LAURIER HAS CALL TO COME HOME

Premier Will Have to Hurry Back to Canada Without Attending Coronation.

(Special to the Chronicle.)

Ottawa, May 30.—The latest move in the political game is the report that Sir Wilfrid Laurier intends to return to Canada immediately...

It is stated also that Laurier will stump Quebec during the latter part of June and the first two weeks of July...

It is expected that the campaign will be waged largely in this Province not so much on reciprocity as on the naval issue.

In any event Mr. Fielding's sudden departure for England is the political sensation of the hour in spite of all the feverish attempts of the Liberal press to pass it off as merely a "rest cure."

FAMOUS LACROSSE MAN.

Montreal, May 30.—Mr. Archibald A. Patterson, in his day one of the most famous lacrosse players in the country, died here to-day at his residence, 81 Mance street.

CALGARY MAKES A NEW RECORD.

Calgary, Alb., May 30.—Approximately \$3,700,000, the buildings for which permits were issued during the month by the building inspector, constitute a record in the city's history.

FATAL COLLISION BETWEEN TROLLEY CARS.

New Haven, Conn., May 30.—On a level stretch of track and in the midst of a straightaway run of nearly a mile, two trolley cars going from this city to Derby, were in a rear-end collision near Race Brook Station, in Orange, late this afternoon.

George Damison, of Ansonia, had both hips dislocated and his right leg broken, and eight others were seriously injured.

The cars were running close together owing to heavy traffic all day between the two cities. The forward car had stopped to let off a passenger when the following car, with only two passengers, crashed into it.

The marriage was annulled by Judge Laurendeau because of a decree that had been issued by Archbishop Bruchesi against the marriage of Roman Catholics by Protestant Ministers.

A pathetic incident in connection with the death of Mr. Malone was the fact that of a family of five children, four have recently died and the fifth is just recovering from scarlet fever.

BELIEVES NESBITT WAS A SUICIDE

Startling Statement Made by a Former Political Colleague of His.

Toronto, May 30.—"I am convinced that Dr. Beattie Nesbitt is dead. He is not the type of man to remain a fugitive from justice. He was a university man, proud of the political influence that he once exercised; proud of his former membership in the Legislature; confident in himself and ambitious. I believe he has committed suicide and that he will never be heard of again on this earth."

"His medical knowledge would suggest certain convenient means of suicide," he added. "I also know that since the night of his flight from Bala, with the police hot on his trail, that no line or message has ever been received from him. Dr. Nesbitt is dead. That is my conviction."

TAFT AND LAURIER MAY MEET AT PORT HURON

Port Huron, Mich., May 30.—The Young Men's Business Association of Port Huron has received the acceptance of Sir Wilfrid Laurier, premier of Canada, to visit Port Huron in September, the same day that President Taft will be here.

MINING EXPERT DROWNED AT PORCUPINE.

South Porcupine, Ont., May 30.—Stewart L. MacLennan, of Ottawa, mining expert and broker, was drowned in Porky Creek this afternoon while attempting to rescue Leo Dore, aged 16, who was also drowned by the capsizing of his canoe.

REMARKABLE OPERATION WITH NEW INSTRUMENT.

Philadelphia, Pa., May 30.—Delegates to the convention of the American Laryngological Association witnessed a remarkable surgical operation here today when Dr. C. Jackson, of Pittsburgh, without the use of a knife removed a brass clip that had been embedded in a young woman bronchial tube for eight years.

MONTREAL AND GEORGIAN BAY.

Montreal, May 30.—A discussion as to whether the city shall or shall not contribute to the Georgian Bay canal project took place at to-day's meeting of the Board of Control.

GERMANY STEPS TOWARDS ARBITRATION.

Berlin, May 30.—The Norddeutsche Allgemeine Zeitung leads off its issue today with an announcement of the steps Germany has taken towards arbitration.

The above statement can be added the semi-official expression of opinion that Germany, like Great Britain and France, is most sympathetic toward President Taft's arbitration proposal.

WEDDING PRESENTS OF QUALITY

A Few Words About Wedding Presents

In the selection of a Wedding Present for a relative or an intimate friend, quality and utility are generally the two most important points to consider.

When a Wedding Present has been purchased at "Seifert's" the label on the package suggests that the enclosure is something of quality.

Whether it is a Diamond Jewel, Hall-marked solid Silver, Sheffield Plate, Meriden Ware, an Electric Lamp, a Bronze Statue or a piece of Cut Glass, the recipient knows that it is an article of quality, the best of its kind that is produced, for that is the Seifert quality.

For June Weddings we are showing the new styles in Chime Clocks, Teroca Arts and Crafts Electric Lamps.

Saw-pierced Silver Goods, Rich Cut Glass Table French Bronzes, Decorative Brass Goods, Sheffield Plated Table Requisites.

In Jewellery we are showing fine examples of the now fashionable Plaque designs.

We will be glad to have customers call and inspect our display.

THE MACEDONIAN CRY.

It is reported that Sir Wilfrid's ignorance of the real meaning of reciprocity and the fact that England has realised this ignorance so soon have induced him to emit a Macedonian appeal to Mr. Fielding to come over and help him by attempting to explain to the English people what its effect is likely to be.

FREE TRADE IN ENGLAND.

Speaking of "Free Trade," as they have it in England, Sir G. Molesworth shows what a blighting effect this policy has had on the agricultural community. As England had a good start in the race with other nations these effects were not felt for a score of years or so, until the money which she spent in purchasing commodities from abroad that might have been produced at home gradually armed other nations with her.

Agriculture was the first to suffer and in 1879 a commission was appointed to inquire into its depression. The evidence before that commission disclosed a ruinous state of affairs. Sir James Caird estimated the loss of farmers' capital in six years at £38,000,000 sterling.

Mr. Pringle, the assistant commissioner, prepared a map of a portion of Essex, formerly a prosperous wheat growing district. The map is strewn over with a profusion of black patches, indicating the farms that have passed from good wheat cultivation to coarse, weedy pasture.

The whole report teems with evidence showing that in many cases, rent has been gradually exhausted, that stock, horses and cattle have diminished, and that which had been left alone had gradually "tumbled down" to weeds, that property had constantly been changing hands; farmers are in debt, freeholds heavily mortgaged, and mortgages for £8,000 have been sold for £420.

In short, the evidence disclosed a state of absolute ruin on all sides. More than 3,000,000 acres have gone out of cultivation between the year 1868 and 1893, namely 1,757,000 acres of wheat, 804,000 acres of grain, and 612,000 acres of green crop.

Meanwhile it is a significant fact that while the production of wheat and grain has fallen off in England in so serious a manner, it has increased largely in protectionist countries.

Between 1831-40 and 1887 the production of grain has increased in France 41 per cent, in Germany 143 per cent, in Holland 150 per cent, in Belgium 127 per cent, and in Italy 104 per cent.

Evidently Free Trade "as it is in England," must be a beautiful thing for the farmer.

MR. FISHER.

Mr. Fisher endeavors to charge the Opposition with forcing a general election before redistribution is possible. Even if there was any ground for the assertion the Opposition would be fully justified in demanding an election to decide whether reciprocity shall stand or fall while the advocates of the pact have advanced nothing to justify them in forcing it upon an unwilling people.

orous protests against the ratification of such a policy have poured in from every section of the country. Messrs. Lemieux and Fisher make a great fuss about "trusting the people," yet they and their fellows would gag the people and prevent if possible, any discussion of the subject.

Mr. Fisher further charges the Opposition with having blocked legislation through "useless" debate on the reciprocity issue. Mr. Fisher is certainly endowed with "some nerve" as anyone will admit who compares the forceful speech of Mr. Sifton with the dreary and tedious harangue of the Minister of Agriculture delivered on the same day.

As for the prolongation of the debate none were better pleased latterly than the Liberals to see it drag along while they waited to see what Washington would do.

Five kings at a coronation may be ornamental, but in a poker hand they would be more than useful.

June is coming and the Niagara Falls hackmen are beginning to feed their horses a quart of oats every other day.—Syracuse Herald.

That French aviator who was attacked in mid-air by an eagle says it was one of the most dangerous experiences he ever had. Judging from the apparent ease with which any aeroplane can turn turtle, it would be dangerous for an aviator while in flight to get in an argument even with a chickadee.

The estimate of two hundred million bushels of grain in Western Canada this season, as given by William Whyte of the C. P. R., to an eastern newspaper will, perhaps, appear as rather "tall" talk to some doubting Thomases in the East, but indications certainly show that this year's will be a record yield.

The Calgary Herald warns the Hon. Frank Oliver that he will have to clear things up before he takes charge of any campaign in Alberta. He, a minister of the crown, had a mysterious bank account, into which \$70,000 was placed from outside sources.

The two Liberal papers, Le Pays and Le Soleil, are just now indulging in a wordy warfare. Replying to Le Soleil's taunt that those connected with Le Pays are poor disciples of Liberalism the latter paper says it is quite evident that Le Soleil keeps all its sympathy for that class of Liberals who get their houses painted by the government or sell civil service situations and promotions to poor employes or who contribute to the party chest or are willing to sell themselves provided that the transaction leads them to honors and fortune.

"In the eyes of Le Soleil," says the Montreal paper, "Liberalism" means nothing else but the satisfaction of appetites, the appeasing of its fits of voracity. Its supreme symbol is the carrot."

In an open letter to Sir Wilfrid the Sunday Times of London says: "The Empire is your greatest theme. You preserve it in a fine syrup of beautiful words. In 1896 you definitely turned your back on the United States, thereby gaining the position in which you have since been so picturesque an ornament. Thus you became at once an imperialist and a nationalist. You saw Canada becoming symmetrical and strong, the manufacturing balancing the agriculture, the tariff enabling resistance to such pull as your great neighbor had. Your reward for so intelligently realizing the policy of others was to be called an imperial statesman and to rest for support on British Canadians, and at the same time you contrived to retain the support of Quebec provincialists by resisting the Canadian sentiment favorable to helping the imperial navy successfully. For many years you have played a part, but Mr. Facing-Both-Ways, if you are sapping imperial interests you are also undermining Canadian nationality."

CITY OF QUEBEC City of Quebec, To wit: District of Quebec. BY-LAW NO. 15.

Concerning Vaccination. At a meeting of the City Council, of the City of Quebec, held on the twelfth day of May, one thousand nine hundred and eleven, the following By-Law was read for the first time:

Considering that by a circular letter of the Provincial Board of Health any municipal council in this Province is notified to adopt, enact and put in force a by-law, ordering compulsory vaccination and revaccination in the manner hereinafter explained.

In consequence, it is ordered and enacted by the municipal council of the city of Quebec, and the said Council does hereby ordain and enact:

1. From the time the present by-law will come into force, vaccination and revaccination will be compulsory within the limits of this municipality for all persons found in it. 2. Therefore, forty-eight hours after the said by-law shall have come into force, any person, being within the municipality, who will not be able to establish that he has been vaccinated successfully within the last seven years, or who will not be able to establish, by a physician's certificate, that he has been vaccinated but without success within the last six months, will be liable to a fine of five dollars, and also to an additional fine of one dollar for each day he will have omitted or will omit to get vaccinated from the second day after the said by-law has come into force.

3. Forty-eight hours after the said by-law will have come into force, any person being within the municipality will have to exhibit to the executive officer of the municipal authority, whenever the said person shall be so required verbally or otherwise, a certificate from a physician, duly qualified to practice as such in the Province, establishing that said person has been vaccinated successfully or that vaccination has been performed upon him, but without success, within the days fixed in the preceding paragraph, and each refusal or omission from such person to exhibit said certificate, when required to do so, will render him liable to a fine of five dollars.

4. A certificate from a physician duly qualified to practice as such within the Province, stating that the state of health of a person does not allow of his being vaccinated, and establishing the reason for such impossibility, if exhibited to the executive officer of the municipal sanitary authority by such person, when asked to produce a vaccination certificate, will exempt such person from the application of the two preceding articles, but provided two months have not elapsed since the date of the certificate.

5. Any physician who will knowingly give a false certificate upon any facts he may be called to certify in virtue of the preceding articles, shall become liable to a penalty of twenty dollars. 6. Any one who will not have the means to pay to be vaccinated shall, on applying to the executive officer of the municipal sanitary authority, and on satisfying him of his inability to pay, be vaccinated at the expense of the Corporation of this city.

7. Are exempted from vaccination, as ordered by the present by-law, persons who may establish to the satisfaction of the executive officer of the municipal sanitary authority that they have had smallpox.

PUBLIC NOTICE. Is hereby given that, in accordance with section 30 of the Act 29 Vict., ch. 57, as amended by section 11 of the Act 31 Vict., ch. 33, and of section 8 of the Act 39 Vict., ch. 51 and its amendments, the above By-law shall be read a second time and adopted on Friday, the twenty-sixth day of May instant (1911).

RECORD DAY FOR OCEAN STEAMERS

Six of Them Carrying 5,000 Passengers from Europe Reached Quebec Yesterday.

Yesterday was a record day at this port for the arrival of ocean passenger steamers, no less than six having reached here from Europe.

Harbor Master Sullivan had a busy time yesterday morning getting them suitably berthed.

The first steamer to put in an appearance was the Dominion, of the White Star-Dominion Line, from Liverpool. She reached here at 4 a.m. and moored at the Breakwater.

At 6 a.m. she landed her passengers and by 10.30 a.m. her Quebec cargo was discharged, when she left for Montreal. She brought out 859 passengers.

The Allan steamer Ionian, from Glasgow, arrived here at 4 a.m. She berthed also at the Breakwater.

She had on board 857 passengers, besides a general cargo. Having landed her passengers and Quebec cargo, she left for Montreal at 8 a.m.

Str. Cassandra, of the Donaldson Line, also from Glasgow, was the next to make her entry, reaching here at 5 a.m.

Her contribution to the population of the Dominion was 673 souls. She brought besides a large general cargo. Her passengers landed at 6 a.m., but the whole day was occupied in discharging Quebec cargo, the steamer only leaving for Montreal at 6 p.m.

At 6 a.m. the Dominion Line's Southwark, from Liverpool, came into port. She had 914 passengers on board.

As the number of people from the three preceding steamers had congested the Immigration Buildings, the Southwark had to retain her passengers on board for some time after being berthed.

However, by noon many of the people who landed during the morning had been entrained and the steamer left for Montreal at 2 p.m.

MR. ELISEE DUPUIS  
A FRANK TESTIMONIAL

Mr. Elisee Dupuis, of St. Paul de la Croix, was suffering from weakness, **ST. MICHEL'S WINE** cured him and he acknowledges its value.

Mr. Elisee Dupuis' trade is a hard one, that of sawyer; he had used his strength unsparingly and, human endurance having its limits, he began to grow weak until finally the day came when he realized that he must find a remedy for his enfeebled condition. Mr. Elisee Dupuis has the courage of his convictions. This may be seen by the following letter:

MESSRS. BOIVIN, WILSON & CO., Montreal.

Gentlemen:—Many people hesitate at the idea of seeing their photographs or testimony published in the newspapers. For my part, I am not of these. When one obtains relief from his sufferings through another's help, it seems to me only just to give credit to whom it is due and show gratitude for the good that has been done. It is for this reason, gentlemen, that I take pleasure in thanking you for the marvellous results procured by means of your ST. MICHEL'S WINE, which I used for weakness, from which I suffered for many years. In my trade we are much more exposed than in many others. We over-exert ourselves, with the result, you know and we often become extremely weak. I have been through the mill and if to-day I am enjoying good health, it is due in great part to the restorative properties of ST. MICHEL'S WINE. Since I have been taking this treatment I can attend to my work without fear of feeling weak as I used to formerly. I heartily urge my co-workers to follow my example, because I am certain that ST. MICHEL'S WINE will be worth its weight in gold to them. Once more, thank you a thousand times, thank you.

Very truly yours,

ELISEE DUPUIS,

St. Paul de la Croix.

P.S.—You will find enclosed my photograph which I had taken after being restored to health. One dozen and a half bottles were sufficient to make me strong again. E. D.

Thousands of persons have thus felt the benevolent action of ST. MICHEL'S WINE. We are receiving new testimonials daily which we will be able to publish with the permission of our correspondents.

**MEETING OF CITY COUNCIL.**

Friday, May 26, 1911.

Present: His Worship the Mayor, Aldermen Barbeau, Beaumont, Bergevin, Campbell, Cannon, Collier, Cote, Cummings, Dinan, Emond, Fiset, Gauvreau, Guilot, Jobin, Lavallee, Lavigne, Madden, Messervey, Monaghan, Mulroney, Pouliot, Shink, Trudel, Verret (34).

The minutes of the last meeting are read and confirmed.

Read a letter from Hon. Sir F. Langelier, thanking the Council for their kind resolution of congratulation on his appointment as Lieut-Governor of the Province of Quebec.

Read a letter from His Lordship the Archbishop of Quebec, thanking the Mayor and Aldermen for the prominent part which they have taken in the welcome extended to His Excellency Mgr. Stagni, Delegate Apostolic of His Holiness the Pope.

Read a letter from Mr. Alexandre Aube, praying the Council for pecuniary aid in the publication of a magazine, illustrating Quebec past and present. Referred to the Finance Committee.

Read a letter from Mr. J. P. Bertrand, complaining of the damage caused to the property of the heirs Bertrand, on Dorchester Street, by the constant washing of vehicles of the Fire Station, and asking that a permanent pavement be made of that portion of Dorchester street. Referred to the Road Committee.

Read two letters from Mr. DeBellevil, on behalf of the Catholic School Commissioners of Limoilou, praying the Council: 1st, to order the levelling and macadamizing of the streets around the boys schools at Limoilou; 2nd, to order the execution of drainage works near the convent and school, which they intend to build at Limoilou. Referred to the Road Committee.

Read a letter from Mr. C. E. A. Carr, of the Quebec Railway, Light, Heat & Power Company, acknowledging receipt of the protest of the City against the Company regarding the extension of the electric tramway to St. Malo, stating their legal advisers are of opinion that the City cannot compel them to execute the order of the protest, stating that they are willing to meet the wishes of the City Council, provided their Company be allowed to proceed in the same time to the proposed extension of tramway in St. Malo and to the connection of Ramsay street with the Montmorency line. Referred to the Road Committee.

Presented a petition from the estate Ed. Morin and J. T. Lavallee, praying the Council to allow them to close, at their own expense, the northwestern portion of Notre Dame street from the western line of Mountain Hill street. Referred to the Road Committee.

Presented the following reports:—Finance 2031st (to grant \$300 to the Labour Bureau for 1910-11); Finance 2039th (on tenders for City printing); Finance 2040th (to grant \$5,000 to Police Committee to organize a detachment of mounted police).

Moved by Ald. Cannon, seconded by Ald. Gauvreau, and resolved: That the said reports be taken as the 4th, 5th and 6th orders of the day.

Presented the 117th report of the Police Committee (on tenders for express patrol waggon). Moved by Ald. Cannon, seconded by Ald. Campbell, and resolved: That the said report be taken up as the 7th order of the day.

**ORDER OF THE DAY.**

First Order of the Day—The Council proceeds to the second reading, for adoption, of By-law No. 12, to divide in polling booths the electoral districts of the City of Quebec, for the election of members of the Legislative Assembly, for which second reading and adoption the presence of two-thirds of the members of the Council is required, the following members being present: Aldermen Barbeau, Bergevin, Campbell, Cannon, Collier, Cote, Cummings, Dinan, Emond, Fiset, Gauvreau, Guilot, Jobin, Lavallee, Lavigne, Madden, Messervey, Monaghan, Mulroney, Pouliot, Shink, Trudel, Verret (23).

His Worship the Mayor reads the preamble and the different clauses of the By-law, which are adopted and declares the said By-law No. 12 read a second time, passed and enacted, all the members above mentioned being called and found to be present at the adoption in toto of the said By-law.

Second Order of the Day—Second reading, for adoption, of By-law No. 15, concerning vaccination, for which second reading and adoption the presence of two-thirds of the members of the Council is required, the following members being present: Aldermen Barbeau, Beaumont, Bergevin, Campbell, Cannon, Collier, Cote, Cummings, Dinan, Emond, Fiset, Gauvreau, Guilot, Jobin, Lavallee, Lavigne, Madden, Messervey, Monaghan, Mulroney, Pouliot, Shink, Trudel, Verret (24).

His Worship the Mayor reads the preamble and the different clauses of the said By-law which are adopted, and declares the said By-law No. 15 read a second time, passed and enacted, all the members above mentioned being called and found to be present at the adoption in toto of the said By-law.

Third Order of the Day—Alderman Trudel moves, seconded by Alderman Lavallee, and it is resolved that the Canadian Northern Quebec Railway Company be notified to build without delay a sidewalk in front of the ground which belongs to the Company on the 11th avenue of Limoilou.

Fourth Order of the Day—Read the 2031st report of the Finance Committee, which being put to the vote, Ad. Dinan moves, seconded by Ald. Cummings, and it is resolved: That the said report be referred back to the Finance Committee, for reconsideration.

Fifth Order of the Day—Read the 2039th report of the Finance Committee, which being put to the vote, is adopted, and it is in consequence resolved: That the contract for the City printing required for the year 1911-12 be referred to the Finance Committee.

Sixth Order of the Day—Read the 2040th report of the Finance Committee, which being put to the vote, is adopted, and it is in consequence resolved: That the tender of Mr. C. Parent for a patrol waggon, marked number 111, for the price of \$220.00 is hereby accepted, provided the material of the said waggon shall be first class, and delivered on or before the 20th of June next, and that the contractor shall strictly follow the specification of the tender for the said patrol waggon,—the amount to be charged to the credits voted to the Committee for the fiscal year 1911-12.

Company, their tender being the lowest, on condition that each page, besides the tableaux, shall be counted only for one single page, and that the City Treasurer's report must be completed three months after the delivery of the manuscript, under penalty of five dollars for each day of delay—the amount of said contract to be charged to the credits voted for advertising and printing.

Seventh Order of the Day—Read the 117th report of the Police Committee, which being put to the vote, is adopted, and it is in consequence resolved: That in order to secure the organization of a mounted police patrol, the sum of five thousand dollars is hereby taken from contingent funds and carried, as a special fund, to the credits of the Police Committee for that purpose, with the request that the said Police Committee shall strictly follow the rules regarding the age and qualification of the men to be engaged, in order to procure an effective service.

Eighth Order of the Day—Read the 117th report of the Police Committee, which being put to the vote, is adopted, and it is in consequence resolved: That the tender of Mr. C. Parent for a patrol waggon, marked number 111, for the price of \$220.00 is hereby accepted, provided the material of the said waggon shall be first class, and delivered on or before the 20th of June next, and that the contractor shall strictly follow the specification of the tender for the said patrol waggon,—the amount to be charged to the credits voted to the Committee for the fiscal year 1911-12.

Moved by Alderman Cannon, seconded by Alderman Lavigne, and resolved: That Aldermen Cannon, Pouliot and Dinan are hereby elected to represent this Council in the Joint Committee appointed by law to report to this Council, concerning the ferry between Quebec and Levis. Moved by Ald. Pouliot, seconded by Ald. Cote, and resolved: That legal proceedings be instituted by and in the name of the City to acquire by amicable settlement, or through expropriation between the Charlesbourg Road, in Limoilou Ward, and the public bridge of the City now in course of construction, on the St. Charles River, the extent of land required for the construction of the abutment, approaches and accessories of the said bridge, at the place where the construction of the said bridge has been recently authorized by orders in Council of His Excellency the Governor-General of Canada, and of His Honor the Lieutenant-Governor of this Province.

By Alderman Monaghan: That paragraphs 2, 3, 4 and 5, in By-law 437, respecting smoke nuisance, be replaced by the following, to wit: "Any chimney emitting smoke, so as to cause damage to or injuriously affect neighboring properties, or occupants of the same, shall be deemed a nuisance, and any person who shall commit such nuisance or permit the same to be committed, or shall refuse to abate the nuisance after being notified shall be liable to fine, with or without costs, at the discretion of the Recorder."

**NOTICE OF MOTIONS.**

Moved by Alderman Cannon, seconded by Alderman Lavigne, and resolved: That when this Council shall adjourn, it stand adjourned until Tuesday, the 30th of May instant. The Council then adjourns.

**CORONATION CAMP IS NOW COMPLETE**

**SACRED CONCERT CHALMER'S CHURCH**

Review of the Contingent Will Be Held on the Plains This Afternoon.

The Coronation contingent is now complete, and with the arrival of the mounted men from St. John there are busy times at the camp at St. Joseph de Levis.

There will be a review of the troops on the Plains of Abraham to-day, when an opportunity will be given to witness the splendid body of men which Canada is sending over to represent the Dominion at the coronation of the King.

The mounted men will arrive at 9.45 a.m. and the dismounted men will follow an hour later. The troops will assemble on the Terrace, from which they will start out to the Plains of Abraham, where they will be reviewed by Lt.-Col. H. McLean and Lt.-Col. A. O. Fages at 2 o'clock.

The inspection and review promises to be a most minute and searching one, and it will be after four o'clock before the men march back to camp. The forces will parade back to the boats for the camp by way of Grande Allee.

The review of the contingent promises to be a most interesting one, and there will undoubtedly be a large gathering of spectators to witness the evolutions.

On invitation of Mr. C. A. E. Carr, Manager of the Q. R. L. & P. Co., Lt.-Col. H. McLean, Lt.-Col. A. O. Fages, and other officers of the contingent were guests at the Kent House last night at a very pleasant little dinner.

The streets of Quebec at present present somewhat of the appearance of the Tercentenary days. Representatives of the troops of Canada from the Atlantic to the Pacific, in their different uniforms are to be seen every evening as soon as the camp duties are over, and there seems to be a feeling that something more than usual is on the way.

The arrival of the mounted forces yesterday added to the life of the camp. The men are a smart looking lot of soldiers, and the cavalry, dragoons and horse artillery presented a fine appearance.

Beautiful Programme Was Rendered by Choir, Headed by Mr. H. Gordon Perry.

One of the most impressive sacred concerts given in Quebec for a long time past was that which took place in Chalmer's Church last evening, when the choir, under the direction of Mr. H. Gordon Perry, the talented organist and choirmaster, rendered a programme which included some of the greatest compositions of church music. Mr. Perry's organ numbers were not the least interesting or enjoyable portions of the programme, and as usual he proved himself to be a musician of capability and artistic discernment. As a matter of fact, the whole programme under his skillful guidance, was one that left little to be desired, and was rendered with that charm that only his skill could command. Elgar's famous march, "With Pomp and Circumstance" is one that never fails to appeal. It has been rendered by the Symphony Orchestra several times, but its rendition last evening by Mr. Perry seemed to be better than ever, the majestic and military swing of the piece being given on the organ in splendid style.

Mr. Perry had the assistance of some of the best voices in the city, and with his choir, beautifully trained and fully equal to the occasion, rendered a programme that was a notable one.

The programme included a number of anthems, the soloists in which were Miss Davies, Mrs. T. P. Ross, Mrs. W. J. B. Fraser and Mr. W. Campbell. These were all rendered with spirit and with fine effect. The duet of Messdames Fraser and Ross, "They Shall Hunger No More," was most enjoyable. The solos of Mrs. A. J. Webster, Mrs. T. B. O'Neill and Mr. W. Campbell were striking features of the programme. All are well known vocalists of the highest ability, and last evening they seemed to excel themselves. The ladies' quartette (with baritone solo and obligato) from Gaul's "Holy City," was a feature that added greatly to the success of the evening. Messdames Fraser and Ross, Misses Davies and Sutherland and Mr. Fletcher rendering the selection with beautiful effect. A special word of praise must be afforded to Mr. Herbert Spencer, whose violin solo, as well as his obligato to the quartette, captivated all.

The concert reflected the greatest credit upon Mr. H. Gordon Perry, and he is to be congratulated upon the success which attended his efforts to give the music-loving people of Quebec a programme such as has not been heard here in a long time.

**QUEBEC'S NEW MOUNTED POLICE**

Four Men Were Added to the Force at Meeting of Committee Last Evening.

The civic representatives held no less than two committee meetings yesterday besides a Council meeting last night. The Road Committee sat from 4.30 to 6.30, while the Police Committee held their meeting at 7 o'clock.

**ROAD COMMITTEE.**  
Ald. Pouliot presided, and the only business before the Committee was the awarding of the contracts for street paving. The principal discussion was on the asphalt tender, Mr. Falardeau, of this city, being the lowest tender and offering to put up any guarantee required, that his work would be first class in all respects. His tender was finally accepted on condition that he give the city a special guarantee of \$50,000 and to lay 1,200 yards of asphalt weekly. The other tenders were adopted as appears in the City Council report.

**POLICE COMMITTEE.**  
The principal business before this Committee, which met at 7 o'clock, was the appointment of five constables, one to replace Constable C. Copeman, who recently resigned, and four new members of the force. Some time ago the Committee decided to have four mounted constables, which necessitated the increase of the force. Naturally there were no lack of candidates for the four positions and each Alderman had his candidate, while there were only two applications to fill the vacancy created by the resignation of Constable Copeman.

Ald. Paquet presided and those present were Mayor Drouin and Aldermen Morin, Barbeau, Shink, Jobin, Plamondon, Mulrooney, Trudel and Delisle, members of the Committee, and Ald. Messervy, Dinan, Lamontagne, Verret, Pouliot and Emond. Two applications were received to fill the position left vacant by the resignation, Messrs. Reynar and Thaller, and the latter after examination received the appointment, notwithstanding Ald. Messervy's protest that the new constable was a German and not an English Protestant.

The choosing of four new men was then proceeded with. An applicant named Fiset, whose application was sent in a long time ago, was the first to be chosen and John Mignault, proposed by Ald. Jobin, was the second choice, although Chief Trudel claimed that he was not the regulation height.

Then Ald. Mulrooney remarked that as there were four new appointments, one should be given to an English speaking citizen and proposed Charles Munroe, who had successfully passed his examination at last meeting.

Ald. Delisle, who had a man to appoint, thought that the four new men should be French-Canadians and asked Chief Trudel how many English speaking constables were on the force and was informed about 14 out of 82.

Mayor Drouin remarked that as there were four new appointments the English speaking citizens had a right to at least one, and most of the Committee were of the same opinion and Munroe got the job on a unanimous vote.

There was still one vacancy and there were four applications for the position, which fell to the luck of Geo. Girard, of Limoilou.

Ald. Shink again complained that the owner of the wood yard opposite the St. Paul street station blocked the sidewalk with his wood and Chief Trudel promised to attend to the matter.

Ald. Barbeau remarked that on Sunday last the parish priest of St. Roch's had complained of the conduct carried on in some cheap eating houses on Notre-Dame street, near the corner of Crown, and asked the Chief to place a constable at that corner.

Chief Trudel replied that their license would be cancelled.

Ald. Dinan complained of the stone throwing from the Terrace to Champlain street, specially on Thursdays and Sundays and asked that Special Constable Gingras be kept there, as he was named for that purpose and not to be acting as a messenger at headquarters.

Ald. Shink complained of the bad state of sidewalks and was informed that 300 reports for bad sidewalks had been received from the police and were being dealt with.

As the department requires four horses for mounted constables and one for the new patrol wagon, the Committee decided to leave the choosing of these horses to Ald. Paquet, Ald. Campbell and Chief Trudel.

The Chief informed the Committee that he had secured a fine building at the foot of Sous-le-Port street for No. 5 Police Station, formerly in Champlain market. The rental was \$400 a year and the Committee will request the Finance Committee to grant that amount.

**PRESENTATION TO A QUEBEC RAILWAY MAN.**  
Mr. George Levesque for the past year foreman in the erecting shop of the Q. & L. St. John Railway shops was entertained at the Kent House by quite a number of his friends and presented with a combination dress-suit case and a retiring honorary card from the members of the I. A. M.

Mr. Levesque has been appointed Master Mechanic of the Delaware & Hudson railway with headquarters at Sorel.

Mr. Levesque is an old Quebecer, but when quite young went to Ottawa, and was quite forgotten. However, those who know George will be pleased to know of his appointment.

The Penalty of Overwork is Kidney Trouble—Here's Your Remedy:—

It has been man's lot since the creation to toil. The modern tendency is to overwork, to turn night into day and thus tear down faster than nature can rebuild. An unnatural strain is thrown upon the vital organs and more especially upon the kidneys, which have the work of filtering the blood free of waste and poison.

The present-day rush is too great. If it is to continue nature must be assisted with a good kidney tonic. When the kidneys begin to fail in their work Booth's Kidney Pills are needed. They quickly disperse the poisonous matter collected in the system.

Pain in the back is only a timely warning of trouble in the kidneys. An inflammation has set in and a disordered condition of the urine soon becomes apparent.

Too much or too little urine, with a constant desire to void the secretions; any noticeable deviation from the normal color; the appearance of a sandy sediment, proves a disordered condition of the kidneys that needs quick attention.

If your work seems hard for you; if you have a lame, weak or aching back; if you are tired and listless and seem to be running down without apparent cause, begin at once with Booth's Kidney Pills, the great kidney remedy that has cured so many of your neighbors. It has given thousands of working men and women

strong, sound backs for their daily work.

Chas. Reid, of Main street, Markdale, Ont., says: "My back had been sore and tender; a heavy dull pain had settled in the small of my back and in the region of the kidneys. My limbs would puff up with dropsical swellings and leave me in a miserable and painful condition. The urine was highly colored and odorous and contained a quantity of brick dust sediment. Nothing had relieved my condition in any way and I had begun to think nothing would. I read of Booth's Kidney Pills and procured a box and commenced their use. I had not finished the first box when the urine cleared and the dropsical swellings had gone down. I found more relief in Booth's Kidney Pills than in all else I had used and I am stronger and better in every way and can thank only Booth's Kidney Pills for it."

**A FREE BOX**  
will be sent to all sufferers wishing to try this wonderful remedy. They are guaranteed to do all that is claimed for them or refund your money. All druggists sell Booth's Kidney Pills, 50c. a box, or postpaid from the R. T. Booth Co., Ltd., Fort Erie, Ont., to whom all applications for free trial should be addressed.

Sold and guaranteed in Quebec by Henry Willis.

UTILITIES COMMISSION.  
The Public Utilities Commission met here yesterday morning with Lieut. Col. Hibbard in the chair, and Sir George Garneau and Mr. Laberge, both commissioners, and Mr. Joseph Ahern, secretary of the commission, present. The case of Mr. Neault, the Mayor of Grand Mere, against the Ricard electrical system, came up for hearing. Some time ago the commission sat at Grand Mere and ordered Dr. Ricard to remedy the defects in the electrical system which he is conducting. The commission also obliged the town of Grand Mere, La Compagnie Electricque de Grand Mere and the Compagnie de Telephone de St. Maurice et de Champlain to change their systems. The right of appeal was given to the companies at yesterday's sitting, but the decision was accepted by all except the Compagnie de Telephone de St. Maurice et de Champlain, which was represented by Mr. Louis Demers, advocate, of this city, who asked that the order be suspended as the company was about to be absorbed by the Bell Telephone Company. The commission decided to suspend the order until the 6th of June next.

**OPENING OF FIT-REFORM WARDROBE.**  
Saturday was a great day on St. Joseph street. The new Fit-Reform Wardrobe at 105-111 St. Joseph St., corner of Bridge street, was formally opened, and crowds came from every section of the city to see the new quarters and to congratulate Mr. J. L. O. Proulx on his wonderful success since taking up the agency for Fit-Reform.

Mr. Proulx said that the growth of Fit-Reform in the city of Quebec was very gratifying to him, but that he knew the men here would appreciate these superb hand-tailored garments, and that it is why he secured the agency for Fit-Reform in preference to any other make of clothing in Canada.

Those who did not visit the new Wardrobe last Saturday are cordially invited to call at any time and see the latest styles in Fit-Reform summer suits.

MONTREAL AGAIN WON AT ROCHESTER

Champions Were Out-Hit and Out-Generaled by the Canadians.

Rochester, N.Y., May 30—A crowd of 4,000 turned out this afternoon to witness the second game in the series between Montreal and Rochester, and for the second time in two days the sight was presented of the champions being out-hit and out-generaled by the Canadians.

Ganzel used two of his best pitchers against the Royals, but the game was lost before Holmes was sent in.

Johnny Dubuc pitched for the Royals, and he was very effective, holding the locals to seven hits and keeping them well scattered. He received excellent support, and two smart double plays helped him out of tight places.

The winning run resulted from three hits in a row by Hanford, Demmitt and Gandil. The score:

Score by innings table for Montreal vs Rochester. Montreal: 29 3 7 27 14 3. Rochester: 5 0 2 4 4 0.

Summary of two base hits: Marj, Moran; sacrifice hit: Gandil, Holly, Dubuc, Batz; stolen bases: Demmitt, Gandil, Roth; double plays: French to Holly; Roth to Holly; first base on errors: Montreal, 1; left on bases: Rochester, 2; Montreal, 7; first base on balls: off Manser, 2; off Dubuc, 2; struck out by Manser, 1; by Dubuc, 4; passed ball: Roth, 2; innings pitched: Manser, 8; Holmes, 1; runs: off each pitcher: off Manser, 4; off Holmes, 0; hits off each pitcher: off Manser, 10; off Holmes, 0. Attendance, 4,000. Umpires: Pender and Kerin.

Rochester, N.Y., May 30—Montreal Royals fought tooth and nail today to win two games from Rochester.

This morning the Royals played the better baseball to win and this afternoon they won by 8 to 5, mainly because of their gameness. This afternoon's game went 11 innings. Entering the ninth the visitors were two runs behind. In that inning a single and an error so upset McConnell that he made a mess of the next play, an attempt for a sacrifice. The big fellow was yanked out and with the bases full and none out Holmes took up the burden. Holmes forced in a run and the thin count came on an infield out. Burke pitched the last 3 rounds for the Royals and stood the locals on their heads. In the 11th Burke upset the Hustlers with a beautiful safe hit. Three more hits and as many runs followed quickly.

National. New York, May 30—The holiday visit of the cross-river Brooklyn's to New York resulted in the loss of two games to the Giants by scores of 4 to 1 and 3 to 0. Raymond had to quit this afternoon in the fifth inning because of a slight attack of ptomaine poisoning. He had held the Brooklyn's to only one hit, and Ames, who succeeded him, allowed Boston, May 30—Philadelphia won both the morning and the afternoon games in the double header with Boston to-day, the first 3 to 0 and the second 11 to 4. The second game was won on hard hitting and costly errors by the locals, the visitors knocking Curtis from the box in the seventh inning and securing a total of six runs before Pfeiffer retired the side. The fielding of Knabe and Dooin was fast.

Pittsburg, Pa., May 30—Pittsburg topped the Cubs to third place today by winning both games. They won the morning game by a lone score in the 8th, when the Pirates made 3 singles. Chicago never reached 3rd base once. Pittsburg won the afternoon game by hitting Reulbach hard in the 1st inning. In the first and second innings they made four doubles, a triple and a single. Camnitz gave only one base on balls, but it figured in scoring the only run for the visitors.

American. Philadelphia, May 30—Krause's pitching proved too much for New York in this morning's game and the visitors were shut out 3 to 0. Oldring's batting was the feature, he scoring two runs himself and driving in the other. Philadelphia again defeated New York in the afternoon. The home team pounded Ford's delivery for 11 hits and all their runs in the first 2 innings. They won 8 to 5. Coombs, who won yesterday's game, weakened

in the 9th and Plank went to his rescue.

Washington, May 30—Boston defeated Washington this morning in a ten inning battle 6 to 5. Hughes weakened in the final inning, allowing two doubles and two singles which resulted in two runs. Cicotte and Hall were strong with runners on the bases.

Boston bunched three singles and a double on Johnson in the ninth inning this afternoon and nosed out Washington by 5 to 4. Wood was very effective with men on bases, as was Johnson until the final round.

Cleveland, O., May 30—Detroit defeated Cleveland 3 to 2 in a ten inning game this morning. It was a pitcher's battle between Mitchell and Summers and the former would have won but for errors behind him. A peculiarity of the contest was that each one of the five runs was scored on a sacrifice fly.

Detroit won again in the afternoon 6 to 5. Works was driven from the box, but Donovan, who succeeded him, was invincible. Gregg was effective, but got poor support.

Chicago, May 30—Peltz was too much for Chicago in the first game to-day and St. Louis bunched hits off Scott and won an easy victory 4 to 1. Chicago's one run resulted from Messenger's triple and a sacrifice.

Pitcher Young was at his best and Chicago won the afternoon game 2 to 0. The visitors made two scattered hits.

Easton.

Buffalo, N.Y., May 30—This morning's game between Toronto and Buffalo proved a much better article of match. The pitching was superior, the hits fewer and errors practically absent. It was a beautiful fine day and a beautiful holiday crowd was in attendance. Manager Kelley, in his best attire, viewed the struggle from the grand stand, being still under suspension. Two pitchers were used on each side, Pierce replacing Malarkey in the 7th and Lush taking Mueller's place in the same innings.

Newark, N.J., May 30—The Skeeters got to Parkin hard in the first inning with a triple, two singles and a wild pitch, got two runs across and drove him to the bench. McGinnity worked until Holmes could warm up, but the lead was too much for the Indians to overcome.

Buffalo, N.Y., May 30—Toronto made it a double victory by winning this afternoon, a ninth-inning rally by the home team robbing Rudolph of a shut out. Shaw and Keeler made sensational catches in the outfield which helped their team along to victory.

RESULTS AT LOUISVILLE TRACK YESTERDAY

Louisville, Ky., May 30—Fairy Story captured the Tobacco Stakes from a large field of three-year-olds at Churchill Downs this afternoon. The winner made all the pace, but had to be shaken up at the end to withstand the rush of Adams Express which easily beat Colston for the place. Chapultepec scored a handy victory in the Decoration Day Handicap with Prince Hal second and Raleigh P. G., third.

NEW ARMY POSTAL COSTS TO BE DONNED

Ottawa, May 29—A militia gazette today announces the formation of a body to be known as the Canadian Postal Corps to provide for the military postal service of the militia at camp and in the field. The administrative control will be under the direction of transport. There will be a base post office with headquarters in Toronto and a detachment in each military division.

OTTAWA WILL RECEIVE THE GLIDDEN TOURISTS

Ottawa, May 29—It was decided tonight that the Glidden automobile tourists should be welcomed to Ottawa by the Mayor on the day after the evening of arrival, that is on Friday, June 30th, and to give them a luncheon at the Experimental Farm. Invitations from the local Automobile Association will be sent to Montreal, Kingston and Toronto, motorists to join in the event. These will probably accompany the tourists back to Kingston on their return trip.

WON FIVE HUNDRED MILE AUTO RACE

Speedway, Indianapolis, Ind., May 30—Ray Harroun, driving a Marmon car, won the 500 mile race to-day in six hours 41 minutes and eight seconds; Mulford (Lozier), was second, and Bruce Brown (Fiat), third. Spencer Wishart (Mercedes), finished fourth; Ralph Depalma (Simplex), fifth; Charley Merz (National), sixth.

PLOT ALLEGED IN THE DERBY

Excitement Caused by Sporting Writers' Story.

A great amount of excitement has been caused by a story published in connection with the Derby which is to be run today.

Special Commissioner Allison, leading turf writer of the Sportsman, has charged that there is a plot to prevent the favorite, J. B. Joel's Sunstar, from winning.

Since the Joel colt annexed the two Thousand Guinea Stake a lot of money has been bet on his chances, and today he is held at 6 to 4 against. It is estimated that when he sports silks on Wednesday he will carry a million pounds of the public money.

Allison says that certain bookmakers have leagueed with certain jockeys who will have mounts in the race to "take care" of the favorite. The stewards of the Epsom races are expected to take the matter up before the post bugle blows.

Both American and France are conceded to have a chance to win this year's event. America's entries are: Louis Winan Adam Bode, James R. Keene's Runnymede and Iron Mask II. Harry Payne Whitney's All Gold and Bashti, while France will have the best one of the crack pair from the Edmond Blanc stables, Lord Burgoyne of Shetland. Richard Croker has not decided whether he will send Clonber, one of the American mare Rhoda B's get, to the post, but may decide to take a long chance and let him run. The race will be worth \$32,500 to the winner.

Below are the names, owners and breeding of the 32 deemed most likely to start. Some of them will be absentees, and others not named here may be sent to the post. However that may be, it seems more probable that Sunstar will win the big race. His speed is immense, and he is a horse of the highest type in appearance.

FRANCO-ITALIAN AIR RACE INTEREST

Nice, France, May 0—The Franco-Italian air race is being followed here, the starting point on the second stage of the flight, with something like the interest shown in the historic French Grand Prix automobile events, with the added thrill of a contest through space.

Crows, came to the aeroplane to get a peep at Rowland Garros and Andre Beaumont, the victors in the contest yesterday. As the airman wheeled out their machines and prepared as Garros said, to "negotiate" Italy, both were in good spirits, though Beaumont ejaculated disappointment when he found the oil conductor of his machine clogged and had to return the monoplane to its shed.

In the meantime Garros had jumped to his seat, started the propeller and was speeding with his machine toward Cape Ferret. He passed over the sea, hugging the coast until he disappeared from view in the haze.

Arriving from Avignon, the German airman, Frey, immediately cleaned his motor and this afternoon followed on the heels of Garros.

CARTER'S LITTLE LIVER PILLS. CURE SICK HEAD ACHE. Sick headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cure Headache, they are worth the price. Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick headache is the base of so many lives that here is where we make our great boast. Our pills cure it while others do not. Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not grip or purge, but by their gentle action please all who use them. DRUGGISTS MEDICINE CO., NEW YORK. Small Pill. Small Dose. Small Price. MUTUEL SYSTEM IS HERE TO STAY Gave Every Satisfaction During the O. J. C. Meeting at Woodbine. Toronto Star:—The pari-mutuel method of betting received a fair trial at the O.J.C. races, which closed at Woodbine on Saturday, and proved most successful in every respect. Some of the objections raised were that it was like buying a "pig in poke," and that in the case of pronounced favorites the returns were very small. Had bookmaking been in vogue in the same races there would have been no prices laid at all. A Globe correspondent to-day finds fault because the odd cents were taken by the club in the "breaks" and questions the authority of the club in so doing. This is a ridiculous argument as the club regulated its own percentage and announced in advance that they would charge 5 per cent and the "breaks" for handling the money in the pool. The letter-writer says that the "breaks" alone amounted to 3 per cent, or \$30,000 in cash on \$1,000,000, which he says was the grand total handled during the meeting. Secretary Fraser of the O.J.C. said to-day that the "breaks" amounted to less than one per cent and that nobody knows the total amount of money pooled, as it has not been calculated as yet. Toronto News:—Jockey Carl Shilling heads the list of winning riders at the Woodbine, with ten victories. He had the advantage of the best mounts, in riding for Hildreth stable. The apprentice rider, E. Sweeney, was a close second, with eight wins, which included The Nigger in the Toronto Cup. E. Dugan, who piloted St. Bass in his three victories, was third, earning brackets only on two other occasions. Mr. Holland scored in both the events for gentleman riders. Here is the list: Shilling 10, Sweeney 8, Dugan 5, Byrne 3, Diggins 2, J. Wilson 2, Olsen 2, Koerner, Wrispen, Burns, Bell, Gross, Musgrave and Garner rode one each. Kermeath heads the list of the cross-country performers with two wins. Hagan, Henderson, Williams, Lynch and Allen each scored once.

HOMICIDE WAS THE VERDICT RETURNED. Montreal, May 30.—Homicide was the verdict returned at the enquiry this morning at the morgue into the death of Alexander Luckos, who expired in the General Hospital on Sunday, and George Constantio, accused of having struck the blow which killed him during a drinking bout last Thursday, will go before the court on the charge of manslaughter.

LOUIS BEANSEY MEETS JOE BORRILLI. Montreal, May 30.—Joe Borrilli, a good young welterweight mitt artist of Jersey City, N. J., will fight Louis Beansey, the local scrapper, fifteen rounds for the championship of Canada at Maisonneuve on Monday night next. The fighters will weigh in at 145 pounds. In addition, the promoters are going to stage a "battle royal" with six men in the ring, the last man on his feet to be the winner.

MONTREAL FIREMEN WERE VERY BUSY. Montreal, May 29.—Montreal firemen were called out no less than 8 times between 8 and 10 o'clock to-night. None of the fires proved serious. The longest run was to Bordeaux, where Dufresne's Hotel was set alight by the wind blowing through an open window and carrying the curtains against lighted candles placed around the body of a man named Parent who had died and was laid out for burial. The boarders hurriedly left the structure, but the blaze was placed under control before a great deal of damage was done.

L. H. MAILLETT EXCURSION TO WESTERN CANADA, MAY 30. In connection with the Home-seekers' Excursion on May 30th, Mr. L. H. Maillott, Publicity Commissioner for the Province of Alberta, is organizing a personally conducted party for points in Alberta, and we have arranged to run through Pullman tourist and Grand Trunk Pacific colonist sleepers from Montreal to Winnipeg and Edmonton, and other points in Western Canada. These cars will leave Montreal in our train No. 3, 10.30 p.m., May 30th, via Grand Trunk to Chicago, Chicago North Western to Duluth, D. M. & N., D. R. L. & P. and Canadian Northern to Winnipeg, Grand Trunk Pacific to Edmonton. The rates for accommodation in Pullman tourist cars will be: To Winnipeg, \$4.25 lower, \$3.40 upper; Edmonton, \$6.65 lower, \$5.35 upper. The accommodation in the colonist cars is very comfortable, there are upper and lower berths accommodating two people, but passengers must provide their own bedding; the cars contain regular cooking ranges with fuel, and passengers will be able to do their own cooking, make tea, coffee, heat milk, etc., and there is no charge for accommodation in these cars. As it is quite likely there will be some passengers from your station or vicinity who will take advantage of these low rates on this date, I am bringing this personally conducted excursion to your notice in order that if possible you will kindly send any business moving our way. If you will be good enough to write me giving full particulars of any business moving, your action will be appreciated, and every effort will be made to take good care of the passengers. J. Quinlan, District Passenger Agent.

WILL BATTLE FOR POLO HONORS

Everything in Readiness for the Great International Game to Take Place Today.

New York, May 30.—The final touches to the broad expanse of turf on which England and America will battle to-morrow out in Westbury, L.I., for the international polo championship were laid on to-day with artistic hands.

The odds on the final result of the best two in three matches are heavy on the American side, 4 to 1 and even, 5 to 1 being offered against the chances of the international cup leaving these shores at least for the present year.

American team work is expected to overthrow any individual work and brilliancy which the English players may possess, while experts predicted to-night that the visitors would find themselves out-ponied as well as outplayed.

Nevertheless some of the finest polo ever seen on this side of the water is anticipated, while in addition to being closely followed by thousands of enthusiasts, the matches are looked upon as the crowning social event of the spring season.

The officials of the Polo Association together with Harry Payne Whitney and J. M. Waterbury, of the American team, strolled over the field to-day accompanied by several of the English team.

The final grass cutting was in progress and a score of men were plugging up little holes with soft loam, otherwise the field was in grand shape.

No pony has trod this piece of turf for a week or more and the broad expanse from the top of the grand stand looks like an enlarged billiard table.

On one of the adjoining fields several Long Island teams held a round robin to-day but none of the American champions participated.

Play was almost continuous from early in the forenoon until late in the afternoon. During one of the last matches of the day Mr. August Belmont, President of the Polo Association, was tossed and dragged by his pony and his arm badly bruised by the hoof of his jumping nag.

Mr. Belmont was taken to the club house and then sent to his home in Hempstead. Only a couple of years ago Mr. Belmont had several ribs injured by a similar accident.

The two teams have gone outside of New York for officials and Joshua Crane, jr., of the Dedham Polo Club, near Boston, and one time coach of the Harvard football team, will hold sway as referee and inflict whatever penalties are necessary.

Captain F. W. Barrett, of England, and lately from India, and who has been withdrawn as back from the challenging team, will be one of the umpires, and C. R. Snowden, one of the best Philadelphia players, will be the other.

While the matches are scheduled for 4.30 o'clock in the afternoon it will probably be nearer 5 o'clock before the referee throws in the first ball and sundown before the final goal ends the play.

The lineup announced to-night was as follows:— England—No. 1, Capt. L. St. Geo. Cheape; No. 2, Lieut. A. Noel Edwards; No. 3, Captain J. Hardress Lloyd; back, Capt. H. H. Wilson.

American—No. 1, Lawrence Waterbury; No. 2, J. N. Waterbury; No. 3, Harry Payne Whitney; back, D. M. Burn.

OFFICIALS FOR THE CORONATION

King George Has Made a Number of Appointments for the Occasion.

London, May 30.—The official regulations to govern the Coronation are being gradually concluded. The King to-day made a number of special appointments of high and picturesque officials. The Duke of Northumberland, the Duke of Fife, the Duke of Abercon and the Earl of Crawford were thus appointed respectively High Steward of England, High Constable of England, High Contable of Ireland and Deputy Steward of Scotland.

Among the bearers of the royal regalia appear the names of Lord Roberts and Lord Kitchener, to carry the second and third swords, while the Duke of Roxburgh is appointed to the stewards' staff.

The police have issued elaborate regulations to control the crowds on Coronation day. With the constant arrival of foreign guests, receptions, dinners and balls are being held at the ducal houses daily. The coming three weeks will be a whirl of social excitement. The Duke and Duchess of Norfolk gave a dinner and reception to-night in honor of the colonial premiers.

TONIC TREATMENT FOR INDIGESTION

Remedies That Digest the Food Will Not Give the Trouble—The Stomach Must be Fitted to do Nature's Work.

The tonic treatment for indigestion, dyspepsia, catarrh of the stomach, and gastritis is having remarkable success in curing obstinate cases and deserves attention from every sufferer.

Its principal is that remedies for indigestion that digest the food for the stomach give relief for only a short time. Ultimately they unfit the stomach to do its own proper work, because they make its already weak powers still weaker by disuse, while the remedy that strengthens the stomach makes it capable of digesting the food for itself, and this benefit is lasting.

A remedy that is not only a tonic for the stomach, but for the blood and nerves as well, invigorates the entire system and makes recovery from the painful, weakening effects of indigestion rapid and thorough. Every sufferer from indigestion will find in Dr. Williams' Pink Pills just the tonic needed, as they enrich the blood, tone the stomach and thus enable it to do the work nature intended it should do. This has been proved in thousands of cases, and it is worth the while of every sufferer from stomach troubles to give Dr. Williams' Pink Pills a fair trial.

Mr. Edward Chatterton, Campbellton, N. B., says: "I have been a great sufferer from indigestion and stomach trouble and although I had treatment from several doctors, I did not find a cure until I began using Dr. Williams' Pink Pills. I can hardly describe how much I suffered at times. Every meal brought with it more or less agony and I seemed to have a complete distaste for food. I had almost begun to think my case incurable when I came across a pamphlet advertising Dr. Williams' Pink Pills, and I decided to give them a trial. I am very thankful that I did so, for had not been taking the Pills long before I found them helping me, and in six weeks every symptom of the trouble had vanished. I can now eat heartily almost any kind of food, and no longer experience pain and discomfort after eating."

It is because Dr. Williams' Pink Pills make new, rich blood that they cure such troubles as indigestion, rheumatism, neuralgia, headaches and backaches, St. Vitus dance, and other forms of nerve troubles. They cure the irregularities of girlhood and womanhood, and bring ease, comfort and health to sufferers. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

HUNT CLUB ELECTS OFFICERS

Popular Club Held Its Annual Election Last Evening—Reports Gratifying.

The Club de Chasse a Courre held their annual meeting at their club house, on the St Foye road last evening, and the attendance was the largest in the history of this popular club. The reports of the president, secretary, treasurer and the master of the hounds, were most encouraging and showed that the Hunt Club was in a most prosperous condition. After the adoption of the reports, the election of officers was proceeded with, the following being elected for the ensuing year:

Patron—Lieut. Governor Sir Francois Langelier. Vice Patron—Hon. J. E. Caron. Hon. President—Mr. Victor Chalcauvert.

First Hon. Vice President—Colonel Turnbull. Second Hon. Vice President—Colonel Pelletier, D. O. C.

The following board of directors were elected: Messrs. Jos. Savard, Ald. Gauvin, G. A. Vandry, S. J. Myraud, J. L. Lavery, Dr. Duchene, J. K. Leonard, Dr. H. Gauvin and L. Frigon.

At a subsequent meeting of the directors the following officers were elected: President, Jos. Savard; vice president, J. L. Lavery; master of the hounds, G. A. Vandry; Hon. secretary, L. Frigon; treasurer, S. J. Myraud; captain, Ald. U. Gauvin; auditors, A. E. Marois, F. X. Morency.

KNOCKOUT BROWN SECURED ANOTHER ONE.

Albany, N.Y., May 30.—Knockout Brown, of New York, knocked out Johnny Allen, of Philadelphia, in the second round of a scheduled ten-round bout here to-night. Allen was substituted for Tommy Maloney, who failed to appear on account of a hitch in the purse.

WILL NOT WITHDRAW FROM S. S. CONFERENCE.

Montreal, Que., May 30.—Mr. W. G. Annable, passenger agent of the Canadian Pacific Railway, when asked today concerning the reports that the line was to withdraw from the North Atlantic Conference, replied that the story was incorrect. As a matter of fact, he said, there are always such rumors going around just before the conference sits.

NEW FINNISH RUNNER DEFEATED LJUNGSTROM.

New York, May 30.—In a twenty-mile race held here to-day, I. Kohli-mienan, of Finland, finished half a mile ahead of Gustav Ljungstrom, of Sweden, in 1.17.35. Jim Crowley, of the Irish-American Club, was third, and Trent, of Columbus, O., fourth. Henri St. Yves, of France, and Tom Longboat, the Canadian runner, the only other starters, withdrew at the seventh and twelfth mile respectively.

RUSSIAN OFFICIAL LOOKING FOR DUEL.

St. Petersburg, May 30.—General Kleighels, ex-Governor-General of Kiev, has challenged Alexander Stolypin, a leading political writer of the Novoe Vrmya, and brother of the Premier, to a duel on account of an article which appeared in that paper with reference to the trial of Con Von Liarliarski, founder of the North-Easter Siber Company, who is charged in conjunction with his stepson, with having forged a will, whereby they would become legatees to the estate of Prince Oginsky.

AMERICAN TOBACCO COMPANY'S INTENTION

Will Endeavor to Effect a Re-adjustment of Its Affairs.

New York, May 30.—The American Tobacco company will undertake, in all good faith, a re-adjustment of its affairs as directed by the United States Supreme Court, according to an official statement carefully prepared by officers of the company and given out this afternoon by W. W. Fuller, the trust's chief counsel.

"The Supreme Court in this case," reads the statement, "has said that the Sherman Anti-Trust law should be given an application more extensive than has been given in any other case. It has said that the American Tobacco company is embraced within its terms. My clients, in this event, will obey the law as now interpreted and will, in good faith, undertake the re-adjustment of their affairs under the direction of the Circuit Court of the Southern District of New York, to which court the Supreme Court has remitted the matter for direction."

Said De Lancy Nicoll, who assisted in presenting the trusts case to the Supreme Court.

"It is probable that a general plan will be agreed upon for the conducting of the business as directed by the court. We shall prepare a plan which we all consider undeniably agreeable to the court.

"This will require long planning and attention to detail, and it will be long before the full proposition will be before worked out. However, I feel sure that we shall be able to present a plan which will meet with approval and enable the bringing about of a new condition fully in accord with the legal requirements."

TWO TOTS TRAVEL ACROSS ATLANTIC.

Montreal, Que., May 30.—Railways and steamship companies are frequently called upon to handle some extraordinary consignments, but it is probably seldom that two youngsters such as Edward and Margaret Carey, aged five and three years respectively, are sent all the way across the Atlantic and half way across the continent in charge of a transportation company. The children's father lives in Toronto and the two tots were sent to him from Liverpool, sailing on the Allau Liner Corsican. The youngsters, each bearing a tag labelled "Care of the Grand Trunk Railway to Toronto," arrived here today and were forwarded to their father by the company. An amusing incident occurred when they landed at Bonaventure station when the children seemed to recognize their father in a popular station official, and for a moment or two overwhelmed him with embraces.

REPORT OF EMPEROR'S SUDDEN DEATH UNTRUE.

London, May 30.—Rumors reached here to-night from Paris that Emperor Francis Joseph of Austria had died suddenly. A despatch from Vienna received about midnight, however, gives a semi-official statement that the improvement in the Emperor's condition continues. He drives for hours daily. The Emperor, according to this despatch, intends to grant a farewell audience to-morrow to the Hungarian Premier.

Terrible Eczema for 25 Years Cured by Cuticura Remedies

"I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. My own doctor had advised me to have my leg cut off, but I said I would try the Cuticura Remedies first. He said 'try them if you like but I do not think they will do any good.' At this time my leg was peeling from the knee down, my foot was like a piece of raw flesh and I had to walk on crutches. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent. After the first two treatments the swelling went down and in two months' use of the Cuticura Remedies my leg was cured and the new skin grown on. The doctor could not believe his own eyes when he saw that Cuticura had cured me and said that he would use Cuticura for his own patients. But for the Cuticura Remedies I might have lost my life. I am truly grateful for the wonderful cure that Cuticura wrought. I have many grandchildren and they are frequent users of Cuticura and I always recommend it most highly as a sure and economical cure for skin troubles." (Signed) MRS. J. D. REAUD, 277, Mentana St., Montreal.

You Can Try Cuticura Soap and Ointment Free

For more than a generation Cuticura Soap and Cuticura Ointment have afforded the speediest, surest and most economical treatment for torturing, disfiguring skin and scalp eruptions, from infancy to age. Cuticura Soap and Ointment are sold by druggists and dealers everywhere, but in order that skin sufferers may prove their efficacy without cost, the Potter Drug & Chem. Corp., 82 Columbus Ave., Boston, U. S. A., will send post-free to any address, a liberal sample of each, with a 32-page book on skin health. Write for a set to-day, even though you have suffered long and hopelessly and have lost faith in everything, for even the first use of Cuticura Soap and Ointment is often sufficient to give instant relief when all else has failed.

CONTRACTS FOR STREET PAVING

Awards Made at Meeting of the City Council Last Evening.

The City Council sat last evening the principal business on the order paper being the consideration of the report of the road committee which was finally adopted yesterday afternoon.

Mayor Drouin presided and among those present were Aldermen Cannon, Lavigne, Campbell, Mulroney, Lockwell, Morin, Lantier, Bergevin, Shink, Lamtague, Delisle, Levallee, Trudel, Cote, Guillot, Pouliot, Messervey, Dinan, Fiset, Verret, Cummings, Madden, Plamondon, Beaumont, Paquet, Barbeau, Jobin, Guillot, Emond, Gosselin and Gauvin.

A letter was read from the Canadian Northern railway in reply to the objections made to the company allowing cars to remain stationary in St. Andrew street, the letter being accompanied by a petition signed by all the merchants in that street, with one exception, favoring the standing of cars in that street for the discharge of freight opposite the many warehouses and stores, as the custom had been carried on for ten years.

A petition was read from the retail merchants association requesting the authorities to put a stop to Jewish merchants on St. Joseph street, soliciting trade on the sidewalk, and also complaining that certain stores were still open for business on Sundays. Referred to the Police Committee.

When the orders of the day were called, Ald. Cannon rose to a question of privilege complaining of an article in L'Evenement, edition of Saturday, last, which attacked him for acting as attorney for the Great Northern railway in a case with the city, and asking him whether he was serving the best interests of the city or his client. Ald. Cannon repudiated the article and remarked that although his firm was the legal advisers for the company, that would never prevent him doing his duties towards the city and that he had always did his best to have the difficulties between the company and the city arranged amicably.

Mayor Drouin remarked that in justice to Ald. Cannon, he was pleased to state that he was well aware that the leader of the council had done everything possible to have the company come to terms with the city, the latter's remarks being applauded by the members of the council.

The first order of the day was the consideration of the letter of Hon. S. N. Parent dated 20th December, re Transcontinenta Railway station and deed of sale of Champlain market and resolution of the City Council relating to it, but on motion of Ald. Fiset the letter will only be considered at next meeting, owing to the many other questions to be brought up.

The second order of the day was the proposed amendment suggested by one of the aldermen, to the by-law respecting the smoke nuisances, wishing to replace certain paragraphs by the following:

"Any chimney emitting smoke so as to cause damage to or injuriously effect neighbouring properties, or the occupants of the same, shall be deemed a nuisance, and any person who shall commit such nuisance or permit the same to be committed, or shall neglect or refuse to abate the nuisance after being notified, shall be liable to a fine with or without costs, at the discretion of the Recorder."

This motion was discussed for some time the proposer and Ad. Verret, Messervey, Cannon, Cummings and Guillot taking part and the motion was referred to the by-law committee. Although several of the aldermen did not think that the present by-law could be improved upon.

On motion of Ald. Cummings, seconded by Ad. Messervey, Mr. A. Pfeiffer was again appointed Protestant school commissioner for the ensuing year, his term of office expiring on the 30th June next.

Ald. Cote asked His Worship if it was to his knowledge that action had ever been taken in the Recorder's Court against the proprietor of the Palais Royal, for not conforming to the city by-laws regarding construction of buildings. Mayor Drouin replied that he knew that some time ago action had been taken against the proprietor and the Recorder had ordered him to conform with the law and the order had been carried out. Ald. Cote remarked that he had asked the question, as other theatres were now being erected and he did not think that they were being built according to the civic by-laws.

Ald. Cannon was of opinion that the council should take a firm and energetic stand and if any person was to blame, he should be seriously dealt with. This investigation should not only be attended by members of the council, but also by delegates from the Board of Trade and Merchants association, who are principally interested and may have certain suggestions to make. He also favored the laying of a 40 inch main pipe.

Ald. Cumming, speaking on the erection of wooden buildings remarked that the present by-law should be changed, and he was aware that owing to the constructions in the vicinity of his factory Mr. Amyot had to pay very heavy premiums.

Ad. Verret replied that the by-law was all right, but was never enforced.

Mayor Drouin remarked that the fault was not with the by-law but the way in which it was carried out. It had passed about thirty years ago, but was not enforced, so as to give poor people an opportunity of erecting their own buildings. However, if the council so desired he would have the by-law enforced.

Ald. Pouliot, chairman of the Road Committee, then presented the report of the Road Committee regarding the awarding of contracts for the paving of the city streets, as adapted at yesterday afternoon's meeting.

Messrs Madden and Barbeau were awarded the contract for paving certain streets in Scoria blocks and the Canadian Hassam Co., secured a small contract for laying compressed concrete pavement on Grande Allee, between de Salaberry street and the city limits. The contract for granite paving was granted to Ign. Brodeur, D. Glade and the Sicily Asphaltum company, each having a number of streets to pave.

All these were adopted without discussion, but when the report regarding the acceptance of Falardeau & Co.'s tender for asphalt was presented there was a lengthy debate as to what was to be done in case that firm was not ready to carry out the conditions imposed upon it.

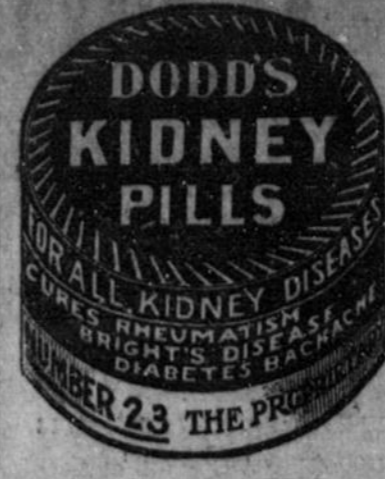

There were two tenders for the asphalt contract, one from Falardeau & Co. for \$142,000, and the other sent in by the Sicily Asphalt Co. for \$158,000, but the former had not included the laying of scoria blocks between the rails, which meant an extra outlay of \$5,000. However, Mr. Falardeau agreed to do that work, at yesterday's committee meeting, and his tender being the lowest was accepted, but on condition that he furnished a guarantee of \$50,000 to the city, to remain to the latter's credit until the company's guarantee of ten years expired. This amount is over and above the deposit of 10 per cent which the city keeps on each contract, to be refunded with interest at 4 per cent when the ten years' guarantee was up, as each contractor had to guarantee that the work would last ten years. Mr. Falardeau, according to the report, was allowed eight days to fulfill these conditions, and if he refused to accept new tenders were to be called for.

Ald. Cote was of opinion if new tenders were to be called for, the works would be considerably delayed, and thought that if Mr. Falardeau did not carry out the conditions, the tender of the Sicily Asphalt Co. should be accepted.

Ald. Lockwell was of a different opinion and remarked that new tenders should be called for if Falardeau & Co refused to sign their contract.

Ald. Fiset and Verret were of a similar opinion, and Mayor Drouin remarked that if a heavy guarantee was imposed on that firm, it was because the firm was a new one and the material to be supplied was new. The firm was willing to give the required guarantee in three days, but he considered that they should be given eight days, and this was later on amended by Ald. Fiset and a delay of 12 days granted.

Ald. Cote's motion to accept the tender of the Sicily Asphalt Co., if the Falardeau company did not carry out its agreement, was put to the vote and defeated on the following: For: Aldermen Cannon, Pouliot,

Cote, Guillot, Paquet, Messervey, Jobin and Cummings—8. Against: Aldermen Lockwell, Morin, Lantier, Bergevin, Shink, Lamontagne, Lavallee, Mulroney, Fiset, Verret, Gosselin, Emond, Trudel, Goulet, Beaumont, Dinan and Plamondon—17.

The Council adjourned until June 9 next.

EXCHEQUER COURT.

The Exchequer Court opened here yesterday morning, Mr. Justice Casels presiding. Two very important cases are up for hearing and a number of witnesses were examined in the case of Duclos against the King, which is an action for \$45,496.42 damages for loss suffered by fire in a mill at St. Cyrille, which it is alleged was caused by sparks emitted by engines of the Intercolonial Railway. The other case to be heard is Talbot against the King in which \$25,000 is claimed by the plaintiff who in an accident while employed in the Chaudiere Junction Railway Workshops in July, 1908, alleges to have lost one eye and to have been so grievously injured that he is incapacitated for work.

DISTRIBUTION OF PRIZES

By the Women's Branch of Society for Prevention of Cruelty to Animals. The plan adopted this year by the ladies of having a special meeting in Morrin College, June 1st, at 4.30 p.m., for the distribution of prizes, has so far met with cordial approval by the schools competing. As there is no hall in the city capable of holding all the scholars it is obviously necessary to limit the invitations to the prize winners and their teachers. His Honor the Lieutenant-Governor and Lady Langelier have kindly consented to be present. Lady Langelier, who is Hon. President of the Women's Branch, will present the prizes. It is hoped there will be a large attendance of the members. Ice-cream and cake will be served.
