RIOTING BREAKS OUT IN DESTROYED CITIES Brome Honors War Heroes--Italy Still Standing Firm

Casualties May Total As High As 500,000--Rioting Menaces Destroyed Cities

Two Hundred Koreans, Driven from Tokio by Soldiers Enforcing Martial Law, Have Procured Arms and Started Disturbance--Lawlessness and Disorder Break Out in Practically All Destroyed Cities--Metropolitan Police of Tokio Estimate that Casualties from Earthquakes and Fire Will Reach 500,000, and that 300,000 Houses Have Been Burned--Martial Law Declared--Food Riots Reported to Be in Progress in Tokio.

(Associated Press Despatch)

SHANGHAI, September 4.—Reports received here today said rioting menaced the destroyed Japanese cities. Two hundred Koreans, driven from Tokio by soldiers, enforcing martial law, procured arms in Hachioji, near the capital and started a disturbance. The police were arming officials and citizens to cope with the situation, according to a Japanese news agency dispatch which states that the revolting Koreans had connections between Tokio and Yokohama.

TOKIO REPORTED TO BE STILL IN FLAMES

(Associated Press Despatch)

SHANGHAI, Sept. 4.—Tokio still in flames; loss of life there alone at least 150,000; damage perhaps half a billion yen (about \$250,000,000). These were the latest estimates received here this afternoon in a special despatch by the Eastern News Agency from Osaka.

Restoration of telegraphic communication between Osaka and Tokio brought the capital a flood of delayed messages of condolence from the rulers and executives of the world powers.

ALMOST WHOLE OF TOKIO AND YOKOHAMA DESTROYED

(Associated Press Despatch)

OSAKA, Sept. 4.—Almost the whole of Tokio and Yokohama have been destroyed by earthquakes followed by fire, and the loss of life is now estimated at from 120,000 to 200,000 or more. Two hundred thousand houses have been burned down in the two cities.

ONE REPORT STATES CASUALTIES WILL TOTAL 500,000

(Associated Press Despatch)

SAN FRANCISCO, CAL., Sept. 4.—Casualties from the earthquake and fire total 500,000, and 300,000 houses have been burned. It is estimated by the metropolitan police of Tokio, according to a courier from Oyama, who reported at Tomioka to the radio corporation of America. The report received in San Francisco this morning said the Imperial palace was being guarded by one regiment of infantry, a battalion of engineers, and the Imperial division.

DEAD IN TOKIO ALONE WILL NUMBER 150,000

(Associated Press Despatch)

PEKIN, Sept. 4.—In Tokio alone the dead from the earthquake and fire number 150,000, according to an estimate given the Japanese legation by the naval radio.

MANY PROMINENT GOVERNMENT OFFICIALS WERE KILLED

(Associated Press Despatch)

OSAKA, Sept. 4.—Prince Natsukeita has died of injuries in the earthquake, and Viscount Takahashi, former premier, and twenty other leading members of the Seiyukai, or Government party, were killed on Saturday while holding a conference.

GREAT EXPLOSION IS REPORTED AT OWAKIDINI

(Associated Press Despatch)

OSAKA, Sept. 4.—A great explosion has occurred at Owakidini, in Hakone, one of the hot springs of Japan, located about fifty miles from Tokio.

FOOD RIOTS HAVE BROKEN OUT IN TOKIO

(Associated Press Despatch)

SAN FRANCISCO, Sept. 4.—Food riots have broken out in Tokio, according to a radiogram received here last night.

TERRIBLE TRAGEDY AT TOKIO STATION--RAILROADS BADLY DAMAGED--YOKOSUKA NAVAL BASE DESTROYED

(Associated Press Despatch.)

OSAKA, Sept. 4.—A terrible tragedy was enacted in and around the Ueno railway station in Tokio on Saturday afternoon. Thousands of refugees, unable to find shelter inside the great station building, were massed in Ueno Park, while inside, it is estimated, eight thousand were gathered.

An outbreak of fire from a break in a gas main nearby threw the entire mass into a panic, which became worse when the fire attacked the station buildings themselves.

No estimate of the casualties which ensued has been made, but those viewing the place said these were "staggering" in number. Bodies were piled helter-skelter around the station, men, women and children mingled indiscriminately as they fell and were trampled in the mad rush to escape from the fire.

The tidal wave which followed the earthquake raced up the Sumida River, destroyed houses on both sides and drowned many residents of Tokio.

The wave also severely damaged property on the Peninsula of Izu and Sagami and neighboring districts.

ONLY ABOUT FORTY THOUSAND PERSONS LEFT IN CITY OF YOKOHAMA--ATTACK WAS MADE ON NEW PREMIER

(Associated Press Despatch)

PEKING, Sept. 4.—There are but forty thousand persons left in the city of Yokohama, all the rest being dead or having fled to places of greater safety, according to a landing party from the steamer Korea Maru, whose report on conditions was received here today. Yokohama's population as given by the last enumeration was approximately 423,000.

The landing party, it is asserted, obtained evidence in support of the earlier story that an attack had

been made on the new premier. The story as relayed through them was that the count was attacked while attending the session at the naval club at which the new cabinet was outlined and which the earthquake interrupted. The attacker's aim, it was said, was frustrated by others present.

The landing party sought to proceed from Yokohama toward Tokio, but was prevented from doing so by the police, who blocked the road and denied passage to all who were not carrying their own food supplies or

trucks.

Many of the noted summer resorts near Tokio suffered heavy damage and some were destroyed.

Though virtually all railroads on the island of Honshu (principal island of Japan) were damaged heavily, the Tokaido line, running from Tokio to Kobe, suffered worse. On this line the rails were bent and twisted by the writhings of the earth, bridges were twisted from their foundations, some station buildings caught fire and were burned down and some trains, both freight and passenger, were thrown from the rails and wrecked.

Casualties in the region traversed by this road, it is feared, will be heavy.

The recovery of railway traffic will require at least a month, it is believed.

The Yokosuka Naval base was destroyed in part by the earthquake and in part by the tidal wave which followed. There was heavy damage to ships anchored there, and it is rumored that some of the war vessels' magazines exploded, wrecking them, but this is not confirmed.

The third problem is that of reconstructing the ruined cities, the railways, roads and telegraph and telephone lines. It is estimated that at least \$1,000,000,000 sterling will be required for this work.

PRINCE OF WALES WILL TRAVEL AS LORD RENFREW.

LONDON, Sept. 4.—It is now officially announced that the Prince of Wales, who is scheduled to reach Quebec on September 12th, will travel as Lord Renfrew and not as the Duke of Cornwall, as was formerly intended.

could not prove the urgency of their mission in the stricken capital. Efforts of the legations here to communicate with Tokio thus far have proved fruitless.

CASUALTIES IN TOKIO WILL NUMBER 130,000

(Associated Press Despatch)

NAGASAKA, Sept. 4.—The special bureau opened for the aid of earthquake victims announces that 350,000 houses have been destroyed in Tokio and that the casualties number 130,000.

WILL BE HEAVY CLAIMS ON BRITISH INSURANCE FIRMS

(Associated Press Despatch.)

LONDON, Sept. 4.—Probably the heaviest insurance loss by the Japanese disaster will fall on the London Marine Insurance Market. The earthquake risk in Japan is so great that it is excluded from ordinary fire policies, and only where special insurance has been arranged for will the owners of damaged property be able to recover. On the other hand, the results of the earthquake will certainly bring heavy claims on Marine Insurance policies covering goods in steamers, craft and lighters at the docks and quays and in some cases in transit over land and in inland warehouses.

It is said that the Grand Hotel at Yokohama, believed to be destroyed, is insured against earthquake for £115,000, while the United Club of Yokohama is insured for £80,000, and some of the premises of the big merchants are believed to be similarly insured.

It is expected that there will be some claims against Lloyds Underwriters for loss of life. It is the loss of merchandise, however, that will cause most of the claims on the British insurance market, but heavy though it be, it will be widely spread over the whole market. The rates now charged for earthquake risks are about double those current before the disaster.

Japanese Government Boldly Facing Its Gigantic Problems--Looting And Violence Reported--Martial Law Has Been Invoked

Estimated that at Least £1,000,000,000 Sterling Will Be Required to Reconstruct Ruined Cities, the Railways, Roads and Telegraph and Telephone Lines--Imperial Gardens Thrown Open to Refugees.

(Associated Press Despatch.)

OSAKA, Sept. 4.—The Japanese Government is boldly facing three gigantic problems arising out of the greatest disaster in the history of Japan. The first problem is that of providing food, shelter and clothes for more than 2,000,000 people in Tokio and for many additional millions in the other cities and districts affected. The emergency commandeering act will enable the authorities to requisition the necessary supplies and labor.

The relief work is being organized throughout the nation. The second problem is that of maintaining peace and order in Tokio and other cities, where already looting and violence are reported. Martial law has been invoked and other military measures have been adopted to cope with this situation.

The third problem is that of reconstructing the ruined cities, the railways, roads and telegraph and telephone lines. It is estimated that at least £1,000,000,000 sterling will be required for this work.

The entire Japanese people are determined bravely to go through this unprecedented national crisis. Osaka is peaceful and quiet, but the people here realize that the relief of millions of their compatriots and the saving of the empire largely depends upon them.

The worst suffering reported from the entire devastated region is at Yokohama.

Lawlessness and disorder are prevailing there, the local authorities being insufficient to handle the situation. It is said the city was burned to ashes by Monday morning and great heaps of bodies filled the streets. The casualties are estimated at 100,000.

An emergency relief bureau has been established in Tokio and an army of citizens who escaped the disaster is supplying provisions and water to the victims.

Premier Mussolini Has Refused To Accept League's Jurisdiction In Greece-Italian Dispute--To Recall Delegates From Geneva

Impression Prevails at Geneva that Crisis Between Italy and Greece Is Less Strained--Britain Holds Situation One for Adjustment by League--British Officials Do Not Believe Prospects of Early Settlement Have Improved--Athens Completely Isolated.

(Associated Press Despatch.)

AS the Council of the League of Nations considers the Greco-Italian dispute, Premier Mussolini lets it be known that he is ready to recall the Italian delegates from Geneva in case the League does not share Italy's opinion that the controversy, affecting directly the honor and dignity of Italy, is between Rome and Athens only.

Reports of the Italian position reaching Geneva also contain the information that Italy is willing to have the Permanent Court of International Justice pass on the competence of the League to intervene. The Court, in the opinion of League officials, would decide unhesitatingly that the League had authority.

The impression prevails at Geneva that the crisis between Italy and Greece is less strained.

The British Government still holds that the situation is one for adjustment by the League of Nations. It

is said in London that in case the League Council does not intervene, the Scandinavian countries have decided to withdraw their representatives. Great Britain does not believe the prospects of an early settlement have improved.

ITALIAN OFFICIAL DENIES REPORT

(Associated Press Despatch)

GENEVA, Sept. 4.—A member of the Italian delegation to the Assembly of the League of Nations today authorized the League Secretariat to deny that Italy had ever officially repudiated the competency of the League to handle the Greco-Italian crisis.

COUNTER-REVOLUTIONARY REPUBLICAN MOVEMENT

(Associated Press Despatch)

ROME, Sept. 4.—Athens is completely isolated and the Greek Government is allowing no reports concerning the "grave internal situation," to be sent from the capital, says a despatch received here from Greece shortly before noon today.

A counter-revolutionary Republican movement is under way, the despatch adds, and is gaining ground despite drastic measures taken by the government including the immediate arrest of all suspects and the confiscation of arms. The followers of late King Constantine's party are said to be preparing for action.

As an indication of the drift of public opinion, the despatch says the tomb of Colonel Gounaris, who was executed by the revolutionary government last November, is constantly covered with flowers, in strong contrast to its previous neglected appearance.

COUNTY OF BROME PAID A SOLEMN TRIBUTE TO ITS FALLEN DEAD AT THE UNVEILING OF WAR MEMORIAL

Very Impressive Service Held at Knowlton Yesterday Was Attended by Thousands from All Parts of County and Various Sections of Eastern Townships--Dr. Harris, Warden of County, Declares that Brome County Council Subscribed More Money to Patriotic Fund than Any Other Individual County in the Province of Quebec--Monument Unveiled by Lieut.-General Sir Richard Turner, V.C., K.C.M.G.

(Special to the Record)

KNOWLTON, Que., Sept. 4.—The County of Brome bowed its head yesterday and paid solemn tribute to its fallen dead at the unveiling of a war memorial, recently erected in front of the Knowlton High School. Thousands from all parts of the county and from various sections of the Eastern Townships gathered before the monument, cloaked in the folds of a large Union Jack, and a strong representation of returned soldiers marched to the scene of the service. Four warriors, as still as statues themselves, guarded the memorial in honor of their fallen comrades throughout the ceremony; and a hush, as still as death, came over the spectators as Lt. Gen. Sir Richard Turner, V.C., K.C.M.G., released the red and white covering and the bronze figures of a Canadian fighter and an angel, heralding his imperishable glory, stood revealed as the flag fluttered to the ground.

The Band of the Grenadier Guards, of Montreal, then played "Guards, My God To Thee"; the Last Post rang out with its throbbing notes; the National Anthem was sung and the principal part of the ceremony had been completed.

The monument, which will stand for all time as a tribute to the sixty-three men from the county who gave their lives in the war, is the work of Mr. Couer de Leon McCarthy and is one of the most beautiful memorials in the Eastern Townships. The life sized figures, wrought in bronze, stands on a large granite base, upon the sides of which bronze tablets have been placed, bearing the names of the dead.

General Turner, in opening his address prior to the unveiling, thanked the Warden of the County for inviting him to perform this solemn act, saying: "It is always a pleasure and an honor for a Canadian soldier in my position to take part in any ceremony that serves to remind us that Canadians are grateful for the sacrifice of their sons. But it is a special honor, and so I esteem it, to be asked to unveil a monument, not the gift of a few zealous Canadians, but paid for by the people of Brome County, composed equally of French and English and willingly contributed to by the most important as well as the humblest of your citizens, for the spirit in which this work has been carried on may well serve as an example to every municipality throughout Canada." Sir Richard paid a high tribute to the discipline and devotion to duty shown by the Canadian troops during the war and as he unveiled the memorial he uttered the fitting words: "To the glory of God and in loving remembrance of those brave sons of Brome I unveil this soldiers' memorial and dedicate it for all time to bear loving memory of their sacrifice and of the appreciation of the people."

The speaker then enumerated the names of the gentlemen, who were responsible for the erection of the memorial and spoke enthusiastically about the design by Mr. McCarthy, "which has been transferred into bronze and granite." The monument to the employees of the Canadian Pacific Railway Company, who fell overseas and which is placed in the Windsor Station, Montreal, is also an example of this sculptor's work, and has been highly praised.

"Having a Council animated in accomplishing a worthy duty, a sculptor who has given us a monument worthy of our fallen heroes," said Dr. Harris, "it was very right and natural that to officiate at this function today we should ask one who was considered so worthy by his sovereign the King, as to have bestowed upon him numerous honors, and we asked Lt. Gen. Sir Richard Turner, V.C., K.C.M.G., to be with us today and the most gratifying feature of his ready acceptance was that he did not consider it a duty but considered it an honor to unveil the Brome County monument. But ladies and gentlemen, you will agree with me that it is unnecessary for me to eulogize a British or Canadian soldier, who has shown by his ability and by his heroism, qualifications that gave Lt. General Sir Richard Turner the greatest gift any soldier of the Empire can receive at the hands of his sovereign, namely the Victoria Cross and we are glad that he is with us today and we heartily welcome him amongst us. He is to unveil a monument erected by the people of Brome, in living gratitude to sixty-three Brome boys, who upheld the honor of this county and gave up their young lives that we might live. He is unveiling a beacon light of sacrifice, a slight token from us to future generations that Brome people in a small way wished to perpetuate the memory of their glorious dead."

The speaker said he did not know the ideas of his listeners concerning war, but in his closing words stated: "It is a small souled creature who will not honor the boy who from a sense of duty goes to fight for his country, goes to fight for what he considers right; goes to fight to uphold civilization and Christ as he has been taught it." Dr. Harris then read the names of those who paid the supreme sacrifice and only the relatives of those whose names are inscribed in everlasting bronze, remained seated as the Warden called the roll of those who have passed on.

The names follow: Tom Birchfield, Gardner Booth, Myron Brown, Reginald Brown, William Brereton, Glen C. Coapland, Gordon H. Crowell, Gordon Cook, James Cunningham, Edward Clark, Sam Cook, Russell S. Deuel, Royce C. Dyer, C. Edward Dyer, J. Dalton, E. L. Eland, F. Ferland, G. Fuller, Alexander S. Fuller, David Fraser, George Gilman, William Guirvan, Albert Haggood, Jos. May Well Serve as an Example.

County Council Readily Agreed To Plans.

Dr. N. M. Harris, Warden of the County, presided, and gave the opening address of the day. After extending a cordial welcome to all those who had accepted the invitation of the Council to be present at the unveiling, he afterwards gave a detailed account of the activities which were necessary before the Brome County Memorial had reached the final stages of completion. "The first time I heard any discussion in reference to a soldiers' memorial," he said, "was at a meeting of the Knowlton Council when the advisability of erecting a monument to the boys from Knowlton was considered, and after we had talked the matter over it was decided to bring the matter before the County Council. I knew the patriotism, which during the war had animated the members of the County Council, before I became a member. Perhaps you do not know it, but it is a fact that under the tenure of office as warden of Messrs. A. W. Pettes and Safford, the Brome County Council subscribed more money to the Patriotic Fund than any other individual county in the Province of Quebec."

There was not a dissenting voice on the council and early in December, 1920, designs were presented for inspection. Of these none were satisfactory until Mr. Couer de Leon McCarthy produced a photograph of the design, which was finally chosen. "As soon as the members of the Council saw it," said Dr. Harris, "they immediately decided that they would have it, no matter how expensive, and I have always felt a certain amount of pleasure in the fact that it was one of our French Canadian members, Mr. Moquin, of Eastman, who moved that the Warden and the Secretary, on behalf of the Council, enter into a contract with Mr. McCarthy for the erection of the monument which we are to unveil today."

The speaker then enumerated the names of the gentlemen, who were responsible for the erection of the memorial and spoke enthusiastically about the design by Mr. McCarthy, "which has been transferred into bronze and granite." The monument to the employees of the Canadian Pacific Railway Company, who fell overseas and which is placed in the Windsor Station, Montreal, is also an example of this sculptor's work, and has been highly praised.

ABBOTSFORD

Pomological Society Met

The annual summer meeting of the Pomological and Fruit Growing Society of the Province of Quebec was held at the Parish Hall on Wednesday and Thursday, August 29 and 30, under the most favorable auspices. The attendance was large, attentive and enthusiastic. Mr. J. R. Marshall, of Abbottsford, president of the society, opened the meeting in his usual manner, calling attention to the great advantages of these gatherings to the growers of fruit, especially apples, the main product of this locality.

Mr. C. Vaillancourt, of Quebec City, the first speaker, spoke of the great advantages of apiculture to the horticulturist in increasing the yield of fruit by the fertilization of the blossom, and of the care that should be exercised in spraying at the right time, so as not to injure the busy bee.

Mr. Robert Brodie, of Montreal, a veteran fruit grower, supplied the wit and humor for the meeting by his comparison between the apple and the orange, or rather Canada versus Florida, showing that the latter was all right in winter, but was away behind the former as a home and place of business.

Dr. B. T. Dickson, of Macdonald College, spoke exhaustively on the diseases of small fruits, bringing out in particular the ailments of the raspberry and the strawberry and the necessity of destroying the curant and gooseberry when anywhere near the white pine, on account of the white pine blister rust.

In the evening the society was tendered a banquet by the wives and daughters of the local members, after which several of the guests expressed their appreciation of the hospitality.

Later in the evening when the program was resumed, Prof. T. G. Bunting, of Macdonald College, spoke fittingly on orchard location and soils, the very foundation of fruit-growing.

Mr. Davis, assistant Dominion horticulturist, spoke at length on fertilization, especially to induce fruiting each year. This talk was followed by a lengthy discussion in which numerous members took part.

Professor Macoun, Dominion horticulturist, then gave a very detailed account of cherry culture in Wisconsin, which state he had recently visited.

On both Wednesday and Thursday.

Don't delay fighting constipation with BRAN that is ALL BRAN!

When constipation flashes its signals of sickness into your eyes and cheeks; into your breath, your brain and your appetite, it is absolutely necessary that you hasten to it. Toxic poisoning stands close by. Bright's disease and other dangerous diseases await their turn!

The remedy that nature offers is the simplest and most effective—Kellogg's Bran, cooked and krumbled, which is ALL BRAN! And it is ALL BRAN! It is ALL BRAN you need when you start to fight constipation. You can't afford to delay a minute and you can't afford to use half-way measures with foods that contain a percentage of bran! Your physician will recommend Kellogg's Bran because it is not only effective, but because it is delicious. Why—you will like it as much as you need it!

Several of the Abbottsford orchards were inspected by the society. On the latter day occurred the great treat of the programme, an excursion by motor to the orchard of Mr. Damarais on Mount Johnson, where the visitors were much impressed by the excellent work which has been accomplished by that gentleman in clearing and setting out an orchard of great promise. From all available accounts the banquet which Mr. Damarais served to his guests will remain long and pleasantly in their memories. This latter event brought to a fitting close the largest summer meeting of the Pomological and Fruit Growing Society on record.

STEADY GROWTH EXPERIENCED IN COWANSVILLE

Town Now Possesses Several Important Manufactories—Civic Improvement Noticeable.

COWANSVILLE, Sept. 4.—(Special)—Cowansville, long known as a dairy and rural center, now bids for recognition as an industrial center of growing importance.

The recent establishment of the Premier Silk Mills and the further growth of the W. F. Vilas factory, and of other smaller concerns, have resulted in a town boom and somewhat extensive building operations.

Citizens are organizing to further this advance and promote the industrial activities of Cowansville.

An appreciative article on Cowansville, at the present time, therefore, seems quite in order.

The Council.

The Council which directs the municipal affairs of the community is composed of: Mr. Robert Curley, Mayor; Mr. Nelson Wyatt, Mr. Ed. Goyette, Mr. C. Benham, Mr. W. N. Hawk, Mr. C. H. Nye, Mr. Boucher, and Mr. Frank Hulburd, secretary-treasurer.

Village of Cowansville is situated in the northeast corner of the County of Missisquoi on the south branch of the Yamaska River, fifty miles from Montreal, and about the same distance from Sherbrooke, Que., and Newport, Vt., and forms part of the Township of Dunham. A remarkable coincidence is that the extreme western and eastern points of the municipality are marked by beautiful residences with extensive grounds tastefully laid out with flower beds, shrubs, hedges and trees. The house on the eastern limit was built by the late Mr. Carter, of Montreal, about fifty-five years ago; the grounds are remarkable for their fancifully shaped hedges. The house is a very large square building. It was purchased from the Carter estate by the late Judge McCorkill and since his death has changed hands a number of times. It is called "Fairfield," and is now owned by Mr. Halley. Everyone who has owned "Fairfield" has made many improvements, so that now it is a beautiful residence.

The estate occupying the extreme western point of Main street is owned by Mr. J. F. McLean, formerly of Montreal. The house is a beautiful building, of Elizabethan architecture, modelled after a dwelling in Scotland, and named "Braemar." The grounds are very beautiful and need to be seen to be appreciated.

The main street of Cowansville, which is on the north side of the river and running east and west, is built on a ledge which extends as far as the corner of James street.

The south side of the river is comparatively level and is surrounded by hills which form a very pleasing outlook.

A Bit of History.

The history of the village is a very interesting one and dates back to the year 1798, when Jacob Ruiter, son of John Ruiter, an early settler at Philipsburg, came here and located on the south side of the river near where the lower bridge now stands. Mr. Ruiter died in 1840, leaving nine children. A number of his descendants are living in this locality. The place had previously been called Nelsonville, but from the circumstance that a village in Upper Canada bore the same name, it was thought advisable to give the post office the name of Cowansville, and Mr. Peter Cowan was appointed as postmaster. Mr. Cowan came here from Montreal in 1836. He cleared one hundred acres of land near the village and took an active interest in all matters pertaining to public improvement, and contributed largely toward building the Episcopal and Congregational churches, and the old Court House (now the Town Hall).

The area of the corporation covers 1280 acres, with six and one-half miles of streets. Five and three-eighths miles were macadamized eleven years ago and the remaining three-quarters of a mile is improved. Men are at present engaged in repairing the roads with broken stone and tar. There are four miles of sidewalk. Fine maple trees line many of the streets, and no doubt many more will

be planted in the near future as new streets are being opened up. Last year a new street named "Cotton Street," running east and west from Willard to South streets, was opened, and this year another one further west has been opened. About twenty-five years ago a reservoir was built on the hill near George Ford's. When this was found to be insufficient for the needs of the village connection was made with Sweetburg by a four-inch main.

Plenty Of Electric Current.

The Southern Electric Power Company supplies the village with electricity for light, cooking and power. Nearly all the streets are well lighted, the amount paid the Company by the corporation last year being \$712.60.

The Fire Brigade.

A very efficient volunteer fire brigade under the captaincy of Mr. Homer Hauver, answers readily to any call for help in case of fire. \$237 worth of firemen's supplies were purchased last year, also a fine pump which cost \$2,500.

The revenue of the corporation from all sources last year was \$16,760.43. Donations have been made to the Sweetburg Hospital, skating rink and charity amounting to \$582.

Industrial Growth.

About twenty-five years ago Hon. W. F. Vilas, M.L.A., opened a foundry and factory for the manufacture of agricultural implements. Later a wood shop was added, and a specialty of school desks is made, and a few years ago an enamel plant was added. Four years ago an incorporated company, with Mr. Vilas as president, was formed. For many years this industry was the leading one for many miles around, numerous employees living outside the village. At present about two hundred hands are employed with an office staff of seven. For many years Mr. Vilas was Mayor of the village. He has always taken a keen interest in its welfare and has been most generous in contributing time and money to all good causes. Mr. Vilas is ably supported in this good work by his helpful wife.

Another Industrial Advance.

A few years ago the Premier Silk Mills Company bought the factory which was built for the manufacture of Malt Breakfast Food. A large addition has been built and other buildings are contemplated. About two hundred and twenty hands are employed here, and it is expected the number will be largely increased in the near future.

The J. J. Barker Sign Company have a fine printing establishment situated near the railway station. Good work is done by this firm and a patent on a certain finished sign has been secured and has proved a lucrative source of income.

The Wyatt Lumber Company have a fine equipment for finishing lumber of all kinds.

Sears Bros. have a sash and door factory, which is well equipped with machinery for their business, which has had a great boom during the past few years of activity in the building line.

Mr. Clare Buzzell has been employed in the manufacture of radio apparatus during the past two years and has turned out hundreds of these popular instruments.

All trades are represented here: garages, shoemakers, carriage shop, plumbers, blacksmiths, painters, paper hangers, barbers, etc. A new restaurant and fruit store has recently been opened on South Street, making three in all. For a number of years the Eastern Townships Bank, which occupied the building now owned and used as a residence by Hon. W. F. Vilas and family, was the only bank here. In 1908 the Canadian Bank of Commerce built a fine structure at the corner of Main street. The late Mr. H. Williams was the manager at the time. He was succeeded by Mr. F. E. Kerridge, who in turn has been succeeded by Mr. J. H. Doak, the present manager. In 1914 a bank was built on Main street on the site of the "Observer" printing office, by Messrs. J. George Walsh has been the manager since its inauguration. Mr. Walsh owns the fine property known at one time as "Millbank." A few years ago the house was completely remodelled and is now one of the finest residences in the village.

The river is crossed by two iron bridges. The one at the western end was built in 1904, to replace a wooden one, which was carried away by the ice in the spring of the same year. High cement abutments are built at either end, making it much higher than the former one.

The village is well supplied with members of the profession. Lawyers, doctors, notaries, ministers and a first class druggist are among the valued and highly respected citizens.

Two Fraternal Orders.

The social and fraternal life of many is well looked after by the different lodges and clubs. The Odd Fellows and Masons have finely equipped lodge rooms, situated on the top floor of McClatchie Brothers business block. These rooms can be opened up, making an ideal place for social gatherings.

The Churches.

There are three Protestant churches. The Congregational Church was built in 1852 and rebuilt in 1890. A history written in 1866 contains these words regarding those associated in this fellowship at that time: "This church maintains its right to judge all things by the infallible Word of God, and to reject or receive, as seems in its judgment agreeable to the testimonies of Divine truth, and we promise to walk together according to the commandments of the Lord Jesus." It is also recorded in the same history that few country churches have so good a choir, or give such prominence to congregational singing. In July last a fine pipe organ was installed at a cost of \$3,000. This instrument is a memorial in honor of those who took part in the Great War, and the names of the men are inscribed on a bronze tablet which is placed on the front of the organ. On September 6th a grand organ recital will be given in this church by V. S. Chamberlain, of New York, who was heard so acceptably on the day of the dedication.

In 1859 Trinity Church was built on South street. Five years previously Christ Church in Sweetburg was built, and as both of the churches belong to the same parish, a semi-centennial anniversary was held in August, 1904, which extended over three Sundays, when addresses and sermons were delivered by a number of former rectors, the Hon. G. B. Baker, K.C.; J. O'Halloran, K.C., and J. P. Noye, K.C. These addresses are most interesting reading. They have been printed in full and form an interesting souvenir of that important occasion. Trinity Church is splendidly equipped with pipe organ, memorial pulpit, a number of memorial windows, a pipeless furnace, electric lights on brass standards, and many other fine furnishings. Rev. A. T. Love is the present rector. He is a young man of splendid ability, and under his leadership of the past four years the congregations have increased largely and a great many improvements have been made. The parish owns a very commodious rectory which is a fine example of Gothic architecture. They also have a Church Hall which is splendidly equipped for social gatherings.

The Methodist Church was built in 1889. It is rather smaller than the other churches but is very cosy. A new furnace was installed last year. These churches have very active women's and young people's societies. A fine parsonage situated on William street is kept furnished and in splendid order by the work of the Ladies' Aid. Rev. H. Allenby is the present pastor. He also preaches at East Farnham, Fordyce and Wood school house. Rev. R. W. Carr is the pastor of the Congregational Church.

Building Society.

During the past year a building society has been organized called the Cowansville Realities Ltd. The intention is to build twenty houses to provide accommodation for the rapidly growing town. Six of them are nearly finished and the remainder will be proceeded with immediately. The society has about fifty-two subscribers with a capital of about \$22,000. The officers of the society are: Mr. George Walsh, president; Mr. A. W. Ross, treasurer; Col. Stockwell, secretary. Besides the company houses, there are a number being built by private parties.

The New School.

A very interesting and important piece of construction going on at the present time is the "Heroes' Memorial School," on South street. It is a fine building of solid brick, and will be ready for occupation by November 1st. In the morning classes will be held in the old building. The School Commissioners are Dr. Rodger, chairman, Messrs. Jas. McClatchie, J. H. Doak, F. Laver, W. G. Brown and A. McPhee, secretary-treasurer.

Municipal Improvements.

During the summer a survey was made for a sewer for the south side of the river. The plan and specifications have been accepted and tenders are being called for. A by-law is to be voted on shortly to authorize the borrowing of funds for this purpose. The new sewer will extend along South street to Depot extending west to Willard street and emptying into the river.

The Ottawa Hotel is under the management of P. E. Hauver and Son. Splendid accommodation is given to the travelling public.

Cowansville is well supplied with stores for the sale of dry goods, groceries, hardware, furniture, gents' furnishings, boots and shoes, jewelry, automobiles, etc. A new valuation roll has recently been made which gives the property value as being \$430,000. Although there is only one line of railways, there is a splendid train service, three passenger trains to Montreal each day and the same to Boston. The C.P.R. have a fine station which has recently been remodelled and newly furnished. During the past year a wide new cement walk has been extended east to the crossing and the grounds have been beautifully laid out and flowers and shrubs planted, making it a thing of beauty. Mr. H. LeGallais is the agent.

It has been said that there is always something interesting going on in Cowansville and this is perfectly true. A new population and new business men and methods have replaced the old, but if the present population do as much to add to its beauty as the passing generation have done it will be a town to be proud of.

MARRIAGES

JENNINGS-SMILLIE.
RICHMOND, Que., Sept. 4. —Chalmers' Presbyterian Church, Richmond, was the scene of a very pretty wedding on Saturday, September 1, at 4.30 o'clock, when Charlotte Grace, eldest daughter of Mr. and Mrs. J. A. Smillie, was united in marriage to Mr. Samuel Campbell Jennings, son of Mr. and Mrs. S. R. Jennings, of Montreal. The church was prettily decorated with ferns and flowers, the pews being tied with clusters of sweet peas.

The ceremony was performed by the Rev. J. C. McLeod, the musical part of the service being under the direction of Miss Campbell, of Richmond. During the signing of the register Mrs. C. P. Buckland, sister of the bride, sang "All Joy Be Thine". The bride, who was given away by her father, wore a gown of ivory normandy crepe trimmed with venetian lace. The veil formed a train and was arranged with a wreath of orange blossoms, and she carried a shower bouquet of ophelia roses and lilies of the valley. Miss Olive Smillie, her only attendant, was gowned in turquoise blue satin with pan velvet hat and feather to match, and carried shaded sweet peas. The groom was supported by his brother, Mr. Charles Jennings. The ushers were Messrs S. Taylor and G. McMorine.

After the ceremony a reception was held at the residence of the bride's parents, the rooms being prettily decorated with quantities of flowers, the color scheme being carried out in pink and white. Mr. and Mrs. Jennings left for Quebec city and other points, the bride travelling in a navy blue tailored suit with hat of grey. On their return they will reside in Montreal.

THE LATE MRS. WM. SEAWARD.

Another aged resident of the Brompton road district passed away on Thursday, August 30, in the person of Jamesina Weyburn Seaward, widow of the late William Seaward, in her seventy-eighth year, after an illness of short duration.

The funeral service was held on Saturday afternoon at the home of her son, Mr. Walter Seaward, Brompton road. The service was conducted by Rev. Alfred Bright, of St. Andrew's Presbyterian Church. A short message of comfort was brought by Mr. Bright to the sorrowing relatives and friends. Mrs. Seaward was universally liked throughout the community for her many sterling qualities, and deep sympathy is extended to the bereaved family.

The following were the bearers: Messrs. John Ross, William Beattie, George Lavallie and Wm. Billings. Interment was made in Elmwood Cemetery beside her husband, who predeceased her about two years ago.

The surviving relatives are a daughter, Mrs. J. L. McLellan, and a son, Mr. Walter Seaward, both of Brompton road, besides a number of nieces and nephews. The deceased was born in Devonshire, England, and came to this neighborhood some fifty years ago.

AUTO BADLY SMASHED.

A serious automobile collision occurred on Friday afternoon on the Government road when a Chevrolet touring car, said to come from Stan-

stead, crashed head-on into a heavy automobile truck bearing a Vermont license number. The accident occurred on the "flats," just beyond the covered bridge.

The Chevrolet car was very badly smashed by the force of the collision, and is fit for the scrap heap only, and is fit for the scrap heap only, though to a lesser extent. The reason for the collision is inexplicable, since the truck was well over to the right side of the road.

The occupants of the touring car, it is reported, were somewhat injured by the smash.

The Wings of the Morning

A Great Story of Adventure and Romance
BY LOUIS TRACY.

He descended and told Mir Jan what the miss-sahib had said. The native was about to make a search when Jenks stopped him.

"Here," he handed the man his revolver—"I suppose you can use this?"

Mir Jan took it without a word, and Jenks felt that the incident atoned for previous unworthy doubts of his dark friend's honesty. The Mahomedan cautiously examined the back of the house, the neighboring shrubs, and the open beach. After a brief absence he reported all safe, yet no man has ever been nearer death and escaped it than he during the reconnaissance. He, too, forgot that the Dyaks were foxes, and foxes can lie close when hounds are a trifle stale.

Mir Jan returned the revolver. "Sahib," he said with another salaam, "I am a disgraced man, but if you will take me up there with you, I will fight by your side until both my arms are hacked off. I am weary of these thieves. If chance threw me into their company: I will have no more of them. If you will not have me on the rock, give me a rifle. I will hide among the trees, and I promise that some of them shall die tonight before they find me. For the honor of the regiment, sahib, do not refuse this thing. All I ask is, if your honor escapes, that you will write to Kurnel I-shence-sahib, and tell him the last act of Mir Jan, in B troop."

There was an intense pathos in the man's words. He made this self-sacrificing offer with an utter absence of any motive save the old tradition of duty to the colors. Here was Anstruther-sahib, of the Belgaum Rissala, in dire peril. Very well, then, Corporal Mir Jan, late of the 19th Bengal Lancers, must dare all to save him.

Jenks was profoundly moved. He reflected how best to utilize the

services of this willing volunteer without exposing him to certain death in the manner suggested. The native misinterpreted his silence.

"I am not a budmah, sahib," he exclaimed proudly. "I only killed a man because—"

"Listen Mir Jan. You cannot well mend what you have said. The Dyaks, you are sure, will not come before morning?"

"They have carried the wounded to the boats and are making the ladders. Such was their talk when I left them."

"Will they not miss you?"

"They will miss the mussak, sahib. It was the last full one."

"Mir Jan, do as I bid, and you shall see Delhi again. Have you ever used a Lee-Enfield?"

"I have seen them, sahib; but I better understand the Mahtini."

"I will give you a rifle, with plenty of ammunition. Do you go into the cave, there, and—"

Mir Jan was startled.

"What the ghost is, sahib?" he said.

"Ghost! That is a tale for children. There is no ghost, only a few bones of a man murdered by these scoundrels long ago. Have you any food?"

"Some rice, sahib; sufficient for a day, or two, at a pinch."

"Good! We will get water from the well. When the fighting begins at dawn, fire at every man you see from the back of the cave. On no account come out. Then they can never reach you if you keep a full magazine. Wait here!"

LENNOXVILLE

Convention Gathers From the Membership of the Provincial D.M.O.E.

The biennial convention of the Provincial Grand Lodge of the Daughters and Maids of England met yesterday in Lennoxville for the first time in its history. Forty delegates from all over the province arrived on Saturday evening and were entertained at the Georgian Hotel over Sunday. A church parade took place to St. George's Church on Sunday morning, the entire delegation attending divine service in a body. Afterwards in the hall, Mr. R. Fildes, grand secretary for the Provincial Lodge, extended to Rev. R. W. E. Wright, pastor of the church, the thanks of the convention for his courtesy in welcoming the delegation to the church and for his splendid sermon.

The town hall was gaily decorated for the occasion with flags and ensigns and red, white and blue streamers. A banner, drawing attention to the convention, was hung in a conspicuous place over the entrance. The welcome of the town was voiced, in the mayor's absence, by Mr. H. I. McFadden. A pleasing feature of the morning session was the presentation of a beautiful bouquet of roses and maidenhair fern to Mrs. Allan, of Montreal. The flowers, tied with streamers of the national colors, were presented by Mrs. J. J. Bradley, of Lennoxville.

Among those outside of the province who attended the convention was the grand treasurer of the Ontario Grand Lodge, Mr. Ravelle, of Hamilton.

Reports were submitted, the financial standing of the lodge being found in a very flourishing condition. Lengthy discussions as to the extension of the work resulted in practical plans being made to widen the scope of activity.

The election of officers for the next two years resulted as follows: Worthy grand president, Mrs. Lowndes, Montreal; grand vice-president, Mrs. Reed, Montreal; grand treasurer, Mrs. Turner, Montreal, re-elected; grand secretary, Mr. Ralph Fildes, Montreal. Auditors appointed were Masters Boswell, Maynard and Goodwin, and the trustees were Sisters Hayes and Marsh, all of Montreal.

Several presentations took place during the afternoon, among these jewels to retiring deputies and past presidents, and also to Mr. Fildes, grand secretary for five years. The president-elect, Mrs. Lowndes, was presented with an ever-sharp pencil. Hearty thanks were given by the local lodge for their welcome and the arrangements made for entertaining the guests, all of whom expressed themselves delighted with Lennoxville and its surroundings. Several auto trips have been arranged for today, when points of interest in the vicinity will be shown to the visitors.

Last evening's session was entirely social in nature, and was much enjoyed after the strenuous work of convention. Refreshments were served by the local lodge.

Death of Miss Alice Frye.

The death took place early this morning at her home on Spring road, near Lennoxville (of Miss Alice Frye. Miss Frye, although in frail health for many years, had been about as usual until a week ago, when pneumonia set in and she passed away.

Miss Frye was one of a large family whose parents, Mr. and Mrs. James Frye, were among the pioneer settlers of this part of the townships. The home where she had lived and where she died was wrested from the primeval forest by her parents, and in it she leaves a brother and sister, Mr. James Frye and Miss Mary J. Frye, as well as many other relatives in the neighborhood.

General Notes.

Mr. and Mrs. P. M. Quinn, of Berlin, N.H., and Mr. and Mrs. E. P. Quinn, of Kenogami, are visiting friends and relatives in town.

Mr. and Mrs. Harry Webster of St. Johnsbury, Vt., are guests at Mr. C. E. Paige's home.

Friends of Miss Alice Frye will regret to hear that she is seriously ill with pneumonia at her home at Spring Road.

Miss May Astell left today to resume her duties as teacher in Richmond High School.

Among the Boy Scouts who acted as ushers at the Sherbrooke Fair were fifteen from the first Lennoxville Troop. The boys were entertained as guests of the directors of the Agricultural Association each day.

Prominent members of the Daughters and Maids of England from Toronto, Montreal and other points are in town attending the Provincial Convention of that society. They arrived by special train on Saturday evening and were guests at the Georgian Hotel over Sunday.

Miss Thelma Haran, of St. Johnsbury, Vt., and Mr. and Mrs. Harold Titcombe, of Boston, were recent guests of Mr. and Mrs. F. R. Titcombe.

The many friends whom Rev. R. Matthews and Mrs. Matthews have made during their short stay in Lennoxville will learn with regret of the death of Mr. Matthews' brother, Mr. Bert Matthews, in hospital in Windsor, Ont. The young man had served overseas and was consequently in impaired health, and when attacked by sleeping sickness lived only a few days. Mr. Matthews was summoned by telegram to his brother's side, reaching him in time to be with him in his last moments.

Miss Grace Sterling left on Monday to take up her duties as teacher in the Cranberry school.

Miss Clarice McCurdy is in Bury, where her duties as teacher commence today.

Mr. and Mrs. Willard Johnston have gone on a motor trip to the White Mountains.

Mr. and Mrs. A. O. Beck are on a camping trip in the vicinity of Montreal.

Mr. and Mrs. W. J. Martin have gone on a vacation trip to Sawyer-

IN MEMORIAM

In loving memory of our dear father, H. W. Perry, who departed this life September 1st, 1922.

One year has passed since that sad day, God called the one we loved away. The blow was great, the shock severe. We little thought his death so near. But only those who've lost can tell The pain of parting without farewell.

MR. AND MRS. FRED KING, West Berkshire, Vt.

IN MEMORIAM

In loving memory of our dear father, Joseph Alfred Mills, who departed this life Sept. 2nd, 1922.

In our hearts your memory lingers Sweet and tender, fond and true, There is not a day, dear father, That we do not think of you.

No one knows the silent heart aches, Only those who've lost can tell Of the grief that's borne in silence For the one we loved so well.

Inserted by his children, MR. AND MRS. JOHN D. MILLS, Tremblerville, Que.

IN MEMORIAM

It's sweet the rest, dear father: 'Tis sweeter the thought thy name; In life we loved you dearly, In death we do the same.

FAMILY

CARD OF THANKS. We wish to thank friends, relatives, and especially Mr. Malcolm Ross, Mr. N. J. Beaton and family, for their kind assistance during the illness and death of husband and father.

MRS. ANNIE GRAHAM, Milan, Que., Aug. 31st, 1923.

BROME COUNTY PAID TRIBUTE

(Continued from page 1.)
Thomas Wilson.

Emphasized Necessity of High Ideals.

Brig. Gen. Draper, M.C., D.S.O., a well known Eastern Townships man, was also a speaker and opened his address by saying: "I do not think that I have ever had a keener sense of responsibility in my life. This is to my mind a historic day in the life of Brome County. We are here today, represented by every creed, race and walk in the community life of this county. We are here to pay tribute to our fallen comrades who lie in their graves in France and Flanders." General Draper emphasized the necessity of high ideals to combat and solve the problems of the present day and he urged his listeners to support the institutions which stand for the enforcement of law and order.

"Do not let us who are left forget this sacrifice; do not let our minds become clogged with petty quarrels and criticisms," pleaded Col. William Leggett, M.C., who made an address during the afternoon. He asked for union in order that the country as a whole might be successful and stated that the union differences, which are blocking the road to prosperity, must be abolished.

Major G. S. Stairs, M.C., said a few words in spite of the rain which started to fall towards the end of the programme. He paid a sincere and earnest tribute to the heroism and devotion of those who fell in the war and pointed out that the memorial, standing in front of the school, would be "an everlasting source of

inspiration for future generations."

A brilliant speech was made by Captain the Rev. A. E. Hagar, of Knowlton, who served overseas, claiming that it was a great honor to have known the men, who fought to save the country. He stated that inspiration and power were needed to follow in the wake of those who have gone before "or it will be impossible for the great sacrifice to be anything but in vain."

"May I call your attention to the fact," said Mr. Hagar, "that it cost something for you and me to be able to stand here under the clouded heavens; that there is blood on that monument and blood on the fields of France and Flanders."

Canon Carmichael made the invocation and the Rev. Paul Desrochers uttered the benediction. The Guards Band played several times in the afternoon, again showing that this is one of the best organizations of its kind in Canada.

Besides the soldiers, there were Scouts and Girl Guides present and the entire town was decorated with flags and bunting.

Beautiful wreaths were placed at the base of the monument by the County Council, the Village of Knowlton, the Overseas Club and the Daughters of the Empire. Among the floral tributes from relatives and friends was one from Mr. A. E. Raiston, of Westbury, Rhode Island.

TRADING WAS DULL ON MONTREAL EXCHANGE

(Associated Press Despatch)
MONTREAL, Sept. 4.—Trading was dull and prices slightly firmer at the opening of the local stock exchange this morning. Cement suffered a decline of 1/2 to 3/4; Spanish suffered a recession of 1/4 to 1/2 over the week-end. Brazilian was firmer, being up 1/4 to 1/2, and Textile was up 1/4 to 1/2. Montreal Power was unchanged at 123.

As a mark of respect to the late C. Simpson Garland, the local session did not open until 10.30 this morning and will also close on Wednesday afternoon, September 5.

BUTTER PRICE ROSE AGAIN ON E. T. EXCHANGE

(Special to the Record)
FARNHAM, Sept. 4.—Another increase in the price of butter was recorded at the weekly session of the Eastern Townships Dairywomen's Exchange here on Saturday, when the ruling quotation was 34 cents per pound. The price of butter has been gradually but regularly advancing some six or seven weeks ago the price was as low as 29 cents a pound, but each week since has seen an increase.

A week ago the ruling price was 33 1/2 cents a pound, so that the price of Saturday last on the Exchange represents a jump of three-quarters of a cent per pound.

Once again the quantity boarded on the Exchange on Saturday was rather light, there being only 125 boxes boarded by five factories. This is quite a decrease from the amount boarded the previous week, when 208 boxes were sold.

STOCK PRICES WEAKENED ON WALL STREET 'CHANGE

(Associated Press Despatch)
NEW YORK, Sept. 4.—After bobbing up and down in the first half hour, during which the food shares were conspicuously strong, stock prices weakened again before noon, when large selling orders appeared for some of the industrial leaders. Traders who bought stocks on the initial reaction took their profits hurriedly, Mack Truck and Davison Chemical falling three points from the high level of the day.

Gulf States Steel dropped 3 1/2 points, American Can 2 1/2 and Baldwin, American Car, Canadian Pacific, Union Pacific, Delaware and Hudson, Virginia-Carolina Chemical preferred, Allied Chemical, Matheson Alkali, each sold two points below Saturday's closing.

advance with reports that France had accepted in principle German suggestions of an economic accord between the two countries. Trade here was of moderate volume. The opening, which varied from unchanged figures to half a cent higher, with September at \$1.02 1/2 to \$1.02 1/2, and December \$1.06 1/2 to \$1.07, was followed by something of a sag and then by slight rallies. Scantiness of immediate supplies tended to lift the price of September corn, but favorable crop reports made the latter months easy. After opening at 1/2 c decline to 1 1/4 c advance, with December at 68 1/2 c to 68 3/4 c, the market underwent a moderate setback from the initial range. Oats paralleled the action of corn, starting 1/4 c to 1/2 c higher, with December at 40 c, and later showing some loss. Provisions averaged a little higher, in line with hog values.

GIANTS BROKE EVEN IN GAMES WITH BRAVES

Reds Three and a Half Games Behind Leaders, While Pirates Are up in Running.

(Associated Press Despatch)
NEW YORK, Sept. 4.—The Giants broke even yesterday, the Reds lost and the Pirates crept up to a position where they may be considered as serious contenders. The Reds are now three and a half games behind the Giants, and the Pirates only one game behind the Reds. Chicago, in fourth place, is out of sight.
The Giants broke even with the Braves in a double-header, winning the first 3 to 2 and losing the second 8 to 1.
The first game was a tight ten innings struggle in which the New Yorkers won after Bentley hit a

roller along the line and beat McInnis to the first bag, with two out, while Stengel trotted home.
The Phillies acquired one side of a double header in Brooklyn, 4 to 2, while the Robins took the other, 5 to 4. In the first contest Ring held the Brooklyn batsmen to six hits, as the Phillies took ten off Grimes.
In the American League, the Indians and the Tigers each won double headers. The Indians defeated the Browns, 4 to 2, and 5 to 2. The first game was Uhles'. In the second game Speaker hit a homer with two on bases.
The Yanks had a hard time taking their first game from the Athletics, finally winning after thirteen innings of desperate play by the score of 2 to 1. Shawkey pitched, holding the Philadelphia batsmen to ten hits, which were scattered throughout the entire battle. The second game was won with a three run rally in the eighth inning.
The Tigers won from the White Sox in Detroit by an overwhelming score in the first game, 14 to 4, but the second was a nip and tuck battle with the winning run coming in the last inning, making the score 6 to 5. In the first game eight of the Detroit runs came in the eighth frame.

EASTERN CANADA LEAGUE

(Associated Press Despatch)
MONTREAL, Sept. 4.—Three Rivers defeated Canadians in an Eastern Canada Baseball League fixture here yesterday afternoon by 3 to 2.

THREE RIVERS TO PLAY SHERBROOKE.

Three Rivers of the Eastern Canada League, will play Sherbrooke at the ball park Wednesday and Thursday nights of this week, at 5.45 p.m. Local baseball followers are aware that Three Rivers have a first class team, and the Trios were only beaten out yesterday by the Royals of Montreal, for the championship of the second half of the Eastern Canada League. The series with Three Rivers last year is well remembered as providing the best ball seen here, and this year, with a much stronger nine, an interesting series is looked for. By starting the games at 5.45 p.m. sharp, daylight saving time, it is hoped to be able to play the full nine innings.

AT THE AFTERNOON TEA.

CUBAN GIANTS DEFEATED BY SHERBROOKE

Locals Piled up Big Lead in Opening Inning—Good Game on the Whole.

Taking an early lead in their game with the Cuban Giants on Sunday, the Sherbrooke baseball nine romped home easy winners by a score of ten to three. Heney Thormahlen was on the mound for the locals, and although he was touched up for ten hits, he held the visitors in check for the greater portion of the game.
The Cubans started out in great style, but at the end of the third inning, they appeared to have shot their bolt, and the remaining six innings produced only three scattered hits, with but four men reaching first base.
Landry was credited with two singles and a double in five times at bat, while Reed, Andy Jenkins and Thormahlen all came across with three-baggers.
Score by innings:
Cuban 0 0 3 0 0 0 0 3 10 3
Sher. 5 0 0 1 1 2 1 0 3 2
Batteries: Thormahlen and Landry; Gamiz and Guillem.

FOOTBALL

Saturday afternoon Y. M. C. A. and Fairmount met in the city league championship, when the former won out in a somewhat one-sided game with a score of 3 to 1. During the first half Fairmount scarcely ever got past centre but Veazy did some good work in goal and kept the score down to 2 to 0. The first goal was scored five minutes after the opening of the game when McCaw ran down the field from centre, gave Mitchell a splendid pass and the latter put in a shot that Veazy couldn't stop. The second goal for "Y" came when Bryce carried down the field and banged it in on Veazy, who was just able to clear, but in clearing sent it right back on Bryce, who made a second drive and the ball bounced off Mitchell and went through, making it impossible for Veazy to save. The teams then crossed over and after about twenty minutes play, in a scrimmage in the Fairmount goal, Joiner unfortunately sent the ball through his own goal making the score 3 to 0. A short time before the game closed Williams got a good chance, ran up the field, and beat Stovies for the only goal that Fairmount got. Thus the Y. M. C. A. are again the champions in Junior football. The game was very well handled by Mr. Davidson.

THESCO WON FROM ANGUS BY DEFAULT

Football fans were greatly disappointed on Saturday when East Angus failed to put in an appearance for their schedule fixture with the Thesco team. As a result of their failure to play this game, East Angus lost all hope of winning the championship as, had they won from Thesco and Thesco won their remaining game from Beebe, they would have topped the league.
Shortly before noon on Saturday, East Angus telephoned that they were unable to muster more than eight men, owing to injuries and absence of players. Secretary-Treasurer Cathcart immediately hustled and secured a combined team of Quebec Central and Circo players so as to give the spectators a game of some kind. The resultant match was closely contested and Thesco won out by a score of 3 to 1.

THETFORD SCORED VICTORY
(Special to the Record)
THETFORD, Sept. 4.—The members of the Thetford Golf Club, playing on their home course on Saturday afternoon, scored a victory over the team representing the St. Francis Golf Club, of Sherbrooke, by the count of 16 points to 7 in the second half of their inter-club annual match. However, their margin was not sufficient to overcome the lead established by the Sherbrooke players in the first half of the contest, the total score for the home and home series being 38 to 17 in favor of Sherbrooke.

SPORTING NOTES

RACING AT NORTH HATLEY
Visitors to Massawippi Lake over the week-end were greatly interested in watching "Miss Hatley," a hydroplane, owned by Col. O. L. Pope, tearing across the beautiful stretch of water at an unusually fast clip. Enquiries from Col. Pope elicited the information that "Miss Hatley" is now well tuned up and capable of making forty-eight miles an hour.
This hydroplane, which is powered with 100 h.p. motor, is now admittedly the fastest boat on Lake Massawippi. Last year "Floreda II," owned by Mr. J. E. McCrea engaged in a series of interesting races with "Miss Hatley" and racing enthusiasts are looking forward to another series this year if possible.

RIVERSIDE PARK RAIDED OVER THE WEEK-END

Provincial Officers Active in Various Parts of City—In One Instance Fight Was Shown.

The Quebec Liquor Commission officers were unusually busy over the week-end and the area of their investigations was extended considerably, going out as far as Riverside Park. Joseph Lapierre, of Riverside Park, operating a lunch counter, offered opposition to the inspectors when they made their appearance, but was finally subdued. Lapierre accordingly found himself with two charges laid against him, the first for interfering with inspectors during the course of their duty and second for the possession of liquor in violation of the act. He was brought before a justice of the peace and remanded until Wednesday next after furnishing bail to the extent of \$800.

Other raids carried out by the provincial officers were as follows: Arsene Gosselin, charged with the illegal sale of liquor. He was allowed out on bail of \$500 to appear on Wednesday. Adalard Beaudoin, charged with the illegal sale of liquor. Bail of \$500, allowed to guarantee his appearance on Wednesday. Philippe Nadeau, charged with the illegal sale of liquor. Bail of \$500, allowed to guarantee his appearance on Wednesday. Edmund Couture and Sylvio Poulin were also charged with the illegal sale of liquor but were unable to raise the required bail of \$500.

It is announced that the naval ministry has officially announced that the casualties in and around Tokyo will approximate 150,000. The Imperial gardens and every other place that escaped the devastating shocks and flames have been thrown open to refugees.
TOKIO STILL PRACTICALLY ISOLATED.
Many of the casualties in Tokio were caused by the explosion of the municipal gas tanks. The big pond in Asakusa Park is said to be filled with bodies of women and children who fled to the water in the last faint hope of escaping destruction. Tokio is still practically isolated, the nearest railway traffic being open at a station near Kawaguchi. There is only one line of telegraphic communication between Tokio and Osaka, and this in a roundabout way. Airplanes, however, are flying to the capital with official messages.

While no accurate estimate can yet be formed, it is believed the damage to property in Tokio alone will be more than 5,000,000,000 yen. It is thought the reconstruction work in the city will require at least two years, probably more.
The whole of Kawaguchi, a town near Tokio, is reported to have been destroyed, six thousand houses having been levelled by the tremor and the subsequent fire. Among the losses at Yokohama were 50,000 pounds of raw silk which burned. In Tokio, 3,500,000 bushels of rice burned in the Fukagawa warehouses.

by the ambassadors at the earliest opportunity.
The members of the council consider that the Greco-Italian dispute should be settled by the council and not by the League of Nations, for the reason that the Italian commissioners were representing the ambassadors in settling the Greco-Albanian frontier question when they were ambushed and slain.
The declarations of the Italian Government that it engages itself to evacuate the Island of Corfu when its demands are met by Greece and that it has no intention of making war, are regarded in official quarters here as removing the likelihood of serious future complications.

palaces by the fire. The Prince Regent was removed immediately to the Akasaka palace when the flames broke out.

Loss of life among foreign residents of the two stricken cities and among tourists is expected to be less than it might have been had the earthquake come at a different season. Most of them had gone to summer resorts, such as Nikko and Karuizawa. No great damage has been reported from Karuizawa and reports from Nikko are yet indefinite. Many foreigners also hastened away to safe places when alarmed by the primary shocks of the temblor.

Nothing is known here of the fate of the embassies and legations at Tokio, though it is rumored that the British, American and French embassies have been destroyed. Nor is anything definitely known as to the numerous casualties at Yokohama, but it is supposed all were destroyed by the tidal waves and fire which followed the earthquake.

PRINCE MATSUKATA DIED FROM HIS INJURIES

(Associated Press Despatch)
NAGASAKI, Sept. 4.—The death of Prince Masayoshi Matsukata, the former premier and minister of finance, is reported here. A message says that the Prince died from the effects of injuries sustained in the earthquake.
Prince Shimadzu is also reported to have been killed in the disaster.
