few years has had charge of large establish-
ment in the West, she feels confident in
guaranteeing entire satisfaction to all orders
entrusted to her. She will also keep a full stock
of all the latest novelties in Millinery.

A CALL SOLICITED.
Miss Gauthier,
Oliver's Block, Sherbrooke.

A woman never really
knows the meaning
of happiness and
content until she
is the mother of
a healthy, happy
child. She never
reaches the full de-
gree of womanly de-
velopment until she
has felt the pleasing
responsibilities of
maternity. All this
happiness may be
marred or may be
turned into misery
if the child is not a
healthy child. The
health of the child depends on the health
of the mother, both before and after birth.
Hereditarily strong, and it is every woman's
duty to give her children the best possible
chance in life. Nothing that she could pos-
sibly give them can be as valuable as health.
Wealth cannot be enjoyed without health.
Health is life. People who are not healthy
are only half alive. The child who starts
out with a robust body and vigorous, virile
health, has everything to be thankful for.
"Favorite Prescription" should be taken
early and often. You cannot expect such a
child to spring from a weak and
sickly mother. Most of all women's
weakness and particularly the weakness
that most strongly influences the health of
children, comes from some derangement or
disease of the distinctly feminine organs.
All such trouble is as unnecessary as it is
terribly distressing. Dr. Pierce's Favorite
Prescription will cure all troubles of this
nature. There is no guesswork about this
statement, and there is no qualification.
The "Favorite Prescription" should be used
promptly and persistently until the sym-
ptoms entirely disappear. In every
case, it restores perfect health and strength
and assists in the healthful and regular per-
formance of all the natural functions. It
regularly by every woman during the entire
period of gestation. It gives strength to
all the organs involved, lessens the pain and
danger of childbirth and insures the
health of both mother and child.

If you care to know all about the "Favorite
Prescription" and to see the testimony of hun-
dreds of grateful women, send a one-cent stamp
to cover postage and mailing only, and receive
a copy of Dr. Pierce's Common Sense Medical
Adviser—100 pages, profusely illustrated.

DOAN'S

Kidney Pills first proved to the people
that Kidney disease is curable. Being the
original Kidney remedy in pill form, the
cures they have made, and the fame they
have attained have opened the way for a
host of imitations and substitutes, but
those who have been cured of

KIDNEY

Complaints through the use of this wonder-
ful medicine, those whose lame back is
now free from pain, those who now have
no headaches, those who have escaped
from the death grip of Diabetes and
Bright's disease by the use of Doan's
Kidney

PILLS

are the ones whose opinion is valuable.
When scores of such people come forward
and tell publicly that Doan's Kidney Pills
cured them after other means failed, it is
evident that the only

CURE

for Kidney Disease, Bladder and Urinary
difficulties, Lame Back, and the number-
less results of disordered Kidneys is Doan's
Kidney Pills. Be sure to get Doan's.

A DISPUTED ISLAND.

Both Canada and the United States have
Hunter's Island—Proclamation of Joint Com-
mission to Consider the Island.
Washington, April 9.—A meeting of the
House Foreign Affairs Committee was
held today to discuss the ownership of
Hunter's Island, which lies west of Lake
Superior, and whose status has never
been finally settled. The island is claimed
by both the United States and Canada.
The matter was referred to a sub-com-
mittee, consisting of Messrs. Heatwole,
Minnesota, Adams, of Pennsylvania, and
Newlands, of Nevada, who will draw re-
solutions to authorize the creation of a
joint commission by the Governments of
the United States and Great Britain to
consider the question of jurisdiction and
arrange a convention. Hunter's Island
consists of about eight square miles, con-
taining valuable minerals, and is the center
of profitable fisheries, but is sparsely set-
tled. Arrowsmith's London map of 1842
places the island on the South side of the
boundary line, as does the atlas of the
Dominion of Canada published in 1875,
and based on the work of special commis-
sioners. Of other maps published in the
United States and Great Britain, some
place the boundary line south and some
north of the island. If the final decision
be in favor of the United States, the is-
land will be part of the State of Minne-
sota.

FIGHT WITH MATABELES.

Capt. Brand With 130 Men Attacked—
Hewling Their Way Through the Lines—
Natives Well Armed.

London, April 12.—A despatch dated
Bulawayo yesterday says that messengers
who have arrived there report that a
large force of Matabeles attacked Captain
Brand and his party of 130 men. A laager
was formed, which was completely sur-
rounded by the blacks. The whites made
a desperate fight. Finally, when all their
ammunition was exhausted and their
Maxim gun disabled they fought their
way through the lines of the Matabeles,
losing five killed and sixteen wounded.
The Matabeles were armed with Martini
rifles. It is estimated that they lost 150
killed and wounded. Matters are daily
becoming more serious. The rising is
spreading rapidly.

The Telegraph will tomorrow publish a
despatch from Pretoria saying that two
large Matabele regiments are killing oxen
and holding war dances twelve miles
from Bulawayo.

Bulawayo, April 12.—Captain Brand,
in command of a column which is at a
point thirty miles distant from here, has
sent an appeal for help, he being pressed
by the Matabeles. Capt. McFarlane and
230 men will go to the assistance of the
column.

people who do know about it be-
cause they have tried it and been
cured. One of them was from Mr.
J. Gillan, B.A., 39 Gould Street,
Toronto. Read how he writes:

GENTLEMEN,—During the winter of
1892 my blood became impure on account
of the hearty food I ate in the cold
weather. Ambition, energy and success
forsook me, and all my efforts were in
vain. My skin became yellow, my bowels
became inactive, my liver was lumpy and
hard, my eyes became inflamed, my appetite
was gone, and the days and nights
passed in unhappiness and restlessness.

For some months I tried doctors'
and patent medicines of every description,
but received no benefit. Being advised
by a friend to try B.B.B., I am glad to
have the opportunity of testifying to the
marvellous result. After using three
bottles I felt much better, and when the
fifth bottle was finished I enjoyed health
in the greatest degree, and have done so
from that day up to date. Therefore I
have much pleasure in recommending B.
B.B. to all poor suffering humanity who
suffer from impure blood, which is the
beginning and seat of all diseases.

LATEST MARKET REPORTS.

For the Week
An April
In On

TORONTO PRODUCE MARKET.

April 21, 1896.
Eggs—The market is well supplied, and
prices keep easy. Sales were made today
at 10 to 11c, but the former price was the
ruling figure of the day.

Poultry—Nothing coming in, and prices
nominal. Quotations are: Turkeys, 9 to
12c per lb. geese, 7 to 8c per lb. chickens,
30 to 60c per pair, and ducks, 60 to 80c per
pair.

Potatoes—Too many coming in by the
farmers' wagons, and values have an
expected decline. On track were offered at 13
to 15c were paid.

Apples—Heads here buy dried at 3c,
and evaporated at 4c, delivered here.
They resell dried at 4 to 4 1/2c, and evapo-
rated at 5 to 5 1/2c.

Beans—Nothing coming in, and prices
are easy. Round lots of hand-picked white
beans are quoted, delivered here, at 75 to 80c,
and sales of small lots are made at 90c to 81.
Ordinary white beans can be bought outside at 60 to
65c.

Honey—Nothing doing. Five and ten-
cent lots are quoted at 90 to 100c per lb. 60 lb
tins at 9 to 9 1/2c; sections are quoted at \$1.80
to \$1.90 per dozen for clover, and 80 to 90c
for dark, according to size.

Maple syrup—Coming in freely, and in
good demand. Five-gallon tins sell at
80c per imperial gallon; gallon tins at 90c
at 10 to 11c; sections are quoted at \$1.80
to \$1.90 per dozen for clover, and 80 to 90c
for dark, according to size.

Butter—Very plentiful, and there is a
tendency to accumulate stock. Prices are
easier, and shelling is occasionally done.
The present prices are as follows: Dairy tubs,
fresh and choice, 13 to 15c; medium tubs, 12 to 14c;
low grade, 7 to 10c; creamery, 15 to 16c; creamery,
fresh made, 15 to 16c; creamery, fresh made,
tubs, 19 to 20c; pound tins, 21 to 22c.

Cheese—Small lots, summer makers, are
quoted at 8c; full cream September and
October, 9c; and small Canadian Stiltons
at 10c.

At Montreal there were 400 head of cat-
tle, 80 calves, 130 sheep, and 60 lambs
at the East end market. The
butchers were out in full force, but the
prices continue rather too high to suit
the buyers. The market is rather dull,
the hope of more liberal supplies in the
near future. The best beefs sold at 4c
per lb. with a few very choice animals at
4 1/2c. Good and medium quality beefs at
3 1/2c to 4c. Choice and inferior beasts at
2 1/2 to 3c per lb. Really good calves col-
lared and about a dozen calves at \$1 to 3
each. Sheep sold at 3 to 4 1/2c per lb.; lambs
sold at \$2.75 to \$4.00 each. Live hogs sold
at 4 1/2c per lb., off cuts.

UNITED STATES MARKETS.

East Buffalo, April 21.—Cattle—Receipts
about 21 head, all light; market dull and
unchanged. Hogs—Receipts, 5 cars; mar-
ket dull; Yorkers, good to choice, \$3.75;
roughs, common to good, \$3.00 to \$3.10;
pigs, common to fair, \$3.05 to \$3.80. Sheep
and lambs—Receipts, 22 cars; market
dull; Yorkers, good to choice, \$4.25 to
\$4.50; culls, fair to good, \$4 to \$4.25;
sheep, choice to prime export, wethers, \$4
to \$4.10; culls and common, \$2.75 to \$3.60.

TORONTO.

Except in the hog line trade was dull
again at the Western Cattle Yards. Many
of a poor class were offered. Hogs
advanced slightly. Receipts at the two
yards were 42 carloads, which in-
cluded about 1,300 hogs, 62 sheep and
about a dozen calves. Buying
of cattle for Montreal was not quite so
active to-day, there being only about four
cattle taken for there.

Butchers' Cattle—Trade was quiet and
prices were off about 4c per lb. except for
the very choicest lot sold at 3 1/2c per lb.,
3c per lb. and another at 3 1/2c per lb., but
these were exceptionally choice.

The general run was from 3 to 3 1/2c per lb. for
loads of good cattle. Quite a few
were made at \$2.40 per cwt., common to
medium cattle selling mostly at from 24
to 25c per lb. Some carloads of carload cat-
tle, 1,020 lbs. average, 3 1/2c per lb.; carload
cattle, 900 lbs. average, \$2.60 per cwt.; 8
cattle, 1,050 lbs. average, 3 1/2c per lb.; 32 cat-
tle, 1,040 lbs. average, \$2.60 per cwt.; 31 cat-
tle, 1,100 lbs. average, \$2.50 each; 34 cattle,
950 lbs. average, \$2.50 per head; 3 cattle,
1,100 lbs. average, 2 1/2c per lb., extra choice
cattle; 3 cows, 1,000 lbs. average, \$19 per
head.

Stockers and Feeders—Some good feeders
were taken to-day at from 3 to 3 1/2c per lb.,
the latter for choice half-fat steers to fill
blanks in the distillery byres. There was
quite a demand for light stockers to-day
for farmers to take into the country and
feed for a future market. Mr. Gunn of
Beaverton took quite a few head to his
farm, and Mr. Norris did likewise.
Prices ruled from 24 to 25c per lb. There
will likely be a good demand for feeders
in a few weeks.

Sheep and Lambs—Trade was quiet but
steady. Good grain-fed yearlings sold for
5 to 6c per lb. Sheep are at a standstill,
only one or two lots changing hands at 3
to 3 1/2c per lb. Spring lambs are scarce,
but not many are needed yet. They will
fetch from \$2 to \$3.50 per head, according
to size and quality.

Calves—Dull. Dealers report that it is
difficult to get rid of them at any price.
The ruling figures are from \$2 to \$4 per head.
Too many of poor quality are coming in.
Hogs—Although offerings were some-
what heavy today yet all were sold under
a firm feeling and prices advanced about
4c per lb. Including a few which arrived
yesterday, there were over 7,200 head on
offer at the annex to-day. Choice selec-
tions of bacon hogs sold for 4c per lb.,
weighed off the cars; thick fat, 3c per lb.;
stores, 3c per lb.; sows, 3c per lb.; pigs, 3c
per lb. All kinds are wanted at those
prices. There is the same old complaint
that too many hogs are not the right kind
and are coming in and not enough bacon.

THE TRUTH AS AMENDED.

We slightly amend a paragraph from
last week's issue of our local contem-
porary the *Gazette*. We simply exchange
the words "Liberal" and "Conservative,"
and then it reads reasonably and truth-
fully as follows:—

"The policy of the Conservative party
has been to prevent a fair stand-up fight
being had, and they are only acting out
the old programme again in befogging
the issue that the general election would
have solved but for their cunning manipu-
lation of the Manitoba School question.
This, obviously, is going to be a promi-
nent issue before the electors. It might
have been disposed of and got out of the way
but that did not suit the Conservatives.
They saw in it the chance of dividing the
Liberal party, and resolved accordingly
to keep it open to cast it as an
apple of discord into the ranks of their
political adversaries."

Mr. Angers sized up the government's
intentions with regard to the School
Question last July, and withdrew from
the cabinet. He knew then that his col-
leagues had quite made up their minds to
throw the question into the general elec-
tions as an "apple of discord," the fight-
ing over which might draw attention
away from the great failure of protection
as evidenced by the census returns and
away from the record of corruption that
has been exposed since the last general
elections.

SIR DONALD SMITH.

On retiring from parliamentary politics
and on reluctantly accepting the High
Commissionership to London, Sir Donald
Smith gave a statement to the press in
which he frankly and emphatically ac-
knowledgeed his confidence in Mr. Laurier's
sincerity with regard to the Manitoba
school question. The incident is a sig-
nificant one, for, although Sir Donald
Smith has never been an ultra partisan,
he has nevertheless been closely identi-
fied for some weeks with the govern-
ment's policy on that question which has
been entirely opposed to Mr. Laurier's.

It is also to be remembered that through-
out the controversy, Sir Donald Smith's
personal bearing whenever he spoke was
conciliatory and in marked contrast to
the insolence of Sir Charles Tupper and
of Messrs. Foster, Daly, Hargart and
Ives. Alone of the government side Sir
Donald Smith and, to some extent, Mr.
Dickey, emported themselves in a gen-
tlemanly spirit. In view of this fact and
also of Sir Donald's statement referred to
above, there can be no question that his
retirement is due to want of confidence in
the Tupper methods.

THE NATURAL HISTORY CLUB.

We are glad that our proposal for
formation of a Natural History Club for
this city is meeting with favor. A suf-
ficient number of ladies and gentlemen
interested in the proposal have already
expressed their willingness to join such a
club, and nothing is needed now but the
calling of an inaugural meeting. This
should be done at once that the whole
of the summer may be utilized. During
summer it may be noted, the principal
object of such a club is the "outings" at
stated intervals, either of a fortnight or
a month. During the winter, monthly
meetings are usually held for the reading
of papers of scientific interest, generally
connected with the ground covered in the
previous summer.

The pleasure and profit to be derived
from the summer outings cannot be easily
overestimated. The mind is awakened
and trained to a spirit and habit of ob-
servation which give to the world of
nature, even in its minutest details, an
ever increasing interest and beauty;

Children Cry for

Pitcher's Castoria.

A SCOTTISH VIEW OF THE CATTLE QUESTION.

At a recent public meeting in Perth,
Scotland, Mr. Wallace, the member for
that city, said that

"He never could make out how it was,
but the farmers of England and, also,
many of them even in Scotland had
hitherto cast in their lot with the Tory
party. They called themselves the agri-
cultural interest. He had always found
from the Tory Point of view, that agri-
cultural interest was the landlord's inter-
est, and not the farmer's interest. The
agricultural interest was to be rewarded
for its exertions, and they had introduced
that which was known as the Cattle
Diseases Bill. They might not be aware
that it was a measure which had nothing
to do with the diseases of cattle, but
simply a measure for shutting out any an-
imal—not matter from what country it
came—from being landed alive in this
country. That was their old friend Pro-
tection in a new form, and in its worst
form, for it was an attempt to shut out
not merely the manufactured articles, but
the raw material, out of which the man-
ufactured article was made. In Perth, Forfar,
and the surrounding counties there had
grown up a great industry. They had
had the Scotch cattle, stores imported
at a price which enabled the farmer to
fatten them and make a profit of them,
and to find a market in that way for his
crops and his roots. For two years they
had shut them out, because a measure
was not necessary for shutting them out.
The agricultural Minister had power, if
he believed and was convinced that in
any country from which they came there
was cattle disease, to shut cattle out of
his own accord. For two years they had
been shut out, he regretted to say, by
the action of a Liberal Minister, but the
farmers believed that wisdom would dawn
upon an English Agricultural Minister.
They thought their hour was coming, and
that, having waited patiently for two
years, an opportunity might be afforded
to them of again making some profit and
a livelihood; but no. Their hopes were
dashed to the ground, and they were told
that forever this opportunity was to be
denied them. Had this measure been
introduced last year before the election,
Perth and Forfar shires and other coun-
ties in Scotland would have returned no
uncertain answer, indeed, to the propo-
sals of the Ministry."

There is a significant summing up of
the "agricultural interest" in Great Brit-
ain in the above paragraph, which might
well be pondered by the Canadian farmers
who are being told that all of their breth-
ren in the old country are crying out for
the restoration of protection. Even the
thin hypocritical edge of the protection
wedge has damaged a great number of
those whom it is presumed to benefit.
The cattle embargo has injured the Scot-
tish farmer quite as much as it has in-
jured the Canadian farmer. It is, indeed,
the "nature of the beast," and the Cana-
dian farmer cannot too soon divest him-
self of the idea that protection is of last-
ing benefit to anybody whatever—even,
in the long run, to the sugar and cotton
monopolists. In theory, in principle and
in practice it is utterly and indefensibly
bad.

Lady Aberdeen's Narrow Escape.

We referred in last issue to the ac-
cident to Lady Aberdeen who was out
driving along the Gattineau river when
her carriage and horses were thrown into
the deep water by getting off the road
where it was covered with water. The
Ottawa Journal says:—"In an instant
the horses, carriage and occupants were
plunged into the swirling current. The
carriage disappeared from sight. But
fortunately Lady Aberdeen and Captain
Sinclair were left free.

The coachman did not fare so well, as
his foot became caught in a part of the
carriage and he was taken under, but he
managed quickly to disengage himself,
and came to the surface. By this time,
Capt. Sinclair, who could swim well, was
supporting Lady Aberdeen on one side,
and he called to the coachman to give as-
sistance on the other which was done.
They were unable to feel bottom, and
their heavy winter clothing only helped
to make the attempt to keep up harder.
Assistance was near at hand, however,
several residents along the road having
witnessed the accident. Charles Carriere
an elderly Frenchman, was the first to
reach the strugglers in a boat, and Ben-
oit Tremblay and Trefle Biggar in an-
other boat was not far behind.

Captain Sinclair and Keddie grasped
the side of the boat and with the assis-
tance of the men were able to reach the
bank.

Fight at Bulwago.

Advices from South Africa give an ac-
count of a severe engagement between a
force of 300 British and native men and
the Matabeles resulting in the complete
route of the latter who sustained heavy
losses. The troops made a sortie at day-
light and drew the enemy out of their en-
trenched lines whom they mowed down
with their machine guns and rifles. The
fight was desperate for a time but the
blacks were finally routed and withdrew
their lines ten miles from the beleaguered
town. Reinforcements are on the way to
relieve Bulwago. A coach with ammu-
nition arrived there Monday.

Legal Intelligence.

April 23rd, 1896.

PRESENT: LACOSTE, C. J., HALL, BOSSE,
BLANCHET AND WICKEL.

The Central Vermont Ry. Co., Appellants.
The Standard and Sherbrooke Mutual
Fire Ins. Co., Respondents.

This was an appeal from a judgment
of the Superior Court at Swetsburg,
awarding Respondents \$9000 damages
for the consequence of the big fire at
Waterloo on the 4th May 1892 which was
alleged to have been set by sparks from
Appellant's locomotive engine, known as
"The Brainerd."

The case was hotly contested in all
the Courts. The fire caught in the
building of one Barrington, and from
hence spread, by a gale of wind, from
house to house, until a large number of
dwellings were destroyed.

The Respondents paid the loss to the
owners of several of the buildings, ob-
tained subrogation of their rights and
sued the Appellants for indemnity.

The Appellants pleaded denying that
their engine set the fire, that the fire or-
iginated from some source inside the
burn, for which they were not responsible,
and that in any event they could not be
held liable for the spread of the fire
which was due to an extraordinary gale of
wind, which constituted a *vis major*.

The Superior Court held however that
the evidence established beyond a doubt
that the fire originated from sparks from
their locomotive engine and that Appellants
were responsible for the consequences,
and that in any event they could not be
held liable for the spread of the fire
which was due to an extraordinary gale of
wind, which constituted a *vis major*.

This judgment was unanimously con-
firmed by the Court of Appeals and the
appeal was dismissed with costs.

CITY OF SHERBROOKE.

BY-LAW NO. 164

AT AN ADJOURNED SESSION OF THE
Municipal Council of the City of Sher-
brooke, held at the CITY HALL, in the said
City, on WEDNESDAY, the TWENTY-
SECOND DAY OF APRIL, A.D. eighteen hun-
dred and ninety-six, in conformity with the
By-Laws of the City of Sherbrooke, the Town
Corporations General Clauses Act, at which
session were present Mayor, G. B. Bryant and
Councillors McManany, Theriot, Guay, Lan-
dais, Belanger, Fraser, Fortier and Lomas,
under the presidency of George G. Bryant, Esq.,
the Mayor of the said City.

It is ordained and resolved by By-Law of
the said Council as follows:

Whereas, at the last session of the Provincial
Legislature, certain parties obtained an Act,
entitled "An Act to authorize the construction
of a railway from the City of Sherbrooke to
the City of Montreal, and to amend the Act
in that behalf made," and the said Act
contains certain provisions, and subject to
certain restrictions and limitations, as in the
said Act mentioned.

Whereas the Company so formed has, as it
now states, been duly organized, and is in a
position to enter upon the construction of the
proposed railway, and has made formal ap-
plication for a franchise in the streets of this
City, for the purpose of laying out the line
of the proposed railway, and for the purpose
of laying out the line of the proposed railway,
and for the purpose of laying out the line of
the proposed railway, and for the purpose of
laying out the line of the proposed railway,

1. The use of the streets where such railway
may be constructed and operated shall be
subject to the said Company's right of way
of rent or other money charges, during the
period of twenty years.

DO NOT

Be misled in regard to your spring suit. Some people will tell you that they can sell you cloth and that you can get it made up ready to wear a great deal cheaper than having your measure at your tailors and have it made. We defy competition in prices in any line of TWEEDS. Be careful to understand what you buy. If it is

You want we can give you a Suit in that line of goods for \$10.00 per suit or a better quality in the same line of goods for \$12.00. Look at our windows and note the prices and the Goods and will be convinced at once that we are right.

You would not be the only one that has exclaimed why it is cheaper to leave your order than to bother running around after cloth of an inferior quality, sometimes called imported goods.

CITY ITEMS.

Monday next is Arbor Day.

The annual meeting of the Bar takes place to-day.

We learn from Brompton that Mr. Wm Riches died last week.

See Bicycle adv. on first page.—The "Cleveland."

Lewis Smith will remove his jewellery store in a day or two to Tracy's Block.

BAPTIST CHURCH.—Services Sunday as usual. The subject for the evening will be the last bestitude.

Mr. Justice White has erected a very pretty summer cottage, barn and boat house at Little Magog Lake.

We are sorry to hear that Mr. J. R. Ball and family intend removing to Waterville for at least a time.

Messrs. C. C. Smith & Son are building a temporary bridge over the St. Francis river in this city for the Q. C. R.

Messrs. D. G. Loomis & Sons are putting up three buildings in Montreal for the Montreal Cotton Company.

Mr. Jas. F. Kerr has imported a very pretty young lady to adorn his window and show the correct way to ride a bicycle.

The band of the 53rd Batt. give a complimentary concert to the officers and men of the corps and their friends, at the drill shed to-night from 8 to 9.30.

Messrs. H. C. Wilson & Son have been compelled to purchase a typewriter owing to the great increase of their correspondence, and they selected a Remington.

Messrs. D. G. Loomis & Son are putting in stone abutments and piers at St. Anselme for the new Quebec Central Ry. bridge and building a temporary structure to enable trains to pass.

The Secretary-Treasurer of the Sherbrooke Protestant Hospital acknowledges with thanks the receipt of \$33.25, being the proceeds of a sale held by Mrs. Robt. Davidson.

We are pleased to learn that only the memory of the flood remains among the manufacturers, and that all the shops and mills are again working with their usual force, and prepared to fill all orders.

The by-law regarding the Electric Street Railway will be submitted to the ratepayers on Tuesday. We publish the by-law to-day and would draw the careful attention of the citizens to its provisions.

Mr. Alex. Ames was thrown from a bicycle a few days ago and had his shoulder dislocated, besides being otherwise bruised. Doctors Worthington and Austin reset the bone and he is now doing very well.

The Ladies of the Woman's Christian Temperance Union will hold their next regular meeting at the home of Mrs. T. G. Williams, High St., on Friday afternoon the 8th inst at 3 o'clock. A good attendance requested.

A young lad named Parsons got his hand in the cogs of a machine at the Patton Mills Monday and got it crushed so as to require the removal of two fingers which was successfully performed by Dr. Worthington.

Messrs. P. Biron & Son, carriage builders, East Sherbrooke, although suffering a good deal by the high water last week are still in the field with a fine line of handsome durable carriages. Call and see them.

We learn that the Eastern Township's Bank have taken over the business of the Jacques Cartier bank at St. Hyacinthe. This leaves a wider field for operations than they have for pushing the interests of the E. T. Bank and extending its usefulness to the community.

Ensign Peers who has been in charge of the Salvation Army in Sherbrooke for the last nine months, will farewell Sunday May 3rd. A cordial invitation is extended to all. Come early to secure a seat.

G. A. LeBaron Esq., had on exhibition in his window this week a novel organ intended for use in Messrs Digby and Williams' merry-go-round which they intend setting up by No. 3 Fire Station shortly. The organ cost some \$400 and was imported from Berlin, Germany.

Quite an extensive auction sale of thoroughbred horses, cattle and sheep will take place next Friday May 8th at Venlo Farm, Megantic Co., the property of L. A. Klein, Esq., to which we draw attention; particulars will be found in the posters circulated about town.

DROWNED.—Christy Ann Beaton, 8 yrs old, living with her parents at Dixville was playing near the bank of the Coaticook river Saturday last, when she fell into the water and was carried down the stream. Her father saw the accident and ran along the river bank for some distance and finally made a rush in to the rapid current and got hold of his little girl and brought her out, but she was extinct. Coroner Woodward held an inquest.

In passing the Boston Bakery a day or two ago we noticed an elegantly built and frosted wedding cake, several stories high, and surmounted with a bouquet of orange blossoms. A closer inspection showed some very pretty ornamental frosting work which is a credit to Mr. Walter J. Shick, the architect, and also speaks well for the establishment that is enabled to manufacture such excellent goods.

DEBATE.—The return debate between pupils of the Sherbrooke Academy and St. Francis College, took place Friday night at Richmond, and in the marking at the judges was greatly in favor of the Sherbrooke boys who maintained the affirmative in the question of debate, viz. "Resolved that the public character of Oliver Cromwell was justifiable." The speeches were evidently carefully prepared and would have done credit to more experienced debaters. Principal Kellar and some of the teachers accompanied the boys to Richmond where they were most hospitably entertained by the students and their friends.

entertainment given in the Y. M. C. A. on Tuesday night was a very pleasant and profitable gathering. Rev. Mr. Lemna's address on the scriptural teaching regarding giving being full of interesting thoughts and was warmly received. The other parts of the programme were also much enjoyed. Rev. Dr. Williams presided and Rev. Mr. Shearer gave a brief address.

REMOVED.—Mr. J. A. Flagg, undertaker, has removed to Long's block, 118 Wellington street, where he will keep in stock a fine range of coffins, caskets, trimmings &c. He has had the store fitted up in a new way for Sherbrooke which enables him to carry a full stock and yet not to crowd the room. A visit will explain more easily than we can.

C. O. F.—There will be a meeting of the above order in the rooms of Court St. Francis, Odell block on Saturday evening May 2nd at 8 o'clock, sharp, when Bro. Garring, Sup. of Organization, will be present to address the meeting. All Courts are requested to attend without further notice.

D. J. MARTIN.

A. G. H. C. R.

A brakeman on the Q. C. R., Mr. Charles Mann, had his foot severely injured last Friday and had to have it amputated. He was shunting cars at St. Victor and was climbing up one of the cars, when he put one foot on the brake shoe and it slipped, the wheel running over it. He was taken at once to the Sherbrooke hospital where Dr. Worthington performed the surgical operation and the poor fellow is doing as well as could be expected.

The following gentlemen have been appointed Returning Officers in this district for the approaching Federal election:—Sherbrooke, Edward Pelletier; Feltou; Stanstead, (Ore) Shurtliff; Coaticook; Compton, Elias E. Orr, Cookshire; Richmond and Wolfe, Oscar Lamoureux; South Ham; Sheffield, Antoine Audet, Waterloo.

Congregational Church.

Mr. Day, the pastor elect, begins his regular work next Sabbath. Sermons suited to the occasion morning and evening.

Y. M. C. A. Notes.

Mr. W. R. Price conducted the Gospel meeting on Sunday afternoon last. The topic for the men's meeting on Saturday night is "Jesus Wept," John 11:35 and for Sunday afternoon at 4 o'clock "Mighty to Save" Isa. 45:21-22.

A meeting of the Lacrosse Club will be held in the committee room on Saturday night at 9 o'clock.

McGill College.

The friends of Charles D. White, Esq., son of Mr. Justice White, will be glad to learn that he has taken the degree of B. C. L. on the completion of his three year's course at law at McGill. Mr. White was admitted to the Bar in January but he desired to complete his law course before leaving Montreal.

Griffith-Murray.

Mr. W. H. Griffith, druggist, was united in marriage Tuesday morning at St. Patrick's Church to Miss Mary Elizabeth Murray, daughter of the late Robert Murray of East Sherbrooke. The ceremony was performed by Rev. Father Fisette. The happy couple left for the G. T. R. for Toronto and other places on a short trip. We extend our felicitations to the young couple.

Oddfellows at Church.

Sunday last was the 77th anniversary of the founding of the Independent Order of America and the brethren of Unity Lodge decided to attend church in a body, so on Sunday a very large number gathered at their Lodge Rooms and proceeded to the Methodist Church, where they listened to an unusually able and eloquent discourse from the pastor Rev. Dr. Williams, who seemed thoroughly familiar with the great objects and aims of the order and urged the brethren to a faithful performance of their duty to their Maker and their fellow-man.

The meeting, for the consideration of the baseball topic, was held Saturday evening at the Albion hotel. Local cranks appeared to show the advisability of promoting athletics and especially in so desirable a form as baseball, while material was sufficiently plentiful to ensure good success. Good organization was considered the proper cure for the past inactivity; so the meeting proceeded to business with the following result: Hon. Pres., W. A. Richardson; Hon. Vice, G. T. Ridout; President, A. Paisley; Vice Pres., E. A. Parsons, Capt. W. J. Woodley; Committee, G. Colby, W. Stewart, W. Exley, T. Ballentine, J. R. Wearne; Sec'y and Treas.; B. Colby. Judging by the enthusiasm and candid expression of the executive it can be fairly presumed that the Sherbrooke Baseball Club will maintain the dignity and obtain the record that the game deserves.

Military Items.

The annual drill of the 53rd Batt. is now well begun and the men are taking a good interest in it and turning out well at the parades. Sergeant Instructor Robert of the Military School, St. Johns, who has been here instructing the class of officers and doing some Batt. drill returned to the school to-day. Sergt.-Major McAllister has had charge of the recruits which is sufficient to assure a well drilled lot when he gets done with them. Few better drills than "Duties of the Battalion" were on the Parade Ground Monday night, and they had a route March Wednesday night through the town headed by the brass and bugle bands.

The officers who have been studying and drilling to qualify for position expect to proceed to St. Johns shortly to undergo examinations before the D. A. G. there. We believe some of the other officers will accompany them.

A very correct representation of our volunteers was displayed in Duncan's window Wednesday night in a life sized figure of a member of the 53rd Batt. in full marching order. The Batt. who marched must have thought one of their number had fallen out to see the sojers go by.

The Saskatchewan Times, of April 14th published at Prince Albert, N. W. T. says:

"Rev. Mr. Lee, of Kamloops, B.C., the gentleman who received and accepted a call to the Presbyterian church of our town, has arrived here and commenced his duties. Mrs. Lee, who has been in Ontario during the winter months, will join Mr. Lee here in a few weeks."

A lady may have colors; but she thinks her wardrobe incomplete without a black gown. And it must be priestley's black gown. That is in a word, incomparable. Priestley's black dress fabrics have a richness of surface, and a fineness of texture, coupled with a presence (and this is essential), beside which all else seems poor. The Priestley's are not afraid to surpass themselves, for they have none out on the market a new creation in "Eudora" which for lustre, for fitting and shed shedding quality and distinction, appears to bear away the palm from their celebrated Henriettas. Wrapped on "The Varinised Board," and the name, Priestley, stamped on every five yards.

A SPECIFIC FOR— La Grippe, for Colds, Coughs, AND LUNG TROUBLES, AYER'S CHERRY PECTORAL

"Two years ago, I had the grippe, and it left me with a cough which gave me no rest night or day. My family physician prescribed for me, changing the medicine as often as he found the things I had taken were not helping

me, but, in spite of his attendance, I got no better. Finally, my husband, reading one day of a gentleman who had had the grippe and was cured by taking Ayer's Cherry Pectoral, procured, for me, a bottle of this medicine, and before I had taken half of it, I was cured. I have used the Pectoral for my children and in my family, whenever we have needed it, and have found it a specific for colds, coughs, and lung troubles."

Dixville.

The high water has all gone down without any serious damage being done around here.

Sugaring is a thing of the past the season being a very poor one only about 1 lb being made to the tree on an average. C. J. Wright lost a valuable Leicester ram last week by being run over by the train on the G. T. R. track.

The outlook for a creamery station in this place is very good. Mr. Camirand of Sherbrooke met about forty or fifty of the farmers last Saturday afternoon at L. W. Wright's store and they all volunteered to give their support to a creamery instead of a cheese factory.

Saweyerville.

Mrs. Smart of Sherbrooke is on a visit to her mother Mrs. J. Cooper.

Mr. Joe. Lowry of Lyndonville, N. H., is here on a visit to old friends.

At the meeting of Excelsior Lodge, R. T. of T., on Monday last Rev. A. A. Radley gave a lecture on London. Being a native of that city he was able to speak from personal observation of the interesting features of the greatest wonder of the civilized world of to-day.

The Cookshire Mill Co. will run their old lot of logs out of the pond here down to Cookshire. Mr. Hawthorn has charge of the job.

Miss M. Williams and Miss Belle Gordon will go to Portland for the summer months, having made engagements to work there.

Fulford.

Mr. Dorion Davis has moved to Warden.

Mr. Nelson Davis has moved back onto the farm with his father, Mr. Truman Davis.

The water here as well as in other places is very high. It has wrought some havoc with the saw mill, the flume has been carried away and the mill damaged in other ways to quite an extent, but we expect to see it in running order again in the near future.

The dam at Lake Fessenden's tub factory has been carried away by high water. The sugar season is considered past for this year, it was very short and sweet.

The bridge which crosses the river to reach the farm of James Hayes which is occupied by Edwin Kennison, has been swept away which causes the going of a long way to get a little way.

The water is going down.

Barnston.

Nearly all of the farmers in this vicinity have gathered their ear buckets and it looks this morning as if they had missed it as it is snowing and cold.

Mr. W. F. Howe, the Hatley barber spent Saturday and Sunday last with his parents here.

Mr. A. E. Baldwin has gone to Cookshire to study Latin and Drugs with Mr. J. H. Cairnie.

There is one fellow in our town who can hear and talk as well as other people, but is like a deaf and dumb man for he makes all kinds of signs, as our two hotel-keepers here.

The Town Hall is being renovated and the ceiling raised two feet which will be a great improvement when finished. A grand ball is on the tapis to dedicate the new hall—particulars later.

Mr. George Duffey has finished with his Emory for this season and returned to Montreal.

Mr. Jno. L. Converse has removed to Way's Mills to take charge of the new creamery recently established here.

Port B. Thornton has left the Standard Journal office and is spending a few days with his mother here, before going to the States where he has a position offered him. His brother Paige has gone to Boston to work in the ice business this summer.

Kingscroft.

Sugaring has wound up with hardly half a crop.

The Frogs have been singing their cheerful (C) songs for several days and nights too.

We are having beautiful weather and an occasional "sprinkle" of rain, but the bulk of the showers have as yet all gone round us.

Our roads are bad, but when the snow has been a good deal of sickness all around us this spring.

Mr. Jos. Davidson and wife have been very sick with pneumonia, but we learned yesterday, they are gaining, though slowly.

Mrs. N. LeBeau has been very sick with pleurisy and pneumonia. She gave birth to a fine boy, on the night of March 27th, and in a supine position took cold. She was very bad for some days, but is on the gain.

The widow Smith was found to be quite sick by Mrs. Niblock her nearest neighbor, a few days ago. It appears she had a lump growing on her head and had Dr. Leavitt lance it. She has been growing worse ever since; two or three of the neighbors called but were unable to get up, they expect to find her dead some time. She is very eccentric, she don't want any one to do anything for her, and is not willing to go to her children, who want her to come and live with them.

Mr. M. X. Corey left here yesterday with a load of horses for N. Y., via B. & M. R. R. We understand Mr. A. A. Alexander joins him (from Berlin Falls, N. H.) at Wells River, taking a horse with him from Berlin, and is going with him to New York. May the trip be an enjoyable one to the gentlemen taking it and remunerative to all concerned.

We understand Miss Nellie Selby, who is living with her sister at Berlin Falls, has been quite sick with La Grippe but is getting better.

The Pain Left Quickly.

RHEUMATISM OF SEVEN YEARS' STANDING CURED IN A FEW DAYS.

I have been a victim of rheumatism for seven years being confined to bed for months at a time, unable to turn myself. I have been treated by many physicians in this part of the country, none of whom benefited me. I had no faith in rheumatic cures advertised, but my wife induced me to get a bottle of South American Rheumatic Cure from Mr. Taylor, druggist, Owen Sound. At the time I was suffering agonizing pain, but inside of twelve hours after I took the first dose the pain left me. I continued until I took the three bottles, and I consider I am completely cured. (Signed) J. D. McLeod, Leith P. O., Ont. Sold by W. H. Griffith.

Small gone, robins, warm weather and spring have come. Last Thursday the mercury stood 74 degrees in the shade.

Sugaring has finished as most of the farmers have gathered their buckets. As near as I can learn about a half a crop was made, but the quality is the very best.

Miss Jennie McCullough of Lennoxville is visiting her aunt Miss Gwynne.

Mr. Hawley who has been absent in Sutton is home again but we have not learned yet whether he stays to run the cheese factory or not.

Miss Lillian Squires and her brother are soon to go to Manchester to live.

Mrs. Frank Grapes died very suddenly Saturday morning. She had just returned from the hospital in Montreal, was seized with a sharp attack of pneumonia and died in a few hours.

Mr. Parkin our trader is not going to be our landlord; for some reason the proposed trade fell through. Mr. Parkin has a very beautiful bird and a fine singer which he caught in a snare before the snow went off. It is about as large as a robin, colored like a dove and is just a little beauty. Mr. P. says it is a Grosbeak.

LITTLE MONEY NEEDED.

How to Dress the Youngsters Well.

Diamond Dyes Keep the Children in New Clothes.

Little money is needed to keep the children well and handsomely dressed. Thrifty mothers rarely buy new clothing for their little ones, yet they always appear nicely dressed. This is the result of using the Diamond Dyes, which make all the fashionable colors with but little work and trouble.

Father's suits and mother's dresses can be taken to pieces, re-dyed, and made over for the boys and girls at a very small expense. When this work has to be done, be sure you use the Diamond Dyes in order to get good colors. The use of imitation dyes means loss of your materials, as well as waste of time and money.

The Sweetest Girl in the World.

"Have a good time vacation, Bob?"

"Great. Met the sweetest girl in the world."

"Why, I didn't know you went to Wilkes-Barre."

"Didn't. What's Wilkes-Barre got to do with it?"

"That's where the sweetest girl in the world lives."

Kidney Trouble.

THE RANK OF MILLIONS OF LIVES CAN BE CURED.

The diseases that we so dread do not come upon us at one step. They are a matter of growth. The sad news is only too common of friends who have died of Bright's disease, diabetes and kindred complaints. It is known that in the system of thousands exist the seed that in a short time will develop into these dread maladies. Disease of the kidneys in its initial form never stands still. The warning is never heeding that efforts should be promptly taken to eradicate the slightest symptom of kidney disease, and in South American Kidney Cure is found a sure and safe remedy for every form of kidney trouble.

The Colonel was the possessor of a fat colored man who was extremely lazy—so much so that everybody in the town had tried to do something to live him up. They usually abandoned their efforts after a trial.

There was quite a gathering at the Colonel's one afternoon, and the question of the lazy colored man came up. Finally one of the gentlemen asked leave to experiment, and to gratify him the Colonel sent for his lazy servant. It was some time before Sam put in an appearance. When he came the gentleman addressed him thus:

"Sam, as I was coming up the garden path I noticed several snails down near the gate. I want to show these gentlemen some of their peculiarities, so catch one for me, please."

Sam scratched his gray wool and departed.

The Colonel and his friends smoked and chatted for a long while, and still no Sam and no snail.

"Well, that fellow is really lazy," said the gentleman who had sent him on the quest. "Colonel, would you mind sending for him, and see what on earth he is doing?"

The Colonel did so, and Sam entered the room.

"Well," said the gentleman, "did you catch one of those snails?"

"Deed no, sah," replied Sam; "dey was too powerful quick for me. Ise couldn't catch up wid dem!"

That settled the question.

HEADACHE.

A Simple Cure.

As a sure cure for headache, whether caused by liver, stomach, kidneys or nerve trouble, Burdock Blood Bitters is the most effective medicine known. It removes the cause of headache by restoring all the organs of the system to proper action and health. Doubts disappear in view of proofs like this:

In the spring of 1891 I got a bottle of B. B. B. for my mother who had been troubled for twenty-five years with sick headache. I got it from Mr. W. Paxton Baird, of Woodstock, N. B., who gave me two other bottles to take home and let my mother take her choice. Fortunately she chose the Burdock Blood Bitters, and I returned the other bottles. She used it for three months, and has had no headache since. We are sure that it was the B. B. B. cured her, as she took no other medicine.

Too Much for Silas.

William Berrybone and old Silas Kitt were sitting on a bench in front of the store smoking. William, who is known for his "jolly" propensities, drew his corn-cob pipe from between his teeth, and gazed at Silas solemnly.

"Si," he said, "I've a good 'un fer you. Does you want to know how to get along well?"

Silas nodded in receipt of this question and scratched his head in deep meditation. It was too much for him, and he was finally compelled to give it up.

"Dig deep 'un, you'll get a long well," cried William, chuckling as if he would split.

Silas was nonplussed.

"I don't see that," he said, scratching his head more vigorously.

"Now see here," explained William; "if you dig deep, don't you get a long well?"

Silas arose in wrath, and glaring at the wit, cried:

"Goshalmighty, William, I can't see what diggin' has to do with a man's prosperity."

Work of a Single Day.

SOME STARTLING FACTS CONCERNING THE ACTION OF THE HEART.

Do people recognize the immense work transacted by the heart in a single day? It equals that of lifting one hundred and fifty pounds, to a height of thirty-three hundred feet. And yet, knowingly, and through ignorance, nine out of ten people abuse this hardest worked organ of the body. There is nothing remarkable in the fact that heart failure and apoplexy are among the most prevalent diseases of the young. Happily a remedy is found in Dr. Agnew's Cure for the heart, which gives relief instantly. This medicine should be kept in every house, so that on the slightest indication of heart trouble it may be taken. It has saved, by its prompt and efficient work, the lives of thousands of Canadians. Hints For School Girls.

Until you make the attempt, you will not believe how hard it is to write in two or three sentences the gist of an occurrence, to relate what is necessary in a story, to describe an event or a person, without using too many words. The girl who can write clever paragraphs will in good time find newspapers which will use her work. As between producing paragraphs or poems, I advise the paragraph as by far the better factor in forming a really good style. But if girls like to write verses, there is no reason why they should not acquire so graceful an accomplishment.

As for earning money out of school hours there are not many ways open to a girl. In the first place the hours of a girl's life at school and at home are very full. She has her lessons to prepare, and there are usually some home duties which fall to her share. A schoolgirl must not overwork, for if she does she will neither do credit to her teacher nor to her own abilities. A remedy in these days of the best students are those who are in good health, able to walk, to ride a wheel, to play golf and tennis, and to lend a hand at whatever is going on. Pallid, attenuated girls are out of fashion.

When fevers and other epidemics are averted, safety lies in fortifying the system with Ayer's Sarsaparilla. A person having thin and impure blood, is in the most favorable condition to "catch" whatever disease may be floating in the air. Be wise in time.

"Sing" said the specialty artist to the manager, "I can sing to beat the band." However, on his appearance that afternoon it was noticeable that the orchestra as usual, had the better of the contest.

Five Hundred Miles of the Body Guard Killed—Peace Negotiations Broken Off—The British Expedition.

Rome, April 21.—General Baldissera, commanding the Italian forces in Abyssinia, has received a letter from King Menelik, in which that monarch wrote that if Italy refused the terms of peace which he had offered through Major Salais, the Italian envoy to the Abyssinian camp, he would hold Major Salais as a hostage until the letters defining the terms of peace were returned to him. General Baldissera immediately upon receiving this communication sent back the letters, and now considers that peace negotiations between Italy and Abyssinia have been finally ruptured.

New York, April 21.—A special to The Herald from Wady Halfa, Egypt, says: The course of the expedition is progressing quietly, but in a perfectly satisfactory manner. Bimbashi Stevenson has laid six miles of the railway from Sarmas to Akasheh. The Bimbashi also started on Wednesday to lay the wire between the same two camps. He will complete the telegraph in about a week's time. The telegraph practically follows the caravan route along the Nile, and is at present a ground line. Stern-wheel steamers of shallow draught and armed with machine guns are being constructed in England and will be placed on the reaches of the Nile as soon as they can be got over the cataraet.

Abdul Azim, a friendly sheik, who was despatched to Murat with 300 Arabs with orders to scout toward the Shagghieh country, passed through Schirri Island on to the south. He reports that the inhabitants rejoice at the news of the expedition, but could not proffer help at present through fear of the dervishes.

The men of the party of the Abaladeh tribe who left Assouan at Easter to guard the line of country between there and the Khairi Kaimari have yesterday received news that the sheiks of the friendly tribes are volunteering to assist the Egyptian Government. Deserters from the dervishes came in to Akasheh Sunday. They confirm the previous news of the disposition of the dervishes.

Cairo, Egypt, April 21.—Parties intimately concerned state that the action brought by certain French bondholders against the Egyptian Government and the Public Debt Commission will not be pleaded.

Another council meeting passed and again the certificates for license are laid over pending a second.

We are pleased to note that Mr. G. F. Robertson of the R. T. Bank is in town again and improved in health after an absence of some weeks for medical treatment.

Scarlet fever is still in town. There are two children of Mr. N. G. Stevens now sick with the disease though they are the only cases yet reported in the upper village. They have been properly quarantined to prevent the spreading of the disease.

Some worthless wretch who we think he had his just deserts would be in penitentiary went in to the carriage shed of Mr. G. M. Moulton on Jenks' lot and mutilated the leather work on 3 of his best new carriages. The town council have passed a resolution offering a reward of \$100 for the conviction of the guilty parties.

Last Monday afternoon a horse belonging to Mr. T. Langlois which he had been exercising on the track broke away from him and ran up Main St. with the trotting gig from which he cleared himself at Webster's corner; he then ran around the square and was finally caught without doing any damage beyond that done to the gig and harness.

There was a gospel temperance meeting in the hall last Sunday evening. The meeting was gotten up by the W. C. T. U., assisted by the clergy of the Methodist and Baptist Churches and is the first of a series of meetings to be held in the interest of temperance. The meeting was largely attended and was a success in every way.

The long talked of and much looked for corporation horses are at last a reality. They arrived from Montreal last Saturday and although not a closely mated pair they are really a very fine looking pair of horses and reflect credit on the judgment of Messrs Chas. Lovell and Peter Goolley who were authorized to do the buying for the town.

Next Saturday, the 9th of May, Mrs. G. Morin will have an auction to dispose of her cow (a grade Jersey) and household furniture consisting in part of a Good Piano, Davis Sewing Machine and lot of furniture. The sale will be positive as Mrs. Morin is leaving town. The terms are cash so by this all will know that the goods will be sold at a bargain. The sale will commence at one o'clock sharp.

We are informed that after this date the Bell Telephone Co. will withhold the use of trunk lines from subscribers which they have had heretofore, subject to the payment of tolls, and we have also been shown a list of the names of subscribers, some 40 in number, who have signed their intentions to either have the same service as heretofore at the same price or discontinue the telephone, so by this outlook either the company, or the subscribers, or both, will have to compromise to continue in harmony.

Last Sunday as previously announced the members of Victoria and Harmony Lodges I. O. O. F., attending St. Stephen's Church in body it being the 77th anniversary of the Order. The day was fine and there were in attendance 49 Oddfellows and 16 Lady Rebekahs. The Rev. Mr. Foster preached a most excellent and appropriate sermon from the text: "Bear ye one another's burdens," and at the last regular meeting of Victoria Lodge the 28th, there was a resolution passed unanimously thanking the pastor and choir and church members of the above named church for the use of their church, for the excellent sermon and for the music furnished.

We hear with regret of the death of Mrs. C. C. Edwards, of Barnet, Vt., formerly of Coaticook. Mr. and Mrs. Edwards were married only about a year ago and came here to live among us but sickness laid its grim hand on Mrs. Edwards in a short time after their arrival and they sold out to go to a more congenial climate for Mrs. Edwards' health, but the thread of life was too slender and they only went as far as Barnet, where they had friends, and now the life that was once full of hope has expired leaving Mr. Edwards alone for the second time inside of 4 years. Mr. Edwards has the sympathy of a large circle of friends in this his sad bereavement.

At a regular communication of Ashlar Lodge, No. 31, A. F. & A. M., held in their hall, April 22nd, 1896, the brethren having heard of the death of Brother Henry R. Richardson, who died at his home in Santa Barbara, Cal., the following resolution was passed:

"That a letter of condolence be drafted and forwarded to his widow and family. That it be spread upon the minute book of the lodge and published in the local papers."

The "Grim Messenger of death" called for him March 30th, 1896, and his spirit wafted from this imperfect to that All perfect, Glorious and Celestial Lodge Above, where the Supreme Architect of the Universe presides.

Brother Richardson was one of the Charter Members of Ashlar Lodge, and during all the years of his membership he was a true and faithful brother and discharged all his duties as a member with honor to the lodge and credit to himself, for in his Masonic life the "five points of fellowship" were beautifully illustrated.

His likes and dislikes were strongly marked but no man ever had a warmer or truer friend.

It was the writers privilege to be intimately acquainted with him for more than thirty five years, and in all this time he was truly a "friend in need and a friend indeed."

He was a good citizen, a kind and indulgent father, and one of his greatest aims in life was to watch over and care for his children, and even after they had grown up and had homes and children of their own, he fatherly cared and watched, and while we as a lodge feel that our loss is great we feel that those who were nearer and dearer to him by kindred ties have suffered the deeper loss and we extend to them the deepest and heartiest sympathy of the Lodge in their afflictions, believing that "He who tempers the wind to the shorn lamb" will still watch over them and be a father to the fatherless.

Coaticook, April 27th, 1896.
An adjourned session of the Council was held this day, at the residence of the Mayor and Councilors, Webster, Shurtliff, Hool, Chagnon, and Hall. Moved by Councilor Webster seconded by Councilor Hall that the following be received for consideration, viz: Petition of B. J. Smith et al, certificate of Geo. Laurendeau et al, for license in favor of J. R. Roy, accounts of C. E. Lyman, J. Jamin and Bro., and Ludger Dupuis. Carried.

Moved by Councilor Hall seconded by Councilor Hool that the following bills be accepted and paid, viz: C. Lyman, \$2.50; J. Jamin and Bro., \$8.00 and Ludger Dupuis \$1.70. Carried.

Moved by Councilor Webster seconded by Councilor Hall that the lists of Parliamentary electors for the municipality of the town of Coaticook be hereby amended by adding all the names mentioned in the requisition or demand of J. J. Fiske, Octave Garceau et al, and Levi Cleveland; and by striking off all the names mentioned and opposed in the demand of Octave Garceau et al, all dated 4th of April, 1896, and that said lists so amended be hereby confirmed. Carried.

Moved by Councilor Hall seconded by Councilor Shurtliff that the certificates of L. Martineau, Harry Steff, F. Williams, L. C. Bachand, and Geo. Laurendeau for hotel licenses in favor of Wm. Trudeau fils, M. Knight, Mrs. Desaulniers, Peter Goolley and J. R. Roy be laid over. Carried.

Moved by Councilor Shurtliff seconded by Councilor Hall that this council do now adjourn. Carried.

HOPE WAS ABANDONED.

THE PECULIAR CASE OF MRS. HILL OF WINCHESTER.

THE DOCTOR TOLD HER TROUBLE WAS CONSUMPTION OF THE ROSEBUDS—THERE WAS NO HOPE OF RECOVERY—BUT HEALTH WAS ALMOST MIRACULOUSLY RESTORED.

From the Morrellsville Herald.

Mrs. Hill, wife of Mr. Robt. Hill, of Winchester, not many months ago was looked upon as one whose days were numbered. To-day she is a handsome, healthy woman showing no traces of her former desperate condition, and it is therefore little wonder that her case has created a profound sensation in the neighborhood. To a reporter who called upon her Mrs. Hill expressed a willingness to give the story of her illness and recovery for publication, and she told it with a earnestness that conveyed to the listener the truth that she could do her deep gratitude to the medicine which had brought about her restoration to health and strength. "I feel," she said, "almost like one raised from the dead, and my case seems to me little short of miraculous. About a year ago I was confined, and shortly after I was taken with cancer in the month, and suffered terribly. Although I had good medical attendance I did not seem to get better. In fact other complications set in, which seemed fast hurrying me to the grave. I grew weaker and weaker until at last I was confined to bed, where I lay for three months. My bowels were in a terrible condition, and at last the doctor said he could do no more for me as with the other complications I had consumption of the bowels. My limbs and face became terribly swollen, my heart became weak and my blood seemed to have turned to water. I became simply an emaciated living skeleton. At last the doctor told me that I was beyond the aid of human skill and that further attendance on his part would do no good. One day sometime later my friends stood around my bedside thinking every moment to see me breathe my last, but I rallied, and at the urgent solicitation of a friend it was decided at this apparently hopeless juncture to give Dr. Williams' Pink Pills a trial. In less than two weeks a slight improvement had taken place, and from that out I slowly but surely progressed toward recovery, until, as you can see for yourself I am once more a healthy woman. It is impossible for me to express how grateful I feel towards Dr. Williams' Pink Pills, which under God's blessing have restored me to health and family and friends. I feel that the world should know my story, so that some other suffering sister may be able to find health in the medicine which will never fail.

The experience of years has shown that there is absolutely no disease due to a vitiated condition of the blood or shattered nerves, that Dr. Williams' Pink Pills will not promptly cure, and those who are suffering from such troubles would avoid much misery and save money by promptly resorting to this treatment. Get the genuine Pink Pills every time and do not be persuaded to take an imitation or some other remedy from a dealer, who for the sake of the extra profit to himself may say it is "just as good."

Dr. Williams' Pink Pills make rich, red blood and cure when other medicines fail.

FIRE.—The house of Mr. J. R. Jamison was discovered to be on fire about noon on the 29th instant, and seeing little chance of saving it he got his invalid father out, and as his sister became very excited at the fire, he was obliged to give his attention to her and therefore saved little or nothing of his furniture. Loss is estimated at over \$1000 with \$200 insurance. The burned out family are at present with a married daughter of the elder Mr. Jamison, where they will remain until Mr. J. R. Jamison builds his new house.

A second fire occurred while the men were laying the foundation for the new house. The men noticed a blaze at Mr. Forbes' house and started to lend a helping hand, but the roof fell in when they reached the house, so they could do little to save anything, the furniture and all their clothing except what they had on, being burned. No insurance. Mr. Forbes has the sympathy of the community.

Mr. Patrick Correy died on the 29th April. He was one of the oldest settlers, a wealthy farmer, who lived on the shore of Lake Umbagog all his life.

Brookbury.
The snow is most all gone, and sugaring is done. About a pound to the tree is all that has been made. The roads are bad in many places; the snow went away very fast when it did go, and the water was so high that it did a great deal of damage to the roads and bridges in town.

Burton Fish has gone to Nashua, N.H. to work. Henry Hare and Esther Ward have returned to Lynn, Mass. We are sorry to have so many of our young people go away, but we cannot blame them. They can go to Uncle Sam's country and get better wages than they can here.

Elder W. H. Blount, from Waterloo, made a flying visit to Brookbury last week.

We are sorry to say that Mrs. Charles Warren's health is quite poor. Hope she will be better soon.

Mr. John Downes died at his residence in Brookbury, April 14th, at the advanced age of 80 years. Mr. Downes came from England about 60 years ago, when this town was all a wilderness. He has always been a hard-working, industrious man, honest and upright in all his dealing with his neighbors. He was a member of the Methodist Church and died happy in the Lord. He leaves a wife and four children to mourn his loss.

Mrs. David Tite and Mrs. Brown, who have been very sick for some time are much better. Harry Downes is home from Miami, on a visit. He was here when his father died. James Burt and Hollis Tite have both got sick cows that are not expected to live. Ernie Tite lung his lantern up a few nights ago in the road, where there was a bad place, so that no one would drive into it, and some one was kind enough to take it. Ernie would be much obliged to them if they would return it.

Maple Grove.

The floods blocked business here for ten days and did some damage to roads and carried one bridge away.

Mr. Oliver lost a horse who got its leg broken while attempting to cross the Bennett bridge.

Miss Martha Hough is again able to take her place in the choir where her services are much appreciated.

Mrs. Jos. Haugh had the misfortune to sprain her ankle while alighting from her carriage on Sunday as she returned from church. Miss Alberta Hough has been home for a few days rest.

Miss Annie Rowden is going to New Hampshire with friends.

East Bolton.

It is nice warm weather, but rain is needed to start the grass. The roads are dry for April.

Not much sugar was made about here this season.

Quite an amount of hay changed hands here, and there is considerable old hay left over; our weather prophets predict a dry season, as the snow left without rain.

Edith Hurlbut has been very sick with diphtheria, but has nearly recovered, also Mark Taylor has had lung fever. Dr. Bowen was in attendance.

There was a sugar social at W. S. Ball's, also at D. J. Randall's. Both were well attended, and a good collection taken, which was presented to our worthy pastor.

The cheese factories commence soon. Cows are cheap, from \$20 to \$25 for the best.

Alymer Place lost a cow. Otis Powell has only one.

The Rev. Mr. Wilkinson preached at the various appointments on the 26th. A large congregation was present considering the travelling, and a good sermon was heard.

UNTOLD MISERY
FROM
RHEUMATISM
C. H. King, Water Valley, N.H., cured by
Ayer's Sarsaparilla

"For five years, I suffered untold misery from muscular rheumatism. I tried every known remedy, consulted the best physicians, visited Hot Springs, Ark., three times, spending \$1000 there, besides doctors' bills; but could obtain only temporary relief. My flesh was wasted away so that I weighed only ninety-three pounds; my left arm and leg were drawn out of shape, the muscles

being twisted up in knots. I was unable to dress myself, except with assistance, and could only hobble about by using a cane. I had no appetite, and was assured, by the doctors, that I could not live. The pains, at times, were so awful, that I could procure relief only by means of hypodermic injections of morphia. I had my limbs bandaged in clay, in saltpetre, in poultices; but these gave only temporary relief. After trying everything, and suffering the most awful tortures, I began to take Ayer's Sarsaparilla. Inside of two months, I was able to walk without a cane. In three months, my limbs began to strengthen, and in the course of a year, I was cured. My weight has increased to 165 pounds, and I am now able to do my full day's work as a railroad blacksmith."

A THING OF
BEAUTY

—IS A JOY—
FOREVER

And like unto it is the satisfaction resulting from having a reliable well made Piano.

There is no piano sold at the same price that is the equal of the

Gerhard-Heintzman.

This is a plain statement, but we mean every word of it, and we are willing to stand by it.

If anyone tells you there is—they are mistaken. You can buy pianos for less money, but there is no piano sold at a lower price than the Gerhard-Heintzman, that has not a weak spot in it somewhere.

The lower you go in price, the more weak spots you will find. It will cost you nothing to examine the Gerhard-Heintzman. Failure to examine it may cost you the price of a piano. A complete assortment of these and other reliable pianos can always be seen at the

Sherbrooke Music Parlors,
93 Wellington St.
