

## CZAR AND FAMILY ARE CONDEMNED

### Terrorists Would Wipe Out Whole Dynasty.

#### DISSEMINATE AGENTS AWAIT OPPORTUNITY TO ACCOMPLISH PURPOSE - EMPEROR TO PROLONG CRUISE.

London, Sept. 21. - English correspondents at St. Petersburg send many rumors of the plot against the life of the Czar, the discovery of which has delayed the Czar's return from his vacation trip. According to one account the terrorists, who had hitherto plotted against the Czar, believing him to be the tool of others, have now normally sentenced him to death, their aim being to wipe out the entire dynasty, including the Czarina and the imperial children and the grand dukes. They are not only awaiting opportunities at Peterhof and Tsarskoe Selo, but have sent desperate agents to Finland in the hope of carrying the Czar's short visits from his yacht. Another story of similar tenor adds that despite the extreme vigilance, the police have lost touch with several of the most desperate members of the revolutionary section of the so-called Maximilianists. Consequently, there is great anxiety regarding happenings in the near future. Altogether the problem of protecting the imperial family is now troubling the Government more than the question of combating the revolution. The automobile accident, which despatched the other day, and the Czar's confinement, led to the closest scrutiny of the motor cars in the capital, and in the neighborhood of the imperial residences. The latter are swarming with secret service agents. Many suspected servants have been dismissed. It is a story of M. M. Boshoff, who is himself marked for execution, encountering a group of palace servants and others in a garden discussing means of entering and leaving the palace. Some of the group had been despatched to assist in the escape of the Czar, and papers found in their pockets are taken to prove that they were in communication with conspirators outside.

It is stated that the Czar, at the ministers' advice, will prolong his cruise.

Reports in connection with the plot against the Czar continue. The number of persons imprisoned is already large, and others are being sought. The Bourse Gazette states that search has been instituted at Peterhof, and are being used seaward and landward after dark to prevent surprises.

## UNCLE SAM WILL RESTORE ORDER.

### But May Not Annex Cuba to Republic.

#### BUSINESS INTERESTS OPENLY FAVOR FORCIBLE UNITED STATES INTERVENTION.

Havana, Sept. 21. - All classes are now waiting for the conditions under which tranquility will be restored in Cuba, and keen disappointment is expressed on every side because of the likelihood of "peace" being brought about by armed American intervention. Yesterday it was announced that the Liberals and insurgents had empowered a committee to represent them before the American mediators. It is evident that the business interests of the island have no confidence in the ability of the Cubans to rule themselves, and now, when it appears too late, they are openly favoring forcible intervention and possibly annexation. Secretary of War Taft is cognizant of this general opinion that Cuba cannot last unless it is enforced by an American, but he considers that it is the duty of the United States to keep a force in Cuba longer than was required to supervise the laying down of arms. He said that if the Liberals and Moderates harmonize their differences the United States must regard the compact as made in good faith.

## RACIAL WAR AT ATLANTA, GA.

### Sixteen Negroes Are Killed by Mob.

#### TROOPS GUARD THE STREETS - MARTIAL LAW MAY BE DECLARED.

Atlanta, Ga., Sept. 21. - Following race riots of Saturday night and Sunday morning, there were unconfirmed rumors of a white man killed by negroes yesterday and of a negro being shot to pieces by enraged whites. Governor Terrell has ordered to Atlanta several companies of State militia, which have arrived and are on duty in the streets. With the local companies the force of militia on duty is something more than 1,000 men, besides a battery of light artillery held in reserve.

The estimates of dead are still uncertain, but there seems to be no reason to believe last night's loss of 16 negroes, and one white man will be decreased.

The report from Grady Hospital says eight negroes were admitted to the wards last night. Twenty-seven came for surgical attendance and were dismissed. Two are in a critical condition, and two died during the night.

Although urgently requested from many sources to declare martial law, Governor Terrell has so far declined to do so. He said if the scenes of last night are repeated, he will not hesitate to put the military in supreme control.

## C. R. DEVLIN TO STAY IN CANADA.

### Resigns Seat For Galway, Ireland.

#### WILL BECOME MEMBER OF CANADIAN HOUSE OF COMMONS.

Ottawa, Ont., Sept. 21. - (Special) - The resignation of C. R. Devlin, M. P. for Galway, is now on its way to England. A seat in the Canadian House of Commons is to be found for him probably in the next election, and it is that a portfolio is a possibility in the near future.

## THE IRISH ARMY CAPTURES ENGLAND.

### Navy Destroyed and Land Forces Annihilated.

#### TECHNICAL RESULTS OF THE ARMY MANOEUVRES WHICH HAVE BEEN IN PROGRESS.

New York, September 21. - The New York Herald has the following in a special cable from London: Britain's navy has been destroyed, her land forces have been annihilated and England is in the hands of the enemy. Ireland, after her long struggle for home rule, has obtained justice at last. She has got more than she wanted. She has not only got home rule, she has gained sovereignty over her greater sister, Great Britain. All this is merely on paper, of course. It is simply the result of the army manoeuvres, but it shows what a defence England would put up if the country were invaded. Of course the British navy would have to be swept off all the seas first, and that is what was supposed to have taken place before the invasion was effected. The war, which was brief, lasting little more than two days, was watched closely by a large group of foreign attaches, who accompanied General John French, the general who sustained the reverse at hands of the Boers, and who looked on at the fair play between the contending armies. General Arthur Paget was the victorious commander of the invading force. He was supposed to have come from Ireland. Colonel Scott-Kerr commanded the defeated British forces.

## STRANGE FATALITY AT NEWPORT, VT.

### Soda Fountain in Drug Store Exploded.

#### YOUNG MAN WHO WAS CHARGING THE FOUNTAIN RECEIVED INJURIES WHICH RESULTED IN DEATH.

Newport, Vt., Sept. 21. - (Special) - A very serious accident occurred on Friday in the drug store of Carroll Huntington, caused by the explosion of a soda fountain tank in the basement of the store. Harold Cook, only son and child of States Attorney E. A. Cook, was charging the tank at the time of the explosion and received the full shock. Both legs were terribly mangled and broken. Everything possible was done by both local and outside physicians, but the shock and injury was so great that nothing could be done to save his life and death took place about nine o'clock Friday evening. The young man was to have closed his work at the drug store at noon Saturday and intended to go to Burlington to enter college. His death comes as a great shock to the community as he has lived here since a child and was very popular with all, both old and young.

## ANNIVERSARY AT METHODIST CHURCH.

### ELOQUENT SERMONS YESTERDAY BY REV. DR. DOBSON, OF CHARLOTTETOWN, P. E. I.

The anniversary services of the Methodist church was held yesterday morning and evening. A very large congregation was present at the morning service while at night it was necessary to place chairs in the aisles to provide for the large attendance.

Rev. Wm. Dobson, D.D., of Charlottetown, delivered eloquent sermons both morning and evening.

The special music at the morning service included a solo by Miss Shurtliff and a duet by Mrs. B. H. Goolley and Mr. P. T. Thomas.

The evening service opened with the Doxology, followed by the Invocation, Hymn No. 118, prayer and the anthem, "Praise the Lord." Rev. Wm. Dobson, D.D., read the Scripture from St. Paul's Epistle to the Romans.

Mr. P. T. Thomas very ably rendered a solo, "The Ninety and Nine."

Rev. Dr. Dobson took his text from St. Paul's Epistle to the Romans, 8th chapter and 4th verse, "The righteousness of the law might be fulfilled."

He referred to many cases where great men had discovered this state in man, and from this view had named it. Eternal distinction between right and wrong, righteousness of the law, absolute thought and righteousness of the law were a few of the names by which this peculiar state in man was known. The speaker urged the keeping in harmony with the law's righteousness. He gave many examples where great men and great cities had got out of harmony with the laws of God and ruin had been their destination. He brought his sermon to a close by the statement that all men who were out of harmony with the laws of God were doomed, their outward appearance might not show it, but degeneration commenced at the heart and nothing but a revolution for the good would save him.

The offertory was then taken up. The collections all go towards the erection of a new Sunday school hall.

Following the anthem was a solo by Mrs. B. H. Goolley, hymn 117, solo by Miss Gwyn, Benediction and closing prayer sung by the choir.

Toronto, Sept. 24.—The 82nd session of the Sovereign Grand Lodge, Independent Order of Oddfellows, adjourned Saturday morning to meet next year in St. Paul, Minn. Dallas, Texas, Jamestown, Va., and Denver, Col., were considered as next places of meeting, but St. Paul won in the vote. At the concluding session E. S. Conway of Illinois, was installed as Grand Sire, and John F. Nolan, of Nashville, Tenn., as Deputy Grand Sire. The reports show the order to be making rapid progress. The total membership now numbers nearly sixteen hundred thousand. The order expended for relief last year over four and a half million dollars. Since 1830 the recorded relief expenditure amounts to about \$110,000,000. The sessions were all held in the Legislative Chamber of the Parliament Buildings, the first time in such a privilege has been extended to any organization. It is estimated that during the week over 20,000 Oddfellows were in the city and every province of Canada and every State of the Republic. The great spectacular feature was the parade on Wednesday. Over twelve thousand Oddfellows were in line, including some 600 Knights Militant in brilliant uniform. Music was supplied by eighteen bands. It required an hour and fifteen minutes for the parade to pass a given point. The street cars were stopped, and business was practically suspended. The parade started at 2:15 p.m., and was not over till 6 p.m. The sidewalks and windows of buildings were packed with people along the whole route. It is estimated that 200,000 people assembled to view the parade which was by far the largest ever seen in Canada. The expense to the Sovereign Grand Lodge of the convention was about \$60,000. It is estimated that the Oddfellows during the week left over half a million dollars in the city, which gave them so hearty a welcome. There were receptions in honor of the I.O.O.F. representatives at the Lieutenant-Governor's and at the City Hall. Mayor Coatsworth, in his official welcome said: "If you want anything and do not see it, ask for it." The Oddfellows did not take the Mayor exactly at his word, but even so were not lacking that they owned the town during the entire week. EASTERN TOWNSHIPS NEWS. Two farms in Melbourne were sold last week. Albert Armstrong to Oswald Murphy and G. A. Smith to Andrews, of Kingsley Falls. The gate money of Richmond fair amounted to about \$720, a big sum when it is understood that with a membership of over 700 and attendance of 600 more. Next year registering turnstiles should be placed at every entrance so that the correct figures as to attendance could be placed. Over four thousand people were on the grounds on Thursday. When out with his auto recently Dr. McCurdy, of Contoocook, met a horse in Barnston which became frightened and tipped the occupants out of the buggy, injuring one of them. It is fortunate when the owners of automobiles are physicians. Dr. McCurdy attended to the injuries before he went on his way. Mr. E. V. Norton, of Contoocook, bought the most valuable animal sold at the disposal sale of the shorthorn herd of Mr. J. A. Cochrane, of Hillhurst. Buyers were in attendance from all parts of Quebec, Ontario and the New England States. In all forty-three head were sold, the total for the lot being \$5,145, or a little under \$120 average per head. The highest price paid for any one animal was \$400, paid by Mr. Norton for the cow Lovely, of Pine Grove 3rd.

DEATHS REPORTED CHAUNCEY CLARK, OF STANSTEAD. Rock Island, Sept. 24.—(Special.)—Mr. Chauncey Clark, an old resident of Stanstead township, died last night at 12:30. The funeral will take place Tuesday at 2 p.m. JAMES MACFARLANE OF MAGOG TOWNSHIP. The death of James MacFarlane occurred at his home in the Carrier neighborhood, near Magog, last week, after an illness of ten days. For the past year deceased has not been in the best of health, but his many friends were greatly shocked to hear of his serious illness, following his death. He was a man of sterling qualities and uniform kindness and was cut off in the prime of his manhood. For the past quarter of a century he has been in the employment of the Dominion Textile Co., as printer, where he was well thought of by his employers and the men throughout the works. He leaves a family of a wife and four children. Mr. MacFarlane had always been a hard working man and honest and upright. The funeral service was conducted in the Methodist church, of which he was a firm member. The funeral was taken charge of by the Lake Magog Lodge, No. 55, A.F. & A.M., of which order deceased was a member. Mr. MacFarlane was also a member of the Diamond Lodge No. 30, I.O.O.F., of which order attended in a body and held a prominent place in the process. Robt. G. G. also attended in a body and took part. The remains were borne to his last resting place by three brothers and three nephews of deceased. The burial offerings were numerous and very beautiful. While the church was decorated with drapery and flowers.

THE GIBBS HOME FOR BOYS. Conference Held at Branch Institution in Sherbrooke. REV. D. DE M. RUDOLPH SPEAKS OF THE GREAT WORK BEING CARRIED ON. An important conference of the Church of England clergymen and members under supervision and held on Friday afternoon at the Gibbs Home for Boys, East Sherbrooke, to meet the Rev. E. De M. Rudolph, Founder and Secretary of the "Church of England Society for providing homes for waifs and strays." The object of the conference was to consider the methods adopted of placing waifs on the farms, and in other places in Canada. The Rev. Dr. H. De B. Gibbins, Principal of Bishop's College, presided, and there were present Rev. Dr. Allant, Vice-Principal of the College; Rev. J. Bidwell, Head Master, B.C. School; Rev. E. A. Dunn, M.A. (Lennoxville); Rev. G. H. Parker (Compton); Rev. Albert Stevens (Contoocook); Rev. G. F. C. Cuffin (Johnville); Rev. Canon Shreve, Rev. A. B. Higginson (Sherbrooke); Mr. H. A. Elkins and Mr. E. Hargrave (Sherbrooke). At a subsequent interview accorded to a representative of the Record by the Rev. Mr. Rudolph the following interesting particulars of the work of the society were gathered: "The Sherbrooke Home is a branch of a larger organization which was founded 25 years ago in order to provide the Church of England with an officially recognized organization for rescuing homeless, friendless or destitute children from lives of misery and perhaps crime. There are about 200 lads under supervision and these, in addition to a very much larger number who have passed out of the care of the society."

with the able management of the Gibbs Home in Sherbrooke by Mr. and Mrs. Cassier, who are in charge. On Saturday the secretary had called a meeting of all the boys in the city and surrounding towns at St. Peter's church hall, and quite a large number assembled, delighted to welcome their friend from "home." The Rev. Mr. Rudolph is a typical English clergyman a little past middle age, endowed with strong common sense, much executive ability, pleasing manners and delightful English voice. He is thoroughly absorbed in the work of the society, whose prosperity is, in a great measure, owing to his devotion.

### About Buying Blankets

Buying Blankets always seems such an expensive job; but it needn't be, particularly if you see that you get really good value.

In heavy Scotch Blankets we are giving very good value just now.

Our special prices to-day for these Blankets are:-

\$6.25 value at	\$4.95
\$7.50 " "	\$5.95
\$8.75 " "	\$6.95

Remember, these Blankets are characteristic of Scotch thriftiness; every bit of the wool is woven into the blanket and none is wasted in fleeces.

A Scotch Blanket is the same after others are worn thread bare. The above prices are those which ruled before the price of wool went up.

To-day, also, we will sell some sample blankets of English manufacture. They are 1-2 pairs (single) with whipped edges. Our price to-day, each \$1.00

### A RACE WITH TIME.

THE "OVERSEAS MAIL" MAKES VANCOUVER TO QUEBEC RUN IN EIGHTY-EIGHT HOURS.

Quebec, Sept. 21—After steaming across the continent from Vancouver to Quebec in eighty-eight hours, the "Overseas Mail" pulled up at the Louis Basin, Quebec, beside the Empress of Britain, at 1.55 p.m., Thursday afternoon, and in about an hour afterwards the passengers and mails were aboard the big liner, ready for the passage across the Atlantic. This is said by Canadian Pacific officials to be the speediest trip across the Canadian is in every way a remarkable record. The Overseas Mail left Vancouver several hours behind schedule time, owing to delays in docking the Pacific Empress. Every effort was made to catch up with the schedule, and this was done before the trip was half finished. But the extra effort was kept up, and despite the fact that the Quebec rate was considered to be about as low as the long run could be made, the train gradually gained mile by mile, until it was running on a clear track, several hours ahead of time, long before it got to Quebec.

It had been planned that in case the "Overseas" was late in reaching Quebec, the Empress should sail, and the train continue its run through to Rimouski, boarding its passengers and mail bags there. Instead of that, the passengers were able to lunch on the landing stage, and had several hours to spare before the ship left.

This really marks the second stage of the new thirty day service between Liverpool and Hong Kong, put on by the C.P.R. It is really a remarkable development of inter-empire transportation, and marks a new era in the handling together of the outlying sections of the British dominions beyond the seas by ocean and railroads, and the entire under the British flag, and also outside under the banner of the greatest transportation road.

many in the Empire, or in the whole world. The experiment has attracted great interest in England, where its effects will be more apparent than in Canada, and for a time there was a good deal of skepticism there as to the possibility of bringing Hong Kong into such almost familiar touch with the heart of the Empire. The success of this return trip, coupled with the practical certainty that the eastward-bound mails will reach Hong Kong on time, has convinced the British trading public of the feasibility of the thing. While at present the new service is regarded as a wonderful example of the perfection of modern transportation methods, there is little doubt that within a short time the effect of these trips will be that the title of mail and passenger service between Britain and the Orient will swing from the Suez Canal side of the globe to its Canadian antipodes, which is the goal the Canadian Pacific is aiming for.

## THE EASTERN TOWNSHIPS IN THE YEAR 1842.

Excerpts From an Old Sherbrooke Paper, With Many Interesting Items.

Editor of Record:

Dear Sir,—Having among my literary treasures a newspaper of the date of February, 17th, 1842, published at Sherbrooke, it may be that a few excerpts might prove interesting to your readers.

The changes wrought by time, are forcibly impressed upon our minds, as we notice dates, names, style of goods worn, bought or sold, partnerships dissolved by death and the subjects then exercising men's thoughts in politics, news and every day affairs of that epoch.

Upon the first page of this publication I find "By-law No. 2" passed by the "District Council of the District of Sherbrooke," establishing a list of the values to be placed upon certain kinds of personal property by the assessors, which must have been of great help to them, viz: Horses over two years of age, from £3 lbs. to £10; oxen, 4 years and upwards, £5; milch cows, beyond one in number per head, £2 10s; pleasure carriages with four wheels, £10; do. two wheels, £8; dwelling houses, 1st class, £200; 2nd class, £350; 3rd class, £200; 4th class, £100. No house built of round logs not clap-boarded was to be assessed; mills, £50 to £75, breweries, tanneries, foundries, pot and pearl asheries, £50 to £200; stores and goods, £100 to £75; John Wadleigh, Kingsey; G. K. Foster, Richmond, Danville and Shipton; Joshua Copp & Co.; Georgeville; Phineas Hubbard, Stanstead; Cook & Ellis, Hatley; Copp & Adams, Barnston; Horace Lyman, Granby; Feasley, Robinson & Co., Waterloo; Baxter & French, at the "Yellow Store," Rock Island, put in a large advertisement; among other things, "Linsed and Lamp Oil." The latter is advertised by many other traders.

The American Congress was in session at that date and a good deal stirred up over a petition presented by Hon. John Q. Adams for the dissolution of the Union. It was finally tabled and that was the end of it.

Apparently the old traders in the Townships were as enterprising and bold as the benefits of advertising as those of to-day, and one thing we know, they made lots of money with their generous profits. Failures were very rare. New merchants had to be introduced by old customers of the wholesale houses and any account due or good on their books, had to be settled before more merchandise was bought. Traders realized from pearl ash, hogs, butter and what money they could obtain from their customers. Heavy goods, like iron, salt and mals were freighted in the winter. In those days the trade was fostered by free liquor to their customers, but that custom gradually died out. Old profits are now cut down to the lowest possible figure by competition, and trade is not the road to fortune, as of yore—a truth that many inexperienced farmers' sons have learned to their cost.

Another item brings the news down to October 4th. As our paper bears date of February 17th, as first mentioned, we can understand very forcibly the improvement that has been made in 61 years in the transmission of news.

The Welland Canal was about being finished, and the Lachine was being made capable of floating larger vessels by a greater depth of water. The St. Lawrence Canal was to be completed also in that season, and Lake St. Peter deepened.

Plank roads were to be built from

Hamilton to Port Dover, and London to Port Stanley. Advertisements were inserted calling for 7,000,000 feet of planks for that purpose.

The Gosford road (Quebec to the Townships) was likewise to be completed in 1842. The estimated expenditure of the Board of Works that season was estimated at £300,000.

Turning to the commercial page we find an auction sale advertised of four horses, harness, sleigh and robes, to be held at Oggood's Hotel, Stanstead. The auctioneer was Jas. Scott. J. C. Reynolds, Sherbrooke, advertises for "Salts of Lye" to be exchanged for goods.

William Brooks advertises—Patent medicines, cranberries by the bushel, and also, dry goods. He wants to buy "Nant's" hides and calf skins, for goods and on debts.

Charles Allen, of Waterloo, advertises his stoves and ploughs, and says he does job castings at short notice. J. S. Walton advertises 500 boxes of Brant's pills for sale.

Brooks says he has 200 head of cattle for sale, composed of thoroughbred and grade cows, bulls and yearlings.

Butler and Gilman, Rock Island, advertise an extensive assortment of fall and winter goods, such old kinds, as Double Milled and Twilled Beaver; Pilot's Cloths, Broad Cloths, Cassimeres, Doeskins, Worsted Camlets, Shawls, Young Hyson Teas, Etc.

Brandreth has a long advertisement and at the end gives a list of the stores where his pills can be bought, and this, I am sure, will be particularly interesting to the more elderly readers of your paper, viz:—J. S. Walton, Sherbrooke; A. W. Kendrick, Compton; R. More, Durham; Tait & Co., Melbourne; J. Millar, Drummondville; Joshua Foss, Eaton; H. Kennedy, Smith's Mills; John Wadleigh, Kingsey; G. K. Foster, Richmond, Danville and Shipton; Joshua Copp & Co.; Georgeville; Phineas Hubbard, Stanstead; Cook & Ellis, Hatley; Copp & Adams, Barnston; Horace Lyman, Granby; Feasley, Robinson & Co., Waterloo; Baxter & French, at the "Yellow Store," Rock Island, put in a large advertisement; among other things, "Linsed and Lamp Oil." ### THE DUTCH KILLED 400 NATIVES.

WIPED OUT FOLLOWING OF RECALCITRANT CHIEFTAINS ON BALI.

The Hague, September 21—An official despatch received here from Bali (an island in the Malay Archipelago immediately east of Java), where for some time past the Dutch have been conducting military operations against the recalcitrant chieftains, reports the capture at Paspar, capital of the vassal state of Badong, of two princes, their women and children. The followers of the princes, numbering in all 400 men, were killed in attempting a desperate sortie. The Dutch losses were four Europeans killed and 10 wounded.

### WINNIPEG STRIKE IS SETTLED.

A PERMANENT BOARD OF ARBITRATION HAS BEEN APPOINTED.

Winnipeg, September 21—The general strike of the building trades was settled last night on a basis satisfactory to both sides and a permanent board of arbitration was appointed to prevent any recurrence of such disruptions in the future. The board is composed of representatives, who have been chosen by the unions and public affairs.

### TWO KILLED BY A TRAIN.

VEHICLE STRUCK AT I. C. R. CROSSING—THREE RIVERS SEES.

Three Rivers, September 21—Word reached here Saturday of an accident that occurred at St. Anne du Sauc, Quebec, on the I. C. R. line. A Mr. Houde of St. Odere, and Mr. Laperriere of St. Pierre, were taken from Nicolet to St. Maurice, near St. Anne, while crossing the International track, their vehicle was struck by a big train, and both were instantly killed.

The new St. Maurice Valley Railway Company have their line running by Trois-Rivieres, some fifteen miles from the city. A Mr. Grail is in charge of a course of construction, after which six miles remain to reach St. Anne. On this six-mile section, a new line is now at work. By the 31st of September it is expected that the line will be open to Shawing Falls.
