OPERATORS HONOURED

Leaving the Pontiac Telephone Company as the local operators service is discontinued, nine Shawville ladies were honoured at a banquet last week, put on by the local employees of the company with funds collected from a grateful group of citizens in this town. Business goes on as usual here but will never be the same as it was when these nine ladies provided those many little extras to smooth the way for communication into, out of and across this district. Hardy Plants provided corsages and table flowers, Shawville Council presented honour certificates, Andai Studio photographed the honourees and so forth—it was a community's way of saying thank you to, left to right standing, Mrs. Sterling Hodgins, Mrs. Kenny Morrison, Mrs Harry Coles, Miss Gail Young, Mrs. Arthur Lalonde and seated Miss Gertrude Armstrong, Mrs. Benedict Allen, Mrs. Neil Sharpe, Mrs. Grace Smith.

Calumet Island boy wins Orangemen's talent show here

The Orangemen's amateur contest at the McDowell School in Shawville Saturday night brought forth more talent on one stage than has been seen here for many years.

The whole county was represented both on stage and in the large audience which overflowed up into the balcony.

Schoolboy Claude Ducette of Calumet Island who had been a great hit at Shawville Fair two years ago, sang his way to the top, accompanied by his brother, Denis, who is a student at the High School in Fort Coulonge. There were five special prizes and the judging was so close that with a point more about ten contestants could have been winners. Second place went to Linda Huckabone, Quyon step-dancer, and her little pupil Shelley Armstrong. Third prize was won by Sandra and Sammy Towell whose harmonizing has reached excellence and shows hours and hours of faithful rehearsal.

Little Patricia Hodgins and John Laframboise came fourth and fifth with more step dancing and the closest next contestant was Beth Armitage who accompanied herself on the guitar singing popular folk songs.

True to tradition, there were many step dancers and many gospel singers on the program. The latter included Marilyn Lemay who held the audience spellbound with her two hymns and came back in the finals with yet another. Hugh Horner and George Towell sang others in this category and a large group including these two and Sammy Towell and Lorne and Donald Rooney and accompanied on the accordian by Valerie Roberts.

Step dancers included little Marc Robillard whose tiny feet fairly flew through his intricate steps, Cathy Roy and Barbara Burnette doing a duet, Brenda Trafford, Vickie Megrath, Connie Twolan, Susan Laframboise and the winners as listed above.

Rev David Bolton and Mrs Bolton sang several very entertaining folk songs with their usual competence and returned with fresh material for the finals. Francis Langford and Rodney Dean playing a piano duet brought variety to the program and they also went into the finals.

Dottie McColl, Donna McKechnie and Debbie Young sang several numbers with guitar and mar-

Child's turnout, Fine harness pony 12-2 and under, Saddle horse under Western tack, Saddle pony (Shetland or Welsh type over 11 hands, Bike class with colours, Flag race, Parade ponies 11 hands and under and also over 11 hands, Heavy harness horse, Shetland pony hitched 11 hands and under, Fine harness horse, lady driver in proper attire, Single roadster, Heavy harness pony 12-2 to 14-2, Three gaited saddle horse under English tack, Heavy harness pair, Pick-up races for horses and ponies, Pair heavy harness pony, five gaited saddle horse and Roadster pair.

Catholic Regional Board now demands new resolutions from every local board before negotiating with Protestant Board

Raymond Johnston, member of the Clapham Roman Catholic School Board, was among the members of all the Pontiac County Catholic School Boards who met with the Commission Scholaire Regionale de l'Outaouais Monday night in Shawville to discuss the education of English speaking Catholics.

Ray was also specially invited to attend in his capacity of Member of the Provincial Parliament for Pontiac County and his advice was even more especially sought in his position of Minister of Revenue in the Government of Quebec.

In all these capacities Ray came forth with the one sound proposal of the evening which cleared the air and turned an impasse into a course of action.

The Johnston solution for the confused Regionale Board was that they go ahead and build the planned school in Fort Coulonge, complete with its annex for English speaking students from the west end of Pontiac and that at the same time they negotiate an agreement with the Protestant Regional Board to take the English speaking Catholics who live nearer to Shawville into Pontiac High School. His proposition was backed up with statistics which showed that there were enough English speaking students to make up the required number for the Fort Coulonge complex even allowing all those in the lower end of Pontiac to attend at Shawville.

Mr Johnston's figures were based on the present numbers of students in grades 4, 5, 6 and 7 which will be the students in high school in a very few years. Whatever various bases had been used in previous surveys of the English speaking students of Pontiac County, these new figures were claimed by the Hon Raymond Johnston to be true to the actual situation. There was no doubt in his mind about which children actually were English speaking and which were actually French speaking.

Ray's proposal met with thunderous applause and as he resumed his seat the chairman of the meeting, Mr Lalonde of the Regionale, said "that's just what I was going to say". This quip brought jeers from an otherwise very polite audience. Several wondered why, if Mr Lalonde did really have this solution in mind, he hadn't come forth with it an hour before or a month before or a year before.

The only other unpleasant moment during the evening was when one parent from Fort Coulonge announced that as long as there was a school with a roof on it and a teach-

One day teachers strike May 5

On the issue of teacher-pupil ratio and also on the issue of declassification of teachers which could decrease the salaries of certain members, teachers of all the Protestant Schools in West Quebec will be on strike for one day, Monday, May 5. This includes Pontiac County Protestant elementary schools, as well as the Pontiac High School.

The teachers will have pickets outside the school to try to discourage anyone from breaking the strike.

On Tuesday morning the teachers will resume their duties as usual and no further strike action is planned, according to the vice-president of the West Quebec Teachers Association Mr Geoffrey Alten who teaches History and Geography and Science at Pontiac High School.

Bryson mother shot in abdomen

Tuesday afternoon Alphonse Lepine, 64, of Bryson, accompanied by his youngest child, 5, walked into the QPP headquarters in Campbell's Bay and asked that they go to his home because his wife was dead.

Holding Mr Lepine on a coroner's warrant as a material witness, Corporal Turner, Constable Miller and Constable Ippercial went to the Lepine home to investigate the report and found Mrs Lepine dead. She had apparently been shot several times in the stomach with a 30-30 rifle.

An autopsy is being performed and the homicide experts from Montreal have come to take over the investigation. The two youngest Lepine children have been taken into custody by the Social Service in Hull. There are also two older children by the same marriage. Mrs Lepine was the former Miss Florida Latour and also has a number of children by a previous marriage.

No charges have been laid in this case and no date has been set for an inquest.

Car thieves cornered in Shawville

Two teenagers and a twleve year old boy were taken into custody by the Quebec Provincial Police in Shawville on Tuesday. These youngsters had stolen a car in New York State and had come up this way with it.

Alerted by telex from the RCMP that this 1960 Pontiac was to be watched for and that the occupants were to be apprehended, the Campbell's Bay detachment of the QPP had been on the lookout since Monday night. A tip took them to Ladysmith where they made inquiries and early Tuesday morning a phone call from Ladysmith informed them that this particular car was on its way to Shawville.

The Police surrounded Shawville and closed in on the culprits at the Fina Station. Tuesday evening a police car from Hull transported the three juveniles to the US border after they had spent most of the day in jail at Campbell's Bay.

The only weapon in their possession was an unloaded .22 rifle in the car.

Shawville Saddle & Pony Club activities under way

New members always welcome

Shawville Pony and Saddle Club activities start this weekend. The schedule of activities is as follows:

Friday evening, May 2 at 7:30 in the Club Ring, Horseback Square Dancing first session. All are welcome even if they have never done this before. Bill McCord is in charge and wants everyone who is going to participate to bring their horses to this first meeting. No age limits for either rider or horse but no stallions and no ponies will take part. Ponies will have their own square dance which will start later on in the season.

Saturday morning, May 3 at ten o'clock in the Club Ring, Western Games first practice. Earl Bean and Clive Smart are in charge. All riders who intend to do Western Games this season should present themselves with their horses so the leaders can make their plans according to the wishes of these members.

Saturday afternoon, May 3, at two o'clock in Shawville Fair Grounds show ring, pony riders will bring their ponies to register with Club President Neil Hodgins for a long season of interesting pony activities for Beginners and Advanced riders.

Sunday afternoon, May 4, the scheduled barn meeting at Claude Young's is postponed to May 11 and club members are urged to attend the Horsemanship Clinic in Richmond on May 4th.

Members interested in taking up reining should tell Phillip Thompson who will be in charge of this Club activity. He will then arrange a suitable time for study and practice.

Trail rides will commence on Saturday morning May 10 from the Club Ring. Janice Young will be in charge. All riders, horses and ponies who wish to take part in trail rides are welcome.

Points towards Club Trophies will be given for attendance at all these activities. New members are always welcome to join by contacing Mrs Ken Belsher.

La Tuque wins trophy

The La Tuque Wolves who won their series in Shawville against the OVHA champions, the Pontiacs have gone on to sweep their next series for the Canadian Intermediate Hockey Championship. They are now the proud holders of the Canadian Amateur Hockey Association Trophy. Meanwhile, back in Shawville, the grapevine tells us that the Pontiacs are working up a baseball series against the CFRA Happy Blunderers to keep in shape during the non-hockey season.

IF THE TEACHERS STRIKE

Twenty six teachers at the McDowell Elementary School in Shawville have signed a letter explaining to the Central Pontiac Protestant School Board their reasons for striking, if they do srike along with other teachers in Quebec in the near future.

Their reasons and their decisions are of great interest to all parents of children in the school. First they insist that they have all been most pleased with any dealings they have had with the Central Pontiac Protestant School Board and that they are in fact grateful for all the supplies made available to them as teachers.

They have been led to believe by officials of the Provincial Association of Protestant Teachers (PAPT) that their quarrel is with the Quebec Government because they wish to enforce by 1972 the ratio of one teacher for every 27 pupils.

To the casual observer this may seem acceptable but it does not work out to classrooms with 27 pupils and one teacher as it would seem. Actually what this means is that there would be no specialists in such subjects as Art, French, Music and Physical Education. Or in order to keep these specialists, it would be necessary to have classes with 35 to 40 pupils.

With this one to twenty-seven ratio there would also no longer be any provisions made for the students who have learning problems. They have been told, for instance, that the McDowell Elementary School staff would be cut by ten teachers by 1972.

As educators, these twenty six teachers there do not feel this is a good thing and their allegiance in the case of this dispute must therefor be with the educators.

Their feeling is that if they go along with the proposed strike the children will not lose anything but a few days of school at the most and that the teachers would lose a few days' pay.

More than the few days' pay, they also stand to lose the sympathy of the public unless the public can understand what they are trying to achieve.

The dispute with the government is not a matter of more money and less work. The dispute is for a continuation of a good education for the children and of a school organization which will permit teachers to provide the very best possible.

As educators, these twenty six teachers who intend to support the strike, do so on behalf of continued progress in their field and to try to stop any retrograde steps before they are taken.

They express only satisfaction and pleasure with their own local school board and stress that their only quarrel is with what they have been told the government intends to enforce.

Womens Service Club sponsors driver education

Capt. A. LeBlanc of the Department of Transport and Communications of Quebec and First Constable Laprade, of the Surete du Quebec (QPP) of Campbell's Bay were at the Pontiac Protestant High School last Wednesday afternoon to show films and demonstrations on "Defensive Driving", particularly U.F.O.'s — meaning Unrestrained Flying Objects.

Senior students, teachers and other interested persons viewed a General Motors film, using realistic dummies, to show the effects of lack of foresight and care in driving, particularly with reference to the use of seat belts and shoulder belts in cars, which would help in restricting these "Unrestrained Flying Objects."

Following the very interesting, often macabre and frightening visual aids, Captain LeBlanc answered questions from the floor, many of which questions showed interest by the relevant comments made.

Captain LeBlanc and First Constable Laprade also showed films to an interested group of adult drivers and teen-age drivers at the Dr S E McDowell school the same evening, and gave an informal and informative short course on driving practises.

This valuable contribution to driving education of the Shawville community was sponsored by the Shawville Women's Service Club as one of their projects for this year.

Hospitality course for hotels and restaurants

Tourism, Fish and Game Minister Gabriel Loubier has announced that his Department's Tourism and Hotel Institute will hold a special course from May 18 to 23 at Alpine Inn in Sainte-Marguerite-du-lac-Masson north of Montreal. It will be a seminar on hospitality and graciousness, designed for owners, managers and receptionists in Quebec hotels, motels and restaurants.

Mr Loubier stressed the value to all concerned of attending such a course just before the main tourist season begins.

Since registration is strictly limited, interested persons would do well to get in immediate touch with Luc Senecal, Tourism and Hotel Institute, 1265 Saint-Denis Street Montreal 129, telephone 514-873-3491.

With Rev N T Holmes, minister of Yarm United Church officiating Marion Mary Eva Towell, daughter of Mrs Towell and the late Samuel Towell of North Clarendon, became the bride of Mr Merlin Keith Richardson, son of Mr and Mrs Perley Richardson of Radford on Thursday afternoon, April 27.

A quiet wedding was solemnized at the home of Mr and Mrs James G. Graham of Bristol township on Friday afternoon April 28 when their only daughter Thelma Margaret May, formerly of the Dept of Naval Affairs, Ottawa, became the bride of Mr Keith William T. Draper, of Beechgrove, Quebec.

Three Fort Coulonge residents, a grandmother, her daughter and her granddaughter, were burned to death at 6:30 Friday morning of last week, when trapped by flames in the second storey of their wooden frame home, a mile from this village on the Grand Maris road. The dead are Mrs Abraham Desjardins, 60, her daughter Mrs Alfred Kershaw, 30, and Joyce Kershaw, Mrs Kershaw's five year old daughter.

A few friends and neighbors gathered at the home of Mr and Mrs Wm Tubman at Charteris on April 21 for a farewell party. Mr and Mrs Tubman are leaving that vicinity to take up residence in Shawville.

The Canadian Trade Commission believes that buying Canadian made goods at home together with more exporting, will solve the war-debt problem. The Canadian national debt in 1914 totalled $46 a head. It is now over $270. Increased trade only, can help us to carry the new burden.

Whilst our city fathers decided not to take any action on the petition asking that the daylight saving rule be adopted in Shawville, the hotels, the post office, and any whose business is to any extent affected by the railway service, hove, nevertheless, practically put it into effect, they couldn't well do otherwise.

Some enterprising chap with a whiskey still in full blossom, somewhere in the neighborhood of Coulonge was nabbed by a detective last week, with the goods on him, so to speak, and has contributed liberally to His Majesty's exchequer as a consequence.

There is a fine opening in this village for a clever lawyer. It is the most central place in Pontiac and all the courts in the county can be attended easily from this point. A good lawyer coming here would receive the almost unanimous support of the people from the boundary line between Litchfield and Clarendon to the uttermost parts of Onslow as well as all the back townships, and if a man of the right stamp comes and settles in our midst we will promise him more than this.

The tow boats on the upper portion of the Ottawa have commenced operations for the season.

A fine looking quality of white mica has been found on Mr Alex Elliott's property at the Schneaux and there is said to be a large quantity of it. Pieces 12 inches square can be taken, it is asserted, from that found on the surface.

The post office at Pembroke was entered on Saturday evening last and robbed. An opening was made into the brick vault large enough for a man to crawl through, and everything in the shape of money, stamps, and registered letters is said to have been taken. The amount of the loss is not known, but it is believed to be considerable.

The Murrays of Shawville a great hockey family

by Eleanor Black

Eighteen year old Terry Murray, son of Mr. and Mrs. Clarence Murray of Shawville, has been signed on contract to play hockey with the "Ottawa 67's" for next year after a good season with that team this year. Terry is one of the fabulous five Murray boys whose hockey exploits have provided Shawville with an outstanding hockey family.

Next to Terry comes Bill 22, a well known former member of the Pembroke Little Lumber Kings who came home this year to take a position with the Canadian Tire Store in Shawville and to strengthen the Senior team here. A six foot four rugged defenceman, Bill is commonly called the policeman of the team, a title formerly held by his brother Bryan. Bill is married to the former Ann McGuire and has an eight month old daughter, Tammy.

Bryan Murray, 26, is also a Senior player and as right winger did a magnificent job as coach and occasional player for the Shawville Pontiacs this year. He produced an ODHA Intermediate A winner, the first in the club's history of sixteen years, by winning the playoffs, semi-finals and finals in eight straight games.

The high morale of the players on the team this year was attributed largely to Bryan's leadership. Coach Bryan at one time played Junior hockey for the Smith Falls Bears and is now employed at the Pontiac High School as Physical Education teacher. He is married to the former Geraldine Sutton.

Barrie Murray, 28, is another rugged right winger for the Seniors and has been a stand out hockey player for Shawville for a number of years. Barrie is married to the former Sandra Horner and they have a three year old daughter, Nancy, and a five year old son, Timmy who follows the family tradition, playing on a Mosquito team in the Minor Hockey League of Shawville.

Laird Murray, 30, now employed at the Ottawa Citizen, plays on their staff team and was formerly a defenceman for the Shawville Pontiacs. He was also a minor hockey coach in Shawville before moving away. Laird is married to the former Sheila Horner and they have two daughters, Judy and Janet.

The NHL has its Hull brothers, its Richards and its Espositos, but Shawville has its Murrays, all five of them famous in valley hockey annals, and their five sisters are among their most avid fans, along with their wives and their five children.

grist...

It was just one of those weeks. We got the right names but the wrong picture. NOW HERE is the picture taken on that glorious 12th of July picnic around 1910 of Lena Strutt (now Mrs Hilliard Palmer) and Mary Archer who lived at the Nat Brownlees. It has crossed our minds to wonder just who were the two flower hatted ladies we published by mistake last week but if we pursue this we will only confuse things further!

A few facts and figures about Quebec unemployment

The Department of Manpower reports that there are 187,000 unemployed people in the Province of Quebec according to their records. 35,000 are under 20 years of age, 37,000 are 20 to 24 years old, 66,000 are 25 to 44, 45,000 are 45 to 64 and four thousand are 65 years or older.

These people are seeking work in various fields. About 34,000 want structural work, 20,000 seek work in the services, 23,000 clerical work, ten thousand in machine trades, eight thousand want bench work, nine thousand want sales work, four thousand wish to become employed in processing and five thousand are looking for jobs in the professions, technical work and management. The rest are listed as miscellaneous.

However, listed at the Canada Manpower Centres are many vacancies in these report of clients with-shortage of electrical engineers, registered nurses and domestics and domestic aids in particular. Increases in shortages were recorded for professional, technical and managerial workers, electrical engineers, mathematicians, registered nurses, social workers, sewing machine operators. Other shortages noted were miscellaneous medical occupations, medical and dental technicians, waiters and waitresses, hairdressers, pressers, upholsterers, secretaries, sheet metal workers, real estate and insurance salesmen, other miscellaneous salesmen, mechanics and repairmen for motorized vehicles, workers in machining plastics, synthetics, rubber and leather.

There is no listing in this out work registered at the Canada Manpower Centre in Campbell's Bay but probably those who are listed there will be included among the 2285 names of job seekers in the Hull office.

One interesting note in the most recent report from the Canada Manpower Department is that a new Quebec Provincial decree was passed limiting grocery store working hours on Saturday. According to this report they must now close no later than 5 p.m. "This decree," says the report, "has affected sales of some merchants significantly, but they should eventually return to normal."

Dept of Agriculture has information for back yard gardeners

You may be thinking of a small garden in your backyard this year. The Canada Department of Agriculture offers some tips.

Several publications are available free of charge to would-be gardeners. One is called ' 'Home Vegetable Growing", (no 1059) and for those of you in northern areas, "Handbook for Northern Gardeners," (No 1081). These publications are prepared for the home gardener and with their help you can learn many easier ways of producing a bountiful backyard crop.

You might make the garden a family affair. The Department offers a third publication, "Growing Savory Herbs," (no 1158). This is just the thing for the gourmet cook, who loves to sprinkle freshly dried herbs on the family dinner. This little book outlines the whys and wherefores of herb growing, and as well has a few tips for wintertime potting.

The small fry can join in your backyard venture too. Helping plant seeds and watching them grow is a magnificent lesson in natural science for young children. You can even put them to work pulling weeds.

These are only a few of the Department's several publications related to gardening and more particular kinds of horticulture. They may be obtained from the Information Division, Canada Department of Agriculture, Ottawa.

4-H Calf Club party at Pine Lodge

Saturday, April 19 the Shawville 4-H Calf Club had a party at Pine Lodge. The hall was rented for dancing but the members enjoyed themselves more, playing ping-pong and bowling. The canteen was opened to the members for refreshments.

Wednesday, April 16 there was a meeting held at Edgar Russell's. The minutes of the last meeting were read. They were adopted by Terry Knox and George Coles.

Motions were made that certain bills be paid. The club discussed suggestions for the party. A class of three-year-old Holstein cows in milking were judged. The president asked several members to give their reasons.

Dalton Hodgins and Wallace Barber gave the official reasons. The meeting was adjourned by Billy Russell and Grant Russell.

COURT REPORT

Court was held at Campbell's Bay on April 23 with District Judge Arthur Labbe presiding.

Jacques Joanette, 29 of 41 Jogues St., Hull recognized his guilt before District Judge Arthur Labbe presiding the Sessions of the Peace at Campbell's Bay, on three charges of breaking and entering and theft in three cottages and five charges of breaking and entering five cottages with the intent to commit an indictable offence therein and was sentenced to two years in the St Vincent de Paul Penitentiary on each charge, but to be served concurrently. All these breakings and enterings took place in the Wolf Lake area during the month of March, 1969 where approximately $60 worth of household effects were stolen. The accused Joanette already had a previous Police Record, but Judge Labbe was told all the stolen articles were recovered.

An accomplice of Joanette, Eugene Rene Bilodeau, 36 of 64 Montcalm St Hull also pleaded guilty of breaking into a cottage at Lola Lake in the Twp of Aldfield on the 31st of March, 1969 where he stole a rifle and a pair of rubber boots valued at $150.
Since Bilodeau had no previous Police Record and the stolen articles were recovered by the QPP he was given one month in jail from the time of his arrest on the 1st of April, 1969.

Ian Wrinn, 21 of 59 Argyle St, Ottawa had his trial on a charge of hit and run at the Village of Campbell's Bay on the 1st day of March, 1969 and being found guilty was fined $25 plus court costs of 120.60. Evidence revealed that Wrinn was a passenger in a friend's car when the latter hit a parked car on Main Street at the Village of Campbell's Bay.
After the accident Wrinn with the aid of a few friends was able to put the car back on the road, and drove it away without saying anything to anyone. He was arrested shortly after by the QPP and charged with hit and run while his friend Hector Joseph Pappin, 35 of Vinton the owner of the car pleaded guilty to charges of impaired driving and hit and run before District Judge Avila Labelle on the 5th day of March, and was then fined and paid $100. and the court costs besides being prohibited to drive a motor vehicle in Canada for a period of three months.

Mrs Hector Maleau of Fort Coulonge who during the month of March caused the QPP to enter upon an investigation by making a false statement that someone had stolen the sum of $125. from her, pleaded guilty to public mischief and was fined $50.

A married man of Calumet Island after his preliminary inquiry today on a charge of rape of a twelve year old girl at Calumet Island on the 12th day of April, 1969 was remanded by District Judge Arthur Labbe to stand his trial at the next Fall Criminal Assizes, and in the meantime was released on a $1,000. property bail bond.

Wesley James Gordon, 22 and Leo Muldoon 21 both of Quyon were found guilty of causing a disturbance in a Beechgrove Hotel on the 9th of March, 1969. A third man, John Bennett, 21 of Beechgrove pleaded guilty to the same charge. All three men were fined $25 as well as ordered to pay the court costs. They also were ordered to post a personal bail bond of $100. to be of good behavior for a period of two years..
One of the conditions of their bail bond is that they must abstain from entering the Beechgrove Hotel at Beechgrove for the same period of two years.

IN MEMORIAM

METCALFE—In fond and loving memory of a dear husband and father Roland Metcalfe who passed away May 2, 1951.
Remembrance is a golden chain
Death tries to break, but all in vain;
To have, to love and then to part
Is the greatest sorrow of one's heart.
The years may wipe out many things,
But this they wipe out never—
The memory of those happy days,
When we were all together.
Wife and family 60095b

SMITH—In loving memory of our dear mother, Mrs Walter Smith, who entered into rest May 2, 1965 and our dear father Walter Smith Dec. 2, 1953
Gone dear Mother and Father
Gone forever,
How we miss your smiling face
But you left us to remember
None on earth can take your place
A happy home we once enjoyed
How sweet the memory still
But death has left a loneliness
The world can never fill.
Ever remembered by
Lois, Velma, Hazel and Della 60077b

WILSON—In loving memory of our dear father, Samuel J. Wilson, mother and sister who entered into life eternal, father, Jan. 19, 1946, sister Etta Jan. 6, 1960, and mother April 28, 1949.
Only a memory of by gone days
And the tears for the faces unseen,
And a constant feeling that God alone
Knows what should have been.
Thy will be done is hard to say
When those we love are called away
Someday perhaps we'll understand
When we meet them in heaven, that better land.
Fondly loved and sadly missed by the Wilson family 60083b

Catholic Regional

(Continued from page 1)

er to stand up in front of his children he was satisfied that the Regionale Board was providing them with the best education possible. Boos resounded from the back of the room and the balcony.

The hundred students who had come to witness this meeting had prepared a stack of placards to use for a demonstration in case the Regionale would not sympathize with their needs. They must have read sympathy into the words of Mr Lalonde because they promised to return to classes peacefully so as not to lose their year and packed their placards back into the waiting cars and went home.

About the same number of parents who had come to attend the meeting rushed to the front of the hall at the close of deliberations to ask various board members if they had given just another series of empty promises which would never be fulfilled. Many went away still not satisfied that anything had been accomplished.

Repeated requests that the Regionale Board take action then and there to ascertain that negotiations with the Protestant Board would be opened, were refused.

In fact the whole meeting proved to be a series of frustrations.

In the first place this meeting of Pontiac Boards with their Regionale to discuss the fate of the English speaking students was opened by Mr Mousseau with a speech in French.

The meeting was asked to look back on the record of indecision to show who was to blame for the present situation but when Mr Kensley of the Campbell's Bay Board reminded the chairman that they had asked for one central school for all he was told not to look into the past but to look ahead.

So they looked ahead and tried to get the Regionale to commit itself to negotiate with the Protestants on the basis of the resolutions requesting this.

The chairman then said the resolutions had been worded wrongly and were not valid. This startling announcement didn't fluster the local boards who then simply asked the chairman to word out a resolution which would be satisfactory to them and upon which they would be willing to act. This done, they asked if they could pass these resolutions then and there and get immediate action from the Regionale.

The chairman said this could not be done because the various local boards were not in their own school municipalities. The Quyon School Board then hastily conferred among themselves and passed the resolution, correctly worded and handed it to the chairman. He told them this was not legal because they were not in Quyon but the Board replied that the school municipality of the Quyon Board includes Clarendon and that they were on their own territory. For the first time the Regionale Board then realized what members had been telling them all evening and that was that all the children under the Quyon Board do not live in Quyon and that the Catholic School Municipality of Quyon extends into Shawville.

So the chairman had to accept the one resolution, correctly worded, requesting that they open negotiations with the Protestant Regional Board with a view to placing the English speaking pupils in their area into Pontiac High School.

The chairman then brought up the fact that if the Protestant Board took over the pupils they would have to take on the debts owed by the local Catholic Boards. Discussion of these debts then ensued. Mr Kensley said that they were already taxing the people more than the government allowed, that overdue school grants were not forthcoming from the government and that all present and future grants were going straight into the Regionale Board so how could they ever expect to pay these so called debts to the Regionale?

The discussion which followed revealed that not only were the school boards broke but so was the Provincial Government.

The chairman said that if they were going to open negotiations with the Protestant Board they would be slowed up on their plans for the school in Fort Coulonge. The suggestion was that in doing something for the English speaking students he was going to put the French speaking students plans in jeopardy. He told of all the red tape and forms which they had to make out to get ahead with school building. He wanted to know why the Pontiac school boards thought they could get a school any faster within the Protestant system than within the Catholic system and the answer from Mr Vibert was simply to look at the record. Whatever it took to get things done was apparent in the Protestant Board and not so apparent in the Catholic Board, he said.

Mr Lester McCann, speaking as part of a delegation of parents, expressed his thanks to the Regionale for permitting them to attend the meeting. He then said that he hoped the Regionale Board would make a decision at once to begin negotiations towards an agreement with the Protestant Board not later than May 15. 1969 and that the actual agreement would be in effect by September of this year.

"If this is not decided tonight. Roman Catholic parents will be faced with a serious moral decision—to switch their taxes to a Protestant Board," said Mr McCann. "We believe," he said, "that many parents are now ready to take this step, if they are refused".

Although the entire Regionale Board was present and although they had in their hands a correctly worded resolution from the Quyon Board, they did not take action Monday night. Some parents came away with the impression that a promise to act was implied in some of the nodding and smiling which was being done around the Board.

A sample agreement between a Protestant and a Catholic Board, the one in use at Chateauguay, was distributed by the Board. This agreement had been executed more than two years ago setting a clear and simple precedent for the Regionale here if it ever had or has any intention of entering upon such an agreement.

At one tense moment in the evening when someone was urging the Board to take positive action, the chairman, Mr Lalonde, stated that the people of Pontiac shouldn't think they were the only ones with troubles. "None of the pupils in our jurisdiction" he claimed, "are happy about their situation at present!" And he went on to describe the deplorable condition of schooling throughout his region.

The Regionale Board pled that they were unable to solve their problems and that Pontiac was just one of them. They also said that they would not consider action on the resolutions of the Pontiac Boards, even if they were correctly worded, unless the same resolution is received from each and every one of the Pontiac Boards. All or none!

Things became even more confused midway through the meeting when it was announced from one side of the hall that Waltham Board was not in favor of amalgamation with the Protestants and from the other side of the Hall that Waltham Board WAS in favor of amalgamation with the Protestants. However the whole discussion became irrelevant when the chairman announced that "amalgamation" was the wrong word and that "negotiation for an agreement" is now the accepted phrasing of what the English speaking Catholics have been asking for all this time.

As they filed out of the auditorium a number of the parents were wondering out loud whether anything new had been achieved. They recalled that other big meeting last fall when the Regionale's last words were that every Pontiac Board had to send down a resolution—and that every Pontiac Board did send down a resolution — and that that had been the last they had heard about these resolutions until this Monday when they were told that they were all worded wrong!

Some of the witnesses to the meeting Monday seemed a bit optimistic and one of them was the Minister of Revenue which should have been a good sign to even the most agrieved pessimist.

Look what's happening to poultry!

Scientists and farmers have done some dramatic things with poultry in the past 40 years.

In fact, poultry have chang ed so much in the past four decades that any similarities between 1928 and 1968 models are almost incidental. They're as diffierent as the Model T Ford and the Mustang.

For example, broiler chickens are now 3.5 pounds when they are eight weeks old compared to the 1928 average of 1.1 pounds. They convert 2.2 pounds of feed or less into a pound of meat compared to 4.2 pounds of feed in 1928.

Old fashioned hens used to lay 142 eggs a year in 1928. Now they lay 280 eggs a year. They used to eat 7.3 pounds of feed to produce a dozen eggs; now they eat 3.5 pounds of feed per dozen.

In 1930, the average male turkey weighed 19 pounds at 24 weeks of age. Today some strains average 31.5 pounds at the same age. This trend has also occurred with turkey females.

In addition, death rates have been reduced and the fertility and hatchability of eggs has increased greatly.

Dr E E Gardiner, a poultry nutritionist at the CDA's Lethbridge Alberta Research Sta tion says various branches of research have contributed to these improvements.

Genetics have been used in the selection programs for increased performance and for the utilization of hybrid vigor.

,Nutritional and physiological studies have led to the discovery of essential nutrients and have established requirements for vitamins, amino acids and minerals.

High energy diets and energy-n u t r i e n t relationships have been used for more efficient production, that is, to reduce the amount of feed needed to produce eggs or meat.

Veterinary medicine has discovered the causes of many diseases, and the use of vaccines and chemical control for diseases and parasites. Pullorum, once a major problem, has been essentially eradicated.

Dr Gardiner says it is impossible to say which brand of research has contributed most to poultry improvement.

"However, one thing is certain. Research as a whole has changed the poultry industry. It's changed from the times when most farms maintained only a few hundred chickens to the modern scene that features farmers and companies handling millions of birds annually.

"Consumers have also changed their diets. Poultry meat used to be a rare Sunday treat. Now the high protein content of poultry meat is within the budget of almost every Canadian every day of the week. In fact, poultry is now one of the cheapest meats in Canada.

"It's also impossible to measure the vast contribution that poultry research has made providing more plentiful food for humans throughout the world," says Dr Gardiner, "including the developing nations. The poultry research work has also contributed to general scientific knowledge, and again it's almost impossible to determine the practical benefits this knowledge has yielded or will continue to yield in the future."

What's in store for the next 40 years?

EFFECTIVE SPEAKING FINALISTS

At Quyon last Saturday night, Peter McCann of Quyon, Jeannine Renaud of Buckingham, Karen Runtz of Arnprior and Richard Parisien of Buckingham were the four top winners in the Lions Club District A-4 Effective Speaking Competition. All four will represent the sub district at the District A finals in New Liskeard on May 3 and the Quyon Club has great hopes for their representative, Peter McCann. These four winners are seated, holding their trophies. Standing are the other finalists, left to right, Carol Cybulski of Renfrew, Michael French of Buckingham, Peter Stanton of Pakenham, Marion Kennedy of Quyon. John Kenopic of Renfrew. Their topics included alcoholism, discrimination, pollution, sports, feminism, poverty, delinquency, youth, education and the mask and reflected a serious sector of Ottawa Valley youth with much on their minds. All the speakers were unusually competent. The audience was responsive and coffee and donuts were provided during the tabulating of the judges' scores.

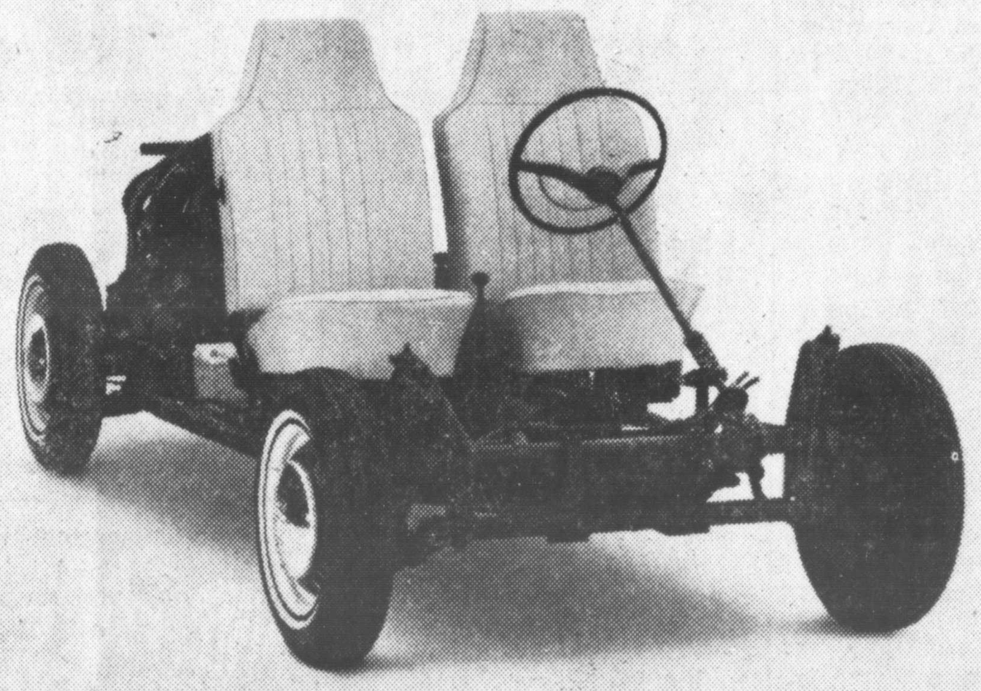
Because we don't have to spend a lot of time on this every year,



we can spend a lot more time on this.

Underneath the familiar Volkswagen you think never changes you'll find something quite surprising:

A Volkswagen that does.

Over the years, we've made more than 4,500 changes to it.

Every one an improvement.

But in spite of all those changes going on inside, outside, the VW goes on looking pretty much the same from one year to the next.

Which, of course, was the whole idea.

Because that means that this year's Volkswagen won't be next year's has been.

And it also means that when you don't have to work on the way it looks, you can work that much harder on the way it works.

So even though the VW gets harder to improve every year, every year we try harder to improve it.

Which puts us at a bit of a disadvantage compared to the other car makers:

They just have to worry about out-doing each other.

We have to worry about out-doing us.

There are over 280 VW dealers across Canada. The one nearest you is in the Yellow Pages.

Country Notes

By Walker Riley,
Macdonald College, Agricultural Extension

Something must be happening to my sense of taste. Had some maple syrup from Kingsbury, deep in Quebec's Eastern Townships the other day which I am ready to admit just about equals the best in the world. And that of course, comes from the old home farm.

The last boiling in the Morgan Arboretum was on April 17. Prof Dan MacArthur reports a good year with 450 gallons of top quality syrup. That compares with 370 gallons last year. Eighteen hundred buckets were hung, and another 1200 taps were on plastic pipe-lines. With two or three hot days, and no snow left on the island of Montreal, the end of the season came fast. But, we hear, there is plenty of snow left in the Laurentians and the Townships. Step ladders will be needed this year to take the buckets off.

The Quebec Young Farmers Association seems to be headed for formal recognition. Under the chairmanship of Colleen Coates from East Angus, this action group has been meeting informally for two years now. And making a name for itself.

Last year, their do-it-yourself leadership camp at Spooner Pond brought them province-wide publicity. This year, Colleen says, it will be bigger and better.

With the focus again on personality and leadership development, this year's camp will be on an island in Lake St Francis. But there will be a roof over their heads, instead of canvas. The camp will run for six days, July 27 to August 2; it will be open to young people between the ages of fifteen and twenty-one. Teresa Mellish, who is acting as secretary, says application forms are going out the first week of May to Young Farmers' Clubs in the province. Registration will be limited to forty.

Another achievement of this active group is writing of three new club projects. The Farm Accounting and Farm Management Project provides material for ten meetings in the management of crops, buildings, livestock, farm planning, accounts and budgets. The Tractor Project is mainly for the mechanically-inclined. The Car and Highway Safety project is aimed at keeping people alive and healthy.

These projects also will be ready in May, in plenty of time for fall organization.

I haven't quite figured out how this group fits into the official framework of the Young Farmers' Clubs and the 4-H Clubs. Certainly, they have had the whole-hearted support of Gaston Allard, who is in charge of youth work in the Chateauguay Valley.

The executive at present has ten directors, two from each of five zones. Working along with Colleen Coates, is Chris Judd as vice-president, Caroline Templeton and Clayton Murphy from the Chateauguay Valley; Keith Jenny and Winnie Tibbits from Brome; John Heatley and Roger Lister from Lachute; Jerry Barber who, like Chris is from Shawville and Baden Goodfellow from Sherbrooke.

The secretary is Teresa Mellish, whose official job is secretary of the Quebec Farmers' Association. Unhappily for the organization, Mrs Mellish is resigning on the first of June, when her marital loyalties take her to far away places.

* * *

Another bit of organization news is John Reinber's Diploma in Agriculture Alumni. All around the country are members of the Diploma course who are farming. And some who are not, but their love is still there. Until recently they have had no way of keeping in touch.

At College Royal time, last February, John who is a Diploma '66 Grad, called an open meeting and got things going.

Now they are talking about an annual reunion, and such things as offering small scholarship to the diploma class. You can contact John at Box 541, 51 Lampton Street, Ormstown.

Incidentally, John tells me he and his two young partners, Johnny Brown and brother Carl, have sold all of last year's 250 acres of corn. This year this trio of young innovators will have quite a bit more.

Motion by Delbert Zacharias and Ronald Desabrais to adjourn the meeting.

Kay Lamb named Curling Club president

A well decorated new Club room was the scene of a highly successful "Daffodil Spring Tea" on April 14. Visiting rinks from Ottawa, Pembroke, Cobden, and Eganville participated in friendly curling. A Shawville Curling Pin was a souvenir taken home by one member from each visiting team.

Mrs Melda Johnston was the lucky winner of a floral decoration door prize, kindly donated for the occasion by Hardy's Plants.

A hilarious "South Sea" closing on April 19 brought an enjoyable short season to a close.

A "Bunny" girl committee of arrangements provided hula skirts and leis for many. Much appreciated orchestra music for dancing was provided by Ray Sheppard, Donnie Paul and Al Cunningham on electric organ, kindness of Gordon Paul. Later Mrs Fay Young and Mr Maben Esler provided piano music.

Prizes were given out for the Club schedule to Skip Margaret Sturgeon, vice-skip Mary Elliott, 2nd Joan Gray and lead Elaine Grant.

The second schedule prizes were awarded to Nancy Alexander, skip, Mona Taylor vice-skip, Diana Steeves, 2nd and Daphne Henderson, lead.

The annual meeting was held on Wednesday night, April 23 with a good attendance. Plans are being made for fund raising projects during the summer months.

The new 1969-70 slate of officers is as follows: Pres: Kay Lamb, 1st vice pres Muriel Imison, 2nd vice-pres Idena Orr, Sec: Jean Gionet, Treas Mary Dale.
Convener of Match committee Janet Young.

Grace Nichols the out-going President received a lovely gift in appreciation of her presidential term.

The Rev. E. N. McColl

The next door neighbour takes a holiday. A week later we receive a post card with the greeting, "Having a good time. Wish you were here." We turn the card over and usually there is the picture of a village, town or city in some corner of the world.

Those which I generally get show a series of buildings of all types and somewhere on the sky-line is a church.

There you have it — the church in the middle of the community—a common scene. The question man asks is: Does the church make any difference to the community?

Does a spirit of brotherhood exist there?

Do the citizens show respect for one another?

Is care given to those who need it?

The answers will be even more interesting than the questions.

They will tell how seriously people value the church among all the buildings.

OBITUARY

Mrs John Storey

Born at Ryde, Isle of Wight, England, in 1886, Eppie Duesbury married John Storey and they came to Canada in 1908 and settled in this district.

Their first home was with the late Hugh Elliott at what was then called the "Snow Boom". They moved into the Village of Shawville in 1914 and took up residence in the old Academy next to St Paul's Anglican Church.

While John worked variously at Argue's Lumber mill and Hodgins Lumber mill and as the first caretaker of St Paul's Cemetery, Mrs Storey had a long career in merchandising and also raised a family.

She first worked in the Mary Wilson Confectionery Store which was then part of the Clarendon Hotel now owned by Frank Finnigan. She then worked for a short time at the Fully Moore's Store which was situated where the J.R. Shop is now.

Then she went to work for the late William Gibson until they took over the Pontiac Hotel when she joined the staff of the late G. F. Hodgins and his son Erskine.

Most of the current generation of Shawville people have been served by Mrs Storey at that location either while it was owned by Mr Hodgins or, after 1934 by Mr Percey Eades and his son George or by Mr Clarence Dean and Mr Al Merrit who is the present owner.

For many years the Storeys were caretakers of St Paul's Anglican Church as well as faithful members. Upon their retirement as caretakers they were honoured by the congregation and presented with a purse.

When her husband died four years ago, Mrs Storey retired from active work but her great love of flowers which had been with her all her life remained. Mrs Storey had often planted and kept flowers on the graves of those whose relations were far away, including the graves of the late Dr and Mrs Powells.

She continued to live in the old Academy until last year when she moved in with her daughter, Mrs Joey Brown. Last month the old building which had been her home for fifty five of her 83 years was demolished. On Friday, April 25, 1969, Mrs John Storey died, at the Pontiac Community Hospital.

The funeral was from Geo. Hynes and Son Funeral Home with a service in St Paul's Anglican church where Rev. John Pearce conducted the service assisted by Rev Bert Liira of the Bethel Pentecostal Church. Burial was in the village cemetery with her five grandsons as pallbears, Garry, Brian and Brent Storey, Bobbie Fairfield, Wayne Lyall and George Towell of Shawville.

Eppie Storey is survived by one son, Harry, of Ottawa and two daughters, Dorothy (Mrs. Bob Fairfield) of Kiosk, Ontario. and Ruby (Mrs Joey Brown) of Shawville. There are also seven grandchildren and nine great grandchildren.

Talent show

(Continued from page 1)

racca accompaniment in the modern manner. Their act was received by great applause. David Gordeau played a solo on his accordian which was very entertaining. Accompanying many of the dancers and also performing as a group by themselves were Evelyn and Eric Campbell and Denzil Mayhew. Eric's old style fiddling, Denzil and Evelyn's guitar strumming made an esential contribution to the whole program as did the masterly announcing of Chris Judd.

Bob Kingdon had convened the concert and deserves great credit for having brought back to Shawville the ever popular amateur program. Ten years ago these events would pack any hall in the County and from indications Saturday night the taste for home grown talent hasn't changed.

Judges for the evening were Mrs David Dickson, Bob Kingdon, and Rev John Pearce. Some of their decisions came as a surprise but considering the overall excellence of all the performances all their decisions were very close.

One member of the audience said, as they left the hall "Two things I would never be: a netminder in hockey and a judge in a talent show!" But it's all in the game and someone has to do these things — preferably someone with good nerves.

Mrs. Benny Allen spent the past weekend in Montreal with her daughter Gail, also visited with Jim and Mary O'Neil while she was there.
