CHARGE REDS VIOLATE TRUCE

World News In Brief

Oslo, Norway — (Reuters)—Atlantic pact officials here Sunday night announced plans for an "atomic warfare" operation to be held in Norway and Denmark at the end of February.

Wellington, New Zealand — (Reuters)—The world may never again have enough scotch whiskey to go around, according to E. L. Roberts, director of one of Scotland's biggest distilleries. Roberts said he was here on a "discourtesy" visit to tell our agents we cannot supply the demand.

Carlisle, Eng. — (AP)—Brian Fawcett said Sunday he will leave for Brazil in April to take up the search for his explorer father and brother, Col. Percy Fawcett and Jack Fawcett, who vanished 30 years ago in the jungles. Fawcett plans to fly over grass hut villages in the West Matto Grosso region in the hopes his father or brother—if still alive—will appear when they hear the plane. He conducted a similar search in early 1952.

Taipei, Formosa — (AP)—President Chiang Kai-shek today received Foreign Minister George Yeh, who returned Sunday night from the United States. Yeh submitted a detailed report on his talks in Washington and his trip to Spain.

Frankfurt, Germany — (AP)—Traditional carnival season parades were held in a dozen West German cities today. The main theme was politics. Floats poked fun at German rearmament, American occupation, Soviet policy and France's death-blow to EDC, (European Defence Community).

In Frankfurt, spectators cheered when one of the revellers dressed as Uncle Sam led a soldier of Germany's proposed army by the nose with a long chain.

Le Havre, France — (Reuters)—Experts are studying plans to equip the French liner *Liberte* with a combination of radar and television which will greatly simplify the operation of bringing the ship into port. Ship's officers will watch the *Liberte* sliding into her berth on a large TV screen.

Toronto — (AP)—Police Sunday identified a man killed by a railway train in suburban Scarborough last Thursday as 33-year-old Alphonse Bernier of Quebec City. Bernier is believed to have been walking along the track when struck by a westbound Canadian National Railway passenger train. He had lived here for about three months.

Nationalist Attacks No Barrier To Red Build-Up

By SPENCER MOOSA
Taipei, Formosa — (AP)—Three straight days of Nationalist air attacks have failed to stop the Red buildup of the Taishan islands threatening nearby Nanchishan, reliable reports said today. A second Communist buildup has begun on the Fukien province coast opposite the strategic Matsu islands 100 miles west of Formosa, the defence ministry's information service said. Meanwhile Nationalist officials set up 26 civil air defence centres here to work out plans to minimize bombing casualties if war comes.

These developments followed three straight days of naval and aerial pounding of the Taishan group and nearby waters in which the Nationalists now claim these totals:
Friday—one submarine, 21 gunboats, landing craft and armed junks sunk.
Saturday—15 armed junks sunk, five damaged.
Sunday—one 1,000-ton gunboat "disappeared" after a direct hit, five landing ships hit, one probably sunk.
In addition, waves of Nationalist warplanes struck again at the Taishan through Sunday night, blasting military installations and possibly blowing up an ammunition dump, air force headquarters announced.
The Taishans are 30 miles southwest of Nanchishan, the northern-most of the offshore is-

Gun Battle Ends Career Of Bandit

New York — (AP)—The long crime career of squint-eyed August Robles, sworn enemy of the law, ended in death Sunday after a 90-minute gun battle with police.

The pint-sized gunman had been the object of an intense, three-day manhunt in the city's Puerto Rican districts. Police, roused by his two escapes Friday, were determined to get their man.
The elusive desperado was at last tracked down in a third-floor tenement hideaway on 112th St., near Park Ave.

Two hundred policemen guarded every approach to the shabby building and pumped machine-gun, rifle and pistol bullets and tear gas into Robles' lair. He answered with gunshots.

At one point tear gas caused a fire in the apartment. Firemen turned streams of water into the building to quench the blaze even before the shooting ended.

Finally there were no more answering shots. Police gingerly entered the charred apartment, a priest with them.

On the floor, lying in blood and water, lay Robles, who had sworn he would never be taken alive. Blood oozed from a ragged chest wound. A rough tourniquet had been tied around his left arm, pierced by another bullet.

Robles had taken over the apartment at gunpoint Friday night, forcing out two women, two men and two small children. The women were his cousins. Police were tipped to the hideaway early Sunday afternoon.

Swarms of police surrounded the building. When all was ready, three policemen went to Robles' door and shoved it open. A blast of shots wounded two of them and the battle was on. Found beside Robles' body were four revolvers, three of which he had taken from policemen who tried to arrest him early Friday.

Police originally tried to arrest Robles to question him about the gangland slaying of ex-convict Joseph Aronowitz in Brooklyn last Tuesday, the day before he was to go on trial in Baltimore, Md., for attempted robbery. Aronowitz was expected to turn state's evidence in the case, in which Martin Yamin, an ousted Baltimore magistrate, was also involved and scheduled to be tried later.

Cairo — (AP)—Foreign Secretary Eden of Britain left by air for Karachi today after an overnight stopover and talks with Egyptian Premier Gamel Abdel Nasser. He is enroute to Bangkok for the SEATO conference.

U.N. Chiefs Say Reds Building Up Korean Air Force

Panmunjom, Korea — (AP)—The United Nations command today accused the Communists of violating the Korean armistice by building up Red MiG strength in North Korea.

It demanded that those responsible be punished. Maj-Gen. Leslie D. Carter, senior Allied member of the Korean military armistice commission, made the charge. He said the MiGs which attacked an American RB-45 jet reconnaissance bomber over the Yellow sea Feb. 5 were evidence of Red air activities in North Korea since the armistice which "have mounted from zero in increasing magnitude to a high tempo."

Red China Issues New Currency

Tokyo — (AP)—Communist China today announced the issue of a new currency beginning March 1 and boasted its paper money is "one of the most stable in the world."

A Peiping radio broadcast said the new currency would replace the old at the rate of 1 to 10,000 yuan. Each holder of 10,000 yuan of the old currency will receive one new yuan.

Peiping radio said the change is "to improve China's currency system so as to facilitate transactions and accounting." It said there would be no change in prices of goods and commodities.

The action was reminiscent of moves made by the Nationalist government to combat run-away inflation just before the Communists conquered the mainland.

There is no realistic exchange rate for the Communist yuan. The old official rate was 24,000 to \$1 U.S., but this had little relation to its actual worth. It has been reported going begging in the Chinese black market at 45,000 to 1.

In its last days on the mainland, the Nationalist government issued new yuan when the old yuan became so inflated it took bulky rolls of them even to buy a package of cigarettes.

Union Vote Favorable To CBC Pact

Montreal — (AP)—A six-man negotiating committee of the National Association of Broadcast Employees and Technicians (CIO-CLE) goes to Ottawa today with a mandate to come to final contract terms with the CBC.

Members of NABET, who earlier threatened to strike to back up wage demands, agreed during the weekend to accept a five-percent increase, retroactive to Aug. 1, and adjustments of wage ceilings, promotions and holiday work.

The agreement was reached between the CBC and union negotiators Feb. 12 but did not become final until the members had voted approval.

The union had asked for wage increases ranging from \$9.50 to \$84 a week for workers in different categories. CBC officials said the boost would have cost them some \$1,500,000 a year.

A union official said 67.4 per cent of the total membership of 784 voted in favor of the terms reached at Ottawa.

A Violent Week-End

Chicago — (AP)—Nature, accident and a crazed man took a large number of lives by violent means Sunday.

A mass killer beat or shot four persons to death in Uniontown, Pa., and then killed himself. Another crazed gunman committed suicide in Atlanta after shooting to death two men and a woman.

Other spectacular violence included:
One gunman shot down by police in New York; three dead in an explosion and fire; nine killed in two of the worst auto accidents; a five-year-old boy man-

17 Dead, Four Missing In Record Western Blizzard

Chicago — (AP)—A blinding blizzard, termed by the weather bureau one of the winter's worst storms, whirled northward out of the great plains today and into Canada with moderated intensity.

It left behind snow falls up to Duluth's 28 inches; snowdrifts as deep as 12 feet in Nebraska; blocked highways in at least four states, at least 17 persons dead and four missing.

The five deaths each reported in Colorado, Utah and Montana, and two in Wyoming were caused mostly by traffic accidents in zero visibility during the driving storm of the last three days.

But authorities feared for three Nebraska ministers who left Gothenburg Saturday and a Westinghouse Springs, S.D., rancher who braved the shrieking blizzard at 2 a.m. Sunday to see if his sheep were all right. None of the men has been seen since.

The eastern Dakotas felt the full fury of the storm Sunday. Pierre, South Dakota's capital, got a 13-inch fall driven by a 52 mile-an-hour wind with gusts up to 73. Falls ranging to Huron's 10-inches and Watertown's seven

immobilized all transportation, with roads drifted shut and visibility zero.
The storm swept through the Red River valley along North Dakota's eastern border, blocking all but railroad travel. In both Dakotas the temperatures were only a few degrees above zero.
Thirty-three persons stranded during the storm in Nebraska had been rescued. They included five adults and five children, who kept up their spirits for 19 hours in an automobile by singing, telling stories and eating birthday cake; a highway snowplow crew of four which stayed with the machine for 30 hours when it slid into a ditch and 9 oil field workers.
A band of rain extended today from eastern Texas to the eastern Great Lakes region. Diminishing winds and oily flurries of snow were reported early today from the main storm areas.
Eagle, Colo., was today's ice-box, with 25 below zero. By way of contrast, Charleston, W.Va., had its warmest Feb. 20 in history, 74 degrees, and Baltimore expected a 60 today.

New Plague Of Violence In Vancouver

Vancouver — (AP)—Death and near-death by gun, knife and bomb are being investigated by Vancouver police as they fight a continuing wave of violent crime.

A 14-year-old boy is under arrest today in the gun-slaying of a 23-year-old father of two and the wounding of the victim's expectant wife.

The gun used belonged to the boy's stepfather, a city constable. On Skid Road, John Chilton was charged with attempted murder after Edward Gagne was found bleeding from a butcher-knife slash in the throat. A cowboy, Doug Salmon, was arrested as a material witness.

In a third case, Jacob Leonard, target of an underworld booby trap which hurled him 10 feet Tuesday when it blew apart his car, was beginning to regain his power of speech.

Leonard was rendered speechless in the blast which left him with deep facial cuts, a broken right leg and a minor back fracture.

Police would release few details in the shooting case. However, they identified the victim as Jon Biln, East Indian truck driver, who was struck by two of five shots fired at close range at he and his wife as they lay in bed Sunday morning.

A police revolver, with five shots fired, was found at the scene of the east-end shooting. Police said the boy had been visiting the Bilns, watching television Saturday night, when he complained of a headache and asked them to call a doctor.

Mrs. Biln told police her husband replied: "If you hadn't been watching TV, you wouldn't have a headache." She said the boy raved from the room and they went to bed.

Later, the woman said, the boy returned with the revolver. She took one bullet in the arm and fled from the basement suite to the house of police sergeant John (Scotty) Matheson.

The boy was arrested shortly after but no charges were laid overnight.

In the Skid Road stabbing, Gagne was taken to hospital where 60 stitches were required to close his throat wound. He was released later but suffered a relapse at the police station and was returned to hospital. He was released again Sunday.

White said the group on top was "about a stone's throw" from the wreckage, in a precarious position.

CIO Unions To Present New Demand

Windsor, Ont. — (AP)—Increased political and industrial activity by the powerful United Automobile Workers Union (CIO-CLE) was forecast here Sunday.

The two-day meeting of more than 125 delegates from all UAW locals across Canada announced plans to press for increased wages, incorporation of the guaranteed employment plan, increased unemployment insurance benefits and higher pensions.

Walter Reuther, international UAW president, outlined the union's broad policy to the meeting.

He said workers in both Canada and the United States will have to receive "substantial" wage and pension increases to maintain the present economic level of prosperity. Unless the large working forces get more purchasing power, he said, both countries will face the threat of a serious depression.

Mr. Reuther said the union will ask the Canadian government to increase old age pensions to \$75 a month at 65, without a means test.

An increase in industrial pensions to a minimum of \$100 a month instead of the present \$55 will also be sought, he told the delegates.

He said the guaranteed employment plan, formerly called the guaranteed annual wage, is now a necessity if the average worker is to hold up his share of the nation's economy.

Family Pets Save Lives Of Children

Kitimat, B.C. — (AP)—Two children here owe their lives to two faithful family pets who guarded them from danger and gave them warmth as they wandered last through forest and snow.

A mongrel named Pet and a hefty St. Bernard named Dozer stayed with the boy and girl 16 hours during the weekend, wandering with them until their small charges were exhausted.

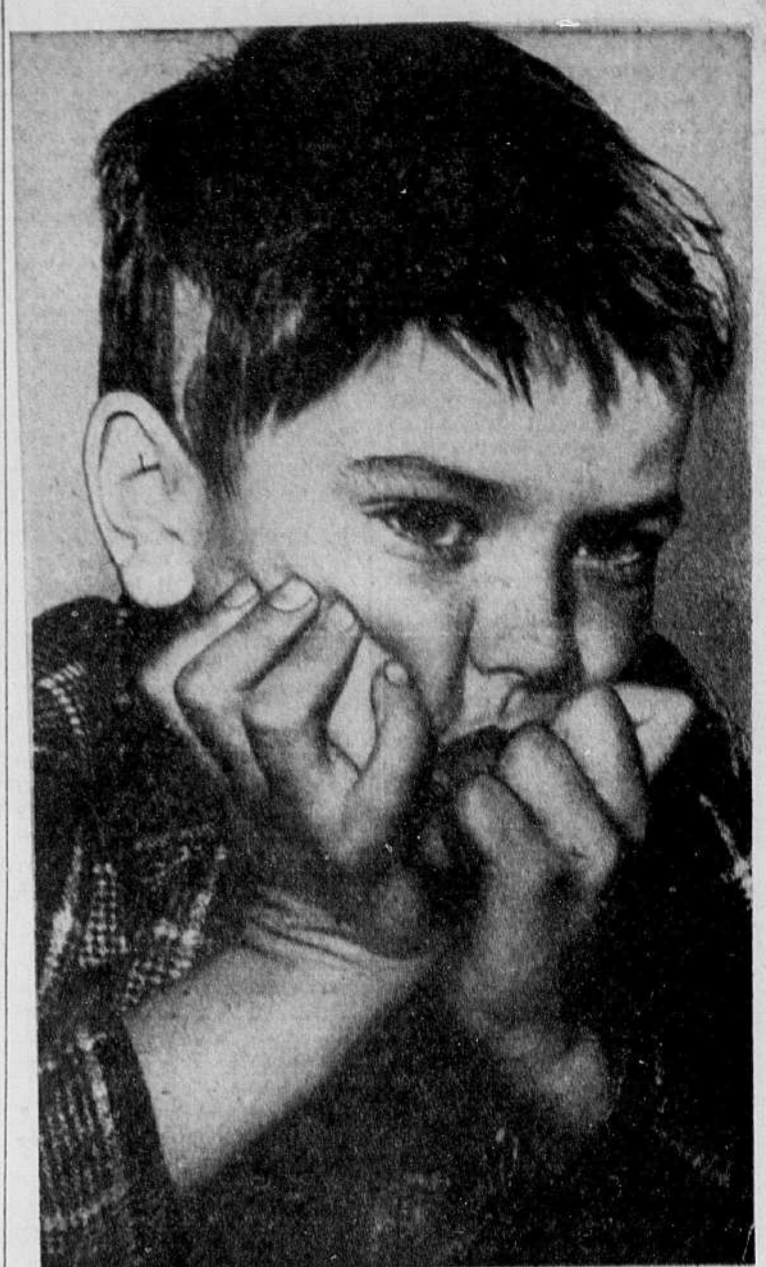

Then the dogs lay down with them and kept them alive, in temperatures barely above freezing.

Five-year-old George Vealobos was playing oil worker near an oil pump in the yard behind his home in Wilmington, Calif. The heavy machinery dragged him into the pit and pounded him to death.

At Lawrence, Kan., an explosion set a home afire and brought death to a couple and their 22-month-old child.

Besides the known dead, several persons still are missing in the blizzard which roared across the plains states.

Desperation

LEAVES PARENTS—Johnny MacFarlane, 5, contemplates the separation from his parents after he, a brother and two sisters drew straws to see who would remain at home in Burlington, Ont. His father, William MacFarlane, was crippled in a motor accident and he was out of work because of the recent strike at the Ford Motor Company. Johnny, Betty, 3, and Margaret, 1, will live with friends of the family. Iris, 4, will stay with her parents. The family had to be broken up because "there wasn't enough money." (CP Photo)

BURLINGTON, Ont. — (AP)—A woman whose husband was crippled in a motor accident said Saturday her four children "drew straws" to see which would remain at home because "there was not enough money."

Mrs. Iris MacFarlane said she couldn't bring herself to decide who should go and who would stay. "We drew straws," she said. "I couldn't stand to watch it so I left the room—it was heartbreaking."

Iris, 4, won. Johnny, 5, Betty, 3, and Margaret, 1, left to live with friends of the family. William MacFarlane suffered leg injuries in an accident that took the life of Walter Chizen, a neighbor. Both men, Ford Motor Company employees, were out of work because of the recent strike.

"I'll just have to lie in bed and try to figure a way out of this mess," Mr. MacFarlane said when he came home from hospital Friday. Doctors said he won't be able to walk for three months.

To Provide Free Hand To Strasser

Munich — (AP)—Dr. Otto Strasser, once leader of the anti-Hitler "Black Front" in the Nazi party, was promised by the Bavarian government today that he will be free to resume his political career here when he returns from exile next month.

Socialist Wilhelm Hoegner, state minister-president, said Strasser "will not be hindered at the start of his political activities."

"It remains to be seen," Hoegner added, "whether the program and activities of the Strasser movement, the so-called League for Germany's Renewal, will conform to the federal constitution."

Eight Hurt In Toronto Explosion

Toronto, (CP)—An explosion demolished a restaurant in suburban Long Branch early today, injuring eight persons, six severely.

With police and fire chiefs still busy at the scene several hours later and owned Antonio Pylyiw, 34, in hospital, no official estimate of damage was available.

Nor was it possible to establish the exact cause of the blast, which damaged neighboring property and smashed windows over a wide area of the suburb a few miles west of Toronto. Investigators checked the possibility the explosion was

Worst Blizzards Of Years Plaguing British Isles

London — (Reuters)—Blizzards by snow and ice for the second time in a month. Thousands of sheep are feared buried in deep drifts.

Pilots in the northern regions saw herds of wild deer moving toward farms in search of food. On the desolate snow-covered moors of southwestern England herds of ravenous wild ponies and red deer raided farmyards and haystacks.

Farmers fed all their stock by hand and brought young lambs into their homes.

Off the Dover coast the 7,172-ton Italian ship *Monviso* was refloated in a blizzard after being grounded in four feet of water on dangerous rocks.

Partisans splashed through slush on their way to work today as an inch of snow which fell overnight began to melt. Berlin lay under a five-inch blanket of snow in brilliant sunshine and below-freezing temperatures.

Ten German Boy Scouts who left Frankfurt Feb. 2 on an "endurance" hike to the East Tyrol were reported missing today. Police said there was a chance they had given up the attempt and returned to Frankfurt.

The Dooter Family

By ALMA SIOUX SCARBERRY

ADVENTURE CALLS
Dollie Dooter was having a hard time trying to decide on a name for the big green frog Sammie Spoofer had given her for a birthday present the day she was six years old. Finally she decided. His name was to be Johnny-Jumpup. Dollie thought this was a very suitable name, because he was always jumping up and surprising everybody.

But Dollie still didn't know what to name the four little yellow fuzzy chickens Mollie Moofer had brought from the farm for her birthday present. She kept them in a nice clean box in the kitchen because they were very young and had to be cozy and warm. Dollie fed them and gave them plenty of fresh water. When spring came they would live out of doors and scratch and play in the new, green grass. It was fun trying to think up names for the cute little chicks.

Jollie into her crib and sing her to sleep. This was the happiest time of all, because Dollie loved her little baby sister very, very much. Then Mommie Dooter tucked her away in bed.

Everyone was sound asleep at the Dooter house. Even Oofoe-Goofoe, whose bed was underneath the window in Dollie's room, so he could get plenty of good, fresh air. Oofoe-Goofoe was snoring softly. He was dreaming of the days when he was with uncle Oofoer-Doofer in his jungle home in far off Gunga Dinga. Suddenly Oofoe awakened with a start! Someone was sticking his head in the window!

He was relieved when he saw it was Willie-Nillie, Sheriff Gittum Hooper's old horse. His new friend was the most surprised animal you have ever seen when he saw the special bed Daddie Dooter and Professor Zoofer had built for Oofoe-Goofoe. With a special place for his tail. And covers! Real, fancy covers. And a pillow!

"Wake up, wake up, Oofoe, old pal," Willie-Nillie whispered. "It's me—your old pal Willie-Nillie. Come on down to the stable and a set a spell. I've got the lonesomes something fierce."

Oofoe-Goofoe was in for a very exciting adventure. If he had only known!

The Secret of Popularity Is In Your Everyday Conversation

A publisher in Chicago reports there is a simple technique of everyday conversation which can pay you real dividends in both social and business advancement and works like magic to give you added poise, self confidence and greater popularity. The details of this method are described in a fascinating booklet, "Adventures in Conversation," sent free on request.

According to this publisher, many people do not realize how much they could influence others simply by what they say and how they say it. Whether in business, at social functions, or even in casual conversations with new acquaintances, there are ways in which you can make a good impression every time you talk.

Pictures for TV Program Taken At East Farnham

East Farnham, Feb. 21 — Norman Garriock, TV producer of "Country Calendar", broadcast at 1 P. M. every Sunday on Channel 6, paid a visit to the farm home of Mr. and Mrs. Stuart Hawke and his parents, Mr. and Mrs. P. V. Hawke, on February 16, for the purpose of making up a TV program on the production of maple syrup from pictures taken in the Hawke sugarbush.

Mr. Garriock and his two TV technicians were dinner guests of Mr. and Mrs. Stuart Hawke, as was also Mr. Gordon Shufelt, chairman of East Farnham Farm Forum. Following the lunch hour the party spent some time in the sugar woods, where they were joined by Mr. and Mrs. G. H. Moynan, also of the East Farnham Farm Forum group. Master David Hawke and his fine Collie dog were included in the TV pictures.

Mr. Garriock and party had paid a visit to Slack's mushroom plant in Waterloo, a rhubarb place near Foster, and a French Canadian herd of dairy cattle in this locality before coming to East Farnham. They continued their work of taking pictures for TV that afternoon at Freighsburg at the new apple storage plant before going to Montreal that night and back to Toronto on February 17.

Sutton Guides And Brownies Assn. Elect Officers

Sutton, Feb. 21 — The annual meeting of the local Association for Guide and Brownie mothers and friends was held in the Baptist Church Hall with a very good attendance.

The president, Mrs. Cecil Carr, presided. Mrs. Cecil Fordyce Ingalls acted as secretary for the evening. An interesting report was given by the Guide Captain Mrs. Winston Dyer, in which she told some of the activities of the guides during the year. A very successful cookie sale was held, a week's campaign was enjoyed at Lake Bonnalie, in company with other guides from the district, a church parade was well attended, the girls made a scrap book for the children at the B. M. P. Hospital in Sweetsburg and at Christmas, a party was held for the young children in the town.

The treasurer's report was read and money was voted to buy needed Brownie equipment. Plans were made for a mother and daughter banquet to be held in the near future. The committee in charge of arrangements are, Mrs. Fordyce Ingalls, Mrs. Nelson Thompson, Mrs. Douglas Mudgett, Mrs. Kenneth Miltimore and Miss Nora Smythe.

The election of officers took place and resulted as follows: President, Mrs. Cecil Carr; vice-president, Mrs. Nelson Thompson; secretary, Mrs. Sydney McCaw and treasurer, Mrs. Rupert Phelps.

The group are fortunate in having excellent leaders for both the Guides and Brownies in the persons of Captain, Mrs. Winston Dyer, assistant, Mrs. F. Day, Brown Owl, Mrs. Roger Berge, assistant, Miss Joyce Hawley. These ladies give their time willingly and need the co-operation of the Local Association. The membership of every Guide and Brownie mother is sought and any other interested lady is also most welcome to join. Dues are \$1 for the year and are payable to either the treasurer or other members of the executive.

Trinity Church Groups Meet At Cookshire

Cookshire, Feb. 21 — The Woman's Association of Trinity United Church met at the home of Miss Louisa Elliott on Tuesday evening, Feb. 15, with 8 members in attendance Mrs. Arthur Smith was in the chair, and opened the meeting in regular form.

Mrs. J. Vogell, secretary pro tem, read the minutes and Mrs. D. Bellam presented a favourable treasurer's report.

The evening was spent in making tickets, table decorations and costumes for the children who will take part in the entertainment in connection with the St. Patrick's tea to be held in the Church Hall on March 18.

The next meeting will be held at the home of Mrs. Johnson. At the close of the evening refreshments were served by the hostess, assisted by her daughter, Miss Louisa Elliott.

TRINITY SR. W. A.
The Sr. Woman's Association of Trinity United Church met at the home of Mrs. Richard Elliott on Wednesday afternoon, February 16th, with 13 members present.

Mrs. E. C. James was in the chair, and called upon some members of the Auxiliary to the W. M. S. to take charge of the devotional period, Mrs. Robinson was the leader, assisted by Mrs. Butler and Mrs. Drennan.

The minutes were read by the secretary, Mrs. Heatherington, who also read the correspondence. The treasurer, Miss Nelson, stated that the Committee of Stewards had given \$160., as agreed upon by the members at the previous meeting. A snow plough had been employed to clear away snow from the Church driveway and parsonage.

Mrs. James discussed the plan of canvassing for subscriptions to the United Church Observer, and has cards on hand for signatures. She also explained a number of terms used in the Church manual, some of the officers and their duties.

A thrift sale and food sales are to be held during the year, with Mrs. J. A. Fraser in charge of the former, and the members are to be divided into groups to take charge of the latter project.

Following adjournment, refreshments were served by the hostess, assisted by Miss Louisa Elliott. A special feature of the social hour was the birthday cake in honour of Mrs. James, who was celebrating her birthday on February 16, and of Mrs. A. H. Goff, who would be celebrating her natal day on February 17. Mrs. Robinson pinned a corsage on both ladies.

Local Concern Shipping Plane Equipment To U.S.

Last Saturday, the Polyrein Corporation of Sherbrooke, saw the departure of its first shipment to the United States of tray-carriers, new equipment to be used by world-famous airlines, which was developed by the local company. This shipment left Sherbrooke by truck on route to the Pan-American World Airlines, of the United States.

Some months ago, the Pan American awarded a large contract to the Pynn-Hawley Company, of U.S. Part of this order was sub-contracted to Polyrein Corporation, of Sherbrooke. Although generally, flow of products is from the U.S. to Canada, in this instance Pan American was unable to obtain suitable equipment in the U.S. and therefore asked the Pynn-Hawley Company to procure equipment

which would meet their specifications. The Pynn-Hawley Company, in turn, found that there was one source of supply only, and subsequently sub-contracted this portion of the contract to Polyrein Corporation.

Meals served by the Pan American, during flight, are often not served until the plane has been aloft for 10 or 12 hours. Since the meals must be kept below 40 degrees during this time, and since there is no artificial refrigeration available aboard the plane itself, some means of obtaining this temperature must be used. The equipment necessary was developed by the Polyrein Corporation and initial units were acquired by T.C.A. After some period of time, T.C.A. found the cabinets, or tray carriers, met all the specifications. This news, of course finally travelled through the airline industry and the Pynn-Hawley Company soon completed distribution arrangements with Polyrein Corporation.

The Pynn-Hawley organization has also awarded a contract to Polyrein Corporation for further tray-carriers, which will be used aboard new turbo-prop planes soon to be used by Capital Airlines, in the U.S.

Firemen Hurt As Blaze Destroys Home At Weedon

Weedon, February 21 — Four volunteer firemen received burns in a fire which destroyed a house here yesterday afternoon at approximately two o'clock.

The victims were: Lucien Palardy, 35; Raymond Fournier, 24; Euclide Boucher, 57, and Dorville Gregoire. The injured were all treated by Dr. Gerard Lemieux of Weedon.

The fire, of unknown cause, destroyed a two-storey wooden structure owned by Lucien Fontaine. The firemen, under Chief Donat Fontaine, received burns when they tried to enter the building through a back door. At the same time there was an explosion and the firemen received burns to the hands and face.

Only the four walls of the house remained after the fire.

Youths Attempt To Loot Local Antique Shop

Several Sherbrooke youths with an eye for antiques broke into the "Old Colonial Shop" at 552 Montreal Street, early Friday morning but were forced to flee empty-handed.

The would-be robbers visited the shop owned by Miss Florence Wark at about 1:30 Friday morning. Occupants in the upstairs part of the building heard the clatter as they tried to enter the shop and scared them away before they could take anything.

The thieves were described as boys in their late teens. Sherbrooke municipal police were called to the scene and are working on the case.

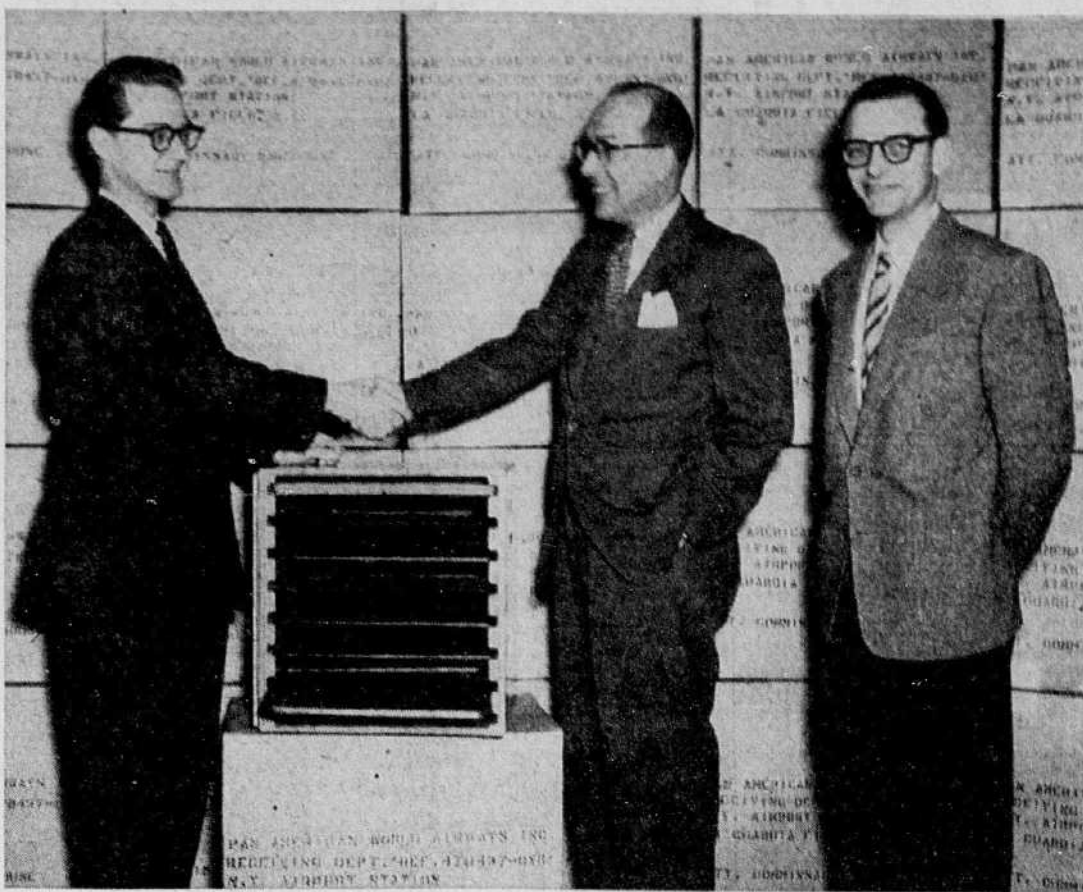

District Scout Rally Planned For Next June

The regular monthly meeting of the Sherbrooke District Scouters' Council was in the Troop Rooms of St. Pat's Scout Troop. During the business section two committees were formed, one of Cub Leaders and the other of Scout Leaders to set-up plans for the District Rally to be held on June 4.

Two recommendations were also brought forward to be presented at the next meeting of the District Council. One was that as His Excellency, the Governor General, was the Chief Scout for Canada, some part should be given to the Scouts and Cubs of the District during his visit to Sherbrooke.

The second recommendation was that a greater news coverage should be given to District Affairs through the District Council and that a person from the Council should be elected to do this. Scouters would look after publicity as regards to their own Packs and Troops.

After the business meeting Scouter Arthur Booth, of St. Pat's Troop demonstrated how the Morse Code could be taught to Scouts by associating the phonetic alphabet with pictures. He emphasized that the boys

Catholic Inquiry Forum Is Planned At Lennoxville

Based on the Catholic Inquiry Forum held in Montreal, under the auspices of the Jesuit Fathers, the St. Anthony's Ladies' Society are introducing prominent lecturers for the next four months who will speak on the following subjects:

Feb. 24—"Communism-Catholicism" R. H. W. Keyserlingk, publisher of the Ensign, President and Managing Director of The Campion Press Ltd., Montreal.

March 24—"The Bible and Catholics", Rev. Luigi d'Apollonia, S.J.

April 21—"Why Catholics Honor Mary", Rev. George Thoms, Director of the Catholic Hour.

May 19—"Is the Pope Infallible?" Rev. Luigi d'Apollonia, S.J.

The first guest speaker, Mr. Keyserlingk, has selected as his topic, "Communism-Catholicism," a subject in which he is well versed. He was born in St. Petersburg, Russia, son of Count Henry Keyserlingk, commander of the Imperial Russian Navy. When his father was transferred from the Baltic to the Pacific Fleet during the Great War in 1916, the family fled to Japan. Mr. Keyserlingk came to Canada in 1925 and was graduated from the University of British Columbia with honors in Economics. He took post graduate courses at the University of Zurich and other universities. For eight years he was foreign correspondent for the British United Press and the United Press in the various capitals of the world. In 1937 he returned to Canada as managing editor and general manager of the British United Press at Montreal and in 1942 became managing editor.

Mr. Keyserlingk is president of Palm Publishers which represents a number of British, Irish and United States publishers. The Company holds world rights to the book Igor Gouzenko "This Is My Choice."

The public is cordially invited to hear Mr. Keyserlingk express his views on a topic which is paramount today in the minds of all peoples.

Judge Redmond Hayes has consented to preside over the meeting.

should make up their own associating pictures.

The next meeting of the Scouters' Council will be held in Lennoxville on March 15.

India Topic Of New Study Club At Lennoxville

The newly formed Women's Study Club of the Lennoxville United Church met in Douglas Hall, Mrs. A. E. Abercrombie was elected to conduct the study on India and plans were made for future meetings to be held on the third Wednesday of each month from 2:30 o'clock to 4.

At this opening meeting, 24 ladies were present and tentative plans were discussed to have Dr. Robert Paulette give an illustrated lecture on India and its people as he saw them.

Mrs. Foster Ross and Mrs. George Sutherland gave a very concise history of the country with map reference, and of the people. They explained that British India in 1947 was divided into Pakistan and Union of India, the area being roughly half the size of Canada but with thirty times the population. The effect of the monsoon climate on the plant and animal life was explained, the most important products being for food and clothing.

The importance of the river systems was stressed, originally as a means of travel but now as part of one of the most extensive irrigation systems in the world.

As 70 per cent of the people live in villages dependent on the land for their livelihood, the difficulties they encountered were explained, as well as the steps which are being taken to offset these evils.

The industries are divided in two groups, the modern factory like the cotton mills at Bombay, plants processing jute products at Calcutta and the Tata Iron and Steel Works, and the "cottage industries," such as the weaving of Gandhi cloth, making pottery, etc., which are to supplement the peasants' meagre income.

As for modern communications, the extensive railroads are the most important means. There is a definite lack of hard-surfaced roads which has helped the growth of the air-lines now serving all important centres.

The people are grouped by religions as follows: Hindus, Moslems, Christians, and smaller groups like Sikhs, Buddhists, Jains. Their problems in the country as a whole are chiefly those of food, followed by closely related ones of health, literacy and poverty. These the government is trying to correct in its five-year plan.

India, poised between the western nations and Communism should command the interest of all.

Two Appeared On Driving Charges

Two local men were brought up in Municipal Court this morning on charges of driving while their faculties were impaired by alcohol.

Heard before Judge Richard Crepeau, one was convicted and fined \$100 and costs or a month in jail and a revocation of his license for six months. The other case was postponed until tomorrow.

Flag And Cash Box Presented To Ascot W. I.

Ascot Women's Institute received gifts of a flag and cash box in memory of a departed member at the regular monthly meeting held in the Assembly Hall at the Lennoxville Experimental Farm. Mr. J. H. Woodside presented the group with a Union Jack and cash box in memory of his wife, who, for a number of years was a valued member. Mrs. L. Butler, Mrs. A. D. Savage, vice-president, received the gift and expressed the sincere appreciation of the members.

The meeting was opened with the usual form and twenty-three members answered the roll call by giving uses for powdered milk.

It was reported that through the used woollens collected by the members two blankets had been purchased to be forwarded to Greece and a birthday box had been packed for a member's mother in England.

Mrs. A. Church gave the highlights of the recently held county meeting, to which she was a delegate, and Mrs. W. Winget reported on the very interesting visit to the Tribune, when members enjoyed a conducted tour of the building and the making of a newspaper was explained.

A nomination committee was named, Mrs. W. S. Mitchell, Mrs. R. S. Lipsey and Mrs. T. Bilings. The program committee will include Mrs. F. Ingham and Mrs. G. Robinson.

It was reported that the branch history had been completed and forwarded to Macdonald College. This completed the business and an interesting contest followed, on the making of buttonholes, with Mrs. A. Church in charge. Prizes were awarded to 1, Mrs. Annie Sutton, 2, Mrs. Fred Lundeborg and consolation, Mrs. H. McLaughlin.

Notice was given that the annual meeting would be held on the second Thursday in March instead of the usual third Thursday, to enable the forwarding of conveners' reports. This meeting will be in the assembly room as usual.

Hostesses for the meeting were, Mrs. W. Winget, Mrs. H. Bennett, Mrs. E. Savage, and Mrs. H. Savage, assisted by Mrs. A. Church.

Man Injured In Bus-Truck Smash

A collision between a city bus and a small truck, which occurred about noon on Saturday, resulted in one man being hospitalized for the week-end.

Roger Pouliot, 27, of 770 King East, was driving the small truck at the time the accident occurred and was the only person injured in the collision. He suffered wounds to the throat and knees and a split lip but was reported improved at St. Vincent de Paul Hospital this morning.

To Observe Fiftieth Anniversary Foundation Of Rotary International

Sherbrooke Rotary Club members, like their fellow-Rotarians throughout the world, are this week celebrating the fiftieth anniversary of the founding of Rotary International by Paul Harris.

A special program has been drawn up for the celebrations, which will take place at the regular meeting of the local club tomorrow evening and a cordial invitation has been extended to all Rotary Annes to be present.

The speaker for this occasion will be Dr. Cecil P. Martin, professor of anatomy at McGill University and a member of the Montreal Rotary Club, who has chosen as the topic of his address, "Jubilee."

Dr. Martin was born in Ireland and is a graduate of Trinity College, where he received the degrees of M.B., Ch.B., M.A. and D.Sc. He is also a veteran of the First World War, having served as Professor of Anatomy at Trinity College before coming to Canada in 1936.

PROFESSOR CECIL P. MARTIN

The members and their wives will meet at the usual hour of 6.15, prior to the anniversary dinner which will commence sharply at 7.15.

Heavy Outlay For Oil Exploration In Quebec Seen

Oil industry expenditures on exploration and development will reach a new record high this year and part of the outlay will be spent in the province of Quebec, A. T. Roblin, manager of the Quebec marketing division of Imperial Oil Ltd. told the Eastern Townships branch of the Engineering Institute of Canada at its meeting Friday evening.

Mr. Roblin referred to an exploration program now being undertaken by Imperial Oil in the St. Lawrence Valley between Montreal and Quebec. He said it would take some time to evaluate the findings of this initial work.

Mr. Roblin said the search for new oil is becoming both more extensive and more intensive. Expenditure in 1955 is expected to top the million-dollar-a-day record of 1954.

Paying tribute to the "steady flow" of investment dollars from the province of Quebec into western oil development, Mr. Roblin said the fact that half the capital invested in western oil is of Canadian origin is a "commendable record."

New discoveries since Leduc have multiplied Canadian oil reserves about 38 times over, he said. Whereas, before Leduc, Canada produced only seven per cent of her crude oil requirements, now she is capable of producing nearly three-quarters of her needs.

Mr. Roblin pointed out that Canadian oil consumption has about tripled in the past ten years. The country's refinery capacity is now over half a million barrels daily and further refinery expansion is planned. Included in Imperial's expansion program is a soon-to-be completed project at the Montreal East refinery which will increase capacity from 46,000 to 60,000 barrels daily.

Daily rate of consumption for the whole country, Mr. Roblin said, now runs about 560,000 barrels a day, nine per cent higher than last year. The market available to Canadian crude oil this year will approximate 330,000 barrels a day, nearly 30 per cent more than in 1953.

"Most men in the industry think our mushrooming production will be supplying, on balance, almost our total needs, within a few years," Mr. Roblin said.

He pointed out that because increasing quantities of imported oil have been replaced by western Canadian oil, important savings amounted to an estimated \$200 million.

The meeting was presided over by B. R. Bradley. Lucien Latulippe introduced the speaker, who was thanked by Walter Sutherland.

Former Resident Of Richmond Dead In Car Accident

Toronto, Feb. 21. — A native of Richmond in the Eastern Townships, a former executive vice-president of the Brazilian Traction, Light and Power Company and an official in the Metro works department, Harold Leroy Banfill died in hospital at West-kill, N.Y., on Saturday as the result of injuries received in an accident near there a week earlier. He was 58 years of age.

Born in Richmond, the son of the late Enos and Sarah Banfill, he served overseas in the First World War and graduated in engineering from McGill University. For five years he served with the Bell Telephone Company of Canada and joined the Brazilian Traction in 1928, going to Brazil where he remained until 1951. At the time of his return to Canada, he was executive vice-president of the company's operations in Brazil. Last summer he was made assistant to the Metro Road Commissioner.

At the time of the accident on February 12, Mr. and Mrs. Banfill were beginning a month's vacation in the United States. The car in which they were riding skidded off the road and hit a tree in Chautauque County.

He is survived by his widow, the former Winnifred Pandock, and two sons, Hugh W. Banfill, of Cornwall, and Kenneth Banfill, of London, England.

The Premier And The Rights Of The Minority

English-speaking Protestant residents of the Eastern Townships have had ample opportunity to appreciate the determination of the present administration at Quebec to defend the rights of the minority so the events of the current session need come as little surprise to them.

His remarks during the two occasions on which the bill of the Benedictine Order came before the Legislature committee, the Prime Minister made it clear that he regarded it more than just an effort by one municipality to take over certain lands of its neighbor.

placing them under the regulation of the Abbott of the Monastery of St. Benoit du Lac, who administered the non-elective council of the latter municipality.

The Government, said Premier Duplessis, was dedicated to the preservation of the rights of all minorities and in line with this policy it could not consent to any group losing its inherent privileges.

In past years, the Union Nationale Government has given overwhelming evidence of its determination to respect minority rights and Protestant educational and welfare institutions in this district have always received the most generous treatment from the provincial administration whenever their requests have been placed before it.

Thus, they realize that the stand taken by Premier Duplessis on the St. Benoit du Lac measure follows his long-established policy.

South-Paws

The proportion of "south-paws," persons who use the left hand for tasks that most people commit to the right, may not have increased a great deal in the last few years but it certainly seems so.

The seeming growth in the number of undisguised south-paws is probably explained by the fact that most of these individuals are young. They entered the world late enough to escape the unwritten school rule which made left-handing little short of a crime.

The more enlightened: "Let him (or her) alone," is now supported without hesitation by the best authorities. Indeed, there have been so many celebrated south-paws that they are at a premium.

articles claiming that left-handers are, as a rule, more intelligent and swifter of reaction than the majority. If this finding be accepted they are entitled to rank with those easily susceptible to hay-fever, put down as brighter than the average, and those who suffer — (and they certainly do suffer) — from gout.

Altogether, on the old premise that everything printed is true, one might be excused for the conviction that a left-handed goat victim, subject to recurring hay-fever, should be so gifted mentally that the fortunes of the Free World might be entrusted safely to his hands.

The south-paws, in any event, have been amply reassured. In this generation they are no more likely than the others to end on the gallows or to be put away for the public good. But, if they are wise, they will be content with having the edge; they will dispense with the gout and the hay-fever that would put their mental superiority beyond all question.

The Specializing Traveller

"No," said one man seated among a group in those comfortable lobby chairs, "I don't know England much but I do know Cornwall; have sort of specialized on Cornwall. Have spent three long holidays there."

This reminded us of the traveller who had visited Ireland four or five times but disclaimed knowledge of the Emerald Isle — outside of Antrim. Antrim's celebrated rocky coast and many scenic wonders had taken all his time and he had none left over.

There may be something in this specializing idea. Isn't it better to know one section, even a relatively small section, of a country well than to store in mind only fragmentary glimpses of a large canvas of many

lands? There are travellers who do a world tour and come back with these superficial pictures yet ask them about one country after another and: "Oh, we were only there three or four days."

There was the Canadian industrialist who took his family overseas for months and returned to talk only of large hotels and golf-courses. He could have got both by remaining on this side of the water.

Even the background and the beauties of the Eastern Townships, a small part of the province, would take a visitor months to absorb. With this in mind the next time a stranger to the district visits us for a few days we will recommend that he "specialize on" Rock Forest.

Germany: Moves In The Making?

From The Christian Science Monitor

It would be doing the easy and comfortable thing to assume that Western European Union will be ratified and West Germany be re-armed and allied to the West, all as a matter of routine.

Chancellor Adenauer has gained some strength for his position as a result of the recent changes of power in the Soviet Union. But there is great agitation for still another effort at three-power negotiation with Russia over German unification before a vote. And there is a possibility that the French Council or upper house may cause complications.

Meanwhile the strategists in the Kremlin have by no means yet done all they could do in the way of making concessions to defeat German rearmament and alignment with the West. That they are doing some thinking in this

direction is suggested by two recent developments.

At the end of January the Soviet Government newspaper Izvestia amplified a statement earlier made to foreign correspondents that Moscow would agree to free elections under some international control in both East and West Germany as a prelude to establishing an all-German government. This would sound very much like meeting the key British-French-American demand at the Berlin conference a year ago.

But the proposal has not yet been put into the form of a diplomatic note. It is a feeler rather than a firm offer, and all manner of obstacles could be encountered in working out details. But the semi-official statements have had considerable propaganda effect in West Germany, where unification is an irrepressible issue.

What Other Papers Say

DOCTOR'S SECRETS

(Vancouver Province)

There is no doubt that the confidence between doctor and patient should be preserved. Without it a great many patients would not tell the doctor the things that he should know in order to better diagnose or treat their cases.

But should this code be held higher than any other code of ethics, more sacred than the public's interests? Are the secrets of an individual more important than the welfare of the community in which he lives?

MINING TOWN

(Port Arthur News-Chronicle)

The Blind river uranium field, some 75 miles east of Sault Ste. Marie, may produce a new community of 10,000 people, or even more. Algom Uranium will place two mills in production with capacity of 3,000 tons per day each, employing 1,600 men on a year round basis. There are other good prospects in the area also as several companies explore their properties.

WARM FEET FOR A NICKEL

(New York Herald Tribune)

The newest thing in slot machines has been developed — a cable car station on Mt. Hafelekar in the Austria Alps near Innsbruck. You put a coin, equivalent to about 5 cents, into a contrivance somewhat like a weighing-machine. Ultrashort waves bombard your feet for 15 seconds. Get the circulation going and you walk off with hot dogs.

LET'S MAKE SOME HERE

(Financial Post)

So-called Canadian souvenirs are made in practically every country but Canada, says a Toronto designer. That may be a bit too sweeping but in general it is all too true.

Try getting something typically and locally Canadian to bring home to the family from almost any city or region in Canada. One will have to hunt diligently indeed. If he doesn't, nine times out of ten he will find stamped somewhere on his purchase "made in So and So," but it won't be Canada. Particularly is this true of the cheaper souvenirs, things in the 50 cents to 35 cents.

The Canadian Handicrafts Guild and some other groups have made a start in catering to this important tourist market. In some areas it is possible to buy handmade rugs, pottery, ties, scarves and certain kinds of carved wood work. But the field has hardly been scratched. Each year, it is estimated, Canadian merchants sell around \$10 millions worth of souvenirs, the great bulk of which are imported and therefore hardly genuine souvenirs at all.

TOO MUCH PARTY?

(Vancouver Sun)

Once upon a time MPs had considerable independence. They couldn't be bullied by central headquarters of the party as to elections or by the Government whips as to voting in the House. They could overthrow governments, and often did, not matter what the party label. Therefore governments were more inclined to listen to and profit from debates in Parliament.

Today party discipline is more rigid and party lines more firmly drawn. Stability of government has become more important than principle. The MP who dares to vote against his leaders' policies is likely to find himself out of favor with the party at the next election. And it's difficult for an independent to be elected any more.

The chief advantage of the system, as we said, is stability. This is most important when parliamentary majorities are slim as in Britain today. The chief disadvantage is rigidity of thought with consequent deterioration at the top. It's been evident to some in Canada that both our governments and oppositions have been getting sluggish and unenterprising.

Canada's parliamentarians might better ponder this idea than flog the issue of executive control with worn-out whips.

by former Soviet Marshal Rokossovsky.

None of these manoeuvres are convincing indications that Moscow would in fact give up any of its present throttling grip on the Soviet zone of Germany. But it could well afford the appearance of substantial concessions if these would yet stave off ratification of the Paris treaties.

The week that remains before the scheduled debate and vote in the Bundestag at Bonn may see some Soviet propaganda bombshell. We believe the greatest security for West Germany now and all Germany in the long run lies in Western European Union. But it may be necessary to prove this against the temptingly suggested prospect of a hypothetical unified, neutralized, and disarmed Germany.

Delinquency, 'What To Do' And What Do Local Youngsters Want?

By ALAN J. OXLEY

We wouldn't be so much perturbed over the million youngsters in the United States who clashed with the law for offenses ranging from theft to murder in 1953 if we hadn't been told drastic steps are necessary to prevent a similar situation in Canada. And we are reminded by Judge J. C. Samson of the Sherbrooke Social Welfare Court that Sherbrooke is not one bit better, pro-rata, than any other Canadian city when it comes to juvenile delinquency.

Few sizeable Canadian communities can read those shocking totals of delinquency today with the comfortable feeling that they are greatly different. The figures should afford even less comfort to those glib individuals who mark this growing problem down to "modern trend" and, with a shrug of the shoulder, mutter that "kids will be kids."

We would be foolish if we were not disturbed by even the number of child-offenders not caught in their misdemeanors. Officials estimate that there are twice as many in this category. Judge Samson, lately termed the "frightening."

Juvenile delinquency is a moral problem. But whether the basic cause of the situation is a general deterioration of the morals of our population as a whole is a point to discuss. Nevertheless, any Canadian adult knows that today's youth is tempted to leave the straight and narrow more than ever before. And it inevitably comes back to the adult to help the youth. For basically, they are the molders of youth.

If the mold is weak or warped, then there are flaws in the finished product.

We hear much criticism of our youth these days, much of it well founded. But not all of it. And, because we know a deal of it is unsound, we must not fail to search out and seek to meet those reasonable complaints.

Basically, the catalogue of complaints is all too familiar. Take a look at Sherbrooke. It's as good

a working model as any city. Our youth, we have heard it said, breaks windows for the thrill of it, they're lazy, collect on street corners, smoke, drink and make nuisances of themselves. And they seem totally unimpressed by advice offered by elders.

Sounds incredible, but in large part true. A question. Is our youth as bad as the picture would paint them? We are inclined to answer "no!" A youngster of decent upbringing will not break windows for the sake of something to occupy his time. The fellow who does must surely have a mental quirk of some kind, or he is probably rebelling against a downgraded position at home or at school.

It is true, youngsters are lazy in a vast selection of ways; they escape small household duties and the occasional errand when they don't feel ambitious. But it seems there are a surprising number of adults who work not for love but because they have an unavoidable habit of eating. Nevertheless, we have known many a youngster who delivered newspapers before going to school, delivered groceries or helped the milkman on a Saturday morning and during summer vacations.

A deal has been made lately of a complaint by youngsters of an absence, although not a total absence, of "something to do." Youths who hang about on street corners and the like constantly lament this so-called situation.

Just how legitimate is this complaint? Sherbrooke may have its shortcomings, but it would be naive to suggest that there is no place already for youngsters to go; some 35 skating rinks, Y.M.C.A., and Y.W.C.A. offer some selection of entertainment, we have skiing, basketball facilities, outdoor trackmeets and both junior and minor baseball in the summer months. These are only a few.

Admittedly these are failing to reach the child who is rebelling

against society, the child in gravest danger of delinquency. This fellow sees himself lost in a hostile wilderness. He takes no interest in school or church-sponsored groups and the like if he can avoid it, because he is fighting to make himself noticed. And he usually does if he has to go to a juvenile court to do it.

We have spoken to several teenagers (these we didn't find on the street corner) and they too, expressed what seemed a sincere desire for some additional pleasurable pastime.

A sportsclub has been suggested, and a place to dance. But it would be foolish to think that one more club, one more dance hall will solve the problem. An over-all campaign to find out just what, if they know, (we don't believe they do) the youngsters want, might help the cause.

Idleness breeds delinquency. And feeding the juke box at the nearest soda bar won't help.

A litter of pups or a batch of kittens causing trouble can be painlessly deposited in the nearest creek with a brick on each of the necks. But since even the most ardent critic of youth hasn't recommended we go this far, not forgetting the kindly old gent who likes children - "roasted," it looks as though we shall have to accommodate them.

A tendency to overstress Sherbrooke's failings toward youth does exist. But, apparently they

Bygone Days

THIRTY YEARS AGO

From The Record of Saturday, February 21, 1925. Large areas in Eastern Canada and the U.S. were severely shaken by earthquakes which appeared centred off the Canadian Atlantic coast today. A near panic was reported in many centres as people rushed from public arenas, theatres and auditoriums.

TWENTY YEARS AGO

From The Record of Friday, February 21, 1935. Former French Premier Alexandre Millerand, has again warned France against the "German menace" while issuing a call for a two-year conscription plan.

TEN YEARS AGO

From The Record of Wednesday, February 21, 1945. All squadrons of the Canadian bomber group participated in last night's widespread RAF attacks on Germany, with the bombing of Monheim oil refinery an all-Canadian effort.

A bill authorizing \$3,000,000 to be spent on Quebec's roads during the next four years has been given the third reading in the Legislative Assembly. Maurice Lacharite, 52, ex-police captain and fifteen year veteran of the local police department died at his Murray Street home yesterday.

won't attend the functions we have, and it would be silly to imagine we could make them, so we suggest an effort to find what legitimate complaints they have.

We will need an aroused citizenry to get action. We do need a broad, genuine interest in youth. Delinquency is not merely the problem of police or social agencies — it's everybody's business.

HERE'S AN EXAMPLE OF GOOD BIDDING

The bidding in today's hand was energetic, but quite reasonable. West wouldn't have opened the bidding in first or second position with only 9 points in high cards, but the strong six-card suit amply justified a third-hand opening bid. North, with 19 points in high cards, was too strong for an overall of one-no-trump and therefore began by doubling for a takeout.

East might have passed over the double, but his actual bid of one heart cannot be criticized. He thought that this would be his only cheap chance to show his suit, and there was no particular risk in doing so at the level of one.

South was glad to hear the bid of one heart since it gave him the chance to show a little strength with a "free" response of one spade. The bid showed strength because it was clear that South would have passed with a completely worthless hand.

Once South showed a sign of life in this way, North could well afford to show the true strength and nature of his hand by making a jump bid in no-trump. From here on it was easy to get to game, and it was more or less a toss-up whether to get to game in no-trump or in spades. As it happened, the same basic play was needed for either game contract.

West opened the eight of hearts, and South simply had to know the right play for the heart suit. It is clear that West has led his highest heart, and that East therefore has a long suit headed by A-J-9. How should declarer handle the hearts?

If South plays a low heart from the dummy, East will signal encouragement by playing the seven. South cannot refuse the trick, since then West will continue the suit and ruff the third round.

The contract will then be set two tricks. But if South wins the first trick with the queen of hearts, West will regain the lead

with an ace to lead another heart; and the defenders will then get two heart tricks and two other aces.

South must begin by playing the king of hearts from the dummy. East must win the trick, but cannot afford to lead another heart. (If he does, South lets a low heart ride to dummy's ten.) No matter what East returns, South has time to set up a diamond or a club in the dummy on which he can discard a heart, after drawing trumps. Thus the opponents are limited to one heart trick and the other two aces.

CARD SENSE

Q—The bidding has been: North East South West 1 Club Pass 1 Diamond Pass 2 Clubs Pass ?

You, South, hold: Spade 7, Hearts K-J-7-4, Diamonds A-Q-J-8-6-5, Club 4. What do you do? A—Bid two hearts. You intend to bid hearts again, later on, to show that your secondary suit is rebidable. You want to play this hand at game in one of the red suits eventually.

Farm Forum Activities

BEDFORD

The weekly meeting of the Bedford Farm Forum was held at the home of Mr. and Mrs. Ellis Jones. The Green Leaf was read by the secretary, Mrs. Neil Creller, and Mr. Hannibal Shelton, chaired the meeting.

The topic appointed for the evening was, "Farm Marketing Abroad." Points brought out in the discussion period, included 1. that the government support of prices should be constant enough to protect the farmer against disastrous drops in prices.

Mr. and Mrs. W. Howe from Huntingville were in town, calling on relatives and friends and attended the funeral of Mrs. C. Bolton, in Colebrook, N.H.

EAST FARNHAM

Twenty-eight members and friends of the East Farnham Farm Forum met at the home of Mr. and Mrs. Paul Mahannah, on the evening of February 13.

The questions following the broadcast were: 1. "Do you think farm price supports should be designed to protect the farmer against disastrous drops in price, or should they be high enough to encourage increased production?"

Members of the B.I.C. Home and School Association are reminded that a meeting will be held in the Island Brook school on Thursday evening, Feb. 24, at 8 p.m.

EATON ROAD

Mr. and Mrs. G. Robinson entertained the Eaton Road Farm Forum on Monday evening, February 14, with 19 members present.

Strasser fled for his life in January, 1933, after breaking with Hitler. His brother, Gregor, was slain in Hitler's "blood purge" within the Nazi party in June, 1934.

The minister-president said Strasser would not be required to undergo a denazification trial. A state law passed last year authorizes such a trial only if a former party member voluntarily requests it.

Strasser, 58, who lived in Paradise, N.S., during most of his exile, flew to Switzerland last week after his German passport was restored by the Bonn government.

His "League for Germany's Renewal" is not yet openly active in politics. Observers estimate that it has less than 1,000 adherents scattered in the Bonn republics nine states.

Cards Of Thanks

Through the column of your paper I wish to extend my sincere thanks to all my relatives and friends for their kindness in remembering me on my birthday with cards, letters, candy and other gifts, a special "thank-you" to the ladies of the United Church of Granby for a beautiful bouquet of Spring flowers, all who helped to make the day a happy one.

Such kindness is deeply appreciated and will never be forgotten. LINDA SPENCER, Granby, Que.

In Memoriam

JOHNSTON — In loving memory of my brother, Russell A. E. Johnston, who passed away February 21st, 1954 at the Sherbrooke Hospital. One year ago my home was saddened.

With sorrow and with loss, God took away a loved one, And left a heavy cross; He gave me strength to fight it And courage to bear the blow But how much I miss you True was his heart, his actions kind, His life was a pattern to those left behind.

He left this world his thoughts unknown And left a memory proud to own, HIS WIFE & FAMILY, Cowansville, Que.

JAMIESON — In loving memory of our dear Mother and Grandmother, Mrs. T. Jamieson who passed away at her home in East Angus, February 21st, 1950.

The dearest Mother the world could hold, A loving smile, a heart of gold; For those who knew her all will know How much we lost five years ago. Sadly missed by: JOHNIE, ERNEST, ALLAN, ROY, (Sons); ANNE, EDITH, (Daughters); ANNE, RUTH, LYMAN, LLOYD, LARRY, LAMBERT (Grandchildren)

JOHNSTON — In loving memory of our brother, Russell Johnston who passed away February 21, 1954. I lost my soul's companion, A life linked with my own; Not a day do we forget you, As we walk through life alone, In silence he suffered, in patience he bore, Till God called him home to suffer no more. Always remembered by: HARRY JOHNSTON, (Brother), South Durham, Que.; STANLEY & GLADYS JOHNSTON (Brother & Sister-in-law), Washago, Ont.

Farm Forum Activities

MILBY

The Milby Forum met at the home of Mr. and Mrs. Edgar Orr with an attendance of 13 members. Due to a very poor reception much of the panel discussion on the interesting subject, "Public Relations", was lost to the listening group.

Under the chairmanship of Mr. Everett Beattie, three discussion groups were formed. Some study was given to the current Farm Forum Guide after which the questions for special discussion were considered and the findings pooled.

1 — What can Farm people do to develop better relations and understanding with the public? a — through contacts between local farm groups and groups of urban people?

Suggestions: Panel discussions with urban groups to show the true picture of farming, the wide gap between the price the farmer receives for his "wares" and the prices he has to pay for essential commodities as well as machinery, stock upkeep and so on. Try to contact and establish good relations and understanding between various urban groups and the farm organizations. Try to have more friendly contacts among the different farm organ-

izations. b — Through local newspapers and radio stations?

By all means make every possible use of both to present an informative picture of agriculture in its many phases.

2 — Would you be willing to have your local farm organization help to provide more funds, either by increased membership fees or other means for an adequate public relations program at provincial and national levels?

The best way in which this could be done would be to awaken the interest of the majority of farmers to the importance of a program for public relations at both national and provincial level. If this can be accomplished, a raise in the present fees will not be necessary. With increased membership the present fee should provide adequate working capital.

The secretary, Mrs. Bertrand Turner, read the replies received from Mr. Blanchette M. P. for Compton and Mr. Roberge M. P. for Stanstead re. the recommendation that in consideration of the almost complete failure of grain crops in the Eastern Townships the freight subsidy on western grains be re-established, which was sent from the joint meeting of the Ives Hill-Draper's Corner, Waterville and Milby Forums. Interested and sympathetic views were expressed by both Members, also the willingness to help in-so-far as possible.

During the social hour refreshments were served by the host and hostess assisted by Mrs. W. T. Evans, and Mrs. Alan Dark.

COOKSHIRE

The matter of farm price supports, when discussed at the Cookshire Farm Forum, brought forth a feeling that the stability of Canadian agriculture necessitated some degree of support, yet it should be kept within reasonable limits.

The meeting was held at the home of Mrs. H. Hodgeman, with

a fair attendance. The members were pleased to have them as a visitor. Mr. Walter Hodgeman, provincial president of the Quebec Farm Forum Association, who added considerably, not only to the discussion of the evening's topic, but also gave much information about recent agricultural meetings and activities, both provincial and national.

The discussion of the subject of farm prices and markets brought forth many comparisons between farm income and security on the one hand and the pension rights and other privileges of wage earners on the other for instance, on the complaint that farmers do not enjoy such pension security it was pointed out that a farmer on retiring has the value of his farm and other assets.

The first question to be answered was, "Should farm price supports be designed to protect the farmer against disastrous drops in prices, or should they be high enough to encourage increased production, or should there be a middle course between these?" The last was felt to be the right answer; protection against disaster was not quite enough, yet there should be a reasonable limit.

The second question was whether Canada should set price supports higher than the prevailing export market possibilities? Answer was there should only be sufficient price support to give the farmer a reasonable price; ordinarily not higher than to meet available export markets, yet there might be circumstances when this was called for.

The third question led to a deadlock in opinion. It was whether price support programs would increase barriers to international trade? The members divided about equally in an affirmative and a negative answer to this.

Plans were made for next week's meeting, with an invitation from Mrs. Ronald Learned; also plans were discussed for a possible film showing on Fourth Night, February 28th.

During the lunch period, Mr. Hodgeman discussed some details about the proposed radio program, and a few angles of this scheme received attention.

BULWER

Mr. and Mrs. Gerald Williams entertained the Bulwer Farm Forum at their home with Mrs. Richardson assisting. There were eleven present. Due to the condition of the roads several members were unable to attend.

Two groups were formed for discussion with the following results:

Ques. 1 — We do not need increased production as prices are not high enough to encourage it, but we do need price supports to protect the farmer against a disastrous drop in prices.

Ques. 2 — If we had free trade it would be better to keep support prices at the level of the world market prices. As it is, we think Canada should set the support prices higher than the export prices, the surplus would have to be sold on the export market and the government would have to absorb the difference.

Ques. 3 — We do not see how you can have an effective price support program without increasing the barriers. If we had free

Local Institute Holds Meeting

Sutton, Feb. 21. — The Sutton Branch of the Women's Institute held their regular Monthly meeting at the home of Mrs. George Cooke, with Mrs. Fanny Cooke as co-hostess. With the president, Mrs. Harold Miller presiding, the meeting was opened by all repeating the Creed. Ten members answered the roll call by naming a local manufacturer. Four visitors were also present.

Mrs. Walter Westover gave a report on a board meeting which was held in Montreal. A committee was formed to bring in a slate of officers for the annual meeting in March when a pot luck luncheon will be served at the meeting which will be held at the home of Mrs. Harold Miller.

The meeting was closed with the Ode repeated in unison. The hostesses then served lunch.

A card party sponsored by the Women's Institute was held in the home of the president, Mrs. Harold Miller, when 500 was played at 11 tables. The sum of \$17. was raised and will be donated to the B. M. P. Hospital in Sweetsburg.

On Friday evening 15 gentlemen from the Magog United Church were the guests of the Sutton United Church for a friendly game of carpet bowling. The winning team skipped by Mr. Fred Wilson of Magog, composed of W. Ashby, Sutton, R. Parker, Magog, Douglas Breese, Sutton.

Following the game lunch was served by the Sutton hosts. An invitation was extended for the men of the United Church, with their wives, to attend a social evening in Magog in the near future.

HILL — JONES

Rock Island, Feb. 21. — The marriage blessing of LAC Lawrence Bernard Hill of the RC AF, son of Mr. and Mrs. C. B. Hill of Rock Island, and LAW Betty-Marie Jones Hill, of the RCAF, daughter of Mr. and Mrs. R. J. Jones of Niagara, Ont., took place at 3 o'clock on Saturday afternoon, February 5, at All Saints Anglican Church in Niagara, the Rev. J. T. Coney-beare officiating. The church organist played the wedding music.

The bride was escorted to the altar by her father and was attired in a suit of pastel pink flecked with black, with which she wore white accessories and a corsage of red rose-buds and white carnations.

Mrs. Barnett Ogilvie, was matron of honor for her sister and she wore a suit of aqua green with white accessories and a corsage of pink roses.

LAC Wesley Farrow of the RCAF was best man.

Mrs. Jones, mother of the bride, wore a frock of navy blue shantung with white trim, white accessories and a corsage of pink carnations.

Mrs. Hill, the groom's mother, wore a frock of green shantung with brown accessories and a corsage of yellow carnations.

The reception followed the ceremony, and took place at Ed-Rix in Niagara, where a dinner was served to seventy guests.

The head table was centered with a flower arrangement and the bride's table with the three-tier wedding cake topped with a miniature bride and groom, and decorated with flowers. Following the dinner the remainder of the evening was spent in square dancing.

Mr. and Mrs. Hill are for the present staying with the former's parents, Mr. and Mrs. C. B. Hill in Rock Island, and plan to reside in Montreal in the immediate future.

The civil marriage ceremony of LAW Betty-Marie Jones and LAC Lawrence Bernard Hill took place at a chapel in Zwickbrucken, Germany, on November 11, 1954, with the Burgomaster (mayor) officiating.

The attendants were LAW Joan Horncastle of British Columbia and LAC Wesley Farrow of Stanstead, Que. The wedding trip was a home coming to Canada.

Women's Groups

BUSINESS AND PROFESSIONAL WOMEN'S CLUB

The regular meeting of the Business and Professional Women's Club was held in the MacKinnon Memorial, Monday evening, February 14. Miss Bessie Milford, president, was in the chair for the short business meeting, when the corresponding secretary, Mrs. Beryl Johnson, read a letter from Mrs. Louise Hersey, of Winnipeg, complimenting the Sherbrooke club on receiving six new members since November.

Miss Milford read a letter from Mrs. G. R. D. Laycock, national president, stating that Miss Una MacLean, of Calgary, Alta., has been awarded the United Nations Fellowship of the Canadian Federation of Business and Professional Women's Clubs. It was at the 14th biennial convention, held last July in Toronto, that the Canadian Federation established, for the first time, the United Nations Fellowship of \$500. Miss MacLean is a vice-president of the Federation.

Mrs. Maude Bayley, first national vice-president, and Miss Elsie Gregory MacGill, chairman of the Survey and Research Committee, representing the Canadian Federation of Business and Professional Women's Clubs, presented \$286.20 to the Agnes MacPhail Memorial Fund on February 11. The presentation was made at this time to commemorate the first anniversary of Miss MacPhail's death. The aim of the fund is to establish a scholarship for post-graduate study in the fields of penal matters at the University of Toronto.

Miss M. Haight read a message from Dame Caroline Haslett, D.B.E., London, England, president of international federation, regarding the race problem, International Week and human rights, which stated that world knowledge is the foundation of the whole problem, that understanding and knowledge are the basis of world peace.

Miss Bessie Bryce acted as chairman of the program for International Night, which featured a candlelight service, originated by Mrs. Caroline Phillips, to commemorate International Week.

As Miss Bryce read an article on business clubs in different countries, Miss Marjorie Moir lit a candle for each country named, as a symbol of a federation in each of twenty countries,

including Canada and the United States. Three unlit candles represented the countries dominated by Russia, where women's clubs are not allowed.

The international federation congress for 1956 will be held in Montreal.

Miss Milford asked for volunteers to aid in making cancer dressings at the next meeting.

Miss Bryce announced that the next meeting will be held in the MacKinnon Memorial Building on March 28 when the public speaking contest will take place.

Miss M. Philips Guest Speaker At Boundary Club

Stanstead, Feb. 21 — The Boundary Business and Professional Women's club met on Monday, February 14th at the home of Mrs. Charles Merriman in Stanstead, with Miss Mary Flint as co-hostess.

Thirteen members and one guest attended. The theme of the meeting was "International" and the president, Miss Elsie McFadden read a letter from Dame Carolina Haslett, D. B. E., president of International Federation, on the subject "Without distinction of Race" and this was followed by discussion of race problems in our world of to-day.

Four members of the club read articles from "Widening Horizons" and American B. and P. Women's club magazine about club activities in Norway, South Africa, France and Korea.

The guest of the meeting, Miss Margaret Philips, of the teaching staff of Stanstead College, who had previously been introduced by Miss McFadden, spoke to the group in an informal manner on France, where she had been a visitor the summer of 1954.

The next meeting will be held on March 21, the place to be announced at a later date.

A delectable treat of sugar on snow, was enjoyed at a Valentine covered table, thus terminating a delightful meeting.

ISLAND BROOK—

Mrs. Alberta Hughes of East Angus is staying at the home of Mr. and Mrs. Kenneth Marrow, helping to care for Mrs. N. Burns.

Pirates Wallop Locals 9-4; Rock Island Edges Windsor

Frankie Reid Registers Hat-Trick; Mush Morehouse Tallies Four Goals In Surprise Upset Of Close Fixture

Diminutive Frankie Reid, shifty pivot man for the Pirates of East Angus, just had too much last night for the Sherbrooke Intermediates as he registered a hat-trick to lead the Paper Town aggregation to a 9-4 walloping of the local squad in a regular fixture played at the Arena before 500 fans.

The defeat practically knocked the Sherbrooke club out of first position in the Mac Wilson circuit although the Meteors of Asbestos didn't play. They were idle yesterday but they have two games left to play and one victory is all they need to cop the spot.

In another close game the Butterfield club pulled a surprise when they edged out Windsor Paper Makers 6-5 in the Border Town Arena. This evening Brompton will make another bid for a higher spot when they will receive Rock Island at the local Arena. Tomorrow East Angus will be hosts to Asbestos in an important tilt.

Frankie Reid came up with a strong two-way display and besides registering his hat-trick he also helped on three other goals. He helped to kill off penalties and took his regular turn as well. The Pirates were minus Gosselin, one of the regular defense-men, who was forced to sit out a one-game suspension.

The Pirates took over in the first period and rapped home five markers before Bertrand Morin tallied the first local goal. Frankie Reid got all his three in the first frame while Gagnon and George Reid accounted for the difference. This period made the locals were completely outplayed.

Gagnon and Bisson picked up two goals each while George Reid and Yves Therrien accounted for the others. For Sherbrooke, Morin collected two, to celebrate his return after being out for two weeks, while Fern Desrochers notched the others.

In the second frame Morin continued his potting and came up with his second tally but Bisson struck back quickly with two goals to extend their lead to 7-2. In the final frame the locals began to force the play and although they held a slight edge they just couldn't get the disc behind Olivier until after the half-way mark.

Yves Therrien got away on a break and batted the disc home but a few minutes later Desrochers registered what proved to be the final goal of the evening for the locals and then Gagnon completed the scoring.

Butterfield's Upset Windsor
A goal by Claude Ricard with two minutes and a half left to play gave the Butterfield aggregation a close 6-5 win over the fast-stepping Windsor squad: Playing Coach Mush Morehouse was the big gun for his team as he batted home four goals to lead the attack.

Bergeron tallied the only goal of the opening canto and then added one more in the second frame before Morehouse got his first tally. Desrochers and Cote made it 4-1 for the Paper Makers but Coach Morehouse came up with two goals within a minute to make things look better for the home club.

Cloutier evened the count for Rock Island with Parker sitting out an interference penalty but the Paper Makers moved ahead again when Couture was awarded a penalty shot and beat True to break the deadlock. Morehouse finished off a play with Ellis and Cloutier to even the count again and then with only a couple of minutes left Claude Ricard came up with the winner.

HEAD TABLE GUESTS—Sports greats were the centre of attraction and came in for much hand-shaking at the annual sports celebrities \$25-a-plate dinner in aid of the Ontario Society for Crippled Children held in Toronto. Among those at the head table, facing camera left to right: Rex Stimers, president of the Ontario Sports Writers and Sportscasters Association, sponsors of the dinner; Sandy MacDonald, 11, of Hamilton, Ont., 1955 Timmy; Rt. Rev. Walter Bagnall, Bishop of Niagara; heavyweight champion Rocky Marciano, and Dazy Vance, member-elect of the baseball Hall of Fame.

Eagles Dump East Angus Pirates 8-4; Yvon Therrien Registers Hat-Trick; Brompton Meets Rock Island Tonight

Brompton Eagles moved into third place in the Massawippi Valley Hockey League at the Arena Saturday evening when they ran up an 8-4 verdict over the Pirates of East Angus to edge by the idle Windsor club by a single point. The game booked in the Paper Town was switched late Saturday afternoon when it was impossible to play owing to the lack of ice.

The win allowed the Eagles to take over third spot by a single point in the standing with the same number of games played, twenty-seven. The league will commence their final week of the schedule and have games slated for Monday, Tuesday and Wednesday in Sherbrooke. On Thursday Asbestos plays in Rock Island and East Angus travels to Windsor. On Friday the final of the agenda takes place in Windsor when the Paper Makers will be hosts to Brompton.

This evening Rock Island will tangle with Brompton at the Arena while tomorrow night East Angus will receive a visit from Asbestos in a postponed tilt. On Wednesday Butterfields and the Eagles are slated to meet but Monday's tilt may be a four-pointer as it is quite possible that the local ice will not be available.

Thibault was the pacesetter in Saturday's game with two goals, the first two of the game. He batted home a rebound from M. Emond for the initial tally and then 12 seconds later he came up with the nicest marker of the evening when he completed a passing play with Ray St. Cyr to give the Eagles a 2-0 lead at the end of the first period.

In the middle session Gagnon reduced the margin but for the rest of the period the Eagles held the upper hand in the scoring department, posting four without a reply. R. Leblanc, Jutras, Gaudet and G. Leblanc accounted for the scoring. St. Cyr opened the scoring in the third frame and Dubois made it 8-1 for the Eagles but the Pirates struck back and with Yves Martel the marksman registered three goals, giving the young winger the hat-trick, the only one of the game.

Asbestos Meteors Hold Powerful Dow Brewery Team To 4-4 Draw In Exhibition Tilt Sunday Afternoon

Asbestos — The Meteors of Asbestos proved once again yesterday afternoon why they should be considered a strong contender for the Massawippi Valley Hockey League honors when they held the strong Dow Brewery team of Montreal to a 4-4 stalemate before a record crowd of 1,600 paid fans.

The new Civic Centre was jammed to the walls and with the passes, issued specially for the occasion, close to 2,000 watched the fast, wide open exhibition of hockey. During the first and second periods a figure skating exhibition was given by two members of the St. Hyacinthe Figure Skating Club.

Miss Pauline Archambault teamed up with Wallace Le-maire, strong-armed rearguard with Meteors, to give the fans a wonderful exhibition of skating. They went through the various acts which drew the applause from their audience.

The Meteors jumped into an early lead in the first frame when Illick and Jacques tallied for the only goals of the period. In the middle session Renaud got the first goal for the visitors but Carpenter off-set this but Renaud was Johnny-on-the-spot with his tally. Grenier made it 4-2 for the home club just after the half-way mark.

The Dow squad commenced to turn on the pressure but the Meteors held their ground and gave Bobby Bleau plenty of trouble as they peppered him from all angles. It was only his outstanding play in the nets that kept the score down.

In the final frame the visitors commenced their drive from the opening whistle and Duranseau finished off a passing play with Howie Morenz and Marion. A few minutes later Renaud completed his hat-trick but that completed the scoring although both

Bishop's Cagers Down Aggies For League Win

Bishop's University cagers spotted Macdonald College Aggies a 6-0 lead in the first minute at Sherbrooke High School gym Saturday, then fought back to win 53-47, for their second victory in eight Ottawa-St. Lawrence Valley Conference tilts.

Saturday's victory was sweet revenge for the day in November when Macdonald downed both the Bishop's men's and Women's teams. A crowd of 100 was treated to fast, clean basketball on the part of both squads. The first half provided the thrills as the Purple and White fought from behind to take a 25-19 lead, and during the second half the clubs traded baskets pretty evenly.

Guard Don Stringer, who scored 12 points, and freshman center Bill Johnson were agile on rebounds, preventing the Aggies from getting second chances at the Bishop's basket. Bob MacMurray was the Gaitors' top offensive man with 17 points. Captain Dick McGrail was high man for the Aggies.

Bishop's — Greenwood (7), Stringer (12), Johnson (6), MacMurray (17), Wells (6), Plant, Wood (2), Peters (2), Burt (1) — 53.
Macdonald — Sorley (4), Baker (2), McGrail (11), MacCallum, Robertson (8), McCully (4), Joubert (4), Lough (5), Armstrong (9) — 47.

Referees were Jim Potts and Marcel Fortier.

Bishop's Student Wins Downhill In Laurentian Meet

St. Marguerite, Que. —(P)— Jim Quarles of Montreal Nordik rocketed down treacherous Mount Baldy in 58.3 seconds Sunday to win the senior A men's downhill championship of the Laurentian zone ski competition.

The two-day event opened Saturday at Ste. Agathe with Laval University's Andre Bertrand taking the senior A men's slalom honors with an aggregate 2:00.3 for two runs.

Bertrand, provincial champion and a good bet to make Canada's next Olympic ski team, did not compete in the downhill.

He swept the slalom honors shortly after capturing the top spot in the downhill event of the Canadian intercollegiate senior ski meet at St. Sauveur Friday, he won the intercollegiate slalom. The senior A women's slalom and downhill events were taken by Barbara Wilkins of Nordik. Her aggregate time for the slalom was 2:43.3. She did the downhill in 72.3.

Ex-Sherbrooke Star Wins Protest

New Glasgow, N.S. —(P)—President Harry Trainor of the APC senior hockey league rejected Sunday a protest by Halifax Wolves over the eligibility of Pictou Royals' forward Nels Tremblay.

Pictou defeated the Wolves 5-3 in the league semi-finals which wound up last week.

Halifax claimed Tremblay, a former Sherbrooke Saints player, had not signed a playing card. Tremblay insisted that he had and said so under oath.

The APC executive passed the Halifax protest to the Maritime Amateur Hockey Association which referred it back to the league. Trainor's decision followed Sunday after he had studied available documents.

Bill Hartlen of the Wolves said his club would take the issue back to the MAHA and if they lost again, would seek a ruling by the Canadian Amateur Hockey Association.

finished with 9½ as did a Lachine unit of skips T. M. Montgomery, C. R. Mackay and W. Cook. Back of these two units was another Pointe Claire unit of skips Ted Pattee, Reg Piper and Max Lecomte with an average plus in nine points.

All told 414 rinks, 1,656 curlers, from the Montreal, Ottawa and Quebec Districts took part in the two-day event.

Norwich University Stops Bishop's Gaitors 6-3 In Hockey Exhibition; Game Played Under American Rules

Northfield, Vermont — Norwich University Saturday night handed Bishop's University Gaitors a 6-3 trimming in a rugged exhibition hockey tilt played here. The game, played under American college hockey rules which eliminates the centre red line, and nearly all body checking, was an expensive one for the Gaitors, for it cost them the service of defenceman Jim Williams who suffered a broken nose early in the opening period. Williams who suffered a broken nose early in the opening period. Williams will be lost for an indefinite period of time.

Norwich opened up the scoring at the 8:34 mark in the first period, as Ron Dutil picked up a corner pass from Mortenson, and let fly with a low ten-footer which caught the outside corner past Doherty's out stretched leg. In the second period, Norwich pushed in four more goals, while the Gaitors could only manage two, and both teams matched singletons in the final canto.

Fern Cloutier led the Norwich scorers with two goals and an assist, while the other markers were Ron Dutil, Eric Mortenson, Jack Ferns, and Roger Paquette. For Bishop's, the goal scorers were Jim Ferrabee, Duke Hinich, and Andy Ross.

The Gold and Maroon Norwich squad won the game with a big uprising in the second period, started by Cloutier, who scored two quick goals within eight sec-

onds of each other to start off the frame. Paquette drew assists on both counters. Jim Ferrabee and Duke Hinich put the Gaitors back into the game a few minutes later with goals scored four minutes apart. However, the home team pulled further away in the remaining minutes of the second period as Jack Ferns and Paquette potted the fourth and fifth markers for Norwich.

Both teams scored once in the final canto. With both teams short-handed by one man, Andy Ross got the Purple and White squad's last marker when he let go with a low slap shot from just inside the blue line which found the corner. Norwich closed off the scoring when Mortenson jabbed in a short goal mouth pass from McLaughlin.

Bishop's University — goal, Doherty; defence, McHarg, Williams, Mitchell, Matthews; forwards, Ross, Whittemore, Adams, Clark, Hinich, Andre, Jolley, Ferrabee, Edwards.

Norwich University — goal, Gillies; defence, Gurun, Durgin, Kiley, Ferns, Haynes; forwards, McLaughlin, Cloutier, Paquette, Dutil, Mortenson, Inman, Dutcher, Robert, Blandy, Mullen, Moriarty.

Plagued By Fatigue, Schoolboy Curlers Open Competition Today; Quebec Meets Saskatchewan Rink

Sydney, N.S. —(P)— It was a tired, hungry group of boys that arrived here from Halifax early today a scant 14 hours before they were scheduled to take to the ice in the opening round of the sixth annual Dominion high school bonspiel.

Heading the continent was Ken Watson of Winnipeg chairman of the Canadian high school committee. His late arrival held up the draw.

Two From Ontario

Seven rinks — all but the three Maritimes entries — fell victim to the weather. Kelowna, the British Columbia champions, left the west coast Thursday. After a fast flight across the country, picking up the other six rinks as they went, they arrived Saturday in Montreal.

From there they were plagued by bad weather. They reached Halifax early Sunday after a delay in Montreal. After a 10-hour wait in Halifax they set out by bus as rain and fog still blanketed the airport here.

Despite the fact they would only get a few hours sleep, the boys were due to arise bright and early today for four practise ends against high school rinks from Nova Scotia who made the trip here to provide opposition for the visitors while they got the feel of the ice.

Canada Draws First Bye

New York. —(P)— Canada will meet either Pakistan or the British West Indies in the second round of this year's American zone of the Davis Cup tennis competition.

The draw for the American zone matches made Sunday gave Canada a bye in the first round. The European zone draw was made previously.

This will be the first year that Pakistan has competed for the Davis Cup, symbol of world tennis supremacy.

round Saturday they defeated Al Hollander and Reginald Weir of New York 3-6, 7-5, 6-3.

"Boom Boom" Gets Five As Canadiens Wallop Rangers

Breaks Out In Scoring Splurge; Red Wings Blank New Yorkers 5-0; Black Hawks Upset Maple Leafs 4-1

Bernie Geoffrion, cast into the shadows by the explosive performances of Maurice Richard and Jean Beliveau, himself exploded to the top of the National Hockey goal-scoring race in less than an hour.

The 24-year-old rightwinger with Montreal Canadiens, who only a few weeks ago was accused by coach Dick Irvin of indifferent play, scored five goals Saturday to lead Canadiens to a 10-2 debacle against New York Rangers and send 14,990 hometown fans into near delirium.

It was the most destructive scoring outburst by any player this year, including Richard, the super-talented Beliveau.

Not since Richard scored five goals against Detroit Red Wings Dec. 29, 1944, has a Canadian wreaked such havoc on an opposing goaltender. The NHL record is seven, scored back in 1920 by Joe Malone of Quebec Bulldogs in a 10-6 victory over Toronto St. Pats.

Boston-Leafs Tie
In the only other game Saturday, the third-place Leafs and fourth-place Boston Bruins battled to a 1-1 tie before 12,902 Toronto customers.

The Leafs turned around and dropped a 4-1 decision Sunday night to the last-place Black Hawks in Chicago. Meanwhile, the second-place Red Wings nung a 5-0 shutout on the Rangers at Detroit.

The standings remained unchanged after the weekend action. The Montrealers lead with 76 points, one up on Red Wings and 14 ahead of Leafs. The Bruins have 58 points, four behind Leafs but 14 in front of the fifth-place Rangers and 23 ahead of Hawks.

At Montreal, Geoffrion started his onslaught on New York netminder Gump Worsley at 2:37 of the first period. He called it quits at 14:05 of the third, with Canadiens leading 10-1.

Greatest Season
This will be Bernie's greatest season in the big time. The five-foot-nine forward, a solid customer with his hulking shoulders and thick wrists, scored 30 goals in his second year with Canadiens in the 1951-52 campaign, 22 the following year and 29 last season.

The five other Montreal goals were all singles—by Bert Olmstead, Calum MacKay, Don Marshall, Jackie Leclair and Tom Johnson. New York's goals were

scored by Bill Gadsby, on a screened shot in the first period, and by Larry Popein, near the end of the game when Andy Bathgate's goalmouth pass went in off Popein's skate.

Defenceman Doug Harvey figured in five Montreal goals, running his season total of assists to 39, one short of the NHL record for assists by a defenceman. Babe Pratt of the Leafs counted 40 over a 50-game route in the 1943-44 season.

Tie Stalled Them
The Bruins' drive to overtake the Leafs was stalled by their Saturday deadlock with Toronto. Ed Sandford scored for the Beantowners at 3:06 of the first period and Leaf captain Ted Kennedy evened it up at 10:54 of the second.

The Hawks scored three goals in the third session and put the wammy on Leafs at Chicago Sunday night. A crowd of 9,812 fans sat in as Hawks chalked up their 11th victory in 58 starts.

Metro Prystay was Chicago's big gun, scoring twice. His goal early in the first period gave Hawks a 1-0 lead that stood until defenceman Jim Morrison deadlocked the count at the 54-second mark of the third. Eddie Litzenberg and Harry Watson scored the other Chicago goals.

Centre Alex Delvecchio scored twice to lead the Red Wings to victory over New York. It was the 11th shutout of the season for Detroit netminder Terry Sawchuk and left him only four goals behind Toronto's Harry Lumley in the Vezina Trophy race. Sawchuk handled 25 Ranger shots. Worsley stopped 38.

The other Detroit marksmen were Marcel Bonin, Marty Pavlich and Gordie Howe.

CUP TO "MR. HOCKEY" — Conn Smythe, (right) who has spent nearly 30 years building the Toronto Maple Leafs hockey club, receives a 10-carat gold miniature of the Stanley Cup from Hap Day who succeeded Smythe as Leaf general manager February 1. The two-foot-high trophy was presented on behalf of the National Hockey League club as a dinner meeting of Leafs and press and radio representatives.

Cataracts Rout Chicoutimi 8-0 As Aces Edge Cats 4-3; Royals Down Braves 7-3 In Week-End Tilts

Quebec Aces upset the high-flying Shawinigan Falls Cataracts 4-3 Sunday with an overtime goal by Camille Henry, overshadowing the Cataracts' 8-0 rout of Chicoutimi Saguenens the previous night.

Although the loss barely threatened Shawinigan Falls Quebec Hockey League position, the victory enabled the Braves to stay in a tie for second place with Montreal Royals who downed Valleyfield Braves 7-3 Sunday. The Braves went on to lose 6-3 to Saguenens Sunday night at Valleyfield.

At Quebec, Michel Labadie scored two goals for the Aces and Bucky Buchanan one. George Faulkner, Len Thomson and Gerry Desaulniers counted for the Cataracts.

Claude Prevost led the scoring as Shawinigan blanked the Saguenens at Chicoutimi. He scored two goals while the others came off the sticks of Connie Broden, Ed Kachur, Desaulniers, Bob Turner, Gilles Dube and Dick Wray.

3 For Hildebrand
In Montreal, Ike Hildebrand

had a hat trick for the Royals, scoring a goal in each period, while linemates Paul Masnick and Eddie Mazur pumped home a tally apiece. Kelly Burnett and Ernie Roche got the others.

Jacques Desaulniers, Andre Corriveau and Georges Bougie scored for Valleyfield.

At Valleyfield, Germain Leger led the Chicoutimi attack with a pair while the other Saguenens marksmen were Fred Saska-moose, Stan Smrke, Lou Smrke and Gerry Glaupe.

Andre Corriveau tallied twice for the Braves and Georges Bougie once.

Simpson Wins Badminton Crown

Boston—(P)—Gordon Simpson of Montreal successfully defended his men's singles crown Sunday with a 15-9, 15-5 victory over Noel Fehm of Westport, Conn., in the 15th annual New England badminton championships.

Simpson teamed with William Purcell of Toronto to take the men's doubles, beating Wayne

Mike Souchak Sets New All-Time High In Winning Texas Open With 257 For 72 Holes, Two Under Mark

San Antonio, Tex. — (P) — Mike Souchak virtually rewrote golf's record book in winning the \$12,500 Texas Open with a fabulous 257 for 72 holes — two strokes under anything ever shot before — and moved on to Houston today to throw his power off the tee and finesse on the greens at one of the toughest courses along the tour.

The giant from Durham, S.C., completed a fantastic sweep of the records as he romped in with a six-under-par 65 Sunday to win the storied Texas Open by a seven-stroke margin.

During four days of shooting, Souchak cracked the nine-hole record of 28; shot a 60 to tie the 18-hole record; and wound up with that 257 that bettered the 259 set by Byron Nelson in 1945, tied by Ben Hogan five years later, and tied again by Chandler Harper in the 1954 Texas Open.

CANUCKS FADE
Al Balding of Toronto, who shot a 10-under par 274 for the 72 holes a disappointing 75 in his Schell and Bobo Wright, of Boston, 15-12, 15-8.

McGill Captures Intercollegiate Over Queens.

St. Sauveur, Que. — (P) — McGill University Saturday captured the Canadian intercollegiate senior ski championship with a five-point aggregate lead over its nearest rivals, Queen's University of Kingston, Ont.

McGill came through the two-day, four-event meet with 95.2 points under the intercollegiate system. Queen's collected 90 points while University of Montreal placed third with 87.9. Four-tenths of a point behind in fourth place was the University of Toronto while University of Western Ontario, London, Ont., was last with 84.6.

Quebec's Laval University, last year's champions, turned in a strong performance in the downhill and slalom events, but failed to enter racers in the cross-country and jumping and were not classed for the overall team scoring.

Highly-rated Laurie Redpath of McGill captured individual honors and was awarded the title of "skimeister." Redpath garnered 91.5 points, 2.8 points ahead of teammate Peter Reid.

Willie Mays Is Caught Speeding

Williamsburg, Va. — (P) — Willie Mays, New York Giant outfielder, was caught on the fly near here Saturday night. Police said their radar apparatus clocked Mays doing 70 miles an hour in a 55-mile zone.

Mays later posted bond of \$20.25 for his court appearance at Yorktown Wednesday on the speeding charge.

Penticton Vs And Czechs Tie 3-3 In "Wild-West" Hockey At Prague; Dick Warwick Tallied Equalizer

Prague — (CP) — Penticton Vs gained a 3-3 tie against Czechoslovakia's entry in the world hockey championship in an exhibition game Sunday. They also received a lecture from a Czech radio commentator on "wild-west hockey."

In a game reminiscent of some of Toronto East York's contests at Stockholm last winter, the Canadians were resoundingly booed for their vigorous style of play, particularly after fisticuffs broke out in the rugged third period.

The Czechs, who finished no better than fourth last year's world tournament, losing 5-2 to Canadian entry, presented many of the same players but gave a better account of themselves. It took a goal by rightwinger Dick Warwick with less than three minutes remaining to give the Vs their tie.

Dick's brothers, Bill and Grant Warwick, scored the remaining Penticton goals, one a period and matched in each case by a Czech counter.

Czech Scorers
Vladimir Zabrodsky, a veteran of the 1949 team that beat Canada for the title, scored two of Czechoslovakia's goals. Vlastimil Hajzman was the other Czech marksman.

The Vs, seeking the world title that Moscow Dynamos took from the East York club last year, played ragged hockey against the smooth-passing Czechs and were hampered by a number of boarding penalties.

Of the game's 11 penalties, the only ones assessed against the Czechs resulted from third-period fisticuffs during which Jack MacDonald twice tangled with one of their defencemen and playing coach Grant Warwick tussled with another near the Czech goal.

"The Canadians have started playing more like boxers in the ring than hockey players," said the Czech radio commentator as the combatants were sent off in pairs. "Canadians — you may play like in Canada but here we are in Europe."

The Vs, first North American team to play in Czechoslovakia

since the Communists took over in 1948, were bested by auto-graph hunters before the game, which was played before a sell-out crowd of 15,000 at Prague's Winter Stadium.

Second Game Tonight
The Canadians play a second game against the Czech B team before moving back to West Germany where the world champion ships open Friday.

In other warm-up games played Sunday the Russian defending champions defeated Bad Neuhelm, a second-string German club, 17-3 and the United States entry downed the Swiss national team 5-2. Vaisviold Bobrov, star of last year's champions, scored seven goals and had six assists in the lopsided Russian victory.

For Penticton, Sunday's game was the first against top-ranking competition. Their earlier games against West Germany were against undermanned clubs that frequently had to be bolstered by players borrowed from the Canadians' own ranks.

Although tempers flared frequently throughout the third period, in which eight penalties were called, and the crowd booed the Penticton team to the echo, the players skated off the ice amiably with handshakes all around.

Verdun Argyles Wallop Bishop's Girls 51-18 In First Fixture Of Provincial Two-Game Point Series

Bishop's University women played their best brand of basketball but were thoroughly outclassed by Verdun Argyles 51-18 at Lennoxville High School Saturday afternoon in the first game of a two-game, total-point series in the provincial play-offs.

Argyles capitalized on a shaky Bishop's zone defense to get into position for layups which they rarely missed. They are probably the best team that Bishop's has met, since, except for four women, they were the Verdun Beavers who last year, went all the way to the Eastern Canada semifinals. Their own man-to-man defense was particularly tight and by half-time they led 31-6.

Argyles represented the Montreal Ladies' Basketball League. They eliminated two Montreal teams to win the district title, and if they hold off Bishop's in the return game at Verdun High School this Saturday, they will meet the winners of the current Shawinigan Falls-Three Rivers series for the championship of the province.

Bishop's University — Sylvia Woodward (2), Sylvia Burt (8), Cairne Gilmore (4), Allison Perry (2), Shirley Kitching (2), Elizabeth Home, Carol Martin, Nola Ryan, Veronica Boland, Elizabeth Burley, Mary Lou Jarand.

Bishop's represented their district because they are the only team remaining in the Eastern Townships Amateur Basketball Association.

Sylvia Burt led the Bishop's squad with eight points and her hook shot from the side at the start of the second half was the shot of the game. Mae Ellefsen and Pat McGloshan led the scoring for Verdun with 12 points apiece, while Betty Oshmera led the team from her guard position, also scoring eight points.

Verdun — Irene Duddy (8), Mae Ellefsen (12), Phil McGloshan (2), Betty Oshmera (8), Tilley Jankowitz (4), Pat McGloshan (12), Claudette Emond, Jean MacPherson (3), Shirley Lawson (2)—51.

Strong American Team Leaves For Games In Mexico

New York — (P) — Four world record holders, miler Wes Santee and a solid core of tested Olympians will leave the United States' powerful, 33-man track and field team in the second Pan-American Games in Mexico City next month.

"It's an outstanding squad," said Jim Kelly, chairman of the committee of 18 which selected the touring athletes Sunday. "It could have won any Olympic games ever held and will do great in Mexico City."

Kelly, of the U. of Minnesota, said this is a far better squad

Battle 100 Games; Finishes In Tie

Lyon, France. — (P) — Tennis veterans Budge Patty of Los Angeles and Jaroslav Drobný of Egypt decided to call the Lyon indoor tennis final a tie Sunday after battling 100 games for four hours with no decision in sight.

Both men were exhausted in the third set when the score reached 21-21 and they decided to call it off. Drobný won the marathon first set 21-19 and the second went to Patty 10-8.

Charlottetown Islanders Dominate All-Star Team Placing Five On Squad; New Glasgow Edges Pictou In Finals

Naming of an all-star team by the Atlantic Coast Senior Hockey League and rejection of a Halifax Wolves protest by the APC Senior Hockey League executive over-shadowed weekend playoff action in the two loops.

Five Charlottetown Islanders and a lone Fredericton forward were named to the ACSHL's first all-star sextet when final tabulation was made of 18 votes from Fredericton, Charlottetown, Amherst and Moncton.

Charlottetown's Jim Shirley was chosen as top netminder to back up teammate — defencemen Steve Brklacic hand Lloyd Hinchberger. High-scoring centre Buck Whitlock and right-winger Bob Gray were named front-men along with Fredericton Capitals' Doug McPhee.

Brklacic, earlier named the loop's most valuable rearguard, was also nominated to the all-star coaching position.

PICTOU DOWN TWO
In weekend action, New Glasgow Rangers handed Pictou a 5-4 setback to take a 2-0 lead in their best-of-seven APC finals.

Bert Dalling scored his second goal of the night in sudden-death overtime to clinch the win. Danny McFayden, Kent Storey and Gilles Matteau picked up the other Ranger goals. Pictou scorers were Al Legere, Vince Ryan, Mark Babineau and Dan Danny-luck.

KULLMAN SHOWS WAY
Sparked by two third-period goals by Wally Kullman, Charlottetown laced Fredericton 4-2 at the New Brunswick capital and took a 3-1 lead in their best-of-seven ACSHL semi-final round.

Doug McPhee scored for Caps in the first and Bob Gray knotted the count. Orin Carver's second-period goal gave the Islanders a 2-1 lead. Bob Leger punched ed home the Caps' final goal in

100,000 Witness River Crossing In Canoe Race

Quebec — (P) — A Montmagny, Que., crew of five swept across the St. Lawrence river from Quebec to Levis and back in a 16-foot-long dinghy Sunday in 21 minutes and three seconds to win the Quebec winter carnival "Canoe" race.

The crew, captained by Ligouri Lachance, won the \$500 first prize offered in the first race of its kind since 1931. Eugene Vezina's Gross Ile crew captured second prize of \$250, finishing the two-mile course in 22 minutes and five seconds.

Twelve of the 18 starting craft finished. The boats are equipped with steel runners and the crews wore spiked boots. Most climbed around ice floes which were too big to navigate around and pushed their boats like sleds. There were no mishaps.

An estimated 100,000 persons lined both the Levis and Quebec banks of the river.

Border Home And School To Hear Talk On Fluorine

Derby, Feb. 21. — An executive meeting of the Border Home and School Association met at Sunnyside school on Monday evening, February 14 with the president, Howard Wells, in the chair.

Plans were discussed on having a baked bean supper in March, with definite plans to be made by a committee.

The date of the general meeting was set for February 28, at Sunnyside school, when Dr. Griffith, a local dentist, will show films pertaining to fluorine in the drinking water. He will also speak briefly on this matter. Invitations are to be sent to the Derby Line Parent-Teachers Association, the Beebe Home and School Association, a committee of the International Water Co. and the classes of the Red Cross Home Nursing course.

Discussion was given the suggested "stop" sign in the highway at the school zone in Stanstead, and it was decided a study should be made of this and it

general meeting on February 28.

The annual Quebec Federation meeting of Home and School Associations, will be held in Montreal on May 6 and 7, and at the general meeting, delegates from the Border Association will be named.

An invitation was read from the U-Need-Us club of the Derby Line Universalist church inviting the Association to attend a discussion and talk by Father Fritz Simmons, of Burlington, on "Sex education for our children" at the Village hall in Derby Line on February 21.

Mr. Wells, Mrs. Estelle Chamberlain and Miss Edith Howse, gave a report of the regional Council meeting held recently in Sherbrooke, and it was voted to send representatives to another meeting in Sherbrooke on March 8.

YOUNG PEOPLE'S UNION

The Young People's Union of Stanstead South United Church met at the home of Rev. and Mrs. E. G. Tenneson, on February 13. There were seven members present. Rev. Tenneson began the Church Fellowship hour with a scripture reading and prayer. This was followed by a talk on Church Leadership.

Edward Simpson, president of the Y. P. U., took charge of the business meeting when it was

decided that the group would put on a one-act play in Waterloo on March 26. Gail Hovey was elected as the new secretary. The meeting closed and Mrs. E. G. Tenneson served cocoa and cookies.

LONGEST "MISSION"

Longest combat mission of World War II occurred in 1944 when U.S. planes flew 3,800 miles round trip from Ceylon to Sumatra and dropped 16 mines which sank or crippled seven Japanese ships, according to the Encyclopedia Britannica.
