

BRITISH RAIDS SLOW DOWN GERMAN BLITZKRIEG

Attacks Against British Coastal Points Decrease

Believed that Smashing British Raids Over Hundred Miles of German-Occupied French Coast Line May Have Temporarily Crippled Attacking Fleet—Italian Somaliland Drive Progressing Rapidly.

(By GUY RHOADES, Canadian Press Staff Writer)

The Royal Air Force today beat off German air attacks on Britain's coast after a night in which its planes smashed at enemy bases along one hundred miles of the French coastline. "Der Tag," August 15, drew to a close with no Nazi soldiers goose stepping down Whitehall as Hitler is said to have prophesied they would on this date.

The fifth successive day of the blitzkrieg saw Nazi air activity fall off, probably because of damage suffered last night in the R.A.F. raids, and morning assaults on Britain were on a comparatively small scale. Battles were fought so high in the air that spectators could hardly follow them though the skies were clear.

Britain's press ridiculed the Germans for their prophecy that they would be in London by today. The Press Association said:

"August 15, the date on which Hitler was to make his triumphal march in London, is here.

"In a few hours it will be gone, with Britain still mistress of her own fate, of the seas and of the air around her coast."

The great R.A.F. foray across the Channel covered the French coast from Calais to Le Havre and watchers on the chalk cliffs of Britain's South Coast could see the flashes of explosions as bombs dropped, hear the roar of gunnery and discern great flames across the narrow strip of water.

Britain herself was practically free of raids last night. The Nazis said this was due to bad weather, apparently trying to ignore the fact that their own bases nearest England were being blasted to pieces.

While the strife in the North cooled somewhat a condition of feverish anxiety arose in the Mediterranean where telephone communication between Athens and Rome was severed following the sinking of the Greek Light Cruiser Helle by an unidentified submarine.

The sinking followed several days of Italian press campaigning against Greece, in which the little kingdom was accused of complicity in the hatchet slaying of Daut Hogzha, whom the Italians call an Albanian "patriot."

Greek authorities say Hogzha, whom they described as a highwayman, was slain on Albanian territory by persons who escaped into Greece and were arrested. Italy claims the man was beheaded by plotters against Albanian security for which Mussolini's Government assumed responsibility after the invasion of 1939.

The Greek Government, apparently fearing a lightning invasion from Albania, began consultations with military leaders after making it plain the country would not accede to Italian demands that she break Continued on Page 9, Col. 4.

Canada To Strengthen Strategic Aerial Stations In Newfoundland

Ottawa, Aug. 15.—(C.P. Cable)—Air Minister Power will make a comprehensive survey of Canada's Eastern defences next week. Travelling by air he will leave Ottawa Sunday and will visit all key defence points in the Maritime Provinces as well as Newfoundland where Canadian soldiers are on garrison duty.

Canada will move to further strengthen the defences of the valuable airports at Botwood and Gander Lake in Newfoundland, the Minister announced. This will involve an expenditure of close to \$1,000,000.

Newfoundland's strategic situation at Canada's Eastern gateway makes its defence vital to the safety of Canada and Mr. Power said facilities for naval, military and air forces there would be extended.

Announcement of the Minister's tour is a further indication of how the defence of the oldest British colony fits in with the defence of Canada. Newfoundland is not only a potential point of attack for the enemy but it is the take-off point for trans-Atlantic air traffic from this Continent to the British Isles. It also overlooks the approaches of the St. Lawrence river.

Mr. Power will be accompanied on his trip from Ottawa by Air Vice-Marshal L. S. Broadner, Chief of

NASSAU AWAITS INDUCTION OF NEW GOVERNOR

Special Honors Planned for Duchess of Windsor During Ceremonies Marking Taking Oath of Office.

Nassau, Bahamas, Aug. 15.—(C.P. Cable)—The Duchess of Windsor will be given an honor never before accorded the wife of a Bahaman Governor when she arrives in the capital city of Nassau.

She will be seated on a dais, one step above floor level. At former inaugurations the Governor's lady has occupied a seat along with officials of the Colony.

The dais on which the Governor's Throne is placed is two steps high, beneath a canopy upon which rests a golden crown.

As a special mark of distinction for her rank, colonial officials have erected a dais half way between the general floor level and the Throne level. It is covered with heavy red Continued on page 2, col. 5.

British Navy, Army And Courage Lone Defence Of Democracies

Montreal, Aug. 15.—(C.P. Cable)—Only England, "her navy, her army and her courage," remains between Canada and a pitiless foe, Justice Minister Lapsone said in a broadcast address last night as he asked for unity among French-Canadians.

"We are threatened gravely with losing what we have," he said in an address over the French network of the Canadian Broadcasting Corporation, "and the sooner we take the precautions necessitated by our precarious situation, the sooner will we act for our security and for that of our children."

Mr. Lapointe called on all French-Canadians to register promptly with the National Registration Commission next week, and said persons who spread rumors the registration

is the first step toward conscription "are performing an abominable work of treason against the national cause."

"You have the formal promise of your leaders it will serve exclusively for the defence of Canada," he added. "You have read in the papers the wise advice given by Rodrigue Cardinal Villeneuve to facilitate its execution."

"Like all the other citizens of this country, you will register next week, not to avoid the penalties provided by law for failure to do so, but in a spirit of duty of patriotism. You will answer frankly the questions in the registration because these questions are asked in your own interest, for your own defence, and for your own eventual happiness."

RECRUITING OF MILITIAMEN TO CLOSE TONIGHT

Draft System to Provide Occupants of Militia Camps After Completion of Voluntary Recruiting.

Ottawa, Aug. 15.—(C.P. Cable)—Units of the Non-Permanent Active Militia across Canada are signing on their last voluntary recruits for some time to come today. After today enlistment in the militia goes on the planned basis provided under the National Resources Mobilization Act.

Between 70,000 and 80,000 men will comprise the militia when the change to the new system of enlistment by calling up age classes goes into effect a few weeks hence.

Voluntary recruiting ends today the first call to men of the ages of twenty-one to twenty-two will not go out until after the National Registration is completed next week. The authorities conducting the registration have made special arrangements for a speedy collection of the registration cards of all young single men.

As already announced some 300,000 men are to be called up for training in the next twelve months. The Dominion Bureau of Statistics estimates there are some 193,000 single men in the age groups, twenty-one and twenty-two. Thus it is likely calls will go out to men in higher age groups before the year is out.

War Services Minister Gardiner in the House of Commons recently said it was unlikely any married men would be called within the first year. Although no definite decision has yet been announced it is expected all single men up to the age of thirty-five will be called for training before any married men are called.

Mr. Gardiner's newly created Department is responsible for the task of mobilizing the nation's manpower. Defence Minister Ralston will simply tell Mr. Gardiner how many men the Department of National Defence wishes to report for training each month and Mr. Gardiner's Department of National War Services will proceed to call the required number and see that they report.

WAR BULLETINS

Cairo, Egypt, Aug. 15.—(C.P. Cable)—British troops in their invaded Somaliland Protectorate have fallen back before Italian forces estimated at "the greater part of two divisions," but the battle is continuing, the British command announced today.

London, Aug. 15.—(C.P. Cable)—Nine German warplanes were believed to have been shot down during the Nazi air raids on England today. Five of them were reported destroyed in Southeastern England.

A Northeastern Town in England, Aug. 15.—(C.P. Cable)—About fifty German planes raided this Northeastern town today, injuring two men and killing a boy about eight years old.

New York, Aug. 15.—(C.P. Cable)—The Norwegian motorship Thermopylae, 6,655 tons, reported today that she was being attacked by a submarine about 700 miles east of New York.

Mackay radio intercepted the message at 10:35 a.m. E.D.T. The Thermopylae traded between New York, Pacific Coast ports and the Far East before the war.

NEW POLITICAL OUTBREAKS NOW SWEEP MEXICO

Woman Killed and Seven Persons Injured in Series of Affrays as Opposition Groups Organize.

Mexico City, Aug. 15.—(C.P. Cable)—A woman was killed and seven persons were injured last night in a burst of gunfire as Congressional candidates of opposing factions prepared for preliminary sessions late today to organize for opening of Congress September 1st.

The shooting came as one of dozens of trucks bearing peasants to the capital to protect backers of Gen. Manuel Avila Camacho, administration presidential candidate, passed a group of citizens in an outlying section of Mexico City.

As the group shouted "Viva Almazan" for Gen. Juan Almazan, independent presidential candidate, pistols blazed.

Italian-Greek Relations Subject To Added Strain With Sinking Of Cruiser

Telephonic Communication Between Athens and Rome Severed as Greek Cabinet Meets in Special Session to Study Conditions Created by Sinking of Greek Warship by Unidentified Submarine.

Athens, Aug. 15.—(C.P. Cable)—Telephonic communication with Rome was severed today shortly after the Government announced the sinking of the Light Cruiser Helle by an unidentified submarine.

The Helle, a 2,115-ton vessel, was torpedoed in Tinos Island harbor in the Aegean Sea. One petty officer was lost and twenty-nine of the crew were injured.

The crew attempted to run the ship aground, but fuel oil escaping on the water caught fire and forced abandonment. The ship quickly went down.

Chiefs of the Army, Navy and Air Force were summoned for a conference with Premier Gen. John Metaxas.

The cruiser was at anchor in the harbor, about one hundred miles Southeast of Athens, where she had gone to participate in a religious celebration.

Three torpedoes were fired without warning. One hit the cruiser and the others hit the quay, injuring some pilgrims and travellers.

The cruiser's sinking was plainly marked, an official announcement said, and a mistake in identity would have been impossible.

The torpedoing occurred as Italian and Greek relations became increasingly tense because of the Italian press campaign charging Greece is violating her neutrality by being too friendly with Britain.

Premier John Metaxas, who had conferred for many hours with Gen. Papagos, Chief of the Army Staff, and Cabinet members in a long night discussion on Italian-Greek tension, hurriedly summoned a press conference for reports of the sinking.

Censorship was applied to outgoing telephone calls.

The Helle was built for China as the Hei Fung in 1912 at the Camden, N.J., yards of the New York Shipbuilding Company, and purchased by Greece in 1914. Jane's Fighting Ships lists her as a mine-layer, formerly a cruiser. She was armed with three six-inch guns and two torpedo tubes and could carry 100 mines.

One of the Italian charges in the strengthening press campaign has been that the British Mediterranean Fleet is using the Greek island harbor as a base.

Premier Metaxas' night conferences were interpreted by foreign observers as indicating Greece is preparing her defenses should Italy back up newspaper threats with an attack from Albania.

Persons who saw the attack on the Helle said they had observed no submarine in the harbor.

Naval experts collected fragments of the torpedoes which hit the quay and were to report to Metaxas when the type and manufacture were determined.

The island of Tinos is famous as a place of pilgrimage for the sick and infirm from all over Greece every August 15. Customarily as many as 40,000 pilgrims flock to the island on that day to pray before an icon in the village church and to wash in a fountain whose waters are popularly supposed to have curative powers.

French Government Plans To Regulate Private Industry

Restriction of Overtime and Limitation of Working Week Ordered in Drive to Rationalize Industry—Government Assistance Planned in Effort to Reduce Unemployment and Restore Industries.

Vichy, France, Aug. 15.—(C.P. Cable)—The French Government stepped in to regulate working hours in private industry today as one of the major problems affecting rapid readjustment of France's social and economic life.

Departmental prefects were given authority to fix maximum working hours for each industry and profession in their territory in accordance with conditions in that particular region.

While a national wartime tax or forty per cent of workers' overtime was removed, all overtime, which is not permitted to exceed seven and one-half hours yearly, now will be paid at the same rate as ordinary hours.

Employees will be required to contribute an amount equal to twenty per cent of overtime pay to a worker's benefit fund.

A national maximum of forty-eight ordinary work hours a week, or nine a day, was fixed by a decree published in the Official Journal.

At the same time the Government announced it would go ahead at once with a nationwide programme of electrifying the railways and repairing war damage, thus giving jobs to many thousands of unemployed. The Government also will make loans to private industry to get it back on its feet. Mixed committees of industrialists and government experts are being formed to decide what loans should be granted to supervise use of the funds.

It was announced German authorities are studying a proposal for the release of war prisoners urgently needed in Nazi-occupied France for industrial and public service jobs. These prisoners would be given Continued on page 2, col. 8.

UNITED STATES AND JAPANESE DIVIDE POWER

Accord Concluded on Division of Control Over Shanghai Area Abandoned by British Forces.

Shanghai, Aug. 15.—(C.P. Cable)—An agreement has been reached dividing control of the British defence sector of Shanghai's International Settlement between American and Japanese forces, it was reported today.

The future of the British sector following removal of British troops from Shanghai and North China was discussed by defence commanders in a four-hour meeting.

Official quarters refused to confirm or deny the reports of an agreement being issued at 9 a.m. tomorrow (9 p.m. E.D.T., Thursday).

According to the reports, the British sector would be split up as follows:

The 4th United States Marines under Col. DeWitt Peck will take over the central district of the International Settlement, Shanghai's important downtown commercial and financial centre.

Japanese will take over West Hongkew, the area within the Settlement North of Soochow Creek, and also the extra-Settlement Western District, where dual control already existed through the presence of Japanese-dominated Chinese police.

The Japanese, according to these reports, undertook to be "lenient" in their treatment of the areas to come under their control.

Japanese officials had expressed the hope the United States might follow the British example and withdraw the marines stationed in Shanghai, while spokesmen for the Japanese-controlled Chinese Nanking Government have said they would not permit transfer of the British sector to United States troops.

Admiral Thomas C. Hart, commander of the United States Asiatic Fleet who arrived here yesterday by submarine from Taingtao, did not attend today's conference of defence commanders but sent his Flag Lieutenant as observer. The Settlement's Administration Building, where the meeting was held, was heavily guarded.

BY-LAW VOTING BRISK

Since ten-thirty o'clock this morning voting has been brisk in the various polls throughout Sherbrooke, and large numbers of citizens have been turning out to express their approval or disapproval of the \$25,000 by-law.

The polls opened at nine o'clock, and will close at five o'clock.

Senate Expected To Defeat Draft Proposals Of Roosevelt Cabinet

Washington, Aug. 15.—(C.P. Cable)—United States Government strategists privately acknowledged today there was a good chance the Senate might reject immediate conscription in favor of a compromise programme deferring the start of compulsory service until January.

These leaders said their drive for enactment of the Burke-Wadsworth immediate conscription bill had run into difficulties because of the statement by Brig-Gen. William E. Shedd, Assistant Chief of Staff, the United States Army would be unable to absorb a full quota of conscripts before December.

This army statement, they said, had furnished ammunition to backers of the compromise measure offered by Senator Francis Maloney (Democrat, Connecticut), who would register all men between twenty-one and thirty-one immediately but postpone the calling of conscripts until 1941.

In the House of Representatives, meanwhile, Democratic leaders drove ahead in hopes of getting a final vote by nightfall on Senate-approved legislation authorizing the President to mobilize the National Guard and army reservists for a year's active service.

Evidently anticipating ultimate approval for the mobilization mea-

MONTREALER KILLED IN RIMOUSKI CRASH

Rimouski, Que., Aug. 15.—(C.P. Cable)—Mrs. Noel Pouliot, believed from Montreal, was killed yesterday when an automobile in which she was riding swerved off the road and crashed into a cement wall at Cap Chat, in Gaspé North County. Several other passengers in the car were injured and were taken to hospital at Ste. Anne des Monts, according to meagre details reaching Rimouski.

TWO QUEBEC WORKERS KILLED

Quebec, Aug. 15.—(C.P. Veilleux died almost instantly while Bourret lived only a short time after admittance to hospital.

At a special general meeting yesterday the Association adopted a resolution saying that "the production and export of cheese is an important part of Canada's war effort, and this food is urgently required for the feeding of troops and civilians in the United Kingdom."
The resolution said "milk production is showing a substantial increase over last year and cheese prices, plus the quality premium paid by the Government, give a higher return to the farmer than butter. It is therefore difficult to understand why more milk cannot be diverted to the production of cheese instead of butter."

CURTAIN FALLS ON SUCCESSFUL WATERLOO FAIR

Unusually Large Attendance on Closing Day Largely Offset Results of Poor Weather Earlier in Week.

Waterloo, Aug. 15.—Afternoon and evening grandstand performances, the completion of judging, the mammoth parade of prize-winning stock and the running off of finals in the team-pulling contest and potato race were the feature events yesterday at the Waterloo Agricultural Society's 1940 Waterloo Fair.
In the team-pulling for heavy class horses the entry of Ziegfried Masse, of Roxton Falls, carried off the honors, while in the light-class pull the team owned by Irene St. Onge, of Valcourt, was victorious.
The first three places in the potato race went to Baxter Williams, of Foster, Jay Irwin, of Waterloo, and George Knowlton, of Foster. A tug-of-war between Granby and Eastman proved popular, with the Granby team out-tugging their opponents.
W. Elmo Ashton, of Foster, had the best dairy herd in the livestock parade, second place going to the herd entered by the Benedictine Brothers of East Bolton. Other prize-winners have been announced as follows: Best display of light or heavy draft horses, L. S. Martin, of South Stukely; best general purpose horse, Royce Wing, of Foster; best ladies' and gentlemen's carriage horse, Dr. J. A. Archambault, of Valcourt; best pair of saddle horses, Daisy Redden, best single roadster, H. L. Call, of Knowlton.
Mrs. Blanche Stoddard, of Waterloo, won the prize in the cake-weight guessing contest held at the Social Service Booth. The cake weighed eight pounds, ten and a quarter ounces. The sum of \$21.60 was raised by this means.
To Miss Geraldine Clark, of Waterloo, went the award for collecting the most in the Y.M.C.A. army hut tag campaign. Miss Muriel Bennett, of Warden, won second prize.
Phillip Lee, owned by Archie, of Montreal, swept to victory in the 2:19 pace and trot during the harness racing programme, while first money in the free-for-all went to Dominion Grattan, owned by Ledoux, of Montreal.
Detailed results of races:
2:19 Trot and Pace, purse \$150
Phillip Lee, (Archie, Montreal) 1 1 1

Attacks Against British Coastal Points Decrease

Official Statement from Washington Declares Incident of Declaration on Belgium Now Closed.

Washington, Aug. 15.—(AP)—John Cudahy, Ambassador to Belgium, has been told by President Roosevelt there was no intention to reprimand him for his recent statements in London on conditions in German-occupied Belgium.
After a talk with the President yesterday, Cudahy said he had been authorized to say he received "no rebuke and none was intended."
He added there was "no question of my resigning" from the diplomatic service.
Summer Welles, Acting Secretary of State, who said last week Cudahy had violated "standing instructions" of the State Department in permitting the London interview, announced after the Ambassador had reported to him, the incident was closed and no rebuke had been administered.
Welles said Cudahy told him some press accounts of his London interview had misquoted him in many important particulars.
In the Canadian Press report of his interview in London, which Cudahy described as a "fair statement," he was quoted as saying Belgium faced a condition "close to famine" by mid-September unless food supplies reached there from the United States.
The British press criticized this as an implied plea for relaxation of the blockade to permit American food supplies to go to Belgium.
Asheville, N.C., Aug. 15.—(AP)—Mountain and hill-country streams which gushed out of their banks in five states as results of torrential downpours receded today and left sixteen dead. Property damage was counted in the millions.
"Up-country" of the Carolinas, Virginia, Tennessee and Georgia were well advanced in repair of highways, railroads, and telephone and telegraph lines but areas along the fall line were menaced by rising waters.

Bitter Battle Waged Above Skies Along British Coast

LARGE NUMBER TOOK PART IN COLONY EVENT

Five Thousand Persons Crowd Vacation Colony at "Venetian Night" Celebration—Parade of Boats a Feature.

Featured by parades of decorated boats and canoes, a musical programme by the Harmony Band and a brilliant fireworks display, the "Venetian Night" celebration at the Vacation Colony last night proved to be one of the most successful outdoor events of the season.
An estimated five thousand persons crowded Jacques Cartier Park along the banks of the Magog River to watch the brilliantly lit watercraft and take part in the various amusements organized by the executive of the Vacation Colony. Proceeds from the evening are to be used for the underprivileged children in the city by providing them with free transportation to the Colony and developing the facilities of the summer playground.
First parade of the "gondolas" was held at 7.30 while the second took place an hour and a half later when darkness had fallen and the only lights were those on the boats themselves. Six prizes for the best decorated and illuminated floats were awarded by specially-appointed judges.
The concert by the Harmony Band, under the baton of Professor Charles Delvenne, was featured by a programme of old war-time favorites with the audience joining in the singing of "Tipperary," "Madelon" and other unforgettable melodies of the 1914-18 period.
Various booths had been set up around the Vacation Colony grounds and the public enjoyed "Bingo" and other amusements. Particularly attractive was the display of fireworks which followed the second parade of boats.
The woman killed was the janitor of a nearby building. Others wounded included a fifteen-year-old boy. Most of the injured were passengers of the day the Focher promised to move into Buckingham Palace and "dictate."
If Hitler does try invasion, the coastal defence as usual is quite ready and eager for the test. An army of 1,500,000 men at posts scattered throughout the country is supplemented by a Home Guard of about the same size.
Scattered among defensive works, in the words of a high army official, are "many surprise packets." More than one of these surprises was born of the ingenuity of Canadian officers and troops.
For almost twenty hours there had been no air activity over this South-England district.
He said he had delivered to the Federal District Court all evidence gathered in an investigation asked by Congress.
Both the Camacho and Almazan factions claim victory in the July 7th elections. When Congress convenes, it will declare the official winner to be inducted December 1st.
Followers of Almazan, asserting they were defrauded at the polls, say they will declare their candidate victorious and set up a Congress of their own if the administration forces declare Camacho elected.
Both the "Congresses" planned to meet only briefly today to review credentials. Administration candidates have had armed guards around the Senate and House chambers for weeks. The Almazan candidates kept their meeting places secret.
Political circles estimated twenty-seven special trains were bringing 60,000 pro-administration peasants to the capital to guard against any possible attempt by Almazan supporters to seize the Halls of Congress before September 1st.

AUSTRALIA IN LAST TRIBUTE TO MINISTERS

Thousands of Citizens Through Churches for Funeral Rites of Men Killed in Recent Air Crash.

Melbourne, Australia, Aug. 15.—(AP)—Thousands of persons thronged the streets approaching St. Paul's Cathedral here today when the coffins bearing bodies of national leaders and airmen lost in Tuesday's tragic plane crash were carried from the railroad station to the church.
Borne in the solemn procession were the bodies of Defence Minister Brig. Geoffrey A. Street, Air Minister J. V. Fairbairn, Sir Henry Gullett, Vice-President of the Executive Council, Lt.-Gen. Cyril B. White, Chief of Staff, and four of the airmen.
The body of another of the plane crew was taken to St. Patrick's Roman Catholic Cathedral and that of the sixth airman was sent to New South Wales for burial.
St. Paul's was laden with floral tributes as 1,600 troops from the three fighting services formed guards of honor. After the impressive service, guns boomed a salute and bells tolled in solemn tones as the procession left the church.
Mourners included the Governor-General, Lord Gowrie.

The newspaper Le Petit Dauphinois reported from Vichy today the French Government plans to "purge" French motion pictures and the radio, which it is said to deem largely responsible for "depraving the French spirit."
The newspaper's political editor-in-chief Jean Fageat wrote that Timo Rossi, a leading French screen star, "had more admirers than France's great patriots."
The Government was said to be planning to oust the men who became "dictators" of the French cinema. Fageat said many film stars who fled from Paris as the French line cracked will not be permitted to return to the French screen.
As for the French radio, Fageat said before the war it had "limited itself to besieging our ears with vulgarities" and it was but little better, even in the midst of the war, until Marshal Petain became Premier.
Vichy, France, Aug. 15.—(AP)—A public warning against levity and failure to fall into the spirit of discipline demanded by the Petain Government went out over the official radio to "certain big cities in the unoccupied zone" today.
The complaints were there was too much "exuberance" and that private festivities were permitted. Such happenings, the radio said, are painful to many citizens stricken by the horrors of war and the unfortunate situation of the country.

Nassau took on a gala appearance today in anticipation of the arrival of the Duke and his American-born wife, but there was no official word as to when they would come here from Bermuda—first stop on their trip from Washington.
The Most Rev. John Daughlin, Lord Bishop of Nassau, cancelled plans to spend a week in Baltimore, Md., after a vacation trip to Boston and hastened homeward in the hope of reaching Nassau in time for the induction.
For the new Royal Governor, the Colony brought out its finest decorations—flags and pennants used when Nassau was dressed up three years ago during the coronation in London of George VI, the Duke's younger brother and successor to the Throne.

This concentrated attack by masses of planes was noticeably weaker yesterday as the Germans aimed their strongest blows at Southampton, Dover and Hastings—all Southern ports. Only three hundred German planes took part, compared with five hundred on the previous day.
The R.A.F. on Tuesday shot down seventy-eight German planes and lost thirteen, but yesterday shot down only twenty-six Nazi craft and lost four.
The question of German parachutists in England was an overnight mystery. The Ministry of Home Security in a communique last night appealing to the public to help authorities hunt for "zeppelins" said there was no evidence of such Nazi troops having landed.
Some thought they might be a part of Hitler's war of nerves but their discovery failed to cause any alarm in any of the districts where they were found.

Recruiting Of Militiamen To Close Tonight

Continued from page 1
Work is being pushed on the thirty-nine training centres scattered across the country in which the men called up will receive their thirty days basic training, the first class entering in October. Selection of the sites of these centres is being by district military headquarters and while some sites have been announced locally no complete list of them is yet available.
The training programme for all members of the militia, those who enlist voluntarily up to and including today and those who are called up by age groups later is based on an objective of thirty days for each man.
The men called up will do their thirty days training in the training centres. The men who enlist voluntarily will have two weeks in camp this month or next as a general rule. Owing to limited camp accommodation not all will get the two weeks although some units may get three. It is expected that throughout the year sufficient training may be given these men at headquarters in the evenings and other off-work hours to bring their time spent in training in the year up to thirty days.
As the scheme works out militiamen enlisted up to and including today will, as a general rule, be absent from their homes and places of employment for two weeks in camp while militiamen called by ages after today will be absent for thirty days at the training centres.

Canada To Strengthen Strategic Aerial Stations In Newfoundland

Continued from page 1
In the United States, including second-hand machines, and stepping up production in Canadian factories the problem of aircraft for training had been met.
At the same time, to prepare for any possible future contingencies it had been decided to accelerate the pace of construction of airdromes and buildings for the eighty odd schools contemplated by the plan. All construction work originally scheduled for completion up to the end of 1940 would be completed by the end of 1940.
It was not possible, however, to accelerate the human side of the programme as rapidly as the material side because instructors were not available. It was necessary first to train the men who would train the pupils before a large number of pupils could be handled.
Some student airmen from the United Kingdom have already arrived in Canada to complete their training under the plan and students from Australia and New Zealand are expected next month.
NATIONS UNITE TO BATTLE WOODS FIRE
Nelson, B.C., Aug. 15.—(AP)—Canadian and United States firefighters were forced to run for safety yesterday when a high wind lifted a forest fire over fire guards at Corn Creek near Creston, B.C.
Despite the break the fire was reported in "good shape" on the North side of the International Boundary. Some 175 American firefighters are co-operating with the Canadians.

"As time passes and winter approaches there will be other disappointments awaiting them," the spokesman added.
He said the origin of that particular date in the Hitler schedule is obscure but "it was undoubtedly pushed out by a German whispering campaign" and had come from many sources.

Continue Investigation Into Georgeville Murder Mystery

Unidentified Man Believed Not to Be Resident of Eastern Townships—Few Clues to Aid Officers in Search for Information—Georgeville and Magog Sector Combed by Provincial and Municipal Police.

Magog, August 15.—Convicted that the man whose battered body was found two days ago near Georgeville was not a resident of this district, Provincial Police today extended their investigations further...

Clues uncovered by Lt.-Detective Albert Marneau and Detective H. Finard, who were assigned to the Georgeville case, are meagre and include a gold ring with the initials C. N. and a tie pin.

The authorities entertain the theory that the man was murdered in some distant locality and brought to the lonely spot where the body was discovered by 11-year-old John Wilson.

Ratepayers Voice Opposition To City Hall Administration

Any members of the City Council who might have thought Sherbrooke rate-payers cared little about the proper administration of municipal affairs were rudely awakened yesterday afternoon when, at a meeting in City Hall, a representative group of city's heavy rate-payers voiced definite opposition to the \$225,000 loan by-law which is being voted on today.

The majority of the rate-payers present were emphatic in their expression that the by-law should be defeated as a protest to the manner in which the Members of the City Council have been handling the affairs of the city for some time.

Mayor Joseph Labrecque, Finance Chairman Alderman Eugene Thibault and the other aldermen were asked to explain why it was that every year the municipality has a large surplus and no attempt is made to reduce taxation, also why all clauses of the \$225,000 by-law were not clearly explained before being submitted to the public and why the aldermen, without consulting the rate-payers, decided to purchase a \$200,000 fire truck out of the city's reserve fund rather than include the purchase in the by-law as originally intended.

To all these questions and to others the City Council members found answer, but the manner in which the replies were given was such that few, if any, of the proprietors were satisfied at the close of the meeting.

Mayor Labrecque brought the meeting to order and explained that the assembly had been called because there had been complaints the loan by-law had not been given sufficient clarification and the Council had decided to meet the leading proprietors so that questions might be asked and the measure discussed.

The Chief Magistrate expressed belief the appeal for public support of the by-law was justified and said that a vote in favor of the \$225,000 loan would be interpreted as a mark of confidence in the present City Council. He maintained that such confidence was warranted, pointing out that the city's finances were in excellent shape and that, in spite of the proposed borrowing, the municipality's bonded indebtedness would be reduced more than \$100,000 in 1940.

Mayor Labrecque then asked if anyone had questions to ask. First spokesman for the proprietors was ex-Mayor A. C. Skinner who remarked that there are very few occasions on which the citizens get a chance to have a voice in civic affairs and that voting on the by-law provided one of those occasions.

"I feel that in the past five years the citizens have been treated with a certain amount of injustice because they have not been given any reduction in taxes in spite of substantial surpluses every year," Mr. Skinner said.

Finance Chairman Ald. Thibault was on his feet before Mr. Skinner had finished speaking and launched into a noisy dissertation on the wonderful financial standing of the city, whose credit, he claimed, was better than that of any other in the Province.

"I defy any Council in any other part of Canada to have done as well as we have," Ald. Thibault exclaimed.

The Finance Chairman then turned his fire on the Record, denying reports that to date more than \$100,000 had been spent by the Police and Fire Department.

"If they say \$100,000 has already been spent by the Fire Department it is false. It is in their interest to lie as it has been for a long time," he shouted. After he had paused for breath Ald. Thibault made the claim only \$58,000 had been allotted the Police and Fire Department to date and that this amount is well within the budget.

Mr. Skinner commented that all Ald. Thibault said might be very fine, but it did not take away from the fact that the present generation has had no relief from taxation in spite of the city's splendid financial record.

"The only reason I bring this to the attention of the public is because of the attitude of the present Finance Chairman and other members of the Council," Mr. Skinner said, adding that whenever he wished to discuss civic affairs with the Council no attention was ever paid by Ald. Thibault and others.

Ald. Alfred Cinq-Mars, Chairman of the Police and Fire Committee, defended expenditures in his department, claiming that inauguration of a night shift and other measures had necessitated an increase in personnel and, naturally, in expenses. Recent purchases by the Department were all needed, he said, and especially the \$20,000 fire truck to which so many property holders objected. This truck was only purchased after the Fire Underwriters had urged the city to provide more protection to the citizens, he concluded. He did not reply when asked why the truck purchase was not in the by-law.

Mayor Labrecque expressed surprise that a prominent man like Mr. Skinner should not be satisfied with the way in which civic matters were being administered by the present Council.

"I should like to know whether you had more satisfaction from the Council during Mr. Skinner's term as Mayor than you do now?" he wanted to know and appeared definitely taken aback when a chorus of "yes" came back from the proprietors.

Ex-Mayor Dr. Ludger Forest was next to speak: "I don't think, Mr. Mayor," he said, "Mr. Skinner is alone when he says he is against your by-law. In fact we're all opposed to the measure."

Criticizing the Council for failing to clarify the by-law to the rate-payers, Dr. Forest said that the Record was the only newspaper in which sufficient explanation had been given.

FUNCTIONS OF CIVILIAN BODY ARE EXPLAINED

Officials of Eastern Townships Communities Attend Meeting Convened by Director Maranda and C.P.C. Heads.

Functions of the Civilian Protection Committee in times of national emergency were explained to officials of seventeen Eastern Townships communities at a meeting convened in City Hall last night by Police Director Arthur Maranda, head of the Sherbrooke Metropolitan District of the C.P.C.

Director Maranda pointed out that the C.P.C. is designed to act for the protection of the general public in cooperation with the police and militia. In time of war the members of the Committee are trained as air-raid wardens, fire-fighters, decontaminators and salvage workers, he said, while they also are taught to lead the civilian population during flood epidemics, etc.

One of the most important duties of the Committee is to safeguard factories, schools and other public buildings from sabotage and Fifth Column activities, according to the C.P.C. head. He asked for the co-operation of the outside towns in assuring the success of the C.P.C. movement in this district.

Dr. J. A. Dion, City Engineer, W. H. Veilleux, Electric Superintendent, Gaston Masse and Inspector Percy Donahue, all officials of the C.P.C. organization, also addressed the delegates.

The following towns were represented: Lennoxville, Mayor H. W. S. Downs and Police Chief T. D. Bozer; Magog, Ald. G. Roy and Police Chief T. Lavoie; Bromptonville, Police Chief O. Auger; Brompton, Mayor J. R. LeBlanc; Marlton, Mayor Ernest Gingras; St. Camille, Mayor J. F. Brunelle; Ascot Corner, Mayor Victor Lemay; Rock Forest, Mayor Alphonse Martin; Ascot North, Mayor T. Raby; Hatley, Mayor C. W. Mouton; Wotton, Mayor Bernard Gallancourt; Weedon, Mayor J. A. Goulet; St. Claude, Mayor Amelco Bisson; Compton, Mayor Dr. N. Martin; St. George de Windsor, Mayor W. Jones; Katevale, Mayor Achille Bolduc; Martinville, J. H. Fortier.

Sherbrooke Fusilier Regiment In First Parade Next Sunday

Men Will Attend Services at St. Peter's Church and St. Michael's Cathedral—First Pay Parade This Afternoon and Mess Dinner Tonight—Fine Response to Recruiting Drive in All Sections of Townships.

Sherbrooke will have its first view of the new Eastern Townships active service unit, the Sherbrooke Fusilier Regiment, on Sunday morning when the unit will hold its first church parade. Announcement of the parade was made this morning by Lt.-Col. M. W. McAnulty, Officer Commanding.

The men will fall in at the barracks on the exhibition grounds and will move off at ten-thirty in the morning. Under the command of Lieut.-Col. McAnulty they will proceed along Park Street and then turn west on King. At the corner of King and Bowen they will be met by the Sherbrooke Regiment Band which will lead the parade through the city. The troops will march down King Street to Wellington and then along to the junction of Marquette and Wellington where the Roman Catholic section of the regiment will break off and proceed to St. Michael's Cathedral under the command of Major Aime Biron. The remainder will continue along Dufferin to St. Peter's Church where a special service will be held. Following the services the troops will re-assemble and led by the band march back to the barracks.

First pay parade of the new unit will be held this afternoon when all ranks will form up at the exhibition grounds and proceed to the office of the paymaster to receive their first remuneration for wartime service in the active ranks of the Canadian Army.

Organizing and equipping of the new unit is proceeding rapidly as new recruits pour in every day to the ranks of the regiment. As soon as men have been signed on and documented they are issued at once with full battle dress and personal equipment. The men are housed and fed in the buildings at the exhibition grounds and although the officers' mess has been established there, the officers are still living at home. The officers' mess opened on Monday and the first mess dinner will be held this evening.

Recruiting is progressing favorably, having been especially heavy this last week with recruits coming in not only from Sherbrooke and the immediate district but from a number of other centres in the Eastern Townships. Recruiting stations have been set up in several places and the establishing of additional ones will be announced in a day or so. A medical board is being established at Cowansville to take care of recruits in that district.

SHERBROOKE, THURSDAY, AUGUST 15, 1940.

O God, Who art the author of peace and lover of concord, defend us Thy humble servants in all assaults of our enemies.

WILL GERMANY STRIKE AT THE NORTH?

While the Southern section of Great Britain is at present receiving the brunt of the German blitzkrieg campaign, many military and naval observers incline to the belief that any Nazi invasion of Britain will strike somewhere on the Northeastern coast, probably from Norway, the Royal Air Force being busily engaged fighting German air raiders in the South.

These men believe the Germans are not likely to forfeit the element of surprise by invading Britain at the spots where the air activity has been greatest—that is, on the Southern and Southeastern coast.

Britons themselves cannot decide whether there is to be a war of air attrition or an invasion before winter. They feel, however, that the R.A.F. can establish local air superiority in either case.

There has been no lessening of preparations to receive German invaders, but some circles now advance the idea that Germany may be content with a winter-long aerial war aimed at weakening the R. A. F. and softening up the nation by hammering at seaports and industrial centres.

These sources point out that the Germans postponed action on the Western Front from November 11, 1939, until May 10, 1940.

The apparent weakness of such a plan of delay is that unless Germany can effectively bomb munitions works and armament factories the British army will be at least fifty per cent stronger next spring.

Britain would have the problem of keeping the greatest army ever massed in the Island at fighting pitch, as well as fit and contented, though idle.

Aware of this problem, the Manchester Guardian has advocated not only varied entertainment for troops, but lectures, language classes and schools.

TRADE AND WAR

The capacity of any nation to produce is in a great extent affected by its ability to import, as modern industry represents the importation of raw materials which can be produced more cheaply abroad than at home. It would be folly at a time like this to waste effort by producing in Canada a product which we could obtain more cheaply—that is with less cost in human effort—by producing something else and exchanging it for the things we need.

"Raw material" in the sense in which it is here used, means products used in Canadian factories in the production of other products. Steel is a finished product, but it is the raw material of shipyards and a raw material for tanks. The lack of ability to import—due to the stranglehold of the British Navy, forces Germany and Italy to expend far more labor power in production than either country would be compelled to devote to this purpose under normal conditions.

In war we seek to produce more with less effort. Our blockade of the Axis powers compels them to reverse this process—to produce less with more effort. The measure of change in this connection is shown by a total increase in our imports in the first six months of this year, of \$175,000,000 the increase in exports was \$145,000,000. The figures for June, the last month available, show an increase of \$34,500,000 in merchandise exports and \$27,000,000 in imports. There was also a substantial increase in exports of non-monetary gold.

Canadian trade, despite war, moves upward and helps to carry the burden of the war. The increased demand for labor has led to National Registration; the hope being to speed up production by drawing more men into the army of workers. Many more will be needed. The war is not yet over.

PARKS TOURIST TRAVEL GAINS

An increase of thirteen per cent in tourist travel to national parks in Western Canada is recorded by the Department of Mines and Resources, Ottawa, which reports that in the four months ended July 31, 1940, a total of 366,440 visitors entered the Western parks as against 323,618 persons in the corresponding period a year ago.

Banff National Park had 104,088 visitors as compared with 95,614 in the four months ended July 31, 1939. Attendance at Jasper National Park hit an all-time high with 49,726 visitors entering this park through the Eastern Gateway in addition to about 14,000 cars and approximately 30,000 pas-

sengers entering via the new Banff-Jasper Highway, opened to traffic June 13. Kootenay National Park was visited by 23,112 tourists as against 19,990, Waterton Lakes National Park had 62,648 visitors compared with 37,802, and Yoho National Park played host to 19,753 persons, an increase of almost 68 per cent over last year.

East of the mountain parks, Prince Albert National Park in Saskatchewan had 49,061 visitors compared with 17,753, while attendance at Riding Mountain National Park in Manitoba reached the record figure of 93,138, an increase of 17,709 over April, May, June and July a year ago.

LOOT

To the Russian troops and to Russian civilians, according to Edmund Stevens, European correspondent for the Christian Science Monitor, the contrast between the bare shelves of the stores in their own country and the well-stocked shops in the countries which they have been annexing is something amazing. This applies to Poland, Bessarabia and the Baltic countries alike. And the opportunity being there, the invading Russians, taught that community of goods is part of the Bolshevik doctrine, systematically loot the stocks of goods which they find.

The Russians are well supplied with paper roubles and woe betide the shop-keeper in an invaded city who declines to accept the worthless paper as currency. The rate of exchange between the rouble and the currency of the country is set by Moscow and it may be imagined that the rate is not disadvantageous to the Russian buyers. The official rate for the rouble is five to the dollar, but it has, at some points, dropped to 300 to the dollar. This is the currency which the unfortunate storekeepers are compelled to accept.

Civilians use every dodge to get in on the spoils. One Moscow civilian obtained leave to visit Poland to report on the progress of the revolutionary movement in Poland, and returned home with seven suitcases filled with clothing and every imaginable type of consumer goods, ranging from watches and fountain pens to dog-collars.

When Riga and Tallinn were first invaded by the Soviet troops they found shops neat and well furnished, and suspected that the window displays were part of a special propaganda scheme. Now, because it serves Soviet policy, these trim, neat little cities are to be reduced to the general level of Soviet dinginess and thousands of persons who made these little countries oases on the edge of a desert will be sent to the timber camps of Siberia.

These are the countries which Soviet propagandists hail as the newly liberated peoples, who have been crushed under the heel of capitalists and are being freed by the Bolsheviks.

SUPPLY CONDITIONS CHANGE

Indicative of the many changes which have had to be made in plans for prosecuting the war as a result of developments in Europe is the fact that Canada, regarded at the start of the war as one of Great Britain's distant supply points, is seen now as one of the United Kingdom's nearest suppliers. This information was contained in an announcement by the British Ministry of Information that Britain seized 43,300 tons of contraband during July, 34,600 tons being from neutral ships and 10,700 from Italian vessels. Most of the neutral vessels were bound for Italian ports.

The increased shipping advantages obtained in recent months have compensated for the much longer distances the vessels now have to go for supplies, the Ministry said.

The statement added that Canada has embarked on a "very large" shipbuilding programme involving about one hundred vessels of all kinds.

There are now 7,500,000 more gross tons of shipping available to the Allies than when the war was started, due largely to the increase in the number of Allies, the Ministry said. When the war started Britain and the Empire had 21,000,000 gross tons of shipping, including all vessels of more than one hundred tons.

These included all types—troopships, supply ships and armed cruisers—and less than half the total should be counted as available for cargo carrying.

The ships now available for the Allies include those of Norway, 3,500,000 to 4,000,000 tons; The Netherlands, more than 2,000,000 tons; Belgium and Poland, 500,000 tons, and Denmark and France, 800,000 tons.

FROM THE RECORD FILES OF THIRTY YEARS AGO

After months of debate and discussion, the Sherbrooke City Council adopted a universal six cent rate for house and commercial lighting, thus ending the complaints which had been levelled at the complicated system proposed to replace the old controller system.

Officials estimated that damage in excess of \$200,000,000 was caused when fire raged through the World's Fair Buildings at Brussels. The principal loss of the British exhibitors comprised a number of museum pieces on display.

Fire destroyed the farm buildings on the property of Jason Henth at Cassville, much machinery and the season's crop of hay also being lost.

The Town of Coaticook finally reached a solution for the new bridge impasse, signing a contract with the second lowest tenderer after the firm turning in the lowest bid refused to carry on for the sum named.

An East Ward representative on the City Council demanded that greater care be shown in the road department expenditures, telling his fellow aldermen that through extravagance, the city was not getting the best value for the money spent.

Reports from various parts of the Townships indicate that the harvesting of the grain crop is now underway, following one of the heaviest hay harvests on record.

George Murray, of Frelighsburg, was seriously injured when he fell in front of a hay mower.

FROM THE PEN OF E. T. WRITERS

LET US REMEMBER ENGLAND.

To Britain's health I quaff a toast, And to her sons, sea-faring; I like to tell, (perchance to boast) About her deeds of daring.

Her coasts are bristling with defence, The Bulldog shows his teeth, All, all are there, to do and dare, Each does his bit bequeath.

While Britain's sons do guard our seas, Or scan with eagle eyes, The skies above, for birds of "Love" We need not fear surprise.

They're on their job, to hunt the mob And drive the Huns from sight; All lend a hand, nor deign to stand And question Britain's might.

We'll win this war without a doubt, So BRAVO, ALL—keep going! We'll put the enemy to rout And make a gallant showing.

And "Chins Up" every one of you, No matter where you be, We know each Briton is "True Blue" And out for Victory.

Then keep your eyes upon the goal And fight for Britain's glory, Nor count the mounting battle-toll, Grim Time shall tell the story.

And, when we've rounded off the fight Then we can pause to say: "Old England's sons are ALL, ALRIGHT THEY SURELY WON THE DAY."

PRESS COMMENTS

IT MAY BE HITLER ASKING

(New York Post) The approaching famine in Europe points straight at this hemisphere. The United States and the rich nations of South America are the one hope for food supply. We may be sure that shortly the hungry nations will appeal to us, on human grounds, to feed their starving women and children.

We shall then be in a terrible plight. Our sympathies will be touched but at the same time we shall realize that food has become a war material; that food can be delivered to the Continent only by breaking the British blockade. We shall know that when Denmark, for example, begs for food in the name of her women and children, it may be Hitler asking for double rations for the German army.

And what of South America? Will the Argentine Republic resist the tempting price a desperate Nazi Europe will offer for beef and wheat? If South America sells while the United States honors the British blockade, what will become of our hemispheric solidarity? These are unanswerable at the moment. They will be put to us all too soon.

WHAT WILL WE DO WITH OUR WHEAT?

(Ottawa Journal) Canada's granaries bulge with more than 250,000,000 bushels of wheat—wheat left over from last year. On top of that there is coming an estimated yield of 400,000,000 more bushels of wheat; making between 650,000,000 and 700,000,000 bushels that we shall have on hand this fall.

Canada's domestic wheat consumption (flour and seed needs) is between 125,000,000 and 150,000,000 bushels; so that we shall have an exportable surplus—for sale to somebody somewhere—of over 500,000,000 bushels.

Where can we sell it? Britain can take probably 250,000,000 bushels, but that, as far as can be seen, is all we can sell. Europe will be closed; blockaded; the United States has wheat of its own to sell; and there are no markets in the Orient or in South America.

The prospect, it would seem, is that we shall have a lot of wheat left on our hands. At a price of seventy cents a bushel—which is what the Government will pay the farmers for most of it—it presents quite a problem.

THOSE WHO LIVE ON THE BORDER

(Buffalo Courier-Express) Pointing up the news of the day, we succumb to an urge to call attention to an item from Malone, up there in York State near the Canadian border. This wistful yarn has to do with war and a new dispensation and passports and other things heretofore unknown in the century and more of peace between the United States and Canada.

It appears that at a place called Trout River on the New York-Canada border there is an old building which has served many uses.

LET US REMEMBER ENGLAND

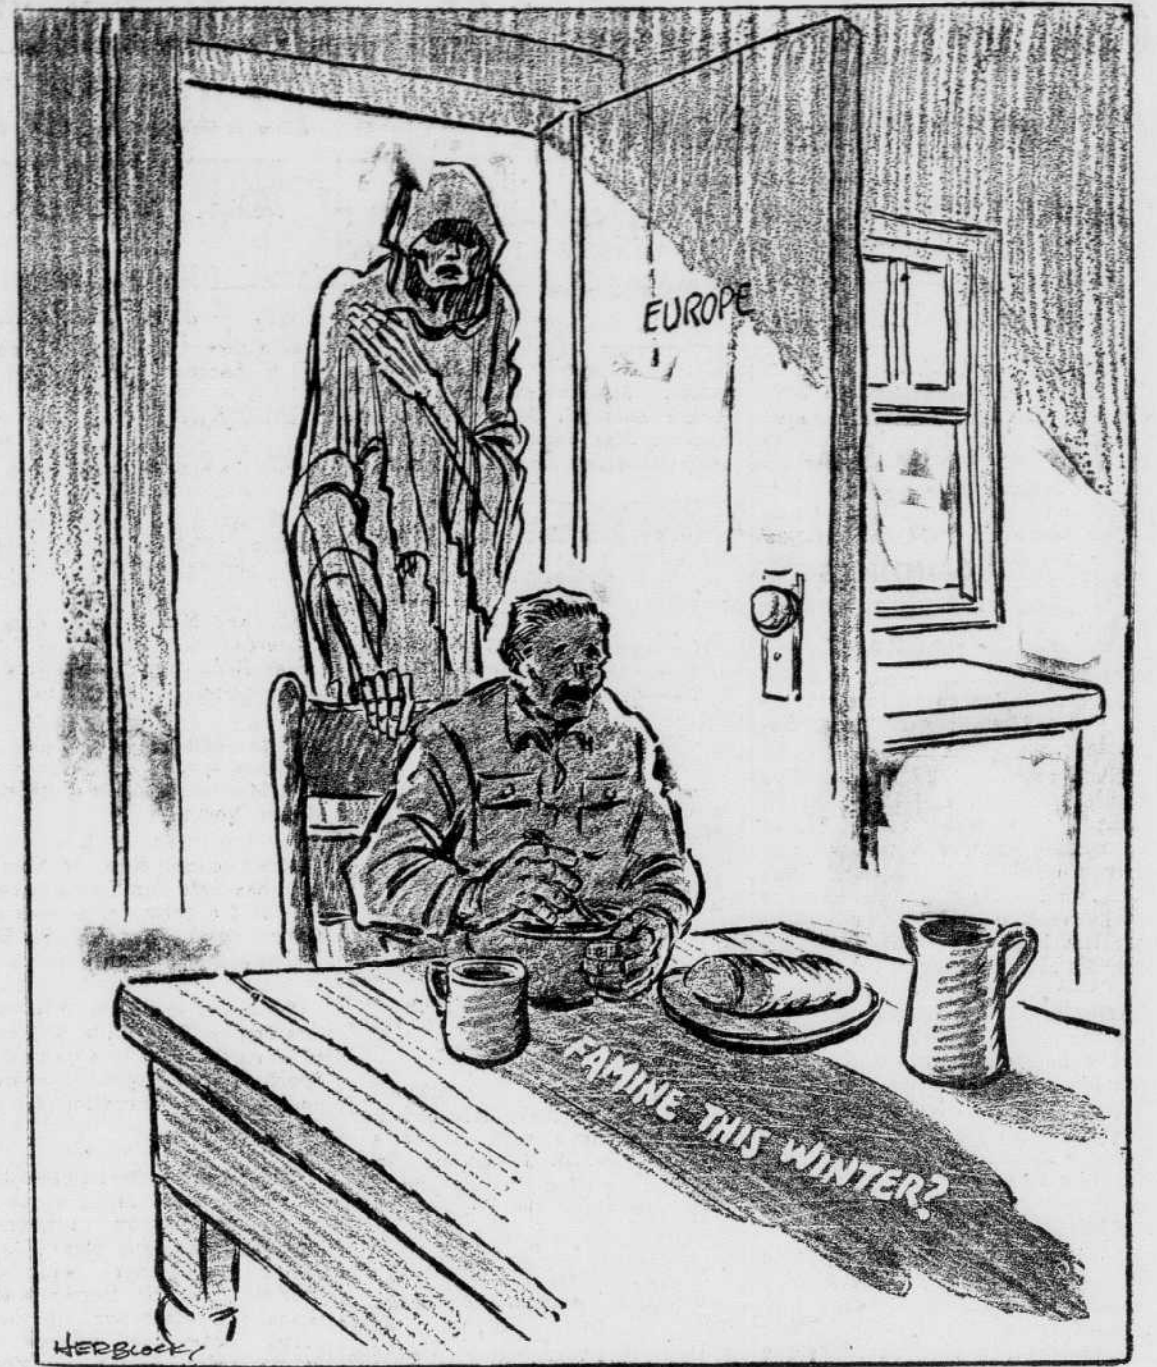

Another year! Another deadly blow! Another mighty Empire overthrown! And we are left, or shall be left, alone. The last that dare to struggle with the foe.

'Tis well! from this day forward we shall know That in ourselves our safety must be sought, That by our own right hands it must be wrought;

That we must stand unpropred, or be laid low, O dastard whom such foretaste doth not cheer!

—Wordsworth.

UNSEASONAL CHILL

HAVE A SMILE

A man fainted in a hairdressing salon the other day. Apparently after a long, nerve-wracking silence the barber had suddenly remarked, "Getting nice and thick on top, sir."

Bella: "Your Mr. Robinson is good-looking, but I don't care for his ways." Phyllis: "Never mind his ways; my dear—think of his means!"

Schoolmaster: "I shall not punish you this time, for there seems to be no evidence you were seen in the orchard." Pupil: "Thank you, sir; may I keep the apples?"

There's nothing like sleepwalking for wearing the feet out.

I have met scores of churchmen who made as much noise as if they were really big guns.—Letter in a provincial paper.

And what were they—merely minor canons?

Owner of baby car: "I left my car here with this coat over it, and now it's gone." Police: "Have you shaken the coat?"

"Late again, O'Malley," stormed the irate foreman. "How do you account for it?" "It's inherited sir," replied O'Malley, "you see my father was the late Patrick O'Malley."

Teacher in geography class: "Where is Detroit?" Young Ike: "In Chicago playing the White Sox."

"Well, my dear," said he, as he was dressing, "I s'pose you were right when you told me last night there were burglars in the house."

"Why?" "Because all the money that was in my pockets when I went to bed is gone."

"Well, if you'd been brave and got up and shot the wretch you'd have had your money this morning."

"Possibly, but then I should have been a widower." She gave him back half the money.

Waiter: "Customer says his steak is too small." Manager: "Take it away and bring it back on a smaller plate."

UNUSUAL BID NETS CANADIAN PLAYERS TOP SCORE TRICK

Two Canadian stars who are well known to American contract players are P. E. Sheardown, who is now in uniform with the Irish Regiment of Canada, and D. G. Farquharson, of Toronto. They have won a number of American titles and were members of the Canadian team winning the national open team-of-four championship in 1936.

In today's hand they held the North and South cards. Most players reached six no trump or six spades and as either of those contracts, there are unfortunately only eleven tricks.

In explaining their bidding, Farquharson (South) said he felt quite confident that his partner held five spades, and knew that he had four hearts. With hearts as trump, there might be a possibility of an extra trick, while if the trumps were spades, there would be only four heart tricks. Farquharson thought he could count five spade tricks, five hearts, a club and a diamond.

In the North position, Sheardown had to decide whether to bid six spades or six no trump over six hearts, but knowing that South held four spades and four hearts, he made

the correct decision to pass six hearts.

In the play of the hand, even though East might make the difficult opening of the club, you can see that South will win with the ace, take three rounds of trumps, and discard the losing club on the fifth spade.

IN THE WOMEN'S SPHERE

Our congratulations to:

Rev. E. C. Amaron, Principal of Stanstead College, and to Thomas Keeley, of Sherbrooke, on the occasion of their birthdays.

Social and Personal

Mrs. E. B. Dundin is spending the week-end in Hillhurst.

Miss Mary Giroux has returned to her home on King Street after spending the week-end in Bury, the guest of Miss Loretta Leonard.

Mrs. Fred Jackson has returned to her home in Montreal after spending a few days with her mother-in-law, Mrs. C. Jackson, Wellington Street.

Her many friends will be pleased to learn that Mrs. Nellie Whaley, of Beebe, who is a patient in the Sherbrooke Hospital, is gaining steadily.

Mr. and Mrs. W. Hall, Mrs. W. W. Carter and Miss Ivy Cook, Island Street, have returned from a motor trip to Niagara Falls, also visiting friends in Toronto and St. Catharines, Ont.

Mr. and Mrs. Fisk, of this city, and Mrs. Rexford and Miss Dudley, of Magog, have returned to their respective homes after an enjoyable trip to Windsor, Ont.

Mr. and Mrs. N. J. Picken, of Sanford, Maine, have returned home after spending a week as guests of Mr. and Mrs. W. J. Oakley. While here they visited friends and relatives throughout the Eastern Townships.

Mr. and Mrs. F. W. Wood, of Grand, Que., announce the engagement of their daughter, Ethel Doreen, to Mr. Leslie J. MacLeod, son of the late Mr. John MacLeod and of Mrs. John MacLeod, of Grand, Que., the marriage to take place quietly on August 24th.

Mrs. R. Benton and Miss H. McGregor entertained at a charmingly arranged party in honor of Miss Eileen Douglas, a popular bride-to-be of the month, at the latter's home on London Street. Bridge was enjoyed at three tables, the prize winners being Miss Anna MacDonal and Mrs. Bert Noble. During the evening Miss Douglas was presented with a lovely electric toaster and an accompanying good wishes of her friends for her future happiness, for which she extended her sincere thanks in a most gracious manner. Later delectable refreshments were served by the hostesses, the table being covered with a dainty lace cloth and attractively centered with a silver basket of pink roses.

The golden wedding of Mr. and Mrs. Philias Doyon was the raison d'être of a happy family reunion, the celebration of Mass, the presentation of gifts and a banquet. The Pontifical High Mass was celebrated in the Church of St. Jean Baptiste, East Sherbrooke, where a bevy of sensible flowers decorated the edifice. The High Mass, with Deacon and sub-Deacon, was sung by Reverend Dolon Biron, Pastor, and Reverend Fathers Picard and Feeney as assistants. Professor Oscar Cartier presided at the organ and the singing was by members of the family and friends. At the conclusion of the religious ceremony a banquet was served to 150 guests in the hall of the Academy of St. Mary, where the tables were artistically decorated with purple and gold flowers. Complimentary addresses were given by Rev. Dolon Biron and Mr. Raoul Gagne, and a well-filled purse, a basket of fifty yellow roses and other gifts were presented to the honored guests by their grandchildren. Mr. and Mrs. Philias Doyon, early settlers of Sherbrooke, lived their entire fifty years in the same home and in the same parish. The family, consisting of thirteen children, all living, and twenty-six grandchildren, were all present on this occasion.

Mind Your Manners

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. Should the visiting cards of a high school girl be engraved Miss Alice Smith or Alice Smith?
2. Is a floor-length organza dress worn with a picture hat suitable for an afternoon garden party?
3. Would it be all right for a group of girls, none of whom have dates, to go together to a school banquet?
4. Should friends who are invited to commencement exercises send the graduate a gift?
5. Should friends congratulate the graduates at the end of the Commencement exercises?

What would you do if—
You are a young man who has been graduated from high school or college and have received a number of gifts from friends—

- (a) Write notes thanking the persons who gave you gifts?
 - (b) Ask your mother to thank the family friends and relatives for you?
- Answers
1. Miss Alice Smith.
2. Yes.
3. Certainly.
4. Yes.
5. Yes.
Best "What Would You Do" solution—(a). Even though your mother thanks those who sent you gifts it does not take the place of your writing notes.

Mrs. J. H. Miller, of Montreal, is a recent guest of Mr. and Mrs. W. B. Sargeant, St. Michael Street.

Aircraftman Ashmore Mosher left yesterday for Brandon, Man., to begin training in the R.C.A.F.

Mr. and Mrs. Ernest Armitage, of Sanford, Florida, are visiting relatives and friends in this city.

Mr. and Mrs. Stanley Pergau left yesterday for their new home in River Bend, where Mr. Pergau will be principal of the school.

Miss Madeline Ferguson, of Ottawa, is spending a week with Mr. and Mrs. C. J. Rose, Wellington Street North.

Mrs. Robert Weis, of North Hatley, has left for Lewis, where she will be the guest for a week of Rev. Canon and Mrs. C. R. Eardley-Wilmut.

The many friends of Miss Beatrice Charron, of Waterville, will be sorry to learn that she is a patient in the Sherbrooke Hospital, where she underwent an operation for appendicitis.

The Friendly Christmas Club was pleasantly entertained at the home of Mrs. E. Savage, in Lennoxville, where cards were played at three tables, the winners being Charles McKee, Mrs. N. Carter and Mrs. Gless, the latter winning the guest prize. Later the hostess served dainty refreshments, assisted by Mrs. McKee and Mrs. Carter. Mrs. Samsom will be hostess at her home on Wellington Street to members of the Club at their next meeting.

Mrs. John F. Daniel entertained ten children at her home on Prospect Street yesterday afternoon in honor of her little daughter, Judith, on the occasion of her first birthday. During the afternoon various games were enjoyed, after which delectable refreshments were served. As usual the three-story birthday cake was the highlight of the event, and much merriment ensued when the little guest-of-honor endeavored to blow the candles all out at the same time. The cake was beautifully decorated and topped with thirteen candles, one for each month, and one for the first year. Among the many pretty gifts received by the child was a bouquet of bright summer flowers, which arrived early yesterday morning from a little friend. The hostess was assisted in serving by her mother, Mrs. S. A. Weatherall, Mrs. Walter Waldie, Mrs. C. R. Waller, Mrs. Douglas Miller and Miss Doris McLeod.

The Legion Women's Auxiliary, B.E.S.L., held their general meeting at the Legion Hall, Woodward Avenue, with Mrs. W. Buck, the President, in the chair. A 2-minute silence was observed prior to the official opening of the meeting, after which the minutes of the last general meeting, an executive and a special meeting were read by the Secretary. Among the correspondents were letters of considerable importance from the Council, which were explained by the President. Several guests were present from Magog, and a distinguished guest of the afternoon, Mrs. Crosby, Past President of a Montreal branch, gave a very interesting address on the purpose of an Auxiliary. Plans are underway for the Women's Auxiliary, B.E.S.L., to hold their cafeteria at the Sherbrooke Exhibition, the proceeds of which will be in aid of the needy. Following adjournment a pleasant social hour was enjoyed, during which delicious refreshments were served.

It was announced this morning that the sum of \$101.70 was realized from the dance sponsored by the St. Francis Golf Tennis and Ski Club on Saturday evening at St. Francis Golf Club. The proceeds will be forwarded to the Canadian Ladies' Golf Union, Quebec Branch, to be used in the purchase of an ambulance for the Canadian Red Cross Society, in which worthy cause the local club was asked to assist. Instead of making a regular admission charge, members and friends were asked to make their donations as large as possible, and the Club wishes to extend their sincere thanks to those who attended for the splendid manner in which they answered this appeal. A considerable amount was raised by the auction of articles which had been generously donated by local merchants, with Henri Gobeil as the general auctioneer. Members of the club assisted willingly and were kept very busy attending to the comfort of the many guests.

EAST PINNACLE

Mr. Kenneth Sherrer was a recent visitor in Montreal.

Mr. Charles Barber has brought his brother, Gary, home from the hospital in St. Albans. Mr. Jones, a nurse from Montreal, is taking care of Mr. Barber at his home here.

Mrs. Charles Barber and little son, Dana, recently spent a day in St. Albans.

Mr. and Mrs. Frank Butler and three small daughters, of Cowanville, were recent guests of Mr. and Mrs. Carl Frechette.

Mr. Hugh Sherrer recently spent a day in Sherbrooke.

Mr. James McCullough has returned to his position at the Customs after a two weeks' holiday.

NURSES GIVEN LEAVE HOME IN CENTRE LONDON

Empire-Wide Institution Provided for Nurses Attached to Military Units from Overseas.

By GLADYS ARNOLD, (Canadian Press Correspondent) London, Aug. 15.—When Canadian nurses with the forces come on leave to London they, like the soldiers, will find ready for them a special leave club, only this is on an Empire scale.

The King George and Queen Elizabeth Club for Service Women of the Empire, under the presidency of Lady Vansittart, has been realized through the efforts of the Empire Societies' War Hospitality Committee. The Nuffield Trust for the Forces of the Crown has generously made a considerable grant for the initial cost and the first year's upkeep.

Many prominent London women attended the opening reception and were received in the beautiful old house in Manchester Square by Lady Vansittart, smartly gowned in black and white, Lady Muriel Gore-Brown, Chairman, and Miss Elise Sprott, Vice-Chairman.

The house was the former home of the Florence Nightingale International Foundation where nurses from every country of the world are doing post-graduate work in London.

Since the war these nurses have had to return to their own lands, but the twenty-two bedrooms now available to service women of every category still retain the names written on the door—Czechoslovakia, Canada, Hungary, Australia and so on.

"We are leaving the names on the doors because we're confident that one day they will be coming back from those countries again," said Miss Sprott as she showed us through the spacious rooms so comfortably furnished. Miss Sprott is well-known to Canadian business and professional club women whom she has met during her Canadian travels.

The club is planned not only as a leave centre but also as a meeting place where social and recreational facilities will be available to both residents and non-residents. A large dining-room is attractively equipped with small tables on the main floor. There are twenty-two bedrooms. The charges are small. Bed, breakfast and bath will be three shillings a night.

On the first floor is a large ballroom for dancing, a comfortable and large lounge where evenings may be spent quietly by the fire. The reception rooms are particularly attractive for their French windows from ceiling to floor and the beautiful Adam mantels. A programme of dances and concerts is planned.

DUNHAM

Mrs. Marcus Doherty entertained the members of the Dunham Branch Women's Institute at her home, Mrs. C. Farnam presiding. The principal business before the members was making arrangements for the lawn fete, which was to be held in the near future. Committees were named to attend to the different events of the evening. A letter was sent from the Institute to Mrs. Robinson, of St. Albans, County President, expressing their regrets at her recent accident and wishing her a speedy recovery; also a letter to Macdonald College regarding the Club subscribing to their magazine. The roll call was responded to by giving "School Days' Recollections." A good attendance of members and one visitor were present. Dainty refreshments were served by the hostess, assisted by Miss Eliza Jane Doherty and members of the society. Mrs. James, of Montreal, is a guest of her daughter, Mrs. C. Killgallen and family, of Chapel Corner. Mr. and Mrs. De Witt and son, of Leominster, Mass., are guests of Mrs. De Witt's sister, Mrs. E. A. Buchanan and family.

A delightful garden party was held on Mr. O. C. Selby's lawn, under the auspices of the Women's Institute. The grounds were wired for electric lights, and Red Cross emblems were conspicuous. The guest tables were covered with prettily trimmed cloths with red border and flower holders, also in the emblematic colors. The proceeds were for the Red Cross and were most gratifying.

Miss Carrie Baker attended the flower show in Bedford, where she was a judge.

Mr. Robert McElroy was one of the exhibitors at the Waterloo Fair. Mrs. M. S. McElroy and Mrs. Knowlton attended the Waterloo Fair.

Dr. John Armstrong, Mrs. Armstrong and Mr. W. Glenn, of Outremont, were weekend guests of the Misses Small, at Maplewood.

Miss Molson, of Bedford, was a guest of Miss Donna Jones.

Mrs. Clarence Powers, of Farnham Centre, was a guest of her brother, Mr. W. S. McElroy and family.

Mrs. E. A. Buchanan and Mrs. DeWitt were in Bromie visiting their mother, Mrs. Tracey, who is ill.

Is This the Reason You Are Constipated?

If you're wondering why your bowels don't work right... stop and think about what you eat. Bread, meat, eggs and potatoes. All good nourishing foods... but lacking in "bulk" after the digestive process. And you need "bulk"! Food that gives the bowels something to work on... to help them move.

It's this lack of "bulk" that's causing your constipation. Kellogg's All-Bran is just what you need. After digestion a soft mass remains which helps your bowels move. In addition, All-Bran gives you Nature's intestinal tonic, vitamin B₁. Eat this tasty ready-to-eat cereal every day, drink plenty of water, and enjoy happier days. All-Bran is made by Kellogg in London, Can. Sold by every grocer.

NAME OFFICERS OF INVERNESS BIBLE SOCIETY

All Leaders of British and Foreign Bible Society Renamed at Meeting in Inverness United Church.

Inverness, Aug. 15.—The annual meeting of the Quebec branch of the British and Foreign Bible Society was held in the United Church with the regular service and a very large congregation in attendance.

Rev. C. Adey opened the service with a hymn sung in unison, Rev. John Prout read the Scripture portions, followed by prayer by Rev. James Adams, representing the Bible Society. The offering was received by Messrs. James Robinson and John Mooney. Rev. James Adams gave his report and thanked all the officers, collectors and donors. Mrs. D. Appleton read the minutes of the last meeting and the financial statement. It was moved by Mr. George Mooney and seconded by Mr. D. Appleton that all officers be re-elected.

A splendid lecture with colored lantern slides, on China, was given by Rev. James Adams, ending with

the message given by King George VI to be printed on all pocket testaments for men serving on land, sea and in the air. Rev. Adey thanked Mrs. Nutbrown for services at the organ and the choir. The singing of the National Anthem closed the service.

W. I. HELD MEETING
The August meeting of the Women's Institute was held at the home of Mrs. John Graham with Mrs. Weston Graham as joint hostess. All agreed to give the allotment for the ambulance to be given by the Women's Institute for war purposes. Final plans were made for the concert to be given this week. The new magazine being published at Macdonald College was ordered by several. A duet was sung by Miss Harriet McComman and Mrs. Norman Kinnear. Lunch was then served to twelve members and several visitors and the meeting closed with the singing of "God Save the King."

Indigestion Caused Lumpy Feeling In Stomach Until She Found Mosby's Tonic

Mrs. Gorgeon Tells How She Suffered for Years with Upset Stomach and Gas Pains Before She Took Mosby's Tonic—Now She Says: "I Enjoy My Meals and Feel Better Than I Have in Years!"

MRS. M. GOURGEON, who tells in her statement here-with how MOSBY'S TONIC relieved the stomach distress she had suffered for years.

Do your meals seem to form a lump in your stomach, causing sourness, bloating, and gas pains, due to slow and poor digestion? Are you a victim of constipation, which causes headaches, out-of-sorts feeling and restlessness at night? Do you have spells of kidney sluggishness, with sharp back pains and sluggish-acting kidneys?

If so, try this new, scientific formula, known as Mosby's Tonic, the medicine of many ingredients. Due to its 15 roots and herbs, blended with other proven medicinal agents, this splendid compound acts in five different ways, all at once to help distress and make one feel better. Some of its ingredients help cleanse the bowels. Others help clear out stomach gas. Still others aid digestion, help eliminate poisons from the kidneys and assist you to richer blood. It accomplishes several things simultaneously, and many people say the results are surprising.

This new medicine is now being introduced to the public daily here in Sherbrooke at the Chagnon Pharmacy, 11 Wellington Street North. Many well-known residents in Quebec Province are strongly endorsing Mosby's Tonic and urging others to get it and take it. For instance, just a few days ago, Mrs. M. Gorgeon, 40 Champlain Street, Hull, P.Q., made the following statement and offered her photograph for publication:

"I had indigestion so bad that my meals felt like a heavy lump in my stomach," said Mrs. Gorgeon. "I bloated with gas so bad that sometimes I couldn't even breathe properly. At nights when I tried to get some sleep I would be suddenly awakened by these gas spells and would lie awake for hours. This broke up my rest so that by mornings I would feel all tired out. I suffered this way for years, and simply couldn't enjoy a meal. Was also a victim of constipation, which made me feel weak and worn out. In fact, I felt out-of-sorts practically all the time.

Now Enjoy Her Meals! No More Indigestion!

"Then I got Mosby's Tonic and certainly feel different now. I noticed gas being expelled from my stomach, and could eat my meals and enjoy them and not have that heavy lump in my stomach. After a few days, and now I can go to bed and get a good night of rest and feel fine in the mornings. I also noticed fine relief from constipation, and have new energy and feel so much better that I gladly give you this statement and tell my friends about Mosby's Tonic.

MOSBY'S TONIC is sold here in Sherbrooke at the CHAGNON PHARMACY, 11 Wellington Street North.

TAKE THE "LEAD" FEELING OUT OF YOUR LEGS

Get More Oxygen In Your Blood and Get the Pep that Sends You Bounding Up the Stairs
People who smother to death die because oxygen has been completely cut off from them. Just as surely you are slowly smothering if your blood lacks red corpuscles. Red corpuscles are your oxygen-carriers. They carry the oxygen you breathe in to every part of your system. Without enough oxygen-carrying corpuscles, your kidneys, liver, stomach and bowels slow down. Your skin gets pale, flabby, often pimply. Your nerves may become jittery—you tire quickly—feel depressed.
What you need is Dr. Williams' Pink Pills. These world-famous pills help make more and better red corpuscles and thus increase the oxygen-carrying power of your blood. Get Dr. Williams' Pink Pills today at your drug store. See for yourself how quickly this time-proven blood-builder will help you back your pep. Copy 1938, G. T. Farned Co., Ltd.

TWO COUNCILS MET IN SUTTON

Routine Business Discussed at Regular Town Hall Assemblies of Village and Township Municipal Bodies.

Sutton, Aug. 15.—A regular session of the Municipal Council of the Village of Sutton was held at the Town House under the presidency of the Mayor R. J. Buckle. It was moved by Councillor Coumbe, seconded by Councillor Desheres that the bills having been examined be ordered paid. Councillor A. A. Thompson moved that the Secretary-Treasurer be authorized to purchase a ton of calcium chloride for use on the roads. This was seconded by Councillor J. E. Hoskins.

MUNICIPAL COUNCIL MEETING OF THE TOWNSHIP OF SUTTON

Check Discharges From the Bowels

Bowel troubles, although happening at any time of the year, are more prevalent during the hot summer and early fall months. Summer flu is one of the worst troubles, but diarrhea, dysentery, colic, cramps and pains in the intestines, or any looseness of the bowels should have immediate attention. The action of Dr. Fowler's Extract of Wild Strawberry is pleasant, rapid, reliable and effectual in helping to check the unnatural discharges. It has been on the market for the past 24 years, so why experiment with new and untried remedies? Get "Dr. Fowler's" and feel safe. The T. Milburn Co., Ltd., Toronto, Ont.

pal Council of the Township of Sutton was held in the Council room of the Town House with five Councillors and Mayor M. E. Darbe present. Councillor G. Ingalls moved that the bills having been examined be ordered paid. This motion was seconded by Councillor O. Wilson. It was announced the Township of Sutton has bought a piece of land from Mr. A. Roy of Abercorn, for the purpose of improving the Clay Bank Road. Councillor Wilson moved that the September meeting of the Municipal Council of the Township of Sutton be held on August 31st instead of in Fair week. This motion was seconded by Councillor Derrick.

General Notes
At the first regular service of the United Church after a two weeks' holiday the pastor, Rev. B. Mallalieu officiated. The choir rendered a delightful anthem, after which the honor roll was unveiled by Mr. M. B. Longway, the oldest member of the church, and grandfather of one of the boys whose name is on the roll. The names on the roll are as follows: Pte. Merritt L. Longway and Corp. Earl Ring, of the Royal Montreal Regiment M.G., now in service in England; Arthur McElroy, of the R.C.A.F.; Robert Kirk, veteran on home guard, and Edwin Jenne of the R.C.A.

Mrs. John Shufelt was in Farnham recently, the guest of Mrs. Flora Shufelt and Mr. and Mrs. K. C. Patullo and family. Mr. Norman Goyette and Miss May Dyer, also Mrs. Eugene Dyer motored to Cowansville for an evening. Miss K. Longway and Miss Gertrude Smith have returned to Montreal, after an extended stay with Mr. and Mrs. George Webb. Mr. T. B. Brougham, of Montreal, spent a day with Mr. and Mrs. L. W. Longway. Mr. William Sales, of Knowlton, was in town recently. Mr. Roberts, of Worcester, Mass., is visiting at the home of Mrs. W. Kemp for a few days. Miss Winchester is visiting her sister, Mrs. W. Kemp for a few days.

TWO SOCIETIES HELD MEETING AT SAWYERVILLE

Presentations Made to Rev. W. C. Dunn, Mrs. Lawrence Mackay and Mrs. James Twyman.

Sawyerville, Aug. 15.—A special meeting of the Ladies' Guild and the Women's Auxiliary of St. Phillip's Mission was held in the Mission Hall, where several presentations were made. Rev. W. C. Dunn, on behalf of the two organizations, presented Mrs. James Twyman, who is leaving to take up residence in Sherbrooke, with a black leather purse, as a token of appreciation for her faithful assistance in the work of the two societies. A blanket was presented to Mrs. Lawrence Mackay, (nee Kathleen Matthew), whose marriage took place last month. Mrs. L. H. Hunt, President of the Guild, on behalf of the two organizations, presented Rev. Mr. Dunn with a desk set, on the occasion of his departure for the Magdalen Islands. Plans were made to start renovations in preparation for the arrival of the new Pastor, Rev. A. E. W. Godwin who, with Mrs. Godwin, is expected to arrive here soon.

The committee appointed for the food sale, to be held later in the month, comprised Mrs. M. Mathew and Mrs. A. E. Sadler. **General Notes**
Mr. Alfred Richardson, his daughter, Mrs. Sumner, and son, Fred, of Sherbrooke, Mrs. Guy Hopkinson and friend, of Nashua, N.H., the Misses Harriott and Miss B. Cowan, of Scotstown, and Miss Annie MacDonald, of Cookshire, were guests of Mr. and Mrs. C. W. French. Kitchen Hodgins, of the R.C.A.F., was a week-end visitor at his home here. Gunner Thomas Harbinson was in town recently. Miss Marjorie Waldron, accompanied by her guests, the Misses Clarke, Miss Leroy and Mrs. Williamson, of Montreal, have gone on a trip to Charlottetown, P.E.I. Mr. and Mrs. Harold Sherman, of Quebec City, are spending some time with the former's parents, Mr. and Mrs. Walter Sherman, of Sherbrooke. Mr. and Mrs. James Twyman, Mr. and Mrs. Arthur Mayes, Mrs. Gerald Gagnier and baby, Gerald, and the Misses Marjorie and Dorothy Twyman have left to take up residence in Sherbrooke. Their many friends here regret their departure from the community.

OBITUARIES

ERNEST MARTIN, EAST HILL. Brome, August 14.—Final tribute was paid to a well-known and respected citizen of East Hill, Mr. Ernest Martin, when friends gathered recently at his home to attend his funeral, which was conducted by Rural Dean Gedy, of Brome. Interment was beside his late wife in St. John's Anglican Church, Brome. The bearers, old friends and neighbors of the deceased, were Messrs. John Chamberlain, John Page, Austin Chamberlain, and Louis Page.

Mr. Martin, the eldest of a family of two children, was born at East Hill, son of the late Michael Martin and his wife, Helen Rockwell Martin.

In 1900 he married Hattie Royce, of East Hill, who predeceased him seventeen months ago. Nearly forty years of married life were spent on the farm which he still owned at the time of his death. Mr. Martin was in his seventy-fourth year and of late had been in poor health, but was active until within a short time of his death, when he passed peacefully away on Monday, August 5. Mr. Martin was of a quiet and retiring disposition. He was active and industrious and a friend to all. He leaves no immediate relatives, his brother, Eddie Martin, having predeceased him many years ago.

Mrs. F. W. Lyster and Mrs. Harry Grundy entertained recently in honor of Miss Eunice Denison whose marriage takes place shortly. Many pretty gifts were opened by Miss Denison and passed around for inspection. In a few well-chosen words, she thanked her friends for their kindness after which tea was served by the hostesses, assisted by Mrs. E. Lyster and Miss Mildred Lyster.

Master Ralph Cook and Miss Marilee Cook, of St. Felix de Kingsey, were week-end guests of Master Roscoe Patrick.

Mr. Clarence Stevens, who has enlisted in the Home Guard, has left for training camp.

WORLD EVENTS ALTER OUTLOOK FOR TENNESSEE

Growth of Defence Industries Improve Conditions in Once Main-Depressed Area of United States.

Knoxville, Tenn., Aug. 15.—(AP)—A world at war is reshaping the economic scenery in the Tennessee Valley which suddenly has found itself in the limelight as a strategic region in United States' defence plans.

Cotton fields are being ploughed up for factories. New industries are spending millions in building. The tempo of life has changed for thousands of farmers who are leaving the plough for the machine.

The industrialization of the South, under the drum-beats of war on other continents has been quickened beyond the realization of most of the inhabitants.

Industry has at last turned its eye on the valley's rich resources in labor, materials, electric power, rail and water transportation facilities, temperature, climate and inland security in event of possible future invasion by enemy forces.

The valley, included in the region which President Roosevelt once termed "the nation's No. 1 economic problem," is in the midst of a dramatic period spawned by the turn of world events.

Private Robert Harper, of Quebec City, Miss L. Cook and the Misses Beatrice and Ethel Harper, of Bury, were guests of Mr. and Mrs. Allan Brazzall. They also called on Mr. and Mrs. G. Hume.

Mr. and Mrs. R. Noel and Mr. and Mrs. Xavier Brouin motored to Beauce, where they visited relatives.

Mr. Harry Jackson and daughter, of North Hatley, are spending some time with the former's daughter, Mrs. Stanley McVety, and Mr. McVety.

Mr. and Mrs. Arthur Dawson and son, Glennon, of Lakefield, were calling on Mr. and Mrs. G. Hume recently.

Mr. Harry Tomlinson, of Montreal, spent a few days at his home here.

Canada's TOURIST TRADE

Every year well over 10,000,000 tourists visit Canada from the United States. They spend some \$250,000,000 in the Dominion.

Canada's tourist trade has become one of the most important sources of our national income. Under stress of war, American tourist dollars are vital in providing needed exchange.

Canada's banks materially assist in promoting this lucrative trade. Over 3,000 branch offices provide the tourist with familiar banking services throughout the Dominion—often in the most remote areas. At any of these branches Travelers' Cheques are cashed, Letters of Credit negotiated, money exchanged, tourist information gladly furnished by Managers and Staff.

To the stranger within our gates Canada's banks extend a warm welcome and through friendly, courteous service, encourage him to return another year.

*NO MORE DIETS... *AND UPSET HOUSEHOLD!

Because certain foods disagreed with me, I became a "food faddist." I jumped from one diet to another looking for relief from upset stomach and indigestion. My continual "Don't eat that, eat this" got on my family's nerves until one day stomach powder—the prescription used by so many leading hospitals for stomach pain. After taking it for only a short while, all my stomach ailments were instantly vanished...and I'VE THROWN AWAY MY DIET BOOKS!

So good to your stomach—take Maclean Brand Stomach Powder and eat what you like without paying a penalty.

GRANBY AGAIN FIGHTING FOR TOP IN P.B.L.

Red Sockers Humble Quebec 7-6 to Climb from Third to First-Place Tie—Trifluviens Take Saints 16-3.

The scene shifted again today in the Provincial Baseball League with Granby Red Sox back in a virtual tie with Quebec Athletics for the lead and St. Hyacinthe in third place.

Quebec and the Red Sox have staged a see-saw battle for the lead in the past two weeks with first one in front and then the other. The Saints have never been far behind.

Granby slipped into third place behind the Saints Tuesday but the Sox came from behind for a 7-6 decision over Quebec yesterday that hurled them right back into a first-place tie. The Saints meanwhile slipped back in the blank race by losing 16-3 to Three Rivers.

Almost the only constant team in the standing, the Trifluviens have held onto fourth place while the others were battling for the lead. But they threw their hats into the penman transmittal 12345234 1 234

penman transmittal 12345234 1 234 hits off two St. Hyacinthe hurlers and now are but two and a half games away from first place.

A seven-run rally in the sixth inning following a five-run outburst in the fourth featured the Trifluviens victory. While they were pounding pitchers Brich and Champagne, Art O'Donnell on the Three Rivers mound held the Saints in the palm of his hand with five scattered blows.

At Granby meanwhile, the Red Sox counted three runs in the sixth frame for a 7-6 margin that they held until the end of the contest. The Athletics had jumped into a two-run lead with three runs in the first half of the sixth but the Red Sox took it back in the same frame.

Johnny Maloney and Hammond combined to hurl the victory, with Hammond getting credit for the triumph after relieving Maloney in the sixth.

STAN LEONARD TOP CANADIAN STAR IN OPEN

Calgary Pro Given Best Chance to Win Out Against Starry American Invaders in Tourney at Toronto.

Toronto, Aug. 15.—As he said before, Stan Leonard of Montreal is a Canadian who thinks that some day a Canadian will win the Canadian Open golf championship—something a home-brew has been unable to do for 21 years.

Horne, one of the best of the Canadian shotmakers, doesn't think this will be the year and possibly next year wouldn't bring realization of the dream. But he does think that some time in the next five years the foreign threat will be brushed aside and a Canadian will be victorious.

"Our best chance would come if we could only get three or four Canadians up close to the leader at the start of the last round," said Horne yesterday as he went through his final drill for the open, which starts today over Scarborough Golf and Country Club course.

"In the past a Canadian has been up near the pace-setter with a round to go but he's always been alone and the terrific pressure has been too much for him. I know, because it's happened to me. But if only three or four of us were up there one of us might be able to come through because the pressure wouldn't be all on one man."

Apparently, the outstanding Canadian threat at present is Stan Leonard of Calgary, who won the Canadian Professional Golfers' Association championship yesterday at Cedar Brae in an 18-hole playoff with Bill Kerr of Toronto Hunt Club.

Leonard, who had shot a par-shattering 65 in the final round of the regular tourney to tie with Kerr at 280, smashed out a one-under-par 69 in the playoff to Kerr's 72. That Leonard is definitely on his game can be seen from the fact that just before he left for Toronto he turned in a 64 at his home club, setting a course record.

Leonard will also have the advantage of being able to tune his game to that of an American star in the Open, for he is playing with long-driving Johnny Bulla of Chicago.

The field of 130 will play 18 holes today, another 18 tomorrow and then the 60 low scorers with ties will qualify for the final 36 holes on Saturday. So far, it has been claimed that a score of 278 to 282 will be good enough to win the crown which is being defended by Harold (Jug) McSpaden of Winchester, Mass.

TWO BASEBALL ATTRACTIONS HERE SUNDAY

Richmond and Acton Vale Tangle at Stadium in Afternoon—Sherbrooke Receives Montreal Nine at Night.

Two baseball games will be played here Sunday at the Park Avenue Stadium, which has been deserted since the fold-up of the Sherbrooke Monarchs will tangle with Acton Vale in a St. Francis League playoff fixture in the afternoon, while at night the new local intermediate squad will receive its baptism of fire against Kirk Seniors, of the Arco League, Montreal.

The new local team has been practicing strenuously, and is expected to be in good shape for the game, which will start at eight o'clock. Pitching for the Kirk crew will be handled by Disceol, with Carew as his battery mate. Other star performers on the Kirk outfit are Elder, Mike Shum and Farrell.

Manager Leo Fournier will put his charges through their paces at the Stadium tonight, and players anxious to catch berths with the squad are invited to take part in the drill, which will get under-way at seven o'clock.

Richmond and Acton Vale will jouge here because the Richmond park will be taken over by the Richmond Fair, which opens Monday. The teams are in the midst of a best-of-five semi-final series, with the winner of the Plessisville-Thetford Mines series for the championship.

Local fans will be interested in the game, because five Sherbrooke boys wear the Richmond uniform. They are "Lefty" Dube, Amedee Roy, He Asselin, Henry Couture and Paul Bouchard. Another well-known performer is Bus McLennahan, of Windsor Mills hockey fame.

KLEINMEN LEADING ELESKO IN CITY SERIES

Kayser Overcomes 3-0 Deficit To Win First Tiff For Championship

Superheater Softballers Hold Early Lead in First Game of Best-of-Five City Title Series—Forsy and Plouffe Turn In Smart Mound Efforts—Members of Red Cross Society Pass Hat.

Given a bit of a surprise by the stubborn opposition served up by Superheater Tigers, champions of the comparatively new Industrial League, Henry Klein's Kayser contingent, lordly monarchs of the City League, scored a 7-3 victory last night on the Parade Grounds to jump into the lead in the best-of-five series for the city championship.

With fair crowd on hand to view the hostilities, the two teams played a good brand of ball, and Kayser had any ideas of a walk-away knocked out of their heads when Superheater ran up a 3-0 lead in their first appearance at the platter.

Proceeds of the game went to the Sherbrooke Branch of the Red Cross Society. City League umpires handled the encounter, while Friday night in the second game, to be played on the Parade Grounds instead of at Dufresne Park as originally planned, the officials will be taken from the Industrial League staff. The umpires will work free of charge throughout the series.

Six members of the local Branch took up a collection, and their smart blue uniforms with Red Cross markings, contrasting with the uniforms of the two teams against the background of the crowd, presented a colorful picture.

Jack Forsy pitched a tidy game for the Kleinmen, allowing only six singles, issuing four free tickets and sending one of the Tigers down swinging.

Sixteen-year-old Roger Plouffe, who toiled for Superheater, allowed eight safeties, five of them for extra bases. He gave up one base on balls. His support was not all that it might have been, with four errors being chalked up against his team-mates. Forsy was given erroneous backing.

In the first frame a single by lead-off man Plouffe, bases on balls to Jim O'Connor and Bertie Rice, a fielder's choice by Murray Smith and Phillipon's fly gave the Tigers a three-run start. Kayser was scoreless.

The last of the second stanza, however, saw the City Leaguers land on Plouffe for four hits and five runs. Lessard doubled and scored on Dion's triple, then Pinard hit a double and rounded the bases on an error in the Superheater outfield, sending Dion in ahead of him. Latulippe and Peterson also scored on an error, a single and a fly-out.

Kayser went scoreless in the next three frames although Denault singled and Asselin doubled in the fifth.

In Sporting Vein

By Allan Bryce.

Kayser and the Red Cross benefited from the softball clash on the Parade Grounds last night. The Kleinmen, victorious 7-3, took a game lead over Superheater in the best-of-five series for the city championship, while the Red Cross took the proceeds.

A fair crowd was on hand to see the City League representatives fight it out with the standard-bearers of the Industrial League, and most of the spectators were surprised at the stubborn battle waged by the Superheater team.

Henry Klein's lads were expected to roll roughshod over the inexperienced Eliesko line-up behind the pitching of Jack Forsy, but they had no runaway, and were forced to come from behind a 3-0 deficit before going on to win.

Superheater was encouraged by the snowing made last night, and the players felt that with their youthfulness worn off they will give Kayser a tiff in the second game of the series in the second frame at the Parade Grounds. Pop up and see the next game, and do not forget to chip in with a sou or two for the Red Cross Society.

It should be interesting to see how softball in Sherbrooke stands up against Montreal opposition. Henry Klein's Kayser team certainly is the logical one to represent the city, having won the City League championship handily, and it is assumed Canadian Pacific Steamships will be worthy representatives of the metropolis, so the exhibition game at the ball park Saturday night under lights ought to be well worth the price of admission.

Not only the chance to see a good game of softball should be considered, but also the fact that proceeds of the game will be handed over to the Red Cross when you sports-lovers are debating the question of how Saturday night should be spent. The novelty of seeing softball under lights should in itself be a magnet which will attract hundreds to the Park Avenue Stadium.

Although the Steamships men may prove to be a bunch of DiMaggios and Pezzes in disguise, many local fans will be willing to bet that Hoc Asselin, cagy third baseman, Tony Pinard, Lessard, Dion, Jack Forsy and the other Kayser lads will be able to keep right up with the visitors in every department of the game.

Tennis swings into its own here after a few days lull as the Eastern Townships tournament is resumed in earnest tonight. It will be a long night, because the men's singles championship of the city will be at stake when Yvan Cote and Roland Metivier tangle at St. Francis at 7 o'clock.

Sherbrooke's intermediate baseball team will get into action Sunday night. It was announced today by J. A. Laforest and Leo Fournier, officials of the club. Although no announcement has been made as to what team will visit the city, it is believed a Montreal outfit will give the locals their first taste of competitive action. The game will start at 7 o'clock, and half of the game will be played in daylight, the other under the floodlights. Fournier put his players through a stiff drill at the Stadium last night, and is confident they will acquire themselves well Sunday.

If the New York Yankees would only start to win consistently or to lose steadily the so-called experts and odds-makers would know where they stand. But one day the Bronx Bombers come up with a dismal performance believed the exclusive property of the cellar-dwelling Philadelphia teams, and then the next they cut loose with home-run barrages and sparkling pitching performances to knock the stuffings out of top-rate aggregations. The McCarthy-men are far down the ladder, but if they could only harness their power into their old-time winning streaks it would not take them long to rear into the leading berth in the American loop, particularly when Detroit and Cleveland, although battling for the top, have been unable to show much in the way of steady winning form.

Old Dizzy Dean has pitched through twenty-one consecutive innings in his last two appearances on the mound for Tulsa Oilers of the Texas League, and boasts a record of seven victories and four defeats. The old maestro says he's coming back to the majors, although he is not worrying about this year, now that the Cubs are out of the National League race. His arm has thrived on plenty of hard work and sun, and he has abandoned his side-arm delivery in favor of his natural overarm pitch. His "nothing" ball apparently has as much on it for Texas League hitters, and he claims he can rear back and fog 'em through just like he used to in his prime.

Hal Trosky and Rogers Hornsby are first and second in line to succeed Oscar Vitt next year. Dope is Vitt is going, rain or shine, win, lose or draw.

Ragtime News Review: Connie Mack has benched McCoy. The winter's rank glammer boy; And we should give the Red Sox thanks for helping out the hapless Yankee; Rain played heck with Conn and Pastor. And we can't say who runs the faster.

Mike Jacobs took a \$15,000 loss on the Conn-Pastor posternment, but laughed right out loud about it.

Old Birds With Queer Deliveries Did All Right In Big Loop Games

The old guys with the funny deliveries did all right.

In yesterday's two best-pitched games, King Carol Hubbell of the Giants and Al Smith of the Cleveland Indians, the foremost exponents of the screwball, recalled the old days when they used to win regularly what they win only occasionally now.

Smith, of the two, turned in the better job. Working under the lights, he limited the Chicago White Sox to one hit—Jimmy Webb's single in the third—to enable the Indians to roll roughshod over the inexperienced Eliesko line-up behind the pitching of Jack Forsy, but they had no runaway, and were forced to come from behind a 3-0 deficit before going on to win.

The Hubbell victory in the first of a twin bill was a mellerdrummer of the dime novel variety. While Old Carl was elbowing his way to a five-hit, 12-inning 1-0 victory over the Bees, old Mel Ott, who had been benched for failure to hit recently, stole some of the show. Acting as a pinch-hitter in the 12th he singled, was sacrificed and scored on Frank DeMare's single to give the team's veterans all the laurel wreaths.

In the second game Manuel Salvo, a Giant cast-off, blanked his former mates with eight hits to win 6-0, and make Bill Terry acutely conscious of the fact that the trade he made for Tony Cucinello, using Manny as bait, was not the best he ever made.

Meanwhile, the Brooklyn Dodgers had a chance to close the gap between themselves and the idle Cincinnati Reds, but they flubbed it. After winning the first game 6-5 as Freddie Fitzsimmons got credit for

his 12th of the year, they lost the second 9-6 as Johnny Rizzo and Bob Bragan hit in timely fashion and the Brooks' pitching folded completely.

The New York Yankees crept back into the first division by lambasting the Boston Red Sox for the third straight time, 8-3 as Red Ruffing held the opposition to six hits, three of them homers by Lou Linney, Jimmy Foxx and Ted Williams. The Bombers hit no homers in winning their sixth straight, but they bunched 11 blows off Earl Johnson and Denny Galehouse.

The Detroit Tigers finally came out of their slump, after four losses, to hop on the St. Louis Browns 13-7 in a loosely played game that cost the Browns the services of Johnny Whitehead, who suffered a spiked ankle in a collision at first base.

Buddy Lewis' triple in the ninth with two out and two on gave the Athletics a 5-3 victory over the Athletics. Ken Chase limited the A's to seven hits while the Nats were punching Nelson Potter's deliveries for 11.

Pepper Martin, last of a long line of substitutes, worked Mace Brown for a walk in the eleventh inning with the bases loaded to force in the run that gave the Cards 7-6 night game victory over the Pittsburgh Pirates.

Clyde Shoun, last of four Card pitchers, got credit for the victory in the game that saw 32 hits rattle the walls of Sportman's Park. The lossers got 17 of the blows. Brown was charged with the loss, the Pirates second-in a row.

TALKS FROM EXPERIENCE

Chicago — Eggs Manske, former Northwestern star now with the Chicago Bears, is pessimistic over the chances of Bill DeCorrevont recuperating from an appendectomy in time to play with the Wildcats this fall.

"I went through the same thing with twelve weeks to go for spring practice," Manske recalls. "And I couldn't make it. Bill will have only six weeks. There's too much contact in football."

The Philly front office is busy issuing denials that a group of fifth columnists met secretly in the clubhouse the other day and demanded Doc Prothro get the heave-ho.

SPENCER SCOTT VICTORIOUS IN HAMBLETONIAN

Prediction Made Year Ago by Fred Egan Proves True as Son of Scotland Flashes Home in Front at Goshen, N.Y.

Goshen, N.Y., Aug. 15.—(P)—A prediction, made a year ago by a former Des Moines bell hop, came true yesterday.

As Peter Astra won the 1939 Hambletonian, Fred Egan, now nearing the sixty-year mark, stood at the head of the stretch and told all who cared to listen that he would be out there next year receiving honors for winning the world's premier trotting classic.

Little consideration was given his remarks even though the Lexington, veteran long pad ranked as one of the smartest drivers and trainers in the sport. He was known as the hard luck guy of the Hambletonian, having finished in the money in ten of the twelve in which he had a horse and barely missing out when Brown Berry stumbled while leading in the deciding heat in 1933.

Then, too, the horse with which he expected to win, Spencer Scott, had shown nothing up to that time, but yesterday Egan proved his statement when he drove Spencer to a straight heat victory for C. W. Phellis of Greenwich, Conn., before some 30,000 fans at Good Time Park.

Spencer Scott was the people's choice and he justified that honor by stepping the first mile in 2:02, only a half-second off Shirley Hambleton's Hambletonian record, and the second in 2:03 to win the purse of \$23,077. Remus, owned by Paul Bowser of Boston, Bill Dickerson of Goshen, N.Y., and trainer-driver Harry Short of Columbus, O., and Dunbar Bostwick's Kuno of Westbury, L.I., finished second and third, respectively, in both dashes.

Here's how the spectators rallied around the son of Scotland. After returning \$5.10, \$5.40 and \$4.20 across the board in the first heat, he paid only \$3.30, \$2.70 and \$2.40 in the second and \$3.40 for \$2 in the result pool.

"I had all the luck in the world," said Egan who had driven such famous horses as Van Sandt, 2:00 1/4, and Braden Direct, 2:01, the quiet Kentuckian's first great horse.

He called it luck but the crowd called it a combination of smart driving and a fast horse. In the first heat Egan sent Spencer to the front at the three-eighths pole and kept him there all the way. In the second he hit the Phellis colt in front as they hit the starting line and again he wasn't headed.

A half-length separated him from Remus in the first heat with Kuno like distance back in third place. The margin was increased to a length and half in the final dash with Kuno trailing by a length and half this time.

Most folks think Bucky Walters did his first chugging with the Phils. Fact is, he lost six and won five for high point in the Piedmont League back in 1929. Anyway, it'll be strange to see the former Philly battery of Walters and Jimmy Wilson out there toiling for a pennant contender.

Today's guest star: Victor O. Jones, Boston Evening Globe; "Joe Cronin, Jimmy Foxx and Jim Tabor will lecture and demonstrate for the kids at the New York Fair. Now if Joe will take the Red Sox pitchers out with him, they might pick up something from the kids."

CANADIAN LAD CAST IN NEW FIGHTING ROLE

Rex Carey, of Vancouver, Former Middleweight Champ, Now Overseas as Acting R.S.M. of Western Regiment.

London, Aug. 15.—(P)—Rex Carey, of Vancouver, former Canadian amateur middleweight boxing champion who represented Canada at the British Empire Games in Australia in 1938, is representing his country in the United Kingdom in another kind of fighting role.

The son of a soldier, Carey arrived recently with a contingent of the Canadian Active Service Force as Acting Regimental Sergeant Major of a Western infantry unit.

Carey's rise in the Canadian boxing picture was rapid. In 1936 he and a companion went to Seattle in search of opponents. Luck failed to smile upon them immediately and for a time they lived on 50 cents a day.

Then Carey was spotted by a promoter while boxing at a circus show. The promoter arranged amateur bouts for Carey throughout Western Canada and the United States. He won the middleweight title in 1937 and competed in the British Empire Games at Sydney the following year.

Carey was fighting as a professional when war broke out. His manager enlisted with him.

His father is a former Commanding Officer of the Yorkshire Regiment of the British Army. Carey's equipment includes the binoculars his father used in the First Great War.

Paul Dean's attempt to make a comeback for St. Louis Cardinals ended in failure a year ago tonight when the National Baseball League club announced his release to Columbus of the American Association. Dean started this season pitching for New York Giants of the National League.

JACQUES CARTIER CLUB TOURNEY
Gertrude Olivier and Norman Boutin were the prize-winners in the weekly "surprise" tournament held by members of the Jacques Cartier Tennis Club at the Vacation Colony. Runners-up were Pierrette Paquette and Roland Fontaine.

Sport Flashes
Billy Conn took off for Pittsburg in a huff after bawling out Mike Jacobs for calling off the Bob Pastor fight.

Dempsey, Louis and Braddock gave ovations in that order when they thrilled the kids at the fair last night.

Frankie Parker, the tennis star, had the bell hops gaping when he blew into swanky Newport with 24 pieces of luggage.

Attendance was so poor in Portland (Ore.) last week, the Hollwood Stars had to wire home for railroad fare.
