FOREIGNERS IN HONDURAN TOWN EXCLUDED ON PAIN OF EXECUTION

British Warships Despatched to Amapala, Where Commandant Threatens to Burn the Town—English Families Ill-Treated.

Guatemala City, Oct. 10.—Foreign residents of Amapala, Honduras, have fled from that city to escape outrages at the hands of the commandant, who has given orders that all English and Americans in the place are to be jailed and their property confiscated.

Amapala immediately on his arrival cabled his government for a cruiser to protect English property. When the Amapala commandant heard of this he declared that he would burn the town the moment a British vessel armed with guns appeared on the horizon.

PORTUGAL IN LA WLESSNESS

Authorities Have Serious Task In Guarding Against Mob Rule.

FLEEING CLERGY ARRESTED.

Cardinal Who Was Arrested Has Been Released by Minister of Justice.

Lisbon, Portugal, Oct. 10.—The revolutionary leaders having overthrown the monarchy, are confronted with the scarcely less serious task of putting an end to the excesses on the part of the rougher element of their own followers, who, having had a taste of mob rule, are prone to continue lawlessness for lawlessness' sake.

The decree of summary banishment for the religious orders gave excuse for brutal outrages against the clergy. The provisional government has now recognized the seriousness of the situation, and to-day the police adopted severe measures to prevent the population sucking the religious establishments and to check the demonstrations against the religionists pending their expulsion.

FLEEING MONKS ARE ARRESTED.

The mob which battered down the doors of the convents in the Rue de la Cour was led by a gang of fanatics and a gang of ruffians to the scene but the militia arrived in time to prevent the Church and the legation from possible violence.

Arrests of disguised and fleeing religionists continued to-day. The discovery of secret hiding places, rumors that many monks were hiding underground waiting a favorable opportunity to emerge and fight against the new regime.

With abundant expediency the bodies of Prof. Bombarda and Admiral Reis, the revolutionaries, remain exposed in the streets. The Republican flag hangs from the caskeys, between which a bust typifying the republic is draped in black.

KING MANUEL GOES TO ENGLAND.

Osheslar, October 10.—King Manuel of Portugal and Queen Mother Amelia decided to-day to proceed to England. They will leave probably within a few days, but are undecided whether they will travel by land or sea.

CARDINAL RELEASED.

Dr. Costa, the Minister of Justice, today ordered the release of Cardinal Suenens, former patriarch of Liège, who had been seized and ordered expelled from the country. Costa explained that the real object of the arrest was to protect the Cardinal against a mob.

MANY DEAD IN FOREST FIRES

Three Towns in Northern Minnesota Were Completely Wiped Out

RAINY RIVER MILL DESTROYED.

Fire Threatens to Enter Manitoba, and Strong Force is Fighting Its Progress.

Warroad, Minn., Oct. 10.—Estimates of the loss of life in the forest fires which started on Friday, wiped out several small towns and are still raging, range all the way from fifty to two hundred. The property loss is almost well up into the millions.

left behind. They are being cared for in the hospital here.

BURNED SAWMILL AT RAINY RIVER.

Rainy River, Oct. 10.—On the Canadian side of the river there seemed no danger from the forest fires until about six o'clock in the evening, when it was noticed that a small fire which had been smouldering to the north-west across the railway grade from the business part of the town had jumped the track, and, with the evening, whirling wind, was approaching the Rainy River lumber yard and big saw mill.

District ravaged by forest fires, Beaudette town was completely destroyed, and from there the fire swept across to Rainy River.

THE LATE MR. D. E. BLACK.

Body of Montreal Man Killed on Illinois Traction Line, Brought Home.

The remains of the late Mr. James Douglas E. Black, who, with three other officials of the Illinois Traction Company, was killed in an accident on that line near Springfield last week, were brought to Montreal last night by Mr. James Hutchison, uncle of the deceased.

The fatal accident occurred at Dickson's curve, near Staunton, Ill., last Tuesday. The passengers on the wrecked train testified that he gave his life as a hero. He was sitting in the smoking compartment with other officials, when the collision occurred.

When the collision appeared inevitable he shouted to the passengers in his car to run away from the engine, and it was due to his efforts that the list of dead and injured was not larger. He himself was among the first to be killed.

The late Mr. Black was a son of Mr. Edward Black, 82 Cathcart street. His great-grandfather, James Black, both royal engineers, erected the first buildings in Ottawa and constructed the Rideau Canal. His great-grandfather on the maternal side, of the name was Surgeon Boyd, of Nelson's flagship, the 'Victory'. Dr. David Black, popularly known as 'Dommie' Black, of North Leith, Scotland, and frequently referred to as Sir Walter Scott in his writings, was a great-grandfather of Mr. Edward Black.

FATAL LAMP EXPLOSION.

Coroner McMahon disposed of the case concerning Mrs. Azela Rockefeller, of 1230 Sixth avenue, Ylke Emsler, who was burnt by the explosion of a coal-oil lamp. Mrs. Rockefeller was trying to light the stove by pouring coal oil from the lamp upon it when the oil ignited and spread to her clothes, burning her severely. An ambulance carried her to the Notre Dame Hospital, but the doctors had not hope for her recovery. Later the body was removed to the morgue.

HOUSE BURNED DOWN.

The home of Joseph Bourdeau, 223 Beaudette street, was entirely destroyed by fire last night during the absence of the family. It is not known how the fire started. The firemen, under District Chief P. St. Pierre, soon had the flames under control, but not until damage to the extent of \$1,000 was done.

ERECTING SYNAGOGUE.

Kingston, Oct. 10.—A Jewish synagogue, to cost \$12,000, is being erected here. To-day the corner stone was laid by Simon Oberdorfer, a well-known resident here. The Rev. Dr. H. Abrahamovitz, Montreal, was in charge of the ceremonies. Among those who spoke at the gathering were the Rev. Dr. Mackie, Presbyterian; Mayor Couper, W. F. Nickle and the Rev. W. F. Fitzgerald, Anglican.

BOYS' FARM AT SHAWBRIDGE SUFFER \$3,000 DAMAGE BY FIRE

Loss estimated at \$3,000 was done at the Shawbridge Boys' Home on Sunday night, when fire broke out in the barns belonging to the building. When the fire was discovered at 5.45, it had got a big hold on the upper part of the big barn, and the efforts of the employees and the boys were immediately directed to rescuing some twenty-five head of cattle, four horses and six calves. In addition, about \$1,500 worth of machinery was saved.

It is supposed the fire commenced in a hay-loft, perhaps as the result of a spark from a passing train, though it may have been due to spontaneous combustion. The buildings destroyed were the cattle barn, horse stable and the cart shed, and the boys did courageous work saving the animals and property.

The destruction of these buildings will be a serious loss to the institution, as no place is available for the cattle and implements, although Mr. Wm. Clarke, who owns the adjoining farm, has placed his barns at the disposal of the management for the present.

The only outbuilding left standing is the concrete silo, which was completed but a few days ago. The water supply, which has a pressure of fifty pounds, had to be supplemented by bucket brigade, which also did good work. The burned barns contained 50 tons of hay and a large quantity of grain.

A meeting of the board of management is to be held this afternoon to decide what action shall be taken.

JAIL BIRD HAS FLOWN

Camille Landry, Serving 20 Year Sentence, Escaped on Saturday

Camille Landry, who, on Thursday, was sentenced to twenty years imprisonment for arson, horse stealing and other crimes, escaped on Saturday night from the jail at Joliette, where he was being held pending removal to the penitentiary. It was Landry who last spring helped Alex. Roydeau, another convict to escape from the same prison. It was partly on account of the latter incident that the twenty-year term was given to Landry.

Landry was exercising in the corridor before supper, and was seen at 5.30 p.m. He went into the lavatory and through a ventilator reached the roof. A tree that branched over the roof afforded him easy access to the ground. He was missed shortly afterwards, and the alarm was given by telephone and telegraph throughout the province, search parties immediately covering the surrounding district without result.

There are several wooded tracts surrounding Joliette, in which one could hide for days even with an army searching for him, and the detectives believe that Landry is in the woods.

Provincial Detective Lapointe returned to Montreal yesterday to attend a court case to-day, leaving Detective Samson and Girard at Joliette.

Landry is 55 years of age, and has already served a ten-year sentence at St. Vincent de Paul.

STREET IN BAD CONDITION.

Ald. Clement Wants Temporary Crossings on Mount Royal Avenue.

Mount Royal avenue, Ald. Clement says, is at present in a disgraceful and a dangerous condition owing to the deliberateness with which contractors laying pavement on it are doing their work. 'The street is practically impassable,' said Mr. Clement, 'and I'm going to ask the Controllers this afternoon if they won't have temporary crossings laid say every second block between St. Hubert street and Papineau avenue. These are needed if only in case of fire.'

WILL REPAIR PAVEMENTS.

Among the reports before Council is one recommending an expenditure for repair work to the pavements on Shannon and St. Patrick streets, St. Gabriel's ward.

MADE DETECTIVE.

L. A. Lepage, a constable attached to the morality squad, was to-day appointed a detective on Chief Carpenter's staff in place of Insogna, the Italian detective, resigned.

CITY LOST ITS INTEREST.

The cheque for \$276,618.53, which the city received on Friday as its percentage of the Street Railway Company's earnings, was placed in the same day, the day's interest thus being secured. It is estimated the company's short delay in making their payment cost the city about \$50.

GRAVE UNREST IN BARCELONA

Ten Thousand Miners Assembled and Marched to Cemetery.

WREATH ON FERRER'S TOMB.

Violent Speeches Followed and the Excitement is Steadily Growing.

Barcelona, Spain, Oct. 10.—A state of increasing excitement reigns in Barcelona. The success of the revolution in Portugal appears to have fanned the fire of rebellion that has smouldered since the furious outbreak of a year ago.

There was the greatest animation in the streets to-day. The people pretend not to notice the patrols and civil guard which are being strengthened gradually in preparation for eventualities on October 12th, the anniversary of the execution of Prof. Francisco Ferrer, the director of the Modern School of Barcelona, who was convicted of having incited last year's revolutionary movement.

Gen. Wevior, captain-general of Catalonia, admits that the strike of miners here is taking on a revolutionary character. He admits that his orders are to suppress any active disloyalty with a firm hand.

Ten thousand stern-faced miners marched to the cemetery in the suburbs yesterday and placed wreaths upon the tombs of Ferrer and the revolutionist Garcia, who also was executed in consequence of what has come to be known as 'bloody week.'

RESPONSIBILITY FOR EXECUTION.

Violent speeches were made by leaders of the miners, who flayed the Clericals, charging them with responsibility for the executions. A spectator who shouted, 'It was your fault as well as the Clericals,' was seized by the miners, and would have been beaten almost to death, when he was rescued by the police.

The military and police forced the manifestants to return to Barcelona in small groups.

MAY START REVOLUTION

Dangerous Political Prisoners Burned Jail Curacao and are at Large.

Willemstad, Island of Curacao, Oct. 10.—The American steamship 'Merida,' which has arrived here from Maracaibo, brings news of a revolt in San Carlos prison, near Maracaibo. The prisoners burned the prison and killed several officials, including the warden who was a brother of President Gomez. All the prisoners are said to be at large. The governor has ordered from Laguardia to the scene of the trouble. There is great excitement among the Venezuelans in Curacao. It is thought that the escape of these prisoners may mean very shortly a revolutionary movement in Venezuela.

The prisoners include many prominent men of the Castro party, who were sent to the dungeons in August, 1909.

GOVERNMENT CONTROLS SITUATION.

Curacao, Oct. 10.—Government troops to-day occupy San Carlos fortress and the prison in San Carlos Island, at the entrance to Lake Maracaibo, following Friday's insurrection, when a portion of the troops conspired with the criminal prisoners and some of the latter escaped.

No political importance is attached by the government to the revolt.

WANTS KIOSK ERECTED.

Ald. Dubeau Will Ask Controllers to Have it Placed in Lafontaine Park.

Ald. Dubeau will, this afternoon, ask the Controllers to reconsider their decision not to erect in Lafontaine Park the kiosk upon which Cardinal Vanuelli was welcomed. The Controllers decided not to do this, because it would cost \$755.00. Ald. Dubeau thinks this amount small in comparison with the benefits. A stand is needed, he says, and this one which has such a significance to many people would be better than any other.

Ald. Dubeau will also ask what is being done with regard to a pension fund for City Hall employees. He believes this should be carefully studied at once.

Yet another suggestion which this alderman makes relates to the care of children's teeth. All pupils that the school inspectors find need treatment should be sent to the dental college at Laval.

CANADIAN CABLES.

(Canadian Associated Press.) London, Oct. 10.—Haldimand, addressing a meeting at Haddingtonshire, said nobody knew when the next election would come, but he had a suspicion that it would come like a 'Niobe' in the night.

'NIOBE' WAS INSPECTED TO-DAY.

Devonport, Oct. 10.—Admiral Sir William Pawkes to-day inspected the 'Niobe,' before she sailed for Halifax. The 'Niobe' is expected to reach her destination on November 25th, Trafalgar Day. The 'Niobe,' like the 'Rainbow,' has no grog on board, and instead of H.M.S. the crew will have R.M.C.S. on their cap ribbons.

RECIPROCITY CAUSES CONCERN.

Liverpool, Oct. 10.—Interviewed on his arrival here from Canada, Sir Robert W. Perks said that his disposition whatever in Canada in the direction of free trade, except in a small section of the Far West. There was, however, a disposition to lower the tariff in favor of Great Britain, but this policy seems only to apply to manufacturers which do not come into competition with Canadian manufacturers. Manufacturers and bankers whom he spoke to in regard to the question of reciprocity with the United States, regard this policy with great concern, said Sir Robert, but he doubted whether it would form part of the commercial policy of the Dominion.

RECEIPTS IN BOTH TONGUES.

For the first time a stamp which prints in both French and English was used to receipt bills in the Treasurer's Department this morning. This was secured upon the order of the Board of Control.

THE MONTREAL-ARGONAUT GAME.—Brophy, the Montreal half-back, making one of his best runs. Ken Williams, on the extreme left. Brophy went past several men before he was downed.

READY TO SELL TORONTO ST. RY. TO THE CITY.

Conference Held This Morning-- Rio and Steel Big Sellers-- Market Quiet But Firm

A despatch to the 'Witness' from Toronto this afternoon makes the interesting announcement that at a conference of city authorities and Mr. William Mackenzie, this morning, the latter assured Mayor Geary that he would sell the Toronto Street Railway if the city got the power to buy from the ratepayers as soon as the necessary votes had been taken.

Heavy liquidation in Dominion Steel stock was a feature of the local exchange this morning. It was stated that the selling came from Toronto, and no reason was given for the decision to dispose of this issue. Notwithstanding the large amount offered for sale the market only showed a fractional decline from the opening figure. Steel today, in the opinion of conservative brokers and careful investors, is a splendid investment purchase, and some surplus is expressed at the selling pressure. However, the big company has many friends, and with the Sydney plant and the collieries doing a record business there is no cause for anxiety.

Rio was in good demand, and it advanced over a point during the morning session. Dividend increases and good finances are no longer accountable for the strength displayed. The traction companies were quiet, with the exception of Quebec Street Railway, which was very strong, selling at 47 1/2 on a turnover of several hundred shares. Daily reports from Quebec continue encouraging, and the earnings so far are well above the level of the past few months. Toronto Rails were firm at 123, while Detroit United was a shade firmer around 55. Illinois Traction preferred was quoted at 30, with Montreal Street neglected at 24 1/2, and Winnipeg at 19 3/8.

Power was selling at 1 1/2, and was very quiet. It is likely that nothing more will be done to bring about any merger until the decision of the vote is known at the annual meeting of the Montreal Street Railway Company next month. Shawinigan was sold around 10 1/2, while the mining issues were steady but no demand. Crown Reserve reports splendid progress and sales, at the Cobalt property, while such securities as Hibernia and certain bank and bond issues were steady but inactive.

QUEBEC STOCK IN BIG DEMAND

There was a rush of buying of Quebec Railway stock this afternoon which sent the price up to 47 1/2. There continues, evidently, to be a large and increasing demand for this stock in Paris. Steel and Power were moderately active.

'Soo' Plant Stock is in Demand and Firm

Philadelphia, Pa., Oct. 10.—Lake Superior common stock unlisted continues a favorite among the curb sellers. The holders are not inclined to sell at present prices. The common was quoted at noon today around 23 1/2 bid with 2 1/2 for \$50 bonds. While incomes were steady at 53 for \$50 bonds.

Bar Silver Strong in London and New York

Bar silver in London was above the 25 penny level today for the first time since July. In New York it sold as high as 54 5/8 cents per ounce.

WALL ST. CLOSED STRONG THIS P.M.

The New York stock market was not active this afternoon, but prices continued to strengthen. United States Steel developed strength in the course of the session, and closed around 70 3/8, while Union Pacific showed similar gains, closing around 168 1/2. Reading and Missouri were active.

FAILURES FOR WEEK

Business failures in Canada last week totalled 21, as compared with 27 last week and 32 a year ago.

CROWN RESERVE BOARD HEARS FINE REPORT

Mr. Samuel W. Cohen, manager of the Crown Reserve Mining Company, arrived in the city this morning from New York, to attend a meeting of the directors held in the Royal Insurance Building at noon today.

The session was presided over by Col. John Carson, a long and important one, as several reports on the financial statement for the quarter ending Sept. 30, and for the nine months of the fiscal year, was found to be highly satisfactory, and the directors were agreeably surprised with the extent and magnitude of the work carried on at the mine.

It is understood that the management of Crown Reserve has decided to ship no more low grade ore. This screening product which has been shipped as low grade is now being concentrated, which nets profits to the company of \$100 a day, freight and treatment.

Crown Reserve, according to the report, has on hand over one and a quarter tons of bullion, and it has been decided to send this to London, England, to be sold. The shipment will contain over 30,000 oz. of silver. The mine is in perfect condition, while the work of opening up and developing the property at the highest capacity is proceeding most favorably.

Toronto Brokers Predict Increase in Mackay Common to 6 p.c.--Buying

Toronto, October 10.—Persistent rumors of a dividend increase to 6 percent have accompanied a heavy buying movement in Mackay common in the local market.

It is argued that with surplus profits being in and the \$10,000,000 from the Mackay holdings of American Telephone still in hand, expectation of a larger distribution is warranted.

Grand Trunk Reports Very Good Earnings

The Grand Trunk system reports for August and two months as follows:

Table with 2 columns: Aug. gross, Net, 2 mos. gross, Net. Values include \$3,084,144, \$2,916,066, \$5,598,720, \$5,653,410.

DIRECTORS OF WEST INDIA ELECTRIC CO.

Demand That Meeting Called for Oct. 11, be Called Off-- Some Serious Charges

A petition which local financial circles are much interested in was presented before Mr. Justice Charbonneau, in the Practice Court, this morning, by Mr. S. H. Ewing and others, asking a writ of injunction against F. West India Electric Company, and Mr. J. Hutchison, president of the company. The petitioners are directors of the company, and their object is to prevent a meeting of shareholders, called for Tuesday, Oct. 11th.

The petitioners allege that after a difficulty between the president and the auditor, the latter refused to certify the accounts, and the president regularly appointed another auditor, who certified the accounts. They further allege that some directors protested, and that at a meeting held on Sept. 15th last, a motion to appoint Messrs. F. West and Sons, independent auditors, was carried, but the gentlemen were refused access to the books by the president and the secretary.

The meeting for Oct. 11th was then called by the president, and that is now sought to be stopped on the ground that the directors are investigating the business of the company.

CONSOLS SHOW FAIR STRENGTH

London, Oct. 10.—Consols are unchanged for money at 89 5/16; account is off 1-16. The market for American stocks in London heavy, 1-3 to 1-4 below parity.

Big Rubber Co. Net Shows \$2,268,184

New York, Oct. 10.—In the year ended July 31, International Rubber reported net after all expenses amounting to \$2,268,184. After paying off accumulated dividends, the preferred, to a total of 18 1/2 percent, and two regular quarterly disbursements at the rate of 7 percent per annum, the surplus available to profit and loss account was \$1,355,743.

Sales of Unlisted

Following are this morning's sales and quotations of unlisted securities furnished the 'Witness' by Mr. W. P. O'Brien:

C.P.R. WILL HAVE NO NEW STOCK ISSUE --RATE SCHEDULE

The statement is made that beyond issuing and selling a requisite amount of 4 percent sterling debenture stock to construct over five hundred miles of projected branch lines in Manitoba, Saskatchewan and Alberta, it is not likely that Canadian Pacific Railway Company will engage in any new financing during the current fiscal year.

This stock, the amount of which has not yet been determined because of the absence of the complete reports of construction engineers when issued will be placed in England, as has every previous issue of that stock and preferred stock. According to an official there is no need for acquiring new capital, inasmuch as Canadian Pacific's aim is not to see how much money it can amass, but simply to keep up with the demands of the country.

According to the same official, the general impression that the Canadian Pacific is seeking to evade a provision that when its capital stock is placed upon a ten percent dividend basis it must submit to a revision of its rate schedules, because it does not immediately place that stock upon a ten percent basis, is erroneous, for its rate and labor schedules have been revised from time to time, and are under supervision of the Canadian Railway Commission.

BIG INCREASE IN SHIPMENTS FROM COBALT

Though there was one less shipper from the Cobalt silver camp last week than the week before, the aggregate tonnage exceeded the previous week's shipments by 103 tons. 'Nipissing was again at the head of the list with seven railcars, containing a total of 220 tons, while Kerr Lake continued to send out heavy consignments, and La Rose and other camps are holding up their end.

In spite of the increased amount of concentrates sent out from the camp this year, the aggregate tonnage will exceed that of the last year by several thousand tons. The total tonnage shipped from the camp last year was 29,429.9, and this year to date has sent out 24,590.77 tons.

Table with 2 columns: Item, Tons. Includes Nipissing, Kerr Lake, La Rose, Coniagas, McKinley, Chambers, O'Brien, Crown Reserve, Buffalo.

NEW MALPEQUE OYSTERS IN

CROWN PROSECUTOR WILL NOT INVESTIGATE SHELDON FINANCIAL OPERATIONS

Mr. J. C. Walsh, K. C., joint Crown-Prosecutor, will not have an investigation made of the business methods of Mr. C. D. Sheldon, Investment Broker, of Montreal.

Neither will Mr. Walsh personally, or as represented by qualified chartered accountants, hold any examination of Mr. C. D. Sheldon's books and accounts, with the view of ascertaining whether the business carried on is or is not legitimate, whether the profits paid have or have not been realized; and whether the operations are, or are not, conducted according to strictly honest business rules.

Neither will Mr. Walsh submit the matter to the Attorney-General for advice or instructions.

This was the definite decision arrived at by Mr. Walsh this morning in regard to the letter sent to him a week ago by Mr. Sheldon inviting inspection and examination of his books and accounts.

The whole affair in regard to Crown prosecutors being asked to investigate a man's business without legal complaint is, says Mr. Walsh, quite unprecedented. And after very full deliberation he has decided that as he was not see his own way to start any investigation he has no right to permit the matter to the Attorney-General and he has no intention of doing so.

It was intimated to Mr. Walsh that the operations of Mr. C. D. Sheldon were also very exceptional, and that they involved a very large number of people, and that there appeared to be a general desire for investigation, consequently an examination might be very advisable in the circumstances, even although it was unprecedented. The Crown prosecutor would, however, bring a complaint, said Mr. Walsh, and I will at once arrest Mr. C. D. Sheldon.

BIG NEW GRAIN ELEVATOR AT GEORGIAN BAY

Grain men and other members on 'Change were favorably discussing today the opening of the new Canadian Pacific grain elevator at Victoria Harbor, Georgian Bay, which takes place today.

The Canadian Pacific Railway has acted with characteristic enterprise and foresight in constructing this large modern elevator on a location where it will be found most useful for the extension of trade in the St. Lawrence route.

The want of such a storage place for grain had been felt for some time, and this has been amply supplied by this fine new fireproof elevator, with a capacity of two million bushels, and with every modern facility for the storing and handling of grain.

Operations at the elevator commence this week, and the first shipment of wheat is that sent by Mr. T. B. McCarty from Fort William, a cargo of a hundred and twenty thousand bushels. This is chartered on the steamer 'Proquois', to arrive at Victoria Harbor on Tuesday or Wednesday.

visiting the toll-gates and toll-bridges of the province, with the view of determining the cost of abolition. Part of the cost, no doubt, and rightly, will be borne by the municipalities which are interested; and it will also follow, doubtless, that no new charters will be granted by the legislature bringing toll-gates or toll-bridges into existence.

dollars expended. In other words, the government pays half the cost. As the work may be done in annual instalments, it follows that any average township is in a position, in the course of a few years, to have permanent roads, costing but little for maintenance, at an expenditure of probably only an extra mill or two of taxation during the years of construction.

Not the least interesting feature of the Canadian Exhibition at the Arena on Saturday evening was the work of the Westmount Boy Scouts, under the direction of Lieutenant E. J. Thom.

Quite an elaborate bridge was constructed in less than fifteen minutes, even the smallest scout seeming to know his place and his duty during every step in the process of erection. Of even greater interest was the ambulance work. The portion of the stage available was of too limited extent to give due prominence to every feature of this demonstration, but the picture of a score or so of small boys deftly bandaging wounded comrades, arranging splints and slings, carrying disabled patients, all after the style of the Ambulance methods, was inspiring indeed.

WELCOME TO SIR WILFRID.

The ovation which will be tendered to Sir Wilfrid Laurier this evening will be one of which Montreal may be proud. Sir Wilfrid has always been a favorite in Montreal. Long years ago—at the very beginning of his political career, in fact—an old resident of the town of St. Henri gave voice to the prophecy that young man will be 'Premier of Canada some day.'

GROWTH OF THE CHURCH

Anglican Vicar Believes Union of Catholicism and Protestantism Will Come

The Rev. Dr. Symonds last night, at Christ Church Cathedral, preached the second of a series of three sermons on Protestantism and Catholicism.

The preacher traced the growth of the church from Apostolic days. At first there was little authority and the bottom of the history of the great men who have worked here.

Sir Wilfrid is, as Carlyle would say, 'our hero.' 'As I take it,' Carlyle says, 'universal history, the history of what man has accomplished in this world, is at the bottom the history of the great men who have worked here.'

At the time of the Protestant upheaval, the Germanic states had merged into a single, united spirit, no longer children, but full grown men.

storm. It must be a cause of deep pain to Sir Wilfrid that it is here in his own province of Quebec that a spurious Nationalism has sprung up—a movement which makes for provincialism, for retrogression, for separation, for the things which go to make a people poor and weak.

THE DAY OF ATONEMENT

For a Week Religious Jews Are Required to Live In Tents.

MANY MORE FESTIVALS.

Zionist Convention to Meet in Montreal on October 19-26.

'Next Thursday will be the day of atonement. Every faithful Jew will go to synagogue. He or she will not eat anything from Wednesday sundown to Thursday night.

'Ring out wild bells, and let the year 5760 in the Jewish calendar die. The new year has begun, but has only begun to dawn, and for many days now the new year's festival will continue.

'The day of Atonement is next Thursday; on the following Monday begins the Feast of the Tabernacles, on the following Sunday the Feast of Hosh-Rabba, Shmini Azeret, on Tuesday, October 25th will be the feast of the religious rites in connection with the Feast of the Tabernacles.

### An Immense Shipment of New Dress Goods in Excess Of All Our Fall Plans

It is not so much a question of price as it is of quality in the case of this shipment, though the prices average all round about 25% below what they should be. But the qualities stand out so unmistakably superior, so genuinely refined in appearance, so sturdy and good in texture, that we simply could not resist buying thousands of yards in spite of the fact that our shelves are already full. If you want really good dress goods at prices better than reasonable, we stand ready now, as never before this fall, to accommodate you. This new shipment includes:—

New Countess cloth, very finely finished in pastel and exclusive flat shades for gowns and evening cloaks; width 56 inches; price...\$1.25

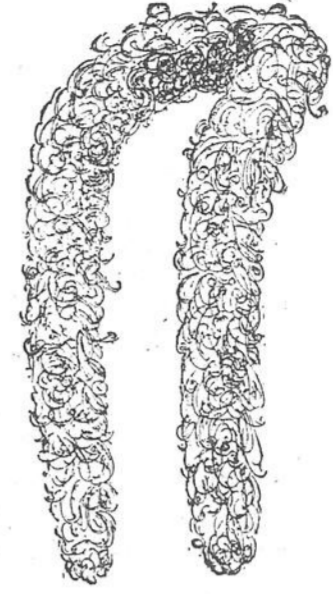

Narrower width (45 inches), extra special at... .75

New wide wale Cheviot suitings; very firm yet soft of touch—a fabric worn extensively by your New York sisters; width 54 and 56 inches; price... 1.50

New Chain Cheviot, a novelty in both weave and shades; width 52 inches; price... 1.25

New fancy herringbone suitings made of the best Botany wool in splendid range of fall shades and extra special at... 1.00

An extensive range in chiffon-finished, suede-finished and Amazon broadcloth, 50 to 54 inches wide, and marked considerably below value at \$1.00, \$1.25 and \$1.50.

## HOSIERY

The hosiery mentioned below is all fresh, new stock, direct from the factory and exhibited for your benefit on Tuesday.

650 pairs of cashmere stockings that would sell in the ordinary way at .39, .50 and .60 a pair; Tuesday... 3 pairs for \$1.00

These have come direct to us from one of England's greatest cashmere manufacturers in Leicester. They are the overplus of orders. Plain, fine or medium rib; all wool cashmere and full fashioned.

Men's Socks at, per pair... .29

Socks of medium weight wool that are guaranteed by the manufacturer and us to be UNSHRINKABLE. The only make of cashmere sock carrying this guarantee. Seamless feet; sizes 9 1/2 to 11 inches.

Children's Stockings. As a rule children's stockings shrink, especially white ones. We have a stocking that is guaranteed NOT TO SHRINK. Sizes 4 to 7 at, per pair... .25

Sizes 7 1/2 to 8 1/2, per pair... .35

These socks in white, tan, black and sky blue.

## New Panama Skirts Reduced from \$5 to \$3.95

These skirts are not selling as quickly as we expected they would at \$5.00. This circumstance is accepted as a warning that they must be cleared, no matter how good we ourselves might consider them in quality, style and value. A clearance price has been arranged for, and here it is...\$3.95

They are all Panama cloth, divided as follows:

- Black—48 skirts;
- Navy—23 skirts;
- Brown and green—27 skirts.

They are all nicely finished with soutache braid and side fold for trimmings. Not all sizes in each color, but all regular sizes in the lot as a whole.

## Bed Furnishings

### BLANKETS

A large range of all pure wool blankets; both Scotch and Canadian; all whipped singly at both ends; the Canadian have a fine lofty finish, the Scotch with a firm even finish. The sizes run from 56 x 76 up to 80 x 100, and the prices are, per pair, \$4.50, \$5.25, \$6.00, \$7.00, \$8.00, \$9.00 and \$10.75.

### DOWN COMFORTERS

We have a reputation for these—for the assortment, but especially for the value, the best value, we believe, in the city. Beautiful colorings; good quality materials and the prices are \$3.95, \$4.50, \$5.00, \$5.50, \$5.95, \$6.75, \$7.50, \$8.50, \$9.75, \$10.75, \$12.50, \$15.00 and \$22.50.

### WHITE QUILTS

100 only, white honeycomb quilts for single beds; either hemmed or fringed; very special at, each... .89

## Flowers Coming Back Already

It would seem as if when Madame la Mode picked up her summer hat awhile ago to cast it aside and all its flowers and its foliage, a single rose had fallen languidly to the velvety brim of her already chosen favorite for Fall. It would seem as if the ripened beauty of this rose appealed to her so strongly in its fallen place that she pinned it there on the spur of the moment, but ever so fondly. It is on her hat to-day—a single, lonely, languid rose carried into Fall.

But now comes from Paris the promise of companionship—large and sturdy dahlias to bear it company through the winter—to keep its place perchance if it should die till summer comes again to lift the blush of life and health into its freshened petals.

And so it comes to pass that following the example quick and close of Madame la Mode herself, we have called back to our assistance winter flowers to beautify the new millinery to be placed on exhibition here on Tuesday.

### Suits and Coats

We would like to show you on Tuesday

1st. Our colored broadcloth coats in all the new shades of wisteria, old rose, plum, mole grey, brown, drab, tobacco, sagegreen, myrtle, etc., at from \$18.50 to \$30.00

2nd. Our velvet and corduroy suits in black and navy; the niceties of their tailored cut, the richness of their peau de cygne lining, the neatness of their braid trimmings, and the reasonableness of their prices, at from \$40.00 to \$50.00

### La Rive Gloves

La Rive, the correct glove, our own glove, per pair, \$1.25

Made specially for us and comes direct from the maker to us; selected skins, and every pair guaranteed. In white, tan, grey, black, green, champagne, navy and mauve.

MEDAL FOR RESCUER  
Ranelagh Country Club Honors  
a Member.

The Ranelagh Country Club did  
honor to Mr. Meredith Jacques on  
Saturday night, when Mr. Recorder  
Wells presented him with the bronze  
medal of the Royal Humane Society  
of Canada, which he merited by his  
act on July 25th, when he dived sev-  
eral times into the LaSalle Canal to  
rescue a little girl in danger of drown-  
ing.

The Recorder in a short, though elo-  
quent speech, said that Mr. Meredith  
Jacques had achieved the crowning  
glory which typified one of the most  
valuable and redeeming traits of our  
humanity. He had rescued a young life  
from a watery grave, and he congrat-  
ulated the Golf Club in numbering  
him amongst its members. He con-  
sidered it a great honor to be asked  
by the Royal Humane Society to pre-  
sent the medal, and he considered it a  
happy idea to make the presentation  
at a banquet at which members of  
parliament and of the Provincial Leg-  
islature were present in addition to  
the members of the club.

He then presented the medal to Mr.  
Jacques, while the members of the  
club stood and cheered, concluding  
with musical honors, which took the  
strange form of "Has anybody here  
seen Kelly?"

Dr. E. Desaulniers, M.P.P., in a short  
address, said that he remembered that  
last year the president had proclaimed  
Mr. Meredith Jacques a great hero  
player, who had won a trophy; this  
year he was proclaimed a hero who  
had saved a life. In ancient my-  
thology such heroes were hailed gods,  
and in modern days there names were  
handed down to history. Mr. Desau-  
liers expressed a surprise that the  
present by saying that the members  
of Chambly county were so proud of  
their hero that they had combined to  
procure a special medal for the oc-  
casion, and in the names of Mr. Vic-  
tor Geoffroy, M.P., and himself he de-  
clared to present Mr. Meredith Jacques  
with a special medal commemorating  
the event.

Of Interest to Women.  
The 'Witness' Daily Fashion Hint.

IS THE CORSET TO GO.

The latest rumor—from Paris, of course—is to the effect that the corset, after having been elongated and modeled as much as it will stand, is a result of the prevailing fashion, or rather the desire to have a fashion that follows the natural lines of the figure. The tendency of the corset has been in that direction for some years now, as one can see by comparing a modern fashion picture with one showing the hour-glass figure once thought the extreme of elegance. The change will not come all at once, but it is predicted, more and more going corset-less, when the makers of the new type of dresses advise them thereto. To many, perhaps most slender women, it makes little difference, so far as appearance is concerned, whether they are dressed without corsets or with them. But many fancy they will miss the support of the corset, to which they have become accustomed, while others wonder what could be done without it as a basis for the security of stockings and other garments. The first of these objections is more in fancy than in reality, since the corsets that have been worn of late years were modeled on much more hygienic lines than the former ones that earned the condemnation of the medical profession. Dew minutes night and morning to certain physical exercises calculated to bring the muscles of the back and waist into play will do away with that "weak back" feeling. The woman who decides to do without corsets must teach and train her body to hold herself correctly, to sit properly. It is sitting, even more than standing, that the figure is apt to assume ungraceful and hurtful positions.

The one-piece garments solve the other problem, except as to the hose supporters. For these, one can have a pair of shoulder straps to which the hose supporters can be attached, thus avoiding any dragging at the waist line, which is most harmful. This is a new half corset made of webbing, but without bones or steels except where it is hooked. It starts at the waist and comes down over the hips, but does not in any way interfere with the natural movement of the body. Some women are wearing these as a half way measure between corset and no corset.

Over against this prediction, however, one must place the dictum of one of the great chefs that five different styles of corset are being ordered by "fashionable" women, for wear with their different dresses—tailored, draped, negligee, etc.

WELSH RABBIT AND CHEESE FONDUE.

Though this be called Welsh, yet no one knoweth well why ye name be added. So said Mrs. Glasse, of cook-book fame, and it may be doubted whether anyone among the generations of cookery-book makers who have succeeded her is better informed as to how the Principality first got credit for this cheese fondue. The preparation. For the Welsh rabbit (properly rare-bit), if it were ever a local product, is certainly not within the knowledge of living men, been a Welsh one. If it has been found anywhere in unusual perfection that locality is, without doubt, the City of London.

would have done had he been present. We are all proud of our Canadian hero and it would have been a disaster if none of them had been on hand. He reminded them all that they were proud to be Canadians, and proud to be members of the Great British Empire. They were living in days of peace and freedom, and that they were proud to be Canadians, and proud to be members of the Great British Empire. They were living in days of peace and freedom, and that they were proud to be Canadians, and proud to be members of the Great British Empire.

YOUTH SHOT COMPANION.

Three Boys Held at Quebec on Charge of Killing Another.

Quebec, Oct. 10.—A fatal shooting affair occurred in St. Saviour's one of the suburbs of this city, and as a result, Cemeril Langlois, the ten-year-old son of Mr. Langlois, M.P.P. for St. Saviour, is dead at his father's residence, and three lads who committed the deed are in the central station. The young victim and several companions were returning home when they stopped to converse at a corner. Just then the three young prisoners, two brothers named Laprise and young Blouin, arrived, carrying two rifles. One of the Laprise boys, getting down on one knee, remarked: "I will settle them," and took aim at the group on the corner, the bullet entering young Langlois's abdomen. The victim fell on his back, and a young man named Savard attempted to pick him up, when the other Laprise boy fired his rifle, the shot just grazing Savard's shoulder. Young Langlois was carried to his father's residence nearby, where he expired this evening. Chief Trudel and Detectives Walsh and Defox set out to capture the three lads, who were taken in charge. The prisoner's ages are 12, 13 and 14 years, and they state that the group on the corner shot stones at them, but this is denied by the other boys.

DIET IS DISSOLVED.

Finnish Party Will Hold Elections in January.

Helsingfors, Finland, Oct. 10.—The Finnish Diet was dissolved on Saturday, and new elections in January ordered.

The dissolution of the Finnish Diet by Imperial decree has appeared inevitable since September 23rd, when President Svinhufvud declined to submit two Imperial bills, on the ground that they were the direct proposals of the Russian Ministerial Council, instead of the Emperor. The measures concerned the rights of Russian subjects in Finland and the establishment of a tax in lieu of personal military service. The attitude of the Diet was decided upon at a conference of the leaders, and followed the adoption by the Russian Duma of legislation giving that body legislative authority over the Diet.

KEEP CLEAR OF FACTIONS.

Retiring President's Advice to Ancient Order of Hibernians.

With the conclusion of his year of office, the president of the Ancient Order of Hibernians of Hochelaga county, advised the members to keep clear of factional strife. The order, he said, had so far kept free from bitterness or malice, and he hoped it would continue to do so. The election of officers then took place, and led to the choosing of Bro. T. Quigley as county president to replace Bro. P. Doyle, acting as provincial president.

The other officers were: Bro. P. Ma-

TWO NEW PARIS GOWNS.  
The Paul Poiret costume on the standing figure is of orchid-shaded chiffon in Empire style with trimmings of antique embroidery. The other frock, a little dancing dress, is of white bonnet lace draped over pink satin, with pink satin sash outlined with pink rosebuds.

The Welsh rabbit was a special attribute of the London chophouse or tavern of the old school. It may be eaten yet with satisfaction at the 'Cheshire Cheese.' A century ago, when men had robust appetites, they were not afraid of indigestible suppers. The suppers were as solid realities as the rest of the meals. Three or four Welsh rabbits apiece were a fair allowance for a man of average appetite. The recipes given in cookery books often make the mistake of telling us to 'melt slices of rich cheese' to make a Welsh rabbit, the writers, apparently, not knowing that cheese to be thoroughly mixed with the other ingredients and to be rendered digestible by thorough cooking, must be grated. Slices of melted cheese mix with nothing, and cool rapidly into a plausible imitation of the original.

Here is a good modern recipe for Welsh rarebit. Melt a tablespoon of butter, stir into it a teaspoon of corn starch, add gradually half a cup of thin cream, stirring constantly, and cook two minutes. Have a half pound of mild cheese grated or crumbled, and stir it into the butter till it is melted. Serve poured on the untoasted side of pieces of bread toasted on one side. Next to the Welsh rabbit of old London, the cheese fondue of the Swiss peasant is an institution which deserves its popularity. It consists of grated cheese beaten up with an egg or two in milk till it forms a thick paste, which is baked quickly in goshal pans, in a quick oven. It is a meal suitable for mountain climbing or any other form of violent physical exercise. The cheese may be qualified with an equal quantity of bread crumbs, in order to tone down the excessive nutritive elements of the dish, and to bring it more in accord with the conditions of modern town life.

COLLECTION OF \$242,110

Record Contributions During Service at Episcopal Church Convention

Cincinnati, Ohio, October 10.—What was said to be the largest collection ever taken up on plates by any church in America; an interpretation by the House of Bishops on the 'open pulpit' subject, and refusal to change the name of the church, were among the most important features of the triennial convention of the Protestant Episcopal Church, in session here yesterday. While the convention was in session, a communion service was being held in Christ Church, where the donations were being received from the women's auxiliary for the general missionary fund. At the conclusion it was announced that the collection was \$242,110.33. The House of Deputies refused to change the name of the church, and to bring it more in accord with the conditions of modern town life.

MINISTER IS RECALLED.

London, October 10.—A news agency dispatch from Constantinople says Greece yesterday recalled the Greek minister to Turkey owing to the continual persecution through boycotts and other means which the Greeks in Turkey have been compelled to undergo. The recall of the minister is equivalent to a complete rupture of relations between the two countries. The above statement is not confirmed from any other source.

TROOPS KILLED 800.

Constantinople, October 10.—Correspondent of the Times writes that which were sent to collect arms from the Druzes, of the Suwaiddah district of Northwestern Syria, report that the troops killed no less than 800 Druzes, who attempted to block the progress of the soldiers. The latter are now marching on the Druzes' stronghold on the Shabat River.

GRAND PRIX FOR G. T. E.

A cable received at the Grand Trunk general offices on Saturday from the representative in charge of their exhibit building at the Brussels International Exhibition, advised that the Superior Jury have awarded to the Grand Trunk system the highest award that is made at this exhibition, namely, the Grand Prix. There are several grades in the Grand Prix award, the latter being graduated by thirty numbers, from one to thirty, the latter being the highest and the one that has been granted to the Grand Trunk.

OBITUARY.

LIEUT.-COL. TIDSWELL.

Hamilton, October 10.—After an illness lasting a few hours, Lieut.-Col. Tidswell, commanding the second brigade Canadian Field Artillery, died on Saturday afternoon. He was at his office in the morning, but at noon consulted a doctor, who advised him to go to bed. He joined the battery in 1889 and commanded it for five years. On the retirement of Col. Hendrie last year he was appointed its commanding officer of the second brigade, which comprises the Fourth Field Battery of Hamilton, the Seventh of St. Catharines and Ninth of Toronto. The funeral will take place to-morrow with military honors.

MR. JAMES S. GARVIN.

Elk Lake, Ont., October 10.—Mr. James S. Garvin, one of the pioneers here, died unexpectedly Saturday, presumably of heart failure. He was manager of the Moose Hotel Mines. Prior to coming here he conducted a law business in Toronto. He is survived by three sisters and two brothers, the latter being John, of the Ottawa Journal, and Fred, now in New York. Mr. Garvin died suddenly after umpiring a game of baseball.

PHYSICIAN DROWNED.

WAS BURNED TO DEATH.

St. John, N.B., October 10.—Dr. H. P. Reynolds, of Lepreau, one of the best-known physicians in the province, and postmaster of the village, was burned to death early yesterday morning. He was 71 years of age, and was alone in his house at the time. The presumption is that he set fire to his clothing or to his room furnishings while lighting a match, and was burned while putting out the fire. All of the house was badly damaged, but the post office department escaped. Dr. Reynolds' wife is visiting in Boston. One son resides at Lepreau, Mrs. A. M. Bound, Vancouver, and Mrs. A. S. Lickay, wife of a railway mail clerk at St. John, are daughters.

CANADA'S GROWTH.

Homestead Entries in West Total 36,916 in Eight Months.

Ottawa, October 10.—For the first eight months of the present calendar year, January 1 to August, 21 the homestead entries in Western Canada number 36,916, as compared with 24,396 entries for the corresponding period of 1909. In each of the prairie provinces there is an increase as compared with the corresponding period last year.

WILL BE HANGED ON DEC. 2.

Bellefleur, Ont., October 10.—Robert Parker, who was found guilty of murdering Wm. Masters on April 8, was sentenced to be hanged on Saturday, December 2. The jury were deliberating on the case for five hours. Sentence was pronounced by Chief Justice Sir Wm. Mulock.

HOW TO GET THE 'Witness' ART TREASURES SAVE THE 'WITNESS' PICTURE COUPONS. Now Running.

The 'Witness' has fortunately been able to arrange for a further supply of the popular Art Treasures, for which there is still such a great demand—particularly for subscribers who were away for the summer, or who did not realize soon enough just how fine the pictures were, and so did not save the coupons as they first appeared. Each of these pictures is exquisitely printed in brown on heavy plate paper, 22 x 28 inches. Any reader who wishes these pictures should not miss this new chance. Cut the Coupon to-day.

THE HORSE FAIR (by Rosa Bonheur). This wonderful picture by the celebrated French artist—queen of all animal painters, is one that never fails to delight all who have any interest in fine horses—and who has not? Every bit of the canvas is full of life and spirit and this photograph is a marvellously good reproduction. So popular was the original painting that replicas of it were made by the artist herself, one of which hangs in the National Gallery at London. To get this picture, worth in the regular way at an art store \$2.50, cut picture coupons from the 'Daily Witness'.

LONDON BRIDGE (by Fred. Morgan). This captivating picture of child life is one that delights young and old alike, for 'London Bridge' is a game that every one knows, since it is played on the grassy common or on the crowded city street. The sight of the merry faces is enough to set even the grey-headed man of business humming the play-tune of those happy childhood days so long past. 'London Bridge' is a picture that will bring a smile to many a care-worn face, and will be a joy to the entire household. To get this picture, worth in the regular way at an art store \$2.50, cut picture coupons from the 'Daily Witness'.

Either of the splendid pictures roughly illustrated on this page may be obtained at the 'Witness' Office for coupons cut from the 'Witness' on six consecutive days, and the nominal sum of Ten Cents to cover cost of handling. If sent by mail add five cents for each picture to cover postage and tubing. Ask your Newsdealer to supply you with the 'Witness' regularly.

MONTREAL HUNT Earl Grey Leads Field to the Death.

The presence of the Governor-General at the run of the Montreal Hunt on Saturday was also signalled by the first kill of the season, Earl Grey presenting Mrs. Hamilton Gault with the brush.

The coverts on Mr. F. D. Monk's property were first drawn, and here a fox was soon afoot. A pretty find and a flying start, hounds were seen from the rising ground breaking cover at the north end and skirting the shore of the lake, then across the road pointing east. Those that followed turned sharp out of the road to the right across two fields of wet, rank grass. The second field, midway in, was a little swampy place, taking them over some stone walls on to the higher ground, where the going was much sounder. Pressing on, the Governor-General well in the front and cutting out his own line, the field could just see the flying specks of white, black and tan in view.

A sharp turn to the north when half-way on to the middle road, across some damp meadows through the open gateways then on over ridge and furrow of mild description compared with what had been passed over. The field rode on stone walls principally with an occasional post and rail formed most of the enclosures. Then some twenty fields were traversed until the middle road was reached where hounds overran the sceptor else had pushed out another fox. However, the hounds were quickly turned and brought to the foot of the hill below the old stone quarry. Just as quickly then on the line of the hunted fox and marked him in an old sugar house. From this he was dislodged, and shortly after paid the penalty. The run lasted about twenty-five minutes.

SUCCESSFUL OPENING. New C. P. R. Athletic Grounds Scene of Good Meet.

The inaugural meet of the new C. P. R. Athletic Club was a distinct success on Saturday, when Lady Shaughnessy presented the prizes to the successful competitors.

The sodden state of the track did not lend itself to record-breaking, but there was sufficient enthusiasm to make up for that in the many close races.

Lukeman won two events, the 100 and 220 yards, but fell behind Halpenny in the broad jump. He did not receive his prizes on Saturday, as he was told he would have to wait until his transfer from Montreal to Ottawa had been officially received.
