

SOVIET SLOWING DOWN LATEST NAZI OFFENSIVE

Reds Recapture Defence Posts Near Voronezh

Russians Claim that in Forcing Nazis Back They Have Recaptured Railway Crossing—Soviets Claim that Nazis Are Suffering Tremendous Troop and Equipment Losses in Effort to Gain Territory.

Moscow, July 15.—(P)—The Germans, stopped by a last-ditch defence at the outskirts of Voronezh, attempted to encircle the city but were repulsed on the North and hurled back on the South to the point where they crossed the Don river, Russian dispatches reported today.

The Russians said that a breakthrough accomplished by large numbers of fresh German troops and hundreds of tanks supported by a heavy artillery barrage had carried the invaders almost to the edge of the town before they were checked by the spirited Russian stand.

The dispatches did not give the location of the breakthrough, but it was indicated it occurred at the Western approaches to Voronezh. The Russians said that in forcing the Nazis back they recaptured a small railroad crossing, and in another sector applied such strong pressure that the Germans fell back across a small bridge and destroyed it.

The fighting was described as reaching the height of its fury with German losses so terrific the German 3rd Motorized Infantry Division, which appeared in the battle line only yesterday, was reported depleted and replaced by the new 168th Motorized Division after a single day of combat.

Invasion gains in the Voronezh area were declared to have cost Germany more than 35,000 men, killed and wounded, in ten days, and the Soviet Information Bureau tacitly brought up again the issue of establishment of a second front in Western Europe by indicating German forces there are being weakened. "The Germans are being forced to bring up reserves hurriedly from the rear to take the place of units which have been put out of action," a communiqué said. "Several divisions which arrived from France and Belgium only a few days ago have been observed."

Fighting about Voronezh, 300 miles South of Moscow, was reported attended by "varying successes." The situation remained grave, but a Russian dispatch said the Russians summoned strength for several counter-attacks and recaptured one important position West of Voronezh, together with a forest. The battle was said to be at the height of its fury.

Without specifying the exact locality, the Information Bureau said Soviet soldiers had repulsed an ene-

Japanese Walked Into U.S. Naval Trap In Midway Island Fighting

By JOHN M. HIGHTOWER
Associated Press Staff Writer
Washington, July 15.—(P)—Japan's invasion armada ran into an American ambush in the Battle of Midway, official reports showed today.

A communiqué last night gave the first detailed account of the battle.

Size of the armada Japan sent to assault Midway in hopeful prelude to conquest of Hawaii was announced for the first time—eighty ships. Official records gave Japanese losses—Twenty ships sunk or damaged including four aircraft carriers and three battleships hit; 275 planes destroyed, and 4,800 men killed or drowned.

American losses—The 19,900-ton aircraft carrier Yorktown, put out of action, the destroyer Hammann, sunk, an undisclosed number of planes destroyed, and ninety-two officers and 215 men lost.

The Navy gave in detail its story of the "superb acts of devotion" mentioned by Prime Minister Churchill in Parliament July 2, when he told for the first time that "from some successful attacks on Japanese carriers only one (American) aircraft returned out of ten."

BRITISH LABOR PARTY SUPPORTS SECRET SESSION ON SHIPPING

London, July 15.—(P)—The Labor Party decided today to support the Government's insistence on secrecy in an impending House of Commons debate on shipping but some of its members, including Emanuel Shinwell and Samuel Silverman, announced they intended to boycott any debate behind closed doors.

Clement Davis and Edgar Granville, Independents, have taken the same stand.

It still is possible that opponents of secrecy may challenge the Government to risk a vote on the open versus closed debate issue but the Government apparently has the necessary backing to win its point that secrecy is necessary to safeguard the lives of Britain's seamen.

Renewed Axis Attacks Upon British Positions Routed

Third Successive Enemy Assault Upon Tel El Eisa with Tanks and Infantry Turned Back as Royal Air Force Lends Heavy Support to Land Forces—British Planes Taking Heavy Toll of Enemy Equipment.

Cairo, July 15.—(P)—An Axis attack on Tel El Eisa with tanks and infantry, the third successive enemy assault on the British-held height in Egypt's corridor battle zone, was launched at dusk yesterday and lasted into the night, British headquarters announced today.

Again the R.A.F. played a major part in the fighting, destroying some Axis tanks and sending its medium bombers back "in force" against the attack last night, the bulletin said.

While the heavy clash of ground forces occurred in the North, on the coastal end of the line, patrols and columns fought minor actions further inland in the central and Southern sectors of the front between the Mediterranean and the Qattara depression some seventy miles West of Alexandria.

The communiqué did not indicate the outcome of any of these engagements but said the R.A.F. still was dealing the Axis heavy blows to their hard-to-replace mechanized and armored equipment.

Our light bombers, fighter-bombers and fighters made large-scale attacks on enemy forces," said the general headquarters—R.A.F. bulletin.

GANDHI URGES BRITISH QUIT INDIA REGIME

Indian Nationalist Leader Declares that There Can Be No Further Negotiations on Independence.

By PRESTON GROVER
(Associated Press Staff Writer)
Wardha, India, July 14.—(Delayed)—(P)—Mohandas K. Gandhi supplemented the new All-India Congress Party resolution demanding Britain's withdrawal from rule of India with the emphatic declaration today that there can be no further negotiation.

To reporters sitting cross-legged before him at his little school colony five miles from this cotton and farming town, Gandhi conceded that violence might result from the resolution.

"I don't want rioting or anything of that sort as a direct result of these measures," declared the wizened little Indian leader. "If rioting takes place I shall feel helpless."

The resolution must be ratified by the All-India Congress Committee, which has been called to meet at Bombay August 8. Never in the history of the party has an important decision of the fifteen-man working committee been over-ruled by the 350 members of the General Committee.

Asked whether he expected Britain to "come to terms," Gandhi re-

JAPANESE TAKE ANOTHER VITAL CHINESE PORT

Chinese Admit that Japanese Are Steadily Occupying Additional Bases for Potential Air Attack.

Chungking, July 15.—(P)—Capture by the Japanese of Wenchow, important Southern Chekiang Province port, last Saturday was announced by the Chinese today and an army spokesman said its reports showed the invaders took the city because of fear it might be used as an Allied air or naval base.

The spokesman said Japan, across a peninsula about twelve miles to the Southwest of Wenchow and also a port at the head of a deep bay, fell to the enemy the next day.

Japanese operations near Foochow, in Fukien province to the South and the last remaining major port in Chinese possession, also arise from fears of its potential use by the United Nations, he said.

Although the Japanese have been ejected from Futou Island, near Foochow, the spokesman said they still held Lanchow Island.

The Japanese are reorganizing twenty brigades in China into full divisions, he said, and "this means that the brigades will be given an offensive character."

He called this evidence of "bigger ambitions" for the enemy but added that "where and when he will strike I cannot say."

FORMOSA REVOLUTIONARIES BUSY

Chungking, July 15.—(P)—The Central News Agency said today that forty Japanese and Chinese puppet officials were killed July 1 at Formosa revolutionaries threw bombs into a gathering in an Amoy Park commemorating the establishment of the puppet municipal government.

The Agency said the dead included a high Japanese official but did not identify him. The attackers escaped in the confusion, it said.

This marked the third raid on Amoy, Chinese seaport town on the island of the same name nearly opposite the centre of Formosa, by Formosa revolutionaries. It was stated, the others occurring June 17 and 25. On the latter occasion, Japanese military establishments and naval headquarters were attacked.

The Fight for Russia's Rivers and Railroads

Important sideshow in the battle for Russia's Caucasus oil is the German campaign against her railroads and rivers to the North. Map shows how the Dnieper River and many key railroads, threaten the Don and Volga areas and the rail lines over which flow aid from Russia's allies.

EX-PRESIDENT OF ARGENTINA ENDS CAREER

Complication of Illnesses Proves Fatal to Strong Exponent of Collaboration with United States.

Buenos Aires, July 15.—(P)—Former President Roberto M. Ortiz of Argentina, who resigned his post June 24 after being inactive for nearly two years because of ill-health and near blindness, died today.

He had received extreme unction early this morning from Bishop Miguel de Andrea of Temnos. Ortiz, who was fifty-six, had suffered from diabetes for several years and his condition became serious yesterday after an attack of bronchial pneumonia. His condition was further complicated by a kidney ailment, it was said.

Ortiz, who favored closer co-operation with the United States and other American nations, said he had refrained from resigning earlier because there was a chance of regaining his health.

At the time of his resignation he announced that his "last hope was crushed" and that he was leaving office because of "unfavorable conditions."

FIRE DESTROYS NAVY SHIPS IN MIDLAND YARD

C. N. R. Station and Nine Houses Also Lost in Fire Which Caused Damage Exceeding \$500,000.

Midland, Ont., July 15.—(P)—Swept out of control by a near-gale, fire last night destroyed two naval vessels and large buildings at the Midland Boat Works, as well as the Canadian National Railway station and nine houses, causing damage estimated at more than \$500,000.

Firemen prevented the flames from spreading to the plant of the Midland Shipbuilding Company where naval vessels are under construction but even after the main fire had been put out, fire departments and volunteers were putting out dozens of incipient blazes caused by sparks.

T. M. McCullough, general manager of the Honey Harbor Navigation Company, said the fire started at 6:15 in an old portion of the Midland Boat Works plant, used by the navigation company on war contracts.

Flames quickly spread to the main plant buildings and, fanned by a high wind, roared through two naval vessels, each valued at \$190,000 when fully equipped.

WARNS AGAINST POSSIBILITIES OF GAS BATTLE

Dominion Government Sees Danger of Enemy Planes Carrying Chemical Warfare to Large Centres.

Ottawa, July 15.—(P)—Gas warfare in Canada is a possibility that cannot be disregarded says the first of a series of nine manuals on defence against gas issued by the Dominion Government.

This booklet, dealing with organization of decontamination services, was written by Dr. I. M. Rabinowitch, of Montreal, under the direction of Dr. R. J. Manson, Director of Civil Air Raid Precautions, with the authority of Health Minister Mackenzie.

"The dangers of gas attacks in Canada are from aircraft, either in the form of bombs or spray," the manual says. "The greatest risk is probably from the use of mustard and similar gases in conjunction with high explosive bombs."

Although use of poison gas in warfare is prohibited by the Geneva gas protocol of 1925 it "remains a possibility that cannot be disregarded," Dr. Rabinowitch says in his preface and continues:

"It is a powerful form of warfare and the phenomenal development of the airplane has made it still more powerful. Not having the limited range of other gas weapons, including the long-range artillery shell, airplanes may not only discharge gases on military objectives far behind the front lines, but also on highly industrialized centres and civilian populations in general.

Therefore, should chemical warfare break out, it may be assumed that the scale of attack will greatly exceed anything which was experienced in the last war.

Gas, he says, may be used on civilian populations directly against personnel to produce casualties, to contaminate large areas such as dockyards, to harass fire-fighters and rescue workers and interfere with their work and to harass civilian population in an effort to lower morale.

In speaking of the Canadian situation Dr. Rabinowitch says also: "Aside from direct attack, consideration must also be given to gas attacks on merchant ships on the high seas."

Prime Minister Plans To Table Statement Of Drew On Duff Inquiry

Accedes to Demand of C.C.F. Leader to Make Public Criticism of Ontario Conservative Leader Upon Report of Royal Commission on Investigation into Despatch of Expedition to Hong Kong.

BRITISH FLIERS RESUME BOMBING OPERATIONS OVER CONTINENT

London, July 15.—(P)—Fine weather for flying returned today and the R. A. F.'s fighters went to work again on Nazi installations on French soil across the Channel.

Several squadrons were assigned to morning operations. Strong formations of planes roared over Folkestone shortly before noon returning from the direction of Cap Griz Nez.

Adverse weather kept British bombers from raiding Germany overnight, an informed source said.

TO TEACH INDIA

London, July 15.—(P)—More than 100 members of the National Fire Service and Civil Defence Force have been chosen to go to India to instruct fire brigades and A.R.P. personnel in vital Indian cities.

Ottawa, July 15.—A letter to Prime Minister Mackenzie King from Lt.-Col. George A. Drew, Ontario Conservative Leader, dealing with the inquiry into the Hong Kong expedition, was scheduled to be tabled today in the House of Commons.

Mr. King told the House at question time Tuesday that he had received a letter from the Ontario Conservative Leader, who acted as a counsel at the Hong Kong inquiry, conducted under Chief Justice Sir Lyman P. Duff as Commissioner.

Mr. King said that if a member cared to take the responsibility of asking that letter be tabled, he would do so. M. J. Coldwell, C.C.F. House Leader, who had asked about the letter, said he would take the responsibility.

The letter from Col. Drew, the Prime Minister told the House, said that copies were sent to Conservative House Leader Hanson, New Democracy Leader Blackmore and Mr. Coldwell.

The report of Sir Lyman Duff on the Hong Kong inquiry, which was conducted in camera, was made public June 5. The same day Col. Drew issued a statement to the press criticizing the report.

Subsequently a charge was laid against the Ontario Conservative Leader under the Defence of Canada Regulations. He was charged with contravening a section of the regulations forbidding statements likely to prejudice recruiting or the discipline of His Majesty's forces.

On July 10 Justice Minister St. Laurent announced in the House of Commons that the proceedings against Col. Drew had been withdrawn. Mr. St. Laurent said withdrawal was made on recommendation of D. L. McCarthy, K.C., of Toronto, Crown Counsel in the case against Col. Drew.

The recommendation said discussion of the Duff report on dispatch of Canadian troops to Hong Kong last autumn could not be freely carried on in Parliament, by the public or in the press while the proceedings against Col. Drew were in progress.

Prime Minister Mackenzie King said in the House of Commons yesterday that the House would have an opportunity to debate the Hong Kong report after the budget resolutions had been dealt with and final reading had been given to Bill 80—the Government sponsored measure to permit Russian troops to serve in Order-in-Council.

British Public Gives Increased Support To Second Front Demand

By DREW MIDDLETON
(Associated Press Staff Writer)

London, July 15.—(P)—Soviet Russia was reported by qualified London sources today to be pressing anew for the prompt opening of a second Allied European land front to divert the Nazi armies pounding at the gates of the vital Caucasus.

These sources pointed out the eventual peril that Japan might open a second front in Siberia if the Nazis can set the stage for it.

A smashing victory for the Germans in the battle for the Caucasus approaches, they predicted, would be followed by a Japanese attack on Siberian Russia. Japan is said to have massed at least twenty-four divisions—about 300,000 men—in Manchukuo with air reinforcements from home.

August and September are the best months for campaigning in Siberia, according to these sources. They noted there are no signs of large-scale Japanese activity elsewhere on the Pacific front now.

Whatever the pros and cons, public sympathy for the reported renewed pleading of Soviet Ambassador Ivan Maisky was demonstrated in mass meetings during the week-end

at Glasgow and Liverpool which demanded both a new front and all aid for Russia.

Soviet strategists, whose names may not be mentioned, say they are not satisfied that the British air offensive, hampered lately by bad weather, is a heavy enough threat to divert German troops from the Eastern front.

On the other hand, military sources here foresee a second front as more than just a big hit-and-run affair—one requiring exhaustive preparation. And they do not believe, they say, the situation in Southern Russia has reached a point where an attempted invasion of the continent is essential to save Russia's armies from being over-run.

That does not mean they do not see "very grave possibilities" in the present Russian situation.

Although the Russians are being driven back, they said, there is no indication that any of the main Soviet armies have been broken or surrounded by the advancing Germans.

The condition of the Red air force after more than a year of constant fighting is worrying experts here

Dr. A.R. Walters Passed Away
At Age Of Thirty-Eight Years

Sherbrooke lost one of its most prominent and esteemed physicians early last evening in the person of Dr. A. R. Walters, who passed away at his summer home in North Hatley at the age of thirty-eight years following an illness of several months' duration.

During his residence in Sherbrooke and Lennoxville, which extended over a period of some twenty-eight years, Dr. Walters had surrounded himself with a large number of friends and had won for himself an enviable reputation in the local medical sphere. His genial personality, consideration for others and generous nature were characteristics that had always been foremost in his daily occupations and his passing has created a void in the medical profession it will be impossible to fill.

His death occurred at about nine o'clock last evening and the funeral service will be held Friday morning leaving his late residence, 60 Montreal Street, at nine o'clock for service at St. Patrick's Church at 9.30 o'clock. Interment will take place in the Lennoxville Cemetery.

Dr. Walters came to Lennoxville in 1914 with his parents, Mr. and Mrs. Frank Walters, from Parent, Que., and received his education at Mont St. Louis College and St. Laurent College in Montreal, graduating in medicine from McGill University in 1927. Upon completing his course he went to New York to take up post-graduate work, and then practised in Apple Hill, Ont., for a year, from which place he went to Coaticook. He remained in that Eastern Township community for about a year and a half, after which he went to Edinburgh, Strassbourg (then France) and Vienna to continue his studies.

He returned to Canada a little over ten years ago and established himself in Sherbrooke, being connected with the Sherbrooke Hospital and the St. Vincent de Paul Hospital.

He was married upon his graduation in 1927 to the former Simone Lemieux, daughter of Dr. and Mrs. J. P. C. Lemieux, then Weedon and now of Sherbrooke. He is survived by his wife; one son, Robert, and one daughter, Joan, both at home; his mother, Mrs. Frank Walters; two brothers, Peter Walters, in Lennoxville, and Lieut. E. V. Walters, Overseas with an armored unit, and one sister, Mrs. Earl Hall, of Lennoxville.

Word of his promotion from the rank of Sub-Lieutenant and of his posting as "C.O. of a Canadian Naval Group in the Commandos" has been received here regarding

Lt. Waldo Mullins

Lt. Waldo J. Mullins, son of J. P. Mullins, M.P. for Richmond-Wolfe, and Mrs. Mullins, of Bromptonville, Que., was born at Bromptonville and received his elementary education at the Sacred Heart Brothers' School in that town, his Junior Matriculation at St. Patrick's Academy and his Bachelor of Arts Degree from Loyola some twelve years ago.

Upon his graduation he joined the firm of Daly and Morin, at Lachine, with whom he was still employed when he enlisted as a Sub-Lieutenant with the R.C.N.V.R. in September, 1941. He went Overseas in February.

ARMY'S DAMAGES
London.—Claims against the War Department for damages resulting from army traffic accidents total more than \$4,500,000.

For the first time in its history, Sherbrooke today had two directors of the Police and Fire Department.

This bizarre situation arose as the result of the appointment of Inspector Percy Donahue as Director of the Department by City Council on June 15, while Director A. A. Maranda, who headed the Department since August 14, 1939, was on a three months leave of absence due to illness.

Today the leave of absence, granted by the City Fathers on April 15 for a three months' period, expired and Director Maranda reported for duty.

Although he had no statement to make on the matter, he said that he had not resigned his post and City Council had not officially notified him that he was dismissed as head of the Department while he was recuperating from an illness.

An extended leave of absence for Maranda must prove that he is physically fit to fill the post. "When Mr. Maranda asked for several leaves of absence because of illness, the Council granted them, and now he must prove that he is well again to resume his duties and must produce a medical certificate,"

Alderman Thibault added that he will discuss the matter with Mayor Ross this afternoon when an official statement will be made by the City.

However, Alderman J. A. Robert, Chairman of the Police and Fire Committee, was "very surprised" to learn what had happened. He told a reporter over the telephone that he did not know anything about it and had no comment to make at this time.

In the meantime, Alderman Eugene Thibault, Chairman of the

Flight Sergeant Jackie Westgate
Is Missing After Air Operations

Flight Sergeant J. A. "Jackie" Westgate, son of Mr. and Mrs. J. A. Westgate, of East Angus, has been reported missing after air operations, it was announced today—word that he had failed to return from a flight being received by his parents a few days after the C.B.C. announced that he had taken part in a raid on Danzig.

Mr. Westgate was notified by Ottawa yesterday that his son, well known East Angus hockey player, was missing after air operations on July 11, and the C.B.C. had announced only the night before that he was one of three Quebec airmen who took part in the Danzig raid. He had completed twenty trips in the Lancaster Bombers and had taken part in raids on Rostok, Cologne, Essen and Bremen.

"Jackie" Westgate was born at East Angus and educated at the East Angus High School. He was employed by the Brompton Pulp and Paper Company in the stores department when he enlisted in July, 1940, at the age of 19. He obtained his training at Toronto, Regina, Calgary and Fingal, Ont., where he received his wings as a Sergeant Wireless Gunner on March, 1940.

After a short furlough he proceeded Overseas in April and took an advanced wireless course after reaching England, and was sent to an operational squadron in Scotland. In November, 1941, he was posted to Squadron 97 and was one of the original members of the crews that were chosen to man the new Lancaster bombers that had just

WOMAN HURT
ESCAPING FROM
BURNING HOME

Mrs. M. B. Cote Suffered Cuts in Escape Through First-Storey Window.

One woman was injured, a store was damaged at 75 Alexander Street, and an adjacent store and five tenements were threatened in an early morning fire at 5.30 o'clock this morning.

In her haste to leave the burning building, Mrs. M. B. Cote, owner of the store, who was asleep when the fire broke out, received body cuts while escaping through a first-storey window, which was broken. The injured woman was rushed in Brian's ambulance to St. Vincent de Paul Hospital. Authorities reported that she was still suffering from shock at noon today.

Meanwhile, investigators of the Municipal Police and Fire Department were probing the cause of the fire, which is of unknown origin.

Director of Police and Fire Percy Donahue said that the fire broke out in the rear of the store owned by Mrs. Cote. Stock was damaged by fire and water. Director Donahue said that the flames spread rapidly and in a short time enveloped the store ceiling.

Using three lines of hose, firemen fought the stubborn blaze for twenty minutes before bringing it under control. An adjacent store and the five tenements above the stores in the same block were damaged by smoke.

Firemen responded to two calls yesterday, one being a false alarm. A stovepipe fire was put out at the home of Alexander Richards, 232 Twelfth Avenue. There was no damage.

Special Credit
Plan To Enable
Fuel Purchase

A special credit plan to enable householders to stock up early on next winter's fuel supply has been made with chartered banks, according to the local office of the War-time Prices and Trade Board.

It was announced today that under the plan the chartered banks will discount notes given by customers whom coal dealers can recommend as satisfactory credit risks. No amount less than \$50 nor more

than \$250 will be advanced for such purposes, it was explained. The money is to be repaid in equal monthly installments and the last payment must be made by May 15, 1943.

All coal purchased under this credit plan must be delivered by August 31, although a dealer who is unable to fill his orders by that date may be given an extension of a further two weeks, it was stated.

Public Is Warned Against
"High Pressure" SalesmenDonation To
Police Fund In
Appreciation

Coffers of the Municipal Police and Fire Emergency Relief Fund were enriched by a \$100 donation from the Julius Kaysor Company in appreciation of the splendid work done by members of the department in extinguishing a fire at the plant last week, it was announced today.

George Carr, Manager of the plant, in a letter to Director of Police and Fire Percy Donahue wrote: "In appreciation of the efforts which you and your department rendered us in extinguishing a fire which occurred at our mill recently, a cheque for \$100 is enclosed."

"I would like to again thank you, on behalf of the Company, for the excellent job which you and your department did in handling the fire."

Our Congratulations to:

G. D. Wadsworth, General Manager of the Quebec Central Railway, Sherbrooke; and D. M. Campbell, of Scotstown, on the occasion of their birthdays, the latter being seventy-seven years of age.

LIME RIDGE PLANT SHUT
DOWN

Lime Ridge, Que., July 15.—Shortage of wood has caused complete shut-down for an indefinite period of the Dominion Lime, Ltd., plant here. It was announced today by the Manager, James A. Stewart, who added that some 105 men were affected.

Mr. Stewart said that this was the first time "in a good many years" that the plant had been forced to suspend operations. He said work had been suspended indefinitely.

than \$250 will be advanced for such purposes, it was explained. The money is to be repaid in equal monthly installments and the last payment must be made by May 15, 1943.

All coal purchased under this credit plan must be delivered by August 31, although a dealer who is unable to fill his orders by that date may be given an extension of a further two weeks, it was stated.

After many complaints were received by police from people being victimized by out-of-town salesmen, L. W. Dixon, President of the Sherbrooke Chamber of Commerce, today warned the public against high pressure agents who make a practice of calling from door-to-door.

Some of these transactions reported to police are as follows:

"Mrs. A. bought a pair of special shoes. They were received and paid for. Now the shoes do not fit properly and customer cannot obtain any adjustment."

"Mrs. B. bought kitchen utensils amounting to \$75. Payment was made before delivery. Contract not yet completely fulfilled. This was the result of high-pressure selling."

"Mrs. C. bought photograph from agent representing studio which, so far as police can learn, does not exist. Fifty per cent payment was made. Cannot locate agent."

"In practically every previous case brought to our attention," said Mr. Dixon, "persons would have purchased the same or similar merchandise from merchants in this city whom they know and who help support the community." He added that in a great majority of cases articles can be bought at competitive or even lower prices.

Because people do not care to report after having been "caught," he said that he is of the opinion many hundreds of cases in a year are not brought to the attention of authorities or the Chamber of Commerce.

Mr. Dixon pointed out that the work of the Chamber of Commerce is essentially preventive. "There isn't much we can do after, but we certainly can be helpful before any such transaction is completed."

He explained that the effectiveness of the Chamber's work depends upon the response received from the general public. "If ever in doubt about such transactions, call Sherbrooke 4090, and ask for Alberic Julien, Secretary."

RUSSIA AND EGYPT

Herr Hitler continues to purchase mileage in Russian territory at a terrible cost in German lives, thereby increasing the danger of severance of the Central and Southern Red armies and bringing him nearer to his dreams of crashing the gateway to the Caucasus.

There is perhaps small satisfaction in the fact that this advance was to be expected because of the weight of the Nazi attack. In appraising the position, however, we must take into consideration a fact to which the Russians themselves point, namely that the invaders have a long bloody course to pursue before they can hope to cut off the approaches to the Caucasus from the North, for the Red line still holds. The Nazi Fuehrer is prepared to see a wholesale slaughter of his men in this effort to hamstring the Russians and reach oil this year. The Russians are far from beaten, though, and are continuing their magnificent resistance despite grave lack of equipment. Hitler still has a long way to go as the Muscovites remark, and time is working against him.

Some compensation for the Russian setbacks is to be found in the position of the battle of Egypt, where the British forces have further improved their position and were still retaining a very active initiative at latest reports. It would be a tragedy for the Allies if Field Marshal Rommel were to make a quick conquest of Egypt then be able to throw his army against the Middle East while his master drove for it from the North. Such a development might spell the difference between holding Hitler at the gateway of the Caucasus and being forced to let him through.

Cairo reports that the reappearance of Australian troops in action against Rommel has given the badly manhandled British 8th Army a new lift and it is indeed good to see these "Fighting Bulls" back in the Egyptian Desert. The Aussies are born with their boots on. They have the spirit of daredevil initiative bred in them, and because they fairly radiate this wherever they go, they are a mighty asset to any army. Perhaps the answer to this lies in the fact that Australia is still in the pioneering stage. The Aussie is a man of the open ranges and is used to fighting his own battles from the time he is old enough to stand alone. The Australians find a worthy leader in Gen. Sir Claude Auchinleck, who took over command of the 8th Army when it was in a tailspin and in a few days turned a dangerous British retreat into a sturdy stand which had Rommel on the defensive. There seems small doubt that this hard-bitten Scotsman saved the Allies from disaster at the eleventh hour.

NEEDLESS EXPENDITURES IN WARTIME

While the great majority of the people of Canada are prepared to make every conceivable sacrifice in an effort to win the war as quickly and effectively as possible and as a result are accepting without protest the recent budget introduced by Finance Minister Isley which calls upon them to pay over a large portion of their income to the Government, they are but right in demanding that the money they turn into the Federal coffers be administered as wisely as possible. Thousands of wage-earners and small business men and thousands of farmers will have to save and scrimp in order to build up the war fund.

Of course, in any large scale undertaking there are bound to be mistakes and some waste both of effort and money. Even in a comparatively small community effort, such as a peacetime celebration, there often is waste and needless expenditure. In carrying on the huge business of war it cannot be expected that there will not be slips and mistakes and waste.

However, it is incumbent on those in authority to make every effort to curtail waste in these critical days when the ordinary citizen is being urged to exercise unwonted thrift and economies. In order to carry on its great task the Government has to rely on a vast organization of officials and their staffs. Even with the hundred eyes of Argus the Ministers at Ottawa could not keep all these officials and numerous members of their staffs under strict surveillance. Under such a system there is bound to occur many mistakes of which the Ministers and the higher department officials will be unaware until they have happened.

It is incumbent on the authorities to make every

effort to see that the sub-officials at Ottawa who are in charge of sub-departments, are of a type that can be relied on to think first of the welfare of the state.

There are reports going about as to waste and needless expenditure here and there. There may be no grounds for some of these but there is little doubt that as far as some of the reports are concerned there is a basis of fact.

In the House of Commons recently a speech was made by the member for Simcoe East, G. A. McLean, in which he pleaded for a reduction and elimination of waste at Ottawa. He is a supporter of the Government but he criticized both the administration and the opposition for allowing a system to continue which permitted needless waste of public money. He dealt with the legislative department alone with its superfluity of services and staffs and showed how a large sum of money could be saved annually by making drastic changes and revisions.

It is this kind of thing that the taxpayers of Canada want to see drastically reduced or abolished. The Government to keep faith with the people who are so anxious to do their part in the winning of the war must set a good example by taking every possible step to curtail waste and over-spending.

The statement made by the Finance Minister, Hon. J. L. Isley, in the House of Commons gives evidence of a resolve on his part that governmental economy will be an objective. He said: "I am asking the people of Canada to do a lot of cheese-paring themselves this year and I do not aim to have it said that they are going to do all the cheese-paring."

That sort of talk from a man in his position is reassuring.

THE PLACE OF THE COMMERCIAL TRAVELLER

Designed to present the position of the commercial traveller—decidedly the forgotten man in the present conflict—to the people of Canada, the commercial travellers of Canada are launching a publicity campaign telling the world what they are doing under present trying conditions.

Just now the producer may not have very many consumer goods to sell and the consumer for his part may not have very much money for anything except absolute necessities. Some day, please God, the war is going to come to an end and then the commercial traveller will be as urgently needed as he was before the outbreak of hostilities. And remember there are 40,000 of them in this country; all trained men whom it would take time and effort to replace if they were to become permanently diverted into other fields of activity by war conditions.

Needless to say, the younger men have by this time found their way into one or other of the war services; the average age of those still remaining on the road being placed at forty-seven years. But even so the oldsters—not a few of whom are veterans of the last war—are not satisfied with this contribution to the national effort and are therefore actively seeking for spheres of usefulness that they can fill through their six national or regional associations. Quite recently a representative delegation waited on Hon. C. D. Howe, Minister of Supply, and presented a brief to him whose twofold purpose was to clarify the wartime functions of commercial travellers and to offer a plan of close co-operation with the Government.

Frankly it is admitted that the travellers are not doing much "selling" these days but they are kept busy doing an essential work just the same, that falls into the following categories: (a) Interpreting Government regulations and policies to buyers from one end of the Dominion to the other; (b) Showing how the life of existing equipment can be prolonged and the need of replacements thereby curtailed; (c) Helping comparatively inexperienced purchasing agents in expanded plants in the proper selection of material; (d) Giving advice on suitable alternatives or substitutes where standard materials are not available; and (e) Aiding and promoting the efficiency of retailers. These jobs speak for themselves and their necessary character will be recognized by the reader, even though he may not have given much thought to the matter hitherto, but even so they do not exhaust the duties of the traveller.

The job that this man himself considers to be of primary importance is that of securing the equitable allocation of merchandise in view of severely restricted production. Who else, he challenges, is to see to it that the small rural dealer—and through him the rural consumer—gets his fair share of the available supply. In addition to all these things the Associations are conducting a manpower analysis of their membership and have offered to set up a Co-operative Committee to ensure the most efficient use thereof in the country's war effort. What this trained body of men is doing to keep its personnel from oblivion reflects the greatest possible credit upon its patriotic spirit and business efficiency, both alike. Incidentally, it shows a proper appreciation of the teamwork that should exist between the advertising manager and the salesman since they have chosen the newspaper as the most effective medium to sell themselves to the public at this critical juncture, just as it has helped them to sell their products in happier times—just as it will help them once more in happier times to come.

PRESS COMMENTS

CHOCOLATE BAR IN PERIL

Buffalo Courier-Express

Not every person is aware that behind the chocolate bar, a familiar sight in Americans' mouths, is a huge cocoa bean importing industry, now seriously affected by the shipping shortage. About 900,000,000 bags of beans of about 1,000,000,000 pounds of cocoa are required annually in this country for the making of candy bars and similar products.

Confectionery manufacturing officials and W.P.B. moguls appear to be convinced that while there will be plenty of "chocolate bars" available this year, production of them by next Easter may be virtually halted unless imports of cocoa or cocoa beans are increased.

THE FIGHTING SPIRIT

The Montreal Star

The most tedious part of a soldier's life is the waiting—waiting to get into action. Training in its earlier stages can be interesting, but once he has mastered his weapons he wants to use them in real action. No amount of manoeuvres can satisfy that desire for the real thing. It is when he reaches this point that the soldier becomes disgruntled.

Two British Tommies have got into trouble because they could not wait. They face court-martial for having staged a two-man commando raid on the coast of France, a raid which failed to achieve its object, but nevertheless demonstrated that the fighting spirit animates the Canadian troops. One twenty-year-old private, the other nineteen, both members of non-combatant units, decided to start a war of their own. Hiring a motor-boat after hiking to Plymouth, they filled it with "borrowed" weapons and explosives and pushed off from the Cornish coast for France, hoping to destroy German coastal constructions, railroad bridges, lines of communications, and then slip home in glory.

They failed. A patrolling plane spotted them adrift after their gasoline was exhausted, and a destroyer picked them up. Now they face court-martial. They will be punished, of course; no army can condone independent action by its men. But they will perhaps be punished lightly because they have exhibited the fighting spirit, and no man should be made to suffer unduly because over-zealousness leads him toward the enemy.

FALSIFYING THE CONSCRIPTION RECORD

From the Ottawa Journal

W. R. McDonald, Liberal M.P. for France, is a stout opponent of conscription. Mr. McDonald has reported as saying that he had been opposed to conscription, is opposed to it now, and would be opposed to it in the future. That is taking in a good deal of territory, as it is possible that Canadians may yet have to fight for themselves in their own country. Perhaps some people may consider his loud pronouncement natural to him as a politician, inasmuch as Pontiac, his constituency, is largely French-Canadian in population; and therefore, as the riding's majority vote

the declarer, West exited with a trump. Then North turned up with the six of diamonds to ruff in dummy for entry. Dummy led two top cards. West ruffed the second, but North got one heart discard, and so made the contract.

Farmer brought one of the championship trophies back to Raleigh, when they won the women's pair event. They will be on hand to defend their title in August.

Miss Farmer, Past-President of the Raleigh Bridge Association, pulled a neat little trick on a hand watched her play last fall. West's idea in opening one club was probably to stop a club lead if he later got into no trump. He passed two spades, expecting North to bid higher, but Miss Farmer disappointed him by passing.

North cashed both top clubs, then led a low trump to the king, which West won. West cashed the ace and king of diamonds, on which Miss Farmer let go the jack and queen. Thinking that North had no more diamonds, and that he could wait for the hearts to be opened by

KEEP KNITTING

This is the color of all despair,
This gaunt, unholy, gangrenous gray!
("Enough for a helmet, airman's blue," they said.)
Who named it blue named it surely by day.
In the night I knit—but not for a gunner any more,
They meant to be kind when they gave me the gray
For an airman. But sea-boot stockings would do; they're white,
("Wrap wool in a towel, carefully"). And not remember
it takes
But a split second for the grim unraveling.
Not remembering the sea is colder even than earth—cold as
snowflakes.
Remember, least of all, that one artillery lieutenant has no need
Any more of any garment woman makes.

IN THE WOMEN'S SPHERE

25TH WEDDING ANNIVERSARY AT MELBORO

Home of Mr. and Mrs. L. A. Booth Scene of Enjoyable Event on Occasion of Their Silver Wedding Anniversary.

Melboro, July 15.—A very happy and most enjoyable event took place on Saturday evening, at the home of Mr. and Mrs. L. A. Booth, when a large number of relatives, friends and neighbors gathered to celebrate with them the anniversary of their twenty-fifth wedding day.

It was arranged as a surprise by their daughter, Mrs. F. Fleming, and other members of the family.

Mr. and Mrs. Booth were invited to go for a drive with Mr. and Mrs. B. Fleming and during their absence the guests assembled and when the honored couple arrived home they were taken completely by surprise to find so many gathered to greet them, but they heartily rose to the occasion and joined in the merriment of the evening.

The rooms were prettily decorated with pink and white streamers and large white wedding bells, while the large three-tiered wedding cake, made by Mrs. F. Fleming and Mrs. W. Taber and decorated by Mrs. L. Driver, of Kingsbury, adorned the lace-covered dining room table.

The young people indulged in dancing while the older ones joined in social chat, the music for dancing

MEETING HELD BY INSTITUTE AT ABBOTSFORD

Miss Helen M. Buzzell, Supervisor of Art in Montreal Elementary School, Guest Speaker.

Abbotsford, July 15.—The July meeting of the Women's Institute was held at the home of Mrs. O. J. Fisk, on Friday afternoon.

The President, Mrs. R. Thomson, was in the chair. The meeting opened with the Mary Stewart Collect and a prayer for the forces. This was followed by the roll call, which was answered by naming a Canadian artist.

The speaker for the afternoon was Miss Helen M. Buzzell, Supervisor of Art in the Montreal Elementary Schools. Her subject, "Cards and Swirls," proved both amusing and interesting.

Miss Buzzell showed, by means of pencil and large sheets of paper, the effects obtained by lines and curves, and their combination.

She spoke of colours, hues and tones and by way of example did a water colour painting of Lake Louise.

Perhaps the high light of her illustrations was a French Canadian house, complete with Lombardy poplars and rustic fence, done with wet colored chalk on a grey background.

This is a new innovation which Miss Buzzell has introduced in her art lessons in the Montreal schools. By this means very fine poster-pictures can be completed in a short time.

Mrs. Breton thanked the speaker on behalf of the Club.

A picnic tea was served on the lawn by the hostess.

General Notes.
Mr. Bernard Drew is at Georgetown, with his grandparents, Mr. and Mrs. William Packard.

Mrs. James Smeaton, of Montreal, spent a few days with her mother, Mrs. Ernest Buzzell.

Mr. and Mrs. A. H. Rowell and Miss Helen Rowell are visiting in Peterborough, Ont.

Mr. J. Thompson, of Montpelier, Vt., was a guest of Mr. and Mrs. G. S. Crossfield.

Mr. and Mrs. C. A. Fisk and Mr. and Mrs. C. H. Patterson through the Laurentians last week.

being furnished by Mr. D. Stevens, with violin, accompanied by Mr. Lloyd Stevens at the piano. Mr. and Mrs. Raymond Pariseau also played on the violin with piano accompaniment, with Mr. L. Pariseau and Mr. Neil Fowler calling the dances.

During the evening Mr. Wheeler Fowler on behalf of the assembled guests presented the bride and groom with a two-five years with a purse of money together with the best wishes of all, that they may enjoy many more years of health and happiness together.

All joined in singing "For They Are Jolly Good Fellows."

At midday lunch was served by Mr. and Mrs. F. Fleming and Mrs. Vernon Booth assisted by Mr. and Mrs. Stuart Dunbar, Mrs. John Leavitt and Miss Gladys Smith.

The evening was brought to a close by the singing of the National Anthem. There were guests present from Sherbrooke, Richmond, Melborne, Kingsbury, Bethany and Tremblay.

MARRIAGES

WALKER-MARLIN

The marriage of Beulah Lillian Marlin, daughter of Mrs. James Marlin and the late Mr. Marlin, to Mr. Frederick Hunt Walker, son of the late Mr. and Mrs. M. Walker, took place on Saturday, July 11th, at the home of the bride's mother, Lennoxville, the Reverend Norman McLeod officiating.

A pretty setting for the ceremony was arranged by friends of the bride. The bride stood under a white bell suspended from the center of a pink and white false ceiling. Baskets of pink and white carnations, blue delphinium and white hydrangea, formed a charming background.

The bride, who was given in marriage by her brother, Mr. Stuart Marlin, wore a dusty rose, shadow-cream dress, small white hat with matching veil and a corsage of pink roses.

Miss Millicent Marlin, sister of the bride, and her only attendant, were wearing a blue lace dress with white accessories, and a corsage of American Beauty roses.

Mrs. Marlin, mother of the bride, was wearing a navy blue crepe dress with a navy and white hat, and she wore a corsage of dark red roses.

Mr. Chester Caswell, of Sherbrooke, acted as best man, while Mr. Elwood Marlin, brother of the bride, was usher.

A reception was held after the ceremony. The bride's table, which was covered with a lace cloth, was centered with a three tiered wedding cake with pink and white candles in silver candlesticks and a bouquet of pink and white flowers at each end of the table.

After the reception the bride and groom left for a motor trip to Ottawa and Niagara Falls.

A telegram of congratulations was received from Sub-Lieut. John Murray and Mrs. Murray, of Saint John's, Newfoundland.

The out-of-town guests included Mr. and Mrs. Lawrence Wells, Miss Arlene Wells, Mr. R. Jobel, Mr. Clayton Wells, Miss Lucille Gagne, Miss Helen Wells, Mr. Clarence Wells, all of Sherbrooke; Miss Beatrice Monlton, of Georgetown; Miss Edith Titcomb, of Kenora; and Mr. and Mrs. Homer Johnston, Miss Florence Johnston, Mr. Herbert Johnston, of North Hatley.

SOUTIERE-BENNETT

A very quiet wedding took place at three o'clock on Saturday afternoon, June 27, when Janice Nellie, eldest daughter of Mr. and Mrs. Carrol P. Bennett, of Bury, was united in marriage to Mr. Warren Arthur, eldest son of Mr. and Mrs. Arthur J. Soutiere, of Beche.

The ceremony was performed by Rev. R. C. Belbin in the United Church Parsonage at Birchton. Only the immediate members of both families were present.

The bride was attired in a powder blue crepe dress and jacket trimmed with silk braid, a matching hat, and white accessories. Her corsage was of pale pink Rapture roses and bouvardia.

The bride's only attendant, Mrs. Oscar Desruisseaux, of Birchton, wore a rose crepe dress with hat to match, and white accessories. Her corsage was of sweet peas in pastel shades with baby's breath.

Mr. Austin Young, of Beche, acted as best man.

Mrs. Bennett, the bride's mother, wore a gown of cocktail blue crepe, white hat of hemp braid, white accessories and a corsage of white carnations.

Mrs. Soutiere, the bridegroom's mother, wore a gown of diplomat blue, hat of navy pedaline braid, white accessories and a corsage of white roses.

The wedding supper was held at the home of the bride's parents in Brookbury, where the table was centered with a beautiful three-tiered wedding cake made and decorated by the bride's mother. The out-of-town guests included Mr. and Mrs. Arthur Soutiere, Mr. and Mrs. Austin Young and baby daughter, Jean, of Beche, Mr. and Mrs. Herbert Soutiere, of Tomifolia, Mr. and Mrs. Roy Parrish, of Rock Island, Mrs. Oscar Desruisseaux, Rev. and Mrs. R. C. Belbin, and Miss Jean Gustafson, of Birchton.

Mr. and Mrs. Soutiere left that evening for a week's wedding trip which was spent in Toronto, Niagara Falls and other points of interest, the bride travelling in a blue and white sports suit with grey check jacket and navy accessories.

On their return they are spending two weeks in camp at Cedarville on Lake Memphremagog, after which they will reside in Rock Island.

STEVENS-GELLATLY

Trenholm, July 15.—A traditional wedding gown of white satin, fashioned with a sweetheart neckline, close fitting sleeves ending in points over the hands, with a shirred bodice, the very full skirt forming a slight train, was worn by Miss Charlotte Gellatly, only daughter of Mr. and Mrs. Robert Gellatly, Ottawa, Ont., for her marriage on Saturday, July 11, to Mr. Frederick Stevens, son of Mr. and Mrs. Harold B. Stevens, of Trenholm, Que. The bride's veil of illusion net fell from a coronet of flowers. She carried an arm bouquet of Johanna Hill roses and larkspur.

Mrs. Peter McAlinsh, a cousin of the bride and only attendant wore a frock of powder blue frosted organdie, fashioned with a bouffant skirt, short puffed sleeves with a sweetheart neckline. Her picture hat was of blue mohair edged with starched chiffon and she carried a Talisman roses and mixed garden flowers.

The wedding took place at seven o'clock on Saturday evening at St. Andrews Presbyterian Church, Ottawa, with Rev. Dr. Alexander Ferguson, officiating.

Mr. Carman H. Milligan played the organ music and during the ceremony.

Very Satisfactory Reports Submitted at Meetings of Anglican and United Church Groups at Lake Megantic.

Lake Megantic, July 15.—The regular meeting of the Women's Association of Knox United Church was held at the summer cottage of Mrs. A. Manuel, with a very good attendance. The meeting was conducted by the President, Mrs. J. N. Matheson. The usual routine was disposed of, and Mrs. M. A. McDonald gave a report on the boxes sent to the members of the armed forces from the congregation serving away from home. Preparations were made for a quilting in the near future.

Mrs. J. A. McLeod, on behalf of the Association, extended a hearty welcome to Mr. and Mrs. Fulcher who have taken over their duties in charge of the Congregation.

Mr. Fulcher replied in a very suitable manner.

Refreshments were served by the hostesses, Mrs. Manuel, and Mrs. Jennings who were assisted by Mrs. Ashton.

LADIES' AID OF ST. ANDREW'S CHURCH
Mrs. Mayville, President of St. Andrew's Ladies' Aid, entertained a large number at her home last week at the July meeting. Routine matters received attention and a social time was enjoyed by all.

The August meeting will be held at the Camp of Mr. and Mrs. J. O. McDonald on the lake shore.

ST. BARNABAS' GUILD
St. Barnabas' Guild met at the home of Mrs. Robert Mayhew with a large number present.

The meeting was called to order by the President, Mrs. John Morkill, J., and duly opened by reciting the Lord's Prayer in unison. The minutes of the June meeting were accepted as read.

Mrs. Bigg, Treasurer, reported the receipts of the recent Rummage Sale to be slightly over forty dollars. Members not having returned their Sunshine Bags were urged to do so.

Discussion over a summer project took up some time owing to conditions existing and the date was left open.

Letters of thanks for flowers during illness of Mrs. Archie Chisholm and Mrs. S. Beaton were read by Mrs. H. Martin of the Flower Committee.

After business was completed and the meeting adjourned, tea was served by the hostess, Mrs. Robert Mayhew, who was assisted in serving by Miss Hazel Tompkins, her guest from Montreal, Mrs. Stanley Chivers.

Tea was poured from a beautifully appointed table by Mrs. H. R. Bigg.

SEERSUCKER SAFETY

Most of you are aware that seersuckers need not be ironed. Ironing is not only unnecessary, it definitely harms the material. After you have washed your seersucker dresses and sportswear in rich suds that rinse out the dirt without hard rubbing, and keep the colours gay and bright, if you still think they require pressing, steam them slightly over the kettle and smooth the material by hand. Ironing breaks down the crinkly effect which is one of seersucker's most attractive qualities.

OBITUARIES

MR. AUGUSTUS ROLFE, OF LENNOXVILLE.
 The death occurred on May 21st, at the Sherbrooke Hospital, of Augustus Rolfe, in his eighty-seventh year, as a result of a fall from which he suffered a fractured thigh. In spite of all that could be done for him he passed away after an illness of nearly seven weeks. The funeral service was held from Blake's Funeral Home, May 23, Rev. Norman McLeod officiating.

The floral tributes were numerous and most beautiful. Mrs. Mrs. Gilbert Saunders, Arnold Bown, Clifford Waite, Philip Walton, Clifford Parker and James Balfour.

He married Margaret Hertman in 1881 who predeceased him in 1896. Of this union one son was born, Leon, of Littleton, N.H., who survives him.

In 1898 he married Elizabeth Mackay, who predeceased him in 1914. Of this union three daughters and one son were born, Abbie, Mrs. Lawrence Parker, of Lennoxville, with whom he resided; Mary, Mrs. Gilbert Kinnmonth, of Lexington, Kentucky; Maude, Mrs. George Breckenridge, of Sherbrooke, Fred, of Rawliffe, Que. One sister, Mrs. Edmond Gilbert, of Red Deer, Alta., one brother, Henry, of Marquette, Nine grandchildren and a number of nieces and nephews are left to mourn his loss.

Interment was made in the family lot at Marquette. The committal service was conducted by Rev. Mr. Harrison, of Marquette.

ALEXANDER SCOTT, FORMERLY OF SHERBROOKE.
 A large number of friends in this district were grieved to learn of the sudden death of Alexander Scott, a resident of Sherbrooke and district for about ten years, which occurred at Montreal on Thursday, July 9.

Mr. Scott, who was a native of Aberdeen, Scotland, came to Canada in 1927, residing in Sherbrooke and Waterville until 1939 when he went to Lachine in the employ of the Dominion Engineering Company, with whom he was still employed at the time of his death. Mr. Scott worked for the Canadian Ingersoll-Rand Company and the Carnation Milk Company before entering the services of Dominion Engineering.

The funeral service was held at the home of Miss Sadie Howe, 39 King George Street, and was conducted by Rev. F. A. C. Dossee, with interment in the Waterville Cemetery. Bearers were Basil McCormick, Frederick Davis, Jack MacTavish, Bud Thomas, Arthur Moore and William Richards.

Mr. Scott leaves a sister, a brother and several nieces and nephews, all living in Aberdeen.

The esteem in which he was held was evinced in the large number of floral offerings and the many friends who gathered to pay their last respects, among these being Mr. A. H. Penie and Mr. Carl Beaulieu representing the Dominion Engineering Works, Ltd., Mr. and Mrs. Moir, of Ayer's Cliff, Mr. Fred Davis, of Lachine, and Mr. and Mrs. James Moore.

MURIEL KATIE LOCKE, CROSSBURY.
 Crossbury, July 15.—There passed away at the Sherbrooke Hospital on May 23 after a five weeks' illness Muriel Katie, second eldest daughter of Mr. and Mrs. Howard Locke.

Born at Crossbury on May 2, 1928, Miss Locke had made a host of friends by her kind and sunny disposition. She leaves to mourn her death her father and mother, two brothers, Signm, Clayton, now serving Overseas, and Carol, at home, also two sisters, June and Eileen, at home, besides a number of uncles and aunts and more distant relatives.

The funeral took place from Blake's Undertaking Parlors, Sherbrooke, to St. Peter's Church, Cookscook, where the service was conducted by Rev. Mr. Rowe, of Bury, and Rev. Mr. Tuik, of Cookscook.

The choir was made up by the pupils of the Cookscook High School, to which she belonged. The bearers were six school-mates of her own age, namely, Frederick Worby, Ellis Barber, Gilbert Standish, Lionel Pope, Richard Kirby and Roger Flanders. Interment took place at Cookscook.

The many floral tributes which Mr. and Mrs. Frank Woolley, of Cookscook, Mr. George Burnett, of Mont-real, called on Mr. and Mrs. J. N. Snodgrass.

Mr. and Mrs. R. E. Allen, the Misses Phyllis and Mary Allen, Mr. George Allen, Mr. and Mrs. Clarence Allen, Mr. and Mrs. F. G. Johnson, Mr. and Mrs. C. D. Johnson, Mr. and Mrs. G. C. Whitcher, Miss Edythe Whitcher and Mr. Allen Whitcher were among those from this place attending the wedding of Mr. Wilfred Allen to Miss Eileen Torrence, of Montreal.

Mr. and Mrs. Thomas Hextall and Miss May Hextall, of Sutton, were guests of Mr. and Mrs. M. D. Hastings and family.

Mr. and Mrs. G. C. Whitcher, Miss Edythe Whitcher and Mr. Allen Whitcher were Sunday guests of Mrs. S. B. Stowe, in South Bolton.

Mr. and Mrs. Thomas Dickson and Master Arthur Dickson are spending two weeks here, the guests of Mrs. Dickson's parents, Mr. and Mrs. Bert Ricard.

NEW APARTMENT BLOCK GOING UP AT RICHMOND

Building Known as Jos. Bedard and Sons' Store at Corner of Main and Bedford Streets Being Converted.

Richmond, July 15.—One of the most extensive building repair and reconstruction jobs to be carried out under private ownership in Richmond in many years is now underway at the corner of Main and Bedford streets. The building, known as Jos. Bedard & Sons' store, is being turned into apartments.

A substantial three-story brick structure, some ninety-five feet long by forty feet wide, the Bedard store was built when the old bridge spanned the river near where the La Diva Shoe factory now stands. The Eastern Townships Bank, the Post Office, the Guardian publishing office, and the telegraph office were all formerly located in that vicinity.

The Bedard general store itself, associated as it was with a sawmill on the Danville road and an extensive wood and lumber trade was the headquarters of one of the largest businesses in Richmond County. But after the new St. Francis bridge was built as a continuation of Craig Street, the centre of trade slowly but steadily shifted "down street," other firms in that part gradually moved away, and for the past few years the occupants of the Bedard building have been mostly confined to tenants in the upper quarters.

The contractor started his task by removing some of the lower bricks to make room for supports. Strong jacks were carefully placed under the walls and cross-structures at various points, and the weight of the building was taken off the old foundations and temporarily supported on heavy wooden pieces. The old foundation was pulled out, and a substantial concrete wall built in.

The contractor reports that after tearing off the coverings of the interior structures, he found the upper framework of stout timbers in surprisingly good condition. The interior will be completely reconstructed to adapt the building to apartments, suitable insulation will be built in while the repairs are going on, the windows will be rearranged or added to, when necessary, to furnish plenty of light, and the frontage will be given a modern appearance.

In the housing problem, as it applies to Richmond, the greatest demand seems to be for apartments of this type. Overlooking the St. Francis river at one of the broadest stretches, and conveniently located, these apartments should be very attractive.

The contractor is a local builder, Mr. Wilfred N. Driver.

NEW MILK BY-LAW

The following excerpts are the highlights of a milk by-law adopted by the Town of Richmond:

The word "permit" means a written permission given to the milkman to obtain a license. This permit is provided by the Municipal Officer or his authorized representative.

The word "license" means the authorization given by the municipality to a milkman, to sell or offer for sale therein any milk in the limits of the town.

No person shall, within the corporation, sell or offer for sale, any milk without a license. This license is provided by the Secretary-Treasurer of the corporation, upon presentation of a permit from the Health Officer, and payment of the amount specified in this ordinance. The permit is given to the milkman, after an inspection of his establishment has been made by the Health Officer or his authorized representative.

Every person who wishes to have a permit, shall present his request in writing which shall contain the following information:

(A) Surname, given names and business address.

(B) Surname, given names and addresses of all the producers where he takes milk, and the quantity bought from each one.

It is prohibited to accept any milk from a producer who has no certificate which testifies that an inspection has been made by the Health Officer or his authorized representative, and that it was found in conformity with the by-laws of the Provincial Ministry of Health.

Every milkman who has a license

GERMANY—BEWARE

When you dropped your bombs on England,
Wrecked the countryside so fair,
Bringing death and desolation
And destruction from the air.

Did you think that you could conquer?
Bring the British to their knees,
Cause them to give up the struggle,
With such cruel deeds as these.

We are only just beginning
But, before the year is through,
You may learn to know us better,
Realize what we can do.

In your lust for land and power
You have overplayed your hand,
Thinking you might be victorious,
Rule and govern all the land.

We will bomb your towns and cities,
Cause destruction everywhere,
Teaching you a well-earned lesson,
Bringing terror everywhere.

So that you may long remember
How the British people fight,
When they know that God is with them
And their cause is just and right.

—Emily Millar.

Danville, Que.

must inform the Health Officer before buying any milk from a new producer, and must give him all the information needed.

The permit is refused or the license is withheld from every milkman: (A) whose establishment is not in conformity with this ordinance; (B) who refuses an inspection of his establishment by the Health Officer; (C) who refuses or neglects to give any information to the Health Officer during the three days following his request; (D) who buys or sells an intermediate agent or himself any milk from a producer whose establishment has not been inspected by this ordinance; (E) who sells or offers for sale any milk containing more than 300,000 bacteria per cc., or any pasteurized milk which is not approved by the Provincial by-laws.

It is forbidden for any milkman to receive from a client any empty bottle which has not been rinsed before.

The Health Officer is authorized to inspect the milkman's plant or the distributor's, to examine every part and stay as long as necessary for the inspection of the dairy and the milk.

The Health Officer is allowed to at any time open cans or other utensils, closed or not, empty or full, and to inspect and take samples of milk.

The Health Officer may confiscate or forbid the sale of adulterated milk, milk impure and dangerous to health, falsely labelled, milk produced, cooled, transported, stored, sold or offered for sale, delivered or kept in contravention with this by-law.

After each monthly test for bacteria, the Secretary-Treasurer will deliver to each dealer a letter of the alphabet according to the results of the test, as hereinafter classified. Such letter must be plainly and conspicuously exhibited on the dealer's vehicle at all times and shall only be removed by the Secretary-Treasurer or the Chief of Police.

CHURCH PARADE BY ORANGEMEN AT INVERNESS

Inspiring Sermon Preached by
Rev. Robert Jenkins, M.A.,
at Event Attended by Meg-
antic Lodges.

Inverness, July 15.—The Orange Lodges of the County of Megantic held a church parade at Inverness Village July 12th. The service was held in St. Andrew's Presbyterian Church, which was beautifully decorated with flowers for the occasion.

Rev. Robert Jenkins, M.A., Pastor of the Church, preached the sermon to a large group of Orangemen and women, who filled the centre pews. The rest of the church was crowded to the doors.

Mr. Jenkins was ably supported in the pulpit by Rev. John Prout and Rev. C. Adey. The soloist was Mrs. Hazel Lock, Hamilton, Ont., and the organist, Miss Olive Little, Adirondack.

The text of the sermon was in 2 Thess. Chapter 2, verses 3 and 4. The minister quoted from Prof. E. F. Scott, that there was a real meaning in St. Paul's conception of the mystery of iniquity, the spirit of lawlessness and wickedness, which is always working beneath the surface, endangering the Christian cause. Under these apocalyptic symbols, the passage truly describes what has actually happened, time and time again, in the history of mankind, when the hereditary enemies of Christ and the Gospel have burst forth, he said.

"The traveller walking up Beaumont Street in Oxford, England, has his eye arrested by a beautiful Gothic monument, in the niches of which are the statues of the martyred Bishops — Cranmer, Ridley, Latimer and Hooper.

"Martin Luther is the one example in history of how one man with God, changed the face of the world. Luther was the liberator of modern thought. The ethics of Protestantism are based on the psychological insight, that the noblest life must spring from confidence, instead of fear. Liberty instead of bondage, gratitude instead of the desire for reward, love for others, instead of thought of self.

"John Calvin laid supreme emphasis on the power of God and absolute submission to His will as the source of all authority. Later, Karl Barth came along with a clear cut, definite teaching that dispelled doubt and brought men back to Christ and the Scriptures."

By JUDSON BAILEY, Associated Press Sports Writer

The secret of successful pitching sometimes seems to be luck as much as skill.

Take yesterday in the National League. Ray Starr, the lean spell-binder of Cincinnati, pitched three-hit ball and was beaten two to one by the pitiful Phils because two outfielders collided under a fly hit by the pitcher and the ball fell for a home run.

On the other hand Vern Olsen, Chicago Cubs' Southpaw, was pummeled for eleven hits by New York Giants and not only escaped with his sixth straight victory but scored a shutout, three to nothing.

At St. Louis Mort Cooper had a luck of a different sort. He was hit out of the box for the third time in succession, but the Cardinals rallied spectacularly to beat Boston Braves seven to five in eleven innings and wipe out what would have been Cooper's fifth setback.

Brooklyn punished Pittsburgh Pirates five to one with Whitlow Wyatt pitching three-hit ball for his tenth triumph of the year in a night game that drew 21,254 fans at Pittsburgh.

In the American League New York Yankees downed Detroit Tigers three to nothing on the two-hit hurling of Rookie Mark Borowy and extended their first-place margin to six games as Boston Red Sox absorbed another three to two beating by St. Louis Browns.

TOMMIE BYRNE IS STEADY

(By The Associated Press)

Many baseball fans are under the impression that lefthanded pitchers are eccentric, but if there is anything eccentric about Tommie Byrne of Newark Bears, it is a secret to the other clubs in the International League.

Byrne's only fault seems to be sudden flurries of wildness.

With the help of Frank Kelleher, who hit his twentieth and twenty-first homers of the campaign, and Aaron Robinson, who walloped his fourteenth, Byrne defeated Baltimore Orioles, 5-2, last night. He turned in a four-hit job but issued six walks, three of them coming in the first inning. He pitched scoreless ball, however, after the second frame. It was Byrne's eleventh victory against two defeats so far this season.

Ken Jungels of Jersey City Giants, outpitched Ewell Blackwell of Syracuse Chiefs, but the Chiefs won two to one in ten innings.

Rochester Red Wings defeated Montreal Royals, four to three, behind the four-hit pitching of Max Surkont in the only other game played.

SHERM PEABODY BROKE PAR ON LOCAL COURSE

Came Within Single Point of Equalling Previous Course Record Established in 1939.

Registering birdies on the last four holes, believed the first time the feat has been accomplished on the local course, L.A.C. Sherman Peabody, of the R.C.A.F., Toronto, now on furlough and visiting his parents, Mr. and Mrs. H. A. Peabody, toured the local Country Club course in 70, one under par and only one above the amateur course record of 69 which he created in 1939 to equal the previous pro mark.

Young Peabody, playing with his father and George Hamilton, went out in 36 as compared with a par of 35 but clipped two off inward par of 36 with a 34. Peabody is returning to his duties with the R.C.A.F. in Toronto on Thursday.

The par for the course and Peabody's scores were:

BRITISH FIFTH COLUMN ACTIVE IN OLD FRANCE

Associated Press Observer in New Book Recalls British Secret Service Well Entrenched When France Fell.

New York, July 15.—The British "fifth column" in France started to operate in the occupied territory, particularly in Paris itself, at the same time the Petain Government was pulling the beaten French military machine out of the war.

Roy P. Porter, Paris correspondent for the Associated Press from 1937 until a few months ago when he left the occupied zone, knew some of these British agents and writes about them in his tragic eye-witness story about occupied France that makes up the book "Uncensored France."

Back in the United States, Porter was able to write the true story of what he saw for the first time. After the German occupation his despatches reached the New York office of the Associated Press via Berlin. They were, he grumbles mildly, "garbled" by the Nazis.

Not even the British secret service will ever know how many Britons were serving as secret agents in France, Porter says. Many were self-appointed. Some had been caught inside the German lines during the smashing Nazi advance to the channel in May and June, 1940. Others had been living in France for years and spoke perfect French.

They recruited for Gen. de Gaulle's Free French forces, helped these recruits into the unoccupied territory, organized mass escapes from German prison camps and had a hand in sabotage. Even the Germans, masters of the fifth column, admitted the roving Britons were causing confusion.

Like every correspondent returning from Europe, Porter has his Rudolf Hess story. It came from a young German officer. The story is Hess opposed Hitler's plan to attack Russia, and became convinced that only British-Russian friendship could save the world. So Hess flew, unknown to Hitler, to Scotland.

"And he (the young officer) led us to believe, without saying so specifically, that Hess' capture came not on the first trip but on the third he made to England," Porter writes. "The British will deny this and I don't exactly believe it myself but there's the story and if I could tell you the name of the officer you'd probably admit he might know what he was talking about."

Porter, like other observers, believes at least ninety per cent of the French people are opposed to collaboration with the Germans. Of the remaining ten per cent, he says, five per cent are making a living out of the Vichy authorities or the Germans and five per cent hope to get on good terms with them for the same reason.

He does not regard Petain as a traitor and has heard Laval concede quite freely that the people are opposed to his collaborationist policy. "Uncensored France" is markedly a story of the people. It isn't loaded down with political views. It tells what the Frenchman is doing, how he hopes for freedom and what he is doing to make the Nazis uncomfortable.

Gasoline Problems May Affect Canadian Open Golfing Event

Toronto, July 15.—The Royal Canadian Golf Association currently is flooding the mails with brochures telling our brothers-in-arms across the great unfortified boundary how to visit Canada without having to walk home. Each United States entrant in the Canadian Open, a motorist, is entitled to sixteen gallons of gasoline during his visit.

Despite the importance of the foregoing, the tournament is still won by the best golfer, not by the one who uses least gasoline. Ben Hogan has said he will enter, but the word has not been confirmed officially yet. Among the visiting potentates sure to be here (Toronto Mississauga, August 6-7-8) are Gene Sarazen, Harry Cooper, Jug McSpaden, Dick Metz, Jimmy Demaret, Joe Kirkwood, Paul Runyan, Horton Smith, Tony Penna.

There also will be most of the top-flight Canadian professionals, because the Open's \$3,500 in prizes (to the winner, \$1,000 and the Seagram Gold Cup) looks good in these days of fewer lessons, plummeting equipment sales. Best Canadian bet probably will be Bob Gray or Glen Brydson of Toronto, or Vancouver's Ken Black, unless he really meant that retirement announcement a few weeks ago.

"Save those easily-lost A's, B's and C's" says Reddy, "by following the ABC's of scientific electric cooking:

1. Use little or no water.—it "drowns" water-soluble vitamins and minerals.
2. Cook fast.—and thus reduce the length of time vitamins are exposed to the triple threat of heat, liquid and air.
3. No violent boiling—it's not necessary, destroys vitamins. Use the right degree of controlled heat.
