THE BOER CAPITAL IS TAKEN.

Plumer's Force Has Occupied Pietersburg, Reports General Kitchener.

Detachment of Lancers and Yeomanry Overwhelmed by Boer Force—Rebel Dutch to be Dealt Severely With.

Abertien, Cape Colony, April 9.—(Special)—A detachment of the Fifth Lancers and Yeomanry, 100 strong, had a stiff fight with four hundred Boers near here and all but 25 were forced to surrender.

London, April 9.—(Special)—General Kitchener reports to War Office under date Pretoria, April 8, that Plumer has occupied Pietersburg with slight opposition.

He captured two locomotives and 39 trucks. The capture of Pietersburg is regarded as important, as the place is the terminus of the railway, and has been the capital of the Boer government since the evacuation of Pretoria.

THE SPRING FRESHET.

The St. Francis River Overflows at Some Points.

TRAFFIC OVER WOLFE STREET BRIDGE STOPPED FOR REPAIRS.

The water has risen slightly since yesterday and has overflowed the banks at points on the East Sherbrooke shore.

The flats at the north end of Windsor street are flooded and the usual spring navigation has begun. The highway is overflowed at points on the Brompton road, east side of the river. The flood is yet, however, far from high water mark.

FIRE IN OTTAWA.

Russell Theatre Burned This Morning.

RUSSELL HOUSE SAVED WITH DIFFICULTY.

Ottawa, April 9.—The Russell Theatre, the finest in the city, and one of the finest in Canada, is a total loss.

LATER DESPATCH.—Ottawa, April 9.—(Special)—The fire in the Russell House block was under control at 4 a.m. The theatre is totally destroyed, the loss being estimated at about \$100,000, insurance \$63,000.

THE FLOOD RECEDES.

Situation At Richmond Is Much Improved To-day.

SUNDAY'S ICE SHOVE AS SEEN FROM THE MELBOURNE SIDE.

Richmond, April 9.—(Special)—The flood situation is much improved here today. With the passing of the ice the water receded and is now practically out of the town.

ESTIMATES HEAVY DAMAGE.—A press despatch from Richmond says: "The loss caused to business houses in Richmond is estimated as at least \$30,000, and the damage to private houses is figured at \$5,000 to \$10,000."

REBELLION NOW IN CHINA.

Big Army Under Tung-Fu-Sian Marches Against the Chinese Court.

Pekin, April 9.—The rumors which have been current during the past few days of the outbreak of a rebellion, headed by General Tung Fu Sian (formerly commander of the northern army) in the provinces of Mongolia and Shen Si, have been absolutely authenticated.

General Tung Fu Sian, according to latest accounts, was about 150 miles from the court with 11,000 regular troops, all supposed to be devoted to him. The court has about the same number of soldiers at Sian Fu, but it is probable that the troops of Tung Fu Sian are better drilled and better armed.

The engagement is announced of Mr. W. Oliver Smith, Montreal, to Miss Ethel Thorpe, daughter of Captain Thorpe of Danville. The bride-elect is a niece of Mrs. Frank Thompson of this city.

The brigade was called out yesterday afternoon for an alarm sent in from Long's shop. No fire occurred, however, but it appears that one was threatened, and as a matter of precaution the brigade was called.

Invitations are out for a dance to be given by the Amateur Orchestra of Cookshire on the evening of April 12th. The patronesses are Mrs. Triggs, Mrs. R. H. Pope, Mrs. Alex. Ross, Mrs. W. H. Learned, Mrs. F. E. Halls, and Mrs. E. J. Planché.

The regular meeting of the Bird and Nature Club was held at the home of Mrs. W. B. LeBaron, Moore St., on the afternoon of the 6th of April. A large attendance was significant of a growing interest in the club and of much enthusiasm among its members. The subjects under discussion were "The Lilliacae Family," "The Dog-tooth Violet, and Trillium," "The Purple Grackle," and "Chimney Swift." After the reading of a number of interesting papers, plans were made for beginning the out-of-door expeditions as soon as the weather should permit.

Rev. Dr. Whitney, principal of Bishop's College, preached the Easter sermon at Milby on Sunday.

Mr. Geoffrey Grundy returned this morning to Rivière du Loup, after spending Easter at home.

The ladies are respectfully requested to remove their hats at the Ladies' Musical Club concert to-night.

Mr. H. J. H. Potry, head-master of Bishop's College School, is in Montreal, the guest of Mr. Ernest Howard, 253 University St.

In 1899, Messrs. W. H. Moore and F. C. Taylor, graduates of Bishop's College, Lennoxville, went to the diocese of Nebraska, U.S., to do lay work and to prepare for holy orders. Both prepared themselves under the direction of the local clergy, passed their examinations creditably, and advanced to the Diaconate and Priesthood. Mr. Moore has charge of St. Paul's, Omaha, and Mr. Taylor of St. Peter's, Neligh, and both are doing excellent work.

The Easter services at St. George's church, Lennoxville, were attended by large congregations, a good number being present at the early celebration, as well as at the 11 a.m. service. Plants in bloom adorned the chancel, a fitting decoration for the festival. The music, under the direction of Miss Verity, organist, was bright and appropriate; the beautiful Easter hymns, many of which have been handed down from the early days of Christianity, being sung with heartiness. The Rev. A. C. Scarth, rector, was assisted by Rev. Dr. Allnatt, who delivered an excellent and impressive sermon on Easter themes.

The "Albani" Chorus has just celebrated in a very delightful way its fourth anniversary. The hall where the meetings are held was artistically and prettily decorated with flags, colored lights, and other ornaments, and the supper tables were arranged in the centre, awaiting the invited guests. About seventy-five sat down to supper and discussed a very delicious menu with appreciation and amid much gaiety and good fellowship. The following toasts were proposed: "Albani, our honored patroness," "The Ladies," "Our Visitors," "The Friends of Music," "The Officers and Members of the Chorus," and were honored and responded to with real French-Canadian spirit and enjoyment. With songs and speeches it was late before the party broke up. The "Albani Chorus" was formed during the second visit of the famous singer to Sherbrooke, in 1896, and has thirty members, chosen from among the most enthusiastic of the musical amateurs of the city. The "Chorus" encourages the cultivation of the arts, both literary and musical, and along these lines is doing inestimable good.

REFORMS IN RUSSIA.

NEW AND PROGRESSIVE MINISTER OF EDUCATION APPOINTED.

St. Petersburg, April 9.—Adjutant-General Van-Novsky, member of the Council of the Empire, has been appointed Minister of Public Instruction in succession to M. Bogoloff, who was assassinated by Peter Karapovitch.

Emperor Nicholas, in an imperial rescript addressed to the new minister on his appointment, said:

"Experience in recent years has shown the existence of defects that are material in your whole system. I think the time has arrived to undertake an immediate, thorough revision and improvement. Highly valuing your experience and enlightenment, I have chosen you to co-operate with me in the work of re-organizing and reorganizing Russian schools. May God bless our work."

Adjutant-General Tcherkoff has been appointed governor-general of Warsaw, and commander-in-chief of the Warsaw military district.

SAVED THE BRIDGE.

Dynamite Employed to Clear River at Ascot.

BIG ICE JAM IN THE ST. FRANCIS THIS MORNING.

Ascot Corner, April 9.—(Special)—There was a big ice jam above the bridge over the St. Francis river here this morning.

The bridge was threatened and for a time it looked as if it would be swept away when the ice moved.

Dynamite was employed to blow up the ice and by this means the bridge was probably saved.

The river is now clear.

SEEN AT MELBOURNE.

Melbourne, April 9.—(Special)—Sunday at 10 o'clock, the early churchgoers were treated to a sublime and awful spectacle. The immense sheet of ice above the iron bridge began to move, piling up gigantic blocks upon the Melbourne shore.

Your correspondent was about to cross upon the bridge, to Melbourne, when the middle pier was shoved off its foundation, precipitating the two spans upon the ice. The telegraph, telephone and electric light wires caught the top of the toll house, which was for a time in considerable danger, tearing the chimney off. Luckily they snapped and the crowd began to retreat rather lively from the falling wires that came rattling down on all sides.

The ice stopped about 300 yards below for a time. The crowd stood around, waiting for the shove to recommence. Several Melbourneites who wished to reach their town, jumped down upon the big field, and crossed. After this many others made their way over. Colonel Harkon soon made his appearance upon the scene, and with his usual energy began with a small force to stretch across the electric light wires to Richmond, thus ensuring light to that town. Also! at seven o'clock the ice shoved out the remaining spans, and Richmond was doomed to use coal oil as a means of illumination. Mr. Cooney, the genial toll keeper, moved his family down to the St. Jacob's Hotel—soon after the first shove. "This is a serious blow to the company. Three years ago the middle span was carried away by the ice, and now the whole bridge has disappeared. Many claim that the dam is the cause of these accidents, and the hope is freely expressed that some one will dynamite it, and thereby remove one of Richmond's unprofitable speculations. At the present time boats are the only means of communication between the two towns. It is to be hoped that the Government will see its way to put in a new bridge. No doubt our Federal and Provincial members will do their best in that direction, especially our Quebec member, who will thus fulfill his anti-election promise of a free bridge."

STRIKES IN ENGLAND.

LANCASHIRE STRIKE ENDS—ONE ON NOW IN YORKSHIRE.

London, April 8.—The Lanarkshire strikes are apparently ended, the engine workers having agreed to resume work April 8. The miners will in consequence resume work also. The strike brought no gains to the workmen.

Owing to a dispute regarding the rate of pay, 1,000 miners have gone on strike in the Dewsbury Colliery District, County of York.

TOOK ALL SIDEWALK.

FIVE YOUNG MEN FINED FOR OBSTRUCTING THE WAY.

In Magistrate's Court this morning, five young men were arraigned on the charge of loitering on the sidewalk Easter morning and obstructing the way.

Their names were Archie Duyon, Amidé Morin, Daniel Fiset, Pierre Gosselin and Jos. Fortier.

The offence occurred at the corner of Market and Goodhue streets.

The guilt of the offenders was established and they were fined \$1 and costs or ten days in jail.

BISHOP LA ROCQUE.

LEFT YESTERDAY FOR AN EXTENDED TOUR OF THE UNITED STATES.

His Lordship Bishop LaRocque left town yesterday afternoon for an extensive and prolonged tour in the United States. His Lordship was accompanied as far as Montreal by Mgr. Chalifoux, V.G., and the two distinguished prelates stopped at St. Hyacinthe over night, the guests of His Lordship Bishop Moreau. At Montreal Bishop LaRocque will be joined by his brother, Rev. Charles LaRocque, curé of St. Louis de France, who will be his travelling companion. The journey is undertaken for the benefit of the Bishop, who has been seriously ill since January last, and has been advised by his physicians to travel through the South and West. The Bishop and his brother will visit Southern California, and then proceed to San Francisco and thence up the coast to British Columbia. During his travels His Lordship will meet his sister who lives in Texas. Bishop LaRocque will probably be absent three or four months, and during that time the diocese will be administered by Mgr. Chalifoux, V.G.

## KRUGER TALKING.

QUOTED IN PARIS PAPERS AS SAYING MANY AMAZING THINGS.

New York, April 6.—Oom Paul is quoted in the Paris Matin as following, according to a cablegram:—"I thank God that He has beset Great Britain with troubles in the Far East—troubles that will yet force her to release her South African prey.

Great Britain's sin, the atrocity with which she has waged war on defenceless women and children of the veldt, will yet be her ruin—we have the witness of the Book for it."

In speaking of the present situation in South Africa, and of the war in general, Mr. Kruger said:—"The British Government telegraph, and the British press always try to make this much," and he measured his little finger—"look this much," and he extended both arms. "I am persuaded everything is going well out there, precisely because our enemies continue to disseminate and travesty facts.

"We do not fight except for peace. We are not conquerors, but although Botha listened to the British proposals, he never turned a word of equivocation on the subject of independence. Independence is the only treasure we cherish, when if we have to sacrifice all others to have our national independence.

"It is for that reason our citizens forsake their farms and sacrificed their lives, and our women and children now suffer temporary servitude in the enemy's camp.

"And," added the ex-President, "if the English were not blind, if they considered their own interests well, they would recognize the independence we demand, because in the hope of safeguarding it, we shall be ready to make many concessions and sacrifices, and moreover it would assure peace forever in South Africa."

NEW JERSEY CENTRAL RAILROAD SYSTEM MAY BE TIED UP.

New York, April 9.—In the opinion of a great many people a strike is imminent on the Central Railroad of New Jersey system. The opinion is based on the fact that Chief P. M. Arthur, of the Brotherhood of Locomotive Engineers left the city yesterday for his home in Cleveland, and Chief Frank P. Sargent, of the Brotherhood of Locomotive Firemen, was preparing to leave the city also. Added to this was a statement made by E. E. Clark, Chief of the Brotherhood of Conductors, who said he certainly would sanction any action his men, meaning the conductors, of the road, might see fit to take.

The chiefs of the brotherhoods professed to feel angry at their failure to bring about negotiations with Vice-President Warren, of the railway, concerning the point of difference between the company and its employes.

With little or no assistance they prepared the room, and by a tasteful arrangement of screens and draperies converted it into a sales-room, and here they disposed of lemonade, pop-corn, home-made candy, etc., charging the small sum of one cent for admittance. They were well patronized, and at the close of the "bazaar" they handed \$3.25 to the treasurer of the Women's Auxiliary, who desires to express her hearty thanks to these enterprising young ladies, who set so good an example to their elders by their zeal in a worthy cause.

I tried many remedies; was about to give up. I used six bottles of Smith's North American Indian Rheumatic and Kidney Cure, and to this remedy I owe my life. I can recommend it to any one.—MRS. CHAS. Women who are obliged to Work

in the impure atmosphere of Factories will derive great benefit from the use of the Celebrated French Tonic

VIN'S MICHEL

Women are naturally of a weak constitution, they cannot work steadily like a man, without being troubled often with headaches, dizziness, paleness and backaches, which are sure signs of Anemia, one of the most dreadful blood disease known. More than half the ills of life are the result of poor blood, but fortunately nature provides a remedy to enrich and fortify the blood, in the way of a pure, rich, generous, red wine called Vin St-Michel and which contains a greater amount of blood-making and strength-giving elements than any other tonics known. Its beneficial effects are immediate and lasting, they impart energy and vivacity, increase the red blood corpuscles and thereby supply resistance to fatigue.

**AGUINALDO.** SEEMS TO BE ENJOYING HIS CAPTIVITY. Manila, April 9.—General MacArthur says it is impossible to make a statement concerning Aguinaldo now. It is possible that Aguinaldo will soon be removed from the Malacanang Palace to a large house with pleasant grounds beside the Pasig River, which is being renovated and prepared for occupancy. Aguinaldo is purchasing diamonds and other jewelry. He continues to receive certain visitors, but newspaper correspondents are excluded. It is said that the manifesto which Aguinaldo has been preparing has not yet been signed, and it is added that Aguinaldo is reluctant to comply with the conditions. It appears that the majority of the Filipinos in Manila distrust Aguinaldo and dislike to see him accorded special favors. They say he ought to be severely punished.

CHECK TO HER AMBITIONS IN MANCHURIA SEVERE SETBACK. London, April 9.—In a despatch to the Times from Peking, dated Sunday, Dr. Morrison comments upon the blow to Russian prestige in China resulting from the check to Russia's ambitions regarding Manchuria. "This blow is all the more severe," he says, "because Japan, whom the Russians have affected to treat with the utmost contempt, has had the largest share in dealing it."

## FLOOD IN N.B. A CANADIAN CHARGE

Water Reaches Highest Point in 30 Years. Boer Position Carried in Buffalo Bill Style.

RAILWAY TRAFFIC INTERRUPTED.—C.P.R. MAIN LINE IN-TACT.

St. John, N.B., April 9.—Reports from St. John and St. Croix river valleys show that the freshet is abating, and that the danger point has been passed. The ice jam above Fredericton broke yesterday afternoon, and the railway and highway bridges across the river escape with little injury. All along the river bank the flood swept away barns and buildings that were supposed to be above high water mark. The water is still rising at Fredericton, and is now within two feet of the highest point of the greatest freshet for thirty years. If the rain continues the damage done will be immense. The flood in St. Croix valley has blocked St. Stephen branch of the Canadian Pacific railway, and no trains moved in or out yesterday. There are three washouts on the shore line between St. John and St. Stephen, cutting off all communication with St. John by rail. The Canadian Pacific Railway main line is intact, but its northern branches have suffered considerably, but will all be open in a couple of days.

### WELCOMES LOUBET.

### IN SOUTH AFRICA.

NO GENERAL SURRENDER, HOWEVER, IS EXPECTED. Pretoria, April 9.—A rumor is in circulation here that the burghers have given Commander-in-Chief Botha until April 10 to accept General Kitchener's terms of surrender, and that if he does not accept on that date they will leave the commandos and come in themselves.

A general surrender of the Boers is not expected here, however, until the northern mountainous districts of the Transvaal have been subdued. Drafts of the constabulary encamped at Elmsfontein are being drilled daily. The garrisons at Vlamfontein, composed of the Essexes and the Dublin Fusiliers, are in touch daily with the Boers, who are attempting to cross the line.

## A Disagreeable Duty.

Writing an Ad. Did you ever stop to think, you who read the advertisement in the newspapers, just what it means to get up the "ad." every day for a big department store? The man in charge usually has a staff of assistants, who are assigned each day. They must familiarize themselves with the stock of these departments while the manager of the advertising department himself is supposed to keep thoroughly in touch with the entire stock of the store. He writes the general introduction to the advertisement each day and edits the copy turned in to him by his assistants, just as an editor handles the copy of his reporters. "Just as much care is taken with this matter as though it were so much imperishable literature," said the advertising manager of a big department store. "You sometimes hear of a famous author spending hours over one paragraph, writing it and rewriting it to get the best and strongest effect. You wouldn't think that would be necessary in writing an advertisement, but it is. My assistants sometimes spend an hour over one sentence. There is more science in writing an advertisement that will bring results than perhaps in any other form of composition."
