tions held in the last ten years.

**50 YEARS IN EXISTENCE.**

**Warren's  
Patent**

**Platform  
Scales.**

PATENTED

A.D. 1834.

ESTABLISHED

A.D. 1834.

BY THE LATE OTIS WARREN.

THE OLDEST AND MOST RELIABLE SCALE HOUSE IN THE DOMINION

**FOR FIRST CLASS WORK,**

Buy your Scales from us, and you will be sure of getting the worth of your money. Don't come to us for cheap and roughly made scales. We don't make them. But when you want a nicely finished, easy turning, accurately adjusted scale, come to us, and you will get what you desire. We make all kinds of scales, from a letter scale to a hay or coal scale.

We make to order scales for special purposes. We give you better value for your money than any other house in the Dominion.

There is not an article of manufacture that should be purchased with more care than a scale. Many persons are not aware of the delicate construction of a scale, and think to save money by purchasing where they can get the cheapest article. The idea is a delusion. You save in first cost, and lose continually, through inaccurate weighing, more than the price of a first-class article. There is another class of persons who appreciate a good article, but are under the erroneous impression that all Canadian-made scales are of the cheap and worthless class. We are aware that there are a great many worthless scales being sold, but this is no reason for condemning all Canadian makes. There are exceptions, and we wish it distinctly understood that we make no pretence of making cheap scales, nor do we solicit the trade of those wanting cheap work. It has been our aim to make the best work and sell at prices that will authorize our employing the most skilled labor, use the best material, and use the most approved machinery in their construction. We have, at great expense, constructed tools and machinery, especially adapted to the work, and can supply the public with an article equal to the best American makes, at from 20 to 25 per cent. less in price. We are enabled to do so, not through any cheapening of work, but through the duty which they have to pay to enter their scales. We guarantee our work as represented or no sale.

For proof of what we say call and examine our work. It is no trouble to show our goods.

**We repair all makes of scales, and attend to their inspection on the most reasonable terms.**

Send for our new Illustrated Catalogue and Price List.

**Buy WARREN'S PATENT ICE PICK, it cuts ice without the splintering usual in other picks.**

PRICE REDUCED.

THE TRADE SUPPLIED.

**H. B. WARREN & CO.,  
763 Craig Street, Montreal.**
