

## WOULD SET CANADA UP AS A REPUBLIC.

### German Count Says That is Object of United States.

#### ANNEXATION SPEECH WAS DISCUSSED IN THE REICHSSTAG.

Berlin, March 31.—The Reichstag was crowded yesterday afternoon, in anticipation of an interesting debate on foreign affairs, in which the relations of Germany with the various powers was to be taken up. The debate was started by Dr. Spahn, leader of the Catholic Centre party. He was followed by Count Kanitz, leader of the Agrarians and leader of the House Conservatives, who devoted much of his address to the United States. Count Kanitz said the desire of America to cultivate closer relations with Canada was shown by her entering into an unprecedented comprehensive reciprocity treaty with that country. America, he said, expected eventually to detach Canada from the British Empire, and set her northern neighbor up as a republic. This impression, continued Count Kanitz, was strengthened by the enthusiasm with which Champ Clark's speech for annexation was welcomed in the American House of Representatives. England ought to realize after these incidents, said the speaker, that Germany was not her worst enemy. Referring to President Taft's arbitration proposal to Great Britain, Count Kanitz said that so long as the United States excluded questions affecting the Monroe doctrine from arbitration treaties, the latter would be futile, as it is just these questions which can most easily lead to diplomatic differences.

## TRADE RELATIONS WITH WEST INDIES.

### Question Was Discussed in the House of Commons.

#### MR. FIELDING DID NOT THINK RECIPROcity PACT WOULD HAVE SERIOUS EFFECT.

Ottawa, March 31.—On the motion to go into supply in the House yesterday, Mr. Foster brought up the question of the trade relations between Canada and the British West Indies, reviewing the work and recommendations of the commission appointed by the Home Government, of which Messrs. Fielding and Paterson were members. Mr. Foster said the report was explicit in its recommendations as to the desirability of preferential trade relations between the two portions of the Empire, and recent resolutions from public bodies in the West Indies indicated a demand for a still closer bond between the two countries.

Conditions for a big trade between Canada and the West Indies, Mr. Foster pointed out, were unexcelled. The West Indies had an abundance of what Canada had not and must have, while Canada had plenty of what could not be raised in the West Indies. Both countries were far from being at the zenith of their development. He complained that too often the excellent recommendations of commissions, such as the one in question, were pig-

## TELEGRAPHIC DISPATCHES SUMMARIZING CANADIAN AND WORLD NEWS

### SCHEME OF ASSISTED EMIGRATION.

London, March 31.—Sir George Reid, Australian High Commissioner in London, announces that his government has decided upon a scheme of assisted emigration, and urges British owners to continue shipbuilding, as Australian trade is going to stagger the world.

### DEATH ENDS NEW JOB.

New York, March 31.—Twenty minutes after Herman Soderlund, of No. 217 East Sixty-sixth street, applied for and received a job as a laborer on a building in course of construction at No. 520 Park Avenue, he lost his balance near the elevator shaft on the fifth floor, plunged to the basement and was killed instantly.

### KISSED HIS WIFE. DIED OF SAME DISEASE.

Schenectady, N.Y., March 31.—Albert Adams, aged forty-four years, died of pneumonia after three days' illness following the kissing of the lips of his dead wife, who died last week of the same disease.

### 252 BRITONS WERE REJECTED.

London, March 31.—Mr. W. D. Scott, superintendent of immigration for Canada, says the Dominion only rejected 252 Britons last year, whereas it turned back 14,131 from the United States at the Canadian frontier. Canada, he says, is not too partial to southern Europeans, profiting thereby from the lessons learned from the United States. Canada, he added, is getting a better class of emigrants than the United States.

### CLOSER ASSOCIATION WITH DOMINIONS.

London, March 31.—Three hundred members of Parliament have now signed a petition to Premier Asquith urging a closer association with the Dominions in the conduct of Imperial affairs. Amongst the signatures are Messrs. Max Aitkin, Austin Chamberlain, Page Croft, Hamar Greenwood, Norton Griffiths, F. E. Smith, Marshall Hall, Will Crooks, Arthur Henderson, George Lansbury, Thomas Burt, Right Hon. Alfred Lyttelton and Sir Gilbert Parker.

## LIMITATION OF POWERS OF CROWN.

### Lord Lansdowne's Motion With Regard to Creation of Peers Carried.

#### OUTLINED UNIONIST BILL FOR REFORM OF THE HOUSE OF LORDS.

London, March 31.—Lord Lansdowne, leader of the Opposition in the second chamber, submitted in the House of Lords last evening the motion of which he gave notice on Tuesday, that an address be presented to the King asking him to consent to a bill being introduced limiting the prerogative and powers of the Crown in so far as they relate to the creation of peers, and to the issue of writs of summons to Lords spiritual and temporal, to attend, sit and vote in the House of Lords.

In submitting his motion, Lord Lansdowne briefly outlined the Unionist bill for the reform of the House of Lords. The reconstituted upper house, under this bill, he said, would consist partly of peers possessing certain qualifications, who would be chosen by the Lords from among themselves. There would also be a nominated element and an element elected outside the second chamber through machinery which would be in direct relation to public opinion.

Lord Morley, the Government leader, in the absence of Earl Crewe, announced that the Government regarded the course taken by Lord Lansdowne as entirely justifiable, and would offer no opposition to the address to His Majesty. But, he added, it must be understood that in assenting to the proposal the Government did not pledge itself in any way in regard to any future advice which they might feel it necessary to offer the sovereign when the time comes.

Lord Lansdowne's motion was then agreed to.

## ALBERTA COAL MINERS TO STRIKE.

### MEN AT VARIOUS MINES WILL GO OUT TONIGHT.

Calgary, Alta., March 31.—The conference between the representatives of the Mine Owners' Association and District 13 United Mine Workers of America, has been definitely abandoned. The companies and the employees after wrestling with the problems of the "open" and "closed" shop, the "check off" system and "discrimination" for weeks, have finally decided that they can not come to terms.

A strike of all the coal miners of Alberta is now assured. The men will go out on the night of March 31, when the present agreement with the employers expires.

This means that the biggest strike in the history of Alberta has been precipitated.

### N. B. BY-ELECTION.

Fredericton, N.B., March 31.—In the by-election here yesterday to fill the vacancy in the Legislature caused by the death of Thomas Robison, M. L. A., Dr. O. E. Moorehouse, Government candidate, defeated George P. Burden, Opposition, by 1,210 majority, with one place to hear from, which will probably increase the majority slightly. The Government majority at the general election was 1,233.

### WEALTHY MAN GUILTY OF MURDER.

Independence, Kansas, March 31.—A. A. Truskett, 70 years old, a wealthy business man of Caney, Kan., was found guilty of murdering J. D. S. Neely, a millionaire oil operator of Lima, Ohio. The jury was out 27 hours. The verdict was second degree murder.

### OLD COLONY IS PROSPEROUS.

St. John's, Nfld., March 31.—After a session lasting but seven weeks the shortest regular session on record, the Newfoundland Legislature was prorogued yesterday. In his closing speech, the Governor, Sir Ralph E. Williams, expressed his belief that the colony is entering upon an unprecedented age of prosperity.

### COST \$100,000 FOR ELECTION.

Springfield, Ill., March 31.—H. H. Kohlsaat, publisher of the Chicago Record-Herald, told the Senate investigating committee, Wednesday, that he knew \$100,000 had been used to procure the election of William Lorimer to the United States Senate. He refused absolutely to give the committee the source of his information, notwithstanding the committee has the power to imprison him because of his refusal. Mr. Kohlsaat was excused for a stated time, and was informed by the committee that he must answer the questions regarding the money.

### START ON AUTO TOUR OF THE WORLD.

Toronto, March 31.—C. Brooks and E. Norris, two Toronto motorists, left in a Herreshoff "30" runabout motor car, to tour the world in the next eight months. They will proceed first to Buffalo and New York, then to New Orleans, Mexico City, Panama and South America. Crossing the Atlantic, they will tour Europe and the Orient. They carry an autograph book, in which the opening signature is that of Mayor Geary. Their car is fitted with specially heavy axles and touring springs. Strapped to its sides and rear are trunks, extra tires, a shovel and a big assortment of tools.

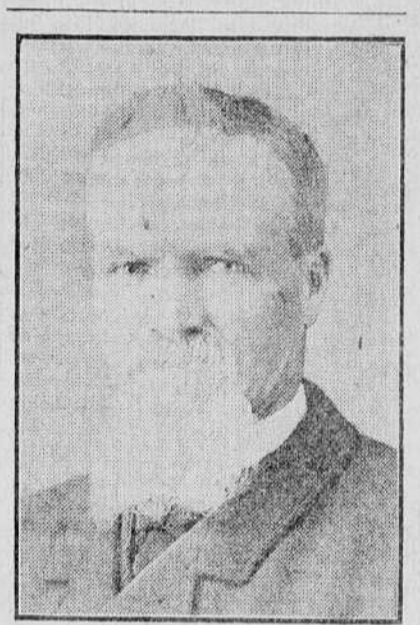

## IRELAND UNDER HOME RULE.

### John Redmond Says Existing Political Dissensions Would Disappear.

#### SAYS TWELVE MONTHS OF HOME RULE WOULD LAY RELIGIOUS BOGEY.

London, March 31.—John E. Redmond, leader of the Irish Parliamentary party, in a statement in the Daily Mail on "What Ireland Would be Like Under Home Rule," predicts that it would be very different from what the people anticipate. The existing political dissensions, he says, would be replaced by economic, municipal and educational questions, on which the lines of cleavage would be quite different from the present day lines of political cleavage.

Then probably, says Mr. Redmond, new classes of men would enter the political field to become members of the Irish Parliament. These would come first from the ranks of the Irish gentry, cultivated men with a stake

MR. AND MRS. EZRA NATHANIEL DAVIS, West Bolton, who celebrated their Diamond Wedding.

in the country, who heretofore had held aloof because they opposed the principle of home rule, but who would be a great acquisition to the political life, and with whom the question of religion would never arise. In the second place they would be recruited from the ranks of the business and commercial classes, owing to the industrial revival certain to follow the granting of home rule.

Mr. Redmond considers that the question of the nationalization of the railways would become an important means to this end. With regard to the Protestant minority, the Irish leader says he is ready to accept any safeguards consistent with ordinary democratic principles, but is convinced that twelve months of home rule would lay all such bogeys forever.

Lately, Mr. Redmond thinks that the idea that a financial settlement just to both countries would be a serious difficulty is quite unfounded. On the contrary, he is convinced that an investigation will show that the argument founded on finance is strongest of all in favor of home rule.

## DIAMOND WEDDING IS CELEBRATED.

### Mr. and Mrs. Ezra, Nathaniel Davis, of West Bolton, Sixty Years Married.

#### WORTHY COUPLE RECEIVE CONGRATULATIONS AND TOKENS OF AFFECTION FROM FRIENDS.

West Bolton, March 31.—(Special)—An interesting anniversary was observed on Saturday as previously announced. It being the diamond wedding of Mr. and Mrs. Ezra Nathaniel Davis, of West Bolton. The actual wedding day took place on March 25, 1851, when Mr. E. Nathaniel Davis of West Bolton, and Miss Maria Martha Chamberlain of West Bolton were united in marriage by the Rev. Francis Hunt, at West Bolton. Mr. Davis was born on February 14, 1832, at West Bolton, and Mrs. Davis was born on March 5, 1836, at Knowlton. Since 1851 they have resided in West Bolton.

Mr. Davis has occupied many leading positions, being Magistrate and

Councillor for many years. For many years he was leader of the Creek Church choir. At the pleasant gathering the immediate members of the family and friends were present, including Mr. A. George Davis, of West Bolton; Mrs. G. H. Robb of Knowlton; the pastor, Rev. Francis J. Hayden, expressed the good wishes of all, and asked Mr. and Mrs. Davis to accept a small token of the high esteem of their friends.

Mr. Frank Mizener had taken up the subscriptions and Mrs. Ernest Inglis presented the gift. Many friends will join heartily with the family in wishing this worthy couple of the Townships many happy returns.

## CALLS ARBITRATION IMPRACTICAL IDEA.

### German Chancellor Says It Cannot Be Made Part of National Policy.

WILL MAINTAIN ARMAMENTS TO UPHOLD POSITION AS GREAT WORLD POWER.

Berlin, March 31.—Germany is not yet ready to agree to any international movement for arbitration and disarmament.

In a speech in the Reichstag yesterday afternoon, Chancellor Von Bethmann-Hollweg, replying to resolutions introduced by both the Socialists and Progressists; looking to Germany's participation in such a movement, said that the "arbitration movement was ideal but impracticable."

"Germany does not oppose arbitration on principle," he declared, "but she recognizes that it cannot now be made a part of her national policy. Germany will certainly never submit matters concerning her national honor to any tribunal."

"We will maintain our armaments to uphold our position as a great world power. Any country that neglects its armaments inevitably sinks to an inferior position. Not until all the powers that maintain great armies and navies have shown a willingness to co-operate in this movement can Germany even entertain the idea. We must, however, always reserve the right to settle questions that affect our honor in our own way."

This last statement was interpreted by the socialists and progressists as meaning that Germany will not enter into any international arbitration movement. The chancellor is understood to have reflected the Kaiser's view in his speech.

## AN INTERESTING MUNICIPAL CASE.

### Was Decided at Bedford By Mr. Justice Lynch.

#### A HARD FOUGHT CASE OVER THE ELECTION OF A MUNICIPAL COUNCILLOR AT NOTRE DAME OF STANBRIDGE.

Bedford, March 31.—(Special)—Mr. Justice Lynch was here yesterday to render judgment in the case of Boudreau and others against Belisle, which was heard here a couple of weeks ago, and which aroused a good deal of interest, practically the whole parish of Notre Dame de Stanbridge having been in attendance for two or three days.

The petitioners attacked the election of Cleophas Belisle, who had been declared elected on the 9th of January last by a majority over his opponent, Joseph St. Denis. The defeated candidate, with several of his supporters, contested the election on the ground that several electors on the opposite side had been irregularly entered upon the valuation roll during the December and January months, for the special purpose of voting at the municipal election. They claimed that nineteen of such voters had cast their votes in such a way.

For the defence, it was contended that about as large a number of the supporters of St. Denis had also entered the same way, and that moreover several others were not residents and did not appear to be qualified as electors on the valuation roll itself. The proof showed that about thirty or forty electors had been entered by bunches at recent sittings of the Municipal Council, mostly tenants and occupants, without appearing that they were simply mutations, but on the contrary were new names altogether. The law provides that such entries can be made only at the annual revision of the roll in the months of June and July, during the years when a valuation roll is not made. Moreover, it appears that among other shortcomings of the form of the said valuation roll, no annual value was shown for each immovable property. The amendment of Belisle's election was asked, as well as the seat for St. Denis.

In an elaborate judgment, His Lordship decided the case on the ground alone of the illegal entries of names on the valuation roll. On Belisle's side fourteen names were struck off, and nineteen on St. Denis' side, that is, five more, which added to the previous majority of nine in favor of Belisle, gave him an ultimate increased majority of fourteen, and he retains his seat.

Each party will have to pay his own costs, seeing that illegals have been committed on both sides. His Lordship did not pronounce on the other features of the case, but gave timely pointers as to the manner of making a valuation roll. The judgment seems to give satisfaction. The plaintiff was represented by Mr. Bovin, and the defendant by Mr. Giroux, both of Sweetburg.

## E. T. CONSERVATIVES IN SESSION.

### Annual Meeting Opened This Afternoon.

#### PUBLIC MEETING WILL BE HELD AT THE MONUMENT NATIONAL THIS EVENING.

Delegates from all over the Eastern Townships arrived in town to-day to attend the annual meeting of the Eastern Townships Conservative Association. The meeting opened at 2 o'clock this afternoon, Dr. W. L. Shurtleff, K. C., president of the Association, in the chair.

Mr. H. B. Ames, member for St. Antoine, chairman of the Liberal-Conservative Committee on Organization, arrived on the noon train and will take a prominent part in this afternoon's meeting. Organization plans will be fully discussed. The officers for the ensuing year will also be elected at this meeting.

### RECIPROcity MEETING TONIGHT.

This evening a public meeting will be held at the Monument National, when Mr. Ames, Hon. C. J. Doherty and others will speak on Reciprocity. A general invitation is extended to the public, ladies included, to be present at this meeting.

### MARRIAGES.

LEAVITT-WILSON. Glen Sutton, March 31.—(Special)—A very pretty wedding took place at North Troy, Vt., on March 27th. The contracting parties being Miss Frankie C. Wilson, eldest daughter of Mr. James Wilson, of East Richmond, Vt., formerly of Glen Sutton, and Mr. Myron W. Leavitt, son of Mr. Stephen Leavitt, also of Glen Sutton, Rev. Rufus of North Troy, Vt., was the officiating clergyman. After the marriage Mr. and Mrs. Leavitt were tendered a sumptuous wedding supper and reception at the home of Mrs. A. H. Miller of this village, at which many friends were in attendance. Many presents were in evidence, including a grand dinner set, etc. Mrs. Leavitt is a popular young lady, while her husband is an honest, industrious young man and both have the best wishes of many friends for their future happiness and prosperity.

## DAILY NEWS SPECIALS FROM ALL PARTS OF THE EASTERN TOWNSHIPS

### FARMERS ARE WAITING.

Gould, March 31.—(Special)—The farmers around here are anxiously waiting to start sugaring, but so far there has been no sign of spring.

### COWS AVERAGED \$50.

North Sutton, March 31.—(Special)—Mr. A. W. Smith sold eight cows recently to Mr. A. Smith of Abercorn for \$850 a head.

### FOOT WAS CRUSHED.

Boynton, March 31.—(Special)—Mr. Warren Place met with quite a painful accident while at work in the saw mill, having his foot badly bruised by a moving log.

### FARM SOLD AT SOUTH DURHAM.

South Durham, March 31.—(Special)—Mr. William Beattie has sold his farm adjoining the village to Mr. E. B. Dionne for \$1,800, and leaves soon for the West.

### MAIL STAGE DELAYED.

Gould, March 31.—(Special)—The last two storms have greatly retarded travel by road. On Tuesday the mail stage had to remain in Scots-town over night, and no mail was received until Wednesday.

### LABOUR WILL BE IN VAIN.

East Farnham, March 31.—(Special)—For two Thursdays past the weather has been cold and blustery, and yesterday it snowed heavily again. Some of the farmers have tapped their trees, but will have all their labor in vain.

### FORMER GLEN SUTTON MAN LOSES HIS DWELLING HOUSE BY FIRE.

Glen Sutton, March 31.—(Special)—News comes from Cambridge, Vt., that Mr. Jodie Laplant lost his house, with all its contents recently, with all its contents recently, without appearing that they were simply mutations, but on the contrary were new names altogether. The law provides that such entries can be made only at the annual revision of the roll in the months of June and July, during the years when a valuation roll is not made. Moreover, it appears that among other shortcomings of the form of the said valuation roll, no annual value was shown for each immovable property. The amendment of Belisle's election was asked, as well as the seat for St. Denis.

### SIDEWALK IS DANGEROUS.

Cowanville, March 31.—(Special)—A railing should be put up on the outside of the sidewalk from Mr. J. W. Taylor's residence to Dr. C. Cotton's dental office on Main Street. This place is dangerous from snow and ice. Any person losing his footing here would fall over the high embankment toward the river. Another matter of importance that could do no harm if undertaken by the Council is the correction of the corporation sign outside of the Secretary's office door. One word in this sign is misspelled, and three other words have apostrophes where none should appear.

### PREDICT SHORTAGE IN MAPLE PRODUCTS.

Bedford, March 21.—(Special)—The crop of maple sugar and syrup had another setback yesterday, for though the sap is running very freely, the snow is falling and great quantities of sap will have to be thrown away as useless. Though it is not known what the season will bring forth, the general opinion of old sugar makers is that there will be a shortage this year, owing to weather conditions, together with the lateness of the season, and as a result the price will be fairly strong. From eleven to fifteen cents has been the ruling figure so far this season for "new sugar."

### NEW UNIFORMS FOR BRIGADE.

Magog, March 31.—(Special)—The members of the Magog Fire Brigade closed a contract this week with the Water Blue Co. of Sherbrooke for the manufacture of 23 coats for the brigade. The members of the brigade will thus have the same uniform. In order to help defray the expenses of the above the brigade is preparing for a euchre party to be held in the Opera House on Tuesday, April 25th. The townspeople will thus be given a chance to help the brigade along, and these is no doubt but that they will, for all should be interested in keeping the department in first-class shape. The equipment for fire fighting purposes is equal to that of any town of its size in the province.

### THOUGHT IT WAS REAL THING.

Farnham, March 31.—(Special)—Considerable excitement was caused at "Wonderland" during the moving picture part of the performance. The picture being run off was a serious fire, and just as the fire was at its height, the town fire alarm rang and someone in the audience shouted "Fire!" The building seating 250 people was packed and in one second the great majority were crowded in aisles. Seeing the crowd were taking the call seriously, Mr. Hesse rushed to the platform and assured the audience the fire was not in or near the building. In a few moments quiet was obtained and the show proceeded. The real fire, of small account, was in Mr. J. Spooner's house across the C. P. R. tracks near Depot Street.

### WATER IN RIVER HIGH.

Massawippi, March 31.—(Special)—The water in the river is high and is several feet over the road.

### NEW BUILDINGS FOR SCOTSTOWN.

Scotstown, March 31.—(Special)—Several new buildings are to be built here this summer. Mr. Alfred Leblanc is to begin immediately to build on Dutton Street.

### ROBINS AT KNOWLTON.

Knowlton, March 31.—(Special)—Mr. Simeon Stone reports to have seen twelve robins on Wednesday. A flock of geese also flew over here on the same day.

### PIPE BURST; MILL CLOSED.

Scotstown, March 31.—(Special)—The Guelph Patent Cask Company's Veneer Mill had to shut down yesterday on account of the bursting of a large pipe which conducts the steam from the boilers to the dry kilns.

### TEACHERS RESIGN AT SCOTSTOWN.

Scotstown, March 31.—(Special)—It is said that three of the teachers in the Magog School have resigned, their resignations to take effect right away.

### ANXIOUSLY WATCHING RIVER.

Bedford, March 31.—(Special)—The residents of River street are anxiously watching the river these days, mentally figuring the prospects of a flood. The water is already high and some of the older residents predict trouble, but hope springs eternal in the human breast and so long as there's life there's hope. A flood, as the victims of the 1907 affair well know, is a serious affair, and every precaution should be taken to reduce the damage to a minimum. During the recent thaw the corporation have had workmen out opening drains and digging channels, and this work will have to be kept up if any good is to result.

### MAGOG BOATING CLUB.

Magog, March 31.—(Special)—The adjourned meeting of the Magog Boating Club was held in the Town Hall on Tuesday of this week, for the purpose of drafting up a set of by-laws for the above organization. They started off last year with a boom, over \$5,000 having been promised toward building a club house and everything looked bright for the coming season. But this was about as much as they realized. A new interest, however, seems to be taken in the affairs of the Club, and no doubt more will be done this year than last. The annual meeting for the election of officers will be held on Tuesday, April 11th.

### DIALLECTS IN ENGLISH LANGUAGE.

Cowanville, March 31.—The regular meeting of the Circuit Club on Wednesday evening, was attended by about one hundred members and friends, and all present were treated to a splendid programme. Principal J. H. Hunter, M.A., of the Academy, gave a very interesting address dealing upon the many dialects in which the English language is spoken. He dwelt upon the many words with the same sound in the language which have a different meaning, and also gave illustrations of the Yorkshire dialect, the Highland Scotch, the Lowland Scotch, the Irish and French-Canadian rendition of the English language. Each of these were appropriately illustrated by readings and recitations from minor and major poets. A dialogue with Messrs. William Brimmer and Rupert Shufelt taking part was quite humorous and well received. A vocal duet by the Misses Grace and Marion Shufelt accompanied by their mother, Mrs. Levi H. Shufelt, of East Farnham; a recitation by Miss Marion Shufelt; a reading by Miss Beryl L. Duboye; a violin solo by Mr. Jones and a violin duet by him and Mrs. Jones, and a song by Mr. Duboye completed the programme. A feature of the evening was the farewell remarks spoken by the Rev. Mr. Jones, and Mr. Duboye, on account of the approaching departure from Cowanville of Mr. and Mrs. A. L. McClatchie and family, who are going to the Canadian West next week. Mr. McClatchie replied appropriately, and the Club dispersed shortly after 10:30 p.m. The next meeting will be held on the evening of Wednesday, the 29th of April.

On Sunday, March 19, the funeral service of the late Mr. Geo. H. Harding, of the Bowen neighborhood, was held in St. James Church immediately after morning prayer, Rev. T. G. Devitt both reading the burial office and preaching a sermon. Evensong upon that day, was the fourth service, at which the Pector of St. James officiated.

Arrivals and departures: Mr. and Mrs. Howe, home after their trip to Montreal and Richmond, Quebec, from a visit with relatives in Boston, Mass., and New Hampshire; Dr. and Mrs. Jones of Peabody, recent visitors at Coaticook; Mr. Wm. Hopkins, Sr. at Coaticook recently; Rev. Robt. Goudie attended the usual monthly meeting of the Sherbrooke District Ministerial Association, which was held Tuesday at Sherbrooke; after some time with her aunt, Mrs. M. W. LeBaron, Miss Doreen Morhill, to her home in Sherbrooke; Mr. Gordon White, who has completed his engagement in Waterville, has been at "Brookbank" for a few days with his parents, Mr. and Mrs. J. White; Mr. F. J. Robinson, of Ayer's Cliff, here, on Wednesday.

Miss Vera Emery is quite ill. Miss Sadie Emery is recovering from a threatened attack of pneumonia. Mrs. M. W. LeBaron is able to be out again after being confined to the house through sickness. The regular meeting of the Ladies Aid of the Methodist Church was held in the Church Hall on Wednesday.

MASSAWIPPI.

Winter seems very loath to leave us and the clouds still continue to drip down softly "the beautiful" which raises the roads higher and higher. The snow roller cannot run as does not, and plows are used and

taking it all together, travelling is precarious. Mrs. T. N. St. Didier is at Beebe, with Mrs. Gilliflann for a couple of days. Mrs. J. Ayer has returned to "Millbank" for a time. Dr. Cromwell, of Coaticook, was in town Wednesday. Mr. and Mrs. E. Ham entertained about thirty-five Saturday evening at their home to the evident pleasure of their guests.

Monday evening, although very stormy, quite a number of young people met at Mr. E. English's to enjoy a few hours in dancing. Mrs. Percival continues quite ill and is very weak. Mrs. W. B. LeBaron, of Sherbrooke, was here Saturday to visit Mrs. Percival.

STANSTEAD.

Mr. Benj. S. Wright is spending a few days at his home here. Misses Edythe Raymond, Hazel Morrill and Bernice Lincoln have been confined to their rooms for the past week with severe colds. Mrs. Miles, of Newport, is visiting her parents, Mr. and Mrs. Willoughby.

The relatives of Mr. William Libby of Somerville, Mass., have received the sad news of his sudden death on Wednesday. The remains will be brought here for burial. The Epworth League of the Methodist Church had a very enjoyable snowshoe tramp on Wednesday evening. Refreshments were served on the return and a very pleasant evening spent.

The ladies of the college will be at home to their friends on Thursday, April 6th, from four to six. Mrs. Albert Clark is quite seriously ill with la grippe. Mr. J. B. Swift of Montreal has purchased the Frechette farm in East Stanstead and is moving there this week.

The regular monthly meeting of the Auxiliary of the Women's Missionary Society of the Methodist Church was held at the home of Mrs. Geo. Flint on Wednesday afternoon. A very interesting and appropriate programme was given, it being of the Lenten

character. A number of readings were given portraying the events and happenings of Christ during Holy Week, after which a very beautiful vocal solo was given by Miss Jessie Beatrice of the College. In the business meeting of the afternoon, Mrs. Flint was presented with a life membership to the Society. The letter of presentation was read by Miss Colby, and indicated that the membership was given to Mrs. Flint as a token of her unflinching example, generosity and faithfulness to the Society.

The funeral of the late Mrs. John A. Tilton was held at Mack's Mills on Thursday afternoon. The service was preached by the Rev. W. S. Jamieson of Stanstead, assisted by the Rev. Messrs. John Foykes, Georgeville, and Wm. Smith, of Beebe. The bearers were: Mr. Cecil Gould (brother) and Messrs. Wm. Haselton, Arthur and C. W. Stevens. The funeral was managed by Mr. E. Audinwood. A very large number of sympathetic friends were present and floral tributes were many. The late Mrs. Tilton leaves to mourn her loss her husband, Mr. J. A. Tilton, and five small children; her mother, Mrs. Gould; two brothers and two sisters besides were present and floral tributes were present and floral tributes go out to Mr. Tilton and family in their great loss.

KINGSCROFT.

Mrs. L. O. Courtemanche announces to her many friends that her millinery opening will be April 1st, with styles that give satisfaction. A call will convince you.

WINDSOR MILLS.

Miss C. Colbourne of Magog is the guest of her friend, Miss A. Robinson. Miss Margaret Sampson was in Sherbrooke Wednesday. Mr. Hector King was taken to the Protestant Hospital on Tuesday, where he was operated on for appendicitis. Latest reports were very favorable. Dr. Tanner accompanied him. The next meeting of the Woman's Reading Club, which was to have met at the home of Mrs. J. T. Norris, on Tuesday, April 4th, has been postponed until April 18th at the home of Mrs. Wright Hovey.

Mr. and Mrs. F. T. Caswell and Miss Edna Caswell, expected home from East Milton, where they have been spending the past few months. Mr. Geo. Hall intends building a new livery stable on the corner of Maple Avenue and Railroad Street, which will be about 30 by 30 feet. Messrs. Hutchins and Drew have the contract for the same. In order to make room for this building he intends moving his double tenement about 16 feet west of its present position and farther up Maple Avenue.

In the Congregational Church on Sunday the Rev. J. G. Hindley, Pastor, will take for his morning subject, "Visions and Visionaries." In the evening Mr. Hindley will give the fifth of his Lenten lectures on "Compassion." Soloist, Miss Pierce. In the Universalist Church Rev. F. H. Cole, Pastor, will give as the fifth of his Lenten sermons, "The Ethics of Jesus, the Standard of Right Living." Service at 10.45 a. m.

SITTING OF CIVIL COURT AT MAGOG

JUDGE MULVENA HEARD SEVERAL CASES AT REGULAR SESSION.

Magog, March 31.—(Special)—Judge Mulvena held a term of civil court here, it being the quarterly term, and heard several cases. Sevigny vs Martin et al.—This was an action for increased alimentary support. Mrs. Sevigny the mother sued her children for a larger amount to live on. They were already giving her six dollars a month and she by her action demands more. The children, who are grown up and number three, claim they are paying their mother all they can afford, but would be willing to pay for her keep at the Creche. The Judge took the case on deliberation.

Pfaffe vs Audet.—Action brought for dismissal without notice. Pfaffe was in the employ of Audet. He claimed by his suit to have been discharged for one year, that he was discharged without notice in disregard of the engagement. Audet runs a sawmill and claims that he only hired Pfaffe by the week and that he discharged him because he was using offensive language and did not obey orders. Case was taken on deliberation.

Lesperance vs Peables.—This case was brought for alleged slander plaintiff charging that defendant in a blacksmith shop at Fitch Bay, in the presence of witnesses called him a liar and stated that he did not pay his bills. Several witnesses were heard and some contradictory evidence was heard. One witness stated that the language used was common around Fitch Bay, and one of defendant's witnesses, Mr. T. B. Rider, stated that having been a member of the House of Commons, Ottawa, he had heard similar language used in Parliament. The plaintiff proved to be a capable witness for himself and appeared to impress the Court. The Judge took this case on deliberation. Several other cases went by default.

ENDS MISERY FROM INDIGESTION OR A SICK, SOUR, GASSY STOMACH A little Diapepsin will make you feel fine in five minutes. The question as to how long you are going to continue a sufferer from indigestion, Dyspepsia or out-of-order Stomach is merely a matter of how soon you begin taking some Diapepsin. If your Stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a re-enforcement of digestive agents, such as are naturally at work in the stomach. People with weak Stomachs should take a little Diapepsin occasionally, and there will be no more indigestion, no feeling like a lump of lead in

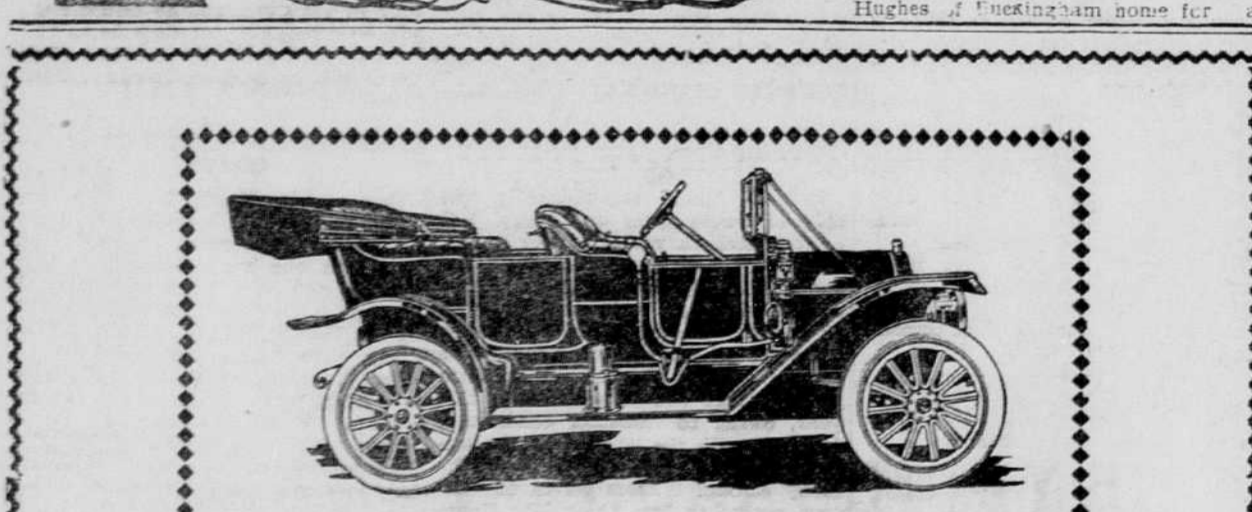

PREPARING FOR FESTIVAL OF EMPIRE. COLOSSAL STATUE OF KING GEORGE WILL BE IN CENTRE OF CRYSTAL PALACE TERRACE. London, March 31.—Considerable progress is being made with the arrangements for the Festival of Empire which is to take place at the Crystal Palace. An excellent idea, conceived by the authorities responsible for the arrangement, was the exhibition in a temporary building on the island site in Kingsway, of a model of the exhibition as it will appear when completed. A large number of people are availing themselves of the opportunity of inspecting the model and of following the railway route along which it will be possible to travel when the doors of the exhibition at the Crystal Palace have been thrown open to the public. Traveling along this railway, visitors will pass through scenes representing the life in the various dominions of the empire, at one time passing by a sheep farm or cattle ranch in Australia, or may be a mining settlement in another part of the empire.

CARNATION NOW BRITAIN'S FLOWER. THE QUEEN'S SELECTION FOR HER CORONATION BOUQUET PLEASES EVERYBODY. Queen Mary has now intimated to the Gardeners' Company, whose offer she has already accepted to make the bouquet which she will carry at the coronation, her wish that it be composed of carnations. The flowers from which it is understood her choice will be made are the varieties known as Enchantress a pale pink; Mrs. Lawson, a cerise; and Windsor, a full pink. The announcement has given great satisfaction to horticulturists, as it is believed that from every point of view the Queen's choice is a very happy one. The present year has seen the production of the first true rose pink carnation," said Mr. Burnett, a noted Guernsey cultivator. "For this, in any case, great popularity has been foretold."

STATISTICS AS TO IMMIGRATION STATEMENT ISSUED BY SUPERINTENDENT SCOTT FOR ELEVEN MONTHS. Ottawa, March 31.—Mr. W. D. Scott, superintendent of immigration, issued the following statement: For the eleven months, April to February, of the current year, the number of immigrants who arrived in Canada was 271,392, as compared with 175,729 during the corresponding months of the last fiscal year. The gain, therefore, is 54 per cent. The number who arrived via ocean ports for the same period was 161,151, as against 89,241 for a like period of the last fiscal year, an increase of 81 per cent. From the United States for the same eleven months there were 106,906 immigrating arrivals; during the corresponding eleven months of the last fiscal year there were 86,488, the gain from this source being 24 per cent.

McLaughlin-Buick Automobiles

It is natural for the average man to think that Automobiles are over priced, that even the lowest price car should be good, and therefore for the first purchase it is too often the cheap car they buy, but it is invariably the case that after a year or two they are in the market for a better car. This is neither economy or wisdom. McLaughlin does not make a cheap car, consequently the owners of McLaughlin-Buicks rarely ever want to change their car unless it is to get a car of greater capacity, and in such case it is another of the same make they want, and fortunately can have, as they are made in all sizes from two to seven passenger, from eighteen to fifty horse power. Thousands of Buick owners will testify to these facts. The following statement made by Mr. Loeb, a millionaire who has a summer cottage in North Hatley and who owns a Model Seventeen Buick car, which he takes to his summer home from New York:

I consider the Buick the best car made regardless of price. Several of my friends have cars costing up to \$8,000, but not one has given the service and satisfaction that my Buick has done, and not one of them but what are forced to take my dust when I feel so disposed. This is the way McLaughlin-Buick owners talk, and they can back up what they say. The past record of speed, power endurance in competition with the highest price cars in prize tests, have proven such statements to be true. The Buick is no untried problem. It has made its record, established its reputation and stands victorious. With all this you have behind the Buick the McLaughlin Co., a firm well-known throughout Canada for honest and fair dealing, who have established in Sherbrooke a branch in which a full line of their cars, with all pieces and parts, as well as experts to educate and look after the interests of their customers.

M. ALBERT DION

A voice from Temiscouata County brings the good tidings of perfect health secured by the steady use of

St. Michel's Wine

To expect an immediate and instantaneous cure from a tonic does not show a well balanced mind. As noticeable as may be the effects of a first glass, it goes without saying that the best of all tonics must be taken steadily to produce complete beneficial effects.

There is no doubt that from the very first glass taken, St. Michel's Wine will sustain its high reputation as a tonic and that after taking it for a few weeks its will establish, beyond a doubt, its efficiency as a restorer. Everyone who has taken St. Michel's Wine, proclaims it the king of all tonics. It has a great advantage over most all solid medicines such as pills or powders which are not digested by weak stomachs. St. Michel's Wine, in its liquid form, acts immediately and penetrates into the circulation of the blood, which it makes richer and rapidly regenerates. This is why it is always gaining in the public favor.

Here is a letter from Isle Verte. It is short but it goes a long way in proving the medicinal value of St. Michel's Wine.

Messrs. Boivin, Wilson & Co., Montreal.

Gentlemen:—I am happy to give you a new testimonial and proof of the efficiency of ST. MICHEL'S WINE. I am including with my letter a photograph which is a proof of the good health I have acquired through the use of only a few bottles of this good wine.

I am, Gentlemen, very gratefully yours, ALBERT DION.

Nothing better could be said, no better proof could be given of the standard qualities of St. Michel's Wine, the most effective of all tonics. It restores life to sick people; it gives a new vitality to persons who are weakened by sickness and over-work or tired out from too heavy manual labor, and also to those who are weakened by attacks of fever. Young and old people will find strength and health in this good wine. There is no reason why St. Michel's Wine will not do as much for you, who are reading these lines.

RECENT CURES FOR DRUNKARDS.

HOW GERMANY NOW DEALS WITH INEBRIATES. (Tit Bits.)

Splendid work has for some years past been done in this country by individuals and societies in the way of curing drunkards. Is it not, however, about time that we followed Germany's example, got together a working committee of experts on the question, and established municipal clinics, presided over by duly qualified persons whose advice was available, no matter whether the patient was in a position to pay a heavy fee or not? There are eleven clinics in Germany at the present time maintaining clinics of their own drunkards, while others give financial support or co-operate in some other way with the many associations for the cure of drunkards established in Germany by charitable individuals.

In the street cars and stations of almost all the large cities in Germany are to be seen notices which read something like this: "Advice and medical care given free to alcoholics and their relatives at the clinic, X—strasse 112, every Monday and Thursday from 6 to 8." It is not an advertisement of some alleged cure, but an offer of help from one of the three large prohibition societies—the Anti-Alcoholic League, the Good Templars, and DasBlau Kreuz, a semi-medical organization.

LONG-SUFFERING WIVES.

The literature which these organizations distribute shows that they regard drinking as a physical defect to be treated with medical care, kindness and patience. Dr. Richard Burckhardt, an officer of one of the biggest prohibition societies, says that of 232 cases that came under his care only fifty-one were reported by the patients themselves. "Many of these sent letters asking for advice with the idea that they could hide their identity; but others came, inspired by our advertisements and signs, probably, with the last vestige of will-power they possessed. "A very small percentage of our cases are sent to us from institutions and charitable organizations. By far the greatest number of visitors in the clinics, however, are the long-suffering wives of drunkards. We get as much of the family history from them as we can—records, statistics, and facts that will help us to get at the cause of the evil, whether it is inherited or comes from unemployment, physical deficiencies, or nervous disease.

KICKED OUT.

"A drunkard is not of necessity a dangerous, villainous fellow. He is most often genial, kind-hearted, and intelligent when he is sober. But invariably he is weak-willed, and liquor makes him another man, tyrannous probably, ugly-tempered, and brutish.

"He does not realize it, of course, until sobriety returns, and then he is all remorse and contrition again. That is the time for us to approach him. His wife lets us know when the proper mood is upon him, and we pay him a visit.

"We may get kicked out the first time, but we come again and again until we are received with a little more cordiality. With all the information we have gathered about him from wife, employer, police and neighbour, we take him unawares and make him give us his attention.

THREATS AS A CURE.

"We can generally show him pretty clearly that everything he has suffered, the poverty and misery of his home, his troubles with employer, landlord, or family, are all due to his fondness for drink, and if we make our statements emphatic enough succeed in showing him what a waste of money, energy, and nerve force drinking is, we may move him to sign the pledge. Very often, of course, we fail to make any impression upon him. Then we threaten him with the power of the police. We do not like to resort to these forceful measures, because it is a poor principle to work through fear, but sometimes we have to make the means justify the end."

It is one of the principles of the superintendents of the clinics to try home cure whenever it is possible, but when this fails they send the patients to institutions maintained in connection with the clinics. There are perhaps fifty of these in Germany, situated in the country, in an old inn or a renovated farm-house, accommodating from twenty to 180 patients each. Here they are put under the supervision of a corps of trained workers, medical and social, who do everything for them physically, spiritually, and psychologically that may be necessary to bring them back to a normal state.

THE WATER AND FRESH-AIR CURE.

For a period of six months or more they are transported to another world away from the court of King Alcohol where they have a clean place to live in, clean food, clean clothes, and regular work. The latest methods adopted in sanatoriums for persons suffering from nervous diseases are adopted here, including the "duration baths," in which gently-flowing warm water is supposed to soothe and quiet the nerves of the patient who sits in it for an hour or more, according to his needs. When he is strong enough and capable of working he is kept busy a good part of the day on the road and in the fields. Fresh air plays an important part in the cure.

DOMESTIC DIAMOND CUTTING. Experts from Holland are introducing the diamond cutting and polishing business in New York. This may make the gems a bit cheaper. American buy every year in Amsterdam alone \$10,000,000 in polished diamonds, and only \$500,000 in rough stones. Amsterdam handles annually more than \$21,000,000 of the brilliants. It was there that the great Cullinan diamond was cleaved. "Cleaving" is of much later date than polishing, and the object of it is to give the stone a regular crystal shape. It also serves to split off these parts that contain flaws. But the sawing machine is superseding the cleaver's hammer and splitter. To divide diamonds by sawing, a thin disk of steel or phosphor-copper, revolving three thousand times a minute, slowly cuts through the diamond in any desired direction. Steam was applied to diamond cutting in 1824. Electricity is now largely used.—New York Press.

BELIEVES POPE WAS SPIRITED AWAY.

Correspondent Says His Body Will Be Found When Ice Goes Out.

STATEMENT AS TO HIS ASSETS AND LIABILITIES GIVEN OUT.

A correspondent from Clapham writes with regard to the disappearance of W. F. Pope, Bromptonville. He says:

"I should like to say a few words regarding the Pope mystery. I have followed it up, as I have worked for Wilfred Pope, and also his brothers, Trueman and Eber, at Richmond and Melbourne. I worked for Wilfred at Bromptonville in 1908, when he owned the Gilbert House, and I always found him an honorable and kind man, both to mankind and animals. He was also a strict English Churchman, and I never knew him to smoke or drink. Although I saw the result of Dr. McTaggart's test, I still believe he was spirited away. I don't think he is a man to ill-treat a horse in the way described. The party or parties who spirited him away must have done the injury to the horse. When the snow and ice go out in the spring you will find him. All I can say from acquaintance with him is, he is an honorable, upright man."

STATEMENT OF AFFAIRS.

From the curator's statement as prepared by the curators the assets were: Grocery stock and store fixtures, \$6,364.44; rolling stock, \$350; cash, \$697.01; bills receivable, \$505.37; book debts, about \$800, and cattle, the whole totalling, with his real estate, \$11,097.70.

The liabilities included shop rent, \$140; wages, \$421, and ordinary creditors, totalling \$11,093.15. Messrs. John J. Griffith, of Sherbrooke, and Joseph Desautels, of Montreal, were the joint curators.

MOTHER HAS NOT HEARD.

So far as known, neither Pope's mother nor any member of his family have heard from him.

Pope was the favorite of his mother, who nearly died at the time her son left the village under such tragic circumstances. The devotion between

mother and son has given rise to a belief that there must have been some big motive to force Pope to make a getaway under such circumstances without letting his mother or friends know.

COULD HAVE REALIZED MORE. On the real estate owned by the missing man there were mortgages amounting to some thousands of dollars, but all these were put on the property a long time prior to the disappearance. If permanent disappearance had been planned with very long deliberation it would have been an easy matter for Pope to realize more than he did on his assets. Pope evidently decided to leave on notice of not more than twenty-four hours.

TRADE RELATIONS WITH WEST INDIES

(Continued from page 1.)

soon-held, but he hoped in this case Mr. Fielding would see that this course was not adopted.

Mr. Fielding complimented Mr. Foster on his thoughtful review of conditions of trade between the two countries since he (Foster) visited the Indies as finance minister in 1890. Mr. Fielding, however, did not think the reciprocity agreement with the United States would have the serious effect Mr. Foster feared on the trade with the sister colony. Except on a few points, the interchanges did not conflict. Fruit was already on the free list, this being the chief export of the West Indies. Recently the governor of Jamaica had taken an hostile attitude towards any reciprocity arrangement with Canada and this was evident that an arrangement with the islands would not be so easily secured as some imagined. It would, however, be the pleasure and duty of the Government to do all possible in furthering better trade relations with these portions of the Empire.

**CHEESE MARKET UNCHANGED**

Montreal, March 31.—Receipts of cheese were 14 boxes, as against 11 boxes for the corresponding date of last year. The local market continues quiet and unchanged, with prices nominal at 12c to 12½c for westerns and 11½c to 12c for easterns.

**BUTTER MARKET FIRM**

Montreal, March 31.—Receipts of butter were 194 packages, as against 86 packages for the corresponding date of last year. The local market is firm with new milk creamery being quoted at 20c to 20½c, and

finest being held at 25½c to 26c.

**PROVISION MARKET**

**NO CHANGE IN PRICES.**

Montreal, March 31.—A firmer feeling prevailed in the market for live hogs owing to the smaller supplies for which there was a good demand from packers and sales of selected lots were made at \$7.50 per 100 lbs., weighed off cars. There was no change in the market for dressed stock, prices being firm with a fair trade passing in a jobbing way, and sales of abattoir fresh-killed were made at \$9.75 to \$10, and country-dressed at \$8.25 to \$9.25 per 100 lbs. The demand for hams and bacon continues good, but the movement of other lines is slow.

**COUNTRY PRODUCE.**

**ACTIVE TRADE IN EGGS.**

Montreal, March 31.—Receipts of eggs were 1,241 cases, as compared with 956 for the corresponding date of last year. A steady feeling prevails in the market under good demand, and an active trade is passing with sales of straight gathered new laid stock at 20c and selected at 23c per dozen.

**NO CHANGE IN HONEY MARKET.**

Montreal, March 31.—There is no change in the condition of the market for honey, supplies being ample to fill all requirements and prices steady. We quote: Clover, white honey, 11c to 12c; dark grades, 9c to 10c; white extracted, 7c to 8c; buckwheat, 6c to 7c.

**DEMAND FOR BEANS LIMITED.**

Montreal, March 31.—The demand for beans is limited, and the market is quiet with no change in prices to note. In a jobbing way three pound pickers are selling at \$1.75 to \$1.80, and car lots at \$1.65 to \$1.70 per bushel.

**GOOD DEMAND FOR POTATOES.**

Montreal, March 31.—The demand for potatoes is good of which supplies are scarce and the undertone to the market remains strong. Sales of car lots were made at 90c, and jobbing lots at \$1.05 to \$1.10 per bag.

**MONTREAL LIVE STOCK MARKET**

**EASIER FEELING PREVAILED AND PRICES DROPPED.**

Montreal, March 31.—At the Canadian Pacific Stock Yard the offer-

ings of live stock were 425 cattle, 50 sheep and lambs, 710 hogs and 1,000 calves. Owing to the continued limited demand for cattle and the slow trade an easier feeling prevailed in the market and prices were 2c per lb. lower than on Monday, and even at this reduction sellers found it impossible to make a clearance of their holdings. Steers sold at from 3½c to 6½c, cows at from 3½c to 3½c, and bulls at from 4c to 5c per lb.

The supply of sheep and lambs was small and trade in consequence was quiet, with no change in prices to note. Sheep sold at from 4½c to 5c per lb., and lambs at from 85 to 87 each. The demand for calves was fairly good, of which supplies were large and prices ruled low at from 82 to 86 each as to size and quality. The tone of the market for hogs was firmer under a good demand and sales of selected lots were made at \$7.50 per 100 lbs., weighed off cars.

At the Montreal Stock Yards, West End Market, the offerings were 300 cattle, 100 sheep and lambs, 300 hogs, and 400 calves. The only change in the market was the firmer feeling in hogs on account of the limited supply and the good demand for the same, and sales of selected lots were made at \$7.50 per 100 lbs., weighed off cars. The market for cattle was easier and the prices realized were the same as those quoted above.

**WHITNEY BROTHERS AT CLEMENT THEATRE.**

**Last Number on Y. M. C. A. Concert Course.**

**REPEATED THEIR EXCELLENT PERFORMANCE OF LAST YEAR BEFORE CROWDED HOUSE.**

If a Sherbrooke audience could always be assured of as high class an entertainment as given by Whitney Brothers last night, Clement Theatre would always be crowded. The last number on the Y. M. C. A. course was admitted by all to be the best.

As is probably known the members of this company are brothers and four sons of a minister. It is seldom indeed that four voices can be secured which blend together so harmoniously, especially in one family. Alvin M. Whitney, the first tenor, was suffering from laryngitis and did not take his solo, being replaced by his brother, Yale, second bass. The other Whitney are William F. Whitney, first bass, and accompanist, and Edwin Whitney, second tenor and reader.

Their opening number was "The Rhine" by Felix Mendelssohn. The strenuous tone of this number was in direct contrast to the second, "The Lotus Eaters" by Robert Schumann. Each of these numbers were encored and the Whitneys responded in a pleasing manner.

Probably the star performer was Edwin M. As a singer and reader he has much to boast. He took for his first selection, a selection from David Copperfield, where the latter pictures his feelings while wooing Dora. The piece was extremely humorous and rendered in a most realistic manner by the reader. In response to an encore he sprang some side-splitting jokes.

The next number was an anthem written by William Y. Webb, entitled, "A late lark twitters from the quiet skies." This was perhaps the most difficult selection of the evening and was thoroughly appreciated. This was followed by a bass solo by Yale B. Whitney.

A group of old folk songs followed, the following American, Irish and Scotch selections being given: "Hard Times Come No More," "The Dear Little Shamrock," and "Green Grow the Rashies."

A second reading by Mr. Whitney entitled "Sally Ann" and an encore picturing the actions of a young brother watching through a window his school teacher and his eldest sister making love, simply brought down the house. The programme was brought to a close by the singing of "Grace Be Unto You" a sacred selection, which the brothers have always used in closing and which they stated they always intended using.

**SHELDON CLAIMS HE WAS BLACKMAILED.**

**MUST SETTLE PITTSBURG CHARGE BEFORE HE CAN BE TAKEN TO CANADA.**

Pittsburg, Pa., March 31.—Before the Canadian authorities can get Charles D. Sheldon, the "Mind Pool" operator, under their jurisdiction he must first face the embezzlement charge here brought by Mrs. M. McAdoo. The hearing is scheduled for Saturday, but should Mrs. McAdoo see fit in the meantime to withdraw the information she made against him, there should be nothing to prevent Sheldon being turned over to Detective McCaskill.

In the court there it is quite customary for the Judge to sentence the prisoner to return the amount of the embezzlement, pay costs of prosecution, and serve term in jail for only one day. Should the proceedings result in Sheldon being found guilty and Mrs. McAdoo's claims were satisfied, Sheldon would then be sentenced to pay the costs and serve only one day in jail. Detective McCaskill could then step in with his claims for the prisoner and take him to Canada.

**ALLEGES BLACKMAIL.**

Pittsburg, March 31.—Within the jail where Sheldon was visited by Detective Kelly, he made a sensational statement, which he later wrote out in detail and handed to Supt. Frank Diamalo, of the Pinkerton Agency here. He admits that during his operations in Montreal he took in between two and three million dollars. Of this sum, however, he alleges that he was allowed to retain only about one half for business purposes.

**PROMISES EXPOSURE.**

The statement continues: "The people of Montreal and districts have been placing all the blame of the failure of my business upon me. Well, they are wrong. When I return I shall make a clean breast of the whole affair, and I will make public the names of those who got that money from me."

"I kept a record of these transactions, but, after a time, it was not necessary for me to write them down as the same people time after time came around for their blackmail. Even during the excitement that prevailed when there was a run on my bank, which McCaskill will recollect, these people were making their calls, as usual, at my office and were receiving their 'hush money.'"

"Detective McCaskill will have every opportunity to read the whole story, while we are on our way to Montreal, and he will also have every opportunity to get additional details from me and cross-examine me as much as he pleases on it."

Sheldon professed deep disappointment when he learned that he would not be able to return to Montreal at once.

**WHAT MAKES US TIRED.**

**FATIGUE CALLED A STATE OF POISONING. REST ENABLING THE BLOOD TO THROW OFF DRUG.**

Fatigue is a state of poisoning. The muscle is a machine comparable to a locomotive, since it carries its own fuel. The muscle fuel is stored up in the muscle in the form of animal starch, or glycogen, which in use is converted into carbon dioxide and lactic acid. These products are muscle poisons, writes J. H. Kollogg, M. D., in the February Good Health. When present in minute amount only, as at the beginning of work, they increase muscular irritability, and so render work easier—that is, a greater amount of work is accomplished with the same effort. This fact has been proved by experiments upon animals and accounts for the "limbering up" experienced by both men and animals at the beginning of exercise. The "jockey always warms up" his horse before he puts him to a test of speed.

Rest cures fatigue because it affords opportunity for the renewal from the blood of the paralyzing poison with which it has been filled by work. Rest renews the capacity of a muscle for work, even when the muscle is removed from the body. A pig's muscle cut out of its body and made to work by electricity until completely exhausted is ready for work again after a rest of a few minutes through the renewal of its supply of oxygen. Exhausted men have been at once revived by the inhalation of oxygen. Experiment has shown that athletes are made able to accomplish greater feats by the inhalation of oxygen just before the supreme effort is made.

**AN EMPEROR.**

The baby Emperor of China sleeps in a gigantic bed big enough for six people. He rises at 6 o'clock, at once has a meal of rice and gruel or rice, and then goes to pay his respects to the Dowager Lung-yu, who is on most affectionate terms with him. Even his own father and mother have to kneel to him when they visit him. A Chinese nurse named Mrs. Chang carries him about all day and sleeps in a small bed by the side of his. The Emperor's rooms are full of expensive toys—Hoei Pao.

**COMPLAINT ABOUT RATES.**

**CLAIMED CHARGE ON MILK CARRIED BY RAILWAY ARE TOO HIGH.**

Montreal, March 31.—At a meeting of the Council of the Chambre de Commerce it was decided that the Railway Commission should be petitioned to investigate an alleged overcharge being made by railways in the province of Quebec for the transportation of milk, cream and other dairy products. It was stated by several of the members that the dairymen of the province were made to suffer on account of the rates charged them for the transportation of such products. The consumer was, of course, the one upon whom the burden finally fell, and thus the price of food products in the City of Montreal as well as in other centres of the province had risen considerably since the putting into effect of the new freight regulations at the opening of the present month.

It was explained that whereas dairymen in the West had to pay but a minimum charge of 15 cents per can, in the case of milk or cream, shippers in the province of Quebec were called upon to pay a minimum rate of 35 cents. Moreover, the western shippers had the privilege of having empties returned free of charge, whilst dairymen in the east had to pay an additional 10 cents for such service. Thus the Quebec farmer who shipped milk to the large centres of population was at a disadvantage as compared with his western brother. This condition of affairs was one potent reason tending to increase the price in the necessities of life, and should therefore be looked into by the railway commission, according to the views of the members of the chambre.

**LAUGH FOR COLLEGE FUND.**

A total of \$79.83 has been added toward the raising of the \$100,000 fund for the proposed Wellesley college students' building. This sum represents the fines imposed at the so-called silence parties, where it cost a girl a cent to smile, five cents to laugh and ten cents for each sentence to talk. The tax fell heaviest on the girls in Noanet hall, which is almost entirely composed of freshmen.—Milwaukee Journal.

**Concrete Stairs Need No Repairs**

Easy to Build and Last Forever

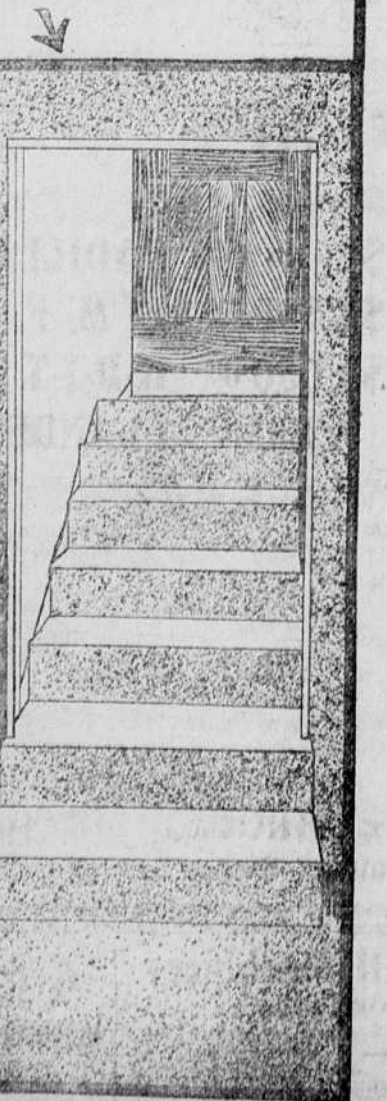

NO matter how you view it wooden stairways can never be considered economical. Wood deteriorates rapidly under ordinary usage, and requires frequent, and often extensive, repairs to keep it in good condition.

Concrete stairs will be as good fifty years later as the day they are first put up. Age, which proves so destructive to wood, serves only to intensify the strength and hardness of concrete. Needing no repairs or painting, concrete first cost is last cost.

Let us send you our new illustrated book free—"What the Farmer Can Do With Concrete." Photographs and diagrams show many examples of concrete work as applied to the construction of farm utilities. Much of this work you'll find you can do in your spare time. Write for the book to-day. It may save you dollars, though it only costs a cent.

**NO. 3 COMPANY HOLD SMOKER AT AHMOURY.**

Quite a lot of interest had been manifested in No. 3 Company Athletic Smoker, and those present last night were not disappointed.

An indoor baseball game was a feature of the evening, in which the Old Soldiers won in a close game.

The boxing matches proved very exciting, Corporals Allen and Hatch showing they were not new to the squared circle. The Jones brothers had a hard and fast bout, after which Murphy and Mann, two featherweights, went on in a three round go. The balance of the evening was spent in song and games. No. 3 Company this year promises to be a factor in the Regiment.

**INDOOR ATHLETICS.**

Arrangements have been made for the handling of what will likely be the largest indoor athletic meet held in Sherbrooke this spring, to be run at the Y.M.C.A. Gymnasium this evening at 8.15 o'clock and Saturday afternoon at 3 o'clock.

The site of the entry list necessitated dividing the contestants, and running Senior and Junior events separately.

About thirty entrants are in the programme for some 120 entries, and as the entry list is open up to 7.30 this evening for juniors, and until noon to-morrow for seniors, there is sure to be a larger list for competition.

The events to be contested are as follows: 60 yard potato race; 160 yard potato race; 220 yard potato race; 8 lb shot; 12 lb shot; running high jump; standing broad jump, and fence vault for height.

The competition (Canadian Hexathlon) is conducted as an athletic contest for all Canadian Associations, the scores being sent to the International Commission at New York. A system of grading according to the number of members is observed, and this brings the Sherbrooke Y. M. C. A. into Class B, along with such cities as Quebec, Kingston, London, Stratford, St. Catharines, Peterboro, etc.

Two valuable silver cups are offered to the Association winning senior and junior series in Class B, the same to be held for one year. At present these are held by Stratford and Orillia, Ont. The local association is out to land one of these, so the competition is expected in each event.

The following officials have consented to act to-night, ensuring the efficient handling of the events.

Starter.—Robert Neilson.  
Timers.—D. S. C. Macintire, J. R. Sanister, W. S. Manure.  
Judges.—Geo. Hall, K. G. Nourse, H. G. Tate.  
Scorer.—Hy. Shirreffs.  
Announcer.—C. E. Reid.

The public are invited to be present and the committee are hopeful of a large attendance.

**FUNERAL OF THE LATE MRS. JAS. GRANT.**

The funeral service of the late Mrs. James Grant took place yesterday afternoon at her home on King street, a large number of relatives and friends being present in addition to the immediate family. The Rev. J. C. Nicholson, pastor of St. Andrew's Presbyterian Church, officiated, and his brief remarks were appropriate, very sympathetic and consoling to the bereaved ones.

The remains were taken this morning to Ulverton, where the interment took place in the little cemetery, the

commitment service being said by the pastor of the Methodist Church. The many beautiful floral tributes testified to the love and affection of the family and friends and the sincere regret of the many friends of deceased.

The late Mrs. Grant was born in Ulverton, her maiden name being Mary Annie Mace. After her marriage to the late T. E. Martin she made her home successively for a time in Richmond, Kingsbury and Lyndonville, Vt. After her second marriage deceased settled in Sherbrooke with her husband. She is survived by her husband, three children by her first marriage, Mr. Rupert Martin, of Newport, Vt., Mr. Henry Martin, Lyndonville, Vt., Miss Rachel Martin, who lived at home, and four sisters, one in Oregon, U. S., Mrs. George LaFrance, Woodville, S. H. Mrs. Margaret Lawless, North Montpelier, Vt., and Mrs. John Ward of Kingsbury; Miss Lawless, niece, and other relatives.

Remember the "Tea" in aid of the Public Library in the Reading Room next Saturday from 4 to 6 p.m.

Invitations have been issued for the marriage of Miss Florence Davidson, youngest daughter of Mr. Robert Davidson, to Mr. James McCrea, son of Mr. P. N. McCrea, to take place on Wednesday, April 12th, at Plymouth Congregational Church.

Attention is called to the reciprocity meeting in the Monument National this evening to be addressed by the Honorable Messrs. C. J. Doherty, T. Chase Casgrain and Messrs. H. B. Ames and J. Tellier, M.L.A., to which everybody will be made welcome.

The monthly meeting of the King George V. Chapter, Daughters of the Empire, will be held on Saturday at the residence of Mrs. T. M. Craig, Dominion avenue, at 2.45. Mr. C. E. Bradford will address the ladies. All members who wish to help with the flowers will kindly bring paper and scissors.

Athletics! Y.M.C.A. Gym to-night at 8.15, Saturday at 3 p.m. Good programme, keen competition, Silver collection.

Miss Florence Ingram entertained at a very enjoyable gathering on Wednesday evening at the Magog House, in the form of a "kitchen shower" for Miss Florence Davidson, whose marriage is shortly to take place. The guests, who were all intimate friends of the guest of honor, included Mrs. Bloomfield, Mrs. John Ernest Smith, Mrs. Jack Sangster, Miss Moe, Miss Terrill, The Misses Jennie Moe, Mary Terrill, The Misses Edwards, Wiggett, Miss Ingemar Wiggett, Irene Ross, Kitty Ingram, Florence Fuller, Ethel Harkness, Mildred Ewing, Miss Crothers, Miss Ames, and others. A couple of hours were spent in needlework and pleasant chat, and refreshments were served. A huge basket was then brought into the drawing-room, filled to overflowing with oddly shaped parcels, which were presented to Miss Davidson, with many good wishes for her future happiness. The evening wound up with the singing of "She's a jolly good fellow" and "Auld Lang Syne" in which all joined heartily.

Come and see for yourselves the wonderful things offered you to-morrow at Poutre's.

The Daily Record

SHERBROOKE RECORD. Printed and published every afternoon, except Sunday, at 106 and 108 Main Street, Sherbrooke, Quebec, Canada.

BEDFORD DISTRICT LOCAL HAPPENINGS.

Gathered by Daily Record Correspondents in Various Communities.

ROSENBERG. Mr. Geo. Dalpe has taken the farm of Mr. C. E. Tittemore for the coming year. We understand that he moved in immediately upon the departure of Mr. Menore.

A few pounds of sugar and a small amount of syrup are all that the maples of this vicinity have thus far yielded. Most farmers are still waiting for more favorable sugar signs before tapping. Mr. S. D. Bockus being one of the first to put new sugar on the market obtained 12 cents per lb.

Miss Reardon has returned to St. Albans, Vt. Mr. C. M. Lapoint has sold his sugar bush on shares to a Mr. Raville from the neighborhood of Morgan's Corner.

Mr. Wm. Roberts, who has been the guest of Mr. S. D. Bockus for the past few weeks, left for Buffalo, N.Y. on the 30th, where he will be in the employ of the "U. S. Transportation Company," running between Buffalo, Chicago, Toronto, and other points. As Mr. Roberts has done very well during the past three years in Massachusetts it is expected and hoped that he will continue to do so in the new venture.

His brother, Mr. Arthur Roberts, whose childhood and early boyhood were held here also, holds at present a very good position with this company.

Arrivals and departures: Mrs. Walter Rogers of Valcourt here on Wednesday with Mrs. E. Rogers; Mrs. Peters of Montreal, home after visiting her parents, Mr. and Mrs. Israel Taylor; Mr. Peters the week end here; Mr. J. S. Ryside from Lancaster, Ont.; Mr. McLean of Montreal making his annual audit for the Silver Lake Lumber Co., Ltd.; Mr. Garneau of Sweetburg, to attend the funeral of Mrs. Conolly.

Miss Lena Lamb is one of the latest victims of the measles. Miss Mary Moquin has been confined to the house for a few days with a gripe. The infant child of Mr. A. Tardy died on Tuesday from the effects of measles.

The funeral of the late Mrs. Conolly was held on Wednesday, March 29, from the home of her sister, Mrs. Rogers to St. John's Church, and from thence to the Silver Valley Cemetery. Rev. T. C. Ireland, pastor of St. John's Church officiated. The bearers were Messrs. Amos and Wm. Bobo, Mr. Walter Tibbitts and Mr. Geo. Rouston. Among the mourners were: Mr. and Mrs. Coons, father and mother of the deceased; Miss Ethel Coons, sister; Mr. Stuart Coons, brother; Mr. and Mrs. H. Rogers, sister and brother-in-law; Mr. and Mrs. Geo. Coons, brother and sister-in-law; and many other relatives and friends. The deceased was twenty-eight years of age and a widow.

Mr. A. Scheiters lost a horse on Tuesday last. Some time ago the horse hurt one of its legs and it was by such pain that he had him shot. Mr. Frank Borden sold his farm near St. Lawrence Station recently to a party from Montreal.

Mr. Charles Tittemore of St. Armand, has rented his farm to Frank Dalpe for a year. Mr. A. Schoelcraft has purchased a fine horse from the "French Country."

A social sugar supper and entertainment will be held in the Methodist Church Hall on Friday evening next.

The auction sale at Mr. Louis Riche's was postponed until the first Thursday in April. Mr. John Currie is home spending a few days here with his family, returning to Grand Ligne on Tuesday.

Mr. Hy. Scholcraft was taken suddenly ill Wednesday night, but according to the latest report is doing as well as can be expected.

Mr. W. G. Ritchie has been appointed local correspondent of the Record for Bedford. He will look after the interests of that paper in future as well as the interests of the Bedford people in connection with news items, etc.

The Ladies' Guild of St. James' Church met at the Rectory on Tuesday afternoon with 20 members in attendance. Supper was served by Mesdames J. Spoor, Farmer, Naylor and Porlight. The next meeting, a special one, will be held on Tuesday, next, April 4.

Mrs. J. B. Smith entertained in a pleasing manner, the older scholars of the Sunday School on Tuesday evening in St. James' Parish Hall. After a jolly evening spent playing games and music, warm sugar was served by Mrs. Smith, assisted by Mrs. Fuller. The young people were extremely fortunate to be favored to the first "sugaring-off" of the season.

The funeral of Mrs. Elijah Davis took place at the Union Church March 30th, 1911. Rev. John Champion officiated. The church was well filled with friends and mourners to pay their last tribute to the beloved

other, companion and friend. The deceased, who was born in Stukely, was seventy-four years old and was for many years a resident of this place. But lately of Mansenville, where she died. Her death came very suddenly, owing to heart failure. She leaves to mourn her loss a bereaved husband, two daughters, Mrs. Harry Burbank and Mrs. Horace Sargent, both of Mansenville. Three sons, Messrs. E. W. and Wm. Davis, of this place, and Rob. Davis, of Stowe, Vt. The bearers were Messrs. H. and S. Sargent, James O'Brien and D. Aiken, with F. H. Crowell as manager. The burial took place in the Dunkin cemetery.

Arrivals and departures: Mr. Carl Lavis, of Macdonald College, to attend the funeral of his grandmother, Mrs. E. Davis; Mr. and Mrs. D. E. Warner, of Highwater, guests of Mr. and Mrs. H. L. Titus; Messrs. Eastman of Sutton, to care for Mrs. Jas. O'Brien, who is very ill; Mr. W. Durke, of East Richford with a number of men, are opening the Rutter Brook, for the spring drive of logs; Mrs. Samuel Sargent and Percy, at Mr. H. Sargent's, Mansenville; Mr. Claude Rutter, of Lowell, Mass., guests of Mr. F. Burnett; Mr. H. L. Titus, to North Troy, Thursday; Mr. E. W. Davis and daughter, Velma, to North Troy on Wednesday.

The committee was shocked to learn of the sudden death of Mrs. E. Davis of Mansenville.

Arrivals and departures: Mr. and Mrs. S. Ward Magog, guests of Mr. Arley Fuller, recently; Mr. Arley Fuller and Master Gordon home from Magog, where they have been visiting relatives; Mr. and Mrs. E. Fuller to North Troy, Vt.; Mr. Glen Webster to Ayer's Cliff, with relatives there.

Spring millinery opening at Miss McQuillen's, Tuesday, April 4th, and following days. Dr. Carl C. Cotton has ordered his lumber for the construction of a fine cottage to be built on the property which he bought at Selby Lake last summer. The doctor and other owners of property there are enthusiastic over the outcome.

Miss Vivian Salisbury is ill with measles. While going on his mail route Tuesday evening Mr. Ben Bresse's horse dropped dead.

The funeral of the late Mrs. Conolly was held on Wednesday, March 29, from the home of her sister, Mrs. Rogers to St. John's Church, and from thence to the Silver Valley Cemetery. Rev. T. C. Ireland, pastor of St. John's Church officiated. The bearers were Messrs. Amos and Wm. Bobo, Mr. Walter Tibbitts and Mr. Geo. Rouston. CANADIAN AND WORLD NEWS

(Continued from Page 1.) Overtures are to be made to the rebels. Senor de la Barra, while refusing to go into details, indicated strongly that important concessions would be made by the Diaz Government within ten days. It has been expected that Senor de la Barra would meet the Maderos here, but he did not leave his train.

WILL OF SIR CHARLES DILKE. London, March 31.—The will of the late Sir Charles Dilke was filed for probate. It disposes of an estate valued at \$650,000, and contains no bequest for charitable purposes, because of the fact, as stated, that the testator gave away much of his capital and income during his lifetime, and has expressed the wish that his heirs do likewise. The will bequeaths some valuable portraits and manuscripts of John Keats, together with other rare material relating to the illustrious poet, to the borough of Hempstead, where Keats lived. The dead statesman also left his own documents and literary manuscripts to his niece, to make such use of as she may see fit, except certain political matter, which is to be published unedited if at all.

PROSECUTE OWNERS WHO DOCK HORSES. Toronto, March 31.—The Toronto Humane Society yesterday decided to prosecute all owners of docked horses where the evidence of eye-witnesses of the docking can be obtained. There is no specific law prohibiting docking, but the society will invoke the general provision against cruelty to animals found in the Criminal Code.

LANCOT ENQUIRY CLOSED. Ottawa, March 31.—The Privileges and Elections Committee which has been investigating the charges preferred by Mr. P. S. Blondin, M. P., against Mr. A. Lanquet of Richelieu, met yesterday afternoon to hear the addresses of the counsel, retained in the case, and will meet to consider the report to be made to the House next Tuesday. Before the committee broke up, W. Gerard, the chairman, complimented the counsel, Messrs. McDougall and Laflamme, on the way in which they had discharged their duties, remarking that their conduct of the enquiry was eminently fair and moderate.

SENATOR BEVERIDGE IN OTTAWA. Ottawa, March 31.—Senator Albert J. Beveridge, of Indiana, one of the greatest boosters of reciprocity on the other side of the line, Mrs. Beveridge and a private secretary, arrived unheralded in Ottawa yesterday morning, and quietly took a suite of rooms in the New Russell. He refused to be interviewed. In the afternoon he visited Parliament and saw the ministers.

FIVE GEORGES TURNED UP. Windsor, Ont., March 31.—The effort to secure a meeting of the Georges of Windsor, in connection with the proposed gift to the King failed last night, only five Georges turning up. After waiting an hour they dispersed without doing anything.

SEEDING IN ALBERTA. Winnipeg, March 31.—The dangers of a premature spring have been averted by the cold snap of the past week, and warm days with light frosts at night have contributed to a very gradual thaw-out and splendid sowing conditions, which could not be better at this season. Reports received from different parts of the prairie west, it appears that farmers will be getting on to this time in more forward districts next week, with seeding generally in the middle of April. This applies to most of the spring wheat country. In Southern Alberta farmers are already at work. A feature in the Medicine Hat district is the large area being seeded to flax.

WILL NOT STOP FLOW OF ENGLISH CAPITAL. Ottawa, March 31.—"Britain has no right to interfere in Canadian politics, and Canada has no right to interfere in British politics." This is one of the views expressed by Sir Frank Newman, Bart., head of the well known magazine publishing house in London, who arrived in Ottawa yesterday. Discussing reciprocity, he said he thought Canada had a right to settle these matters for herself. As a free trader he deprecated any idea of restraining Canada from entering into free trade relations with her neighbor. "It has been said that reciprocity with the United States would tend to stop the flow of British capital towards Canada," said Sir Frank, "but I for one do not think this will ever be the case."

FLOATING DRY-DOCKS AT AMSTERDAM. (U.S. Consular Report) Three floating dry-docks for repairing ships are now in use in Amsterdam and a fourth is being constructed. Each of these docks consists of a hollow oblong bottom and two hollow walls at the longest sides of the bottom. When a ship is to be taken into one of these docks, the walls and bottom are filled with water, so that the dock sinks and the ship floats in it. The ship is then fastened to the walls and the pumping machines on the top of them draw out the water from the bottom and walls. The dock rises and the ship is lifted out of the water, and workmen can repair its sides and bottom. When repairs are completed the hollow walls and bottom of the dock are refilled with water, and the ship floats out.

The new dry-dock named Princess Juliana, after the heiress apparent to the throne of the Netherlands, is much larger than any of the other three. It will weigh 4,900 tons, be 110 feet wide and 456 feet long, and be able to lift 12,504 tons.

WHAT EDISON THINKS OF AIRMEN.

Thomas A. Edison was asked regarding the problem of flying. Thomas A. Edison was asked recently: "What is your opinion of the progress made by the birdman?" Mr. Edison, smiling, shook his head. "Man has not yet solved the problem of flying," he said. "Of course," he continued, "rapid strides have been made in aeronautics and credit is due to the men who have made possible those record flights in aeroplanes. But so far the sky-craft has served one purpose only, and that is sport. Flying under present conditions has a certain fascination, and as an implement of sport the aeroplane is certainly the thing. But there are many things yet to be done before man can say that he has solved the problem of flying, shall be able to rise with a machine, not by means of a gliding start, as is the case with the biplanes and monoplane now in use, but perpendicularly.

"Not only that, but the aviator should be able to carry a load of freight and be able to sail in any direction, regardless of weather conditions, and without fear of making a sudden drop to earth. What he can do all these things, then he is master of air lines, but not before." "Do you know of any safety device that could be applied to an aeroplane so that in case something should go wrong while the aviator was several thousand feet in the air he would not be dashed to death?" The inventor was asked. "I have often wondered," he replied, "why it would not be possible for the birdman to carry a parachute which, in case of accident, should be made to spread out by the use of explosives.

"My idea is to have a wire connecting a button near the aviator's seat, and the explosive under the parachute. Then when the unexpected happened, and the flyer felt that his machine was about to drop, all that he would have to do would be to push the button, an electric spark would set off the explosive, and its force would spread the parachute." "Could storage batteries be used as the motive force for an airship?" "No, they could not," Edison answered, without hesitation. "Storage batteries to produce sufficient power for such a vessel would be entirely too heavy for the machine. The power would have to come from a prime motor of proper construction and reliability.

"If we could only harness the powers of radium we would have an ideal motive force for the vessels of the air. Just think—there is enough power in one hundred of radium to drive the Mauretania from New York to Liverpool, and you can well imagine what such power with almost no weight could do for flying machines. Some day we may get it. At any moment some chemist may hit upon a cheap way to extract radium from its base."

OLD STAGE DRIVER DEAD. Magog, March 31.—(Special)—John Osborn, well-known in this place died suddenly. He was taken ill on Friday but no serious consequences were anticipated. The late John Osborn lived in Magog for the last 50 years. During many years of his life he had driven the stage between Magog and Sherbrooke, in the early days before railroads were run through this section. In later life he ran a farm over Pine Hill, where he died. The funeral took place today, (Friday).

**KENTUCKY'S MILITIA FIG.**

The annals of the state of Kentucky set forth an odd incident in connection with the invasion of Canada by the Kentucky troops in 1812. A company of volunteers, destined for Shelby's army, assembled at Harrodsburg and formed a nucleus around which the military recruits of the country gathered on the march to the Ohio. On the outskirts of Harrodsburg, as the story runs, the company saw two pigs fighting and delayed the march to watch the combat. When the march was commenced it was found that the victorious pig was following the company, and when the men encamped at night, the animal lay down close at hand. Of course the soldiers fed their plump recruit. The next day the pig followed them, and this it did daily on the march to the river. When the men crossed on the ferry-boat at Cincinnati the pig waited

awhile, then plunged into the river and swam across, and when the march was resumed the animal took its place on the plant of the moving column. The pig now became a great pet and was as sure of rations as the men themselves. At Lake Erie the pig went on board the boat with the soldiers, but after reaching Bass Island it declined to re-embark and remained behind in the care of a man who volunteered to look after its wants. When the troops returned to the American side, to the surprise of all the pig was soon discovered on the right of the line, ready for the return march to Harrodsburg. At Maysville, where the army recrossed the Ohio River, it was decided to leave it in the hands of a farmer. Finally the pig was taken to the home of Governor Shelby, where it rested in ease and plenty.—Harpers Weekly.

Recent arrivals and departures: Mr. Wm. Desmarais of Farnham a week in town with his family; Mr. George Pye to Ottawa, after a few days with his sister, Mrs. E. C. Aitchinson; Mr. Philip Vallee who has been confined to the house for the last few weeks, still continues in a very serious condition, and little hopes are entertained for his recovery.

The Beaver Printery has taken possession of their new stand and are at present running full time. Snow-shovelling and scraping still continues the order of the day, the last two storms having been reported to be the worst of the season.

Several of the farmers in this vicinity have tapped their sugar bushes, but report no sap. The weather up to the present time has been very cold and no new sugar has as yet been offered on the market.

**CHINESE ARE NOT PLEASED.**

MADE ANOTHER DEMAND FOR RESIGNATION OF OPPOSITION LEADER.

Ottawa, March 31.—The crisis over the leadership of the Opposition, brought to the Capital, after the announcement of at least a temporary settlement of the difficulty, a delegation from Montreal representing the French-Canadian Conservatives, the members of which renewed the demand for the resignation of Mr. Borden. The delegation included E. Leonard, formerly M. P. for Laval; C. Beaubien, K.C., and E. L. Patenaude, M.P.P. for Laprairie. It is learned that they met Mr. George Perley, chief Conservative whip, C. A. Magrath, one of the leading Western Conservatives, and others, and expressed the view that Mr. Borden should retire without making any definite suggestion as to who his successor should be.

The interview, it is said, was somewhat stormy. Mr. Perley and Mr. Magrath asserting that if Mr. Borden is ever forced to retire they would drop out of politics. Mr. Henri Bourassa is also here, and it is given out that the object of the delegation is to discuss matters of organization of the Conservative-Nationalist party with Mr. Monk, the recognized federal leader of the party. It is stated here that Premier McBride of British Columbia has given a promise to enter federal politics before the next general election.

**SUGAR SEASON HAS BEEN LATE.**

Recently Mr. John Sivright was showing us a diary kept by his mother, says the Stanstead Journal, in which she recorded the fact that they tapped the sugar place in 1879 on the 9th day of April and finished sugaring April 28th. Evidently in the majority of the past 30 springs sugaring has not been commenced until April.

**DERBY LINE CLUB ORGANIZED.**

Rock Island, March 31.—About 30 citizens interested in baseball met at the Derby Line Hotel Tuesday evening and organized for 1911. Rev. F. H. Cole was the choice of the meeting for chairman. After discussion Mr. E. H. Cosby moved that matters be placed in the hands of Mr. Talcott O. Chapman as manager and Mr. Roy F. Telford as secretary and assistant to Mr. Chapman, this was seconded by Mr. Lacasse and carried unanimously by acclamation. Upon motion of Mr. Wm. F. Pike, Mr. E. H. Cosby was elected a member of the board, and the three gentlemen constituting an executive committee. Mr. John F. Phelan, of the 1910 board of management, who acted in the capacity of treasurer, presented his report for the year just closed, showing that the amount on hand after all bills were paid was \$78.47. The grand stand was built by Mr. T. O. Chapman, he financing it and was to be paid from its earnings; he received \$25.00 from this source and the balance of \$20.00 was paid by the treasurer, so that the stand is now the property of the association, and this reveals that the net earnings last season were \$78.47.

The matter of joining the Eastern Townships League of clubs was discussed pro and con, resulting in the election of Messrs. Chapman and Cosby to attend a meeting to be held in Sherbrooke on the 18th of April by the clubs interested. This matter was left with the committee to decide if it is found necessary to do so at the meeting, but if time is given to consult the association before deciding they will do so.

**NO MEETING OF E. T. LEAGUE TO-MORROW.**

The annual meeting of the E. T. League will not take place to-morrow. The meeting will be held on April 18th.

**THOSE AWFUL YANKIES.**

HAVE MADE AN EFFORT TO ANNEXATE MANAGER BRENT TO UNITED STATES.

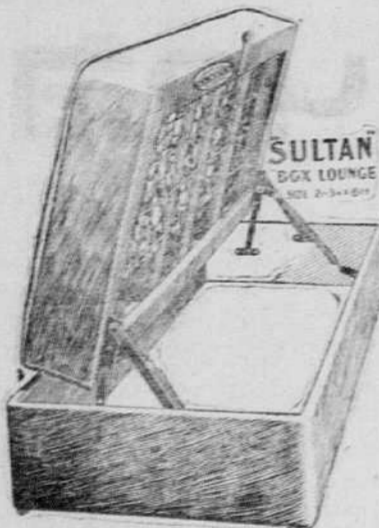

Not satisfied with having trounced the Sherbrooke team the Boston Hockey Fraternity has made a base attempt to annexate Manager W. H.

MR. W. H. BRENT, whose services are sought after by the Boston Arena Co.

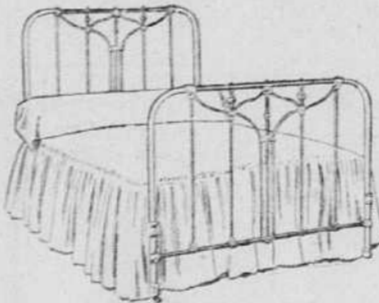

Brent to the United States. Although there is no real authority for the statement, it is rumored that this move is a master stroke of President Taft's. President Taft and Manager Brent should make a good team. The Boston Arena Company has made Mr. Brent an offer to act as hockey manager. He will take a few days to consider the matter before reporting to Congress, which meets on April 4th.
