

THE BUSH FIRES CONTINUE TO DESTROY.

Fiercely in Parts of Stanstead County.

HUNTERS SET FIRES IN VICINITY OF GLEN SUTTON—SERIOUS SITUATION AT NOYAN.

Sept. 22.—(Special)—A bush fire is raging on the west side of the Lake Massawippi taking everything in its course. Mr. John Stoddard had a large lot of pulp wood which was being piled up in the open field...

SERIOUS FIRES AROUND COATI-COOK.

Coaticook, Sept. 22.—(Special)—Attention was drawn to the east on Sunday morning by the glare in the sky caused by the woods about a mile and a half from here on the hills, being on fire. It was very picturesque being made so by the outline of buildings between here and the flames shooting up into the air...

FIRE STARTED BY HUNTERS.

Glen Sutton, Sept. 22.—(Special)—Mr. D. C. Allen has organized a body of men from the various farms on both sides of the boundary line, owning land there, to fight the forest fire raging on Ball Mountain that was started on Sunday by North Troy hunters.

CASE IN COURT—MILL RESULT.

Stanton, Sept. 22.—(Special)—Another big forest fire was reported on Monday as raging on the southeast side of what is known as the Ball Mountain, southeast of Glen Sutton, and threatening the Messrs. Baker's lumber interests as well as Mr. Gardner's and several other lumber interests near Glen Sutton.

DISASTROUS SHEEP CARELESS OF PARTIES IN REGARD TO FIRES.

Stanton, Sept. 22.—(Special)—Mr. G. A. Wright, who has large lumber interests in both Sutton and Pottton, states that a party in Pottton the past week set fire alongside valuable tracts of woodland owned by Mr. Wright and then went away from home to work, leaving the fire to its own devices. Mr. Wright discovered the fire and engaged a number of men who fought the fire for two days before they could get it put out and now he will bring suit to recover damages from the parties setting the fires.

FIRE SITUATION AROUND NOYAN.

Noyan, Sept. 22.—(Special)—The bush fire in and around Henrysburg, about eight miles west of here, have assumed alarming proportions. Heavy timbered lands are being totally destroyed. One farm in the adjacent village of Hallerton of about 100 acres, has been entirely burned over. The parish church at St. Agout was in immediate danger of being wiped out as the fire reached within two hundred feet of the building. Ditches were dug deep down completely around the church. Many families have packed all their household goods, ready for any emergency that may happen. Should the wind blow hard from the northwest, there is no doubt that the houses will be burned out. There is no water to be had to check the fire. The woods are devoured by the angry flames like so many shavings as the continued drought has dried everything up like powder. It is quite probable that many fires have started carelessly. A fierce contention threatens the lumber districts of the Adirondack Mountains in Northern New York State.

AS TO IMMIGRATION.

TRADES AND LABOR CONGRESS DENOUNCES THE GOVERNMENT'S POLICY. Halifax, September 22.—The Trades and Labor Congress of Canada opening its Halifax session yesterday morning at the Alphonse Verreille, M.P., in the chair, and a large number of delegates, representing local councils in the cities of Canada, in the presence of Mr. Kier Hardie, who occupies a prominent place in the council chamber of the House of Assembly, where the meetings are held. The meeting yesterday morning was marked by addresses of welcome from Mayor Cross and Premier Murray, to which an appropriate response was made by Mr. Verreille.

The outstanding feature of the day was the discussion on immigration and the policy in this matter, the Salvation Army coming in for a full measure of criticism on account of its work under this system in bringing immigrants to Canada. The discussion was brought on by the reading of a report from W. R. Trotter, who had been sent to Britain for the purpose of investigating the matter, and representing to intending immigrants from the British Isles to Can-

MAN ATTACKED BY WILD CAT.

Animal Pounced Upon Him But Was Beaten Off.

HAD BEEN FOUNDED BY A RIFLE BULLET A FEW DAYS PREVIOUSLY.

Knowlton, Sept. 22.—(Special)—As Mason Bullard and M. Wharey were working in a back field on Mr. Bullard's farm near Bolton Glen, four miles east of Knowlton, one day recently, they were attracted by a noise in the bushes and were on the lookout for a stray deer. Very much to their surprise they saw a large wild cat. Mr. Wharey reached for his gun and shot twice at it, the second time wounding the animal, but it succeeded in getting away. On the following Tuesday, Mrs. Bullard's father, Mr. Sparrow, an elderly man, was out in a back field and starting to return home by the road, sat down to rest on a culvert. Suddenly there jumped out from under the bridge this same wild cat with the wound on one side of its head. The animal turned, took a look at the man who was intruding upon its hiding place. The wild cat pounced upon Mr. Sparrow, throwing him down and tearing several large places in the back of his coat, and leaving a few scratches on his back. Mr. Sparrow fortunately had in his hand a large cane and with this he dealt a few heavy blows and the wild cat turned and ran for the bushes. No trace has been seen of him since. Mr. Sparrow says he is not anxious to repeat the encounter unless he has something better than an ordinary cane to defend himself with.

SALE OF LIQUOR BY A DRUGGIST.

Is Prescription of a Veterinary Surgeon Authority

JUDGE MULVENA FINDS THAT IT IS AN INTERESTING JUDGMENT.

Judge Mulvena rendered judgment this morning in the case of the Collector of Provincial Revenue, against Geo. Brown, druggist, Danville, for selling liquor without a proper certificate. The Judge said in part: "The defendant, a druggist in the village of Danville, is charged with the violation of article 108 of the Quebec License Act by selling intoxicating liquor without a proper certificate."

"The proof establishes that a bottle of brandy had been sold under a prescription from H. R. Cleveland, D. V. S., and the whole question at the argument turned upon the right of a druggist to sell liquor upon a prescription of a Veterinary Surgeon. It was contended on behalf of the prosecution that no regular certificate had been given, that article 58 of the License Act states that 'such a certificate could only be given by a physician to a patient under his immediate care.'"

"On the other hand, on behalf of the defence, it was urged that the liquor was dispensed in good faith by the defendant and that, in any event, especially since the incorporation of veterinary surgeons, they were entitled, in this respect, to the same privileges as regular doctors. 'It was also sought by the prosecution to hold the defendant responsible under article 55 of the License Act on the ground that the municipal by-law had been passed in the village of Danville prohibiting the sale of intoxicating liquor in that locality, and that a copy thereof had been transmitted to the collectors of provincial revenue. 'I find that article 56 of the Municipal Code calls for the sending of an authentic copy of such by-law resolution to the collectors of revenue, but the one produced in this case is merely a typewritten copy of everything, including the signatures, and is not a certified copy, and does not purport to be one, and is absolutely of no value as such. Article 58 of the License Act quoted by the prosecution to show that certificates only can be issued by a physician applies to cases where this by-law has been passed and regularly sent to the collectors. And on the other hand, that article 105, under which the prosecution in this case was taken, gives the right to druggists to sell intoxicating liquor in quantities not exceeding one Imperial pint 'Under a certificate from a registered medical practitioner' and it has been shown in this case that the veterinary surgeon is duly registered as such veterinarian. 'I find also that articles 4052 and 4052A of the Revised Statutes of Quebec (The Quebec Pharmacy Act) speak of the rights of physicians and surgeons and 'duly licensed veterinary surgeons' with regard to prescriptions. So does 4034 of the Quebec Pharmacy Act, and I think it would be going very far indeed to hold that a veterinary surgeon is not a 'medical practitioner' within the meaning of Act 105. 'There is no doubt from the evidence in this case that very improper use was made of the liquor thus ob-

H. E. ALLEN CHOICE OF SHEFFORD LIBERALS.

Convention Was Held at Waterloo Yesterday.

MR. W. H. ROBINSON WILL BE CONSERVATIVE STANDARD BEARER.

Waterloo, Sept. 22nd.—There was a good attendance of delegates at the nomination convention of the Shefford Liberals held here yesterday afternoon. Owing to his appointment as King's printer, Mr. Charles H. Parmalee, who has represented the county since 1896, did not present himself for re-nomination. Five names were placed before the convention, W. L. Davidson, of Ely; G. F. Payne, postmaster of Granby; C. A. Nutting, K. C., of Waterloo; Rev. W. S. Bullock, of Roxton Pond, and Henry E. Allen, of Waterloo. Two ballots were taken without a choice. On the third ballot Henry E. Allen received a majority, 48, out of the 84 votes cast, and was declared the choice of the convention. A public meeting was afterwards held, being addressed by Hon. S. A. Fisher, Hon. L. P. Brodeur and others.

Mr. Allen is a young man, a member of the firm of Allen, Poyark & Co., general merchants and founders, and is fairly well known throughout the county. His support came principally from the northern part of the county, the southern part being divided between Messrs. Nutting and Payne. SHEFFORD CONSERVATIVES. The Shefford Conservative convention will be held here on Thursday. In all probability the only name presented to the convention will be that of Mr. W. H. Robinson, of Granby, former manager of the Eastern Townships Bank at that place. Mr. Robinson has lived all his life, with the exception of a few years spent in Huntingdon, in the county, and is well and favorably known from one end of it to the other, being held in high esteem by all classes. His connection with the bank has prevented his taking an active interest in public affairs outside of the Fenian Raid Veterans' Association, of which he is president and founder.

MACKENZIE KING A CANDIDATE

RESIGNS OFFICE OF DEPUTY MINISTER OF LABOR.

Ottawa, Sept. 22.—Mr. W. L. Mackenzie King has resigned the office of deputy minister of labor, having accepted the party nomination to contest the riding of North Waterloo, Ont., in the Liberal interests at the forthcoming federal general elections. Mr. King's letter of resignation, which was received by Hon. Mr. Lemieux, last night, is in part as follows: "Having been honored by the Liberals of the north riding of my native county with the nomination to contest the riding in their interests at the present elections, and having decided to accept the nomination, I respectfully beg to tender my resignation as deputy minister of the Department of Labor, and the positions of editor of the Labor Gazette and registrar of boards of conciliation and investigation, which have been held jointly with the office of deputy minister. 'I need scarcely assure you that the present decision has not been reached without most careful consideration, and that it is crafted solely by a sense of public duty and a belief that the larger sphere of politics affords ample opportunity of public service. There is hardly a phase of our national conditions which does not affect industrial conditions and which industrial conditions do not in turn affect, and my interest in the welfare of Canada, and the people of this Dominion, leads me to desire an opportunity of sharing in the solution of some of the larger problems which are arising and will continue to arise in this connection.'"

THE DRUMMOND COUNTY FAIR.

Is Being Held To-Day at L'avenier.

LIST OF PRINCIPAL EXHIBITORS—FAIR HAS IMPROVED YEAR BY YEAR.

L'Avénier, Sept. 22.—(Special)—The Drummond County Fair is being held to-day. This fair has steadily increased in both number and qualities of exhibits. This has been largely due to the exertions of Messrs. G. Moore and W. H. Rick and G. N. Lyster, respectively, President, Secretary and Director of the Society, who have spared neither time nor money to advance the interest of the Fair. In this they were ably backed by a strong Board of Directors, composed of the following members: Reg. T. Husk, Fred. Ployart, Aime Boisvert, Henry Coite, Alfred Desjardins, Xavier Charpentier, Frank Doyle, Fred. Bothwell, Joseph Ewing, Cattle—B. Reid, James Bowd, Cyrus Husk, C. N. Lyster, Fred. Cummings, G. S. Wintle, J. H. Moore, James Duffy, John G. Moore, W. H. Hughes, Joseph Ewing.

GOULD DIVORCE SUITS

KATHERINE CLEMMONS ASKS ALIMONY OF \$120,000 A YEAR.

New York, September 22.—Mrs. Katherine Clemons Gould, who sued Howard Gould for divorce, yesterday applied, through counsel to Justice Giegerich for an order compelling Mr. Gould to pay her \$120,000 a year alimony and \$15,000 for her counsel fees. After a hearing the justice adjourned the argument until October 1, at the request of Cornelius Sullivan, counsel for Mr. Gould. Mr. Sullivan said he must have more time to examine the papers in the case. Immediately following the temporary disposition of this action, the case of Helen Kelly Gould against Frank J. Gould for absolute divorce was called before Justice Giegerich in the same court room. The proceedings in this case were brief, the court merely fixing October 2 as the date for a hearing on the motion.

LORD MILNER ARRIVES AT LENNOXVILLE.

Distinguished British Statesman on Short Visit.

WILL CONTINUE HIS JOURNEY AS FAR AS PACIFIC COAST.

Lord Milner, the distinguished British statesman, of South African fame, arrived in Lennoxville shortly after 5 o'clock yesterday afternoon. He travelled from Quebec in the private G.T. R. car "Violet," which at Richmond was attached to the Scot. The distinguished traveller was met at Lennoxville by Rev. F. G. Vial, whose wife, formerly Miss Ready, is a cousin of Lord Milner, who was taken to the home of Mrs. Ready, his aunt. Lord Milner will remain here for two or three days and then continue his journey through Canada. He will go as far as the coast. He was accompanied to Lennoxville only by his valet. He will be joined by his private secretary in Montreal.

SUTTON MAN HAS BAD FALL.

Sutton, Sept. 22.—(Special)—Mr. Eugene Bates met with a painful accident on Saturday by falling through a pitching hole in his barn and going down several feet, bruising and laming himself quite severely. It is strange that Mr. Bates did not have some broken bones or even more serious results from his fall. He is reported to be doing well.

HORSE FRIGHTENED BY AN AUTO RUNS AWAY.

Knowlton, Sept. 22.—(Special)—On Monday as Mr. James Armstrong was coming home with two large cans of water on a work wagon he met an automobile. SNEAK THIEF AT SUTTON.

Sutton, Sept. 22.—(Special)—While Mr. John Longeway and family were at the Bromo county fair some sneak thief broke open one of his cellar windows and thus gained an entrance to the house, which was ransacked, and a fine new suit of clothes taken, also a valuable purse belonging to his wife and several minor articles. It is hoped the sneak thief, whoever he is may shortly be brought to justice.

BLAZE AT ROCK ISLAND.

Rock Island, Sept. 22.—(Special)—Shortly after six o'clock on Sunday afternoon, Rev. A. Lee Holmes' house caught on fire. It seems they made a fire in their fire place and the chimney burned out, the sparks igniting the roof in several places. A gang of men were soon called together, the water turned on and the fire was extinguished. When it first started it looked rather serious as everything was so exceedingly dry and the water so low.

ALVA BUTTER FACTORY SCORCHED BY FIRE.

Sutton, Sept. 22.—(Special)—Fire broke out in the Alva butter factory and skimming station on Monday morning at about seven o'clock and had it not been quickly discovered by the six-year-old daughter of Mr. G. T. Jordan, the results would have been very serious. As it was the fire burned a hole nearly 6 feet square in the roof before it was put out. Had it got a little more of a hold the factory and its equipment would have been destroyed, and as there was a strong breeze blowing up the river the fire residence and outbuildings of Postmaster H. G. Bates, which are only 10 rods distant would it is thought have been destroyed also.

DUNHAM LADIES' COLLEGE.

Dunham, Sept. 21st.—(Special)—The formal opening of Dunham Ladies' College will take place on Thursday, Sept. 24th, 1908. Medical aid was summoned but Mr. Kay lived only about half an hour and died without being able to say anything as to the cause of the wound, which is supposed to have resulted from careless handling of his revolver. Mr. Kay, who was 64 years of age, was a considerable property owner, and had been principal agent for the Royal Insurance Company, from 1877 until 1902, when he retired. A widow, two daughters and four sons survive him.

Mrs. E. P. Millington returned to town to-day from a visit to Montreal.

PURE SPRING WATER BEING WASTED. Rock Island, Sept. 22.—(Special)—Mr. C. E. Bennett investigated Mr. R. C. Parson's spring on Monday afternoon and found that there were 100,000 gallons of water going to waste in every twenty-four hours. This water is of the purest kind because it is filtered through quick sand and gravel and by raising it 110 feet to the height of land on the "Plain Hill," there will be ample force as well as power to supply the "Three Villages," with water for domestic purposes, in as much as there is such an abundance of water there at this present dry time. Should not this matter be looked into?

A LYNX ON SOUTH MOUNTAIN, SUTTON. Sutton, Sept. 22.—(Special)—While Messrs. William R. Eastman, of Cambridge, Mass., and William Brown, of this place, were spending Wednesday night at Crystal Spring Camp, Glen Sutton, they were somewhat startled by the loud screeching of a mountain lynx or wild cat in the vicinity of the camp. The cry of the animal was loud, like the call of a man resounding through the woods and winding up with an indescribable growl. After hearing the animal's cry four or five times, the campers with lanterns and arms, succeeded in scaring the unwelcome intruder away. It is thought the forest fires are causing the wild animals to visit new and far distant sections from their usual haunts.

WAS A BATTLE AT FARNHAM.

Clash Between Strike Breakers and Strikers.

IN WHICH THE LATTER GOT THE BETTER OF THE ENCOUNTER.

Reports from Farnham indicate lively times there last Thursday night. It appears that a number of the strike breakers who had been housed in cars near the shops had boasted that they could do up the strikers, and Thursday night started down town to carry out their threats. They were about eight in number. The result was not as they expected. The battle was a strenuous one and practically everyone of the eight was put out of business. Some had to be taken back on stretchers. The night was very dark, smoke rising heavy on the town. One or two of the men in the row were quite badly injured. Some shots were fired during the fracas. Windows were, also, broken.

Mr. R. C. Blurton, a prominent Salvation Army worker, who occupies the proud position of Deputy Band Master at the Temple, Toronto, bears testimony to the great healing power of Zam-Buk balm. He says:—

"Pimples and sores broke out all over my face and neck and notwithstanding all I did to try and cure them they spread. It places the skin was inflamed over big patches and caused me great pain and inconvenience. I was advised to try Zam-Buk and for several days I applied it to the sores anointing it often with the healing balm. It soon began to soothe the pain, and in a short time the sores ceased to be so angry and painful. With perseverance Zam-Buk healed the sores completely and made my skin as smooth and clear as possible. I strongly recommend Zam-Buk to all who suffer from unsightly skin troubles, sores, ulcers, etc. It is a wonderful healer!"

HON. W. A. WEIR INJURED.

Montreal, Sept. 22.—The Hon. Mr. Weir received a slight wound on his right foot yesterday morning, from a piece of building material which fell from the trestle work, as he was passing in front of the Canadian Bank of Commerce, now in course of construction. BEAR ATTACKS BOY, BADLY INJURING HIM.

BRUNN HAD BEEN IN CAPTIVITY TWO YEARS.

Quebec, Sept. 21.—Attacked by a bear, which had escaped from captivity, a ten-year-old son of Alfred Drolet, St. Felicien, had a narrow escape from death the other day, and the wounds which he received from the clawing and biting of the animal will keep the boy under the care of the physicians for some time if they do not result fatally. The bear in question was one of the two which the boy's father captured when they were cubs two years ago, and had been kept in captivity since, and were about full grown. Mr. Drolet was away from home when the brute broke loose the other day and attacked the boy. The boy's mother and another woman were at home, and they made frantic efforts to beat off the savage beast which had pinned the boy to the ground, and bit him about the shoulders and face, besides clawing him. Finally one of the women lighted a newspaper and thrust it in the bear's face, causing him to release the boy. The latter's father returned shortly afterwards and killed the animal.

SALE OF LIQUOR BY A DRUGGIST.

(Continued from page 1.) But it does not show that this was done in any way with the connivance of the defendant who, so far as the evidence goes, appears to have dispensed the prescription in good faith. I do not find anything in the acts incorporating the veterinary surgeons recently passed, nor in the License Act, directly giving the right to veterinary surgeons to prescribe intoxicating liquor as medical practitioners, but I can understand that in some cases it may be necessary for the treatment of animals, as well for that of human beings. I find, under all the circumstances, that the complaint against the druggist should be dismissed.

It was children's day and the weather was ideal, with promise of remaining so all week. But no half-way measures. (From the Washington Star) "I tried to compliment that opera singer, but he seemed offended." "What did you say?" "I said I considered him the greatest living tenor." "You should have told him that he is the greatest tenor that ever lived and that after his death real music can survive only by means of the phonograph."

INTERESTING DAYS IN EUROPEAN POLITICS.

British Influence in Turkey Restored to Old Position. REICHSRAT MUST LEVY FRESH TAXATION IN ORDER TO CARRY OUT AMBITIOUS NATIONAL PROGRAMME. London, Sept. 22.—These are interesting days in the great game of European politics, important moves are being made week by week and almost day by day, and while they occasion little excitement, that mysterious thing known as the balance of power is being constantly shifted. Several incidents this week point to changes in the general situation of unusual significance. First, there is King Edward's remarkable message to the Sultan of Turkey. Its terms are almost insulting to that muzzled and almost dethroned monarch as it recognizes the Grand Vizier as the real ruler of Turkey and the message is a scarcely disguised welcome to the new reform government. This is the sense in which it has been received by the Turkish people, to whom it is really addressed, and it already has accomplished its object. It has been greeted with enthusiasm, and it is apparent that British influence in the Ottoman Empire has been restored to the paramount position it occupied before it was destroyed by Gladstone. Germany's favored position in the Near East has entirely disappeared. It is tantamount to an abandonment utterly heretofore growing suspicion of the past few years that Germany was secretly endeavoring to stir up the Moslem world against her. This, then, is the first and one of the most important effects upon international affairs of that wonderful revolution in Turkey of July 24. The second incident is the reception by the powers of the Franco-Spanish note with regard to the recognition of Mulai Hafid. Its terms are so completely self-abnegating that its acceptance by all the powers save Germany was a foregone conclusion. It is difficult to see what grounds the Kaiser can find for criticism, and it is scarcely believed that he will attempt to do so.

LORD MILNER ARRIVES AT LENNOXVILLE.

(Continued from page 1.)

reveal. This is not the impression of the Milner as he was known in South Africa. Most people must have been struck with the astonishing frankness, possibly, of course, a form of "new diplomacy," with which he would discuss all the problems of Imperial politics. Nobody seemed to be less afraid of opening his heart and mind than the High Commissioner. Lord Milner was intensely hated by the Dutch as a body. But this hatred was entirely political. One could scarcely imagine how any mortal whether British or Dutch, could feel any personal dislike of Lord Milner. Those who heard him speak in the House of Lords must have been agreeably surprised with his oratorical ability. But in the capacity of public speaker he was well known in South Africa. He has a beautifully modulated voice, and his sentences, without being too literary and pedantic, are always perfectly turned. "I admit," he once said, "that there are many questions on which I have not been able to form an opinion at all and in that respect I am a politician. I remember rightly, a man was asked to take one side or the other, on pain of death, I should have had my head cut off before I was 25." Lord Milner owes his success mainly to his own abilities and industry. He began life without any advantages of birth or wealth or family influence. His father was a physician who had settled in Stuttgart, in Germany, and to this fact is due the statement, so often repeated by Lord Milner's enemies, that he is a German. His mother was a Miss Ready, the daughter of an English Major-General who was one time Governor of the Isle of Man. Both parents died long before young Alfred Milner had entered public life. He had neither brother nor sister, and has, it is said, no near relative at all. Like other distinguished men, Lord Milner served his apprenticeship to statecraft in the school of journalism. Thirty years ago, Mr. Stead and Mr. Alfred Milner were writing "Occasional Notes" for the Pall Mall Gazette. In those days Milner was a long, thin, apathetic young man. He affected no sports, such as an Oxford graduate might aspire to, but was an accomplished and persistent swimmer. Of the "copy" Milner used to turn out, Mr. Stead says it was "the most untidy that I have ever had to deal with. He sprawled all over the paper." His daily tasks bareheaded. It is said that the only light article he ever wrote for the newspaper was the imaginary diary of a number of South African savages on a visit to London. He did it so well that many readers considered it the work of a savage chief. When Mr. Joseph Chamberlain resigned the Colonial Secretaryship, Lord Milner was asked to succeed him; but he declined, believing that his duty at that time was to remain in South Africa.

Nearly two years ago now Lord Milner delivered an important address at Manchester embodying a strong plea for Imperialism and Social Reform, which it was instantly asserted placed him in the front rank of British statesmen. The London Times referring editorially to the Manchester speech, said: "It is remarkable because at a time when party feeling runs high, he made no reference whatever to the party polemics of the moment, for which he declared himself to have neither aptitude nor taste; and also, because he discussed the questions which really interest him—those affecting the permanent interests and the very existence of the British Empire—with a breadth of view, a gravity of statement, and a comprehensive sobriety, which are only too rare among our public men. His speech is welcome, not only on account of its intrinsic value, but also because it marks the entry of Lord Milner after a necessary and well-earned period of repose, upon a field of political labor in which workers are few. In the great self-governing states which for want of a better word we still call colonies, the speech will be read with a keen interest which the accepted orators of the day have little chance of arousing, and will do as much as one man in an office can do to inculcate patience in the present and hope for the future."

ROSS VS. FLETCHER.

JUDGMENT IN REVIEW CONFIRMS JUDGMENT OF FIRST COURT.

The following judgment is announced in Court of Review, Montreal: Ross vs. Fletcher.—In review of the judgment of the Superior Court, St. Francis, Hutchinson, J., rendered the 21st day of February, 1908. Sir M. M. Tait, C.J.: Plaintiff brought his action to collect an amount which he claims to be due him under a certain award of arbitrators. In the award of the arbitrators it was provided that Fletcher was to pay \$210 or fish up certain hardwood logs from out of a pond "as soon as the ice goes off the pond." It is proved the ice went off the pond about the last of April. Fletcher did not make any move in the matter, and in the following November plaintiff took suit for \$210. The defendant pleaded that so long as plaintiff did not call upon him to help raise the logs and put defendant in default to do so, the plaintiff could no more complain of defendant than defendant could of him. In any event the logs could not have been fished out in April, as they were covered with other ones, and it was only in November and after defendant had notified plaintiff of his intentions, and calling upon plaintiff to help him, that the logs were fished out, and again without difficulty. The first court dismissed plaintiff's action. That judgment we confirm with costs.
