World News In Brief

Canberra, Aug. 21.—(P)—Australian newspapers today rejected an appeal from Prime Minister Robert G. Menzies not to print reports of new government plans to deal with possible communist sabotage. The reports were obtained from a cabinet minister whose name was not mentioned. Publishers, after hurried conferences, jointly decided no valid security reasons existed for killing the story. After first editions of Australian papers hit the streets Menzies withdrew his request for voluntary censorship.

Niagara Falls, N.Y., Aug. 21.—(P)—An overdose of cocktails made with shellac and sherry has caused the deaths of five men here since Monday, county coroner Dr. James W. Heary said yesterday.

Chicago, Aug. 21.—(P)—The independent farm equipment electrical workers' union called a strike last night at 10 International Harvester Company plants in three states after contract negotiations broke off. The union called 25,000 workers off the job, declaring "the company has asked for a fight and is going to get a hell of a licking."

Seoul, Korea, Aug. 21.—(P)—President Syngman Rhee and James A. Van Fleet today used words and shovels in support of a program to clean up and rebuild Seoul. The two addressed hundreds of Koreans in a bomb-out lot. The president and the United States Eighth Army commander picked up shovels and scooped up dirt and debris in the lot to start the clean-up drive.

Osaka, Japan, Aug. 21.—(P)—The monks at Tennoji temple have set up a beauty parlor and plan a hotel and restaurant. The black-robed monks have gone commercial to pay for upkeep of the temple.

Havana's Journalists May Strike

Havana, Cuba, Aug. 21.—(P)—Havana's journalists today considered a possible 72-hour protest strike as tension mounted over the abduction and beating by police of columnist Mario Kuchilan of the newspaper Prensa Libre. The city's association of journalists announced yesterday it will consider calling a strike in protest against the attack.

The announcement came shortly before two policemen were jailed on charges of "insulting and slapping" reporter Martin Liralidi of the same paper.

The association demanded that president Fulgencio Batista's government find the newspaper man's assailants within 72 hours. Kuchilan was abducted from his home here Sunday and beaten into unconsciousness on a country road. He blamed Batista's troops for the attack.

Batista denounced the assault as a "reprehensible outrage." In a letter published by the newspaper Alerta, Batista said the interior and defence ministries and the chiefs of the army and police have been ordered to make a thorough investigation.

Liralidi's troubles apparently had no connection with the Kuchilan case. They began when he tried to persuade a policeman not to move a cab driver usually stationed in front of the newspaper office.

Blacklist Of Employers Stirs T. L. C. Controversy

By JOHN LEBLANC
Winnipeg, Aug. 21.—(P)—A controversy over the question of tagging employers as "unfair to labor" was due to be renewed today at the annual convention of the Trades and Labor Congress of Canada. A vote was expected on the question of whether T.L.C. organizations should be allowed a free hand in putting employers regarded as against labor on the "unfair list." The Congress spent a considerable part of its annual convention yesterday arguing the point. The T.L.C. executive itself wants the use of the blacklist weapon restricted, but spokesmen for several unions held there should not be these tie-downs. At present, under an executive ruling of a few months ago, T.L.C. labor cannot blacklist an employer if he has a contract with some employees in a Congress affiliate. The debate produced sharp differences on the worth of this stand. The Congress heard reports yesterday also from spokesmen for its affiliates in the United States and the United Kingdom, the American Federation of Labor and the Trades Union Congress.

Communist Party Congress May Give Clue To Stalin's Choice Of His Successor

Princess Margaret Is 22 Today

PRINCESS MARGARET

Balmoral, Scotland, Aug. 21.—(Reuters)—Princess Margaret, the world's most eligible Princess, today celebrated a 22nd birthday that was filled with memories. A year ago her father, King George VI, was on the throne of England. And here in Balmoral castle father and daughter stood side by side as Margaret blew out the candles on her birthday cake. It was from Margaret's birthday celebrations at Balmoral that the King hurried to London for an urgent lung examination. A few weeks later he had a serious operation, and in February he died.

She moved up to become third in succession to the throne—the two young children of her sister, the Queen, have precedence—but she lost most of her gay sisters.

The carefree Princess became subdued, her night-club jaunts stopped, and she stayed most of the time with her mother, Queen Mother Elizabeth. Many friends think it is time Margaret married but she seems to show little indication. One by one she has watched prospective suitors marry others in recent months.

There are few rumors of romance these days, although matchmaking for Margaret was once the favorite pastime of London gossip writers.

Her sister, the serious-minded Elizabeth who became Queen at 25, married when she was 21. Their mother wed at 23.

Margaret is fond of her sister's children, Prince Charles, 4, and Princess Anne, 2. They were giving her birthday presents today.

Telegrams and letters of congratulation arrived at Balmoral in a steady stream. Each one must be answered by Margaret or her secretary.

The Queen, the Duke of Edinburgh and the Queen Mother had lunch with Margaret, and will probably gather for a formal family dinner tonight.

Seoul, Aug. 21.—(P)—Thirty American soldiers were swept from a sandbar Monday by a flash flood caused while a typhoon whiplashed South Korea. The Eighth Army disclosed today that four bodies have been recovered.

Georgi Malenkov Is Mentioned As Man Most Likely To Succeed To Premiership.

By JOHN A. SCALI

Washington, Aug. 21.—(AP)—A solid clue pointing to Russia's next ruler may emerge from the full-dress meeting of the communist party congress in Moscow Oct. 5.

And United States diplomats will not be surprised if 50-year-old Georgi Malenkov steps up as Josef Stalin's personal choice as next Russian Prime Minister. In fact, some suspect Stalin's aim in staging the whole affair may be to give a formal, open hint as to who the next boss should be.

This may be Stalin's way of lessening the possibility of a bloody struggle for power, after he dies.

Stalin's heir apparent could be the man who is chosen to be chairman of the new praesidium, to be organized at the meeting to replace the politburo.

The 12-man Politburo, now the top governing body, has no chairman or chief executive. But a praesidium under the Russian set-up generally does have one.

Anyone picked for this job would automatically be the most important communist in Russia next to Stalin.

It is entirely possible that Stalin himself will be designated chairman of the new praesidium. But, if so, why for the first time since 1925 is he not to give the main address to the congress, the report of the central committee?

Malenkov is now scheduled to give this report, the most important thing on the agenda.

Furthermore, neither Marshal Lavrenty Beria, head of the Soviet secret police and deputy premier Malenkov's main rival, nor deputy premier V. M. Molotov, is scheduled at this time to play a prominent role in the congress party session. This may be a clue that Molotov is being pushed into the background, since he read the new five-year plan at each of the two previous congress meetings, in 1934 and 1939.

Molotov is 62 and his age has been considered a factor against him. Malenkov was a key figure in setting up the cominform, the guiding Soviet policy bureau for Russia's eastern Europe satellites.

The production, titled "Canadiana," is headlined by American crooner Tony Martin, but most of the supporting artists are home-grown talent. Another show has a bigger cast. More than 700 entries have been received for the baby contest.

The lake which rings the southern edge of the grounds, will be a busy spot. Paratroopers from Camp Shilo, Man., will drop into the water several times a day, while a group of young ladies perform a ballet on water skis nearby. Agricultural officials expect a record number of livestock to arrive next week. There will be dairy, beef and dual-purpose cattle, horses, swine and sheep as well as fruits, vegetables, grain and other farm produce.

Judging of dairy cattle starts next Thursday and judging of beef breeds will begin Sept. 1. Border regulations will keep American cattle out of the C.N.E. this year, but the same regulations are expected to hold much good Canadian cattle in this country for the show.

Judging on the large cheese entries opened yesterday, first of the exhibition judges' chores.

The gates open at 9 a.m. tomorrow but the C.N.E. will be officially opened in the afternoon by Governor-General Vincent Massey.

At about the same moment some 40 husky swimmers will plunge into Lake Ontario for the start of the \$10,000 10-mile marathon swim.

The government announced last night the appointment of Gen. Kamal, military governor of Abadan, as new chief of police.

Martial law was reimposed yesterday after clashes between members of the outlawed pro-communist Tudeh party and fascist elements earlier this week. It will last for two months.

Martial law was lifted Aug. 12, the day after Premier Mohammed Mossadegh was voted absolute powers. Meanwhile, Mossadegh struck another blow at Iran's rich ruling class by telling them to pay up back taxes at once, or face jail and loss of their land. Mossadegh ordered an investigating committee set up to look into tax delinquency.

Storm Kills One At Missouri Fair

Sedalia, Mo., Aug. 21.—(AP)—A wind and rain storm today swept the Missouri state fair grounds, killing one person, injuring 12 and causing extensive damage. High winds destroyed ferris wheels and other carnival rides and wrecked buildings. The storm came when the fair was not in operation. Storms also caused damage in other parts of the state.

Arolsen, Germany, Aug. 21.—(Reuters)—The West German government has definite information that two-thirds of the 750,000 German civilians deported to the Soviet Union since the war have died. Refugee Minister Luaschek said yesterday.

Toronto's Ex Will Begin Tomorrow

Toronto, Aug. 21.—(P)—Some 3,000 workers scurried about the 350-acre grounds of the Canadian National Exhibition today putting the world's biggest annual fair in order for tomorrow's opening. Officials hope 3,000,000 persons will visit the two-week show. Some 2,699,000 clicked through the turnstiles in 1951 to see the 72nd edition of the "Ex."

Exhibitors were still scrambling for space today as workmen strung miles of colored lights and daubed gaudy paint along the mile-long midway. Ivan Brodie, exhibit space manager, said space rentals will bring in \$500,000.

One of the many foreign exhibitors, the Society of Motor Manufacturers and Traders, from Britain, moved a display of cars, trucks and motorcycles under a huge tent, covering almost 35,000 square feet.

Fair-goers, used to glittering high-priced talent in the nightly grandstand show, find a group of school children billed as one of this year's major attractions. The Do-Si-Eds, 20 youngsters, ranging in age from six to 12 years, from Lacombe Roman Catholic School Calgary, will whirl through square dances before some 26,000 spectators.

The production, titled "Canadiana," is headlined by American crooner Tony Martin, but most of the supporting artists are home-grown talent. Another show has a bigger cast. More than 700 entries have been received for the baby contest.

The lake which rings the southern edge of the grounds, will be a busy spot. Paratroopers from Camp Shilo, Man., will drop into the water several times a day, while a group of young ladies perform a ballet on water skis nearby.

Crew Rescued After Ships Collide In English Channel

Dover, England, Aug. 21.—(P)—Two British lifeboats early today hauled the 37-man crew of the American Liberty ship Western Farmer from the gale-swept English channel after the freighter, rammed by a Norwegian tanker, split in halves and sank.

The lifeboats landed Capt. Gunnar Utvik of Galveston, Tex., and the rest of his crew—some bruised and battered but all safe—at this famous old port of southeast England and at nearby Ramsgate.

The 11,732-ton tanker Bjorgholm, out of Oslo, came through without serious damage. She stood by until the rescue boats picked up the crew of the ill-fated 7,239-ton Western Farmer. The collision occurred shortly before 10 P.M. last night in a wind driven rain near the Goodwin Sands, the "Channel Graveyard" eight miles off the southeast coast of England.

The tanker's bow, one survivor related, smashed into the freighter amidships—"right into the radio room." The crash put the U.S. ship's engines and radio out of action, but emergency signals from a Liberian ship nearby brought rescue craft. As searchlights from the rescue

Eisenhower Blasts Centralization, Calls For Middle-Of-The Road Policy

West German Socialist Chief Dies

Bonn, Germany, Aug. 21.—(P)—The strongest foe of west German rearmament and alignment with the west, socialist chief Dr. Kurt Schumacher, died last night. He was 56. The fervent leader—second only to chancellor Konrad Adenauer as a political force in post-war Germany—succumbed to a circulatory ailment. A cripple with only one arm and one leg, he had been ailing ever since his health was ruined in Nazi concentration camps.

Socialist party headquarters said funeral services will be held in Bonn Saturday, with burial in Hannover on Sunday. The soft-spoken socialist party vice-chairman, Erich Ollenhauer, is scheduled to inherit Schumacher's party leadership. The opposite in appearance and actions to his fiery predecessor, Ollenhauer is expected, however, to keep pushing the socialists on the same nationalistic course—opposed to communism on the one hand and European federalism and common defence on the other.

It remained to be seen how the loss of Schumacher's leadership would affect the socialist campaign against ratification of a pending peace contract and military pact with the western allies.

Schumacher was a long-time socialist, but one whose political faith was founded on intellectual belief rather than personal experience as a laborer. The son of a Prussian official, he studied law and the labor movement and entered politics as editor of a provincial social democratic paper.

He first became crippled during the first world war, losing an arm fighting in the Kaiser's army.

The Nazis threw him into a concentration camp in 1933. Ten years of brutalities and poor food permanently weakened his stomach.

After the second world war he opposed the communists in Germany with the same spirit he had shown against the Nazis.

Amputation of a leg after he was stricken with thrombosis in 1947 failed to dampen his fervor. A bachelor, he was able to get about only with the aid of a human crutch, a devoted woman secretary.

Air Marshal Curtis Will Visit Europe

Ottawa, Aug. 21.—(P)—Canada's air chief is going overseas to see how facilities and planning for the buildup of Canadian air strength in Europe are coming along. Air Marshal W. A. Curtis, chief of the air staff, leaves Friday for Britain and France, about a month ahead of the wing of three squadrons of jet fighters scheduled to fly to France in the first two weeks of October.

In his two weeks abroad, it is expected Air Marshal Curtis will inspect the two airfields now allocated to the R.C.A.F. on the continent and look at others which have been suggested for Canadian use.

The first two are near Metz, France, and Zweibrücken, Germany. They are roughly 50 miles apart. The wing slated to arrive in the Metz area in mid-October is the second of four in the air division Canada has promised to have in Europe by 1954. The first is at North Lufenheim, England, and will remain there for another couple of years, much to the pleasure of the British government.

Prime Minister Churchill himself has expressed warm satisfaction to Defence Minister Claxton at having Canadian strength to bolster Britain's air defences.

Air Marshal Curtis will visit the wing at North Lufenheim as well as the headquarters of Gen. Lauris Norstad in Paris, the headquarters under which the Canadian air division will come. He also will see the R.C.A.F. officers doing the planning for arrival of the division.

The airfield situation now is the key to whether Canada meets her commitment to have an air division of 12 squadrons in Europe by 1954. The R.C.A.F. says there is little chance the Canadian won't be ready but the airfields may not be available in time to accommodate all of them on schedule.

The air chief also plans to have a look at this year's edition of the famous British Farnborough air show, the big demonstration of what Britain is doing in the aviation field.

Massive Air Raids Staged In Korea

Seoul, Korea, Aug. 21.—(P)—United Nations B-29 Superforts, B-26's and fighter bombers left communist factories, stockpiles and troop installations in flames today in two massive raids over Northwest Korea.

Thirty-eight Okinawa-based B-29's last night and early today hurled 350 tons of bombs on Pyongyang, the North Korean capital, after civilians were warned to get out. The air force said the big bombers rumbled 400 acres of troop, supply and industrial areas and left huge fires burning. All 38 planes returned safely, despite Red anti-aircraft fire and fighter opposition.

The Osu raid was the third big allied bombing of communist targets in two days. The air force said 59 buildings were destroyed Wednesday in a 200-plane smash at the Red build-up area near Yangyang, 25 miles northwest of Pyongyang.

United States Air Force Sabre jets destroyed three communist Mig-15's and damaged two more over Northwest Korea Wednesday.

Life Confuses Korean Farmer

Montreal, Aug. 21.—(P)—Mike Woodik, 65, a shoemaker of MacKayville, Que., south of Montreal, was killed early today by two blows from the head of an ox. Police said they were looking at some exhibition, 70, for questioning.

Police said the man had apparently been struck while in bed. The blows caught Woodik on the left side of the temple.

The victim's wife ran from the house and halted a passing patrol car.

Margaret Truman's Visit To Sweden Causes Incident

Washington, Aug. 21.—(P)—The question of whether Margaret Truman's armed bodyguard rough-housed Swedish citizens ping-ponging across the Atlantic today, trailing official denial, comment—and silence.

Swedish newspapers Tuesday reported what they called "tough-guy" tactics used by three secret service agents accompanying the President's daughter on her European tour. The Express said the bodyguards flung aside a photographer who tried to snap Miss Truman's picture, and kept reporters and photographers outside Stockholm's town hall while she visited it.

Aftonbladet, Sweden's biggest newspaper, flung a barb that has all Washington talking: "Miss Truman is not in danger of her life in Stockholm. . . We understand that she is not going to sing here."

The White House bounced back an unequivocal denial. Joseph Short, the President's press secretary said: "Our preliminary reports indicate there is not one word of truth in any of the stories alleged to have been published in the Swedish newspaper."

The state department, Short said, was expecting reports from the Swedish police.

The Swedish foreign office, meanwhile, had begun its own investigation. Stockholm dispatches said it wanted to know by what right Miss Truman's bodyguard was armed in Sweden, where even the police are traditionally unarmed.

The U.S. secret service, also traditionally, arms its agents whenever they are on duty. Short gave this version of the reported incident at the Stockholm town hall: "One photographer approached one of the agents at city hall and asked if Miss Truman would permit her picture to be taken. She was looking at some exhibition, and the agent said she preferred not to be photographed at the time."

"The photographer asked if any other photographers were present inside the building and was told there were not. "That ended the incident. It was just a very calm discussion."

The Swedish foreign office backed up Short. It said in a statement that the agent had simply said: "No pictures, please. United States Ambassador Walton Butterworth said virtually the same thing. He called the state department, quoting the special agent in charge of Miss Truman's bodyguard as saying about the city hall incident: "There was no discussion, no

Campaign In Chile Is Noisy

Santiago, Chile, Aug. 21.—(P)—Loud music and louder wall signs are the chief outward signs of the Chilean Presidential campaign now going on. The voting, to elect one of four candidates, will take place Sept. 4.

Loudspeakers blare out a mixture of tangos, sambas and rumbas, intermingled with praise for one or another of the men who want to succeed President Gabriel Gonzalez Videla. Automobiles out-fitted with loudspeakers roar out advice about the candidates.

Complaints about the racket get little action because the government is bent on maintaining absolute freedom of speech throughout the campaign.

Accompanying the second is the handwriting on the walls—tar, pitch, paint or printed posters. Garden walls in exclusive residential districts and the walls of buildings are plastered with signs, of ten depicting opponents in impolite terms.

Chilean laws say house fronts must be clean on Sept. 18, Chile's independence day. That means that within two weeks after election day there is going to be a lot of whitewashing.

The four candidates are: Lawyer Pedro Enrique Alfonso, 49, the government candidate; retired General Carlos Bianez, 74, former President; Senator Arturo Matte, 59, right-wing party candidate; Dr. Salvador Allende, 44, vice-president of the Senate and candidate of the left, including the outlawed communist party.

Women are voting for the first time in Chile at this election. Eligible to vote are 328,404 women, 776,625 men.

The main campaign issue is inflation.

Life Confuses Korean Farmer

With The U.S. Eighth Army, Korea, Aug. 21.—(P)—Somewhere in Korea there is a farmer who never will forget this day. He was plowing a field when his ox stepped on a mine. The ox was blown to bits, the farmer scratched on the chest.

Allied troops took him to a nearby hospital for treatment. A little iodine and some bandage patched him up nicely, and he offered to help around the hospital tent.

He got sleepy, lay down on a stretcher inside this tent, and soon was fast asleep.

A helicopter landed to pick up a wounded soldier Marine and fly him to a hospital ship in Incheon. Medics picked up the first stretcher and lashed it to the outside of the helicopter.

The farmer awakened high in the air. He believed earth lay several thousand feet below. Only a thin piece of canvas held him aloft.

On the ground at Incheon, the farmer made his plight understood—between gasps. The pilot flew him back, this time inside the helicopter.

The farmer trudged slowly back to his field, still shaking his head.

Montreal, Aug. 21.—(P)—Mike Woodik, 65, a shoemaker of MacKayville, Que., south of Montreal, was killed early today by two blows from the head of an ox. Police said they were looking at some exhibition, 70, for questioning.

PREDICTION: WEDDING BELLS FOR JANET BLAIR OF 'SOUTH PACIFIC'

Hollywood — Hollywood and Grapevine: There's a man in "South Pacific" that Janet Blair isn't going to wash right out of her hair—and I'm predicting wedding bells.
Admitting a romance with Nick Mayo, the company's stage manager, saucer-eyed, talented Janet told me:
"It's a thing, but at this moment I don't have any marriage plans. But mind you, I'm saying 'at this moment' because maybe I'll change my mind."
Nearing her 1000th shampoo in her third season as Nellie Forbush with the romantic musical, Janet now can leave the show on two months' notice and the movie and TV offers are pouring in. Her career blueprint?
"Whether I do a movie or a TV show it must be good and intelligent. I'm the original 'Give-the-public-a-break girl.' A film-musical? I'd just as soon do a comedy or a drama—so long as there's a solid idea behind it."

Rural Dean W. C. Dunn Is Honored On Leaving Parish At Fitch Bay

Fitch Bay, Aug. 21 — Over one hundred friends and parishioners in the mission of Fitch Bay, and Georgeville gathered in Canon Gustin Hall, on Thursday evening in honor of Rev. W. C. Dunn, who left August 18, to take up work in his new parish of Cookshire.
Mr. J. C. Cochrane, of Georgeville, acted as chairman and in a brief speech, expressed the deep regret felt by all at Mr. Dunn's departure, speaking of his willingness to serve and especially mentioning his calls to the sick. He said that when Mr. Dunn entered the sick room, he brought comfort and cheer to the occupant.
He then asked Mr. Dunn to accept a purse of money from his friends of St. Georges Church.
Mr. B. J. Hastings, of Tomiobia, spoke of the sincere and deep regret felt by both Fitch Bay and Georgeville and expressed the hope that he would have less work, making humorous reference to the extremely rough roads at Tomiobia over which, Mr. Dunn had been forced to travel during his four years' stay here. He had worked very hard in the parish and endeared himself to all. Mr. Hastings then presented Mr. Dunn with a purse of money from St. Andrews and St. Matthias Churches. Mr. D. Ramage was the next speaker, representing the Canadian Legion, of which, Mr. Dunn was chaplain. He said the dean was most loyal and attended every meeting giving his support and encouragement to all matters pertaining to the organization.
As a token of the Legion's esteem and friendship, he presented a cheque. Mr. Cochrane, then called upon Rev. C. J. Gustafson, formerly of Beebe and now of St. Paul's Church, Magog, who spoke of his pleasure in receiving an invitation to attend and of the very pleasant and cordial relations which had existed between Mr. Dunn and himself. He mentioned especially his appreciation of his kindness in calling on the sick members of the United Church. Mr. Gustafson said it was impossible many times to have a United Church minister on the spot at these times and that not only spoke for himself but for the United Church. When he expressed thanks for all, Mr. Dunn had always done in this way and wished him God Speed and kind wishes to him and his family in his new field of labor.
Mr. Dunn expressed his thanks for the gifts and the spirit of goodwill shown him by those present and for all the kindness shown him and his family while here.
He said he had made many warm friends and he regretted leaving, going on to say that earlier in the year, he was asked by the Archbishop to take up work in another parish, but upon considering it, felt that would be of no more service than where he was. However, when later, he was asked to go to Cookshire, he felt he should accept. He spoke briefly of his successor, who will be arriving soon. The company then

stood and sang "For He's A Jolly Good Fellow." Refreshments were then served by members of the Guilds, under the direction of Mrs. Alger, Mrs. Hornby, Mrs. D. Dolloff, and Mrs. Cooke, after which, an hour's dancing was enjoyed. Mr. and Mrs. Jack Keeley, of Tomiobia, kindly supplying the music. The singing of "God Save the Queen" brought the evening to a close.

The re-issue of "King Kong" is lighting up the sky as the year's most fabulous success story. Filmed 19 years ago by Producer Merian C. Cooper (now John Ford's film partner) at a cost of \$900,000, the film originally made \$2 million. Now it's expected to gross \$6 million.

Joint Charter Anniversary Banquet Held By Local, Newport Kiwanians

"It must be fun to be a woman." O. A. Trudeau, general passenger traffic manager, Canadian National Railways, Montreal, told Kiwanians from the Sherbrooke and Newport, Vt., clubs at a joint charter night meeting held at Hillcrest Lodge last night.

KIWANIS CHARTER NIGHT: Pictured above are the head table guests who attended the joint charter night of the Sherbrooke and Newport, Vt., Kiwanis Clubs at Hillcrest Lodge last night.

Mr. Trudeau, a past president of the St. Lawrence Kiwanis Club, of Montreal, chose as his subject, "I wish I were a woman."

"You ladies are without a doubt the most fortunate group of women who were ever gathered under one roof," he said.

"It is a popular fallacy that women are as changeable as a baby's underwear, but that is a fallacy. For singleness of purpose, nothing beats a woman, except a golfer trying to get rid of a slice."

"Fellow Kiwanians, did you ever wish you were a woman? A woman has only one customer. I don't care what a man's business is, he has a lot of customers and he must please every one of them in order to be successful. It is proverbial that the customer is always right. So every day, all day, your husband, my dear ladies, be he an obstetrician or mortician or the practitioner of any profes-

sion, business or trade, which cater to humanity between birth and death, he must smile, he must be cheerful, he must be ingratiating, he must cultivate a lot of new people and eternally strive to please his customers.

"If I were a woman and could devote all my time to one customer, I would study him like a problem in algebra. When I had worked out the answer, I would make him happy and have everything I wanted, his money, his admiration, his loyalty, his deep and sincere love. I would have my one customer running home to me like a homing pigeon flying to his cote.

"You know, ladies and gentlemen, I would actually like to be a woman. Women are smart as the dickens. All the money I have earned in my life I have spent trying to make one of them happy. All the money I ever expect to earn I intend to spend making my wife and daughters happy. If it were not for them, I wouldn't care to have my money because I wouldn't know how to spend it. They have paid me so well in kindness, in understanding, in flattery, in praise, in sheer joy of their society, that if no woman had me for a customer, I would stop working and spend all my time fishing.

"It must be fun to be a woman," he concluded.

Introduced by Newman Hunter, past president of the Sherbrooke Club, the speaker was thanked by Earl Liddell, president of the Newport Club.

Rev. Ross Adams gave the invocation, Bill Black and Tony Marcotte led the group in songs.

Head table guests included in addition to the guest speaker and Les Memory, president of the Sherbrooke Club, who acted as chairman for the evening: Mrs. Memory, Mrs. Trudeau, Mr. and Mrs. Newman Hunter, Mr. Liddell and Mr. and Mrs. Bob Hunt, of Newport, Vt.

Stampede Of Gentle Sex Injures One

The hurly-burly that has been visited upon the J. A. Savard Ltd. store, King west, where huge mobs of bargain-hungry customers, mostly of the "gentler" sex, have been attending the fire sale, erupted yesterday and injured one person.

Mrs. Paul Laflamme, 35, of 1651 First Avenue, suffered a cut arm around 1:30 yesterday afternoon as she was pressed against a front window by women who were plunging through to get outside. The window was smashed under the strain of the combined ladies' weight.

Mrs. Laflamme, who had been waiting to get into the store at the time of the mishap, took a Larabee bus to St. Vincent de Paul hospital where she received first aid treatment to her cut arm.

Francine Volante's Death Leap Will Feature Grandstand Show

Never before have the people of Sherbrooke had the opportunity of seeing anything like the sensational "Death Leap" of lovely Francine Volante, who will be featured at the Exhibition next week.

Only a real and traditional circus performer with the blood of many international artists in her veins would attempt such a stunt. With never a thought of her own safety this young girl does a daredevil leap from a small platform far above the ground into nothingness, grasping for the faraway trail trapeze.

Needless to say it is one of the most daring and dangerous stunts anybody could attempt because, a miss, and there's nothing below but the ground. There's only the trapeze to grasp and to hold on to.

The leap of death is one of the most daring stunts ever attempted by any circus star and nobody except one born and brought up in the tradition of the sawdust and the Big Top would ever attempt it.

When she runs and leaps from the platform there will be plenty of chills in the area of the spines of the spectators. They will gasp as she leaps out into thin air and grasps for the slim trapeze. Officials of the E.T.A.A. secured the sensational Miss Volante for the fair through the office of George A. Hamid and Son of New York.

Desiraux is still in St. Vincent de Paul Hospital, in fairly serious condition.

The accident was investigated by Provincial Police Traffic Officer Rosaire Daigle. Dr. Louis Gagnon, district coroner, presided at the inquest which had been postponed pending recovery of key witnesses.

He is a patient at the Sherbrooke Hospital.

Hackett, Q.C., former Member of Parliament for Stanstead County and other members of the Stanstead county Progressive Conservative Association.

Mr. Drew had been scheduled to spend four days on a goodwill tour of the Eastern Townships but the imminence of a number of federal by-elections caused him to cancel the visit with the exception of the journey to Ayer's Cliff.

Becky Quits Fishing But Lands Dandy

Rock Island, Aug. 21.—Becky Humphrey of Rock Island has the answer for fishermen who can't get the fish to bite. Just be unchalant about the whole thing and let the fish come to you.

Mr. and Mrs. E. Humphrey and their children, Brian and Becky, spent part of their vacation at their cottage on Lake Massawippi. One day recently the children decided to go fishing and anchored their boat in a likely-looking spot. They stayed there a long time and it was three-inch perch was the only reward for their efforts.

Disgusted, they decided to go home. Becky left her perch on the line, dragging behind the boat as they rowed home. Suddenly the line started to reel out and when the children began to pull it back in they found their perch had grown to sizeable proportions.

RHEE IN KOREA

United Nations forces in Korea are there primarily for the purpose of discouraging aggression. If they thought they were to uphold democracy they would be somewhat surprised at the way it functions there as demonstrated in recent elections.

Dr. Syngman Rhee, the 77-year-old president, has been overwhelmingly re-elected. But this happened only after he had used considerable pressure on the Assembly to change the constitution so as to permit election of the president by direct vote of the people.

Dr. Rhee's party, called Liberal, named the Home Minister and Police Chief Lee Bum Suk as vice-presidential candidate. He has been accused of strong-arm tactics on behalf of Dr. Rhee, and heads the youth corps which disrupted opposition meetings. But Dr. Rhee personally backed Ham Tai Yung, partly because he is a North Korean and so symbolizes unification of Korea, partly perhaps because he is a year older than Dr. Rhee himself, whereas Lee is much younger.

Korea lived for centuries under absolute rule and for decades under foreign oppression. Democracy could hardly spring full-bloom from its soil overnight, or even in a period of seven years. Nor has the devastation of war aided the development. It is to be hoped that peace will permit a fuller and happier progress in this direction, but present indications are not too favorable.

BEGGARS IN UNIFORM

The Bradford Expositor finds little reason for pride in a Montreal dispatch which told of two 'teen-age students who had returned from a 35-day, 7,000-mile tour of Western Canada that cost them less than fifty dollars and which, for good measure, added that the same pair toured the Gaspé Peninsula last year for only \$7.50. Explaining its distaste for the misplaced pride, the Expositor continues:

Then comes the punch-paragraph revealing how it was done. "Dressed in Scout uniforms," the report concludes, "they had no trouble getting rides, hitch-hiking as much as 500 miles on a good day."

These lads, according to the story, wore Boy Scout uniforms. Were they Boy Scouts? It must be presumed that they were. If they were Boy Scouts, what were they doing violating the rules of good conduct, if not something more serious, by begging?

Because call it any disguising term that comes to mind to ease the conscience—bumming rides is still a means of accepting a handout.

Hitch-hiking, moreover, is something deplorable and sometimes outlawed by the authorities as being potentially dangerous for the soft-hearted and softer-headed motorist and basically demoralizing to the cadging hitch-hiker.

WHAT'S SO SOUR ABOUT CALLING ONE'S CAR A LEMON?

The sympathy of any man who has ever been stuck with an automobile that wants to remain immobile will go forth in a great wave to Marine Cpl. Frank Farkas, of Quantico, Va.

Farkas, a veteran of 11 months of Korean fighting, returned to this country with one of the dreams of every young man returned from the wars. He wanted a car to haul his buddies around in the daytime and his girl at night.

So he bought himself a car 80 days ago—a 1949 sedan. Since then, he said, he'd spent \$600 on it in repairs. That's better than \$7 a day. The dream was becoming a nightmare.

Figuring he didn't have much more to lose on his investment, Farkas decorated his ailing vehicle with the words "lemon" spelled out in bright, gold letters, and for good measure added a few pictures of lemons. That's what he thought of his dream car.

The next thing Farkas knew he found himself in court in nearby Washington, D. C., convicted of driving around the city with lemons on his car. The judge said he was violating a Washington regulation against displays which "ridicule" the maker of an automobile.

Why all the concern for automobiles? You can call your wife a lemon. Might even get by with doing it twice. You can call your boss a lemon, if you keep it low. You can call a movie a lemon, and people like critics even get paid for doing it.

So why can't a young fellow who has bought

himself a car, and presumably paid for it, decorate it just about anyway that pops into his care-free head?

SWORDSMEN IKE AND STEVENSON HAVE YET TO DRAW FIRST BLOOD

By PETER EDSON
NEA Washington Correspondent

Washington. — (NEA) — The dog days of August may be too early to expect anything better. But the presidential campaign thus far has been largely a long-distance fencing match of glittering generalities from both parties.

Political swords have sparkled listlessly in the summer sunlight. Neither swordsmen has drawn blood or been able to yell even one polite "Touche." For spectators on the sidelines, there hasn't been a single play to cheer about.

Governor Stevenson came out of his White House call on President Truman and his cabinet with only the announcement that their plans would be announced later. This left the impression in Washington that what they talked about was the weather and the soup—which are more or less indistinguishable—and the new decor of the White House.

All the visit accomplished was to get the visitor from Springfield that far inside the executive mansion now, if not later.

In Springfield, Governor Stevenson has crawled out on no limb further than necessary to release a couple of trial balloons. This was done by having one of his aides reveal to the press that as of now, the governor would use his influence to curb Senate filibusters and to try to find some way to enforce fair employment practices throughout the nation.

The governor didn't say things himself. An authorized spokesman—whose name never was made public, but whose initials might have been Wilson Wyatt or William I. Flanagan, his manager and press secretary—merely said "em" for him.

The apparent attempt was to see what public reaction would be. But because the statements were so vague, the reaction was nil.

EISENHOWER SPEAKS IN BROAD TERMS

General Eisenhower in Denver has pursued a slightly different course, though with the same effect. The general's press conferences and pronouncements have thus far been in such broad terms that somebody else has had to come along later and say what he meant.

General Eisenhower made one non-political speech before the Veterans of Foreign Wars in Los Angeles. He is scheduled to make another non-political talk before the American Legion in New York.

If Governor Stevenson makes the same kind of talk before the Legion, a whole month of the campaign will have been wasted, with no voter being able to tell what either of these characters stands for.

At the Gallup, N. M., Indian pow-wow, the general told 10,000 red men that they "must exercise their newly granted right of universal suffrage to the full as a demonstration of good citizenship." Somebody else came along later and interpreted this Indian language as meaning that they ought to get out and vote.

The day before, at Denver, the general came forward with the pronouncement: "I would support and press for adoption of legislation designed to lighten the burden of the high cost of living on our senior citizens."

There might be some interpretation that this meant the general had in mind selective price controls or a cost-of-living subsidy for the old folks. But Jim Hagerty, the general's new press secretary, was good enough to come out and explain for the boys that what he meant was increased old-age assistance payments under the Social Security laws.

VAGUE TALK AFFECTS GENERAL'S CALLERS

General Eisenhower's widely heralded huddles with John Foster Dulles on foreign policy have also been a trifle on the uncertain side. Dulles came out of one two-hour conference saying the general agreed with him "that the trend of our present foreign policies is to put our nation in the greatest peril it has been in during the entire course of our national history."

The general reaction to this in Washington was that Dulles and Eisenhower should know. They both helped make those policies and carry them out, Ike in NATO and the ex-ambassador in the UN and the Pacific.

Just how Mr. Dulles is going to abandon the policy of containment of communism and adopt a more aggressive policy, without going to war, he never has explained.

This penchant for vague talk seems to have affected some of the general's other callers. Thus a group of farm state senators and congressmen came out saying: "We know that General Eisenhower, with his family roots in our great farm country, is going to present positive, forward-looking farm policies during the campaign."

Hog markets and grain pits never quivered at this. And no farmer knew what to expect in the way of soil conservation payments. There is, of course, a certain safety in this kind of fuzzy language.

Thus Allan Kline, the farm Bureau Federation head, came out of his conference with Eisenhower, saying that the general "apparently favors a flexible farm price support policy."

But this statement, Mr. Kline succeeded in putting his foot in the general's mouth in a great big way. There will be repercussions on that one for a long time to come.

But when will the candidates themselves get going?

PRESS COMMENTS

WORSHIP OF GOLDEN CALF (Le Nouvelliste, Quebec)

"Canadians are not as democratic as they pretend to be." This affirmation, which is scarcely flattering to our country came from the lips of Lady Alexander, wife of the last British Governor-General of Canada. Who amongst us dare maintain that the assertion attributed to Lady Alexander is false? Worship of the golden calf is old as the world. It is universal. Nobody can successfully contend that any country has completely escaped this brand of worship, not even the country which is most boastful about its democracy. The aristocracy of wealth very easily substitutes itself for the aristocracy of blood, to command the same adulation."

SCOTLAND'S PIPES (Pembroke Standard-Observer)

One has only to hear a piper or pipe band struggling with an old Scottish air such as "The Road to the Isles," which is beyond the capacity of the pipes with their limited compass, to realize that the melody was never intended to be played on pipes but on harp, likely the only instrument known in Scotland when such tunes were born.

A NEW LOW IN FRUSTRATION

Modern Staging Hit At Wagner Festival

Bayreuth, Germany.—(P)—Richard Wagner's grandsons and the modernists have won a two-year fight against the old dragons of theatrical conservatism.

Only a few flickers of flame still erupt from old-fashioned music critics who dislike the super-modern staging of the Wagnerian operatic festival at Bayreuth.

Most are reconciled now to the loss of dusty sets and fussy props. Abstract lighting on an almost bare, elliptical, inclined stage is the new tradition.

No longer are singers floundering in melodramatic gestures through their roles. Their movements are restrained.

Music and symbolism rule the Bayreuth stage. Everything else is subordinated or left out. This is the way producer Wieland Wagner, 34, says his grandfather would have wanted it, if the great musical innovator had lived in the 20th century.

When Wieland, young and untried, took over the 75th anniversary revival of the festival in 1931, veteran patrons doubted whether he was a big enough chip off the Wagner artistic block.

Weathering a violent attack by conservatives last year, Wieland came back this season with his abstract settings refined—but not repudiated.

The 12-month interval gave the majority of critics a chance to second-guess themselves. Their favorable change of opinion is seen here as guaranteeing the continuation of the annual festival for many years to come under Wieland and his brother, Wolfgang, 32, who is business manager.

After all, the converted now recall, it was old Richard himself who once said: "Children, create the new! Create the new!"

It costs \$440,300 to put on a Wagnerian festival, running as it does this year from July 23 to Aug. 25, with an international cast, a large symphony orchestra and a chorus of more than 100.

East German Youth Are Trained As 1st Step Toward New Army

Berlin. (Reuters) — East Germany is teaching 2,000,000 youths to shoot straight and master the rules of partisan warfare.

Since "armed forces" became a keynote of East German politics leaders have mostly appealed to the 2,000,000 members of the Free German Youth, the counterpart to the Soviet Komsomol, to help "defend the homeland."

Tent camps have sprung up throughout the country where police arms experts coach youths to hit the bull's eye at 50 to 100 paces. In the present wave of militarism the highest honor is to win a sharpshooter's badge.

The training, which also includes gliding, parachute jumping, and telegraphy, is no secret. It is reported in youth magazines and has been mentioned in a score of speeches of leading communists during the last two months.

On the whole, youth seems to have accepted it, but many parents are reported to be against it. One of the chief topics in magazines is pacifism and how to uproot it.

25 performances, the box office revenue meets little more than half the expenses. Ticket sales amount to \$238,070.

From the West German government, Bavaria, Bayreuth and the German radio, there are contributions of \$119,000.

Wolfgang to raise from private gifts, large and small, too keep the festival going.

Swedish-born Astrid Varnay and Canadian-born George London, of the New York metropolitan area, sang at the first post-war festival last year and are back again. Roman Viray of Chile scored a personal triumph as Tristan to open this season.

The switch to a militaristic program happened almost overnight.

It began May 1 when President Wilhelm Pieck called for "armed defence" of the homeland. Pledges of fighting loyalty came at once from all parties and mass organizations.

A month later 250,000 youths held a "parliament" at Leipzig. They marched 16 abreast—thousands of them with rifles slung over the right shoulder—bearing canvas portraits of Soviet soldiers clasping tommy guns across their chests. Girls marched in front beating drums.

The enemy was "imperialism." One radio commentator was reported to have said: "Every one of these rifles will hit one American heart."

"Ideological" training accompanies the shooting instruction—to teach youth to distinguish between "just and unjust wars," "militarization and national defence," "pacifism and defence against imperialist aggression."

One official lesson contains the following theme: "We are not against arming in principle, but we are against arming when it serves imperialist mercenary troops. An armed mercenary such as we have in West Germany is the opposite to an armed man who is defending a democratic state in the interests of the people."

The nearest approach to an East German army so far are the Kapos (Kassierte Polizei) or barracked police. This is a force of between 60,000 and 70,000 black-uniformed police formerly called alert units (beretschafte), in existence since 1949. They get military training but have only obsolete weapons.

HERE IS A PLAY WORTH REMEMBERING

Very seldom do you get the chance to make the same type of play in a single hand for three different reasons. This happened, however, to Fred Sheinwald in the recent tournament at Saccandaga Park, N.Y.

West opened the ten of spades, and East naturally played the king. Sheinwald played low instead of winning the trick. He hoped that East's king was a singleton, in which case East would have to shift to a different suit, leaving the ace of spades in the South hand.

This was actually the situation, and East shifted to the ten of hearts. Sheinwald played a low card on this trick also, but his reason was different. If West held both the ace and queen of hearts, the situation was hopeless.

West would then be able to establish and cash the spades. If West had only the ace of hearts, but not the queen, there could be no harm in playing low on the first round of that suit. After all, the ace might be blank.

Once again luck was with declarer. West had to win with his blank ace of hearts. West returned a spade, and South won with the ace. He then led a low diamond from his hand. West played the eight of diamonds, and Sheinwald played a low diamond from the dummy instead of trying to win the trick.

The reason this time was that at least one diamond trick had to be lost no matter how favorably the diamonds were located. Declarer just wanted to make sure that he lost a diamond trick to East rather than to West. Since the eight of diamonds was the lowest outstanding card of that suit, Sheinwald could feel fairly sure that East would be obliged to win the trick.

This, again, was a good guess.

The Record Short Story

HAPPY NOBODY

By HOLLIS STARNES

As chambermaid Katie Kilfeather reached her tiny quarters at the old Hotel San Pedro, haven for struggling showfolk on the Gay White Way's seamy side, the phone was ringing sharply. "Tenth floor linen room," puffed the buxom gray-haired maid. It was a steaming hot midsummer morning; even silted things she'd seen on the subway, bound for work, looked wilted and breathless.

The switchboard girl droned, "The boss wants to see you right away in her office." "What have I done now?" groaned Katie. Swiftly she pulled off her limp navy street dress, shook on a crackling clean apple green uniform, tied her stiffly starched white apron with meticulous care, adjusted her cap at the mirror.

The boss was a stickler for neatness; Old Eagle Eye, the maids called her. Showfolk guests who were behind on their rent had another name for the formidable, sharp-featured woman who held down the double assignment of housekeeper and bill shark. Shyllock, they called Nora Fitzgerald.

Katie had a strange sense of foreboding as she knocked on Miss Fitz's office door. She was so disarmed by the pleasant greeting, "Come in and sit down," she practically fell into the chair across the big desk.

"Before you leave today on your week's vacation," said Miss Fitz, "I want you to know about your promotion."

"Promotion!" gasped Katie. What promotion could there be in a place where each maid worked her own floor, with Miss Fitz as the boss?

"I have to start taking things easier—doctor's orders," she went on confidentially. "This means cutting down either on housekeeping or bill work. The front office can't spare me on that end—since we have more dead beats now than ever before."

"Jobs in showbiz are harder to come by than ever before," Katie observed, dryly. "I need an assistant who'll take charge of the maids, be responsible for room inspection, routine complaints. You've been here longest in point of service, you know how I work. When you get back, you'll be head chambermaid!" gasped Katie.

"It will mean a nice little pay raise," you'll work here in my office," Miss Fitz rose abruptly. "I'm due now on the fifth floor, to padlock a best out of his room. Report here to me Monday week, and meantime—mum's the word."

She was gone before Katie could stagger to her feet. "She pinched herself as she started regular bedmaking rounds on her own floor. After all these years of the same routine, could this be her final day? "If only I could tell the kids!" she sighed—kids being her term for all guests, young and old. "But the boss scold mum's the word."

Every room she went into, she was met by the same banal smile. "What will we do all next week, with you gone!" Little young things asked plaintively how they'd know where to look for jobs, wangle dates.

Wives declared they'd walk out on their husbands, without her to read the riot act on peace at any price. Jobless guests were the worst. Who'd buck up their morale, lend them her tip money for subway fare and snacks, they demanded mournfully?

"This a bunch of spoiled cry-babies yare!" Katie told them all sternly. But her heart was so touched by their need of her, their devotion, affection, she was on the verge of a good cry herself.

Showfolks were children who'd never grow up, she thought, and she thanked God for it. The world as she knew it, had too many old

Helena was now in high spirits. "Let's drink another toast, shall we? To the happy nobodies of the world. Thank Heavens there are a lot of us!"

Katie knew her cup in silence. Miss Fitz, Helene Carmac had put the words in her mouth. It wasn't her nature to be a boss, not even a sub-boss. She'd pass the promotion, and stay a happy nobody in her old job.

Katie blinked. "Mebbe I do." People like us are happiest in jobs where we won't have to think give our own cents' worth of whatever we've got to do. It cramps our style, trying to hold down big jobs, make big money, be—

Sports Roundup

By GAYLE TALBOT

New York, Aug. 21.—(P)—For many years it was possible for a baseball man to win wide respect as a sage by observing that pitching was 87 1/2 per cent of the game, but that was before the current Brooklyn set out to spoil the racket.

As a result of their strange mode of progress toward the National League pennant, about the only thing a keen student of the pastime can say now with any degree of confidence is that pitchers are people and that it is absolutely necessary to have one of them out there when the other side is at bat.

Manager Charlie Dressen recently received a wire from some self-appointed strategist suggesting that he turn his outfielders into pitchers and send his pitchers into the gardens. Chuck was not amused, but he would have difficulty proving that the scheme wouldn't work at least against the league's second division popovers.

Want to know who the Dodgers' three leading winners are? Okay, their names are Billy Loes, Ben Wade and Carl Erskine, and don't call me a liar. Know how many games the best of them, Erskine, might win before the season ends if he is real lucky? Maybe 16-17.

So that it won't come as a complete surprise in the World Series, would you relish the name of the Dodgers' best pitcher, who almost invariably shows up around 4 or 11 p.m. to rescue the third Dodger pitcher? He's Joe Black, a Negro rookie who wasn't on the club roster in the spring.

Remember Ralph Branca, the wheelhorse who threw the ball Bobby Thomson hit? Well, Ralph couldn't beat anybody and got a sore arm and was placed on the disabled list, which he just is returning. Clyde King, who won 14 last year, comes in from the bullpen on rare occasions when Black needs rest. Clem Labine, like Branca, had arm trouble and was brought back from the minors only a few days ago.

That pretty well accounts for the old gang. Taking their places in the almost daily parade of Brooklyn throwers have been such minor league hopefuls as Joe Landrum, John Rutherford, Ray Moore and Chris Van Cuyk.

What has been proved, of course, is that the club is such a sound one offensively and defensively, that it can pound the whey out of the weak sisters even when its own hurling is mediocre. When the Dodgers get a really well-pitched game themselves, as they do now and then, they're virtually unbeatable.

The only way they can be licked is by really top pitching, such as the Giants had last year. There isn't enough of it around to hold Dressen's boys this time.

GOTHAM'S CHOICE—Eighteen-year-old Joan Kayne wears the crown that marks her as "Miss New York City of 1953" after she was selected to represent the city in the annual "Miss America" contest at Atlantic City, N.J., next month.

Moncton Retires From Major Hockey This Year

Moncton, Aug. 21.—(P)—Moncton Hawks will not be in the Maritime Major Hockey League this winter, it was announced last night following a meeting of the Moncton Community Athletic Association.

They will stand by for a year and see how the other four teams in the league, Charlottetown, Halifax, Glace Bay and Sydney, make out.

An attempt will be made to arrange to have a Moncton team in an Allan Cup calibre league in New Brunswick. Teams mentioned as possible entries were Saint John, Fredericton, Bathurst and Campbellton.

The M.C.A.A., holders of the Hawks' franchise in the M.M.H.L., will meet again Tuesday to further discuss the situation.

An official said the status of Morey Hamilton, engaged as playing coach of the locals some time ago, will not be altered by the change to Allan Cup play.

Hamilton would still coach the locals in another league should one be formed.

A chance for the local players to take part will be one of the concerns of the Hawks should they see action in a New Brunswick league, officials said.

Cot Deal Helps Own Cause As Wings Win

Ellis (Cot) Deal is not only top pitcher for Rochester Red Wings but he also handles himself pretty well at the plate. In last night's International League contest with Toronto, Deal delivered a pinch-hit single, scoring Harry Walker from third base with the winning run to give the Red Wings a 6-5 victory in 11 innings.

The one-time Toronto fly-chaser followed Walker's double with a drive to deep left centre for the deciding blow. Roy Shore, fifth Leaf pitcher, was the victim of both hits.

Syracuse Chiefs maintained a half-game edge in the battle for second place in the Red Wings by romping to a 7-1 win over Buffalo Bisons. Andy Carey, on option from New York Yankees, socked a three-run homer in Syracuse's five-run attack on Paul Poytack and Gene Costello. John Blatnik knocked out three safeties and drove home three runs for the Chiefs.

Bob Holloman, yielding only nine hits and fanning eight, got the win.

Montreal Royals and Baltimore Orioles divided a two-night doubleheader. Baltimore won the curtain-raiser 1-0 on singles by Roy Weatherly and Russ Kerns in the seventh frame. In the night-cap the Royals rapped Jim Atkins for 12 hits and a 6-2 victory. Gil Mills and John Pedraza limited the Orioles to six safeties.

Two walks in the 10th inning of Bill Padgett and George Moskvich's base-hit gave Ottawa Athletics a 3-2 win over Springfield.

A WEEKLY INFORMATION SERVICE

MONTREAL, August 21st—Ever long for real, creamy cream-of-tomato soup? I know I do. And I know I can have it when I want it—at very little cost. I just open a tin of HEINZ CREAM OF TOMATO SOUP—add only water—and get cream-of-tomato with the creamy taste I love. You see, Heinz puts in the cream—your add only water (save 1/2 pint of milk!) and the result is—mmm! ... delicious! When you've tasted the wonderful difference between straight tomato soup with milk added—and Heinz Cream of Tomato (made with thick country cream) with only water added—you'll want to stock up with Heinz. (A particularly good idea for your summer cottages where fresh milk is not always available.)

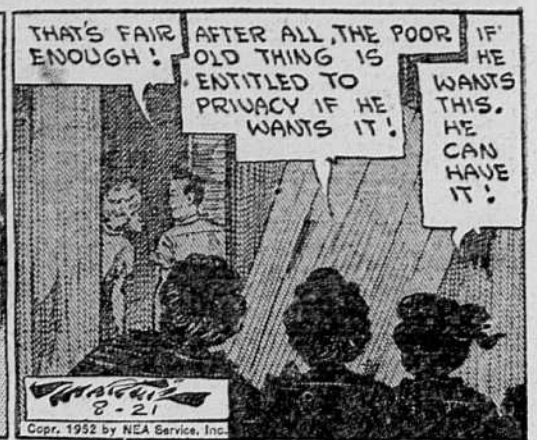

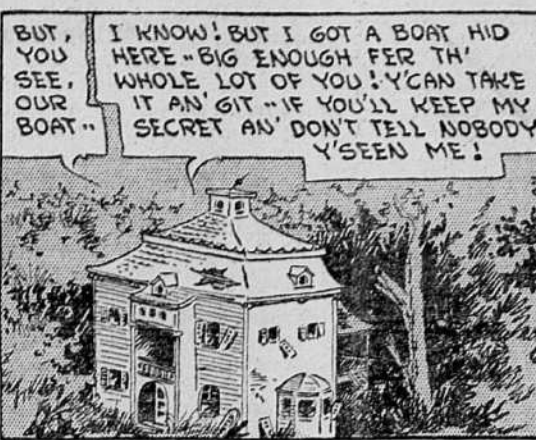

Getting The Youngsters ready for school? When you're making or remodeling their school-clothes, use LIGHTNING SLIDE FASTENERS for convenience and safety. Clothes finished with Lightning Slide Fasteners are so easy for youngsters to get in and out of. You see, Lightning is the zipper with the famous automatic lock. When they're "zipped up", Lightning zippers stay put—yet they're wink-quick to un-zip when you want to. And just this—no more bothersome buttons to replace. To help you sew those back-to-school clothes, here's a GIFT FOR YOU. A wonderfully helpful set of leaflets—"What to Know About Slide Fasteners"—with new and easy-to-follow sewing instructions. Simply write to me—Barbara Brent, 1411 Crescent St., Montreal, P.Q.—for your free set.

The Best Of Travellers have their "off days". Well, here's my remedy for that sluggish, head-achy feeling—a sparkling, pleasant-tasting glass of SAL HEPATICA in the morning before breakfast. And if hubby or son are feeling lousy, suggest they try Sal Hepatica, too. It's been a faithful family laxative for over 80 years. Another beauty about Sal Hepatica is that you can use it safely merely as a refresher in the morning—or at night when your system feels the need of a good cleansing. Sal Hepatica effervescent salts are pleasant to take—mild and gentle—yet wonderfully effective. So when you're packing for your vacation trip—plan to pack up your troubles with a jar of Sal Hepatica effervescent salts!

What Is More Delightful than that precious time skimmed from a sunny summer day—when you sit and enjoy a cool, relaxing glass of iced tea. And my, how a generous lemon wedge brings out the tangy, refreshing flavour! Whether your refreshment is iced tea or lemonade—do be sure to use SUNKIST CALIFORNIA LEMONS—they make all the difference—they're the finest, juiciest grown. That's why it's such a good idea to keep a supply of Sunkist lemons on hand these warm days. Then, when you're feeling tired and hot—just make yourself a glass of iced tea with lemon wedges—or a thirst-quenching glass or two of Sunkist lemonade. So zestful—so refreshing!

One Of The Big Eating Thrills of summertime is corn-on-the-cob. No matter how "buttery" you get eating it—it's always a real treat. That is, if you remember to brighten its flavour with WINDSOR SALT. M-m-m-m—What could be more delicious than hot, buttery corn-on-the-cob, with Windsor Salt to bring out the full, tempting flavour. And you know, it's the same with most of your favourite foods. Windsor Salt makes all the difference between "dull" and "delicious". I like to be sure of a good supply of Windsor—for use both in the kitchen and at the table. Windsor Salt, you know, is always free-running—no matter how damp the weather.

OBITUARIES

J. A. DUSTIN, ROCK ISLAND.

Rock Island, Aug. 21. On Tuesday, July 29, death removed from these border towns one of its most respected citizens in the person of James Albert (Bert) Dustin. He was spending the day with his son, Charles, who was repairing a boat-house at Lake Memphremagog, when he was stricken with a heart attack. The funeral was held on August 1 at Wesley United Church, Beebe, at 2:30 in the afternoon.

Rev. McKinley Rose, pastor of Centenary Church, Stanstead, spoke words of comfort to the bereaved family and numerous friends who had gathered to pay last respects to a much respected friend. The lovely floral offerings surrounding the casket were tokens of the esteem felt for Mr. Dustin.

The bearers were Messrs. C. R. Darby, Ira Aldrich, Roy Gray, Stanley Derusha, Allen Daniel and Wolfe Libby. The remains were laid to rest in the Beebe cemetery. Mr. Dustin was born in Manchester, N.H., on March 12, 1873, the son of James Dustin and his wife, Eva Ryder. Coming to Canada at an early age he since made his home in these border villages, living in Stanstead, then in Beebe, Que. Following the death of his wife, the former Jessie MacLaughlan, in May, 1943, he came to Derby to reside with his son, Philip, Mrs. Dustin and family.

Mr. Dustin possessed a remarkably humorous disposition, which made him popular with all who knew him, and despite his age of 79 years remained young in spirit. He was frequently seen riding his bicycle from Derby Line to Beebe and back. He spent considerable of his time with his son, Philip, in his workshop, and with his son, Charles, in Beebe. Mr. Dustin was a carpenter by trade, his hobby was fishing, chiefly in his beloved Lake Memphremagog. He was also interested in gardening.

He is survived by his children, Miss Pearl Dustin, Beebe, Vt., Harold, of Schenectady, N.Y., James, of Boston, Mass., Grace, Mrs. Charles Guilbert, of Ardmore, Pa., Charles, of Beebe, and Philip, of Derby Line. All the children except James, of Boston, were here attending the funeral. Mr. Dustin also leaves several grandchildren. Others from out of town attending the funeral were Mr. Charles Guilbert, of Ardmore, Pa., Mr. and Mrs. Arnold Bombard, of Schenectady, N.Y., Mrs. Andrew, of Bronville, N.Y., and several from the border villages and surrounding communities.

GLENDAY and SPRING ROADS

The guests were welcomed by the hostess and her daughter, Miss Margaret Richardson, and also by Mrs. Booth, grandmother of the bride-to-be. After the guests had admired the lovely gifts and shower presents, they returned to the dining room, which was attractively arranged with cut flowers in pastel colors. A dainty tea was served from a table covered with a lace cloth and centred with a bouquet of flowers. Mrs. J. A. Ste. Marie poured and the following young ladies served, the Misses Betty, Sheila and Yvonne Richardson and Betty Parsons. Those serving were assisted by Mrs. Thornton Cleve-

The Doctor Says

X-RAY TO REMOVE EXCESS HAIR MUST BE USED WITH CAUTION

By Edwin P. Jordan, M. D.

Ladies are constantly writing me about their worries concerning excessive amounts of hair on the face, arms or legs. The mental suffering at times must be terrific, though obviously the presence of conspicuous hair is a danger neither to life nor to health.

Why some people have more hair than others is not clearly understood, but it certainly happens. Excessive hairiness is caused by disease only rarely. In such cases, there is a clue in the fact that hairiness has not always been present.

If the hair starts growing rapidly, careful physical examination and diagnostic studies should be made. In the vast majority, the hairiness of the face or arms is unexplained, except as some inherited factor from one or the other parent may have something to do with it.

There are several ways of attacking this problem. The hair can be shaved. This is satisfactory for a short time, but generally results in a gradual thickening of the hair and its even more conspicuous growth later.

The hair can be bleached or dyed, but the hair continues to grow out so this has to be repeated frequently.

The hair may be taken off with hair removers which often consist of some kind of wax which fastens to the hairs and pulls them out by the roots. This is painful, and, of course, the hair will grow again.

There are also devices for rubbing the hair off which some women use with reasonable satisfaction, I am told.

Perhaps the safest method of permanent removal of excessive hair is treating the roots of the hair by electrolysis. It is rather expensive and takes a fairly long time, but newer methods are claimed to be faster and less painful than in the past.

Another method of removing the hair has been tried in many parts of the country. This is the use of X-rays—a dangerous method. A number of cases of severe burns caused by X-rays used for excessive hair have been reported.

One person complained of severe burns on the arms and legs resulting from X-ray treatments taken over a four-year period for removal of hair—but the hair was not even removed.

However, some skin specialists maintain that when properly performed, it is the best method of all. This may be true, but the method has also caused damage and should be used with great caution, if at all.

Women's Group Has Meeting At Windsor Mills

Windsor Mills, Aug. 21 — It was at the home of Mrs. J. C. Watson that the Windsor branch of the Quebec Women's Institutes held its interesting August meeting on Wednesday under the presidency of Mrs. J. Allan.

Twenty-three members answered the roll call, "Name a flower after your Christian initial."

The treasurer's report showed a sum of \$39.25, proceeds of the garden party given by the Windsor Q.W.I. in June. The picnic given in conjunction with the St. Andrew's United Church at "Willow Brook" in July was again this year a brilliant success.

Letters of acknowledgment for shipment of used linen were received from the Canadian Cancer Society of Montreal, and thanks from two members remembered with gifts from the sunshine committee.

It has been decided that the Windsor Women's Institute will hold this year a "Women's Institute Fair" on Saturday, Sept. 13. Classes will be opened to children of members from 6 years and under 12 years. Exhibits comprise bouquets of wild flowers, scrap books, collection of pressed leaves, best crayon colored picture, best printing, drawing from nursery rhymes, shell work, best collection of vegetables, article made of wood, white cake without icing, Cake (chocolate), with icing, best pencil drawing, snapshot of pets, collection of barks, collection of pressed fern, best home-made candy, drop cookies, darning, hand-knitted socks.

Conveners have been appointed as follows: Mrs. J. C. Watson for shell work groups; Mrs. B. Quinn for drawing; and scrap books groups; Mrs. George Robb for flowers and pressed leaves, fern groups; Mr. W. Stevens for wood-work class boys; Miss Thelma Mills

and children, of Toronto, Ont., are holidaying as guests of their parents, Mrs. M. Weston and Mr. and Mrs. Harbinson.

Mr. and Mrs. Wesley Bellam and daughter, Miss Mary Bellam, of Sawerville, were calling on Mrs. Lillian Hall.

group, best bouquet of cut flowers, best display of flowers in a basket, whilst Mrs. Chartier was the prize winner of best bouquet of flowers.

Mrs. L. E. Wheeler, an ex-president, pioneer of the Windsor Q.W.I. Institute and a very active member who, for reason of ill health, sent in her resignation, will be greatly missed by all. In recognition of her valuable help, the branch has made her honorary vice-president.

Tea and refreshments were served by the hostess, assisted by Mrs. L. McCourt and Mrs. Chartier as co-hostesses.

MRS. H. R. CLEVELAND LEADS IN E. T. LADIES GOLF TOURNEY

Fires An 87 To Hold One-Stroke Lead Over Mrs. R. E. Eakins; Final Round Being Played Today At S. C. C.

Mrs. H. R. Cleveland, Danville, holds a one stroke lead at the halfway mark of the Eastern Townships Ladies' Golf Tournament being played at the Sherbrooke Country Club.

The 36-hole tourney, which started yesterday, comes to a close today.

Last year's champion, Mrs. R. E. Eakins, S.C.C., is in second place while Miss A. Fuller, Granby, is third.

Mrs. Cleveland fired a 44 on the front nine and missed an eight-inch putt on the second nine for a 43 for an 87 total. Mrs. Eakins had 45-43.

Last year Mrs. Eakins trailed by six strokes after the first round but ended up with a one stroke lead.

Some fifty golfers from all parts of the Eastern Townships are taking part. The S.C.C. team of Mrs. Eakins, Mrs. B. N. Holtham and Mrs. A. Kerridge made a clean sweep of the team honors—a one day affair. The local team copied both the gross and net trophies given by the C.L.G.U., local division.

Mrs. E. Morham, Hermitage, and Mrs. R. I. McCabe, S.C.C., are tied for first place in class "B" which includes golfers with handicaps from 24 to 35 while Mrs. R. Keeler and Miss A. Duberger, both S.C.C., are leading the "C" section with 119. "C" section is for 36 handicappers.

The tourney is expected to be once again a battle between Mrs. Cleveland and Mrs. Eakins, although Miss Fuller with 93 and Miss Kay Thompson, Lennoxville, with 94, may pull a surprise.

E. T. GOLF CHAMPIONS TO BE DECIDED THIS WEEK

The 1952 Eastern Townships lady golf champion will be named this afternoon at the Sherbrooke Club after completion of the 36-hole annual event.

The men will take over this week-end and their new champ will be crowned Sunday afternoon after the 54-hole competition.

We understand that Don Doe, the golfing sensation from Granby, may not be around to defend his laurels over the week-end, as he is scheduled to enter the hospital for a minor operation and may miss the event.

This event is open to golfers from the clubs comprising the Eastern Townships but we still think that the crown will go back to Granby, the golfing town of the District that seems to come up with good players year after year.

Another trophy at stake this week-end is the Sherbrooke Record team prize. This is decided on Saturday and the four-man team with the lowest gross total cops the silverware.

So don't forget Saturday and Sunday come up and see the top amateurs of the Townships in action.

Just a note to remind golfers that the St. Johnsbury, Vt., Open comes up over Labor Day week-end and that Monday, August 25, is the final day for entries.

This is another annual event which has gone forward in leaps and bounds during the past few years which has met with the approval of the club-swingers.

We understand the prizes this year will be on a par with the past and this should be sufficient to satisfy the golfers.

The starting times will be carried in the paper next week. You may pick either one of the three days, Saturday, Sunday or Monday, to play on but the committee would like to have Monday left open for the pros and low amateurs.

HORSES STILL COMING FOR RACES. Years ago when Fair time rolled around it always was a problem to try and find horses to fill the different classes on the racing program.

We attribute this to two things, mainly the jump in purses and the P. R. work being done by Ivan Dugre, Sherbrooke's well known sportsman and lover of horses.

There is a lot more work in organizing races than appears to the eye. It takes months to prepare the list of the different classes according to the horses that will be around.

The boys who sit behind the mounts will have a little event of their own. The driver who finishes the week in first position will be presented with a \$50 cheque donated by the Dufferin Park at Toronto while we understand that several other prizes will be given away during the week.

The competition will be judged on a win-show-place basis with three points going to the top reinsman in each race, with two for the boy finishing in the second spot while the place-winner will garnish one point.

So race fans don't forget the Sunday afternoon card with the \$1500 Pacing Derby, the Junior Free-for-all Trot and a classified event making nine races on the card for the day.

Two Vancouverites Among Sixteen Survivors In U. S. Amateur As Top Favorites Upset In Close Battles

Seattle, Aug. 21.—(CP)—Two of Canada's top golfers made their way today into the fifth round of the U. S. Amateur Golf Championship and reached a point where each is a threat to cop the tournament.

The Vancouver men, Walt McElroy and Bill Mawhinney, played outstanding golf to get by the fourth round which saw several top American stars eliminated.

McElroy conquered Dan Silves-tri of San Francisco, 2 and 1, this morning and then nosed out Dale Morey of Martinsville, Ind., two up, in his second match of the day.

Mawhinney defeated John W. Wood of Seattle, 6 and 4, to take his fourth-round match. Earlier in the day he downed Bruce McCormick of Hollywood, 3 and 2.

The strong showing by Mawhinney surprised those on the sidelines as the Vancouver golfer was forced out of the Americas Cup play last week with a lame back.

McElroy had his ups and downs against Morey. The American drove out of bounds and lost the first hole to McElroy but then played it more steadily so that at the halfway mark the Canadian was only one up.

On the second nine, McElroy three-putted and lost the 10th to Morey's par four but he won the 11th where Morey's iron landed beyond the 167-yard green and his recovery rolled off the other side.

Morey won the 12th and 13th as McElroy ran into trouble getting off the tees, putting Morey one up. Driver trouble forced Morey to concede the 14th and the match was even.

The American took the 15th with a better display of putting but McElroy squared it on the 16th with a one-over-par five. Morey three-putted to lose the 17th and then lost the 18th to give the match to McElroy, two up.

Meanwhile a Navy seaman, a crooner and a college boy knocked three of the biggest names in American golf out of the championship in the fourth round.

Gene Littler of La Jolla, Calif., who is about halfway through a four-year hitch in the Navy, handed the British Amateur Championship, Harvie Ward of Tarboro, N.C., a 4 and 2 beating.

Don Cherry of Garden City, N.Y., a singer with a sultry voice and a red hot putter, whipped Frank Stranahan, twice British Champion, 3 and 1.

And Paul Johanson, who played for the University of Washington this spring, eliminated Ray Billows of Poughkeepsie, N.Y., three-time runner-up for the amateur title, 5 and 3.

Walcott And Marciano Officially Sign Papers

Philadelphia, Aug. 21.—World heavyweight champion Jersey Joe Walcott and challenger Jersey Joe Marciano formally signed contracts yesterday for their 15-round title bout at Municipal Stadium Sept. 23.

Walcott, who will be making his second defence of the title he won from Ezzard Charles in July, 1951, is guaranteed 40 per cent of the gate. Marciano will get 20 per cent.

Promoter Herman Taylor, who is staging the bout in collaboration with the International Boxing Club of New York, said he expects a million-dollar gate including television and other rights.

The agreement also calls for a return match within 90 days should the undefeated Brockton, Mass., battler beat Walcott. Both fighters deposited \$5,000 cheques with the Commission as guarantees for their appearance and performance.

Hamilton-Winemaker Ask For Transfers

Sydney, Aug. 21.—The Ontario Hockey Association has applied to M.A.H.A. Secretary Registrar Campbell of Sydney for branch-to-branch transfers for Morey Hamilton and Bill Winemaker, members of Moncton Hawks of the Maritime Major Hockey League last year.

Moncton claim to have signed Hamilton to a new contract for this season and have refused a release.

Hamilton, who came to Moncton last year from Quebec Aces, was announced as new Moncton playing coach last month.

Olympic Team Members Arrive From England

Montreal, Aug. 21.—The second and last group of Canada's contingent to the Olympic Games in Helsinki arrived here yesterday from England.

There were 72 in the party, including several officials. There was no complete team of those that made up the full Canadian squad, those returning being mostly members of track and field, swimming, canoeing, equestrian and yachting divisions.

Some of the athletes engaged in competition in England and on the continent after the Games. Others stayed over at their own expense.

Moose Season Opens Oct. 11 Closes Nov. 2

Quebec, Aug. 21.—Quebec Fish and Game Department announced yesterday the moose hunting season this year will be Oct. 11-Nov. 2. The season last year was Oct. 12-31.

Moose hunting is permitted everywhere in the province except in Gaspé Peninsula and on the lower St. Lawrence south shore east of Rivière du Loup. Regulations allow each hunter to kill one male moose during the season. It is illegal to kill cow moose at any time.

Counsel To Take Steps To Obtain Releases

Hamilton, Aug. 21.—J. F. Ressor, counsel for Johnny Harper and Ralph Toohy, ends with the Montreal Alouettes of the Big Four League, yesterday said preliminary steps have been taken to bring their request for release from the Montreal club into court.

Harper and Toohy were earlier transferred to Hamilton Tiger-Cats for business reasons. They now seek their release from the Alouettes so that they can join Tiger-Cats.

Ressor said that unless queries are answered by the Big Four executive by the beginning of next week, court action will be taken "at once."

Norway's Speed King Ready To Meet Reds

Oslo, Aug. 21.—Hjalmar Andersen, Norway's speed skating king, said yesterday he would welcome a change to meet Russia's best skaters on the Soviets "home ground."

Andersen's statement came after a Russian challenge was printed in a Pravda story Tuesday, directing Red skaters to better the Norwegian's world record for 10,000 meters—16 minutes, 32.6 seconds.

"I should love a chance to start in Alma Ata (Russia's track in the Kazakstan Province) to compete against the Russians," said Andersen, who won three gold medals in the last Winter Olympics.

Big Luke Easter Setting Hot Pace So Indians Are Challenging Yanks For Lead; Dodgers Win As Giants Idle

Ever since Luke Easter became a regular with Cleveland Indians two years ago it has been said, "as Easter goes so go the Indians."

Easter's value is clearly demonstrated by his performance this year. Big Luke is hot right now and so are the Indians.

Cleveland, with Easter playing a leading role, swamping Boston Red Sox 18-8 yesterday and pulled up to within a game of the American League's front-running New York Yankees.

The Indians could take over the lead today with the help of Chicago. A Cleveland victory over Boston and a Chicago win over New York would enable Indians to move out in front by one percentage point.

Cleveland enters the crucial stage of its 12-game road trip tomorrow when it invades the Yankee Stadium for a two-game series. Easter, Ray Boone and Larry Doby were the ringleaders in Cleveland's rout of the Red Sox.

Easter batted in six runs on a grand-slam homer and two singles, Boone sent six mates across on a homer and two singles and Doby drove in a pair of runs on his 27th homer and two singles.

Since July 15 when Easter rejoined the Indians after a short exile to Indianapolis the Tribe has won 24 games and lost 15, a .615 pace. During this span Easter has wacked out 26 hits in 78 times at bat, a .333 average, driven in 28 runs and clouted eight homers.

Brooklyn moved seven games ahead of New York Giants in the National League chase, downing Cincinnati 6-3. The Giants and Chicago Cubs were rained out. In other games, Philadelphia tamed Pittsburgh 3-1 and St. Louis trounced Boston 9-2 in a game called because of rain in the eighth inning.

Brooklyn found Ken Raffensberger easy pickings at Cincinnati. The Dodgers slugged the veteran for 11 hits and all of their runs in less than four innings. Home runs by Gil Hodges and Roy Campanella featured the Dodger attack.

Connie Ryan was the big wheel in Philadelphia's triumph over Pittsburgh. He clouted his 12th homer, walked three times, stole two bases and scored all of Philadelphia's runs.

Harvey (The Kitten) Haddix turned in a five-hitter in his major league debut for the Cards. Haddix, awaiting discharge from the army, coasted home after the Cards jumped on Lew Burdette for six runs in the second inning.

Drummondville Upsets St. Johns As Granby Dumps Quebec While St. Hyacinthe Edges Three Rivers

The fourth-place Drummondville Cubs scored an upset Wednesday night, taking both ends of a Provincial Baseball League double-header from third-place St. Johns Canadiens by scores of 12-8 and 2-1.

In other league games, a single run in the bottom half of the final frame gave St. Hyacinthe Athletics a firmer hold on top-spot when they edged Three Rivers Yankees 8-7, and cellar-dwelling Granby Phillies, in another upset, dumped second-place Quebec Braves 7-3.

At St. Johns, the opener was tied 3-3 at the end of regulation innings, but the Cubs sent four men home in the 11th to put the game away.

Ramon Mason, who took over mound chores in the sixth, was credited with the win. In the nightcap, the Cubs sent single runners home in the first and third innings and the best the Canadiens could manage was a single marker in the sixth.

At St. Hyacinthe, the Athletics won despite being out-hit 14-9. They piled up an early lead with two runs in the first inning and another in the third. The Yankees, however, soon went ahead, only to have the Athletics tie it up with a pair of markers in the seventh.

Bill Shannon, who took over from Don Murray in the seventh, was credited with the win. Wingo went the route for the losers.

At Quebec, both teams sent one man home in the second inning, but the Phillies scored another run in the fourth and followed up with two runs in the sixth and three in the seventh to clinch it.

The Braves belatedly came through with two runs in the final frame.

Jones went the route for the victors and was credited with the win. Dick Cordeiro pitched the first six for the Braves and was pulled for Ed Bazzydo.

Granby's Bank Of Montreal Marks 40th Anniversary

Granby, Aug 21 — On August 12, 1912, the Bank of Montreal first opened its doors to the public of Granby, so that August 12, 1952, marked its 40th anniversary of service in this city.

The bank occupied the building used by the former Bank of Ottawa for the first year, then moved to a store opposite the City Hall on Main Street and in 1920, purchased the lot at the corner of Main and Dufferin Streets upon which Dr. C. K. Cowley had built his large residence.

The house was moved back on the lot, with the entrance on Dufferin Street, the new Bank of Montreal being built at the front on Main Street, and here business has been carried on ever since.

Dr. Cowley's residence was moved by Mr. Gordon Morrison, to the amusement of everyone, the family living in the house during the whole operation of moving, with no damage done of any kind.

The first manager was Mr. C. A. Thompson, who was succeeded in 1922, by Mr. A. A. Stewart. Mr. W. M. Jackson became manager in 1928, and after eleven years was followed by Mr. H. L. Alcorn.

The late V. A. Brabant, who took charge of the office in 1943, was succeeded five years later by Mr. J. R. Gervais, now manager of the Bank of Montreal's office at Cornwall, Ont.

Andre Gibeault, the present manager, is a banker of more than twenty years experience and has served in Buckingham, Sherbrooke and St. Cesaire, and came to Granby from Amqui, in May of this year.

Today there are over 570 Banks of Montreal on this continent, with 112 of them in the Province of Quebec.

This bank also played an important part in financing Canada's first trans-continental railway, the Canadian Pacific Railway.

The Fish Derby, organized by the Kiwanis Club of Granby, took place on Saturday, August 16, and caused much interest among the fishermen of this city.

One-Minute News from Johns-Manville

ADDITIONAL SECURITY FOR J-M EMPLOYEES COSTS OVER \$10 MILLION

We frequently get the question: "Does Johns-Manville spend much money for employee security?"

Men and women in the J-M plant here in this community get financial protection and other advantages in addition to good jobs and fair pay.

Among these "extras" are vacations and opportunity to participate in retirement and group life insurance plans for which the company pays a substantial part of the cost. Many employees also participate in hospital-medical-surgical plans and health and accident insurance which the company helps pay for.

Last year these "extras" for J-M people in the United States and Canada, along with other programs of direct advantage to employees, like social security, unemployment insurance, and improved working conditions, cost the company more than \$10 million.

This amounts on the average to nearly \$500 per year for each employee over and above the amount paid for work performed.

J-M, of course, is not alone in providing these "extras". They are becoming an established part of modern industry... part of the system which makes this country one of the best in the world to live and work in.

... This is one of a series of articles in which Canadian Johns-Manville hopes to call attention to interesting and significant facts about the company or about conditions affecting our national economy.

ADDITIONAL SPORT NEWS Bernie Custis May Be Elected As Signal Caller For Tiger-Cats; Team Prepares For Sunday Game

Hamilton, Aug. 21—(P)—Bernie Custis, the Big Four Football Union's All-Star quarter last season, probably will call the signals for Hamilton Tiger-Cats this year.

That's the prospect as the Cats sharpen up for their exhibition game at Buffalo this Sunday against Toronto Argonauts and for the league opener at Montreal next Wednesday. Fans in this football-crazy city love Bernie like a rich uncle but they'd prefer to see the Syracuse University import in a fullback slot where his nifty dangle around the ends would be a decided asset to the Cats.

Coach Carl Voyles, recognizing the value of Custis in the backfield, brought in Americans Bill MacBrides and Pat Brady to fight for the signal-calling slot but opinion prevails here that neither measures up to Big Four standards. And Custis, who can scott like a scared rabbit, appears to be the slot man unless Voyles can get capable reinforcements.

In last week's exhibition game against Winnipeg Blue Bombers of the Western Canada Interprovincial Union, Custis, from a half slot, scored all three Tiger-Cat touchdowns.

If Voyles can find a capable quarter he'll have one of the power-houses of the league.

Besides Custis in the backfield, he would have a mixture of experienced ball players and capable, fast-moving youngsters.

Back with the club is Hal Waggoner, fleet import from Tulane University who scored 50 points for the Tiger-Cats in his freshman year in Big Four ranks last season.

Canadians Fade From Picture As Event Moves Into Quarter-Finals Of Senior Tennis Championships

Toronto, Aug. 21—The Canadian Lawn Tennis Championships today moved into quarter-finals with Canada's four top singles players on the sidelines.

This country's seeded competitors—Brenden Macken, Lorne Main, Henri Rochon and Lorne Barclay—were knocked out of the running yesterday without taking a single set.

Five United States players, a Mexican, a Dane and a Filipino survived the fourth round and entered the final stages of the tournament.

Macken, Canada's number two player was eliminated by Tony Vincent of Miami, Fla., 6-2, 6-3. The Montreal star's first encounter with last year's Canadian Open Singles Champion.

Hal Burrows of Virginiatown, Va. put Lorne Main of Vancouver away, 6-4, 6-3. Mexico's Gustavo Palafox defeated Lorne Barclay of Vancouver in a tight game, 6-1, 7-5 and Tiny Felissimo Ampon of Toronto. They defeated Philippine champion, displayed amazing skill and speed to turn back Henri Rochon, of Montreal, 6-2, 6-1.

Federal Judge Denies Motion By Fred Saigh

St. Louis, Aug. 21—(P)—A Federal Judge yesterday denied a motion by Fred Saigh, owner of the St. Louis Cardinal Baseball Club, for dismissal of a Federal Grand Jury indictment charging him with income tax evasion.

Saigh was ordered to appear for arraignment Monday, when the date for his trial is expected to be set.

Judge Roy W. Harper also denied Saigh's motion for suppression of government evidence in the case. But the Judge granted, in part, Saigh's request for a bill of particulars on the indictment accusing him of evading \$49,620 in taxes on unreported income of \$108,824 for the period of 1946 through 1949.

Good Time Out After Second Pacing Derby

Yonkers, N.Y., Aug. 21—(P)—Good Time goes after his second \$25,000 Yonkers Pacing Derby tonight at Yonkers Raceway, with the possibility he might lower his own track record for the 1 1/4 mile route.

Seven sidewheelers will contest the Derby. Good Time has been established odds-on choice at 2 to 5.

Good Time, from Bill Cane's Goshen, N.Y., stable, set the record of 3:08 in winning the 1950 Yonkers Derby. He was not in top shape last year and was withdrawn from the race, won by Scottish Fencer in 3:17 1/2.

The field includes Prince Jay, owned by the S. A. Camp Farms of Shafter, Calif., with driver Joe O'Brien of New Glasgow, N.S., Prince Adios, Grant Hodgins, Clandeboye, Ont., and driven by Clint Hodgins, and Dr. Stanton, owned by Lindy Fraser, Forest, Ont.

Billy Graham Scores Decision Over Basilio

Chicago, Aug. 21—(P)—Billy Graham, challenger for the world's welterweight championship, easily outboxed Carmen Basilio, Canastota, N.Y., to win a unanimous decision in their 10-round televised bout in the Chicago Stadium last night.

Graham, who regarded the bout as a tune-up for his championship match with Cuba's Kid Gavilan in Havana Oct. 4, left the ring without a scratch. The victor scaled 148 pounds to 146 1/2 for Basilio.

Jockey Despirito Rides Six More Winners

Salem, N.H., Aug. 21—(P)—Apprentice Anthony Despirito, the winnigest jockey in the United States, rode six winners yesterday at Rockingham Park, including both ends of the daily double. It brought his season's victories to an even 200—46 for the current Rockingham summer meeting.

Despirito, who comes from near-by Lawrence, Mass., was up on Miss Heidi in the first and Dandy Foot in the second. He brought home Miss M.T. in the fourth and Game Lady in the fifth. Then he rode Bickett to win in the eighth and Quillet in the ninth.

Despirito finished third on Lone Pilot in the sixth and fourth on Dynastic in the featured seventh. He had no mount in the third.

Double No-Hit Played In Class-D Pony Loop

Batavia, N.Y., Aug. 21—(P)—A baseball rarity — a double no-hit pitching performance — was recorded last night as Bradford beat Batavia 1-0 in the Class D Pony League.

Frank Etchberger, the Bradford hurler, gained the victory as his teammates put together a walk, a sacrifice, a wild pitch and a grounder for the sole run of the game in the eighth inning.

Batavia pitcher Jim Mitchell set up his own downfall with the eighth-inning wild toss.

International Air Invades Tennis Courts As Junior Racket-Wielders Seek Honors At Ottawa Rideau Club

Ottawa, Aug. 21—(P)—Rideau Lawn Tennis Club assumed an international air today as racquet-swingers from the United States, Trinidad, Cuba, and Switzerland joined their Canadian counterparts for the Canadian junior tennis championships.

The pick of the junior tennis world—200 strong—will start their week-long tournament today on the courts nestled on the shore of the Rideau River.

Switzerland's entry is young, blonde Irene Borecky. Second seeded in her native country, she moved to Toronto only a few weeks ago.

Another new entry this year is Raul Karman, a top junior ball chaser from Havana, Cuba. The carrier of the Trinidad colors, Terry Penner of Port of Spain, was here last year, but missed out on the titles.

The United States' strongest contenders, Dudley Johnston of Jacksonville, Fla., and Jeff Arnold of Coral Gables, Fla., will be back again this year, the fourth in a row at the Rideau.

Johnston won the junior men's singles championship and Arnold the boy's title last year.

Canadian entrants include Marriette Laframboise of Montreal, John Swann of Vancouver and John Griffiths of Regina.

Last year Marriette, the daughter of a Montreal policeman, captured the junior women's and formed a part of two combinations that won the junior women's and girls' doubles titles.

The interprovincial team matches will start the ball rolling today with Ontario meeting a team made up of players from New Brunswick and Prince Edward Island, and Quebec battling Nova Scotia. The western team — British Columbia, Saskatchewan, Alberta and Manitoba — will play the winner later.

Eliminations will also start in the junior women's and junior men's singles. Largest entry is in the junior men's singles with 100.
