Lapalme Says Quebec Iron Ore Should Be Processed In Province

QUEBEC (CP)—Georges Lapalme, Liberal opposition leader, said yesterday he wants the iron ore mining industry in Quebec to process in "part at least" ore mined in this province.

During a full-scale debate arising from a Liberal non-confidence, motion in the Legislative Assembly, Mr. Lapalme said his party wants to see iron ore mining interests dealt with in the same manner as the firms which at the turn of the century were forced to build newsprint manufacturing mills in Quebec.

He referred to legislation which in 1912 banned the export of unprocessed pulpwood from the province.

Premier Duplessis, preceding Mr. Lapalme in the debate, said there is a difference between the forest and the iron ore resources of the province. Policy could not be the same for both of these natural resources.

In the case of forests, he said, Quebec has "the richest forests on the North American continent," and is in a position to dictate the conditions concerning them.

FOREST MONOPOLY
In the case of forests - the lifeblood of newsprint - Quebec had a virtual monopoly on supplies in North America.

"But it is a different matter as far as ore. We have to make acceptable conditions, we have to meet the competition," Mr. Duplessis said.

Mr. Lapalme said he did not accept Mr. Duplessis' argument about the widespread availability of iron ore.

He said magazine and newspaper articles—none of which had been denied—have related for many

years the interests of German and American steel financiers in the huge iron ore deposits in Quebec's Ungava region.

Such reports indicate the Western world's interest in the Quebec deposits, possibly the richest on this side of the Iron Curtain, Mr. Lapalme said.

GOSSIP
Mr. Duplessis interrupted to say most of the articles were "gossip" and the richest iron ore deposits were in Brazil.

Mr. Duplessis said that while Liberals criticized his government's natural resources policy they forgot that their one-time federal leader, former Prime Minister St. Laurent, had supported the Union Nationale on the iron ore development policy.

In 1954, following a tour of

Pair Rescued After 8 Days
NEW YORK (AP)—Two New Jersey men who had been adrift in the Atlantic Ocean for eight days in a dinghy were rescued Tuesday.

They had taken to the dinghy Jan. 19 after their 47-foot sloop, the Atair, broke up in a gale.

The men—George Harrington, 28, of Newark, N.J., and A. Marcy Crowell, 24, of Riverton, N.J.—were reported in good condition.

Call-Girl Racket
The man on the bus discusses it critically with his neighbor. The women and taxi drivers complain about it. The bar-fly makes jokes about it. Police, irked because publicity has disturbed the routine of their investigation, do their best to reassure a concerned public.

And the object of it all—the call girl—says nothing.

ROUTINE REPORT
The controversy started quietly when police chief George Archer, in a routine monthly report to the city police commission, said he knew of no bawdy houses in Vancouver but had a "queasy feeling" that a well-organized call girl racket was operating in the city.

He said limitations in the vagrancy section of the Criminal Code made it difficult to make arrests.

Chief Archer's morality squad,

Ungava mining installations, Mr. St. Laurent had said the development was the best example of what Canada was doing to maintain peace in the world.

Mr. Lapalme referring later to Mr. St. Laurent's statements said that he "gave a piece of my mind" to the former prime minister for interfering in what he considered a provincial matter.

Mr. Duplessis said that to sell iron ore one has to have a buyer. The only large market was in the United States, Canadians did not consume enough steel to make it yet economically feasible to get into large-scale steel production.

The government had not paid a cent to subsidize the enormous development in the barren interior of the Ungava region. A 360-mile railway had been built at no cost to Quebec.

Mr. Duplessis said the opposition could criticize but the government was conscientiously doing its duty.

Mr. Lapalme said the real point of the Liberal non-confidence motion is an expression of regret that the government has not taken the steps necessary to organize processing of iron ore in the province.

The Liberal leader said the Premier's attitude on iron ore development is regrettable. If he had expressed support of the idea of establishing a steel industry in Quebec, instead of calling it ridiculous, the entire attitude of foreign capital to Quebec would be changed.

dozens of letters to the editor, citizens expressed shock, praise and blame for the report.

Taxi drivers and others mentioned as procurers complained bitterly. Others said the racket should be made legal. Many called for a public apology, while others echoed the sentiments of one writer who said the problem "started in the Garden of Eden, and regardless of your puny war against it, will still go on."

Mayor Tom Alsbury called for a special police report. Chief Archer assigned four top detectives to handle it.

The report, released Monday confirmed that some business women and married women act as part-time call girls along with professional prostitutes. But it said police investigation had been hampered by the newspaper story.

"While applauding the efforts of any citizen to assist in law enforcement," said Chief Archer, "...normal followups in the matter have been nullified and cannot be resumed until the present talks subside."

PUBLIC REACTION
The story brought an immediate reaction from the public. In

Late Bulletin

OTTAWA—(CP)—The government gave notice today it will ask Parliament to provide another \$250,000,000 for federal housing loans this year, boosting the 1957-59 total to \$1,000,000,000.

The notice on the Commons order paper also indicated the government will take steps to keep the rate of house building high and pep up trade in government-insured mortgages.

B. F. Goodrich

Another China Sale Blocked

OTTAWA (CP)—CCF Commons member Harold Winch says another Canadian company, subsidiary of a United States firm, has been caught in the conflict between policies of the two countries on trading with Communist China.

Mr. Winch, member for Vancouver East, told the Commons Tuesday that B. F. Goodrich (Canada) Limited had been tipped to the need of the city of Chungking for conveyor belt to unload ships in the harbor there.

But he said that the parent Goodrich firm at Akron, Ohio, had replied it could not attempt to make a sale, or even supply catalogues and price quotations, because of the U.S. law against any business dealings with Red China.

DENIES REQUEST

However the president of the Canadian Goodrich firm, Robert V. Yohe, said Tuesday night at Kitchener, Ont., his company was never asked to sell belting to Red China and that the Canadian plant doesn't make that kind of belting.

"A purchase order from a broker for a Chinese purchaser or any other foreign purchaser would be treated in exactly the same manner as an order from a Canadian customer," Mr. Yohe said.

Mr. Winch, in his speech, referred to two other instances involving Canadian companies whose American connections were reported affected by the U.S. law prohibiting business dealings with mainland China.

Early last year it was reported that Red China was interested in buying 1,000 vehicles in Canada but that Ford of Canada was prevented from seeking the sale by its U.S. parent firm.

Newspaper Story Shakes Vancouver

VANCOUVER (CP)—The problem of controlling the world's oldest profession—prostitution—has sparked a new controversy in Vancouver.

The man on the bus discusses it critically with his neighbor. The women and taxi drivers complain about it. The bar-fly makes jokes about it. Police, irked because publicity has disturbed the routine of their investigation, do their best to reassure a concerned public.

And the object of it all—the call girl—says nothing.

Duplessis May Appeal

OTTAWA—(CP)—The long and bitter feud between the Jehovah's Witnesses and the Quebec authorities reached another milestone in the Supreme Court of Canada Tuesday when Premier Duplessis lost a personal fight with a member of the religious sect.

The Supreme Court, by a 6-to-3 majority, ordered Mr. Duplessis to pay \$33,125 damages—plus interest—to Frank Roncarelli for illegally ordering the Quebec Liquor Commission to cancel the former Montreal restaurateur's liquor permit in December, 1946.

The court increased by \$25,000 the amount of \$8,125 damages

originally awarded Mr. Roncarelli by the Quebec Superior Court in May, 1951. The Quebec Court of Appeal in 1956 quashed the judgment of the Superior Court, thus paving the way for the appeal to the Supreme Court.

PLUS INTEREST
The interest rate of five per cent—running from the time of the superior court judgment, more than 7½ years ago—will boost the payment to Mr. Roncarelli to more than \$48,000.

However, Mr. Duplessis said in Quebec City: "I'm not ready to send my cheque yet."

This comment was taken to mean that Mr. Duplessis, believed the first provincial premier sued in this way by a private citizen, may try to appeal the judgment to the judicial committee of the Privy Council in London.

He may do so because the case was initiated in the Quebec courts in the spring of 1947, well before appeals to the judicial committee were abolished in December, 1949. Legal experts said Mr. Duplessis has a month to apply to London for leave to appeal.

Mr. Roncarelli originally sought \$118,000 damages from Mr. Duplessis personally, but reduced this amount to \$90,000 when he came before the supreme court last June.

FROM PROVINCE?
Legal experts said they believe Mr. Duplessis is not bound to pay the damages out of his pocket, but that the amount may come out of the provincial treasury if the legislature approves.

After Tuesday's judgment, Mr. Glen How of Toronto, Mr. Roncarelli's counsel, said the court showed "commendable consistency" in its decision to protect the rights of individuals against authorities who seek to infringe them.

Mr. Roncarelli, who worked for the St. Lawrence Seaway Authority after leaving the restaurant business, now derives his livelihood from real estate.

SHORTAGE OF MANPOWER
In Logging

MONTREAL (CP)—There are not enough men available at present to fill logging jobs and other woods operations in Quebec, says Vernon E. Johnson, president of the Quebec Forest Industries Association, which begins its annual meeting here today.

Mr. Johnson, also president of Canadian International Paper Company, said Tuesday that in an effort to provide work and ease unemployment, many forest companies had stepped up cutting programs above actual wood requirements. His own company alone had expanded its logging program by 300,000 cords.

Mr. Johnson deemed it a paradox that, despite this make-work effort, "since Jan. 1 there have actually been more jobs available in many woods operations than there are men to fill them."

CHRYSLER UNION
Votes On Contract

WINDSOR, Ont. (CP)—Members of Local 444, United Automobile Workers (UAW), vote today on whether to accept a new contract with Chrysler Corporation of Canada and make certain the end of a strike against the company.

Union officials said Tuesday they will recommend to the 3,600 striking workers that they accept the contract and it is thought likely the membership will go along with the proposal.

NO ACTION PROMISED
A delegation representing the strikers, who arrived in Ottawa from Montreal on a 14-coach train, met Mr. Starr and Solicitor-General Balcer for 45 minutes. No promise of federal action was made.

After the meeting Mr. Starr said he had advised the delegation that their best bet was to get in touch with the CBC in an attempt to get negotiations going again.

Mr. Chevrier said in the Commons that Mr. Nowlan is "the one who is preventing the settlement of the strike, because he tells the CBC: 'Don't negotiate.' His demand for federal interven-

Blast Shakes Sarnia District
SARNIA, Ont. (CP)—An outside compressor unit exploded with an earth-shaking roar at the Imperial Oil Company's oil refinery Tuesday night. There were no reports of injuries or damage.

The blast shook homes four miles away and brought a flood of calls to police.

Won't Invite Queen
CAPETOWN, (Reuters)—The South African government has decided not to invite the Queen to open the 1960 celebrations of the Union of South Africa's 50th anniversary, Prime Minister Hendrik Verwoerd said Tuesday.

Verwoerd said in reply to a parliamentary question that the matter had not previously been considered by the government.

Help For Canadian Industry

OTTAWA—(CP)—The government has taken restrictive action to boost the price of imported second-quality cotton fabrics to help Canadian manufacturers meet low-priced competition from the United States.

Federal officials said the action was taken during the last two weeks with the revenue department ordering a general reduction in allowable discounts for various types of fabrics.

The discounts, for duty purposes, are based on prices for similar top-quality fabrics. In some cases the allowable discount was trimmed to five per cent from 10; in others to 10 per cent from 20.

MAY APPLY DUTIES
In other words, a customs appraiser will be able to slap on dumping duties if a second-quality cotton fabric is brought into Canada at prices more than five or 10 per cent below prices for similar first-quality goods, as the case may be.

Canadian manufacturers have claimed that some U.S. mills use the allowable discounts for seconds to dump surplus production in Canada.

No official U.S. opinion on the issue has been given except that American officials here have found the action "restrictive."

Involved are some explosive elements. This country informed the U.S. at a joint meeting of cabinet ministers here Jan. 5-6 that Canada's new anti-dumping laws, enacted last year, would not be used to discriminate against American goods.

NOTICE AMENDED
The first official notice of Canadian action on the discounts went out Jan. 14 and said it was to apply to imports from the U.S. Five days later an amendment was sent out saying the change applied on imports from all countries. The two notices landed in the U.S. Embassy at the same time.

Canadian officials said the Americans now cannot claim the action is discriminatory, though, in fact, the bulk of the cotton

US Starts Work On New Talks
United States intends to explore fully Russia's talk of a cold war "thaw" despite an officially expressed belief here that Moscow is simply trying to create an illusion of peace.

The U.S. and its chief Western allies are preparing for a wide open, high-level, East-West conference on German and related European issues. Diplomats now consider it will be held in about three months.

State secretary Dulles told a press conference Tuesday that so far the Soviet government has demonstrated "a very strong desire to delude us into thinking the cold war is ended," but no direct interest in proposals to end it.

TIME FOR MEETING
Nevertheless, he said, he thinks it is time to have another meeting either of foreign ministers or other high officials—possibly deputy foreign ministers—because it is occasionally possible, he said, to reach an agreement with the Communists which "tends to promote international peace on a fair basis."

The latest Kremlin move toward a new East-West conference came Monday when Premier Nikita Khrushchev told a group in Moscow that he thought "there is a possibility of a thaw in our relations" with the west.

He said he got that impression from the report he received on Deputy Premier Anastas I. Mikoyan's visit to the United States earlier this month.

Khrushchev told the 21st Communist party congress in Moscow Tuesday that "There are no grounds for clashes between the American and Soviet people."

DEMERIT SYSTEM STARTS
Next Week In Ontario

TORONTO (CP)—Ontario's new system of "quarantines" for bad motorists starts Feb. 1.

Three-month licence suspensions will be handed out to drivers on the basis of a scale of demerits for traffic convictions.

It marks a bid to continue reducing the province's accident toll—Ontario had 1,140 traffic fatalities in 1958 compared to 1,279 in 1957.

WARNING LETTERS
Under the demerit program warning letters will be sent to motorists with six demerits. At nine demerits, they will have to appear before officials for interviews that could lead to either probation or suspension. Automatic three-month suspensions come with 12 demerits.

A driver will start with a clean slate after serving a suspension. But if he collects another 12 demerits within the following year he will get a six-month suspension.

SEES 11,000 SUSPENSIONS
Deputy Transport Minister John Collins says he expects about 11,000 of Ontario's 2,200,000 motorists will draw suspensions within the first two years of operations.

The demerit system is actually a supplement to court-ordered suspensions.

The new system is similar to those in Nova Scotia and New Brunswick.

Show Business

By BOB THOMAS

HOLLYWOOD (AP)—After an eight-year absence, Lilli Palmer is back with a new husband and a new career.

The Austrian beauty was here last to co-star with husband Rex Harrison in *The Fourposter*. Since that time, she and Rex split. He married Kay Kendall and Lilli wed the Argentine-born actor Carlos Thompson.

Lilli is here to play Clark Gable's estranged wife in *But Not For Me*. Producers William Perleberg and George Seaton doubtless hired her for charm and comedy talent. But she has the added value of being one of the top stars in the German film industry. That won't hurt the film's box office when it plays the lush German market.

The actress brought herself up to date during a lunch in the Paramount commissary. Among other things I learned: She and Rex are still the best of friends, and not in the phony Hollywood phraseology of ex-mates.

"Of course we're friends—why not?" she said. "No reason to be enemies just because we're no

longer married. I don't think you can hate each other after being married 15 years. One year, perhaps, but not 15."

She said she has seen Rex several times in *My Fair Lady* and enjoyed it immensely. They often see each other socially and have a mutual interest in their 14-year-old son, Carey.

NEEDED A CHANGE

How did she get involved in German films?

"After I broke up with Rex, I felt the need for a change," she said. "The opportunity arose to do a picture in Germany, and I took it. Now I have done seven, and I have enjoyed them very much."

She reported that the German film industry is thriving, its market being the prosperous German-speaking areas of Europe. At least one of her films even played in East Germany.

"I got the biggest reaction I have ever had from the East Germans," she said. "The mail was immense, and the letters said they knew I couldn't send them a picture but would I please write them a note. I suppose it was because the picture was a gay musical, and they see so little of that kind of entertainment."

Farm Forum Activities

To cope with vertical integration Quebec Farm Forums think that is individuals farmers need to continue striving to produce more efficiently. A farmer contemplating signing a contract should also read it very carefully and have a thorough understanding of it, they advise.

Through organizations they suggest farmers should endeavor to strengthen their co-ops so that if necessary they can integrate through their co-ops. Better credit facilities would also make contracting less attractive to farmers short of cash, according to a number of groups.

Several forums suggest that farmers should integrate through their co-ops. They believe that by accepting contracts young farmers may be able to get started farming and that young farmers will have less need of credit. The farm forums believe that there is a danger that contract farming will eventually reduce farmers to the status of laborers unless farmers are careful about the contracts they sign.

Quotes: The individual has to look very carefully into the contract before or if he signs. (Dalhousie Forum, Soudan, Co.).

Individuals will have to organize to cope with vertical integration. Also they will have to become efficient farmers as the inefficient ones will be forced out. (High and Low Forest Forum, Compton Co.).

We plan to use Vertical Integration by joining co-ops and doing our own integrating. (Vinton Forum, Pontiac Co.).

Fraud Hearing Of Disraeli Man Resumed Before Assizes Today

The trial of Eugene Berube, director of the bankrupt Real Lumber Company of Disraeli, who is facing a charge of fraud and conspiracy to defraud was resumed today before Mr. Justice William Mitchell in Court of Queen's Bench.

The accused and his partner, Andre Lamothe, whose trial has been set for Feb. 3, are charged with fraud and conspiracy to defraud the Isidore Labrie Lumber Company of Trois Pistoles of \$28,578.25; the Philippe Keable Lumber Company of Mechin, of \$34,922.49 and the A. Couturier et Fils Company of Marsoui, of \$39,455.52.

According to the charge against the two men, the frauds are believed to have occurred during the months of June, July and August 1958.

The trial is expected to be one of the longest of this year's Assizes.

Testimony at yesterday's sessions centered about Maurice Boulanger, 58-year-old Disraeli chartered accountant, who was in charge of checking the company books, after the Real Lumber Company declared itself bankrupt, Nov. 3, 1958.

Mr. Belanger was asked by Crown Prosecutor Roland Dugre to produce the minutes of the last directors meeting before the company declared itself bankrupt.

After producing the ledger, Mr. Belanger was asked to read what happened at that last meeting.

"At that meeting it was decided that Eugene Berube become president of the firm, and receive all powers to run the company, plus the right to handle all transactions," said the witness.

"Anything else happen at the meeting?" asked the Crown prosecutor.

"Yes," said Mr. Belanger, "it was also decided that Berube, who was a shareholder in the company, sell his shares to Adelard Labrecque, but no record of the sale has been found." At this point Mr. Dugre asked that the book be produced as evidence.

Defence Attorney Evander Veilleux Q. C. objected that the whole book be produced.

"We don't mind that parts of the volume be produced but not all of it," said the defence.

The objection was sustained by Mr. Justice Mitchell.

When asked by the judge if he knew what was in the book, Crown Prosecutor Dugre said no.

Mr. Justice Mitchell decided to adjourn till today so that both the Crown and the defence would have the time to find out the contents of the ledger.

Rollicking Farce Offered By Lennoxville Players

"See How They Run", an amateur production several notches above the run-of-the-mill parochial shows, opened at St. George's Hall in Lennoxville last night.

Played by a group of enthusiastic (and polished) amateurs, "See How They Run", is a rollicking English farce set in a country vicarage which bears little resemblance to the real thing and compares accurately enough to the public ward in an insane asylum, if there is such a place.

The plot, though always rib-tickling, is at best confusing. Briefly, Cpl. Clive Winton, an ex-actor and an American soldier newly posted at a base near the vicarage during World War II, decides to visit the Rev. Lionel Toop's wife, Penelope. Winton and Penelope, also an American, were theatrical partners before her marriage.

While the Rev. Toop is away, Penelope and Clive decide to take in a production of Noel Coward's "Private Lives" in which they starred during their acting career.

Here the plot becomes dense. Mrs. Toop must avoid the sharp eyes of the village's chief busy-body, Miss Skillion, while Clive has to shed his uniform for civies in order to go to the show which is at a village out-of-bounds to military personnel.

Penelope lends Clive one of her husband's suits, a dog collar and a bib.

Now the plot becomes absolutely muddled and the obvious solution is to see the play for a clearer understanding. Any way, ministers of all types, sizes and rank begin to pour on to the stage. These include the Rev. Toop, The Bishop of Lax and the Rev. Humphrey.

The deft hand of the maid, Ida, further stirs up the hilarious mess.

As in real life, the women are the whole show and the men only their helpless foils.

Joyce Booth, with her breezy manner and her firm control of the part of Penelope, is the backbone of the play. She excellently portrays American casualness which is in sharp contrast to the very proper English background. But the scene stealers are Eileen Dollin, as Ida, the maid, and Barbara Wark, as Miss Skillion.

Two Weeks

Yamaska Scout Campaign Opens Monday

Outstanding Concert At Auditorium

Undoubtedly one of the outstanding concerts of the season here was heard last night in St. Charles Auditorium, when Pierrette Alarie, soprano, and Leopold Simoneau, tenor, completely enraptured the responsive audience.

Both these Canadian singers have been heard here before, yet each appearance seems to outshine the last. From the reception accorded them last night, it would seem a return visit would be most welcome.

The concert was one of a series of four to be given outside Montreal, in Three Rivers, Sherbrooke, Quebec and Chicoutimi, under the sponsorship of the Societe Bel-art and Molson's.

Perhaps one of the most pleasing aspects of the evening was the choice of selections, so many of which were familiar to the ordinary listener. They included compositions by Handel, Mozart, Donizetti, Verdi, Faure, Fauré, Charpentier, Debussy, Bizet and Thomas.

They were rendered with true artistry by these accomplished performers. Miss Alarie sang with calm assurance, equally at ease in the meditative or more passionate parts. And Mr. Simoneau's tenor can only be described as brilliant. Particularly impressive was the selection by Bizet, "Je crois entendre encore."

The excellent accompaniment by Guy Bourassa provided the finishing touch to a delightful evening.

Charles Frost Is New President Of Canadian Legion

Charles Frost was elected president of the Canadian Legion at the annual meeting held at the Memorial Home. He succeeds Edgar Martin.

Other officers elected were: Robert Mailhot, 1st vice-president; Marcel Dufresne, 2nd vice-president; Ernie Rundle, sergeant-at-arms; Jos. Bourgeois, Emile Dubois, Edgar Martin and Crawford Leslie, executive members.

The installation of the new officers will take place at the Memorial Home on Feb. 23, to which event many civic and Legion dignitaries have been invited.

Ashford Stewart reported that over 2,500 citizens had received polio injections at the clinic held at the Belvedere street armory under the auspices of the March of Dimes campaign.

May Try Again

NEW YORK, (AP)—An English couple who recently attempted to cross the Atlantic in the balloon Small World said today they hope to make another try. Colin Mudie, 32, of London, and his wife, Rosemary, 36, voiced their ambition as they sailed for home in the liner Queen Elizabeth. The Small World set out from the Canary Islands Dec. 12 and was forced down, but the crew of four completed the trip in the balloon's gondola on the ocean surface, arriving in Barbados Jan. 5.

Assisting Mr. Houghton as financial chairmen in their own communities are the following: Bedford, B. Kirwin; Cowansville, R. Kerr; Farnham, O. Blair; Granby, D. Boyd; Knowlton, L. Crandall; Mansonville, Mrs. L. Jewett; Stanbridge East, G. Tremblay; Sutton, G. Dyer; Waterloo, Dr. E. Blake, and West Shefford, M. Enright.

FRANK HOUGHTON

Contributions to this year's campaign finance the mayor portion of three main branches of Scouting—first and most important, Scouting in our own communities. The largest portion of the donation is retained to assist and further activities of local Scouts and Cubs, and to provide equipment and a meeting place.

The second portion is the District Council which provides necessary supplies, leader training, camping facilities and organizes other district activities. Finally, the Provincial and National Councils organize, coordinate and stimulate Scouting on a provincial and national basis.

The Canadian Scout movement has grown since 1908 to over a quarter of a million boys.

School Board's Seeking Wider Revenue Power

QUEBEC—The Roman Catholic school boards of the province Tuesday asked the Quebec government to provide them revenue sources which would free them from dependence on discretionary grants.

The plea was one of 23 listed in a Federation of Quebec Catholic School Boards brief presented to Education Superintendent Omer-Jules Desautels.

Few boards have sufficient revenue to meet their costs and many keep getting deeper into debt, the brief states. The provincial government periodically has to wipe out these debts through grants and this "dulls, bit by bit, the sense of responsibility of the board members."

"To protect as much as possible the normal mechanism of democracy, special grants must be reduced to a minimum," the brief adds.

To supply the revenue the brief suggests: Uniform property evaluation for tax purposes; a provincial tax on corporations; another tax on firms exploiting natural resources, and a two-per-cent sales tax.

Bank Managers Of District In Conference Here

Managers of 25 Bank of Montreal branches in the Eastern Townships are meeting today at the King George hotel for a regional conference.

In charge of the meeting are A. John Ellis, assistant general manager for the bank's eastern division, and Laurent Gelly, superintendent, head office.

Other senior bank officials addressing the meeting are John H. F. Turner, assistant general manager, head office; W. A. Hotson, in charge of B. of M. staff; J. E. Lalonde, an assistant superintendent, business development department; and M. A. Burke, an assistant superintendent, Quebec credit department.

The group will hold morning and afternoon sessions to discuss B. of M. developments in the region. Last such B. of M. meeting here was in 1955.

Prior to a dinner at the King George hotel, which brings the day-long conference to a close, local manager Walter Lefebvre and his wife will entertain delegates and their wives at home.

In the North Ward: Seat No. 1, Fred Marsh; Seat No. 2, Paul Andre Roy; Seat No. 3, Roma Malouin replaces Guy Genest; Seat No. 4, J. M. Cardinal replaces Mr. Lucien Roy.

Canada's Amazing Aerial Development Is Outlined

Ross Smyth, member of the public relations staff of T.C.A., addressing Sherbrooke Rotarians last night on "The Golden Anniversary of Flight in Canada" said that although only 50 years ago the first airplane took off on Canadian soil, today there is one taking off every 10 seconds.

"The pioneer of this first flight was Douglas McCurdy who flew a Silver Dart for a distance of one half mile, back in 1909" he said.

"From this time on" added the speaker, "Canada made great advancements in the aviation field."

During the early days of the First World War, the airplane was used as a means of observing the enemy's cavalry forces but during the last stages of the war the airplane became a potent weapon, said Mr. Smyth.

"At the end of the war, Canadian airmen ranked high among the air aces."

"In 1930, the first transcontinental flight was made in Canada by a Royal Canadian Air Force plane. The flight took 10 days but the airplane came into its own right in Canada when it was used for the transportation of freight to the North West Territories in the 1930's," said Mr. Smyth.

He added that "during the Second World War, over 16,000 combat planes were made in Canada. At the time, we were the largest producers of planes per capita."

"In 1937," added the speaker, "the first Canadian airline company was formed and became known as Trans Canada Airlines."

"Although the first years of the company showed little growth, after the Second World War, TCA was ranked as the ninth biggest airline in the world in the transportation of cargo and passengers."

"T.C.A. was the first airline company on the North American Continent to have turbine-powered planes, and by 1961 T.C.A. expects to have only jet flights," he added.

Mr. Smyth stated that "in October TCA will receive its first Douglas DC-8 jet plane, which will permit non-stop flights overseas."

He said that "each of these planes will seat 100 passengers and cost \$6,000,000 each."

"For the seventh consecutive year, T.C.A. has operated at a profit, which has enabled the company to reduce fares, while American companies are increasing theirs," said Mr. Smyth.

Asked whether TCA will service Sherbrooke when the airport is in operation, Mr. Smyth replied that no specific plans have yet been made although T.C.A. officials conducted a survey here two years ago.

The speaker was introduced by Rotarian Hubert Johnston and thanked by Forrest Lord.

Rejects Brown's Request

QUEBEC—(CP) Premier Duplessis said in the Legislature Tuesday it is impossible for the Government to reply to a motion placed on the order paper last Dec. 10 by Glen Brown, Liberal member for Brome.

Mr. Brown had asked the Government to list the names and addresses of persons who broke hunting and fishing laws between April 1, 1956, and Nov. 1, 1958.

Mr. Duplessis said there were thousands of names and it was impossible to list them. He said the request didn't make good sense.

ANOTHER CHINA SALE

Red China because it didn't want to risk losing steady customers just to make an immediate sale.

The CCF member said Tuesday that because of U.S. law, the Canadian Goodrich company was not able to supply a price quotation on non-strategic goods which Canada allows to be exported.

"Without fear or hesitation this government now should make it clear to the United States that we in this country are not going to brook any continuation of this kind of interference."

"If this type of thing does continue it is up to this government to introduce legislation that will enable us to control the exports of our own companies."

Mr. Winch said that a friend, Toronto lawyer E. B. Joliffe, found on a trip to Communist China last year that the city of Chungking planned to install a conveyor belt unloading system in its harbor.

TOLD CANADIAN FIRM

He said that Mr. Joliffe, after his return, had told the Goodrich plant at Kitchener about the opportunity for a sale. But the

company didn't provide him with a catalogue or price information, or get in touch with Chungking.

Instead, the next word Mr. Joliffe received was a letter from the Goodrich corporation in the United States saying that under present U.S. regulations "we are prohibited from dealing with China, even to the extent of communicating with nationals of Red China in any manner."

Mr. Winch read the letter, from G. W. Hill, industrial products sales manager at Akron.

One section read: "While there are definite indications at the present time that this policy may be relaxed in the future, we are required to conform with the instructions of our government to the letter, until such time as the regulations are changed."

The letter did not elaborate on the possibility of a relaxation in the U.S. policy.

A series of lectures in Advertising Techniques and Organization started a few days ago at the Faculty of Sherbrooke. They are given by four members of the staff of the Sherbrooke Daily Record, Ivan W. Saunders, Managing Director; Arnold Agnew, Editor; Charles Catchpaugh, Director of National Advertising; and Bob Butler, Advertising Manager.

The lectures are given to the graduating class in business.

The Director of the Faculty of Commerce, Dr. Rosario Cousineau, Ph.D., said he was "greatly pleased to receive such cooperation from the Sherbrooke Daily Record in training students for business."

Listeners Burned

TOKYO, (AP)—At least eight Japanese were killed and 16 others injured in a fire at a theatre in Bihoro Monday night, the newspaper Asahi reports. The small theatre in Hokkaido, Japan's northernmost main island, was jammed with about 500 spectators who had come to listen to a group of ballad singers.

US Picks
Space
Men

NEW YORK (AP)—Selection of the United States' first human space traveller is under way.

T. Keith Glennan, U.S. space chief, started a dinner meeting of the Institute of Aeronautical Sciences with his disclosure Tuesday night.

The new federal space agency, he said, has picked 110 men as candidates for the first U.S. manned satellite to orbit the earth.

They will assemble in Washington for further tests, Glennan said, and be asked to volunteer for space flight. Within three months, their ranks will be reduced to about 12.

"I suspect that the one who will make the flight will not know he is to do so until count-down day," he added.

He said he does not know whether the U.S. will get a man into orbit before the Russians.

"The Russians have been at it somewhat longer than we have," Glennan told reporters later.

LISTS QUALIFICATIONS

The 110 potential space pioneers were not listed by name. Glennan gave these qualifications of the man who will finally be selected.

1. A university degree in physical science or engineering.
2. A graduate of an air force or navy test-pilot training school with at least 1,500 flying hours.
3. Superb condition, with the physical and psychological attributes suited for space flight as determined by aero-medical scientists.
4. Younger than 40 and no taller than five feet 11. No restriction was put on the man's weight.

ALDERMASTON, England (Reuters)—A minor accident at the atomic weapons research centre here gave rise to a "very small release of radioactivity in one room," an Atomic Energy Authority, statement said Tuesday night. Profit Up,
Sales Down
For J-M Corp.

NEW YORK (CP)—Johns-Manville Corp. made a higher profit in 1958 despite a dip in sales, A. R. Fisher, chairman and president, announced Tuesday.

Net earnings were \$21,942,000 for the year ended Dec. 31, equivalent to \$3.06 for each share of common stock. In 1957, earnings were \$17,782,000 or \$2.48 a share.

Sales for the year were \$304,137,000 compared with \$308,293,000 in 1957.

The increased earnings, Fisher said in a statement, "reflects our company-wide program to reduce the cost of doing business. The company is also feeling the benefits in part from new plants which are coming into production."

Middle East Expert Says

Compassion, Understanding Needed In Viewing International Affairs

By ALAN HARVEY

OTTAWA (CP) — If you favor the long view in international affairs, try talking to Elizabeth MacCallum.

A world authority on the Middle East, she sees today's headlines in history's chastening perspective.

From 1942 to 1947, this remarkable Canadian was the government's sole expert on the Middle East. Here is her advice:

"Outsiders should adopt an attitude of compassion, understanding and quiet observation. A quiet, friendly silence may often be the wisest course."

URGENT PATIENCE
For headline hunters who see crises or coups d'etat around every sand-swept corner, Miss MacCallum counsels patience.

"It may be that we attribute an excessive importance to day-to-day developments. When one goes back in time, things look different. Reading and reflecting,

there is borne in on one an appreciation of the blood that has been shed and the extent to which we are moving away from all that."

"One feels very unhappy about the hatreds of today, but those hatreds have been expressed in the past in a much more devastating way."

A handsome, distinguished woman with snow-white hair, clear blue eyes and a friendly manner, Elizabeth Pauline MacCallum was born 63 years ago in Marsh, Turkey, the bookish daughter of Congregational Church missionaries from Ontario.

One decisive day—July 24, 1908—revolution in Turkey fired the young girl's imagination and provided a turning point in the life of one of Canada's most unusual women diplomats.

MOUNTAIN CAMP
"We were camping in the mountains, and pitched our tent among the ancient cedar trees," she recalled in an interview. "Then we heard about the revolution."

"In a country without representative institutions, as Turkey then was, the atmosphere of change and the talk of parliamentary democracy were extremely stimulating."

Ever since, she has been interested in politics. After taking higher education at Calgary, Queen's University and Columbia, she plunged into research with the Foreign Policy Association in New York and later with the League of Nations Society in Ottawa.

In July, 1942, she joined the external affairs department and rapidly established herself as a kind of one-woman Middle East division. Always a firm and consistent advocate of an increased Canadian diplomatic effort in the area, she probably influenced the department's decision to establish a Middle East section, staffed by specialists in Arabic affairs.

IN GREECE, LEBANON
Abroad, Miss MacCallum has served in Greece and Lebanon. She went to Beirut in 1954 as counsellor and was promoted to charge d'affaires, becoming the first woman head of mission though not technically accredited as such.

Now in Ottawa with the historical section of external affairs—the department's "memory"—she has the affection and esteem of all about her.
Asked what she considers the most interesting current generalization about the Middle East, she replied:

"The pace of events. The area is in rapid transition to something we cannot foretell."
"Half a century ago things were quite stagnant. Today the fact has been grasped that human beings can modify their own destiny. The ordinary peasant is less subject to disease and misfortune, and looks forward to further betterment."

"This is a tremendous change, and it has an accumulating momentum."

MIDDLE EAST EXPERT — Elizabeth MacCallum, now with the external affairs department's historical section, for years was the government's sole authority on the Middle East. Partly as a result of her gentle urging, the department now has a full-fledged Middle-East division staffed by seven officers. Miss MacCallum, a 63-year-old Turkish-born Canadian, prescribes a "quiet, friendly silence" as one of the best diplomatic approaches to the Middle East.

Beauty Tips

It is not necessary to give a death grip to a coffee cup. If your lipstick has been blotted and still comes off on the china, this is probably what you've been doing. Delicacy and just enough contact to keep the coffee from dribbling is what you need, not looking as if you are going to take a bit out of the crockery.

Becoming Styles Back In Style

By NADENE WALKER

PARIS (AP)—Becoming clothes are back in style. The extremes of exaggerations are out.

This is the big fashion news so far from Paris as the second day of the spring season started with a handsome, natural line showing by Pierre Balmain.

Out of Balmain's ocean pearl theme springs a slim-waisted, slim-hipped silhouette with shell-shaped cuts and drapes and beautiful peppy colors.

Like other designers, Balmain covers the knees. His necklines are low ovals, and there are plenty of bare backs and shoulders. Envelope - folded dresses, coats and jackets give a slender outline.

SHANTUNG THE RAGE
Shantung is obviously slated to be the rage of the new season. Balmain's colors were pearly white, pink, lilac, blue, green, yellow, navy and black.

One new note is his shell-ruched skirts, rippling with what resemble a cross between pleats and vertical ruffles.

Always a great hand with embroidery, Balmain this time outdoes himself with a series of jeweled ball gowns. A group of sugar - sweet short formal in white organdie, net or lace have frilly ballerina skirts, ribbon sashes and strapless tops.

Exotic white beaver made its debut in a Balmain coat and jacket. One mannequin wore a \$7,500 Australian pearl, set on a diamond and gold shell, on the bosom of a plain navy suit.

G. A. DAVID,
OF FORDYCE

FORDYCE — The communities of Cowansville and Sutton were saddened to learn of the death of G. A. David at the B.M.P. Hospital, Sweetsburg, on Saturday, December 27, 1958. He had suffered a severe heart attack the week previous from which he failed to rally.

George Albert David was born in Reading, England, and came to Canada when a young man. While living in Montreal he enlisted in October 1914 in the 3rd Division of Heavy Artillery and served in France. Returned from overseas in July 1919, he lived in Sutton for a time before coming to Cowansville. In 1921 he married Helen Teel of Fordyce, and two years later bought Mrs. David's parental home, where they had lived ever since. Eleven children were born to them. One daughter, Audrey, predeceased him in 1945 at the age of 16.

Mr. David was a public spirited citizen, who served his church and community well, a man of broad vision and keen intellect. He was a representative on the executive committee of the Montreal Synod, a member of the Deanery of Bedford and of the select vestry of Trinity Church. He sang in the choir there for many years, was president of Riverside Cemetery, faithful secretary of the Fordyce Farm Forum and canvassed for the Red Cross in this community for 12 years.

Mr. David is survived by his wife and ten children: Laura, Mrs. Kenneth Patterson, Edward, Mrs. Oshawa, Ont.; Frank, Montreal; Marion, Mrs. James Hunter, Stanbury; Florence, Mrs. Gilbert Crosby, Montreal; George, the Misses Noreen and Muriel,

all of Montreal; Trevor, Sudbury, Ont.; and Claire at home. He also leaves 10 grandchildren, four sisters and one brother in England.

The funeral was held from Trinity Church, Cowansville, on December 30, the rector, Rev. John Peacock, officiating. The choir, with Mr. Weddell at the organ, sang "Unto The Hills", and "Oh Valley Heart". Bearers were Hale Reid and Robert Hill, Sutton; Stuart Hawke, East Farnham; James Stevenson, Murray Mason and Murray Wai-

Interment was in the family lot in Riverside Cemetery.

The many beautiful floral tributes were silent tokens of the esteem in which the deceased was held. Those present were from Ontario, Montreal, Farnham, Bedford, Sutton, Knowlton, East Farnham and local communities.

Rangers' Bill Gadsby Stands Good Chance At Breaking Doug Harvey's Record Of Assists For Defensemen

Bill Gadsby has been a National Hockey League defenseman longer than anyone else now in the league, and he wears his service stripes on his face.

The rugged New York Ranger rearguard is playing his 13th season in the big time and his battered face has absorbed so many stitches it would probably look like a railway map, were it not for the skill of the surgeons.

The Calgary native has lost count of the stick and puck cuts he's had sewn up during his years in professional hockey but his facial stitches have been conservatively estimated at about 150 and the count will probably be more than 200 by the time he winds up his career.

IMPROVES WITH AGE
That time isn't in sight yet, for though he's 31, Gadsby seems to improve with age.

This season in fact may be his best yet, from a statistical point of view at least, since he's well on his way to breaking the league record for assists by a defenseman.

He has 34 after 46 games, which gives him 24 games in which to break the mark of 44 set by Montreal Canadiens Doug Harvey during the 1956-57 season.

Gadsby also has scored three goals, giving him a total of 37 points, and a good mathematical chance at least of breaking still another record—for most points by a defenseman.

That one is 57 and it was set back in the 1943-44 season by Toronto Maple Leafs' colorful Babe Pratt, who scored 17 goals and 40 assists in only 50 games.

From a financial point of view, Gadsby figures his 13 NHL years have made him money, since "a strictly defensive defenseman doesn't have much chance of making the all-star teams."

The records show he's made the first all-star team twice, the alternate three times.

Tonight he'll have an opportunity to better his chances of breaking those records as Rangers are host to his old team, Chicago Black Hawks, in the only game scheduled.

Archie Moore Says He'll Take Another Crack At Heavyweight Title Before Calling It Quits

JAMESTOWN, N. Y. (AP)—

Archie Moore is at an age when there could be no more tomorrow for him in the ring. Yet the old warrior is busy plotting a campaign to get one final fling at the heavyweight crown.

It may not come until 1960 or even 1961, which gives you an

idea how long Archie intends to stick at his trade.

The way the light-heavyweight champion mapped out his schedule today he has one sure fight on tap for 1959. That's the return bout with Yvon Durelle, the rugged fisherman from Baie Ste. Anne, N.B., who was knocked out in the 11th round of a memorable brawl in Montreal last Dec. 10.

"That's my bird in the hand," said Moore, here for a sports banquet. "But before I fight him I would like to fight Britisher Henry Cooper. He's been offered \$150,000 to fight me. I'll take a lot less—maybe \$50,000. But I'll beat him and then I'll be in a position to fight the winner of the Floyd Patterson-Ingram Johansson heavyweight championship fight."

TIME IS RIGHT
"The public will demand that I've been biding my time for the right moment. I said after I lost to Patterson in our fight for the title in 1956 that I would go back in line and wait for my chance. The time is getting ripe for me."

How about middleweight champion Sugar Ray Robinson, who has expressed a desire to meet him for the 175-pound crown?
"Ray should know it takes two to dance," replied Moore. "He's not going to get the whole pit fighting me. After all, it would be my title at stake. Then, too, if I fight Ray the purse would be so big I couldn't fight more than once this year."

"No, I prefer a Cooper and Durelle double. That would put me closer to my goal—the heavyweight crown."

Art Wall, Jr., Wins Eldorado Pro-Amateur

PALM DESERT, Calif. (AP)—Art Wall Jr., Pocono Manor, Pa., who lost one tournament and nearly blew another this month birdied four of the last five holes Tuesday and won the \$7,500 Eldorado pro-amateur golf tournament.

The 35-year-old Wall carded 35-32—67 for a 36-hole total of 137—seven under par.

Five shots behind Wall at 142 were Ken Venturi, Palo Alto, Calif., who beat Wall in the Los Angeles Open, and Arnold Palmer. Venturi shot 69 Tuesday and Palmer 71.

The closing 32 by Wall, winner of the \$50,000 Bing Crosby tournament, was a course record for the backside. The victory was worth \$750.

Stan Leonard of Vancouver also fired a 67 to finish with a total of 143 for a fourth-place tie with Bob Rosburg of Palo Alto. Each won \$412.

The best-ball division was won by pro Mike Souchak, Grossinger, N.Y., and three amateur partners.

Patterson-Johansson Fight Plans Seem To Be Slightly Mixed Up But Promoter Bill Rosensohn Going Ahead

NEW YORK (AP)—The promoter of the Floyd Patterson-Ingram Johansson heavyweight championship bout went ahead with his plans today but he was in the position of a fellow wondering when the roof would cave in.

Bill Rosensohn said bravely he saw no obstacles in the way of the fight and that contracts should be signed by Thursday.

But while he stood in the center of the stage, there were various side men milling around in the wings.

1. Eddie Mache, a heavyweight who was stopped by Johansson not long ago. He is seeking a federal court order to keep Ingram, European champion, from fighting Patterson before he gets a rematch.

2. London promoter Harry Levene. He says he has a title fight between Patterson and Brian London of England all wrapped up and that he received a cable from Patterson's manager imploring him to have patience.

3. Gus D'Amato, Patterson manager, who has been holding

all the cards. He is annoyed that Levene would release his private correspondence.

Most of the parties are talking at the same time and waving legal documents. Rosensohn professes to be aloof from all this.

"The best legal opinion I have been able to get tells me it will be next to impossible for Mache to enjoin Johansson from fighting," he said. "It will not interfere, slow, deter or in any way affect my plans."

Mache has papers on file in United States district court claiming he has a written agreement that Johansson will give him a rematch before he fights Patterson anywhere or any fighter in the U.S. Mache says the papers were signed by Edwin Ahlquist, acting as agent with power of attorney for Johansson.

"Ahlquist is not my agent and was not then," scowled Johansson as the mystery deepened. "I didn't sign any agreement with Mache or anyone else. I don't know anything more about it."

British Columbia Lions Complete Their Coaching Staff With Addition Of Lum Snyder; 24 Americans Signed

VANCOUVER (CP)—British Columbia Lions have completed their coaching staff with addition of Lum Snyder as line coach and have signed 24 United States players for the 1959 Western Interprovincial Football Union season, head coach Wayne Robinson said Tuesday on his return from a six-week scouting trip.

The 24 U.S. players include 17 returnees—halfback Paul Cameron is among them—and seven new faces, not including Iowa quarterback Randy Duncan—yet.

Robinson, the 28-year-old former Winnipeg Blue Bomber line coach who came to Lions at the end of last season, will have perhaps the youngest coaching staff in the conference.

COACHING STAFF
Snyder, an ace tackle with Philadelphia Eagles of the National Football League, is 28 and

backfield coach Dave Skrein, whose agreement was announced earlier, is 29. Skrein was an assistant coach at Minnesota last season and once played for Winnipeg.

Robinson told a press luncheon that four linemen and three backfielders are among the seven newcomers signed. He said he expects to sign two or three more players, including a good United States quarterback, before the season opens.

The quarterback situation depends on Duncan, whose status is in doubt because he has not decided whether to go into professional football or follow a career in law.

Lombardi Named Coach Of Green Bay Packers

MILWAUKEE (AP)—Vince Lombardi, backfield coach of the New York football Giants, will be the next coach and general manager of the National Football League Green Bay Packers, the Milwaukee Sentinel said Tuesday night.

The Packers, who finished last in the western conference last season with a 1-10-1 record, are expected to make an announcement today. At the close of the last season, the poorest in their 40-year history, the Packers said they were seeking a new coach and general manager, or possibly one man to fill both posts.

Other names mentioned earlier included Iowa's Forest Evashevski and Jim Trimble, coach of the Hamilton Tiger-Cats of the Big Four.

Also entered is Art Wall, Jr., who walked off with the Bing Crosby tournament in mid-January and the Eldorado Pro-Am at Palm Desert, Calif., Tuesday.

Top Aces 3-1 In Close Fixture As Richmond Braves Run Over Asbestos 6-1; Full Slate Booked Tomorrow

Drummondville Rockets maintained their home record intact last night when they came through with a close 3-1 win over Magog. It was the 14th consecutive victory for the Poliquin squad at home.

In the other game the Richmond Braves, pulled the surprise when they walloped the Asbestos Meteors 6-1.

The Magog Aces made it tough for the Rockets and the tilt could have swung one way or the other very easily. Lahie, Illick, and Aubrey potted the goals for the Rockets while Charbonneau registered Magog's lone tally. At Asbestos the scoring was pretty well divided with Gendron, Jacques, Plamondon, Beaugard, Parent and Bernaquez counting for the Braves while Al Moore got the only goal for the Meteors.

The Rockets, playing before 852 fans seem well on their way to establish a new record for home games in the league. They have one game left at home next Tuesday against the Richmond Braves and it will be left to the Plamondon team to see if they can upset the Rockets.

The game was a wide-open affair as both teams played good hockey. Eleven penalties were handed out but none of these played a part in the scoring. The Rockets picked up six with the Aces getting tabbed five times.

Lahaye opened the scoring for the Rockets in the first period and a few minutes later Jack Illick made it 2-0 for the only goals of the period. Illick's marker later proved to be the winning tally.

In the middle session Charbonneau potted Magog's goal just after the faceoff to reduce the margin but Aubrey extended it when he finished off a passing play with the Boivin brothers, Maurice and Gilles.

In the final period there was no scoring but both teams were trying their best to break the game wide open.

The Braves of Richmond pulled the upset of the evening when they moved into Asbestos and inflicted a 6-1 pasting on the Meteors right in their own backyard. Ten penalties were called but they didn't change the picture any.

Edgar Gendron got the Braves away in the first period and just near the half-way mark Jacques extended it to give the Braves a 2-0 lead. This stood up until the third frame as the teams failed to click in the middle session.

The third frame saw Gerry Plamondon make it 3-0 before Al Moore got Asbestos' lone tally of the game. Bechand was sitting in the bench at the time. Following this it was all Richmond as Beaugard, Parent and Bernaquez batted home tallies to give the Braves a 6-1 victory.

J. Beaudette also notched two. For the losers it was Poliquin and Lagasse.

The Beavers jumped into a first period lead and added one more in the second and then in the final period they blew it wide open when they tallied five more to finish well ahead. The Indians got their two goals in the third frame also.

In the second tilt it was a third period rally which helped the Saints to knot the count.

Penalties were the downfall of the Maroons as all three goals were registered when the Roger Roy club had men in the cooler.

There was no scoring in the first period but in the second the Maroons ran in three for a 3-0 lead but the Saints came back in the final stanza to knot the count. The Maroons blew wonderful scoring opportunities when they were in alone with the goalie but they failed to click on these golden chances.

Commissioner Ford Frick Receives Request To Extend Television And Radio Pact By Gillette Company

NEW YORK (AP)—Baseball commissioner Ford Frick has been asked to extend the current radio and television pact for world series and all-star games three more years, through 1964, it was learned Tuesday.

The proposal was made by the sponsor (Gillette). The current contract is a five-year agreement which does not expire until after the 1961 world series. It calls for a payment of \$16,250,000 dollars at the rate of \$3,250,000 a year.

The same fee would be maintained through 1962, 1963 and 1964.

Sixty per cent of the fees, approximately \$2,000,000 dollars, goes to the players' pension fund.

The request came as a surprise since there had been conjecture in advertising circles whether the sponsor would continue in this sports field.

The source, which said Frick has taken the proposition under advisement, added that the major league player representatives, Robin Roberts and Eddie Yost, are opposed to the extension.

The players, he said, prefer to wait until the expiration of the current contract in the belief that baseball would be in a position to demand a higher fee in 1962.

Sadao Yaoita, Japanese Flyweight Who End Pascual Perez' 48-Fight Streak, Named "Fighter Of Month"

NEW YORK (AP)—Sadao Yaoita, Japanese flyweight who ended champion Pascual Perez' 48-fight streak in a non-title bout, has been named "fighter of the month" by Ring magazine.

Yaoita, forced to weigh a half-pound over the 112-pound class limit, was moved up from fifth to first among three challengers to the champion from Argentina. It was the first defeat in Perez' long career.

Ingram Johansson of Sweden, European heavyweight champion, remained the No. 1 contender to world champion Floyd Patterson, with whom he is to sign for a title match in June. Henry Cooper of London, a winner over Brian London for the British crown, advanced from seventh to fourth.

Only Canadian to gain a place in the ratings was burly Yvon Durelle of Baie Ste. Anne, N.B., who is rated third among the contenders for the light-heavyweight crown held by Archie Moore. Tony Anthony and Har-

St. Pat's Cagers Post Wins Over Drummondville High And A. D. S. In St. Francis Valley League Fixtures

The senior basketball team from St. Pat's scored two clear-cut victories this weekend over Drummondville High School and A.D.S. This was the seventh straight victory for the green and white quintet in their fight for the St. Francis Valley League crown. Thus far they have been undefeated.

In the first game, Friday evening, Drummondville played host to St. Patrick. Early in the game the visitors took the lead with excellent defensive work and fast breaking tactics. With the score at half time at 39-9, the Drummondville five proved no match for the high scoring of Tommy Gamache (17 points) and Serge Gregoire (18 points). Accurate passing continued up to the very end of the game, thus boosting the score to 67 for St. Pat's and 17 for Drummondville High.

In the second victory, Saturday afternoon, St. Pat's played host to A.D.S. For the first minutes of the game the visitors stunned the opposition by taking an early lead. But with a change

from a zone defense to a man-to-man type of game, St. Patrick quickly recovered and led all the way, the final score being 71 to 21. Four personal fouls in the early part of the game forced Serge Gregoire to stay out from most of the game. This did not stop Tommy Gamache from scoring 20 points, the high scorer in the game. Excellent rebounding on the part of Mike Leveque, Mike Bryson and Dick Bean was a key factor in such a smashing victory.

So far the St. Pat quintet has played seven league games and four exhibition games, dropping only one to Sherbrooke High. St. Pat's next game will be Friday, when they will visit Sunnyside School.

An important part of the St. Pat's schedule includes the coming Hi-Y Basketball Jamboree to be held on Feb. 7 when there will be strong opposition from all quarters.

The Junior team from St. Patrick remained idle last week but they will resume play at Sunnyside Friday.

Three-Day Canadian Figure Skating Championships Opens Thursday At Noranda With Entries From Canada

NORANDA, Que. (CP) — The three-day Canadian figure-skating championships open Thursday with entries from Montreal to Vancouver, headed by Toronto's Barbara Wagner and Bob Paul,

world pairs champions the last two years.

The two Toronto skaters have held the Canadian title since 1956 and, barring accident, they'll make it four straight. Their strongest opposition probably will come from Lise Petit and Ian Knight of Montreal and Jane Sinclair and Larry Rost of Winnipeg.

Charles Snelling of Toronto, men's senior champion for five years, is foregoing this tournament to devote more time to his studies at University of Toronto.

POSSIBLE HEIRS
Possible heirs to his title are Don Jackson, 18, of Oshawa, Ont., and Eddie Collins of Toronto, who placed second and third respectively in 1958.

Snelling's sister, 16-year-old Sonia, is competing for the senior women's title being defended by Margaret Crossland of Calgary. Last year, Sonia won the junior championship and automatically qualified for the senior title.

North American dance champions Geraldine Fenton, Hamilton, and William McLachlan, Toronto, will defend their Canadian championship against a brother and sister team, Svata and Mirek Staroba of Toronto, who won the junior title last year. Geraldine and Bill were second in the world dance championships in Paris last year.

In the third period, Norman Coakley and Jack Nadeau of St. Pats and Dave Harmer of Lennoxville scored one more to bring the final score to 3-3.

First Period
1—Lennoxville, L. Maurice (D. Harmer) 9:50

SHS Bantams 3-2

St. Pats Bantams defeated the SHS 3-2 in a keen contest at Victoria Street rink yesterday.

The visiting team opened the scoring at the 12:55 mark of the first period when Marois connected on a pass from Garneau. In the second frame, Marois made the score 2-0 on a pass from Fabi. The home team got back in the game when Addiss took a pass from Neil and beat Butterfield.

Perrault, who played a solid game on defence, put the SHS team back on even terms when he blasted a drive from the blue line to make the score 2-2 in the third period. However, Marois completed his hat trick when he scored on a pass from Harte in the dying minutes of the game.

Four minor penalties were called in the game by referees Anderson and Mawhood.

First Period

Penalties: Swinden.

Reports Of Trinity Church Groups At Cookshire Reflect Active Year

COOKSHIRE — The W.A. of Trinity United Church, assisted by the Sr. W. A., served supper prior to the congregational meeting held recently in the Church Hall.

Rev. E. Breen convened the meeting at 7:15 p.m. Minutes were read by the recording steward, Mrs. Heatherington, and favorable reports given by all departments of the church showed much credit was due the pastor and his officers, who had carried out their duties so efficiently.

The report of the treasurer, Mrs. E. Parker, showed that the allocation to the M. and M. Fund had been sent to Toronto, the minister's salary had been paid, as well as all other bills; and a good balance remained in the treasury.

The session's report, given by Mrs. Ronald Learned, showed that the members had assisted the pastor at communion services, and had seen to the completion of the list of memberships, both resident and non-resident. Plans had been made to visit numerous families who are not regular attendants at Church, also to contact non-resident members with a view to having them renew membership, or become more active in their nearest church.

The trustees' report, given by D. H. Learned, showed five meetings had been held, the Church had been repainted, the chimney repaired, new eaves-troughs installed, furnaces repaired in church and parsonage. Numerous cash donations were received from the W.A., the Sr. W.A. and the committee of stewards to cover expenses of these projects and to pay insurance on the church. A proposed list of improvements was presented for landscaping around the church and parsonage grounds, also more convenient toilet facilities in the Church Hall.

The H. C. Group report, given by Janet Learned, showed that its programs were for High School students between the ages of 13 and 17. Meetings alternate between the churches in Cookshire, Bury and Island Brook. Highlight of the year was the rally held in East Angus last spring. There were 16 members on the roll, with an average attendance of eight. A new group was organized in Sawyerville. The year ended with a fair balance on hand.

The W.A. secretary's report,

submitted by Mrs. Vernon Pashley and read by Mrs. Breen, showed 18 meetings held, with an average attendance of eight and a membership of 10. One joint executive meeting had been held with the Sr. W. A. Activities consisted of a supper, a silent food sale, St. Patrick's tea, travelling apron, bazaar, fashion show, Christmas tea and sale of cards. The W.A. also purchased communion glasses, cream and sugar sets, and Christmas lights, and made donations to the Gesteiner fund, to the painting of the Church, to the upholstering of the chancel, to the committee of stewards, the organist and the M. and M. Fund.

The treasurer, Mrs. F. Tredinnick, stated that over \$1,100 had been received, expenses were about \$900, leaving a balance of about \$200.

The secretary's report of the Sr. W. A., submitted by Mrs. Heatherington, showed an enrollment of 15, one member had been lost by death, 10 meetings had been held, with an average attendance of 11.2. Two joint executive meetings had been held. Money was raised through dime cards, two food sales, a variety concert, a tea and sale at a private home and participation in the Christmas sale, sponsored by the W.A.

The Sr. W. A. treasurer, Mrs. J. A. Butler, in her report showed receipts of over \$400, expenses over \$300 and a balance of about \$60. The insurance on the church had been paid, money had been contributed to the Gesteiner fund and donations given to the committee of Stewards.

The W.M.S. report of the president, Mrs. Butler, showed an enrollment of 10 members and two associate members, two life members, one lost by death, 10 meetings held with an average attendance of eight. The study book had been sent to a boys' home in Alberta. A joint meeting was held with the W.A. of St. Peter's Anglican Church, and the members attended the World Day of Prayer.

Mrs. Butler also read the report of the treasurer, Mrs. A. H. Goff, showing the allocation of \$150 was exceeded by \$32.96. There is a bank balance of 20 cents.

The choir report was given by the treasurer, Mrs. Vogell. Receipts were \$22.09, expenses for music \$10.46, balance \$11.63. The organist, Mrs. Heatherington, thanked the choir members for their loyalty.

The Sunday School report of Miss A. MacKay showed receipts were \$87.30, expenditures \$70.64, with a balance of \$16.66.

WHAT EVERY MOTHER SHOULD KNOW ABOUT ORANGES

- The meat of an orange is the main source of many of its nutrition values, including the important Bio-flavonoids* and Protopectins.
- These values are largely strained out of frozen orange juice. That's why your family should eat fresh Sunkist Oranges.
- Serve them whole for luscious eating or squeeze them for juice, keeping the nourishing solids.

*The Bio-flavonoids strengthen your Capillaries and help keep them elastic.

KNOWLTON LANDING — The Women's Institute was entertained at the home of Mrs. L. C. Jacobs at a postponed meeting, with Mrs. C. Ewens and Mrs. C. Royce as hostesses. A visitor, Mrs. K. Bruce, was welcomed.

Executive Meeting Of Bedford H. And S. Ass'n Is Held

BEDFORD — The president, Mr. D. A. MacArthur, presided at the slimly attended meeting of the executive of the Home and School Association.

The treasurer, Mr. McIntosh, reported a clear balance of \$447.86. The Turkey Bingo on December 5, at the Masonic Hall, netted a profit of \$277.99, the highest in three years of operation. Filed with these minutes is a detailed report of the affair, compiled by Gordon Bishop, convener, to whom the Association is deeply indebted for his capable management of the event.

An unfortunate situation in connection with the 1958 Scholarship Award was brought before the meeting. Last year's recipient, after two months' attendance at McGill University, gave up his studies to seek employment. It was the unanimous feeling of the meeting that last year's award resulted in an absolute loss, and that steps should be taken to avoid such a reception in future.

Consequently, the awarding of the scholarship will be amended to read: Scholarships will be paid after the successful completion of the first semester, provided the students plans to continue studies at the same institution. This resolution will be presented and dealt with at the next regular meeting.

A letter from the Students' Council was read, stating that the Council planned to buy a P.A. system for the sum of \$240 and asking for a donation toward its purchase. The system has been installed and, until the securing of more information on the matter, no action will be taken regarding the request.

At the regular January meeting a teenage panel will discuss teenage problems.

Official Church Boards, Congregation Hold Annual Meetings At Coaticook

COATICOOK — The annual meeting of the Official Board, followed by a general meeting of the congregation, of Sisco Memorial United Church was held in the Church Hall. The meetings were preceded by a family-style supper. Immediately before the supper, a christening ceremony took place in the church, conducted by Rev. Alistair MacLeod, of the Waterville United Church, when the infant son of Rev. and Mrs. Geoffrey Joycey received the name of Philip.

Mr. Joycey asked the blessing and also offered a prayer to open the meeting. Rev. MacLeod read a portion of Scripture. Seated at the table for the business meeting were Rev. Mr. Joycey, Rev. Mr. MacLeod, Stanley J. Cromwell, treasurer of the church, and George Engelhard, secretary.

The date for the service was set for February 15, and Mr. Joycey will conduct the service. The ladies of the W.A. were asked to prepare for the usual anniversary supper.

The annual report of the session was read by the clerk of session, A. A. Hopkins. There are 91 resident members, an increase of 7, 42 non-resident members, an increase of four. There were four baptisms, one marriage and four burials during the year. Two members were received by transfer and one new member was received on profession of faith.

The annual report of the stewards, of which Robert McAlpine is chairman, had been mimeographed and copies were distributed to all.

The report of the trustees was

given by E. E. Akhurst and the W.A. report was presented by Mrs. F. Goeley, showing the usual fine contribution to the life of the church by the ladies. The activities' report of the W.M.S. was given by Mrs. A. Grady and the financial report by Mrs. Goeley. The Sunday School report was given by Stanley Beerworth, who also read the report of the Youth Club. The Mission Band report, prepared by Mrs. W. Johann, was read by Mrs. Kenneth Walker. Mr. Joycey reported on the Sunday Evening Manse Fellowship Group.

Re-election of various officers, whose terms had expired, included Jack Gledhill, to the Session and H. G. Edwards and Jack Turnbull to the Board of Stewards. Stanley Beerworth was named Presbytery representative. A vote of thanks was accorded J.N. White for having the notice board for the front of the church done over, to the organist and choir for their services, to the minister, the Sunday School staff, the leaders of various ladies' groups, to Mr. Stein for his duties in connection with Communion and to all who had contributed to making a successful year for the local church.

GENERAL NOTES
Mr. Arthur Gageant, an employee of the firm of J.W. Kil-

gour and Bro. for the past 38 years, was retired on pension January 15. Mr. Gageant, who is 69 years of age began work as a boy apprentice in the furniture industry at the age of 13 and had worked continuously for the Gil-mour Chair firm, which was later bought by Kilgour's. Mr. in his 56 year with the firm has seen many changes in the public taste for furniture, both in style and finish. The trend for solid maple pieces of earlier years gave over later to wicker sets and later to veneers and more recently to commercially manufactured hard-surface sheets resembling natural wood, but which are water and mar proof. He has seen other changes too, such as in the prices for the items sold. The common kitchen chair, still made today by the firm, years ago sold for 20 cents each, and today for almost 15 times that amount. Of course the wages have changed also and an employee today earns in one hour more than one of 50 years ago did in the whole day or more. Mr. Gageant will continue to make his home in Coaticook, where he has many friends.

The monthly report of the Coaticook Police and Fire Departments was presented to the Council by Chief Gerard Groleau. During the period the police

answered 62 calls, made eight arrests and served three summonses. Two serious auto accidents were reported and 17 lesser ones. Two persons received injuries in traffic mishaps. Seven dangerous places were reported. Eighteen applications for various licenses and permits were handled and 40 cases of public assistance dealt with. Twenty-two complaints were dealt with and four thefts were recorded. Sixteen applications for building permits were received and eight were issued for a total value of \$44,700. The Fire Department answered five alarms locally and one at Stanhope, the latter being a total loss of a dwelling, while the other losses were small.

Mr. and Mrs. Pierre Chapuis, residents of Coaticook for the past 12 years, were guests of honor at an evening at the Hotel Child, prior to their departure for Kitchener, Ont., where Mr. Chapuis will be manager of a textile firm. Mr. Chapuis was for several years manager of the local Coaticook Textiles Plant, later bought by the Canadian Celanese Co., which he also served as manager. A group of business men and other friends presented Mr. and Mrs. Chapuis with a gift and wished them happiness in their new home. Mr. Roger served as spokesman for the group.

Mayor Leger Cameron outlined his program for 1959 to the members of the Council at a recent

meeting. He is especially interested in industrial promotion and in the construction of a public recreation center. He also reaffirmed his belief in the need for a full time director of services for Coaticook.

Mr. and Mrs. C. B. Marsdon were in Toronto over the weekend when Mr. Marsdon attended the annual furniture show at the Exhibition Grounds.

Mr. Armand Gregoire is home from the hospital and recuperating.

The Sunday School of Sisco Memorial United Church has received new hymn books, thanks to members of the congregation who answered a special appeal.

Miss Marion Smith is acting as teacher of the primary class of the Sisco Memorial United Church Sunday School during the absence of Miss Jo-Ann Boisclair, who was injured recently.

Mr. George Engelhardt is attending a course in photography conducted in Sherbrooke during several evening sessions.

Mr. A. Sidelau was the winner of a new car in a drawing held at the Armories for the Knights of Columbus group.

RIO DE JANEIRO (AP)—Despite protests, especially from U.S. cat-lovers, Brazil still plans to send a cat 70 miles up in its first major rocket test and parachute it back to earth. It was not known when the rocket would be fired.

The Doctor Says

Edwin P. Jordan, M.D.

WELDER'S 'SUNBURN' IS EXAMPLE OF PRESENT-DAY HEALTH HAZARDS

We live in an expanding industrial society. Consequently, problems in this area are becoming increasingly important.

Q—My husband does a considerable amount of welding. Afterwards he has a red triangle on his neck where he buttons his collar. After repeated "burns" in this exposed area couldn't there be harmful effects?—Mrs. L.J.

A—It certainly cannot be considered good to be burned in this manner. The skin would undoubtedly be harmed over a period of time. Some effort should be made immediately to have the area examined and also to protect your husband's skin against future burning.

Q—Is diabetes contagious?—R.B.

A—No, neither by direct contact nor in any other manner.

Q—Is it true that people with low blood sugar are of the nervous type, and that this tenseness causes too much insulin in the system?—S.B.

A—This is a good question, but virtually impossible to answer on the basis of present knowledge. It seems probable, however, that there are some other factors at work in most people with low blood sugar besides "nervousness" or "emotional tension."

Q—Should there be a special diet for a person who has an enlarged liver, presumably caused by malaria?—R.S.

A—To answer this requires more information. It is possible that analysis of all the factors might result in advice to eat a special diet, perhaps particularly one low in fatty foods. This, however, can only be decided after careful investigation of all the facts.

ANGUS WM. MORRISON, OF DETROIT, MICH., FORMERLY OF DELL
Dell — Relatives and friends were shocked to hear of the sudden death of Angus William Morrison on January 9th, 1959, in Detroit, Mich. He suffered a heart attack and, though everything possible was done for him, he never rallied.

Mr. Morrison, the youngest son of Donald S. Morrison and his wife, Annie Murray, was born in Dell, Que., April 24th, 1901. He went to Detroit in 1923, where he had since lived, with the exception of a few years spent in Canada and some time in the United States army.

His wife was the former Etta Smith of Lake Megantic and Scotstown. They were married in Detroit. He was a member of Blue Lodge, Lingwick, and Composite Chapter, R.A.M., in Detroit.

Left to mourn besides his wife are his sister Effie, Mrs. Peter MacIver, of Gould, her husband and two sons, Raymond and Donald; his brothers, Allan and John of Milan; a brother-in-law, Dannie Smith, his wife and their son Donald and his wife of Dearborn, Mich.; also several cousins.

Mr. Morrison was of a quiet but cheerful disposition, and will be greatly missed by all who diet for a person who has an enlarged liver, presumably caused by malaria?—R.S.

A—This is rather unusual, but sounds like a kind of allergy to pressure. It may be somewhat similar to the condition known as skin writing, or dermatographism, in which the skin develops red or white ridges if scratched with, say, a fingernail or sharp object.

There is probably no effective treatment of this condition other than to avoid those circumstances which bring about the itching and breaking out, insofar as that is possible.

known him.
The remains rested at the McFarland Funeral Home, Dearborn, Mich., where the funeral, which was largely attended, was held on Monday, January 12th, Rev. Thomas S. Higgins of Central Presbyterian Church, officiating.

Bearers were John Campbell, Alex Smith, Eddie Morrison, Edward MacDonald, Kenneth Wood and Murdo MacDonald, all close friends of the deceased. Floral tributes were beautiful and numerous, testifying to the high esteem in which Mr. Morrison was held.

Interment was in Acacia Park Cemetery, where members of Dearborn Masonic Lodge, No. 172 conducted the burial service.

Mr. Allan Morrison of Sherbrooke, attended his brother's funeral.

MRS. EDNA ANN DAWSON, OF BISHOPTON
BISHOPTON — The death occurred on January 9, 1959, at the Sherbrooke Hospital, of Mrs. Edna Ann Dawson after an illness of two weeks.

Mrs. Dawson, who was in her 80th year, was born March 5, 1879, at Brookbury, the daughter of the late Hardy E. Tupper and his wife, Electa M. Bishop.

She was united in marriage on October 26, 1898, to Frederick A. Card, who predeceased her in February 1930. Of this union three children were born, Fannie, Mrs. Adrian Bennett, who passed away in July 1937, Gertrude, Mrs. Wm. Blair, and a son, Andrew. In 1934 Mrs. Card was married to Ira Dawson, who predeceased her in October 1937.

Left to mourn are her daughter, Mrs. Wm. Blair, of Springfield, Mass.; a son, Andrew Card, Lennoxville; two sons-in-law, Adrian Bennett and Wm. Blair, Springfield; a daughter-in-law, Arlene Card, Lennoxville; a granddaughter and a grandson, Edna May and Robert Fisher, and a great grandson, Andrew Fisher, of Hamdon, Mass.; two sisters, Mrs. Clara Gilbert, Bishopton, and Lois, Mrs. Willie Willard, Bury; a brother-in-law, Willie Willard, Bury; and two nephews, Erwin and Grant Francis.

Prayers were held Monday, January 12, at the Bishopton Funeral Home, thence to the Bishopton United Church for service. Two favorite hymns, Rock of Ages and Abide With Me, were sung by the choir.

Bearers were, Ralph Gilbert, Carol Bennett, Cyril Rolfe, Roy Harrison, Hugh Vintinner and Henry Nicholson.

Interment was in Lakeside Cemetery.

FRED L. BROWN, OF LIBBYTOWN
LIBBYTOWN — Residents of this community were saddened by the death of an old and highly respected citizen, Fred L. Brown, who passed away January 1, 1959.

Mr. Brown was born at Malone, N.Y., on July 1, 1864. He came to Canada when seven years of age and has lived in this country since that time. He married Sylvia A. Currier at Magog in 1892 and they had one daughter, Mrs. William Irwin. Mrs. Brown predeceased him 30 years ago.

When a young man, Mr. Brown attended a dairy school at Kingston, Ont., learning to make butter and cheese, and for 23 years he was a cheese-maker at Oliver Corner, Heathton, Way's Mills and Libbytown. Fifty years ago, he purchased the farm on which he had since lived. He kept bees and cared for them until the last 10 years of his life.

Mr. Brown was a director of the Ayer's Cliff Horticultural Society for several years, until age forced him to retire.

In addition to his son-in-law and daughter, Mr. and Mrs. W. Irwin, he leaves three grandchildren, Leslie, Richard and Eloise; a brother-in-law, Austin Beaumont; a sister-in-law, Mrs. Mary Crook, of Beebe; nieces and nephews.

The funeral was held at his late residence on January 3, Rev. A. W. Seaton officiating. Bearers were Albert Davidson, Bernard Holmes, Harold Johnson and Lee Brown. Burial took place in Pine Hill Cemetery, Magog.
