selects only the plump, firm, full-flavored oats. Your grocer has both the Regular and the Quick Quaker that cooks in 2 1/2 minutes from the time the water boils. Please do not confuse Quick Quaker with ordinary quick oats. Only Quaker can give you the incomparable Quaker flavor and rich nutrition. Large household packages and small 10c. size. Never in bulk. All Quaker packages contain coupons with which you can get valuable premiums.

CHINA in Every Package Marked "China Ware" A surprise in every Quick Quaker package marked "China Ware"—a piece of attractively patterned genuine English china-ware. As pretty as you could buy. Beautifully colored . . . distinctively shaped and bordered.

FIVE ST. ROCH PLAYERS HAVE HIGH AVERAGE

Blanchard Leads in Batting With a Mark of .419—Four Others Over .300 Mark—Thetford Mines Here Sunday.

The St. Roch sluggers have been showing little regard for the offerings of opposing twirlers this year. No less than five of the local aggregation are batting over the .300 mark. Failure to bunch their hits in several encounters and ninth inning releases of late have been responsible for the locals losing a few of their last games. However, the season still has a couple more Sunday's to go and the Sherbrooke representatives are preparing their batting eyes to fatten their averages in the contests which remain.

Blanchard, who guards the second sack, still heads the parade with twenty-six hits out of sixty-two appearances at the plate for an average of .419. Fifty-two percentage points behind comes Cabana, who has obtained twenty-nine safeties in seventy-nine trips to the plate. Asselin, who takes care of the key-stone sack, has hit safely in eighteen out of seventy-seven attempts for an average of .338 and Savage, with twenty hits to his credit, is fifth with .32. Savage has tallied the greatest number of runs for the team he directs, having crossed the plate on twenty different occasions. Morin, who has turned in some stellar pitching performances during the season, is the other batter above .300, he having connected for nineteen hits in sixty-one times at bat.

The averages of the whole team follow:

	A.B.	R.	H.	P.O.	A.	E.	B.A.
Blanchard	62	14	26	42	42	8	.419
Cabana	79	13	29	63	24	9	.367
Asselin	77	18	26	21	24	7	.338
Savage	62	20	20	32	21	3	.322
Morin	61	6	19	6	23	3	.311
Pinard	70	9	20	52	0	7	.285
Lepage	72	13	18	140	3	15	.253
Gagne	54	8	12	27	1	4	.222
Dore	57	9	11	19	8	8	.193
Stafford	2	0	1	2	0	0	.500

596 105 182 404 148 64 .305

On Sunday, Thetford Mines will play here in the first of a two-out of three game series, all of which will be played in Sherbrooke. Should St. Roch win this series an attempt will be made to bring the Levis Napoleons, recently crowned champions of the Quebec District League, here.

The game is scheduled to start at three o'clock sharp and a large attendance is looked for, as this is one of the last games before rugby monopolizes the sport spotlight. Morin will be on the mound for the locals, while Cummings will serve up the batters for the Mines. An effort is being made by the local management to bring Henry Thormahlen to Sherbrooke to hurl one of the games.

CARDS MADE IT TWO STRAIGHT OVER DODGERS

St. Louis Today Has Clear Hold on First Place in National League Pennant Race—Chicago Trounced Giants.

NEW YORK, Sept. 18.—There isn't very much of Andy High as ball players go—only five and a half feet of him—but today he can wear the biggest hero's garland St. Louis has to offer. Andy does not even rate as a regular on the Cardinals this season, yet he is the one who has given them two successive triumphs over their rival Brooklyn Robins and a clear hold on first place.

On Tuesday Andy went into the game as a pinch hitter in the tenth inning and cracked out a double that led to the game's only run and a virtual tie with the Robins. Yesterday High again hit a double in a pinch and brought a five to three triumph for the Cards and a full game margin. His pinch hit came in the ninth inning with the score tied and two men on base, and it drove in two runs.

Of course, High does not get all the credit for the Cardinal victory, for Sylvester Johnson pitched a fine game against Adolfo Luque, although it was not as thrilling as the opening battle of the series. Al Grabowski, who got credit for the victory, and Jim Lindsey, did well in relief roles, and Chick Hafey's home run in the fourth, which gave the Cards their first tally, played a highly important part.

Chunky Hack Wilson also was quite a hero as he clouted a pair of home runs on his first two times at bat against the Giants and sent the Cubs off to an easy triumph. The homers, both off Jim Chaplin's delivery, gave Wilson a total of fifty-two for the season, and produced a new major league record for batting in runs as he brought his total to 176. The former mark was 175 for a season, made by Lou Gehrig in 1927.

Completing National League's day, Cincinnati broke its losing streak by defeating the Boston Braves by six to four, behind Red Lucas' pitching in the second game of a double-header, after it had run to thirteen straight through Boston's six to three triumph in the first game, and Pittsburgh's Pirates slammed out twelve runs in two innings to defeat Philadelphia by twelve to five.

The formality of ending the American League pennant race was delayed for a day or two as the Philadelphia Athletics went down before Red Faber's six-hit pitching and lost a four to two decision to the Chicago White Sox, while Washington rallied after a bad first game and won the second from Cleveland by six to four.

The Indians hammered out a thirteen to seven victory in the first as Earl Averill hit three homers in successive times at bat, barely missed a fourth and grounded out; then cracked out another in his first time at bat in the second game.

The other American League teams took their games more or less lightly, devoting most of their

CANADA HAS TWO CANDIDATES IN QUARTER FINAL

Thus Far in Canadian Women's Championship Golf Tourney Favored Players Have Advanced According to Form Books.

LAVAL-SUR-LE-LAC, Que., Sept. 18.—The quarter final round in the Canadian women's open tourney for the premier title of feminine golf opens today with two Canadian girls and six from the United States struggling against elimination. Miss Helen Hicks, of Hewlett, Long Island, defending champion, today faces Miss Marion Bennett, of New Britain.

Thus far in the tourney the favored players have advanced according to the form books, though many a stirring battle has been fought by

time to attempting to fatten their batting averages. The St. Louis Browns outlasted a seven run rally by the New York Yankees to win out by nine to eight, while the Detroit Tigers gained a nine to seven victory over the Boston Red Sox as each team cracked out fifteen hits.

ambitious challengers. Now the end of the struggle draws near.

Miss Edith Quier, who was runner-up to Miss Hicks at the Canadian open tournament at Hamilton last year, today goes to the tee with Miss Ada Mackenzie, Canadian closed champion, a formidable opponent for the young American girl. Mrs. Alexa Sterling Fraser, of Ottawa, the qualifying medalist, is today pitted against Miss Maureen Orcutt, of New York. Mrs. Harley Higbie, Detroit, and Miss Peggy Wattles, of Buffalo, provide another interesting match.

Today dawned cold and wet, but the sun came out shortly before nine o'clock with a promise of a better day.

SPORTING NOTES

FARNHAM-ST. CESAIRE FINAL GAME ON SUNDAY

Owing to wet grounds, the final game between St. Cesaire and Farnham for the Fleischmann Yeast Company trophy was cancelled last Sunday and will be played on Sunday, September 21st, at two-thirty o'clock (standard time). Gordon Meek, of Magog, will hurl for St. Cesaire, with Barriere behind the bat, while Schoppe will be in the box for Farnham. A masterful pitching duel is anticipated and a record attendance is looked for at the General Cigar Grounds, opposite the Canadian Pacific Railway station.

MEETING OF HOCKEY LEAGUES TO BE HELD SOON

It has been announced that the annual meeting of the Juvenile, Midget and Bantam hockey leagues will be held here the first or second week of October, when several prominent figures of the Quebec Amateur Hockey Association, including Messrs. Fred W. Brown, Alphonse Therrien, honorary secretary, and Frank J. Morrissey, president, will be in attendance.

The ages for each division of the leagues this year are: Juvenile, eighteen years and under the first of January; Midget, sixteen years and under the first of January; and Bantam, fourteen years and under the first of January.

Mr. Charles C. Cabana has been named 3rd vice-president of the Quebec Amateur Hockey Association, to succeed Mr. Eugene St. Pierre.

EASTERN TOWNSHIPS AMATEUR ATHLETIC MEET.

The interest in the Eastern Townships amateur athletic meet is day by day getting keener, and it would appear as if the 1930 tourney will be in many respects the best ever held here. Along with the assured teams from Magog, Richmond, Waterloo, Stanstead expects to have a strong team and Sherbrooke will have some difficulty in holding the championships won last year.

The meet is scheduled for Saturday, September 27th, on the Parade Grounds, when it is expected some of the records established in Sherbrooke during the past years will be shattered. The events are open to all registered amateurs in the Eastern Townships.

TRADE MINISTER MADE EFFECTIVE REPLY TO LIBERALS' CRITICISM

(Continued from page 1)

Mr. King suggested to the Government that, in view of the fact that the new tariffs were in effect, the debate be adjourned at the close of the week, to be resumed upon the close of the Imperial Conference. Any other method of procedure, he said, would be "railroading through this House, under coercive measures, the most iniquitous tariff measure that ever has been presented to any parliament."

Regarding the assurances the Government had from manufacturers that no price increases would follow the tariff changes, Mr. King said no Government could control prices, which were fixed by world conditions. He quoted figures to show prices generally, and farm products particularly, had decreased this year over last year. The effect of the tariff changes, he predicted, would be a further influx from the land to the cities. It was his belief that the permanent relief lay in re-populating the land.

The effect of the changes would be to increase the cost of production to the farmers, he declared, which would not increase the cost of living in the cities. Protection, he said, was no cure for unemployment, and the present legislation would only add to the distress conditions of those out of work.

Hon. H. H. Stevens, Minister of Trade and Commerce, who was the government minister to answer Mr. King, said the tariff was being amended to give tens of thousands of Canadians jobs who had been thrown out of work by the inundation of foreign imports. Measures, also, he said, would be taken to assist agriculture, particularly the marketing of Canadian wheat. In fact "less than half an hour" after he took office he began on this latter problem.

It was only proper he said, for the government to proceed to the tariff principles rather than wait until after that event to make a general revision. The delegates would go "with their cards on the table" so that the governments of the other nations would know Canada's fiscal policy without doubt.

The Government, Mr. Stevens said, stood behind its pledge to protect the consumer from exploitation. The provisions in the statutes to this effect would be enforced.

Labelling the amendment moved by Mr. King as "subterfuge" and designed "to create suspicion in the country that something was wrong," Mr. Stevens said for it to pass meant the defeat of the Government. He suggested the proper attitude for the Opposition to adopt was to lend every assistance the Government in dealing with the distress conditions.

Charles B. Howard (Liberal, Sherbrooke) said assurances should be secured from the manufacturers that the increases in protection would result in higher wages for labor.

Hon. J. L. Ralston, former Min-

ister of National Defence, said the essence of the Government's contract with the people was to end unemployment. He did not believe this would result from the tariff proposals. Consumers, he predicted, would pay higher prices for commodities despite the assurances the Government had secured from the manufacturers. Other means than the tariff would be advanced and the Government would be powerless to do anything about it.

A. A. Heaps (Labor, Winnipeg North), E. J. Young (Liberal, Weyburn) and Michael Luchkovich (U. F. A. Vegreville) spoke against the proposals. The debate was adjourned by Thomas McMillan (Liberal, Huron South), who will continue when the House opens this afternoon.

After a comparatively short debate yesterday and without a division, the Government bill to amend the provision of the Customs Act relating to dumping was given third reading and passed. Under its provisions, the Governor-in-Council will have the power to fix a fair market value for duty purposes on goods brought into this country at a price which it is believed will act detrimentally to producers of similar goods in Canada. This valuation for duty purposes shall not be less than the sobbing or wholesale price in the country of origin.

In resuming the debate yesterday, James S. Woodsworth (Labor, Winnipeg North-Centre) protested against what he termed an attempt upon the part of the Government to rush through the House "a measure that should be carefully studied and examined both by the House and by the public. An emergency session was not the time to deal with such a 'reactionary measure', which, if brought up at an ordinary session, would be under close scrutiny for many days.

Other speakers, including E. J. Young (Liberal, Weyburn) said the intention of the legislation was to prevent a decline of commodity prices. They contended that the country's distress conditions were based on the fact that the prices of commodities generally had not declined with farm product. The only way to increase prosperity was to increase the purchasing power of the farmers, something they did not believe would result from the measure.

BISHOP'S CROSSING

Next Sunday, September 21st, at the Church of the Good Shepherd.

CANADIAN NATIONAL RAILWAYS

TIMETABLE CHANGES

Important changes in train schedules will be made on Sunday, September 28th. Full information now in hands of Agents.

Hon. J. L. Ralston, former Min-

ister of National Defence, said the essence of the Government's contract with the people was to end unemployment. He did not believe this would result from the tariff proposals. Consumers, he predicted, would pay higher prices for commodities despite the assurances the Government had secured from the manufacturers. Other means than the tariff would be advanced and the Government would be powerless to do anything about it.

Mr. and Mrs. F. A. Peterson and Miss Frederica Peterson, of Sherbrooke, N. H., were guests of Mrs. Henry Rolfe over the week-end. Mr. and Mrs. T. E. Evans and two daughters, Pauline and Yvonne, were guests of Mr. and Mrs. Eph. Cable, at Randboro, on Sunday. Next Sunday, September 21st, at tern.

the United Church, Sunday School at 10 o'clock, and at eleven o'clock, Harvest Home Thanksgiving service will be observed.

CLEANS QUICKER
Made in Canada

A Dust Tight Gas Tight Furnace at Last!

MODERN science now brings the Torrid Zone steel furnace—built like a steam boiler, riveted and caulked absolutely dust-tight and gas-tight. The Torrid Zone has no cast-iron fire pot, no joints from which cement may work loose. The fire pot is enclosed in a steel drum riveted gas-tight like a city gas tank or a steam boiler.

Torrid Zone heat is always clean heat.

No cast-iron fire bowl to crack and require replacement, for boiler plate steel never cracks. The average life of Torrid Zone furnaces has been twenty-one years.

Huge combustion chamber creates more perfect combustion as in a steam boiler. More of the coal is burned and less goes up the chimney in smoke.

The hot smoke passes through a secondary radiating drum on the back, which gets more heat out of it before it is lost up the chimney.

The gas-tight, dirtless, clean heat furnace is here. It is the Torrid Zone boiler plate furnace and it will deliver more clean heat from less fuel than any other furnace that has ever before been known. It is far better than radiation heat and costs less to install. It recirculates fresh and sterilized warm air throughout the home.

RIVETED

Torrid Zone steel furnaces are the only riveted and caulked gas-tight boiler plate furnaces in Canada. When installed according to the Standard Code, as designed by research engineers for the National Warm Air Heating Association, they will recirculate warm, fresh air evenly throughout every room in your home. Guesswork has surrendered to science in Torrid Zone heating.

DIRECTORS OF FAIR SOCIETY HELD MEETING

Reports of Annual Stanstead County Exhibition Given at Session—W.I. Held September Meeting.

AYER'S CLIFF, Que., Sept. 18.—A directors' meeting of the Stanstead County Agricultural Society was held at Ayer's Cliff on Wednesday, September 10th, at which were present, president, Mr. W. T. Parker; vice-president, Mr. A. A. Hall, and Directors Bouffard, Duster, Frappier, Boulais, Fecteau, Bowen, Hunt, Harvey, Perry, Crook, Woodman, Peters, Peasley, Hunter, Gauthier, Valliere, McKay.

The financial report of the 1930 fair showed good receipts, the main gate amassing \$2,335 during the day and \$929.63 at night. The grand stand and bleachers collected \$1,008.10, while the midway brought in \$1,000. The booths reported \$175 and the show cars \$50. Mrs. F. A. Johnston, representing the ladies' committee, waited on the board in connection with getting the prize list printed earlier in the year than has been done in the past. It was decided to have Mrs. Johnston revise the prize list in the domestic manufacture, fancy work, painting and children's work, and have it printed and mailed to all the members by November.

Dr. H. P. Stockwell, of Stanstead, pointed out to the board that the poultry building would have to be enlarged or else reduce the sections in the prize list. It was decided that no reductions could be made in the prize list and that an addition must be made to the building the coming year.

The question of how to handle the general increase in this county fair was discussed at length. A committee was appointed, composed of the president, Mr. W. T. Parker, of Dixville, the vice-president, Mr. A. A. Hall, of Coaticook, Mr. John Peters, of Margot, and the secretary, Mr. H. E. Curtis, of Stanstead, to arrange data to place before the departments at Ottawa and Quebec and the public, in regard to have this fair listed as a class "B" fair.

Dinners were served to the directors by the Ayer's Cliff Women's Institute.

It was reported that the boys were making the fair grounds buildings a rendezvous for smoking. The directors are very much afraid of fire and have decided to arrest any boys found on the fair grounds.

W.I. Held Busy Meeting
The September meeting of the W.I., entertained by Mrs. Fred Wyman, on Friday, September 5th, had an average attendance of members. The month of September promising to be a busy one for W.I. workers, able committees were appointed to act on the parent-teacher meeting, scheduled to be held on the evening of September 17th, in the United Church vestry. Financial aid was voted upon for a charitable and worthy cause. Mrs. Churchill Moore, Jr., favored the gathering with a solo with Mrs. W. H. Rextford as accompanist.

All members responded readily to the roll call, "Flowers I Have Grown Successfully." Mrs. C. S. Daintrey, county president, then read two well prepared papers, loaned by other branch Institutes on "The Value of Out-door Sports" and "Mothers' Duties," the latter embracing the wide scope of duties demanded of all mothers.

Mrs. Wyman, assisted by Mrs. Chadsey and other members, served refreshments.

General Notes
Miss Irene Corey, a former employee on the local Canadian Bank of Commerce staff, was a recent overnight guest of Mr. and Mrs. S. J. Baldwin.

Mrs. Alfred Fisher, of Hemmingford, Mrs. J. A. Clarke, of Stephentown, N.Y., Mrs. Littlefield, of Milton, Mass., and Miss Alice Fisher, of Lancaster, Mass., spent several days, recently, with their daughter and sister, Mrs. Sidney Baldwin.

Recent guests of Mr. and Mrs. J. E. Lavers and daughter, Elsie, were Mr. and Mrs. Thwaites and family, of Hatley, and Mr. R. F. Anderson, of Montreal.

Miss Alice Wyman and Master Billy Wyman left, on Sunday, in company with their mother, Mrs. F. Wyman, Miss Moynan enrolled as a third year student in East Northfield Seminary, and Master Bill as second year student in Mount Hermon Boys' School.

Mrs. Rose Brown, who has been with her niece, Mrs. Waite, for a few days, is now with Mrs. K. Sharon, Brown's Hill, visiting Mrs. James Sharon, who is in failing health.

Mrs. T. W. Keet and Miss Ivy Keet, accompanied by Mr. Lydie Paul and Miss M. Paul, were in Newport, on Tuesday, September 9th.

Recent guests of Mr. and Mrs. T. W. Keet were Mr. and Mrs. Wheeler, of New Hampshire, Mr. and Mrs. Stillman Keet, of Sherbrooke, Mr. and Mrs. L. L. Gastin and infant daughter of Brown's Hill.

Mrs. W. H. Rediker is away, at present, in Georgetown, where Mr. Rediker is connected with the Customs.

Mr. and Mrs. Charles Ives, of New York City, were recent visitors of their nephew, Mr. S. I. Baldwin, and Mrs. Baldwin.

Mrs. E. H. Chadsey, Mrs. W. E. Hurd and Mrs. E. E. Bangs were in Sherbrooke, on Friday.

Mrs. Louise Ross, of Montreal, who has been a summer guest at the home of Mrs. E. E. Bangs, returned on Friday morning to the city.

Mrs. Julia Worthen returned home, Friday, after spending a few days with her son, Mr. H. R. Worthen, and Mrs. Worthen, in Beauce.

Dr. H. P. Stockwell, of Stanstead, who is not only a successful physician but a well known poultry fancier and successful exhibitor of Barred Rocks, did very well with the six birds sent from his flock, shown recently in London, England, at the World's Poultry Congress, held there. One pen of three sold for \$105 and the other disposed of at private sale for a smaller figure. More than fifty countries had exhibits on display and many impartial observers pronounce the Canadian exhibits one of the best, if not the best of all.

BIRTHS, MARRIAGES, DEATHS

BIRTHS
WILSON—At Frelighsburg, Sept. 15, 1930, to Mr. and Mrs. Harold F. Wilson, a son, Glenn Harold.

CARD OF THANKS.
We wish to express our sincere appreciation and heartfelt thanks to all our friends and neighbors who so kindly assisted us during the illness, death and burial of our dear husband and father; to those who sent flowers, and to those who helped at the house.

Inserted by his Wife, Daughter and Son-in-law,
MRS. R. A. WRIGHT,
MR. AND MRS. GORDON LEARMONTH,
Inverness, Que.

CARD OF THANKS.
The family of the late Mrs. Thomas Mathews wishes to thank the Rev. Mr. Brown and the Rev. Mr. Conrad, the Chosen Choir, and all friends and relatives for their kind help and sympathy during their recent sad bereavement, also for floral tributes.

Inserted by his Wife, Daughter and Son-in-law,
MRS. R. A. WRIGHT,
MR. AND MRS. GORDON LEARMONTH,
Inverness, Que.

tors by the Ayer's Cliff Women's Institute.

It was reported that the boys were making the fair grounds buildings a rendezvous for smoking. The directors are very much afraid of fire and have decided to arrest any boys found on the fair grounds.

QUIETER TONE
THIS MORNING
AT MONTREAL

Activity Which Characterized the Close of Exchange Yesterday Was Absent During Early Trading Today.

MONTREAL, Sept. 18.—The activity which characterized the ending of the Montreal Stock Exchange yesterday was absent during the first half hour this morning. Sales were few and far between and values were mixed.

International Nickel and Montreal Power provided the bulk of the early sales. The former advanced 1/2 to 26, while the latter was off 1/4 at 39 1/2.

STOCKS OPENED IRREGULAR ON WALL STREET 'CHANGE

NEW YORK, Sept. 18.—Stocks opened irregular today on narrow price changes. Houston Oil, Allied Chemical and Case lost 1 to 1 1/2. Union Carbide, Montgomery Ward and United Aircraft eased 1/4. Pacific General Electric sagged 1/4. Vanadium, New York Central, Gillette and International Telephone advanced 1/4 to 1/2. U. S. Steel opened 1/4 lower.

67 1/2. Brazilian Traction sold off 1/4 at 86 1/2. Other changes included Shawinigan, up 1/4 at 39 1/2; Winnipeg Electric, up 1/4 at 39 1/2; Steel of Canada, up a like figure at 48 1/2; and B. C. Power "A," off 1/2 at 38 1/2.

A man can borrow a cigarette from a girl now, but the worst won't have happened until the fall can borrow a compact from the man.

COMMITTEE FOR
BONDHOLDERS
IS APPOINTED

Protective Committee Named on Behalf of Holders of Asbestos Corporation First Mortgage Issue—Ready to Deal With Any Reorganization Proposals.

MONTREAL, Sept. 18.—Formal notice was published yesterday of the formation of a protective committee for the first and refunding bonds of the Asbestos Corporation Limited. The committee appointed consists of five members, as follows:

A. B. Brodie—partner of Price Waterhouse & Co.
A. B. Colville, K.C.—counsel of the Sun Life Assurance Company.
A. P. S. Glasco—secretary of McGill University.
Col. E. G. Hanson—director of Hanson Brothers Inc.
R. W. Steele—vice-president of the Dominion Securities Corporation Limited.

This committee has been formed to protect the interests of the first and refunding mortgage bondholders and to act on their behalf should a reorganization of the company become necessary. The bonds are not in default, but it is considered advisable to have the committee ready to deal with any reorganization proposals which may be made and which might have a bearing on the position of the first mortgage bonds. It is understood that holders of about \$700,000 of the bonds have already signified their intention of depositing their bonds with the committee.

ALGOMA STEEL OFFICIALS
SILENT ON NEW TARIFFS

Misunderstanding Still Exists at Sault Ste. Marie About Some of Proposed Changes.

SAULT STE. MARIE, Ont., Sept. 18.—Algoma Steel officials decline to make any statement on the steel tariff until they have consulted Ottawa in respect to general tariffs, which are not clearly understood here.

The tariff changes included several increases in the intermediate tariff on steel items affecting the Sault plant, though there are no increases in the general tariff apparently. On the other hand, there are a number of upward alterations in steel items which affect the manufacturers of pipe and fabricators, which are expected to increase their operations.

NORTH HATLEY

RECITAL GIVEN BY MUSIC PUPILS.

On Saturday, September 13th, the pupils of Mrs. Richard Spriggs gave a recital before an audience of interested parents and friends.

The programme was as follows:

"Pride of the Regiment," (C. C. Grammond), by Olive Bowen; "Ring Easter Bells," (W. A. Johnson), by Elsie Groom; "Marching Song," (Theodora Dutton), by Victor Coombs; "Circling Round," (N. L. Wright), by Mary Jean Woodard; "Children's Song," by Ruth Taylor; "In the Garden," by Ann Bowen; "A Song of the Pines," (Mildred Adair), by Lillian Bowen; "A Child's Morning Prayer," by Elsie Groom; "Dream Pictures," (N. Dale), by Elsie Groom; Chorus from "Preciosa," (C. M. Von Weber), by Victor Coombs; "Melody," by Ruth Taylor; "Were I a Little Bird," (Baumfelder), by Ann Bowen; "Drifting Waltz," (W. Rolfe), by Lillian Bowen; "The Scissor Grinder's Song," (a musical recitation), by Elsie Groom and Ruth Taylor; "Evening," (Diller), by Mary Jean Woodard; "God Save the King," by Lillian Bowen.

The young pianists rendered their selections in a very creditable manner.

Miss Eloise Turcott has taken up her duties as teacher at Royon, Que., instead of Arvida, as previously reported.

Count L. Ignatiff, who has been caretaker of the North Hatley Club, has returned to Montreal.

Miss P. M. Jackson, of the Post Office staff, is enjoying a vacation. During her absence, Mrs. Guy F. Woodard is supplying.

The annual rummage sale was largely attended, the sum of seven hundred dollars being realized.

Mr. F. H. Woodard was a business visitor, in Montreal, on Friday.

Mr. and Mrs. C. H. Kern, of Central Falls, R.I., are the guests of Mr. and Mrs. A. H. Vance.

Mr. and Mrs. P. W. Knights and Mrs. E. M. Knights have returned from Norwich, Vt., where they spent several days with Mr. and Mrs. Roy Knights.

Mr. Richard Knights has returned to Norwich, Vt., after spending some time with relatives, here.

Mr. Walter Henry and four children, also Mrs. Mary Henry, of Pointe Claire, were week-end guests of Mr. and Mrs. A. S. Auger.

Mrs. Nettie Kent spent the past week with her sister, Mrs. Sarah Kent, at Massawippi.

Mr. Jos. Demerit is ill with rheumatism.

Mr. A. J. Jackson is slowly improving after his recent illness.

Mr. and Mrs. H. L. Call, of Cookshire, were visitors of Mr. and Mrs. A. J. Connor, on Sunday.

Mrs. T. H. Woodard entertained at a birthday party in honor of her grandchild, Miss Mary Jean Woodard, on Monday.

Mr. and Mrs. Henry Taylor are on a motor trip to New Hampshire.

Mr. and Mrs. T. G. Parker visited Mr. and Mrs. A. F. Raymond, in Sherbrooke, on Sunday.

Mr. and Mrs. R. W. Bowen accompanied Mr. and Mrs. Wm. Hopkins, of Ayer's Cliff, on a motor trip to Montreal, recently.

Mrs. Bowen has returned to Ayer's Cliff, after spending the summer with her son, Mr. R. W. Bowen.

SHIP REPORTS HURRICANES
OFF NORTH CAROLINA COAST

Steamer Commercial Bostonian Badly Crippled in Gale at Frying Pan Shoals.

NEW ORLEANS, Sept. 18.—The steamship Commercial Bostonian was tied up in port today badly crippled from the hurricane that struck off the North Carolina coast last Friday, and her captain and crew told spectacular stories of the storm.

The steamship arrived with its radio antennae, life boats and after-house torn away, but with its miscellaneous cargo intact.

Captain Sexton M. Berrgren, of Jersey City, said the ship encountered the hurricane off Frying Pan Shoals, N.C., and that the wind was so strong it tore off the clothing of the crew. The Commercial Bostonian plies between New Orleans and Philadelphia.

NEW ROCKLAND

An accident, though not very serious, in which some motorists received minor cuts and bruises, occurred last Thursday evening. The covered bridge, crossing Salmon Creek, was under repair, with temporary planking at one end. It was entered by a car travelling fairly fast, containing four persons. When the car struck the uneven floor, the occupants were thrown about and sustained minor injuries. The bridge was protected with lights and vehicles had passed safely all the evening, before this one had trouble. Neighbors came to the assistance of the injured and they were soon able to proceed on their way.

Mr. and Mrs. Philip Owen, of Portland, Me., were visiting her father, Mr. Jas. Pennington, Mrs. Pennington and family and other friends in this vicinity, before going to Oranston for a few days with Mrs. Owen's sister, Mrs. M. Stalker and Dr. Stalker. Mr. Pennington went with them. Mr. and Mrs. Owen returned to Portland, via New York.

Mr. Robt. Jones and son, Mr. Elric Jones and young daughter, Miss Norma were called to Melbourn, Nova Scotia, to the death of Mrs. Jones' mother, Mrs. Latta. They spent a few days with Mrs. J. Jones.

ISLAND BROOK

Mr. Allen Ewing, of Cowansville, visited his parents, Mr. and Mrs. D. W. Ewing, over the weekend.

Miss Fraser Colby was calling on friends, recently.

Mrs. S. H. Miller is gaining after suffering with a bad attack of tonsillitis and bronchial cough. Dr. Johnston has been in attendance.

Guests during the past week-end at the home of Mr. and Mrs. Kenneth Morrow include Mrs. Hannah Jones, of Randboro; Mr. and Mrs.

CANCEL FLIGHT
OF CANADIAN TO
GREAT BRITAIN

Much-Heralded and Troubled Flight of Columbia Passes Out at Charlottetown.

ROOSEVELT FIELD, N.Y., Sept. 18.—The proposed flight of Captain Errol Boyd and Lieutenant Harry Connor to England has been cancelled according to a telegram received here from Charles A. Levine, owner of the transatlantic plane Columbia in which the flight was to have been made.

Levine cabled he had ordered cancellation of the flight. The telegram said the fliers would return to Montreal. The cablegram was received at Roosevelt Field by Roger Q. Williams. Williams delayed start of the transatlantic flight when he seized the Columbia at Montreal on a judgment for a debt allegedly due him from Levine.

A Canadian court, however, dissolved the writ, holding the Columbia on the ground that the debt had been contracted in a foreign country.

Boyd and Connor hopped from Montreal for Harbor Grace, Newfoundland, Saturday, but were forced down at Charlottetown, P.E.I. They have been waiting at Charlottetown since that time for favorable weather to continue to Harbor Grace and then take off on the ocean hop to England.

FRED SMITH, MR. AND MRS. HOLLS

Mr. and Mrs. Holles, of Sherbrooke, visited their parents, Mr. and Mrs. D. W. Ewing, over the weekend.

Miss Fraser Colby was calling on friends, recently.

Mrs. S. H. Miller is gaining after suffering with a bad attack of tonsillitis and bronchial cough. Dr. Johnston has been in attendance.

Guests during the past week-end at the home of Mr. and Mrs. Kenneth Morrow include Mrs. Hannah Jones, of Randboro; Mr. and Mrs.

An Insurance Policy
that will pay off the Mortgage

Worry over the mortgage on the home has caused many a sleepless night which has been totally unnecessary.

A Dominion Life Mortgage Policy will free you of this worry. At a cost which represents only a slight increase in the interest rate of your mortgage, this policy will, in the event of your death, guarantee payment of the outstanding mortgage on your home.

The coupon below will bring you full details and will not obligate you in any way.

A MORTGAGE on your home is not difficult to pay while you possess health, energy and earning power. But should circumstances deprive your family of your support and prevent further payments on the mortgage, then it becomes a menace to their comfort and well-being.

Many have pondered over this problem. Many have wondered who would pay off the mortgage should they die.

You can end this worry today. By taking out a Dominion Life Mortgage Policy you can rest confident your loved ones will not be compelled to forfeit their home in the event of your death.

DOCTORS STILL
SEARCHING FOR
CANCER REMEDY

Science Has Proved that Dread Disease Is Neither Hereditary Nor Contagious, Noted Surgeon Declares.

MONTREAL, Que., Sept. 18.—Though cancer still confronts the medical world as something in the nature of a Chinese puzzle, the advent of such modern surgical weapons against disease as radium, radiotherapy and X-rays has enabled eminent surgeons to get around this cantankerous malady, and it is hoped that a solution to the puzzle will soon be found. Such was the gist of learned papers on cancer, its treatment, its complications and developments, delivered by eminent French and French-Canadian doctors before members of the Association des Langues Francaises de l'Amerique du Nord, yesterday, at their convention in the Windsor Hotel. The doctors were not pessimistic as to the eventual outcome of evolutionary treatment of cancer. Rather, they foresaw the future cure of cancerous growths as inevitable, given the amazing progress being made today in medical science.

In the light of the most recent researches, cancer appears as an effect—possibly physico-chemical—in the breaking down of the cell, striking at once the colloidal, nuclear and protoplasmic complexes, declared Prof. G. Roussy, of Paris, in a paper entitled, "The Modern Trend of Ideas in Cancer." This, he said, provokes interference with the rhythm of growth and of functional

DISCRIMINATE AGAINST NONE IN NEW TARIFF

In Case of Increases on Various Items, All Three Schedules of New Rates Show Advance.

OTTAWA, Sept. 18.—Discrimination against any country is conspicuous by its absence in the revision of the tariff schedules announced by Premier Bennett Tuesday. Where the rates are increased, they are increased right across the board in all three schedules. The Canadian customs tariff contains three schedules of rates: the general tariff, applicable to most countries of the world; the intermediate tariff, applicable to countries with which Canada has trade treaties; and the British Preferential tariff, applicable to Great Britain and certain of the British Dominions with which Canada has trade agreements.

Officials, who have given a great deal of study to the new tariff say that it was formulated with the idea first of helping Canadian industry. While the advances cover the three classes of tariffs, it is estimated that the increases in the aggregate are slightly more in the general and intermediate than in the British Preference. Any advantage there is towards the British preference they state. On the whole, however, no wide divergence appears in the proportion of the increase in the various lists.

An example of this equal distribution of the increases may be found in the textile items. On woven fabrics of cotton, not bleached, mercerized nor colored the old rates were: British Preference, 12½ per cent; intermediate, twenty per cent and general, 22½ per cent. The new ad valorem rate is British Preference 17½ per cent; intermediate, twenty per cent and general, twenty-five per cent. To this is added a new specific duty of three cents per pound under the British Preference, 3½ cents under the intermediate and four cents under the general tariffs.

A notable exception to this rule is found in the items covering agricultural implements and tools. Most of these articles entered free of duty under the British Preference before and no duty is now imposed, although the rates under the general and intermediate schedules are increased. Little importance is attached to this feature, however, as practically no agricultural machinery is imported from Great Britain. On

CLAIMS BUTTER DUTIES TO BE PROHIBITIVE

New Zealand Premier Sees Little Hope of Renewing Trade Treaty if New Eight Cent Duty Is Retained.

OTTAWA, Ont., Sept. 18.—An eight cent per pound duty on New Zealand butter would be "prohibitive" as far as the exportation of that commodity to Canada was concerned, declared the Rt. Hon. G. W. Forbes, Prime Minister of that Dominion, in an interview here yesterday. He hoped an arrangement might be made whereby some adjustment might be achieved, but "considering that the duty was put on just as we landed in Ottawa the situation," said Premier Forbes, "doesn't look too hopeful." New Zealand, however, stood prepared to discuss things.

The policy of that country was to encourage trade with those nations which traded with New Zealand. If such nations said they did not value New Zealand's business, then that

most of the agricultural machinery items the increases in the general and intermediate schedules range from five to ten per cent.

Dominion would have to look elsewhere, notably to the United Kingdom. If prohibitive duties were imposed on imports from New Zealand, continued Mr. Forbes, obviously such a one-sided trade could not go on. New Zealand had to export her produce in order to pay for her imports. Twenty per cent of the Dominion's butter exports were sold to Canada.

In the last ten years, figures showed that Canada had enjoyed a favorable trade balance over New Zealand, Mr. Forbes went on. And in the years since the Australian Treaty was extended to New Zealand and the advantage to Canada had averaged in the neighborhood of seven million dollars annually. Last year Canadian exports to the sister Dominion were valued at \$23,289,000, while in return New Zealand exported to Canada goods with a value of \$16,206,000.

With regard to the recent decision of the New Zealand Government to withdraw the preference

extended to Canada on Canadian automobiles, Premier Forbes said that even with this the Canadian manufacturer had a 15 per cent preference over the United States. The biggest increase in motor-car imports had been enjoyed by the Canadian exporters. He felt this was a valuable business to Canada, inasmuch as New Zealand spent more per capita on automobiles than any other country in the world, with the exception of the United States.

The economic conference was all

important. If trade within the Empire was to become an accomplished fact, then the Dominions would have to meet each other. While all members of the Empire had the responsibility of looking after themselves first, there was the wider field of intra-Empire trade to be considered. The last conference had dealt with Dominion status, and that was now settled. The forthcoming assembly would treat of trade matters.

While New Zealand had an unemployment problem like other countries, it was not acute. The

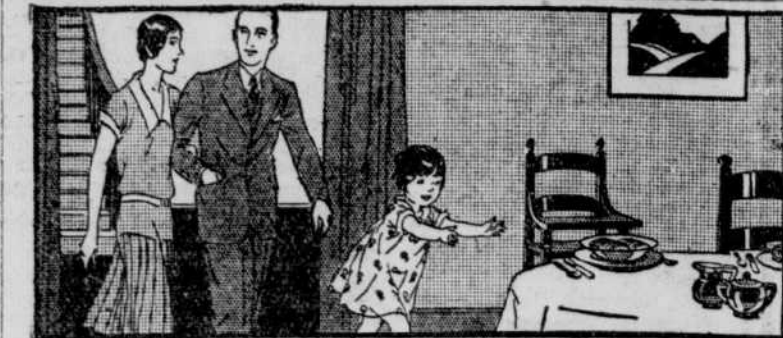

Dominion's finances were in excellent condition, while the present year had been very productive in all departments of agriculture.

Mr. Forbes, who reached Ottawa with the New Zealand delegates to the Imperial Conference yesterday morning, saw the Hon. R. B. Bennett and several cabinet ministers. Hon. S. F. Tolmie, Premier of British Columbia, also met Mr. Forbes.

At one o'clock the New Zealanders were guests of Mr. Bennett at a private luncheon. Last night they were the guests of their Excellencies

the Governor General and Lady Willingdon at a dinner at Rideau Hall. They will leave today for Montreal en route to London.

TO RESUME RELATIONS WITH SOUTH AMERICAN STATES
WASHINGTON, D. C., Sept. 18.—Secretary Stimson announced yesterday he had ordered American diplomatic representatives in Argentina, Peru and Bolivia to resume normal diplomatic relations with those countries.

NO FRIEND LIKE AN OLD FRIEND

For thirty-five years millions have shown preference for Shredded Wheat over all other cereal foods—and it's so easy to understand why. It's the whole wheat in its most digestible form. The crisp, crunchy shreds encourage thorough chewing—and the more you chew it the better you like it. So easy to serve a quick breakfast because it is ready-cooked. Delicious for any meal.
