## SITUATION IN THE FAR EAST.

### Russians Preparing For Final Stand at Port Arthur—Skirmishes Only Between Manchurian Armies.

London, November 22.—The Japanese at Port Arthur now occupy the positions in front of the Sangshusan and Changshan forts, where they are completely sheltered from the Russian fire. The garrison must now await the blowing up of the scraps for the final struggle with bayonets. The abandonment of the north fort at Tungkiwan is attributed to the bombardment from Palangshan. The fortification of Liaotichan is being pushed rapidly. Naval guns are being mounted there. It is probable that the Russians will make their final stand at Liaotichan. The Manchurian and Panyshan forts are not subjected to the direct fire of the Japanese. These forts, together with those at Golden Hill and Tigers Tail may make a strong resistance.

RUSSIAN SORTIE.  
London, November 22.—A despatch to the Express from Magasaki gives a new version of the report of the sortie of torpedo boat destroyers from Port Arthur, which were stated yesterday to have left at the same time as the Rastoropy. The correspondent of the Express says that the three boats left two days before the Rastoropy, carrying duplicates of a despatch from Gen. Stessel. There were some badly wounded officers on board the boats, who preferred to risk their lives at sea rather than to meet certain death in the insanitary hospital at Port Arthur. The Japanese cruiser Kasuga sank the first destroyer, after a fight lasting half an hour, in which all the Russians were shot or drowned except four, who were rescued from the sea. The boats from Kasuga, after the destroyer sank. The cruiser Matsushima sank the second destroyer twenty-five miles from Port Arthur, receiving herself an ineffective blow from a torpedo. The Japanese torpedo gun-

boats sighted the third destroyer off Liaotichan at midnight, and chased her until 4 o'clock in the morning when the engines of the torpedo boat broke down. The gunboats discharged two torpedoes at her, both of which struck almost simultaneously. The destroyer sank with all on board of her. The correspondent adds that the Japanese naval officers express the highest admiration for the bravery of the crews of the destroyers.

Mukden, November 22.—The Russian detachments occupying Da Pass have retired before a Japanese column, 1,000 strong.

The Japanese are reported to be advancing towards Sintsintin.

FREQUENT SKIRMISHES.  
Mukden, Nov. 22, via Tien-Tsin.—Since the Japanese failed in the attack which they made on Poutloff Hill, November 18, the old order of affairs has been resumed. There are frequent skirmishes, particularly in the vicinity of the Russian center, where both sides have daily clashes.

There was an exchange of artillery fire during the greater part of November 20.

It appears that the affair of November 18, was a reconnaissance in force, and that had it been successful, it was to be followed by a general attack.

The Japanese got within thirty paces of the Russian outer positions before being driven back. They left over a hundred dead on the field.

The Russian soldiers are quite comfortable in their dugouts.

The weather continues extremely cold, the thermometer recording thirty-five degrees of frost. The frost is accompanied by high winds which carry clouds of dust.

## ARREST MADE AT NORTH HAM.

### Man Brought to Sherbrooke Charged With Incendiarism.

NEIGHBORHOOD HAD BEEN TERRORIZED FOR SOME TIME—MONTREAL DETECTIVE EMPLOYED.

A very sensational case of alleged incendiarism has just been made public at North Ham. For some time past the residents of South and North Ham have been living in a state of terror so far as their lives and property are concerned. The feeling grew to such an extent that no one would leave the house after dark without a revolver as a means of self protection. The matter was laid before the municipal authorities, and they decided to call in the aid of a detective.

On Friday last Detective Norman, of Montreal, arrived in the place, and after making enquiries, arrested Nap. Descormiers, upon a warrant issued by Mr. P. Blais, J.P. One of the charges upon which Descormiers was arrested was that of having set fire to the saw mill belonging to Mr. Jos. Rene, on the 4th November, and which was valued at \$3,000. The mill was quite an industry in the community, as it gave employment to many of the residents, and was, also, a place where the people of the surrounding country could sell their lumber.

It is alleged that Descormiers has been guilty of many crimes in the community.

It is charged that in June last he attempted to set fire to Mr. Rene's mill, and Mr. Juneau, of North Ham, suspects him of having, also, attempted to set fire to his blacksmith shop. It is also alleged that Descormiers made admissions to the parish priest of North Ham, Mr. Rene and Detective Norman.

The arrest of Descormiers was a most painful one. He was in the midst of his family when the detective proceeded to his house, and he had to leave a sick wife and large family.

Of course the charges against him are yet unproven and he will probably have an opportunity to answer them in a few days.

The saw mill was insured in the Provincial Insurance Company for a substantial amount.

The accused was conveyed to the Sherbrooke jail on Saturday evening, and will come up for preliminary hearing before Judge Mulvena, either this afternoon, or to-morrow morning.

## THE M. L. A. FOR MEGANTIC COUNTY.

### Mr. G. R. Smith Welcomed Home After Inverness Acclamation.

MANY OF HIS FRIENDS OF THE TOWN DROVE OUT TO MEET HIM WITH FIREWORKS.

Thetford Mines, November 22.—(Special.)—Mr. George R. Smith, M.L.A., was given a hearty reception on his return Friday night from Inverness, where he was declared re-elected to the Legislature by acclamation.

Fifteen or twenty teams, decorated and illuminated, went out to meet

MR. GEO. R. SMITH, M.L.A. for Megantic County.

him and escorted him to town with fireworks, cheers and band music. Labranche's hall was crowded to its utmost capacity. Speeches were made by Mr. Smith, Mr. Savoie, M.P., Dr. Triggano and Mr. Joseph Lessard.

The band was in attendance and played several selections.

Mr. Smith expressed his thanks to both the Liberal and Conservatives of the county for having again returned him by acclamation. He would do his best to promote the interests of the county of Megantic in particular, and of the province in general.

## CZAR FACES A GREAT CRISIS.

### A Demand From Russian People For a Parliament.

NO HOPE THAT REFORMS URGED WILL BE GRANTED AT ONCE.

London, Nov. 22.—Russian autocracy has come suddenly face to face with what promises to be the gravest crisis in its history. Poverty, heavy taxes, most galling sort, and above these the power of the bureaucracy, have for years stirred complaints from the Russian common people. During the last few months the current of discontent has appeared more formidable, and the murder of von Plehve apparently convinced the autocracy that at least a show of liberalism was necessary to keep the country quiet and make possible the prosecution of the war.

The proposals of the new minister of the interior, Prince Mirsky, were hailed by the people as the beginning of relief.

Outside of Russia there has been a good deal of scepticism as to whether these plans were in reality more than a device to keep popular opinion busy with the discussion of reforms which the bureaucracy had no intention of granting. What had appeared, from the outside at least, to be a repetition of previous reform fiascos, has without warning gathered the threatening proportions of a whirlwind. Liberal aspirations seem to have crystallized in an instant into a demand for a popular share in the government that defines sharply and inevitably the irrepressible conflict between official Russia and the Russian people.

The action just taken in St. Petersburg opens a new epoch. Failure now may be regarded as certain; but the issue is fairly joined, and the victory must finally be with the people.

## NEW GOVERNOR-GENERAL.

### Earl Grey Guest of Honor in London.

HIGH PRAISE FOR THE DOMINION—LOOKS FORWARD TO SOJOURN IN CANADA.

London, November 22.—Some 230 guests assembled at the Princess Restaurant last night, for the farewell dinner to Lord Grey, governor-general of Canada.

Lord Aberdeen, on proposing the Imperial forces, drew attention to the splendid work done by Canadians in South Africa. Canada combined with pride for the British Empire an equal pride in the great Dominion to which they specially belonged. He emphasized the high opinion held of Colonel Lake.

Sir Neville Lyttelton said Canadians were always ready to help the Mother Country, as in the South African campaign.

Lord Strathcona, the chairman, read a letter of regret from Lord Lansdowne, who was unable to be present, owing to the death of a near relative. In his letter he said the new Governor-General would find the inhabitants of the Dominion proud of the name Canadian, but still more proud to be members of the British Empire. Earl Grey would receive the warmest possible welcome.

EARL GREY'S REPLY.  
Earl Grey, responding, referred to the Anglo-French agreement, remembering that a third of the Canadians were French, he felt grateful to Lord Lansdowne for the way he had smoothed his way. The Duke of Argyll, better known to Canadians as the Marquis of Lorne, told him he had never been so happy as when Governor-General of Canada. He was going to a country where the sky was blue and the atmosphere like champagne. The Canadian winter was more exhilarating than the average English summer. In its vastness of wealth, its variety of resources, and its bread of men, Canada was not surpassed by any portion of the globe. He hoped to see before the conclusion of his term of office American mails reaching England through Canadian ports, instead of vice-versa. He was looking forward to the time when a steamer would cross to Canada in four days. During previous visits to Canada the loyalty of the French-Canadians had greatly impressed him. He was looking forward with pleasure to making a five-years' residence in Canada. He referred to the sacrifice made by the Loyalists in order to remain under the British flag.

## ACTIVITY AT VLADIVOSTOCK.

### Russians Preparing Place For Attack.

ARE ALSO OPERATING SOUTHWARD WITH 10,000 TROOPS.  
Wonsou, Corea, Nov. 22.—(Special.)—A Korean arriving overland from Vladivostock reports large numbers of Russians throwing up new line of fortifications outside those already constructed, which have been greatly strengthened.

The harbor, also, presents a scene of great activity.

Three large warships have completed repairs and are ready for sea.

Eight torpedo boat-destroyers are also ready.

Troops arrive daily by railway and immediately begin work on the fortifications.

The Russian troops are continuing to move south across Tumen.

The Korean reports passing several large encampments.

He estimates the total at 10,000 now in this district, with numerous detached bodies at all towns as far south as Ham Gwan Pass.

## THE BOGUS BALLOT BOX CASE.

### B. O. Lott, Liberal Candidate, Is Arrested.

HE SPENT LAST NIGHT IN THE COUNTY JAIL.  
Belleville, Nov. 22.—Quite a breeze was created in this city last night when Detective Chamberlain arrived, having as his prisoner B. O. Lott, Liberal candidate in West Hastings, at the late Dominion election. Lott was arrested on a charge of conspiracy to defeat the will of the electorate. The detective and his prisoner went before Police Magistrate Flint and the County Crown Attorney, P. J. M. Anderson. Bail was fixed at \$2,000, and the magistrate granted a delay of two hours for arrangements to be made. There is every likelihood that the bail will be furnished. Lott was arrested at a place called Central Ontario Junction, and was returning from the north country, where he had been on a hunting expedition. His bag, when the detective arrested him, consisted of two deer. Lott refused to make any statement for publication, but said he had no intention of attempting to evade the officers of the law. It was reported that Mr. J. A. Bremner, who was charged by P. A. Lott, brother of B. O. Lott, with being concerned in the alleged attempted ballot box frauds, had been arrested, but it turns out that he was only subpoenaed to appear on Friday next.

SPENT NIGHT IN JAIL.  
Belleville, Ont., Nov. 22.—(Special.)—Byron O. Lott, Liberal candidate in West Hastings, at late Federal election, who was arrested last night, in connection with the ballot box charges, spent the night in the county jail. The Crown asked bail for \$2,000, either in lump sum or two sureties for \$1,000, but neither was forthcoming. It is still thought bail may be arranged later.

## JUDGE MULVENA AT SWEETSBURG.

### Summary of Cases Disposed of Monday.

THREE MONTHS FOR RESISTING ARREST—FOUR MONTHS FOR ESCAPING FROM CUSTODY.  
Judge Mulvena held a term of Court at Sweetburg yesterday and disposed of several cases.

Henri Ledranbais, of West Shefford, convicted on a charge of assault with intent to kill, and also on a charge of resisting arrest, was sentenced to three months on the second offence, and sentence was suspended on the first charge, pending his good behavior.

J. Saltwell, of Waterloo, who was arraigned on a charge of illegal cohabiting, asked for a speedy trial and pleaded not guilty. His case was fixed for the 9th of December.

E. Hilliker, who asked for a speedy trial and pleaded not guilty to a charge of theft, was acquitted, after the evidence had been adduced, the Court holding that there was reasonable doubt as to his guilt. He was subsequently tried on a charge of escaping from the custody of the officer after he had been committed to jail on the charge of theft.

On this charge he was convicted and sentenced to four months in jail.

## THE RUSSIAN BALTIC FLEET.

### HORRIBLE SCENE SAID TO HAVE TAKEN PLACE AT CANEA, CRETE.

London, November 22.—The Express prints a despatch from its correspondent at Canea, Crete, saying there were horrible scenes there during the stay of Rear Admiral Voelkershan's division of the Baltic fleet. Many of the officers and men were continuously intoxicated. They roamed the streets insulting and assaulting the inhabitants. According to the correspondent they murdered at least five persons in drunken brawls. About 40 seamen deserted their ships. They openly declared that they had no confidence in their officers. Most of the vessels comprising the squadron are of an obsolete type. Some of the workmen who were employed on board of them at Canea say they are in bad condition. There is no confirmation.

BRITISH ON WATCH.  
Simonstown, Cape Colony, November 22.—The British cruiser Barrosa sailed from here Friday last. It is believed her destination is Walvis Bay (on the west coast of German Southwest Africa) and that her object is watching the approaching division of the Russian second Pacific squadron.

## PARLIAMENT TO MEET JANUARY 11.

### Decision Reached at Meeting of the Cabinet.

IS TAKEN TO MEAN THAT SESSION WILL BE SHORT.  
Ottawa, Nov. 22.—At yesterday's Cabinet Council it was decided that Parliament should be summoned to meet on January 11th. An early session will be welcomed by everybody in Ottawa, and it will relieve the Government of the inconvenience of dealing with the tariff next year, inasmuch as it will be impossible between now and the date of the meeting of Parliament to hold the investigation which has been promised as a preliminary to any tariff legislation. The early summoning of Parliament means that the Government expects the session to be a short one.

Sir Elzear Taschereau, Chief Justice of the Supreme Court of Canada, was yesterday sworn in as administrator, pending the arrival of Earl Grey, the new Governor-General for Canada.

## NO TRACE OF CIRCUS ROBBERS.

### MANAGERS TAKE THE CASE OUT OF THE HANDS OF TARBORO, N. C. POLICE.

Charlotte, N.C., Nov. 22.—A special to the Observer from Tarboro, N. C., says: There are no further developments regarding the theft of \$30,000 in cash from the ticket wagon of the Forepaugh-Sells circus early Saturday morning. The man and woman arrested in connection with the robbery have been released from custody. Their effects were traced, but no trace of the missing \$30,000 was found. Up to this time the authorities seem to be without the faintest clue as to the whereabouts of the money or of the people who made away with it. The circus people have practically taken the case out of the hands of the Tarboro police and are depending upon their own resources to handle the matter.

## THE DISTRICT MAGISTRATE'S COURT.

### SUTTON PLEADS GUILTY TO OBTAINING MONEY UNDER FALSE PRETENCES.

George Sutton was charged this morning before Judge Mulvena, at the instance of Z. Pinsonnault, photographer, Sherbrooke, with obtaining money under false pretences. After the complainant's evidence had been heard the judge committed the accused to take his trial before the Court of King's Bench, with the option of taking a speedy trial.

The accused took the latter alternative and pleaded guilty. He was remanded until to-morrow for sentence.

From the evidence it would appear that the accused had been employed for some time with the complainant soliciting orders for enlarged photographs. After he had been discharged the accused went round to some of the customers, and received two dollars from a Mrs. Beldoue, giving a receipt for the same.

His injuries and exposure during the two hours that he was caught in the wreck proved too much for him.

Mr. L. W. French, of Cookshire, owns a Durham cow that gave 5,398 lbs. of milk from the 21st of May to the 21st of September. The average amount of milk per day for the past 126 days was 42.5-6 lbs. per day.

Sir Wilfrid stated that Lord and Lady Minto were profoundly touched by the warmth of the farewell demonstration. Lord Minto carried out his promise to send a Marconigram from Fame Point. The message was duly received by the Premier on Saturday evening and read:

It was just in time for the injured man was nearly exhausted when he reached home. Two doctors were called and attended to the wound, which was a severe one above the knee.

The many friends of Dr. Leslie Bishop will be pleased to hear that he has successfully passed the Government examination at Victoria, B.C., and that he is now entitled to practice his profession in that province. He has become the assistant of Dr. King, who is settled in a large practice at Cranbrooke, a rapidly rising town on the Crow's Nest branch of the C.P.R., which is a centre of mining and lumbering business, which will afford a fine field for surgery, for which he is well qualified by his McGill training and hospital experience.

The doctor writes that the climate is fine, and the Rockies eastward, and the Selkirks westward, are indescribably grand, while the Kootenay Lake country between these great ranges is very picturesque. We wish the doctor health, happiness and success in his western home.

SALT WATER BATHS.

Visit Canada's health resort during the long winter and prolong your lease of life by bathing in the healing waters of the St. Catharines Well, a clear, sparkling, mineral saline spring, considerably denser than sea water. As a tonic for tired humanity it is invaluable, and as a cure for rheumatic and

nervous troubles or in skin diseases it is well known. Consult any good standard medical work on therapeutics for its analysis. Why undertake a long, trying journey, when this Mecca for health seekers is at your door. At most at the border line between Canada and the United States, and on the main line of the Grand Trunk Railway. The Welland is a thoroughly equipped sanatorium with all the comforts of a modern hotel. Write G. T. Bell, G. P. & T. A., Grand Trunk Railway System, Montreal, for full particulars.

### THE SITUATION AT PORT ARTHUR.

#### Japs Must Take Place Before Baltic Fleet Arrives

#### OTHERWISE THEIR POSITION MAY BE DANGEROUS ONE.

London, Nov. 22.—Stoessel's defence of Port Arthur shows that, given men, food and munitions, the fortress is impregnable. Lacking these in full measure, the principle of military science, that a besieged fortress unassisted from without must fall eventually, applies. If the garrison of Port Arthur can hold out "several months longer," as General Stoessel is reported to have informed the Czar it can do, it will be one of the most remarkable performances in modern military history. It certainly has seemed to close students of the situation on the tail of the Liao-Tung Peninsula that the limit of human endurance of the Russian defenders had almost been reached. But the harder the garrison has been pressed the harder it has fought. If it does succeed in standing off the enemy until the arrival of the Baltic fleet in the vicinity the fighting that will take place, both on sea and land, is likely to make the previous work look tame. While the Russian fleet now on the way to the Far East even with what additions can be made from the remnants of the Port Arthur and Vladivostok squadrons, probably will not be a match for the better built, better armed and altogether more efficient Japanese fleet, yet Japan is bound to prepare for the worst. No effort or sacrifice will be spared to take Port Arthur and destroy the Russian ships there. The Japanese navy already has been weakened by the loss of two of its most powerful battleships, besides minor vessels, in spite of the extraordinary endeavor to preserve it. Under no condition can Japan allow Russia to regain control of the sea. Such a situation would destroy in a great measure the splendid advantage she now possesses, as she would be cut off from her base of supplies, so far as munitions of war are concerned, and her armies would be placed in a most perilous situation. It does not seem possible with our present knowledge, that this can happen but Japan must provide for the contingency.

Constantinople, Nov. 22.—The British Embassy has joined the American Legation in insisting on the cessation of interference with the sales of Bibles in certain localities. It appears that the British and Foreign Bible Society has had trouble at Uskup. The Porte says the reason for the opposition is that the "Bibles are being sold at a ridiculously low price and the sales partake of the character of a propaganda."

LANGIS TAKE AGAINST GUSTAVE PLAINTIFF'S...

A Sherbrooke election case in the Superior Court. It is an action taken against Gustave Richard, called before Judge Duford yesterday afternoon. The bet was that the date would have two history in the city of Sherbrooke. The amount at stake being that Richard was betting, and, of course, when the results were announced, as to the loser, and as a result, a warrant was issued, on the ground that defendant did obtain by inducing the said Richey, a valuable security, his name (Lester) on the sum of \$25.00, it might be afterwards a valuable security and money.

The witnesses for the plaintiff told their story of yesterday afternoon, and will be heard to-morrow.

LANGIS' STORY OF RICHARD'S COMPLAINT witness examined, that he followed the defendant, book-keeper. On the 21st, he signed a cheque for \$88.32, in favour of G. Richard. This since been destroyed. The cheque he had, also, the hands of Nap. Bayou, perhaps \$8 or \$9.00 in cash, and a cheque for \$88.32, before Duford. He gave up this money and cheques, after they had been in an envelope, on which were the names of Richard and Langis, the stakeholder, and stated that the latter was the envelope and contents after the results were known. In exchange for which Langis had put a cheque payable to Nationale, for \$25.00. He presented this cheque on the morning of the 22nd, the stakeholder. Langis was not present at the bank. The plaintiff was informed that no funds at the bank. The plaintiff called upon defendant Richard, who gave him the cheque but he was at the request of the defendant, he had made the following written on the bottom...
