BRITISH AND U.S. MEAT PACKERS STAGE WAR Sir Henry Drayton Likely To Be Minister Of Railways

Premier Meighen Will Meet His Cabinet Today

There is a possibility that a statement will be issued following meeting today—While Mr. Meighen conferred with Premier Rhodes, of Nova Scotia, and Premier Baxter, of New Brunswick, yesterday, belief is that neither of these leaders will enter new Dominion Cabinet at present—Possibly later on, one or both of them may come in, but for present it is thought that they are considered more valuable in provincial field.

(Associated Press Despatch)

OTTAWA, Ont., July 9.—Premier Meighen is back in the Capital after a day spent in conferences with Maritime Province prime ministers and Quebec Conservatives, in Montreal. Today he will meet his cabinet and there is a possibility that a statement will be issued following the meeting. This statement may include both the date of the election and the names of the new cabinet. On the other hand, if matters have not been settled, the announcement will probably be held up until tomorrow or even next week.

While Mr. Meighen conferred with Premier Rhodes, of Nova Scotia, and Premier Baxter, of New Brunswick, yesterday, the belief here is that neither of these leaders will enter the new Dominion cabinet at present. Possibly, later on, one or both of them may come in, but for the present it is thought that they are considered more valuable in the provincial field. The name of Hon. G. S. Harrington, Minister of Public Works and Mines in the Nova Scotia Government, has been mentioned as a possibility. It is also rumored that when the new slate is announced, Sir Henry Drayton will appear as Minister of Railways instead of Minister of Finance.

WILL ACCEPT NOMINATION IN PRINCE ALBERT CONSTITUENCY

Former Premier King, it is rumored, will accept renomination in Prince Albert constituency, and possibly in North York, also. No announcement has been made in this regard, but Liberals of both these constituencies have offered him the nomination. Mr. King and the leaders of his party are preparing for the coming campaign.

POSTPONES APPOINTMENT OF QUEBEC MINISTERS

(Associated Press Despatch)

TORONTO, July 9.—The Mail and Empire this morning publishes the following news item from its Ottawa correspondent:

Right Hon. Arthur Meighen spent today (Thursday) in Montreal discussing with friends the Quebec representation in the cabinet. He has been advised not to appoint any French Canadian ministers until after the election, but to leave four portfolios vacant, which can be filled from Quebec by bye-elections. It is reported today that Sir Henry Drayton has taken the portfolio of Railway and Canals and that Hon. K. B. Bennett has been offered Finance.

The English representation is complete and includes such well known public men as Messrs. Stevens, Bennett, Robertson, Manion, Sir Henry Drayton and Sir George Perley. From the Maritimes Mr. Meighen has been able to secure good men.

Mr. Meighen will announce the election date at the same time he makes known his cabinet. Following this he will tour the country, speaking in every province. On his way west he will be nominated for Portage La Prairie, although many of his Manitoba supporters would prefer he ran in a Winnipeg constituency.

In each province he will be accompanied by the cabinet representative from that province. Hon. C. D. Robertson, who will again be Minister of Labor, will accompany Mr. Meighen on his tour.

STRONG STATEMENTS ARE MADE BY HON. H. H. STEVENS

TORONTO, July 9.—Declarations that Hon. Jacques Bureau has "debauched the customs department" while Minister of Customs, featured the address of Hon. H. H. Stevens, Vancouver, before the Conservative business men's club of Toronto yesterday.

FIFTEEN PLANES IN ANNUAL RACE FOR KING'S CUP

Race Will Be Concluded Tomorrow—Total Distance to Be Covered Is About 1,464 Miles.

HENDON, Eng., July 9.—Fifteen aeroplanes left here at regular intervals this morning on the first leg of the annual race for the King's Cup. Two triangular courses, starting from and finishing at Hendon, will be flown twice today and tomorrow. The total distance to be covered is about 1,464 miles. The conditions of the handicap gives planes doing only ninety miles an hour almost equal chance with the speedy high powered fliers.

Last year's winner, Captain F. L. Barnard, and Captain F. T. Courtney, who won in 1923 also, are the favorites.

THIS IS CERTAINLY NO ORDINARY CAT

ACTION TAKEN ON REPORT RE CUSTOMS DEPT.

Government Issues Orders to Carry Out Recommendations—Officials Are Dismissed.

OTTAWA, July 9.—Orders have been issued, under the authority of the acting Government, for the carrying out of the recommendations of the customs inquiry committee report, and these orders were to have been acted on today. One of the first effects of the action taken is the dismissal and retirement of officials named in the report. Officials whose services are dispensed with because the committee found them delinquent in their duties are: R. P. Clark, Inspector of the Port of Montreal; A. E. Giroux, Superintendent of Customs and Excise, Montreal; W. Duval, Preventive Officer, Montreal; John Landry, Customs Officer, Montreal; E. Brownlee, Collector at Beebe, Quebec; Martin A. Sawyer, Customs Officer, at Rock Island, Quebec.

The committee recommended that R. R. Farrow, deputy Minister of Customs; W. S. Weldon, Collector of Customs, Montreal, and Henry McLaughlin, Surveyor of Customs, at the port of Montreal, be retired. The House of Commons, in one of the amendments to the report of the committee, added Mr. Farrow's name to the list of those to be dismissed and the action now taken will remove him from the service. Messrs. Weldon and McLaughlin retire under this action.

The reference of the evidence of J. A. E. Bisillon regarding his bank account to the Attorney General of Quebec, recommended by the committee, will also be made. It will be left to the Attorney-General to take such action as he sees fit. Such other recommendations of the committee as can be acted upon at once will become effective immediately by reason of the government action now taken.

Hon. H. H. Stevens, Minister of Customs, has been determined that no time should be lost in taking advantage of the findings of the inquiry committee. While Right Hon. Arthur Meighen has been engaged in forming his cabinet and preparing for the election, Mr. Stevens has been taking the necessary steps to put the Customs Department in order.

WORLD'S RECORD FOR MILK AND BUTTER-FAT (Associated Press Despatch) MONTREAL, July 9.—A Quebec Ayrshire cow, Nellie Osborne, of Elm Farm, has broken the world's record for milk and butter-fat.

LITTLE DAMAGE FROM FOREST FIRES TO DATE (Associated Press Despatch) QUEBEC, July 9.—There have been over one hundred forest fires in Quebec Province this season, but with little damage.

International Bankers Are Gathering At Antibes Today For Reported Purpose Of Saving French Finances From Disaster

Franc Touched New Low Record Today in Its Downward Journey—Reports Persist That S. Parker Gilbert, Agent General for Reparations Collections, Intends to Confer With Heads of Bank of England and Federal Reserve Bank of New York.

(Associated Press Despatch) ANTIBES, France, July 9.—The franc has reached a new low record today in its downward journey and international bankers were gathering here for the reported purpose of saving French finances from disaster.

Reports persist that S. Parker Gilbert, agent general for reparations collections, intends to confer with Montagu Norman, head of the Bank of England, and Benjamin Strong, head of the Federal Reserve Bank of New York. It has also been declared that a representative of the Bank of France would arrive within a few days. Repeated statements that Dr. Schacht, president of the Reichsbank of Germany, would join the conference have been denied in Berlin.

Employees of the historical Hotel de Gap, where Mr. Norman and Mr. Strong are registered here, are under strict orders not to deliver messages of any kind to either of them. Correspondents who managed to reach Mr. Norman got only one answer to their questions: "We can't say."

DEBT SETTLEMENT WITH BRITAIN

(Associated Press Despatch) PARIS, July 9.—The government now expects that Finance Minister Caillaux will be able to go to London on Monday night to sign an agreement with Right Hon. Winston Churchill, Chancellor of the Exchequer, for settlement of the French war debt. The new agreement reproduces M. Caillaux's previous proposal, which was also a part of former Finance Minister Peret's scheme for payment in sixty-two annuities of £12,500,000 with a moratorium and certain reductions during the first few years.

ASSERT GOVERNMENT HAS NO PROGRAMME

(Associated Press Despatch) PARIS, July 9.—S. Parker Gilbert, agent general for reparations payments, has given up his idea of taking a holiday at Cap Antibes, because of the widespread comment regarding a "conference of international financiers." This comment arose from the fact that Benjamin Strong, governor of the New York Federal Reserve Bank, and Montagu Norman, governor of the Bank of England, are now at the Cap.

and Mr. Norman. The government, they assert, has no programme up to the present to lay before the British and United States financiers. Consequently it has nothing to ask of them, nor can it have until parliament has acted.

FRANC SHOWED IMPROVEMENT

(Associated Press Despatch) PARIS, July 9.—The French franc showed considerable improvement today following Finance Minister Caillaux's vigorous statement in the Chamber of Deputies yesterday. The franc opened at 38.97 or nearly a franc better to the dollar than last night's post-bourse quotation, and continued its gradual rise during the day closing officially at 38.45 to the dollar and 187.10 to the pound sterling.

WEAKNESS OF ITALIAN EX- CHANGE

(Associated Press Despatch) ROME, July 9.—Recent weakness of the Italian exchange is due to an unfavorable trade balance in the opinion of Premier Mussolini. He declared that only six or seven articles of import and export really go weight on the Italian trade balance. "These figures must give," he said, "the impression, not of a worn-out nation, but rather of a nation which is advancing. The problem must be solved by all of the Italian people who feel the grandeur, the importance and the necessity for that great job which will react favorably on our economy and demonstrate to the world the power, the will and the capacity for work of the new Italy."

ROBBER ENFORCED HIS DEMANDS WITH A BLUDGEON

Braved Police "Deadline" in New York and Got Away With \$20,000 Worth of Jewelry.

NEW YORK, July 9.—A robber who enforced his demands with a bludgeon stole between fifteen thousand and twenty thousand dollars worth of jewelry from a tenth floor office in the heart of the downtown jewelry section.

Braving the police "deadline," the robber made his way to the offices of the Melrose Watch Company at 37 Maiden Lane, bound and gagged and beat into unconsciousness Samuel Freedkin, one of the proprietors. Freedkin was alone in the office and the robbery was only discovered after the injured man was found by a returning employee.

UNITED STATES ENGAGED IN TRADE WAR WITH GREAT BRITAIN TO GET CONTROL OF WORLD'S MEAT SUPPLY

London Daily Mail Declares that Fight for London Market Is Merely Prelude to a Greater Trade War in Which Interests of Entire British Empire May Be at Stake—Price-Cutting War Between U.S. and British Packers in Argentina Has Been Going on for More Than a Year and Is Being Waged With Increasing Bitterness.

(Associated Press Despatch)

LONDON, July 9.—The United States, under the leadership of the great packing firms, is engaged in a trade war with Great Britain to control the world's meat supply in order to compensate for steadily decreasing home production, in the opinion of the London Daily Mail.

The Americans, represented by the Swifts, Armours and the Wilsons, says the Mail, have attempted to drive British firms off the (London) market by sending Argentine chilled beef to Great Britain, regardless of the known requirements, thereby forcing down prices and causing Argentine meat to be sold below the cost of importation. They, of course, lost severely on British trading, but their control of the American home supply enables them to force up prices in the United States so as to cover their losses here.

The paper declares that the fight for the London market is merely the prelude to a greater trade war in which the interests of the entire British Empire may be at stake. While the United States now is capable of producing its own meat supply, within a few years it will be compelled to import because of the rapid growth of the population. Australian and Canadian exports will be curtailed for similar reasons and Argentina will become, in consequence, the world's meat production centre. British control of Argentine exports is said to have dropped already from sixty-six to twenty-eight per cent. of the total.

The newspaper believes that if the London fight is won by the United States packers they will have more than half won the domination of the world's meat markets, and then "Great Britain will be at the mercy of a nation which will demand the very highest prices for what it consents to supply."

Advices from Buenos Aires are that a price cutting war between United States and British packers in Argentina has been going on for more than a year and is being waged with increasing bitterness.

Some friction over the appropriation of ocean tonnage for beef shipments to England has been reported but not verified. Packers are understood to have discontinued the exchange of weekly reports on killings and exports. The firms principally involved are the Swifts, Armours and the Wilsons, and the Vestey interests of the United States and the Vestey interests of Great Britain.

The trade war is said to have affected Argentine domestic meat prices.

EVANGELIST ON WITNESS STAND SEVEN HOURS

Further Examination of Witnesses in Aimee Semple McPherson Abduction Investigation Postponed Until Tuesday.

(Associated Press Despatch) LOS ANGELES, CALIF., July 9.—With other further examination of witnesses by the county grand jury postponed until next Tuesday, the investigation into the alleged abduction of Aimee Semple McPherson marked time today.

The evangelist, founder of Angelus Temple of "four square gospel" fame left the witness stand in the jury chamber late yesterday after having been subjected to an exhaustive cross examination. As the first witness to be questioned, she testified for nearly seven hours. At the end of the examination it was announced that she probably would be called again next week.

Keen interest was shown in the hearing yesterday, more than twenty people reporting to police that they paid a man in clerical garb two dollars each for tickets purporting to entitle the holders to seats at the grand jury session. Reports from Arizona and Mexican officials indicated they are continuing their investigations of the evangelist's appearance there, before coming here to testify.

(Associated Press Despatch) NICE, France, July 9.—Five veterans organizations with ten thousand local members have issued a call for a parade and mass meeting Sunday morning in protest against the terms of the Washington debt agreement.

A THIRTY-HOUR TRIP FROM U.S. TO ENGLAND

Elaborate Plans Are Outlined—Include Searchlights that Would Blaze Trail of Light Across Atlantic.

(Associated Press Despatch)

PHILADELPHIA, July 9.—A trans-Atlantic air line between Atlantic City, N.J., and Plymouth, England, eight one hundred acre floating and anchored landing field fitted with sumptuous hotels in mid-ocean; a fleet of super-planes that would carry twenty-five passengers in addition to baggage and a series of powerful acetylene searchlights that would blaze a trail of light across the Atlantic.

This, in brief, is the outline of a thirty hour voyage from America to England as conceived by Howard R. Armstrong, of Philadelphia, chief of the mechanical experimental development division of the E. I. DuPont de Nemours Company, of Wilmington, Del.

On Wednesday next army and navy officials, representatives of large shipbuilders concerns and experts in the field of commercial aviation will visit the engineer's country estate where working models have been prepared for demonstrations.

Armstrong will display a model of the proposed seadrome and a model of the S.S. Majestic on a large pool. A blowing apparatus will make the waves on the pool the same, in ratio, as ocean waves. He expects the Majestic to sink and that the seadromes will not be damaged.

Naval men and air men believe the plan feasible, Mr. Armstrong said. The seadromes, the big feature in the proposed project, would be anchored, and he claims, entirely free from the pitch to which the great liners are subject. The ocean landing fields would cover approximately 111 acres, having a displacement of many thousand tons, 97 per cent. of which would be below the line of wave disturbances. They would contain hotels, fuel storage tanks, food, machine shops and meteorological bureaus.

LITTLE LAD GAVE UP HIS LIFE FOR HIS SISTER

Although Unable to Swim, He Threw Himself into Water When Sister Fell In.

(Associated Press Despatch) MONTREAL, July 9.—After effecting the rescue of his nine year old sister, who had fallen into the water from a row boat, Harold Roddick, twelve, was drowned at St. Eustache about eighteen miles from here. Although unable to swim, the lad threw himself into the water when his sister lost her balance and fell in. He pushed the little towards the edge of the boat and sank as she was being pulled aboard by other children. The body was recovered.

SIXTY-TWO MORE LAWYERS

(Associated Press Despatch) QUEBEC, July 9.—The Bar of the Province of Quebec was enlarged yesterday by sixty-two new members. Among the new attorneys, who were sworn were J. P. Hume, Sherbrooke; Wilfrid Desjardins, Quebec, and L. De Gonzague Champoux, Campbellton, N. B.

HATLEY

The Montreal Daily Star published the following notice: "The degree of Doctor of Law will be conferred upon Principal R.E. Howe, of Westmont High School, by Acadia University, Wolfville, N.S., in recognition of services in the field of secondary education and his having been president of the Canadian Teachers' Federation. A special convention will be called for the purpose. The Canadian teachers' convention will meet this year in Charlottetown, P.E.I., from August 3 to 7 and it is thought by officials of the convention that a special session of this convention will be held at Wolfville, to see their president receive his honors. Over three hundred teachers congregate annually from all parts of Canada for this conference. Principal Howe, who is the only surviving son of the late

Mr. Edwin Howe and Mrs. Howe, of Hatley, has taught for thirty-one years. He was editor of the Teachers' Magazine of the Province of Quebec, for two years; president of the provincial association of Protestant Teachers, for one year 1923-24, and identified in an official capacity in the Canadian Teachers' Convention for some years."

During the celebration of the Holy Communion at St. James, on Sunday morning, the hymn, "Bread of Heaven, on Thee We Feed, for Thy Flesh is Meat, indeed," was sung, with subdued voices, by the kneeling choir.

THE PERFECT MARCEL

To crown a faultless attire, to complete the picture of dainty loveliness, there must be a coiffure that will give you a certainty of satisfaction and a confidence of poise.

The difference in the marcel midway receives at Munro's Store is all the difference in work done by experienced operator and a beginner.

RICHMOND MUSICIAN SAID TO HAVE BRILLIANT FUTURE

Mr. Josef Hoffman, one of the world's greatest pianists, has predicted a brilliant future for Miss Mildred Lurie, daughter of Mrs. L. G. Lurie, of Richmond, and a well-known Canadian pianist and musician of the Eastern Townships.

Miss Lurie, who is at present in Richmond the guest of her mother, recently returned from a most successful season with recitals in various American cities.

It was in March last, while in Philadelphia, that Miss Lurie had the honor of being brought under the notice of the great Hoffman. Following one of her recitals the great pianist congratulated her personally.

It is also interesting to note that Miss Lurie was the winner in the Music Memory Contest prize of \$500, which was offered to American artists last month in New York City. In this contest there were two hundred contestants.

FUNERAL OF LATE MRS. FRED BYHAM

The funeral of the late Mrs. Fred Byham, formerly Mrs. Marshall Coates, of Sand Hill, took place from Lord's Funeral Home on Friday, June 25. The service was held in the chapel of Lord's Funeral Home, with Canon Bigg officiating, assisted by Capt. Bell, of the Salvation Army. The hymns sung were "Rock of Ages" and "Jesus, Lover of My Soul." At the conclusion of the service the funeral cortege wended its way to Elmwood Cemetery, where interment took place. The bearers were Messrs. N. T. Hemmings, Fred Caswell, Stanley Labere, T. J. Quine, John Cole and John Fraser.

The deceased, who was forty-six years old, died after an illness of eight months. She leaves to mourn her loss her husband, three sons, Clifford, Kelus and Donald, and one daughter, Lottie.

On Sunday evening, June 27, a memorial service was held at the Salvation Army Citadel, Capt. Bell conducting the service, using the deceased's favorite text, taken from St. John, 16: 22, "I will see you again."

INTERESTING CASE BEFORE JUDGE LEMAY THIS MORNING

The greater part of this morning in the Magistrate's Court was taken up with the hearing of a case which resulted from the sale of maple sugar at Lansdowne Market, which it is alleged contained cane sugar.

The accused in the case was Wilfrid Lapierre, of Ste. Catherine, Stanstead County, who operates a stall at the local market.

According to the evidence brought out at the hearing this morning the sugar, which is supposed to contain white sugar, was bought from Lapierre by a government official and later sent to Montreal for analysis. Upon examination it was found, according to the evidence of the government officials, to contain white sugar.

Lapierre, when called to the witness box to give evidence, swore that he had been making sugar every year for the past sixteen years and had never made use of white sugar. Other witnesses to be heard were three government officials, as well as Dr. Tracey and Mr. Cormier, of the local market staff.

After the case had been discussed at some length, with several discussions between J. S. Couture, who was appearing for the plaintiff, and E. Boisvert, for the defence, it was decided that samples of the sugar which were bought by the government officials from Lapierre and which were acknowledged by Lapierre as his own sugar should be sent to another laboratory for analysis.

The Quebec Magazine in London. An interesting magazine to residents of this province has been received in town, this being "Quebec," the "monthly journal devoted to the interests of the province of Quebec, Canada, in Great Britain." The June issue of this periodical is the fifth and reveals the activity and keenness of Quebec's new agent-general in London, Hon. L. J. Lemieux, former sheriff of Montreal. The cover of the magazine contains the provincial crest and a map of Canada, showing the province to be the largest one in the Dominion. Two pictures are contained in it, one being of Montmorency Falls and the other a window display of Quebec honey at the provincial government offices, 38 Kingsway, London.

The magazine is an appeal to the British tourist, and an article describes in able fashion the beauties and historic interest of a tour of the province. The new sections of Quebec, Ungava, are given a splendid description in two and a half pages, to be concluded in the next issue. This vast territory is dealt with ac-

ORIAN ALDRICH WAS SENTENCED THIS MORNING

Huntingville Farmer Gets Twenty-Three Months in Jail as Result of Being Found Guilty of Serious Offence.

Orian Aldrich, fifty-six years old, of Huntingville, was sentenced this morning by Judge Lemay to twenty-three months in jail as a result of being found guilty several days ago of a very serious and unimpeachable charge against his daughter.

This case was heard earlier in the week when, at Aldrich's request, a speedy trial was given. Aldrich, who is a farmer near Huntingville, is the father of a large family, the youngest child being very young. His wife died in March last and a few months later he committed the serious act for which he will serve twenty-three months.

According to its value in agriculture, timber and minerals, the various government reports as to these subjects being quoted to show the extraordinary wealth of these areas so little developed or known as yet. The Labrador and the Gaspé peninsula also have their sections, while the wonderful new development of water power in the Saguenay territory is emphasized.

The French-Canadian section contains three chief articles, one describing the significance of St. Jean Baptiste Day in Quebec, one dealing with who are "real Canadians" and one being a consideration of the French language as spoken here. This last article quotes the address in defence of the speech of French-Canadian delivered by Hon. Senator Belcourt at the recent conference of the National Council of Education in Montreal. This was delivered in defence against the remarks of Sir John Adams, an Englishman, who told the conference his opinion of the "patois," as he called it, being apparently unfamiliar with the topic of his address. The article on the "real Canadian" is one criticizing an article in the London Sunday Times called "Who Owns Canada," wherein the English-Canadians are described as "the Canadian proper," a term which naturally arouses the ire of the Quebec magazine, which points out that the French-speaking population of the country were really Canadian two hundred years before the English established themselves there.

The magazine is in every way a credit to the province when its short existence is considered, and such a publication should do much to encourage interest in Canada's oldest province on the part of the English capitalist and the English tourist.

QUEEN MARY'S HEADGEAR

Interest in horses and riders ran second this week at the English races to the interest in Queen Mary's millinery. Apparently there is a decided change of policy. She has dropped her compact toque and her small, but heavily laden cloche in favor of the large picture hat which allows a greater expanse for the display of plumes, aigrettes, ribbons, rosettes and the fauna and flora which the beloved First Lady of England affects. Instead of the misty blue-gray color of London's well-known fogs, which is Her Majesty's favorite color, she has been choosing mauve, the deeper purples and pure white, with wide ostrich boas to match. Photographed above are some of the Queen's hats in which she exercised the divine right of a queen to be impervious to style. Since her snowy hair, worn high in regal fashion, is one of her greatest claims to beauty, she is never so pleasing as when she is unhatted, or wears a coronet of jewels.

JUDGE LEMAY CONDEMNS MAN TO STAND TRIAL

Joe Barnoff, Who Made Statement to Unknown Men in Detroit Discovered that He Had Been Talking to Detectives—Accused of Having Taken Part in Bank Robbery.

Saying in the presence of two strange men at Detroit that he was wanted in Montreal for having taken part in a bank robbery in which he used a gun, resulted in Joe Barnoff, a Russian being placed under arrest and appearing before Judge J. H. Lemay in the St. Johns Court yesterday suspected of being an accomplice of Rifkin and a member of the gang responsible for a bank robbery near Montreal.

It appears from the evidence given yesterday by the two detectives who arrested Barnoff and brought him to Canada, and who also appeared as witnesses for the Crown, that they happened to meet Barnoff in Detroit and the three became engaged in a conversation. While thus talking the detectives began to clean a revolver. Thereupon Barnoff told them that he was wanted in Montreal for a bank robbery. He also added, it is alleged, that he had a revolver in his possession on that occasion.

He was immediately placed under arrest with the result that he appeared before the Court yesterday and was ordered to stand trial.

Judge Lemay also heard several other cases yesterday and presided over one of the busiest sessions which the St. Johns' Court has experienced for some time past.

LICENSES FOR VEHICLES HERE NUMBER 3,464

Figures Show Tremendous Volume of Traffic on Roads—Licenses for Drivers Number 3,676—Number Probably About Same as Last Year.

Three thousand four hundred and sixty-four motor vehicle licenses were issued up to July 1st by Lovell and Girard, collectors of Provincial Revenue, at the local court house this morning. The local office is supposed to issue licenses to vehicles in Sherbrooke county only, but a few hundred each year are given out to residents of such places as Brompsville, Johnville, Birchton and nearby farms, who find it inconvenient to go to their own centres because of the distances. This year, however, not many licenses have been given to these outsiders, and the number given above represents the number of vehicles in this county chiefly. This enormous total of 3,464 permits shows the volume of traffic on the roads today, while many hundreds of American and Ontario cars are also travelling about this section every day.

Of the total license issued, 2,456 are regular plate ones, that is, for automobiles of under 3,000 pounds in weight, while 411 are over that amount and so bear the letter "H" on the plate. There are 306 trucks, with "F" as the letter, 86 with free registration, farmers' trucks or other special classes, with the letter "S", 64 dealers' cars, with "X", and no fewer than 127 taxis, signified by "T". The registration of taxis and trucks represents a very large increase in these classes in the last few years.

Fourteen motorcycle licenses were issued.

Drivers' Licenses.

Compared to the 3,464 vehicle licenses given out by Lovell and Girard, there were 3,676 for drivers of various kinds, which therefore means that 212 people in the district possess licenses without owning an automobile. Of this number of permits to drive, 9 are for dealers, 44 for garages, 453 for chauffeurs, and 3,180 for ordinary drivers.

There have also been granted, up to July 1st, 108 transfers in licenses and five permits for people to learn to drive.

While it is impossible to make a comparison between the number of licenses issued up to July 1st last year and up to the same time this year, it is probable the two are about the same. Altogether this year, it will be seen, 7,259 licenses of all kinds, that is, including transfers and learning permits have been issued. The total number for all of last year was 7,900, but of course some of these were issued after July 1st. Furthermore, last year more licenses were issued in Sherbrooke for the villages and farms part of this county than have been this year.

TRAIL OF DEATH AND DESTRUCTION IN BAVARIA

Cloudbursts and Lightning Are Reported in Bavaria and Central Germany.

(Associated Press Despatch)

BERLIN, July 9.—Cloudbursts and lightning storms have left a trail of death and destruction in Bavaria and central Germany. An elderly woman who was visiting at Wollmarshausen, near Goettingen, was drowned in the Gargen river, which is swollen. Four laborers who sought shelter under a tree at Simbach, near Augsburg, were killed by lightning.

At the famous watering place, Kissingen, Bavaria, the health park and casino have been inundated by three feet of water, forcing the guests to remain in the upper stories of their hotels.

The Elbe river at Dresden is nine inches above its normal level.

RAINFALL WILL GREATLY HELP AGRICULTURE

Much Needed Moisture Came Yesterday Afternoon and Has Been Steady and Warm—Will Help Poor Hay Crop.

A rainfall which may well receive the term "a million dollar" one, is that which started yesterday afternoon and which has continued almost without interruption up to this morning. The past three weeks have been destitute of moisture, except for one or two occasional brief storms, and throughout the province the crying need of agriculture was rain. Hence when the weather around noon yesterday showed signs of coming rain, farmers and city gardeners were keenly looking forward to it. Soon afterwards it came and continued for many hours. The two most beneficial features of the downfall are that it has been steady and warm, which is far ahead of an intermittent torrential fall.

Reports from all parts of the Eastern Townships indicate that the rain is general and is everywhere needed and welcome. The hay crop, which is the chief agricultural production of Southern Quebec, is below average so far, but a steady, warm rain such as that of yesterday and today, following upon the warm sunny weather of the past few weeks, will doubtless do much to improve this crop.

Another benefit the rains will confer will be to put out the many forest fires prevalent, there being over one hundred in the province, according to reports, and to prevent the spread of these.

Lieutenant-colonel in command of the Canadian medical services in the latter. He had established a large practice here, and was elected over Mr. C. C. Knight, local agent for the Sun Life Assurance Company, by 126. In 1908 Dr. Worthington increased his majority to 148, fighting against Mr. John Leonard, K.C., now joint prothonotary at the Court House.

A Close Fight.

In 1911 came one of the closest and perhaps the most exciting fights in the political history of the constituency, when Mr. F. N. McCrea first came up as Liberal candidate and was opposed by Mr. Chas. D. White, Conservative, who is now Superior Court judge in the city. This famous fight ended in the first Liberal victory, Mr. McCrea winning out by 49 majority, to commence his fourteen years of representation of this county. In the wartime elections of 1917, Mr. McCrea had little difficulty in defeating Mr. Wm. S. Davidson, retired financier, who recently passed away, and who ran for the Unionist party, by 742 votes.

In 1921 the Conservatives were suffering throughout Quebec from the effects of the anti-conscription campaign and the post-war slump, and their candidate had no chance to win. They put up Colonel E. B. Worthington, C.M.G., brother of the former member, who had earned a splendid record overseas. Mr. McCrea once more won a victory, piling up the enormous majority of 4,508. Last October Col. Worthington again ran for his party, this time against Mr. Charles B. Howard, Mr. McCrea had broken with his party owing to the low tariff budget introduced in 1924, and entered his candidature as an Independent-Liberal. His health was poor at the time, however, so withdrew a few days before polling day, when Mr. Howard won by 1,117 votes.

BELIEVE IT OR NOT

R.B.C. reports having overheard two young girls talking about their graduation essays as follows:

"Thank goodness, mine's done," said one girl. Have you written yours yet?"

"Yes."

"Wasn't it a lot of work?"

"Just dreadful! First I had to hunt up words that were big enough and then I had to keep looking in the dictionary to see what they meant, and honestly I began to think I never should get it finished."

Mr. Brooks having been appointed to the bench, Sherbrooke elected in his place another advocate, Mr. R. Hall, one of the earliest members of the present firm of Wells, Lynch and Wilson. Mr. Hall was also opposed as a Conservative in 1882, but in 1887 had to fight, winning, however, by the substantial majority of 577.

A French-Canadian Candidate. In 1891, Mr. W. B. Ives, who had been member for Richmond-Wolfe, was candidate and was elected over his Liberal opponent, Mr. Clement A. Miller, the only French-Canadian candidate who has ever run in Sherbrooke. Mr. Ives was successful by 315 majority, Mr. Miller, who came from Danville, was a well known accountant, auctioneer and curator, being for years a partner of Mr. John J. Griffith. On his appointment as Minister of Trade and Commerce the next year, Mr. Ives was re-elected by acclamation. At the next general election, 1896, when his party went out of power, Mr. Ives was successful over Hon. Henry Aylmer, who was afterwards sheriff, by 257 majority.

A bye-election in 1900, necessitated by the death of Hon. Mr. Ives, resulted in the election of Hon. John McIntosh, Conservative, over Mr. G. A. LeBaron, by ninety-three votes. Mr. McIntosh, who came from Stanstead, had been a member of the Quebec Legislature and a provincial cabinet minister, while Mr. LeBaron was a prominent local merchant. In the same year there was a general election, and the same two men ran. Mr. McIntosh this time winning out in an exciting campaign by only thirty-one.

In 1904 the Conservatives put up one of the city's most popular and most successful citizens, in the person of Dr. A. Norvea Worthington, who had fought through the North-west Rebellion and the South African War, rising to the rank of

MARRIAGES

REED—HUSK.

ULVERTON, July 7.—On June 6th, at her mother's residence, Miss Hope Husk, daughter of the late W. C. Husk and Mrs. Husk, was married to Mr. W. J. Reed, of South Durham. Rev. Archie L. Sisco officiated. After luncheon Mr. and Mrs. Reed left by motor for a short honeymoon. On their return they will reside in South Durham.

FLANDERS—ARCHER

On Tuesday evening, June 29, at 7 o'clock, Lillian Marguerite, eldest daughter of Mr. and Mrs. Myron Archer, King Street West, was united in marriage to Mr. George R. Flanders, of Waterville. The ceremony took place in the Baptist Church and was solemnized by the pastor, Rev. D. W. Terry, in the presence of the immediate relatives and friends. The bride, who carried a shower bouquet of pink roses, was attended by her sister, Miss Lenora Archer, who carried a bouquet of pink roses and sweet peas. The groom was supported by Mr. Albert R. Hedenberg. Mrs. Williams played the wedding march. After luncheon, the bride and groom left for a motor trip.

DRYBURGH—SWEET

KNOWLTON, Que., July 7.—On June 30th, a quiet wedding took place at the home of Mr. and Mrs. B. J. Sweet when their daughter, Eva Belle, was united in marriage to Gilbert Edward Dryburgh, the ceremony being performed by Rev. E. M. Taylor.

ALLAN—MCCAMMON

INVERNESS, July 7.—The wedding took place quietly at the home of the bride's parents on Friday afternoon, July 2nd, of Margaret Agnes, daughter of Mr. and Mrs. John McCammon, of Inverness, Que., and James Thompson, son of Mr. and Mrs. Wm. Allen, of Lemesurier, Que. The bride, who was unattended, was given away by her father, and wore a tailored costume of white crepe satin, with hat to match. She carried a shower bouquet of Ophelia roses and lilies of the valley.

The wedding music was played, by Mrs. R. McCutcheon, and during the signing of the register, "Loves Coronation" was sung by Miss Harriette McCammon, sister of the bride, accompanied by Mrs. Alexander McCammon, of Quebec. The bride and groom are sailing from Montreal for a two months' honeymoon abroad, after which they will take up their residence in Montreal.

ARMSTRONG—BURNS

MONTREAL, July 7.—The marriage of Miss Marion A., only daughter of Mr. and Mrs. W. A. Burns, of Montreal, and Mr. Leonard R. Armstrong, took place at the Outremont Presbyterian Church on Saturday p.m., June 19th, 1926, the Rev. Dr. Hirst officiating. The church was prettily decorated with peonies and other summer flowers.

The bride, who was given in marriage by her father, wore a gown of white georgette with trimmings of rhinestones and godets of lace. Her tulle veil was arranged in fan effect, with wreath of orange blossoms, and she carried a bouquet of sunburst roses and lilies of the valley.

Miss Millicent Barbeau, cousin of the bride, acted as bridesmaid, and

wore a pale blue taffeta dress with large black picture hat and carried a bouquet of ophelia roses and maiden hair fern. The little Misses Gladys Beattie and Phyllis Davis were flower girls and were gowned in pale green georgette and yellow taffeta and carried pretty baskets of flowers. Mr. Gilbert Beattie, of St. Jovite, acted as best man. Messrs. William Burns and Robert Beers were the ushers.

Miss Vera Guilaroff played the wedding march and Miss Laura Willard sang "Because" during the signing of the register.

The reception following the ceremony was held at the Queen's Hotel. Mrs. Burns, mother of the bride, wore a navy blue French flat crepe dress with fawn trimmings and corsage bouquet of yellow roses. Mrs. Armstrong, mother of the groom, wore black and white figured crepe and corsage bouquet of dark red roses.

Following the reception Mr. and Mrs. Armstrong left on a motor trip through the White Mountains, the bride travelling in a grey and blue georgette dress, with grey coat and hat.

The presents, which were numerous and beautiful, included a piano, gift of the groom, a cabinet of silverware from the United Amusement Co., and a four-piece silver service from the Plaza Theatre.

Among the out-of-town guests were Mr. and Mrs. Jos. Burns, Misses Amy and Phyllis Davis, from East Angus, Mrs. R. E. Willard, from Lennoxville, Mr. and Mrs. F. S. Shepherd and son, Harold, of Tilton, N.H., Mr. and Mrs. L. Thompson and son, Edgar, from Laconia, N.H., Mr. and Mrs. R. Cook, from Arundel, and Messrs. Gilbert and Wesley Beattie, from St. Jovite, Que.

PATERSON—ROCKWELL

WATERLOO, Que., July 7.—On Wednesday, June 30th, at twelve o'clock noon, the marriage of Jessie Laura, to Mr. John J. Paterson, of Edinburgh, Scotland, took place quietly at the residence of the bride's father, Mr. N. O. Rockwell, Waterloo, Que. The Rev. Mr. Scrimgeour, of Foster, performed the ceremony.

The house was beautifully decorated with summer flowers and greenery, the bridal party standing under an arch of evergreens crowned with the Scottish Lion and purple heather.

The bride, who was given away by her father, was unattended, and wore a French gown of blue georgette, grey picture hat, grey shoes and stockings, and carried a shower bouquet of pink roses, orchids, lilies-of-the-valley and maiden hair fern.

After the ceremony, dainty refreshments were served, the dining room being decorated in mauve sweet peas, while the bride's cake was adorned with sprigs of white heather, brought from Edinburgh, the groom's home. The groom's gift to the bride was a solid leather suit case, and the bride's gift to the pianist was an 18 1/2 inch perfume bottle, decorated with the Scotch thistle. The wedding march was played by Mrs. Charles Daigneau.

Mr. and Mrs. Paterson later left for Portland, Me., the bride travelling in a tan and blue foulard, pencil blue charmeuse cape coat, small hat of tan and blue, beige shoes and stockings, and carried a beige leather hand bag.

MORGAN—WIGHTMAN

BEDFORD, July 7.—The marriage took place at the United Church, Upper Bedford on Wednesday afternoon at four-thirty of Madeline Marguerite Wightman, second daughter of Mr. and Mrs. George Wightman, to Mr. Edward Morgan. The ceremony was performed by the pastor, the Rev. Robert Smith, B.A., in the presence of a large number of invited guests. The church was prettily decorated with ferns and summer flowers, and the ceremony was performed

under a large arch of ferns and pink roses, from the centre of which a large wedding bell was suspended; smaller bells were also placed in the windows. The bride wore a gown of white crepe and a veil and was attended by her two sisters, the Misses L. and M. Wightman, who wore gowns of blue and pink. The ribbon-bearers were the Misses Norma Martin and Anna Johnson, of Stanbridge East, cousins of the bride, and the flower girls were the Misses K. Wightman and R. Barnum, of Franklin Vt., sister and niece of the bride. The ushers were Messrs. Neil Greller and B. Wightman, and the groomsmen were Mr. G. Wightman.

The bride was given away by her father, during the signing of the register, Mrs. Haskel Corey sang "Oh Promise Me." The wedding music was played by Prof. H. Corey. At the conclusion of the ceremony, a reception was held at the home of the bride's parents. Mr. and Mrs. Morgan left on a motor trip through the White Mountains and will visit Mr. and Mrs. Byron Morgan in Boston, Mass., before their return.

WIGHTMAN—MILLER

BEDFORD, Que., July 7.—A very pretty wedding took place at high noon on Saturday last at St. James Church when Miss Lily S. Miller, daughter of Mr. and Mrs. George H. Miller, of Morrisville, Vt., was married to Mr. Berly L. Wightman, of this town, eldest son of Mr. and Mrs. George Wightman. The marriage was performed by the rector, the Rev. F. L. Whitley.

The bride, who wore a gown of Alice blue georgette with sand and coral hat and carried a bunch of pink roses, was given in marriage by Mr. D. J. Reid, manager of the local plant of the Torrington Company. The bride and groom were unattended. Messrs. Lyle Gould and W. H. Williamson acted as ushers, while the wedding music was played by Mrs. E. F. Currie.

During the signing of the register Mr. George Holden, of Montserrat, sang.

The church was decorated with pink and white peonies and syringa and vases of buttercups and daisies and presented a very pretty background for the wedding party.

Mr. and Mrs. Wightman left immediately after the ceremony on a motor trip and on their return will take up their residence in their home in Upper Bedford, formerly occupied by Mr. and Mrs. Ross Preston. Among those from out of town who were present at the wedding were the bride's two sisters, the Misses L. and M. Miller, of Morrisville, Vt.; Mr. and Mrs. R. Short, of Stanbury; Miss Laura Martin, of Manchester, N.H., aunt of the groom; Mrs. L. Johnson, of Stanbridge East, aunt of the groom and Mr. and Mrs. Foster Martin, of Manchester, N.H., uncle and aunt of the groom. Previous to her marriage Mrs. Wightman was the recipient of a silver entree dish and silver compote from the members of St. James Guild, and a shower was given the bride-to-be at the home of Mr. D. J. Reid, Upper Bedford.

DECHENE—SALVAIL

COMPTON, Que., July 9.—The Roman Catholic Church, Compton, was filled almost to capacity on Monday morning, July 5th, to witness the marriage of Miss Irene Salvail, elder daughter of Mr. and Mrs. J. P. Salvail of the New Compton House, to Mr. Simon Dechene of Quebec. The ceremony took place at eight o'clock and was solemnized by the Rev. Father St. Jean.

The bride who was given away by her father wore a handsome gown of white silk crepe, with long flowing veil and crown set with pearls and brilliants. She was accompanied by her maid of honor, Miss M. J. Mercier and two bridesmaids, her sister, Miss M. J. Salvail, and Miss E. Audet.

Mr. Paul Salvail, brother of the bride, and Mr. Ludger Dechene, brother of the groom, acted as groomsmen.

The little flower girl, Rachel Robin, looked very pretty, carrying a basket of flowers, while the little page, Bertram Fortier, dressed in black, acted as ring bearer.

Following the ceremony at the church a buffet luncheon was served, after which Mr. and Mrs. Dechene left by auto for Sherbrooke, thence to Old Orchard Beach. The bridal couple will return to Compton on Saturday, where a reception in their honor will be held in the village hall.

The popularity of the bride and groom was shown by the large number of valuable gifts received.

Mr. Walter H. Wilson and Miss Dora Wilson have returned from a visit to Rev. C. F. L. Gilbert and Mrs. Gilbert, Colchester, Ont.

Mr. and Mrs. Antonin Deslauriers and family have returned from a week's motor trip through the White Mountains.

Doctor John Bentley and Mrs. Bentley and son, of Washington, D. C., left today for Silver Bay, Lake George, N. Y.

Mrs. James Dennison and Mr. Edwin Dennison, of Kingston, Ont., are the guests for a few days of Rev. Alfred and Mrs. Bright, at St. Andrew's Manse, London Street.

Congratulations are extended to Mr. Albert J. Brown, K.C., L.L.D., of Montreal, on the occasion of his sixty-fifth birthday yesterday. Mr. Brown is a native of Windsor Mills and was educated in Richmond.

The Reverend W. H. Bentley and Mrs. Bentley and son, of Denver, Col., are spending the month of July with Mr. and Mrs. Charles Bentley, Cambridge Street. Rev. Mr. Bentley has been one of the western delegates to the World's Service Congress in Chicago.

Guests registered at the New Sherbrooke House are: Mrs. W. S. Allerton and Miss Adelaide Allerton, Brookline, Mass.; Mrs. A. Redmond, Montreal, Mr. and Mrs. E. Fallon, Boston, Mass.; Mr. and Mrs. Morwood, Montreal, Mr. and Mrs. Davidson, Halifax N. S.; Mr. and Mrs. S. P. Egerton, Cambridge, Mass.; Mr. and Mrs. M. L. Lembar, Colebrook, N. H.; Mr. and Mrs. M. J. Lembar, New York City, N. Y.; Mr. and Mrs. M. A. Redington, Jersey City, N.J.; Mr. and Mrs. O. R. Taly, Greenville Junction, Vt.; Mr. and Mrs. F. W. Boorer, London, Ont.; Mr. James Moir, Boston, Mass.; Mr. G. A. Lantz, Newport, Vt.; Mr. D. J. Horan, Berlin, N.H.; Mr. A. A. Bell, Swanton, Vt.; Mr. E. J. Turcotte, East Broughton, Que.; Mr. G. P. KINGSEY

Mr. and Mrs. D. J. Sharpe and family and Mr. and Mrs. H. Williams, of Lowell, were recent guests of Mr. and Mrs. Wright. Mrs. Sharpe and children are remaining for a longer stay.

Rev. T. Tulke and family have arrived from Newfoundland and are getting settled in the parsonage. Mr. and Mrs. John Towne, and family, of Lennoxville, were weekend guests of Mr. and Mrs. E. U. Towne.

The Misses Kathleen Moore and Ada Moore have returned home from their respective schools, for the summer holidays.

Mr. Archie Moore has returned from a visit to his sister, Mrs. Cleland, in Hemmingford.

Mrs. J. G. Moore is spending a few days in Island Pond, Vt., with relatives.

On Friday, July 2nd, the Ladies' Guild of the Anglican congregations at Spooner Pond and Sydenham, held a supper and entertainment in the town hall at Kingsey. After partaking of a splendid supper the audience listened to a delightful programme, consisting of the following items: Opening chorus, O Canada; recitation, "Paddy McGinty's Goat," by Miss Lucy Armstrong; song, "Sparkle by de Gate," Mrs. Lockwood; dialogue, "Going to a New Home," recitation, "The Old Parson's Story," by Mr. Clifford Moore; musical selections, by Messrs. Andrews and Hebert; song, "When the Band Goes Marching On," by Mrs. Lockwood; dialogue, "The Census Taker," recitation, "A Psalm of Marriage," by Mrs. Aubrey Carson; recitation, "Neighbors," by H. Mastine; dialogue, "Uncle Hiram's Cold," recitation, "Aunt Jemima's Courtship," by Miss Lucy Armstrong; closing chorus, "A Greeting to the King."

In spite of the fact that only a very short time had been devoted to the preparation of this programme. The performers took their parts well. The proceeds were very successful.

At the conclusion of the programme, Mr. W. T. Shaw, on behalf of the congregations of Spooner Pond and Sydenham, presented Mr. Heron, who has been student-in-charge of the mission for the past year, with a well-filled purse as a token of the regard in which he is held by the congregations. In his remarks, Mr. Shaw stated they were sorry to lose Mr. Heron and extended the best wishes of the congregations to him for his future success.

In reply, Mr. Heron thanked the donors for their gift, as well as for the many kindnesses they had shown him during his stay in the mission, where he had been very happy, and where the work had been very pleasant, owing to the kindness shown him by all.

General Notes
Rev. A. E. Tulk, B.A., and family arrived here on Sunday. Rev. Mr. Tulk has been appointed by the Loro Bishop of Quebec to take charge of this mission, and will reside in the parsonage at Sydenham. He was previously rector of Pouch Cove, Newfoundland.

Misses Kathleen and Ada Moore have returned home to spend their vacations with their mother.

Mr. Archie Moore, who has been spending a week at Hemmingford, Que., the guest of his sister, Mrs. Cleland, has returned home.

Mr. and Mrs. Dan Sharpe and Mr. and Mrs. Howard Williams motored from Lowell, Mass., on Saturday and were guests of Mr. and Mrs. Chas. Wright.

Mrs. J. G. Moore has left to spend some time with relatives in Vermont.

THE GYPSY MOTH.

The Eastern Townships, so far as is at present known, is free from the Gypsy Moth pest, which attacks trees, particularly of the hardwood variety, and has caused vast damage in the New England States.

At the present time, men employed by the Canadian Government, are making a search along the border townships. One group of these men is now in the vicinity of Stanstead. They will make a diligent search for the Gypsy moth over a twenty-five mile strip from Compton across the townships to the St. Lawrence. Across the line, similar groups of Americans are guarding against the invasion of the pests into Northern New England.

The Gypsy Moth was discovered, last year, at Alburg, in Northern Vermont, and at Henrysburg, Que., beyond the Richelieu river. For two years, however, no trace has been found in the Eastern Townships nor in the territory immediately adjacent to the South.

The Gypsy Moth appeared some years ago in Southern New England. Before its presence was really known it had multiplied and great damage was caused. Great sums of money have been expended in the battle against it. It is said the menace is now under control. A beetle which feeds on the eggs of the moth has been introduced.

The Canadian authorities are well advised to watch the border lands carefully and prevent, if possible, an invasion of Canadian woodlands by the Gypsy Moth pest.

THE FRENCH FRANC.

A new battle is on to save the French franc and the financial credit of the French republic. In the old days the franc was worth nearly twenty cents. Its present market value is but a little more than 2-1/2 cents. This creates an extremely serious situation in France.

A new plan is now being put forward to save the franc. The Montreal Gazette reviewing this says:

"Finance Minister Caillaux has requested that the Cabinet be vested with full powers in this respect, which means that instead of submitting each item of the fiscal budget to parliamentary vote, procedure shall be by Government decree. This proposition represents a break-away from the custom and wont of the Third Republic. M. Poincaré, however, made a similar request two years ago, and the present Finance Minister is convinced that only by a Cabinet vested with extraordinary powers can the fiscal crisis be engineered to a safe conclusion. After many delays the committee of experts have completed their survey, and it is on the basis of their report that M. Caillaux will direct his policy. The scheme outlined involves ratification of the American debt accord; payment of war-debt to Great Britain a reorganization of governmental departments; increased production; restrictions placed upon French imports with a view to stimulating home trade, and a cutting down of expenses all-round. The Finance Minister forcibly sets forth the conditions under which the stabilization of the franc may be attained. He reiterates the argumentative plea he has made ever since his return to France, namely, that a sharp application of the axe, cutting down expenses, can alone ensure the restoration of the national budget and safeguard the national currency. M. Peret, who had prepared a reform ordinance, went out of office in that he did not receive the support which the Government had the right to expect. This may mean the obstructive tactics of the Left bloc, the public lack of confidence in his scheme or the refusal of the Bank of France to bolster up the Treasury. All these causes have heretofore militated against a settlement of the financial problem; and the breaking and remaking of cabinets has only postponed the issue whilst complicating the national task. It is to be hoped better fortune may attend the efforts of the present Administration, which is as near a coalition government as France has seen since the war."

WHAT USE PROFITS?

(By Dr. Frank Crane)

It is quite the custom to speak slightly of profits. In the minds of most people the term profit seems to carry the implication of a low motive.

If a person is working to make money he is considered not to be the best kind of man. Often people will say that they do not do a certain thing for the pay that is in it; they just do it for the pleasure of rendering a service to people.

The point to be remembered is that while profit may not be the end and aim of labor and we may not work solely for the pay, at the same time profits is a test of the value of our labor. If nobody wants to pay us for the things we produce, then our labor is wasted. The fact that they are willing to pay us for our production proves the need of our labors.

Henry Ford makes automobiles and he makes them for profit. He makes profit because people want his automobiles. The profits in his case show that he is making something people want.

Doubtless there would be as much energy expended if people worked just to do good instead of for profit, but the trouble is that the world would be filled with a number of productions that nobody wanted.

The money we make is a test of how much our work is appreciated. That is all. Unless people are willing to pay you for what you do, as a rule what you do is not of much account. This is not an invariable truth, but it is one which holds true on the average.

Profits-keep business in useful channels. Without profits business would tend to produce

things that are not useful. There is a good deal of bunkum about not working for money. It often means that what we do is of no value. People know what better than we know what is good for them.—Cpt. 1926.

PRESS COMMENT

THE THIRTEENTH.

(Hamilton Herald)

Probably Lord Willington is not superstitious enough to be troubled by the fact that he will be the thirteenth Governor-General of this Dominion.

SCHOOL TEACHERS IN THE WEST.

(Winnipeg Liberator)

Her field of activity is not bounded by the school. In our rural district, school teachers easily set the tone of the society around them. No one is engaged upon a nobler mission. Their task is with the fresh souls which take and retain so readily the form given to them. It is they who, with the mothers, mould society as it will be tomorrow, and in our parishes their influence may be beneficial beyond measure.

SHRINE OF THE THREE FATHERS.

(Portland Oregonian)

Immigrants to Palestine in 1925 numbered 33,801, almost half as many as during the entire period since the armistice, and 42 per cent. of them had at least \$2,400 each to invest. During the last five years between \$30,000,000 and \$35,000,000 of new capital has entered the country with immigrants, and by investment of outsiders. Having the sentimental backing of the Jewish race throughout the world, Palestine promises to become the most highly developed and richest small country, besides being the shrine of the Christian, Jewish and Mohammedan faiths.

TOO MANY IDLERS CROWDING ROME.

(Kansas City Times)

We have poured over figures relating to production and industry in Italy in an effort to find out whether that country really does need more elbow room in Africa or elsewhere, as Mussolini asserts, and while he seems to have some case, we are convinced that if the Italian people would spread out a little in their boot-shaped peninsula and quit crowding together in front of the Chigi palace in Rome, there would be room for everybody, including the really alarming number of new babies that come along every year. It isn't altogether that the assembling of crowds makes for congestion; humans are gregarious and don't mind being jammed together; but the trouble is crowds don't produce anything except noise and sometimes fights. Italy's real trouble isn't over-population; its under-production. That seems to be the trouble everywhere. You take China, now. That country is so immense nobody seems to know just how big it is, yet it offers the same spectacle that Italy does—crowds standing around. They stand around until there isn't anything for anybody to eat, and then we have to put on a drive for them. A traveller who recently returned from that country told us the Chinese idea of producing food is to salvage the scraps thrown out from American ships in Chinese ports. They get a meal that way and then go and stand around in crowds again, probably listening to some orator telling what ought to be done about the Government.

But we ought not to be too hard on China. In all countries people seem to be more inclined to stand around and criticize the Government than in spreading out on their jobs. And when they get together standing on each other's feet, as in Italy, while waiting to cheer Il Duce, they naturally say to each other, "This country is getting too crowded; what we need is to go and lick somebody and get some more land." But it seems to us the more land a country gets the more the people gather in crowds to cheer the head who got it for them, instead of going and planting it in turnips and cabbage. If Mussolini should get some more land for Italy in Morocco we'd bet there would be such a crowd in front of the Chigi palace in Rome that nobody could get to the grocery store and a lot of Italians would starve to death.

Eastern Townships Farmer RECENT INVENTIONS OF INTEREST TO EASTERN TOWNSHIPS FARMERS

(By K. E. Cameron, 664 Old Orchard Avenue, Montreal)

COMBINED WEEDER AND CULTIVATOR

On each beam of this implement is a rotary colter, and behind it a furrow-opening disk. The first cuts

through weeds and sod while the latter turns them over and buries them. The outward throw of the disks of the two sections ridges the land.

CHICK BROODER

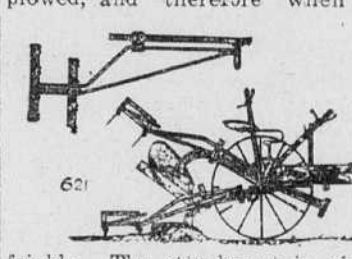

The heating element here is a hot water coil with flexible feed and return pipes. Curtains of porous material are hung along the sides,

and these are slit to allow the chickens to pass. If necessary the coil may be covered with overlapping curtains which are also slit. The device is adjustably suspended from the roof.

HARROW

This harrow can be attached to any plow to harrow the soil as it is plowed, and therefore when most

friable. The attachment is pivotally clamped on the beam. Its rear bracket allows some vertical play to the harrow.

Women Dispose

Of this new hygienic pad as easily as tissue—no laundry

COUNTLESS women have discarded old-time "sanitary" pads for a new and better way.

A way that offers far greater protection. A way, too, that banishes the old-time problem of disposal.

Eight in 10 better-class women now use "KOTEX."

Discards as easily as a piece of tissue. No laundry. No embarrassment.

Five times as absorbent as ordinary cotton pads.

Deodorizes, thus ending ALL danger of offending.

Obtainable at all drug and department stores simply by saying "KOTEX." You ask for it without hesitancy.

Package of 12 costs only a few cents. Proves old ways a needless risk. In fairness to yourself, try it.

Do You Like Lemonade?

"Lemade" is powdered fresh lemon juice made from fresh lemons in the same way as KLIM. It contains no artificial color, flavor or added acid. Already sweetened; just dissolve in water and you have cool refreshing lemonade. Send 25c for trial tin.

because less time on "chores"—more real fun and less drudgery! That's what the new KLIM means to campers and vacationists; it saves wearisome trips to far-away farms in search of milk.

And it has the flavor of the purest fresh pasteurized milk, for it is fresh cow's milk, less the water. Just as sweet and wholesome, just as rich—for it is cream-and-all—and far more safe, because it is pasteurized.

Cut out a regular camping worry this year by taking with you a supply of the new KLIM, powdered full-cream milk. It is compact, easily carried and IMPERISHABLE.

Great Inland Waterways Transportation System and Its Importance to Canada

Canada Steamships Stands Prepared to Meet Growing Needs
For Its Services—Latest Steps Taken in That Connection Are
Most Important in Its History.

MONTREAL, July 9.—(Special)—Canada's achievements as a country of great transportation systems applies not only to its extensive transcontinental land lines but to its great waterways as well. To a country endowed by nature with connected rivers and lakes intersecting a considerable section of the most thickly populated portion of the Dominion the picture of modern development in transportation and travel would not be complete without adequate provision in the way of steamers plying these inland waters from the Gulf of St. Lawrence to the head of the great lakes. To Canada Steamships Lines, Limited, and its predecessors has fallen the task of developing this remarkable opportunity and the interesting point about this big corporation is that in the ordinary course of events it cannot stop growing. It must and is keeping pace with the rapid development of Canada's wonderful endowment of natural wealth.

Commencing many years ago in a small way, it has grown bit by bit until at the present time it represents an investment of close to \$20,000,000. It is now in the process of enlarging its sphere of action by the acquisition of additional property which will place it well above the \$40,000,000 investment level. That an adequate waterways service commensurate with the opportunity is an absolute necessity to the Dominion and one which should be in strong hands directing its service to shippers as well as its financial control is a statement which will not be disputed. This Canada Steamships is now admitted to have in a measure which has been vouchsafed to no previous period of its history.

The company has been steadily increasing the number of boats in service both for the handling of freight as well as for pleasure travel, the latter having increased by leaps and bounds in recent years as the delights of the scenic routes traversed became better known to the people of the North American continent. The largest addition ever made to the company's services, however, came recently through the acquisition of the fleets of the Great Lakes Transportation Company, Limited, and the George Hall Coal and Shipping Corporation, which adds a fleet of over forty vessels with accessories to the already large fleet.

This combination of waterways will, when thoroughly co-ordinated, constitute one of the greatest single water transportation organizations in the world, operating more river and lake steamers, both passenger and freight, than any other single corporation in existence. What this means to Canada can only be adequately grasped by a study of what the River St. Lawrence and its tributaries, together with the chain of inland seas, almost in mid-continent, which come under the better known descriptive term of the great lakes.

SALARIES OF ENTIRE PERSONNEL OF VATICAN ARE TO BE INCREASED

Committee Understood to Be
Considering Doubling Yearly
Salaries of Cardinals.

(Associated Press Despatch)
ROME, July 9.—The salaries of the entire personnel of the Vatican from the lowest employees to the members of the sacred college are to be considerably increased, the newspapers say, in order to meet the higher cost of living. A special committee which has been studying the question is understood to be considering doubling the cardinals' yearly salaries, which are now 24,000 lire, \$828 at the present exchange rate.

FIRE LOSSES IN CANADA

(Associated Press Despatch)
TORONTO, July 9.—Fire losses in Canada during the week ended July 7th are estimated by the Monetary Times at \$890,500 as compared with \$174,700 the previous week, and with \$568,100 the corresponding week of last year.

Fire losses in Canada during June are estimated at \$3,133,402 compared with \$2,573,657 in May and with \$1,973,000 in June last year. The June loss is made up of \$2,500,000 reported loss through fires of \$10,000 and over \$124,402 reported loss through other fires and \$500,000 estimated for unreported fires.

IRREGULAR TONE TODAY ON WALL STREET MARKET

(Associated Press Despatch)
NEW YORK, July 9.—The usual week-end readjustment of speculative accounts imparted considerable irregularity to opening prices in today's stock market. One of the early features was the sale of a block of 27,000 shares of Transcontinental Oil at 4 1/4, unchanged from the previous close. Chesapeake & Ohio opened a point higher at 144, a record top, and United States Cast Iron Pipe showed an initial gain of one point, while Allied Chemical sold down 1 1/4.

NEW YORK PRESS MARKET COMMENT

Furnished by
McManamy & Walsh

Wall Street Journal—There were indications before the end of the session that reacting sales had been pretty well absorbed and the better tone developed by the premier industrial issue.

Journal of Commerce—In the opinion of leading bankers and manufacturers the general outlook is free from disturbing elements and it is now fairly clear that leading lines of business look more promising.

New York World—It looked very much yesterday as if the bears were trying to take the heart out of the public by attacking General Motors and steel.

Wall Street Journal will say today:—

May railroad net was \$88,120,501. Germany's nitrogen output increases.

President Kurn sees good Frisco outlook.

Iron pipe mills busy.

Hopper menace to cotton crop.

Cattleman warn of beef shortage.

Tire price cut not unexpected.

Steel production makes new record.

Reserve discounts at New York drop.

SLIGHTLY UPWARD TREND ON MONTREAL EXCHANGE

(Associated Press Despatch)

MONTREAL, July 9.—There was a fair volume of trading on the local exchange during the first half hour this morning, with values displaying a firm to slightly upward trend. Brazilian was again the most active issue, with about 2,500 shares traded during this period. The stock opened unchanged at 101 1/4, sold up to 101 1/4, but in later trading eased to 101 1/4 for a loss of 1/4 point. Montreal Power was in moderate demand at 224, at which level over 800 shares changed hands. B. C. Fishing got 75 1/4, up 1/4, was the strong spot of the early trading, while Brompton was off 1/4 at 31. Smelters was inactive and unchanged at 212 1/4. Other changes included Atlantic Sugar, off 1/4 at 24 1/4, and Laurentide, up 1/4 at 80 1/4.

Short Time

(Associated Press Despatch)
LONDON, July 9.—The health of the Earl of Oxford and Asquith, Liberal party leader, who was taken ill a month ago, is steadily improving. In a letter to the secretary of the Liberal Summer School, to be held at Oxford this month, he expresses disappointment at his inability to attend, but says: "My health, which gave me some trouble a month ago, is, I am glad to say, steadily improving, and I see no reason to doubt that in a very short time I shall be able to resume my duties."

Premiers may have a conference on the political situation some time today and be joined by Senator Lesperance, Conservative organizer in Quebec.

EIGHT MILLION PUPILS NOW LEARNING THRIFT IN SCHOOLS OF UNITED STATES

By S. W. Straus, President American Society for Thrift

THE importance of thrift as an element in education is rapidly receiving more and more recognition. This fact was emphasized recently when a national thrift conference convened in Philadelphia for the purpose of studying the progress that has been made in the teachings of thrift in the schools since the project was inaugurated in 1915.

It is doubtful if any educational innovation has made as rapid progress within the same period of time as has this movement. Reports were submitted showing a growing interest in this work in hundreds of cities in all parts of the United States. As the result of a survey, Mr. Arthur H. Chamberlain, educational director of the American Society for Thrift, who presided at the conference, estimated that during the school year just closed 8,000,000 students studied thrift in some form. The total amount of school savings bank balances was estimated at upwards of \$30,000,000 with 4,000,000 depositors and deposits for the school

year approximating \$19,000,000.

One of the outstanding viewpoints expressed at the conference was that thrift should be studied not from the standpoint of the mere saving of money but as the science of personal management and efficiency, embracing the correct uses of money and the conservation of time, health and energy.

The value of beginning the study of thrift in the elementary grades also was stressed in order that those who leave school before they reach the junior or senior high schools will have had some instruction in thrift.

The value of these activities to the nation are beyond calculation. The \$30,000,000 in school savings bank deposits does not begin to tell the story. The real worth lies not in the pennies saved during school days but in the characters that are built and in the practical lessons of life that are learned.

No more important movement is now in progress in the United States than the development of thrift teachings in the schools!

YANKEES' LEAD IS CUT DOWN TO SIX GAMES

Cleveland Registered Victory Over New York Yesterday—Mackmen Move Up into Second Place in Race.

(Associated Press Despatch) NEW YORK, July 9.—First honors in the renewed east-west strife in the major baseball leagues go to the east, although the New York Yankees lost a full game to Philadelphia and Cleveland.

While, of the Indians, not only pitched himself to a 6 to 1 verdict over the Yankees yesterday, but also delivered three hits. The Yankee lead has been brought down from ten to six games. Experts predict that the western invasion in the American League will decide the championship.

The Mackmen gained second position in the race by outbattling the Chicago White Sox, to give Ehmske an 8 to 7 victory. Joe Pate had to enter the game in the ninth with a Chicago rally in full blast and he struck out Kamm to end the fray. Joe Pate and Simmons, of the Athletics, hit homers, Pate's scoring two runners ahead of him.

Heavy hitting by the Boston Red Sox and brilliant pitching by Welser downed the Tigers 7 to 3, the sixth straight defeat for the Cobblers. The Tigers drove Welser from the mound in the second, but were sorry afterward, for Welser held them to two safeties for the remainder of the game. The Sox made fifteen hits off Wells and Holloway.

Philadelphia captured the only game played in the National League, straightening the curves of four Pirate pitchers for a 10 to 6 verdict. Waner, Pittsburgh, and Williams, Phillies, hit homers and other extra base hits were numerous.

ROTARY BOYS AND C. C. C. TO MEET TOMORROW AFTERNOON

The Rotary Boys baseball team will line up opposite the Cotton Mill aggregation at the Ball Park tomorrow afternoon at three o'clock, and an interesting encounter is expected. A large number of spectators are expected to be on hand, as was the case when these teams favorably met.

MAJOR LEAGUE LEADERS

The major league leaders to date are as follows:

National League: Batting, Herman, Robins, 377; runs, Blades, Cards, 60; hits, Cuyler, Pirates, 105; doubles, Wheat, Robins, 25; triples, Wright, Pirates, 12; homers, Wilson, Cubs, 11; stolen bases, Frisch and Young, Giants, and Cuyler, Pirates, 16; pitching, Rixey, Reds, won 10; lost 2.

American League: Batting, Ruth, Yankees, 376; runs, Gehrig, Yankees, 79; hits, Falt, White Sox, 114; doubles, Burns, Indians, 34; triples, Gehrig, Yankees, 14; homers, Ruth, Yankees, 26; stolen bases, Meusel, Yankees, 14; pitching, Pate, Athletics, won six lost none.

AMERICAN LEAGUE (Yesterday's Results)

At New York R. H. E. Cleveland 6 11 0 New York 1 8 1 Batteries—Urie and Sewell; Penock and Collins.

PLACER GOLD RUSH IS IN PROGRESS NEAR TIMMINS

First Claim Staked in April, and Now that News Has Leaked Out Scores of Prospectors Are Engaged in Surveying Area

(Associated Press Despatch) TIMMINS, Ont., July 9.—A placer gold rush is in progress ten miles out of Timmins on the banks of the Grassy River, in Ogden and Price townships.

The first claim was staked in April last by J. H. Tomlin and now that the news has leaked out scores of prospectors are engaged in surveying the area and forty-five claims have been recorded at the recorder's office here.

MEHLHORN LED IN FIRST ROUND OF U.S. TOURNEY

Close at His Heels Were Bobby Jones and John Junior, of Portland, Ore.—"Wild Bill" Set Course Record.

(Associated Press Despatch) COLUMBUS, Ohio, July 9.—All but sixty leading golfers will be eliminated from the United States open championship competition by the second round of play at the Scioto Country Club today. While the same three score who holed at the end of yesterday had no assurance of surviving after the second session, their scores indicated that those who had totals higher than 168 for thirty-six holes would be in the discard. The leader for the first eighteen holes was Bill Mehlhorn, of Chicago, who wore his lock of "Wild Bill" by threatening the narrow fairways and finding the treacherous greens with only sixty-eight strokes, a record for the course.

Close at his heels were Bobby Jones, seeking to add to his titles of United States amateur and British open, that of the United States open champion, and John Junior, of Portland, Ore., northwest open title holder. They scored one under par on each nine for totals of 70. One stroke further back came Al Spina, of Chicago, and Joe Turnesa, of New York, while five men, including the defending champion, Willie MacFarlane, had par 72 to their credit. There were three with 73, including Walter Hagen, and a half dozen with good 74's. R. Cunningham, of Kingston, Ont., took 83 for the first round, and Harry Cooper, of Kansas City, who is a product of the Hamilton, Ontario, links, took 84. Peter O'Hara, of Australia, started so poorly that he withdrew.

FOOTBALL

TWO GAMES SCHEDULED FOR TOMORROW

Two games of the Eastern Township Football League are scheduled for tomorrow afternoon when Quebec Central faces East Angus on the Parade grounds and Magog visits Lennoxville, where they will meet the Lennoxville eleven. As will be remembered, Quebec Central tied first place in the league with Beebe by virtue of their win over Magog last week, and Angus winning from Beebe. The paper town boys took the wind out of Beebe's sails when they broke away with a 4 to 1 score scoring the first win over Beebe this year. In the Lennoxville-Magog game, an interesting tie, is expected for. Though these teams are at the foot of the League ladder, they have been able to give the league leaders a set back at different times during the year.

The Quebec Central line up against Angus Saturday will be: McGinty, C. Jackson, Webb, Twyman, Scott, Leach, Milnes, Shand, Allen, Wootton, Jackson, Joiner and Peak.

Lennoxville will meet Magog with the following line up: Stoyles, Poynton, Twyman, Duran, Smith, Pilon, Gilmann, Millard, Thompson, Pearson and McHarg. Reserves, Cutts and Dickens.

TWELVE WRITERS HAVE ACHIEVED IMMORTALITY IN THE LAST 2,500 YEARS

Matter Is Too Controversial to Give a Personal List, Declares Rudyard Kipling.

(Associated Press Despatch) BURWASH, Eng., July 9.—The matter is too controversial to give a personal list, Rudyard Kipling said today when asked to name the twelve writers he had suggested as having achieved immortality in the last 2,500 years. The author's statement made in an address before the Royal Society of Literature Wednesday night has caused great discussion in British literary circles and many lists are being advanced by the critics and writers of letters to the press.

SUGGESTS NAMES

(Associated Press Despatch) NEW YORK, July 9.—Supplementing Rudyard Kipling's statement that quite a dozen writers have achieved immortality in the past 2,500 years, the Herald-Tribune consensus of views of authorities in the United States as to the dozen is: Plato, Aeschylus, Euripides, Sophocles, Plato, Aeschylus, Euripides, Shakespeare, Virgil, Goethe, Cervantes and Balzac.

BOY AND DOG ATTACKED BY A SHARK

Lad Received Serious Lacerations of the Legs and Right Hand—He Will Recover.

(Associated Press Despatch) SAN FRANCISCO, Calif., July 9.—A fifteen year old boy and his dog fought for their lives yesterday when attacked by a shark while swimming in San Leandro Bay. The lad suffered serious lacerations of the legs and right hand, and the dog was severely bitten.

It was the first recorded instance of a shark attacking a person in this coastal or bay region. From the boy's description of the fish, it was believed to have been a shark of the "tiger" variety.

The boy, Norman Peixotto, accompanied by his dog, left his home on Bay Farm Island for a swim. They had not been in the water long when the shark, estimated to have been five feet in length, hurled itself at the dog. The animal, badly bitten, started for shore and the shark attacked the boy. His screams attracted other lads on the beach and they put out in a boat. Young Peixotto twice was pulled beneath the surface before he fought his way to shallow water and was pulled into the boat. Surgeons said he would recover.

ULTIMATUM TO STRIKERS HAS BEEN ISSUED

New York Interborough Officials Assert Subway Schedule Has Been Restored to Within Seventy-Seven Per Cent. of Normal.

(Associated Press Despatch)

NEW YORK, July 9.—The first accident of note since the strike was called on the subway occurred early today when a car of an Interborough Rapid Transit train was derailed between Bowling Green and South Ferry stations. The train was in charge of a motorman recently hired.

The score or so of passengers were assisted to emergency exits safely. No one was injured and but slight damage was done to the tracks. Dense smoke from torn insulation of the third rail caused some confusion. Service was resumed past the scene of the accident in two hours.

The strike assumed a more serious phase today with the threat made by a leader of power house employees that they would join the motormen and switchmen tonight.

This development, on the fourth day of the strike, would tie up the Interborough Rapid Transit system more effectively than the walk out of the motormen and switchmen, all of whom, it has been claimed, have been replaced. The power house and sub-station employees would also be replaced, an official of the company declared and the gradual restoration to normal of the subway and elevated traffic would continue under the emergency personnel.

Fran Hedley, president and general manager of the Interborough, issued an "ultimatum" to the strikers, in which noon, on Monday, next, was set as the limit of the time for their return to their former positions. In the meantime but little inconvenience to the traveling public has been noted. Street traffic continues to tie itself into knots at the junction of the main thoroughfares on account of the increased number of vehicles pressed into passenger carrying service and disorders usually incident to strikes have been notably absent.

The Interborough officials assert that the subway schedule has been restored to within seventy-seven per cent of normal and the elevated lines were operating on virtually their regular schedules.

FOREST FIRES ARE RAGING IN NEW BRUNSWICK

Travel in Woods in Three Counties Barred—Only Heavy Rain Can Bring Relief.

(Associated Press Despatch)

FREDERICTON, N. B., July 9.—No improvement having occurred over night in the forest fire situation in the northern woods of New Brunswick, where more than half a dozen serious fires are raging and only heavy rains can bring relief, was the proclamation issued by Hon. C. D. Richards, Minister of Lands and Mines, today, closing the forests of the three counties in which the principal crown lands forests are located, until the danger period has passed.

The three counties in which woods travel is thus banned are Northumberland, Gloucester and Restigouche. The action was taken, it was explained at the government offices, because most of the serious fires that are now raging were traceable directly to carelessness of fishermen and it was felt that a state of emergency existed and everything possible should be done to relieve the hazard.

No new fires had been reported to the forest service up to noon, but some of the fires were raging more vigorously than ever and spreading over more territory.

ALL BOARDS OF UNITED CHURCH TO BE CONSTITUTED WITH POWERS OCTOBER 1ST

Decision Reached at Emergency Meeting of Executive of Church

(Associated Press Despatch)

TORONTO, Ont., July 9.—As far as supervision and administration are concerned the separate functions of the denominational boards of the church will cease on September 30, the executive of the United Church of Canada decided at an emergency meeting held in the Wesley building. On October 1st, all boards of the United Church of Canada will be constituted with their full powers except where boards had jurisdiction over property, and there they will retain their separate powers of property administration until December 31st.

The moderator of the United Church, Rev. Dr. James Endicott, Toronto, presided at the meeting.

Even the SUPERTWIST CORD Is GOODYEAR-Made!

Factory of The Goodyear Cotton Co. of Canada, Limited, at Ste. Hyacinthe, Que.

KNOWING that the quality of tires depends on the quality of the raw materials as well as on workmanship, Goodyear has for years aimed at increasing control of the sources of supply.

This policy is directly responsible for SUPERTWIST, the exclusively Goodyear cord which makes long-life balloon tires possible. SUPERTWIST was developed in a Goodyear cotton mill.

The Goodyear Tire & Rubber Co. of Canada, Limited, has acquired a cotton mill at Ste. Hyacinthe, Quebec—now operated as the Goodyear Cotton Co. of Canada, Limited.

This factory, now employing 350 people, is devoted entirely to the manufacture of fabric for Goodyear tires—and it is operating 22 hours a day. Thirty-two car-loads of new machinery now being installed will give employment to 150 more people and will greatly increase production.

All of the fabric for the Goodyear Tires which are made in Canada is now made in Quebec.

The Goodyear Cotton Company is but one more of the many ways in which we maintain the quality and keep down the price of the Goodyear Tires which are waiting for you at your nearest Goodyear Selected Dealer's.
