VALUABLE PROVISION FOR HIS OWN AFTER LIFE-TIME by a CASH PAYMENT or ANNUITY.

For Example, a Policy-holder for £1000, at age of 25, on his attaining the average period of persons of that age will at the rate of Bonus, have had an addition to his Assurance of £1,500, making the sum Assured £2,500 instead of £1000.

Or he may then exchange this large Bonus Addition for ONE CASH PAYMENT of about £1000 to himself.

Or he may exchange the Bonus Addition for an ANNUITY of about £102 payable during his life.

Such Exchange will in no respect affect the Sum Assured, which, as well as the right to future Bonuses, will remain intact for the Heirs or other purposes of the Policy-holder.

UNDER NO OTHER SYSTEM can anything like the same amount of benefits be obtained, whether as regards Increase of Sum Assured, or an equivalent in Cash Payment or Life Annuity.

An ASSURER during the current year in Class B. will receive, at next division ONE-FIFTH MORE BONUS than later Entrants—the difference being—probably so much as £40 on a £1000 Policy.

TEN REASONS

WHY it should be used in PREFERENCE to all others.

- 1st.—Bread or Cakes made with it are MORE WHOLESOME than if made with yeast or any other process
- 2nd.—Its PURITY is such that it will stand the test of the most perfect analysis.
- 3rd.—After having been extensively used for the last 14 years in NOT ONE instance has it failed to give ENTIRE SATISFACTION.
- 4th.—Families that have used it pronounce it THE BEST, and will use no other.
- 5th.—It contains no saleratus nor does it impair the digestive organs like those powders where SODA or an excess of ALKALI predominates.
- 6th.—It never gives to Bread or Cakes an unpleasant ALKALINE or MAWKISH taste.
- 7th.—The ingredients that form its composition are more BENEFICIAL than otherwise.
- 8th.—Dyspeptic subjects can eat HOT Bread or Rolls made with it and derive BENEFIT by its use.
- 9th.—Every packet contains its full weight. One pound packets weigh SIXTEEN OUNCES.
- 10th.—It is ALL that it is represented to be, namely:

“UNRIVALLED FOR PURITY AND EXCELLENCE.”

PROSPECTUS
OF THE
CANADIAN DOMINION DIRECTORY

FOR 1870-71:

To which will be added the Provinces of Newfoundland and Prince Edward Island ;
TO BE PUBLISHED IN SEPTEMBER, 1870,

Provided a sufficient number of Subscribers and Advertisers can be obtained to cover cost of publication.

NEARLY twelve years have now elapsed since the appearance of the CANADA DIRECTORY FOR 1857-58. This work was honored with the unanimous approval of the Press, and of business men throughout the British American Provinces, and was most favorably received in the United States, Great Britain and Ireland, France, &c. From all quarters the Publisher received the most flattering assurances of the merit and usefulness of the work. The lapse of time has rendered this Directory of little value for business purposes, and of late years the urgent need for a NEW DIRECTORY FOR THE DOMINION OF CANADA has been repeatedly pressed upon the attention of the Subscriber. The expense of the former work, however, was very considerable, and the result was a serious loss to the Publisher. With the pecuniary sacrifice involved in the publication of the CANADA DIRECTORY FOR 1857-58, fresh in his recollection, it is only at the urgent solicitation of friends for whose opinion he entertains the highest respect, that the Subscriber has consented to make a new effort in the same direction. He will not, however, feel warranted in proceeding with the scheme of a DIRECTORY FOR THE DOMINION OF CANADA unless a support commensurate with the magnitude of the undertaking be accorded to him ; and this Prospectus is issued as a preliminary step to an appeal to the public to subscribe to the work. He proposes to make this appeal not only to the Canadian public, but to business men in the United States, Great Britain and Ireland, France, Germany, &c., from many of whom he has received communications on the subject.

In the event of sufficient encouragement, the Subscriber's Agents will commence early next Fall to take the Names of the Professional and Business Men, and of the principal Inhabitants in the Cities, Towns and Villages throughout the six Provinces, and to collect such information as may be suited to the pages of the Directory ; this they will continue to do until the work is complete. The large cities will be reserved to the latest possible moment, so that any changes which may have occurred, up to the time of going to press, may be included. To secure, as far as possible, the correctness of the Directory, two or three gentlemen in each place will be solicited to revise the proof sheets containing information connected with the localities in which they reside. It may be stated that the matter for the Directory, will be put in type as fast as it is received from the Agents, and that *none of it will be printed off until the last place is taken*, so that corrections may be made up to within a few weeks of publication.

The Publisher believes it to be unnecessary, in this address to Business Men, to dwell at any length upon the necessity for the Directory which he proposes to publish ; but as one of the indications of the great difference that will arise between the present and the former Directory, it may be remarked that whereas the CANADA DIRECTORY FOR 1857-58 contained the names of only 1,389 places in Canada, the CANADIAN DOMINION DIRECTORY will contain the names of the principal Inhabitants of at least 3,500 places in the six Provinces ; and it need hardly be added, that the change even in those places described in the Canada Directory will be proportionately great.

The specimen pages which accompany this Prospectus will afford some idea of the plan and style of execution of the work. If enabled, by the liberal support of the public, to carry out the undertaking, it will be the aim of the Subscriber to render the Directory an indispensable companion to men of business throughout the Dominion of Canada,—and to houses in the United States, Great Britain and Ireland, France, Germany, &c., having transactions with this country. It will embrace much of value and interest to the Immigrant and the traveller, and every effort will be used to make it a complete and reliable work.

THE IMPROVED TURKISH OR ROMAN BATH,

140 St. Monique, between Dorchester and Cathcart Streets, Montreal.

There are many kinds of Baths, but the above Bath is in its nature, peculiar and singular, and when rightly administered, produces results which cannot be obtained by any other:—

1st.—THE EFFECTS of this Bath are to cleanse and promote the healthful action of the skin, and the seven millions little perspiratory sewers or pores which open upon its surface, and carry off waste and effete matters from the system.

2nd.—TO PURIFY the blood by drawing off its impurities through the perspiration.

3rd.—TO EQUALIZE the circulation of the blood throughout the system, thus removing all local congestions of the head or internal organs.

4th.—TO SOOTHE and tranquilize the nervous system.

THE SPECIAL USES OF THIS BATH are to secure perfect cleanliness, to preserve the health, to prevent disease, and for its treatment a most invaluable agent, especially for the cure of Coughs, Colds, Rheumatism, Neuralgia, Intermittent Fever, Bilious Derangements, Scrofula, Bronchitis, Sciatica, Malarial Fever, Local Congestions, Inflammations, and Skin diseases.

This bath has justly been entitled the "Queen of Baths," and ours having been constructed with all the most modern improvements and with perfect regard to ventilation, and being under medical supervision, we trust it will meet with that patronage which it merits both as an invaluable remedial agent and also as a sanitary means.

Circulars with full particulars, and all information given on application.

TO SAW MILLOWNERS AND LUMBER MEN. THE BEST SHINGLE MILLS IN THE WORLD!

PATENTED 1867.

PATENTED 1867.

THE DOUBLE CARRIAGE SELF FEEDING MILL,

Capable of sawing from thirty to forty thousand Shingles per day.

No Saw Mill should be without one.

Great saving in working up waste lumber, ends of logs, &c., &c., which can be cut into first quality shingles at very little expense.

Fifteen per cent of the lumber saved by the thinness of the saw.

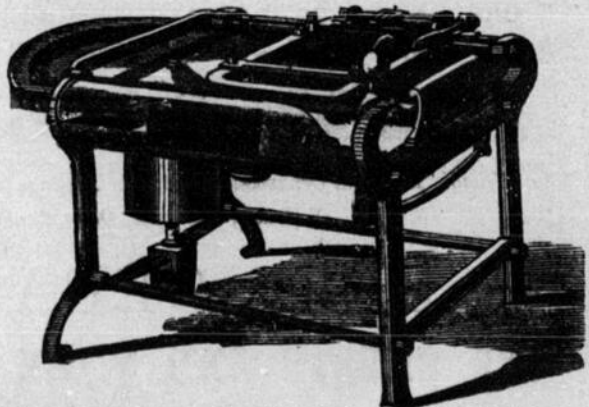

Shingles are sawed with the grain, nearly as smooth as if planed.

The single carriage hand feeding mill is easily managed, does not get out of repair, and makes from fifteen to twenty-five thousand shingles per day.

Our mills are built to secure the perfection of their work, not only when new, but for years to come; several of them are now in use in Ontario and Quebec, and make smoother, better, and more shingles, and give greater satisfaction, than any other machine in the United States or the Dominion.

To satisfy the public of the excellence of our mills we take pleasure in referring to the following gentlemen who have them in use:

- P. W. Wright, *Hull.*
- J. Rochester, *Ottawa.*
- C. W. McGrea, *Arnprior.*

THE Publisher feels confident that in the MONTREAL DIRECTORY for 1869-70, the Public will find that the expense and labour bestowed upon it have not been thrown away, and that in accuracy it is at least equal to any Directory yet published in this country. A work of this kind, to be really valuable, must be, in all respects, thoroughly reliable, and with a full appreciation of this fact, the Publisher has taken every possible precaution, in order to insure the correctness of the information contained in the Directory. In addition to the LIST OF NAMES and the STREET DIRECTORY, the work comprises a large amount of MISCELLANEOUS information which has been kindly furnished by Government Officials and by Public and Private Companies.

The number of additional names and occupied houses as compared with those contained in last year's Directory may be accepted as evidence of the increasing population and growing wealth of the City.
