Hawker And Grieve Were Rescued In Mid-Ocean By A Small Dutch Trawler

Both Men are in Perfect Health, But the Machine was Not Saved—News of Rescue Electrified All England—Nothing Except Some Great Battle Has Excited London More Than the Unexpected Tidings of the Pilot's Rescue—Hawker Alighted Close to the Trawler Owing to a Defect in the Water Circulation of His Engine.

(Associated Press Despatch)

LONDON, May 26.—There was a merry party in the home of Harry G. Hawker, near Surbiton, tonight, many callers, including Thomas O. M. Sopwith, head of the Sopwith Aviation Company, builders of the machine in which Hawker attempted to cross the Atlantic, going to the house to congratulate Mrs. Hawker. Many airmen were among those who called.

Mrs. Hawker never lost confidence that her husband would be rescued. Even on Saturday evening she was still hopeful. She declared that Sunday was her lucky day, and said: "We shall have good news tomorrow." Today her home was inundated with telegrams of congratulation and the telephone in the gaily beflagged dwelling was constantly ringing.

In a message expressing his own and the Queen's sympathy and condolence, King George on Saturday expressed his fear that Hawker had lost his life. He added: "I feel that the nation has lost one of its most able and daring pilots and that he sacrificed his life for the fame and honor of British flying."

An official statement confirming news despatches of the rescue of Hawker and Lieutenant Commander Grieve was issued last night. It follows:

"Harry G. Hawker and Lieutenant Commander Grieve were rescued in latitude 50 degrees and 20 minutes north and longitude 29 degrees 30 minutes west. They alighted close to a steamer owing to a defect in the water circulation of their motor. Both men are in perfect health but the airplane was not saved."

The news of the rescue has electrified all Britain. Nothing except some great battle has excited London more than today's unexpected tidings.

NORWEGIAN STEAMER "MARY" PICKED UP AVIATORS IN MID-ATLANTIC

CANSO, May 26.—Word has been received that Harry Hawker and Commander Grieve are both safe on board a Norwegian steamship.

The steamer was not fitted with wireless and therefore could not let the world know sooner of the safety of the gallant aviators.

The British admiralty, on receipt of the news, despatched a destroyer to bring Hawker and Grieve to land.

According to the official statement, the aviators were picked up by the Norwegian steamer "Mary," plying between New Orleans and Norway. Although the ship was not equipped with wireless, she got in touch with another vessel, which communicated with the North of Scotland.

aviators received a great reception. All Britain is deeply stirred by the news.

ARE EXPECTED TO REACH LONDON TODAY

LONDON, May 26.—Harry G. Hawker and his navigator, Lieut. Commander Mackenzie Grieve, the British aviators who essayed a flight across the Atlantic Ocean without protection against disaster, save what their frail airplane afforded, will reach the mainland today, and will proceed to London where they will be acclaimed as men returned to life.

Some 1,100 miles out from Newfoundland and 800 miles from the Irish coast, on Monday, May 19th, the lone aviators, making the best of an engine which was failing to function properly, were forced to alight on the water. The little Danish steamer Mary, bound from New Orleans and Norfolk for Aarhus, Denmark, picked the wayfarers up and continued on her northward voyage.

Lacking a wireless outfit, the captain of the steamer was obliged to withhold the good tidings of the rescue until he was opposite Butt of Lewis, where the information was signalled by means of flags that Hawker and Grieve were aboard his ship.

Immediately word was flashed to the British Admiralty, which sent out destroyers to overtake the Danish vessel and obtain absolute confirmation. This was done, and one of the destroyers took the aviators off, and later transferred them to the flagship Re-

venge.
From this safe haven Hawker sent a message last night that his machine had stopped owing to the blocking of the water circulation system.
When the airplane speed away from her starting point, Pilot Hawker let loose his whole landing gear, thereby lightening the weight of the machine by a considerable amount, but making a possible landing on the soil of Ireland a more hazardous venture. This, however, probably proved of much advantage when it became necessary to alight on the surface of the water. The airplane remained afloat without difficulty during the hour and a half it took the Danish steamer to come up and effect a rescue.

BAD WEATHER HOLDS BACK THE U. S. SEAPLANE

WASHINGTON, May 26.—Confirming the weather forecast of yesterday, Admiral Jackson at Ponta Del Gada this morning cabled the Navy Department that the Naval seaplane N. C. 4, still was held at her moorings by unfavorable flight conditions. Weather reports from the Azores indicated the trans-Atlantic flight probably cannot be resumed before Tuesday at the earliest, it was said early today.

THROWN FROM HIS BICYCLE AND INJURED

Man Hurt Dodging Between Auto and Street Car—Collision on Strathcona Square.

Thrown from his bicycle when he attempted to dodge between a street car and an approaching automobile on Friday evening, R. Griffin, who is employed by Mr. Fred Sanborn, was severely hurt and is now in the Sherbrooke Hospital.

Griffin was riding on Wellington street where repairs are in progress, near Aberdeen avenue, when he met an automobile and a street car going in opposite directions. Attempting to get out of the way of the former, his bicycle slipped from under him, and he was thrown in front of the street car. It is not known whether or not he hit the car itself, but he was injured in the fall, several teeth being knocked out and other injuries sustained. Lord's ambulance was called, and he was taken to the hospital, where he is under Dr. George Hume's care, and is reported to be progressing favorably.

U. S. TO KEEP GERMAN SHIPS SHE SEIZED

WASHINGTON, May 26.—Official advices reached Washington today that a full understanding had been reached by the Council of Four at Paris by which the United States will keep all the German ships seized in American ports when this country entered the war.

FIVE CHILDREN WERE BURNED TO DEATH IN FIRE

Farmhouse Near Lapatrie Was Left in Charge of Nine-Year-Old Girl.

Burned to death when left alone in a farmhouse, near La Patrie, five children of Alfred Duperron perished in the flames on Saturday night, the house being burned to the ground, and a sixth child is in a serious condition. Coroner Bachand, of Sherbrooke, investigated the case and found that the parents had been away to a party at another house some miles away. The house had been left in charge of little Emma, nine years of age, and the other five kiddies, ranging from one year to seven, were in her care.

According to the statement of Emma, who alone remains of the little family, made from her bed, where she is in grave danger, she lit a lamp and placed it on a table, then getting in bed with Lucien, who was the baby. She remembers nothing more until she was awakened by the flames, and rushed out to find the house ablaze. She managed to get out of a window, despite her burns, and reached a farmhouse half a mile away, which was unoccupied. There she stayed until her parents returned.

Duperron and his wife had left the house about eight o'clock and returned at ten to find their home a mass of smouldering ashes, and with the charred bodies of their five children among the debris.
Little Emma is severely burned on her right side, where the flames caught the covers of the bed, and her condition is regarded as critical. The other children were Ethel, seven years old; Attila, six; Oscar, five; Edward, three; Lucien, one.
It is presumed that the fire was caused by the explosion of the lamp.

VOLCANO BURSTS INTO ERUPTION AND FIFTEEN THOUSAND PERISH

AMSTERDAM, May 26.—The volcano of Kulnut, in Java, has burst into eruption, wiping out twenty villages in the district of Bregat and eleven in the vicinity of Blitar, and causing deaths estimated at 15,000, according to a Central News despatch received here.

PREMIER CLEMENCEAU LOSES NO TIME IN DENYING STATEMENT MADE BY GERMAN LEADER

Replies to Count Von Brockdorff-Rantzau that German Territories are Not Being Shifted from One Sovereignty to Another Like Pawns in a Game—Points Out to German Delegate that the Desire is that the Inhabitants of the Territories in Question Shall Be Taken into Consideration.

(Associated Press Despatch)
PARIS, May 26.—Premier Clemenceau's reply to the two German notes on the proposed western boundaries of Germany, which were made public last night, denies Count von Brockdorff-Rantzau's assertion that German territories are the subject of shifting from one sovereignty to another like pawns in a game.
M. Clemenceau points out that the desire is that the inhabitants of the territories in question shall be taken into consideration, the only exception being that part of Prussian Moravia, inhabited only by five hundred persons, which is transferred to Belgium as partial reparation for the destruction of Belgian forces by the Germans.

CLAIMS GERMANY'S ONE RESPONSIBILITY IS VIOLATION OF BELGIUM'S NEUTRALITY

(Associated Press Despatch)
PARIS, May 26.—Count von Brockdorff-Rantzau's thirteenth note to the Allied Council was delivered yesterday morning. It is a rejoinder to the Council's reply to the German note regarding responsibilities.
Count von Brockdorff-Rantzau insists that Germany's only responsibility is for the violation of Belgian neutrality, which it is ready to make reparation for, and declares that all the Powers were responsible for the war and that the material damage done was the work of the Allied armies as well as the Germans.

LENINE AND TROTSKY ARE FACING CRISIS

(Associated Press Despatch)
PARIS, May 26.—Interest in the Russian problem, which the Council of Four is considering at every session, is intensified by despatches from Finland announcing that explosions and fires have occurred in Petrograd. This is interpreted as meaning that the Bolshevik forces are destroying their superfluous ammunition supplies, preparatory to retreat southward.
Helsingfors despatches declare that the Bolshevik demand for an armistice from Admiral Kolchak has been received. This, coupled with reports of anti-Bolshevik advances upon Petrograd from the north and west, as well as Kolchak's successes along the Trans-Siberian railway, and General Denikine's advance from the Don district toward the Volga, is regarded in conference circles as proof that the Bolshevik ministers, Lenin and Trotsky, are facing the lost crisis the Bolshevik Government has encountered.

SWITZERLAND TO GET COAL IN EXCHANGE FOR CATTLE FROM GERMANY

(Associated Press Despatch)
BERNE, Switzerland, May 26.—Switzerland is concluding with Germany a new commercial convention which will grant Switzerland German coal in exchange for Swiss cattle and produce.
At the same time negotiations have been begun by a Swiss committee to purchase a German colliery near Bochum.

SUPPORT WINNIPEG STRIKERS.

(Associated Press Despatch)
MONTREAL, May 26.—Moral and material support of the Marine Trades Federation was tendered to the Winnipeg strikers in a vote which was carried at a meeting of the Federation yesterday. This vote ratified the resolution which was adopted by the employees of the Canadian Vickers Company, Limited, on Thursday last. A delegation from the Marine Trades Federation will wait upon the Hon. C. C. Ballantyne, Minister of Marine, on Tuesday morning at Ottawa. In the meantime negotiations between the company and its employees are open, but have been suspended until not later than June 2.

THE WEATHER FAIR AND WARMER.

TORONTO, Ont., May 26.—A disturbance which has developed since yesterday morning is causing strong winds and rain in the Maritime Provinces. The weather continues fine and very warm in the Western Provinces, and it is becoming quite warm in Ontario.
Moderate winds, fair today and on Tuesday, becoming warmer.

BOLSHEVIK LEADERS ARE VERY WORRIED AND MAKE AN APPEAL TO THE WOMEN TO AID THEM

Enemy Troops are Being Hard Pressed All Along the Line—Stated that Admiral Kolchak's Troops Should Be in Viatka in Six Weeks and Soon Afterwards Should Be in Touch With the Archangel Front.

(Associated Press Despatch)
LONDON, May 26.—While there is no confirmation from other sources that Nikolai Lenin, the Bolshevik Premier of Russia, has proposed an armistice to Admiral Kolchak, head of the all-Russian Government at Omsk, there are indications that the Bolsheviks are anxious over the fate of Petrograd and Moscow. A wireless Russian despatch states that the defence committee of Moscow is appealing for women volunteers for military service in towns, and admits that non-Bolshevik troops are fighting in the outskirts of Riga on the left bank of the Dvina.
According to a despatch from the Reuter correspondent with the Allied forces in the Murmansk region, which reflects military views, there is no doubt entertained that Petrograd can be taken, but he says its capture would be useless, owing to the inability of the Allies to feed the population, as the British line of communications is now five hundred miles long with a single line of railroad. The correspondent adds that Admiral Kolchak's troops should be in Viatka in six weeks, and soon afterwards should be in touch with the Archangel front. He says once supplies from Siberia are assured the capture of Moscow and Petrograd will be a matter of only a short time.

By George McManus Stomach So Bad

THOUGHT HE WOULD DIE. CAN EAT ANYTHING NOW.

But for indigestion and dyspepsia, many a life might be a pleasant one. The misery which stomach troubles cause the sufferer knows only too well, and anyone who has suffered knows what joy it would give to be able to eat three good meals a day and not be punished for it after.

Nearly everything that enters a weak stomach acts as an irritant, and even the little that is eaten causes such torture and is digested so imperfectly that it does little good. Before you can eat heartily, and not pick and choose your food, you must put your stomach right so that it will manufacture its own digestive ferment.

For forty years now Burdock Blood Bitters has been making weak stomachs strong, and permanently curing severe cases of indigestion and dyspepsia that other remedies were powerless to reach.

Mr. H. Fairweather, Cumberland Bay, N. B., writes:—"I was troubled with my stomach for two years, and sometimes was so bad I thought I would die. I tried everything I ever heard tell of, and had medicine from three doctors, but continued to grow worse. One day I read of some wonderful cures made with Burdock Blood Bitters. After taking two bottles, I could eat any kind of food without any bad effects, and by the time I had taken four I was in perfect health."

Burdock Blood Bitters is manufactured only by the T. Milburn Co., Limited, Toronto, Ont.

amusement such as pleasure riding, and the roads in this district are in such a deplorable state that those who are well able to purchase and pay for a car are not so sure that the investment would be a wise one. All can therefore readily see how important an asset good roads are to the community. It is hoped that every effort will be made to improve the highways in Sherford County within the near future, for by so doing life in the rural sections becomes more pleasant and no doubt such a move will help strengthen the "back to the land" movement which is admitted by all to be so necessary at this particular time of general unrest.
The taxpayers of Orford have declared themselves to be in favor of and are willing to bear their share of expense of the proposed highway from Sherbrooke to Montreal to be built under government supervision and assistance. This district is the connecting link on this road and it is very satisfactory to Waterloo to know it is to be built. Expressions of satisfaction are heard on all sides, although some were inclined to believe when the proposition was first brought to their attention that the road would benefit the auto owners more than any other class of people. A very prominent farmer was heard to remark recently that with a trunk line through the country, branch roads to connect would no doubt be built each year and within a short time Sherford County could boast of good highways rather than remain in the present position as the county with the worst roads of any within the Eastern Townships.

THREE VILLAGES
MANY ENTERTAINMENTS OFFERED.
Notwithstanding the raging of a heavy thunderstorm, the numerous entertainments which were scheduled for last Friday evening in and about the villages, the patronage of the entertainments did not suffer to any great extent. The players were inconvenienced three or four times during the progress of the plays by the blowing out of the main circuit fuses of the electric light supply.
The principal entertainments were as follows, the Sherbrooke artists in "What Happened to Jones" at the Haskell Opera House, two extra fine features at the Borden Theatre, Rock Island, and the Casino Theatre, Derby Line, a special big meeting of the Tomiobia Lodge I. O. O. F. at which about forty members of Evening Star Lodge of Newport, Vt., were in attendance and of which delegation four were given the degree. At the close of the meeting a social hour and banquet was held.
Another big successful entertainment was the reception and social tendered the returned soldiers by the Camp Fire Girls at Beebe, at which Beebe and the surrounding country turned out in force, the receipts amounting to \$110.00.
Not a Very Gay Holiday.
The Anniversary of Queen Victoria although being a beautiful warm and summer like day, saw nearly all shops, stores and factories open and receiving full time, and the only decorations to be seen in the main part of the town, were a large new flag at the office of the Main Street Customs, and a good display at the Rock Island Drug Store. Even the new Government Building on Church Street was minus a flag.
There were a few residences outside the business section that showed their colors as true Canadian homes, but in the business section of this district no one would realize that the day was a holiday and one of special significance at that.

Had Weak and Fainting Spells

Those feelings of faintness, those weak, "all gone" sinking sensations, which come over some people from time to time are warnings that must not go unheeded.

They mean an extremely weakened condition of the heart and a disordered nervous system.

When the system is in this condition there is no time for delay. One fainting spell may be recovered from—will the next? One dizzy spell may pass off, but the next may be more serious.

Those who are wise will start taking Milburn's Heart and Nerve Pills, before their case becomes deep rooted and perhaps hopeless.

They will act directly on the disordered heart and weakened nervous system and restore them to full strength and vigor.

Miss Mary McCoy, Algoma Mills, Ont., writes:—"I was awfully troubled with fainting and weak spells, and I could never get any doctor's medicine to help me. One day a friend of mine was at the house when I took one of those spells, and she got me a box of Milburn's Heart and Nerve Pills. That was six years ago, and from that day to this I have never had any of those spells. I would not be without your pills for any money, and can highly recommend them to any one."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

LAKE MEGANTIC

Mr. Louis Lavigne, of Woburn, finished the tri-weekly winter mail service from Megantic to Woburn via Three Lakes last week, and will after this meet the steamer at the Woburn wharf daily and receive the Megantic mail, which is being carried by the steamer daily.

The steamer Woburn has commenced the summer passenger service to the head of the lake, calling at Three Lakes, where she leaves a daily mail bag for Silver Lake, Woburn and Peopoles wharves, leaving Megantic at 8 a.m. and 2 p.m., as usual.

Since the Megantic Fish and Game clubhouse was opened on the 15th inst., the guests and members have been coming in freely. Several arrived in town during the past week and went up to Lake Maccannamac by motor, where they were met by the club steamer.

Mr. Wayne Dumont, from Patterson, N.J., and Mr. B. W. King, from New York, arrived on Saturday and proceeded to the private camps near the clubhouse.

Dr. Dumont is having a new camp built, expects to have it finished while he is there, so that he can bring his family to it.

The fishing is reported to be good now, and several good strings of trout have been brought in, although the water is still high in the ponds and streams.

The Louise Lumber Company's logs are all out of Spider Lake and Rush Lake, and the steamer "Gaulois" is being put into her house again.

Mr. D. McDonald and family, of Echo Vale, have moved to Mr. Geo. McLeod's farm, which he purchased recently.

Mr. D. R. McDonald was in town from Quebec for a few days last week, visiting friends.

Rev. Geo. A. MacLennan, secretary of the Bible Society, will hold the annual meeting in Marsboro on Wednesday evening, May 28, and in Megantic on Thursday, May 29.

Mrs. H. S. Ellsworth has returned from St. Johnsbury, Vt., accompanied by her mother, Mrs. D. A. Morrison, for a few weeks' visit.

Mr. Angus Morrison, after visiting his father since his return from overseas, left town again last week for Saskatoon, Sask., where he intends settling.

The family of Mr. Harry Corliss, C.P.R. policeman, has removed to Montreal, where Mr. Corliss has been transferred.

Mrs. McCallum, of Portland, Me., has been visiting her sister, Mrs. Tweedie, at Greenville, Me., enroute to Megantic to visit her parents, Mr. and Mrs. Mal. A. McLeod.

Capt. Read, of Pugwash, is again in command of the steamer Woburn, with Mr. John Wood as engineer.

Mr. Pete. Brow left town recently for English Lake, where he goes to get up some engines for the B. C. Edward Co., of Sherbrooke.

Mr. Joe. Bernard, of St. Samuel de Gayhurst, died last Friday very suddenly at the age of 73 years.

Mrs. Booth, of the fifth range of Ditchfield, returned from Montreal on Thursday, after spending three months on a visit to her daughter and other friends.

Mrs. Michel Lapointe, nee Mary Goupe, mother of Mr. Jos. Lapointe, of the Summit, is reported to be very ill at her son's home, at the age of 103 years.

Mrs. Kenneth Murray has left for Bishop's Crossing on a visit of a few weeks to her brother, Mr. Donald Matheson.

Mrs. J. N. Thibodeau has sold her house near the convent school to Mr. Camille Adam, and has purchased the property of Mr. D. L. Lajoie, on Maple avenue, near the Bank of Montreal, and will move in as soon as the present tenant vacates the building.

Mr. and Mrs. Swan, from Lashie arrived in town last week and have taken up their residence of their farm on the fifth range of Ditchfield for the summer.

The world is full of guile, but is not so well supplied with good sight and glasses. While conditions are better than they once were, there are still many sorts of cheap glasses to be had, and when you buy and wear a pair, you are simply aiding in the destruction of that wonderful sight. Change your habits and get a good pair.

HAVE YOU HEARD THIS ONE?

One of the 117th boys, just back from overseas, is responsible for the following: "To get rid of cooties, sprinkle the seams of your clothing with salt, and then place the clothes along the bank of some river or creek. The cooties, after eating the salt, will go down to the water to drink. The minute they leave, grab your clothes and run like —"

This, of course has no direct connection with a laundry ad, but for the benefit of friends who may not have heard it, we couldn't resist the temptation to print it in today's space.

MARRIAGES

Granger-Belanger. FARNHAM, May 26. (Special)—An interesting wedding took place at St. Romuald Church last Monday morning, the contracting parties being Miss Englaudine Belanger, daughter of Mr. Joseph Belanger, of this place, and Mr. Philippe Granger, of St. Lambert's. The bride and groom were attended by their respective fathers. The nuptial mass was sung by Rev. Father Goulet. The bride wore a travelling suit of navy blue broadcloth and hat to match, and carried a bouquet of roses and lilies of the valley. Immediately after the ceremony a breakfast was served at the residence of the bride to relatives and a few intimate friends. The presents were numerous and beautiful. The happy couple left for Ottawa and other points, and on their return will take up their residence at St. Lambert's.

Berthiaume-Audette. FARNHAM, May 26. (Special)—A pretty wedding took place in St. Romuald Church on Wednesday morning, May 21st, when Miss Berthe Audette, second daughter of the late Mr. Eusebe Audette, former secretary of the town, was married to Mr. Leonard Berthiaume, son of Alderman J. A. Berthiaume, of this town. The nuptial mass was sung by Rev. Father Phaneuf, of Quebec, cousin of the bride. The choir of ladies, under the direction of Mrs. Dr. Demers, rendered beautiful solos. The bride was attended by her brother, Mr. Alphonse Audette, and wore a becoming navy blue tailored suit, with a gray Georgette hat, and carried a shower bouquet of pink Ophelia roses. The bridegroom was attended by his father.

After the ceremony an excellent breakfast was served at the residence of Mr. J. A. Berthiaume to a large number of relatives and friends, among whom were Rev. Father Decelles, parish priest, Rev. Father Phaneuf, Mr. and Mrs. Nalet, Mr. and Mrs. Boivin, of Notre-Dame-de-Stanbridge, Miss Adrien Campbell, of Bedford, Miss Blanche Benjamin, Mr. R. Audette, Mr. E. A. Berthiaume, of Montreal, Mr. Robert Berthiaume, of Marieville, Mr. and Mrs. F. Mrs. J. E. and Miss Virginie Baillargeon, Mr. and Mrs. Anatole Gaudette, Mr. and Mrs. J. E. and the Misses Comeau, Mrs. Pierre Berthiaume, Mrs. Dr. Demers, Mrs. O. Pepin, Mr. and Mrs. Beaumier, Mr. and Mrs. J. A. Bertrand and the Misses M. Laurin, M. L. Martel, T. Archambault, Yvonne and Cecile Berthiaume, M. and T. Brault. The presents were numerous and beautiful. The groom's gift to the bride was a pair of amethyst earrings. The happy couple left amid a shower of confetti and good wishes for Boston and New York. On their return they will reside at Foster.

EASTMAN-COOPER. EAST ANGLUS, May 26. (Special)—A pretty wedding was solemnized at the home of Mr. and Mrs. Samuel Cooper, East Anglus, on May 21st, when their daughter, Mildred Victoria, was married to Sergt. Frederic Bailey Eastman, of the United States Army, who had recently returned from France.

The marriage ceremony was performed by the Rev. G. A. Sisco, pastor of the Methodist Church, assisted by the Rev. Johnson Seller, uncle of the bride, in the presence of the wedding guests, who were confined to the immediate relatives, and a few intimate friends of the bride and groom.

The bride, who was unattended, wore a navy tailored suit with a con colored straw hat, and carried a bouquet of white roses and maiden hair fern.

Refreshments were served after the ceremony. Mr. and Mrs. Eastman motored to Sherbrooke, where they took the train for an extended trip. The wedding gifts were beautiful and numerous.

Mr. and Mrs. Eastman have the best wishes of their many friends for their future happiness and prosperity, and upon their return will reside in Boston, Mass.

GOLF CLUB OPENS FOR SEASON.

The opening tea of the St. Francis Golf Club was given on Saturday afternoon, and the little clubhouse looked very gay and fresh with new curtains, chairs, cushions and newly painted chairs, tables and floors. The tea was in charge of Mrs. Philip Robinson, given with Mrs. Winslow, Mrs. Edwin and Mrs. John McKechnie as assistants. Mrs. McKechnie pouring tea and Miss Spier assisting in looking after the guests. The tea table was decorated with a silver basket of yellow tulips and forget-me-nots, and small silver vases of yellow pansies and forget-me-nots, and the small tables in the room and on the screened-in veranda also had vases of flowers. The refreshments, which were delicious, consisted of sandwiches, rolls, nut-bread, cake and tea. The proceeds will be sufficient to buy a good flag for the clubhouse.

The conveners for the season, Mrs. Briggs and Mrs. Winslow, with their committee, Mrs. Baldwin, Mrs. Philip Robinson, Mrs. John McKechnie and Mrs. Gordon Hume, have worked very hard to make the clubhouse and tea attractive, and it is hoped that all the members will take a personal interest in the club and make this a banner year in its history.

Wednesday evening, May 28th, is the date for the Dramatic Performance "The Time of His Life" by Sawyerville talent in Victoria Hall. The performance begins at eight o'clock sharp, and a dance will conclude the evening's programme.

Army Coal for Civilians.

To meet the scarcity of coal in England, which is acute in certain localities, an arrangement has been come to between the War Office and the Coal Control Department by which public needs may be met temporarily by drawing on army stocks.

The arrangement provides that where stocks of coal or gas coke exist in army camps above immediate requirements, assistance in fuel supplies may be given to the public from such stocks by mutual arrangement between local Fuel Overseers and the officer in charge of War Office supplies.

Chinese Amazons.

China had women soldier long before they were known in Russia. During the Tse Ping rebellion 1,850 women as well as men served in the ranks. In Nanking in 1853 an army of 500,000 women was recruited. They were divided into brigades of 10,000 each and were commanded by women officers.

Stage and Screen Attractions at Local Playhouses This Week

AT HIS MAJESTY'S THEATRE

What promises to be the musical event of the entire season comes to His Majesty's the end of this week, in the three days engagement of the Boston English Opera Company, direct from its great success last week in Montreal, and after a tour through the States and Canada for some months past, culminating in a recent triumph in Chicago.

English Opera, presented by real artists, properly arranged and articulated, can be made just as attractive and far more popular than French or Italian, though it can not reach those languages in musical tone. But to the untrained listener, who loves music, but knows not a great deal about its technique, opera in his own language is somewhat of a drawing card.

The company which comes with the approval of the music critics all along their route, includes Joseph F. Sheehan, Hazel Eden, Henry Taylor, Floria Folsom, Alice May Carley, May Barron, Lester Luther Harold Geis, Wm. R. Northway, Stanley Deacon, Helen June Hall, John W. Wandling, Marie Sherzer, and a large chorus, and will present II Trovatore, Faust, Bohemian Girl, and Martha. Altogether, Sherbrooke may look forward to a highly interesting and attractive opera season this week.

The moving pictures at the beginning of the week at His Majesty's will be by no means eclipsed by the coming of the opera.

One of the best of the weekly double bills to be seen yet has been booked for today and tomorrow, with Marguerite Clark in "Let's Elope" on the same bill as Wallace Reid in "The Roaring Road." The former is the tale of a neglectful author-husband, and of his wife's affair with another man, who in turn is engaged to a grass-widow. The neglected wife decides to elope, and is discovered by her husband, who takes it

MARGUERITE CLARK
Phonograph

calmly, and insists that the couple come to his summer home to spend their honeymoon. There, the grass-widow turns up, as per arrangement, and matters are straightened out after much amusement and many interesting situations.

"The Roaring Road" is a well-adapted story of auto racing, its hero being an auto-salesman who loves his employer's daughter, and who wins her from her objecting father by winning several races, with the paternal car.

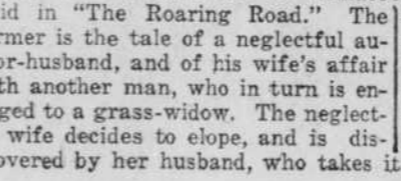

On Wednesday only, Bryant Washburn will be starred in "Something to Do," the story relates the entertaining adventures of a young man with too much money, who finds, through a confession on the part of his valet, that a fellow club-member is imprisoned in a crooked insane asylum by a relative who wants to gain his fortune. How he rescues the man, and of course, wins his daughter, forms a very entertaining recital.

AT THE CASINO THEATRE

With a special feature attraction for the beginning of the week, and a double bill of two strong photoplays as the final event, the week's programme at the Casino looks particularly attractive. On Monday and Tuesday, Alice Joyce will be featured in "The Lion and the Mouse," symbolic of the old legend, and a story well known in the literary and dramatic world as a great success of a few years ago. The action concerns the final reconciliation between two great financial powers through the medium of the love of a girl.

On Wednesday and Thursday, Henry B. Walthall will be starred in "The Long Lane's Turning" in which he plays the role of a man who rises from being ex-convict, amid many trials and adventures to become governor of a state.

On Friday and Saturday, Sir Johnston Forbes Robertson in "The Passing of the Third Floor Back," will share honors with Frank Keenan in "The Midnight Stage." The first is a symbolic story famous because of Forbes-Robertson's creation of the principal role on the stage. "The Stranger" comes to a sordid boarding house, and lights up the petty differences of its occupants, with his presence, then departing as mysteriously as he came. The play has caused much discussion in its day, and the photoplay is said to be a faithful adaptation.

DUD' EXPLODED INJURING BOY AT THETFORD MINES

Apparently Useless Stick of Dynamite Exploded When Touched—Lost Three Fingers.

THETFORD MINES, May 26.—(Special)—With three fingers and part of his hand blown away, as well as severe burns about his body, Joseph Binette, seventeen years of age, now lies in a critical condition at the local hospital, as a result of a peculiar and unexplainable accident at the Jacobs Asbestos Mining Industry.

Binette is employed in gathering up bits of wood and iron which may block the passageways of the mine, and it was while pursuing his regular duties that the accident occurred, when he came upon a bit of apparently dead dynamite, which had been in the water evidently for some days and was now useless. The boy picked it up, and a deafening explosion took place, carrying away part of his hand.

It is unexplainable how the explosive went off just at the moment the lad touched it, as it was apparently dead. Binette is reported to be doing as well as can be expected.

BOY SCOUTS GAVE FINE DISPLAY BEFORE LEADER

Sherbrooke and the Surrounding Districts Represented at Gathering in Montreal.

MONTREAL, Que., May 26.-One of the most picturesque exhibitions of scoutcraft Montreal has witnessed took place on Saturday afternoon at the McGill Stadium, when over 1,800 of the Montreal Boy Scouts, with detachments from many neighboring towns, took part in a display of scoutcraft before the chief scout, Lt.-General Sir Robert Baden Powell, K.C.B., and Lady Baden Powell. It was an ideal day for such a parade, with a holiday crowd, for Victoria Day, and a splendid weather, bright sun and neither too hot nor too chilly. Aided by such conditions, and the presence of the organizer of the Boy Scout movement and the chief scout, the boys of the Montreal and province troops gave a display that was as picturesque as it was attractive from the point of view of usefulness in the training of boys toward efficiency as citizens.

There were over 1,800 Boy Scouts on parade, including troops from Montreal and district, with a number of visiting troops from Sherbrooke, Waterloo, Coaticook and other outlying districts, who came in by train to greet the chief scout. There were Chinese, Japanese Indian and many other nationalities represented in the troops, all training with the idea of the Boy Scout movement, as outlined by General Baden Powell, to work for better efficiency and higher ideals of citizenship. The general manoeuvres were conducted by Major Ewing, in charge of the brigade, assisted by scoutmasters from far and near. General Baden Powell exhibited a keen and almost boyish interest in the work of the scouts, not only inspecting them from the saluting base, but later walking through the ranks as the various sports and exhibitions proceeded, mixing with the boys and scout masters, and talking over the work with them in a most friendly fashion. In this he was accompanied by Lady Baden Powell, who showed as keen an interest and as complete a knowledge of the work as the chief scout himself, much to the delight of the boys.

There was an attendance of about 4,000 persons at the exhibition, many of those present being parents of the boys taking part.

GERMANY WILL BE IN FAVOR OF DISARMAMENT

Information States that She Will Agree to Disarm Ahead of All Other Powers.

BERLIN, May 26.-Information has been received from unimpeachable sources that the counter-proposals to be made by Germany to the Peace Conference will declare in favor of military disarmament, saying that Germany is ready to reduce her force to 350,000 within two months after the conclusion of peace and by the expiration of another year to cut the size of the army down to 200,000 men.

It will be declared that in spite of internal disorders and the necessity for defending her frontiers, Germany thus agrees to disarm ahead of all other powers. It is pointed out that this gives adequate proof of Germany's determination to renounce all militaristic and imperialistic tendencies.

BOXING CLUB PRESENTED GOOD PROGRAMME

Benny Cohen and Patsy Dillon Provided a Real Old-fashioned Toe-to-Toe Battle.

The newly organized Sherbrooke Sporting Club made a most successful debut before the sportsmen of this district with the presentation of a card of four real interesting bouts at the Stadium Rink on Friday evening. The chief object of the new club is to provide interesting boxing contests for the sportsmen of this neighborhood, and the effort on Friday proved a great success. In fact, not one of the gathering of ring fans had a word of complaint to offer when the programme was completed.

The feature contest, of course, was the ten round contest between Benny Cohen and Patsy Dillon. These two lightweights went at it hammer and tongs from start to finish, giving the local enthusiasts one of the best toe to toe battles they have witnessed in a long time. The boys never lost a second, and kept up the fast pace pretty well throughout the ten rounds. When it came to landing blows, the honors were about even, but Cohen secured two knockdowns, which gave him the verdict by a small margin.

The semi-final between Young Lewis and Kid Henry, bantamweights, was a very clever exhibition. Lewis displayed a wonderful left hand jab which he used to good advantage. This was the third meeting between these two boys, and as a result of earning the decision Lewis now leads his rival on points.

Kid Smith was not actually a match for Stanley Bain. Bain's reach gave him a big advantage, and after punishing his opponent pretty well in the second round Bain put his man away for the count in the third stanza.

Two amateurs provided a merry three round fight as an introduction to the programme, Leslie Maskell securing the verdict by a slight margin over Kid Doyon. The two boys went at it like whirlwinds, and by the end of the third round both were tired it was all over.

GENERAL DROP IN THE PRICE OF CORN

CHICAGO, May 26.-General selling induced by favorable weather for plowing and planting brought about decline today in the corn market. The trade was also expecting much larger receipts in the near future. Reports of a thirty per cent decrease of corn acreage in Kansas operated, however, as something off an offset. Opening prices, which ranged from 3/4 to 2 1/2 lower, with July 191 1/2 to 1 1/2 and September 154 to 155 1/2 were followed by a moderate rally.

Oats paralleled the action of corn. After opening 3/4 to 3/8 to 3/8 lower with July 86 1/2 to 86 3/4, the market sagged a little more but then recovered.

I. O. D. E. SESSION OPENED TODAY IN MONTREAL

Three Hundred Delegates Were Expected to Attend the Convention.

(Associated Press Despatch.) MONTREAL, May 26.-Three hundred delegates are expected in the city for the nineteenth annual convention of the Imperial Order of Daughters of the Empire, which opened at the Ritz-Carlton today.

The meetings will continue throughout the week, when the future policy of the order will be drawn up. An added interest to the gathering is found in the fact that this is the first meeting of the National Council to be held in Montreal, the birthplace of the order eighteen years ago. In the year 1900 the Imperial Order of Daughters of the Empire was founded in this city by Mrs. Clark Murray, in the dark hours of the early months of the South African war, when continued reverses of the British armies in the field led to much criticism and despondency.

FIVE STEAMERS SAIL BEARING CANADIAN MEN

Corsican, Metagama, Cedric, Regina and Megantic Have Left With Returning Soldiers.

(Associated Press Despatch.) LONDON, May 26.-Five steamers, bearing Canadian soldiers and dependants of Canadian men, have left for Halifax and St. Johns with one of the largest contingents to return in some time. The steamers are the Corsican, the Metagama, the Cedric, the Regina and the Megantic.

The steamer Corsican left Liverpool on Thursday, May 22, with one thousand members of the Newfoundland regiment. Prior to their departure Lord Bowring made a presentation to Lieut. Commander W. Davidson, who last February repatriated the first contingent. Lieut. Commander Buxton, in acknowledging the presentation, said that his vessel steered a direct course for St. Johns, despite all risks. Her early arrival surprised the St. Johns inhabitants.

The steamer Metagama sailed on Saturday for Quebec, carrying mainly Buxton's men's dependants, including 451 wives, 151 children and also ninety Imperial officers and nurses. Col. Bryce, of the Medical Corps; Col. Hertzberg, of the Engineers, and Corp. Metcalf, M.C., were aboard.

The Cedric sailed last Monday for Halifax, carrying 154 officers and 1,170 other ranks of the 2nd division from Whitley Camp.

The Regina sailed for Halifax on Tuesday with 41 officers and 1,681 men from Kimmel Camp and the 8th and 10th stationary hospitals from Bealville, under Lieut.-Col. H. E. Munroe and F. Seaborn.

STR. CASSANDRA HIT BERG EAST OF CAPE RACE

Put in to St. John's for Repairs Before Completing Her Journey - Regular String of Icebergs.

(Associated Press Despatch.) ST. JOHN'S, Nfld., May 25.-On the arrival here yesterday of the steamer Cassandra it was learned that at 6 o'clock yesterday morning, in a dense fog east of Cape Race, she grazed an iceberg, slightly damaging her starboard side over her engine room. Some water entered, but the damage was temporarily repaired, and the ship put in here to complete repairs with the aid of a diver. It is expected she will resume her voyage within forty-eight hours. The passengers comprise chiefly women and children.

The vessel struck a submerged section of the berg. Immediately passengers and crew were called to quarters and the ship's boats swung out. Passengers were escorted to deck with but slight confusion. There was no excitement, according to the ship's officers, who stated the damage was limited to springing of several plates on the starboard side below the water line. The ship took little or no water, and after sending out calls for help, came here at top speed.

The Cassandra had been stopped all night in the heavy fog. At dawn the steamer was put under way again. The grating sound of the hull scraping on the submerged ledge caused orders for full speed astern. Passengers not yet up were awakened by the accident, but were called later.

The berg was described as towering, with a ledge just below the water line. The waters in the vicinity of Cape Race on the north of Ireland track, followed by the Cassandra, was thick with bergs, according to the Cassandra's officers. Although early reports were to the effect that a hole was stove in the ship's side, it was stated last night that the chief reason for stopping here was to obtain a survey before proceeding onwards.

**HAWKER AND
GRIEVE WERE
ASSEMBLING MACHINE
AS FAST AS POSSIBLE**

ST. JOHNS, Nfld., May 26.—Alcock and Brown, operating a Vickers airplane, began the assembling of their machine this morning at Quidi Vidi, where the Martinsyde machine is located. They have another field in view for the final flight if Quidi Vidi proves unsuitable. Flying from the latter, lightly loaded, they plan to fill the Petrol tank completely at the new grounds, which may possibly be a field at Harbor Grace, apart from the Handley-Page field.

**THE BOLSHEVIK
LEADERS ARE**

(Continued from page One)
ported to be disheartened, many of them declaring openly that they are ready to flee from Russia.

**DESPERATE EFFORT TO HOLD
OUT.**

(Associated Press Despatch)
OMSK, May 26.—The military situation here is regarded here as satisfactory, and each week new units are being equipped and moved toward the front.

The Bolsheviki leaders have massed forces in the Samara sector in a desperate effort to hold the grain-growing section of the country, without which, by their own admission, the Bolsheviki regime is bound to collapse. They won a minor success east of Samara, including the recapture of the town of Bielebel. This has been offset, however, by the gains made by Siberian forces along the Viatka River in the direction of the town of Viatka.

Fighting is going on in the streets of Orenburg. At Uralsk, 210 miles southwest of Orenburg, Cossack forces which have long been carrying on an isolated defensive, have been joined by Siberian troops, and the Government's position in this region has been greatly strengthened.

The work of reorganizing the cabinet of the All-Russian Government is proceeding, it being intended to effect closer co-ordination with the military

**ORFORD COUNCIL
ADOPTS BY-LAW
REGARDING ROAD**

Passing the resolution approving of the building of the Sherbrooke to Montreal road, the municipality of Orford, last of those along the route to adopt the by-law, fell in line with the others and took the step which is expected to result in the early beginning of the work on the highway.

Orford alone of all the municipalities stood out against the passage of the resolution. The Council divided on the motion when it was first put up, and the casting vote of the mayor placed the matter before the electors. A vote was taken, and the proprietors balloted by a large majority in favor of the road and its attendant conditions.

The Council met again on Friday night last, and the matter was again brought up, the by-law being moved. The four councillors present again divided equally, two voting for and two against. The vote of the mayor, however, which had been cast before to give the ratepayers a chance to pass on the matter, was given in favor of the resolution, and it was adopted.

The recent visit of the provincial ministers to Sherbrooke and towns along the route means, it is understood, that the work on the road will soon begin, and now that Orford is in line, it is believed that it is only a matter of days before the ground will be broken for the new Sherbrooke to Montreal highway.

control and at the same time work more efficiently along the lines of the programme adopted by Admiral Kolchak.

Admiral Kolchak has returned from a visit to Ekaterinburg, where he presided at a conference of manufacturers, peasants and industrial organizations in the Ural district. He gave them assurance that the Government would help in the rehabilitation of industries and in the building up of transportation facilities.

Guarantees were given a Jewish delegation that the rights of Jews would be safeguarded, and several Jewish organizations expressed confidence in the Government, sending cash donations for the army.

**SEVERE STORM
SWEEPED THROUGH
ENTIRE DISTRICT**

**Bad Electrical Storm Caused Much
Damage, Putting Out Lights and
Washing Out Roads.**

One of the worst storms which has struck this section of the country in some time, took place on Friday night last, when the entire district from above Sherbrooke, down below Megantic, was swept by a terrific electrical storm, which caused damage to many houses and barns, and which washed out and made impassable many roads along its route.

Reports from various localities record the striking of houses by lightning, the storm covering a large area. Motorists who were down near Stanstead on the road during the storm, say it was entrench bad at that point, and that they had never seen such a storm in this district. The lightning played for minutes at a time, and the rain poured down in torrents.

In Chesham, on the La Patrie road, a mill owned by a man named LaRochelle, was burned to the ground, causing a loss of some \$5,000, while many other conflagrations took place.

In many parts the lights were turned off, the lightning plants being damaged by the storm. In Stanstead, for example, the "What Happened to Jones" company, from Sherbrooke, playing in the Haskell Opera House, were forced to play part of their show with only the light of electric flash lights, thrown on the stage while in many other towns and villages, oil lamps burned instead of the usual electricity.

HOUSE STRUCK ON SATURDAY.

Again on Saturday, there was a considerable disturbance of the elements, though not so great as the previous night, and a large house on the Government road, near Capelton, owned by Mr. Benjamin Ingham, was struck by lightning and burned to the ground. Help came from across the river, and most of the furniture was saved, though the heavier articles and a quantity of money, were burned.

The house is an old one, having stood there for the past fifty years, and now lies in a leavened mass of ashes, scarcely "one stone upon another."

**ORDER POSTMEN
IN WINNIPEG TO
RETURN TO WORK**

**Government Officials State They
Will Not Be Influenced in Stand
By Demonstrations in Other
Cities.**

(Canadian Press Despatch)
WINNIPEG, May 26.—Shortly after a statement from Gideon Robertson, Federal Minister of Labor, was made public today declaring that Federal employees on strike here have an opportunity today to determine whether the "Government is bluffing", word was received from Calgary, Edmonton and Saskatoon that sympathetic strikes will be called at those cities today because of the Government's attitude.

It is understood that the Ottawa ministers received formal notification of the threatened action in the western cities. Senator Robertson announced that the Government's attitude was final, that the Winnipeg postal clerks who do not return to work by noon today are discharged from the service, and that the Government will not be influenced by demonstrations in other Canadian cities.

(Associated Press Despatch)
TORONTO, May 26.—J. F. B. Livesay, assistant general manager of the Canadian Press, Limited, has written from Winnipeg describing the actual conditions as he found them there when he reached that "beleaguered city," after an absence of eight days. Mr. Livesay says:

"On Monday in Toronto alarming stories had been published. The Soviet was in control; the red flag flew over the city hall; the mayor had turned over the municipal government to the central strike committee, which from the labor temple was issuing mandates and decrees to all and sundry; citizens were without food or the means of cooking it, and those who had the hardihood to pursue their daily avocations walked to and from work amid the jeers of the mob."

"All these things were false, but under them lay a stratum of truth. "If the strikers' committee designed to strike a note of terrorism across the Dominion, their purpose was well served by permitting the free circulation of these wild reports, while they prevented the fair and moderate statement of the facts by the Canadian Press Limited through calling out its telegraphers. If, on the other hand, their intent was to conduct an ordinary demonstration of their strength along legitimate channels, then they were ill-advised to close down the local daily newspapers on the one hand and on the other to tie up the regular news service to outside points."

RESOURCEFUL.
"Jack, I'm going to tear up those new photographs of mine; they look ten years older than I do."
"Nonsense! Put them away until you catch up with them."

**LOCAL SCOUTS
TOOK PART IN
GREAT DISPLAY**

**Went to Montreal for Reception to
Sir Robert Baden-Powell.**

The 100th anniversary of the birth of Queen Victoria on Saturday, was a memorable and eventful day in the annals of the Boy Scouts of the Province of Quebec, and to none more important than to the boys of Sherbrooke, who have long been enrolled under the Scout banners.

Early in the morning, a party of forty-one, Boy Scouts under command of District Scoutmaster P. M. Dennis, and accompanied by Scoutmasters the Rev. E. C. Russell, Sergt. T. C. Wilson, Lieut. Jack Dormer, R.A.F., William Gioveti, and Clifton Hall left by a special on the C.P.R. for Montreal to take part in the Boy Scouts display, and instruction in honor of the Chief Scout, Lieut.-Gen. Sir Robert Baden-Powell, K.C.B. All the arrangements had been made by Mr. W. E. Paton, President, of the Scout Association, with Mr. E. Winn Farwell, and the other members, and every detail was carried out in perfect order. On arrival in Montreal, the troop marched to the Y.M.C.A. headed by their band, under Pte. Gordon Martin, and breakfast was the first item on the programme of the morning. Afterwards the various interesting places in the city were visited, and on returning a swim in the big pool of the Association Guilding was enjoyed followed by games.

At Fletcher's Field, at two o'clock 2000 Boy Scouts were mobilized, and the route was taken to the McGill Stadium. Each troop with its colors, band and Scoutmasters, presenting a fine smart and soldierly appearance, well worthy of the best type of sturdy Canadian boys. Many spectators were ranged along the line of march, and there was much applause especially at the Stadium, which the boys entered running in single file. The exercises in the great open space were particularly interesting, and were possibly a revelation of scout training and discipline to many who witnessed them. After the salute, the troops were inspected by Lieut.-Gen. Sir Robert Baden-Powell, Sir Charles Fitzpatrick, Lieut.-Governor of the Province of Quebec, and Sir Sam Hughes, and a splendid address was given by the Chief Scout whose fine personality, and ringing words made a deep impression.

The speaker said that he was happy to be in Canada, and to meet the Boy Scouts, and declared that the troops of Montreal, Quebec and Sherbrooke were second to none.

He told of the part played by Boy Scouts in the war, and how well they had fulfilled their duty to their country, when in the field, and at home amidst boisterous cheering, and great enthusiasm.

The presentation to Scout Lloyd Bowen of the Sherbrooke troop, of the Medal of Merit, by the Chief Scout, accompanied by a few words of commendation, was a special feature of the occasion, and Sergt. T. C. Wilson, a South African Veteran, was singled out for notice, and had a few minutes conversation with the hero of the Boer war.

The blessing of the colors of the Anglican Church Bay Scouts was performed by the Rev. Cecil Cox, M.A.,

**AN OVERDOSE
OF MEDICINE
CAUSED DEATH**

Four-Year-Old Child Died as Result of Accidental Poisoning.

That little Nenon Boisse, four years old, died yesterday as the result of an overdose of "syrup of anis" was the decision of the jury in the inquest held today by Coroner Bachand.

The evidence showed that the child had been ill, and that the poison, which possesses medicinal qualities in very small doses, was administered to relieve it in its malady. The quantity given, however—two drops—was too great, and the child died some time later.

The verdict of the jury was accidental death due to poisoning.
