Red Army Plans To Strike Right Into Heart Of Germany Itself

GIGANTIC PRE-INVASION OFFENSIVE IN 12TH DAY

U.S. Planes Numbering More Than 1,000 Hit Targets In Brunswick

Swarms of Daylight Raiders Soared Out After R.A.F. Mosquito Squadrons Pounded Cologne and Other R.A.F. Planes Sowed Mines—American Force Reported to Have Tangled With Nazi Fighters in Fierce Battles.

By AUSTIN BEALMEAR, Associated Press Staff Writer.

London, April 26.—(P)—American heavy bombers smashed at targets in the area of Brunswick, German aircraft production centre today, carrying the pre-invasion aerial offensive—heaviest the world has ever seen—through the twelfth consecutive day.

The bomber fleet which thundered into Germany for the third time in as many days was described in an American announcement as of "medium" strength, escorted by up to 750 fighters.

This indicated the total force was similar to that of more than 1,000 planes from Britain which hit three Nazi airfields in France and industrial targets in Germany yesterday, but smaller than the 2,000-plane armadas sent out in daylight five times since the gigantic offensive began.

The German radio claimed the American force invading the air over the Reich tangled with Nazi fighters in fierce battles as the air drive, which has scourged enemy targets in a 750-mile arc across Europe, rolled forward. Berlin claimed the Americans "tried to raid" Osnabruck and Brunswick.

Swarms of daylight raiders soared out after R.A.F. Mosquito squadrons last night pounded Cologne—hit three times before in this current campaign—and other R.A.F. planes sowed mines, all without loss.

The U.S. bombers penetrated into Central Germany and flew back over Northwest Germany, the Nazi radio reported at 11 a.m. (5 a.m. E.D.T.).

"Despite unfavorable weather conditions the American bombers were met by strong forces of German air defence throughout the course of their flight and were involved in intense battles," it said.

U.S. medium bombers headed for Northern France, and explosions echoed across the Channel before they returned. Other fleets of medium bombers then streamed out toward the Continent.

Cologne was raided by Mosquito bombers the nights of April 17 and 21, and was gouged by a heavy R.A.F.-R.C.A.F. assault the night of April 20. This was the fifteenth operation by Mosquito bombers this month.

More than 1,000 Allied planes flew out from Britain yesterday, and the Mediterranean Air Force sent heavy bombers against an aircraft factory at Turin and rail yards at Ferrara. Important junction connecting the Gulf of Venice with the interior of Northern Italy. Thirteen big bombers were lost, along with three other planes in all operations from Italian

New Canadian Destroyers Aid Sinking

London, April 26.—(CP Cable)—A Royal Navy offensive force, including three Canadian Tribal class destroyers, sank a German destroyer in an early morning action today against three or four enemy ships in the vicinity of Isle de Bas off the Northwest Coast of France, the Admiralty announced.

The Canadian ships, operating in a force led by the British cruiser Black Prince, intercepted the enemy destroyer while she was attempting to escape after being damaged early in the vicinity of Isle de Bas off the tiding repeated hits from the guns of the three Canadian ships and a British destroyer.

The Canadian ships participating were the Haida, skippered by Cmdr. H. G. de Wolfe, of Halifax, the Athabaskan, commanded by Lt. Cmdr. John Hamilton, St. John's, D.S.O., of Victoria, B.C., and the Huron, commanded by Lt. Cmdr. H. S. Rayner, D.S.C., of Grimsby, Ont.

Scene Of Destruction Where Liberator Bomber Crashed In Montreal With Loss Of 16 Lives

Dense clouds of smoke render visibility almost nil near the Shannon Street wreckage caused yesterday morning when a big Liberator transport plane crashed into a block of tenements to take a toll of sixteen lives. The picture gives an idea of the extent of the damage caused when the big aircraft struck and exploded.

PROCEDURE OF OTTAWA HOUSE IS DISCUSSED

After Six Hours of Examining Present Rules, No Item Passed Regarding Changes Intended to Facilitate Commons Business.

Ottawa, April 26.—Commons members today turn to Committee business after spending most of yesterday's session in examining House procedure without rose-colored glasses.

After nearly six hours of discussion, the House had not passed an item in the report of a Committee on standing orders which suggested changes in House rules to facilitate business.

For nearly three hours during the afternoon they discussed procedure to be followed and whether an introductory statement by the Committee should be passed on as well as 10 specific amendments to rules suggested.

When the House rose at 11 p.m., one proposed amendment had been discussed. It would make it compulsory for a member in his seat when a division occurred to cast his vote for or against.

A. W. Neill (Ind., Comox-Alberni), who expressed criticism of suggestions in the report several times during the discussion, moved an amendment to the amendment which would provide that no member be compelled to cast his vote in the House.

The discussion concluded for the night when Deputy Speaker Joseph Brantley rose and reported "progress" as is always done when the House has sat in Committee and has not completed its work.

Several members laughed as Mr. Brantley made the routine statement.

The House does not sit today and the members engage in Committee work. On Thursday examination of War Appropriation Bill items will be resumed and the report of the Committee on Standing Orders will come up again at some later date.

The Senate at a brief session last night gave first reading to six bills already approved by the House.

Revenue Minister Gibson announced that taxpayers who have estimated their income tax on a quarterly instalment basis will be granted until August 31 to pay any additional tax that may be owing over and above what was estimated.

Death Toll In Plane Crash Is Raised To At Least 16

Montreal, April 26.—(P)—Smoke still curled from a shattered block of tenement houses today, as investigators sought to determine what caused an R. A. F. transport plane to crash into the block with a toll of at least sixteen dead.

The investigators had little to work on, so hard did the Liberator bomber hit and so fiercely did the wreckage burn. A fragment of wing, a piece of the tail assembly, the shattered parts of a motor were all that was left of the plane which a few minutes before the crash had set off on a trans-Atlantic flight.

Numbered among the known dead were the five crew members of the big plane, three of them of Polish nationality, a policeman just seen entering a madly-blazing building, and nine residents of the demolished tenement block including an 18-month-old baby.

An elderly man was listed as missing and three other persons were in critical condition in hospital.

The devastation among closely-packed tenement houses in the Griffintown district close to old Bonaventure Station caused experienced R.A.F. personnel to remark that the damage was about what might have been expected had a land mine fallen on the spot.

Four of the known dead were women whose homes collapsed like card-houses around them when the plane struck and exploded, sending flames seventy-five feet into the air. A fifth was a three-year-old boy whose mother was also killed.

Death of the boy, Jimmy Wells, and his mother and his mother's sister-in-law left two brothers, James and Walter Wells, without families. Both men were at work at the time of the tragedy. Others to die were Constable Philippe Lemieux, Mrs. Victor Geoffrion, Mrs. Delia Dowling, Aurèle Larochelle, Victorien Marchand and T. H. Hebert.

The plane struck buildings facing on Shannon Street and intersecting Ottawa Street, two blocks South and a block West of old Bonaventure Station. The death list included residents of both streets.

Constable Lemieux was last seen alive entering a fiercely-blazing home a short distance from where he had been on point duty when the crash came. He had been informed an undetermined number of persons were trapped inside. Nobody came out of the building alive.

Those in the tenement had no warning of what was coming, but hundreds of Montrealsers had a foreboding of disaster as they watched the roof-top-skimming battle that the plane's pilot put up in a futile effort to reach the St. Lawrence River before his failing aircraft took its final plunge.

The plane came roaring over the slopes of Mount Royal, obviously trying to gain altitude but failing. It swung off the regular Northeast course then, and turned directly South in a bee-line for the river. That sent it weaving down busy

COL. PIUZE SAYS MONTREAL VICE HAS PROTECTION

Former Director of Quebec Provincial Police Tells Investigating Committee that Operators of Disorderly Houses Are Only "Fronts."

Montreal, April 26.—(P)—Col. P. A. Piuze, former Director of the Quebec Provincial Police here, today told a commission investigating activities of the police in the Montreal district that he was "morally certain" that there was "protection" of vice in Montreal.

Disorderly houses should and could be closed by employing a small number of investigators, he said, but in most cases it was not the actual operator of such a house who was arrested but a "front" man or woman.

Mr. Justice Lucien Cannon, the Commissioner, said that the Commission had in its records the list of addresses of disorderly houses, and that ownership could be traced and Superior Court action taken to close the houses for one year.

Col. Piuze said that "Chicago gangsters" were the "real" operators of Montreal betting services. He said that during his tenure of office, from October, 1937, to January, 1940, two such operators had been arrested and sentenced to fines of from \$500 to \$1,000 and jail terms of a week to a month. Another had "jumped" a \$4,000 bail bond.

Col. Piuze said "the law bans prostitution, and it should not be tolerated." He added: "There might be a degree of clandestine prostitution if the houses were closed, but of the two evils the lesser is to be chosen."

He said that houses of prostitution were controlled, organized and protected through the use of "souteneurs"—persons who assist, advise and protect the houses.

"Were any of these souteneurs prosecuted during your term of office?" asked Mr. Justice Cannon.

"No, I wanted to attend to it but I was relieved of my duties before I could do so."

"Did you know of a system protecting vice?"

"I am morally certain that there was. I was not in a position at the time to prove it."

Russian Army Launches Attack On Broad Front

FERRARA AND PARMA HIT BY ALLIED PLANES

Thirteen Heavy Bombers and Three Other Craft Listed as Missing from More Than 1,400 Sorties. While 14 Enemy Aircraft Destroyed.

Naples, April 26.—(P)—Allied troops "continued to improve" their positions on the Anzio beachhead yesterday and heavy bombers blasted an aircraft factory at Turin, headquarters announced today.

Other heavy bombers attacked a bridge at Parma in North Central Italy and rail yards at Ferrara, the bulletin said.

Thirteen Allied heavy bombers and three other planes were listed as missing from more than 1,400 sorties yesterday against the destruction of 14 enemy aircraft.

The raids included the pounding of communications North of the battlefront.

Allied beachhead troops have been breaking the lull below Rome the last three days with several limited attacks in the Caserta area in the central sector which have netted more than 50 prisoners.

Yesterday, in the most recent of the series, a raiding party took nine prisoners—four of them coming in after a persuasive loudspeaker talk and five after a sharp fight. They were quoted as saying their casualties have been heavy and their water and food have been deteriorating in the past several weeks.

Northern Cassino shelling and mortaring was on an increased scale, but in the town itself there was little activity save an enemy attack against one house in which both sides suffered casualties. Explosions and fires were observed behind the German lines in Cassino, indicating an ammunition store was hit.

Earth tremors in New York Area.

New York, April 26.—(P)—Two earth tremors described as "very severe" were recorded by Fordham University last night.

Rev. Joseph Lynch, Seismologist, estimated they occurred between 8,700 and 9,000 feet from New York in the direction of the Solomon Islands.

The first was recorded at 10:13:37 p.m., E.D.T., and the second at 10:15:53 p.m.

Provincial Sales Tax To Be Eased By \$1,400,000 Beginning May First

Quebec April 26.—(P)—The Government bill to ease the Provincial sales tax by \$1,400,000 was given unanimous final reading last night after a short debate in Committee of the Whole.

The measure, sponsored by Provincial Treasurer Arthur Mathewson, will come into force May 1, 1944, and exemptions will include soft drinks costing less than 10 cents; class room supplies, not including automatic pencils and fountain-pens; coal, firewood and cleaning products, besides essential agricultural products such as seeds and fertilizers.

Mr. Mathewson explained that a complete abolition of the tax was impossible immediately but said the Government was driving towards a larger number of exemptions.

"The Government is doing its utmost to include all essential articles in the exemptions," he said, pointing out that those would include clothing and footwear for children less than 14 years of age.

Dr. Albini Paquette, U.N., La-Belle, said in Committee last night he did not understand Mr. Mathewson's decision to exempt periodicals rather than pharmaceutical products.

Mr. Mathewson answered that

READING CLUB REVIEWS LIFE OF PIUS XII

A meeting of the C.W.L. Reading Club was held at the home of Miss Loretta Steele, Monument National Apartments, when the following chapters from "Pius XII on World Problems" came under review: "Peace Within the State," in which the Pope lays down the norms and principles according to which international peace must be formed; "The Complete Peace Programme," giving one version of such a plan consisting of six political points, one economic, four social, three moral and one religious.

Of special interest to the listeners was a paper, "The War and the Historian," by James F. Kennedy, F.R.S., C. Secretary of the Canadian Catholic Historical Society. The above had been read to the Royal Society of Canada in 1943.

Criticism by Joseph McSorley, C.S.P., of the recent and extensively reviewed book, "The Vatican and the War," by Camille M. Cifagna, native of New York City, New York Times correspondent from Rome and the Vatican during the desperate years about which he writes, gives in this book a brilliant appraisal of Vatican diplomacy and the inside story of Italian politics and diplomacy over the last decade. Father McSorley states "The author has been fortunate in his access to reliable sources of information. There is enough lightness in his story to make it pleasantly readable, and there is enough intimate observation of critical events to make it permanently valuable."

Following this last contribution to the programme the hostess served light refreshments.

tween Mr. Drouin and Mr. Duplessis. Previously, the Assembly, by a vote of 11-36, turned down an Opposition motion, presented by Antonio Elie (U.N.C., Yamaska) stating the Opposition's readiness to vote the supplies but urging the Government to "practice a policy of drainage for Quebec's farms."

A Government bill to amend the Code of Civil Procedure underwent first reading.

The measure, sponsored by Attorney-General Leon Casgrain, will facilitate the taking of affidavits of persons in the armed forces by granting the officers of a certain rank the right to administer the oath. The officer will have to be a major, or other officer of equivalent or higher rank.

It will also facilitate the execution of rogatory commissions for the examination of persons enrolled in the armed forces.

Other bills to receive first reading were an act to change the territorial division of Gaspé Peninsula, an act respecting the municipalities on West part of the Township of Romieu, Ste. Anne des Monts and St. Maxime du Mont Louis, and an act respecting the loans of the School Boards of Montreal.

The first one, also sponsored by Mr. Casgrain, will define the boundary line between the electoral district of Gaspé-North and those of Matane and Gaspé-South "so as to follow lines marked on the ground."

The other, sponsored by Hon. Oscar Drouin, Minister of Municipal Affairs, Trade and Commerce, will define the geographical and electoral position of the municipalities of Ste. Anne des Monts, St. Maxime du Mont Louis and Romieu, the three of them to be included in the Municipal County of Gaspé West. It is a complement of the former measure.

Provincial Secretary Hector Perrier's project respecting loans to the School Boards of Montreal will enable the Boards, when they renew a loan, to make a serial issue instead of one of a single maturity.

Earlier in the day Mr. Mathewson announced that the Government was studying means of helping the development of education in a broader way, without increasing property taxes. He said the project was not sufficiently advanced to submit it to the Assembly in bill form as yet.

The announcement came before the House passed the Montreal School Bill providing for an increase in the number of members of the School Board from seven to twelve, and making it possible for local Board to delegate additional authority to the Central Board.

complete expulsion of the enemy from the Soviet Union, in pursuing and finishing off his armed forces, not only on the territory of his vassals and the states subjugated by him, but also on the territory of Germany itself, and in achieving in close collaboration with our Allies the rout of the German Fascist Army and the capitulation of Fascist Germany."

The review came as a Soviet communiqué told of the killing of several hundred Germans Southeast of Stalawow in pre-war Poland in a powerful flanking attack which drove the Nazis back. Except for this action, however, a general lull continued on all land sectors of the front, dispatches said.

The broadcast review said that the Red Army's offensive was striking in its length for "with a short break the Red Army has been on the offensive in unknown in the history of wars."

The review said the Nazis miscalculated in thinking the approach of the Red Army to the Soviet border would sow dissension among the Allies.

New York, April 26.—(AP)—A Roman communiqué said today that the Red Army had launched an offensive on a wide front on the Lower Dniester River after powerful artillery preparation and that fierce battles were taking place South of Dubossary and Tighina in the Chisinau sector of Bessarabia.

The communiqué, broadcast by the Romanian Radio and recorded by U.S. Government monitors, claimed a Russian tank attack at Sevastopol had been repulsed.

Saboteurs Busy Spreading False Stories Of Loan

There is never a Victory Loan without the fifth columnists, the saboteurs on the home front, getting in their work. The Sixth Victory Loan is no exception. Today it came to the attention of campaign officials that a rumor to the effect that purchasers of this issue of bonds will not be able to cash them, is being given widespread circulation.

The reason is obvious. Persons repeating such false statements are attempting to curb all-out support on the war effort.

Hon. J. L. Isley, Minister of Finance, speaking in Windsor on April 17th, dealt with this matter. His reference follows: "In the post-war market for Victory Loan it is of the greatest importance that we maintain, indeed assure, a ready and stable market for all these millions of bonds that we have sold. If there are any who fear that bond prices will fall as they did after the last war, let me say that this could happen only if we were to permit interest rates to rise."

Victory Bonds now held and those to be issued during the Sixth Victory Loan drive can be sold without difficulty and without delay at any bank, investment dealer or trust company. There is always a ready market for Victory Bonds. If the need for cash is only temporary, they can be used at any time as security for a bank loan.

Peel Street. It crossed St. Catherine Street at 250 feet, just missed the Dominion Square building and then the Windsor Hotel, veered off to avoid the tower of Windsor Station and then swung again to graze the main Post Office.

Only the fact that the ground falls away sharply there in the Windsor Street Hill, offsetting the loss of altitude, prevented a crash in one of Montreal's busiest streets.

The aircraft had just cleared the Post Office, and was flying even lower, over the tenement district beyond, when a wing came off and fluttered to the ground, shedding the one of the tower of Windsor Station and then crashed into the tenements. Within a second, the explosion of about 2,000 gallons of aviation gasoline completed the destruction to the block.

come tax on a yearly basis have been granted until August 31 to pay, although their returns must be filed by April 30.

Several times during the discussion of the House Committee's report, members said they were concerned about the public opinion of Parliament.

The Committee report, in its introductory paragraphs, said that it had taken into account "the existence of general criticism of Parliament both by members and representative citizens," and sought means of facilitating the House business.

J. F. Pouliot (Lib., Temiscouata) said some of the rights of members had been taken away by previous amendments to the House rules. Such amendments had been passed because of fear of the "yellow press," he said. Parliament would not be respected by "kneeling down" to the press.

T. L. Church (P.C., Toronto Broadview) said "practically all our rights, privileges and functions have been taken away with the result that the High Court of Parliament has been turned into something which it was never intended to be."

Late in the afternoon, Gordon Graydon, Progressive Conservative House Leader, said he had waited for two hours for the House to decide on procedure.

"Proceedings of the kind that have taken place this afternoon," he said, "tend to throw a shadow of disrepute in the minds of some people on the proceedings of this House and Parliament to some extent becomes a bit of a laughing stock to the people who do not understand the general situation as it exists," he continued.

Mr. Graydon said there was no compulsory voting for Canadian electors and there should be no compulsion on members to vote in the House.

Mr. Neill termed the amendment to force a member to vote "this abortion of a thing."

U. S. Planes

Continued from page 1.

While the heavy bombers continued their unprecedented campaign to knock the enemy's air defenses flat hundreds of lighter planes blackened the skies over the Channel in an onslaught against targets in occupied territory similar to the attacks which cost three bombers yesterday. The explosions from their assault were heard all the way across the Channel.

Fighters escorted the four-engine bombers to Germany and the first fighter pilots returning said they encountered no German fighters in the deepening overcast. These pilots went only part way to the target, however.

In 11 days this mightiest of sky offensives has lambasted the Germans with over 50,000 tons of explosives and thousands of incendiaries—and cost the Allies probably more than 2,800 airmen and 373 planes.

Sum Of \$2,658,850 Subscribed In First Two Days To Victory Loan

A total of \$2,658,850 was purchased in Victory Bonds in the two Eastern Townships divisions during the first two days of the Sixth Victory Loan appeal, Divisional headquarters in the New Sherbrooke House announced today. The combined quota for the two zones is \$13,295,500, with a goal of \$8,850,500 for Division Six, and \$4,445,000 for Division Five.

Zone Five with a percentage of 32.2 has raised \$1,118,250 of the aggregate "take" to date, and although Zone Six has subscriptions amounting to \$1,540,600, its percentage is 14.2. The cumulative total of each division includes general sales and special names.

There was no change in the standing of Arthabaska County, the first unit to attain its objective. This district has recorded 100.5 per cent. In the other division, Sherbrooke County remained out in front with 41.1 per cent, and Sherbrooke with 14.7 per cent and Brome with 14 per cent were battling for second place honors.

Wolfe County was in second place in Division Five by registering 11.5 per cent of its \$150,000 aim. Officials said that the rain of the past two days hindered the canvassing by salesmen throughout the Townships. The strictly rural districts are leading in Brome County, East Farnham with 33 per cent, and Sutton Township with 10 per cent.

Further reports of first sales from Brome County salesmen continue to reach headquarters in Knowlton. In Fulford, Mr. and Mrs. Napoleon Jolien started. Salesman Oscar Davis on his way with the first order in the district. R. F. Cowan, of Mansonville, and A. E. Ticehurst, of Eastman, made their first sale to Mrs. Ethel Bailey and Mr. Ewens, respectively.

Errol B. Mizner, Knowlton canvasser, had not left the house when Mr. and Mrs. Clarence Bullard arrived to carry out the request of their son, Sgt. Ralph Irvin Bullard, R.C.A.F. Overseas. With them was James R. Bailey, Patrol Leader of Knowlton's Boy Scouts, who also bought bonds. F. F. Fyles reported that Mrs. Eunice Spencer, of Abercorn, was the first purchaser in his district.

DELINQUENCY ADDRESS TOPIC AT ROTARY CLUB

Speaking before members of the Rotary Club at their weekly meeting held here last night Judge J. H. Lemay, of the Magistrate's Court in the District of St. Francis, said that the curbing of juvenile delinquency must begin in the home with the children's parents, whose examples often times lead the youngsters astray.

"The majority of children appearing in court today," the Judge said, "have never had the opportunity of proper upbringing, either through the fault of their parents, or through the fault of society for not helping the parents to provide the necessary education for their children. Poverty is very often a breeder of crime."

He continued, "and it is the responsibility of society to do away with this menace."

In referring to Sherbrooke, Judge Lemay said that the number of delinquents is surprisingly low. Many charitable organizations in this city are doing wonderful work in providing unfortunate children with the opportunities of good education, and in removing the many temptations that appear in their paths, and it is only through the good work of these societies that delinquency can be curbed and we must see that they keep up the good work.

The Judge suggested the adoption of a curfew hour that should be strictly enforced. "Children should not be allowed to wander the streets at any hour of the night," Judge Lemay said. "If they are in the home following the good example that can be set by their parents, delinquency can be reduced far below the comparatively low level at which it stands today."

"It is certainly not the educational system in this city that is to blame," the Judge said, "but too many children are not attending school. In some cases it is the fault of the parents. In other cases the parents are unable to provide schooling for their children. It is, therefore, the work of society and every person capable of offering assistance, and see that the child is offered a fair chance to make a good start in life."

The speaker was introduced by B. N. Holtham, K.C., while the Club's expression of thanks was offered by J. A. Archambault.

Following the address President Willard Cross extended the club's best wishes to their departing member, Matthew Graham, who after a fifteen year membership as a Rotarian is forced to resign from the club due to his transfer to the Montreal head office of the Bell Telephone Company. Mr. Graham voiced his regret in leaving the club, but said that his memories as a Rotarian in Sherbrooke would be long-lasting.

Sgt.-Air Gunner James R. McCrea Killed During Aerial Operations

Word was received by his parents last night that Sgt.-A. G. James R. McCrea, 20-year-old son of Mr. and Mrs. J. E. McCrea, of North Hatley, was killed during aerial operations on Sunday last.

The young Sergeant Air Gunner, one of four brothers on active service, first served with the 67th Squadron Air Cadets in Sherbrooke and as soon as he was old enough to enlist began training as a pilot. He lacked the physical qualifications for this work, however, and he was transferred as air gunner, training at Toronto and Mont Joli and being posted Overseas shortly after his graduation in November.

Sgt. Air Gunner McCrea was posted direct to the bomber squadron in December and served on bombers until January when he volunteered for the Pathfinder Force, joining the Pathfinder Squadron February 6. He had about eighteen to twenty operations, including the three mass raids on Berlin February 24, the Nuremberg raid and the recent heavy raids between April 7 and 12.

He is survived by his parents; three brothers, F. Dave McCrea, L.A.C. radio technician at present with the Marine Section, R.C.A.F., Coast Command, William N. L.S. with the Marine Section, R.C.A.C., East Coast Command, Edward G.,

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE 21-MAN "JURY" PROVES POPULAR

Asbestos, Que., April 26th. — The importance of shop committee meetings, especially in wartime, has been convincingly demonstrated at the Johns-Manville mine, mill and factory located here. These meetings of employees and employers have been a contributing factor, these past few years, in greatly increasing the production of asbestos fibre and asbestos products for vital war needs. And they have been helpful in enlisting enthusiastic support of various war activities, such as Victory Loan drives and Blood Donor Clinics.

Johns-Manville employees at Asbestos number more than 1700 and they have 17 representatives on the shop committee. Management has four representatives. Meetings are held frequently, and full consideration given to working conditions, cooperative plans and other matters concerning the welfare of the Johns-Manville family.

ENORMOUS YIELD REALIZED FROM SALVAGE DRIVE

The citizens of Sherbrooke are to be congratulated on the wonderful response for the salvage drive held yesterday, J. A. Fortin, President of the Sherbrooke National Salvage Committee Board, said today, in commenting on the one-day campaign conducted by the Lions Club. He reported that approximately 100,000 pounds of salvage were collected in about two hours.

It was the most successful drive for scrap to be held by the Lions Club in the past three years. Trucks were still picking up paper and salvage today, covering streets which were missed last evening. The rain failed to hamper collections.

All those taking part in the drive were thanked, including volunteers, truckers, military authorities who sent soldiers for collection purposes and the city authorities who co-operated. Special mention was made of the promotion work done for the drive by the local newspapers.

All trucks and drivers used in the campaign were entirely voluntary, and without their services the great task could never have been handled. It was explained. The drive was in charge of Cecil Dunn, President of the Lions Club.

The waste paper was salvaged to help meet a national emergency, a paper shortage that had already closed one large mill and was threatening others, in this province. There was a serious shortage of paper cartons for shipping war and medical materials for Canadian troops Overseas.

All funds from the sale of paper are turned over to the Citizens' Committee for War Services, an official voluntary organization which is concerned with the welfare of men in the fighting forces and their dependents.

History Of Education In This City Traced Back To 1877 By G. E. Ewing

The first meeting of the Sherbrooke Home and School Association since its formation last month was addressed last evening by George E. Ewing, Secretary-Treasurer of the local Protestant School Board, who stated "that it is our duty to safeguard the future of education in this city as our predecessors have before us, and this can best be done with the co-operation of the parents in the home with the students in the schools."

Mr. Ewing dealt principally with the history of education in this city which dates back to the year 1877, when the first organized system of education was introduced.

"Since then," Mr. Ewing said, "the educational problem has been met with continued success at the hands of the various School Boards assigned to the task, and in recent years the schools of this city have been taken as examples to be followed by many other cities throughout the province."

"Those charged with the responsibilities of handling of the funds used for the furthering of educational facilities in the city in the past are to be congratulated," Mr. Ewing said, "in view of the fact that all original schools and academies first adopted have been replaced by more modern buildings, and not once in the history of the city has the School Board been obliged to make application to the Government for financial assistance in the construction or in the maintaining of these buildings in proper repair."

The speaker added that the present School Board of Commissioners has oftentimes been congratulated for the fine achievements that have been made in the advancement of educational facilities in this city. "and," he said, "these achievements have only been made possible by the great showing of public interest in the educational problem and by the fine supervision of former School Boards."

In conclusion, Mr. Ewing added that the School Board of Commissioners has long awaited the day that an association would be formed to bring more closely together the school and the home, and expressed his sincerest hopes for the successful operation of the Sherbrooke Home and School Association.

Mr. Ewing's address was preceded by a short business meeting at which the minutes of the previous session were read by the Secretary, G. A. Rockwell, while the constitution and by-laws of the Association, which were introduced and read by the President, E. G. Bascom, were accepted.

The speaker was introduced by Wright W. Gibson, Principal of the Sherbrooke High School, while appreciation for his address was extended by Mrs. Gordon LeBaron on behalf of the members and guests present.

WINDSOR MILLS WOMEN'S GROUP HOLDS MEETING

Plans for Rummage Sale to Be Held in May Discussed—Preparations also Made for Apron Sale to Be Held in June.

Windsor Mills, April 25.—Special Holy Week services began in St. Andrew's United Church on Palm Sunday with the Pastor, Rev. V. M. Gilbert, in charge.

A special dedication service was held in the evening, when the new elders-elect were "set aside." The soloist at this service was Watson Fraser, of Richmond, who sang "Open the Gates of the Temple."

On each of the following evenings inspirational services of consecration were held with Rev. V. M. Gilbert as speaker, with the exception of Tuesday evening, when the Young People's Society had charge.

These services were all well attended, especially on Good Friday evening, when there was a splendid

message in keeping with the day. The guest soloist was Mr. Whitehead, of Richmond, who sang "Calvary" in his usual fine voice.

On Easter Sunday, at 10 a.m., a special Easter worship service was held in the Sunday School with the young people, who were away attending school and home on vacation, taking part.

At 11 a.m. the regular morning worship followed with a special message to the children entitled "Flowers for the Little Church." The sermon, "Easter Essentials," was a fine message in every sense of the word. The choir rendered the anthem, "From Our Living Lord," by Ira B. Wilson; "Crucifixion"; "Burial," and "Night Within The Garden." The latter part was sung as a solo by Miss Grenda Lyon. Mrs. H. D. Frazer was organist and choir leader.

Immediately following this service, the reception of new members took place and then the Sacrament of the Lord's Supper was administered. There was a large number present at the communion table.

The evening service took the form of a worship period followed by a pageant, "At the Feet of Jesus," presented by the young people in a most impressive manner.

Rhoda Frame took the part of the mother of Jesus; Florence Frame, Salome; Evelyn Sims, Mary Magdalene; Ronald Gilbert, the Centurion; David Hall, James; Wilbur Paige, John; Charles Davis, Peter; and Grenda Lyon was the soloist. These young people were dressed in costumes in keeping with their respective parts.

A recitation by Jessie MacKinnon followed the pageant. The plate collection at the evening service was handed over to the local Young People's Society to be forwarded to headquarters for the Orphaned Mission Fund, a campaign being on to raise \$1,000 by the Y.P.S. of the United Church across Canada. Mrs. R. J. Sims was organist at the evening service.

The church was beautifully decorated by Mrs. C. Andre, with potted plants and cut flowers. The bouquets of spring flowers on the communion table were placed there in loving memory of Ernest Andre, by his mother and brother.

WOMEN'S ASSOCIATION
The regular meeting of the Women's Association was held at the home of Mrs. H. Frazer. After the usual opening exercises a few items of business were discussed among which were plans for the annual spring rummage sale to be held towards the end of May. Tentative plans were also discussed for the apron sale in June.

MIND YOUR MANNERS

The Situation: While entertaining a caller, a long-winded person calls you on the telephone—and you see that the telephone caller intends to carry on a long, chatty conversation.

Wrong Way: Even though you are anxious to get back to your guest you feel you must talk to the person on the telephone as long as he is inclined to talk.

Right Way: After a couple of minutes of conversation ask if you can call back—and then go back to your guest. (Your first duty, under the circumstances, is to the guest in your home.)

en's Association was held at the home of Mrs. H. Frazer. After the usual opening exercises a few items of business were discussed among which were plans for the annual spring rummage sale to be held towards the end of May. Tentative plans were also discussed for the apron sale in June.

The Secretary reported having received an Easter gift of \$5 sent to a son in loving memory of Mrs. M. E. Mountain by her family. After the meeting closed daily refreshments were served by the hostesses, Mrs. H. Frazer, Mrs. W. H. Morrison and Mrs. G. Noble.

CHURCH SERVICES

Regular morning worship was conducted in St. Andrew's United Church on April 16, with Rev. V. M. Gilbert in charge. A tenor solo entitled "Abide With Us," was rendered in a pleasing manner by Clifford Force, Jr., who was a fine help with the Easter music in his home church, when he was here on vacation.

The evening service was held in the Church Hall. After a short devotional period, an open Forum was conducted with Rev. V. M. Gilbert as leader.

The subject was "The Immortality of the Soul." Many interesting points were discussed in a reverent manner by a number of people in the group.

After the recital, playing entirely from memory her several solos. M-G-M's "Cross Of Lorraine"
An Inspiring Motion Picture

Jean Pierre Aumont and Gene Kelly in "The Cross of Lorraine," opening today at the Granada Theatre.

"The Cross of Lorraine," which opened today at the Granada Theatre, is a truly inspirational motion picture. It tells simply and graphically the story of a group of French soldiers imprisoned by the Nazis as hostages after the fall of France, their sufferings and hardships before they finally escape to France to fight again.

The all-male cast is led by Jean Pierre Aumont whose own career parallels closely the role he portrays in the film and who is now off fighting with General de Gaulle. After the Armistice, a group of French soldiers are promised freedom if they will lay down their arms. Instead, they find themselves imprisoned in Germany at a camp where the brutal Peter Lorre bends all his efforts to creating dissension among the men. Only one of them, Hume Cronyn, turns traitor, and they are saved through the efforts of Sir Cedric Hardwicke, a priest, and Joseph Calleia, a professional soldier wise in the ways of the Fascists.

How they finally manage to escape to carry on their war against Nazism is one of the most thrilling adventures ever seen on a motion picture screen. The film is titled in honor of the emblem of the Fighting French, the cross of Lorraine, and it is truly a tribute to their forces.

Gene Kelly in a straight dramatic role is outstanding as the never-say-die taxi driver whose spirit is broken by the Nazis but regains his self-respect when his people join the fight. Richard Whorf, as a brilliant surgeon who prefers to remain with the comrades who need him rather than make his escape, contributes a moving portrayal of a noble man, and Sir Cedric Hardwicke is cast as a priest who refuses to bow to the Nazis even in the face of death.

Other in the cast are Peter Lorre, Joseph Calleia, Billy Roy, Tonio Selwart, Jack Lambert, Wallace Ford and Jack Edwards, Jr. Tay Garnett directed the action-packed tale. Edwin Knopf produced for Metro-Goldwyn-Mayer.

JERSEY CITY DOWNS MONTREAL ROYALS 3-2

Rochester Red Wings Defeated 6-5 By Orioles In Hard Fight

The Jersey City Little Giants gained their first International League win this season yesterday as they topped the Montreal Royals 3-2 in one of two games played yesterday in the I. L. The game was played at Jersey City.

19-year-old Andy Hanson, Jersey rookie right-hander, spaced seven Montreal hits to earn the victory in his first appearance on the mound this season.

The rookie had a shutout almost in his hands as the Royals went into the last inning trailing by three runs. However, Ed Baker and George Washburn touched him for a double each and Hanson handed out a free ticket to first. These combined hits were good for both Montreal runs.

Montreal's starting pitcher, Johnny Travis, held the Giants scoreless for six innings, but in the seventh, the Giants connected for three runs. Lockman led off with a single, Rogovin made first on a fielder's choice, Miggins banged a double and Treadway slapped out a single.

One error was committed in the game, this being made by Hanson. A small crowd of three hundred watched the game.

RIP SEWELL'S BALLOON BALL AMazes HIGGINS

By CHARLES CHAMBERLAIN, Associated Press Staff Writer, Chicago, April 26.—(AP)—After a dozen years in the American League, the last five as third baseman for the Detroit Tigers, Rip Sewell thought he had seen everything. But there is one guy who amazes him—and a National League pitcher at that!

"I could stand with my mouth open and watch the Pirates' Rip Sewell throw his balloon ball," he says. "In fact, I did just that during an exhibition game this spring."

Pinky Higgins, Sewell's high-arching throw, which helped him deposit 21 victories last year, a "publicity pitch." But don't get him wrong, there's nothing derogatory in the remark.

"I got acquainted with Rip this spring," relates Pinky. "He didn't use that float on me when I was at bat, but I saw him pull it on another guy. His control amazed me—he'll probably win another 21 games this year and maybe more, for he's got a lot of stuff to go with it."

"Al Crowder (Washington ace who joined Detroit in 1943) had the nearest thing to Sewell's throw I've seen, but it was not perfect. Sewell's got it down so it's a strike if you stand there and let it flutter by. Just watching it start out and float by like a feather gets a batter off balance with anticipation to swing it. As the result he flubs it. I think it's the most amazing accomplishment in sheer control in modern baseball."

Rookie Awards Presented At Sporting Club Social Night

Presentation of rookie awards to players in the local hockey leagues was made last night at the Chateau Frontenac as the Sherbrooke Sporting Club held its annual social evening.

Under the presidency of Eugene Lalonde, well-known local sportsman, Sporting Club officials presented the awards to the youngsters in recognition of the splendid showing each made in his first year in his own hockey category.

ANNOUNCES RESIGNATION
Emmett Kenalty, Vice-President of the Quebec Amateur Hockey Association, after many years of service, announced his resignation from the post last night at the Sporting Club social evening. Mr. Kenalty made his resignation public last night as he nominated Eugene Lalonde to the office of Vice-President of the Q.A.H.A.

Topping the last of rookie award winners was Normand Dussault who was presented with Sporting Club Trophy by Alderman Armand Fiset. Dussault, who made the jump from juveniles to Intermediates, lined up with the Rand team last season and made a marvelous showing, leading all his teammates in the individual scoring list and finishing fourth in the league scoring race.

Mr. Dussault, 19, is a member of the Lord Sherbrooke Training Centre, presented the Blanchard Trophy to Gilles Dube, who was adjudged the best rookie of the Junior league. Dube, a member of the cup-winning Canadiens, won the juvenile award last year.

Jean-Paul Dussault, star goalkeeper with the Canadiens Juniors, received the Martial Trophy from Ant. Blanchard, Vice-President of the Sporting Club.

J. A. Savard, a patron of the Sporting Club, presented Jean Marie Auger, of the Canadiens Juniors, with a prize. Auger, ineligible for rookie honors because he played junior hockey last year, received honorable mention because of the remarkable progress made in his hockey during the year.

Emmett Kenalty, Vice-President of the Q.A.H.A., presented Bobby Davies, captain of the Air Cadets, champions of the Eastern Townships, with a prize. Although no trophy has been donated for the Midgets, the officials of the Sporting Club felt that Davies deserved some recognition of the great season he turned in as captain of the Air Cadets. A promising young player, Davies rang up an amazing number of goals this season, scoring more than half his team's total, and displaying generalship in all the games.

Eugene Lalonde, in a brief address to the large gathering, said that it was not the aim of the Sporting Club to organize sport in the city, but to lend its assistance to any body which organized a league of some kind of sport or other. He also said that the club wished to encourage the younger element of the city by offering trophies to compete for and helping them in any way possible to get a good groundwork in the sport of their choice. In closing, Mr. Lalonde offered the support of the club to the Notre Dame baseball team, the city's representative in the Provincial Independent Baseball League.

REVERSE MONEY IN HORSE RACE AT YORKSHIRE

By ALLAN NICKLESON, Canadian Press Staff Writer, London, April 26.—(AP)—The horse that ran second received a money prize five times greater than the winner.

It sounds complicated and don't ask for a detailed explanation but it came about in the Kiplingcotes Derby, Yorkshire's oldest horse race, which was staged over four miles of deeply-furrowed treacherous Roman road.

The winner was F. W. Barnaby, who was making his first attempt. He led throughout and collected \$26, the runner-up was last year's winner, Ivan Anson, who received \$126. The reason was that it was agreed before the race that the winner would take the interest of an investment, whereas the second-place horse would receive the entry fees.

The King had decided to lend the Ascent course to the Jockey Club again this season because of the great success of last year's experiment when, for the first time, there was no Royal enclosure. All parts of the course, with the exception of the Royal box, will be available to racegoers.

Formerly, the Royal enclosure was open to members and in peacetime years had a garden-party atmosphere and pageantry that made Ascent one of the world's most fashionable meeting places.

Over a small window in London's Saville Street is the name J. I. Sower and Company, Royal Saddlers. For 160 years, their old showrooms, which before the war was a feature of the Haymarket, was the meeting place of royalty, Indian princes, sporting peers and generals.

Now the staff has been reduced from 60 of the finest saddlemakers in the world, to two veterans. Apart from the old employees who have died and the younger ones called to the colors, the rest of the staff is making artificial limbs.

Among customers of other days were Queen Victoria, King Edward VII, King George V, Lord Kitchener and Lord Roberts.

In the middle of the narrow shop stands the original saddle-block, part of the equipment when the firm began its career. On it were fashioned saddles for Grand National and Derby winners whose names long ago passed into history.

Sun Chariot, who won the Oaks, St. Leger and 1,000 Guineas for the King two years ago, has given birth to her first foal, a colt by the 1939 Derby winner, Blue Peter. She will next be mated with Big Game, who completed four classic successes for His Majesty in 1942 by winning the 2,000 Guineas.

Phillies Edge Out Giants 4-3; Cincinnati Defeats Cards 10-3

By JACK HAND, Associated Press Sports Writer, St. Louis, April 26.—(AP)—The Phillies edged out the New York Giants 4-3 in a game that was a major league record for winning streaks at the opening of a season.

Luke Sewell's Browns have captured six games in a row, only one short of the total compiled by the Yankees in reeling off seven straight starting with opening day in 1933.

The big league mark of 12 is still safe in the hands of the 1884 New York Giants but the modern big league mark of nine held jointly by the 1918 Giants and the 1940 Brooklyn Dodgers is within reach.

Both current National League streaks went by the boards yesterday when the Giants were knocked off 4-3 by the Phillies in 12 innings and St. Louis Cardinals were slaughtered by Cincinnati, 10-3. Only the Browns, who had an open date in the schedule, remain to threaten the record books.

Mort Cooper had trouble in his second straight start and was knocked off the hill before he could get anybody out in the first inning. While Mort was getting his bumps, Elmer Riddle threw a neat eight-hitter for Cincinnati and didn't yield a Card hit until the sixth.

Buster Adams and Charley Schanz, a rookie hurler from San Diego, were the culprits in the Phillies' exciting 12-inning 4-3 victory over the Giants, proving to Mel Ott that all good things must end. Adams hit a two-run homer to tie in the sixth and bashed a double scoring Schanz with the decisive tally.

Brooklyn and Boston battled away at a 3-3 clip for eight innings until the Dodgers cut loose with eight runs in the last to make it a lopsided 11-3 final. Lefty Bob Chipman went all the way to capture his second straight as Leo Durocher stuck with his announced plan of feeding the Braves a diet of South-paws.

Connie Mack's Athletics refused to be awed by Johnny Lindell's grand slam homer, the first in the major leagues this season, and overcame that four-run deficit to knock Ernie Bonham out of the box and win an 8-4 series opener on late rallies. Woody Wheaton dished out two bawls, a single that stopped Bonham in the eighth and a double that flattened rookie Al Lyons in the ninth.

Marathon honors for the infant season went to Boston Red Sox who were persistent enough to down Washington 5-4 in 14 innings. Bobby Doerr kept pecking away for three doubles his last being the blow that started the winning spurt. Mike Ryba took the toss with Bobby for hurling five no-hit innings.

Canadian Sport Snapshots

By SYD THOMAS, Canadian Press Staff Writer.

Toronto, April 26.—(AP)—Most people have one fault or another to find with the horse-racing game, mainly that the steeds they bet on don't always come in near the head of the parade. But a citizen in South Africa now comes up with a studied complaint about the number-color system of identifying horses in a race.

Bill (Ottawa Journal) Westwick reproduces the suggestion to rectify this ailment, made by Capt. M. R. D'Arcy, staid steward of the Jockey Club of South Africa. Capt. D'Arcy says the public (that's a mass term for the feverishly-hope-

EIGHT HORSES ENTER RUNNING OF BLUE GRASS

Louisville, Ky., April 26.—(AP)—Seven Kentucky Derby candidates today challenged a favored eighth, Broil Farm's Challenge Me, in the \$10,000 added, mile and a furlong Blue Grass Stakes at Churchill Downs.

The winner is likely to be second choice to win the \$75,000 added, mile and a quarter Kentucky Derby here May 6, just a step behind Mrs. Payne Whitney's Stir Up.

Challenge Me, winner of the Arkansas Derby, has not raced here since his arrival but despite a cold has turned in some speedy workouts. Stir Up, winner of the Wood Memorial still is considered the horse to beat in the race of the roses but there are plenty of people here who believe Challenge Me might do it.

M. F. Goff's Skystraker, Hyman Friedberg's Harriet Sue and A. C. Ernst's Alotter are considered Challenge Me's greatest rivals in today's Blue Grass preview of the Kentucky Derby. Others in the race are Enganger Stable's Shut Up, Col. C. V. Whitney's Alamein, W. C. Davis' Rockwood Boy and Hal Price Headley's Megogo.

Most of the owners and trainers are waiting to see how their horses do in today's contest before deciding definitely to put the \$500 starting fee on the line in order to send their hopefuls to the barrier in the Kentucky Derby.

NEW NAME PUTS LIFE IN ALEX BARTH

By NEA Service
New York, April 26.—There is plenty in a name where Alex Barth is concerned. As Poacher the 4-year-old gelding got nowhere in a half dozen outings at Hialeah Park. Then someone attached to the Milbrook Stable was seized by a bright idea, came up with a magic tag, Alex Barth. As such the son of Chance Pick played on opening day at Jamaica, next outgamed Grey Wing and Boys in a three-horse blanket finish to win the \$10,000 Excelsior Handicap at a mile and a sixteenth to return knowingbackers \$11.30 for \$2.

Five 4-F Infielders Aid Browns; Count On Kramer And Jakucki, Well-Known Catching Names

Chicago, April 26.—James Luther Sewell directs a large pitching staff in the uniform of the St. Louis Browns, but the question is quality. His best dealers in 1943 were Bob Muncrief, Denny Galehouse, Steve Sundra, Nelson Potter and George Caster. Muncrief has been accepted for service and will not report. Galehouse is staying on a war job. Sundra, 33, has passed his physical, but will be among those present until notified to join up.

Pitchers who have shown best are Sundra, Al Newman Shirley, Jack Kramer, Sigmund Jakucki and Weldon West. Shirley, tall right-hander, won seven and lost 11 for Springfield of the Eastern League, but that hardly makes him a natural.

Jakucki, 31, has been around, but has been out of organized ball since 1938. The reason was bad habits, which seem to have been corrected through age. Jakucki, 6-2, 195 and right-handed, has pitched for a Houston shipyard team and was in the army last season, looks like a major league veteran. He has good stuff, appears to have courage may be a pleasant surprise.

West, a southpaw, bugged eight, dropped 16 for Memphis, yet led the Southern Association in strikeouts. Potter has been ill, but Luke Sewell believes he will have a fine season.

Kramer has a grand opportunity to star. Discharged by the navy, he was shipped to Toledo because he had been out of baseball for more than a year. Joining the Mudlens in early August, he bugged eight games while losing two, all very low hit contests, to be the outstanding pitcher of the American Association. One was a no-hitter. He won and was repelled, 2-1, in the play-off. He is swift, bounces a deceptive curve and gets the ball over.

Mancuso and Hayworth give the

There are few players of Vern Stephens' calibre in baseball now

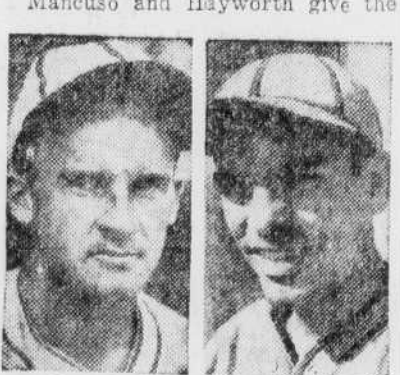

of Ray. Tall, rangy, aggressive Red Hayworth was quite highly regarded by most baseball men who saw him with Toledo. Joe Schultz is the third backstop.

The most formidable all-around Brownie is Vernon Stephens. There are few athletes of this young shortstop's calibre in baseball now. The Browns' most pronounced strength is in their half dozen infielders, five of whom are 4-F—George McQuinn, Don Guttridge, Stephens, Ellis Clary and Floyd Baker. The one who is not 4-F is Mark Christman.

Manager Sewell doubts that there is a superior infield in the game.

It is a question of how long outfielders who have been in the thick of things as long as Frank Demaree, Mike Kreevich and Gene Moore can perform regularly. If the game is not too fast, these venerable gentlemen will take care of themselves with no discredit. Other flycatchers are Harold Epps, Milton Byrnes and Allen Zarilla.

Luke Sewell, an optimistic cuss, believes that if his pitching amounts to anything at all the Browns can finish well up in the first division.

Brownies well-known catching names. Lt. Frank Mancuso, 25, brother of Gus, is the spittin' image of the Giant. Almost everybody considers him as fine a prospect as Gus was at his age. In the army last season, he was given a medical discharge from the paratroopers because of injuries sustained in making a jump.

EYES... ON THE PACIFIC

TWO kinds of eyes scan Canada's North Pacific. One, those of the Navy, for signs of enemy action; the other, the eyes of the fisherman, for vital food of war. For this is the corridor of silver salmon—richest of all the world's ocean prizes.

The Pacific Coast fishing industry is breaking all records. During the past three years of war it has shipped eight million cases of canned salmon and herring to Britain... the greatest movement of seafood ever to leave Canada's shores.
