

3. Contributions to the Training of Highly Qualified Personnel

3.1 Contributions to training

ÉCHO, Center for Experimentation and Development of Multimedia Technologies.
Founding president and director. (see Most Significant Research Contributions)

3.2 Training - principal supervisor

Students having graduated with a BA in Graphic Design at UQAM and having worked at ECHO on the creative aspects of multimedia, internet, animation and virtual reality projects previously mentioned. (name, years spent at ECHO, employer, position)

Amyot, Frédéric, 1990-2, Micro Intel, multimedia designer

Babin, Donald, 1993-96, ECHO, (staff member) multimedia designer

Brouillet, Marie Claude, 1990-93, Micro Intel, multimedia designer

D'lorio, François, 1990-93, PMT video, special effects designer

Drouilly, Laurence, 1992-96, SOFTIMAGE, computer graphic designer

Dubreuil, Éric, 1990-96, ECHO, (staff member) multimedia designer / programmer

Daniel Games, 1994-96, freelance, computer graphic designer

Lavoie, Christian, 1992-96, SOFTIMAGE, computer graphic designer

Lopes, Paulo, 1994-5, presently in Brazil, computer graphic illustrator

Nollet, Isabelle, 1993-94, ?, multimedia designer

Ota, Teiichi, (BA Design Art, Concordia U.), 1992-95, returned to Japan, multimedia designer

Payer, Hans, 1991-93, BUZZ, special effects designer

Plante, André, 1990-93, Collège Inter Dec, head of computer graphics

Robidas, Isabelle, 1992-94, Vittorio, computer graphic illustrator

Trudel, José, 1994-95, Idée au cube, multimedia designer

Sadkiewicz, Martha, 1992-94, TecSult, computer based training

Wells, François, 1993-96, Gauthier Design, director, computer graphic animation

Students presently studying for a BA in Graphic Design at UQAM and working at ECHO on the creative aspects of multimedia, internet, animation and vr projects previously mentioned. (name, years spent at ECHO)

Bohler, Y., 1996-, Côté, P., 1995-, Daoust F., 1993- (in progress BA, Art Education, UQAM), Mekbel, A., 1995-, Pellerin, P., 1995-, Santos, C., 1996-

Students having graduated with a BA in Computer Science at UQAM and having worked at ECHO on the technological aspects of multimedia, internet, animation and vr projects previously mentioned. (name, years spent at ECHO, employer, position)

Alexandre Jean Claude, 1993-95, SOFTIMAGE, programmer

Cadieux, Sébastien, 1994-95, ?, programmer

Desjardins, Jean, 1992-94, City of Montreal, network system operator

Glaude, Michel, 1994-96, ATS Aerospatiale, programmer

Grothé, Alain, ex-student, 1994-95, NetCoder, Internet software developer

Falardeau, David, 1994-5, (graduated École Polytechnique, Université de Montréal), Bell Northern, programmer

Lagacé, Pierre, 1995-6, Loto Quebec, programmer

Ouellette, François, 1993-95, Clermont Technology, programmer

Ozoux, Caroline, 1994-95, Videoway, programmer
Savard, Pierre, 1994-95, Prima Telematic, programmer

Technicians and other research personnel:

Tremblay, Pierre, 1992-95, (graduated techno-physique, CEGEP André Laurendeau),
Megatech, R&D junior engineer

Students presently studying for a BA in Computer Science at UQAM and working at ECHO on the technological aspects of virtual reality, internet programming and 3D modelling. (name, years spent at ECHO)

Cyr, J-F., 1994-, Lussier, S., 1995-, St-Jean, R., 1994-6, Zaragoza, B., 1995-6

3.3 Training - co-supervision:

These students are co-supervised with Dr. Hazel Everett, Computer Science Department, UQAM. Students presently studying for a BA in Computer Science at UQAM and working at ECHO on the technological aspects of virtual reality and 3D modelling. (name, years spent at ECHO)

Chhem, S., 1996, El Amri, K., 1995-6, Roussel, M., 1995-6, Tram, K., 1995-6

These students were co-supervised with Dr. Jacques A. de Guise, Automated Production, ETS. Students having graduated or presently studying for a MA in Automated Production - Engineering at ETS and having worked at ECHO on the technological aspects of 3D modelling and scanning. (name, years spent at ECHO, employer, position)

Bossanyi H el ene, 1993-95, Park Medical Systems, biomedical software programmer
Brabant, Fr ed eric, 1993-95, NetCoder, owner, Internet software developer
Gagliardi, Jean, 1993-95, NetCoder, owner, Internet software developer
Tremblay, Daniel, 1993-94, CAE, engineer
