LA SALLE.

A town on the North Shore of the River St Lawrence, situated between Verdun and the City of Lachine, directly connected with Montreal West and Town of St Pierre, on the north, by the celebrated Lift Bridge at Lachine, the largest of its kind in the world.

Was but recently erected into a town by the Provincial Legislature, which granted it a charter in 1912. That part of the town located on the riverside is exclusively residential and is the home of many wealthy Montrealers. There are some beautiful farms which are all well cultivated. There are also several dairies which supply cream, milk and butter to the City. The northern boundary on the Lachine Canal

is an ideal location for manufacturers. Several large plants being now in operation.

The Federal Government has lately opened a branch of its Savings Bank. There are also a Post Office Branch; two Catholic churches two Catholic schools and one Protestant school. Telephone and telegraph communication with the City of Montreal.

The town of LaSalle is a beautiful summer resort and was formerly the Parish of Lachine. It has fine view of the Lake St Louis, Lachine Rapids and the Nuns Island as well as Laprairie, Caughnawaga or the Indian Village and the Western part of the City of Montreal. The population is about 700.

The town Hall is located at No. 13 Strathyre av. Council meets on second Wednesday of each month. Fire and police departments are located at town hall. The C. P. R., N. Y. C. and Delaware & Hudson R. R. Co., supply service. "Highlands" being Railway name of town.

Town Council: Anatole Carignan, mayor.

Alderman: J C Mathieu T. R. Smith, N A D'Amour, Malcolm Hodge, F X Belanger, C P Newman. Recorder: A S Pelletier. Town Clerk: A Daoust. Chief of Police: E Cyrenne. Roadmaster: A Forques.

LONGUEUIL

HEAD OF NAVIGATION

On the South Shore of the St. Lawrence River
right opposite Montreal City

LONGUEUIL is the most important City on the Richelieu Peninsula, being also the County seat of the County of Chambly, and is an important banking centre, the Bank of Montreal, Banque d'Hochelaga and Royal Bank of Canada having branches in the City.

The municipality is up to date with public utilities, having splendid water works equipped with turbine pumping system run by electric power. The water supplied is filtered through the New York Filter Corp. System. Streets have concrete pavements and concrete sidewalks. The city has the electric lighting system under its own control throughout all streets.

There are several industries, producing steel, cast iron and sheet metal, mostly for export. A branch of the world-known Sir Wm. Armstrong Whitworth Co., Ltd., of England, largest producers of crucible steel railroad car wheel tires, have an enormous plant for the manufacture of tools, etc. The Stowell Screw Co., Ltd., Dominion Engineering & Construction Co., Ltd., J. Freedman & Bro., are also located here.

Longueuil has many institutions. An important Roman Catholic College for the education of young men, French and English, full commercial course, good boarding, gymnasium; Seminary of Presentation Brothers, two Roman Catholic Convents for the education of young women, Protestant Schools, a Hospital and Home for the old, Roman Catholic Church, Church of England and Presbyterian Church.

Communication between Montreal and Longueuil is easy and frequent by two ferry lines and an electric railway system. The Montreal Southern Counties Railway Co. gives a twenty-minutes service from 6 a.m. to 12.20 p.m. daily to Montreal, and have a belt line in the City, to reach principal points.

The City has also fine parks and playgrounds. The water front is most beautiful and convenient for boating and yachting, and fine residences face on the water front. Shipping facilities both water and rail, are excellent. The Delaware & Hudson Railway Company and the Montreal, Quebec & Southern Railway pass through the city.

The Harbour Commissioners propose building larger wharves to accommodate export trade.
