### "Lead Us To Go" Indians Erupt Again To Revenge Killings In Portuguese Goa

BOMBAY—A frenzied mob of Indians broke through police cordons today and hoisted Indian flags over the Portuguese consulate in Bombay.

A cordon of 300 police around the evacuated consulate fought off the rioters for two hours before the break-through. Three demonstrators were wounded as the police opened fire.

Demonstrators shouting "Nehru, leave Delhi and lead us to Goa," lined the sea embankment beside the building. They smashed consulate windows with a fusillade of stones.

Rioters stopped hundreds of cars and taxis and forced the occupants to get out and join in a march mourning those killed in yesterday's clashes in the Portuguese colony of Goa.

The organizers of the demonstrations and all-India radio put the dead at 28. The Portuguese said 13 were killed and Nehru said the death toll was at least 15.

Nehru told the Indian Parliament that 800 Satyagrahis—peaceful demonstrators—were still in Portuguese Goa today, out of 2,000 who yesterday swarmed across the frontier waving Indian flags and shouting slogans calling for an end to Portuguese rule.

At Vapi, 300 miles to the north it was learned that all of the 2,000 Satyagrahis had returned to India after invading tiny Portuguese settlement of Daman.

Nehru told Parliament that, according to some reports, Portuguese police "sitting in chairs" had fired on the advancing Satyagrahis.

He admitted that the passive-resistance demonstrators were guilty of legal offences. But, he added, "the question is, how far a government is justified in killing people who are unarmed and behaving peacefully and not attacking them."

He said his government intends to continue its policy of trying to acquire control over the Portuguese Indian territories by peaceful means.

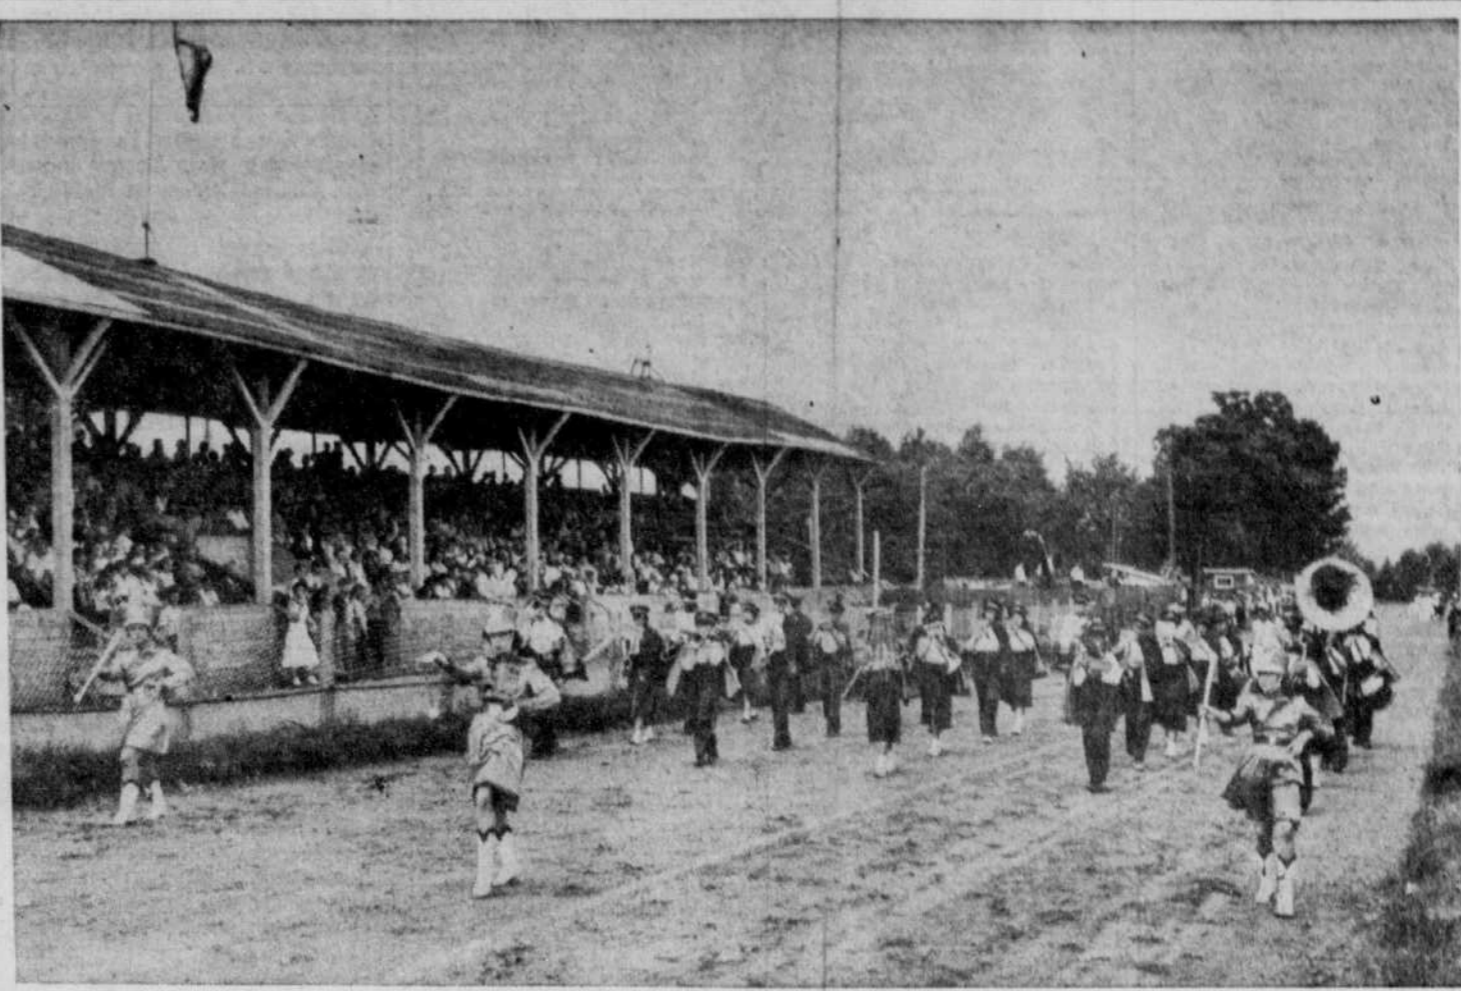

Police frequently clashed with the Bombay rioters.

Another mob heading for the consulate surrounded the Taj Mahal hotel, where many foreign tourists stay. Police wielding clubs charged and drove the crowd away. Other rioters smashed the doors of the majestic hotel.

Angry crowds surrounded offices of The Times of India, leading English-language newspaper in western India, as well as other newspapers and forced them to close.

The Reserve Bank of India suspended all business as a big crowd surged around it.

Students and workers lay in the streets to halt public transport vehicles.

### 3,500 At Cookshire Despite Rain

By BETTY BRADSHAW  
Cookshire—Over 3,500 people streamed through the gates at the Cookshire Fair yesterday to take advantage of ideal morning weather, and to be sadly disappointed later in the afternoon when a sudden cloud burst destroyed all hopes of the Compton County Agricultural Society for a record second-day attendance.

At least half the crowd yesterday were youngsters, admitted fares to help them enjoy the annual Children's Day. All entertainment was in full swing and even during the rain and wind storm, which blew down flags around the ground, many shows continued.

Chief among the attractions on the grounds of the fair were several well-planned displays by various merchants of the district. Sherbrooke merchants bringing exhibits included Webster Motors, with Dodge and De Soto trucks and cars; and Don Clowery, of Don's Repair Shop, bringing to the fair for the sixth time, the Pioneer Chain Saws.

Local exhibits included a large display from Standish Brothers, consisting of farm machinery and kitchen equipment; Cookshire Hardware building products, roofing and siding; E. S. Heatherington, Electrical Contractor; R. Wallace and Sons, silver; the Southern Canada Power, freezers, fridges and stoves; Neechi Sewing Machines; Quebec Automobile Association; 4-H Club; Teknik, of Valcourt, maple syrup products; Louida Payeur, Allis Chalmers farm equipment from Ascot Corners; and Don MacKay, of Sawyerville, with the New Ford Tractor.

Early in the afternoon, a large livestock and calf parade was held in front of the grandstand, led by the High School band made up of 29 youngsters from the ages of 13 to 18, is led by Lynwood Peck, music teacher of the school. The well-trained group has been coming to the fair for several years.

Later in the afternoon, harness races were held on an ideal track before a full grandstand. Returning to the fair with his horses again this year was 78-year-old C. H. Beard, of West Shefford, who thrilled the crowd by driving one of his own horses.

E. A. Labonte and W. A. Bishop acted as timers for the races; W. Jewkes was clerk, and judges were Curtis Ross, Gordon Forgrave and Harold Loomis.

**Margaret  
25  
Sunday**

Ballater, Scotland. — (Reuters)—Princess Margaret is spending her summer quietly here among the hills and heather of the Scottish highlands—and giving no sign that her life will be in any way changed by her 25th birthday Sunday.

The gossips are waiting expectantly for some announcement that will prove them right in their belief that she will marry Group Capt. Peter Townsend, 41-year-old air hero and former Buckingham Palace equerry.

The chances are they will be disappointed, as they have been every birthday since the princess was old enough to marry.

Every year some new suitor has been mentioned as the man Princess Margaret will become engaged to on her birthday. And each Aug. 21 has passed in royal silence.

But her 25th birthday is a special one. Hitherto she could not marry without the consent of the Queen.

As of Sunday she can marry without her sister's permission—or at least set the wheels in motion to enable her to do so.

If the Queen refused to approve a match, the princess could give the Privy Council 12 months' notice of her intention.

### World News In Brief

Ottawa — (C) — Donald Gordon, 53-year-old president of the publicly-owned Canadian National Railways, has become the highest-paid man in the government service at \$75,000 a year.

The salary of the boss of North America's largest railways system was boosted to the \$75,000 figure by a \$25,000-a-year increase approved by the cabinet last July 28. It's retroactive to April 1.

Washington — (AP) — The United States plans to press Russia for acceptance of President Eisenhower's aerial survey proposal when representatives of the two great powers meet in United Nations disarmament negotiations late this month.

Khartoum, Sudan — (Reuters) — The Sudanese parliament today approved a historic resolution calling for the evacuation of British and Egyptian troops within 90 days to clear the way for the Sudan's independence after 56 years of foreign rule.

Seoul — (AP) — Communist Chinese and North Korean leaders called Monday for a Far East conference to unify Korea and proposed a non-aggression deal between North and South Korea.

South Korea has rejected similar overtures in the past. A blistering speech by President Syngman Rhee Sunday showed that such measures are out the window as far as South Korea is concerned.

Halifax — (CP) — A Dominion Steel and Coal Corporation spokesman said Monday the collier Loradore was "in a precarious position" on a cluster of Gulf of St. Lawrence reefs.

The tug Foundation Vera is standing off the reef, unable to refloat the Loradore because of high winds and rough seas.

### Tension In Argentina Claim Peron Shooting Plot

Buenos Aires — (AP) — Government charges that "Catholic nationalists" and opposition politicians have plotted to shoot President Juan Peron have brought Argentina to its greatest state of tension since the June 16 revolt.

Police last night said more than 50 persons had been arrested in connection with the alleged plot, but other sources indicated that as many as 200 might have been jailed. Previous announcements of such plots during the nine years of Peron's regime have signalled widespread roundups of his enemies.

The government crackdown could signal the end of the "pacification" campaign Peron launched after the abortive navy uprising two months ago.

It also could mean a new flareup in the feud between the president and the Roman Catholic Church — mostly dormant since the revolt — and a new crack-down on the opposition parties. These had refused to go along with the pacification campaign unless the government ended its restrictive measures.

Adding to the unrest were new anti-government demonstrations, in front of Buenos Aires' Metropolitan cathedral last night and earlier yesterday in the central Argentine city of Cordoba. Police used tear gas and fire hoses to scatter the crowds, arresting about 40 demonstrators in the capital and 15 in Cordoba.

The government announcement said the plotters had planned to shoot Peron yesterday from an apartment they had rented on the route along which he usually drives between his office and his home.

The announcement charged that the conspirators planned also to kill Maj.-Gen. Franklin Lucero — the army minister who quashed the June revolt — and other high officials and army commanders, and to launch a wave of terror by disrupting power lines and communications.

The government singled out as ringleaders in the plot (1) Mario Amadeo, a Catholic lawyer and former diplomat; (2) David Michel Torino, a leader of the opposition Radical party; (3) an unnamed radical party member of Congress (there are only 12); and (4) leaders of the Democratic (conservative) party, whose president made a radio speech last week criticizing the Peron administration.

### Twelve Armed Yard Members Find Stolen Weapons In Junkshop

LONDON—(Reuters)—Police today found all the weapons stolen on Saturday by the outlawed Irish Republican Army from a British Army barracks. They were discovered in a junk shop here.

The guns and ammunition were found in the dusty cellar of the shop, some of them already packed in boxes ready for shipment to the Irish Republic.

A total of 110 guns, including machine-guns, and 151,000 rounds of ammunition were taken in the raid at the Arborfield arms depot Saturday, police said.

Twelve members of Scotland Yard's special branch, which deals with political crime, lay in wait all last night outside the suspected junk shop, which is in the down-at-the-heels Kings Cross district.

Before raiding it they wanted to ambush any IRA members who might turn up. All the police were armed, something unusual in Britain, because they had been warned the IRA men might try to shoot their way out of the trap.

But not one turned up and today the police raided the shop.

Searching the cellar, police found a secret hideaway leading under the road. It was in pitch darkness and anyone hiding in the basement could have retreated into it if anyone broke in to the cellar.

The IRA men, who followed up the Arborfield raid with two abortive swoops on depots in Wales and England, have been described as "desperate and dangerous."

Fears grew that the swoops by the outlawed Irish Republican Army, dedicated to uniting Northern and Southern Ireland—by force if necessary—might lead to guerrilla warfare in Ulster, the six northern counties of Ireland still under the British crown.

Police also have found three of the vehicles believed used in the Arborfield raid.

One truck loaded with cases of ammunition was found on the day of the coup near Arborfield. Another truck and a passenger car used in the raid were found abandoned and empty in London earlier today.

The war office meantime clamped a tight guard on its armories and special watch was being kept on all means of exit from England in an effort to prevent smuggling of the arms to Ireland.

George B. Hanna, Northern Ireland's home minister, said in a speech Monday night in Belfast that any IRA invasion would be met by 13,000 policemen and the "loyal people of Northern Ireland, standing side by side—and, I promise you, armed to defend themselves."

### Diane Stormy Lady Is Slow

Miami, Fla. — (AP)—Hurricane Diane slowed down a little early today, but kept her 115-mile-an-hour punch aimed at the Georgia and South Carolina coasts.

As if to give the threatened area more time to prepare, the fourth hurricane of the season slowed its forward movement from 14 miles an hour to about 10 during the night. Its estimated position of 320 miles east-southeast of Charleston, S.C., at dawn indicated only about five miles forward movement since 3 a.m. (4 a.m. ADT).

Diane is expected to continue a forward speed of eight to 10 miles an hour in a west-north-westerly direction during the next 12 to 24 hours.

The weather bureau said "movement at this slower speed would bring the centre to the South Carolina coast late tonight or Wednesday morning."

The full fury of Diane's winds was expected to smack the South Carolina or Georgia coast late today. Connie hit North Carolina last Friday.

Hurricane warnings flew this morning from Fernandina, Fla., to Wilmington, N.C. A hurricane alert extended north of Wilmington to the Virginia capes and storm warnings flew elsewhere along the coast.

The fourth great tropical storm of the season was moving west northwest at about 14 miles an hour and just before dawn was about 300 miles east south-east of Charleston, S.C.

### US Bares Uranium Secrets

Geneva — (AP) — The United States today told the world in detail how to make high-purity uranium metal — a basic material for atomic energy production — on a large scale and at low cost.

The operational technique was described at the atom-for-peace conference by Dr. H. A. Wilhelm of the U.S. Atomic Energy Commission's contract laboratory at Iowa State College.

He said the description was intended to be detailed enough to allow uranium producers in any country of the world to duplicate the process.

The process involved mixing a uranium compound — uranium tetrafluoride — with magnesium and placing the mixture in a furnace to initiate a "reduction" reaction leading to the production of uranium metal itself.

Uranium metal, as distinguished from raw uranium ore, is the basic material of atomic energy production for both peaceful and military uses.

Wilhelm hinted that the method he described played the key role in the wartime production of the metal for the atom bomb.

In another report to the conference, three Russian scientists described a method of determining simultaneously the content of uranium, thorium and radium in ores and rocks. The procedure was described as a possible aid to prospectors and processors.

Another American scientist, Dr. M. Calvin of the University of California, reported a major advance toward solving and duplicating the process of photosynthesis — nature's method of supplying food to the world.

Soviet scientists told the conference last week that they believe they are on the verge of solving the mystery of photosynthesis. The Russians said they have used radioactive isotopes as tracers in plant studies and have learned a number of things about the process.

Calvin said the process remaining to be solved is how solar energy is absorbed by chlorophyll, or how the green pigment of plants is used to "split" molecules of water to supply hydrogen needed to "reduce" carbon dioxide.

Scientists have long sought the secret of photosynthesis in the hope of duplicating it artificially to increase the world's food supply.

### 200 Year Expulsion Marked By Acadians

GRAND PRE, N.S. — Thousands of Acadians, descendants of a handful of French settlers expelled from their homes and dispersed across North America 200 years ago, returned to the land of their ancestors today.

They knelt on this grass-carpeted stretch of flat land on the shore of Minas Basin and bowed their heads in prayer.

Hundreds of their women wore the white linen caps and blue-colored, ankle-length dresses of their Breton ancestors.

Men paraded in short velvet vests and tight-fitting pants decorated by colorful sashes.

From a huge platform dominated by the gold star of Acadia floated the latin chants of the Roman Catholic high mass.

On the flag-draped structure, near the silent, ivy-covered reconstructed St. Charles church, Mgr. Giovanni Panico, apostolic delegate to Canada, celebrated pontifical high mass.

The event, climaxing ceremonies marking the bicentennial of the Acadian expulsion, opened a full day of tribute to the early Acadian pioneers.

Early today as trains and buses pulled into this flower-decorated spot visitors gazed out over the sleeping acres stretching to the salt water bay lined by distant hills.

They walked to the chapel that serves no more where, a plaque relates, Massachusetts troops gathered Acadian men in 1755 and announced they were prisoners and would be dispersed.

They paused at nearby Park of Souvenir, site of an Acadian cemetery between 1681 and 1755.

It is on this site that the government of Nova Scotia has erected a bust of Henry Wadsworth Longfellow, American poet who immortalized the story of the Acadian expulsion in his book-length poem "Evangeline."

### Nine Missing In Air Force Plane Probe

Winnipeg — (C) — Nine persons are missing as the RCAF continues a search for two of three planes lost in the wilds of northern Manitoba. A fourth plane with two aboard was reported safe.

Latest hunt was for an Imperial Oil Ltd., float-equipped Beaver, missing since Saturday on a 350-mile flight from Rocky Lake in northern Manitoba to Regina Beach, Sask., with six persons aboard.

Missing earlier in Manitoba were two civilian airmen from a Mosquito aircraft which plunged into Hudson bay near the northern Manitoba port of Churchill last Tuesday. A boat and a Norseman plane continued the land-sea search for them Monday.

The baffling hunt for an RCAF T-33 jet and its pilot that disappeared July 25 was reopened Monday when searchers received a report that a plane exploded last month over Travers bay on the east side of Lake Winnipeg. A helicopter check will be made.

Bedford, Not Venice

MANSONVILLE—

Miss Audrey Aiken has gone to Ottawa to be the guests of her brother, Robert Aiken, for an indefinite time.

Mrs. Letitia Willard, Lorann and Terry visited Mr. and Mrs. John Willard Verdon.

Yesterday's heavy downpour of rain made the streets of Bedford resemble Venice rather than a Canadian city, as this picture shows. Cars using the principal streets ploughed axle-deep through water as the sewers blocked.

Magog Youths Organize Ski Safety Patrol

Magog—(Special)—The Canadian Red Cross first aid courses which have been in progress in Magog since last March closed with an informal party given at the summer home of Mr. and Mrs. Herbert Whittier at Bacon's Bay, Ayer's Cliff, last Wednesday evening. At that time the twelve boys who have taken the courses were presented with their certificates, identification cards and buttons.

As a mark of appreciation for those who gave so generously of their time in making the courses a success, the boys presented their instructor, Dr. Jack Bryant, with a Schaeffer pen and the organizers of the classes, Mr. and Mrs. Herbert Whittier, with a Ronson lighter and a Kiza compact.

The boys comprising the class were: Gil Ethier, Jack Whittier, Kenneth Whittier, Gerard Tessier, Bruno Bergeron, Ernest Lemery, Gilles Grenier, Laurent Grenier, Gaby Longpre, Claude Longpre, Ronald Charland and Charles Cantin.

Frank Stanton, pastor of Wesley Church officiated at the service assisted by Rev. A. B. Lovelace of Montreal and Rev. C. J. Gustafson of Magog. A Masonic Service was conducted at the church. Interment was in the Windsor Mills Cemetery.

# Why only TCP gets the full power from High Octane Gasoline

You might expect that all you need to get the full power out of a high compression engine is high octane gasoline. Actually you need more than just high octane—you need a gasoline with a special kind of additive. That's because the way most of us drive most of the time—short trips here and there—creates a power-wasting problem that neither engine design nor highest octane gasoline can solve by themselves. This problem is the increased build-up of certain deposits within the combustion chambers... the principal cause of power waste. What happens is this: As your engine warms up, these deposits warm up, too—glow red hot. And these glowing particles act like hot coals—ignite the gasoline mixture ahead of time... before the pistons reach proper firing position. This is called pre-firing and means that power works against you instead of for you.

In addition, these same deposits have another power-wasting effect: They foul spark plugs, causing your engine to miss. Engineers will tell you there's nothing more wasteful of power and gasoline than pre-firing and spark plug "miss." But there is an answer—there's one high octane gasoline that gives you all the advantages of high octane without the power-crippling effects of these deposits—Shell Premium Gasoline with TCP\*. TCP, the Shell-developed additive, fire-proofs the deposits so that they no longer cause pre-firing. No longer can they glow red hot and ignite the gasoline mixture. And TCP stops spark plug "miss," too. Your spark plugs do the job they are supposed to do. Start getting the full power built into your engine. Get Shell Premium with TCP. It's the most powerful gasoline your car can use!

\*Shell's Trademark for this unique gasoline additive developed by Shell Research. Patent applied for.

Only Shell Premium Gasoline has both TCP and High Octane!

Michael Of London Designs New Styles For Canadian Market

By SYLVIA HACK

London—A visit to London by a Montreal clothes manufacturer has led to a fashion tieup with a London designer, which will bring couturiers' London clothes to Canadian women. The link is between Michael of London, Irish-born member of Britain's "top twelve" of fashion, and Samuel Mintz of Montreal, who visited Britain earlier this year.

The first showing of the new clothes was held in Montreal. The clothes are designed in London but made up in Canada, of British fabrics including Irish and Cumberland tweeds.

"Michael of London" plans the suits, coats and dresses and all will bear the appropriate label. Renowned for his tailored clothes, Michael told a reporter he is not designing "different" for Canada. "Canadian women like English-looking suits and that is what I am going to give them," he said. The line will be basically classic with variations. Skirts will not be pencil-slim because "Canadians like easy movement for walking."

Models not yet shown in Canada but to be featured in the fall collections, include a slate grey suit, with deep collar and bow-tied pockets on the jacket.

Other new products include a ginger-colored top coat of velour-type cloth with deep buttoned collar which doubles for a cape when unbuttoned, and an oatmeal tweed suit with stand-away neckline featuring a choir-boy collar with two rows of outside pearl buttons down the front of the jacket.

Michael of London, born Michael Donnellan in Ireland, gave up his medical studies at Trinity College, Dublin, in his fourth year to take up dress designing in London.

"My family are just getting over the shock," Michael said. "All the men in the family either entered the church or made the army their career."

He first came to London 12 years ago and gained his experience with a small dress shop in

# Eleventh Boundary Rotary Fair Opens Thursday Night

## Senator Hackett To Officiate At Opening

John T. Hackett of Montreal and Stanstead, newly appointed to the Canadian Senate, will open the 11th annual Boundary Rotary Fair at the Border Arena, Rock Island, on Thursday evening of this week.

Senator Hackett is well known in the Boundary district, and has a summer home in Stanstead. He was formerly a Member of Parliament for Stanstead County and is a prominent Montreal lawyer.

The Fair this year will be held at the Arena instead of the Armory in order to provide more room for those who attend, and also to provide more space for a display of the products made and sold in the Eastern Townships of Quebec and the northern section of Vermont, making it a truly international affair.

Every effort is being made by the members of the Rotary Club of the Boundary to make certain that the Fair will be larger, more interesting, and more appealing to all the people in and around the Boundary district.

By having the Fair a month earlier than usual, it is felt that it will attract a number of the summer residents, and give them an opportunity of learning more about the products and services of this lovely section of North America.

There will be the usual games to play, fine prizes to win, and a number of innovations that should please everyone who attends on any or all the three evenings.

Not only will there be a display of many of the products made and sold around the Boundary, but there will also be a number of new booths.

Of course, the old favorites, Chancet, the corny game, hams and chickens, fruits and vegetables, and others well known to those who have attended the previous ten Rotary Fairs, will be on hand.

There will be a special children's booth, a Davy Crockett booth, and a new sales booth for special merchandise, as well as other booths that you will have to see when you visit the Fair.

There'll be a dart game, a throw game and a pony wheel; there'll be china and blankets for you, and lots of other old and new games, plus the many and varied displays all beautifully decorated and ready for the public.

The Old Favorite — the Bingo game, will again be one of the features of the annual fair of the Rotary Club of the Boundary, which opens for three nights at the Rock Island arena Tuesday evening.

lie Thursday evening, August 18. It's "Meet me at the Boundary Rotary Fair," August 18, 19 and 20, at the Border Arena, Rock Island, where it's "Fun for all—All for Charity."

### THREE VILLAGES HAPPENINGS

Mr. and Mrs. William Bronson, of Hamilton, Ont., have returned home after visiting relatives and friends at the Boundary for the past three weeks.

Miss Faye Channell, who is employed at Ripple Cove Inn, Ayer's Cliff for the summer months, spent a day with her parents, Mr. and Mrs. Hector Channell, Stanstead.

Mr. and Mrs. Clarence Wheelock have returned to their home in Pittsfield, Mass., after spending two weeks with her sister, Mrs. Byron Ellis and Mr. Ellis, Rock Island. On Sunday they motored to Bishopton where they were guests of Mr. and Mrs. Roy Harrison and also visited Mrs. C. C. Wells at the Wales Home, Richmond.

### Children's Books Are Provided For Haskell Library

The most popular room in the local Haskell Free Library is without doubt the Rotary Children's Room.

Patronized regularly by the young people of the Boundary, the room has chairs and tables for the use of the boys and girls, a fine display of the best magazines for children, and a grand collection of books for young people.

The books are carefully selected, and are the best of the older titles, plus the best of the new ones as they appear.

Each month there are four new books from the Junior Literary Guild added to the group. One is for the 8 to 10 year old group. Another for the 10 to 12 year children. The third for the older girls, and the fourth for the older boys.

Besides the Guild books, the best of the other titles in the fields of biography, history, reference and fiction are purchased and added regularly.

The room is used regularly and steadily by a very large number of local young people, and the circulation of the books has increased greatly over the past few years.

Thanks to the cooperation of the librarian, Mrs. Poapst, books are available for students at Stanstead College, and Derby Line Grammar School. The boys and girls are urged to make use of the room to help with their homework, and the reference volumes are added to regularly and kept up-to-date.

The members of the Rotary Club of the Boundary believe that the room is one of their best projects, for they feel that the time these young people spend with good books they will not spend reading comics or other trashy literature. Furthermore, exposure to the best possible quality of reading matter helps develop a taste for good literature that will

stay with these young people throughout their lives.

The funds to maintain this room come from the proceeds of the annual Boundary Rotary Fair, and the patronage of the people of the Boundary District makes the project possible.

# Many Innovations At Annual Boundary Rotary Club Fair

## Industrial Exhibits, New Locale, Advanced Dates, Mark 11th Show

The 1955, 11th annual Boundary Rotary Fair will be held in the Border Arena, Rock Island, Thursday, Friday and Saturday evenings, August 18, 19 and 20.

The plans for the Fair have been completed under the leadership of Rene Monty, and mark several changes from previous years.

For one thing, it is being held a month earlier, in the belief that this would give the summer people in the locality the chance to attend, and also to take advantage of the warmer weather.

In order to have enough room to accommodate the crowds, the Fair is being held in the Border Arena this year. This spacious place will make it possible to take care of a much larger group of people and still make it possible to move around comfortably.

Another change is the addition of exhibition space for local and nearby businesses and manufacturers. Only a few people know what a variety of things are made and sold in and around the Boundary communities, and for once a sample of many of the items will be attractively arranged within the Arena for the benefit of local people and summer visitors.

One of the big items of the Fair has always been the Rotary awards, and for 1955 they will total \$1,000.00 in cash. There will be \$320 distributed Thursday evening, the same amount will be distributed Friday evening, and a total of \$360 is on the list for the final evening, Saturday.

All the usual games will be present, and as always there will be the corny game, the famous Chancit big wheel, and every game will have the grand prizes that everyone wants to win.

The Boundary Rotary Fair has always been famous for the quality of the prizes, and the committee has gone all out this year to make certain that the prizes will be truly better than ever.

Naturally, with the extra space that will be available in the Border Arena, there will be some new games, and the whole effort can be summed up in the now famous phrase, "Fun for All—All for Charity."

Don't forget that the always popular Boundary Rotary Fair will be held at the Border Arena, Rock Island, Thursday, Friday and Saturday evenings, August 18, 19 and 20.

# Rain Cancels Fixture; St. Johns Canadiens Slated For Tonight

## First Tilt Of Three-Game Series; Quebec Downs Three Rivers 6-3 As St. Johns Blanks Theford Miners

The Quebec Braves gave the Sherbrooke Indians a helping hand last night when they dumped the Phillies of Three Rivers 6-3 while the local fixture with the A's of Burlington was washed out. In the other tilt played, the Canadiens continued their hot pace with a 10-0 blanking of the Miners of Theford.

This evening, weather permitting, the Indians will make their bid to get back in the thick of the battle for a playoff berth when they will be hosts to St. Johns. The tilt is slated for 8:00 and is the first of a three-game series which moves to St. Johns tomorrow evening and returns back to Sherbrooke Thursday.

Dean Lakatos pitched his 15th victory of the current provincial baseball league season last night as the pace-setting St. Johns Canadiens whitewashed Theford Mines Miners 10-0.

Lakatos, who has lost only three decisions, yielded but four hits as he struck out two batters and issued one free pass. His team-mates backed him up with five runs in the third inning, three in the seventh and two in the eighth.

Bill Miller went the distance for Theford Mines, giving up 15 safeties, including a towering three-run homer in the third to Bill Causion.

Quebec Braves, meanwhile, defeated Three Rivers Phillies 6-3 to remain 3 1/2 games behind the Canadiens.

The Braves tagged starter Amodio and rink for 12 hits while Misley pitched seven-hit ball for the win. Amodio was the loser.

## General Manager Hap Day Plans Complete Change For His Leafs This Year; New Blood Joins Up

Toronto —(P)— General manager Hap Day, dissatisfied with the performance of Toronto Maple Leafs during the last four years, said Monday he plans a "complete change" for the coming National Hockey League season.

Day recalled that since they last won the Stanley Cup in 1951 the Leafs have finished out of the playoffs once, won only one game in 13 playoff contests and were the league's lowest scoring club last season.

This season, he told a press conference, he hopes to restore Leaf prestige with a combination of "guts, goals and glamor."

"Guts" ranks No. 1 on his program. The Leafs displayed plenty of courage before the home fans last season but "they were being pushed around too much on foreign ice."

Day said he has instructed coach King Clancy to see that "no back steps are taken this year."

The club's next requisite is goals and the Maple Leafs hope to get them from among the 11 new faces invited to their fall training camp, opening at St. Catharines, Ont., Sept. 13.

The Leaf boss, starting his first full season in charge of the club after taking over from Conn Smythe last February, is particularly high on the prospects of two forwards who played junior hockey last year: Centre Billy Harris of Toronto Marlboros and left winger Dick Duff of Toronto St. Michael's.

Harris, who turned in 37 goals and 29 assists as Marlboros won the Memorial Cup, is being groomed to succeed veteran Teeder Kennedy, now retired after 13 seasons with Leafs.

Day hopes that Duff — 33 goals and 20 assists with St. Michael's — will add firepower on left wing, supplied almost totally last season by flashy Sid Smith, the NHL's all-star performer at that spot.

Day conceded Leafs had played some "drab" games last season but promised plenty of "glamor" this year. A lot of it may be supplied by big Bill Burega, given a good chance of ousting one of the five defence regulars of last year — Hugh Bolton, Jim Morrison, Larry Cahan, Jim Thomson and Tim Horton.

Burega, a six-foot, 195-pound bruiser from Winnipeg, performed with the champion Pittsburgh Hornets of the American Hockey League last season. Coach Clancy, once a star defenceman himself, was enthusiastic about the big fellow: "When he takes those forwards into the corners you'll see the sparks fly."

U.S. Retains Wightman Cup  
Rye, N.Y. —(P)— The United States' top women tennis players chalked up their 19th straight Wightman Cup victory over Great Britain's best today, winning the final four matches for a 6-1 decision.

America's only setback was the defeat yesterday of U.S. Champion Doris Hart by Angela Mortimer, England's No. 1 player. Last year the U.S. won 6-0 with one match rained out.

Miss Hart, from Coral Gables, Fla., bounded back today, after having string of cup victories snapped at 12 by Miss Mortimer, and defeated the hard hitting Shirley Bloomer, 7-5, 6-3.

Wimbledon Champion Louise Brough, of Beverly Hills, Calif., ran her victory streak in cup play to 10 straight with a 6-0, 6-2 decision over Miss Mortimer. Miss Brough, who beat Miss Bloomer yesterday, required only 36 minutes to wrap up today's match.

The other singles triumph was knoded in by Mrs. Dorothy Head Knode, of New York, a newcomer to the U.S. team. She took the measure of Angela Buxton, 6-3, 6-3.

And then the national doubles team of Miss Hart and Shirley Fry, of Akron, Ohio, wrapped it up with a 3-6, 6-2, 7-5 doubles victory over Miss Mortimer and Miss Buxton.

FIGHTS LAST NIGHT  
New York—Neal Rivers, 156, Niagara Falls, N.Y., outpointed Jimmy King, 154 1/2, Birmingham, Ala., 10.

## Aussies Forced To Limit By Italian Doubles Pair Before Winning Event; Will Meet U. S. In Challenge Round

Philadelphia —(P)— Australia blasted its way into the Davis Cup Challenge Round today when Lew Hoed and Rex Hartwig crushed Italy's Nicola Pietrangeli and Orlando Sirola in the doubles to take an insurmountable 3-0 lead in the interzone final.

The scores were 7-5, 13-11, 7-5, indicating the Italian lads did not give in easily. That they didn't. They had Hoed and Hartwig talking to themselves all during the match. But in the end it was inevitable that the more experienced Aussies would win.

So the defending champion United States and Australia, two old sparring partners, will meet in the Challenge Round for the coveted cup in Forest Hills, Aug. 26, 27, 28.

In smashing through to the final, the Aussies licked Mexico, Brazil, Canada and Japan, in addition to Italy. Only Brazil managed to avert a shutout.

The Italians, the best in Europe, gave the Aussies a good workout until they ran out of steam. Only Fausto Gardini, champion of Italy, made a poor impression on the crowds at the Germantown Cricket Club. He put up only token resistance in his first singles match, then asked captain Vanni Canapele if he could go back to Europe where he is scheduled to appear in four tournaments. Canapele refused.

But Pietrangeli and Sirola — Mamma Mia! These two lads have class and like to pour it on Hoed and Hartwig were in for a shock when they stepped on the courts. This was supposed to be routine triumph for the Aussies. As it turned out, they had to fight for every point and it wasn't until they broke Pietrangeli in the 11th game of the third set that they breathed easily. Then Hartwig held his own service at love for the match.

Hoed, who has his ups and downs, was down. He netted many easy shots — shots that an experienced operative should have put away with ease. In fact, had the Italian lads a little more experience, they might have won it.

In the second set, for example, they had the Aussies on the ropes. They were leading 5-4 and Hoed was serving. He banged two returns into the net and found himself behind 40-0 — the Italians at set point. He proceeded to bash his racket into the turf, but pulled himself together enough to win the game.

## Royals Smack Leafs 7-3 In First Tilt Of Showdown Series; Havana Drops One To Chiefs As Jets Win

If the Toronto Maple Leafs figured to waltz back into the International League lead against Montreal they better forget it. The Royals are playing their best when the chips are down.

Montreal, which snatched first place from Toronto last week but hadn't been able to build up much of an edge, smacked the Maple Leafs 7-3 Monday night in the first game of their showdown series and moved into a one-game lead.

In other games the Havana Sugar Kings dropped 2 1/2 games off the pace by dropping a 7-2 decision to the Syracuse Chiefs. The Rochester Red Wings defeated the Buffalo Bisons 8-6 and the Columbus Jets trounced the Richmond Virginians 8-0.

Tom LaSorda threw a six-hitter at the Maple Leafs, to gain his fifth victory in 13 decisions. Rocky Nelson put the Royals ahead 2-0 in the first inning with a two-run homer. Mario Picone, who was relieved by Eddie Blake in the seventh, homered for the Leafs.

Jim Owens racked up his 13th victory and his seventh in a row as he set down the Cubs on seven hits.

The Red Wings began with a five-run outburst in the first inning to open their final home stand. Duke Markell gained his 12th victory against 11 setbacks although he needed help.

The Jets shutout the Virginians for the second straight day as Ossie Van Brabant hurled a neat four-hitter. Van Brabant gained his first victory since July 16 and only walked one man.

Tony Trabert Shows Good Form Following Return  
Brookline, Mass. —(P)— Tony Trabert, the U.S. Davis Cup team ace sidelined for two weeks with a shoulder injury, displayed his old-time power yesterday as he teamed with Vic Seixas to gain an easy first round victory in the 75th national doubles tennis tournament at Longwood.

all sections of the court without showing any after effect of a pulled muscle in the shoulder which sidelined him early this month.

His showing boosted American hopes for retention of the Davis Cup against Australia in the challenge round Aug. 26-28 at Forest Hills, N.Y.

Trabert said after the match his shoulder felt "fine" and did not trouble him at any time. Trabert said he was "pleased" by his key man's performance but wants to give Tony plenty of practice this week.

## Yanks Move Back Into Top Spot; Homers Hold Spotlight As Red Sox Win; Ted Williams Hits Grand Slam

You can't always tell the depth of the well by the length of the handle on the pump.

Which is to say, both Cleveland and New York have won six of their last seven games in the ding-dong American League race, yet the Yankees have pushed the Indians out of first place.

The Yanks, who have played and won one more game than the Tribe, slipped back into the lead by a half-game Monday, walking off with their second doubleheader sweep at Baltimore in two days 5-4 and 12-6.

Cleveland and third place Chicago, now 1 1/2 games behind were idle.

In the only other game, fourth place Boston stayed 3 1/2 games back by smacking Washington 8-4 in a way of a warm up for yet another crucial series with the Yankees opening tonight in the Beantown.

And as Cleveland gets back to action tonight at Detroit and the White Sox play at home against Kansas City, here's the way the race stands:

	W	L	Pct.	GBL
New York	71	46	.607	—
Cleveland	70	46	.603 1/2	
Chicago	67	45	.598 1 1/2	
Boston	67	49	.578 3 1/2	

Home runs powered the Yanks back into the driver's seat, with Hank Bauer's solo shot in the ninth inning, his third in three games, breaking up a 4-4 tie in the opener. In the second game, Mickey Mantle unloaded his 28th with two men on to give the Yanks an 8-0 lead in the fourth, then belted No. 29 to make it

10-2 in the sixth inning.

At Boston, Ted Williams made the big noise, belting a grand slam homer that made it a 6-0 ball game in the second inning. Washington chased Mel Peralta with four in the third as Roy Sievers homered with two on, but southpaw Leo Kiely shut them off with one hit the rest of the way.

Williams' homer, his 20th of the year, was his 13th grand slammer, tying him with Ralph Kiner among active players.

In the lone National League game, Milwaukee slammed St. Louis 12-1. Willard Schmidt, who one-hit the Braves last week, was the loser, giving way in the fifth as Milwaukee made it 5-0. Eddie Mathews hit his 31st homer with one on in the first for the Braves. Warren Spahn won his 11th game of the season and drove in three runs with a triple and home run

## Canadian Open Gets Underway Minus Julius Boros Tomorrow With 195 Ready To Battle It Out For Honors

Toronto. —(CP)— The 72-hole Canadian Open starts at the suburban Weston golf club Wednesday—without Julius Boros, golf's No. 1 celebrity, Julius is probably too busy counting his money.

The Fairfield, Conn., shotsmith was entered in the \$15,000 open but tournament officials haven't heard a peep from him since he hit golf's all-time high jackpot Sunday in the "world" championship at Chicago. That victory was worth \$50,000 in cash and \$55,000 in exhibition contracts.

Officials have completed the draw for Wednesday's 18-hole round. There's Sam Snead, the old pro from White Sulphur Springs, W.Va. There's Chattanooga's terrible-tempered Tommy Bolt; the power-hitting George Bayer from South Pasadena, California, but no Boros.

"We didn't even figure on Boros after his big win at Chicago," one tournament official said. "The guy has too much on his mind to hit the tournament trail so soon after winning the big one."

Even without Boros, officials are ballyhooing this as one of the best and biggest in the tournament's 46-year-history. It could be one of the biggest—at last count 195 professionals and amateurs were listed to meet the starter's call when play starts Wednesday morning on the 6,428-yard, par—72 layout.

Included in this big field are three former open champions—Snead won the title in 1938 and again in 1940-41. Dave Douglas, the lean golfer from Newark, Del., took the honors in 1953 and Pat Fletcher of Saskatoon is defending titleholder. Fletcher became the only Canadian to win the title when he beat out a big field at Vancouver last year.

Also in the field are golfers who finished high up in the Chicago Tam O'Shanter. They are Freddie Haas of New Orleans who took the \$10,000 second prize; Wally Ulrich of Rochester, Minn.; Gene Littler of Palm Springs, Calif., and Bo Wininger from Oklahoma City, Okla.

At the end of 36 holes the field will be reduced to the low 100 and ties and on completion of 54 holes, it will be further cut to the low 60 and ties for Saturday's final 18.
