Big Ball Tournament To Be Held At Ormstown Labor Day

One of the largest organized tournaments in the Province of Quebec, celebrates the 30th anniversary competition this year.

The Annual Ormstown tournament, which groups the best teams of the Province, and also of Ontario and the nearby part of the United States, will be presented again on Labor Day September 4th.

Already, more than 30 teams have registered for the event.

The tournament, under the patronage of the Dow Brewery and Gaspard Crepin Ltd, of Valleyfield, regional representatives, will take place, rain or shine. In case of unfavorable weather, the organizers have arranged for the Ormstown arena, where competitions will take place.

The winner of the tournament will receive the amount of $60.00 while the defeated team will share a purse of $40.00. Moreover the Dow Brewery will donate an amount of one hundred dollars in other prizers. Mr. Eudore Pilon, vice president and general manager of Gaspard Crepin Ltd, and John-Claude "Tod" Campeau, will present the Dow trophy to the tournament winners.

The tournament is open to all teams desiring to participate. Entries can be sent to Mr. Denis Guérin, tel.: 829-2843; Florian Dumas, tel.: 829-2674; or Ray Dandurand, tel.: 829-2021, all of Ormstown.

Water Supply System To Be Installed In Building At Blackpool, Que.

OTTAWA — A $89,750 contract has been awarded by the Department of Public Works by Byers Construction Company Limited of Montreal, Que. for the installation of a sewage disposal and water supply systems in the existing Customs and Immigration Building at Blackpool, (Lacolle) Que.. This was announced today by Mr. Merrill E. Barrington, M.P. for Chateauguay-Huntingdon-Laprairie, on behalf of the Honourable David J. Walker, Minister of Public Works.

The company submitted the lowest bid of six in response to advertising for public tenders. The highest bid was $130,000. The work is scheduled for completion in six months.

The work under this contract calls for the provision of an underground concrete reservoir of clear water with a deep well pump and pressure system. This system is to provide good water to the bus terminal and examining warehouse as well as for future services. The sewage system will run from the terminal to two sewage treatment units, and from there to an oxidation pond, some 1,300 feet from the bus terminal.

The customs and immigration buildings, separate structures joined by a canopy, were erected in 1948 at a cost of approximately $335,000. The installation of the systems is in the form of improvements to these buildings.

Plans and specifications were preparated for the Department of Public Works by Desjardins and Sauriol, consulting engineers of Montreal. The District Architect of the Department of Public Works at Montreal, will be responsible for supervision of the work.

Dewittville W. I. Holds Annual Family Picnic

"The Dewittville Women's Institute held their annual family picnic this month when approximately sixty members, visitors and children gathered at Hungry Bay to spend the day. It was ideal picnic weather, warm and sunny, with the exception of a brief shower during the afternoon when all those not in swimming attire were forced to seek shelter temporarily. The sun quickly reappeared and the few raindrops didn't dampen the spirits of the enthusiastic "picnickers". Swimming, eating, visiting and the usual races were the order of the day. Mrs. Roy Moore was in charge of the races and the following were awarded prizes :

Girls & Boys 3 Years and Under :
1.—Rodney Moore; 2—Bobby Ruddock.

Girls & Boys 4 and 5 Years :
1—Barbara Jean Moore; 2—Allister Beattie.

Girls & Boys 6 and 7 Years :
1—Glen Moore; 2—Billy Rozema.

Girls & Boys 8 and 9 Years :
1—Shirley Moore; 2—Ricky McLean.

Girls & Boys 10 and 11 Years :
1—Susan Nussey; 2—Marcel Saumier.

Girls & Boys 12 Years and Over:
1—Marion Todd; 2—Henney Rozema.

Sack Race — Open to All :
1—Fraser Moore; 2—Shirley Moore.

Wheelbarrow Race — Open to All :
1—Fraser Moore and Glen Moore; 2—Marion Todd and Henney Rozema."

IDAHO HOLDS OUT !

Each state in the U.S.A. decides on its own special holidays (which coincide in most cases) but the Book of Knowledge points out that Idaho is the single exception to the general practice of honouring Washington's birthday.

Athelstan Man Has Tree Fall On Him

Mr. Norris Herdman of Athelstan, was the victim of an accident in the bush lot of his farm on the Bush Road near Fennell's on Thursday. He was in the bush cutting trees when one of them fell on him. He went to the bush during Thursday morning and it is not known just when the accident happened.

Apparently when the tree fell on him, it knocked him out and when he came around, the tree was on his legs. He managed in some way to get into his car and drive back to his home in the afternoon, when it was thought his legs were paralyzed. He was taken to the Neurological Hospital in Montreal and his wife said that when she left him on Thursday evening, the feeling was coming back in his legs and he could move them a little. She therefore believes that there was some improvement and that he has not lost the use of his legs.

Large Attendance At Banquet Tendered Mr. R. C. Morrison Retiring Bank Manager

A large attendance was on hand at the Chateau in Huntingdon on Saturday evening, to do honor at a banquet to Mr. R. C. Morrison, retiring manager of the Canadian Imperial Bank of Commerce at this point. Prior to the banquet, the guests were entertained at a cocktail party in the Gai Lounge.

Mr. George Dixon was the Master of Ceremonies and the following were at the head table Mr. A. Somerville, M.P.P., and Mrs. Somerville, Mr. J. W. Martin, Supervisor of Personnel for the Bank, and Mrs. Martin, Mr. R. E. Harrison, Assistant General Manager of the Bank and General Manager of this district and Mrs. Harrison, Rev. P. R. Stote and Mrs. Stote, Mr. Leslie A. Sanderson, new manager of Huntingdon Branch and Mrs. Sanderson, Mr. and Mrs. Dale Morrison, Mayor Paul Lefebvre and Mrs. Lefebvre, Mr. and Mrs. George Dixon, Mr. and Mrs. R. C. Morrison, the guests of honor, Mr. and Mrs. F. H. Kearney.

The head table was centered with a large cake made to represent a ledger and had inscribed on it the years 1948-1961 being the period that Mr. Morrison had been manager of the local branch.

Following the meal, little Miss Debbie Henderson presented Mrs. Morrison with a crystal vase containing red Roses.

Mr. Dixon then opened the program with a few remarks about Mr. Morrison and his wife, saying that they would be missed in the community, as they were going away from Huntingdon. Mr. Morrison was well liked in the bank and gave the people good service at all times. He would be missed in a number of activities in the town and Mrs. Morrison would also be missed for her activities in various organizations in which she took a great part. Everyone was sorry to see them go, but they wished them many happy years of retirement.

Mr. R. E. Harrison, Assistant General Manager of the Bank and General Manager of the District, addressed the gathering and said the Bank was sorry to see Mr. Morrison leave for he was a good servant of the Bank and would be greatly missed. He hoped that Mr. and Mrs. Morrison would enjoy their retired life for many years. Mr. Morrison he said had been with the Bank for 43 years.

Mr. O. C. Blair a retired manager of the Bank at Farnham, but originally from Franklin Centre, said he started with the Bank in the same year as Mr. Morrison and he had retired in the same year. He wishes both the honored guests all the best during their retired years.

Mr. Leslie Sanderson, who will replace Mr. Morrison as manager of the Huntingdon Branch of the Bank, said he was looking forward to meeting the people in Huntingdon and he hoped he would be able to serve them as well as Mr. Morrison had. He was also looking forward to the pleasure of working with Mr. Morrison during the coming week. He then presented Mr. Morrison with a watch, a gift from the staff of the branch here. He extended best wishes to Mrs. Morrison.

Rev. P. R. Stote said he was almost a stranger here himself and felt that someone else should be doing what he had been asked to do. However, he had been given the task so he would do it. He said in the short time that he had known Mr. and Mrs. Morrison he had found them very useful in helping him in many ways and in a number of matters. Not only was Mr. Morrison retiring from the Bank, but he was also going to leave the community and that meant we shall lose both of them. They are going to the Eastern Townships to live and we are very sorry to lose them. He then presented Mr. Morrison with a purse of money from his friends.

Msgr. J. A. David gave words of praise for Mr. Morrison as to his service at the bank and the kindness in which he received the people doing business with that institution.

Mr. C. J. Morrow of Montreal, retired regional superintendent of the Bank, extended his best wishes to Mr. and Mrs. Morrison for many years of happy retired life.

Mr. R. C. Morrison said he did not feel he could do much talking after the many kind things that had been said of him and his wife and the gifts that had been tendered him. He felt that such a show of friendliness and appreciation toward him was overwhelming. He thanked all present for their kindness on this occasion and also during the thirteen years he had been in Huntingdon as manager of the branch. It was something that he and his wife would cherish in the future. He thanked his loyal staff and expressed his pleasure of having worked with them over the years. He was sorry they were leaving Huntingdon, but this was a decision that had been reached some time ago. Nevertheless, he would not forget the people here and no doubt would be visiting here from time to time. He also extended a cordial invitation to any who may be in the townships to visit them.

Mr. Dixon then said the program had come to a conclusion but he wanted to extend thanks to Mrs. Henderson and Miss Lefebvre for the splendid job they had done of organizing this evening.

The tables were then cleared and taken from the room, when dancing was enjoyed for the remaining of the evening.

Art Symposium Draws An Even Larger Attendance At Grove Hall

The Art Symposium under the direction of Mr. Eric Wesselow attracted an even greater number on Saturday afternoon at Grove Hall. The day was fine, the setting perfect and the painters enthusiastic. The river and downstream buildings were selected by Mr. Wesselow as the subject of his landscape in oils — painted on the spot. After explanations in French and English with reference to setting up the proper palette, Mr. Wesselow proceeded to sketch, outline in Sepia India Ink, and paint in almost pure color the landscape before him.

Members of the audience could be heard to exclaim as the artist plied his brush and something particularly beautiful happened on the canvas. When the picture was finished it was of the impressionist type and yet had a great deal of realism in it and, if one was familiar with the river at that point, the buildings and trees in the distance could be identified. However, the contrasts were very beautiful and would be pleasing in any landscape.

Once again, Mr. Wesselow, in his generous fashion, asked a member of the audience to select a ticket out of a box prepared for the purpose and Mrs. Lillian Levine of St. Laurent won the landscape. This painting will be displayed in the Braithwaite Store for this week.

Next Saturday, August 26th, Mr. Wesselow will paint portraits. Mrs. W. U. Hughes, Huntingdon, and Miss Marion Green, daughter of Mr. Gordon Green, Ormstown, have been chosen as subjects. Pastels will be demonstrated in portrait painting and some reference to Tempera will be discussed and, time permitting, demonstrated. Portrait is a field which most of the artists in this district have barely tried. However, after listening and witnessing the basic steps as presented by Mr. Wesselow in landscape, one can quite believe that he can teach a great deal about portrait painting.

A number of local artists enquired if Mr. Wesselow would consider holding a Fall class of ten lessons in the evening, preferably at one of the schools in Ormstown or Huntingdon, and he replied that, if enough students would subscribe to such a Course, he would be available until around Christmas. Further details will be available after they have been discussed and worked out.

Field Day At Athelstan Successful Event

Ideal weather again favored the annual field day of the Athelstan Sports Association on Saturday last. There was a good attendance as the list of prize winners in the various races etc. show much credit is due the sponsors of this yearly event, which is made so enjoyable for the boys and girls and teenagers of the village and surrounding community.

Every boy and girl was given an ice cream cone which of course were eagerly accepted and enjoyed. The booth serving soft drinks, hot dogs, etc did a land office business during the entire period.

Following are the results in the various events.

Riding Exhibition To Be Feature Huntingdon Fair

Huntingdon Fair is just about one week away, it opens on Thursday, August 31st and runs on Friday and Saturday, September 1st and 2nd. There will be three nights and two days of excellent for everyone.

An added feature has been obtained which will be seen on Friday and Saturday afternoons and evenings. The Northern New York Rough Riders, consisting of fifteen riders and horses will give an exhibition of riding between the Horse Show events in the arena. This exhibition is not just plain ordinary everyday riding, but something different, something perhaps a little thrilling and something a little spectacular. It will be a show of its own for your enjoyment.

The officials of the Parade on Thursday evening have received a number of entries for this event and they are hoping to have many more. One of the Floats will be that of the Rotary Club — Snow White and the Seven Dwarfs. A contest is going on in connection with this float and the public is asked to guess the total weight of the seven dwarfs who will be on the Rotary Club float. Tickets for this are now on sale and the proceeds go toward the Rotary Nurses' Fund. You all know this is a very worthy cause and the more tickets you buy, the larger will be the fund. You may also be a lucky winner in the competition for which substantial cash prizes are being offered. Now in the event of rain on Thursday night, August 31st, the parade will be held the following evening — Friday. Be sure you are on hand to see this opening event.

On Saturday afternoon and evening a giant bingo will be held at the Fair Grounds. Here is another chance to try your hand at winning a few prizes.

There will be the usual tug of war and the square dance competition. These are only a few of the attractions at Huntingdon Fair next week. Plan now to attend and have your entries in as early as possible.

SOUND CONSTITUTION NEEDED

In its hints on forming and running a club, the Book of Knowledge stresses the importance of a constitution, or a set of statements that define clearly the name, purposes, membership qualifications, election methods and other matters concerning the club.

LINDA WELLS WINS NEW CCM BICYCLE

Miss Linda Wells, who was student in Grade 4 (we say was because when she resumes school in September, she will be in Grade 5) Huntingdon High School, was the proud winner of new CCM bicycle, on Thursday. Linda entered a competition sponsored by Canada Packers Ltd. in which she had to give "One reason why I would like to go to the Moon" To enter the competition a purchase was made of one the products of the company, from Royce Ruddock's store in Dewittville, and the wrapper was enclosed with reason given. When the competition closed Linda was the one chosen as the winner in this area. The competition was Province-wide and the company awarded 100 bicycles, one in each of the various districts. Above Mr. Pierre Bedard, a representative of the company is shown presenting the bicycle to Linda and Royce Ruddock is shown standing by. In the other photograph Linda is shown proudly riding her new bicycle. Linda is the daughter of Mr. and Mrs. Edward Wells, who now live in Huntingdon, although they formerly lived at Dewittville.

Time To Bring Kindergartens Up-To-Date

Children four to six years old need "some red meat in their educational diet, instead of the Pablum-like play" they're getting in kindergartens today, says a writer in Maclean's.

Eileen Morris, a Toronto mother and freelance writer, says young children deserve more credit for intelligence than they get in kindergarten, and youngsters who have had a year of nursery school, with its simple and boring routine, "are ready to climb its walls."

Mrs. Morris points out that when the first kindergarten was started in 1837, youngsters needed elementary instruction by means of games, manual arts and other simple pastimes.

"But the modern child who can answer a ringing phone, tune in radio, TV or the hi-fi and handle dozens of household gadgets is light-years removed from his 1837 counterpart."

QUEBEC GURNSEY BREEDERS ASSOCIATION

On Wednesday, August 9th, the Quebec Gurnsey Breeders Association held their annual sale and Field Day at the Lachute Fair ground. Among the local Gurnsey breeders who attended were Mr. Wilmer Sample and Mr. Delphis Duteau. Mr. Sample left on Tuesday with two heifers which he entered in the sale and stayed overnight with Mr. Remi St. Jacques. Mrs. Sample, Karen and Freddie and Garth Moore went for the day on Wednesday. There were 23 head sold, all of very good quality and the prices realized were, on the whole, good.

NOT QUITE A BOUNCE

The musical term **staccato** means "bouncing" and its opposite is **legato**, smooth. In between them is **portamento**. It means "carried", and the Book of Knowledge defines it as half staccato.

BRUCE HAMILTON,
Route Boy,
188 Gardenia Ave.

Another week has just rolled by and school opening is not too far away. Many mothers will be breathing a sigh of relief, but others will feel a little sad when they see their little one starting out for the first time on their own.

The Horticultural Society held their annual flower show on Saturday. Bruce Hamilton, "Your Gleaner boy", won a second prize for the pansies which he entered. Congratulations, Bruce. Parents should encourage their children to take more interest in gardening.

A most enjoyable time was had by all who participated in the T.R.A. golf tournament on Friday, which was held at the Bellevue Golf and Country Club.

Ladies first prize. — Henrietta Gilbert.

Men's first prize. — Larry Richards.

A special trophy was presented to Pier Gurholt for the most honest golfer.

A choice of very lovely prizes was presented to everyone who participated in the tournament.

Later a very delicious dinner was followed by dancing.

One of the highlights of the evening was a taped recording of the "Terrace Pussy Cats" singing some of the latest hits. Congratulations girls, hope you make many more.

Nearing the end of the evening a group gathered around the piano for an old time singsong accompanied by the "Old Maestro" himself, Fred Bemrose.

It is said a second "Billy Daniels" was discovered in this group.

Congratulations to the organizers of this very pleasant event. Mope they continue the good work.

Rumors are that the T.R.A. are making plans for a corn roast. Hope to have more news regarding this event later.

Joan and Art Linnington have just returned from a wonderful camping trip. Travelling down to Prince Edward Island where they spent their first week. This province is very picturesque and has a wonderful campsite, excellent swimming and variety of entertainment every night. The second week they spent part of their time camping at White Lake, New Hampshire and then went up to Schuyler Falls, where they spent a couple of days. They travelled about 22000 miles in all, enjoying perfect weather, a high of 80° to 90° without any rain. What a let down feeling they must have had when they came back to this cool weather.

How about a few calls, folks: OX. 2-2862.

The Juvenile Softball League of Lacolle terminated their Schedule for this season, with the Legion Lions finishing very strong winning their last three games the last two by a score of 5 to 4.

The Semi-finals started on Sunday, with the Legion Lions, who finished is third place playing the Club Athlétique, who finished in first place. The Legion Lions won the game with a score of 3 to 1 a very fine game to watch. If the parents of these boys would only come out and watch the small fry in action they sure would get pleasance from it and the boys would appreciate the support. The last game brought out a few of the parents.

The next game of the semi-finals will be played on Tuesday the August 22 at 6.15 p.m.

Everybody welcome.

Mrs. Mae Banks, Patricia and Mr. Donald Warnock of Montreal were Sunday guests at the home of Mr. and Mrs. F. R. Smith.

Gun Lost, is Found

In August 1960, the Town Police discovered the loss of a revolver from the cupboards in the Police Station, but were unable to trace it. A few days ago the gun was recovered and a juvenile was arrested and appeared in Valleyfield Court. The accused was given a suspended sentence. The gun — well it is of no further use as it is damaged and rusty.

Rotary Club Meeting

The Rotary Club meeting on Monday was mainly given over to preparations for the float which the club intends entering in the parade for Huntingdon Fair on opening night, August 21st. The Float which is entitled Snow White and the Seven Dwarfs, will also feature as part of the contest for the Nurses' Fund. It was reported that the sale of tickets for this contest are going very well, but members were urged to put on a more concentrated drive in the weeks left before the contest closes. Costumes for these taking part in the Fair Float were handed out after the meeting. The public had better watch that float carefully in order to get an idea of the weight of the Dwarfts.

Howick

On Aug. 15, the Evening Auxiliary of Howick United Church meeting was held at the home of Mrs. Donald Chisholm.

Mrs. Brodie McFarlane was in charge of devotions, reading from 1st Peter 3, verses 8-17, also a reading on the word "Love", followed by prayer.

Mrs. Donald Chisholm read the last chapter in our study book. "Unity Begins at Home".

President, Mrs. Wallace Gruer read an interesting poem on "Peace".

Twenty members answered the roll call with a verse containing "Peace" in it. Four visitors were also present.

The offering was then taken up followed by offering prayer given by Mrs. Brodie McFarlane.

Mrs. Murray Templeton gave the treasurer's report. There will be a Sale of Food on the 26th of August, each member is to bring two articles to the home of Mrs. Donald Roy.

The meeting closed with the Mispah Benediction.

Delicious refreshements were served by the ladies in charge.

The Georgetown W.M.S. met at the home of Mrs. Wallace Elliot on Tuesday afternoon, August 14.

Mrs. W. Logan opened the meeting with the call to worship and responsive Scripture reading followed by the Glad Tidings Prayer by Mrs. D. Fiskin.

Mrs. A. Kerr, treasurer, reported $315.000 sent in to headquarters.

Mrs. W. Brown read a letter from Miss Annie Fairhurst giving a report of the World Day of Prayer.

Mrs. W. Elliot conducted the Study Period taking as her subject Christian Literature and describing how the publication of Christian literature in many languages and its distribution to many countries has been made possible through the work and contributions of the W.M.S.

Mrs. W. Logan conducted a short Scripture quiz and led in the Offertory prayer.

At the close of the meeting tea was served by those in charge and a social time enjoyed.

-o-

Vacationing guests of Catherine and Donald Fiskin this past week have been Mr. and Mrs. James B. Fiskin of Los Angeles, California, and Lt. Cdr. and Mrs. William R. Leibold and children, Bill, Ericka and Jimmy.

Mrs. Leibold is the former Grace Fiskin, daughter of James B. Fiskin.

Lt. Cdr. Leibold is with the United States Navy, and has just reported to duty in Washington, D.C., after five years in the Hawaiian Islands.

Mrs. Douglas Ness entertained a number of relatives, friends and neighbours to afternoon tea in honour of her future daughter-in-law. Summer flowers adorned the tea table and living room. Mrs. Bruce Ness and Mrs. Jas. Summerton of Stratford, Ont., poured tea.

-o-

Mrs. Nellie Cairns of Champlain, N.Y., was a luncheon guest on Saturday at the home of her nieces, Mrs. Nellie Tolhurst and Mrs. Hazel Bradley. Other callers at the same home were Mr. and Mrs. Bruce Cleland who were returning from a motor trip, having covered 9,000 miles across the United States and Canada.

-o-

Mrs. R. J. Younie has returned from a trip to the Eastern Townships, visiting friends at Ayers Cliff.

-o-

Mr. and Mrs. J. D. Lang have returned from Richmond, where Mr. Lang was judging the Holsteins at Richmond Fair, en route they visited Mr. and Mrs. Ray Stretch at Waterloo and Mr. and Mrs. Alan Hoskins at Farnham.

-o-

On Wednesday evening, Aug. 16, Mrs. Oakley McRae assisted by Mrs. Ronald Tennant and Miss Carol Tennant, was hostess at a miscellaneous shower in honour of Miss Dorothy Simon. About thirty friends were present to wish Dorothy every happiness in her new home. After opening her many lovely gifts Dorothy extended her thanks to everyone. Refreshment were served and all enjoyed a social hour.

-o-

Mr. and Mrs. Bruce Miller and family have returned home after spending their holiday in Europe. They flew by jet and after seeing the sights of Paris they continued on to Switzerland where they motored through the Swiss Alps.

-o-

Donald Brown, Pres. of the Y.P.U., conducted the service of worship at the United Church. Charles Tennant led the Responsive Reading and Prayer; Christina Turner, solo; Sharon Court, children's story; Margaret McKell, the sermon.

The work of the Church will go on with these able and devoted young people, growing up to take an active part.

CELEBRATE 60TH WEDDING ANNIVERSARY

On Saturday, July 8th, the two daughters of Mr. and Mrs. A. D. Black of Calgary, namely Mrs. E. Shuttleworth and Mrs. Bert Church, entertained relatives and close friends to a turkey dinner in Andria Community Hall. The dinner was catered for by a church group in honor of their parents, who celebrated their 60th Wedding Anniversary. They were married in Huntingdon, on July 10th, 1901, and moved to Andria, Alta., in 1904, retiring to Calgary in 1948. The tables were beautifully decorated for the occasion. The Master of Ceremonies was their grandson, Mr. Gordon Church. He read telegrams from The Queen, Prime Minister, Lt. Governor of the Province, Premier Manning and the Hon. Douglas Harkness, M.P., Grandson Robert Church from Holland, Mr. and Mrs. Duncan Brown, Ormstown, Mr. and Mrs. James Whyte, Howick.

Presentations were made from the family of diamond jewellery.

Later in the evening, a reception was held with their friends from Andria community. The table was arranged with the wedding cake and large baskets of flowers. Tea and coffee were poured by Mrs. Merrick Kenniburg and Mrs. Carmen Kenniburg, sisters-in-law of the Bride, who made the wedding cake. Refreshments were served by the nieces and grandchildren. On Sunday afternoon, Mr. and Mrs. Black were "At Home" to their many friends in Calgary from 2 to 5 p.m. Those pouring tea were: Miss Alma Kenniburg, Mrs. Hope Currie, Mrs. George Elliott, Mrs. Wallace Kerr.

Among the callers from Quebec were: Mr. and Mrs. Douglas Ness, Howick, Mr. and Mrs. George Elliott, Ormstown, Mr. and Mrs. Wallace Kerr, Ormstown, Mrs. Bessie Younie, Ormstown, Nieces of Mr. Alex Black went to Calgary by air for this occasion and spent two weeks with relatives. Mr. George Rutherford, cousin of Mr. Black also spent a week with relatives.

Reinforcements Arrive In West Berlin At Weekend

Allied reinforcements arrived in West Berlin at the weekend while the United States vice-president, Lyndon Johnson, arrived in the beleaguered city that lies deep in the Communist zone.

"The American people have no genius for retreat and we do not intend to retreat now," Johnson said as he reached Berlin by air on a morale-boosting trip.

About 1,500 American soldiers stationed in Germany began moving last Saturday for Berlin. The American Berlin garrison already was estimated at 5,000 men.

A British Army spokesman said its Berlin garrison is getting a trainload of armored vehicles to make it more mobile. The British garrison in Berlin has been estimated at 3,000 men.

The French also were expected to bolster their Berlin garrison.

U.S. STATEMENT

Vice-President Johnson was accompanied to Berlin by Gen. Lucius Clay, commander of U.S. forces in Germany during the 1948-49 Berlin blockade, and Charles Bohlen, presidential adviser on Russian affairs.

"The American president and the American people are determined to fulfil all their obligations and to honor all their commitments," Johnson said. "We are not provocative, neither are we frightened.

"Without any spirit of belligerence but in a spirit of solemn warning we urge the masters of the Soviet Union and East Germany who have manufactured this crisis to remember in good time that a crime against peace will be a crime against all humanity."

He stressed that "we are united in the United States regardless of party," and added: "The dangered frontier of freedom now runs through divided but dauntless Berlin... The Communist dictatorship has the power temporarily to seal off the border. But no tyranny can survive beyond the shadow of its evil."

Johnson was met by Chancellor Adenouer of West Germany, and later drove to Adenauer's official residence in Bonn for conferences.

U.S. REINFORCEMENTS

The order to reinforce the Berlin U.S. garrison was issued by President Kennedy after conferring with State Secretary Dean Rusk and other advisers.

The Allied garrison in West Berlin normally numbers about 11,000 men, of whom 5,000 are Americans. The size of the U.S. buildup is put in the category of a token expansion.

The U.S. battle group of about 1,500 men proceeded from Western Germany by way of the Helmstedt-Berlin autobahn, running 110 miles through Communist East Germany.

BRITISH MOVES

A defence ministry spokesman in London said Britain will reinforce her Berlin garrison with armored vehicles, but will not send additional troops.

"We are not contemplating any troop reinforcements to Berlin as the additional armored vehicles meet the present requirements of the garrison commander," he said.

DEFENCE RESTS

"The conviction of the accused cannot serve as expiation for the atrocities committed." On this theme, portly West German lawyer Robert Servatius summed up one of the most difficult defences in history in the Jerusalem trial of Adolf Eichmann.

The three Israeli judges hearing the case, who have listened to a stream of appalling testimony of Eichmann's role in the Nazi murder of Jews since the trial opened April 11, retired to consider their verdict. It is not expected before November.

FIRES ON RAMPAGE

Firefighters in British Columbia, Manitoba and Newfoundland were battling disastrous forest fires last weekend.

In British Columbia, a 300,000-acre fire was racing through jackpine, black spruce and muskeg near the Yukon border. Officials said there was no hope of getting men or equipment in because of the rough terrain. The coast province already had 1,796 men, 107 bulldozers and 15 planes battling 90 fires, including a 30,000-acre blaze in stands of jackpine and black spruce east of Prince George.

Manitoba, hit by drought, was battling its worst forest fire conditions of the year. Forestry officials reported 95 fires in Manitoba destroying mixed timber. Up to the end of July fires had destroyed almost 1,500,000 acres of varying types of forest.

In Newfoundland, main trouble spots were the Trinity and Centreville communities on the northeast coast. Flames fed on spruce and fir were very close to homes at Centreville. The adjacent communities of Aspen Cove, Carmanville and Valleyfield had been evacuated by women and children some weeks ago.

TRAGIC CRASH

A 31-year-old father and six young children died when a CNR express train struck their car last Friday night at a level crossing near Dugald, 18 miles east of Winnipeg. It was western Canada's worst crossing disaster since last November, when 17 children died in a school bus-train accident at Lamont, Alta.

The victims were Antoine Walleyn of St. Boniface, his five daughters, aged from three to nine, and his five-year-old son.

MRA LEADER

Followers of Dr. Frank Buchman, founder of the Moral Re-Armement movement, paid final tributes at funeral services in Allentown, Pa. Buchman, 83, died of a heart attack in Freudenstadt, Germany. He founded the MRA movement in 1938 and it rose to international prominence quickly under the shadows of the approaching world war. It advocates character improvement as the first step toward an ideal world society.

Tale Of An Ambulance

It seems there is an ambulance
way down in Chateauguay;
A gift from the Kinsmen's Club
for use both night and day.
Unfortunately, it would seem it's
garaged by the Law;
But beyond that, nobody knows,
How; When of Who it's for.
On two occasions when asked
for, to meet an urgent need,
To take a patient from Vetville
to Montreal with speed;
Sad to relate, the first time the
request had been refused;
"The ambulance was not insured",
so thus could not be used.
This error was soon rectified; the
next request ignored,
"No driver could be spared to
take the ambulance abroad".

Of course, the Vetville Tenants
are not listed in "Who's
Who"!
But each one there has done
their stint, and now are almost
through.
Why worry then if phone should
ring, the ambulance to call,
To aid a Vetville crock "Cash in
their chips" maybe? That's
all!

At least we know the ambulance
is something to admire;
So keep it nice, and show it off
to offset this satire.
For sure it will yet take its place
on some far distant day;
Historic relic of the past, earmarked "From Chateauguay;
Here stands our showpiece, pride
of all; it never was abused;
An antique ornament of fame,
because it was NEVER USED.

(With humlest apologies to the local Kinsmen, against whom no reflection is cast whatever.)

Annual C.C.R.A. Field Day At Ramblers' Field Successful Event

(by Mrs. Pamela Powell)

The C.C.R.A. held its annual Field-day on Saturday, August 19th at the Chateauguay Rambler Football Field. The weather man was in a fine mood keeping the day bright and sunny. The 300 or so parents and children had a wonderful time. The prizes were of high quality and all of the winners were completely satisfied. The soft drink stand was kept busy all day serving over 1000 soft drinks, Hot Dogs, ice cream and potato chips, a total of 1500 in all, were also appreciated by all concerned.

The High light of the afternoon was the egg throwing contest in which a few of the participants had the egg hit them thereby breaking and giving the bystander a real hearty laugh.

A vote of thanks should be given to the directors of the C.C.R.A. for their fine work in organizing the Field-Day and all the work that they did on the day of the Field Day acting as judges, announcer, serving Hot Dogs, Soft Drinks, Ice Cream, Potato Chips and the countless other jobs. As one of the directors said when congratulating "As long as the young ones were happy it was more than worth the work involved."

A very good time was had and all are already looking forward to next year, which the directors of the C.C.R.A. say will be bigger and better. A vote of thanks should also go out to the Coka-Cola Co., The Seven-Up Co., and Canada Dry for donating the soft drinks,: the Humpty Dumpty Potato Chip Co. and the M. & L. Bakery for their fine donations.

Quebec Ayrshire Tops U.S. Sale At $1,600

Burnside Notion 2nd, a 2-year-old heifer consigned by R. R. Ness & Sons, Howick, Quebec, was the high selling animal at the Meredith Invitational Sale. The sale was held at Topsfield, Mass.

The buyer of this high selling heifer at $1,600, was David Lampert, Meredith Farms, Topsfield Mass. The runner-up bidder was Davies Bros., Colonial Acres Farm, Huntingdon, Qut. Last year Mr. Lampert bought a full sister of this heifer, Burnside Notion, for $1,200. Her sire is Carnell Never Fear (Imp.) and her dam is Burnside Allure.

Mrs. Lucille Davis, Fudford, Quebec, also had a consignment in this sale. Her consignment, Nether Brae Perferred, sold for $500. to Dr. Robert O. Blood, Concord, New Hampshire. This heifer is a daughter of Neshaminy Preferred and her dam produced 12,698 lbs. milk, 479 lbs. fat in 305 days at 2 years.

R. R. Ness & Sons purchased an animal in this sale, Meredith Nevabell, for $400. Her sire is the senior herd sire at Burnside Farms, Carnell Never Fear, and her dam is Hammonds Top Belle 2nd.

Plans For Chateauguay Valley Music Festival

Sometime ago an "Open Letter to Music Teachers" suggested a music festival for the Chateauguay Valley. Several music teachers from Huntingdon and Ormstown showed interest in the project; and now the Lions Club of Ormstown have announced that they are interested in sponsoring the music festival.

The next step is a meeting of all interested parties — to discuss the general plan and elect a committee to work out the details. This meeting will probably be held in Ormstown as soon as possible after Labour Day. Watch next week's Gleaner for exact time and place. Please spread the word around — it is hoped that every community in the Chateauguay Valley will be represented at this initial meeting. All music lovers will be welcome.

Karl H. Forbes Bell Supervisor Retires

Karl H. Forbes, 695 Lac St. Louis, Ville De Lery, area traffic personnel supervisor for Bell Telephone's Eastern Area, was honored recently (August 16) on his retirement on pension after nearly 40 years' service.

At a reception in his honor, Mr. Forbes was presented with the traditional President's Wallet by Marcel Vincent, vice-president and general manager of the Bell Company's Eastern Area. A gift from his friends and associates was presented by K. Leigh-Smith, Eastern Area traffic manager. He also received gifts and good wishes from Miss Elizabeth Newell, on behalf of departmental employees, and from Miss Mary Lennox, representing the Traffic Employees' Association.

A life membership in the Telephone Pioneers of America was presented by Howard I. Turner, past president of Laurentian Council of the Pioneers.

A graduate of McGill University, Mr. Forbes joined the Bell Company in 1922 as a traffic student. He held a variety of positions in the traffic department until his appointment as toll line engineer in 1930. In 1931, he was named district traffic superintendent in the Montreal division. He then became, in turn, division traffic supervisor, district toll superintendent, and general traffic supervisor. He has been area traffic personnel supervisor since 1946.

Hi Neighbours! Well, here we are at last with our own column. Let's hope that the long wait will have created more anticipation and enthusiasm for a better column. We most certainly need this form of getting together and your humble correspondent will do her utmost to keep up interest. I am sure you are all familiar enough with the columns for our other developments that you will know what kind of news is wanted, so let's all pull together and do our best. Most people have returned from their holidays by now. September will soon be upon us with the return to school and also the beginning of winter activities. Don't forget, we are now open for business, so I will welcome the sound of the telephone at OX. 2-4463. Au Revoir.

Dog Show Held In Colonia Brings Out The Best In Dogs

(By Kathleen M. Cowper)

Wednesday morning at 10 a.m. the sound of music could be heard near the Parksite in Colonia. "Dr. Ballards" representatives Jack Baird, Bert Charbonneau, Jacques Montigny and Paul Lepine were busy getting set up ready for the Dog Show. Quite a number of youngsters were out with their pets, as well as many onlookers.

Dogs were judged for the following: largest dog, smallest dog, longest tail, shortest tail, best dressed and the one doing the best trick. The first in each class received a dollar from Dr. Ballards as well as dog food etc. for their dogs.

"Cindy", the best dressed dog at the show, certainly looked stunning in her bathing costume complete with sun glasses, etc.

Following are the winners in each class:

Largest Dog: 1, Jordy" — Pierre Primeau 2. "Prince" — Margaret Falardeau, 3. "Flipper" — Lorraine Johnson.

Smallest Dog: 1. "Peppe" — Sharon Garrett; 2. "Blondie" — Ian Ramsay.

Best Dressed: 1. "Cindy" — Bruce Parkin, 2. "Laddie" Barry Chamberlain.

Longest Tail: 1. 20" "Jordy" — Pierre Primeau; 2. 18" "Prince" — Margaret Falardeau.

Shortest Tail: 1. "Cindy" — Elizabeth Laporte, 2. "Nita" — C. Lavictoire, 3. "Michael" — Bruce Mullins.

Best Tricks: 1. "Doody" — Donna Wiltshire; 2. "Cindy" — Elizabeth Laporte, 3. "Laddie" — Barry Chamberlain.

Many thanks to those who were responsible for the planning and organizing of the show. The children certainly enjoy these events.

C.C.R.A. SPORTS

This past week, our Midget and Bantam softball teams were involved in the semi-final play-offs and after the week was over, our Midgets were one game down and one game under protest, while the Bantams took their series, 2 games to nothing.

In the Midgets series, Colonia versus Warriors: the first game was played under protest and a decision on the outcome of the game will be made at the Chateauguay District Minor Sports Association. In the second game, the score was Colonia 14, Warriors 9. Our boys got off to a good start, leading 5 to 2 in the second inning only to see the Colonia boys come back strong to tie the score then go ahead. Our boys never gave up but were just unable to bunch their hits together. For the winners, Jean Paul Rossi pitched, played and hit well. While for the losers Art Parsons played a strong game at first base and was a real treat at the plate.

BANTAM SERIES

Warriors vs. West End

The first game was played at West End and was a real thriller. The Warriors leading six to 1 going into the last half of the seventh saw West End fight back and tie the score, thereby forcing overtime. The 8th was scoreless and in the 9th our boys pushed three runs across the plate then held West End scoreless to take a one to nothing lead in games. For the winners, Denis Binette, Ronnie Martin and Brian Foley were the big boys with Denis Binette having a perfect day at the plate: 5 for 5. For the losers Denfheiser was the boy to watch.

In the second game, the final score: Warriors 21, West End 15. In this game our boys came back from a bad first inning in which West End scored eight runs to take the lead in the fifth and from there on they never looked back. For the winners, Michel Bedard and Brian Folely were the big boys with Bedard getting 2 home-runs, one a grand slam homer. Robert Hislop was the winning pitcher and for the losers Cushing played a real good game.

In the girls exhibition ball our girls came through with an 8-5 victory over Parkview. From all reports this was a real thrilling game to watch.

Horticultural Notes

The Chateauguay and District Horticultural Societies Annual Show was somewhat disappointing. The number of entries and the number of visitors were both down from last year. The weather has been most uncooperative all season and really it's a wonder there was a show at all. The vegetable classes suffered the most never having recovered from the killing frost May 29th.

The list of prize winners will be published later.

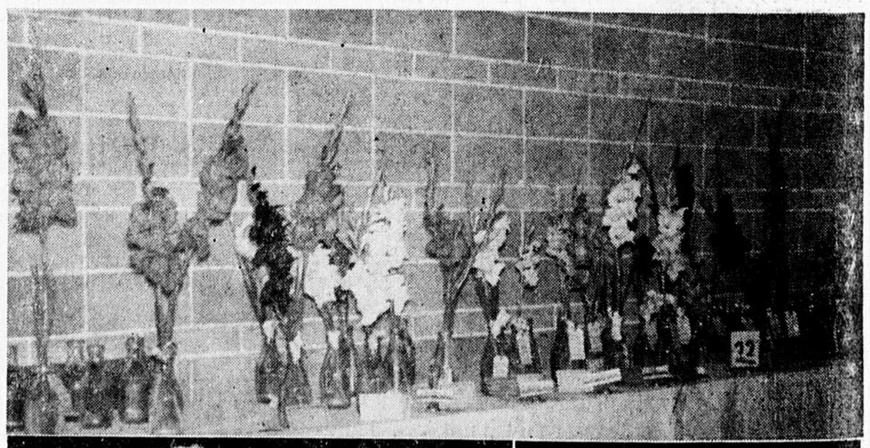

VERSATILE MOCKINGBIRD

The mockingbird is a talented ventriloquist and according to the Book of Knowledge it can imitate almost any sound. It delights, of course, in imitating the songs of other birds, but is quite capable of copying such sounds as the cry of a sheep. They seem to be fond of human company, for they frequently nest in trees along the streets in the southern parts of North America.

BATTERY OF ELEVATORS

The Empire State Building in New York, which is the world's tallest structure, has 58 main passenger elevators to transport the thousands of people who work in the building or use it. The Book of Knowledge points out that many of these are express elevators which shoot up ten, twenty or more storeys before they stop.

HERE and THERE

Once again friends, all in all we have little to complain of as far as the weather is concerned. Which brings to mind that last Friday, when the POWER was shut off for about an hour, the weather could not possibly have been responsible, so methinks it may conceivably have been a gentle reminder, to be sure and stock up a supply of candles or night-lights against future breakdowns of this essential service. T'other night, several were caught flatfooted with neither reserve supply of candles or a flashlight. Most of us remember our experience with the breakdown of facilities early this year after the big sleet and ice storm. 'Nuff said. Mrs. L. Alloway, "Amiens" visited her daughter Mrs. Champagne (Betty) at Pointe Claire from 16th to 20th insts. Guess it must be the noise of this typewriter that drives so many "Amiens" tenants away, as Mrs. R. Ramsay is also away visiting friends until the end of this month, and Mrs. M. Manks still flits to and fro between son Albert's domicile and her apartment. On 20th inst. Mrs. Manks entertained her daughter-in-law's cousin and husband and child during their visit here. Mrs. A. McKenzie received a visit from her married daughter Mrs. Hyndman, of Otterman Heights on 17th inst. and spent a very enjoyable afternoon together. Dave and Mrs. Watson, "Cambrai" left on 20th inst on a week's visit to their married daughter, Mrs. Hanley of Shawbridge and Mrs. N. Evans, "Dieppe" left on same date to visit her son for a week or more at Toronto. Jack and Mrs. Bain returned from their Rawdon visit on 16th. inst. and in no time was hard at work with the lawnmower and similar chores. It is really an open question whether he or our friend Rowland Stewart work the hardest, not always with their green thumbs may I remark? Watching them, this writer finally decided it was about time to start rejuvenating exercises, so he has definitely decided to rise early and go for a good tramp around the countryside (?), making his first start on 20th inst. Started off bravely with well filled pipe for company, but was quickly obliged to discard it to keep his bellows working. Eventually on reaching the newly built Anglican Church on the Terrace, decided it was time to beat a retreat back, as several neighbours gave him a wave there, and apparently wondered if I had lost my way. Arrived back thoroughly winded and worn, but not too discouraged. (Still trying to regain breath!)

AMBULANCE

Despite previous letter to the Editor which was published, to date, no apparent action has been taken to Prevent similar unsatisfactory results in the event of an emergency. From enquiries made by this correspondent, and other interested parties, it appears that the ambulance comes under the jurisdiction of the Chief of Police, who is responsible to the local Police Commission. This writer has been assured that there are at least twenty qualified drivers available, one of whom at least would willingly volunteer his services if contacted. Unfortunately however, from information gathered, no list of such drivers has yet been compiled for use of Chief of Police, or any specific instructions given him for his guidance. It is felt that our newly appointed Chief of Police, Mr. Gervais will welcome his attention being drawn to this very serious omission with a view to taking necessary action. For the information of others who may read these comments, this situation is not peculiar to Vetville alone, but to all resident in the Chateauguay Area.

HOSPITAL PATIENTS

Am very pleased to state that Mrs. R. Mitchell in M.G.H. has shown marked improvement since her last operation on 14th inst. Our continued best wishes for further improvement. Am also pleased to state that Mrs. E. Whitehall, "Amiens" who is also a patient in M.G.H. is also improving, but will spend a while at the Convalescent Hospital before returning to her apartment. Our several pals recently discharged from the Queen Mary Vets. Hospital, i.e. Ken Fessenden; Tom Wilkinson; Walt Ramsbottom, etc. also Mrs. J. Banks we are pleased to see getting around more often these days. Hope to see all improved in health whilst weather is fine. Sorry to state that Mrs. G. Meilleur has returned from Convalescent Hosp. to Reddy Memorial for further treatment. Our best wishes to her.

YARNS AND ANECDOTES

At Suvla Bay, Dardenelles, during the time it was occupied by the Imperial Forces in 1916, any "funk-hole" worthy of the name was a luxury, as the ground was mostly shale and difficult to excavate. During any sudden barrage of H.E. Shells, whenever possible, a concerted rush was made to jump into any hole available, often resulting in a solid mound of human bodies trying to burrow as far down as possible. During one such instance, a feeble voice was heard from the bottom of the heap, "Say fellows, I'm suffocating down here." Instantly came the reply from the man on top, "O.K. old man, come up here and change places with me, I don't mind being suffocated." Well folks, guess that's all for this week, so, "So-long".

GIRLS' HANDICRAFT CLUB NEWS

At Last Thursday's meeting the braided rug started to take shape and is sewn together. It was suggested to dye it a pretty shade and give it to Mrs. Canadian at Kateri Memorial Hospital at Christmas. Plans are being made this Thursday for an outing before school starts. Would the girls be sure to show up this Thursday at Mrs. Mitchell's at 3 p.m. so we can get some ideas and suggestions about where they would like to visit or what they would prefer to do as a special treat before school starts.

SOFTBALL NEWS

Last Wednesday the Mosquitoes played the Heights and the score was 21-34 for the Heights.

Bantams — lost semi-finals.

The Pee-Wee softball game scheduled for last Sunday was cancelled due to the Olympics taking place the same day. This game will be played at a future date — please watch the bulletin board for time and place.

The boys are busy practicing football, with Bob Poirier as coach.

Among the girls and boys who won awards at the Olympics on Sunday were Janice Croft, Karen Jones, Philip Zemel, Richard Savoury, Stewart Cotton, Martin

Letter To The Editor

312 Molson Ave., Apt. 6,
Vetville,
Chateauguay, Que.
21st. August, 1961.

The Editor,
Chateauguay Gleaner.
Dear Sir:

Apropos recent correspondence in your column re availability and use of the Chateauguay Ambulance; as far as is generally known, no steps appear to have yet been taken to meet future potential emergencies when it may be urgently required, or to clarify existing uncertainty regarding it's use.

When my previous letter was published, Mayor Laberge was on vacation, and since then Mr. Gervais has been appointed and taken over as Chief of Police, so conceivably, this matter may not have been drawn to their notice.

The subsequent letter from Mr. Clifford King, a local member of the Kinsmen Club, merely emphasized the unsatisfactory situation in regard to the use of ambulance; and though it provided certain details and explanations for the previous unavailabilities of this Public Service, offered no assurance of remedial action to guard against any repetition of such occurance in the future.

From a public point of view, it is of paramount importance to all residents within Municipal Boundaries; who are doubtless under the impression that this vehicle is held in instant readiness for use should emergency arise; that adequate instructions have now been issued for the ambulance to be available, irrespective for whom it may be required; in which locality, or at what hour it be needed.

It is to be assumed from the contests of Mr. King's letter, that at time of writing, no specific regulations had been issued by responsible personnel, and no list of available drivers, with means of contacting them was maintained to meet a sudden call for their services.

If however, the Civic Authorities consider this matter beyond their jurisdiction, and deny responsibility for maintenance of this vital service, it is surely time that the public should be notified accordingly. On the other hand, if suitable steps have since been initiated to ensure adequate action in the future, it is of equal importance that an official notice of such be issued to reassure the electorate, and thereby restore confidence.

Yours very truly,
E. C. Dowler, Snr.

Clean And Polish . . .!

At night a dirty windshield or dust-covered windows produce certain reflections which badly impair the driver's vision. Many a motorist when he finds it difficult to distinguish through the dirty glass what's coming ahead decides it can wait until he reaches the next service station, not realising that the delay may prove fatal. To avoid danger, we must see it, and it is difficult to avert an accident when the driver's vision is impaired. "Stop at once on the shoulder of the road and clean windshield and windows as soon as it becomes necessary" is the advice of "Prudentia". Before reaching the next service station an obstacle may turn up that will not be seen in time — and this may result in serious damage which timely action would have avoided.

When Sunglasses Are Useless

As much as properly fitted sunglasses can protect your eyesight in day time and improve your vision, they can be a serious handicap to normal perception at night. Tinted glasses reduce considerably your ability of distinguishing things and people on a highway. That's the reason why they should not be worn after dark. "Prudentia" draws attention to the fact that poor visibility is still one of the major causes of highway accidents. It is therefore strongly recommended not to obstruct the vision at night by wearing opaque glasses when we have to see obstacles under already difficult circumstances. When driving at night, reduce speed and increase visibility by all means, is the sound rule to follow.

Shelters and Civil Defence

FROM an appraisal of events taking place in the world, it would seem that the time has come when the people of Canada should take a long and intensive look at Civil Defence. We believe the time is fast approaching when there may be a need of knowing just what to do in case of a nuclear attack.

It is intended that between mid-October and mid-November a nation wide civil defence test or tests will be made in this country. The last test made showed a number of defects and where we would have failed badly if an actual attack had been made. It is intended in the forthcoming test to try and close those gaps and improve generally. Such a test requires the whole-hearted co-operation of every citizen no matter where he lives. Particulars have not yet been given out, but no doubt more of this will be heard before the time comes.

According to news reports from Montreal it is intended that several shelters will be constructed in various parts of that city in order that the public be housed in them in the event of a nuclear attack. The same report urged citizens to think of erecting shelters in their home as a preparedness measure. This is especially the case when building new homes to make provision for such shelters. Some people have already erected such shelters and keep them stocked in readiness for use. These reports stated that Montreal would definitely be a target area. Under such circumstances there would be a large area of obliteration and for at least ten miles around such areas there would be contamination from radio active fall out. This means therefore that there would be mass evacuations from that city to surrounding areas which might be considered more secure.

This could mean that Huntingdon might well become an evacuation area and would have to provide for the influx of evacuees. This would entail housing, food, care, medical treatment and the many services that people need in addition to that which our own population would require. Are we prepared to meet such an emergency? We are certainly not. What would happen in such an event. Our supplies would be quickly used up and it might be impossible to obtain more for some long time. It must be remembered that if any part of Montreal became knocked out no one would be able to approach that area and nothing could be brought out of it. Our next source of supply might be Toronto and our supplies would have to be obtained from that point, or we might have to obtain supplies from the United States.

It is time that some serious thought be given to the matter of civil defence and what should be done in preparation so that we could meet the results of a nuclear attack. It may never come, but the way things are going now and with the Government holding cabinet meetings and discussing such things, it is time we began to give more serious thought to our chance of survival, before it may be too late.

According to present warning systems, it is said we would have three hours to get to shelters and make other arrangements. It is also said that this would be cut to 15 minutes. We feel almost certain that in the event that an attack was made, this side of the world would be under that attack first. Shelters cannot be constructed in a matter of hours and temporary, or makeshift type would be of no use. It therefore means that this work should be done now and regardless of whether such shelter would ever be used. It is a matter of being prepared and ready. We are too close to a large metropolis to remain in a complacent state. This is not meant to panic anyone, but it is meant to arouse some action and thought toward civil defence. The Berlin situation and the recent announcements from the leaders of the Western Allies makes the position much more serious than it has been at any time previously.

If Montreal is making preparations, then we should also be taking some steps in such direction. We cannot say we are immune from attack, we have nothing here. We do not know, even as thousands in other wars have not known. Another war could be much more devastating and larger areas would be lost. If however, we have prepared in advance, the chances of survival are much greater.

Huntingdon's Annual Fair

ON Thursday of next week, August 31st, The Huntingdon Agricultural Society Division "A" will open its annual Fair on the Fair Grounds here. This has been an annual event for a great many years and for the past several years has been gaining in popularity rather than losing it. In consequence, it is eagerly looked forward to each year and this year is no exception.

A Fair of this description is primarily for agricultural purposes, but it embodies a little fun, a little entertainment, education and a chance to take a day or two off from the regular run of farm chores. The farmer gets a chance to see his neighbour's cattle, etc., and in a different light. He can compare what he sees with his own stock and decide if he can make any improvement. He learns many other things by entering exhibits and having them judged, so there is a certain amount of educational value besides just the honor of being a prize winner. The public at large can see the type of stock and products that come from this district and experience a sense of pride and well-being in the area in which they live.

The Fair is a good place to meet neighbors and friends and perhaps have a talk over problems and other matters. There is also the entertainment to be obtained through the horse shows in the arena and the various dance competitions and public dancing. A great many people are interested in the results of the judging in the various sections of the exhibits and also in the displays of machinery, etc., in and about the grounds. Perhaps a ride or two or a visit to shows on the Midway will provoke a bit of fun and a laugh or two. The Fair in other words provides a little relaxation from the general routine and a change is said to be as good as a rest.

We might further suggest here, that if you have not already done so, you should at least do two things — Get your membership ticket which gives you five admissions to the Fair, and then armed with this that you make a few entries in the various sections of the exhibits. If you are a prize winner you will be proud of your accomplishments and also add a little extra pocket money.

Your interest in Huntingdon Fair is what will help in the best way toward its success.

The Berlin Crisis

NO matter what we think to the contrary and despite repeated assurances by Government officials, the tenseness of the Berlin situation is increasing rather than lessening. When there is an increase in the number of troops and equipment sent to any point and when each side makes moves that may aggravate the other, we cannot exactly ignore the possibilities.

Over the past week-end, the East Germans have further restricted travel through their area to West Berlin. American troops have been dispatched to the area to reinforce the garrison already there. Britain and France have announced their intention to bolster their defences. The further restrictions imposed by the East Germans will not ease the situation and it is therefore becoming more and more tense. The total closing of the route could come at any time.

The notes that have been exchanged with regard to the situation have not reached any degree of satisfaction from either side. Lyndon Johnson has returned to the U.S. to report on his talks in Berlin on the Berlin question to President Kennedy. Meanwhile the situation becomes more tense as boycotting of the East German trains and the talk of Polish and Czechoslovakian troops being brought in to bolster the East German defence is talked up. Officials on the Western side are in daily consultation with one another in order that a close watch is kept on all developments.

If the route is closed off entirely, it is not known what the plans are of the Western Allies. It is hardly likely that a shooting war would break out immediately, but it could follow in due course.

The Week In Quebec

QUEBEC (CP) Premier Jean Lesage of Quebec spent most of the week in the Maritime Provinces to attend the provincial premiers' conference in Charlottetown Monday and Tuesday, and to take part in a three-day study on French-Speaking Canada at Mount Allison University in Sackville, N.B.

Mr. Lesage, who called the first conference last year, was congratulated by several Premiers for his work in making the conferences possible.

He was also appointed chairman of next year's conference, scheduled to be held in Victoria.

On his return to Quebec City, Mr. Lesage said he was happy with the results of this year's conference.

"We had a precise agenda," he said, "and we discussed important projects."

He said he spoke with Premier Joey Smallwood of Newfoundland on the possibilities of settling the Quebec-Labrador border dispute.

"However," he added, "it is not not in the interest of Quebec or Newfoundland to bring the matter up at the moment."

Mr. Lesage added that he thinks an agreement will be reached between the provinces and the Federal Government of subjects relating to sales taxes.

Seven of the 10 provinces now have their own sales taxes and Ontario is to join the fold with a three-per-cent levy starting September 1.

One loophole in sales tax legislation allows persons to buy taxable items in one province without paying the tax in either province.

Premier Lesage backed a plan to seal this escape hatch.

He suggested that a province collect its own tax on such items or collect on behalf of the province where delivery is made.

At Mount Allison University, Mr. Lesage delivered a speech on the separatist movement in Quebec.

Mr. Lesage said recognition of the French language and culture is progressing rapidly in all provinces.

Mr. Lesage said Quebec separatists do not not exercise influence over the majority of people, who are more interested in reaping the benefits of rights given them in the Canadian constitution."

Mr. Lesage said Quebecers are learning to appreciate themselves and are forging the instruments needed to live as an "adult people" in a world of sovereign nations.

"They are conscious of the fact that the world they live in belongs to them, and it is up to them to develop its resources."

"They believe it will insure their survival if they take over their own economy."

Mr. Lesage said his government will make efforts to spread Quebec.

Roads Minister Bernard Pinard announced that the provincial government is studying a $750,000,000 province-wide road-building program.

Speaking to a delegation of Politicians and Businessmen from Megantic County, Mr. Pinard said many highways in the province are being built or improved, "but we must operate within the limits of our budget."

Claude Jourdain, Liberal Member of the Legislature for Gaspe North accused by two labor groups of taking sides in a dispute over union representation, replied to the charges by releasing the text of a letter he sent to miners at Gaspe Copper Mines in Murdochville.

The Montreal council of the Confederation of National Trade Unions asked that Mr. Jourdain resign his seat and the Quebec Federation of Labor asked the Liberal Government to disavow his "Duplessis-type tactics."

The Labor groups said Mr. Jourdain asked Gaspe Copper miners to consider whether it was wise to switch their allegiance from the Association of Murdockville workers (ind.) to the United Steelworkers of America (CLC).

In his letter to the miners, Mr. Jourdain said the USWA was making "false representations" to persuade the workers to join its ranks.

Letters To The Editor

St. Petersburg, Fla.
Aug. 15, 1961

Mr. Willis Clark,
Dear Sir:

I read with much interest your letter in the Gleaner about the Town Hall of Hemmingford, and I fully agree with you that it should remain even though it may need a few repairs. When it was erected the men did a thorough and time taking job, and speed did not take its toll of a good piece of work.

I spent three years, 1889-1892 as a teacher in the Model School and to all of us that hall meant very much. In it were held church suppers, all our entertainments and hours were spent by us arranging the stage to suit our plays etc.

Many happy times were enjoyed there and dances for pleasure also held.

Someshow this generation seems to have a strong urge to get rid of old and fine landmarks and the pioneers who did a good job are forgotten.

More power to you and the good friends of the Hemmingford Town Hall.

It meant much to everyone in those years and I hope enough people still love it and want it to remain.

Re: Hemmingford Town Hall

Reading different opinions about the Hemmingford Town Hall, none gave as much comfort as Mr. Clark's letter of the 9th issue. It embodied many noble and graceful thoughts and needful remarks... not only for the older citizens but for the younger generation as well.

It is my humble opinion and belief that many taxpayers will appreciate the revelations that it has brought to light.

Sincerely,

Emmett Clelland.

Dear Mr. Editor:

August 21st, 1961.

I am answering the Animal Lover's letter from Franklin Centre which you published Aug. 10th, 1961. I agree 100% with the party who wrote that letter. I have a solution to these animal haters. Why don't the provincial police or government hire private men not known in this district to keep watch in different places or put radar out here to catch them. Why don't they look after the speed zones here. I am sure cars pass through at 80-85 m.p.h. sometimes more. It is impossible to stop at a speed like that, that is why there are so many accidents happen.

The person who wrote the letter is right, why can't they stop this? How would these animal haters like it if we went and killed one of their pets? There is a law here in Quebec, that when you hit a person or animal, contact police. Some people pay money for these pets. When careless drivers hit an animal on the road, they should take it to a vet and let him decide what to do. Then they should go back an try to see the owner if possible. Pay the owner or doctor.

The reason they hit and run, they are afraid of the cost. I hope someone will have a heart to take care of these killers no matter human or animal, they should pay for their sins.

Thank you very much Sir for taking good interest in this matter.

I remain,

A True Animal Lover.

The Week At Ottawa

OTTAWA (CP) For two years Dr. Mikhail Antonovich Klotchko, award-winning Russian chemist, tussled with the idea of forsaking his homeland in quest of intellectual and scientific freedom.

Early this month opportunity decided for him, when he arrived in Canada to attend a scientific conference in Montreal. After the conference ended, he and a group of other Russian scientists came on a sightseeing tour to Ottawa.

Unnoticed by his colleagues, Dr. Klotchko slipped away, asked the Canadian government for political asylum and was permitted to remain in Canada.

The Klotchko case burst upon Parliament Hill at a time when Cold War temperatures were rising rapidly over the Berlin crisis. Prime Minister Diefenbaker made a major speech in Halifax on Canada's defence commitments, then followed it up with two cabinet sessions on Berlin — and Dr. Klotchko. The cabinet review included civil defence measures and the need for speeding up the work of the Emergency Measures Organization.

Mind Made Up

The 59-year-old Russian scientist's defection first was announced in a brief press statement from the immigration department, telling of the government's decision to permit him to stay in Canada. Late the same night he was interviewed by three officials of the Russian embassy, in the presence of Canadian diplomats and police, but he declined all their appeals for him to return to the Soviet Union.

While the chemist, a widower with no family in Russia, rested in a secluded hide-away under RCMP protection near Ottawa, Prime Minister Diefenbaker and Justice Minister Fulton told the press more of the story. Mr. Diefenbaker said the Stalin and Lenin prize-winning scientist spent two years deciding whether to break away.

The justice minister added that the break was not entirely due to political reasons. "He said there was no intellectual or scientific freedom in Russia," said Mr. Fulton. "Everything is done subject to direction."

Dr. Klotchko, a specialist in inorganic chemistry and author of scientific papers on electrolysis and conductivity, has been given a permit to stay in Canada for one year, renewable at the end of the period. He is understood to want to continue his work in Canada. Whatever he decides, the immigration department said, there will be no restrictions placed on him.

NATO Strength

About the same time Dr. Klotchko was seeking asylum with the RCMP, Prime Minister Diefenbaker was telling the weekly newspaper editors in convention at Halifax that he hoped other countries would bring their North Atlantic Treaty forces to full strength. He repeated these sentiments the following day after a cabinet meeting. In the matter of Canada's NATO forces, he said Canada has met its goals.

Canada's full-time NATO commitment includes an army brigade group in West Germany, and four wings of three fighter squadrons each, forming an air division of the RCAF in France and Germany with a supply depot in England. Royal Canadian Navy vessels also have been earmarked for service under NATO command.

The prime minister told reporters: "Naturally in the light of what has happened, every consideration would be given to any need that may arise out of the exigencies of the Berlin situation." Although he declined to tie the decision directly to the Berlin crisis, Mr. Diefenbaker later announced a nationwide civil defence exercise will be held between mid-October and mid-November.

The exercise, which had been planned for some months later would be similar to last spring's exercise Tocsin. It was also disclosed that a fall-out shelter is being constructed in the basement of the prime minister's official reidence in Ottawa.

Wheat Sales

Agriculture Minister Hamilton told a press conference Canada's wheat sales, nearing record proportions, are likely to remain high and in the years ahead this country may have difficulty meeting its customers' demands. In the crop year that ended July 31st, 354,000,000 bushels — almost equal to the third highest figure in history — were exported. He said many Western wheat growers thought Canada never again would be able to pass the 300,000,000 mark. However, he quoted unofficial estimates that this year's production may run little more than 240,000,000 bushels.

Canada needed 300,000,000 bushels for its annual domestic requirements, seed, and inventory for foreign. sales. The Dominion Bureau of Statistics announced that a wheat carryover of 523,000,000 bushels — down 14,400,000 bushels from a year ago — existed July 31.

After a long hard-fought battle, Canadian Pacific Airlines won a long-standing bid to fly into London, England from Western Canada. Government approval of the privately-owned airline's application will enable it to compete on the lucrative Transatlantic run with the publicly-owned Trans-Canada Air Lines. For the first time, too, Calgary will get a direct service with Britain, as the new routing authorizes CPA to fly from Vancouver, picking up passengers at Edmonton and Calgary with a technical stop at Gander, Nfld.

Shipping Dispute

On the maritime front, a Canadian-manned iron ore freighter registered in the Bahamas became the object of a union dispute which threatened to bring all shipping on the St. Lawrence Seaway and the Great Lakes to a virtual standstill. The 25,000-ton freighter Northern Venture, moored in Duluth, Minn., was being picketed by the AFL-CIO Maritime Trades section in protest against the Bahamas registration. Pickets contend this was done to avoid hiring union crews. In Ottawa the 40,000-member Canadian Brotherhood of Railways, Transport and General Workers (CLC) threatened in retaliation a blockade of all U.S. ships plying the Seaway and Welland Canal. The union represents lock workers on the two inland waterways.

Wedding

HAVENSTOCK-BROWN

The marriage of Merle Madalene, daughter of Mr. and Mrs. John A. Brown of Huntingdon, Quebec, to Mr. Robert Bruce Haverstock, son of Mr. and Mrs. R. Byron Haverstock of Ellershouse, Hant's County, Nova Scotia, took place Saturday, August 12th, 1961, in the Huntingdon United Church, Rev. Grant officiating. Mr. Peter Rhodes played the wedding music and Mrs. Gordon Tannahill was soloist. The Church was decorated with variegated gladioli.

The bride, who was given in marriage by her father, was gowned in white silk organza over taffeta; the gown having a soft "V" neckline appliqued with velvet-edged lace, tiny draped sleeves, and a very slim skirt with deep unpressed pleats from the waistline at the side falling very full to form a chapel train. Her bridal veil was of bouffant double tulle illusion and was held in place by a coronet of tiny diamonds and pears. She carried a cascade bouquet of pink sweetheart roses.

Mrs. Margaret Howden, matron-or-honour, and Miss Evelyn Brown, bridesmaid, sisters of the bride, were gowned alike in street length dresses of Madrid blue peau de soie with deep V necklines and tiny draped sleeves, the slim skirts having an overdrape from the front to one side at the back and forming deep bows with panels. Each wore a juliet coronet of Italian cut lined with Madrid blue velvet lilacs covered with a tulle brim veil and carried a bouquet of white and pink baby carnations.

Mr. Donald Johnston of Lachine, Quebec, acted as best man, and the ushers were Mr. William Brown of Glenelm, Quebec, brother of the bride, and Squadron Leader F. Villeneuve of R.C.A.F. St. Hubert, Quebec.

Mrs. Brown, mother of the bride, wore a dress of willow green peau de soie having a floral pattern of roses in sea green with deep "V" neckline, and slim skirt having a side drape with flowing panel. Her matching accessories were bone in colour. Her hat, a Paris Import, was of chiffon petal flowers of colour going from bone to mink and green, and a cage with a point d'esprit veiling of mink and bone colour. Her corsage was a mauve orchid.

Miss Joan Haverstock of Halifax, Nova Scotia, sister of the groom, wore a dress of vivid yellow having a scoop neckline and bouffant skirt. Her matching accessories were white, and she wore a corsage of white carnations.

A garden reception followed held on the spacious lawn of Mr. and Mrs. D. A. Stephen, Huntingdon, Quebec.

Later the couple left on their honeymoon, the bride travelling in a mint green silk shantung dress and jacket. A corsage of bronze orchids adorned her jacket. She wore a Lily Daché bone colour, breast of swan feather hat of Fench Import, and matching bone accessories.

THOUSANDS OF BUTTONS

In olden days buttons were used more for ornament than as a practical method of fastening clothes. The Book of Knowledge cites the example of gorgeous costume worn by the French king, Francis I (1494-1547) which had 13,600 gold buttons on it.

Double-Ring Wedding

Mrs. Richard Sylvester
nee Sharon F. Parker

Miss Sharon Frances Parker, daughter of Mr. and Mrs. Vance Parker, Rome, N.Y., was married on July 1st, to Richard Sylvester son of Mr. and Mrs. Albert Sylvester, Chadwicks, Rev. Leslie Anoney, Bartlett, performed the double-ring ceremony in the First Baptist Church, Rome, N.Y.

The bride, given in marriage by her uncle Rev. Eldred Landers, Westernville. She wore a gown of white silk organza over taffeta with an embroidered apron effect featured on her full skirt which ended in a ruffled chapel train. Her fingertip veil was attached to a large white cabbage rose with beaded pearls. She carried a white bible, centered with an orchid and feathered carnations, and white streamers.

Miss Carol Tulloch. Whitesboro, was maid of honor with Miss Sandra Eychner, Rome and Miss Nancy Langdon, Whitesboro, as bridesmaids. Miss Suzanne Sylvester, sister of the bridegroom, was junior bridesmaid and Miss Rena Parker, the bride's cousin, was flower girl.

John Riggles was best man with Howard Lansing and Gary Parker as ushers.

Following a reception at Stanwix Heights Hall, the couple left for an 800-mile trip through the Finger Lakes and Niagara Falls. They are making their home at New York Mills.

Mrs. Sylvestre is 1961 graduate of Westmoreland Central School. Mr. Sylvester is a graduate of Saquoit Valley Central School and served in the U.S. Air Force for four years.

Mrs. Sylvester is the granddaughter of the late Mr. and Mrs. Floyd Parker of Dundee, Que. Her parents are Mr. and Mrs. Vance Parker of Rome, N.Y. She is well known in the Dundee area and in Huntingdon.

Drawing: Rupert Hawley still has tickets for sale on the Money Drawing which is held annually at the Fair. Get yours now.

September 5th Election of Officers!!! Every member has the right and privilege to vote for whosoever he or she wishes to place in the various offices. Please keep this in mind as it is very important for the good of the order that all members attend this meeting and vote according to their beliefs.

September 7th. Pomona Grange meeting at Fort Covington Grange Hall 2 p.m., with supper at 5.30 p.m. and 8 p.m. Lecturer's program when Mr. Harold M. Stanley will be the guest of honour: A presentation is to be made to Mr. Stanley on his retirement after 28 years secretary of the New York State Grange. The 8 p.m. program is open to non-members and four degree members. All past secretaries of Maple Leaf Grange are especially invited to attend. The Youth Group of Maple Leaf will be on the program, so mark your calendars and come along with friends.

September 22nd. (Friday) 2.30 p.m. A Christmas Tree Gift Table and Home Baked Food Sale will be held at Marchand's Store, Chateauguay Street. Members are being canvassed for articles suitable for Christmas gifts and for baked goods especially bread and yeast rolls, etc. The baked goods are under the chairmanship of Mrs. Ruth Stark, Mrs. Allan Hunter and Mrs. Grace Lallemand, while the Christmas gift table will be in charge of Mrs. Robert Donnely and Mrs. Kay Williams. Members can contact these ladies about their donations to the tables. We need your support.

The program given at the last regular meeting was under the auspices of the service and hospitality committee with Mrs. Robert Donnelly in charge. It was very entertaining and enjoyed by all present. There was a "Pantomime" called "Guiding work of the S. and H. Committee Hands" demonstrating the year's interspersed with piano selections by Mrs. Grace Thomas of Malone. Twenty women took part in the Pantomime with a reader telling the "Grange Story". **The panel discussion** "Do Housewives Need a Vacation?" with a panel of six men giving the various opinions on the subject ending with Mrs. C. Paul summing up to the enjoyment of the wives present. **The Mouth Organ Contest** was very hilarious. Those taking part were Mrs. G. Thomas: Messrs. C. French and Rupert Hawley. **The participation Dance** "Ach Ja" was enjoyed by young and old alike and all took part.

The **Prizes were awarded in the needlework contest** with the following placing first: Gloves: Mrs. McEwen. Sweaters: Mrs. Stella Ouimet. Baby Set: Mrs. Dora Kirnan. Three non-Grange members. Shawls: Mrs. Allan Hunter. Centerpieces: Mrs. Etta Herdman. The prizes of plants were donated by Mr. and Mrs. David Booth and were greatly appreciated by the winners and the committee and Grange.

The evening ended with an old fashioned dance with fiddle, mouth organs - spoons - and piano accompaniment. Sandwishes and raspberry shortcake, coffee and tea were served.

Don't forget the Fair.

W. L. CARR, Auditor

The large revenue fund surplus is due to the fact that two transportation grants were received during the school year, and to the fact that there was a substantial increase in the regular public school or teachers' salary grant.

Athelstan

ATHELSTAN — The Southern Division of the Woman's Missionary Society and Woman's Association met jointly for their August meeting on Wednesday evening last at the home of Mrs. T. O'Hara, with a good attendance of members and several visitors present. The Worship Service which opened the meeting had for its theme—"Workers with God, and "The Unity of Christ's Church". Different members participated in this and the lesson for the day was given by Mrs. Douglas Murray entitled "The Lure of the Old Road". A most fitting climax to the work of the Woman's Missionary Organizations over a period of years and on the other hand a going forward upon a "New Road" shortly to be entered upon, which is to be a broader road of great service. May our faith be strong enough for us to say as did the two spies on their return from the land of Canaan—We Are Well Able—if the Lord delight in us—to take the new road. Various sales of a quilt and other articles were reported having been made. The President of the Woman's Association then took charge of the meeting. The Roll Call responses were recipes. Two letters of thanks were read in reply to sympathy notes sent previously. Also an acknowledgement of money sent to the Star Fresh Air Fund. Parcel Post Packages were handed in for the Fall Sale. The repeating of the Mispah closed the meeting. A Bird guessing game followed, after which a social hour was enjoyed when Mrs. Elizabeth Lindsay and Mrs. Reese served refreshments.

Mrs. Mabel McIntyre and grandchildren Wanda and David McIntyre, spent a few days last week at the home of Mr. and Mrs. Hugh McNicol in Dundee.

HEMMINGFORD TOWNSHIP COUNCIL MEETING

The monthly meeting of the Township Council was held in the Town Hall, on Monday August 7th, Mayor Alister Somerville presiding. Councillors H. Pare, A. Derrick, W. Beatty, F. Dauphinais, H. Poissant and H. White also present.

The Secretary read a letter received from the Federal Government which stated that 50% of labour costs would be paid on work which was done under the winter work programme. Council were in favour of accepting the offer and will make application to the Provincial Government for one job, which urgently needs doing, to be placed on the programme immediately, that of cutting the brush along the roadsides.

Mr. Bourdon requested Council to consider installing a street light at the corner of Route 52 and the Fort Road. The Secretary was authorized to write the Shawinigan Power Company concerning price.

Mr. J. Killsdonk reported that beavers were building dams across the river which runs through his property. He was informed that permission had been given by the appropriate authorities to trap them.

Councillor Beatty raised the question of fences along the by-roads and asked that a definite decision be given, if possible, regarding responsibility. After some discussion the matter was left on the table until after the next meeting of the Union of County Councils when the Mayor will have the opportunity of discussing the question with an authority on this matter.

A resolution was read from the Village Council to the effect that, as it now appears certain from further research on the matter at the library of the Bar Association of the Province of Quebec that the Town Hall is the property of the Village, they will now proceed with the erection of the new Town Hall and the eventual demolition of the old Hall. Mr. H. Philion protested that this research was the work of one man and suggested that Council engage the services of another legal authority in order that the claim of the Village Council may be verified. Council thereupon authorized the Secretary to write Notary Fortier asking him to search and investigate the true ownership of the Town Hall situated in the municipality of the Village of Hemmingford.

By unanimous vote of all Councillors present it was decided that as the Town Hall is not for sale, the certified cheque for $300 given to Council by Mr. H. Philion as a deposit on his offer of purchase, be returned to him.

The following bills were authorized for payment: Bell Telephone, $4.68, Shawinigan Water and Power Company $2.78, Department of Health $63.72.

HEMMINGFORD VILLAGE COUNCIL

The monthly meeting of the Hemmingford Village Council held on Tuesday, August 1st, Mayor Leo Fortin presiding. Councillors W. Keddy, R. Latreille, Lyle Simpson and Rene Poissant also present.

The main item of business under consideration was the erection and financing of the new Town Hall. Further investigation concerning the ownership of the lot on which the old Town Hall stands and the building itself, had been made at the request of the Council. Documents had been searched in the library of the Bar Association of the Province of Quebec and it was confirmed that by the Proclamation in 1877, the land and building automatically became the property of the municipality of the Village of Hemmingford at the date of incorporation. It was, therefore resolved to proceed with the erection of the new Town Hall. It was noted that the cost of construction will be met partly by the cash reserve on hand, by the forthcoming promised grant from the provincial government and by the grant which will be received under the 'Winter Work' programme: The Secretary informed Council that the necessary steps had been taken to ensure that this work of construction came under the Municipal Incentive Winter Work programme. After the Town Hall is built, 95% of the anticipated running expenses will produce. It is quite certain, therefore, that no new tax will be imposed on the ratepayers. A letter was read from the Provincial Government in which was stated the amount the Government is prepared to pay towards the cost of building the new Town Hall. After some discussion a resolution was passed accepting the amount offered and the Secretary was authorized to notify the Government immediately of Councils' acceptance.

Relative to the outstanding water-rate accounts, the Secretary was authorized to forward two bills for collection.

ST. LUKE'S SUNDAY SCHOOL PICNIC

A most enjoyable day was spent by over 50 children and adults of the St. Luke's congregation at Palmer's Beach, Altburgh, Vermont, on Saturday, August 19th. The sun shone, a cool breeze blew off the water, the beach was not too crowded and everyone enjoyed the outdoor cooking. Swimming was the order of the day, the young people played games in the water while others just sat and soaked up the sun and had time to hold leisurely conversations, (rapidly becoming a lost art these days!) Voted by all to have been a lovely picnic.

Be On The Lookout For The Mexican Bean Beetle In Southwestern Quebec

The Mexican bean beetle, a serious pest of bean plants in the United States, has been threatening in southwestern Quebec since 1943. This insect measures ¼ of an inch, is yellow or reddish-brown in color and bears 16 black spots arranged in three rows across the back. The larva is also yellowish, measures about 1/3 of an inch, and is covered with long black-tipped spines. The pale yellow eggs are laid in masses of 30 to 50 on the underside of leaves. The damage to bean leaves is conspicuous and readily betrays the presence of the pest (figure 1). Bean growers especially in the countries of Chateauguay, Huntingdon and St. Jean should be on the lookout and report immediately the presence of this insect to the Research Laboratory, Canada Department of Agriculture, St. Jean, Que. Infested plants may be treated with an insecticide such as malathion as a 0.1 per cent spray or 5 per cent dust, and the treatments can be applied up to three days of harvest. The insecticide must be applied so as to cover the underside of the leaves thoroughly for effective control. The infested plants should be burned and the land plowed as soon as possible following harvest.

Right, the Mexican bean beetle, showing arrangement of the 16 back dots on the back.

Left, a damaged bean leaf showing one eggs mass, several small larvae, and a full-grown larva with the body covered with spines.

WIN A VACATION FOR TWO IN THE LAURENTIANS

IN SHAWINIGAN'S HOLIDAY CONTEST

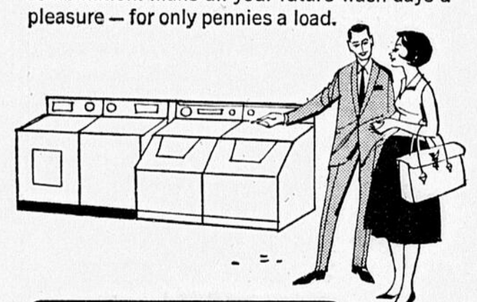

You could be among 13 lucky couples who will win all-expense-paid vacations to a lovely Laurentian resort hotel. Twenty-six persons in all will get a chance to swim, ski, golf, or just relax. You and the person of your choice could be among them!

If you win, you can select your own favourite Laurentian hotel and take your free vacation whenever it suits you best – winter or summer.

HERE'S HOW YOU MAY WIN:

Buy an electric washer or dryer or any major electric appliance from a dealer in any of Shawinigan's 13 service areas between August 16 and November 15, 1961 and you are automatically eligible.

For complete details about this contest, see your electric appliance dealer soon! While there, ask him to demonstrate the time and labour-saving features of his latest washer-dryer combination. Make all your future wash-days a pleasure – for only pennies a load.
