Youth treated like criminal due to court lack – lawyer

By DAVID SLABOTSKY
(Record staff reporter)

COWANSVILLE — The case of a 17-year-old youth which came up in the Court of Criminal Assizes yesterday has been delayed until the beginning of December, plunging the Sweetsburg Ward court in and for the district of Bedford into the maze of a Chinese puzzle.

The puzzle revolves around the fact that, technically speaking, no one at the court is certain whether the youth should be there in the first place, and, if he shouldn't be there, no one knows where else in this district he can be sent. In addition, it has been questioned whether the procedure preceding his entry into the court of assizes has followed the legal legislation concerning minors to the letter of the law, or if the youth has been the victim of make-shift court manipulation.

The young man from Bedford is facing charges of possessing offensive weapons with intent to commit a crime. He made his first appearance in connection with these charges October 28, in the Court of Sessions here, before Judge Jean-Louis Peloquin. At that time he pleaded "not guilty" to the charges and his case was remanded to the Court of Criminal Assizes.

NO TRIAL YET

But the youth has not stood trial as yet, in consequence of a motion made by his lawyer before Justice William Mitchell of the Court of Queen's Bench.

His lawyer, Jean-Paul Couture, from Farnham, moved yesterday that his client's case be completely revised and that all proceedings previously instituted against him be stricken from the records.

Discussion on this motion will be heard December 1.

What remains to be decided is who has jurisdiction over minors in the district of Bedford. Social Welfare legislation requires that any case involving a person under 18 years of age must be decided by a judge of the Social Welfare Court. If a juvenile is to be tried in a regular court on the same basis as a major, owing to the gravity of his offence, then there must first be written authorization to this effect from authorities of the Social Welfare court of the district. But no such Social Welfare court exists in this district and a 17-year-old youth has passed not only through the Court of Sessions but into the Court of Criminal Assizes.

BASED ON LAW

Mr. Couture said yesterdaay that he based his motion on articles 8 and 9 of the law concerning juveniles. Article 8, he said, states that 'any offense in which the accused is under 18 years of age must be taken before the Juvenile Court' and article 9 states that 'when the accused in a criminal offense is over 14 years of age, it must be decided by a judge of the Juvenile Court whether it is in the best interests of the accused to stand trial in a normal court.'" Who, he asked, is the judge of the Juvenile Court in the district of Bedford?

Mr. Couture said yesterday that no one is certain which authority has jurisdiction in

France threatens to quit ECM

PARIS (Reuters) — President Charles de Gaulle said today France might leave the European Common Market "if the Common Market for agriculture is not organised as was agreed."

Information Minister Alain Peyrefitte told reporters after a cabinet meeting that Agriculture Minister Edgar Pisani reported to the cabinet on the deadlocked talks in Brussels among the farm ministers of the six Common Market countries.

The talks were blocked largely by West German resistance to common grain prices.

Peyrefitte said France expressed "in the most categorical way its resolve to make the common agricultural market the corner stone of the building of Europe."

"It is not possible to negotiate successfully with the United States unless the European Economic Community is properly organized, and this cannot be unless agriculture is organized," he said.

Wilson whirlwind wallops Whitehall

LONDON (CP) — Prime Minister Harold Wilson has hit Whitehall with its biggest upheaval in many years.

Wilson appointed 78 ministers for his Labor government within 100 hours and, with 10 new appointments expected today, his administration will be numerically larger than that of Sir Alec Douglas-Home.

Wilson had promised a dynamic first 100 days of power but his whirlwind activity since taking over from the Tories Friday has surprised even close associates and caused a measure of turmoil at Whitehall.

Civil service traditions have been disrupted and some civil servants shifted pell-mell into new jobs. Ministries are being split up and rearranged, creating an atmosphere of excitement and confusion.

Apart from Britain's economic problems, the biggest immediate crisis facing Wilson was a threatened dock strike that could do tremendous damage to the export trade—precisely the area in which the prime minister is trying to improve the country's position.

GIVEN 'BED OF NAILS'

Ray Gunter, the new labor minister, said on taking over his portfolio that he had been given the "bed of nails." The former union chief proved it today by calling together both sides in the docks dispute.

Failure of the dock negotiations could mean the Labor government would be faced with a calamitous stoppage by 65,000 workers in six weeks.

Gunter's swift response to a breakdown of company - union negotiations Tuesday night indicates the government's determination to be decisive and it might also give a hint of the government's broad strategy on the wages front.

Union demands have been accumulating. Besides the dockers, negotiations are well advanced by unions representing 330,000 railwaymen, 14,000 steel craftsmen and 28,000 technical college teachers.

Urges access to markets

SEIGNIORY CLUB, Que. (CP)—The forthcoming trade negotiations at Geneva cannot be considered a real success if they do not provide acceptable conditions of access to markets for Canada's agricultural products, Trade Minister Sharp said Tuesday.

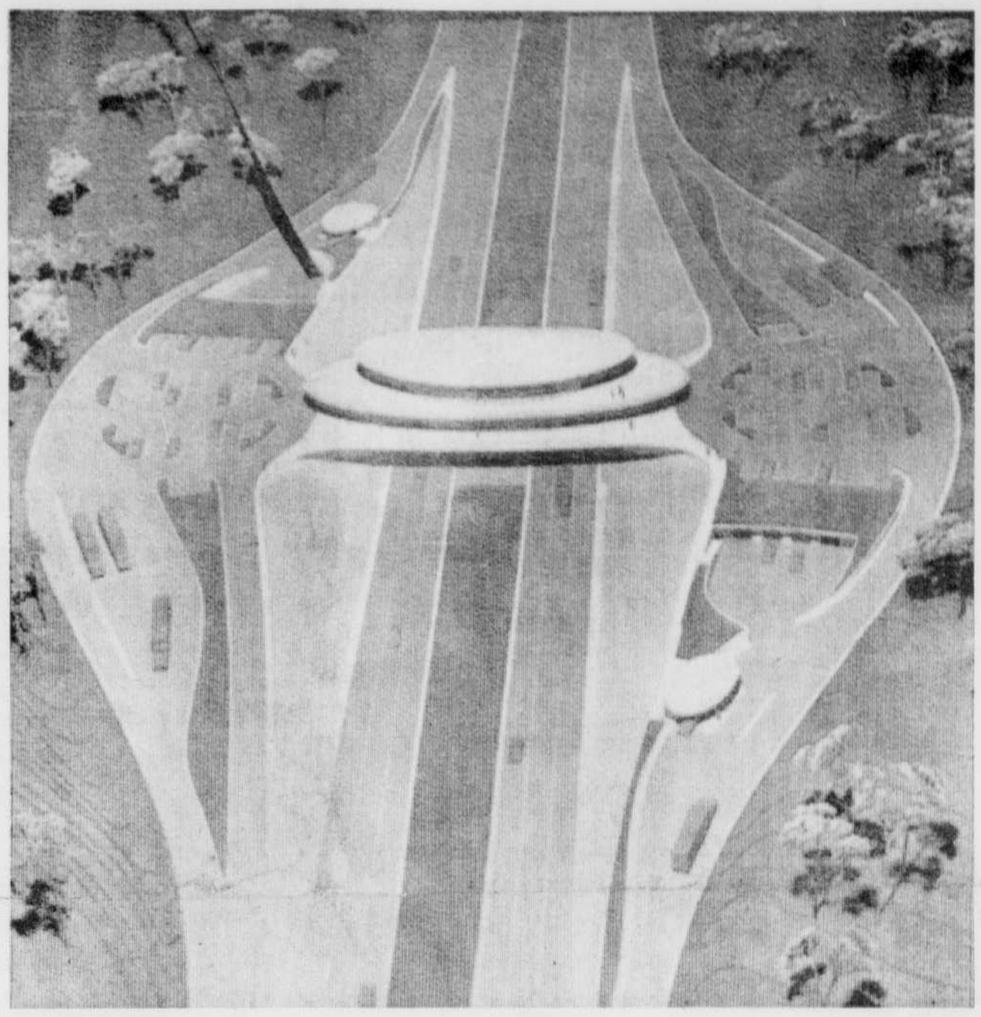

He told the 21st annual meeting of the Canadian Export Association that agriculture is shaping up as the critical area of the talks.

"We have yet to see clear evidence that the European Economic Community is prepared to accommodate its common agricultural policy to the export requirements of the major agricultural producers," he said.

For Canada, with agricultural goods making up 30 percent of its total exports, this question was vital.

Mr. Sharp also told the 300 delegates that the Crown-owned Export Credits Insurance Corporation will be extending coverage it sells to exporters to make up possible losses on foreign sales.

The corporation had come under scrutiny and some criticism from delegates at earlier sessions of the convention.

To sell shares in mill

QUEBEC (CP)—Some details of the financing of Quebec's planned $225,000,000 steel mill now are known although the site of the 600,000-ton-a-year plant has not been picked.

Gerard Filion, managing director of the General Investment Corporation which will build and operate the plant, said Tuesday the firm will go to the public for funds late next year or in early 1966.

He told a Montreal press conference public participation will be sought through offering of bonds and debentures-common stock packages in units. The corporation, set up by the Quebec government to stimulate industry, will control between 45 and 49 per cent of the common stock.

The corporation is organizing the integrated steel plant and financing its initial operation with $25,000,000 invested by the Quebec government.

Mr. Filion and Rene Levesque, Quebec resources minister, have stated they favor Becancour as the site for the mill. Becancour is on the main St. Lawrence navigation channel 90 miles northeast of Montreal and the corporation has taken options on relatively cheap land there.

PREFER CONTRECOEUR

However, consulting engineers have strongly recommended Contrecoeur, a heavily-industrialized district just east of Montreal because it is closer to the major metropolitan market.

A labor spokesman welcomed the steel mill initiative although initial reaction from a Canadian steel firm consulted in the project was guarded.

Jean Gerin - Lajoie, senior vice-president of the Quebec Federation of Labor and United Steelworkers of America (CLC) representative, said in a statement the QFL welcomes the development and its financing. He said the control of the mixed private and public enterprise by the General Investment Corporation will ensure that it will respond to public needs.

Hoover dies

NEW YORK (CP) — Public homage to Herbert Clark Hoover, 31st president of the United States who died Tuesday, officially begins today.

His body will lie in state for 48 hours in St. Bartholomew's Episcopal (Anglican) Church on Park Avenue, watched over by a guard of honor representing all U.S. armed forces.

The tribute will be repeated Friday and Saturday in Washington in the Capitol Rotunda where assassinated president John F. Kennedy was honored last November and where in April tribute was paid to Gen. Douglas MacArthur, the warrior who once served as Hoover's army chief of staff.

Quebec 'sound'

NEW YORK (CP) — Robert Winters, chairman of the British Newfoundland Corporation, said today United States investors have nothing to fear from conditions in Quebec.

"Basically the heart and core of Quebec are sound and the growth of nationalist feeling there need not be a deterrent to anybody contemplating an investment in the rich resources or business opportunities in that province," said Mr. Winters.

Redistribution

OTTAWA (CP) — The far-reaching redistribution bill still is tied up in knots in the Commons, six months after it received approval in principle.

Sitting in committee of the whole all day Tuesday, MPs passed 19 secondary clauses of the bill amid intense haggling and horse-trading.

End attack

COPENHAGEN (AP) — Denmark's Communist newspaper says the Soviet Union's new leaders have halted their campaign to downgrade Nikita Khrushchev because of the adverse reaction from most European Communist parties.

Peter Schaeffer, Moscow correspondent of the Danish party's Land Og Folk, said meetings in Soviet plants, state institutions and other places attacking Khrushchev have been stopped.

New constitution

SAIGON (AP)—Reaction from rival power groups to South Viet Nam's new provisional constitution was awaited today. Called a step toward civilian rule, the constitution continues a powerful military voice in the top echelon of government.

Some diplomats described the constitution as better than expected in view of weeks of political infighting that accompanied its drafting, but still short of what was hoped for.

The constitution drafted by the 17-man High National Council and released Tuesday set up a four-man security council of whom at least two will be military men.

The council is given broad authority to handle the military affairs of this U.S.-backed country beset by war with the Communist Viet Cong guerrillas.

The council's authority includes the power to establish martial law and "to proclaim cease-fires or negotiate in the war situation."

Gang boss kidnapped

KIDNAPPED — Joseph (Joe Bananas) Bonanno, 59, above, was kidnapped in New York early today, police say. Bonanno was named in U.S. Senate testimony by Joseph Valachi as a Cosa Nostra leader. Police said Bonanno was kidnapped by two gunmen from a parked car on Park avenue. He is under subpoena to appear before a federal grand jury in New York.

Hydro's buy Quebec policy stable

MONTREAL (CP) — Hydro-Quebec's buy Quebec policy contributes to the stabilization of both Canada's economy and "fairly confused" political situation, Jean-Paul Gignac, a commissioner of the Quebec Crown corporation said Tuesday.

He was addressing the purchasing agents association in Montreal.

Hydro - Quebec is authorized by a June 11, 1962 order-in-council to "grant preferential treatment to any company whose principal place of business is in the province of Quebec even if this company's tender is not the lowest."

Mr. Gignac, stating that he wanted to answer criticism this "balkanized" Canada's economy, said Hydro-Quebec will not rest until its preferential purchasing policy results in a substantial number of electrical equipment firms building industrial plants in Quebec.

"We will have to create 450,000 jobs in the next six years in Quebec. If we fail, the disaster will be not only economic and provincial—it will also be political and national.

"For all these reasons, Quebec must be economically strong. You may rest assured that the whole of Canada will benefit from the wealth of a rich Quebec."

The reason for the buy Quebec policy was the "discouraging chronic unemployment situation" in the province.

"It is only fair and just that the government should officially take emergency measures which are translated into this preferential treatment for Quebec industry," he said.

Police found blameless - Wagner

QUEBEC (CP) — Acting Attorney-General Claude Wagner, in a report to Premier Jean Lesage, says separatists, university students, thugs from Montreal and a small group of reporters caused most of the trouble when Queen Elizabeth visited Quebec City Oct. 10-11.

He said in the seven-page report resulting from an investigation into alleged police brutality that separatists made it clear weeks before the visit that they intended to make trouble, and that French-speaking Canadian groups like the 300,000-member St. Jean Baptiste Society "created an atmosphere conductive to extremism" with their pre-visit statements.

Premier Lesage told a press conference at the Montreal International Airport before he left for a three-week trip to Europe that the press prepared the ground for the Quebec City royal visit incidents.

"The greatest danger for Quebec, as elsewhere in all countries, is yellow journalism," he said.

The premier said the thousands of police on duty during the royal visit protected the Queen. "As for myself, I couldn't have cared less," he said.

'WANTED A NEW DALLAS'

Mr. Wagner told the Montreal press conference there were people "who wanted a new Dallas at Quebec City," referring to the assassination of president Kennedy a year ago. He said "serious" journalists were able to circulate throughout the crowds during the royal visit without incident.

In Quebec City, Mr. Wagner read the report to about 30 reporters, and a few Laval University students representing the campus weekly, at a press conference held in the private bills committee chamber of the Quebec legislature.

Armed provincial police patrolled the halls outside, an unusual measure, checking press cards and turning away several students.

Premier Lesage himself, as well as a couple of cabinet ministers, were present for a while.

Mr. Wagner said no one has brought him evidence that "one drop of blood was shed" during the 38 hours the Queen was here, despite what he termed "exaggerated and imaginative" news reports.

WAGNER — Solicitor-General Claude Wagner said at a press conference he hasn't been able to find any evidence of police brutality during the Queen's visit to Quebec City Oct. 10-11. Mr. Wagner shown here, blamed extremist statements for the climate of tension that made the security measures necessary.

Roger Provost

Top Quebec labor leader dies

MONTREAL (CP) — Roger Provost, one of Quebec's leading labor figures, died in hospital Tuesday following a heart attack.

Mr. Provost, president of the Quebec Federation of Labor—the provincial wing of the Canadian Labor Congress—was 53.

A supporter of Canadian and Quebec provincial autonomy within the international labor movement, Mr. Provost obtained a special status for the QFL within the CLC because most of its members are French-speaking.

He headed the QFL since its beginning in 1957 when the Quebec Labor Federation and the Federation of Quebec Industrial Unions fused. He was Quebec Labor Federation president from 1950.

Premier Lesage said Tuesday Mr. Provost was a "powerful defender" of labor's rights. CLC President Claude Jodoin said Mr. Provost's death is a "very great loss to the free trade union movement and our country."

Jean Marchand, president of the rival Confederation of National Trade Unions, described Mr. Provost as an "ardent and devoted" union leader.

RELATIONS WERE GOOD

"Even if we have not always agreed with Mr. Provost, our personal relations were good and we were able on many occasions to realize united action above the conflicts of interest of our respective groups and our differences of opinion," he said.

Mr. Provost's most conspicuous recent initiative was the QFL's militant fight to force the Quebec government to make changes in its new labor code last April. To enforce the union's position, the QFL voted for a general strike at a swiftly organized general meeting.

The amended code eliminated such articles as placing labor contracts within the jurisdiction of the Quebec Civil Code, a move objected to strongly by organized labor.

Mr. Provost, a native Montrealer, entered the labor movement in 1947. Prior to that, he had been an insurance inspector, a journalist and bank employee following his education at College St. Jean, a French-language classical college in St. Johns, Que., and the University of Montreal.

HOLLYWOOD (AP) — Victor Borge will soon be marking the 25th anniversary of a long-blooming romance between himself and the United States.

It all began in 1940 when the Danish pianist - humorist and Adolf Hitler decided to disagree. "And look what happened to him!" Borge is fond of pointing out.

Borge was recently back in Hollywood, where his American fame started. He had come to emcee a couple of Hollywood palace shows and to pick up some handsome fees for local engagements with his one-man show. In between, he paused to reflect about the changes in his life during the last quarter-century.

"I had been Enemy No. 1 of the small but active Nazi party in Denmark," he recalled. "They constantly attacked me on the front pages of their newspaper because I spoke my mind about Hitler. I knew the invasion was coming and I would be on the liquidation list, so I took an engagement in Sweden."

MANAGES ESCAPE

The Germans did invade Denmark, and Borge's return was demanded. He replied that he had contracts to fulfill, and he managed to have his wife join him. Because she was an American citizen, he also managed to join her on the last transport ship leaving for the U.S. from Northern Europe.

The American consul who arranged the trip made a prophetic comment: "I saw your show in Stockholm. All I ask is that you make people in America laugh as much as you made me."

Borge is fond of recalling his equipment for conversation when he arrived in New York.

"My English consisted of what I remembered from school 15 years before," he said. "Mostly it was 'I am, you are, he is, etc.' It's pretty boring to try to converse with someone who can only say 'I am, you are, he is, etc.'"

But Borge soon learned the langage—and the customs. He had his first engagement at a charity affair in Palm Beach, Fla., filling in when Hildegarde became ill. He was a hit from the start.

REBID PATTERNS
NO-TRUMP HAND

By OSWALD JACOBY

South's jump to two no-trump showed 18 or 19 points and a no-trump pattern. With 15 points in his own hand North might well have jumped right to six no-trump, but he wanted to explore the possibility of a grand slam in a suit. Hence, his three-diamond call.

South's three-heart bid showed a heart control and confirmed the fact that his two no-trump bid was sound. He had 19 points, including three aces.

North had another chance to go to six no-trump, but chose to temporize once more with three spades. South raises to four. For all he knew North might hold a spade - diamond two-suiter.

At this point North jumped to six no-trump. South wanted to bid seven, but could not find any excess values to justify that bid.

Six no - trump was the ideal contract and South had no trouble making it. He simply went after spades and conceded one spade trick.

Strangely enough, if South had bid seven no - trump he would have made that contract also. When the spades failed to break he would attack diamonds. Then he would have cashed the 13th diamond and his remaining hearts. East would have to drop one club on the last diamond, and another on the last heart, in order to protect his jack of spades, and South would have made three club tricks in addition to three spades, three hearts and four diamonds.

About Television

By CYNTHIA LOWRY

NEW YORK (AP) — The speciality of Alfred Hitchcock's television suspense series is irony.

The well - produced, well acted hour keeps out of a rut rather successfully. This week's story, for instance, was a scary script in which the terror was applied artificially by putting the principals in an abandoned waterfront shack over-run with rats.

This nasty business climaxed an interesting story about an ex-convict and the widow of his cellmate frantically trying to recover some stolen money. Ann Sothern was particularly good as the widow. Fate took a gruesome hand in polishing off both of them at the end.

The program is usually at its best, telling those dry, understated British - type stories, which often involved soft-spoken husbands and some digging and cement - mixing in a cellar. There was one such a week ago —complete with a neat, ironic twist.

The batting average of the program is much higher than most others — which undoubtedly accounts for its longevity.

Prime tip-off on Jackie Mason's troubles with the Ed Sullivan show management came Sunday night when the comedian finally wound his monologue and the camera moved to host Sullivan — whose face looked like a thundercloud.

Even if one failed to react to Mason's gestures — and many did not even notice them —the casual viewer could see the comedian was not ending his performance as fast as the show's director wanted. It is vital that acts obey instructions with drill - team precision to keep a live program on its tight schedule.

Second snow comes to ET

The weatherman presented us with our second snow flurry of the season early this morning. The first snow fall, which was very light, as was this morning's, fell on October 10 according to a spokesman for the Lennoxville Experimental Farm today.

For those of you who still have your winter coats, mufflers and coonskin coats in mothballs and have no earthly idea where your galoshes were left last Spring, now would be as good a time as any to look them up.

Last year's first snow fell later than this year. The first snow fall was recorded by the Lennoxville Experimental Farm on October 29.

The second snow fall last year occurred on November 2 and the first to remain on the ground fell sometime at the end of that month, according to an Experimental Farm spokesman.

Ayer's Cliff

To repair street drains

AYER'S CLIFF — (Special) — Council has made plans to repair street drains on Tyler Street and Main Street as soon as possible to eliminate flooding problems. The roads committee announced its intention of applying a few extra loads of crushed gravel to various gravel roads before winter sets in.

The lighting committee revealed plans for extra and better lighting around town. Tyler Street will be lighted by 200 watt lights, replacing the present ones of half that power, with new fixtures. Round Bay Road will have five additional lights installed and Strathcona Street will get one new light and some relocating will be carried out.

Two extra lights will be added to the lane past Crook's Garage to Sanborn Street.

Sherbrooke Symphony

Enthusiastic concert in new U of S auditorium

By JOSEPH WEARING
(Special to The Record)

The Sherbrooke Symphony opened its series yesterday evening in the magnificent new auditorium at the University of Sherbrooke. Architecturally the building is a great success; on just one hearing it is impossible to pass judgment on the acoustics.

From where I sat, at the back of the hall under the balcony, the sound came through clearly, but the tone was somewhat dry. This might have been the fault of the orchestra and I will be anxious to hear how the hall sounds at subsequent concerts.

The orchestra's playing was quite successful on the whole. They are an enthusiastic and musical group, who approached every work on the program with a clear understanding of what the music was about.

At times the tone of the strings lacked warmth and their rhythm was imprecise, but this improved as the evening went on. After the intermission the lower section of the orchestra provided a more solid foundation than they had in the first part. The woodwind section was notable for its very fine playing throughout.

The program began with some good ensemble work in the Overture to Beethoven's Fidelio. The major item in the first part was Brahms' Third Symphony — a difficult work which the orchestra tackled valiantly.

The main themes were played convincingly; but the orchestra did have some difficulty in keeping up their interest through the long bridge sections and the tension slackened accordingly.

Jacques Simard was the soloist in Mozart's Concerto in C. Mr. Simard is a virtuoso of high order and his playing was sensitive and musical, particularly in the three cadenzas. The orchestra provided an excellent accompaniment — always firm, but never obtrusive. This was the highlight of the evening.

The program ended with waltzes from Richard Strauss' opera, Der Rosenkavalier. Good tone and precise playing made for a pleasant performance; one did feel however that the players were puritans at heart — this decadent Viennese romanticism was something they really didn't believe in.

Richmond courses given

ROTARY FARMERS' NIGHT Guest speaker at Rotary Farmers' Night held in Waterville last night was Robert Boyd, right. Aso present were Wilf A. Crowley, left, chairmar of the rural-urban Committee, and guest Tom Ride, center.

Power project at Manicouagon described at rural-urban night

WATERVILLE — (Special) — Some 140 Sherbrooke Rotarians and their farmer friends were present at the annual rural-urban dinner held in the Waterville United Church hall last night.

Robert Boyd, general manager of distribution and sales, Quebec Hydro, spoke on the search for energy and showed a film on Manicouagon Project No. 5, a tremendous power development project now being undertaken.

"The demand for power and energy tends to double every ten years," Mr. Boyd stated. He spoke of the planning required to produce, transport and distribute electrical energy at the cheapest cost compatible with a sound administration in order to ensure the economic development of Quebec.

"The method of forecasting power requirements for future growth is based on the past rate of growth and has proven reliable," Mr. Boyd said.

A vast program of exploration for new sources of power is underway. Three power plants are being built on the Manicougan River, some 130 miles from Baie Comeau, the largest of which is Manic 5. Started in 1959, this huge undertaking comprises the construction of a multiple arch dam 4200 feet wide and 703 feet high which will impound 5000 billion cubic feet of water, creating an 800 square mile reservoir.

A color film was shown on the Manicougan project which is one of the larest construction sites in the world. Here a construction camp, in the form of a town, houses some 4600 people. Families have moved in and there are schools, stores and playgrounds.

The speaker was introduced by Gerald Miltimore and thanked by Howard Nichol.

Child betterment H&S objective

AYER'S CLIFF — (Special) — Mrs. A. Scott, of Magog, assistant chairman for the membership and programming committee of the home and school association, was the guest speaker at the October meeting of the association held in the high school, last Thursday.

Mrs. Scott, who was introduced by the association president, Mr. W. Browning, spoke on the role of home and school. She stressed the fact that home and school associations have as their first and foremost objective working for the betterment of the children.

Such questions as the problems of the associations to increase membership, the need for realization of the over-all picture of H & S and how a better communication between home and teacher can be achieved were dealt with.

Mrs. Scott recommended a number of subjects which should be studied and put into practice for this district. The first and most important, she said, was more guidance counselling for pupils in grades 10 and 11.

Another subject was the education for retarded children and also more technical education for those boys and girls who have a natural aptitude in this direction.

Another recommendation suggested that the home and school might work for is the compulsory inoculation of all children in this district.

Mrs. Scott suggested that the home and school association members should try to interpret the aims and aspirations to the public and that the association should be a place where the parents could get something at the home and school meetings that they could not get elsewhere. Secondly, she asked what better organization was there for parents of similar ideas and outlook to meet together in to discuss school needs and childrens' needs.

It was suggested that any parent interested in the cafeteria be asked to join in a shower of dishtowels which are badly needed. It is hoped for a good response for these necessary articles.

Mr. Bob Goodsell made a report on the amplifier which is in the planning stage for the auditorium and was appointed to meet with the school board to ask their approval.

The UNICEF collection was planned to take place on Friday afternoon after school.

The party usually held after the collection will not be held this year. Instead a mask record hop is planned for Saturday night at the high school for pupils from Grade VI up. Everyone is asked to come in costume if possible. Mrs. Wallace Browning is to be in charge of procuring judges. Prizes will be given for the most outstanding costumes.

For Sherbrooke, Magog

Hydro production is halved by dry spell

Hydro output for Sherbrooke and Magog power plants has decreased this fall to almost one-half last year's output, the two cities report.

The decrease is blamed on the low level of the Magog River.

This is, in turn, the result of low water level of Lake Memphremagog.

The lake level yesterday was 679.62 feet above mean sea level, according to Dominion Textiles Ltd. whose Magog plant regulates the outflow from lake into river.

This is almost one-half foot below last year's level at this time and is termed by a plant official as the "lowest level the lake has reached in years."

The experimental farm at Lennoxville reports recording ten inches less rainfall for the first nine months of this year than last. Precipitation from January to October this year totalled 29.36 inches, while 39.35 inches was recorded for the same period in 1963.

Rain during the weekend and Monday the first in the area for some time dropped .68 inches of rain, the experimental farm says.

The city of Magog reports that its hydro plant produced only 372,000 kilowatt-hours of electricity during the month of September while in September 1963 561,600 kilowatt-hours were produced. Thus the city had to buy an additional 189,600 kilowatt-hours from Southern Canada Power.

Magog secretary J. P. Lange says that "under normal conditions" Magog buys 75 per cent of its electricity and produces the rest from the city plant. September 1963 was classed as a "normal" period.

The two generators of the Magog plant ran for a total of 1131 hours out of a possible 1440 hours in September 1963 During 1964 they ran for only 591 hours during September.

The city of Sherbrooke's three hydro plants on the Magog River have been similarly affected by the reduced water flow. The city electricity department reports that production on the Rock Forest plant was 460,000 kilowatt-hours in September of this year. This is a substantial decrease from the 745,000 kilowatt-hours produced in 1963.

The Drummond plant produced 80,000 kilowatt-hours this September and 135,000 during September 1963.

The Frontenac plant produced 338,600 k.w.h. this September. During September 1963 it produced 756,000 k.w.h.

Hydro-city-Sherbrooke's other two plants on the St. Francis River have not been affected as much by the dry spell. These two plants, near Weedon and Westbury, receive water from lakes St. Francis and Aylmer.

Says French Canada confined to 'reserve'

By DAVID WEBSTER
(Record staff reporter)

Under confederation French-Canadians are confined to the "reserve" of Quebec, the president of the separatist Rassemblement pour l'Independence Nationale said last night.

"Outside Quebec they have no rights, neither in law nor in fact," he said.

Pierre Bourgault, journalist for La Presse, was speaking at St. Michel secondary school before a crowd of about 200.

The visit was part of a speaking tour to recruit members for the organization.

At present there is no RIN section in Sherbrooke.

The audience, composed mainly of young students, included a bloc of about 25 apparent non-sympathizers — several of them conspicuous in Bishop's University jackets. They listened to the speeches, and asked no questions, but left in bloc before the meeting was over.

Mr. Bourgault's speech was preceded by addresses by Pierre Lemieux, president of a local French-language youth group and Pierre Jodoin, president of the University of Sherbrooke students' association. Both spoke in personal capacity to support the "independentist" movement.

Mr. Bourgault, gifted and often witty as a speaker, drew many serious questions in the question period following his speech.

The meeting was an orderly one.

Mr. Bourgault said that, as a minority group, French Canadians are condemned to slow assimilation into the English-language majority. Thirty per cent of the French Canadians living outside Quebec have already been assimilated into the English-speaking group, he said.

Bilingualism does not exist across Canada, he said. Quebec must be bilingual while the other provinces are unilingually English.

Even in Quebec, he said, French-Canadians only control 12 per cent of the economy although they make up 83 per cent of the population.

Mr. Bourgault stressed that the independence of Quebec is not a solution to French Canadian problems. "It is an instrument, means by which we may solve our problems."

"Without it the government of Quebec finds itself limited,

New plants stress economic reality

Announcement by Premier Jean Lesage that Quebec plans to go ahead with its project for a government-sponsored steel complex in the vicinity of Montreal, coupled with earlier statements that the new plant for the assembly of French automobiles will be located just north of the Metropolis, will be greeted with mixed feelings by people outside the metropolitan area.

When the General Investment Corporation was created a few months after the present government took office at Quebec, one of its prime purposes supposedly was to aid in plans for the decentralization of industry in this province.

Through government intervention new industries could be attracted to the depressed areas where employment opportunities were in poor supply. The prosperity that is being enjoyed by the Montreal area would be spread to all parts of the province.

But, apparently, this was rather a pious hope.

Admittedly the GIC has provided limited aid to a few small industries located in the smaller centres to strengthen their facilities, but the two major projects sponsored by the government-aided agency will be located in an area of relatively high employment.

Thus, again, the grim truth of certain economic facts has been proved. To operate efficiently, any major industry must base its operations within a reasonable distance of its markets.

Montreal is seen as the major buyer of the new French cars, so the plant will be located near that city. The car firm is to be the chief customer for the steel mill. So, that too, goes to Montreal.

Even governments must face economic realities.

Herbert Hoover, great humanitarian

History may not classify Herbert Hoover as one of the greatest presidents of the United States, but to tens of millions of people both within and without that nation he will be considered as one of the greatest men ever to hold the presidency.

As president when the "great depression" hit the national in 1929, he endured much abuse. Many still believe that his insistence on relieving the deprivations and sufferings of the early depressions years through the application of the principles of private charity — probably the result of his early Quaker upbringing — created needless misery.

But as a humanitarian and public servant he has a record unmatched by most men.

At the outbreak of the First World War, he was made chairman of the American Relief Commission charged with aiding Americans stranded in Europe to return to the United States. As hostilities continued, he assumed responsibility for securing food and clothing for the inhabitants of war-devastated Belgium and Northern France, adding to these duties that of U.S. food administrator when that country entered the war.

With the end of the war, he turned his attention to supplying food to the stricken countries of Central and Eastern Europe.

His efforts with these relief organizations is credited with saving millions of lives.

After eight years as Secretary of Commerce, he assumed the presidency in 1929, only to be defeated four years later, largely through discontent at his handling of the economic crisis.

For several years he retired from public life, but in 1946, then 72 years of age, he endeared himself to another generation of Europeans by taking charge of coordinating the food supplies to 38 nations which were badly affected by World War II.

On the home front, he won acclaim for the famed Hoover Report of 1949 recommending improvements in the organization of the executive branch of the United States Government.

Believing that "work is the best antidote to ills and pills," he continued his activity in varied fields of endeavor until a few days before his death at the age of 90 years.

No 'repatriation' of constitution

The average Canadian may be excused for using the term but Prime Minister Pearson, as a former university professor, should know better than to give us a false lead by talking about the "repatriation" of the Canadian constitution.

According to dictionary definitions repatriation means restoring or returning to one's native land. And by the wildest stretch of the imagination, the British North America Act cannot be repatriated.

It was an act of the Imperial Parliament and still forms part of the legislation of the United Kingdom. It never has been on Canadian soil and therefore cannot return here.

If and when it comes to Canada it will have the status of a landed immigrant, a newcomer who hopes to become an integral part of the life of this country.

Like any other desirable newcomer it will be welcomed, but not as a repatriate.

Other papers say:

Much needless ado over Red prof.

(Calgary Herald)

It is difficult to understand why some Saskatchewan parents should be disturbed because a visiting professor from Moscow State University will be teaching economics this year on the Regina campus of the University of Saskatchewan.

Yet, according to Mr. Ken More, the Conservative MP for Regina, several students are worried that the professor will spread Communism among the student body.

Mr. More's fear that the presence of Professor A. B. Nicolaev in the Regina campus might cause the spread of Communists ideology, as well as threaten national secrity, is ridiculous.

After all, an introduction to Communist ideology is already available to any Canadian student who takes the trouble to visit the library and borrow a copy of Marx's Capital or the Communist Manifesto. Similarly, any university student studying history or political science cannot be expected to ignore the fact of Communist ideology if he desires a well-rounded education.

There is no evidence that this ready access to Communist material has turned Canadian under-graduates into a mob of hot-headed subversives, waving the red flag and campaigning for the revolutionary overthrow of government. Why, then, the fuss about Prof. Nicolaev's one-year sojourn on the Saskatchewan campus?

Mr. More doesn't seem to have much faith in the reasoning power of the average Canadian undergraduate. He refers darkly to the fact that the professor is going to deal with "adolescent minds." If the Regina member is saying that, after twelve years of elementary schooling, young Canadians still lack the ability to reason, assess and evaluate various political and economic doctrines, then he is also suggesting that our present school system is worthless. nI so doing, he is being less than fair to both the students and to the people who have sought to educate them prior to their admission to university.

In our view, Prof. Nicolaev can do no harm. Indeed, he might benefit from his contact with democracy. Furthermore, the University of Saskatchewan should be commended for its initiative in arranging with the Soviet authorities for a visiting professor under the Canadian-Russian cultural exchange program which has been in effect for several years. It's a worthwhile ideal which might well be followed up on other campuses.

Army emerges supreme

Lenin's proletariat dictatorship exits Russia with Khrushchev

NEW YORK — (NEA) — The Red army, once the subordinate instrument of the Communist party, has emerged as the real power in Russia.

On the 47th anniversary of the Soviet revolution, which Russians will mark Nov. 7, Lenin's dream of a universal Communist state lies in ruins. Russia, it is now clear, is heading toward a military dictatorship instead of Lenin's dictatorship of the proletariat.

In the view of some specialists on communism ,this is the real significance of Nikita Khrushchev's fall from power.

Leonid Brezhnev, who replaced him as chairman of the Communist party, and Alexei Kosygin, the new premier, have neither the authority nor the popular backing to attain the pinnacle in the Kremlin, together or singly. They are primarily economic managers and technicians. They are not Marxist-Leninist theoreticians or skilled Red politicians.

Brezhnev and Kosygin are at best interim figureheads who will stay at the Kremlin's helm only as long as the Red army needs them.

They will of course, continue to use the esoteric language of Marxism-Leninsm which is a part of the Soviet mystique. But there is no question that within Russia and without, the job of the new men in the Kremlin, under Red army guidance, will be to pursue not communism but Russian national power and interest.

Marshal Sokolovsky, the hero of Stalingrad, and other high-ranking Red officers—including Marshals Georgi Zhukov and Ivan Konev, who were disgraced and ousted by Khrushchev—are now believed to be the men who call the tune in Russia.

The elimination of Khrushchev therefore throws American and NATO policies into complete disarray.

Soviet military strategists always feared a conflict that they might have to fight on two fronts—in the West and in the Far East.

Although Khrushchev insisted that the Chinese would not have an atomic weapon in their possession for another five or six years, military leaders obviously were aware that Mao's atomic test was imminent. Indeed, it followed the ouster of Khrushchev by a mere several hours.

The Kremlin's new team is expected to reverse Khrushchev's policy and work for a rapprochement with Red China. This means greater Russian military and political backing of Mao Tse-tung's "war's of liberation," especially in Viet Nam, Laos and elsewhere in Southeast Asia.

Glastonbury, England

Legend and history blend here

GLASTONBURY, England (CP) — Crumbling stone walls probe the English sky and mark the spot where some men say Christ walked.

The ruined abbey here harbors other exciting traditions. King Arthur and Queen Guinevere are said to be buried under the carpet of grass that now grows around pillars of what was a vast cathedral.

There is little doubt that Glastonbury is the oldest religious foundation in Britain. Archeological evidence indicates the presence more than 2,000 years ago of a Celtic pagan temple.

The Somerset town's early history is an irresolvable mixture of legend and fact. It starts with Joseph of Arimathea, believed to have been the Virgin Mary's uncle. He was a merchant bearing tin from Britain to Phoenicia.

Several independent south England oral tales agree in saying that when Jesus of Nazareth was a young boy, before he proclaimed himself the Son of God and began his ministry, he came to Britain with Joseph and stayed briefly at Glastonbury.

It was the same Joseph who, years later, received Christ's body from the Crucifixion Cross and buried it in a sepulchre. Then, forced out of Palestine, Joseph returned to Glastonbury and began preaching Christianity in the year 60.

He arrived at Weary-All Hill, one of several that make up the tongue of land that projects into the marshes here. He drove his staff into the ground and local inhabitants still say it grew into a thorn tree that blossoms twice a year, at Christmas and Easter.

Joseph is reputed to have brought with him the chalice that Christ used at the Last Supper. It is said to be buried in the vicinity of what now is called Chalice Hill ... mysterious perpetual "Blood Spring." Its water is rich in iron and leaves a red deposit on rocks, leading men through the ages to suppose that the water is tainted with blood and that it rises from the Holy Cup itself.

Pilgrims still worship at the shrine.

But what of Arthur, that half-real, half - legendary sixth-century knight who is at the hub of so many glorious British stories?

Who has not heard of the majestic deeds of the Knights of the Round Table, of the Palace of Camelot, the magic sword Excalibur Merlin the Magician, Sir Lancelot and his tragic love for Guinevere, Sir Galahad's quest for the Holy Grail and Arthur's death after the Battle of Camlann?

The Arthurian cycle of tales was much inflated by French writers during the middle ages. It is doubtful that the historical Arthur was anything more than a heroic British general who fought effectively against the Saxon invaders.

But medieval writers spoke of him as king of all Britain and dealt lovingly with his chivalry and miraculous exploits.

DAVIS' DONATION

The Davis Cup, the most prized trophy in international tennis, was donated by Dwight Davis, a member of the first U.S. team which beat Britain in 1900.

TWENTY YEARS AGO

(From the Record of Saturday, October 21, 1944)

FOSTER — The regular meeting of the Women's Auxilliary was held at the home of Mrs. Fred Lace. The meeting was brought to attention with a scripture reading by Rev. H. P. Mount. The minutes of the last two meetings were read by the secretary Mrs. N. N. Crowhurst, and confirmed.

INVERNESS — Mrs. Malcolm McMillan entertained the Women's Institute meeting. Mr. and Mrs. A. D. McCammon were in Inverness to attend the meeting.

FIFTEEN YEARS AGO

(From the Record of Friday, October 21, 1949)

Preparations for the annual Catholic Charities campaign were laid at an organizational meeting this week. Joint presidents for the campaign are Louis Codere and T. G. Walsh, while vice-presidents are Emile Blais, George Delongchamp, Jos. Mooney and Gerard Pouliot.

As a mark of tribute and respect to the memory of Mr. Justice Charles D. White, who sat as judge of the Superior Court of the District of St. Francis for 27 years, all court proceedings were adjourned this morning until Monday.

TEN YEARS AGO

(From the Record of Thursday, October 21, 1954)

The Lennoxville Optimist Club held a general meeting last night in the Elmwood Hotel, with Joe Gilbert in the chair. During the supper, acting seargeant-at-arms Maurice Hudson was kept busy because the fines were being given hot and heavy, for a change.

US presidential race

How Barry could win

By BRUCE BIOSSAT

WASHINGTON — (NEA) — US President Lyndon B. Johnson probably would bury Sen. Barry Goldwater under an electoral vote avalanche if the election were held right now.

But Democrats are displaying the caution signal. Several factors could work to draw these two presidential contenders much closer in the remaining decisive weeks of the campaign.

The unanswered question is whether that change could be big enough to overturn present indications and give Goldwater an uphill victory. Most polltakers, most political experts and most bettors suggest today, in a broad consensus, that the answer likely is no.

NEA's latest findings in the field, cross-checked against many other soundings, indicate that as of now the President might win 32 states with a total of 354 electoral votes (270 are required for election.) There are 23 pretty clearly in his column, and another 9 leaning his way.

By contrast, Goldwater at the moment can count as sure or leaning toward him just 12 states with a combined electoral vote of 96. That figures out to be 174 votes short of victory.

The newest samplings place the remaining 6 states, with 88 electoral votes, in the doubtful category. Even if all these be now assigned to Goldwater, his total climbs only to 184 electoral votes. He would still need another 86.

These are the factors which may give Goldwater vitally needed pull-up leverage in the closing campaign weeks:

1. The possibility that a strong silent vote might develop for him amid the unusual voter ferment that marks this election. Ample evidence exists that countless voters have been torn loose from traditional moorings. How deep this unsettlement runs is not clear.

2. A furious beating of the bushes by Goldwater's dedicated followers which might get out his firm vote almost to the last man, while complacent Democrats — perhaps overconfident of victory—fail to push Johnson's larger legions to the polls in sufficient force.

History indicates Democrats invariably have a harder time getting out their vote than do Republicans. Given an ardent Goldwater backing and a Democratic support generally reported lukewarm about the President and stirred by charges against his integrity, the problem could be greatly aggravated for the Democrats in 1964.

Once contrary note: In the many places across the nation where new registrations have been completed, Democrats more often than not appear to have added most to their rolls. Negro registration in the South, for example, has topped 2 million for the first time. These are considered safely in the LBJ column.

3. If polls and other indications close to voting day show Goldwater still far behind the President, the GOP nominee might suddenly find himself the beneficiary of an important "underdog" vote. There might be a tendency to "martyr" him in advance.

Many voters might then swing to him in sympathy, or vote for him because they believe he will lose anyway. Some would not want him crushed in a humiliating landslide.

4. Republican moderate and even conservative defectors from Goldwater, now measured at upwards of a quarter of the potential GOP electorate, could swing back to the senator in really significant numbers.

Goldwater and his managers believe this movement is already seriously under way. They count on the powerful pull of old partisan ties to haul millions back into the fold.

If there is a developing big silent vote for Goldwater, it has to mean that many potential voters have been lying to poll takers for weeks—since the reported undecided factor is a modest 6 per cent.

Cowansville JMC recruiting campaign is launched

COWANSVILLE JMC LAUNCHES RECRUITING CAMPAIGN — Some of the distinguished guests who attended the official opening of Cowansville's JMC recruiting campaign are, seated left to right, Miss Mary Grant, Mrs. Arthur Turner, a directress of the Cowansville organization, Mrs. I. L. MacKeen, Sister Jeanne de France. Standing in the same order are, Brother Claude Pale of St. Leon School, Cowansville; Reverend John Peacock of the Anglican Church; Jean-Jacques Bertrand, M.P.P. for Missisquoi; Dr. George - Henri Guite, Cowansville J.M.C. president; Miss Claire Brault of St. Therese de l'Enfant Jesus School in Cowansville; Armand Beauregard who represented the City of Cowansville; Father Rene Bouscet; Ives Gean of St. Leon School; and Clarence Hamilton, chairman of the Cowansville Protestant School Board.

COWANSVILLE — (Staff)— "Cowansville is a progressive city and city of progress. The city is advancing in every field, and we must also set this pace in the cultural sphere," said JMC's president Monday evening. He was addressing a reception at Cowansville's Art Center for representatives of some of the city's leading organizations, brought together for the launching of JMC's 1964 recruiting campaign.

JMC president Dr. George-Henri Guite invited all those present to participate in the cultural renaissance going on in this province, and particularly in the Eastern Townships.

"We need everyone's collaboration to make this movenment known in Cowansville, to make it appreciated. We are entering our second year," he said, "with very high hopes.

The Jeunesses Musicales, he continued, is an organization "par excellence" because its aim is to create an impetus to cultural activity.

"We hear more and more talk about the new cultural centre to be built in Cowansville. This enterprise will do honor to Mayor Rolland Desourdy and his dynamic team. The Jeunesses Musicals hopes to take advantage of the center by working in close collaboration with the promoters of this "grandiose" project."

Dr. Guite added his hope that the current JMC season would be a most enjoyable and enriching one for the people of Cowansville.

The president's address was given in English by Mrs. Alfred Turner.

Among the guests invited to the reception were, apart from officials of JMC, Jean-Jacques Bertrand, MPP for Missisquoi County, Armand Beauregard, city councillor and representative of the City of Cowansville, Reverend John Peacock of the Anglican Church, Clarence Hamilton, chairman of the Protestant School Board, Abbey Rene Bouscet, Vicar of Saint-Therese Parish, as well as delegates from St. Therese School, St. Leon School, both in Cowansville.

Junior auxiliary rally features hay ride

WATERLOO — (Special) Who would think of a hay cart ride in October? The leaders of the Junior Auxiliary did! The above photo proves its success.

Saturday, October 17 the annual J.A. Rally for the district was held at St. Luke's Anglican Church in Waterloo. Fifty girls from Granby, Cowansville, Waterloo and Nelsonville, with their leaders gathered at the church at two o'clock. Mrs. Paul Busing, Diocesan J.A. Secretary and other Montreal 'eaders were present.

Rev. Keith Dickerson took the service with Mrs. MacIntosh at the organ. Gary Hughes was the Crucifer. The Waterloo Junior Choir led the singing. The short service was built around the stained glass windows and their meaning. A member of the J.A. pointed out each window in turn, while another member read the explanation of the scene and gave an appropriate text for it.

After the closing prayer the children voted the offering be sent to the primate world relief fund.

The group was taken to the church hall and shown a film strip — "Occupations of children of other lands" followed by discussion groups.

The hay cart ride was a big event for the little girls — especially as they were blessed with a beautiful hot Indian Summer day. Clark Jones and Allie Norris provided the tractors and carts, filled with hay. They drove up Clark Hill and around Lovers Lane and Purdy Hill. Lunch boxes were enjoyed on the trip. Returning to the church hall soft drinks and toffee apples were handed out.

Mrs. Osborne and Mrs. Dickerson, J.A. leaders were assisted by Miss Hope Davidson and Mrs. Shirley Chapman and a number of girls from the G.A. A special word of thanks to the G.A. girls who helped with the service and the Rally and who also made the toffee apples.

In the report of the graduation exercises of the Bedford High School held on Oct. 3, the names of Miss Linda MacArthur, who received her big B, in addition to other awards was inadvertently omitted, Miss Anne Whitcomb also received her big B, in addition to other awards and not a big A, as reported.

The Misses Janet and Barbara Blair, of Montreal, were guests for the holiday weekend of their parents, Mr. and Mrs. Otis Blair.

Mr. and Mrs. William Taylor, Mrs. Richard Craighead and Miss Lila Primmerman, who were in Sherbrooke to attend a meeting of the Eastern Townships Historical Society, also attended the unveiling of the two plaques.

On Oct. 24, a Sunday School Convention will be held in the United Church hall from 10 a.m. to 4 p.m. Teachers from several Anglican congregations will be sharing in the meeting, in addition to those from the United Church. The speaker will be Rev. A. C. Capon, General Secretary of Scripture Union for Canada. Those attending are requested to bring a box lunch, coffee will be provided.

The flowers in the chancel in the United Church on Oct. 11 were in memory of Royce Smith, of Montreal, a former member of the congregation, given by his wife.

Mr. and Mrs. M. Yack, of St. Eustache, were the guests for Thanksgiving of the latter's parents, Mr. and Mrs. W. R. Wightman.

Teenagers from the Anglican and United congregations of Clarenceville, Bedford and district, Brome and district are invited to a Young People's Rally, to be held at 8 p.m. Oct. 24 in the Anglican parish hall, at Iron Hill. There will be games, singing and refreshments. Transportation will be provided.

Mr. Ross Harland, of Pointe Claire, was with his parents, Mr. and Mrs. George Harland, for the holiday weekend.

Miss Clara Wyman, of Ayer's Cliff, is the guest for a time of Miss Nettie Lovering.

The following were Thanksgiving guests of Mr. and Mrs. John Westover; Mrs. Ann Cameron and her son Mr. Roy Cameron, of Ottawa; Mr. C. I. Westover and son Gary, of Lachine; Mr. and Mrs. Wayne Jenne, of Montreal, and Mrs. Fordyce Ingalls and Mrs. Marjorie Jenne, of Sutton.

Heathton W.A. views slides of by-gone years

HEATHTON — The October meeting of the W.A. was held at the home of Mrs. E. A. Davis for dinner on the 8th, when a good attendance of members and several guests were present.

Rev. and Mrs. C. Gustafson, of Rock Island, took charge of the devotions, then showed interesting slides of the Three Villages, in by-gone years.

Mrs. Moloney will entertain the group later in the month, at her home.

GENERAL NOTES

Mr. and Mrs. Alfred Davis, of Willoughby Lake, Vt., and Mr. and Mrs. J. Lillicrap, of Newport, Vt., were guests of Mr. and Mrs. Avery Davis.

Mr. and Mrs. Howard Miller visited Mr. and Mrs. Stanley Lavers, in Tomifobia.

Mr. and Mrs. John Smith were recent guests of her sister, Mrs. Jack Bromby, and Mr. Bromby, in Cowansville.

BOMBINGS CLAIMED

NEW DELHI (AP)—The Indian government says there have been 487 bombings in the Indian sector of divided Kashmir in the first nine months of the year. Officials claimed there was a "strong possibility" the bombings were engineered by agents from Pakistani-held Kashmir. No deaths were reported.

Bringing Up Baby

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

A nice doctor I know told me recently: "Of course baby care is a serious business but sometimes mothers take it too seriously. As a consequence, they often develop a kind of grim tenseness which is easily transmitted to a baby and the baby may develop a corresponding tenseness. The mothers who laugh with their babies, and at themselves occasionally, are the most successful ones."

•

Points to remember: Grim determination to see that baby "licks the platter clean" may turn a naturally eager eater into a mealtime rebel. Food served with a smile usually gets a good reception.

•

There'll be baby-smiles to spare when the menu features a Gerber Strained or Junior Meat Dinner. For these hearty dishes have 3 times as much succulent meat as our regular combination dinners. Add to this extra meat, garden-good vegetables and subtle seasoning and you have "casserole dishes" with exceptional flavour character.

P.S. Apart from the eating pleasure your baby will have, Gerber Meat Dinners are chock full of wholesome goodness . . . give a mighty "helping hand" to growth.

Super Supper Plan
(A la Gerber)*
Veal Meat Dinner
Sweet Potatoes
Vanilla Custard Pudding
Formula or Milk

*All the above in both strained and junior versions.

•

Strengthening influences. Overall buttons will stay put longer if you sew them on with elastic thread. Sweater buttons will be more secure if you reinforce thread at center of button with clear nail polish.

•

Start to finish. Don't forget that Gerber Baby Cereals provide special nutritional benefits right through the toddler stage. They are excellent sources of iron to help build good red blood . . . thiamine, riboflavin and niacin to aid appetite and growth. Calcium is also added. Five delightful varieties. Gerber Baby Foods, Niagara Falls, Canada.

GRAVE DIGGERS?

LIMA, Peru (AP)—Archeologists were appalled at finding three Indian women selling pre-Inca relics on a street corner for $2 each. Their unsold wares were diverted to museum officials and police, taking the women into custody, believed the women were dupes of a band of men who dig relics out of the ancient Indian burial grounds for profit.

Golden Rule Rebekah officers are installed by Riverside Lodge team

SUTTON — The regular meeting of Golden Rule Rebekah Lodge No. 20 was held in the Fraternal Hall, Depot Street, Oct. 6.

Sister Ada Nelthorpe and suite of officers, from Riverside Lodge No. 12, Granby, were present to install the officers for the term 1964-65.

Visitors were welcomed and general business discussed, two new members were welcomed.

The installing team then installed the following officers into their respective chairs: Jr. past noble grand, Sister Doris Clarkson; noble grand, Sister Dorcas Eldridge; vice - grand, Sister Hazel Brown; secretary, Sister Myrtle Vincent; treasurer, Sister Bernice Russell; flag bearer, Sister Cecile Darbe; chaplain, Sister Mary Short; warden, Sister Rita Salisbury; conductor, Sister Muriel Miller; R.S. noble grand, Sister Hilda Howard; L.S. noble grand, Sister Nettie Patten; R.S. vice - grand, Sister Hilda Arnett; L.S. vice-grand, Sister Connie Sherrer; inside guard, Sister Bernice Boule; outside guard, Sister Corta Jolley; right altar bearer, Sister Hazel Gilmore; left altar bearer, Sister Josephine Reid.

Sister Dorcas Eldridge presented Sister Ada Nelthorpe with a gift and corsage; and Sister Bernice Boule presented Sister Doris Clarkson with her past noble grand pin.

The members were sorry to learn that Brother Guy Darrah, of Woodstock, N.B. was not well.

A salad supper was served to members and visitors from Granby, Knowlton, Dunham, West Brome and Sutton.

GENERAL NOTES

A committee meeting was held at the Miller home Oct. 13, when plans were made for the 500 card party, taking place Oct. 24, at 8 p.m. in the Fraternal Hall, Depot Street. Everyone is welcome.

OBITUARIES

DONALD F. SMITH, OF SHERBROOKE

Funeral services were held on September 1, 1964, at the First Baptist Church, Sherbrooke, for Donald F. Smith, who died at Kinnear's Mills on August 29.

Son of the late William Thompson Smith and Edith Warcup, Mr. Smith was born at Lemesurier on April 4, 1902. He received his elementary schooling at Lemesurier and Leeds and was a graduate of the Cookshire High School.

Starting in 1920, Mr. Smith worked as a fireman for the Quebec Central Railway until 1927. From then until his retirement in 1963 he was employed by the Canadian Pacific Railway, as a fireman until 1941, when he became an engineer.

For many years Mr. Smith was an active member of the Salmon River Hunting Camp at Gould and since his retirement was associated with the Lennoxville Rifle Club. Mr. Smith was a member of St. Andrew's Presbyterian Church, Sherbrooke, for twenty - four years.

On August 24, 1929, he married Pauline Eunice Fraser, who predeceased him in 1937. He is survived by two sons; Fraser, of Montreal and Kent, of Saint John, N.B.; a daughter, Lorraine, Mrs. Jacques Codere, of North Hatley; a brother, Archie, of Danville; two sisters, Dora, of Sherbrooke, and Isabel, Mrs. Lorne Butler, of Lennoxville; and five grandchildren.

The service was conducted by the Rev. Alex McCombie. Miss Thelma Crawford sang The Stranger of Galilea.

Bearers were: Arthur McHarg, Howard McHarg, Melvin Butler, Milton Cruickshank and two nephews, Billy Smith and Sydney Butler.

Burial was in Riverside Memorial Cemetery, Kinnear's Mills.

MRS. RAY L. BENNETT, OF LENNOXVILLE.

The death of Mrs. Ray L. Bennett, the former Gertrude Maude Herring, occurred in Lennoxville, on September 29, 1964, in her 81st year.

Mrs. Bennett was born October 19, 1883, in Bury, in what is known as the Herring neighborhood, the eldest in a family of five of the late Isaac Herring and his wife, Harriet Harrison.

She received her early education at the little school known as the Bown school in that vicinity, later going on to the old Bury Model School. Although having no formal teacher training, she had taught successfully in various schools in Sherbrooke and Compton counties.

When the little church of St. Thomas, at Bown, was dedicated in April 1897, she was one of those confirmed then and later served as organist in the church as long as she lived in the community.

In 1905 her parents moved to Lennoxville and she continued teaching in that area until her marriage on December 28, 1909, to Ray L. Bennett, of North Hatley. They established their home near that of her parents on the outside of Lennoxville.

Her health gradually failed and she was taken to the home of Mrs. McElreavy, where she died.

She is survived by her husband; a son Garnet Bennett, of Lennoxville; eight grandchildren; three great-grandchildren; a brother, Perley Herring, of Huntingville.

Funeral services were held from Johnston's Funeral home, on October 2, to St. George's Church, Lennoxville, with Ven. Archdeacon T. J. Matthews officiating.

The bearers were three grandsons, Leland, Robert and Brian Bennett, and a grandson by marriage, James Fearon.

A favorite hymn, God be with You, was sung by the choir.

Burial was in the family plot in Malvern Cemetery.

its powers are insufficient. The Lesage government, like the Duplessis regime before it, finds itself walled in by confederation. Ottawa is saying no on the Eskimo question, on taxes, and on student loans."

There is definite discrimination against Quebec by the federal government, he said. When the federal government gave the provinces aid to build technical schools it gave $182 million to Ontario and only $17 million to Quebec, he said.

Two months ago Quebec farmers marched on Ottawa to demand a better deal. Nothing more was heard about it, he said. However, he said, two weeks later farmers from Western Canada did the same — and were given a $55 million grant.

Courses in real estate at university planned

Gordon McAthy, president of the Quebec Association of Real Estate Brokers, told members last night at an assembly held at the New Sherbrooke Hotel that the corporation was instituting courses in four universities.

The president expressed the hope that it would soon become necessary for a broker to pass university courses before being admitted to the association. "This would put us well on the way to achieving professional status," he said.

Mr. McAthy said that members of the association should be deeply concerned with the dissatisfaction of many clients who have been misinformed or have suffered financially at the hands of real estate buyers who, although not dishonest, were not properly trained and lacked the knowledge necessary to perform their duties properly. This, he said, is why many people are suspicious of real-estate brokers.

The president asked that all present support the organization of their association, establish a regular scale of commissions, and establish a system of multiple sale.

Mr. McAthy invited everyone to the annual convention of Real Estate Brokers in Montebello next week.

REAL ESTATE BROKERS MEET — At a meeting of the Quebec Corporation of Real Estate Brokers, held last night at the New Sherbrooke Hotel, Corporation President Gordon McAthy of Montreal, left, gave an address. From left to right are, the president, Charles Connors of Sherbrooke, president of the Sherbrooke branch, Jacques Vezina of Quebec City, vice-president of the Canadian Association of Real Estate Brokers.

this case, but that in any event his client had not been treated in accordance with the Social Welfare laws.

The lawyers stated that his client had been treated like a hardened criminal, that he had been interrogated for hours in Montreal in an attempt to get a confession to the crime he is accused of. He was kept in prison for a month, said the lawyer, having been refused bail.

When he was finally set free, the lawyer continued, bail was set at $2,000 in money, or $3,500 in immovable property. As a rule, he said, juveniles are freed on parole. In this case, he said, a 17-year-old youth was treated like a hardened criminal, and the youth doesn't even have a record.

TREATED UNFAIRLY

The lawyer said that his client had been dealt with unfairly owing to the bad reputation of his family and background. He cited the Social Welfare law which states that juveniles are to be considered like misguided children and are to be treated in the same way good parents would treat their children.

Many of the lawyers present at yesterday's session are of the opinion that this affair could create a situation so complex that it will be necessary for the government to institute a Social Welfare Court in the district of Bedford, an institution which has been sought for a long time by judges in this district and lawyers of the bar.

PATH TO COURT

The youth from Bedford came before the Court of Criminal Assizes in the following manner.

On June 19, 1964, the accused was arrested by members of the provincial police detachment at Cowansville. Having been alerted the day before, the constables were keeping the accused under close observation, owing to the report they had received of the accused carrying on in manner which could only be described as suspicious behaviour.

In the preliminary hearing presided over by Judge Jean-Louis Peloquin with Claude Noiseaux, of Cowansville, prosecuting attorney, it was decided that the facts of this case were serious enough to merit a trial.

On September 28, 1964, the accused came before the Court of Sessions, pleading "not guilty" to the charge. When Judge Peloquin asked whether the accused was too young to be sent to the assizes the youth's defence lawyer, Mr. Sabourin from St. Jean, an advocate hired by the defendant, said there was no danger of ruining the accused's reputation by a public trial because the family was already very well known in this district.

The accused was then sent to the Criminal Assizes Court, but he engaged another defence attorney, Jean-Paul Couture.

The point in question is that, strictly speaking, the accused should not have appeared in the Court of Sessions to begin with. If the letter of the law had been followed, the youth would have appeared before a judge of the Juvenile Court and only if permission was received from that court would he have been sent to the Sessions.

Since there is no Juvenile Court in the district of Bedford, all cases are heard by the Court of Sessions and authority to send a juvenile into a regular court procedure is delegated by a judge of the regular court.

Mount Orford Golf Club closes season with special tourney and buffet, trophies, prizes presented

MOUNT ORFORD — The Mount Orford Golf Club ended activities last Saturday when the "Honey Pot" Tournament was held with a large number of members competing.

Mrs. Andree Roch of Sherbrooke emerged the winner among the lady contestants while Mrs. Ann Moynan was second and Sandra Rollins third. In the men's section Pierre Dugas was awarded the Dugas Construction Trophy for finishing first followed by Eugene Turgeon, Roger Hebert, Edgar Whalley and Andre Pare.

President Leon C. Hamel addressing the members during a buffet that followed emphasized that "team spirit" prevailed in all committees during the past season which played a big part in the success registered this year. Guy Crepeau, general manger of the Compagie de Gestion Orford, explained briefly the projects and improvements his company plans for 1965.

Many trophies won in the course of the season were presented by vice-president Theodore Charland. Club captain, Bert Cotterell won the club championship while Andre Pare and Alan Jones were recipients of Class "B" and Class "C" trophies. Blair Wilson, who recently placed first in the Pro-Shop tournament, was awarded a trophy by pro Leonard Turgeon.

Class "B" golfer Laurent Viens received the O'Keefe Trophy for placing first in the O'Keefe Regional Tournament held in August.

A social dance closed the activities.

TONIGHT'S PROGRAM CANCELLED

Hawks' scooter line back to full strength with return of Wharram, meet Canadiens tonight in Montreal

Chicago's potent Scooter Line has returned to full strength.

Kenny Wharram, who suffered a skull fracture during an exhibition game a month ago, will rejoin teammates Stan Mikita and Doug Robinson tonight when the Black Hawks meet the Canadiens in Montreal.

The only other National Hockey League game sends Detroit Red Wings against the Rangers at New York.

Wharram, the little left winger who scored 39 goals last season, has recovered from his injury much sooner than expected and coach Bill Reay intends to play him regularly. It had been feared earlier that he mibht be out until mid-season.

"It looks like Kenny will go full shifts," Reay said Tuesday after the Hawks worked out at Montreal Forum. "He played a few turns at Detroit and half the game at home during the weekend."

JOINS FELLOW SCOOTERS

The 1963-64 All-Star and Lady Byng Trophy winner will take over from John McKenzie on the line with fellow Scooters Mikita and Robinson, one of five new faces in this season's Chicago lineup.

The other newcomers are rookies Dennis Hull, Bobby's 19-year-old brother, Fred Stanfield, John Brenneman and veteran Doug Mohns, acquired from Boston in a trade that sent Murray Balfour, Ab McDonald and Reggie Fleming to Boston.

The Canadiens confirmed that centre Henri Richard is still on the injured list with a groin ailment and the only unanswered question is who will play goal for Chicago—regular Glenn Hall or alternate Denis DeJordy. Reay is undecided.

Hall played the first two games as Chicago beat Boston 3-0 and Detroit 4-2. DeJordy was in nets for the 3-2 loss to the Red Wings Sunday.

"We are planning to use DeJordy a lot more this year," Reay said. "We didn't play him enough last season.

"We feel that he'll be sharper this way and so will Glenn Hall, who likes the setup."

KEANE READY TO SIGN — Johnny Keane, former manager of the world champion St. Louis Cardinals, has pen and paper in preparation to signing contract to manage the New York Yankees baseball club at a conference in New York yesterday. Thus Keane took over the field leadership of the ball club he out-maneuvered for the baseball title in the recent World Series. (AP Wirephoto)

Yankees go outside own family in picking Keane as manager, Berra was handicapped, says Ralph Houk

NEW YORK (AP) — In hiring Johnny Keane as manager, the proud New York Yankees of the American League have gone outside their own family and turned to a seasoned pilot in the tradition of Joe McCarthy and Casey Stengel.

The new Yankee manager is a veteran of 35 years of baseball warfare who resigned as manager of St. Louis Cardinals last Friday, the day after his National League club won the World Series. He combines the quiet but firm discipline of McCrathy and the patience and daring of Stengel.

Like McCarthy and Stengel, Keane enjoyed many years of success in the minors before getting an opportunity to manage in the big leagues. Again like McCarthy and Stengel, Keane received his major league baptism elsewhere before being picked by the perennial American League champion Yankees.

SUCCEEDS BERRA

In agreeing to a one-year term Tuesday as Yankee manager, the 52-year-old Texan succeeded Yogi Berra, who had taken over the Yankee leadership last year without any previous managerial experience.

Berra was fired as manager of the Yankees the day after losing the World Series to the Cardinals in seven games.

"We really thought Yogi would make a good manager," general manager Ralph Houk said Tuesday.

"Lots of people thought it was purely for public relation purposes. That was part of it, naturally. But we figured having been in baseball so long, being liked by everyone and knowing all the players would help him.

"Looking back now, I can see where we were wrong. I believe now that managing a team on which he played was a handicap to him. It made things a lot tougher for him. I honestly think Yogi is better suited in his present job (scouting). He has not been hurt financially. The Yankees have a warm spot in their hearts for him and we hope he will be with us for a long time."

HAD NO COMPLAINTS

Denying reports of lack of discipline on the part of the players which at times amounted almost to open rebellion, Houk contended that at no time did any of the players come to him personally to complain of Berra's inability to cope with the situation.

Houk said he had several other candidates in mind to succeed Berra but decided on Keane the minute he learned John was available.

Farnham Frontenacs roll up 36-0 win over Cowansville Colts, in first game of semi-final playoffs

By DOUG MACKENZIE

COWANSVILLE — Farnham Frontenacs came up with a strong defensive game, in shutting out Cowansville Colts 36-0, last weekend to advance to the final champion round against the Knowlton Larks. This will be a two-game total-point affair, with the first game slated Friday in Farnham at 8:00 p.m.

Fumbles, pass interceptions and penalties hurt the Colts in this game, after holding Farnham's potent offense to 15 points at half time the Colts' offense could not substain a drive and had to give up the ball too many times.

Quarterback Bob Tarte scored three TD's to lead the Frontenacs attack and also played well defensively. Other major scorers were Howie Byers and Art Palmer. Singles went to J. P. Bazinet and Alan Palmer with one each. Art Palmer scored two converts and Mike Grant kicked one convert and also scored a single on a wide field goal attempt.

The Larks will be reasonably healthy for the upcoming series, with only Bob Lenz and Jack Morley out of the lineup. Gale Russell the deep back of the Larks will be back in action after missing the last three games with an ankle sprain. Farnham reports that everyone is healthy and ready to go.

For those interested in statistics the Larks have a slight edge going into the playoffs, as they are extremely stubborn defensively at home. The scores between the clubs will indicate this, with Knowlton winning 28-1 and 30-6 at home and the Frontenacs winning 32-25 and 31-19 at their field. Anything can happen in the game of football and this shapes up to be a bruising series.

In Knowlton, last Saturday, the idle Larks played an exhibition game with the Old Boys and came away with a 27-19 decision. The Old Boys took a 6-0 lead, when Joe Lapierre smashed off tackle and romped 45 yards to score. This play was featured by a key block from Pete Rogerson on Barry Ellson, as Ellson was the last Lark defender, who could have had a chance to catch him.

Diff Hadlock with one major and Jan Rzyzora with two, brought the score at half time to 21-6. Mike Sharman kicked all three converts. In the second half, the Old Boys started to click, as they rolled to within one TD of the Larks with Dale Munkittrick scoring from 16 yards out. Joe Lapierre added his second on an 8 yard end sweep.

The Larks only TD of the last half was by Dave Grant, following a punt which was blocked into the end zone. Leonard Westcott converted Lapierre's second TD Stan Rzyzora replaced Fred Albers at quarterback for the Larks in the second half and moved the team well.

The Old Boys generally agreed that young Rzyzora would definitely be an adequate pivot man when it comes time for Albers to graduate from the Larks. Stan throws a hard ball and shows extreme poise for a rookie. He is definitely a threat on his rollouts and options.

Abebe Bikila is first man to win marathon twice, Peter Snell cops his second gold medal 1,500 metre

TOKYO (CP)—Abebe Bikila of Ethiopia, running through the streets of Tokyo to the thunderous applause of 500,000 people, became the first man to win the marathon twice and Peter Snell of New Zealand captured his second gold medal in the metric mile as the track and field events ended at the Olympic Games today.

Old reliable Valery Brumel gave Russia the high jump gold medal while world records were set in all three relay races, two of them won by the United States and the other by Poland.

Commonwealth countries took three of the five yachting gold medals. Canada's best showing was seventh place in the 5.5-metre class for the yacht skippered by Sandy MacDonald of Westmount, Que. Australia won the 5.5-metre class, Durward Knowles of the Bahamas grabbed the star championship, New Zealand got the gold in the flying dutchman. Denmark finished first in the dragon and Willi Kuhweide of Germany won the finn.

Italy and Germany waged a tremendous fight in cycling to split two gold medals. Germans won the team pursuit championship by 7-100th of a second over Italy but the Italians took the tandem gold.

Japan, aiming for a sweep of all four judo wrestling gold medals, added the middleweight class to its earlier triumph in the lightweight division when Isao Okano won the middleweight gold award.

Hungary won its fourth gold medal in fencing, taking the epee team title.

Canada placed two entries in the finals of the canoeing Thursday, all from Montreal. Paul Stahl won his semi-final heat in the Canadian singles and Andor Elbert and Fred Heese qualified with a second-placing in the Canadian pairs.

Bikila, the high-spirited 32-year-old bodyguard for Ethiopian Emperor Haile Selassie, easily stole the show today, this time wearing shoes. He ran the fastest marathon ever to win in two hours, 12 minutes, 11.2 seconds.

The iron-limbed Ethiopian led the field of 68 runners from three miles after the start until he finished the 26-mile, 385-yard grind in the national stadium by more than four minutes over his closest rival, Britain's Ben Heatley.

Verdun Pirates edge Drummondville 5-4

DRUMMONDVILLE — Verdun Pirates came through with their first win in the Quebec Provincial Senior Hockey League here last evening when they came out on the long end of a 5-4 count over the Drummondville Rockets before 1,700 home town fans.

Donald Monette was outstanding in the nets for Coach Dollard St. Laurent's squad as he was called upon to block a total of 47 shots fired at him. In the meantime the best his mates could do was test Claude Evans only 27 times.

Skippy Burchell, Ray Cadieux and Ron Roberts set the pace for the win when they accounted for four of the five goals registered. Brian Elwell notched the other for the Pirates. M. Boivin, Begin, Picard and Labrosse were the marksmen for the Rockets.

The Pirates next game is at home Friday evening when they make their official home opening with the Vics of Granby the visitors. They have split their first two road games losing to Granby last Sunday but tied their first win last evening.

Maurice Boivin opened the scoring in the first period but Skippy Burchell offset this when he tallied just after the half-way mark. Begin put the Rockets out in front when they finished off a play just before the end of the period.

The game was a wide-open affair from the opening faceoff as both clubs were going all out. In the final frame the pace began to tell on the Pirates out it was at this point that young Monette came up with the big saves to keep his club in the battle.

In the middle session Burchell evened the count and just before the final whistle Ray Cadieux put the Pirates out in front 3-2. In the final stanza Cadieux extended the lead just after the faceoff and a few minutes later Elwell made it 5-2 with 14 minutes left in the game.

Following this Monette was forced to extend himself to keep his club in the race. Roger Picard finally notched one and then after several minutes of forcing the play Labrosse put the Rockets within hailing istance 5-4.

With six minutes left in the game the Rockets kept the pressure on but Monette and company managed to keep the Rockets off the score sheet to post their first victory of the season. Only four penalties were called with three going to Aubry and the other to Quirk.

Former second baseman finally gets his chance, 6-man committee made decision, Stan Musial to help out

ST. LOUIS (AP) — Albert (Red) Schoendienst, who made the baseball field his playground for more than a decade, may not be doing much hunting, his favorite pastime, this winter.

The world champion St. Louis Cardinals named him manager of the club for 1965. The new job for one of the National League's finest second basemen is expected to take most of his time.

"I already cancelled plans to go duck hunting tomorrow," he said at a press conference Tuesday.

"It's good to have a fine ball club to begin with," he said, "but it would have been easier to take over a last-place team than a first place one.

"I know what the ball players can do. I know they'll give me 100 per cent because I'll be giving them 100 per cent."

But after so many years as a player and then a coach with the Cardinals, how strict will he be?

WILL SET RULES

"The rules will be set and I'll expect the players to stick with them," he said.

Schoendienst, 41, of nearby Germantown, Ill., signed a one-year contract Tuesday almost at the same moment Johnny Keane was inking a similar pact in New York to manage the Yankees.

Keane resigned as manager of the Cardinals last Friday, the day after his club had beaten the Yankees in the World Series. Yankee manager Yogi Berra was fired the same day.

Lennoxville High downs Sherbrooke 3-1 in Junior soccer semi-finals, Peter Hewitt pots two for L.H.S.

Lennoxville High soccer Juniors topped S.H.S. 3-1 on the latter's playing field yesterday to take the edge in the first of the home-home semi-finals series.

Peter Hewitt led the L.H.S. attack, potting two of the three goals, notching his first in the opening half of the contest. Wayne Berry, playing on forward line with Hewitt, put his team ahead 1-0 early in this frame, to be followed by Hewitt's first of the remaining two.

Although Sherbrooke had the advantage over their visitors offensively, they couldn't manage that last push to beat L.H.S. goalie Chamberlain. Meanwhile, Lennoxville made use of their trips against the Sherbrooke nets exerting all efforts in taking the first portion of the setup.

With the closing minutes of the game drawing near, Lennoxville looked forward to their three-goal advantage going into the next game, but the margin was narrowed by Grant Clowery in these last minutes.

Crosby Cotton and Peter Hewitt stood out for Lennoxville with excellent showings on keen playmaking, resulting in the important goals. Sherbrooke's better men, in their loss, proved to be Alex Cook, with the reminder that little things come in small packages, Cook held most of the offensive action throughout the game for S.H.S. while Allan Jones kept the defence.

OTHER PLAYOFF GAMES

The last games in the semi-final Junior playoffs will take place Thursday afternoon at St. Pat's and Lennoxville High. Stanstead, who suffered a 3-2 defeat to St. Pat's will visit them in an attempt to win by a two goal margin to take the berth, while Sherbrooke faces elimination, having to make up a three point deficit to come out on top.

Senior action commences Friday with Sherbrooke High and St. Pat's clashing on the former's field.

Lennoxville: A. Chamberlain, D. Garard, B. Howse, R. Bouchard, W. Berry, C. Cotton, P. Hewitt, M. Hallam, P. Walter, R. Smith, J. Maxwell, M. Duffy, A. Broadhurst and A. Halsell.

Sherbrooke: D. Laforge, G. Williard, D. Raban, A. Jones, D. Haffenden, G. Clowery, R. Raban, M. Cotterell, A. Cook, P. Kerridge, D. Hastings, and B. Stevenson.

University of Sherbrooke will host Bishop's Gaiters tonight in annual football tilt at Jacques Cartier

Bishop's University football Gaiters will limp onto the field of Sherbrooke's Jacques Cartier Park Wednesday night to take on the University of Sherbrooke in an exhibition match.

Bishop's Coach Bruce Coulter will be forced to sit out several of his regulars due to injuries suffered in recent weeks. Fullback Brock Thomson, tackles Pat Lafferty and Rick Cannings, and guard Pete Dunn are among these who will miss the game. Halfback Paul Gratias is still not playing at his full capability because of an ankle injury early in the season, and guard Doug Calhoun is in the same category.

The game, which will get underway at 8:00 p.m. at the local park, is always a hotly-contested affair because of the close rivalry of the two universities. Sherbrooke, which does not at present play in the OSLAA league, is anxious to defeat the present league champion Gaiters, and although Coach Coulter will not risk injuries to any of his players in an exhibition game, the team members often come up with an extra effort to maintain their prestige.

The game will be an excellent opportunity for residents of Sherbrooke to see products of local football competing in intercollegiate play. Among the players from Sherbrooke and the Eastern Townships who are playing this year for the Gaiters are the three Mitchells: quarterback Willie, linebacker Bill and his brother Jim; end Nils Bodtker and defensive back Bob Wilton.

New York — Billy Lonergan, 148, Rosedale, N.Y., stopped Jackie Aldare, 150, Puerto Rico, 2.

North Dartmouth, Mass. — Brad Silas, 138, Washington, D.C., outpointed Gene Toran, 137, Erie, Pa., 10.

Ted Elsby is named as Als top player

TORONTO (CP)—Ted Elsby is one Canadian-born football player who can hold his own in any competition, according to Montreal Alouettes of the Eastern Football Conference.

Elsby, the 225-pound Montreal tackle from Galt, Ont., has been nominated by the Alouettes for three Canadian Football League awards — outstanding player, outstanding Canadian and outstanding lineman.

He is the only CFL player to win all three nominations this season.

Elsby is a 10-year veteran with the Alouettes and has played in all 12 of the Alouettes scheduled games this season.

Tom Brown of British Columbia Lions of the Western Football Conference, who won the outstanding lineman award last year, has been nominated for lineman and outstanding player awards this season.

Ron Stewart of Ottawa Rough Riders has also been nominated for two awards — outstanding player and top Canadian. Teammate Russ Jackson, who became the first player in the 11-year competition to win a double award last season, didn't get into the first round this year.

RICHMOND — Bod Beaudet and Jeannine Marcotte emerged as champions of the Belleview Golf Club. They were presented with their trophies at the annual closing held Saturday.

Over eighty members and guests attended the supper and dance which followed. President George Ewing welcomed the members and expressed his thanks for the successful season and the large turnout for the closing.

President Ewing then called on the club manager and captain to proceed with the presentation of the various trophies. The ladies awarded their trophies and prizes first. Teresa Fowler, captain, was assisted by Marge Frazer, ladies president.

A special presentation was made to Mrs. C. W. Armstrong, who has held the post of treasurer for 34 years. Mrs. Frazer presented her with an honorary life membership in the club for her long years of service.

Eileen Rattray was the runner-up for the ladies' crown while she also won Class A with Jeannine Marcotte the runner-up. Lise Feoffrion copped Class B with Gail Patrick second while Fran Birch took Class C and Marie Paule Smith runner-up.

Jeannine Marcotte took the handicap cup with Ruth Denison second while Audrey Smith copped the ringer event with Judy Frazer a close second.

Bob Beaudet besides winning the club championship copped the Gunter Cup, Handicap Cup and the MacDonald-McKenna Cup. Charles Rattray won Class B while Lloyd Fuller was runner-up. Bob Heale finished second in Class C.

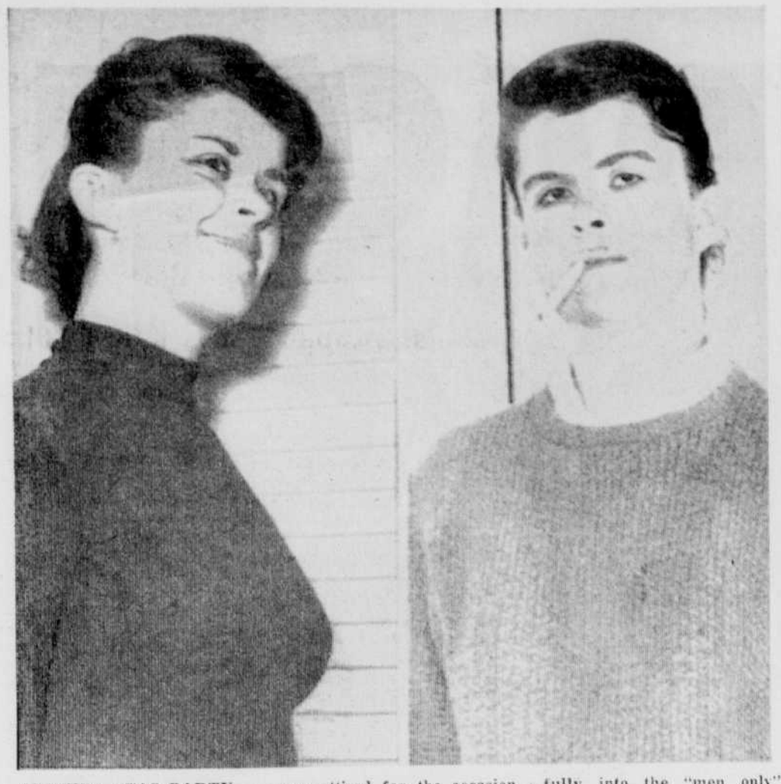

Audrey Smith and Hub Fuller copped the Loiselle Cup for mixed competition with Jeannine Marcotte and Jim Murphy the runner-up. Jim Delaney won the Seniors with Roland Couture second. Bobby Copping took the Juniors, 13 and under, with Steven Smith second while Charles Rattray won the 14 to 19 class with Donald Nixon the runner-up.

CRASHED STAG PARTY — California coed Candy Hughes, who told of passing two "chest checks" to gain admittance at an all-male smoker last weekend, shows how she was attired for the occasion. At left we see Candy as she normally appears with a 36-inch bust. At right is the flat-chested effect and the male wig that passed her successfully into the "men only" area. Trousers and tennis shoes completed the costume. Candy described the smoker as "a complete waste of time."

Television is his relaxation, but he doesn't watch it; he sends it

MONTREAL (CP) — Like millions of other work-weary people at the end of a day, Charles Coorsh likes to turn on television when he gets home from the office.

But for him switching on "TV" means sending signals, not receiving them.

Mr. Coorsh, whose business is smoked meat, is an amateur television operator and the basement of his home is the scene of his nightly transmissions.

"I've got an almost insatiable curiosity when it comes to electronics," said the big, ebullient Montrealer whose brightly animated face makes him look every inch the TV performer.

It was his curiosity that led him into television experiments after five years of earnest dabbling in amateur radio.

Mr. Coorsh, 44, went into the family meat business in 1938 after graduating in general mechanics at Montreal Technical School.

He became a licensed "ham" in 1956 and so joined what he calls "a big world-wide fraternity."

But the appeal of amateur television is not social, like radio, but first and foremost technical, Mr. Coorsh said.

FEW AMATEURS

"That's why you don't get many television amateurs. It ges too complicated and some people think the equipment would be too expensive."

After he descends into his wood-lined basement and puts his 75-watt equipment on the air, Mr. Coorsh usually ends up transmitting pictures of himself and any friends who might drop by.

Since 1961, his ham licence, issued by the transport department, has permitted him to operate on TV channel 14, but sets must be equipped with a converter to be able to tune in on his offerings.

Most receivers are equipped to bring in Very High Frequency (VFH) transmissions, ranging from channels one to 13, but not the Ultra-High Frequency (UHF) band which starts at Mr. Coorsh's airwaves address.

Thus few people can hear or see him as he tinkers with his transmitter, 5½ feet high by 19 inches in width, and manoeuvres his two cameras on their wheeled stands.

The metal stands came as a gift from a firm supplying material to the meat plant.

One of the cameras is converted from a war-surplus item. The other was picked up elsewhere but subjected to a similar kind of adaptation to Mr. Coorsh's needs.

The transmitter was put together with the aid of a friend from a welter of parts, and the whole outfit cost just $1,200.

The station uses the same call letters as Mr. Coorsh's radio transmitter, VE2AFM, and emits its signals from a house-top antenna 50 feet above ground level.

But TV waves run only along the line of sight, which means the Montreal amateur's transmissions encounter another obstacle to wide reception, nearby Mount Royal.

Undaunted, the amateur telecaster takes to his phone to advise a converter-equiped acquaintance he's coming on the air with "a test pattern or just me."

"Sometimes I just sit in front of the camera and talk with other people or myself and watch it all on a monitor set I've got down there," Mr. Coorsh said.

He dabbles in photography, which he finds helps his TV camera technique. Of some help too is the experience he garnered from service as an RCAF aircraft electrician during the Second World War.

His TV and radio work, though a hobby, has its business uses.

As secretary-treasurer of S. Coorsh and Sons Limited, Mr. Coorsh finds he has a lot of electronically - controlled machinery to look after.

"Making and marketing smoked meat used to be a manual business, but not any more," he said.

"So the more a man knows about electronics, through television or otherwise, the better he's likely to be these days as a businessman."

Out of college, fell into TV job

MONTREAL (CP) — Sandi Fruman, a long-limbed 22-year-old from Regina, rubbed her big brown eyes in disbelief that such things can still happen.

Barely a year out of college and with no show business experience, she had ventured into the office of a television producer looking for a research job and wound up being hired as hostess for a network TV program.

"It sounds like a crazy Cinderella story, with everything so organized nowadays," Miss Fruman said. "But it happened to me."

"She's a natural, a real find," enthused Harry J. Boyle, executive producer of the program, a twice-weekly edition of The Observer.

Since mid-June, Miss Fruman in Montreal has joined Toronto-based Lloyd Robertson in presiding over the CBC show, which uses reversible microwave to allow the two to converse as if in one studio.

The six-foot-tall brunette first came to Montreal after graduating from the University of Manitoba last year. She had specialized in English literature and psychology.

WORKED AT Y

Once here, she took a job as a group counsellor at the YWCA, administering a charm course and a nursery school and helping girls with household training.

An official of the Y happened to be the mother of CBC producer Gary Plaxton and it was to his office Miss Fruman went June 1 in pursuit of the research job.

But Mr. Plaxton, in charge of the Montreal side of The Observer, put her name down instead as one of 21 applicants for the on-camera post.

Besides her YWCA record, Miss Fruman's only employment record consisted of work during college vacations with a newspaper, a department store and a flower shop.

"I hadn't been a regular TV-watcher," she said. "I didn't even own a set."

All statuesque exuberance, she recalled how she decided to accept the TV offer "really for a lark.

"But the lark sort of backfired and here I am."

Montreal suits her, she said, for the very reasons big cities repel other people. For her, the tortuous traffic and the crush of pedestrians make a weird, fascinating music.

The Observer features interviews with newsworthy personalities and this is where Miss Fruman can indulge her lifelong love for "talking to people."

Girl Guides and Brownies

MANSONVILLE

On October 6, the Mansonville First Pack Brownies, accompanied by Brown Owl, Mrs. Graham George, and Tawny Owl, Mrs. Robert Newell, made an inspection tour of the premises of Korolite Company on the invitation of the management.

Mrs. Mary Magoon conducted the party through the plant, where the group viewed the manufacture from beginning to the finished product.

Mrs. Magoon explained steps in the process of making both Karolite and foam rubber. The children saw all the machinery and the special use of each was explained. Each was allowed to take a few samples home.

The Brownies and their leaders deeply appreciate the kindness shown them by Mrs. Magoon and the company.

CHOLERA INCREASES

GENEVA (AP)—More people died of cholera in 1963 than in any of the preceding five years, the World Health Organization reports. There were 65,157 cases, 21,735 fatal, compared with 41,575 cases and 12,016 deaths in 1962. India and Pakistan were the principal sufferers. W.H.O. has warned that an Indonesian cholera strain called "El Tor" has spread.

Bishopton UCW plan sale, supper at Oct. meeting

BISHOPTON — The United Church Women met with Mrs. Grace Downes on October 8, with a small attendance of members present. The president, Mrs. Irving Willard, conducted the devotional period in the absence of Mrs. K. George.

Plans regarding the Christmas sale and supper to be held Nov. 14, were discussed.

At the close of the meeting, lunch was served by the hostess, assisted by Mrs. Ralph Gilbert Mrs. Irving Willard, and Mrs. Cyril Rolfe.

Deer season in ET this year is Oct. 24 to Nov. 30

The deer season in the Eastern Townships this year is from October 24 to November 30. Moose is protected all year round in most of the townships, but Zone B of the province allows moose hunting from Oct. 3 to Oct. 12.

Zone B takes in all of Stanstead, Compton and Frontenac Counties, part of Sherbrooke County and the eastern edges of Megantic and Wolfe counties.

Regulations make it unlawful:

1 — For any person, resident or non-resident of the Province, to hunt or trap without a license;

2 — To any license holder to transport or sell, in anyway, a license to another person, to modify or alter it in anyway or to obtain it following wrong information or to utilize for self, a license delivered to another person;

3 — For any person less than sixteen years of age, to hunt unless holding a hunting license and being accompanied by another responsible person at least twenty-one years of age, holder of a hunting license. This regulation does not apply to trappers hunting fur bearing animals with traps and snares.

4 — For any person to kill or have in his possession

a) Game in excess of the numbers designated as bag or possession limits (see synopsis);

b) Game before and after the dates specified for hunting and possession (See synopsis).

5 — To hunt or kill any game, animal or bird whatsoever, between one hour after sunset and one hour before sunrise;

6 — To hunt with an automatic rifle, i.e., a firearm which will empty the magazine with one continuous pressure on the trigger.

7—To transport a loaded fire-arm in an airplane or any land vehicle; a fire-arm containing a cartridge in its magazine shall be considered loaded. Any driver of a vehicle must stop after the signal of a Game-Warden and allow the inspection of his vehicle.

8—For any person to hunt without permission of the lessee, on any leased territory;

9—To locate or try to locate game with a jacklight or other artificial light and to use snares, ropes, nets or traps to hunt Moose, Deer or Caribou.

10—To use dogs to hunt Deer, Moose and Caribou.

11—For any person owning or taking care of a dog apt to run or pursue deer, to allow such dog to run at large in places frequented by deer; any game-warden may, without incurring any responsibility, kill such dog found wandering, hunting or running illegally in those localities;

12—To hunt, kill or take Moose or Deer in their winter yards or by taking advantage of snow crusting;

It is also unlawful to travel with snowmobiles within Deer and Moose winter yards, or among Caribou herds, so as to avoid disturbing those animals in their winter quarters.

13—To buy or sell the flesh of Deer, Moose or Caribou;

14—To transport or have in one's possession Moose or Deer or any part of these animals except under the following conditions:

a) Any person killing a Deer or a Moose must, as soon as the animal is killed, detach the possession or transport coupon, being an integral part of the hunting license and attach said coupon to the carcass. Said hunting license so altered becomes void;

b) Such person shall report to a game-warden within forty-eight hours after he left the forest, and remit to that officer said Moose or Deer license so altered;

c) Said person shall have to produce the antlers of any Deer killed within the limits of the Zone where females are protected or, upon request from a game-warden proceeding to this registration;

d) After the registration of such animal, a special seal shall be affixed to the carcass by the officer proceeding to the registration, according to the instructions of the honourable Minister of Tourism, Fish and Game. (See list of district offices and game-wardens in this Summary).

15—To transport or have in one's possession Caribou, unless the following conditions be fulfilled:

a) after having killed the Caribou, the hunter shall attach to the animal the seal supplied for that purpose and the transport and possession coupon detached from the hunting license; b) the hunter shall write on the back of his license the date and the name of the place where the Caribou has been killed; such license shall afterwards be transmitted within seven days, to one of the Protection Service District Offices of the Department at Montreal, Quebec City or Seven Islands.

16—To ship game unless the names and addresses of shipper and consignee together with full description of contents be indicated on the parcel or container;-

17—For any person to kill hare with snares in that part of Terrebonne County, south of road 41, in the Counties of Deux-Montagnes, L'Assomption, Laval, Vaudreuil - Soulanges, Beaharnois, Huntingdon, Chateauguay, Napierville, Laprairie, Saint-Jean, Iberville, Rouville, Saint- Hyacinthe, Vercheres, Richelieu, Chambly and Stanstead as well as on all islands of the St. Lawrence, Ottawa, des Prairies and Thousand Islands Rivers comprised in this region mainly Montreal, Gesu, Perrot, Bizard, etc. Islands;

18—For any person to buy or sell hare, legally taken, a) in the County of Duplessis before September 28, 1964 and after April 15, 1965; b) in the remainder of the Province before March 15, 1965.

WEEKLY LAXATIVE FOR TOTS IS OLD-FASHIONED, WRONG

By WAYNE G. BRANDSTADT M. D.

A mother writes that her husband, who was given a laxative regularly once a week, when he was a child, insists that she do the same for their children. But she is beginning to wonder if this is a wise procedure.

I had hoped that by now all the followers of this ancient ordeal had either died or heard the voice of a new prophet in the land.

This strange custom was based on the idea that poisons accumulate in the digestive tract and must be cleaned out. Nothing is further from the truth.

A balanced diet with plenty of vegetables and fruit will provide all the stimulus a child's intestinal tract needs. If a child should occasionally skip a bowel movement, no harm will come to him.

On the other hand, even the mildest of laxatives will irritate the bowel and sweep the food through without letting it be properly digested. This could lay the groundwork for mucous colitis, which is so prevalent among laxative addicts.

Should one of your children ever suffer from true constipation, give him a plain warm water enema—no soapsuds, please! —using not more than 6 ounces of water and have him hold it for at least 5 minutes before passing it.

Q—What causes a child to have a water-hammer pulse sometimes visible in the arteries of his neck? Is it dangerous? What should be done about it?

A—A water-hammer pulse is a sudden expansion and then a sudden collapse of the larger arteries. It may be caused by a leaky aortic valve or, more rarely, by a congenital defect in the heart.

Fortunately in most children who have this condition, the heart enlarges to compensate for the leakage and the child can lead a normal life. If compensation does not occur, or if it later breaks down, the condition will interfere with full activity. Most methods of heart surgery, however, can be used to repair the damage.

Q—My son, 9, is getting irregular white spots all over his body. Could these be liver spots? What should we do for them?

A—Liver spots are slightly darker than the surrounding skin so what your son has is vitiligo. Although the appearance of these spots may be annoying they will in no way affect your son's health. Although the cause is unknown, exposure to sunlight will accentuate the contrasting areas. Most skin specialists advise against taking any kind of drugs for this condition but the affected areas in the exposed parts can often be successfully masked. Ask your physician to prescribe a suitable substance. Some people just rise above it and don't allow it to bother them.

Rummy, Dippy and Hot

Tiny railway rollicks

NEW ROMNEY, England (CP) — Slam bang, clickety clack, whoo whoo. Throw open the throttle and you're off like a shot on the Rummy, Dippy and Hot.

Actually, it's the Romney, Hythe and Dymchurch, the "world's smallest public railway." But folks in this Kentish area take liberties with the name to make it jive with the way the tiny trains go rollicking along their 13¾ miles of track.

"We don't mind that," said P. S. Catt, 33-year-old superintendent of the 15-inch-gauge railway on which everything—steam locomotives, passenger cars, stations—is one-third regular size. "But you should hear what some of the visitors say."

At least once a year some wit threatens to cause a train wreck by tossing a rolled-up newspaper on the line.

"They see a locomotive taking water and want to know how much petrol the tank holds," Catt gritted.

"Does it use real coal?" is a question that occasionally stokes the ire.

One prospective passenger, hearing Catt, quietly dropped plans to take along a dessert spoon and volunteer as fireman.

"Thanks for the lovely ride on your toy train," is another clanger that darkens the day for the railwaymen, because the Rummy, Dippy and Hot is no toy. It's an honored war veteran, in fact.

Built in 1926-27, the railway came into the news recently when it was purchased by retired banker Sidney H. Collins, who wants to "do a Beeching on it."

But Collins assured a reporter it's a sort of one-third Beeching he has in mind. That means increasing efficiency but not closing any of the line's half-dozen stations or firing staff as was done by Richard Beeching, chairman of the nationalized British Railways, a somewhat larger operation. The line has been making a small profit."

"This is a commercial challenge for me," said Collins, 67. "I haven't been interested in trains as a hobby since I was a small boy, and I'm a bit old to start now. There are other miniature railways in Britain, but none on public service like this one."

Collins isn't saying what he paid for the railway, built as a labor of love by John Howley, a Royal Flying Corps veteran and motor racing driver who died last year at 76.

However, Collins estimated that Howley, whose greatest joy was to pilot his own trains, spent £250,000 to build the line and it probably couldn't be put together now for £1,000,000. Each of the nine chest-high, 10-ton locomotives — always polished to a shine—is worth nearly £20,000.

The railway carries 250,000 holiday-makers in its annual operation from Easter to October, traversing a marsh once notorious as a haunt of smugglers and now a sheep hangout. Fare is about 65 cents.

OBSERVE WEEK — The Border Business and Professional Women's Club observed last week in honor of the movement. Above, at a supper meeting are, from the left, Mrs. Ruth Rowe, guest speaker, Mrs. M. Wallace, Border Club president, Mrs. Jean Smith, guest speaker.

Visit to Holy Land is described to meeting of business women

STANSTEAD— (Special) — In observance of Business and Professional Women's Week, October 18 to 24, the Border Club were hostesses for a supper meeting held in the hall of Centenary United church where Mrs. Jean Smith and Miss Ruth Rowe, of Montreal, were the guest speakers.

A buffet-style supper was served by the Border Club members. The tables were attractive with autumn flowers. Each person present announced their name, after which Mrs. Mabel Wallace, president of the hostess club welcomed everyone. Grace was said by Rev. R. Rogers, a guest at the supper.

Mrs. Smith brought greetings of the Montreal Club. She and Miss Rowe gave an illustrated description of their trip to the Holy Land, and said this was sort of an anniversary as it was on October 16, 1963, that the party left Dorval airport on an Anglican pilgrimage to the Holy Land. This was under the leadership of Right Rev. J. Anderson, Bishop of Red River.

Mrs. Smith told of the trip to England, then on to Venice, Italy, Cairo, Egypt, where they visited the pyramids and were greeted by the Arabs and also visited the Cairo museum. The tour included Lebanon and from the Mediterranean Sea up into the hills to Syria, Damascus and Jordan, and visited the Dead Sea which is 1296 feet below sea level and where they went swimming, then to Bethany, Jericho and Jerusalem. In the latter they travelled the Way of the Cross to the church of the Holy Sepulchre where the last five are. They attended church at a cathedral where the choir consisted of blind Arab girls.

They saw Jacob's well, visited in Samaria and the Garden of Gethsemane, and the Church of Agony in the Garden. This church is sometimes called The Church of All Nations, as so many countries contributed to its erection.

Mrs. Smith said that each historic place they visited Bishop Anderson would read the story from the Bible which made the Bible very real to them.

Mrs. Smith and Miss Rowe, while at Bethlehem took a taxi to Ramalah, for the National B. and P. sends money from every Club to the Ramalah School for Girls. The sum is $3,500, a year, which is educating seven girls. The speaker said the girls are given every opportunity for a profession in the modern school, where they were given a guided tour.

This center was opened in September 1962 with money built from the refugee fund which so many people contributed to. English is the second language required in many of the courses offered the girls. Arabic is their own language. The BP Clubs contribution is done through the UNRA which also operates a hospital on the Mount of Olives.

Miss Rowe, showing slides, showed many of the old ruins of the Holy Land, Biblical places, the people and some of their customs.

The two ladies were thanked for the trip by talks and slides by Mrs. Jessie Rogers.

Miss Isabel Menzies, Montreal, and a delegation from the Sherbrooke B.P. Club were guests, as well as Mrs. George Hood, Rock Island.

PHASE TWO OF THE RAMBLER REVOLUTION:

the luxurious new, longer, larger 1965 Ambassador—designed to bring Rambler quality to the larger-car buyer

A few years ago, we introduced the first compact car. It was a revolution against excessive size, weight and gimmicks. In a short time, we became compact leaders.

Now it's time for Phase Two of the Rambler Revolution. It's time to offer our proven quality and exclusive features to the larger-car buyer. Our luxurious new '65 Ambassador is completely new in size, appearance and performance.

Take your choice of three great engines. Torque Command, the revolutionary new 155 h.p. six that performs like an eight for a superb balance of power and efficiency. Its 7-Main Bearing crankshaft with eight counterweights gives a smooth, vibrationless ride. Or choose the Ambassador 270 h.p. V8. It offers one of the industry's best power-to-weight ratios for superior performance. Or pick a 198 h.p. V8 for fast-moving action.

The '65 Ambassador offers luxurious, spacious interiors. Choose from the industry's widest range of comfort and seating options, all with 7-position reclining seats and improved adjustable headrests. There's a wide new selection of power options and features—everything you've ever wanted, from automatic transmissions and full power equipment to disc brakes and AM/FM radio.

The '65 Ambassador offers exclusive quality features and construction. For instance: strong, rattle-free Single Unit Construction with Uniside; Deep-Dip Rustproofing; Double Safety Brakes; Ceramic-Armored Muffler; noise-hushing fiberglass roofliners.

Look what happens when the compact leader decides to expand—Phase Two of the Rambler Revolution. The 1965 Ambassador brings Rambler quality and features to a luxurious new, larger car with over 70 power options and features.

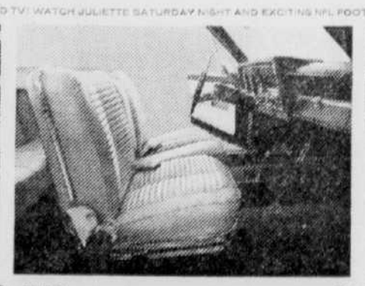

The 1965 Ambassador is on display at your neighbourhood Rambler Dealer's. There's no better time than now to take a convincing test drive.

Lizotte-Harrison wedding

BURY — The marriage of Deanna Fern, only daughter of Mr. and Mrs. Douglas Harrison of Bury, to Mr. Jacques Ferdinand Lizotte of Sherbrooke, son of Mr. and Mrs. Roland Lizotte of Sherbrooke, took place on Saturday, September 5, 1964 at 7.30 p.m. in St. Paul's Anglican Church, Bury. Rev. W. E. Walker officiated at the double ring ceremony. Mr. Dick Richards played the wedding music and Mrs. Allan Sutherland sang, I'll walk Beside You, during the signing of the register. The church was decorated with baskets of gladioli and the guest pews were marked with white satin bows with bridal rose.

The bride, given in marriage by her father, wore a white velvet floor length gown, fashioned with a short train, the bodice having a scalloped neckline, and long sleeves ending in points over the hands. Her shoulder length veil was held in place by a white velvet flower. She carried a cascade bouquet of red roses. Her only jewellery was a single strand of borealis.

The maid of honor, Miss Phyllis Barter of Montreal, wore a street length dress of Kelly green velveteen, with matching veil and headdress. Her bouquet was of white shasta daisies.

Mrs. Douglas McGrory and Miss Sandra Norris of Montreal, were the attendants and were dressed alike in green velveteen street length dresses, with matching veils held in place by flowered headdresses. They carried bouquets of yellow shasta daisies.

Miss Susan Rudd was the little flower girl and wore a short white velvet dress with matching flowered headdress. She carried a basket of flowers.

Mr. Douglas McGrory of Montreal acted as best man and the ushers were Messrs. Joe Lizotte of Sherbrooke, brother of the groom and Jimmy MacLeod of Montreal.

The bride's mother wore a two-piece ensemble of teal-blue with matching accessories and a pink carnation corsage.

The groom's aunt was dressed in brown with accessories to match and wore a corsage of yellow carnations.

Following the ceremony, a reception was held at Salle Jean Paul, Bury.

Later the couple left for a trip to Cape Cod and other points in the New England States, the bride wearing for travelling a navy blue suit with matching hat and red accessories. Her corsage was of red sweetheart roses.

Guests attended from Montreal, Valleyfield, Verdun, Knowlton, Lennoxville, Sherbrooke, Thetford, Magog, Morrisville Vt., Cowansville, Bishopton, Scotstown, and Gagnon.

The couple are now residing at 1369 St. Gilles, Sherbrooke.

Personals

Miss Judy Fowler, Miss Janet Findlay and Miss Dianne Evans, have returned to West Bridgewater, Mass., after spending the weekend at their respective homes in Waterville and Lennoxville. They motored from Boston with Mr. David Howard and Miss Catherine Howard, who spent the weekend with Mr. and Mrs. Roy Sylvestre in Waterville, and Mr. Henry Hurley, who was the guest of Mr. and Mrs. Earl Findlay in Lennoxville.

* * *

Receiving the guests at the Dinner Dance, being held at the Le Baron Motor Hotel, on Saturday, October 24, from 7:30-1:00 a.m., sponsored by the Sherbrooke Hospital Ladies' Auxiliary, will be Mrs. Max Rothschild, president of the Auxiliary and Mr. Rothschild; Miss Clara Aitkenhead, director of nurses; Mrs. Paul Gervais, treasurer and Alderman Paul Gervais.

Engagement

Mr. and Mrs. R. L. Eden, Brisbane, Australia, take pleasure in announcing the engagement of their only daughter Janette Elizabeth to Duane Lowry, eldest son of Mr. and Mrs. Hazen A. Lowry, of Sawyerville. The wedding will take place in St. Andrew's Church of England, Brisbane on February 6, 1965.

Philathea Unit U.C.W.

Harvest sale a success

The annual Harvest Sale and Tea was once more a success for the Philathea Unit of the Lennoxville United Church Women.

Held in Douglas Hall, Queen Street, a real harvest and Hallowe'en decor prevailed, with wall plagues of maple leaves, hobo corn, cat tails, black cats and witches.

The head tea table was arranged with a lace cloth centred with green and orange candles in wrought iron candelabra, flanking a cornucopia filled with corn, gourds and maple leaves. Here the leader, Mrs. Lyman Rothney poured tea.

The small linen covered tea tables had candlelit centers and Hallowe'en motifs. Mrs. Harold Robertson was in charge and was assisted in serving by Mrs. Grant Taylor, Mrs. Leo Williams and Mrs. Raymond Pariseau.

Mrs. Austin Scott and Mrs. Gertrude Winslow were in charge of food arrangements and were assisted by Mrs. Roy Suitor, Mrs. Lorne Butler and Mrs. Lewis Eager.

Mrs. Gilbert Patrick, treasurer, was in charge of tea receipts.

The sales tables which were well patronized were cared for by Mrs. Samuel McLean and Mrs. Carla Dietz.

Aprons of all types and for all occasions were sold by Mrs. George Sutherland and Mrs. Anson Rowe.

Fancy linens, knitting, novelties and doll's outfits were sold by Mrs. Hugh L. Wallace and Mrs. Harold Worster.

The event was most successful, both socially and financially.

Polly's pointers

DEAR POLLY — Several months ago I was lucky enough to receive a "Polly Dollar." It was so bright and shiny in its attractive holder and there was a reprint of my letter as it was to appear in the paper. This was so attractive that I sent it to my young granddaughter for a birthday present—dollar, holder and letter. She was delighted. I thought other readers (grandmothers) might like to use this suggestion.— A FRIEND

We are indeed flattered by a A Friend's important use of her published hint and her Polly Dollar.—POLLY

Cousins marry at double wedding held in Sutton

SUTTON — St. Andrew's Catholic Church, in Sutton was the scene of a pretty double wedding, on September 7, 1964, when cousins, Evelyne Lariviere, daughter of Mr. and Mrs. Louis Ph. Lariviere, of Sutton, married Dr. Guy Bourgeois, son of Mr. and Mrs. Herve Bourgeois, also of Sutton, and Murielle Lariviere, daughter of Mr. and Mrs. Gaston Lariviere, became the bride of Mr. Jean M. Lizotte, son of Mr. and Mrs. Leopold Lizotte, of Cowansville. Abbe Paul Beaudry, officiated and Miss Celine Bourgeois played the wedding music. Mr. Germain Brillon was the soloist. Seasonal flowers were used to decorate the church.

The bride, Evelyne, was given in marriage by Mr. Louis Ph. Lariviere and wore a gown of white lace and carried a bouquet of pink roses.

The bride, Murielle, was given in marriage by her father and wore a gown of poult de soie, with guipure lace over-jacket. She carried a bouquet of red roses.

The ushers were Messrs. Guy Lariviere, Guy Lizotte, Gilles Lariviere and Leon Bourgeois.

Mrs. Louis Lariviere, the bride's mother was attired in a blue lace dress and hat, with a pink rose corsage and the groom's mother, Mrs. Bourgeois, wore a blue lace dress, with velvet accessories and a corsage of pink roses.

Mrs. Gaston Lariviere, mother of the bride, chose a champagne lace dress and coat, with a feather hat and a green flowered corsage.

Mrs. Lizotte, the groom's mother, wore a blue poult de soie dress, with black velvet hat.

Following the ceremony, a reception was held at the Hotel Maurice, Cowansville.

Later the newlyweds, Mr. and Mrs. Jean M. Lizotte, left for a trip to the United States, touring the State of Maine, the bride wearing for travelling a tweed suit and felt hat.

Dr. and Mrs. Guy Bourgeois, also left for a honeymoon to Cape Cod and Niagara Falls, the bride wearing for travelling a brown and black boucle suit, with black accessories and a yellow rose corsage.

Dr. and Mrs. Bourgeois will reside in Sutton and Mr. and Mrs. Lizotte will reside in Sherbrooke.

Activities of local women's groups

ST. BRIDGET'S COUNCIL C.W.L.

The St. Bridget's Council of the Catholic Women's League held their second meeting of the season on Wednesday, October 14. Following a reminder of the president, Mrs. Don Pankovitch, the Council's annual contribution of $10 to the Retreat Fund and $20 to the Asian Child's fund was authorized.

Mrs. Fred White, Spiritual convener, reported two members of the Council attended the Retreat at Beauvoir at the beginning of October and found it a most rewarding experience. She expressed the hope that next year more members will be able to attend. Members were reminded that October is the month of the Holy Rosary.

Mrs. Norman Haddon, Social Welfare convener, thanked the members for the layettes knitted during the summer, and asked the members to remember the knitted articles and toys required for Christmas gifts.

The president announced that it was nearing the time for the St. Bridget's Annual Bake Sale and it was generally agreed that a Bake Sale should be held on November 8. Mrs. Ella Mills was appointed convener for this year's sale.

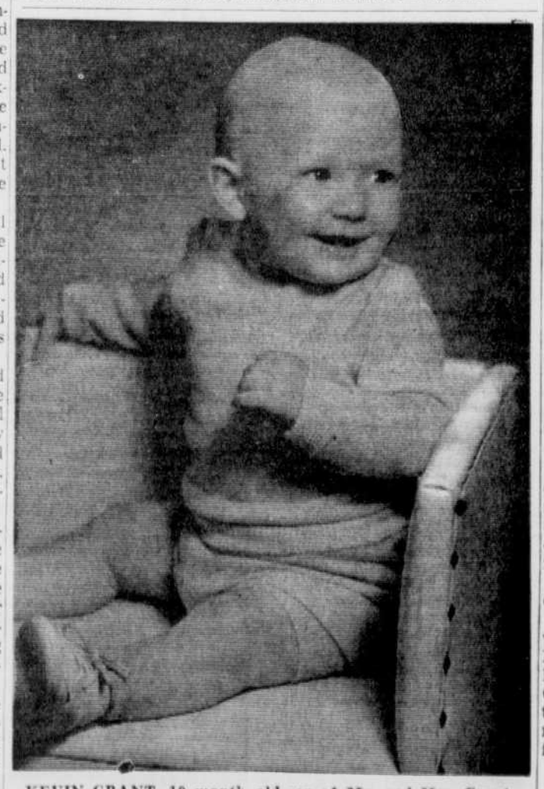

Mrs. Doug Fletcher, reporting on the preparations for the Mardi-Gras Tea, to take place on February 27 read to the Council a letter, edited by her committee, to be sent to approximately 100 celebrities asking for items to be donated for auction at the tea.

Following the meeting the members greeted the Rev. Eugene Palumbo, principal and director of St. Patrick High School, as guest speaker.

Rev. Palumbo was introduced by Mrs. E. Thomson and gave a very interesting talk on education. He stressed the importance of a foundation for education in the home and expressed the conviction that discipline and freedom have to be balanced. He also spoke of the importance of parents setting reasonable rules and regulations and setting a good example to their children in the home.

Mrs. Dave Gillet thanked Father Palumbo for his very interesting and informative talk.

Lunch was served by the hostesses, Mrs. A. MacDonald, Mrs. J. Gendron and Mrs. L. St. Onge.

KEVIN GRANT, 10 month old son of Mr. and Mrs. Grant Lavers of Montreal. Grandson of Mr. and Mrs. Earl Lavers of Sherbrooke and Mr. and Mrs. Edward Majaury of North Hatley. He is the great-grandson of Mr. and Mrs. John Lavers, Mr. Hugh Carroll, Mrs. Grace Thompson and Mrs. Rachael Majaury.

1ST. SHERBROOKE CUB & SCOUT LADIES AUX.

The September meeting of the 1st Sherbrooke Cub and Scout Ladies Auxiliary was held at the Church of the Advent Hall, recently. Nine members were present.

Mrs. D. Atto, the president, opened the meeting with the Scout Mother's Promise.

The secretary read the minutes and the treasurer gave her report. A new treasurer and 1st vice-president, were elected. The treasurer is Mrs. R. Turgeon and the 1st vice-president is Mrs. G. Matheson.

Business was discussed, especially ways of raising funds. At present a travelling apron is in circulation.

The meeting closed in form, followed by refreshments.

Mrs. R. Oxford, of the Scout and Cub Uniform Exchange has parts of uniforms available. Phone 562-2047.

PHILATHEA UNIT U.C.W.

The Philathea Unit of the Lennoxville United Church Women held their regular meeting recently in Douglas Hall, Queen Street. Mrs. Lyman Rothney, leader, was in charge and Mrs. Roy Suitor carried out the program which had a Thanksgiving theme. Mrs. Anson Rowe presided at the piano for the singing of hymns.

At this meeting, members brought in their talent money and donations for a white elephant sale, which together netted a most encouraging sum to begin the fall and winter activities.

Mrs. Grant Taylor read a report from the general U.C.W. meeting held in September and Miss Florence McCurdy commented on the various fall rallies she had attended.

Plans were discussed for other fall activities.

At the close, refreshments were served by the hostesses, Mrs. Anson Rowe, Mrs. Lester Parnell and Mrs. Wilbur McCurdy. The lace covered tea table was centred with an arrangement of pink geranium, fern and ivy.

NUTS TAKE TOLL

Cashew nuts, among the most popular in Canada, often cause blindness and skin problems to many of the Indians who are employed shelling the oil-laden nuts.

Former missionary to speak to U.C.W.

A public meeting for men and women, sponsored by the Quebec-Sherbrooke Presbyterial United Church Women, will be held in Trinity United Church, Sherbrooke, on Oct. 22, at 8 p.m., and will feature Mrs. Jean Collins, B.A., M.A., who will speak on God and His Purpose.

Mrs. Collins, formerly a missionary in Angola, now a lecturer at Carleton University, Ottawa, was born in Montreal, daughter of Dr. F. D. Gurd, graduated from McGill University with honors in 1925, and was a lecturer in the English Department at McGill for three years.

In 1929 she married Dr. Stanley Ralph Collins, missionary in Angola, Africa, and went with him to Camundonga Mission Station, Angola, where she spent 18 years, having charge of work among women, leadership training and oversight of all Sunday School work, and charge of a kindergarten of 100 children.

In 1947 Mrs. Collins and her husband moved to the central mission station of Dondi, Angola, where they were given responsibility for organizing and opening Emmanuel Theological Seminary, Dr. Collins becoming principal of the Seminary and Mrs. Collins a full time lecturer. Mrs. Collins was also active in camp work with girls and women and in leadership training courses for both men and women.

Mrs. Collins and her husband returned to Canada in 1959, and now live in Ottawa where Mrs. Collins is on the staff of the Extension Department of Carleton University, and in great demand for speaking engagements.

Everyone is urged to attend what will be an inspiring occasion.

Anyone having items of interest for the Social Column please phone Mrs. P. Pickford, Tel. 569-3636, Local 38.

OBITUARIES

REV. WALTER P. SHELL, OF COATICOOK

COATICOOK — Rev. Walter Pearson Shell, minister of Dixville, Barnston, Moe's River and Coaticook Baptist Churches, died suddenly on September 14, 1964. He was in his 61st year.

Mr. Shell was born and raised in Uxbridge, Ont. He trained for the ministry at McMaster University, Hamilton, where he received both his Bachelor of Arts and Bachelor of Theology degrees.

In 1954, while serving as pastor of the Baptist Church he was ordained to the Christian ministry. Prior to his arrival in the Province of Quebec just a little over a year ago, he served at Baptist churches in both Collingwood and Cheltenham in Ontario.

Surviving are his wife, the former Mrs. Gertrude White; his son, Alex, of Toronto; and two sisters, Olive, a missionary in Peru, and Maebelle, of Toronto.

The funeral service was held in the Coaticook Baptist Church on September 18 and was conducted by the Rev. John Dozois, of Sherbrooke, with Rev. Alex McCombie, Sherbrooke, and Rev. Emerys Jenkins, of St. Lambert, assisting.

The burial took place in Uxbridge, the home of the deceased, following a memorial service in which Dr. N. H. Parker, principal of McMaster Divinity College, spoke. Dr. D. H. Burns, secretary of the Board of Canadian Missions, and Dr. Leland Gregory, General secretary of the Baptist Convention of Ont. and Quebec, also took part in the service.

MRS. A. M. HYATT, OF COMPTON

COMPTON — The death of Mrs. Anne Marie Hyatt occurred suddenly on Sept. 29 at the Pittsfield General Hospital, Pittsfield, Mass. Mrs. Hyatt, who was in her 90th year had been visiting her son and daughter-in-law in Lee, Mass.

Mrs. Hyatt was born in Shrule, Ireland, August 20, 1875, the daughter of the late James Davin and Norah Kelighen. She emigrated with two brothers now deceased, to Springfield, Mass., where in 1900 she was married to John Woodbury Hyatt, who predeceased her in 1940.

They settled on a farm in Compton where they spent most of their life. In her latter years Mrs. Hyatt had been making her home with her son-in-law and daughter, Mr. and Mrs. Stephen Broderick, of Compton.

She leaves to mourn a son, Stephen, of Lee, Mass.; a daughter, Gladys, Mrs. Stephen Broderick; a sister, Mrs. Frank Smith, of Sherbrooke; three grandchildren and one great - grandchild.

The funeral was held on Oct. 2, at ten o'clock from Brien's Funeral Home, Coaticook, to St. Thomas Aquinas church in Compton, where a Requiem Mass was solemnized by Rev. Camille Parenteau, assisted by Rev. John Cauchon and Rev. Ruel.

The bearers were Edward Hyatt, Marc St. Laurent, Rodolphe Grenier and Lawrence Broderick.

Interment took place in the family plot in St. Thomas cemetery, Compton.

MRS. JOHN HOFFMAN, OF FARNHAM

FARNHAM — On October 4, 1964, one of Farnham's older citizens, Mrs. John H. Hoffman, died here in her 84th year.

She was born in Brownington, Vt., daughter of Dyer and Susanna Gallup. Her husband, John H. Hoffman, predeceased her some 13 years ago.

Left to mourn are her daughter, Lillian, and a number of relatives in Vermont.

Mrs. Hoffman was a charter member and Past Matron of White Rose Chapter, Order of the Eastern Star, and a Past Noble Grand of Yamaska Rebekah Lodge, I.O.O.F.

The funeral service was held at the Desourdy Funeral Home, October 6, 1964, conducted by Rev. R. B. Baker, rector of St. James Anglican Church.

Burial took place in the family lot at West Charleston Cemetery, where the committal service was conducted by Rev. Mr. Hopkins, of West Charleston Baptist Church.

The pall bearers were Hector Harris, James Kavanaugh, William Epps, Frank Tetreault, George Brown and Murray Smith.

MRS. GEORGE H. HEATH, OF MONTREAL, Formerly Of Asbestos

ASBESTOS — The death occurred on September 23, 1964, at the Montreal General Hospital, of Mrs. George Henry Heath, of Montreal, formerly of Asbestos and Danville.

Mrs. Heath, the former Caroline Alice Ingham, was born on July 27, 1882, at Hillhurst, Compton, the eldest child of Frank Henry Ingham and his wife, Emma Mary Giroux. She was married on November 30, 1904, to George Henry Heath who predeceased her in 1952.

Mr. and Mrs. Heath had six children, all of whom survive. They are: J. Graydon Heath, of Danville; Mrs. A. H. Thompson, (Mary), of Asbestos; Mrs. Elsie Reed, of Montreal; Harold S. Heath, of Danville; Mrs. S. C. Reed (Phyllis), of Waterville, and Mrs. K. H. Healy (Harriet) of Montreal. She also leaves nine grandchildren, nine great-grandchildren; a sister, Mrs. J. R. Johnson, of Oshawa, Ont., and several other relatives.

Mrs. Heath was for many years a member of St. Andrew's Presbyterian Church, Asbestos, and of St. Andrew's Ladies' Auxiliary.

On September 25, 1964, after family prayers at Lockwood's Funeral Home in Danville, the funeral service was held in St. Andrew's Presbyterian Church, Asbestos. Rev. A. Goodwill MacDougall, of St. Giles Presbyterian Church, Baie D'Urfe, a former minister of the Asbestos church, officiated. With Mrs. G. M. Boyd at the organ, a favorite hymn of Mrs. Heath's The Great Physician, was sung by the congregation.

The bearers were: Ronald C. Ross, of Otterburn Heights; Donald L. Healy, of Lennoxville; Charles H. Thompson, of Danville; and three grandsons of the deceased, Graydon S. Reed, of Waterville, George C. Heath, Pembroke, Ont., and Donald J. Reed, of Montreal.

Interment was in Danville Protestant Cemetery beside her husband.
