World News In Brief

Uinter, S. C. — (AP)—Billy Lane's popcorn popped with a bang Wednesday, sending the 10-year-old youngster to a physician for treatment. He said he had walked into a movie with a bag of popcorn in one hand and torpedoes in the other. Inadvertently, he dropped the torpedoes into the bag and, excited by the movie, he bit down on a torpedo.

Santa Claus, Ind. — (AP)—Santa Claus is going to get 10 more helpers for his office, that is, Postmaster Elbert S. Reink says his 15 present employees have fallen behind in trying to handle 10,000 pieces of mail that have poured in to be remailed with the famous Santa Claus postmark.

New York. — (AP)—Herman Romine was rescued Wednesday night from a tower of the George Washington bridge more than 200 feet above the Hudson river after a three-hour effort by police. Launches stood by under the big bridge, searchlights played over the superstructure and policemen swarmed around the girders before the man was taken to hospital. "I wanted to jump," he said. "But didn't have the nerve."

Chicago. — (AP)—Three teenagers were held by juvenile authorities today after police said they admitted taking part Monday night in the killing and burying of a youth described as a neighborhood bully. The body of Leonard Pariano, 20, was found in a shallow grave Tuesday near a south side coal yard. Police said Robert Naminski, 15, admitted hitting Pariano on the head with a crowbar after his two companions had lured him into the coal yard.

Cambridge, Mass. — (AP)—Herschel Shanks, chairman of the Harvard law school forum, has invited former president Truman and Senator Joseph McCarthy to debate communism in the United States before the forum. Shanks said he sent the invitations Dec. 2 but hasn't heard from the president or the Wisconsin Republican senator.

Canadian Judge Endorses "Ike"

Buffalo, N.Y. — (AP)—Chief Justice James C. McRuer of the High Court of Ontario said Wednesday night he was "profoundly impressed" by President Eisenhower's United Nations speech Tuesday.

Justice McRuer spoke at an unusual gathering of the highest ranking jurists of New York state and Ontario, who were guests of honor at a dinner meeting of the Erie County Bar Association.

Judge Charles S. Desmond of the New York State Court of Appeals said the United States-Canada boundary was "a lesson to the world that peace comes not out of meetings of heads of state, but out of the simple will to friendship of simple people."

"If the statesmen and soldiers," he said, "could hear Korean children cry, and Buffalo children laugh on the Canadian shore, it would be a lesson to them."

Clues Still Lacking In Kidnapping

MARION McDOWELL

Toronto — (AP)—The question of what has happened to attractive 17-year-old Marion McDowell still is unanswered today.

The girl was abducted four days ago by a masked gunman in a case that has baffled police and stirred the imagination of residents of Toronto and its suburbs as no other one in months.

Police of suburban Scarborough Township, the scene of the lonely lover's lane road where she and a boy friend were attacked in a parked car Sunday night, hold little hope she will be found alive.

The assailant slugged 19-year-old James Wilson senseless and then vanished with the girl.

A reward of \$2,000 has been offered for information leading to discovery—dead or alive—of the girl. A reward of \$1,000 was matched Wednesday night by the girl's grief-stricken father, superintendent of knitting in a lingerie plant.

Police have been deluged with tips and offers of assistance. High school students, Boy Scouts and other volunteers made a systematic search of the kidnap area.

They checked drainage ditches, farm fields, hay stacks, empty buildings, ravines and wooded areas, but failed to turn up with a helpful clue.

Police Chief Wilfred McLelland of Scarborough said it is possible the girl's body is in the trunk of some car, unknown to the vehicle's owner.

The girl's boy friend said that when he regained his senses for a brief period after being knocked unconscious he saw the assailant stuffing the girl's limp form into the trunk of a car.

Police believe the automobile may have been stolen or rented and Chief McLelland appealed to car rental agencies, parking lot attendants and motorists in general to examine trunks.

The girl's father is also resigned to the fact that she may be dead. "If the person responsible can see his way clear to send a plain card to the police, just telling where she is, I will be grateful," he said.

Moscow Radio Describes Proposals As Refresh Of Baruch Scheme.

London — (AP)—Soviet spokesmen have given strong indications that the Kremlin wants no part of President Eisenhower's proposal for an atomic energy pool for peaceful uses.

There was no official reply from the Soviet government, but Wednesday night a top propaganda commentator on Moscow radio, Boris Leontyev, described the American proposal as a rehash of the Baruch atomic control plan which the Russians have always opposed.

Leontyev added that Eisenhower had "threatened atomic war."

In the United Nations Assembly, Russian delegate Andrei Y. Vishinsky declared: "You cannot insure the use of atomic energy for peaceful purposes without unconditional prohibition and strict international control of atomic weapons."

UN deliberations on atomic energy control have been deadlocked for several years by Russia's insistence on an immediate ban and the West's counter-demand for a workable control and inspection system first.

Dual Murder Indicated In Latest Find

Pamplico, S.C. — (AP)—The battered head of a pretty 15-year-old schoolgirl and the body of her boy friend were dug out of an abandoned well near here Wednesday night.

Sheriff John Hanna said both had been shot. The decapitated body of Betty Clair Cain had been found Monday in a shallow grave overlooking the Pee Dee river. Her companion was Harvey Allen, 22.

Police announced that several men are being held for questioning.

Hanna said a wallet and watch were missing from Allen's pockets. The boy's relatives said he had both when he left home Sunday for a date with the girl.

The sheriff said the girl's head and Allen's body were both beaten. Officers said Allen's face was "so badly beaten that it was hardly recognizable."

The couple was last seen Sunday at 7:30 p.m. when they left the girl's home. Early Monday Allen's bloodstained car was found behind a schoolhouse some three miles from the river. The headless body of the girl was found in the grave by the river that night.

The well is about one-half mile from where the girl's body was found. The finding of the girl's head came only a few hours after her body was buried. A medical report Tuesday said she had been raped.

Segregation Decision To Be Delayed

Washington — (AP)—The question whether racially-segregated schools in the United States are constitutional rested today with the U. S. Supreme Court, but a decision may be a long time coming.

Three days of clashing legal arguments on the old issue ended Wednesday. The ruling on whether separate schools for white and Negro pupils goes against the constitution may still be months away.

The District of Columbia and four states are directly involved—Virginia, South Carolina, Kansas and Delaware. They contend separate schools are legal under the constitution and in harmony with the court's "separate but equal" ruling of 1896.

But lawyers for Negro parents who brought the suits insist that segregation in itself is unconstitutional regardless of the equality of school facilities. The Eisenhower administration, through the justice department, backed this position.

The court's decision, should it strike down segregation, also would affect 16 other states: Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, Oklahoma, Tennessee, Texas and West Virginia.

In Mississippi, the legislature is working on a resolution to abolish the state public school system in case the Supreme Court rules against segregation. Representative Blaine Eaton warned: "Let a Negro child go into a white school and he would be tarred and feathered."

He contended that Negroes of his state "want their own school."

Canada Recovering From Worst Epidemic Of Polio

By THE CANADIAN PRESS

Canada is nursing the wounds of one of the worst outbreaks of polio in its history.

The western flank of the 1953 epidemic out-manoeuvred medical defenders and short-lived theories, resulting in at least 289 deaths in the four western provinces and a high rate of crippling paralysis among the 5,316 cases.

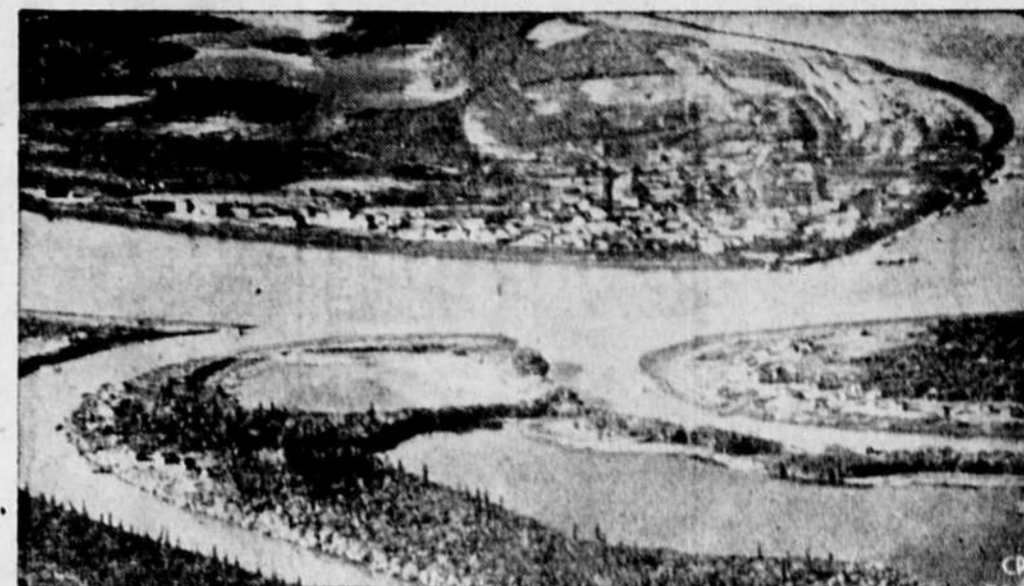

In eastern Canada, polio followed a generally orthodox route, creation record incidence and death only in Newfoundland, which experienced a 1953 increase to 12 deaths and 224 cases from the five cases and no deaths reported last year.

When final figures are available, the number of polio cases across Canada this year is expected to double the 1952 total. The federal health department reports that in Nov. 28 there had been 8,298 cases compared with 4,755 last year.

Manitoba, Alberta and Ontario were the hardest hit by this season's outbreak.

In Manitoba there were 300 cases of polio for every 100,000 persons—a total of 2,318 cases, of which 85 persons died. Government officials say this incidence exceeded all known Canadian and world figures.

Alberta, plagued with an epidemic prolonged beyond the normal period, has suffered 98 deaths and 1,329 cases. The previous high in Alberta was 79 deaths from 743 cases in 1952.

TOWN TO BE MOVED—This is an aerial view of Aklavik, biggest community in the Arctic, which is to be moved to a site where it will be safe from erosion of Mackenzie river and from danger of sinking through melting of permanent frost. Expenditure Of Province Over Income

Quebec, Dec. 10. — (CP)—Finance Minister Gagnon yesterday tabled in the legislative assembly public accounts for the fiscal year ended March 31 last. They showed record revenues of \$233,617,541 and expenditures of \$321,737,737, leaving a deficit of \$88,119,196.

The figures, announced last August by Mr. Gagnon in his year end statement, showed an excess of revenue over ordinary expenditure of \$28,887,819. Capital expenditure totalling \$67,007,015 accounted for the overall deficit.

J. A. Dolbec, provincial auditor, said in his accompanying report that "excess of all expenditures over revenues is the main factor for the increase of \$25,156,311 in the net debt which now amounts to \$273,933,254."

Municipal and School Corporations, which get part of a Provincial sales tax, received \$32,050,413. Montreal's share of this amount was \$7,578,220 for schools and \$15,507,360 for municipal purposes.

Mr. Dolbec noted that contributions of the civil servants under the pension act have been treated during the year amounting to \$40,425,000.

Corporations continued to contribute largest share of revenues with 22.84 per cent of total revenues for the year. Other big revenue-markers were gasoline, 15.08 per cent, and natural resources with 9.96 per cent.

Reports On Lung Cancer Challenged

New York — (AP)—Tobacco company stocks took a tumble Wednesday, apparently reacting to medical and scientific reports which hinted at a connection between cigarette smoking and lung cancer.

The reports, however, have not gone unchallenged.

E. Cuyler Hammond, Yale professor of biometry (statistical studies of human life) and statistical research director for the American Cancer Society, says there is still no proof, only indications, that cigarette smoking causes lung cancer.

At New Haven, Conn., Wednesday, Hammond said a study he is directing of the smoking habits of 204,000 men does not warrant even a most preliminary analysis of the relationship between smoking and cancer.

Concerning other studies already made of smoking in relation to human cancer, Hammond said: "Certain investigators, including myself, are not completely convinced as to the validity of the results in spite of the fact that a number of independent studies conducted in more or less the same way led to more or less the same apparent conclusions."

However, Hammond added, laboratory evidence gives no positive proof that cigarette smoking causes lung cancer "but it is highly suggestive."

In Winston-Salem, N. C., the president of R. J. Reynolds Tobacco Co., E. A. Darr, said there has been "no real or substantial evidence showing cigarettes cause lung cancer."

The American Tobacco Co. and Liggett and Myers said they had no immediate statement. Philip Morris said "no comment."

The National Association of Tobacco Distributors said its 1952 survey showed cigarette smoking in the United States reached 304,000,000,000, an increase of 4.1 per cent over 1951 and 9.4 per cent over 1950.

The association said 1952 retail sales of cigarettes totalled \$4,342,000,000, a jump of \$261,000,000 over the preceding year.

London — (Reuters)—Moscow Radio said today that most of the Russian capital's leading newspapers failed to publish this morning. The broadcast gave no explanation.

Among the journals missing from the streets were Izvestia, organ of the Supreme Soviet, Trud, the trade union daily, and Komsomolskaya Pravda, publication of the Communist Youth League. The Communist party organ, Pravda, appeared as usual.

Marshall Plan Praised At Nobel Award

Oslo — (AP)—The 1953 Nobel Peace Prize was presented today to Gen. George C. Marshall for the \$17,000,000,000 American post-war European aid plan which bore his name.

The \$33,840 in prize money, a citation scroll and gold medal were handed to Marshall in ceremonies here. French Ambassador Louis de Moncault accepted the 1952 peace prize on behalf of Dr. Albert Schweitzer, famed African jungle doctor, humanitarian, philosopher and musical authority.

The other four 1953 prizes from the fortune left by Alfred Nobel, inventor of dynamite, were to be presented later today in Stockholm. They went to Sir Winston Churchill for literature; Dr. Franz Albert Lipmann of Harvard University and Dr. Hans Adolph Krebs of England's Sheffield University for medicine; Holland's Dr. Fritz Zernike for physics; and West Germany's Dr. Herman Staudinger for chemistry.

Lady Churchill will accept the prize for her husband, who leaves Bermuda tonight after the Big Three conference.

Marshall, a top Second World War commander and later secretary of state, was the 12th American to win the peace prize first given in 1901. Norway's 81-year-old King Haakon VII headed the glittering audience which packed Oslo University's festival hall to applaud as Marshall mounted the rostrum.

The presentation was made by Gunnar Jahn, president of the Nobel committee named by the Norwegian Parliament to make the award.

Carl Joachim Hambro, who often has represented Norway in the League of Nations and the United Nations, explained the prize was "not given to Marshall for all he accomplished during the war."

"What he has done after the war to prepare for peace is the corollary of this achievement, and it is this great work for the establishment of peace the Nobel committee has wanted to honor."

The Alsatian-born Dr. Schweitzer, 78, had called that his missionary-medical work at Lambarene, French Equatorial Africa, prevented his attending the presentation ceremony. His cash award, due to fluctuations in the Nobel fund's earnings, came to about \$33,200.

Jahn delivered the eulogy for the 1952 peace winner, whose 40 years of work with African natives have been accompanied by continuous study and writings in Christian philosophy and theology.

"By his acts he has given life to the idea of brotherhood and his words have been accepted and have taken root in the minds of many," Jahn said.

"If brotherly love, reverence of life and universal brotherhood have lived in the minds of men, the basis will have been laid for lasting peace among individuals, nations and races."

Margarine Tax Demand Renewed

Toronto — (AP)—The president of the National Dairy Council Wednesday cited the restrictions on margarine in other Commonwealth countries to support the Canadian dairy industry's demand for a 15-cent-a-pound excise tax on margarine.

J. Creighton reiterated the demand of the Dairy Farmers of Canada and the National Dairy Council for the tax in an address to the Ontario Association of Ice Cream Manufacturers convention.

He said Australia limits the production of margarine to between one and two pounds a person a year; New Zealand prohibits the manufacture of other than cooking margarine and South Africa limits the sale and distribution of the product to its low-income colored population.

Communists Delay Decision On Breaking Off Discussion

By GEORGE McARTHUR

Panmunjom — (AP)—Allied and Communist diplomats made no progress today toward setting up a Korean peace conference, and United States envoy Arthur H. Dean asked the Reds if they were ready to break off the preliminary talks.

The Reds retorted with a long tirade, then acknowledged that the negotiations were at a standstill and said they would answer Dean Friday.

A few miles from the scene of the deadlocked talks, Allied explainers failed for the eighth straight day to win back a single South Korean prisoner who chose to stay with the Communists.

Explainers have talked with 250 South Koreans to date and have 78 more to see. Then the United Nations command is expected to call for the 22 Americans and one Briton who stayed with the Reds.

Dean told Communist diplomats he would do everything possible to carry out the Bermuda conference call for a Korean peace parley. But there would be no retreat from his insistence that Russia attend the conference as a full participant.

Communist demands that the Soviet Union be invited as a neutral observer caused the stalling of the preliminary talks.

The spokesman for 17 UN countries which fought in Korea said Tuesday he would wait until a reasonable time for the Communists to come to terms. A high Allied source said the American delegation is set to leave Panmunjom by Dec. 20 to be home for Christmas.

Dean told the Communists he would do "everything I possibly can conceive of" to arrange a peace conference on the basis of the last Allied proposal.

This plan makes Russia a full participant, but provides for the attendance of neutral powers with "recent experience" in Korea.

They would not vote, but would have limited rights to take part in debate.

Hollywood—Exclusively Yours: Gag writers won't like it, but Ray Bolger sees the handwriting on the wall for TV shows in which the chief comic fires a barrage of jokes designed to double up Mr. and Mrs. Parlor Viewer.

Some of the early TV clowns, who tried the machine-gun joke technique, aren't around today and the survivors, says Ray, are learning to take it easy with belly-babbers.

Adds Ray: "The shows that push jokes down people's throats don't have the solidity that's necessary to remain in the American home. The audience laughs for the first few times at the facetious guy who comes on and belts out the jokes.

"Then on the fourth time, somebody in the living room says: 'Let's turn him off. Let's have a quiet evening.'"

Yuletide Arrangements Give Cheerful Welcome To Magog C. W. L. Sale, Tea

Magog, Dec. 10.—The new hall of St. Patrick's Church on North Merry street presented a cheerful and heart-warming welcome to the numerous guests who attended the Christmas tea and sale held by the Magog sub-division of the Catholic Women's League on Saturday afternoon, December 5.

Large sprays of pine branches and clusters of pine cones tied with red bows, huge jewelled Christmas stockings and Christmas bells hung on the walls. On every window-sill stood a gay little pot filled with pine branches and red berries. A large Christmas tree, brightly garlanded, was placed on the low stage. The entire decor made a beautiful setting for the candle-lit tables.

The guests were welcomed by Mrs. A. Buzzell and Miss Mildred Donigan, the president and vice-president of the Magog sub-division.

Mrs. G. Roy, Mrs. G. Lacroix and Mrs. S. Perreault presided at the tea table, which was centred with a miniature red sleigh, filled with pine and holly sprigs and tall red candles.

The home-cooked food table was in charge of Mrs. R. Dion, Mrs. P. Gauvin and Mrs. D. Begin. Aprons and dolls were sold by Miss P. Baird, Mrs. O. Girard and Mrs. G. Gosselin.

The delicious salads were prepared by Mrs. F. Lepine, Mrs. R. Ethier and Mrs. G. Huot. Mrs. J. Horan was in charge of the tea tickets.

A 15-pound turkey was raffled and was won by Mrs. E. St. Martin, while Miss Susan Bolduc and Miss P. Gaudreau were winners of Coronation dolls.

The members of St. Faith's Guild were entertained at the home of Mrs. Edward Henry with Mrs. Ronald Sampson as joint hostess.

Mrs. Ronald Sampson presided at the meeting, which was opened in the usual manner with the repetition of the Guild prayer in unison. Plans were made for the afternoon tea and food sale to be held on Wednesday, December 16, in St. Luke's Church Hall.

A card of thanks from Mrs. J. Ewart was read, and counted revealed 23 ladies present. The minutes of the last meeting were read by the secretary, Mrs. C. MacDonald, and approved as read. It was decided to hold the next meeting on Wednesday, January 13, at the manse, at which time a new slate of officers would be elected.

At the close of the meeting refreshments were served by the hostesses, assisted by Mrs. Osborne Holt and Mrs. Theodore Holt.

Farewell Party
The Army, Navy and Air Force Hall on North Merry street was the scene of a very enjoyable party held on Thursday evening in honor of Mr. and Mrs. Stanley Wing, who are leaving Magog shortly. Cards were played at seven tables.

During the evening Mr. Allan Channell, acting on behalf of the assembled friends, expressed regret at their departure from Magog, and presented the guests of honor with a well-filled purse with the best wishes of all present. Mr. Wing very ably expressed heartfelt thanks for the gift and the good wishes which accompanied it. At the close of a very enjoyable evening refreshments were served, after which the guests left, wishing Mr. and Mrs. Wing "bon voyage" and happiness in their new home.

School Commission Charges Province Fails To Aid Education Adequately

The local Roman Catholic School Board said today that the Quebec Government is not doing enough to put education on a firm financial footing.

In a brief prepared for the Quebec Royal Commission on Constitutional Problems the school commission said it is up to the government to help maintain and foster the growth of the school system.

The Government should not take a passive attitude towards federal grants but should press for its share of federal-provincial tax revenue, and insist on its right to obtain the money it needed to fulfill its duties.

It should do that quickly so that educational institutions would not come to regard the federal government as their sole source of financial help in times of need.

The School Commission pointed out that schools like the Superior School on King Street served a region and it is unfair to burden a particular town with its costs.

The six man commission headed by Judge Thomas L. Tremblay also heard submissions by the Superior School and Sacred Heart College at the opening of its one-day sit-

tings here today. It will move on to Granby tomorrow.

The School Commission said it should be obvious the Government would soon have to provide substantial financial help for superior schools throughout the province. It should also provide backing for founding of such schools in every town and city in the province.

"The Federal Government may have the best of intentions in providing school grants," it said. "But to accept them would set a dangerous precedent."

One could not tell what the future held. A future government might be more generous to one province than to another, or might favor one ethnic group or one religion to the disadvantage of another in allocating grants.

"Provincial governments undoubtedly have a better idea of their peoples' needs than the federal government," the brief went on. "Consequently they should also have a better idea of what taxes are necessary to carry out their obligations."

It said it supports the stand taken before the Commission by the Conseil de la Vie Francaise in urging that the autonomy of school commissions and municipalities be respected and safeguarded by agreement between the federal and provincial governments regarding their respective tax fields.

Sacred Heart College, a local secondary school operated by the Sisters of Charity of the Sacred Heart of Jesus, said if the Federal Government and the Provinces tackled the problem objectively and tax agreement should be possible that would be just and give each party the revenues it required.

"Maintenance of provincial autonomy is important to French-speaking Canadians," the College

I.G.A. MERCHANTS MEET—

Swift and Company's master butchers demonstrate the economical way to cut beef to a group of Eastern Townships butchers affiliated with the I.G.A. In the above demonstration quarters of beef were cut into all popular pieces of meat from T-bone steaks to hamburger to assure better service for I.G.A. customers.

In the upper picture, shown from left to right, are, front row: Arch MacLury, meat supervisor for I.G.A., Montreal; Harold Taylor, in charge of Swift's I.G.A.; Bert Beswick, manager, Swift Montreal office; Roland Lecompte, meat supervisor for I.G.A. stores in Eastern Townships; second row, Gus Laberge, Sylvio Godin and Johnny Thibodeau, Swift salesmen.

Below are the men who conducted the demonstration at G. T. Armstrong and Sons' warehouse last night: Archie MacLury, Harold Taylor and Roland Lecompte. (Record photo by Gerry Lemay).

Y's Men's Club Receives "Visit" Of District Head

The Y's Men's Club last night received the District Governor of the Northeastern Region of Y'sdom. He is Ed Bryant, a member of the local club, who spoke on International at the weekly meeting held in the Magog Hotel.

Said District Governor Bryant: "Frequently it is asked how the International, with the most insignificant charter fee and dues ever heard of, afford to pay the men who render all this skilled service?"

The answer is that it cannot and does not. The time, talent and tireless effort of every single worker are generously contributed to the movement without stint or reserve. It is this spirit that gave birth to International and has made it a continually-increasing power for good. A wise man once said "the measure of a man is the breadth of his horizon." A Y's Man today is proud to be measured by such a standard. His vision is not circumscribed by the limited circle of his own affairs.

"Thanks to the international aspect of the Y's Men's movement, the true Y's Man has a horizon as broad as the world itself." Robin Stewart introduced the speaker and Ross Hunting thanked him. President Mac Bradshaw was in the chair and others at the head table, besides those already mentioned, were Gaston Fauteux and Angus MacLean.

Business, presented by projects chairman Jeff Wilson, centered about the sale of Christmas trees and the turkey raffle next week. A club tree-chopping expedition is set for the district woods for Sunday. Twelve turkeys will be drawn for at the next meeting. The city has granted the club's request to erect road signs advising persons entering Sherbrooke that there is a Y's Men's Club here.

said. "What would become of our nationality if the right to legislate in educational matters passed to the federal authorities?"

"No doubt we could count on getting generous grants for the building and enlargement of our schools and colleges, but might not we be right in fearing that in return for this financial help we might be asked to sacrifice control of our school program and our selection of teachers?"

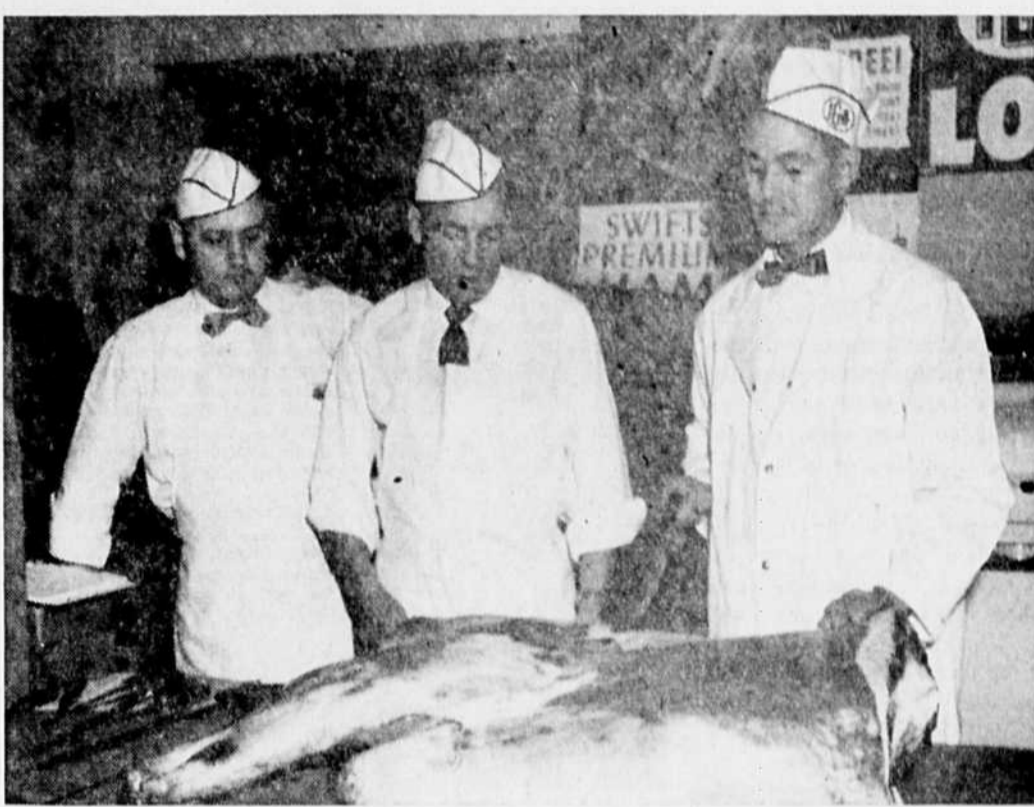

"Only the provincial government can ensure for French-Canadians their national and religious security."

"Only the provincial government can guarantee that French-Canadians' national and religious viewpoints will be secure and that the work of the last three centuries will be continued."

The College also suggested that classical colleges for women received the same financial help from the government as colleges for men and that they be given exemption from the two per cent provincial sales tax at present accorded hospital and other welfare organizations, as well as exemption from the three per cent school tax.

The Provincial government should also grant progress bursaries to secondary school teachers similar to those granted teachers in primary and normal schools, and make funds available for the hiring of lay-teachers by Catholic

Retail Merchants Take A "Lesson" At Swift's Meat Cutting Demonstration

Fifty men and three women returned to school last night but, not to the old red schoolhouse to learn algebra, English, etc., but to acquire greater knowledge in the art of meat cutting.

The one-night school is formed of retail merchants and their butchers, who themselves form the Independent Grocers Association of the Eastern Townships.

Last night at the G. T. Armstrong and Sons plant on the Montreal highway, the representatives gathered for a meat merchandise session and lecture, in order to give more efficient service and provide Mrs. Housewife with better values.

The teacher for the evening was the Swift Company of Canada, Serving the I.G.A.'s chain of groceries, the Swift Company volunteered to send several of its company men to demonstrate meat cutting methods, thus giving Eastern Townships merchants the benefit of Swift's international knowledge in this field.

Principal lecturer was Harold

Taylor, of Toronto, who centered his talk on discussing store operations, to further improve the efficiency, cleanliness and economic operations of I.G.A. merchants.

"Give your customers the best you have and they will give their best to you," he told the butchers.

"By this demonstration, I.G.A. representatives in your locality will be able to give the consumer better value and provide economy for the family."

Meat used in the demonstration was provided by the Swift Company, and the equipment was loaned by the Toledo Scale Company. Following the lecture refreshments were served through the joint efforts of Swift, Toledo and J. H. Bryants Limited of Sherbrooke.

Hubert Armstrong, whose firm sponsors the I.G.A. merchants in this region, states that I.G.A. stores are sprouting up all over the Townships at the rate of one a week. Adding, "to show Mrs. Housewife value for money expended."

Floral Design Problems Told At Conference

"You must have some idea of what you want to look like when it is finished before you start," Paul McKenna, local florist, told a group during the course of a flower arrangement lecture and demonstration at Mitchell School on Tuesday evening. "Of course, it probably will not look just like you hoped when you are finished, but unless you have some kind of plan, you'll likely finish up with nothing."

Mr. McKenna told something of the history and varieties of floral arrangement, showed the kinds of mechanical aids needed and gave advice on flower care. He then proceeded to complete a number of varied and beautiful arrangements to demonstrate the methods used in obtaining desired effects.

The program was staged under the auspices of the Ladies Auxiliary of the Y.M.C.A., J. E. Shortt, general secretary of the Y.M.C.A., acting as Chairman for the evening.

Following the display and demonstration, Mrs. Wyatt Johnson, president of the Auxiliary, came to the stage and drew door prize winners. Prizes included a variety of vases and pottery items and the flowers which had been used in the demonstration. Winners were: Mesdames Bray, W. S. Daniels, C. S. Carrier, D. Connor, V. Harte, M. Bloche, Z. W. Griffith, Plamondon, P. Theobald, T. Cumber, Miss D. Aldrich, and Mr. Z. W. Griffith.

Refreshments were served following the program, consisting of home made sandwiches and cook-

Lions At Magog Heard Address On Newspapers

Magog, Dec. 10.—Plans for the sale of white canes which will take place just prior to Christmas were discussed at the regular meeting of the Magog Lions Club held at the Chateau du Lac Hotel last evening with President Al Swoger in the chair.

It was also announced that the meeting scheduled for December 23rd would be cancelled and that the speaker for the first meeting of the New Year to be held on January 13 would be George McClintock, of the Canadian National Institute for the Blind.

The guest speaker at last evening's gathering was Ivan Saunders, managing director of the Sherbrooke Record, whose talk "Off The Record" dealt with the problems involved in the production of a newspaper and described the gathering and distribution of news.

Mr. Saunders was introduced by Dr. Carl Harris and thanked by Ezra Ball.

Ian Sanderson Addresses Local Kiwanis Club

Ian Sanderson, chief designer for the Paton Manufacturing Company, was the guest speaker at the regular weekly dinner meeting of the Kiwanis Club held in the New Sherbrooke Hotel last night.

"To design a model you need a pattern and it takes many hours of looking in stores, magazines and at fashion shows. You have to consider the wants of the buyer, the price he or she is ready to pay and the quality of material."

Mr. Sanderson specializes in designing coats for ladies.

More Than 100 Snowshoers Attend Entertainment Program Of Newcomers

More than 100 members, perhaps the most spontaneous gathering of the year, last night witnessed the new members' night of the Sherbrooke Snow Shoe Club, in the clubhouse on Prospect Road.

The meeting is the last until the New Year's Day party.

For the Recruits in Review evening, yesterday, Winston Billing was a good-natured master of ceremonies. He had to be for the acts were conducted amid a shower from the crowd of exploding fire-crackers, volleyballs, ash trays and with the ash trays," said Mr. Billing at the end. "Next year maybe you'll sit a little closer."

Among those taking part in the new members show were: Rudi Dietz, Ray Kerwin, Ernest W. Taylor, P. C. Smith, John Ross, H. W. Percival, Fenton Lothrop, Gerald A. Coates, Andy Bruygom, Stewart Billing and Adam Clarke. Capt. Frank Taboyka, of the Salvation Army, a new honorary member, rendered several violin selections and Kenneth J. Birch played the piano, for several sublime selections of his own and for the monstrous choruses presented by his fellow new members.

The acts included a bar-room quartet, which didn't get anywhere since the four singers kept walking in to the wings of the stage from where "thrilling" noises emanated. The show almost ended in complete pandemonium when a bevy of husky-looking "females" from Sherbrooke (they've been around, cracked a well-known wag), featuring Sofa Tucker, descended into the audience and made a beeline for the sparsely-settled pates in the crowd.

Two groups of veteran members—Lennoxville Saints and Sher-

brooke Sinners—were given a lesson in what appeared from a distance to be, Chinese and two of last week's "executioners" at initiation night were given mock hangings.

President A. H. (Bert) Noble presided at the supper which was held after the program. William Lavallee, second vice-president, thanked the new members for their show. The slogan "If the coat fits, wear it," was the order of the day when a drawing was conducted for a S.S.C. coat among the new members.

The first winner was a mite too portly, the second winner had gone home early and finally Stewart Billing, the third name drawn, departed with the coat.

President Noble welcomed Snowshoer Eddie Dorman, whom he hadn't seen for quite some time, and six guests: Gordon Ashby, Dick Tracy, Bob Chadsey, Jim Corrigan, Lyle Pariseau and Bordern Ross.

Various Projects Reported At Banquet Of Boundary Legion Ladies' Auxiliary

Rock Island, Dec. 10 — Twenty-nine members of the Ladies' Auxiliary of Stanstead Frontier Branch No. 5 of the Canadian Legion met at the Del Monty Hotel on Wednesday to attend the banquet served in the Rotary room.

At the long table, attractive with vases of baby mums, the hotel management served a family style turkey dinner which left nothing to be desired. Over coffee numbers were drawn on an ash tray, which was won by Comrade (Mrs.) M. Kenrick.

Comrade (Mrs.) Ada Curtis acted as Santa Claus for the exchange of gifts, after which the president, Comrade (Mrs.) Lillian Clark, presented Comrade Curtis, the retiring Sgt.-at-arms, with a lovely china cup and saucer in appreciation of her faithfulness in office since the organizing of the Branch over three years ago. Comrade Curtis expressed her thanks for the gift, saying it had been a pleasure to work with the branch members.

Comrade Clark thanked all members for their effort in making the Armistice supper a success, and a vote of thanks was extended to Arthur Bouchard, of Rock Island, for his donation towards the supper, as well as to the girls who came in and helped in serving.

It was with regret the announcement was made of the illness of three comrades, namely, Comrade (Mrs.) Nora Johnson, Comrade (Mrs.) Hattie Lovell and Comrade (Mrs.) Alvina Loiselle, the latter having been in the Hotel Dieu Hospital in Sherbrooke for the past seven weeks and is not expected home for some time yet. It was decided to remember these ladies with cards.

Gifts of \$10, each were made.

two to members and the third to the Canadian Legion Christmas tree at Ogilvie's in Montreal, with which to purchase gifts for the veterans at the Queen Mary Vet's hospital.

Comrade (Mrs.) Mary Brewer and Comrade (Mrs.) Irene Bacon each gave a report on the socks being knitted for the service boys' gift parcels, and a hearty vote of thanks was extended to Comrade (Mrs.) Florence Sevright, of Derby Line, who has knit ten pairs of these socks, also to all others who volunteered at the last appeal for knitters which will assure the completing of gifts for each serviceman.

Comrade (Mrs.) Aileen Arbery read correspondence, which included a letter of thanks from the Senior Branch for taking care of the Armistice supper in November and an invitation to attend the installation of officers at the Rock Island armoury on Wednesday evening, December 16. A letter was also read thanking the Auxiliary for a donation of \$25 for the Poppy fund, from the Poppy chairman, Comrade LePoitvin.

Comrade (Miss) Ruby Laberee reported on the sale of tickets for the doll, Holly, and plans were made to try to contact Santa Claus to make the prize award on December 19.

Comrade (Mrs.) Ruth Putney gave the report on the Armistice supper, and with the treasurer, Comrade (Mrs.) Aldora Watson, she paid the outstanding bills connected with this event. Comrade Putney, supper menu chairman, expressed appreciation to those who had helped her in the soliciting.

Comrade (Mrs.) Mabel Crawford, of the flower committee, gave a complete year's report and Comrade Arbery announced that the first meeting of the New Year will be held in the Armoury with Comrades (Mrs.) Irene Bacon, (Mrs.) Violet Badger and (Mrs.) Arbery as hostesses.

This delightful Christmas party concluded with the National Anthem.

35 CLUB
The home of Mrs. John Webster on Caswell Avenue was beautifully decorated in keeping with the Yuletide season for the 35 Club of Stanstead South church Christmas party, which was held on Wednesday evening, December 2, with Mrs. Jane Johnson, Mrs. Thomas Bowen and Mrs. Stuart Leavens as co-hostesses.

The brief business session was conducted by the president, Mrs.

Kenneth Rice, and Mrs. Robert Darby was in charge of the devotional period, the theme being Christmas, the Birthday of Christ. The usual reports were given and approved and the Club voted to pay one third the cost of the Christmas wreaths ordered for the Church, to pay one third the cost of the books purchased by Rev. Mr. Tenneson for work with the young people and pay a share of the remaining \$15 to the United Church Training school at Toronto.

Plans were completed for the annual Sunday school supper and Christmas tree to be held in the church hall on December 18, supper to be served between 5:15 and 8:30. A nominating committee of Mrs. Alan Greer, Mrs. E. G. Tenneson and Mrs. Philip Cross

was appointed to prepare a slate of officers to be presented at the next meeting to be held at the home of Mrs. Robert Darby on January 13.

This completed the business and the remainder of the evening was spent enjoying the original and entertaining games under the direction of the hostesses. Later Mrs. Webster gave out the exchange of gifts and refreshments were served at the dining table, which was attractive with a white linen embroidered cloth, centered with a Christmas arrangement of Santa and evergreens flanked by red tapers. The place cards were miniature Christmas trees made of pop corn and decorated with jelly beans in bases representing the

snow covered ground.

St. Paul's W.A. At Magog Held Active Meeting

Magog, Dec. 10 — The home of Mr. and Mrs. J. E. Connors on Abbott street was gay with green and red streamers, a tiny decorated Christmas tree and candles, on Wednesday afternoon, when the ladies of the Women's Association of St. Paul's United Church met for their regular December meeting. Twenty-four ladies were present. The meeting was conducted by Mrs. C. Gustafson, the president.

Each member who had celebrated a birthday since the November meeting, or who would be celebrating a birthday during the month of December was presented with a corsage and all joined in singing, "Happy Birthday" to the celebrants, as each in turn dropped into the "Birthday Bank" a penny for each year of her age.

Mrs. Ezra Ball, who led the most inspiring devotional period, opened the period with the singing of two appropriate and much loved hymns "Nowell" and "Hark The Herald Angels Sing". Mrs. Burton Shonyo, the secretary, was called upon to read the minutes of the previous meeting.

It was moved by Mrs. Irene Buzzell and seconded by Mrs. Ezra Ball that the old stove in the church hall be disposed of to make more room in the hall. An amendment, moved and seconded by the above two ladies, named Mrs. Fogg and Mrs. E. Ball to look after the matter.

A letter of thanks was read from Mrs. F. Graham for the farewell gift given to her prior to her departure from Magog.

A nominating committee composed of Mrs. George Smith, Mrs. Trew and Mrs. A. E. Smith was appointed.

Mrs. Trew and Mrs. G. Turner were called upon to report on their team's church attendance and talent money. Mrs. Turner's Team won. It was decided that the losing team should treat the winning team and their husbands to a supper to be held sometime in January. The winners would provide the entertainment.

The treasurer, Mrs. J. Buzzell, gave a detailed report of the individual Sales Tables, showing the very satisfactory sum of \$129.42 as the share of the W. A. at the annual Christmas tea and sale. A balance of \$371.68 in the bank is encouraging to the ladies who have worked so hard for the W. A.

It was decided to table the matter of a donation to the Building Fund until the January meeting.

Mrs. George Smith and Mrs. R. Britton reported that they had each made several sick calls during the month and given appropriate gifts. Mrs. Gustafson and Mrs. A. MacIntosh are the visiting committee for the month of December.

It was moved by Mrs. J. Connors and seconded by Mrs. J. Buzzell that \$5 be donated towards postage on two packages to be sent to Miss Ada Sandell. The January meeting will be held at the home of Mrs. R. Hamilton on Pine St.

MAGOG NEWS
The meeting was closed with a prayer by Mrs. Gustafson. Articles that were left from the sale were displayed and reduced, a number of sales being made. A total of \$27.04 was collected during the meeting.

Following the business session, a social hour was spent, when Christmas gifts, brought by the members, were numbered and drawn for. This caused a good deal of merriment, as did the "Do or Say or a dime to pay" which preceded the exchange of gifts. A number of fines were collected.

Refreshments were served by the hostess, assisted by Mrs. Irene Buzzell, Mrs. W. J. Davies and Mrs. E. Ball.

A vote of thanks was tendered Mrs. Connors, who had loaned her home for several afternoons for and to the ladies who came to do the ladies to quilt three quilts, the quilting.

how safe is your job ?

Insurance companies have been comparing about two thousand different jobs, to find out which are most dangerous. And they've found that for some reason they don't explain, the life of a baseball umpire is safer than it used to be.

Equally inexplicable, a movie actor's job is more dangerous than formerly.

Chances are that you who read this are neither a baseball umpire nor a movie actor. But if you happen to be a ski instructor, you can take comfort from the fact that your job is likely to involve fewer accidents than a stablehand's. On the other hand, if you are a beauty operator, you are in the same category as bartenders; the hazards are roughly equal.

Any job has an element of danger. However, some jobs are at the top of the danger list, and these include dynamiting, motorcycle riding and polo playing. Those who had been toying with visions of a career in dynamiting or professional polo are urged to sit down and think it over.

While you're thinking it over, might as well lift the crown off a long, green bottle of Molson's. That's a task that carries with it no danger of disappointment. Since 1786, the same consistent fine flavour and bouquet has resided in every bottle of "The Ale Your Great-Grandfather Drank". To be safe just say, with the majority of Canadians, "Make Mine Molson's".

SOME TREATMENTS CAN HELP CHRONIC SCIATICA CONDITION

By Edmund P. Jordan, M.D.
Mrs. V. writes that for months she has been suffering with sciatica and that some days, after merely walking around the house, she suffers from it.

She also says that rubbings, heat, hot baths, and shots have been of no avail, and wonders if there is anything else she can do. She adds that she is 60 years old.

This is indeed a distressing condition, and I can only answer by discussing sciatica in general terms.

The sciatic nerve passes down the back of the leg from the buttocks to the heel. Inflammation of this nerve or true sciatica can come from any one of many causes, including diabetes, certain kinds of vitamin deficiencies or as a complication of arthritis of the spine. When the sciatic nerve is subjected to pressure, either where it comes out of the spine itself from some diseased condition there or from inflammations in the neighborhood of the nerve such as a muscular rheumatism or even some inflammation or disease within the abdominal cavity itself. Tumors can produce sciatic pain.

Infection elsewhere in the body, like an abscessed tooth, sometimes appear to be responsible. Whenever the cause can be discovered and removed or trusted, improvement usually results. Controlling diabetes, remedying vitamin deficiency or removing an abscessed tooth may bring about complete relief from the symptoms. However, sometimes the cause cannot be found at all or these measures fail.

Some Treatments Help
Some cases of sciatica are apparently produced by a hernia of a cartilage-like substance lying between the vertebrae. This is sometimes called the "disc." Good results have been reported from operating on the back, often performed by orthopedic and nerve surgeons working together. If, as is too often the case, no cause can be discovered, the injection of a local anesthetic or salt solution may relieve the pain. Manipulation, together with other measures of physical therapy, are often useful. Special exercises and X-ray treatments have also been employed with success.

DUDSWELL JUNCTION
Several people from this section attended the Christmas card party, held at Bishopton, on Saturday night.

Mr. and Mrs. Gene Grey, of Gould Station, and Mr. and Mrs. Howard Berwick, and two children, Marlene and Clayton, of Keith, were callers at the home of Mr. and Mrs. Albert Willard.

Mrs. Albert Willard spent a week-end in North Hatley, with her sister, Mrs. Vern Lowell, and Mr. Lowell.

Mr. and Mrs. Albert Heath were visitors at the home of Mr. and Mrs. John Nourse, at East Dudswell. Mrs. Walter Nourse and Mrs. Claude Morrill, of Bury, were visitors at the same home.

Mrs. Howard Berwick, of Keith, and Mrs. A. Willard were in Stanstead visiting Mr. and Mrs. Frank Anderson, Mr. Willard accompanied them as far as Sherbrooke, and attended a show there.

Saints Move Into First Place Tie By Virtue Of Draw

Indians Still Prove Stumbling Block As They Hold Locals To 4-4 Tie; Gatherum Leaves For Montreal

Coming through with a third period rally last night the Sherbrooke Saints earned themselves a 4-4 stalemate with the pesky Springfield Indians and moved into two-way tie for first place in the Quebec Hockey League before the smallest crowd of the season 1,590 fans.

The victory enabled the Jake Forbes' club to share first place honors with Ottawa Senators for a day as the local fixture was the only one scheduled in the Slater loop last night. The Saints remain idle now until Sunday afternoon when they will be hosts to the Sags of Chicoutimi.

Dave Gatherum, who pulled the ligaments in his left knee Tuesday afternoon in Quebec, had difficulty in making his stops and once he dropped it was an effort for him to get back on his feet. Two goals can be blamed on his condition as he just couldn't cover off the angles as it was impossible for him to move fast in that direction. He left this morning with Coach Forbes to see Bill Head at the Montreal Forum for special treatments.

The local goals were tallied by Roger Roberge, Bert Giesebrecht, Earl "Ching" Johnson and Nels Podolsky. For the Indians it was George Power, Ron Telford, Doug McMurdy and Eric Pogue.

The tilt was a close checking affair which failed to produce good hockey and once the Indians moved to the fore 3-1 they tried to produce a kitty-bar-the-door system to protect their lead but this back-fired. Roberge put the Saints out in front in the opening frame when he rifled a hard drive from just inside the blueline to catch the upper part of the net.

Power evened the count when he batted the disc over Gatherum, after the local net boy had more one stop, from a scramble just in front of his cage.

Just about three minutes later Ron Telford, the Indians' rangy rearguard, let go a long shot from outside the blueline which hopped between Gatherum's legs when he couldn't get his injured leg over to close the gap. Another easy one got by the local netminder about a minute later as McMurdy rifled another at the left side of the net which he failed to get to.

Just after the start of the middle session Bert Giesebrecht put the locals within halting distance as he beat John Henderson from close quarters. Both teams were playing it close.

Schinkel took a swing with his stick at "Ching" Johnson, after the local winger had checked him, and the fight was on. Johnson drew a major while the Indian club-boy got away with a minor. A few seconds later Hay and

DUBE MISSES—Gilles Dube is seen turning away after his shot was cleared by John Henderson while playing coach Doug McMurdy is picking up rebound. Bloomer, number two, is looking at the loose disc while Earl "Ching" Johnson is coming in fast. The Indian on the right is Hart McLeod.

OLD FRIENDS MEET—Jacques Locas, in the centre, is seen talking to his former mates, Robert Roberge, left, and Gilles Dube prior to last night's game. Locas was notified last night that he had been traded to Chicoutimi for Delphis Franche by Coach McMurdy.

Maple Leafs Blank Canadiens 3-0 In Wildest Game In National History; Referee Udvari Cleaned Both Benches

Toronto — (CP) — The National Hockey League last night experienced one of the greatest ruckuses in history as referee Frank Udvari cleared both benches in a mass misconduct penalty in the last two minutes of play in a game that saw Toronto Maple Leafs shutout the leading Montreal Canadiens 3-0.

The game ended with each team icing only four players, including the goalie. The attendance was 13,426.

The ruckus began when Ron Stewart and Bud MacPherson began trading blows. Tom Johnson moved in to separate the two and Stewart slugged Johnson on the chin. Sticks and gloves went flying and all the players on the ice joined in.

At one time, Harry Watson tackled three Montreal players. Bob Solinger and Bert Olmstead punched it out. MacPherson switched to Nesterenko. Fern Flaman and Paul Masnick slugged away.

By the time, the benches of both teams were on the ice, Udvari ordered major penalties for fighting to MacPherson, Johnson, Nesterenko and Stewart and moments later ordered both coaches to clear the benches and awarded a 10-minute mass misconduct penalty.

This left each team with four men on the ice, Toronto was left with Hugh Bolton, Ted Kennedy, Horton and Harry Lumley in the net. Montreal had Bert Olmstead, Butch Bouchard, Johnny McCormack and Gerry McNeil in goal.

Doug Harvey, sitting out a holding penalty in the last minute of play for Canadiens but the one man advantage didn't gain Montreal a goal.

The third period also saw 10-minute misconduct penalties handed out to Eddie Mazur and George Armstrong for roughing.

The near riot was preceded by a fairly quiet first two periods. Armstrong opened the scoring at 4:56 of the first period, scoring unassisted from a scramble around the net.

In the second Kennedy grabbed a pass from Sid Smith to score at 0:45. Smith scored his 10th goal of the season at 16:36 on assists by Kennedy and Jim Morrison.

Marcotte Denies Watson's Report

Quebec. — (CP) — Goalie Jacques Marcotte said Wednesday night a recent statement before the executive of the Canadian Amateur Hockey Association that he did not want to play for Quebec Citadels expressed his personal feelings and was not prompted by legal advice.

In an interview, Marcotte said: "I made the statement at a meeting of the CAHA executive Monday and I repeat it. I don't want to play for Citadels..."

Marcotte was commenting on a Kitchener, Ont., report that quoted Citadels' coach Phil Watson as saying Marcotte wanted to leave Quebec Frontenacs of the Quebec Junior Amateur Hockey Association and join the Ontario Hockey Association Junior A club.

Statements to the contrary, Watson was quoted as saying, were "all baloney..." and statements from Frontenac lawyers.

Marcotte said: "Watson must have a short memory if he forgets what I said in front of him at the CAHA meeting..."

CAHA Issues Detailed Statement On Jacques Marcotte; Player Still Refuses To Return To Former Club

Toronto — (CP) — The Canadian Amateur Hockey Association Wednesday issued a detailed statement elaborating on its Dec. 7 decision that goalie Jacques Marcotte of Quebec Frontenacs is Quebec Citadels' property.

Citadels are a Quebec entry in the Junior A division of the Ontario Hockey Association. Frontenacs play in the Quebec Junior Hockey League. With Citadels last season, Marcotte has been playing this season with Frontenacs despite an unsettled injunction application submitted in Quebec Superior Court.

The issue was decided after a six-hour CAHA meeting at which the Frontenac club claimed there had been misrepresentation by the Citadels in two respects: that Citadels had entered into a contract with Marcotte that he would be able to attend l'Academie Commerciale in Quebec City, and in a subsequent contract the succeeding year had promised that Marcotte would play junior A hockey.

The CAHA said that while Citadels were not able to arrange for Marcotte's tuition at l'Academie Commerciale, "every effort was made for this at other institutions but the player was not cooperative."

Evening Classes. "It was noteworthy that when he entered into a contract with the club in the succeeding year with the knowledge and approval of his parents, no mention whatever was made as to any educational advantages," the CAHA statement said.

"During the present season, although the school term commenced Sept. 2, the player had not enrolled at any education institution until Oct. 30 and during November had attended approximately three hours weekly of evening classes only."

In connection with the claim he had been promised he would play junior A hockey during the 1952-53 season, the contract actually provided only that he would be paid "for participation in junior A classification" at a stated salary, the CAHA found.

"This salary was paid throughout the season, and the player was carried as a substitute goalkeeper for the Junior A club throughout the season, and when he commenced to play as goalkeeper for the Junior B team in December, it was not because the club (Citadels) was threatening to discipline his services but because club officials and the player himself considered that the experience would be valuable to him."

Must Be Ended. Hank Greenberg, Cleveland general manager, and John Galbreath, Pittsburgh president, were named to the committee after each league separately passed the resolution.

The door was left open for a shift of the players' attitude in the next-to-last paragraph of the statement. It read in part: "If the demands of the player representatives and their attorney represent the attitude of all the players, then it is obvious that the present pension plan must be terminated and a different disposition made of the funds now devoted to that purpose."

Under the present plan, five-year man gets \$50 a month at the age of 50 and a 10-year veteran gets \$100. The players want to raise the payments to \$80 and \$150 and cut the age limit from 50 to 45 years.

Montreal Royals Top Defensive Team In I.L.

New York — (CP) — The Montreal Royals, led by Walter Alston, the new Brooklyn manager, were the best defensive club in the International League during the 1953 campaign.

The Royals, who won the circuit's playoff and then the Little World Series, made only 128 errors all last year for a sparkling .978 average. They finished three points higher than the runner-up Baltimore Orioles. Toronto was third with .973, official averages released today showed.

Montreal had only two leaders among the individual defensive standouts. Roy Hallstead tied Bob Wilson of Toronto for the top spot among second-basemen with .974 and Ed Roebuck had the most chances, 70, among the six pitchers who fielded 1,000.

Other leaders were: Charley Kress, Rochester, first base .983; Hector Rodriguez, Syracuse, third base .970; Billy Demars, Toronto, shortstop .966; Wally Moon, Rochester, outfield .960; Nelson Brubink, Springfield, catcher .985.

Castellani Gets Nod Over Turner

Cleveland — (CP) — Rocky Castellani stood off the savage buzzsaw fighting of Gil Turner with toe-to-toe slugging Wednesday night to win a unanimous 10-round decision in a wild bout in Cleveland arena. The victory strengthens Castellani's bid for a middleweight title shot.

Castellani, No. 2 middleweight contender, weighed 157 to 155 for the Philadelphia perpetual-motion man, fourth-ranking contender.

Referee Lou Parker scored it five for Castellani, four for Turner and one even. Judge Herb Williams had it 6-3-1 and judge Charlie Bill called it 5-4-1.

Millionaires Hand Islanders 9-2 Thumping

Sydney. — (CP) — Sydney Millionaires delighted an enthusiastic home town crowd Wednesday with a thumping 9-2 win over Charlottetown Islanders in a Maritime Major Hockey League contest.

Islanders failed to get rolling as the moneyman took a 1-0 lead in the first, widened it to 6-2 in the second and then outscored the visitors 3-1 in the third. The win moved Sydney to within three points of league-leading Halifax Atlantics.

Islanders were in the game only briefly in the second when Claude Robert scored the first goal of the period at 3:06. That made it a 1-1 tie but Sydney went ahead again at 3:34 and stayed in front.

Robert, playing his second game with Charlottetown, continued his sensational pace with a second goal in the third period. In his first game he sparked the Islanders to a third-period rally and victory over the Atlantics at Halifax Tuesday.

Charlie Marshall led Millionaires with a pair. Singles went to Terry Reardon, Lorne Pirie, Dunc McIntyre, Ray Lacroix, Roger Guay, John Kubinec and George

Gordon Harmer Re-Elected President Of Eastern Townships Ski Zone As Racing Dates For Season Are Fixed

Gordon Harmer was re-elected president of the Eastern Townships Ski Zone at the association's annual meeting held in the New Wellington Hotel last night.

Other officers elected were: Marcel Couture, secretary-treasurer; Conrad Gauthier and Eric Schiller, technical advisors.

The following were named directors: Lewis Evans, Bishop's College School; Adri Bruygom, president Hillcrest Ski Club; Brian Kelly, U.B.; Horst Rothfels, Sherbrooke High School; Sgt. Major Paul Prevost, St. Johns, Que.; Gerry Bates, Granby, and Mr. Saint-Jacques, Mt. Orford.

The dates for the various races sponsored by the zone were set. The Interscholastic Ski Meet will be held at Hillcrest under the direction of Bishop's College School on Saturday, February 6.

The Eastern Townships Ladies' Open Meet will be held at Hillcrest on February 14 while the Eastern Townships Senior Men's meet will be held at Mt. Orford, February 21.

The zone will be responsible for the trophies for the three events while the clubs sponsoring the events will be required to supply the prizes, appoint officials, figure the results and look after the publicity.

Club fees were set and must be sent to the secretary-treasurer prior to the opening meet. Dates for the other annual events, sponsored by the individual clubs, will be announced at a later date.

This year the Eastern Townships Interscholastic and the Eastern Townships Senior Men's meet will consist of three events, downhill, slalom and giant slalom. The ladies' meet will consist of a downhill and a slalom.

In the team competitions each club will be allowed five men to enter with the first four to count in each event. It is not the four best combined points which decide the winning team but the four best men in each event. These four men must, however, be nominated prior to the race and no names can be changed.

Teams captains will be required to send a list of their competitors to the secretary-treasurer of the zone and to the president of the club sponsoring the event.

All the skiers are waiting for now, is snow.

Bisons Win 6-1 Over Cleveland

Buffalo, N.Y.—(AP)—Buffalo Bisons, who lead the American Hockey League, put nine points between them and Cleveland Barons with a 6-1 triumph Wednesday night.

The league leaders spotted the visitors the first goal, by Chuck Blair, then came back with two by Don Marshall and one tally each by Russ Kowalechuk, Gord Penzell, Pete Wright and Ken Hayden.

Turpin's Case Dismissed By Boxing Board

London — (AP)—The British Boxing Board of Control dismissed a complaint against Randy Turpin, former world middleweight champion, that he had employed "unorthodox training methods" before his New York title fight against Bobo Olson of Honolulu.

Turpin went 15 rounds against Olson Oct. 22, losing on points. Later BBC secretary Teddy Waltham, who saw the bout, reported officially that Turpin's training was "unorthodox and inadequate."

Turpin spent 3 1/2 hours before the board Wednesday. A statement issued later said the board "accepted Turpin's explanation of his training methods and dismissed all complaints against him." It recommended he employ a full-time trainer for future fights and not train himself.

Sports Roundup

By WILL GRIMSLEY

Melbourne — (AP)—Frank Sedgman and Ken McGregor, who won the Davis Cup from the United States in 1950 and successfully defended it in the last two years, pitched in today to help condition Australia's new team for the challenge cup round here Dec. 23-30.

Now professionals, they are serving as trial horses for the 19-year-old Sydney tennis twins, Ken Rosewall and Lewis Hoad, who will defend the trophy on the Kooyong courts.

Under captain Harry Hopman's experienced eye, the Aussies play daily practice sessions and gym workouts leading up to the final matches.

Meanwhile Belgian and U.S. forces practiced at Brisbane for their inter-zone final there Dec. 19-20. The winner meets the Aussies for the big Cup.

Weather Helpful

Bill Talbert, the U.S. captain, said Brisbane's 100-degree weather was acting as a boon to his team which hasn't been able to attain top form.

"Seixas' knee is much better," Talbert said. "He has been going to the net in the last day or so without any signs of trouble."

The Philadelphia team has been troubled with a sprained ligament suffered in practice three weeks ago.

Belgium's team of Jacques Brichant, Philippe Washer and Captain Pierre Gauchand also have been having brisk workouts.

LAST NIGHT'S STARS

Harry Lumley, Toronto, who chalked up his fourth shutout of the season as Maple Leafs blanked Montreal Canadiens 3-0.

John Wilson, Detroit, who scored a goal with less than a minute left to play to give Red Wings a 3-3 tie with New York Rangers.

NOT MANY LEFT

The Buffalo Bisons which have risen to the top of the American Hockey League this season, from their cellar position of last year, have only four players remaining from the tailenders. Two of these, goaltender Jacques Plante and Gordie Pennell the stellar center, only played half a season at that last year, while playing Coach Frank Edolfski and defense partner Pierre Pilote are the only full timers left. This is probably the largest turnover from one season to another in league history. That it has brought good results is quite evident in the standings. It pays to rebuild.

Manager Frank Selke Announces That Greenshirts To Continue In League; Players May Refuse To Return

Kitchener — (AP)—Frank Selke, managing director of Montreal Canadiens, announced Wednesday night that Kitchener - Waterloo Greenshirts will continue as a team in the Ontario Hockey Association Junior A series.

His announcement reverses a decision to break up the club, many of whose senior members already have been sent to Quebec League teams.

The only hitch hinted by Selke would be refusal of the transferred players to return to the Green-shirt lineup. Selke, who bought the Greenshirts for the National Hockey League Canadiens last week, said:

"I am meeting with them in my office tomorrow morning and they will be given a chance to decide."

Earlier it was announced the Greenshirts had been suspended by the OHA pending the outcome of the setup. Tony Gregg of Wingham, OHA president, said a decision would be made within the next few days on the position of the team.

Canadiens bought the team after it was reported the Greenshirts were losing up to \$1,000 a week. Transfer of a number of their regulars followed and reports that the team was to be dissolved brought protests from local fans interested in keeping it going.

Gregg said in Wingham Wednesday night he was "delighted" to have Greenshirts stay in the league. He said the four games that the Greenshirts played and lost since the nine players departed would be erased from the standings and re-scheduled.

Individual points scored in the four games will also be thrown out, Gregg said. The games will be replayed when Greenshirts are at full strength.

Gregg said the OHA lifted the suspension on the Greenshirts when he heard the news.

Johnny Wilson Talled With Only 30 Seconds Left To Give Red Wings A 3-3 Tie With New York Rangers

New York — (AP)—With just 30 seconds remaining in the game, Johnny Wilson sent the puck past Detroit Red Wings to give Detroit Red Wings a 3-3 tie with New York Rangers in a National Hockey League game at Madison Square Garden last night.

Less than two minutes before Wilson's goal, young Camille Henry put the Rangers in front when he took deliberate aim from about 20 feet out and fired the puck past the entire Detroit team.

Henry hesitated for fully five seconds before he let go. That was at 17:32.

The fifth-place Rangers spotted the defending league champions two goals in the second session before coming to life and tying it a little over a minute before the second period ended.

Gordie Howe found the range at 3:01 when he batted the puck past goalie Johnny Bower to climax a power play with the Rangers one man short. Then at 8:44, Tony Leswick made it 2-0.

But the Rangers kept pressing and at 12:31, veteran Max Bentley took the disk alone and fired it into the net from the left alley, a full 20 feet out. Defenceman Hy Buller had the puck at the blue line at 18:40 and apparently not knowing what to do with it took a wild shot at the net. To his own amazement Sawchuk couldn't stop it and it flew past him shoulder high to deadlock the count.

Waterloo Maroons Eke Out 4-2 Win Over Granby Messier In Overtime In Brome-Missisquoi Memorial Loop

Waterloo—(Special to the Record)—The Waterloo Maroons edged out the Granby Messier club 4-2 in overtime in a regular fixture of the Brome-Missisquoi Memorial Hockey League at the Granby Arena in a hard fought battle.

Referees Buzz McCrum and Palmer dished out a total of 18 penalties, which included four majors, a misconduct and a match misconduct penalty to Roger Bedard, the coach of the Granby team. Bedard's expulsion came at the beginning of the third period, as he skated by. It did not meet with the approval of the referee who had him ejected. Bedard took great exception to this action, but McCrum's decision stood, and out went the mentor of the Messier boys.

Real Fausse of Granby picked up a minor, a major and a misconduct penalty for his afternoon's work as well as a goal and assist on the two Granby tallies. While young Dion played fine hockey for the home town boys, Abe Norris, who is again in the nets for the Maroons, was nothing short of brilliant at times. Receiving excellent protection from his brother, Al Messier, Bissonnette and Joe Moore on defence, Abe thwarted the efforts of the Granby boys time after time.

Joe Moore picked up two of the Waterloo goals, the last one in an open net, and Cubby Smith and Rollie Mercier picked up the other two. Smith picked up his goal at the 1:45 mark of the first period, and this stood until Moore got one at 15:45 of the second period.

First Period

1—Waterloo Smith (A. Norris) 1:45

Penalties: Carpentier, Desroches, Laframboise, Norris.

Second Period

2—Waterloo Moore (R. Mercier) 15:45

Third Period

4—Granby R. Fausse (Peppin) 16:04

Penalties: Charbonneau, Laroche, Smith (major), Carpentier (major), Bedard (match penalty).

I.L. Hits Another Snag With Cubs

New York — (AP)—Negotiations to solve the International League franchise situation struck another snag Wednesday and Frank Shaughnessy, president of the triple-A baseball loop, said it may be another week before it can be settled.

Shaughnessy met with Jack Sheehan, owner of the Springfield franchise, which may withdraw next season from the eight-club league. Shaughnessy said a settlement could not be immediately reached on whether the team will play in Springfield next year, as he was not satisfied that the Springfield backers could produce a club of International League calibre or draw sufficient crowds.

If Springfield goes, speculation on its successor ranges from Havana to Charleston, W. Va. Last week in Atlanta a preliminary investigation was made to determine whether Charleston could be switched from the American Association, with Winnipeg taking its place.

Winnipeg interests have made a definite application to the American Association for a franchise.

Cits And Guelph Play To 10-10 Tie

Guelph — (AP)—Quebec Citadels, battled back five times to tie Guelph Biltmores 10-10 in overtime last night in their Ontario Hockey Association Junior A game here.

Biltmores led 4-1 at the end of the first period but the score was tied 5-5 at the second and 7-7 at the end of the third.

Bob Attersley was the big man for Guelph with five goals and two assists. Gilles Thibault scored three for Citadels.

The other Guelph goals were scored by Johnny Gillis, who had two, Bob Forhan, Wally Para and Billy McCreary.

Mike Ratchford tallied twice for Quebec. Singles went to Gaston Pelletier, Richard Bouchard, Carl Wandolwich, Pat Presley and Stan Parker.

Even of eleven penalties went to Quebec.

St. John Blanks Amherst 3-0

Saint John, N.B. — (AP)—Young Billy James chalked up his second straight shutout at home when Saint John Beavers blanked Amherst Meteors 3-0 in a New Brunswick Senior Hockey League fixture Wednesday night.

Beavers took over third place from Amherst while Meteors sank to the dungeon spot previously held by Saint John. At Moncton, Fredricton Capitals lengthened their lead by edging the second place Moncton Flyers 3-2.

Nick Nicolle, Charlie Knox and Doug Hevey fired the Saint John allies. Giles Boivert was the losing goalie.

Next Year's Canadian Open May Be Colossal Flop If Present Plans Are Continued; To Be Held Out West

Montreal — (AP)—The 1954 Canadian Open golf championship may turn out to be the biggest bust in its history, financially and in big-name attractions, if venue plans are left unchanged.

The 1954 Open is scheduled for July 14-17 at the Vancouver Point Grey Club. But it is associated the Royal Canadian Golf Association has been quietly informed there won't be a swifly of the big American tournament circuit next summer within 1,800 miles of Vancouver.

This information reached the RCGA from the Professional Golfers Association in the United States.

A highly-placed golf authority told The Canadian Press in Montreal that suggestion was made to the Point Grey Club there be a switch and the club take the 1955 Open. But, he said, the west coast golfing people insisted on going ahead with the 1954 Open "even if it means holding the tournament with only neighborhood and club pros."

The RCGA inadvertently got caught up in the date situation. Awarding the 1954 Open to Point Grey was done about two years ago, in accordance with practice. The RCGA acted on the assumption that the circuit of the money players would swing, as usual, into the Pacific northwest, making it easy for the American stars to move on to Vancouver.

Now it turns out the nearest point to Vancouver on the circuit next summer is St. Paul, Minn. It is learned also that the PGA will honor its obligations to the Canadian PGA and keep the Point Grey date on its tournament schedule.

It is no secret that the Canadian Open relies heavily for its drawing power on the big-name players from the pro circuit. At the same time the RCGA depends upon the Open for a major part of its operating revenue.

It is estimated the RCGA was enriched by about \$10,000 from the Canadian Open at Toronto Scarborough last summer. Part of RCGA finances go toward development of young Canadian players.

The venue situation is understood to have brought about a rift in the RCGA. Some feel the Point Grey dates should stand, regardless of the PGA circuit. The dates also precede the British Empire Games in Vancouver by about two weeks.

Others say the tournament would not only lose money but prestige as well. They also say the only redeeming feature would be the likelihood of a Canadian winning the title. They add this would be a hollow victory.

The last time a Canadian won the Open was in 1914 when Karl Keiffer of Royal Ottawa won it at Toronto, 10 years after the tournament was inaugurated. Keiffer's win was before the American pro circuit, at least before the big-name players started swinging into Canada. Pat Fletcher of Saskatoon came close last summer, finishing second to Dave Douglas of Newark, Del.

A point being carefully avoided by informants is that the Canadian Open has suddenly found itself in direct competition for customers and prestige with the new \$25,000 Open Labatt which had its inaugural last summer in Montreal. The Canadian Open is a \$15,000 tournament, but it has continued to draw top-ranking American stars.
