NORTH HATLEY

The July meeting of the W.C.T.U. was held at the home of Mrs. F. W. Tyler on Wednesday afternoon last. Owing to the busy season the attendance was not as large as usual. It was planned to hold a food sale the last week in July. It was decided to not have a meeting in August. Before the members and friends left, delicious refreshments were served by the hostesses, Mrs. Tyler.

Discovered True Remedy For Systematic Catarrh

A bad case of Catarrh is not an easy thing to treat, and a remedy that makes good cures is great credit. Catarrhzone certainly fixed up Chas. H. Webb, who writes from Woodstock: "For a number of years I was much troubled with Systematic Catarrh. Nothing helped me very much. I used Catarrhzone Inhaler and got relief. To build up my system I used Perrozone. This combination can't be beaten. They made me well." Your case may also be bad, but Catarrhzone will do for you what it did for Mr. Webb. Two months' treatment \$1.00, small size 50c. All dealers or the Catarrhzone Co., Montreal.

Powder and Perfume With Cuticura Talcum

An exquisitely scented, antiseptic powder. Gives quick relief to sunburned or irritated skin, overcomes heavy complexion, and imparts a delicate, lasting fragrance, leaving the skin sweet and wholesome.

Large 25c. Cans and 50c. Cans. Sold throughout the Dominion. Canadian Depot: Chas. H. Webb, 141 St. Paul St., Montreal. Catarrhzone, Strong disinfectant, without odor.

BE AS PLUMP AS YOU PLEASE

Would you like to have a body deliciously alluring in its attractive curves? With soft, velvety cheeks, curving shoulders free from hollows, and a beautifully filled-out, well-rounded neck. These are easily secured. Just take two pleasant-tasting tablets of Ironized Yeast three times a day.

Yeast, as you know, puts clear, firm flesh exactly where it is lacking at present, imparting a beautiful plumpness to limb, bust and neck and bringing rich rosy color to the cheeks. This is because it contains certain vital elements—essential to health yet lacking in the modern diet. These elements have a wonderful effect in building new cells and tissue. The secret "ironization" process used in Ironized Yeast enables the yeast to accomplish its results twice as quickly. Get Ironized Yeast today. The rapid improvement in your figure will astound and delight you. To try Ironized Yeast entirely free, simply mail postal card for Famous 3-Day Test. Address Harold E. Ritchie & Co., Ltd., Dept. 93, Toronto. Ironized Yeast is recommended and guaranteed by all good dealers.

The Origin of Gallstones

They are simply dried bile made up of crystalline constituents of that fluid. Very common is this disease among merchants, clerical men, shop girls and those of sedentary habits. Prevention consists in maintaining correct action of the liver and bowels, and this is speedily accomplished by using Dr. Hamilton's Pills. No person using Dr. Hamilton's Pills will be subject to bilious fits. Sound digestion, good appetite, a clear color, will evidence the health-giving properties of Dr. Hamilton's Pills, which are safest and best for general family use. When a laxative is needed, when you feel out of sorts, that's the time to use Dr. Hamilton's Pills of Mandrake and Butternut. 25c, all dealers or The Catarrhzone Co., Montreal.

How You Can Remove Every Trace of Hair

(Toilet Talks)

A stiff paste made with some powdered delatone and water and spread on a hairy surface about 2 minutes will, when removed, take every trace of hair with it. The skin should then be washed to free it from the remaining delatone. No harm can result from this treatment, but be sure it is delatone you get and you will not be disappointed. Mix fresh as wanted.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain Mulsified coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply put two or three teaspoonfuls of Mulsified in a cup or glass with a little warm water, then moisten your hair with water and rub it in. It will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Mulsified coconut oil shampoo at all drug stores. It is very cheap, and a few ounces is enough to last everyone in the family for months. Be sure you get Mulsified. Beware of imitations. Look for the name Watkins on the package.

HIS PREFERENCE.

She (at the party)—I don't think the coxswain of your crew likes dancing.

He—I'm afraid not. He told me he'd sooner steer eight men than one woman any day.

WOMAN'S WAY.

"Young Wilder has had hard luck. He was disinherited lately."

"Cut off with a dollar, eh?"

"No, his mother did the disinheriting. He was cut off with ninety-eight cents."

Fashion "Trains" Brocade in the Way It Should Go—Shades It With Tulle and Sprinkles It With Jewels

At Left—Lovely in line, gorgeous in coloring is this gown of king blue mirror crepe and blue and silver Cheney brocade, girdled in sapphires and rhinestones. At Right—Nothing if not original and daring enough to suit the most unconventional is this trousered affair of Cheney brocade, in shades of fuchsia and gold, with its side draperies of red tulle and its jeweled panel.

Poor Fashion! How she is misunderstood! What fault folks do find with her! What slurs are cast upon her very name!

We find her critics in the pulpit and on the lecture platform, and while everybody has a right to his own opinion, and it must be confessed that the sartorial dame, like all the rest of us, is not perfect and does err, still, for the most part, Fashion does her best, and those who cry "out upon her" the

loudest are those who do not understand her ways, have no sympathy with her methods. And—whisper it low—the most ardent of her contemners are humans, who find clothes no problem at all, since it is solved for them in the conventional coat and trousers—men, my dear.

Spring clothes—view them carefully—are, as far as the majority is concerned, sensible, lovely, undeniably feminine and reasonable in cost. But the most part, Fashion does her best, and those who cry "out upon her" the

most of her exceptions. So while stolidity is the rule in modicum this year, nevertheless, there are to be seen here and there costumes that cause us to catch a breath—costumes that we would not wear for the world; oh, dear me, no; but costumes that we must admit an admiration for because of the genius of which they are the material expression.

It is quite certain that the more conservative would not care to trip the light fantastic toe in trousers—we

viek of this silver brocade gown would scarcely lead you to imagine the delicate beauty of the orchid tulle bow and train at the rear. The contrast is strong but the effect is pleasing.

wouldn't ourselves. But, at least, this "hussy" of a costume, if it has not a single other virtue to its credit, is novel, and while for it we do not predict a vogue, still, when one may change one's costumes as often as one wishes and wear nothing so conspicuous more than once or twice, it might be rather interesting to boast a bit of a brocade evening gown and one's possessions.

Tulle, lots and lots of tulle, to the gorgeous beauty of the brocade that spring offers. It will not be now before warm weather brings the spring frocks in earnest—only and net, and crepe de chine, lace will go to the dance, but in wardrobe, even in spring, mildady there are really formal gowns, a gown here one really formal gown, a gown dignified, lovely, and nine chances out of ten it will be of brilliant brocade, shirred and fastened by sheerest tulle in the most delicate tulle. And if mildady be tall and not too plump it is very likely that this tulle will follow the train to its very end. And perhaps it may drape the shoulders in a soft splashing bow or fall from the hips in full, floating panels.

LOCAL IRON WORKS TAKES ON MEN.

As evidence of the improved business conditions in the industrial section of the city, the fact is made known that one of Sherbrooke's large foundries has recently taken on an additional sixty or seventy men.

This announcement is very encouraging in view of the fact that conditions have been so depressing for the past few months. Most of the plants have been forced to lay off many valuable members of their staff because there has not been sufficient business to warrant their return. However, better times are in sight, and it is hoped that other plants will soon be able to follow the example of recalling many of their old employees to their posts.

SHERBROOKE-STANSTEAD ROAD IN GOOD CONDITION.

A considerable amount of work is being done on the Government road in the vicinity of Waterville, where gangs of men have been at work for some days spreading gravel over the road in the places where the heavy traffic has made the surface a little uneven.

This section of the road is always kept in good repair, as indeed, is the whole highway. Many tourists coming from various points across the border state that the road between Sherbrooke and Stanstead is as good, if not better, than most of the highways to the south.

MAKE HAY WHILE THE SUN SHINES.

The past few days of bright and sunny weather have proven a great boon to the farmers of the district, who have seized the opportunity to make a start on the mowing of their hay crops. Haying is now in full swing in this section, and the indi-

cations are that the crop this year will be the largest in many summers.

The abundance of rain has proven ideal for the growth and the warm sunshine has brought it along to a rapidly ripening stage, so that many farmers have already made great progress in getting their crop cut.

INDUSTRIAL EXPANSION IN THE EASTERN TOWNSHIPS

Once again the Eastern Townships has been recognized as the best place for a manufacturer from the United States to establish a branch factory.

The latest addition to the steadily increasing list is the Franco-American Company, who are now erecting a large plant at St. Johns, P. Q. The building, which is well on the way, and scheduled to be completed in October, covers an area of 300 ft. long by 200 ft. wide; it is to be a modern building in every respect, brick and concrete, with steel sashes, sprinklered throughout, with a concrete floor and saw-tooth roof.

It is understood that the Company is going to employ sixty hands for a start, and expects to develop very quickly to two hundred hands.

The industry is absolutely the first of its kind in Canada, the principal work being dyeing and finishing of all kinds of textiles.

PRESENTATION.

The neighbors and friends of Mr. Frank McLeod, met together last Wednesday at his home to welcome him and his bride, (the latter, nee Miss Carrie Gillander, Sherbrooke) on their return from their wedding trip. Those of the neighbors who had not been able to attend the wedding in Sherbrooke last month combined to present a permanent record of esteem and affection to their neighbor and friend in the form of a splendid collection of silver table ware.

The gift, beautiful and useful, was most happily chosen and won the hearty admiration of all. Suitable and appetizing refreshments, considerably brought by the visitors were enjoyed after some pleasing items had been rendered by those musically gifted. The short appropriate addresses of welcome, replete with hearty goodwill and feeling, tended to make the welcome home a memorable event in the lives of those participating. The new bride, Mrs. Frank McLeod, was deeply touched by the kindness and thoughtfulness of her reception from those who are now her neighbors, and nothing was left undone to make it apparent that she is certain of their most hearty co-operation in the future.

CITY APPEAL CINQ-MARS CASE

An appeal has been entered by the City of Sherbrooke in the case of Dame Cinq-Mars, mother of Ovide Desrochers, against the judgement rendered by Mr. Justice Gobeil in the Superior Court wherein the City was condemned to pay in excess of \$5,000 damages.

BODY NOT YET RECOVERED.

In spite of continued efforts on the part of the local police and the Southern Canada Power Company, the body of Antonio Blais, who was swept over the Magog river dam last Friday, has not yet been recovered. It is generally admitted that unless the body is located in the large hole adjoining the sluice, it must have floated out to the St. Francis.

RED AND SINN FEIN FLAGS ORDERED FROM CHURCH

LONDON, July 11.—Red and Sinn Fein flags, which the radical vicar of Thaxted has used as decorations in his church since 1916, have been ordered removed by the Consistory Court, thus settling a dispute which caused several raids on the edifice and split the little congregation for six years.

The court decided that the action of Rev. Conrad Noel in displaying the emblems of Bolshevism and the Irish Republic formed a "definite focus" resulting in disorder in the church.

The vicar's defense was that the red flag symbolized not Bolshevism but the Commonwealth of Nations, and at the close of the trial when asked if he would display the Union Jack in his church, he said "Decidedly not."

STANSTEAD

The W.C.T.U. will meet in the vestry of the Congregational Church on Wednesday evening, July 12, at 7.30. Mrs. Davidson, president of the "Y" branch of Stanstead County, will be present and address the meeting.

BEACH ACCESSORIES

The coat she wears manages to be colorful by virtue of the wide sleeves made of red and white rubberized satin. The rest is gray blue terry cloth. The girdle and handbag are printed black on white rubber. In the oval, red and white satin bathing slippers and green and white buckled boots were made to combine with one's color scheme. The bathing bag is rubberized satin with an outside pocket sacred to complexion aids. It is green with amber hoop for handle.

BLOUSES

The girl at the left wears a dainty net blouse, flat trimmed and bepleated. It does up at the back. Red and white silk printed in bold design makes the center tunic dashing and on the right a putty colored silk sweater covers itself with red and white checks. The slit and bound tunic is a feature that is good.

SHOES

Styles without end are made to adorn m'lady's foot. There is a buckskin strap oxford trimmed with yellow kid to wear with that yellow frock. Next to it comes the picturesque muletoe boots of white kid and red and patent leather. Patent leather and russet suede make the shoe just in front. On the stands, patent leather, oyletied in red for the sandal, satin and brocade for the slipper and white kid for the laced up oxford tell the story of shoe fashion.

GRANBY NEWS AND PERSONALS OF INTEREST

Cowansville Amateur Players Made a "Hit"—Sunshine Club Held Meeting.

GRANBY, Que., July 11.—Granby has reason to be proud of one of her high school graduates, Miss Winifred Blampin, who graduated in medicine this year at McGill University with high honors. After leaving high school she took the arts course at McGill and then made application for admission to the study of medicine. After five years of arduous study she graduated this year and immediately after receiving her degree accepted the offer of an appointment on the staff of physicians of the Women's Hospital in Philadelphia, Pa. She is the daughter of Mr. and Mrs. Samuel Blampin, of South Roxton.

Comedy Well Presented.

Cowansville amateurs made a hit with the Granby people, when they gave their comedy, "Turning the Trick," in the city hall on Tuesday evening last before a large audience. The play, which was given by the Trinity Church Dramatic Club of Cowansville, was under the auspices of the Granby Golf Club. The cast was as follows: Patrick Casey, (a retired contractor) Mr. F. J. Knight; Mary Ann, (his wife) Mrs. Lodge; Michael, (his son) Rev. A. T. Love; Kathleen and Maggie, (his daughters) Miss Doherty and Mrs. Douglas; George Drake, (a friend of the family) Mrs. Geo. Legg; Eileen, (the maid) Miss Morrisette; "Humpty" Stead, (the janitor) Mr. J. Flegg; Jim Dougherty, (of the U. S. Treas. Dept.) Mr. C. S. Douglas; Madame Anna Bairski, (a Bolshevik) Miss Barker; Armand Francois Boni Ami de Lovie, (a modiste) Mr. J. A. Bourgeois.

Mrs. Casey, being an ambitious woman, desired to rise in the social scale, but was always being dragged down by her husband, who was proud of his Irish ancestry as well as the fact that he had once "carried the hod," and had by hard work and thrift become a millionaire. He decides that the only way to cure his wife of her high and foolish notions is to go in for "high society," "free love," etc., for himself, and accordingly hires a dancing master and proceeds to learn all the latest steps. The French modiste, Mr. Bourgeois, was a whole show in himself and roars of laughter and applause from the audience greeted his every appearance.

Mary Ann, the fashionable wife, with her live poodle dog, acted a difficult part admirably, as did also their two daughters, the maid and the "Bolshevik" woman.

It was an evening of clean wholesome fun from beginning to end, and the hope was expressed that the Cowansville young people would return and give another of their splendid plays in the near future. At the close of the entertainment the visitors repaired to the Granby Golf Club house, where refreshments had been prepared for them by the ladies of the Club. After partaking,

Mr. Bourgeois extended the thanks of the Cowansville young people to the Granby friends for their kind hospitality, which was ably responded to by Col. J. Bruce Payne.

Sunshine Club Meeting.

The Sunshine Club of the Congregational Church held their final meeting for the season at the home of Mrs. Fred Pow, Denison Avenue, on June 26th. In the absence of the president, Mrs. George Skinner, vice-president, took the chair. It was decided to hold the annual picnic at the end of July, also to send a bag of flour to a needy family. It is the intention of the club to replace the present Roll of Honor in the church, with a substantial oak tablet on which will be inscribed all the names that are written on the present roll of honor, being those of young men of the church who gave their services, and some of them their lives, in the recent world war. A pleasant evening spent in social intercourse was brought to a close by the serving of refreshments by the hostess, who was assisted by Mrs. John Irving and Mrs. Angus McLean.

General Notes.

The lawn social advertised to take place on the Methodist Church grounds, had to be transferred to the church basement on Thursday evening last on account of the wet weather. Ice cream, cake and home-made cooking brought a ready sale and over one hundred dollars were added to the Ladies' Aid treasury.

WOMAN'S HAIR IS BEAUTY HALO WHEN MECHANICS OF COIFFURE ARE HIDDEN

CHICAGO.—"The glory of a woman is her hair." So declared Solomon, whose reputation as a connoisseur in feminine loveliness was equal to his fame as the wisest of men.

Fashion experts of today, assembled in convention in Chicago, agreed with the ancient king, but they declared that to be a woman's glory, hair must be arranged with an art that counterfeits nature.

"Nothing," said a beauty specialist at this national gathering, "is so conspicuous in a woman as her hair. Gown, toque, lingerie, jewels have each their separate appeal to the eye. But their combined effective is destroyed if the coiffure is

unbecomingly arranged with carelessness. It must have the grace of unstudied nature, the mechanics of the visible strands

coiffure must not be noticeable. Hair nets, pins, and other contrivances for holding the hair in place must not show. The prettiest of a coiffure is lost in evidences of artificiality.

"On a correctly groomed and beautiful woman a double-mesh hair net, plainly visible, is a tragedy. It is a detail out of drawing in the picture, a discord in the music. It has an air of cheapness. Its only excuse is its durability, but who wants durable ugliness?"

"Well-bred women have discarded these coarse-strand, visible nets. They lack style as well as beauty. Fashion has placed its imprimatur upon single-strand invisible nets of real hair or fine silk. They create an illusion. An indefinable charm distinguishes the woman who preserves the individuality of her coiffure beneath their strong, invisible strands."

MARRIAGES

HALL—BLAIR

BROOKLYN, N. Y., July 11. — Miss Flora M. Blair, of Granville, Que., was united in marriage to Mr. J. Clinton R. Hall, of Ayer's Cliff, Que., in Brooklyn, N.Y., on July 1st. Rev. Dr. George M. Brown officiated.

LABEREE—FOSTER

ISLAND BROOK, Que., July 11. — A very pretty wedding took place at the Anglican Church here on Wednesday, July 6th, when Miss Gladys May Foster, only daughter of Mr. and Mrs. Wm. Foster, of this place, was married to Mr. Foster Laberee, only son of Mrs. Henry Laberee, of Eaton Corner, the Rev. A. I. Vibert officiating.

The bride, who was given away by her father, was gowned in white silk with a wreath of orange blossoms and tulle veil and carried a shower bouquet.

The wedding march was played by Mrs. Charlie Burns, assisted by Miss Emma Miller, from Montreal, with her violin. A reception was held at the home of the bride's parents, where many handsome and useful presents were displayed, one being from the Church members, the bride being organist.

The happy couple left the same night for Montreal and other places for their honeymoon.

SALISBURY—MILLER

KNOWLTON, July 11.—On Wednesday afternoon, July 5th, 1922, Howard J. Salisbury, son of Mr. and Mrs. H. H. Salisbury, of Fulford, was married in the Methodist Church at Fulford to Miss Florence M. Miller, of the same place, daughter of Mr. Robert Miller, formerly of Montreal. The church was filled with relatives and friends. The Rev. Ernest M. Taylor, of Knowlton, who had baptized the bride groom, performed the ceremony, assisted by the Pastor of the church, the Rev. A. Sisco. Mrs. Armstrong played the wedding march.

The bride, who was given away by her father, was gowned in grey silk crepe de chine with hat and shoes to match and carried a bouquet of roses. The contracting parties were unattended. After the marriage dainty refreshments were served at the home of Mr. Miller. The bridal party took the train for a week's sojourn at Lake Massawippi. The gifts were numerous, ornamental and useful. Mr. and Mrs. Salisbury will reside on their return at Fulford. Among the guests who were present: Mr. and Mrs. Sisco, Mr. and Mrs. P. C. Duboyce, of Richmond; Mrs. (Capt.) Sweetman, from Montreal; Mr. and Mrs. H. H. Salisbury, parents of the groom; William and Herman, brothers; and Marjorie Salisbury, sister of the groom; Mrs. J. Jones, of Stanbury; and Mrs. Hayes, sister of the bride.

HILLIER—DERBY

CLARENCEVILLE, July 11.—The Methodist Church was the scene of a beautiful wedding on Wednesday afternoon, when Miss Lena Gertrude, eldest daughter of Mr. and Mrs. Orville Mayberry Derby, was married to the Rev. H. S. Hillier, of Dunnville, Ont. The bride entered the church leaning on the arm of her father, wearing a charming gown of ivory charmeuse, her court train lined with mauve, with full bridal veil arranged in cap effect, with a coronet of orange blossoms, and carrying an arm bouquet of lilies of the valley and orchids. She was attended by her sister Kathleen, wearing sea green taffeta, with hat to match, and carrying an arm bouquet of pink and mauve sweet peas. The groom was supported by his brother, Mr. W. Hillier, of Montreal, and the ushers were brothers of the bride, Messrs. Cecil and Maxwell Derby. Mrs. Masse, of Grande Ligne, presided at the organ, playing Mendelssohn's wedding music softly through the service and during the signing of the register. The Rev. John Hurst was assisted in the service by Mr. M. A. Barr, student pastor of the Baptist Church. Mrs. Hillier, mother of the groom, was gowned in black silk, and Mrs. Derby wore Harding blue satin with sequin trimmings.

Following the church service, a reception was given at the home of the bride to nearly a hundred guests. Mr. and Mrs. Hillier left early in the evening for a few weeks at Sixteen Island Lake. Going away, the bride wore a suit of blue, with French grey hat. During the month Mr. and Mrs. Hillier will pay a short visit here, going on from here to make their home in Dunnville, Ont.

MUSGRAVE—LIFTON

A double wedding took place in the First Presbyterian Church, Freehold, N.J., on June 28th, when Miss Georgina Lifton became the bride of Mr. Harold Musgrave, of Freehold, and Miss Florence May Lifton became the bride of Mr. Henry D. Jones, of Freehold. The young girls, who are sisters, were former residents of Sherbrooke, and are the daughters of Mr. and Mrs. George H. Lifton.

Miss Isabel Lifton, sister of the bride, and William Lanfield, of Freehold, were attendants to Mrs. Musgrave, and Miss Belle Loudon, of Freehold, and Miss Higon, of Philadelphia, formerly of Freehold, were the attendants for Mr. and Mrs. Jones. Little Miss Margaret Estelle, daughter of Mr. and Mrs. Asher Estelle, of

Bradley Beach, acted as flower girl for Miss Georgina, and little Miss Lillian Jones, daughter of Mr. and Mrs. William Jones, of Jackson street, was flower girl for Miss Florence.

The bride, Georgina, wore a gown of white satin and canton crepe, with hat to match, and she carried a shower bouquet of white bridal roses. The bride, Florence, was gowned in white crepe de chine with white satin trimmings, with hat to match, and carried white bridal roses. The bridesmaids wore gowns of pink crepe de chine, hats to match, and carried pink roses. The flower girls were dressed in pink silk and carried baskets of pink flowers. The ushers were Frank Pitt, Jr., and Eli Jasper and Robert Musgrave and Arnold Dale.

About seventy relatives and intimate friends of the contracting couples attended a reception at the home of the bride's parents after the ceremony, where an elaborate wedding repast was served, and Mr. and Mrs. Musgrave and Mr. and Mrs. Jones left later that evening by auto for Atlantic City. After spending three days at that resort, Mr. and Mrs. Jones will go to Wildwood for a week's stay. The brides were the recipients of numerous gifts of linen, china, cut glass, cheques, silverware, furniture, etc. Guests were present at the wedding from Philadelphia, New York, Bradley Beach, Belmar, Montclair, Leonia and other places.

GILBERT—LEE

MONTREAL, Que., July 11.—The wedding took place in the Outremont Presbyterian Church at half past four o'clock on Thursday afternoon, June 15th, of Miss Dorothy Lee, younger daughter of the late Mr. H. L. Lee and Mrs. Lee, of Montreal, to Mr. I. W. Gilbert, son of the late Mr. Albert Gilbert, of Bishop's Crossing, and Mrs. Alex Burns, of Montreal. The ceremony was performed by Rev. Geo. Allen, B.D. The bride, who was given away by Mr. Geo. Miller, of Montreal West, wore a gown of white satin with an overdress of net, embroidered in silver, and carried a shower bouquet of ophelia roses. Her veil was of Brussels net, arranged with a pearl bandeau and orange blossoms. She was attended by her cousin, Miss Olive Bond, wearing a maize taffeta dress and black lace hat, and carried a bouquet of roses. As maid of honor, Miss Lyle Falconer wore a pale blue taffeta dress and black lace hat, and carried Killarney roses. The little flower girl, Miss Iris Powell, wore a dainty gown of accordion pleated pink silk, with wreath of roses, and carried a basket of pink roses. The groomsmen were Mr. J. Wm. Martin, and the ushers were Mr. E. W. Suckling, Mr. Allen Burns and Mr. Kenneth Falconer. The bride's mother was gowned in black silk canton crepe and wore a corsage bouquet of roses. Mrs. Burns, the groom's mother, wore a navy blue taffeta dress with hat to match and bouquet of roses. Miss Hazel Bond, cousin of the bride, presided at the organ. After the ceremony a reception was held at the home of the bride's uncle, Mr. Geo. Bond, at "Hazelhurst," Outremont, the decorations being of peonies and syringas. The presents, which were very useful, included cut glass, silver, china and cheques. The staff of the Bell Telephone Company presented the bride with a cabinet of silver and the Canadian Bank of Commerce with china dinner set and silver tea service. Later, Mr. and Mrs. Gilbert left for Sherbrooke and other points, the bride travelling in a navy blue tailored costume, with hat to match. On their return they will reside at Chateau-guay Heights for the summer.

HASTINGS—HEXTALL

SUTTON, July 11.—The marriage of Helen Elizabeth, daughter of Mr. and Mrs. T. E. Hextall, of Sutton, to Maurice Donald, eldest son of Mr. and Mrs. H. L. Hastings, of Sweetsburg, took place at Grace Church, Sutton, on Wednesday, June 28th. Rev. H. Charters officiating. The bride, who was given away by her father, wore a gown of white canton crepe with tulle veil arranged in cap effect, and held in place by a wreath of orange blossoms, which had been worn by the bride's mother at her marriage. She carried a bouquet of white roses, the gift of Mrs. A. Greeley. Her only ornament, the gift of the groom, was a pearl and sapphire pendant. She was attended by her sister, Miss May Hextall, wearing pink organ-die, with a black mohair hat with ribbon crown, and carrying pink roses.

Mr. Halton Hastings, brother of the groom, acted as best man, and the ushers were Mr. Harold Hastings and Mr. Leon Jordan. Soft music was rendered during the ceremony by Miss Vera Jordan, who wore a dress of peach-colored habutai silk and a black mohair hat.

The church was beautifully decorated by the Altar Guild, the chancel being banked with ferns and flowers.

The groom's gift to the bridesmaid was a turquoise ring; to the organist, a gold chain, and to the best man, silver cuff links. The bride's gift to the groom was a diamond and pearl tie pin.

Following the ceremony a reception was held at the home of the bride's parents, at which the wedding breakfast was served to about sixty guests. The presents were numerous and beautiful.

After the reception the bridal party motored to Bromes, where the

HALL—BLAIR

A pretty wedding took place on July 1st, 1922 at 6:30 p. m. at the home of Mr. and Mrs. C. R. Cable, Brooklyn Avenue, Brooklyn, N. Y., when Flora Margaret, youngest daughter of Mr. and Mrs. W. C. Blair, of Granville, Que., and Mr. Clinton R. Hall, son of Mr. and Mrs. A. L. Hall, of Ayer's Cliff, Que., were united in marriage.

The Rev. Dr. Brown, pastor of Fenimore Methodist Church, officiated. The house was beautifully decorated for the occasion with roses and ferns. The bride wore a gown of mid-night blue taffeta and crepe de chine and carried a shower bouquet of pink roses and maiden hair fern. She was attended by the groom's aunt, Mrs. N. E. Lindsay. The groom was supported by his uncle, Mr. N. E. Lindsay. Immediately after congratulations had been received a delicious buffet luncheon was served. A very pleasant evening was spent in music and a delightful concert was heard over the radio. Mr. and Mrs. Hall will reside in Brooklyn, N. Y.

How to Make Currant Jelly

4½ cups (2 lbs.) Juice from Cooked Fruit.
7½ leveled cups (3½ lbs.) Sugar.
1 bottle (scant cup) Certo.

Crush thoroughly about 2½ quarts, or 3½ lbs. ripe fruit. Add ½ cup water, stir until boiling, cover pan, and simmer 10 minutes. Place in Jelly bag and squeeze out juice. Measure juice into large saucepan. Measure sugar into separate pan. Bring juice just to boil and begin to add sugar slowly, with constant stirring, taking about 5 minutes to add all the sugar, and keeping juice nearly at the boil. Then bring to the boil and at once add Certo, stirring constantly. Continue to stir and bring again to a hard boil for ½ minute, stirring continually. Take from fire, let stand 1 minute, skim and pour quickly.

PECTIN makes jelly "jell." Pectin is an element that Nature puts generously into some fruits—thus making them good jelly and jam makers—and springing, if at all, into the fruits most desired for jelly and jam.

Certo supplies all the pectin needed for the amount of fruit you use. You do not boil away flavor and destroy the color to reach the jelling point. Instead of the old wasteful process you retain the delicate color and flavor and enjoy jelly and jam of wonderful natural richness of the fruit. You have 50% more jam or jelly from the same amount of fruit—that's real economy!

Why not enjoy perfect jams and jellies from all your favorite fruits with a fraction of the work?

Certo enables you to have the correct amount of Nature's own pectin (the jelling element) to make perfect jams and jellies from any fruit you like to use, and at any time.

For Certo is "pectin," nothing else. Mother Nature's jelly maker, extracted from fruit and concentrated by our exclusive and patented process in handy liquid form ready for use. No gelatine or preservative—an absolutely pure fruit product.

With Certo you can make perfect jellies & jams the natural way, with this big difference: with Certo you boil them but one minute—not 20 or 30 minutes, and the uncertainty of results eliminated.

RUSSIA.

The interest which attended the conference of European nations in Genoa is said to be altogether lacking at the conference now in session at The Hague. There is no "big men" at the latter conference as there was at the problems of Europe were discussed without a solution at Genoa.

France, it is pointed out by students of the situation, entered both conferences half-heartedly, apparently only to show enough interest not to be considered antagonistic, for France has made it known throughout the last few months that Russia, the outstanding subject of interest, can not be helped through Bolshevik agencies.

The demands which the Soviet delegates have made at The Hague are similar to those made at Genoa—that France give Russia a great loan regardless of any obligations which Russia may assume in the way of internal reforms, such as giving protection to private property, and the rights of aliens.

Even Premier Lloyd George appears to be lacking in the enthusiasm which he maintained at Genoa, even in the face of failure. If he still expresses the opinion that something worth while will result from the conference at The Hague, it is probably more of a desire than a conviction.

As long as the Soviet Government thinks more of clinging to the political policies that have brought Russia to the brink of ruin than of securing help in conformity to the accepted international relations little will be accomplished. What the nations probably will conclude to do is to let Russia alone until the communist experiment has run its course and the Russian representatives are ready to listen to reason.

WHAT SHALL IT BE?

Many generations have grown up in the belief that Shakespeare was the great master in the correct and skilful use of word and phrase. For more than three hundred years all the world has marvelled at the vast number of words this great dramatist had at his command and at his easy use of them to convey subtle shades of meaning and to present colorful imagery. Makers of dictionaries, writers of text-books on rhetoric, and teachers of English would be at a loss indeed if Sweet William had not supplied them with inexhaustible material with which to overwhelm reader and pupil.

But has the worshipper at Shakespeare's shrine ever scrutinized the language of the sport writer? Would he not find in this scribe's daily output something in its own way quite as remarkable as Shakespeare's extensive vocabulary? The Bard of Avon had many words and made each one of them innumerable ways carry its full share of the message. Compared to Shakespeare's vast array our sport writer has only a handful of words, but what he does with these is amazing to the reader.

Is it possible to withhold admiration when he writes of someone's "propelling the pellet from the port side?" Would not even the English teacher be struck dumb with amazement when she learns from an interpreter that this is the sport writer's way of saying that a certain someone is left-handed? Note the alliteration in the phrase—"propelling the pellet from the port side"; note how the simple assertion of left handedness is here colored with the suggestion of a steamboat and the practice of medicine. Science and industry are here subtly interwoven. Colorful phrase this!

We who are neither Shakespeares nor sport writers observe that a certain baseball pitcher is red-haired and left-handed—a prosaic observation, indeed. Our sport writer puts the gentleman in question before us as "the side-wheeler with the flaming hatch." What vistas are opened here! Winding rivers navigable only to boats of shallow draught, and red-roofed cottages—a quiet landscape almost hidden in the verbiage of the account of a ninth inning rally.

This fine striving to make picturesque what is only obvious; this daily struggle to invest the commonplace with a touch of romance, surely it is worthy of a reward of some kind. Though we may not pluck one leaf from the laurels we have bestowed on Shakespeare, surely this plodding Boswell to the Ruts and Cobbs is entitled to something. What shall it be?

IF HE WILL WORK.

Western Australia wants immigrants with two qualifications summed up in the phrase, "white and work." This is interesting to those who persuade themselves that the world is overcrowded and used up. It is badly overcrowded in spots, but there still exists wide spaces awaiting the hand and spirit of the pioneer.

It is only a matter of two or three years since the railroad was completed across the Great Victoria desert, with its salt lakes, and with the railroad has come, of course, opportunity for Western Australia to get acquainted with the rest of the world. It's almost one million square miles and quarter million white population were indeed the Antipodes of human adventure. Similar to the case of California, the quest of gold took brave men across those barren wastes, and the fertile grassy soil discovered beyond the deserts has kept them there.

Today it is soil-diggers, not gold-diggers, Western Australia seeks, believing that this new empire may enrich many thousands of those who have the will to tackle nature on advantageous conditions. The chief difference between this great Australian west and others of record is that Western Australia has it all regulated in advance. The immigrant is to have every opportunity to build up a prosperous 160-acre farm, but the Government is going to keep a helpful eye on him, for hand-in-hand with the development of resources goes, thinks Western Australia, the development of citizenship.

There still are fortunes to be made somewhere in the world from unbroken ground, if a man is willing to work. But there's the rub.

And it does seem, that the Island Commonwealth had inaugurated a more vigorous immigration policy than this Dominion. Canada, with vacant areas, wider than those of Australia, to those who are willing to till the soil, probably offers the greatest opportunity of any country in the world. A little more activity on behalf of desirable immigration would seem to be in order at the Dominion Capital.

The Empire Dreamer.

The European residents of Rhodesia, a British colony in Africa, commemorate today the career of the great

empire dreamer and builder of the dark continent—Cecil Rhodes.

A millionaire at the age of 19, a politician, soldier, adventurer, capitalist and statesman, Rhodes has always had a tremendous hold on the imaginations of the British. This interest has largely spread to America by the establishment of the Rhodes scholarships at Oxford University.

By the provisions of Rhodes' bequest, star students are selected from American and Canadian universities annually, and given \$1500 a year during their course at the British school. They are chosen for all round fitness in class work, in athletics and in social life.

It is the other side of Rhodes' character that is better remembered, however, in Rhodesia. His "all red" map and Cape to Cairo railroad line projects reached partial realization even in his lifetime. In the stormy Boer war days, Rhodes took a leading hand on the British side, and in fact it was claimed that his machinations led to the famous raid of Dr. James, one of the incentive causes of the war.

PRESS COMMENT

IN THE WRECK OF WAR.

One of the penalties of the world war is the loss to popular literature of Conan Doyle and Rudyard Kipling. Political theorists are numerous, but novelists and poets are few.

THE KAISER'S BOOK.

William Hohenzollern has written a book, his reminiscences, and has received a quarter of a million dollars net for same. The book is no literary gem. It contains no information of any great value or importance to himself or to any person else. But he has happened at one time to be the Kaiser of Germany, and during that time he was a very spectacular person, who did a number of unusual and somewhat astounding things. He got \$250,000,000 net for the rights of his book.

BEAUTY AND UTILITY.

Many railroads have beautified their rights of way and station grounds. Flowers and shrubs are maintained at most of their stations, especially in suburban communities, and important towns in which land is not too high in price. In this work the climbing rose almost invariably plays a part, but it is not for beauty alone that it is used on cuts and steep banks. In such plantings it holds the soil fast, checks earth slides and contributes to the safety of the road. The roses delight the traveller's eye in the blossoming season and protect his life for twelve months in the year.

WOMEN POETS IN AMERICA.

Literature in England belonged almost wholly to men for many years; the field of poetry was left untouched by women, except for a certain notable gathering of names, among which, of course, should be cited the Brontës, Mrs. Browning, Christina Rossetti and George Eliot. Many lesser names may be recalled from the days of Anne Askew, who wrote in the sixteenth century, but they never developed into noticeable groups. It seems fairly safe to assert that England's great men poets of today still outweigh America's in point of achievement, but that the reverse is the case when women poets are considered. A careful anthology of the talented women poets of America would, it seems certain, be a larger and more important book than such a one compiled in England.

COWANSVILLE
W.I. HELD A
GOOD SESSION

Pamphlets from Departments of Health and Agriculture Deal with Important Topics—Many Personals.

COWANSVILLE, July 11. — A most interesting meeting of the Women's Institute was held at the home of Mrs. George Beach, provincial president, on Saturday afternoon, July 8th. Mrs. Rodger, the local president, presided. Miss Muir, of Macleod, Alta., was present and gave many instances of the good and helpful work done by the institutes in the prairie province. A cordial invitation was received from the Farmers' Circles of the county to meet with them at their annual picnic to be held at Missisquoi Bay on August 5th. It is hoped as many as possible will attend. Mrs. George Ford, who, with Miss M. J. Cotton, attended the ninth annual convention of Women's Institutes at Macleod College in June, gave a very interesting report, which was much appreciated and most encouraging. Mrs. Beach reported on the very satisfactory state of the provincial finances, and she kindly presented each one present with a slip of the primrose family, which she brought from the college. Miss Allie Baker read part of a paper which she had prepared on "Birds, native and foreign," which was most enlightening. Congratulations were ordered sent to Mrs. B. Miner, vice-president, on the birth of a son. The roll call was responded to with "Experiences with flowers and vegetables" and helpful hints were received. Delicious refreshments, including native strawberries, were served by the young daughters of the household.

General News.

Miss Ella Beach, who spent the past week in Georgetown, returned home Saturday night.

Two pamphlets, entitled "The Canadian mother's book," from the department of health, and "Why and how to use milk," from the department of agriculture, were distributed at the Women's Institute meeting by Mrs. Rodger. Both of the pamphlets are filled with valuable information on two important subjects, the care of the child and the value of milk in the diet. According to Dr. Amyot, deputy minister, department of health, milk is the all-inclusive food and the cheapest, for growing children an essential.

The True Blue class of the Methodist Church Sunday school will hold a sale of useful and fancy articles, also food, on Saturday, July 15th, from three to six p.m. Afternoon tea will be served. Everyone welcome.

Miss Muir, of Macleod, Alta., a former resident of Cowansville, has been a recent guest of Col. and Mrs. Stockwell. Miss Muir's many friends in this locality were delighted to see her again. It is ten years since she left here to make her home with her sister, Mrs. Edwards, in Macleod, Alta.

Fry's Iced Chocolate

RECIPE: Keep on hand a syrup made up of one half cup of FRY'S Baking Chocolate, one cup of sugar, one cup of warm water. Stir until smooth. Then boil for 5 minutes—chill and add one half teaspoonful of vanilla extract. To serve, allow two tablespoonfuls of this syrup to a glass with a little chopped ice, and fill with cold milk. Stir well.

Try this cooling, delightful FRY drink. You'll want it often.

FRY'S Cocoa may also be used as above.

Choose Your Preserving Utensils Carefully

MANY women enjoy great success with their preserving year after year for the simple reason that they use the best enameled ware that money can buy. They use either Diamond Ware or Pearl Ware. The porcelain-like surface of either of these wares keeps as clean as a glass jar. Acidic fruit juices cannot affect their non-metallic surface. Ensure success in your preserving by using

SMP Diamond or Pearl WARE

"A Face of Porcelain and a Heart of Steel"

The hardest cooking or preserving leaves it as easy to clean as china. It cannot absorb grease or odors. And it will mean much lower cooking fuel bills, because it cooks food far faster than all-metal utensils.

Do you know that the Diamond Ware or Pearl Ware pot or pan that cost \$1.50 last year can now be bought for 90 cents? Ask your regular hardware merchant.

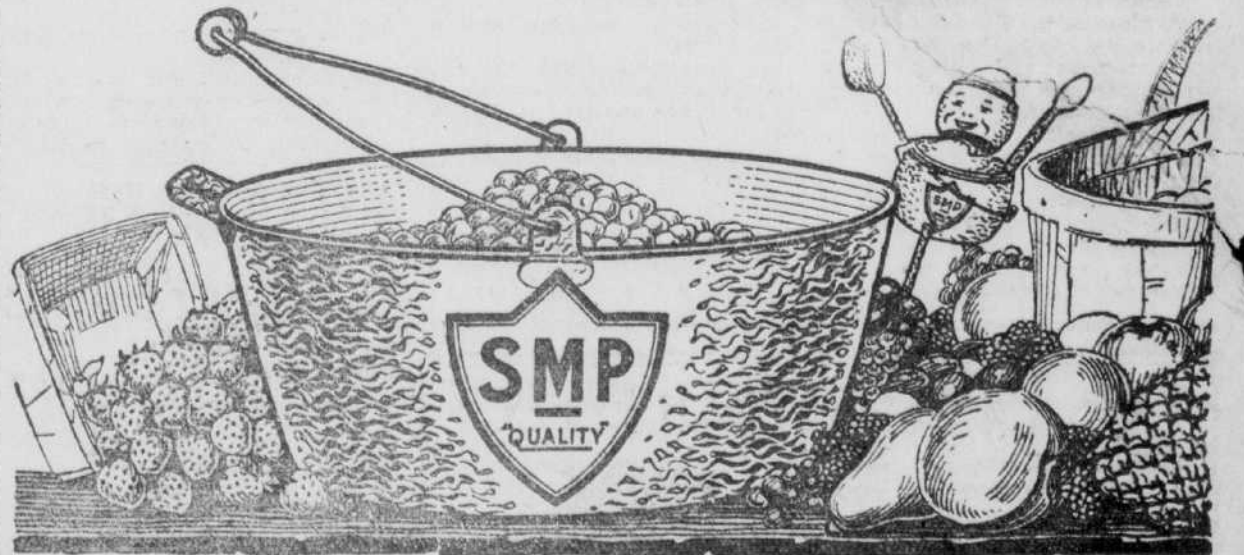

Diamond Ware is sky blue and white outside, all white inside, with three coats of enamel fused on shapes of steel. Pearl Ware is pearly grey inside and out and has two coats of special SMP enamel fused on steel shapes. Either will suit you admirably.

Reduced Prices on Preserving Sets

HARDWARE merchants who sell SMP Wares have put a special price this year on Diamond Ware and Pearl Ware preserving sets—comprising preserving kettles, sauce pans, culenders, measures, fruit jar fillers, flat skimmers, ladles, spoons, pitchers and so on.

Clip this advertisement from the paper. Take it to your regular hardware man's store and he will give you a very moderate price on a preserving set—much cheaper than buying the utensils at the regular price piece by piece. It's a great saving. And make sure the SMP trademark is on every utensil.

BIRTHS, MARRIAGES, DEATHS

DEATHS REPORTED

MRS. MARTIN, SUTTON.
SUTTON, July 11.—The village
of Sutton mourns the death of young
Mrs. Mac Martin, youngest daughter
of Mr. and Mrs. Henry Chastfield,
whose tragic death occurred on Sun-
day evening in an auto accident.
Mrs. Martin had just passed her
eighteenth birthday.

On Wednesday afternoon, after
a short service at the house, the
funeral service was held in the Me-
thodist Church. Rev. Mr. Boyd gave
an appropriate sermon, during the
course of which he spoke words of
consolation to the bereaved ones.
The funeral was a very large one,
all feeling sympathy for the stricken
family and regret at the cutting
off of a young life. The choir sang
"Safe in the Arms of Jesus" and
"Peace, Perfect Peace."

The casket was covered with beau-
tiful flowers from relatives and
friends, manifesting the love and
esteem which they bore for the de-
ceased. The bearers were Messrs.
Jim Flannigan, Harry Patton, Billy
Muns and Ernest Plouffe.

Mrs. Martin leaves to mourn her
loss her husband, father, mother,
two sisters and brother. Interment
took place in Fairmount Cemetery.
Those from a distance were Mrs. C.
S. Stone and daughter, Miss Stone;
Mrs. Mary Foster, Mr. H. Robinson
and Mr. Brown, from Knowlton;
Mr. and Mrs. D. Brown, from Farn-
ham; Mrs. D. Martin, from Farn-
ham; Mr. R. Martin, from Farn-
ham; Mr. H. Brown, from Farnham;
Mr. S. Sheltus, Bedford; Mr. and Mrs.
Myron Derrick, Abercorn; and Mr.
and Mrs. A. Bingham.

CHARLES HOLLIS HARVEY,
WORCESTER, Mass., July 11.—
Charles Hollis Harvey, eighty-nine
years of age, died here on July 2nd.
He was born in Newport, Quebec,
and passed most of his life in that
vicinity and in Lowell. For many
years, Mr. Harvey held the offices
of Secretary and school commis-
sioner of the town of Lowell, and
for fifteen years was councillor
for Eaton held the office of coun-
cillor for six years and was elected to
the same office after the incorpora-
tion of Sawyerville as a village. For
the past eight years, he has lived
with his daughter, Mrs. Florence
MacCullough, 176 Russell Street, in
this city and was a member of the
Grace Methodist Church. He leaves
his daughter, two sons, Samuel H.,
of Holyoke and Arthur W., of Low-
ell; a sister, Mrs. Matilda Kemp,
of Farmington, Mich.; also six grand-
sons and four great grand-children.
The funeral was held at the Home
Chapel of George Sessions' Sons Co.,
on July 4th, the Rev. Burton L. Jen-
nings officiating. Interment took
place in the Edson Cemetery, Lowell,
Mass.

Miss Bernice Sweet is visiting at Breeze Hill.

Mr. and Mrs. S. P. Safford were in Montreal on Friday and Saturday.

Mr. J. J. Emerson is making extensive improvements on his house, adding a fine verandah and changing the interior.

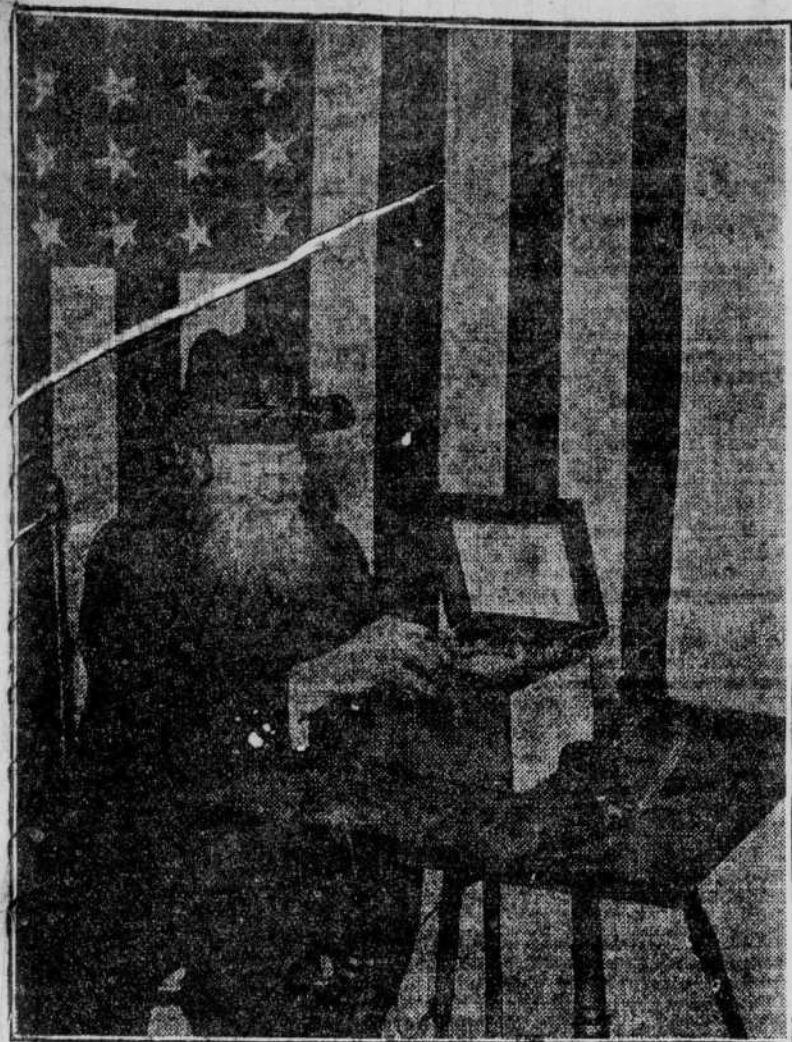

The Misses Martin entertained their Sunday School class on Friday evening.

The handsome table runner on which tickets had been sold was drawn by Mr. A. W. Westover on ticket No. 52.

EMBARRASSED HIS MISTRESS

"Sandwich Island help," writes a Boston woman, "have a curious habit of calling their employers by their first name, as 'Yes, John' and 'Very well, Mary,' instead of the conventional 'sir' and 'ma'am.' I and my husband, on hiring a new cook planned to obviate this by refraining from mentioning each other's name, substituting common terminal endearments, 'If he doesn't hear me called Mary,' I said, 'he won't know that's my name.'"

Veteran of the Civil War and The Present Day Miracle

Shown above is the way many old soldiers who didn't feel strong enough to try the Memorial Day parade and the public speaking, heard the orators. Instead of sitting out under a hot sun for hours, the veterans with radio sets at their ease in a shady place, and with head phones on their ears, picked out of the ether, the patriotic speeches.

The sight of this veteran cannot help but point out the great progress made since he was a boy, fighting for his country. In the span of years that have followed 1861, there have been hundreds of inventions that if mentioned in the days of the Civil War would have not been believed possible. If in

the days of Lincoln, someone should have said that his famous "Four score and twenty-one" address would have been broadcast by radiophone and that people in all parts of the country could hear it, Lincoln would very probably have thought the speaker was a fit subject for an asylum. Yet a few years later, it's only a few years back to 1861, we have this miracle come to pass.

KDKA, the Westinghouse Electric & Manufacturing Company at East Pittsburgh, Pa., has prepared an attractive Memorial Day programme. The wavelength is 360 meters. Listen in. KDKA's the daddy of all the radio broadcasting stations.

MINIMUM FOR TESTS OF HERDS PLACED AT TEN

Hitherto the Minimum Number of Animals Eligible for Test Has Been Twelve.

(Associated Press Despatch) OTTAWA, July 11.—According to a statement issued by the Veterinary Director-General, it has been decided in connection with the accreditation of pure bred herds to make ten the minimum number of animals in a herd eligible for test. Hitherto the number has been twelve. The change is warranted by the large number of applications and to the satisfactory progress being made with the work. The depart-

RAINS CAUSE DAMAGE TO NEW ENGLAND CROPS

However, Moisture Has Brought Benefits Which Largely Offset Damage.

WAKEFIELD, Mass., July 11.—The excessive rains of June and early July have caused much damage to crops in New England, but the abundant moisture has brought benefits which largely offset the damage, the Federal agricultural statisticians here said in a statement today. Hay, clover and pastures are full crops in Maine, New Hampshire and Vermont, but not so good in the other three States. What little has been cut has been much damaged by rain.

ment is now prepared to receive applications from owners of herds containing a minimum of ten pure bred animals, including a pure bred sire.

THE MONTREAL CATTLE MARKET QUOTATIONS

The Prices Paid for Cattle at the Montreal Stockyards—Other Details.

(Associated Press Despatch) MONTREAL, July 11.—Dominion live stock report: Receipts of today amounted to 74 cattle, 570 sheep and lambs, 1,047 hogs and 692 calves.

Trading in cattle was slow. Offering was made up of one load of rough Winnipeg cattle, milch cows, dairy bulls and common cows and heifers. Very few cattle were weighed up before eleven o'clock. Calves were steady. Medium to fairly good sucker calves sold from five to six-fifty; common drinkers or skim milk calves three-fifty to four dollars, and grassers generally three dollars. Good lambs moved freely at from nine-fifty to ten dollars and in odd cases a shade better for choice ones, and common ones seven to eight dollars. Sheep were scarce and five dollars was paid for tops. Common ones two dollars up. The hog market was a little easier. Selects brought from fifteen-fifty to fifteen-seventy-five and sows ten to eleven dollars.

There was a marked increase in the percentage of light hogs offered today.

AN ACTION FOR \$40,000 AGAINST QUEBEC CITY

Action Taken in Connection with Low Water Pressure and Inability to Operate Mill.

(Associated Press Despatch) QUEBEC, July 11.—Suit has been entered against the City of Quebec for forty thousand dollars damages on behalf of Dame Mary Mulligan, in connection with low water pressure and inability to operate a mill on Lake Des Roches. This is the third action against the city, the other two having cost about \$200,000.

SOVIETS HOLD EXECUTION OF DEATH SENTENCES

Appeal Granted in Cases of Men Charged with Interfering with Seizure of Church Treasures for Famine Sufferers.

(Associated Press Despatch) MOSCOW, July 11.—The Central Soviet executive committee has stayed the execution of the sentence of death upon Metropolitan Benjamin and the ten other persons convicted some time ago in Petrograd on a charge of interfering with the seizure of church treasures for the benefit of the famine stricken people. The stay was granted pending an appeal.

The sentences of four churchmen condemned to death in Novgorod on similar charges have been commuted to five years' imprisonment.

PRICES MOVED STEADILY ON WALL ST. EXCHANGE

(Associated Press Despatch) NEW YORK, July 11.—(Wall Street Noon.) Prices moved steadily forward during the morning on a broader volume of business. Opening at a gain of 2 1/2 points, American Ice extended its advance to 7 points before noon. Studebaker rose 2 1/2 points, to the year's highest quotation and early improvement among oils was enhanced. High grade transportation, notably Union Pacific, New York Central and Chicago and Northwestern, featured the rails at gains of 1 to 1 1/2 points.
Equipments, Shippings, Metals and Leathers rose 1 to 2 points, with Baldwin, American International, American Smelting, National Lead, Central Leather Common and Preferred and Endicott Johnson among the leaders.
Call money opened at four per cent against yesterday's early quotation of 4 1/2 per cent.

UPWARD SWING IN THE PRICE OF WHEAT TODAY

(Associated Press Despatch) CHICAGO, July 11.—Wheat took a decided upward swing in price today during the early dealings, the government crop report, wet weather and the railway strike all counting as distinct bullish factors. Special attention was given to reports of abandonment of freight service cutting down the volume of grain receipts. Notice was taken also of improvements in foreign exchange rates.
The opening, which varied from half to 2 1/2 cents higher, with September \$1.12 to \$1.12 1/2 and December at \$1.14 1/2 to \$1.14 3/4 was followed by material further gains.
Corn and oats rose with wheat despite further benefit which the corn crop had been given by rains. After opening 1/4 to 1/2 cent higher, with September at 63 1/2 to 64, the corn market continued to ascend.
Oats started a quarter to 3/4 cent up, with September at 37 1/2 to 37 3/4 cents and later scored additional gains.
Higher quotations on hogs were reflected by the provision market.

NEW YORK PRESS MARKET COMMENT

Wall Street Journal—With important buying of stocks so patiently progressing, the conclusion was inescapable that the aggregate judgment of the financial world expected a favorable settlement of the current perplexities.

Tribune—The stock market was quiet and none too conclusive in price trend, although at the close there were more net gains among the industrials than losses.

Wall Street Journal will say today:

June Steel output at 68.8 per cent. capacity rate.

Cheaper tires to reduce the idle factory space.

Eastern roads adding to their shop forces.

Canadian Railway Board orders lower freight rates.

Coal strike arbitration proposed by President.

Copper demand strong both here and abroad.

STOCKS STEADY IN NEW YORK.

(Associated Press Despatch) NEW YORK, July 11.—(Wall St.)—Regardless of the more threatening aspects of the railroad strike situation, prices at the outset of today's stock market session, including the railway group, were mainly better. Foreign oils led with one point gains for Mexican Petroleum and Royal Dutch, the domestic group making fractional advances. Consolidated Gas and National Lead also were strong.
Foreign exchanges strengthened before the opening of the market on the more hopeful advices from London and continental points. French and Belgian Government bonds made partial recoveries from yesterday's severe decline.

PIRATES AND GIANTS DIVIDE DOUBLE HEADER

Giants Register 38 Hits in Double Header — Hornsby's Homer Won for St. Louis.

(Associated Press Despatch) NEW YORK, July 11.—The St. Louis Cardinals were a half game nearer the League Leading Giants today as a result of another devastating attack by Hornsby and his big bat. The great sacker's twenty-second homer of the season, with two on bases, clinched the Cardinals seventh straight and fifth in a row from Brooklyn by 4 to 1.

The Giants, after coming close to a League record by pummeling three Pittsburgh pitchers for twenty-eight hits and a nineteen to two victory in the first game, lost a five to four decision to the Pirates in the second contest.

The Cubs took their fifth straight from Boston by 4 to 0, and strengthened their hold on their place as Brooklyn continued its slump.

Two records almost unique in the annals of the game marked Detroit's 6-2 triumph over Washington. Each of the ten hitters in the line up registered one hit while the Washington outfield scored only a single put out, Shanks making the lone catch.

St. Louis was unable to gain on the Yankees, who were idle, the Browns dividing their third straight double header with Boston, taking the first in thirteen innings by 5 to 4, and dropping the second by 4 to 2. Five of the six games have been decided by a single run. The leaders' record is an important series with New York today, with a margin of a game and a half at the top.

Harris twirled the Athletics to victory over the White Sox by 5 to 2, while the Reds won a slugging match from the Phillies by 11 to 5.

AMERICAN LEAGUE (Yesterday's Results)

At Washington: — Although the Senators' infield made five double plays to its long list yesterday, the Tigers beat them six to two. Score: R. H. E. Detroit 6 10 3 Washington 2 10 1 Batteries — Oldham and Bassler; Erickson, Phillips, Brillhart and Gharriety.

At Philadelphia: — Air tight pitching by Harris, and homers by Hauser and Galloway led the way to a victory for the Athletics over the White Sox yesterday. Score: R. H. E. Chicago 2 7 2 Philadelphia 5 9 1 Batteries — Leverette and Schalk; Harris and Perkins.

At Boston: — St. Louis and Boston divided the double bill for the third successive time yesterday. Score: R. H. E. St. Louis 5 12 3 Boston 4 12 2 Batteries — Davis, Pruett and Severeid; Quinn and Ruel.

(Second Game) R. H. E. St. Louis 3 10 1 Boston 4 10 0 Batteries — Danforth, Wright and Severeid; Russell and Ruel.

Only three games scheduled.

NATIONAL LEAGUE (Yesterday's Results)

At Pittsburgh: — The Giants and the Pirates divided a double header yesterday, the former making twenty-eight hits in the first game. Score: R. H. E. New York 19 28 1 Pittsburgh 2 11 4 Batteries — Nehf, Snyder and Gaston; Hollingsworth, Hamilton, Glazner and Jondard, Mattox.

(Second Game) R. H. E. New York 4 10 0 Pittsburgh 5 12 4 Batteries — Ryan and Smith; Carlson and Gooch.

At St. Louis: — St. Louis beat the Dodgers again yesterday, Hornsby's homer with two on doing the trick.

BASEBALL CLUB REDUCES PRICE OF ADMISSION

Grand Stand Seats Will Be 50 Cents and Bleachers 35 Cents.

Baseball fans in Sherbrooke and throughout the Townships in general will be pleased to hear that the management has decided to lower the prices of admission to the baseball grounds and, commencing with the very next game, the prices will be thirty-five cents for the bleachers compared to the previous price of fifty, while the grand stand will call for a price of fifty cents instead of seventy-five.

These changes are expected to have a great effect on the fans in the city and district and it is hoped that the initiative of the management in this connection will be reflected in the larger attendances.

There is a possibility of Magog playing here on Thursday evening. The "Prues" have been playing splendid ball of late and over the week-end they handed out a severe drubbing to Windsor Mills and M.A.A. About a month ago, Sherbrooke played in Magog and won a closely contested game by a score of 2 to 1.

On Saturday the Montreal Metropolitans will provide the opposition. The Montrealers are well known here and put up some good games last season with the honors fairly evenly divided.

On Sunday, Sanford, Me., will be playing here.

Score: R. H. E. Brooklyn 1 11 0 St. Louis 4 11 1 Batteries — Shriver, Deaetour and Deberry; Pfeiffer and Ainsmith.

At Chicago: — The Cubs cleaned up on the Braves series here yesterday. Score: R. H. E. Boston 0 7 2 Chicago 4 12 0 Batteries — Marquard, Fillingim, McNamara and Gibson; Jones and O'Farrell.

At Cincinnati: — The Reds made it four out of five from the Phillies. Score: R. H. E. Philadelphia 7 13 3 Cincinnati 11 13 2 Batteries — King, Pinto, Singleton and Peters; Witherow; Keck, Gillespie and Wingo.

JACK DEMPSEY AND ZBYSCO IN SHERBROOKE

Jack Dempsey to Give Exhibition Here on Monday Next.

The possibilities of Jack Dempsey champion heavyweight boxer of the world, coming to Sherbrooke, have frequently been the source of interesting rumors but his visit to this city is now practically an accomplished fact.

On Monday afternoon next, at 2 p. m. sharp, daylight saving time, Jack Dempsey will engage in an exhibition contest with Larry Williams, one of the toughest sparring partners in the game. They will box four rounds and the champion will show a few of the tricks which have been responsible for his unqualified success.

In addition to Jack Dempsey, several other splendid attractions have been added. Frankie Fleming, Canadian lightweight and one of Canada's best known boxers will stage a six round contest with Nelson, while Jack Thomas, the veteran of many recent hard battles will also have a six round bout on his hands.

Wrestling enthusiasts will also have an opportunity of viewing one of their favorites in action, when Stanislas Zbyso, one of the outstanding individuals in this branch of sport, will wrestle with Walker, a Canadian champion.

This series of sporting events, which will be staged on Monday next, promises to be one of the most interesting ever held in this city, and should be the attraction for boxing and wrestling enthusiasts all over the Townships.

SOLDIER JONES LOST ON POINTS

(Associated Press Despatch) LONDON, July 11.—George Cook defeated Soldier Jones, of Canada, in a bout here last night on points.

JOE LYNCH REGAINED TITLE

(Associated Press Despatch) NEW YORK, July 11.—Joe Lynch, regained the world's bantamweight championship from Johnny Buff, by technical knockout, in the fourteenth round of their fifteen round scheduled bout here last night.

NEGOTIATING FOR DEMPSEY—WILLS FIGHT (Associated Press Despatch.) NEW YORK, July 11.—Jack Kearns and Paddy Mullins who handle the destinies of Jack Dempsey and Harry Wills, arranged to meet today in another effort to arrive at any agreement for the pending heavyweight boxing championship match between the title holder and his negro challenger.

Both managers balked at counter proposals for the match last Saturday, Mullins objecting to the lack of a specific time limit in Kearns' proposition and also stipulating that the rules of the New York Athletic Commission govern the contest.

AN EXPENSIVE TITLE

(Associated Press Despatch) NEW YORK, July 11.—Joe Lynch has to pay nearly ten thousand dollars out of his own pocket for the privilege of wearing the bantamweight championship crown again.

When the receipts and expenses of last night's fight, in which Johnny Buff was dethroned, were checked up today, it was found that the "gate" was \$9,150.35 short of the guarantee of thirty thousand dollars. Under the terms of agreement, Johnny was to receive this sum if he lost his title. There were 14,293 paid admissions, but by the time the expenses, government and state taxes were paid there was not enough left to make up the guarantee to Buff.

Boxing authorities said it was the first time in ring history in America that a fighter won a title without receiving a cent, to say nothing of paying a big sum to the defeated man.

INDUSTRIAL LEAGUE GAMES

At a meeting of the Industrial Twilight League held last evening the following postponed games were arranged to be played on dates given weather permitting.

July 11.—Peerless Panther vs. Fairbanks.
July 13.—Y.M.C.A. vs. Peerless Panthers.
July 14.—Conn. Cotton Mills vs. Julius Kayser.
July 17.—Rand vs. Peerless Panther.

MAN ATTACKED BY A HUGE BULL ON NOYAN FARM

Mr. Domino Bushey, of Noyan, Was Badly Injured When He Was Charged by a Bull.

NOYAN, Que., July 11.—Mr. Domino Bushey, a prominent farmer of this place, is in a critical condition as the result of an attack of a big Holstein bull. Mr. Bushey was in the pasture putting out salt for the cattle, when the animal charged, driving Mr. Bushey into the fence and threw him to the ground. Neighbors heard the cries of the unfortunate man but by the time assistance arrived he was badly hurt. Dr. Gaudreau, of Lacolle, was called in and found that two ribs were broken and one arm severely bruised besides other injuries. The doctor has very little hope of Mr. Bushey being able to do any work for some time.

ers. July 19.—Rand vs. Julius Kayser, July 20.—Capleton vs. League team. It is hoped these games can be played so as not to interfere with the Senior League Twilight games.

ANOTHER VICTORY FOR COTTON MILLS The Y.M.C.A. boys were the victors last night and some four hundred spectators saw their championship aspirations get a cold douche.

After the second inning, with the score 6 to 3 for Cotton Mills, both teams settled down and gave a good exhibition of ball with the victors proving the better at bat. Although they did not give their pitcher full support he got in the game with the Rand some time ago, they certainly showed great improvement at bat.

Last night's win put the Cotton Mills on top and if they can beat the strong Kayser team, the championship should be theirs.

The final score stood Cotton Mills 11; Y.M.C.A. 6.
Batteries—Bridges and Rousseau; Newton and Smith.
Umpires—King and Molyneux.

RICHMOND G.T.R. WIN ANOTHER

RICHMOND, July 11.—The G. T. R. team won the game here yesterday against a team called the Frontiers, composed of picked players from Newport, Lyndonville, Rock Island and Sherbrooke, by the score of 9 to 7. The game was the most loosely played one seen here this year, each team making many errors, but, in spite of this, it was very exciting, owing to several hits and the kindness of the G.T.R. players, who expended three errors, Frontiers scored five runs. G.T.R. however, came right back, scoring one in the first, and owing to Miron's great two base hit with two men on and his daring base running, three runs were tallied in the second. When the eighth came the score was seven to five for the G. T. R. A batting rally in the eighth by Frontiers tied the score and the game became very exciting. But, in the last of the eighth, Miron again saved the game, coming through with a double with two out and two on base, scoring both runs. Frontiers were dangerous in the ninth, having men on second and third, but were unable to score. Miron and Brown played well for G.T.R., while King was good behind the bat, although playing with a cut hand. He also ran bases well, on one occasion stretching what was barely good for a one base hit into a two bagger and then stealing third and home in succession.

Score by innings: R. H. E. Frontiers 500 000 020—7 7 10 G. T. R. 132 100 028—9 10 5 Batteries—Hill and Baker; Pellerin and King.
Strick out by Hill 5, by Pellerin 5. G.T.R. will play the Magog Seniors at Magog on Sunday.

MAGOG SMOTHERED WINDSOR MILLS

MAGOG, July 11.—Magog won both ends of a double-header on Sunday, shutting out Windsor 18 to 0, in the first game and winning from the M.A.A.A. of Montreal, by 11 to 7 in the second game.

Adams was in the box for Magog against Windsor, and had the "Pulp Town" boys eating out of his hand only one visitor reaching third, and two getting as far as second.

Magog broke into the run column in the second inning, by putting two runs across and driving Desaulniers from the box. Morey took up the burden, but was found for nine hits and five runs during the next five innings, and in the eighth, the locals went on a batting spree, each man coming to bat twice, and chalking up eleven runs for the inning.

Batteries—Windsor: Desaulniers, Morey and Bailey; Magog: Adams and Muise.

The second game with M.A.A.A. was not so one sided, but Magog held the upper hand throughout the nine innings. The Prue Boys put the game on ice in the first inning, finding Gilbert for five hits, two free passes and six runs. The second inning saw four more scores, and then McKinnon, on the mound for the locals eased up, having the Montreal outfit at his mercy at all times.

Pender, Gaunt, Emerson and Goderre were tried for batting honors for the day.

RUTH TRADE NOT CONTEMPLATED

(Associated Press Despatch) NEW YORK, July 11.—Officials of the New York American team yesterday denied there was the slightest possibility of a trade which would involve Ruth, Hoyt, Mays and Ward or any of these players in exchange for Cash and Eddie Collins.

Strunk and an unnamed player of the Chicago Americans.
"We are not interested in any trade for Ruth," said Harry Grabiner, business manager of the Chicago

BONUS RETURNS TO CIVIL SERVICE AT OTTAWA

Checks Will Be Issued and Civil Servants Everywhere Will Be Made Happy.

(Associated Press Despatch) OTTAWA, July 11.—When the Ghost walks again in the civil service on July 15th, it will include the long awaited bonus checks.

These were the instructions issued in the various departments yesterday, in communication from the Department of Finance.

The Departments were informed that the Order-in-Council authorizing the re-establishment of the bonus had successfully passed as recommended by the Minister of Finance and as outlined by the Premier in his statement in the House of Commons when the estimates from bonus were under discussion.

The bonus is retroactive to April first, the beginning of the Dominion fiscal year, at which time the previous bonus ceased and it is left to the department to prepare the amounts as speedily as possible so that it may be paid when the next pay checks are issued.

The bonus is divided into two classes, those with dependents, has taken up the gauntlet cast down by the Duke of Leinster to "race across the Atlantic single handed in a ketch," and has forwarded his reply to England. If the Duke accepts he proposes to design and build a suitable boat for a start early in 1923. William Washburn Nuding, F.R.G.S., managing editor of Motor Boat, at 230 West 39th Street, and author of "The Track of the Typhoon," which describes a trip from the Atlantic and back in 1920 in a 45 foot ketch, is the challenger. He states that he is prepared to meet almost any conditions the Duke may care to propose.

AN AMERICAN CHALLENGE (Associated Press Despatch) NEW YORK, July 11.—An American sportsman, who declared he was unwilling to let an English challenge stand unanswered, has taken up the gauntlet cast down by the Duke of Leinster to "race across the Atlantic single handed in a ketch," and has forwarded his reply to England. BEWARE WHAT YOU SAY IN SLEEP FRENCH TALK RULES THAT SLEEP TALK MAY BE ADMITTED IN EVIDENCE.

(Associated Press Despatch) TORONTO, July 11.—A Paris special cable to the Mail and Empire says: A French tribunal has decided that talking in sleep can be admitted in evidence.

The cell mate of a young farmer charged with the murder of a young widow, testified in the Chateau Thierry Court that the alleged murderer frequently incriminated himself at night, once declaring that he wished he had waited until another day following the crime as he would have gained another extra thousand francs. As the woman on the day following the crime was to receive rentals from her tenants—and the cell mate could not have known this—the detail is considered conclusive.

FOOTBALL

FINALS I. O. D. E. CUP TOMORROW

The finals in the I. O. D. E. trophy series will be played tomorrow evening when Garrison and Circo meet at the Parade Grounds at 6.30 p.m. These teams have shown very consistent football during the season and it looks as though football fans will see one of the best games of the year.

The Garrison boys will be out at practice this evening.

GOLF

HAGEN TEED UP WITH DUNCAN

(Associated Press Despatch) SKOKIE COUNTRY CLUB, Glenview, Ill., July 11.—The second section of players today started their 36 hole trudge around Skokie in the qualifying rounds of the National open golf tournament to decide which of their number will earn an opportunity to play in the finals Thursday and Friday.

While 108 players started, it was forecast that little more than one fourth of the stars would have scores sufficiently low to place them in the championship 72 hole contest. The low twenty four automatically qualified and ties for twenty-four were expected to increase the number by three or four.

Tomorrow the third and final section of the field of 325 shooters will make the preliminary pilgrimage which proves so insurmountable an object to so many.

The feature match today came when Walter Hagen, United States, who recently won the British open championship, teed up with George Duncan, internationally known British pro and tied for runner-up to Hagen in the British opening.

TENNIS

SUZANNE LENGLEN WON IN MIXED DOUBLES

(Associated Press Despatch) WIMBLEDON, July 11.—Mrs. Mallory and Suzanne Lenglen met again yesterday on the tennis courts in the mixed doubles and the Lenglen double won with comparative ease.

MRS. MALLORY CONGRATULATED MISS LENGLEN

(Associated Press Despatch) WIMBLEDON, July 11.—Sensational reports of a scene between Miss Lenglen and Mrs. Mallory after the latter's defeat on Saturday are shown to be false. Mrs. Mallory smilingly congratulated the French girl on her victory. Suzanne said: "Now you see I was really ill when I played you in America." Mrs. Mallory replied: "You did me to my day what I did to you in New York."

SHERBROOKE vs. LENNOXVILLE

The St. Francis tennis team is scheduled to play its second event of the season tomorrow afternoon when the Lennoxville players will be entertained. Last year Sherbrooke won the events on the local courts but had to be satisfied with a draw at Lennoxville.

Tomorrow's events are expected to compose of three men's singles, three men's doubles and three mixed doubles. The series promise to be very interesting and some close games are

TO CROSS THE ATLANTIC IN A 12-TON BOAT

Duke of Leinster Finds a Challenger in the United States.

(Associated Press Despatch) LONDON, July 11.—The Duke of Leinster gave further details today of his proposed trans-Atlantic trip single handed in a 12 ton ketch.

The ketch is a lightly rigged vessel, but equipped with a twenty horsepower engine which he will employ only if the craft meets with difficulties. The crossing of Ireland and from the west coast of Ireland and the object is New York. A seaplane will escort the vessel for the first few hundred miles from this side and aircraft will possibly watch for the Duke's approach from the American coast.

In mid-ocean he will keep in the track of the trans-Atlantic liners in order to obtain help if necessary. No time limit for achieving the trip has been stipulated.

WHEAT POOL SEEMS LIKELY IN THE WEST

Action for Marketing This Year's Crop—Await Alberta Decision.

(Associated Press Despatch) SASKATOON, Sask., July 11.—Whether a wheat marketing pool under concurrent federal and provincial legislation is in operation to handle this year's grain for the farmers of Saskatchewan and Alberta depends on the attitude of the Alberta Government. This was made clear at an all day conference yesterday in Regina in which the Premiers and Attorney Generals of the two provinces participated.

It was announced by Premier Dunning at the close of the conference that the Saskatchewan Government stood ready to call a
