Germans Start Up New Campaign Against Paris Furious Enemy Attacks at Mont Didier Broken By French

FRENCH TROOPS PUT UP SPLENDID RESISTANCE TO GERMANS IN NEW ATTACK IN THE NOYON SECTOR; BATTE CONTINUES WITH UNDIMINISHED VIOLENCE

Furious Enemy Attacks Made Time After Time on Right Wing Were Broken By French Fire—French and American Troops Continue Attacks in Region of Brussaires on Marne Front, Gained More Ground and Took Prisoners—German Losses Thus Far in Battle Which Began Yesterday Have Been Extremely Heavy.

(Associated Press Despatch)

PARIS, June 10.—The long range bombardment of the Paris district continued today.

BRITISH REPULSE GERMAN ATTACK.

(Associated Press Despatch)

LONDON, June 10.—German troops last night attacked a British post in Aveluy Wood, to the north of Albert, the War Office announced today. The enemy was repulsed.

GERMAN ATTACK CONTINUES WITH VIOLENCE.

(Associated Press Despatch)

PARIS, June 10.—The new German attack on the front between Mont Didier and Noyon, continued last night with undiminished violence, the War Office reports. On the French left wing furious German attacks made time after time were broken by the French fire.

In the centre the enemy, bringing up reinforcements, made further progress, reaching the southern part of Ouvilly Wood and Ressons-Sur-Matz.

The French and American troops, continuing their attacks in the region of Brussaires, on the Marne front, gained more ground and took prisoners.

On the French right wing along the front of the new attack bitter fighting continues. The French took more than 500 prisoners in various engagements. Prisoners report unanimously that the losses of the Germans thus far in the battle which began yesterday morning have been extremely heavy.

PART OF CAMPAIGN AGAINST PARIS.

(Associated Press Despatch)

LONDON, June 10.—The new German attack is directed immediately against Compiègne as part of the campaign against Paris, according to virtually unanimous newspaper comment here.

In the opinion of some commentators in the morning papers, the section attacked is a vital one because of the various detached heights which lie across the head of the valley of the Oise, and its great railway and road to Paris. Any important gain in this direction would, it is remarked, bring the enemy out into the level country towards St. Just and Clermont, and enable him to avoid a frontal attack on the forests of Compiègne and Villers-Cotteretes, which are of great value to the Allies for offensive purposes. Such a gain, it is said, would probably compel a retirement of the Allied front between the Oise and the Marne.

Another object of the new move is assumed to be an attempt to outflank the French line in the Soissons sector.

FRENCH TROOPS PUT UP SPLENDID RESISTANCE.

(Associated Press Despatch)

LONDON, June 10.—The French troops appear to be putting up a splendid resistance to the Germans on the Noyon sector, especially on the two flanks of the attacking front, where the heaviest fighting continues. The Germans have made some progress in the centre, where they claim the capture of the heights of Gurly, while the French admit the loss of the villages of Ressons-Sur-Matz and Mareuil.

It was generally expected that the German attack would come between

Noyon and Mont Didier, thus seemingly resuming the direct thrust for Paris.

Simultaneously with the bombardment of the Noyon sector the British front was subjected to a heavy fire, including gas shells, which seemed to herald another attack. According to the latest accounts, no infantry attempt developed against the British lines.

There is little news yet from the German side as the German official statement issued Sunday afternoon, referred only to the operations of Saturday.

ENEMY DID NOT ACHIEVE ANY GREAT ADVANCE

(Associated Press Despatch)

With the French Army in France, June 10.—Notwithstanding the great forces that Germans threw in the line yesterday when they opened their offensive between Mont Didier and the Oise they did not achieve any considerable advance. The enemy apparently hoped by weight of numbers to break the line on this sector which he failed to do during the first half of April when so many severe engagements resulted in the Germans being stopped short.

Time after time increasingly dense waves of infantry attempted to pierce the Allied defences. Southwest of Noyon, however, they could not produce any effect on the determined troops holding the front line. The defenders were as firm as rocks and held the enemy tightly in check.

OFFENSIVE ONLY CAN WIN BATTLES SAYS GEN. FOCH

Significant Declaration By Commander-in-Chief of the Allies in Which He Discusses Problem of Victory.

LONDON, June 10.—That battles can be won in the end only by the army which takes the offensive, is the significant declaration made by General Foch, commander-in-chief of the Allies, in an important article contributed by him to the weekly journal, The Field, in which he discusses the problem of the soldier and the way to victory.

"Modern warfare, to arrive at its end and to impose its will on the enemy," says General Foch, "recognizes only one means—destruction of the enemy's organized forces."

"War undertakes and prepares this destruction by battle, which brings about the overthrow of the adversary, disorganizes his command, destroys his discipline and nullifies his units as far as their fighting power is concerned."

"Our first axiom must be that, completely to achieve its object, a battle must not be purely defensive. A purely defensive battle, even well conducted, does not result in a victory and a vanquished. It is simply a game that can be gone over again."

"From this it is an obvious corollary that an offensive, whether started at the beginning of an action or whether it follows the defensive, can only give results and in consequence must always be adopted at the finish."

FRENCH OFFICIAL STATEMENT

(Associated Press Despatch)

PARIS, June 10.—The French official statement follows:

"The German push was continued yesterday morning and last night with the same ferocity."

"On the French left wing, violent attacks were renewed on several occasions, but they were broken by the French fire and by counter-attacks by our troops. The town of Courcelles was captured and recaptured, and finally remained in our hands."

"On the right the French forces maintained their positions to the southeast of Ville. Here there was bitter fighting. The French took more than 500 prisoners in the course of these various engagements."

"On the centre the enemy endeavored, by bringing in fresh forces, to continue his progress. He was successful in reaching the southern edge of Cuvilly Wood and Ressons-sur-Matz on the plateau of Bellinglise. Further to the east the fighting was continued in the Hiescourt Wood."

"According to the unanimous reports of prisoners, the battle, up to the present time, has cost the enemy enormous losses."

"To the north of Rheims there has been fairly spirited artillery fighting. French forces completed the operation on which they embarked yesterday to the east of Haute Braye, and took 150 prisoners."

"Between the rivers Oureq and Marne the French forces repulsed strong German attacks east of Vinly. Continuing their progress in the region of Brussaires, French and American troops gained ground, brought up to 250 the number of prisoners taken, and captured thirty machine guns."

BRITISH OFFICIAL STATEMENT

(Associated Press Despatch)

LONDON, June 10.—The text of the British statement follows:

"We carried out successful raids yesterday on a German post in the sector north of Bethune."

"A hostile attack during the raiding upon one of our posts in Aveluy Wood was repulsed."

PREMIER AND PARTY REACH LONDON SAFELY

Refers to Indomitable Spirit of Canadians and Pays Tribute to Increased Enlistments in Quebec.

(Canadian Associated Press) LONDON, June 10.—Sir Robert Borden arrived in London on Saturday afternoon, accompanied by three Canadian Ministers, Messrs. Meighen, Calder and Rowell. There were also in the party the Premiers of Manitoba, Saskatchewan and Alberta, and the Australian and New Zealand representatives to the conference. An uneventful but protracted voyage ended late on Friday night, every member of the party being well. Sir Edward Kemp and Sir George Perley greeted the arrivals in London, and Admiralty and Colonial Office representatives were also present.

Premier Borden said: "I am happy to know the work of the Imperial Cabinet and Conference begins early next week. There are matters of importance in Canada awaiting our return, and we are anxious to accomplish the mission with the least possible delay. The spirit of the Canadian people is still resolute and indomitable, and will so continue to the end. Certain disturbances in Quebec were greatly exaggerated by the press. The people of that Province have, in recent months, become more thoroughly awakened to the gravity and meaning of the situation. The young men in Quebec are coming forward both under the Military Service Act and voluntarily to do their duty in a cause which they regard as involving the future of the country."

The splendid valor of Canadians of French origin has been proved under the severest tests during the present war. No braver or truer men are to be found in the allied armies than those who flock to the colors from Quebec."

"Japan's policy," he added, "should be a continued alliance with Great Britain and to cultivate the friendship of the United States as far as possible. If these things happen, the isolation of Japan, which I consider idle talk, is not possible. In any case, a German-Japanese alliance is unthinkable."

Viscount Kato declared he had complete confidence in the final victory of the Allies, and believed the end of the war was in sight."

E. T. BOARD'S PLANS FOR MEETING

Anticipating Large Attendance at Magog on Tuesday, June 25th.

Plans are completed for the Eastern Townships Associated Boards meeting at Magog on Tuesday, June 25. The town of Magog has placed the hall at the disposal of the delegates, and the mayor will extend an official welcome. The acceptance of ex-Governor Charles W. Gates, of Vermont, and of Mr. H. B. Thompson, chairman of the Canada Food Board, have been received, and it is expected their addresses will be of exceptional interest.

With favorable weather to encourage auto travel, the attendance at Magog will probably be the largest of any meeting of the E. T. Boards yet held. There will be two sessions, morning at 10 o'clock and afternoon at 2 p.m.

BRITISH LINE IS IMPROVED SOUTH OF SOMME

Advance Was Made in Region of Bouzencourt—Otherwise the Situation is Unchanged.

(Associated Press Despatch)

With the British Army in France, June 10.—A considerable local improvement of the British line just to the south of the Somme was effected last night through a slight advance carried out in the neighborhood of Bouzencourt. Otherwise, the night was generally quiet and the situation unchanged. Raids and outpost actions comprised the remainder of the infantry activity.

The enemy shelling, which was so heavy on the British right wing Saturday night and Sunday morning, preceding the attack against the French, has again dropped to normal.

JAPAN MAY INTERVENE IN SIBERIA

Correspondent Declares that East May Witness Dramatic Action Very Shortly.

(Associated Press Despatch) LONDON, June 10.—Although signs do not seem to point to intervention in Siberia, developments in the Harbin zone may possibly force Japan to attack, says the Tokio correspondent of the Daily Mail, under date of June 1. Bolshevism is sweeping eastward and threatens to pass Harbin and extend in the direction of Vladivostok. The defeat of General Semenov, the anti-Bolshevik leader, opens the way for the spread of Bolshevism in the Far East. Japanese military leaders, it is added, cannot afford to ignore it. The correspondent concludes: "My belief, founded on good information, is that the Far East may witness a dramatic denouement."

OPPOSITION LEADER AGAINST INTERVENTION.

LONDON, June 10.—Viscount Takaki Kato, former Japanese Foreign Minister, speaking as leader of the Opposition, in an interview with the Tokio correspondent of the Daily Mail, said he was personally not in favor of intervention in Russia, although if actual danger threatened Japan would intervene whether the Allies agreed or not, but until that time arrived Japan could not rightly move. If Japan sent troops to Siberia they might never come in contact with the Germans, and the result would be an enormous waste of money and effort, while it would do the Allies no good.

In combating the view that Japan ought to do more in the war, Viscount Kato contended that she already had done her part nobly. That she had not done more was due to distance, the lack of an impelling motive and limited finances.

"Japan's policy," he added, "should be a continued alliance with Great Britain and to cultivate the friendship of the United States as far as possible. If these things happen, the isolation of Japan, which I consider idle talk, is not possible. In any case, a German-Japanese alliance is unthinkable."

Viscount Kato declared he had complete confidence in the final victory of the Allies, and believed the end of the war was in sight."

LADIES START 'BIG DRIVE' FOR PATRIOTIC FUND

While Main Attack Has Not as Yet Been Launched Committee Have Over \$30,000 of \$100,000 Promised.

That the objective of \$100,000 will not only be reached, but will be passed, in the fourth annual campaign of the Sherbrooke Branch of the Canadian Patriotic Fund is not only the opinion of the officials in charge, but is quite clearly indicated by the promises made by citizens here at home who are anxious to do their "bit," and by the enthusiasm in the campaign that is evident in all quarters of the country. The ladies started in this morning to carry on their work, but the "big drive" does not actually begin until tomorrow morning, when the captains and their team members will bombard the business men in an effort to raise a sufficient sum of money to carry on the excellent work of the Association. However, already over \$30,000 has been promised by local citizens, and with such a start as this, the officials in charge are confident that the campaign will prove even a greater success than that of last year.

All arrangements have been completed, every detail catered to, and the (Continued on page 5.)

GANG OF FOUR MEN ROBBED J.A. BEAUDOIN, OF EAST ANGUS, OF \$5,000; CAUGHT AT LONGUEUIL

Crude Fixed Card-game and Hold-up was Worked in a Room in Well Known Local Hotel on Saturday Afternoon on East Angus Merchant—Party Made Escape By Automobile But Were Caught With the Goods Just as They Were About to Reach Montreal.

A very crude fixed-card game and hold-up, which nevertheless worked almost as well on this occasion as a high-class swindler's trick, Mr. J. A. Beaudoin, a well-known merchant of East Angus, being the victim to the extent of \$5,000, was enacted in one of the private rooms of a prominent local hotel on Saturday afternoon. Four well-dressed men, who gave their names as J. Gosselin, L. A. Cummings, F. Quintal and D. Bisillon, of Montreal, in addition to the victim, composed the party that took a hand in the little deal.

However, although they got away with a cold \$5,000 from their victim, the four men were rounded up before they had an opportunity to enjoy their replenished bank roll, and will be brought back to Sherbrooke to answer the charges laid against them in the District Magistrate's Court. Two of the men who played title roles in the play of extracting the \$5,000 from Mr. Beaudoin, according to the story, which incidentally reads like one of those yarns embodied in a "dime novel," made the acquaintance of the victim at his store in East Angus some days ago and talked of purchasing the store. Anxious to make a successful deal, Mr. Beaudoin accepted their invitation to make a trip to Sherbrooke on Friday, and on Saturday morning the party of five adjourned to a room in a well-known local hotel.

A game of cards was suggested, to which Cummings, Gosselin, Quintal and Bisillon readily agreed, and Beaudoin, anxious to be agreeable, also "sat in." During the early stages of the game Beaudoin had "Dame Fortune" on his side of the table, and before long he had \$250 velvet. Then the "Damsel of Luck" switched partners, and Beaudoin, finding himself a little shy of money, made a trip to the bank and cashed his check for \$5,000. Returning, he threw his \$5,000 toward the "banker" and asked for that amount of chips.

JUST SIMPLY WALKED OUT. The "banker" counted out the chips and then excused himself from the room, and in turn his companions followed him. When the four men failed to return in a few minutes, the victim realized that he had been robbed, and made a hurried dash to overtake the defrauders. But it was too late. Fully realizing that they had made a hasty escape, the four men

jumped into their waiting automobile and started for Montreal at top speed. Mr. Beaudoin communicated with the local authorities and it was not long before Crown Prosecutor J. Nicol, K. C., started to burn the wires with messages to the various police chiefs to look out for the escaped party. The police at Magog failed to stop the men, who passed through there at about 4.30 p.m., and also did the police at Granby. However, as the chase grew more exciting, the drag-net of the law tightened; and just as they were taking the boat from Longueuil to Montreal, Provincial detective Lorrain, together with the chiefs of police of St. Lambert and Longueuil, caught up with the much wanted party.

WILL APPEAR IN LOCAL COURT. The four men were placed under arrest and taken to Montreal, where they were today taken over by Captain Camirand, Constable Prunier and Mr. Nicol, who left for the Canadian Metropolis on Sunday morning.

When searched by the Longueuil police there was \$7,000 in bills found on the person of the four men.

It is believed that the men belong to the same gang who have been carrying out several robberies on a large scale in and around Montreal.

Chief Lorrain, of the Provincial Department, reported that two of the men, Gosselin and Quintal, had been arrested some three weeks ago on a similar charge, and were out on bail waiting trial before the King's Bench Court in two weeks.

THE WEATHER

FAIR AND A LITTLE WARMER ON TUESDAY.

Since Saturday showers have occurred in many parts of Ontario and near the Bay of Fundy, elsewhere the weather has been fair. It has been cool from the Great Lakes eastward and quite warm in the West.

Light to moderate winds, fair today and on Tuesday, and a little warmer.

BURY

The East Angus Dramatic Club will present their play, entitled "No Trespassing," in the Town Hall, Bury. They have put this play on in East Angus and Marlinton, and the play was very much enjoyed in both towns. Proceeds for the Bury and East Angus Red Cross. Dance after the play. Excellent music. Help the Red Cross.

Mrs. Laberee, optometrist, Bury, Wednesday.

CAPELTON.

A very interesting lecture, with lantern slides, pertaining to Red Cross work, was given by Mrs. Read on Thursday evening in the Capelton Hall. Mrs. Read is a splendid worker for the "great cause." A vote of thanks was extended to her for her wisdom in giving the lecture. A broader view of Red Cross work was brought before each one, and the instances related by Mrs. Read regarding the wounded heroes call for greater enthusiasm and donations to support their continual needs. There was a large attendance, and a collection of \$21 was taken and handed to the society. The meeting was closed with the singing of the national anthem.

BETHEL

The Red Cross meeting was held at the home of Mrs. John Nixon Wednesday last. The next one will be held at the home of Mrs. Andrew Melletta on June 19th.

Mr. and Mrs. W. M. Robinson, of South Durham, spent a few days with her parents, Mr. and Mrs. J. Proulx; Mr. and Mrs. Arthur Tuux, Bethany, guests of Mr. and Mrs. Herman Davidson on Sunday; Mr. Remyson Davidson, of Montreal, with his mother, Mrs. G. T. Davidson; Mr. and Mrs. Philip Henderson to Richmond on Saturday; Miss Hildred Reed returned home from Upper Melbourne, after a few days with friends.

CLEVELAND

A very pleasant time was spent at the home of Mr. Robt. Robinson's last Thursday evening. Dancing was the chief amusement of the night, and a very enjoyable time was spent by all present.

The Ladies' Aid met with Mrs. F. Sloane on Wednesday last. Mrs. Chamberlain, of Athol, the week-end at Mr. T. Astell's.

SCOTSTOWN

Mrs. Laberee, optometrist, Scotstown, Tuesday.

BARNSTON

The Woman's Missionary Circle were the guests of Mrs. Earl Bryan, on Thursday afternoon. Devotional exercises were conducted by the Rev. C. P. England. The secretary, Mrs. Rose, was unavoidably absent. Knitting and conversation were the employment of the hour and a very sumptuous tea was served which resulted in a gain of \$7 for the mission cause.

Miss Ethel Moore, of Montreal, was the guest of Mrs. H. Morrison on Sunday.

Mr. Homer Cleveland met with a severe accident on Tuesday while engaged around the separator. Two fingers were painfully injured, requiring a physician's services.

Lieut. A. Lee McKay, of Toronto, is the guest of his parents, Mr. and Mrs. R. A. McKay, at the Valley House.

Mr. Chas. Young is slowly recovering from an attack of typhoid fever.

Mrs. W. J. Holyon, and daughter, Vivian, are the guests of friends at Sherbrooke.

Mrs. J. W. McConnell has left for Derby Line, where she expects to make her home for a time. Mrs. McConnell will be much missed in the W. C. T. U., where she has been such an active member and earnest worker for many years. Her friends here

hope that her visits here may be frequent.

AYER'S CLIFF

It was reported a short time ago that people in this district were heading the country's call and making extra efforts for production in their gardens. Today there is an exhibition in Messrs. Leavitt and Chad-

H. G. Buck, who has a specially fine measure from the base to tip of leaf, 54 inches. The stock alone is 32 inches and width of leaf was 25 inches. Mr. Buck states that the season is far in advance of previous years vegetation already progressed, as it usually is by the 29th of June. He has peas in blossom, and on Tuesday picked a ripe strawberry from the garden.

Mrs. Homer Edison is making a fine improvement on her business block on Main street.

Mrs. E. G. Davidson has received word from her sister, Miss E. Cameron, of her safe arrival overseas, where she is engaged as nurse with the American Expeditionary Forces.

Mr. John Parker, Inspector of Superior schools, visited the Academy on Friday morning. After inspection he gladdened the hearts of the pupils, and teachers by giving them a half holiday. Miss Ruth Aldrich is spending the week-end at her home in Derby Line; Mr. and Mrs. G. M. Rexford, Mrs. Homer Rexford, Mr. and Mrs. Marshall Rexford, Mrs. Charles Cass, Mr. and Mrs. Willard Rexford, and Mr. Willis Dustin, attended the Reed-Rexford wedding on Thursday evening.

Mr. Wesley Badger has returned from the Sherbrooke Hospital where he expected to undergo a serious operation, but was successfully treated, and an operation was found unnecessary. Although rather weak, Mr. Badger claims to be in better health than he has experienced for months past.

Miss Ruth McCaskill was in Sherbrooke Friday afternoon.

Suffered Terribly With Her Heart Would Wake Up Smothering

The terrible smothering and choking up sensations and sinking spells, the feelings of dizziness and faintness that come over those whose heart and nerves are deranged causes the greatest distress of both mind and body.

Milburn's Heart and Nerve Pills give prompt relief and effect a complete cure in cases of such severity.

Mrs. A. M. Powell, Norval Station, Ont., writes: "I cannot speak too highly of Milburn's Heart and Nerve Pills. I suffered five years with my heart and nerves, but the last two years I have suffered terribly. If I went to bed I would wake up as if I were smothering. I did not get one night's sleep out of seven. I got so weak that the doctor was called and, and he said it was my heart, and that I must take great care of myself. I saw your advertisement in your almanac for Milburn's Heart and Nerve Pills, and said I would try them. I have only taken two boxes of them and I feel a new woman. I will recommend them to anyone afflicted with heart trouble."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

LETTERS TO THE EDITOR

ANOTHER FARMER'S WIFE ON FOOD CONSERVATION.

Editor Record.

Sir:—Please give me a small space in which to say: "Hurrah, for fair play from East Clifton." It is my lot to be a farmer's wife, and I have read with a good deal of interest all letters in this column on this subject, and have also read all letters from the "high toned ladies," and I have always wondered if these letters did good or harm. They certainly did not make me feel like working harder. The average farmer's wife has to toil early and late, and in these times when they have taken our boys away we have to do a man's work in addition to our own, while the "high toned ladies" are sitting where it is the pleasantest, waited on by servants, and driving around in their car, living on the fat of the land, although they do write to the contrary. Then when they pass us toiling in the field, turn up their noses because we are not as clean as they.

I also agree with "Fair play" about the conservation of food, if we must work we must eat, and good food too, and I do not feel guilty to do so for I know if I starve the soldiers get no more, but some speculator and his wife can be a little richer.

These ladies can write about what is going on in their kitchen, when if the truth were known, they do not see the inside of their own larder very often, perhaps never, while I can honestly say there is no waste in my house, and never was before the war. Thanking You, Mr. Editor, FARMER'S WIFE.

Deaths Reported

MRS. (DR.) CURTIS, KNOWLTON.

KNOWLTON, June 10.—(Special)—Mrs. (Dr.) Curtis (nee Hannah England) passed away at the home of her sister, Mrs. Curtis Taber, Cowansville, on Friday afternoon, June 7th. The remains were brought to Knowlton where the funeral service will be held today (Monday).

MONEY MAKING AND MONEY SAVING CLUB

For the Eastern Townships Boys and Girls.

The Record is pleased to announce to the boys and girls of the Eastern Townships that a real money making and money saving club has been organized for the purpose of assisting the boys and girls to not only make money but to save money, also. The Government is calling on everyone to save, save, and the Record has made all arrangements whereby any boy or girl can earn money for their own personal use, or for Red Cross work, Y.M.C.A., or starting a bank account. The best part of earning money all yourself is that you can spend it all yourself. It is a real comfort to have five or ten dollars coming in from the club to keep pace with the high cost of living. The boys and girls' club. Just one question. Are you willing to do some pleasant, dignified work to earn it? Naturally, like everything else in the world that is worth having, the money is won by very pleasant profitable work. So if you, too, are in earnest, don't hesitate and don't wait to ask how you can earn club dollars here and now. To spend any way you like. Simply address a letter or a postcard of enquiry to the manager of the Boys' and Girls' Club Sherbrooke, Daily Record, Sherbrooke, Que.

CELERY TRENCHES.

Now that the potatoes are safely in the ground the next move to be considered is the preparation of the celery trenches. A good many amateur gardeners shy at this vegetable, but those who go in for it usually thinking it too troublesome to handle feel that their labor has been well repaid before the season is out. To prepare the trenches, set a line the length desired. Mark along this line with a spade and move the line 15 inches. Mark this also. Dig out the space between the lines to a depth of nine inches, piling the soil on either side of the trench. If more than one row is required, the space between should be not less than three feet. This space can be utilized for the growing of lettuce, cauliflower, radishes or other early crops that it will be possible to clear off before the celery is ready for earthing. Put some manure in the trenches and dig in. The celery trenches should be left for some days before the plants are put in. The day before planting they should be flooded with water. A very important factor in the successful culture of this popular vegetable is a plentiful supply of water. In its wild state the celery is a bog plant and it is, therefore, naturally a water lover.

Too Nervous To Sleep

Nerves Wrecked by Accident —Was Afraid to Go in a Crowd or to Stay Alone Tells Of His Cure.

Much sympathy was felt in this city for Mr. Dorsey, who met with a distressing accident when his foot was smashed in an elevator. The shock to the nervous system was so great that Mr. Dorsey was in a pitiable condition for a long time. He was like a child in that he required his mother's care nearly all the time. He feared a crowd, could not stay alone and could not sleep because of the weakened and excited condition of his nerves.

Detroit doctors did what they could for him, but he could not get back his strength and vigor until he fortunately heard of Dr. Chase's Nerve Food.

It is no mere accident that Dr. Chase's Nerve Food proves to be exactly what is needed in so many cases of exhausted nerves. It is composed of the ingredients which nature requires to form new blood and create new nerve force. For this reason it cannot fail and for this reason it succeeds when ordinary medicines fail.

Mr. Laurence E. Dorsey, 39 Stanley street, London, Ont., writes: "About three years ago I got my foot smashed in an elevator in Detroit, which completely wrecked my nerves. I doctored with the doctors there, but they did not seem to be able to help me. My nerves were in such a state that I could not go down town alone, or go any place where there was a crowd. Sometimes my mother would have to sit and watch over me at night, and sometimes I could not get any sleep at all. But one day last winter I commenced using Dr. Chase's Nerve Food, and before I had completely used the first box I could see a difference in my condition. I continued using these pills for some time. The result was splendid. I feel so much better, can sleep well at night, can go out on the street and attend gatherings like the rest of people. I am so pleased to be able to tell you what Dr. Chase's Nerve Food has done for me, and to recommend it to other people."

Dr. Chase's Nerve Food, 60 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edmanston, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

A pipe organ has been installed in St. James' Episcopal Church and was in use Sunday.

Although the principal of our model school has left us to join the flying corps, his place is being ably filled by the Rev. R. G. Asch. Examinations will be held during the coming two weeks, after which the main school will be closed for the holidays.

Miss Percival, of Savyerville, last year teacher at Cowansville, will take a position at the model school. Miss Crane will continue her work in the primary department. A Miss Fessenden, of Waterloo, has been secured as principal. She is a teacher of wide experience and will doubtless bring the school up to a high standard of excellence.

Commercial work in the model school has proved such a success in the past year that the School Board has re-engaged Miss E. A. Williams as principal and business manager of this department for the coming school year. It has also been decided to keep this department open until July 26 of this year, for the benefit of those

wishing to complete the course and so fit themselves for one of the many office positions now left vacant by the men who have been compelled to go to the front. A certificate of graduation is to be given by the School Board to all who complete the business course and pass the necessary examinations and shorthand speed tests. Some of the pupils from this department have already obtained good positions and are now endeavoring to make good in them. Miss Nettie Brislain, of Brome, has just completed the course successfully and returned to her home, where she expects to take up work shortly in the bank of that place. Miss Dorothy Stolliker, of Stanbridge East, is now taking up the course, and expects to do likewise in her home town shortly.

Mahlon Martin, who was visiting his mother here, has returned to his school at Pointe aux Trembles, where he expects to remain for another year.

SPANISH OFFICER HELD FOR ESPIONAGE
Arrest of Commander of Port of Palmas Made at Request of One of the Allied Powers

PARIS, June 8.—A despatch to the Temps from the Spanish border says the newspaper El Sol learns from a private source that the naval officer commanding the Port of Palmas has been arrested at the request of one of the allied powers on a charge of espionage following the torpedoing of the Spanish steamer La Provence, which sought refuge in that port. The Spanish officer is suspected of holding communication with German agents. Other arrests have been made and may uncover numerous plots and shed light on many recent sinkings.

CHEWING TOBACCO

Copenhagen is used differently from ordinary chewing tobacco. Take a small pinch, for a start, and put it between the lower lip and gum, in the centre. Afterwards you can increase the size of the pinch to suit the strength of the chew you desire. Copenhagen is strong, because the tobacco of which it is made is cut into fine grains, which makes it impart its strength thoroughly and quickly.

Hence, a little "pinch" goes a long way, showing that Copenhagen is not only an unusually economical chew, but also one of the finest quality, being made of the best, old, rich, high-flavored tobacco.

BRITAIN RETALIATES ON HUN PRISONERS

Counter Measures are Extremely Mild as Compared With that Inflicted on British Prisoners.

(Via Reuter's Ottawa Agency)

LONDON, June 8.—The Daily Chronicle states that counter-measures have been taken respecting the treatment of German prisoners of war as a result of cruelties to captured British soldiers. These retaliatory measures are extremely mild in comparison. For example, German prisoners are deprived of minor comforts and pleasures, such as newspapers and band instruments, and are required to attend parade frequently. The Germans have decided to raise the point at the exchange of prisoners conference which opens at The Hague.

COST OF HIGH LIVING

Not High Cost of Living that We are Paying These Days, According to Mrs. Nellie McClung of Edmonton.

MRS. NELLIE MCCLUNG.

"The 'high cost of living' is a misnomer. It should be the 'cost of high living.' We have fallen into easy, lazy ways. By the time we have emerged from the furnace of war, the clear, white sacrificial fire may have purified us, burned away the dross, and prepared us for plainer living and simpler pleasures."

MRS. NELLIE MCCLUNG.

You would naturally look for radi- able how they have given their sons. Mrs. Nellie McClung, who is one of cal views on the food question from Canada's best known women and is an ardent champion of feminine rights, says: "I am sure you are all aware of ahead of her time, and you realize this when you look in her thoughtful, meditative eyes."

She is a bit of a paradox, this breezy Western writer, speaker and reformer. A stiff backbone, a virile manner and argumentative tones contradict the peace and quiet in her eyes. Even in repose you know instinctively that she is a fighter. But such a square fighter! And the thread of charity runs throughout, mingled with the tenderness of a big-hearted woman.

She is more of a specialist in fine thoughts than she is in dollars and dozens. This is not intended to imply that she is not practical, but Nellie McClung believes in reaching people's souls first. The rest follows as a natural consequence. So it is that on the food question she would appeal to the imagination of the people of Canada first. She would remove all sense of injustice. She would have people visualize the suffering of Europe until they could know no peace unless they knew they were doing their utmost.

But everyone is not blessed with the imagination of Nellie McClung. When reminded of this by a representative of the Food Board, Mrs. McClung threw back her head in characteristic fashion and laughed heartily.

Then suddenly she sobered up. "It doesn't take much imagination to see in your mind's eye hungry babies, hungry women or hungry soldiers, does it? Pity some of us did not have a taste of it ourselves! Mighty few of us ever felt the real pinch of hunger, but it's the kind of thing you never forget once you've known it. Anyway, we can all imagine what it's like, and even then we'll fall short of the reality."

"How are you going to show people, to make them believe that there are starving people today—thousands of them?" "Education!" rejoined Nellie McClung. "Swamp the country with information until everyone does some thinking. Hammer it home! Only so will you get results."

"In my judgment, the best thing the Food Board can do is to remove, as far as possible, all inequalities. In war-time it is inevitable that some must suffer and sacrifice more than others. But you cannot have the people working whole-heartedly with you if they are suffering from a sense of injustice. This is chiefly why I think compulsory rationing would be inadvisable. It would be impossible to rope in the whole country, but if you educate people sufficiently this should not be necessary."

The farmer's wife has no more ardent champion than Mrs. Nellie McClung, who knows whereof she speaks when she says: "The farmer's wife is a splendid and patriotic citizen who is working overtime, and who deserves every consideration and help that can be given her. She was a busy woman before the war. Now, with the necessity for increased production, she is an essential spoke in the wheel of progress. And what is true of the farmer's wife is still more true of the farmer. In my estimation he's a much maligned person. City folks are so ready to anathematize him and to rant away about his getting rich on the war. He isn't making as much as city people for things as he used to, and if he makes more, it certainly doesn't get him any farther."

"The farmer and his wife out West are deeply impressed with their national obligation at this time," continued Mrs. McClung. "It is remark-

This Doctor Recommends Nujol to his Patients

What remedy do you use as a precaution against occasional or chronic constipation? A distinguished southern physician gives his professional answer to this urgent question in the following letter:—

NUJOL LABORATORIES,
STANDARD OIL CO. (New Jersey),
BAYONNE, N.J.

Dear Sirs—

I beg to say Nujol is a wonderful product. I have quite a number of patients now using it, and all are pleased with it. You very kindly sent, at my suggestion, samples to several of my patients. So far as I know they are all now consumers of Nujol. One in particular had chronic appendicitis; now apparently relieved.

Truly yours,

Paul T. Jones, M.D.

5 Kennesaw Ave.,
Atlanta, Ga.

A SCORE or more of serious diseases and conditions begin with constipation! Therefore, keep your bowels clear, and protect yourself from the danger of a host of bodily ailments. Use Nujol to promote regular bowel habits, without the least harm to the system. Use Nujol because it is a drug-free remedy, positively safe for all, from infancy to old age. Nujol relieves in a natural way—without affecting digestion, without artificial stimulation, without griping or disagreeable reaction. It is pleasant to take—pure and tasteless. To be "regular as clockwork"—use Nujol.

ABSOLUTELY HARMLESS

There are no substitutes—there is only Nujol

3000 Canadian physicians have asked for samples of Nujol, and are now convinced of its merit.

LENNOXVILLE

Dedication Of St. Anthony's Church.

The dedication of St. Anthony's Church took place yesterday, and was an auspicious event in the history of the parish. The Church was brilliantly illuminated and decorated for the occasion, and the services were most impressive. Several residences on Main street were also decorated with the National colors, banners, etc. His Lordship, Bishop Chalifoux, was present at the early mass at 6.30 a.m., and at 9 o'clock held confirmation, when thirty boys and girls were taken into the church. Father Parent, the parish priest, was in attendance with His Lordship; Fathers Codere and Gassens, of Sherbrooke, also assisting at the services. The music was especially fine and reflected credit upon the organist, Miss Sevigny, under whose direction it was given. The soloists were Messrs. Marcoux and Ledoux, Mrs. Fournier, Mrs. Dubois, and Mrs. P. Sevigny. The attendance at the day's services was very large, many coming from out of town to join with their friends in the parish on this pleasant occasion.

Closing Exercises of Primary Department.

The closing exercises of the Primary classes of the Academy were held Friday afternoon. A large number of parents and friends were present, and enjoyed the programme, which was evidence that Mrs. Layhew, the teacher, has the work well in hand, from the creditable way in which the children sang and recited. The parents fully realized that their children were in the hands of a competent teacher, and one who could also give wholesome recreation. The parents feel that it is a serious loss to the Academy to have Mrs. Layhew leave at the end of this term, her pupils also regretting her withdrawal from the Academy staff of teachers. The following programme was a credit to both teacher and children: Class songs: "Jesus wants me for a Sunbeam," "Merry Dick," "Twenty Frogs," "Hear the Merry Farmer boy," "Lovely May," "Good Morning, merry sunshine," "Spring comes dancing," "The glad May morning," "Pretty Moon," "Jesus bids us shine," "Hold the right hand up," "King of France," "A soldier's life," "Once there was a maiden." Recitations were given by Harold Worster, Iola Beaulieu, Geo. Dwyer, Burke Platt, Greta Frizzell, Daniel Bellam, Ross Spry, Linora Pitcomb, Melville Parker, Rhoda Hawes, Frederic Jackson, Edwin Beaulieu, Eric Nobes, Norman Walker, Turfiff Henry, Leslie Dewhurst, Elsa Burt, Jessie Marshall, Shirley Booth, Chas. Holt, Grace Frizzell, Flanders Larson, Marjorie Benton, Jennie Marshall, Winnie Mercier, Douglas Christie. The exercises were brought to a close by the class song, "Gaily home we go."

ORGAN RECITALS CONTINUED.

The short organ recitals given at St. Peter's Church after evensong on the second Sundays of the month by Mr. A. E. Whitehead were much enjoyed last evening, and lovers of organ music welcome a renewal of which was given last evening by Mr. Whitehead.

MUCH FRUIT WAS LOST.

Sherbrooke is lucky to be enjoying the fruit supply it is at the present time and under the present conditions, according to Mr. N. D. Cascarden, of the Sherbrooke Fruit Co., who on Saturday returned from a business trip to New York and Baltimore, the two largest fruit and produce centres on the continent. Mr. Cascarden states that fruit is very scarce at the New York and Baltimore markets, and the merchants are already feeling the effect of the latest German submarine activities off the Jersey coast.

"Several of the steamers which were carrying fruit, including the Cortez, which had on board with other fruit, ten thousand crates of pineapples. One steamer carrying six thousand bunches of bananas was ordered into a southern port and finally discharged its cargo at Baltimore. With these conditions existing

MRS. JENCKS TOLD OF WHOLE-HEARTED WAY U. S. IS ENTERING WAR

Good Reports Presented at the Monthly Meeting of the Duke of Wellington Chapter I.O.D.E.

Mrs. Jencks, the regent of the Duke of Wellington Chapter, I.O.D.E., who has just returned from a trip to Florida, New York, Washington and other American cities, made a very interesting address at the monthly meeting of the chapter. She said she was deeply impressed with the wonderful enthusiasm of the people of the United States in regard to the war, and the whole-hearted way of showing it—their unity, loyalty, cheerfulness and vast generosity, as well as their feeling of oneness with Canada, for, as one person said, "We all come from the same stock; we all have British blood." "In every address I heard there was the note of regret that America had not entered into the conflict before, coupled with a determination to give all possible aid now," said the speaker.

The regent expressed her appreciation of the confidence of the chapter in re-electing her to office, and also of the excellent work which had been carried out in the winter, due to the able management of Mrs. Hume, the vice-regent, and the co-operation of the members.

The presence of Miss Rose Griffith, nursing sister and member of the chapter, who had just returned from overseas, was noted with pleasure, and Mrs. Jencks mentioned the intention of the Duke of Wellington Chapter to present special bar pins to nurses who had done service overseas.

The ways and means committee reported final results of "The Sorcerer," which had been repeated for the benefit of the Y.M.C.A. huts. The Magazine Circle reported 200 trench books from the High School and 210 trench books made by the circle, also seven bags and 43 large bundles of waste scraps sent to paper mills. A successful rummage sale was held at Lansdowne Market recently, netting \$50, the money to be used to defray expenses attending work. The following hospitals have been contributed to: No. 1 Canadian Stationary Hospital, No. 1 Canadian General, No. 2 Canadian General, No. 1 British Red Cross, British Red Cross Special Hospital and Rugby Camp Hospital in England, as well as the Canadian Forestry Corps, and literature has also been sent to 35 (McGill) Battery, No. 7 Canadian Cavalry Field Ambulance, No. 9 Canadian Field Ambulance, Canadian Base Hospital and McGill Hospital.

Letters of appreciation are continually being received and conditions reported show the actual need far exceeds the supply. A letter of acknowledgment from one nurse in a hospital in England stated that before receiving the trench books sent by the Magazine Circle the only reading matter supplied her patients had been memoirs of people and other books absolutely unsuitable, so that the men were delighted at the receipt of the hospital pamphlets. The regent hopes that an evening circle can soon be formed of any who are interested in the work. More contributions of the small-sized magazines will be very welcome, and donors are asked to kindly leave them at the mess rooms, dufferin avenue.

Special mention was made of the work of the High School boys for the circle, and the secretary was requested to write to Miss Selveright, expressing gratitude of the chapter. The Red Cross Circle reported work done: 5 shirts, 2 dressing gowns, 9 trench caps, 48 personal-property bags, 1 pair socks, 46 towels and 4 pair pyjamas. Both the Red Cross and Magazine Circles will continue their work during the summer.

The following disposition of money was voted on by the chapter: \$100 for the Red Cross Society supplies; \$100 for Red Cross Prisoners-of-War fund, to be used for the four prisoners who are the special cars of the Duke of Wellington Chapter; \$100 was voted for the trench book committee and \$10 will be donated each month to this committee; \$100 to the Red Cross Society; \$50 for recreation fund No. 13 Canadian General Hospital, England, of which Lt.-Col. E. J. Williams is O.C.; \$100 to prisoners in Germany.

Five new members were nominated for the chapter.

PORCUPINE KILLED IN CITY WAR GARDEN AT EARLY HOUR YESTERDAY

Intruded in Mr. A. L. Parker's Garden, and Mr. Jackson Was Consequently Able to Enjoy a Little Shooting.

War gardens in general are receiving quite a bit of attention these days, but that of Mr. A. L. Parker, 7 Portland Avenue, came in for a good share of it yesterday morning, when it was the scene of a battle between man and "quill-thrower," in which the former was victorious. A prosperous looking porcupine was observed "taking stock" of Mr. Parker's vegetables during the early hours of Sunday, and no time was wasted in getting Mr. Jackson, who lives next door, and is considered a crack shot, to put the intruder out of business. One shot brought the animal down, but it was found necessary to finish him with the garden rake. Contrary to the time-honored tradition, Mr. Porcupine didn't throw any quills, which omission was greatly appreciated by both Messrs. Parker and Jackson. The commotion drew quite a few spectators, who enjoyed the sensation even more than the participants.

The animal is a fine specimen of his kind, and may easily be considered the "catch of the season."

SCHOOL TAX

INCREASE ONE MILL ONLY NECESSITATED BY INCREASED EXPENSE

The increase in taxation on account of Protestant Schools this year is one mill, instead of two as stated in Saturday's paper. There was one mill special last year and this has been increased to two mill. Extra cost of operating the schools, the Commissioners state, has made this necessary.

COUNCILS MEET AT DUNHAM

Mr. J. E. England Appointed to Fill Vacancy on the Village Board.

DUNHAM, June 10.—(Special)—The regular session of the Village Council convened in the town hall on Friday with Mayor Gibson in the chair. Very little business was transacted outside that of a routine character, such as the presentation of bills, etc.

Village Council.

The Council of the village convened on Tuesday evening, Mayor Curley presiding and the majority of the councillors in their places. Mr. J. E. England was elected to fill the vacancy caused by the death of Mr. Herbert Millar. The secretary was in receipt of a letter from the Department of Roads, stating that the report of the permanent roads completed in 1917 had been submitted to the Minister of Roads, and that a cheque for the grant would be forthcoming in a few days.

The secretary was instructed to convey to Mrs. Welton, sister of Councillor Millar, a resolution of sympathy from the Council.

Mr. Wilfrid Cusson presented a bill for road work which was accepted and ordered paid.

Notes.

Mr. and Mrs. Clarence Whitcomb and Miss Pannie Whitcomb, of Richmond, Vt., guests of Mrs. James McElroy.

Cadet Harry Gilbert, of the R.F.C., celebrated the King's Birthday by making his first flight alone.

Miss Marian Guillett has returned from a visit to her sister and other relatives in Montreal.

The township school commissioners met in a special session in the town hall on Thursday evening. Several bills were presented and ordered paid, and the usual routine business dealt with.

Mrs. H. H. Smith to Montreal for a few days.

Mrs. Percy Jones and little family, of Montreal, guests at the old homestead. Mrs. Jones and little son are still suffering from whooping cough.

Miss Etta Gilbert is convalescing nicely from a recent operation, and expects to be at home again soon.

Mrs. Plaisted, Freilighsburg, recent guest of her sister, Miss Winifred Baker.

Mrs. L. G. Rouse in Richmond Wednesday, returning on Thursday accompanied by her sister, Miss Brown.

The regular monthly meeting of the W.C.T.U. will be held at the home of Mrs. A. E. Brown on Monday afternoon instead of Tuesday, the usual day.

The forty hours of prayer and devotion were observed in the Church of the Holy Cross last week. The local priest was assisted in the services by Rev. Jos. McGee, of Sutton; Napoleon Desmarais, of Freilighsburg; J. H. Monfret, Freilighsburg, and J. D. A. Lagace, of Stone settlement.

On Tuesday afternoon next the pupils of St. Helen's School will give a concert and French play, "La Somnambule." The report of the year's work by the lady principal will be submitted, and presentation of prizes by the Lord Bishop of Montreal. An afternoon tea will be given in the dining room. On Monday evening refreshments will be for sale, and the proceeds are for the school building fund.

LADIES START

"BIG DRIVE" FOR PATRIOTIC FUND

(Continued from page 1.)

wheels well greased for the "great drive," which is to be of three days duration, although the ladies will work four days. The fair sex are entering heart and soul into the campaign, and the Sun Life building, which is the office of the Patriotic Fund, and where the central committee will meet, is just now the centre of great activity. The ladies are handling their own work entirely themselves, and have divided the city into wards, each being in charge of the following:

North ward—Mrs. A. F. Fraser, and Mrs. C. D. White.

South ward—Mrs. Darche and Miss Tweed.

East ward—Mrs. Walsh and Mrs. Murray.

West ward—Mrs. Sangster and Mrs. Morkill.

Centre ward—Mrs. Gustafson, and Miss White.

A complete map of the city was divided into wards and the captains in charge see that each house on each street is visited and every woman asked for a contribution, great or small as the case may be, and many competent helpers are carrying on the work, and as there are 133 streets in the five districts, it is easily seen that there is much work to be accomplished during the campaign.

After canvassing the various streets the ladies return to headquarters, where an efficient staff awaits their arrival to check the returns. Here again two ladies are in charge of the returns from each ward, there being five tables, each bearing a card, showing the name of the ward it represents, the collectors from the north ward, taking their cash to the ladies in charge of the table bearing the sign "North ward," etc., who in their turn enter it up correctly, and so, much confusion is avoided. The public is earnestly requested to help the collectors to make their canvass by having their money in readiness during the days of the campaign.

A SPECIAL PILGRIMAGE FOR PEACE WAS HELD

Congregation of St. Michael's Parish Gathered and Took Part in Pilgrimage Yesterday.

A special peace pilgrimage was made yesterday by the older members of the congregation of men of St. Michael's parish, to the chapel of the Redemptionist Monastery, Notre Dame de Perpetual Secours, Beckett Road, at two o'clock. The faithful assembled at the Cathedral, and marched in procession through the city to their destination, reciting prayers along the way.

At the chapel, a fervent sermon was preached by the Rev. Father Deloss, who dwelt upon the great need of prayer at this great crisis.

Benediction of the Blessed Sacrament followed, with intercessional prayers. Many of the young men of the congregation met at Racine Park at 2.30, and took their way in procession to the little chapel at St. Joseph's farm, Belvidere Road, belonging to the Little Sisters of the Holy Family. The chapel, named after the famous Sanctuary in France, Notre Dame de Lourdes, was crowded to the doors, and a sermon was delivered by the Rev. Abbe Adam, chaplain of the Young Men's Catholic Association. The Cereles Larocque and Laporte, were well represented.

Features To Be Presented At The Movie Theatres this Week

AT HIS MAJESTY'S THEATRE.

"The Lie," featuring Elsie Ferguson, and "The Spurs of Sybil," with Alice Brady playing the title role, is the double bill which will inaugurate this week's programme at His Majesty's Theatre today and tomorrow. The theme of the former, which is based on the famous play by Henry Arthur Jones, embodies a great sacrifice made by one sister for another, to the end that the family honor may not suffer. "The Spurs of Sybil" is an interesting story of a young girl, who after leading an unhappy life with her aunt, upon whom she is dependent, sets out to face the world and earn her own living. She is suspected of being a crook. A young doctor through circumstances is led to believe that the girl is not honest, but he is determined to reform her, for he is in love with the girl. Sybil falls in with a famous gambler and is kept a prisoner. The young doctor rescues her and in the end he discovers her true character. Wallace Reid in "Believe Me, Xantippe" will top the card on Wednesday and Thursday. "Is it possible for a man to commit a crime and elude the public for a year?" The question has been answered in the affirmative on some occasions as the police records will prove, but when a girl with a shot-gun takes a hand, there is a different story to tell in "Believe Me, Xantippe."

Popular Charles Ray will be seen in "His Own Home Town" on Friday and Saturday. The story is of a young man, Jimmy, who tired of his home town, sets out to secure success elsewhere. Later he returns home, but is given such a cold reception that he leaves forever. Intucky. There is a most interesting story connected with the play, in which many thrills are furnished.

a police raid. He achieves fame as a playwright, returning home two years later to take possession of a newspaper which had been bequeathed to him by the father of the girl he loves. With this newspaper he runs his political enemies to earth.

AT THE PREMIER THEATRE.

A very interesting card has been arranged for this week at the Premier Theatre, Sydney Ainsworth and Mary McAllister in "The Little Samaritan," in five parts. This is a story of a young girl who is virtually a prisoner in her own home. Her stepfather and sister try to get the girl to sign papers conveying to them her large estate, but she runs away and meets a newsboy who she has befriended. He takes her to his uncle's store. The uncle adopts the girl. She meets a gambler and also a young district attorney. The former lures the girl to his den at the instance of her stepfather, with the result that the girl is arrested in a raid. However, the young attorney steps in and all ends well. The feature role is played by Gladys Leslie. "Riders of the Night" is the feature picture on Friday. The leading part is played by Viola Dana and the play consists of a romance of Kentucky. There is a most interesting story connected with the play, in which many thrills are furnished.

HOW GREAT WARS ARE WON

It is Very Rarely That Conflicts Are Victorious Because of Superior Valor, Says Writer.

The vulgar idea of war is that the victory is won by superior valor or other moral virtues, writes H. Sidgwick in the Atlantic. This, however, has very rarely been the case; almost all Western nations, at any rate, are equally brave, though the value of some excels in obstinacy and endurance and of others in daring and plan. By far the commoner causes of victory and defeat are political or technical.

Sometimes (to take the domain of tactics) it is a new weapon that wins victory on the battlefield, or at any rate contributes to the ease with which it is won; sometimes, as in the Roman and in Frederick's armies, it is superior discipline, greater physical fitness, and practice in maneuver that win the victory. More often it is some new formation of line. These tactics commonly succeed best of all which are both new and adapted to the genius of the people using them. Thus the Romans in the South African war developed a highly original system of mounted infantry tactics by steadily using their horses in war time as they did going about their ordinary business or their wide sheep farms, and similarly in the American war the woodsmen made ideal skirmishers.

News, Notes and Ramblings For The Sportsman

TRAP-SHOOTERS BEGIN TO SHOW IMPROVEMENT

S. R. Newton Again Headed the List at the Local Shoots on Saturday Afternoon.

The re-organized Gun Club of Sherbrooke held the most enjoyable shoot of its young life last Saturday, on the Club grounds, east of Lennoxville, more friendly rivalry and "pep" being on tap than at any of the previous meetings. Although the birds were decidedly harder, and the stiff wind much more tricky than at the former shoots, the scores made were really classy.

It is very pleasing to the Club members to note the improvement already shown by the new shooters—some of whom will lead the older shots a merry race before the season ends—but it is also pleasing to the old-timers, particularly to themselves, to know that they are gradually swinging back to their old time championship form.

S. R. Newton was again high gun with 89 breaks out of 95, and he shot the same snappy well-timed race of the preceding Saturday. Both Bray and Thompson shot greatly improved scores, which were as pleasing to their many friends as to themselves. S. G. Newton drew many a screaming sharp quattering bird which lowered his average, but even then his score was good considering the varying wind.

Finnegan is surely a coming winner, while Wooten is the most enthusiastic clay pigeon puncher of the entire crowd.

Every one of the new shooters showed marked improvement in both time and position, as well as birds broken.

The Club was pleased to welcome Mr. Wyndee Carter, of Winnipeg, Mr. Carter is an all-round shooter, who came from the big game country. Next Saturday comes the "Old Timers' Shoot," and a goodly gathering of shooters and their friends is promised. Everybody welcome.

Saturday's scores were:

Shot at.	Broke.	P.C.
Newton, S. R.	75	69
Thompson	75	61
Bray	75	60
Randlett	60	47
Newton, S. G.	85	64
Finnegan	60	44
Dakin	58	39
Wooten	110	39
Walley	75	25

CAPTAIN AND CREW OF U. S. SHIP SAVED

Were Picked Up at Sea By Norwegian Steamer After Having Been Sent Adrift When Vessel Was Torpedoed.

(Associated Press Despatch)
 AN ATLANTIC PORT, June 10. — Captain J. MacKenzie and sixteen members of the crew of the American steamship Einar Del Rio, who have been missing since the vessel was sunk by a German submarine off the coast of Maryland on June 8, reached here today on a Norwegian steamship which rescued them from a small lifeboat about 70 miles off the coast of New Jersey.

FRENCH TROOPS PUT UP SPLENDID RESISTANCE

(Continued from page 1.)
 report on aerial operations issued last evening says:

"Low clouds hampered work on Saturday, but our airplanes constantly attacked the enemy behind his lines, with machine gun fire. Our squadrons, co-operating with the French, heavily bombed Nesle and Fresnoy-Lea-Roye, nine tons being dropped.

"The following night two tons were dropped on railway station and dumps east of LaBassee.

"In the course of twenty-four hours four hostile machines have been brought down and two others disabled. None of ours are missing."

AMERICAN STEAMER SUNK OFF ITALIAN COAST

Twenty-six Members of Crew of Steamship Mauban Arrive at New York.

(Associated Press Despatch)
 NEW YORK, N.Y., June 10. — News of the sinking of the American steamship Mauban off the coast of Italy late in May was brought here today by 26 members of her crew, who arrived on a freight steamer. The Mauban was of 1,253 tons gross. The steamship that brought the crew of the Mauban had on board also twelve members of the crew of the auxiliary schooner City of Pensacola, sunk by a submarine in May, near Genoa, and thirty members of the crew of the steamship City of Wilmington, which was destroyed by fire at sea after leaving an American port with a cargo of cotton.

ST. PATS BROKE EVEN IN WEEK-END CONTESTS

After Going Down Before Gounod Nine, Irishmen Came Back and Beat St. Charles Seminary Yesterday.

St. Pats secured an even break in the games they played over the week-end, defeating the St. Charles Seminary nine to the tune of 8 runs to 4 yesterday, after falling victims to the Gounod representatives at the Parade Ground on Saturday by a score of 14 runs to 11. Both games were very interesting and some good baseball was played.

Errors behind Gounod at critical moments enabled Gounods to get away with the honors on Saturday, although St. Laurent twirled a good game for the victors. While the playing of the two teams was by no means perfect, the chief fault was to be found with the work of the umpires. Tom Dillon's eyesight was very poor at times, while Mr. Dammour in umpiring the bases did some grand guessing, which in no one instance favored the Irishmen.

St. Pats played good ball the first three innings and established a fair lead. However, loose playing enabled their opponents to overtake them. Hebert and Savage led the Irishmen in scoring, both chalking up three runs, while Delorge counted the same total for Gounods. Tommy Workman put up a fine game at second base, making a couple of pretty catches.

The score by innings:
 St. Pats—510031010—11.
 Gounods—01104202—14.

THOMAS WAS IN FORM.

With "Doc" Thomas serving up a grand assortment of benders, the St. Charles Seminary aggregation had very few opportunities to stroll across the home plate yesterday. Thomas had a bag full of twisters, and held the college boys at bay throughout the nine innings. Gibson twirled good ball against the St. Pats for six innings, but weakened as the game grew old.

The score by innings:
 St. Pats—10003211—8.
 St. Charles—100003000—4.

EPIDEMIC OF BLACK SMALLPOX REPORTED RAGING AT ESSEN

LONDON, June 10.—A despatch to the Times from The Hague quotes a neutral who has arrived there from Germany as stating that an epidemic of black smallpox is raging among the workmen of the Krupp plant at Essen, with four or five fatal cases occurring daily.

The outbreak, the despatch adds, is attributed to underfeeding and unsanitary conditions.

CONVOCATION AT STANSTEAD WES. COLLEGE

Distribution of Prizes Takes Place Today—Many Attend Annual Service in Centenary Church.

STANSTEAD, June 10.—(Special)—The Convocation and distribution of prizes in connection with the Stanstead Wesleyan College, takes place this (Monday) evening.

Many Attend Church Service.

Centenary Methodist Church was crowded to its capacity on Sunday morning, at the annual Baccalaureate service of Stanstead Wesleyan College. A large number of people from out of town, were present, and, as the usual custom, it was a union service of the Congregational, Universalist, and Beebe Methodist Church.

The handsome auditorium was tastefully decorated with ferns, red poppies and flags. The music was furnished by a combined choir of 25 voices, with Mrs. Wright Hovey, organist, Miss Bessie Rogers, pianist, assisted by the College orchestra, and was beautifully rendered. Miss Iran Strachan, soloist.

The College sermon was preached by Rev. T. A. Halpenny, B. A., B.D., of Ottawa, former pastor of Centenary Church, who gave a most appropriate and forceful address.

At 4 p.m., the usual song service was held in Pierce Hall, and in the evening at 7.30, the union service was held in the Haskell Opera House, and at which Rev. T. A. Halpenny was again the speaker.

Closing Of Holmes Model School

The closing exercises of the Holmes Model School was held on Saturday afternoon at which a much enjoyed programme of songs, drills, and recitations were given by the young pupils. In the evening the annual College reception to the friends of the College, and which was largely attended, was held.

Home On Furlough.

Lieut. Alan McIntosh, who has been on active service for the past three years, is at his parents home here, on three months' furlough.

Notes

Mr. and Mrs. H. Gilbert, and Miss MacDougall, of Windsor Mills, and Miss Mabel Gilbert, of Dunham, visited at Mrs. Clement's and Mrs. Hovey's over the week-end and attended the College Commencement exercises, at which Master Malcolm Gilbert is a pupil.

Mrs. H. F. Pierce, who has been spending the past several months in Washington, D. C., with her daughters, returned home on Saturday.

Mr. and Mrs. Jas. Tipping, and Mr. and Mrs. Aubrey Hunter, of Clarenceville, visited their uncle and aunt, Mr. and Mrs. H. A. Beerworth on Sunday, coming by auto.

Nurse Margaret Bowen, and Miss Edythe Raymond, of Sherbrooke, spent Sunday at Mr. John McIntosh's.

Arrivals: Mr. Jas. Young, of Lowell Mass., visiting relatives; Mr. Chas. W. Terrill in town for week-end.

Quite a number from out of town are here to attend the College closing.

MOVIE OF MODERN BOOKWORM

Student Would Not Be Influenced by Any Pleasures the World Could Offer Him.

Now behold the student coming up the street! He is clad in rubber and shining black. He is this of shank as becomes a scholar. He sags with knowledge. He hungers for wisdom. He comes opposite the book shop. It is but coquetry that his eyes seek the window of the tobacconist. His heart, you may be sure, looks through the buttons at his back.

At last he turns, Charles S. Brooks writes in Yale Review. He pauses on the curb. Now desire has clutched him. He jingles his trousersed shillings. He treats the gutter. He squints upon the rack. He lights upon a treasure. He plucks it forth. He is unresolved whether to buy it or to spend the extra shilling on his dinner.

Now all you cooks together, to save your business rattle your pans to rouse him! If within these ancient buildings there are onions ready peeled—quick!—throw them in the skillet that the whiff may come beneath his nose! Chance trembles and casts its vote—scent meenies—down goes the shilling—he has bought the book. Tonight he will spread it beneath his candle. Foot may beat a snare of pleasure on the pavement, glad cries may pipe across the darkness, a riddle may scratch its invitation—all the rumbling notes of midnight traffic will tap in vain their summons upon his window.

18-Cylinder Engine.

By leaps and bounds the stationary type airplane engines are increasing in power rating in the stern competition between the central powers and the allied nations. In England Louis Costello has been doing commendable work along these lines, and among his latest products is the 18-cylinder Sunbeam-Catless engine, which develops 475 brake horse power, and has no fewer than half a dozen magnetos and an equal number of carburetors, says Scientific American. The arrangement of the cylinders is interesting. Twelve of the cylinders are arranged as the usual twin-six practice, while the remaining six are arranged in the upper center, forming what is styled the "bread arrow" type.

Nature provided perfect tobacco. We added perfect skill, a perfect factory, perfect care and perfect air (we wash it). We co-operate with nature in the perfect maturing of every leaf and cigar and so claim a perfect right to the description, Perfection Cigar.

Rose Quesnel TOBACCO

Rose Quesnel Tobacco is the best natural native tobacco on the market. It possesses that characteristic aroma of the Quesnel tobacco as prized by pipe smokers, as well as the mild, agreeable flavor, peculiar to other varieties of choice Canadian tobaccos.

The large 10c. package contains twice the quantity of the 5c. package, and will give you better satisfaction, as its greater bulk enables us to press the tobacco more completely, thus preserving all of its natural freshness and delicate aroma.

DELEGATES DID NOT SHAKE HANDS

Representatives of Britain and Germany at the Hague Merely Bowled to Each Other.

LONDON, June 10.—Describing the meeting between the British and German delegates, held at The Hague, to arrange an exchange of prisoners of war, Reuters' correspondent at The Hague says they did not shake hands, but merely bowed to each other.

A moment before, Jonkheer London, the Dutch Foreign Minister, received the delegations separately in adjoining rooms, and then brought them face to face, delivering a speech in which he wished success to their mission. Maj. Gen. Friedrich replied for the Germans, and Sir George Cave, Home Secretary, on behalf of the British. Both thanked Holland for what that country had done for prisoners.

REBUKE TO GERMAN POLICY.

(Associated Press Despatch)
 LONDON, June 10.—A despatch to the Exchange Telegraph from Copenhagen says that the election to the Reichstag of Korlantz, Polish candidate for the Oppeln-Lubinitz (Silesia) district, was a rebuke to Germany's Polish and Eastern policy. Korlantz received 5,000 more votes than the candidate of the Centrists. He is a strong critic of Germany's war policy.

PRUSSIANISM AND ENDURING PEACE IS AN IMPOSSIBILITY

(Associated Press Despatch)
 SCHENECTADY, N. Y., June 10.—"Prussianism and the idea of enduring peace among nations can never be brought into harmony; compromise cannot even be considered," Mr. Robert Lansing, Secretary of State, declared in an address as honorary chancellor of Union College to 1918. In stance after instance from his own experience at the head of the United States Foreign Office were cited to prove his point, because, he asserted, "Americans, even those intellectually equipped, have but vague ideas of the attitude which made Prussianism possible."

PEACH CROP WILL BE FAILURE THIS YEAR AT NIAGARA

(Canadian Press Despatch)
NIAGARA FALLS, ONT., June 10

As a canvass made of leading fruit growers of this section indicates that the peach crop this year will not be over a quarter crop. This is largely owing to the severe winter when most of the wood was killed by the frost. Other fruits, particularly apples, are a fine crop.

MARRIAGES

DESROCHERS—CODERE.

The marriage took place this morning at the Pauline Chapel of St. Michael's Cathedral of Miss Florence Codere, daughter of Mr. L. A. Codere, to Mr. Armand Desrochers, of Montreal. The church was beautifully decorated with flowers by the Rev. Sisters of Mont Notre Dame, the bride being a graduate of the convent, and brilliantly illuminated with lights and tapers. The nuptial mass and benediction were given by the Rev. Napoleon Codere, cousin of the bride, and fine music was rendered, Mr. L. E. Codere presiding at the organ. Miss Bernadette Morin sang "Alleluia," and Mr. C. E. Bachand "Ave Maria," and Mrs. Doyon the "Agnus Dei," while the Children of Mary, of which society the bride was organist and director, were heard in a melodious wedding hymn.

The bride, who was accompanied to the altar by her father, wore a costume of beige cloth, the coat with embroidered blue collar, and white gazelette crepe blouse. She carried a bouquet of white roses and sweet peas.

The witness for the groom was his father, Mr. J. O. Desrochers.

After the service the bridal party drove to the residence of the bride's father, King street, where the wedding breakfast was served, the table being arranged with the wedding cake and bouquets of flowers at the corners.

Mr. and Mrs. Desrochers left by the morning train for Quebec to take the Saguenay trip, and on their return will make their home in Montreal.

The bride received a large number of valuable and handsome gifts, including silver, cut glass, jewellery, linen, etc.

Among the guests present were Mr. L. A. Codere, Miss Alice Codere, Messrs. Ralph, Paul and Marcel Codere, sister and brothers of the bride; Mr. and Mrs. L. J. Codere and the Misses Codere; Mr. and Mrs. L. E. Codere, Mr. and Mrs. C. E. Bachand, the Rev. N. Codere, Mr. and Mrs. Eugene Codere, Mr. and Mrs. H. D. Codere, Mr. and Mrs. Charles Codere, Mr. and Mrs. Francois Codere, Montreal; Mr. J. O. Desrochers, Miss Marguerite Codere, Miss Archambault, Miss Olivier, the Misses Allaire and others.

FINE MERCHANTS FOR VIOLATION OF GAME LAWS

Several Cases Were Heard and Settled by Judge Mulvena in the District Magistrate's Court.

Penalties of \$10.00 fines and costs were imposed by Judge Mulvena, in the District Magistrate's Court, this morning, upon Jacob Echenberg, M. B. Engel, B. E. Goldman, David Echenberg, Joseph Green, Dora Laxer, wife of Samuel Mosel, and Louis Glick, all merchants of the city, for violation of the fish and game laws of Quebec, by failing to report purchases of furs and pelts.

The complaints were laid by Mr. Maurice Bouillanne, of the Fish and Game Department of Quebec. Mr. J. H. Lemay acted for the Government and Mr. J. Nicol, K.C., for the defence, who pleaded guilty to the charge and asked for a lenient sentence.

The Court fixed the penalty at the minimum, it being their first offence, and of a technical nature.

Case Was Dismissed.
John Wood, alias Yvan Stepanich, of Eustis, laid a complaint against Samuel Barron, for theft of a watch said to be valued at \$17.50. Both the men, who are Russians, are employed at the Eustis Mines, and Wood complained to the Chief of Police that the watch had been stolen by Barron at the Royal Hotel on Friday evening.

The defendant at first denied absolutely of having the watch in his possession, but upon being searched at the station it was found in his underclothing. Saturday morning the evidence was taken through an interpreter. Complainant declared that he had given the watch to the accused in exchange for another one, but that the accused refused to either return his own watch or give him the watch promised in exchange, which was likely a compromise arrived at between the parties, and the Court thereupon dismissed the complaint.

Little Boy Charged With Assault.
Exemphat Gagne, of Front Street, East Sherbrooke, aged 8 years, was the prisoner at the bar on a charge laid by Mrs. G. A. Smart, complaining that the accused had assaulted and struck her with a stick. Several witnesses were heard in the case and it disclosed that the "little prisoner" had committed similar assaults on the complainant several times before the complaint was made, so the Court fined him \$1.00 and costs and intimated to the parents that this had to stop or more severe penalties would be given in future.

CITY NEWS

Mr. J. O. Desrochers returned today to Montreal after attending the Desrochers-Codere wedding.

Mr. F. A. Camirand is able to be out again after an illness of a couple of weeks.

Mrs. B. Cohen and little daughter Helen have left for Chicago to visit Mrs. Cohen's brother, Mr. W. Ravid, who is leaving shortly for duty overseas.

AN INTERESTING SERMON.
The third of the series of sermons on "Fundamental Truths," "Why We Lay Stress on the Death of Christ," was preached last evening at St. Andrew's Presbyterian Church by the Rev. Alfred Bright. A large and attentive congregation was present, and excellent music was furnished by the choir, Miss Janet Dempster being the soloist.

In the morning Miss Hubbard and Miss Prichard rendered solos.

WOUNDED ON WEST FRONT

Queen Mary as Commandant of Corps Has Ordered Their Transfer to Establishment in Country

(Associated Press Despatch)
LONDON, June 9.—(British Admiralty, per Wireless Press)—London is much interested in the girls of the Woman's Auxiliary Corps, who have just arrived in the English capital suffering from wounds or other injuries received during the recent fighting on the west front.

The fighting on the west front, the Queen is commandant of the corps, and finding that a dozen of these girls were being treated at a London hospital, she caused them to be transferred to a country estate of which she is the patron, namely "Queen Mary's Home for Governesses," near Richmond.

Of the women under treatment, one has an arm, head and foot injured by shrapnel.

Another is suffering from shell shock, having been rendered unconscious and buried by the explosion of a heavy shell.

REPRISALS ON BRITISH PRISONERS

Germans Make Lot of Men Harder After Each British Air Raid in the Rhine Towns.

(Associated Press Despatch)

GENEVA, SWITZERLAND, Sunday, June 9.—Eight French soldiers who escaped from Camp Witsburg, near Mannheim, and arrived here yesterday, report that there has been increasing rigor during the last three months in the "reprisal camps" in Germany. The British troops, particularly, are suffering, while the French are fairly well treated. The treatment, the escaped prisoners declare, becomes more severe after each raid on the Rhine towns, the Germans hoping thus, an officer member of the party said, to cause a cessation of the allied raids.

This officer added that the Germans were exposing the lives of both allied officers and men by concentrating them near ammunition factories likely to be attacked. But he added: "We prefer to be killed by our bombs rather than give in. Let the raids continue."

ENEMY FAILED TO SECURE GAINS IN NEW ATTACK

(Associated Press Despatch)

PARIS, June 10.—Summarizing the morning newspapers comment the Havas Agency notes that the commentators are unanimous in pointing out that the first day of the new attack was far from securing for the enemy gains which he sought. They emphasize the fact that, contrary to what occurred in two previous German strokes in the south, the enemy this time suffered heavy losses, on the first day, by which it is shown that the effort to surprise the Allies completely failed.

L'Homme Libre says: "We replied to the preparatory fire in such a way that the duel became the greatest artillery battle of the war."

The Petit Parisien declares that while foolish optimism should be avoided, there is every reason to hope that this time the enemy will be unable to realize much advantage from his enormous effort.

Without forecasting the future, says Le Journal, it would be difficult not to be satisfied with the outcome of the day's fighting.

RUSSIAN TROOPS DEFEATED BY GEN. SEMONOFF

(Associated Press Despatch)

HARBIN, MANCHURIA, Friday, June 7.—General Semonoff, leader of the anti-Bolshevik forces in Siberia, has driven back the Russian troops which had crossed the Onon River, in trans-Baikalia. Advances received here from the fighting zone, however, say that Semonoff is facing heavy odds.

THREE SUBS SUNK BY BRITISH AIRCRAFT

Hunters of U-Boat Helped by Summer Conditions, and Force Craft to Seek Deeper Waters.

LONDON, June 10.—Accounts of the destruction of three enemy submarines by British aircraft were published yesterday. It is explained that the longer hours of daylight enable sea-planes, airships and kite balloons to assist materially in hunting down U-boats. Summer conditions favor the submarine hunters, whose incessant searching of the seas forces German craft to seek deeper waters.

War Situation in Brief

(By the Associated Press)

Comparatively slow progress, attended by losses described as enormous, is being made by the Germans in their latest effort to break the Allied front in France. The advance against the line from Noyon to the eastern suburbs of Mont Didier, coming quickly after the force of the offensive on the Aisne had been spent, and has encountered stern resistance, and it is only over a comparatively short section of the line that the enemy has made appreciable gains. The deepest penetration reported so far is approximately 2 1/2 miles.

It has been believed since the drive toward Amiens stopped that General Foch had the greater bulk of his reserves in or near the area that is now being attacked. Not only are these troops within striking distance of the front, but there are material obstacles which also militate against the entire success of the German assaults. The high hills which are now the scene of heavy fighting are but outposts of the positions which are prepared along the Oise River, which bisects the field upon which the battle will be fought if the first lines of defence are overwhelmed.

The present assault of the line east of Mont Didier may be considered as a complement of the offensive along the Aisne and, when the map is studied, it will be seen that the "pincer" system followed by Mackensen in Russia, Serbia and Rumania is again at work. If the thrust just west of Noyon succeeds in gaining extensive ground, it will approach the line from Soissons to Chateau Thierry, and a retirement from the positions taken by the Allies there would be forced.

On the other hand, if the drive gains ground further west, it will outflank the positions held by the French and Americans at Mont Didier and compel their readjustment, with the resultant uncovering of Amiens.

The wings, however, seem to be holding firmly and the only gains so far made have been in almost the centre of the line where they are least harmful to the security of the fronts on either side of the new battle area.

According to advices from the front the Germans have thrown more than 200,000 men against the line, which measures a little more than twenty miles in length. This does not equal the numbers hurled against the British at Cambrai on March 21st, nor is it such a concentration of men to the mile as was used at the inception of the German offensive in Flanders in April, but it is a menacing force to which may be added at any time the full weight of the German reserves which are believed to be massed somewhere near. The French and American troops operating northwest of Chateau Thierry repulsed German attacks last night and made new progress.

A German attempt to assault British positions at Aveluy Wood, north of Allert, was repulsed. While a British raid near Bethune, northwest of Lens, was successful.

On the rest of the front there has been no fighting of a significant nature.

U-BOAT COMMANDER LENIENT TOWARD WHALER

Allowed One Vessel to Proceed
When Captain Pleaded that De-
struction of Ship Would Mean
His Ruin.

(Associated Press Despatch)
NEW BEDFORD, MASS, June 10.—Two whalers which arrived here yesterday, reported that they had been held up by a German submarine off Cape Hatteras.

Captain J. T. Gonsalves, of the schooner A. M. Nicholson, said that on his pleading with the captain of the U-boat, that he was a poor man, and that the loss of his vessel meant ruin, he was allowed to proceed with his ship and \$50,000 cargo of sperm oil unharmed.

After leaving the Nicholson the submarine headed for the schooner Ellen A. Swift, also from the whaling grounds, but before reaching her the U-boat sighted a steamer, and went after her, sending her to the bottom.

The mess boy of the schooner Hauppauge, sunk by the German raider on May 25, arrived at his home here yesterday, and said that while he was a prisoner for eight days on the U-boat, he was told by the officer that they had sunk one whaler laden with oil. This ship, the name of which was not given, was destroyed previous to May 25, according to the story.

Revenue on consolidated fund account declined somewhat during May, as compared with the same month last year. Last month revenue was \$22,758,912, and expenditure \$9,838,074. Customs revenue was \$14,656,792 in May last, and \$16,255,781 in May, 1917.

War expenditure of capital account was \$4,833,411 last month, as compared with \$11,063,206 in May, 1917.

CRITICIZE U-BOAT RAIDS ON U. S. COAST

Berlin Despatch Says War Spirit
and Fury of America Will Be
Increased By Such Raids.

(Associated Press Despatch)
LONDON, June 10.—A Reuter despatch from Amsterdam says that the policy of sending U-boats to raid shipping on the American coast has critics in Germany. This attitude is revealed in a telegram from Berlin to the Cologne Gazette, in which the newspaper believes it necessary to try to combat objections to this particular submarine campaign. These objections, he assumed, are based on the view that the war spirit and fury of the American are surely to be increased by such raids.

AUTOCRACY AND MILITARISM MUST PERISH

Verdict of American Labor Upon
Its Country's Anticipation in the
War Expressed By President
Gompers at Annual Convention.

(Associated Press Despatch)
ST. PAUL, June 10.—"Autocracy, militarism, and its most dangerous supporting weapon, irresponsible diplomacy, must perish; democracy, justice, freedom and absolute confidence between governments and people must be established and triumph," is the verdict of American labor upon its country's participation in the war, expressed today by the report of President Samuel Gompers and the executive council of the American Federation of Labor to the annual convention in session here.

"Workers in war production are practically a part of the fighting force," the report declares. "No action should be taken in the shops or on the field not in harmony with the purposes of the war. No strike should be inaugurated which cannot be justified to the man risking his life on the firing line in France."

"A crisis in world affairs has been reached. The battle lines of our allies in France are menaced by the forces that represent autocratic government. Each day and hour of the coming months will hold in fateful balance the destiny of the governments and the people representing the ideals which bring into being and maintain governments directed by the people themselves."

"America was brought into this world war by the challenge of those autocratic forces which enthroned might as their chief aim. With the growth of achievement of our republic, this nation has stood as a beacon light to all the oppressed peoples of the earth. Our institutions have radiated to the remotest parts of the globe, concepts of a government guided and maintained by the will of its people. As a people imbued with the highest ideals of justice, the fact that the allied armies have their backs to the wall fighting the minions of autocracy makes the present moment assume a ragged and a dangerous front, and moves us to the solemn duty of self-examination, to determine whether we are doing our full part."

With equal emphasis, insisting that labor policies govern war production, the report declares:

"Those contributing to production should have a part in its control. Every worker has a right to be freed from all avoidable uncertainties of employment, both from those arising through poor labor administration and from mismanagement in production and the efforts of speculation in raw materials or finished products."

In looking toward the future we feel keenly that the nature of social development will depend largely upon the principles which workers shall demand as the basis for relationships."

"We are each day building labor's house of tomorrow. If that structure is to endure the test it must be founded upon the bed rock principles of equality and democracy in relations between men."

SOCIALIST DENOUNCES ARRESTS IN ALSACE-LORRAINE

Says Military Has Alienated Sym-
pathies of the People so that
Today They Favor France.

(Associated Press Despatch)
COPENHAGEN, June 10.—In denouncing the arrests of thousands of peaceful citizens of Alsace-Lorraine by the German military authorities, Herr Wendel, Socialist Deputy, declared in the Reichstag Saturday that the military had alienated the sympathies of the majority of the people of Alsace-Lorraine, with the result that today they favored France. "In order not because of any particular love of the tri-color, but because of resentment at the German military rule."

Wendel was cheered when he said: "Alsace Lorraine must have the same rights as the German federal states, namely home rule."

HIS SUGGESTION.

PREMIER CLEMENCEAU SATISFIED WITH SITUATION ON BATTLEFRONT WHERE GERMANS SUFFERED CHECK

Enemy Gained Slight Advantage in Centre of French Front,
But on Wings He Was Stopped and Five Divisions Put
Out of Commission—No French Reserves Called on—
Germans Forced to Bring Up Troops at Last Moment and
This Operation Exposed Men to Heavy Withering Fire—
This Time French Were Not Surprised, But Perhaps
Boches May Be, Says Military Critic.

PARIS, June 10.—"It was a perfectly satisfactory day," said Premier Clemenceau last night. In these words the French leader accurately summed up the prevailing impression.

Latest advices from the battlefield show that on the whole the enemy clearly suffered a check on the day's operations. The enemy gained a slight advantage in the centre on a front of three and three-quarter miles, about a fourth of the entire line of attack. On the wings he was stopped with such losses that five divisions have been put out of commission, or about one-third of the divisions identified up to the present as having taken part in the attack. This was done without the French reserves being called upon.

Enemy Reserves Brought Up.
The Germans had to bring up their troops at the last moment in order to avoid giving the alarm to the Allies. As the columns arrived they were compelled to deploy from the column

of march into the line of attack. This operation, which takes some hours, exposes the men to an unpleasant artillery fire unless the element of surprise is preserved.

Target for French Gunners.

The German attacking troops coming out to envelop the heights of Boches and Riquebourg, dominating the Matz Valley, offered a splendid target to the French gunners. The enemy had to throw in division after division before he was able to drive his way forward to Ressons-sur-Matz and Marreuil along the Roye road, which was swept by French fire.

Ressons-sur-Matz is a central position from which the enemy can direct attacks southward to Estreem-St. Denis or southeast to Compiègne. He is being strongly counter-attacked, however, and will be only able to develop his advantage at heavy cost, if at all.

Satisfied with First Day.

GERMAN CONTROL OF TRANS-SIBERIAN RY. DENIED OFFICIALLY

(Associated Press Despatch)
MOSCOW, May 31.—Reports having reached Moscow from Stockholm by way of Paris that negotiations have been begun here regarding German control of the trans-Siberian railway as far east as Irkutsk, an official statement was issued here today declaring them to be untrue. It is said that statements emanating from Stockholm are mere inventions.

says:
beware at the beginning of an important offensive of forming judgments, but without prejudging the future is difficult not to be satisfied with the first day."

The feeling which fairly represents the general sentiment is expressed by L'Ouvre in the caption: "This time we have not been 'surprised,' but perhaps the Boches will be."

Believe German Staff Will Be Foiled.
It is to be expected that the enemy will strive hard to enlarge the point driven into the centre at Ressons-sur-Matz. Upon his success will depend his further action. Should he succeed in forcing back the French right, he is likely to hurl all his forces toward Paris by way of the Compiègne road, turning the French line at Villers-Cotterets.

Should, however, the French left give way, the enemy would attempt a diversion northward with the object of capturing Amiens and rolling up the British flank to the sea and separating the British and French armies.

It is far too soon to attempt to see ahead, but the latest news from the front justifies confidence that the German staff will never get a chance to attempt either alternative.

ANOTHER LOCAL BOY WOUNDED FIGHTING HUNS

Mr. and Mrs. Cecil Tarte Receive
News that Their Son Has Been
Admitted to Hospital.

Sherbrooke boys are taking their part in the great fight to stem the rushes of the Huns, and are doing their "bit" like heroes, according to the news that comes filtering through here and there, and another's name has been added to the list of seriously injured in the person of Gunner Frank Stanley Tarte.

Mr. and Mrs. Cecil Tarte received an official telegram on Saturday which conveyed to them the brief information that their son, who, up to the time of being wounded, had been fighting the Huns in France for three months, had been wounded by a bomb and taken to Shorncliffe Military Hospital, where it was found necessary to amputate one of his toes. Gunner Tarte, the 20-year-old son of Mr. and Mrs. Cecil Tarte, of Bellevue Stock Farm, went overseas a little over a year ago with the Royal Canadian Horse Artillery, but on reaching England volunteered for duty with a light trench battery, and had been in active fighting against the Huns for over three months.

TREASURY CLERKS ROBBED OF £14,000

Employees of Government in Melbourne, Australia, Held Up By Masked Men With Revolvers.

MELBOURNE, Australia, June 10.—Two treasury clerks, conveying £14,000 sterling to the Government printing office for the payment of employees there, were held up by masked men with revolvers. The robbers escaped with the booty, but dropped a bag containing £3,000 in the course of the hot pursuit. The acting officer in charge of the Victorian Railway Union has been arrested in connection with the robbery.

The Aim of Goodyear Endeavor

The ultimate aim of the Goodyear institution is, of course, to build a profitable and large business.

But of importance to every motorist is—not the end, but the method by which we believe it is to be attained.

And that method saves our ideal from the taint of self-seeking.

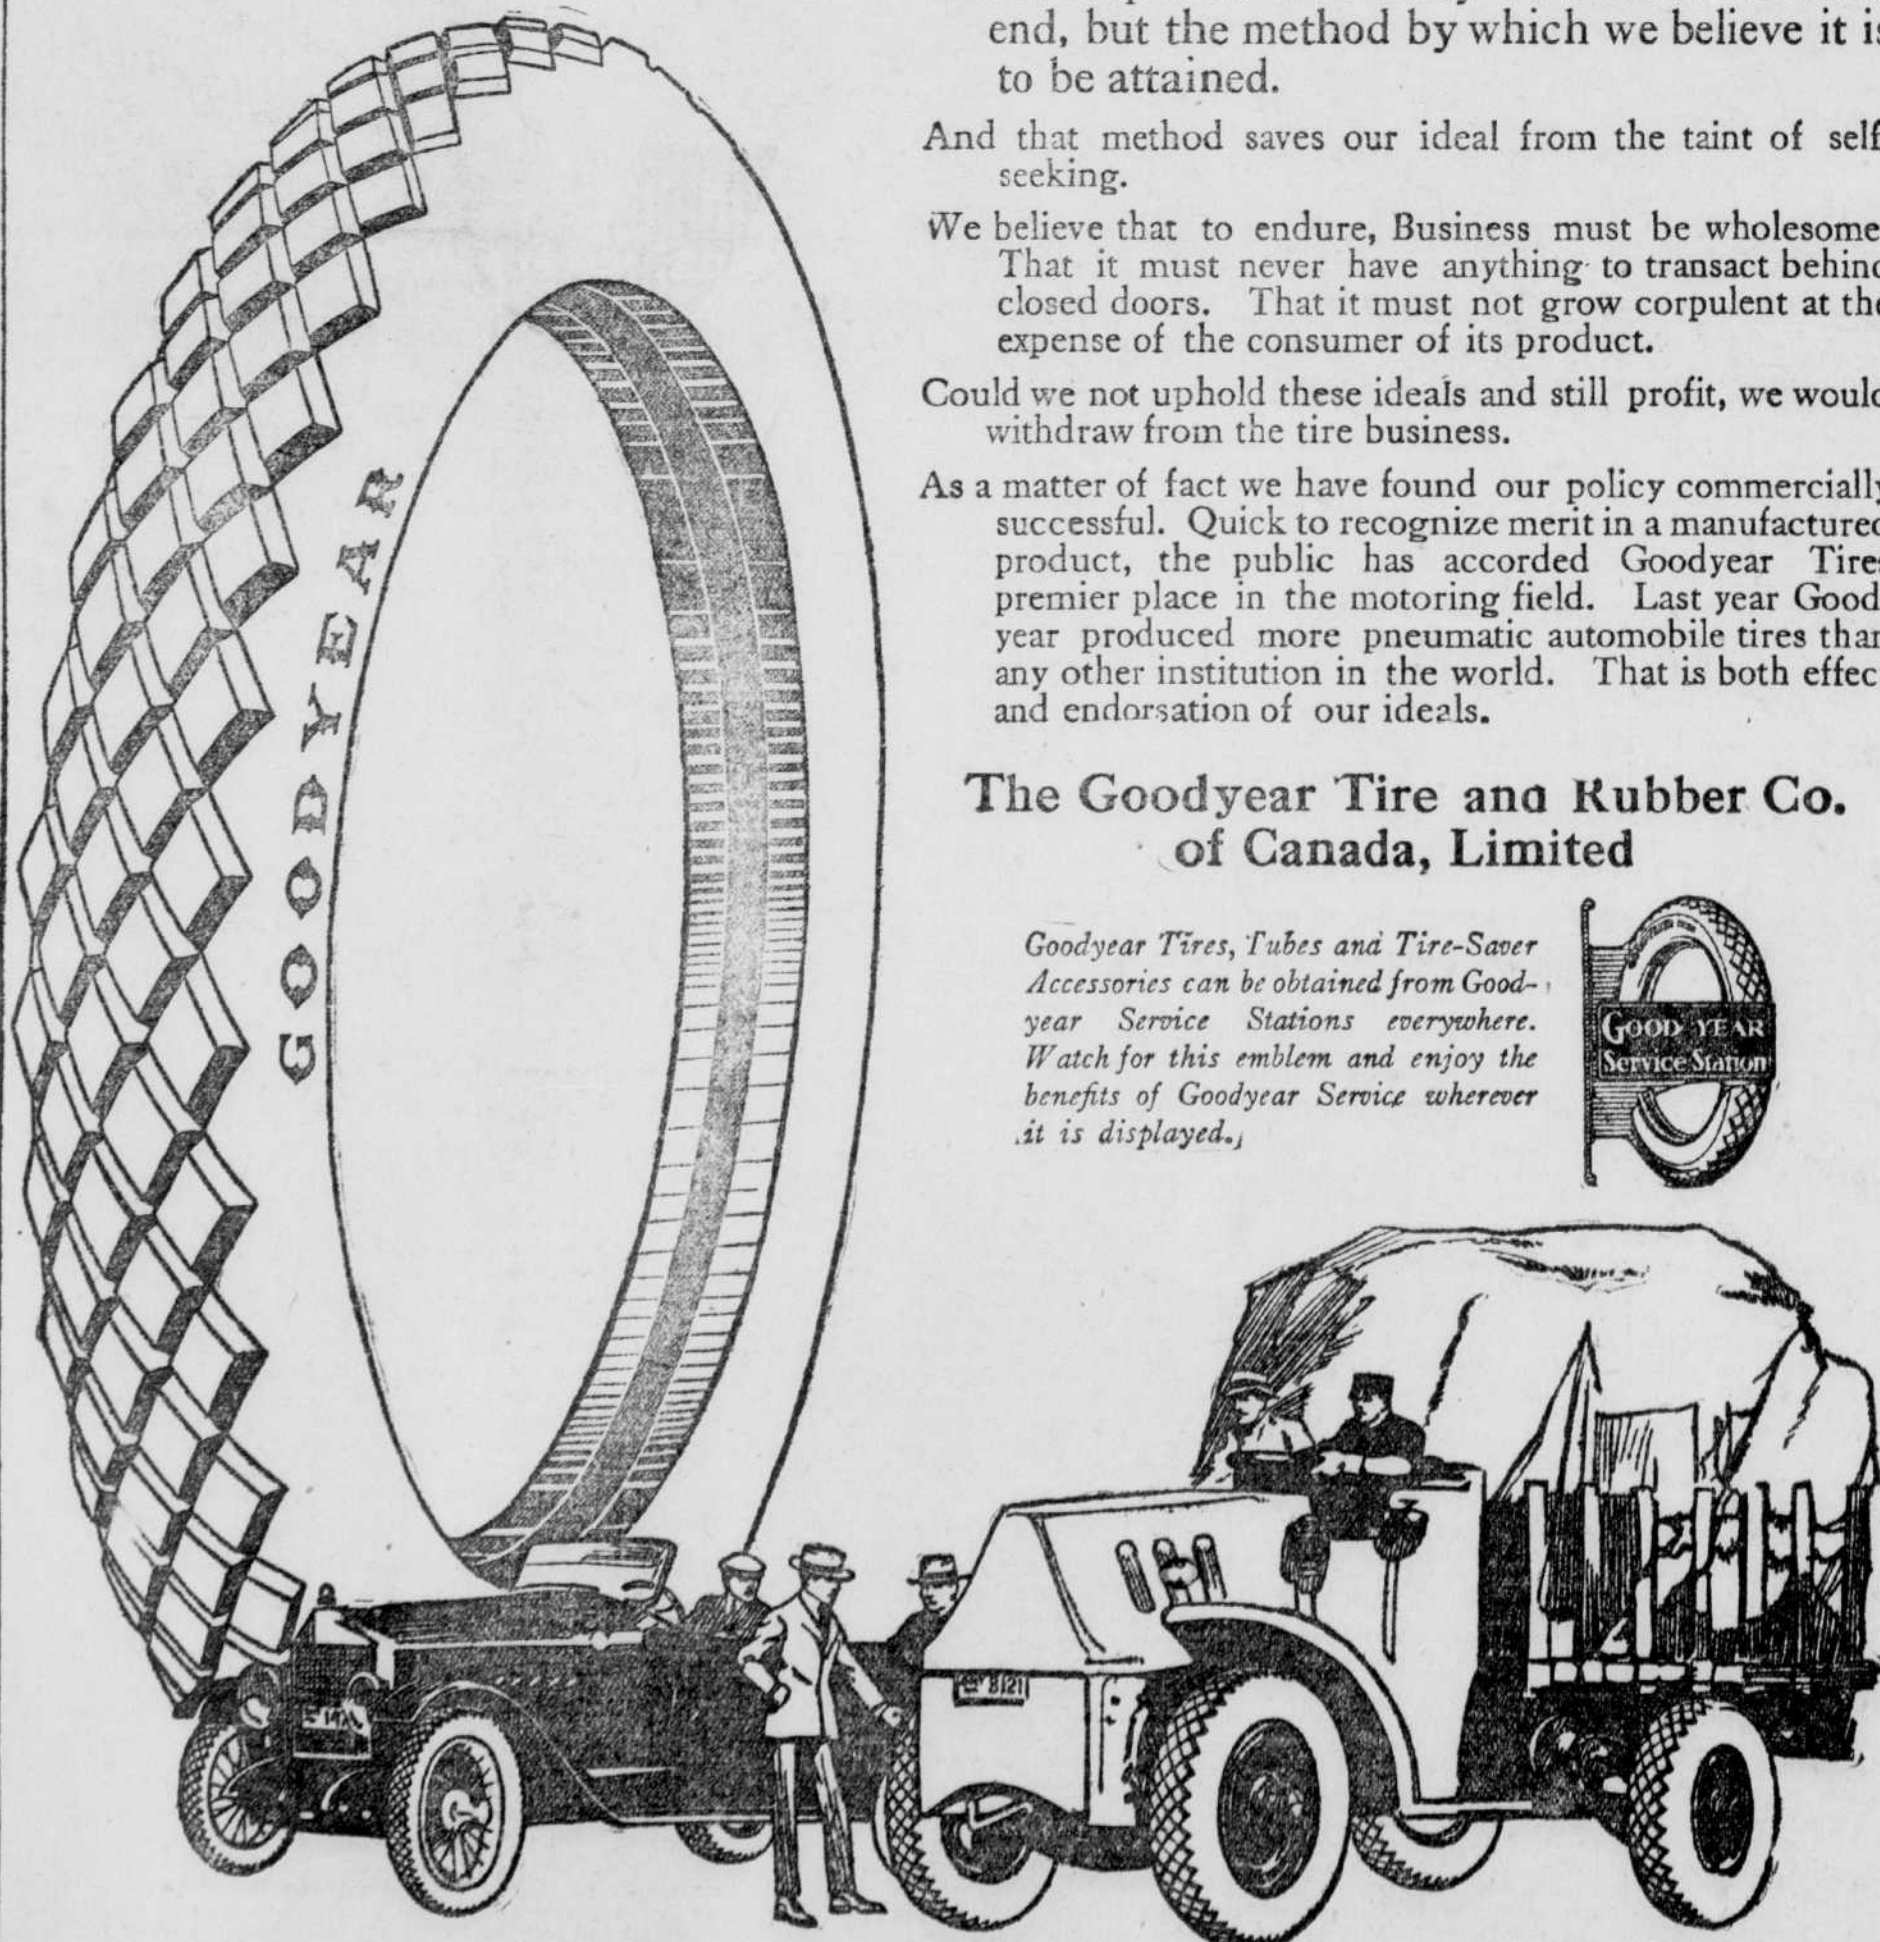

We believe that to endure, Business must be wholesome. That it must never have anything to transact behind closed doors. That it must not grow corrupt at the expense of the consumer of its product.

Could we not uphold these ideals and still profit, we would withdraw from the tire business.

As a matter of fact we have found our policy commercially successful. Quick to recognize merit in a manufactured product, the public has accorded Goodyear Tires premier place in the motoring field. Last year Goodyear produced more pneumatic automobile tires than any other institution in the world. That is both effect and endorsement of our ideals.
