There is little doubt that sufficient draining, a careful cultivation, selection of suitable seed, and proper period of sowing, would have a great influence upon the general produce of crops in such seasons as the present. Crops were produced in great abundance, but they have suffered damage from various causes, that might have been lessened to a considerable extent, under a more perfect system of husbandry, and by the application of lime and salt that are necessary to give strength and firmness to the straw on very fertile soil, to prevent straw becoming too long and lodging. Sowing in drills, and covering the seed evenly and sufficiently, would be another means of securing a good strong growth of grain crops, firm in the straw, and full in the head. In conclusion, although the heavy rains that had from the 15th to the 20th of the month, have, undoubtedly, done extensive injury to the crops, the weather, subsequently, has enabled farmers to cure a considerable portion of them in fair condition. It was impossible that such heavy rains, which continued four days, should not have injured crops that were beaten down or lodged, as many of them are, and particularly peas, ready for harvesting, sustained considerable damage. We have also seen heat rusted, and some lying upon the ground, rotted, but hope the sprouting is not to any great extent. We have been told that many of the crops we had water standing upon them, and it may be perceived the damage this would produce. A continuation of fine weather will have a great influence

LET ALL WHO ARE AFFLICTED WITH ASTHMA READ THE FOLLOWING LETTER.

Mr. Seth W. Fowler:—
Sir,—Having been afflicted for more than thirty years with the asthma, at times so severely as to incapacitate me from attendance to business, and having adopted many medicines without any but temporary relief, I purchased, about three years since, of Mr. Edward Mason, your agent in this city, several bottles of Wistar's Balsam of Wild Cherry, from the effects of which I obtained more relief than from all the medicine I had ever taken for that distressing disorder. I have by the repeated use of your valuable Balsam, been more free of pressure for breath, and oppression on the lungs, than I had anticipated, and indeed conceive myself cured of this most disheartening malady.
I do most cheerfully tender you this acknowledgment, which you will use as your judgment dictates.

EXAMPLE.—A person aged 50 (next birthday—day) may secure £1000 at his death by payment of
£20 6s. 8d. Annually.
10 5s. 10d. Half-yearly, or
£3 5s. 4d. Quarterly.
During the whole period of life.

Scale of Reduction for an Assurance of £1000 at any Age, according to the Alternative Plan of Table II.

Age	First Five Years.	Second Five Years.	Third Five Years.	Fourth Five Years.	Remainder of Life.

36	£875	£750	£625	£500	£375
40	£875	£750	£625	£500	£375
44	£875	£750	£625	£500	£375
48	£875	£750	£625	£500	£375
52	£875	£750	£625	£500	£375
56	£875	£750	£625	£500	£375
60	£875	£750	£625	£500	£375

By comparing the rates of Table I and II, it will be seen that according to the Alternative Plan, somewhat less than two-thirds of the whole Life Premium is generally required for the first instance; the difference being afterwards made up, either by a gradual increase of Premium, during a given period, or by a corresponding gradual reduction of the sum Assured; the option, in every case, being given to the Policy holder of selecting the mode which may best suit his object or convenience.

The effect of an Assurance on a person's own life, is to create at once a Property in Reversion which can be **REVERSED** means realized. Take, for instance the case of a person at the age of Thirty, who, by the payment of £5 15s. 10d., can become, at once, possessed of a bequeathable property of £1000, subject only to the condition of his continuing the same payment quarterly, during the remainder of his life;—a condition which may be fulfilled by the mere saving of Nine shillings weekly, in his expenditure. Thus, by the exertion of a very slight degree of economy—such, indeed, as can scarcely be felt as an inconvenience, he may at once realize a capital of £1000, which he can bequeath, or dispose of in any way he may think proper.

In addition to the published rates, an extensive set of Tables has been computed for Assurances of Joint Lives, the survivor of two or more lives, and for contingent Assurances. Also, for Reversionary Annuities, Endowments for Widows and Children, and for every possible contingency affecting human life, against which it may be prudent or expedient to provide.

The undersigned would particularly recommend, A Table of Decreasing Rates of Premium, on a novel, and remarkable plan. The Policy holder having the option, of discontinuing the payment of his further premiums, after Twenty, Fifty, Ten, and even Five years—and the Policy still remaining in force. In the first case, for the full amount originally assured, and in either of the three other cases, for a portion of the same, according to a fixed and equitable Scale, endorsed upon the Policy. All claims payable within **THREE MONTHS**, after the proof of death.

No proof of death is required at the time a claim is made, the age of the Assured being, in every case, admitted in the Policy, cannot, on any circumstances, be afterwards called in question. Policies effected by parties on their own lives, are not rendered void in case of death by duelling, or the hands of Justice. In the event of suicide, if the Policy be assigned to a bona fide Creditor, the sum Assured will be paid without deduction. If the Policy be not so assigned, the full amount of Premiums received thereon, will be returned to the family of the Assured.

Policies having become forfeited, in consequence of the non payment of the Renewal Premiums, may be revived without the exaction of a fine, at any time within twelve calendar months on the production of satisfactory evidence relative to the state of health of the Assured, and the payment of Interest on the Premiums due.

By these and similar Regulations, many of which are peculiar to this Establishment, it is presumed that the important object has been attained, of rendering Policy of Assurance, as complete an Instrument of security as can possibly be desired.

The necessary forms, and every requisite information, as to the mode of effecting Assurances, may be obtained, either by letter, or personal application, to

GOVERNMENT HOUSE,
Montreal, 6th May, 1848.
Present:
HIS EXCELLENCY
THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS by an Act passed in the 10th and 11th years of the Reign of Her Majesty, Cap. 30, it is enacted, "That the Grants of all such Crown Lands in the District of Gaspe as have been previously to the Twenty-sixth day of September, one thousand eight hundred and twenty-eight, actually and bona fide settled upon, and improved, shall, upon the usual scale of Grants at that time to actual settlers, that is to say, a tract not exceeding in all one hundred acres in superficies, including the tract occupied and improved, to any one person or family according to proportion to the extent of those improvements, be made and given to every such one person and family respectively, as then were actually settled and had made such improvements upon the same, or to their lawful representatives, or to the person or persons in good faith holding of him or them, upon satisfactory proof being submitted to the Governor in Council at any time within two years next after the passing of this Act, of the occupation and improvement aforesaid, anterior to the period aforesaid, of the said land claimed by the person or persons petitioning for a grant thereof pursuant to the said assurance and to this Act, the Grantee paying such fee for the Letters Patent thereon as may be payable for Letters Patent whereby any Waste Lands of the Crown are or shall be granted, and which, in cases where His Excellency may see fit, may also be dispensed with: Provided always, that in all cases in which the land originally settled upon and occupied, shall extend beyond the frontage usually at the time aforesaid established for such grants, and that such excess is or shall be in the actual possession of such original settler or his lawful representative to claim and have a grant for such excess by pre-emption, upon payment by him to the Commissioner of Crown Lands for such excess at the rate or price required to be paid for land sold according to the regulations of the thirteenth of February last, published by the Department of Crown Lands: Provided that the entire extent of such Grant so claimed shall not as aforesaid exceed the said superficial extent of one hundred acres.

And whereas it is expedient to ascertain with as little delay as possible the extent of lands that may have been so occupied and in good faith improved upon anterior to the time first aforesaid, and the applicants or claimants therefor: Be it enacted, That it shall be lawful to and for the Governor of this Province for the time being, at any time within a twelvemonth next after the passing of this Act, by Proclamation, or in such other manner as he shall deem most expedient, to call in all claims within the true intent and meaning of the aforesaid assurance and of this Act, to be supported and accompanied by the proof aforesaid, and that such claims shall not be so presented within the time appointed shall for ever afterwards be barred and of none effect.

It is ORDERED by His Excellency in Council, that the TWENTY-EIGHTH day of JULY, one thousand eight hundred and forty-nine, shall be the day on or before which all such claims as above mentioned shall be presented in the manner above stated; and that such claims shall not be so presented within that period shall for ever afterwards be barred and of none effect.

DR. TOWNSEND'S COMPOUND EXTRACT SARSAPARILLA,
THIS EXTRACT IS PUT UP IN QUART BOTTLES; it is six times cheaper, pleasanter, and warranted superior to any sold. It cures disease without vomiting, purging, sickening, or debilitating the patient, and is particularly adapted for a
FALL AND WINTER MEDICINE.
The great beauty and superiority of this Sarsaparilla over all other remedies is, whilst it eradicates disease, it invigorates the body.

CONSUMPTION CURED,
CLEANSE AND STRENGTHEN,
CONSUMPTION CAN BE CURED.
BRONCHITIS, CONSUMPTION, LIVER COMPLAINT, COLDS, COUGHS, CATARRH, ASTHMA, SPITTING OF BLOOD, SORENESS IN THE CHEST, HECTIC FLUSH,
LIGHT SWEATS, DIFFICULT OR PROFUSE EXPECTORATION, AND PAIN IN THE SIDE, &c. HAVE & CAN BE CURED.
Probably there never was a remedy that has been so successful in desperate cases of consumption as this is

cleanses and strengthens the system, and appears to heal the ulcers on the lungs, and the patients gradually regain their usual health and strength.

CURIOUS CASE OF CONSUMPTION.
There are scarcely a day passes but there are a number of cases of Consumption reported as cured by the use of Dr. Townsend's Sarsaparilla. The following was recently received:—
"DOCT. TOWNSEND—Dear Sir: for the last three years I have been afflicted with general debility, and nervous consumption of the last stage, and did not expect to ever gain my health at all. After going through a course of medicine under the care of some of the most distinguished regular physicians and members of the Board of Health in New York and elsewhere, and spending the most of my earnings in attempting to regain my health, and after reading in some paper of your Sarsaparilla, I resolved to try it. After using six bottles I found it done me great good and called to see you at your office; with your advice I kept on, and do most heartily thank you for your advice. I persevere in taking the Sarsaparilla, and have been able to attend to my usual labors for the last four months, and I hope by the blessing of God and your Sarsaparilla, to continue my health. It helped me beyond the expectations of all that knew my case."
CHARLES QUIMBY.

SPITTING BLOOD.
Read the following and say that Consumption is incurable if you can.
NEW YORK, April 23, 1847.
DR. TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse.—At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla but a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results. Your obedient servant.

LOST HER SPEECH.
The annexed certificate tells a simple and truthful story of suffering and relief. There are thousands of similar cases in this city and Brooklyn, and yet there are thousands of parents let their children die for fear of being humbugged or to save a few shillings.
BROOKLYN, Sept. 13, 1847.
DR. TOWNSEND—I take pleasure in stating, for the benefit of those whom it may concern, that my daughter two years and six months old, was afflicted with general debility and loss of speech. She was given up as past recovery by our family physician; but fortunately I was recommended by a friend to try your Sarsaparilla. Before having used one bottle she recovered her speech and was enabled to walk alone, to the astonishment of all who were acquainted with the circumstances. She is now quite well and in much better health than she has been for 18 months past.
JOSEPH TAYLOR,
128, York Street, Brooklyn.

TWO CHILDREN SAVED.
Very few families indeed—in fact we have not heard of one—that used Dr. Townsend's Sarsaparilla in time, lost any children the past summer, while those that did not, sickened and died. The certificate we publish below is conclusive evidence of its value, and is only another instance of its saving the lives of children:—
"DR. TOWNSEND—Dear Sir: I had two children cured by your Sarsaparilla of the summer complaint and dysentery; one was only 15 months old and the other 3 years. They were very much reduced, and we expected they would die; they were given up by two respectable physicians.—When the Doctor informed us that we must lose them, we resolved to try your Sarsaparilla we had heard so much of, but had but little confidence, there being so much self-advertising that is worthless; but we were very thankful that we did, for it undoubtedly saved the lives of both. I write this that others may be induced to use it."
Yours, respectfully,
JOHN WILSON, Jr.,
Myrtle-Avenue, Brooklyn, Sept. 15, 1847.

LADY SAVED.
The following is from a very respectable farmer residing at Hempstead:—
"DR. TOWNSEND—Dear Sir: My wife has been suffering so severely from the Dyspepsia and general derangement of the system, that we supposed she must die. The physicians could not resist the disease, and she would have died beyond doubt, if we had not given her your Sarsaparilla. It has saved her life certainly. She is almost entirely relieved, and is gaining strength and health. She still continues the use of it."
Yours, respectfully,
ELIZA ABRAM.

COULD NOT WALK.
That Dr. Townsend's Sarsaparilla is the very best remedy for female complaints there is no disputing; thousands and thousands of weak and debilitated females that were prostrated by those diseases to which females are subject, were soon in the enjoyment of robust health.
NEW YORK, Sept. 23, 1847.
DR. TOWNSEND—Dear Sir: My wife has for the last year been very sick, and in a greatly reduced state of health, being reduced by a variety of complaints, such as females are liable to; she got so bad at length that she was entirely unable to walk, and was as helpless as a child; she commenced using your Sarsaparilla, and she immediately began to regain her strength, her complaints left her, and after taking several bottles she is restored. Being a singular case I have thought it might do good to publish it. She used a number of remedies that done her no good previously.
Yours, respectfully,
JOHN MULLEN,
87, Norfolk Street.

DYSPEPSIA.
No fluid or medicine has ever been discovered which so nearly resembles the gastric juice or saliva, in decomposing food and strengthening the organs of digestion, as this preparation of Sarsaparilla. It positively cures every case of dyspepsia, however severe or chronic.
BANK DEPARTMENT, Alb. ny, May, 10th, 1845.
DR. TOWNSEND—Sir: I have been afflicted for several years with dyspepsia in its worst forms, attended with sourness of Stomach, loss of appetite, extreme heartburn, and a great aversion to all kinds of foods, and for weeks (what I could eat), I have been unable to retain but a small portion on my stomach. I tried the usual remedies, but they had little or no effect in removing the complaint. I was induced about two months since, to try your Extract of Sarsaparilla, and I must say with little confidence; but after using about two bottles, I found my appetite restored, and the heartburn entirely removed; and I would earnestly recommend the use of it to those who have been afflicted as I have been.
