Dividend Announcement INDUSTRIAL

The Company has just declared a cash mortuary dividend on Policies over 5 years in force which have matured and shall mature in 1906. To all death claims on Policies over 5 years in force it adds 5 per cent; to all death claims on Policies over 6 years in force, 6 per cent., and an additional 1 per cent. for each year of duration. Thus the dividend on claims under Policies over 10 years in force is 10 per cent; over 15 years, 15 per cent; over 20 years, 20 per cent; over 25 years, 25 per cent; 1870 (the earliest issue), 27 per cent. The cost of this dividend payable during the current year is approximately

ONE MILLION TWO HUNDRED THOUSAND DOLLARS.

In addition to this the immediate benefits (payable during the six months after date of issue) on Industrial Policies (excepting Term and Endow. mat. issued during 1906) have been doubled. Certain increases have also been made in the benefits on infantile Endowment Policies during the first year. The cost of these, which will operate as a dividend on all claims maturing during this year, on the issue of this year, is approximately

ONE HUNDRED AND FIFTY THOUSAND DOLLARS

These dividends are over and above the dividend declared on Industrial Policies January 1 last, which was a quinquennial cash dividend, amounting to about 20 per cent. of the premium for a year, declared on all Policies.

SIX HUNDRED AND EIGHTY-TWO THOUSAND DOLLARS.

This the Company THIS YEAR has declared and IS PAYING dividends on Industrial Policies amounting to

Over Two Millions of Dollars

Every one of these Policies is non-participating, promising a definite sum PURELY VOLUNTARY. Dividends have been actually paid without promise

Ten Millions of Dollars

in 12 years. Included among these Policies are hundreds of thousands of Policies issued by other companies and assumed by the Metropolitan.

INTERMEDIATE

Intermediate Policies for \$500 each have been issued by the Metropolitan for 10 years past. They are Policies designed for such of the Industrial class as can afford to pay annual, semi-annual or quarterly premiums in

Six Hundred and Twenty Thousand Dollars

to be paid in dividends on Intermediate Policies during 1906. Payment of these dividends has brought the cost of the Policies very nearly down to the non-participating rates of this and other Ordinary Companies.

ORDINARY

The Ordinary Policies issued by the Company for the last 15 years have been practically all written on non-participating rates—plain business contracts for plain business men, which tell their whole story upon their face. There is nothing to the imagination, borrow nothing from hope, require definite conditions and make definite promises in dollars and cents. The rates, therefore, are low. The Company has in force, however, a considerable, though, compared with its total business, a very small percentage of participating

business. Some of the Policies were issued on annual dividend and some on deferred dividend plans—many of the latter having been issued by other companies and assumed by the Metropolitan. Upon these Policies the Company has this year declared and is paying a dividend equal to the excess premium charged by mutual rates over the non-participating rates charged on its current business. The amount of this dividend is nearly TWO HUNDRED THOUSAND DOLLARS, which is a voluntary extra dividend.

Thus the amount of dividends the METROPOLITAN LIFE INSURANCE COMPANY is paying this year is nearly

Three Millions of Dollars

THREE QUARTERS OF WHICH IS A VOLUNTARY GIFT BY THE COMPANY TO ITS PATRONS.

MORAL—INSURE IN THE METROPOLITAN.

SOUTH STUKELY.

Aug. 29.—The school house in No. 11 district is undergoing extensive repairs.

Miss Etta V. Taylor closed her school in No. 5, on the 24th.

Miss Hattie and Mr. Walter Gray, of Waterloo, were guests of their sister, Mrs. W. J. McClure, over Sunday.

Mrs. Vadius and daughter, Miss Corinne, of Manchester, N.H., have been spending some weeks with friends in town.

The Band concert on the evening of the 23rd, was certainly a grand success. The hall was filled to its utmost capacity. The Band played outside in the band stand during the first of the evening and certainly excelled themselves. A most interesting programme was rendered, a pleasing part of which was two vocal solos by Miss Corinne Vadius, of Manchester, aged six and one-half years, who sang charmingly. Some of the West Bolton talent helped in the programme. The last number was a farce entitled "Getting experience in a doctor's office," in which the following took part: Misses B. Page and B.T. Knowlton, Messrs. L. Chamberlain, A. McDougal, A. McPherson, H. Savage, G. Johnston and Master Ernest Page. The total amount taken in is reported to be about \$75. The boys are to be complimented on the way the affair was managed.

Mr. and Mrs. M. F. Goddard and Miss B. T. Knowlton leave on the 3rd of September for Sherbrooke Fair, where Mr. Goddard will have an exhibit of maple sugar and syrup. From Sherbrooke they will go to Ottawa for the Exhibition.

We have had many picnic parties pass through here this summer en route for Mt. Orford and other places and with the exception of the party on the 21st, all have conducted themselves in an orderly manner. We understand that the one referred to was the Royal Templar Lodge of Waterloo, of which a part conducted themselves in a most disorderly manner, as the residents of this place can testify, while passing here on their return late in the evening.

Some young people from our town do not consider it of any consequence what they say or do while driving through the farming districts. We do not mean to cast reflection on the whole party but certainly a part did not behave in a very creditable manner.

BROME.

The troupe that held forth here on Saturday evening styled Fay's Popular New York Entertainers, did not come to the standard judging by the general report.

AMUSEMENTS.

THE RED FEATHER.

A feature of the comic opera "Red Feather," which will be seen in this city Thursday night is a male chorus of twenty-four singers, none of whom were engaged until they had conclusively proven their vocal ability. Reginald DeKoven, who composed the music, contributed some especially pretentious male choruses, the successful interpretation of which is quite beyond the power of the ordinary chorus man.

A farmer who went to a large city to see the sights engaged a room at a hotel, and before retiring asked the clerk about the hours for dining.

"We have breakfast from six to eleven, dinner from eleven to three, and supper from three to eight," explained the clerk. "What, say," inquired the farmer, in surprise, "what time air I goin' ter git for see the town?" (Ladies' Home Journal.)

DEATHS REPORTED

EDWARD BENNETT, OF BROOK-BERRY.

Mr. Edward Bennett, of Brookbury, died this week. He was born September 11th, 1829 in the town of Drumbockan, parish of Kilmore, County Cavan, Ireland. He came to Canada with his parents in 1837, and settled in the township of Bury, which was then a complete wilderness. He lived to see the place of his adoption without trail or road, almost changed to a nice farming country with good roads and comfortable residences. He saw three railroads surround the place he settled in. He saw the incoming of the telegraph, telephone, electric light and cars, and many other changes. He was a kind neighbor and firm friend. Enemies he had none.

About 1870 he removed to Sawyersville, where he lived until 1890, when after the death of a younger daughter, Alice, he and his wife removed to Oregon to live with their eldest daughter, Mrs. D. E. Gilman. Mrs. Drew,

The usual fines and sentences were passed this morning.

THE NEW GRAND TRUNK YARDS.

The work of remodelling the Grand Trunk yards is well advanced. The freight sheds have been moved to their new foundations. Additions to both the north and south ends are now being built. Fuller & Wiggett's grain elevator has been moved to a site between the Gas House and the Creamery. The only one of the old buildings still standing on the same ground is the shed of the Massey-Harris Farm Implements Company. All of the old sheds which were used for storing coal are being torn down. A gang was at work on the stock pens yesterday and were expecting to have them completed some time today. The yard consists of four pens and four shoots. Three shoots are to be used for cattle and the remaining one for sheep. As the gangs doing the different kinds of work are often called to other parts of the line the work is being somewhat delayed. It is expected, however, that the remaining work to be done will be completed in the very near future.

SAVAGE-ROSHER.

St. George's church, Lennoxville, was the scene of an exceedingly pretty and interesting wedding last evening, when Miss Florence Geraldine Roshier, only daughter of Mr. and Mrs. W. E. Roshier, of Lennoxville, was married to Mr. Ward S. Savage, of Saskatchewan, formerly of Granby.

The bride wore a lovely gown of cream-white crepe de chine over taffeta, made with a trained, pleated skirt; the bodice with a yoke of real lace, and half sleeves, trimmed with lace. A wreath of orange blossoms and a long tulle veil completed the costume. The bridal bouquet was of cream-white roses, tied with white satin ribbon. The bridesmaid, Miss Mildred

Savage, sister of the groom, was becomingly attired in cream taffeta cloth with lace insertion and chiffon, and wore cream hat, with long white plume. She carried a bouquet of pink sweet peas.

The best man was Mr. Albert O. Hayes, of Granby, and the ushers were Messrs. R. McFadden and H. S. Albro.

The church was tastefully decorated with flowers, the brilliant golden glow with ferns being most effectively used, all the chancel steps, and on the altar, while sweet peas and green willow were in the font and the window sills. In addition to the invited guests the church was well filled with friends of the young bride, who had grown up amongst them in Lennoxville.

The ceremony was performed by the Rev. R. W. E. Wright, the bride being given away by her father, and at its close the wedding march pealed forth from the organ, and the bridal party left the church and repaired to the home of Mr. W. E. Roshier, where the young couple received the congratulations of their friends under a canopy of trailing vines in a bower of flowering plants and foliage. In the dining room the decorations were white sweet peas and maiden hair fern, the color scheme being green and white, and a delicious wedding supper was served, small tables being arranged for the guests.

Mr. and Mrs. Savage left for their wedding journey on the Halifax express for the Lower Provinces, the bride travelling in a tailor-made suit of hunter's green broadcloth, with long coat, and smart silk gown hat, with green shaded plume. They will return to Lennoxville for a few weeks' visit before leaving for their home in the Northwest. Many handsome gifts were received by the bride, including cut glass, solid silver and several substantial checks. The groom's gift was a signet ring, and to the bridesmaid he gave a pearl pin, and to the best man and ushers, pearl stickpins. Among the guests were Mr. and Mrs. Jos. H. Savage, Granby, the groom's parents; Mr. and Mrs. T. Craig; Mr. and Mrs. T. Malcolm Craig (Sherbrooke), Dr. and Mrs. Corcoran, Waterville; Dr. and Mrs. Mooney, Scotstown; Mr. and Mrs. G. D. Robertson, Brownville Junction, Me.; Rev. Mr. Wright, Mrs. Wright, Mr. and Mrs. D. J. Hayes (Montreal); Mr. and Mrs. Wilkinson, Miss Kathleen Wilkinson (Dunham), Mr. and Mrs. N. G. Bray, and Miss Naupie Bray, Mr. and Mrs. A. Gough, Farnham; Mrs. W. Russell Thomas, Mrs. McDougall, Mr. and Mrs. H. Hughes, and Miss Hazel Hughes, Mrs. and Miss Hayes, Mr. and Mrs. W. Baker and Miss Baker (Lennoxville), Mrs. and Miss Longway (Sutton), Mr. and Mrs. Clarke, Mr. and Mrs. C. N. Martin, Mr. and Mrs. C. F. Wiggett, Mr. and Mrs. C. J. Lane, Miss Perry, Mr. Vivian Bray (Montreal), Mr. and Mrs. E. R. Parsonage, Megantic; the Misses Balfour and others.

TEMPERED GOLD AND SILVER.

A process of tempering gold, silver and copper has been discovered by Mr. Z. F. Vaughn, of Los Angeles, Cal. By his method, it is claimed that the ductile metals are not only hardened, but a cutting edge is obtained keener and more durable than that of steel, because of the microscopic fineness and smoothness imparted to it.

The inventor's experiments were devoted chiefly to the manufacture of surgical instruments of gold, his first production being a hypodermic needle of solid tempered gold. For surgical purposes, the inventor claims that instruments of tempered gold are superior to those of steel, because of their non-corrosiveness and the ease with which they may be sterilized.

The antitoxin needle is about two inches long, and the needle for spinal anaesthesia is about three inches long. There is no clogging; consequently it is not necessary to use wire. The needles are easy of introduction, the largest size passing through the tissue store readily than the smallest steel needle.

As the needle is entirely aseptic, it leaves no mark. All wearing surfaces are solid gold and may be either 24 karat or any degree of alloy. The secret of the process appears to be in the solution used in tempering. The inventor states that tempered copper is not subject to that crystallization through vibration which limits the life of steel; that springs of tempered copper have not only a great elasticity and strength as steel springs, but that owing to the extreme slowness of the process of crystallization, they will retain the spring temper for a practically indefinite period.

It is expected that a most extensive use of tempered copper will be made for journal bearings. Owing to the great density of the metal, it takes a perfect polish with use and makes an almost frictionless bearing, free from danger of overheating, and outlasting either Rabbit metal or brass for the purpose. Under a microscope a razor manufactured by Mr. Vaughn showed a much smoother edge than a steel razor and a test proved that it held its edge longer.

Fire visited the Empire Wall Paper Company's store adjoining the Mail and Empire Building in Toronto on Saturday afternoon and damaged the stock of the concern to the extent of about \$10,000.

WHERE "PRINTER'S DEVIL" COMES FROM. (From the New York Tribune.) Why is the printer's errand boy called the "printer's devil"? A writer at the end of the seventeenth century explained it thus: "These boys in a printing house commonly black and daub themselves, when the workmen do jokingly call them devils; and sometimes spirits and sometimes flies." It is related, however, that Aldo Manuzio, the great Venetian printer of the fifteenth century, had a black slave boy, who was popularly supposed to come from below. Accordingly he published a notice: "Aldo Manuzio, printer to the Doge, have this day made public exposure of the printer's devil. All who think he is not flesh and blood may come and pinch him."

The Seat of Women's Troubles.

When you get all run-down, feel tired and out of sorts, it is pretty hard to tell just what part of your peculiar organism is going wrong, isn't it? That is why you can take so much medicine and still have it do you so little good.

It doesn't reach the organ or organs that are going wrong.

But supposing you could get a remedy that contains ingredients for every organ of your system, and especially those peculiar to your sex, you wouldn't need them, to know just what the matter with you, or just what organ is causing the trouble, would you?

Certainly not, because no matter which organ or organs it might be, they would be reached by some one of the many ingredients of the medicine, and would be restored to a normal condition. And then you would be well again.

And do you know there IS one just such remedy? It is

Dr. Hugo's Health Tablets for Women.

Dr. Hugo's remedy contains something for every organ of the female system; something for the stomach to help indigestion--for the bowels to cure constipation--for the nervous system, to tone up the nerves--for the liver and kidneys to make them active in carrying off impurities--something for the uterine system to stop all drains, allay inflammation and make women regular.

If there is anything wrong with you--if you don't feel as well as you used to--these tablets will give you the old time life and vigor.

Don't wait till something serious develops. Take them now.

COWANSVILLE.

Aug. 29.—Recent visitors to Cowansville were: Mrs. Cass, of Boston, and her sister, Miss Jessie Emerson of Sutton Jct., the guests of Mrs. Nye; Mrs. E. A. Martin, of Oshawa, Ont., to spend a few weeks with her sister, Mrs. Halladay; Mr. and Mrs. Sewell Williams and two children, from Trinidad, West Indies, and Mr. Frank Williams, of Knowlton, as guests of Mr. and Mrs. Vilas.

Dr. and Mrs. Hall left for their North Carolina home on Tuesday morning, after an enjoyable term for the doctor of supplying Rev. Mr. Watson's pulpit at Emmanuel Congregational Church here. On Monday evening a farewell was tendered the departing guests by members and adherents of the Congregational Church, the function taking place at the residence of Mr. and Mrs. W. H. Macfarlane, and being most enjoyable. Vocal music was furnished by Mrs. McCorkill and Miss McConnell and instrumental music by Mr. and Mrs. Macfarlane and Mr. W. G. Macfarlane. Pleasant remarks were made by Rev. Mr. Grisbrook, who is stopping here at present, and by Dr. Hall himself. He and Mrs. Hall carry with them the very best wishes of a host of friends formed during the last few weeks.

Mr. and Mrs. O. N. Hull are entertaining their two daughters, Mrs. Corrie Atwood and Mrs. Grisbrook, of Popponook, Windsor, Conn. Rev. Mr. Grisbrook is likewise stopping at the same hospitable home.

Mr. and Mrs. Curly went to Montreal on Monday evening to visit their daughter, Mrs. Groat, before the latter started for Wisconsin.

The most sincere sadness and regret is felt here at the death of Mrs. J. M. Larmour, in Ottawa. Dr. Larmour and his good wife endeared themselves to our people here during their three years among us and their untimely end is deeply felt by all. All denominations were friends of the doctor and his late wife and will join in his great sorrow.

Mrs. W. H. Palmer, of Montreal, is visiting at Mr. M. O. Hart's.

Mrs. F. H. Pichel gave a large party on Friday evening, last, to several of the young boys and girls of Sweetburg and surrounding vicinity.

LADY LAURIE GOES TO ARTHABASKAVILLE.

IS ACCOMPANIED BY Mlle. GAUTHIER; CANADIAN PRIMA DONNA.

Ottawa, August 29.—Lady Laurie left last night for Arthabaskaville, accompanied by Mlle. Gauthier, the Canadian prima donna. Mlle. Gauthier is accompanied by a young violinist, and Mlle. Desjardins, pianist, who will all take part in a concert to be given at Arthabaskaville under Lady Laurie's patronage for charitable purposes. This will be Mlle. Gauthier's last public appearance in Canada previous to her departure with Mme. Albani on their Australian tour.

AN AGED MOTHER TO THE RESCUE.

PLUNGED INTO RIVER TO SAVE SON, AND BOTH WERE DROWNED.

Three Rivers, August 29.—Word comes from the Upper St. Maurice of the drowning of two persons early last week. A young man by the name of Lacroix was in the St. Maurice river and in danger of sinking, when his aged mother went to his assistance. The mother had in the past been a good swimmer; she was not, however, able to save her son, and the two were drowned. The bodies were recovered.

THE CUBAN REVOLT.

INDICATIONS THAT IT WILL BE SHORT LIVED.

Havana, Aug. 29. (Special).—Investigation shows that the statement made by Senator Dolz, a leader of the Moderate party, at the conclusion of a conference with President Palma to effect that practically all insurgent leaders of consequence except Pino Guerra, had signified their willingness to disband their men if all were granted immunity, was an exaggeration, but the expression is general that the insurgents with the exception of Pino Guerra, will soon lay down their arms.

In the meanwhile it is asserted all the recruiting will cease.

Pay of artillerymen and rural guards has been raised, officers getting a 20 per cent. increase, and privates an increase of 50 per cent.
