History Recalled As New Road Opened To Fraser's Point

The above photo shows Mr. Ken Fraser (centre) as he cut the ribbon, held by Mr. and Mrs. Arthur Fraser, to officially open the newly paved road to Fraser's Point in Dundee. The ceremony took place on Saturday, September 5th.

History, The Robert Sellar History of Chateauguay, Huntingdon and Beauharnois, names early settlers who came from Scotland and travelled up the St. Lawrence River to build homesteads on the banks of the mighty river. One early settler's name was James Fraser. He came from the Isle of Skye and named the point of land jutting out where he and his countrymen landed New Skye. Later the name reverted to Isle of Skye and still later, to Fraser's Point. 'In those days, the canoe was the settler's wagon', Robert Sellar wrote. Dundee was settled by hardy stock who wore kilts and traded, hewed lumber, made potash and sold merchandise to neighboring Americans. Boats with such names as Highlander, Skye Frigate, Rob Roy, Lord Elgin, Fashion, Star, Blue Bonnet and Salaberry made regular calls. 'Dundee was once the busiest place west of Chateauguay Basin', wrote Robert Sellar.

The History relates that numerous marshes hindered construction of roads and up to 1835 there was hardly a road fit for wheels. Then one John MacDonald, a native of Inverness-shire, was instrumental in having a road built from Dundee to Huntingdon.

Last Saturday afternoon, September 5th, a group of some 100 property owners and tenants of the Isle of Skye, now Fraser's Point, gathered to honor a man who has been instrumental in improving one of the old roads his forebears built. The man is Ken Fraser, a descendant of John Fraser. The site was near the bank of 'The River' where the first Fraser homestead was. A few hundred yards away the original log cabin stands, occupied every summer.

For many years Fraser's Point, now owned by Arthur Fraser and a part co-owned by Arthur and Donald Fraser, has been a summer resort. The lake front area is well filled with summer homes, or 'camps' as the Frasers refer to them. Most are attractive two-storey homes set on landscaped lawns. The 'campers' are 50% Americans, many of whom have been coming to 'The Point' for upwards of 50 years. The other 50% come from Montreal, Huntingdon, Hemmingford, Howick, Ormstown and the surrounding district.

For as long as this writer can remember, the road to 'The Point' was called the Mile Road. It was narrow, probably not much wider than when it was built well over a century ago. But Ken Fraser, local Liberal politician was instrumental in

Graduation Exercises To Be Held September 25th

The Huntingdon Protestant School Board met on Thursday evening in the library of the school, with all members present and also Principal Brockman. The minutes of previous meetings and a number of bills were read and passed.

Correspondence was read one of which contained a cheque from Mr. Dave MacFarlane to cover certain school prizes in which he is interested. It was decided to ask him to attend the Opening Exercises on September 25th.

Another letter was from the Department of Education and had to do with fire and safety measures. It was asked that all possible fire hazards be removed and that periodical drills be held to acquaint all pupils and teachers with what would be required in the event of a fire, or an explosion. The exits should be made familiar and all should open outward and the locks should be in the perfect working order at all times so that the smallest pupil can open the door easily and quickly. Safety measures were also required to be checked upon and this included leaky furnances and possible gas fumes, proper ventilation and many various kinds of hazards to be checked and removed if found. The Board decided to make a thorough check on the requirements and the Principal will also work on the needs of fire and safety within the school and on the grounds.

Having received word as to the proposed budget and in view of the increased costs for the next school year, the fee for the Dundee pupils attending Huntingdon High School was raised and the Dundee Board is to be notified.

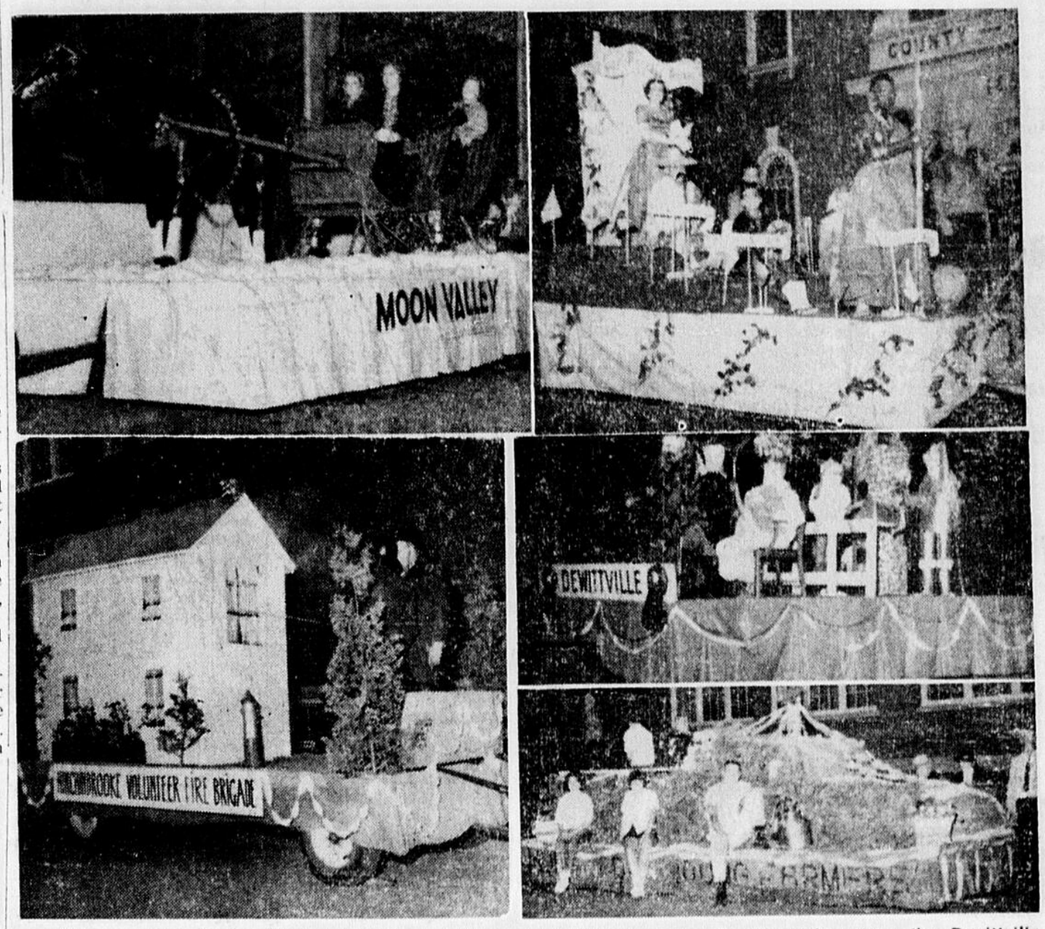

Principal Brockman in his report stated that the annual Graduation Dance and Banquet will be held on September 11th.

It was decided to hold a Welcome by the Board for the teachers on September 15th., at 4 p.m. at the school.

The Opening Exercises will be held on September 25th.

It is expected that some report regarding the School Fair will be forthcoming from The Home and School Association. The Board had no objection to one being held.

WINNING FLOATS AT HUNTINGDON FAIR

Above are the winning Floats at Huntingdon Fair on Opening night, September 3rd. Top left is Dutch Club Float which took 1st prize. Top right is the Maple Leaf Grange Float which came in second place. Lower left is the entry of the Hinchinbrook Volunteer Firemen which rated third place. On the right upper, the Dewittville Float which came fifth and lower the Young Farmers Club which was in fourth place. There were many and colorful floats in this parade.

Opening Night Parade For Huntingdon Fair One Of The Best

Once again, Huntingdon Fair has come and gone and once again it was a success in all ways. The people cooperated in preparation and planning, participation and attendance and this is what counts for success of such an undertaking.

The weather was not perhaps all that could have been desired, but at least it did not mar the success. The parade on Thursday evening was probably one of the best ever staged for the Fair. There was a wonderful turnout of floats and these reflected a great deal of work for the people who produced them and required much originality of thought in the planning. The parade was worthy of any community much larger than Huntingdon and showed the interest that is manifest in Huntingdon's annual Fair.

Throughout this issue of The Gleaner will be found photographs of various floats that were entered and other parts of the parade and we believe these will tell the reader far more than we can. We will say this, however, that many of the floats were outstanding and even if they did not win a prize it could not be said that they were not good. It was merely that some were a little better than others in the eyes of the judges. Each year the parade brings out something better and more of it.

The majorettes with the Catholic Air Force Band and Cadets were very well fitted out and added a great spot of color to their part of the Parade. Also, they were there in large number, deported themselves well too.

The newly formed Hinchinbrooke Firemen did a very good job of publicizing their efforts with the float they put in the parade and also by the Tag Day they held. Their float of the burning house with smoke pouring from the roof was quite ingenious and served its purpose well.

That horse attached to the sleigh in the Ladies Dutch Club Float is quite interesting too. That really life-like horse weighed 600 pounds, is case anyone is interested. This hand carved wooden life-sized horse was kindly loaned to Mrs. Leo Cappiello for use on the float by Mr. Telesphore Dandurand of Le Vieux Moulin Hotel, Ormstown. The horse was hand carved by Mr. St. Germain of Ste. Antoine Abbe, who makes many different kinds of wooden animals. This really life-like horse's body beautifully carved came from the huge trunk of a tree. The ladies painted it up and added a mane and a tail and it certainly attracted attention and even first prize for the float.

Other floats in the parade were:

The Beatles, with a contingent of screaming girls.
Dewittville Float
Stage Coach
Maple Leaf Grange
Two Huntingdon Fire Trucks
Rotary Club
Cubs with Float
Pony and cart with peacock
Cowboys, Decorated bicycles
Young Farmers.
Sea Cadets, Air Force Cadets, Majorettes from Ormstown and Band. Majorettes and Air Force Cadets Band from Huntingdon.
Cars with the officials of Fair, etc.

A very excellent parade indeed, which was in charge of D. McGerrigle, Sr. and J. M. Smellie, they certainly did a fine job of this part of the Fair.

While the Fair actually opened earlier this year, being in the morning of Thursday the official opening came in the evening when the parade arrived at the arena and had been judged.

Mrs. W. E. Bernhardt, President of the Fair, officially opened the 1964 Fair with a few words of welcome and hopes for its success. Other speakers were: Ian Watson, M.P.; Alister Somerville, M.P.P. for Huntingdon and George Kennedy, M.P.P. for Chateauguay; Ken Fraser; County Warden, George Cowdey; Mayor Paul Lefebvre, Huntingdon; Mayor Allan Wilson, Hinchinbrook.

With that the program of events got started and a very good attendance was on hand in the arena to witness them.

The entries in the various departments were on a par with other years. Due to the dry weather, plants, flowers and vegetables were on the light side. Cattle entries in all sections were good. Poultry was also quite good. Baking, preserves, jams, etc.; sewing, fancy work, knitting and such were quite well represented. Fruit, apples mostly, had a light showing. In the case of the vegetables and flowers, while the showing was light, the quality was good despite the poor weather conditions.

The midway, while small, did a good business as did the several stands about the grounds. The booths in the Industrial Building were all filled and each one had a share of patronage from the patrons of the Fair.

The Horse Show provided a main attraction in the arena each evening, but other items included Tug-O-War on Thursday, Friday and Saturday evening. On Friday afternoon the Tractor Rodeo was held and in the evening there was a further demonstration by the winners.

Twenty-four contestants entered the competition, and the trophy and prize winners appear later in this item. The competition was sponsored by local dealers: W. G. McArthur, Cameron Stewart, L. M. Kelly and F. C. Moore.

Rain on Friday threatened to mar the fair, but fortunately it was not the case. Attendance was down somewhat during the day, but the evening made up for it. The attendance for the whole period of the Fair was about on a par with previous years and therefore kept up the good record.

On Friday evening, the officials called for a period of silence out of respect for two local citizens who had died. One was the late Mr. Carl Wheeler, who had been President of the Fair for several years. The other was the late Stanley Whaley, who while not a member of the Fair Board had quite a lot to do with the horses which have been shown in the Fair over the past years. The lights in the arena were also dimmed.

A separate report of the Young Farmers' Club activities appears under another heading and also a report by Frank Napier on the cattle exhibits.

On Saturday evening there was a stage show by the CFRA Happy Wanderers which was very well received.

There were several drawings during the Fair and the winner of Barney, the pony, was Allan Ritchie of Dewittville. There were a number of disappointed youngsters on that one, but congratulations to the winner, you have a very nice pony.

The holder of the lucky program and winner of the transistor radio was Mrs. Burton Rankin, Huntingdon.

The winner of the G.E. Vacuum Cleaner sponsored by the Ladies Auxiliary of the Huntingdon County Hospital was Mr. D. McGerrigle, Sr.

Winners of the Children's Essay Contest were as follows: Janice Fraser, Dundee; Margaret Rennie, Huntingdon; Donna MacIntosh, Linda Grouleau, Ruth Laplante, Dewittville; Debbie Brooks, Huntingdon; David Fraser, Dundee; Janet Sproule, Ormstown; Gregory Deme, Huntingdon; Susan MacIntosh, Dewittville.

Tractor Rodeo Winners: 1, Norman Fennell, Huntingdon, Huntingdon Agricultural Society Div. "A" Trophy; 2, Paul Emile Sauve, St. Anicet; 3, Harold Dineen; 4, Denis Di-

Dundee Hi-C Group Sponsors Farewell Party

On Friday evening, Sept. 4th, Zion United Church Hall was the scene of a pleasant event, when the Hi-C members were hosts to their parents, the Rev. A. E. Hagar and the five members of the Society who for that evening, were guests of honour of their fellow members.

The tables were pleasingly layed for the occasion and lovely bouquets of summer flowers added to the attractiveness of the setting.

Seated at the head table were Mr. Martin, Rev. A. E. Hagar, Karen Elder, Anne Fraser, Edith McDonald, Barry Fraser and Edward Watterson.

The new president, Miss Martha Armstrong, brought words of greeting to the parents, and stated that while this was a farewell party for some of the members, they must always remember that the welcome mat would be out for them whenever they felt they could return to attend a meeting.

Dessert and coffee were then served, following which Mr. Martin called on Rev. Mr. Hagar to speak a few words to the group assembled. In his remarks, he stated that he had seen these 'youngsters' grow from babyhood, and had, in fact, baptized them during his ministry in Zion. He commended the parents on the fine young men and women they had grown up to be, and impressed upon them the fact that now that they had entered upon their own separate paths they must, at all times, stick to their convictions and remember their upbringing as Christian youth in fine Christian homes.

Mr. Martin also spoke briefly, and explained that this night had been set aside by the Hi-C group to say goodbye to Karen, who is now associated with the Bell Telephone Company in Montreal. Anne, who soon begins her Bachelor of Education course in Macdonald College, Edith, who is taking a business course at Cornwall Collegiate, Barry, who is taking a four-year course in Agricultural Science also at Macdonald College and Edward, who is associated with his father on the home farm, and feels that he has reached retirement age from Hi-C. He wished them God's richest blessing in their new fields of endeavour, and called upon Martha Armstrong to present each one with a suitable momento of the occasion.

He remarked that in this Church we are most fortunate to have such a fine group of young people, co-operative and dedicated, exemplifying what active church membership means.

The past year has seen many highlights. The Hi-C provided hymn books and a notice board for the Church. At Christmas time they visited sick and shut-in members and brought warmth and joy to them with their carol singing. The worship service on a Sunday morning conducted entirely by young people was an inspiration to all who attended. The camping trip, hayride and social evening proved to be the summer's main attractions.

Mr. Martin also expressed his heartfelt thanks to the parents who, on many occasions had rallied to the call for food and transportation and had opened their homes to the young people during the cold winter months.

Miss Karen Elder, on behalf of the group, expressed thanks and appreciation to Mr. Martin, the Rev. Mr. Hagar and their fellow members for the memorable evening given in their honour.

Following this, the group of boys with Mr. Martin, as commentator put on an elaborate fashion show, much to the amusement of the assembled guests.

Several Minor Accidents The Past Week

Three accidents were reported or September 3rd, one at about 1.20 a.m. on the Laguerre Road near the Alpha Caza farm. Emile Senecal was driving along the road when a bull suddenly charged at the car. Information is meagre, but it is understood the bull's leg was broken and the animal had to be destroyed. Why the bull ran on the road is not known, it is thought it might have been chased there.

At 3.45 p.m. the same day an accident occurred on Route 52 at Havelock in front of the White Rose Station. Two cars were travelling in the same direction, one driven by J. Edmond Brown of Corinth, N.Y. and the other by Russell E. Williams, Elmira, N.Y. and one of them ran into the back of the other. Damage amounted to about $200. There was one passenger in each car, but no one was injured.

Also on this day at the Huntingdon Fair Grounds a small truck driven by Edgar McKell of Aubrey backed into a car on the parking lot back of the arena. The car belonged to Mrs. Lilian Fox of Huntingdon and damage was done to an amount of about $45 to the car.

A collision occurred on the St. Antoine Road, Franklin Centre at about 5.30 p.m. on September 4th, involving two cars. One belonged to Mr. Ian Smith of St. Lambert and the other to Roger Metras, Franklin Centre. The cars were travelling in opposite directions. Damage to the Smith car amounted to about $350 and to the Metras car of about $150. There were three passengers in the Smith car, but no one was injured.

Provincial police investigated all these accidents.

A kidnapping story started going the rounds during the Fair, but fortunately there is no real truth in it. It would appear that two boys, one 9 or 10 and the other about 14 were picking up some bottles on the Fair grounds. An aged man went up to them and told them they could not do this. One of the boys began to yell and attracted attention until the police were called. It was discovered that there was no intent at kidnapping

Small Plane Crash At Ste. Agnes Air Strip

Considerable excitement ensued on Wednesday evening, about supper time, when a two-passenger small plane crashed on trying to take-off at the new Ste. Agnes Air-Strip. The unfortunate accident was due to a faulty variable pitch propeller. Fortunately, the pilot Peter Marshall and his passenger, Hotel Manager Gaston Letarte, were not injured and damage to the plane was not too extensive.

Two Local Young Farmers Win Provincial Judging Honors

Clayton Murphy, son of Mr. and Mrs. Cecil Murphy and Ann De Vries, daughter of Mr. and Mrs. Frank De Vries, all of Huntingdon, was the high team in the Provincial Judging Elimination Contest at Quebec the past week. The first team will represent the Province of Quebec at the 4-H at the Royal Winter Fair.

The two contestants came first as a team, while Clayton ranked the high man and Ann ranked 5th. They were selected first as local representatives and then won cut in the regional elimination contests at Macdonald College. They went to Quebec last Saturday and competed with other contestants from ten other districts there. They were taken to Quebec by Vianney Surprenant, of St. Remi, the Junior Farmers Fieldman. Mr. L. Beaudin, the local agronome, is pleased to say it is the first complete team as winners in Holstein, Jersey, Ayrshire and French Canadian Cattle.

The Late Carl Wheeler

The Late Mr. Carl Wheeler

The community heard with regret of the passing of Carl Wheeler at the Huntingdon County Hospital, on Thursday night, September 3rd. He had been suffering from a lingering illness for some time and had been in the hospital on several occasions of late. Mr. Wheeler was President of Huntingdon Fair for several years and was well known in other local activities for many years. A silence in memory of him was observed at Huntingdon Fair on Friday evening.

Annual Ball of C.V.H.S. Will Be Held At Ormstown

A picnic and informal meeting of the Chateauguay Valley Historical Society took place August 15th at the Outarde River club at Franklin Centre.

Final plans were discussed for the Annual Ball to be held September 25th in the hall of the Ormstown Exhibition Grounds. Mrs. John Dagg, Ball Chairman, announced that the theme this year will be "Harvest Time". Period costume and country style clothes to be worn. Tickets are $2.50 per person, which includes a midnight Habitant Supper. There will be a five-piece band, and entertainment. Tickets may be obtained from local district chairman or by calling or writing Mrs. Fulton Charlton, OX. 2-9806.

As the ball is situated in the heart of the Chateauguay Valley we are hoping to see many friends and members of the Society on the 25th.

Five Hurt In Accident Near Ste. Agnes

An accident occurred on Wednesday, September 2nd, at about 1.45 p.m. at Gregor Leslie's corner, near Ste. Agnes. Two cars were involved in a collision, one driven by Mrs. Peter Soesbergen and the other by Stanley Staveley, both of Ste. Agnes.

Both drivers of the cars were injured and also three children in the Soesbergen car, Annie 8 years, William 5 years and John 1 year, children of Mrs. Soesbergen. All were taken to the Huntingdon County Hospital by an ambulance from Fort Covington and one from Huntingdon. On arrival there they were treated by Dr. K. G. Cameron.

Mrs. Peter Soesbergen and two of her children have returned to their home, while one has been taken to Montreal for further observation.

Mr. Staveley expects to be home in a few days time.

Provincial police from Huntingdon investigated the accident.

Boy Killed In Ormstown In Accident

Jimmy, eight year old son of Mr. and Mrs. George McMahon, of Ormstown, was killed by a car while riding a bike on Jamestown Road, Ormstown, last Thursday afternoon. An inquest as to the cause of the accident will be held on Thursday.

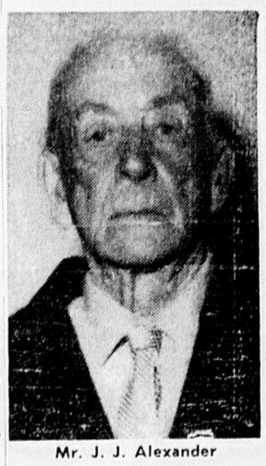

Terrace Bank To Arvida

J. Earle Ness of J. Earle Ness & Sons, Reg'd., Terrace Bank Farms, Howick, Que., reports that he recently shipped 11 head of Ayrshires, 7 of them from Terrace Bank to the Arvida district of Lac St. Jean. That order having been placed by his son Owen R. Ness on behalf of a number of farmers in that Lac St. Jean district.

Incidentally, Owen R. Ness, B.S. Agr., a graduate of Macdonald with Post Graduate Honours from McGill University, is an officer of the Aluminium Company of Canada, with part of his

98th Birthday Today

Mr. J. J. Alexander

Mr. J. J. Alexander celebrates his 98th birthday on September 9th. His daughters and their families from Montreal are celebrating his birthday with a family reunion and dinner to be held at the home of his daughter, Merle (Mrs Gordon Ferry). Mr. and Mrs. Alexander have resided for the past twelve years on Fairview Road, Huntingdon. Mr. Alexander enjoys very good health and his memory is excellent, especially for the events of yesteryears. Mr. and Mrs. Alexander are always pleased to have a visit or a call from their many friends.

Yesterday (Tuesday) Mr. Alexander received telegrams of congratulations from Gov. ernor-General Georges Vanier and Premier Jean Lesage and a birthday card from Prime Minister Lester B. Pearson.

Outstanding B. and W. Show Good Ayrshire And Calf Club Exhibits

The Club Executives concerned, including President Armand Pinsonneault are particularly Leon Beaudin, Secretary, and the members of the Huntingdon-Ormstown Holstein Friesian Club who exhibited at Huntingdon Fair are certainly to be congratulated. It really was a worth-while Holstein "Black and White" Show with a considerable number of really outstanding animals and while the balance may have been of the so called of the kind that economically Commercial class they were help fill the cans or tanks that bring in the Montreal, etc. milk cheques. They were all well fitted and well presented and it was interesting to ber of the leaders are either note that a considerable num present or former 4-H Calf Club members; in perhaps a few instances the reason annexed to the family herd being at the show.

On the other side of the ropes around the showing space, however, the picture was rather disappointing. That is the small number of the exhibitors' fellow breeders in attendance, in fact mostly men of the older generation who are more on the sidelines insofar as their farm and livestock activities are concerned.

The Show was held on Thursday, September 3, under ideal weather conditions and judging by the comments we heard by such old time Holstein men as J. A. Brown and George Elder, the judge, H. P. Girard, St. Rosalie, Que. made a satisfactory job of placing the hundred or more animals paraded before him in the individual classes, likewise insofar as the group classes were concerned

Altogether only four bulls were paraded in the three classes for same, indicating, of course, that a large number of the herds in this area are using A. I. Sires, particularly those of Eastern Breeders' Inc. of Kemptville, Ont. By the way, that organization donated the hats which indicated the catalogue numbers of the animals conrreced, S of the animals concerned, in not only the Holstein but also the Ayrshire shows. A very fine informative gesture indeed. G. M. Henderson, Howick, won all three champion ships in the bull section — the Junior and Grand Champ ionships on the bull calf Glen Brae Master Laddie, and the Senior Championship on the 2 yr. old Glenbrae Stereo Dr. Ivan Levesque, Glenelm a recent Holstein recruit took first prize for yearling bull on Prince Latters Urns.

However, in the female classes while four of the first prizes in the individual clas ses went to the Henderson herd, the other six went to Huntingdon County herds. In the latter instance, Douglas McNaughton and Sons wor first in the junior heifer cal class and the Junior Female Championship on Fertile Valley Cheryl; first in the senior heifer calf class on Fertile Valley Beatrice.

The Henderson herd's first prize winners were Glen Brae Tess, a junior yearling; Cher ry Crest Queenie, dry cow 3 to 5 years; Sandy Crest Dewdrop Kathy, 2 year old heifer in milk, and Wendy Wayne Sovereign, cow in milk, 5 years and over. Cherry Crest Queenie would also have been Reserve Senior and Reserve Grand Champion if such ribbons had been awarded. Incidentally Huntingdon is one of the few Fairs at which reserv. Championship ribbons are not awarded.

Mervyn Graham won first in the senior yearling heifer class on Gorecroft Citation Happy.

W. R. Tannahill's three first prize winners included Tanner View Addie Rose in the 2 yr old dry class, and Tanna View Bess in the 5 year and over dry class in competition with nine others including the one 13 year old veteran, the "Excellent" cow Crown Point Evelyn, with over 130,000 lbs. milk to her credit, from the Henderson herd. The other Tannahill first prize winner was Tanna View Inka Bessa in the 3 to 5 year old, in milk, class against strong competition from Millburn Rag Apple Helen, second prize winner for Spencer Gavin, Glenelm. Subsequently, in competition with ten other first and second prize class winners Millburn, Rag Apple Helen won the Senior Female Championship and then the Grand Champion ship.

In the Special Herd Competition, with eight groups competing, the Tannahill group won the coveted J. M. Smellie Challenge Trophy.

The Calf Club Show

Held under rather adverse weather conditions, on Friday, September 4, the 4-H Holstein Club show was nevertheless a striking event, one that was indeed a credit both from a quality and showmanship angle, to not only the youthful exhibitors but also to their mentors, including Leon Beaudin and Dan Murphy. It was indeed a pleasing feature that this year they were given the entire use of the regular cattle judging ring for their show, but disappointing indeed to note the small number of spectators at the ringside.

However, they were given an even better break for an hour or so during the Saturday afternoon when the regular Ayrshire judging was suspended to permit the two boys and one girl to compete for the Kiwanis Club of Montreal prize of $150.00, with four Ayrshire cows to place and then give their written reasons for same. The official judge was James Houston, Farm and Herd Manager, Macdonald College, while the contestants had previously been the 4-H Club Champions at Lachute Spring Fair; Ormstown Exhibition and Huntingdon Fair, respectively Richard Hadley, Lachute; Lorne Templeton, Howick, and Miss Tinie de Vries, Glenelm, with the latter being the winner of the coveted award. Subsequently, two Officers of the Montreal Kiwanis Club presented Miss de Vries with her prize, as well as several other prizes to other 4-H Club contestants. The Huntingdon Club is indeed lucky to be so honoured year by year by the Montreal Kiwanis Club.

The Ayrshire Show

While the Ayrshire Show was perhaps not so large as usual four exhibitors — J. Earle Ness & Sons, Regd., Howick; Oscar Vaillancourt, St. Chrysostome, Davies Bros., Huntingdon, and Ross Irving, St. Anicet had forward, between them, some 50 head of very select animals. The show was held Saturday, August 5, with John Rodger, Lachute, getting considerable praise for his placings as the judge.

With seven of the individual first prize winners to its credit the Terrace Bank herd of J. Earle Ness & Sons would doubtless have won Premier Breeder and Exhibitors awards, if same had been offered. In addition that herd also won the Junior and Reserve Grand Male Championship on a bull calf; the Reserve Junior Female Championship on Terrace Bank Vivian, first prize senior heifer calf; the Senior and Grand Female Championships on Terrace White Mist, first prize 3 to 4 year old, in milk; and the reserves in both instances on Melbourne Genella first prize 3 year old and over, dry.

Oscar Vaillancourt also won three first prizes including that for Bonnie Brae Wonder Boy in the 2 year old bull class, which animal was also made Senior and Grand Champion Male. His first prize senior yearling heifer, Pathfinder Patsy, also won the Junior Female Championship, while Rose Terrace Bonnie Buttercup was first prize junior yearling heifer.

Davies Bros., won first in the 2 year old in milk class on Colonial Acres Model, while Ross Irving had the first prize winner, Balquhidder War Admiral, in the aged bull class, likewise the Reserve Senior Male Champion on that Herd Competition were: 1. J. Earle Ness & Sons; 2. Oscar Vaillancourt; 3. Davies Bros; 4 Ross Irving. Incidentally when he presented his — the Macmillan Challenge Trophy to J. Earle Ness, on behalf of his firm, Gilbert Macmillan O.B.E. said that since that Trophy had been won three times by the Ness & Sons Terrace Bank herd, he considered that same should now be their's for keeps, and that he would present another similar Trophy next year.

The Jersey Show

The Jersey Cattle Show was comprised of entries by Tom C. Quinnell, Huntingdon, and Edmond Sproule, Franklin. Some 18 head between them. The Junior Male Championship was won by Tom C. Quinnell, while Edmond Sproule won the Junior, Senior and Grand Female Championship.

Isle of Skye Trap Club Now Open

A new club for Trap Shooters was opened at Fraser's Point, Dundee, on August 22nd, 1964. The Club, known as "The Isle of Skye Trap Club" is a regulation five stand trap layout. Shooters are welcome on Saturday and Sunday afternoons. Memberships are open at present and are not confined to residents of Fraser's Point. The first shoot of the Club on August 22nd. registered a good turnout of some twenty-five or thirty shooters. A number of lady shooters are now members and some of these are showing indications of considerable skill, such ladies as Mrs. Louise Baikie or Miss Dianne Warren proved excellent marksmen. The site is pleasantly situated on a slope overlooking a large expanse of marsh which permits the sky to act as a background for the birds. The shooters and spectators are sheltered from the sun by shade trees.

For further information, phone or write Hal. C. Gooch, Fraser's Point, P.Q. Phone 264-2755. Next week: pictures of the Isle of Skye Trap layout.

Three Children Die In Burning Barn

Three Constable children perished in a burning barn shortly before noon on Wednesday, Sept. 2nd, their bodies being recovered from the ruins shortly after one o'clock. They were Darlene Theresa Mallette 4, and Bobby Mallette 9, children of Mr. and Mrs. Mason L. Mallette of the Constable-Westville road, and David John Bushey, 9, son of Mr. and Mrs. John Bushey.

The barn was at the rear of the Mallette home. The bodies were found in the ashes of burning hay.

It was one of the worst tragedies in this area in a long time.

having the road widened and black-topped during the past few weeks. Now the road is plenty wide enough for two cars to pass and it is straight as a die from Route 3 highway to the Arthur Fraser hill.

Appreciation for this improvement is boundless. Arthur Fraser, well known to sportsmen in New York City Montreal, Toronto . . . every province in Canada and almost every one of the United States of America . . . . for his knowledge of ducks and fish, was rejuvenated by a dozen or so years when the paving was completed. Some 200 taxpayers at 'The Point' were overjoyed that they could 'stay on blacktop' from their homes in the cities right to their door at Fraser's Point.

On Saturday, they gathered at the end of the road. They had Ken Fraser cut the ribbon declaring the newly blacktopped road officially open. The golden scissors used were donated by Chas. Fraser of Dundee and Daytona Beach, Florida. Mabel, Arthur Fraser's wife, presented Ken with a knife to cut a huge cake that was baked and decorated by Mr. George Durant of Malone and a summer resident of Fraser's Point for the past 35 years. Several prominent citizens from both sides of the border, all of whom regard Fraser's Point as home, made short speeches of appreciation to Ken. Mr. Alfred Newell acted as Master of Ceremonies. Tables laden with sandwiches, cakes, cookies and other goodies were uncovered and a social hour enjoyed before the jovial crowd dispersed.

Finally, a group went over to inspect the new Isle of Skye Trap Shoot. This was built and paid for by a group of Fraser's Point summer residents who are interested in the sport of shooting. Membership in the new club is not confined to residents of Fraser's Point and for a nominal fee everyone is welcome to equal privileges. For a pleasant afternoon, drop out and watch the fun on a Saturday or Sunday afternoon, and at the same time you'll enjoy driving over the 'Ken Fraser Highway', as the Point people fondly call the new road.

Rev. Mr. McLean Guest Speaker At Lions Club Opening Fall Meeting

The Ormstown Lions Club opened their fall and winter season with a regular meeting at the Ormstown Hotel on Tuesday night, September 1st. It was Ladies Night and President Gordon Green was pleased to welcome a turnout of some 24 Lions and their wives.

Business was kept to a minimum but Lion Gordon Green, the new President, gave an outline of a summer school for Lions which he had attended. Many worthwhile points were brought out and this will be of great help to the Ormstown Club.

The guest speaker was the Rev. Mr. Langley McLean of the Ormstown Pres. Church who gave a very interesting talk on his work with the Indians in the Kenora area. Rev. Mr. McLean spent some two years in this district ministering to the spiritual needs of the Indians. He is vitally interested in the Indians and their problems and will be continuing his efforts on their behalf as far as is possible in conjunction with his new duties. One of the facts given by Mr. McLean was probably not realized by many people and that is that there are approximately the same number of Indians in Canada today as there were when the white men first landed in our country. Mr. McLean was introduced by Lion Lindsay Cullen and thanked by Lion President Gordon Green.

A small presentation was made to Lion and Mrs. J. P. Vermette who are leaving Ormstown to take up residence in Lachine. "J. P." will be greatly missed by the Lions Club and he has been one of its most ardent workers. During their four years in Ormstown both he and Mrs. Vermette have been active in Church and Community affairs and their absence will be greatly felt.

A Past President's pin was given to the former President, Lion Cliff Moore. Lion Cliff made a short speech thanking all for their assistance and wishing the new executive continued success.

Cards of Thanks

Sincere thanks to friends and relatives for many acts of kindness during my recent stay at the Royal Victoria Hospital. A special thanks to Dr. MacDonald, nurses and staff; also to Rev. R. C. Belbin for a pleasant visit.

Mrs. Archie Brunette.

I wish to thank Dr. Stalker, his assistants, those incomparable nurses of the second floor of Barrie Memorial Hospital for solicitous care and kindness; also Rev. Fathers Deguire and O'Connor for prayers and visits.

My thanks, also, to relatives, friends and neighbours for prayers, flowers, gifts, cards and visits while I was a hospital patient.

Mrs. Ed. McGinn.

I would like to sincerely thank Dr. Lefebvre and Dr. Cameron, nurses and staff of the Huntingdon County Hospital for their excellent care while I was a patient there.

Real Allen.

I wish to express my sincere thanks to Dr. Allen Bourne and Dr. Joron, nurses and staff, who so kindly cared for me while I was a patient in Montreal General Hospital. My most grateful thanks also to my niece, Mrs. W. Leverette for her most generous and excellent attendance and to my other relatives, friends and neighbours, a sincere thank you for letters, cards, visits, flowers and gifts. Your kindness was much appreciated.

Janet McCaig.

My sincere thanks to Dr. M. R. Stalker, all the doctors, nurses, and staff of the Barrie Memorial Hospital for their care and kindness to me while I was a patient. Also to all my relatives, friends, and neighbors for their visits, cards, gifts and flowers.

All was deeply apreciated.

Mrs. John Cavanagh.

I would like to express my sincere thanks to Dr. M. R. Stalker and Dr. Paul Belanger, and to the nurses and nursing aides of the Barrie Memorial Hospital, for their excellent care and kindness during my recent operation and stay at the hospital.

Also thanks to the many relatives and friends for their visits, flowers, cards, gifts and the kindnesses shown my family while I was away.

Mrs. Lynwood Cookman.

In Memoriam

CHURCHILL — In loving memory of our darling daughter and sister Gertrude Martha, who left us September 12th, 1961.

In a far and silent graveyard.
Where the trees their branches wave.
Lies a loving daughter and sister,
In her cold and silent grave,
She bade no one her last farewell,
She waved her hand to none,
Her spirit fled before we knew,
That she from us was gone.

VISIT OLD SCHOOL

STANSTEAD, Que. (CP) — Thirty-five Grade 5 pupils got a realistic picture of the educational past when they spent a day in school at a 145-year-old, one-room red brick schoolhouse which hasn't been used since 1927. The day, part of the 100th - anniversary celebrations of the Quebec Association of Protestant Teachers, included lighting the old wood stove and carrying water.

VISITS FATHER

MONTREAL (CP) Adam Sarnecki, 20-year-old Pole who came to Canada at 16 and has been studying and working in Edmonton since, recently travelled by train to Montreal for a two-day stay — to see his father, the surgeon aboard the Polish liner Batory, which was in port only that long. Dr. Wladyslaw Sarnecki found his son had "acquired a lot of common sense" in Canada.

Miss Peggy Feeny Honoured

Saturday evening, August 22nd, a miscellaneous shower was held at Herdman Town Hall in honour of Miss Peggy Feeny. On arrival the bride-elect was met at the door and escorted to her chair by the hostess, Mrs. John Feeny, Miss Theresa McGee and Miss Bea Leehy, and was presented with a corsage of pink and white carnations. The hall was tastefully decorated with pink and white streamers and wedding bells.

Peggy's niece, Ann Feeny, and cousin, Carol Sedgwick presented her with a large number of beautiful and useful gifts, which were passed around for all to see. Peggy thanked everyone most graciously and invited them to visit her in her new home in Chateaugay, N.Y. A book was then passed around for the 50 guests present to sign their names.

Everyone was invited upstairs for lunch. The head table centred a large shower cake with pink icing. To one side sat a wishing well made out of pink crepe paper while on the other was placed a bouquet of tea roses. Pink streamers hung from the ceiling to the table. Bouquets of assorted flowers decorated the side tables.

Delicious refreshments of sandwiches, assorted pastries and coffee were served by the hostesses, assisted by Mrs. Gerald Brisebois and Miss Linda McGee. Afterwards Peggy passed around her shower cake to all present.

Everyone then departed, wishing Peggy many years of happiness.

On September 5th, another miscellaneous shower was given for Peggy at the home of Mrs. William Dwyer, Chateauguay, N.Y. The hostesses were Mrs. Wm. Dwyer, Mrs. John Dwyer, Mrs. Patrick Dwyer and Miss Margaret Dwyer.

Peggy was completely surprised on arriving at her future mother-in-law's for supper to see about 20 to 25 of her new neighbours and relatives and her own family assembled together. The living room was decorated with little pink and white umbrellas, while over the bridal chair was a large umbrella with the words "Welcome to the U.S.A." on it.

A delicious buffet supper was served, followed by coffee, ice cream and cake. A three layer shower cake made and beautifully decorated by Mrs. Ed. McCormick was also served.

Several games were then played and prizes awarded the winners. Also an amusing sketch was acted out by two of the guests.

Gifts were presented to Peggy for which she thanked everyone most graciously. Everyone then departed, after having spent a most enjoyable evening.

Presentation at Work

Upon Peggy Feeny's termination of work at Model Dye Works, her fellow employees presented her with an electric frying pan and a set of Corning Ware. They all wished her the best of luck in her new life and home in Chateaugay.

Tinie de Vries Winner of Kiwanis Purebred Heifer

The Annual Young Farmers Club Achievement Day activities were held at Huntingdon Fair, on Friday, September 4th. The animals exhibited were brought into the showring in very good condition despite the fact that pastures have been poor this year on account of so much dry weather.

Mr. Armand Pinsonneault of Ormstown, was the official judge in this event and placed the animals in the open classes and also Herds and Showmanship Classes.

The Fair commenced at 10 A.M. by a local Judging Competition for the Club. Tinie de Vries was the highest scoring Junior Member and consequently she became the Huntingdon Representative for the Kiwanis Grand Prize of a purebred Heifer Calf to be competed for on Saturday, September 5th, at the Inter-Club Judging Competition.

Lunch was served by the Club to the members and leaders at noon time. Chocolate Milk was donated to the Club for this lunch through the courtesy of Gordon Tannahill, Elmhurst Dairy.

Freddy McNaughton won the Holstein Championship. Ronald Rennie won the Ayrshire Championship. Maple Leaf Grange donated a trophy to the Championship in Showmanship, this was won by Freddy McNaughton and was presented to him by David Rankin, during the Saturday night show in the Arena.

The Grange also donated $6.00 to the Club $1.50 each to be paid to Four Younger Members of the Club. The winners were Freddy McNaughton, Bernard Sauvé, Don Smith, Wayne Donnelly.

Don Racine's Special — 50 lbs. Supersweet Calf Starter, for First in Showmanship, was won by Freddy McNaughton.

H.A.D. Somerville, M.P.P. donated $1.00 to each member ranking from 1st. to 15th in Showmanship.

Builders' Supply & Feeds donated 50 lbs. Master Calf Meal to each of the First Junior and Senior Holstein Calves and the First Junior and Senior Ayrshire Calves. The winners were: Freddie McNaughton, George Tannahill, Ronald Rennie and Gloria Arthur.

One of the major features of this event of the Young Farmers Club was that on Saturday afternoon, of the 6th Consecutive Inter-Fair Competition sponsored by the Kiwanis of Montreal. In this Competition, the Junior Winners of Ormstown Fair, Lachute Fair and Huntingdon Fair compete for the Kiwanis Grand Prize, a Purebred Heifer Calf Breed of Winners choice. Since Huntingdon is always the latest of the three Fairs, it is the site of the Inter-Club Competition. The candidates for this competition were Richard Hadley from Lachute; Lorne Templeton, Howick; Tinie de Vries, Huntingdon.

Mr. James Houston from Macdonald College, was the Official Judge in this Competition. He selected Four Mature Ayrshire Cows for this Kiwanis Sponsored Competition and the contestants were given regulationary twenty minutes to decide the placing of the class and write their reasons.

The Kiwanis Club of Montreal was represented at the site of the Competition by Mr and Mrs. Ernest Jarand (Pres.); Mr. and Mrs. Earle Brown Director in charge of Agriculture Committee; Mr. and Mrs. Jos. Dandale and Jean Sanscartier.

Tinie de Vries, the Huntingdon Candidate was proclaimed the winner of the Judging Competion and the Kiwanis Club presented her with their Grand Prize $150. or to be used for the purchase of a Purebred Heifer Calf.

After awarding this Grand Prize the Kiwanis Club presented the first eight local Junior Winners with money prizes and ribbons: 1, Tinie de Vries, $10.00 and Trophy; 2 Sheryl Ann Murphy, $8.00; 3, Dale Gavin, $6.00; 4, Bernard Sauvé, $4.00; 5, Shirley Williams, $2.00; 6, Don Smith, $2.00; Freddy McNaugton, $2.; 8, Donald Rennie, $2.00.

The above mentioned First Four will be entertained by the Kiwanis Club at their Annual Agriculture Day. It is on this occasion also that the Kiwanis presents trophies and awards of merit to those who won them during the current year.

The Aged Poor

An organization called the Senior Women's Committee for Pension Increase is circulating a petition urging Ottawa to increase the old age security pension from $75 to $100 a month, and to lower the pension age from 70 to 65 years. The committee is also asking older persons to write their members of Parliament telling them that the present pension is inadequate to the needs of pensioners who have no other source of income.

To provide an increased pension for the really needy is entirely reasonable, but the committee's proposal would be wasteful and excessively expensive. Nearly one million Canadians are receiving the old age security pension. To raise the pension by $25 a month for the entire group would cost $300,000,000 a year, and put the pension's annual cost at $1,200,000,000. To lower the pension age to 65 years would add another half million persons to the pension list, cost an additional $60,000,000 a year, and raise the total cost to $1,800,000,000.

Aside from the fact that the working population simply could not afford to have another tax bill for nearly one billion dollars added to their annual living costs, it is absolutely unnecessary to assist all 1.5 million Canadians who are 65 years of age or older in order to reach the relatively few who are in need. The machinery exists to improve the lot of the aged poor with efficiency and economy.

The federal and provincial governments share the cost of the Old Age Assistance program, which is currently providing pensions to 105,000 persons in need in the 65 to 69 years age group. In three provinces the maximum pension is $65 a month, and the maximum is $75 in the remaining seven provinces; cost of this program is about $90,000,000 a year. In addition, a federal-provincial program supplements the old age security pension for persons over 70 who are in need; the number of persons aided by this program, and its exact cost, are not a matter of public record.

Whatever additional aid needs to be provided for the aged poor could be furnished through the existing programs, with benefits graduated according to local variations in living costs. All pension and other welfare benefits are charged back to the working population, and it must be recognized that there are limits on what the public can pay.

Council Meeting

Hinchinbrooke Council

The regular meeting of the Hinchinbrooke Council was held Tuesday, Sept. 1st. at 8 p.m. Mayor Allan Wilson presided. Minutes of the previous meeting were read by the Secretary. Mr. M. Blachford requested a portion of road ditch cleaned on Range 5 — the road Committee was authorized to make an inspection and arrange for the cleaning of said ditch.

Moved and seconded that Frances McCracken be appointed Rural Inspector for Dist. No.—6.

Moved and seconded that Frances McCracken be appointed to arrange for the repair of a line fence between the farms of E. Acheson and A. J. McKinnon, Range 1.

Moved and seconded a portion of roadside ditch be cleaned opposite Maurice Feeny farm range 5.

The secretary presented the Budget, after which the tax rate for 1964 was set at 4 mills. The following bills were ordered to be paid: H'don Gleaner $6.00; F.C. Moore $97.00; Municipal Forms Ltd. $35.45; Shaw. W. P. Co. $56.61; Carl Anderson $10.00.

G. M. Henderson, Howick A Top Winner At Central Canada Exhibition

Although numbers were down somewhat in the Holstein classes at Central Canada Exhibition, quality ran high throughout the show, and a large, enthusiastic crowd was in attendance. Judge Allison Fawcett, Winchester, did a capable and convincing job in his placing of the classes as 164 head were brought out by seventeen exhibitors.

From the Chateauguay Valley area came the Senior and Grand Champion female which was Vinedale Fond Aster, shown by George M. Henderson, of Howick, Que., in the class for aged cows in milk. Aster is a very large, stylish cow, with great scale, and an excellent udder which placed her second in the best udder class. George M. Henderson also took the first prize for Graded herd.

Athelstan

ATHELSTAN — Mrs. Carl Levers and sons Ted, Danny and David have returned to their home after their 6000 mile train trip to Vancouver, B.C., where they visited with her parents, Mr. and Mrs. A. E. Riehl, formerly of Athelstan. While there, boat trips were taken to Victoria and Nanaimo on Vancouver Island and were enjoyed thoroughly. They visited Harrison Hot Springs and saw the sulphur pools and also attended The Pacific National Exhibition. The boys will long remember their dip in the Pacific Ocean and also seeing their first submarine in the harbour. All returned having enjoyed their vacation to the full.

Recent guests at the home of Mr. and Mrs. Clarence Rabidoux, were Mrs. E. DeBanks, Mrs. Margaret Marshall and Mrs. Bill Horne all of Longueuil and Mrs. J. H. Auburn of Verdun.

Mr. and Mrs. William Hutchings and children of Cornwall, spent the past week at the home of his parents, Mr. and Mrs. Fred Hutchings.

Mrs. Etta Herdman who has been living with her son and daughter-in-law, Mr. and Mrs. Norris Herdman has taken up residence in Huntingdon.

Congratulations to Keith Rabidoux, who won fourth prize with his Chihuahua "Mitzi" at the Dog and Cat Show at the Huntingdon Fair.

Congratulations to the Hinchinbrooke Volunteer Fire Brigade, who won the Tug-of-War at Huntingdon Fair.

A forty-fifth wedding anniversary was tendered to Mr. and Mrs. Fred Hutchings on Sunday afternoon, the 6th. which was attended by about thirty five guests. The home was tastefully decorated with red gladioli, where a buffet dinner was served. They were the recipients of many beautiful gifts and a cablegram from their flower girl Mrs. D. S. Baldwin (Anna Chalmers) now residing in England. Out of town guests were: Dr. and Mrs. A. C. Blackwood, Allen, Marsha and Susan of Macdonald College, Mrs. Stu. Milne and Sandra of St. Lambert, Mrs. Mable Pennington of Westmount, Miss Betty Chalmers of Montreal, Mr. and Mrs. Donald Caldwell, Billy, Brian and Brett of Brockville, Mr. and Mrs. William Hutchings, Donna and Linda of Cornwall and Mr. and Mrs. Nelson Hutchings, Jimmy and Barbara Ann of Hudson, N.Y.

Dundee

DUNDEE — Guest speaker at the September meeting of the Dundee W.I. was Mr. Donald Ferguson. During the summer he had spent a week at Camp Overlook Mountain View. This was a 4-H Camp and among other subjects, Mr. Ferguson had taken some first aid. Using as models, the children who were also guests, he demonstrated how to bandage an arm, how to make and use a finger stall, how to make a splint for a fractured arm, using a magazine and then how to apply a sling. Then he demonstrated two ways for applying artificial respiration. As he demonstrated he explained about three types of wounds — incisions, abrasions and lacerations and about simple and compound fractures. Thus he showed that he had learned much at camp and was able to impart what he had learned to others.

The six girls who were guests were asked, in turn to tell something about their summer activities. Elizabeth Stowell had attended the Upward Trail Camp at Mansonville so she told of some of the things she had enjoyed there and she showed several articles she had made. Sally Roach told about picking berries, so many, in fact, that she not only had plenty for her mother but was able to sell several dollars worth. She also told about enjoying helping her teacher and the good time she had while there. Joan Fraser visited Prince Edward Island. She told of going to Charlottetown, of seeing the Magnetic Hill and being on the ferry. Georgina Roach had been to the hospital for a tonsilectomy and she spoke about enjoying a visit to her grandmother. Lyn Pringle had been many places — the Granby Zoo, Ausable Chasm, North Pole, White Face Mountain. Janice Fraser had also been to camp with Elizabeth so she sang some songs she had learned while there. Another special part of this meeting was the presenting of school pins to the above six girls and one boy, pupils of the Dundee Consolidated School who have passed their Grade 5 examinations in June and who are going to Huntingdon High this fall.

In presenting the pins, Mrs. Hugh Ferguson expressed the wish that they would help to remind the children of their school. After the business meeting a Pot Luck Supper was served by the hostess, Mrs. Earl Gardiner.

Mr. and Mrs. Lloyd Martin and Heather are spending a two week holiday on Buck Lake, which is about twenty miles North of Kingston. Rev. Lowenberger of Huntingdon has kindly loaned them his cottage there. There will be no service in Zion Church this coming Sunday. The outdoor summer services at Fraser's Point terminated last Sunday morning. In keeping with the Labor Day week-end Mr. Martin spoke about the equality of man, saying what a dull world it would be if everyone was indeed equal. However, in God's sight, all are equal.

What sweet delight a quiet life affords.

— William Drummond

—

Stillness of person and steadiness of features are signal marks of good breeding.

— Oliver Wendell Holmes.

—

Hospitality consists in a little fire, a little food, and an immense quiet.

THIS and THAT in TOWN ...

Ormstown citizens were well represented each afternoon and evening of the Fair. Messrs. Archie McCormick, Carlyle Dickson, Bury McGerrigle, Doug Ness, Archie Roy, John K. Dickson and several other officials of Ormstown Exhibition made some encouraging and complimentary remarks about the '64 Huntingdon Fair, especially with regard to the opening parade and quality of entertainment.

This Saturday evening the Howick curlers are serving steak dinners. Because those in charge can only serve a limited number, admission will be by ticket only. We understand there are a few left, so . . . .

Labor Day (Monday) was a beautiful day. Highways and byways in the community were well dotted with carloads of people out for a drive. It was a bit sad to see families leaving their summer homes to return to Montreal or other town homes though. But with most schools opening today (Wednesday) youngsters are looking forward to meeting their school buddies, new teachers, new classrooms and, in some cases, new school. Now that schools are open once again, motorists are warned to stop when approaching or overtaking a stationary school bus that is taking on or discharging youngsters . . . also to slow down in school zones. And now that Huntingdon Fair is over and it's back to school for everyone in the Chateauguay Valley, the weatherman beams bright, sunny days at us. Oh well, as long as he gives us a few good September week-ends.

Riverfield Curling Club sponsored a successful dance Friday night in Cliff Brown's new barn. Everyone had fun, but when Roy Angell left to go home, he found his car missing. Police found it the next day . . . without wheels and damaged.

Heard about the new Isle of Skye trap shoot at Fraser's Point? Latest equipment, ideal site. Membership fees are nominal, too. We suggest you take a drive to 'The Point' one of these days and judge for yourself . . . we think you'll be pleasantly surprised . . . with the new black-topped 'Mile Road' leading from Route 3 to Fraser's Point (Ken Fraser Highway) as well as with the Trap Shoot facilities . . . Then drive down by St. Anicet and Port Lewis and stop at the Go-Kart track where the kids (and you-all) can have some fun.

Rumor has it that a 'dead' business in Ourtown may be changing hands one of these fine days.

And in Ormstown one has a variety of fuel oil to select from . . . all good.

Along Gasoline Alley in Ourtown the old reliables say they aren't worried about swooping colored birds . . they're more concerned about what kind of eggs they'll try to hatch. And talking about birds the duck season is getting near at hand. Quack!

Patrons of Lakeside Lodge at Port Lewis will be interested to learn that Carl, 18-year-old son of Mr. and Mrs. Les Kirby is now in Washington, D.C. where he starts a nine-month course in Hotel Management this week. Carl, popular with teenagers in the Valleyfield, Huntingdon and 'lake' areas, was accompanied by Steve Felszegi of Valleyfield. The lads motored to Washington on Thursday accompanied by Carl's father, Les, who found them an apartment less than five minutes' walk from the White House. Like his father, Carl is interested in fine foods and good cooking . . . when he finishes the nine-month preliminary course in Washington, he hopes to pursue his studies at Cornell Univerity (four-year degree course). Congratulations, Carl and Steve . . . too bad the parents say NO about taking your sports car with you.

There's a lot to be said yet about the new Regional Catholic School in Huntingdon . . . most people want a complete high school.

Reports indicate Chateauguay Valley farmers had a bumper corn crop this year.

18-year-old Clayton Murphy and 17-year-old Ann de Vries rate sincere admiration for emerging high team at the Provincial Elimination Contest for Young Farmers of Quebec at Quebec City on Saturday . . . certainly another feather in the cap of Huntingdon Young Farmers.

While chatting with John K. Dickson at the Fair last week, the former remarked 'It certainly pays to advertise in The Gleaner'. Seems he advertised a flat to rent in Ormstown, next day the lease was signed. Also advertised hay for sale next day the deal was completed. Finally he offered choice beef for sale by the half. Result: so many enquiries and orders that we wonder if 'John K.' isn't going to start a new business career.

Don't forget the Grad Dance at Huntingdon High School on Friday evening.

Some day soon work will start on a new four-lane highway from Mercier Bridge to Ste. Martine .... Happy Day!

Two of The Gleaner's 'old smoothies', Plant Foreman Alb. Antoine and Compositor Art Tampson (combined printing experience over 75 years) are enjoying their second week of vacation. Right now (10 a.m. Wednesday) we expect they're somewhere in Prince Edward Island.

Dave (Corn Cob) Zabitsky tells us the October 2nd Annual Naval Ball will again be the social event of the fall season locally... Les (Can. Imp. B. of C.) Sanderson did it again: a big wheel on the local Fair Board, he went like the dickens last year right up to the first day, then was rushed to the County Hospital for acute appendicitis. This year, full steam ahead until the first day then... mumps. Our sympathy, Mr. Bank Manager. Paul (His Worship) Lefebvre says he goes for a swim every morning at his summer home before getting to the store, but N. E. (Old Buddy) Bourgon has been watching and has serious doubts ... The Reverend (U. C. of Canada) H. Lowenberger enjoys fishing and duck hunting ... welcome to the fold... Doug (Mr. G. E.) Stephen appears to enjoy developing his south-of-the-border farm more than golf this year . . . Hector (Redi-Kilowatt) Provost is leading salesman for the Rotary car, proceeds of which will help the Nurse-Training Benefit Fund ... And Dr. (Fill 'em) Mills pulled a couple of Muskies out of the Chateauguay River at Ormstown the past week . . .

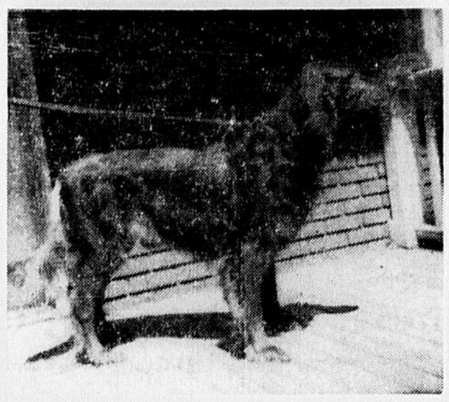

Our experience is that it takes a few hours to set up a Fair booth, whether at Ormstown or Huntingdon ... but we know the best take-aparters and puller-downers in the district: last Saturday after midnight we heard there wouldn't be a night watchman in the Industrial Bldg. on Sunday so we started pulling tacks and taking down pictures. Along came Ken (Shell) and Jean Ferns and Bury (Electro) and Bernice McGerrigle and they had everything down and packed away in about 15 minutes. Gee, 'tanks friends.

Ormstown has a football club, but more members are needed. Coach Diamand has asked us to advise teen-age boys interested in football to get in touch with him PDQ. If sufficient numbers cannot be recruited in Ormstown, he would be interested in hearing from boys in Huntingdon. If Huntingdon lads are interested practices will probably be held at the half-way mark, near Dewittville. Come on fellows, now's your chance to make with some organized football.

Huntingdon Volunteer Fire Dept. again asks that people keep out of the way when there's a fire. Motorists who have nothing to do with fire-fighting are following too close behind the trucks. Nobody should follow within a distance of 500 ft. To be really helpful, pull over to the curb and let the fire trucks pass, then KEEP out of the way. If you really want to help the firemen, buy one of their tickets and be at their fun-raising bingo.

Did you know that anything grows thinner with constant use? Even friendship ... that we know a district banker who had a narrow escape when his boat overturned while he was on vacation and that he clung to the side of it more than an hour before help arrived. . .

A Letter To Pat

Dear Pat —

This is the first letter I have ever written to one of the Canine Species, that's what you are, you know. I have been watching you for a long time and I fell in love with you years ago. That's why I'm writing you this letter. I just found out that it, wasn't you at all. It was a handsome fellow who looked for all the world like you and I just had to go to see him, or you, and that's when I found out. It's a pretty mixed up situation isn't it? Please let me try to explain.

It was Major I was in love with, he was so handsome just like you, only a lot older. He was more than sixteen years old and that's really mature. Your mistress tells me you are only four. Oh she did say you are a wonderful watch —, I don't like to call you a dog, you're much too handsome for such a common word. Anyone can be a dog, but you are a beautiful red chestnut Irish Setter. So was Major. I used to watch Nan and Major when they took their daily stroll, and I have to admit I was pretty jealous of Nan. How come she had him, or you, (there I go again). Major was very clever, he was around during World War 2, and he learned to salute, he really did, he would sit up and put his right paw up in the air and stay like that for quite awhile. He did many other tricks too.

Poor Major, Nan told me that he had to be done away with, he was 16½ years old and in the human life span that is equal to about 115 years. Imagine poor old Major trying to do tricks and saluting and all that suff! When Major died, that's where you came in Pat, you are also a blue blood from the McConnell Kennels in the Laurentians. No wonder I was not aware that there were two of you.

I started this letter as a kind of apology to you, but I do admire you, even if you are taking Major's place. Nan says you are very obedient and she thinks you were trained as a protector before you came to her. She says you will not tolerate anyone with a gun, even a toy gun. That's a very good thing Pat. She also says that not long ago you frightened some prowler away from the front of her house, in the wee hours of the morning.

That's commendable too, I also know how very careful you are when you take Ann for a walk, you will not let her cross the street until you have stopped, looked and listened. You have learned your lessons well, but what's with this "gimmick" you have acquired Pat? You are a grown dog, fella, 25 inches high at the shoulder and 56 inches from the tip of your nose to the tip of your tail, and yet you have the silliest habit a dog ever had. What's with you anyway? How come you wash your face like a cat after every meal. Oh yes you do, you sit there and wash your silly face just like a cat and I want to know if you think that is normal.

Oh well you are handsome and I guess every bit as clever as Major. Why don't you come up and see me sometime? I have a lady Collie, she might like you.

All my love,
Your Gleaner Reporter.

THE QUIET QUEST

This is the second in a series of articles prepared by Gerald O. Saxton, Executive Director of the Canadian Arthritis and Rheumatism Society, for the Chateauguay Gleaner. As mentioned, Mr. Saxton is a former resident of Ville de Lery.

Arthritis has puzzled and plagued man since cave-dwellers first walked the earth.

It is an infuriating, frustrating family of diseases that can pain and maim — yet rarely kill.

No one cause has been discovered. No one cure has broken with suddenness in the headlines of the world. For arthritis hides in many places.

Ten years ago researchers against this number one cripppler were few — a mere platoon in a world-wide war.

Facts were sparse and treatment haphazard.

But awareness and knowledge grew. It grew from the application of sophisticated techniques such as electron microscopy, chromatography, statistical analysis and clinical observations. It spread through the efforts of dedicated men in white who sought truth by searching for it in fields their insight told them were fertile.

The quiet quest for victory against arthritist began to bear results. The platoon grew into the framework for a world-wide army. Chemists physicists, medical men joined the quest as one. And the unsung miracles began as awareness and understanding grew.

Disease such as gouty arthritis can now be fully controlled by drugs discovered within the past ten years.

Arthritis caused by infectious agents such as tubercle bacilli, gonoccus or staphylococus can now be completely cured.

Severe disability can be prevented in most patients with rheumatoid arthritis. Early diagnosis is the key to successful treatment.

Rheumatic disease units and arthritis clinics in major Canadian hospitals have exhibited significant improvements in the effectiveness of treatment. New drugs, techniques, and concepts now arrive steadily. Each is submitted for laboratory and clinical investigation. For one drug, no one treatment has proved to be the specific answer, yet all advance our knowledge of arthritis.

Premature hope retards research. It is fostered by the unscrupulous who prey on pain and those who live by folklore. It is rejected by science.

Real hope is what we need Real hope now exists.

Every day that a "hopeless" case returns to his family and his job another battle is won.

Every day that another significant factor is isolated by research we edge closer to preventing arthritis.

Yes, real hope exists. As more dollars are dedicated to the fight, arthritis can no longer hide behind the myths of centuries. We are bringing it into the open. We are winning.

Have Hunting Regulations

Quebec — Except for Duplessis County where hare hunting starts on September 26th through March 31st, the season for hare hunting will, everywhere else in the Province, close a month earlier, that is on February 28th.

Let it be recalled that it is unlawful for any person to kill hare with snares in that part of Terrebonne County south of Route 41 and in the counties of Deux-Montagnes, L'Assomption, Laval, Vaudreuil-Soulanges, Beauharnois, Huntingdon, Chateauguay, Napierville, Laprairie, Saint-Jean, Iberville, Rouville, Saint-Hyacinthe, Richelieu, Verchères, Chambly and Stanstead, as well as on all the islands comprised within the boundaries of these counties.

Furthermore, it is illegal to hunt with snares in the islands of Montreal, Gesu, Perrot, Bizard, and those islands of the St. Lawrence River, south of Montreal and those of the Back River (Rivière des Prairies) and of the Thousand Islands River.

Where it is unlawful to hunt hare with snares, the daily limit is five per hunter using firearms.

Lastly, as everywhere else in the Province, there is no possession limit.

ICI ET LA DANS LA VILLE

Les citoyens d'Ormstown étaient représentés chaque après-midi et chaque soir à l'exposition. MM. Archie McCormick, Carlyle Dickson, Bury McGerrigle, Doug Ness, Archie Roy, John K. Dickson et plusieurs autres officiels de l'Exposition d'Ormstown ont fait plusieurs remarques d'encouragement et de félicitation sur l'Exposition '64 de Huntingdon, tout spécialement en ce qui concerne la parade d'ouverture et la qualité du spectacle.

Samedi soir prochain, les membres du Club de Curling de Howick servent des repas au steak. Parce que les organisateurs ne peuvent servir qu'un nombre limité de repas, on n'admettra que ceux qui ont leur billet seulement. Nous croyons savoir qu'il en reste quelques-uns, alors. . .

Il a fait très beau lundi, le jour de la Fête du Travail. De pleines autos de gens en promenade fourmillaient sur les routes de notre région. Il était un peu triste de voir les familles laisser leurs camps d'été pour s'en retourner à Montréal ou dans d'autres villes. Mais la plupart des écoles ouvrant aujourd'hui, mercredi, les jeunes ont sans doute hâte de rencontrer leurs amis d'école, leurs nouveaux professeurs, de voir leur nouvelle classe, et dans certains cas, leur nouvelle école. Maintenant que les écoles sont réouvertes, on avertit les automobilistes de stopper derrière les autobus d'écoliers arrêtés sur le bord de la route . . . aussi de ralentir dans les zones d'école. Et maintenant que tout a recommencé, que l'Exposition de Huntingdon est terminée, la température devient clémente et nous connaissons des jours ensoleillés. Pourvu que nous ayons encors quelques belles fins de semaines durant le mois.

Le Club de Curling de Riverfield organisait une danse remplie de succès vendredi soir, dans la nouvelle grange de Cliff Brown. Tout le monde s'est amusé, mais quand Roy Angell partit pour s'en retourner chez lui, son auto avait disparu. La police la trouva le lendemain . . . sans roues et endommagée.

—La rumeur veut qu'un commerce "mort" dans notre ville change de mains bientôt.

Et à Ormstown, on peut choisir entre plusieurs sortes d'huile à chauffage, et elles sont toutes bonnes.

Sur la rue Gazoline, dans notre ville, les vieux de la vieille disent qu'ils ne craignent pas les oiseaux envahisseurs . . . tout ce qui les inquiète ce sont quelles sortes d'oeufs ils vont pondre. Et parlant d'oiseaux, l'ouverture de la chasse aux canards approche. Coin!

Tout n'a pas encore été dit sur la nouvelle école régionale de Huntingdon . . . presque tout le monde veut une école secondaire complète.

Clayton Murphy, 18 ans, et Ann de Vries, 17 ans, méritent des félicitations pour avoir été la meilleure équipe au Concours d'Elimination Provincial des Jeunes Fermiers du Québec, dans la ville de Québec, samedi. Certainement un autre honneur pour les Jeunes Fermiers de Huntingdon.

En parlant avec John K. Dickson à l'exposition la semaine passée, ce dernier nous révélait que "ca paye d'annoncer dans le Gleaner". Apparemment il a annoncé une maison à louer à Ormstown, et le lendemain le bail était signé. Il annonça du foin à vendre, et le lendemain l'affaire était réglée. Enfin, il offrit du boeuf de choix à vendre au quartier. Résultat: tant de demandes et de commandes que nous nous demandons si "John K." ne se lancera pas dans une nouvelle carrière.

Deux des plus "veilles barbes" du Gleaner, le contremaître Alb. Antoine et le compositeur Art Hampson (plus de 75 ans d'expérience combinée dans l'imprimerie) sont dans leur deuxième semaine de vacance. A ce moment précis, nous croyons qu'ils sont quelque part en Nouvelle Ecosse.

Nous savons par expérience que cela prend plusieurs heures pour monter un stand d'exposition, tant à celle de Huntingdon qu'à celle d'Ormstown . . . mais nous connaissons les meilleurs défaiseurs de tout le district, samedi dernier, passé minuit, on nous informa qu'il n'y aura pas de veilleur de nuit dans la bâtisse industrielle, dimanche, et nous commençames à ramasser les photos. Alors s'amenèrent Ken (Shell) et Jean Ferns et Bury (Electro) et Bernice McGerrigle, et dans 15 minutes, ils avaient tout ramassé et tout empaqueté. Merci bien.

Ormstown possède une équipe de football, mais on a besoin de plus de membres. L'entraîneur Diamand nous disait qu'il demande à tous les adolescents intéressés au football de le contacter tout de suite. S'il ne peut pas recruter un nombre suffisant de joueurs à Ormstown, il serait intéressé à prendre des jeunes de Huntingdon. Si ceux-ci sont intéressés, les pratiques auront probablement lieu à mi-chemin, soit aux environs de Dewittville.

Le Corps de Pompiers Volontaires de Huntingdon demande encore une fois aux gens de ne pas nuire quand il y a un feu. Les automobilistes qui n'ont rien à voir avec l'incendie à combattre suivent les camions de trop près. Personne ne devrait suivre en dedans le 500 pieds. Pour aider vraiment, arrêtez-vous le long du chemin et laissez le camion passer, et RESTEZ en debors du chemin. Si vous voulez réellement aider les pompiers, achetez un de leurs billets et participez à leur bingo.

Homologation du rôle d'évaluation à la dernière assemblée du Conseil

Une réunion régulière du Conseil de la Ville de Huntingdon a eu lieu mardi soir en l'édifice du Comté sous la présidence du Maire Paul Lefebvre et de tous les conseillers, sauf les conseillers McGerrigle et Legault.

On lut une lettre de H.W. Lea, signée par M. Benoit, concernant un plan du secteur Poirier, Bouchette et Ridge Rd., exécuté par L. P. Derome sur demande de M. A. Picard. M. Benoit mentionna que les relevés de M. Derome, Ing. Prof., coincidaient avec les siens à l'effet qu'il était impossible de faire s'écouler des égoûts du nord de la rue Poirier au sud. Il mentionna aussi deux possibilités d'installer des égoûts-collecteurs dispendieux pour desservir ce secteur, de la rue Bouchette à la rue Church. Le Conseil fut d'avis d'écrire à H. W. Lea pour leur demander des explications sur l'installation d'un tel égoût-collecteur, quant au coût, grandeur etc.

Le secrétaire-trésorier, M. Pilon, lut aussi une lettre de Les Entreprises Landry demandant que la ville leur garantisse la pose d'égoûts, advenant la construction de deux maisons modèles sur leur lot situé au nord de la rue Poirier. Les membres du Conseil furent d'avis qu'ils ne pouvaient pas donner une telle garantie, puisque l'ingénieur de la ville avait souvent dit que le Gouvernement ne permettait pas la chose. On leur répondit qu'une étude générale de la situation des égoûts était en cours.

L'item suivant à l'agenda était la question du rôle d'évaluation. Le secrétaire donna lecture des nouvelles propriétés taxables dans la ville, avec leur évaluation. L'augmentation au rôle de celles-ci est de l'ordre de $87,000.

Le Conseil s'attaqua alors aux plaintes reçues concernant l'évaluation M. Maurice Perrault demanla que son évaluation soit baissée de $4,500. à $4,000. Elle fut fixée à $4,200. M. Gérard Foisy demanda que la sienne soit baissée de $3,000 à $2,500.; elle fut laissée telle quelle. M. Médard Lecavalier vit baisser son évaluation de $4,200. à $4,000. M. Oliva Brais demanda que son évaluation soit baissée de $5,000 à $4,000.; la sienne fut fixée à $4,500. MM. Clifford McGee et Achille Hurteau virent leur évaluation respective baisser de $4,500. à $4,200. et de $3,350. à $3,150., tel que demandé. M. Marton de la rue Chateauguay, vit son évaluation baisser de $16,000 à $14,000.

Il fut alors proposé et secondé que le rôle d'évaluation soit homologué avec les changements mentionnés plus haut.

Le conseiller Gaw donna avis de motion qu'il introduirait à une assemblée subséquente un règlement pour imposer la taxe sur toutes les propriétés imposables de la ville de Huntingdon.

On parla de la possibilité de changer le système de chauffage de l'usine de filtration du charbon à l'huile. La question fut laissée pour une prochaine assemblée.

On autorisa la Shawinigan W. and P. à faire l'installation d'une lumière de rue sur le côté nord du Parkview Rd., en face de la propriété de Mme Houle.

Le Conseil ne prit aucune décision tant qu'à la pose d'enseignes de limitation de vitesse à 20 milles à l'heure; on sait qu'il existe un règlement à cet effet.

On mentionna que les réparations sur la rue Church seraient effectuées en octobre.

La question du mur de remblai près du nouveau pont fut encore une fois discutée.

Les membres du Conseil semblèrent d'accord d'accepter les conditions de Builders Supply, qui sont: $150. par année de loyer; surface recouverte de ciment; réparations au barrage; remplir le côté sud, et au cas où la compagnie voudrait retourner à l'hydro, annulation de l'entente. Un comité de trois membres rencontrera les représentants de la compagnie sous peu pour se faire donner plus d'explications à ce sujet. Le mur serait fait de maçonnerie.

La réunion ajourna cinq minutes pour reprendre à huis-clos. Une assemblée spéciale aura lieu lundi, le 14 septembre.

M. François Cleyn nommé président de la Campagne '65 de la Fédération des Oeuvres de Charité

Monsieur François Cleyn, industriel avantageusement connu de Huntingdon, a accepté la présidence générale de la campagne 1965 de la Fédération des Oeuvres de Charité des comtés de Beauharnois, Châteauguay, Huntingdon, Soulanges et Vaudreuil.

M. François Cleyn

M. Cleyn, belge de naissance, demeure à Huntingdon depuis près de 25 ans, il est marié et père de deux enfants.

Il est président de Cleyn & Tinker Ltd de Huntingdon, membre de l'Association des Manufacturiers Canadiens, vice-président de l'Institut Canadien du Textile et de International Wool Textile Org. M. Cleyn fut nommé récemment membre du Conseil Economique du Canada par le gouvernement fédéral.

M. Cleyn est un travailleur de la charité de la toute première heure, il faisait partie de la première équipe en 1959. Il fut depuis, presque toujours d'une manière effacée mais combien efficace, de toutes les campagnes, s'occupant surtout de la région de Huntingdon. Nous lui souhaitons bon succès.

Les cours de S.M.P. débutent le 13 septembre à Valleyfield

C'est dès le 13 septembre que commenceront les Cours de Préparation au Mariage. Ces rencontres instructives et formatrices favorisent la préparation à un Mariage réussi et heureux.

Quand on a 20 ans, on a un réel souci de bonheur, il faut mettre toutes les chances de son côté. C'est pourquoi le S.P.M. invite les jeunes qui se fréquentent sérieusement depuis déjà quelque temps, à se préparer à leur Mariage le plus parfaitement possible. C'est quand on s'arrête le moindrement sur les différents aspects du mariage qu'on découvre les vraies valeurs les grandes richesses et également les problèmes qu'il suscite.

C'est dans les rencontres S.P.M. avec l'aide des conférenciers choisis avec soin que l'occasion sera merveilleuse de vous ouvrir à tout ce qui sera votre vie matrimoniale future.

Ces cours débuteront:

1er groupe: A Bellerive à l'école Notre-Dame rue Danis. L'inscription et le 1er cours; dimanche le 13 sept. à 1 hre 30 p.m. A ce groupe sont spécialement invités les couples venant des paroisses suivantes; Bellerive, St-Joseph, St-Pie X, Sacré-Coeur et toutes les Paroisses de Vaudreuil-Soulanges.

2e Groupe: A Ste-Cécile au Centre le Royer à 110 Chemin Larocque. L'inscription et le 1er cours; dimanche le 13 sept. à 8 hres p.m. A ce groupe sont plus spécialement invités les couples venant des paroisses suivantes; St-Esprit, Ste-Cécile, St-Augustin, St-Eugène et toutes les Paroisses du Comté de Huntingdon, Châteauguay et Beauharnois.

Equipe Diocésaine

Conseil de Hinchinbrooke

Une réunion régulière du Conseil de Hinchinbrooke a eu lieu mardi le 1er septembre sous la présidence du Maire Allan Wilson.

M. M. Blachford fit une demande pour qu'une partie du fossé du Rang du 5 soit nettoyée. On autorisa le Comité des routes à faire inspection et à faire nettoyer le dit fossé.

Il fut proposé et secondé que Frances McCracken soit nommé Inspecteur Rural pour le District No. 6.

M. Frances McCracken fut nommé pour faire réparer la clôture de ligne entre les fermes de MM. E. Acheson et A. J. McKinnon, Rang du 1.

Il fut décidé de faire nettoyer une partie du fossé longeant la route, en face de la ferme de Maurice Feeny, Rang du 5.

Le secrétaire fit la lecture du budget, après quoi le taux de la taxe pour l'année 1964 fut établi à 4 mills.

On approuva le paiement des comptes suivants: Huntingdon Gleaner, $6.; F. C. Moore, $97.; Comp. Shawinigan, $56.61; Carl Anderson, $10.; Municipal Forms Ltd., $35.45.

COVERING THE ACTIVITIES OF THE LITTLE ROYAL" EXHIBITION CENTRE

Celebrate Silver Anniversary

ORMSTOWN — A well-filled hall of friends, neighbors and relatives greeted Mr. and Mrs. Alan Cavers on Monday evening to wish them health, wealth and prosperity on the occasion of their twenty-fifth wedding anniversary. Mr. and Mrs. Cavers were asked to go to Brysonville Community Hall to meet some of their friends. They were accompanied by their daughter and Mrs. Caver's bridesmaid, Miss Elizabeth Roy. Master of Ceremonies for the evening was Mr. Archie Finlayson, lifelong friend of the happy couple.

A beautifully set table centered with a huge wedding cake was prepared for the bride and groom, Miss E. Roy, Mr. and Mrs. A. Finlayson and Rev. A. E. Loree. Mr. Ewen MacDougall spoke a few words on behalf of the neighbors, as did Rev. Mr. Loree on behalf of the United Church congregation to which Mr. and Mrs. Cavers belong. Mayor Paul Reindeau, of the Parish also extended his congratulations and best wishes. A purse of money was presented to Mr. and Mrs. Cavers.

Among those from out-of-town who attended were Mr. and Mrs. Ednie and Sandy. Mr. and Mrs. William Hamel Mr. and Mrs. Stewart Moneypenny of Franklin; Mr. and Mrs. Nelson Elliot and Miss Grace Alexander of Montreal; Mr. and Mrs. Gordon Ferry of Huntingdon; Mr. and Mrs. Fergus Moore of Hemmingford; Mr. and Mrs. Donald McCaig of Valleyfield; Mr. and Mrs. Carson Wallace of Roxham and Mr. and Mrs. Harold Robertson of Riverfield.

Returns From High School U. N. Assembly

Michael Kelen, son of Dr. and Mrs. Andrew Kelen, was chosen by the Home and School Association to be sent as a delegate to the United Nations Assembly held at Brebouf School in Montreal. Michael received invaluable experience from his week with delegates from other schools. He was the only student from this area to attend the sessions. Michael represented Czechoslovakia. The students are given a well indoctrinated introduction on the country of their choice and so become a part of that country when acting as its delegate. The one thing that impressed all those who attended any or all of the sessions was the sincerity of the students. All sessions were bilingual.

Mrs. W. Payne arrived home on Tuesday morning from a trip to England.

Mr. and Mrs. Doug Glover and Sam, spent the week-end with Mr. and Mrs. Bill Ralph in Rosemere.

Mr. and Mrs. Jasper Lamb and family are holidaying in California.

Dr. W. Mills, the Fisherman

Every so often someone comes up with a whooping big fish story. More often than not the story is bigger than the fish and indeed a great deal bigger than the listener's capacity to swallow.

Two weeks ago our own "Billie" Mills was out on the Chateauguay River and caught an 11½ pound Muskie, that was all right with him and he took the fish home, satisfied that he'd had a sportsman's day. Last Sunday he went out again using his same worn out bait, (an outdated well used Muskie plug) and got a strike. Being a quiet man, an essential quality in a GOOD fisherman, he played the fish for some time and landed it .....a forty-six inch, 20 pound Muskallonge.

We have stated that Billie is a quiet man, he is also a modest man. When asked how long he took to land the big fellow his answer was, "Oh, most of those stories you hear about how long it takes to play a fish are exaggerated. I don't suppose it took too long."

Mr. and Mrs. Bob Brighton and Barbara of Cornwall, were recent supper guests of Mr. and Mrs. William Cullen.

Trial by Jury Presented by Campers.

Those who attended the closing at Monteregion Music Camp, were Mr. and Mrs. Lindsay Cullen, Miss Myrtle Cullen, Mrs. Roger Crete, Mr. and Mrs. Roy McNichol and Susan, Miss Betty McEwen, Mr. and Mrs. Herman Tavenier and friends of Ormstown and Mr. and Mrs. Wm. Goodall of Huntingdon. A well-prepared concert was presented to the many parents and friends of the campers who came from many parts of the province, as well as U.S.A. and Ontario. Trial By Jury, a Gilbert and Sullivan Operetta was exceptionally well done. A string ensemble also presented several classical numbers, and the orchestra played, King of Yvetot and Marche Militaire. The Misses Nancylyn Cullen Jane McNichol and Nettie Tavenier were members of the orchestra, Miss Tavenier was a member of the reed section which accompanied the strings. All campers were asked to take part in the operetta, which resulted in the Misses Nancylyn Cullen, Jane McNichol and Janice Goodall, becoming members of the alto section and Miss Tavenier a soprano, she being one of the bridesmaids.

Mr. and Mrs. Lloyd Sproule and family attended the Central Canada Exhibition in Ottawa and visited Mr. and Mrs. Angus Sweeting while there. They also called at the Wm. Moore and Stanley Sweeting homes in Thurso.

25th Anniversary for Mr. and Mrs. Les Skidmore

Relatives and friends of Mr. and Mrs. L. Skidmore gathered recently at their home in Delson to help them celebrate their 25th Wedding Anniversary. Les and Yolande were the recipients of many useful gifts. Among those from a distance were, Mr. Robert Skidmore Jr., of Baie Comeau, Mr. and Mrs. Phil Cassidy of Franklin, Mr. and Mrs. Lindsay Cullen and Mrs. Robert Skidmore Sr., of Ormstown.

Rev. Langley McLean accompanied by Mr. N. Elliot attended the reception in St. Lambert tendered to Rev. Gardiner Dalzell of St. Andrews Presbyterian Church. Rev. Dalzell has received a fellowship to Yale Universary. Rev. Mr. McLean was the student assistant for Rev. Mr. Dalzell for three years.

Rev. A. E. Loree, Rev. William Holmes and Rev. L. McLean attended the luncheon on Friday in the Laurentien Hotel held in honor of the Right Rev. Duncan Frazer, Moderator of the Church of Scotland.

Mr. Thomas Gartshore has returned from Europe, where he has spent the past two years on a teacher exchange program.

Mr. and Mrs. Laird Lindsay of Ottawa, were recent callers at the home of Mr. and Mrs. Douglas Glover.

Miss Delores Merriam of Oakville visited recently at her home in Ormstown.

Mr. and Mrs. J. P. Vermette of Lachine, were Tuesday callers at the home of Mr. and Mrs. Lindsay Cullen.

Mrs. Charles Moe has returned from an extended trip to the British Isles.

Mr. and Mrs. Austin Henry and family have returned from a camping trip which took them in various points from the Gananoque Hills to 6 days tenting in Algonquin Park. They called on friends in Toronto, Niagara, Orillia and Pettawawa en route.

Miss Diane Campbell of the Children's Memorial Hospital was a week-end guest of Mr. and Mrs. Austin Henry.

Mrs. George Dumas has returned to Montreal after spending a week at Mr. Fred Baskins in Ormstown. Mrs. Florence Millins accompanied her but had to return the same day. Mrs. Dumas called on some people in Barrington, Hallerton, Hemmingford, Havelock.

Mrs. Daniel Hadley has had cast removed from her arm and it is now doing very well although quite swollen all wishing her a speedy recovery.

Ormstown W.I.

The monthly meeting of the Ormstown W.I. was held on Tuesday, Sept. 1, at the home of Mrs. Robert Ovans with 16 members and three visitors present. They responded to the roll call with the name of a County Officer or Convenor of the W.I.

Minutes of the August meeting was read, also a card of thanks from a sick member who had been sent a "Get Well' card.

A short discussion on the Student Loan plan set up by the Federal Government and operating through the various Provincial Governments was held and points in it were more clearly defined, — applicants or students who wished to avail themself of this loan to further their education were asked to approach their Provincial Government or else the Finance Minister Hon. Walter Gordon for forms of application.

The book "History of the W.I." since its beginning is now completed and copies are to be had for $1.00 so orders were taken from members present.

Our October meeting is to be held in Ormstown High School, when the W.I. will entertain the staff of Ormstown H.S., Notre Dame and John XXIII schools Rev. L. McLean to be guest speaker. Convener reports followed.

Citizenship read a letter from Provincial Convener outlining things we might do to celebrate the 1967 Centenary and hoping that the flag issue which has been under discussion for so long would soon be settled and that we would be proud of our flag no matter what was decided on.

Education read an excerpt from a speech by External Affairs Minister Martin, who told the teachers he was addressing "Once again you are called upon to be real trail blazers in perhaps the greatest human adventure of all times — the spreading of knowledge and wisdom throughout the globe."

In the coming academic year 214 Canadian teachers will serve in other Commonwealth countries — 104 of them in teacher training.

There will be 79 teachers and university staff serving in French speaking nations. A two year teaching assignment under the external aid office is becoming an accepted pattern in a teaching career and thus when the teacher returns to his class room in Canada, he is a much enriched person and perhaps a better teacher than before.

Education Minister Paul Gerin Lajoie in Quebec said there was an unprecedented effort being made in Education and that it was up to the teachers to take a dynamic part in the building of this new system.

Home Economics told of various ways in which economy might be practiced in the home viz in buying cereals that could be prepared by cooking rather than the packaged ones that weren't as nutritious — cheaper cuts of meats which were just as nutritious as the dearer ones, etc.

Regarding wax carton containrs, C.A.C. listed some for leakage and amount of contents 13% failed to give full measure and in some containing liquids particles of wax were found — suggestion was made that manufacturer's name and amount of contents in them should be plainly printed. Publicity reported on the number of Institutes in Northern Canada (8) and the help being given to them by W.I. demonstrators from Macdonald College in leadership training, the best use of foods and materials available helping them to preserve their native skills, crafts and culture.

She also spoke of the meeting held at Macdonald College the week of June 14 which was attended by more than 30 Indians and a dozen other people who work in Indian Communities. Some of whom came from a distance of 2000 miles and what a wonderful gathering it was. Each part had its own problem to be discussed and a possible solution made and hoped to be put into effect when they returned.

The school for Indian children at La Tuque under the Indian Affairs branch of Dept. of Citizenship and operated by the Anglican Church with Father De Wolfe in charge was described. This school which houses about 282 pupils — girls and boys from ages of 6 — 16 years is most beautifully equipped and is staffed by about 18 or more teachers and assistants, girls are taught sewing, cooking and cleaning while boys have wood work and other crafts.

There is a beautiful chapel connected with the school so children can always attend services.

Their clothing is furnished partially by the W.A. of the Anglican Church and the Government which also gives each child a small sum of spending money. Children's books for their library would be very acceptable if one wished to make a donation, as would magazines to the Northern W.I.'s.

A brief resumé of Mrs. Ellard's address at Provincial Convention was read by Mrs. Rember citing some of the things which had been accomplished by the W.I. which now has 109 branches in Quebec and telling of the things she hoped would be accomplished in the coming years — Better feelings between rural and urban dwellers, training for retarded children, better living conditions for all hospitals for smaller towns, County Old peoples homes, etc.

The treasurer gave her report of the result of the Food Sale held Friday viz $44.00 to add to our treasurary.

The meeting then closed with the National Anthem, after which dainty refreshments were served by the hostess Mrs. R. Ovans, assisted by Mrs. A.A. McNeil and Mrs. H. Ovans and a social hour enjoyed.

Get well wishes to Mrs. Irene Weir, who is now home from the Barrie Memorial Hospital, Ormstown.

Master Kerry Lissemore of Weston, Ont., travelled by train to spend the week with his grandparents Mr. and Mrs. Wallace Kerr and also, his uncle and aunt Mr. and Mrs. Robert Le Messurier, of Pointe Claire. This little chap is only 8 years old and a good traveller.

Recent guests of Mr. and Mrs. Robert C. Ovans were Mr. and Mrs. Clarence Ovans of Dorval, Mr. and Mrs. Garnet Ovans and family of Ottawa, Ont., and Mr. and Mrs. Hewton Wright of Cardinal, Ont.

Unit 3, St. Paul's U.C.W.

Unit 3, St. Paul's U.C.W. met on Wednesday, Sept. 2nd. at the home of Mrs. Loree. There were 12 members and two guests present. Mrs. Holmes led in devotions, choosing as her theme "Yielding Ourselves to God."

Mrs. Erskine McClintock as chairman conducted the business meeting. Reports were given from the various committees. Members were reminded about making items for the Bazaar. The next General Meeting will be held on Sept. 23rd. and will be the Community Friendship Meeting. A chapter from the Study Book was read by Mrs. Jean Lang.

At the close of the meeting, refreshments were served by Mrs. William McClintock, Mrs. Bruce Hamilton, and Mrs. Bert McCartney.

The next meeting will be held at the home of Miss Marjorie Roy.

In the last week's Gleaner it stated that both Mrs. Fred Lockhart and Mrs. Yoeman had passed away on Aug. 21 in the Cornwall, Ont. hospital at different points; to clear up the confusion it should have been Mrs. Yoeman (nee Hanna Dow) who had passed away, and not Mrs. Lockhart; She was the mother of Mrs. Fred Lockhart.

Mr. and Mrs. W. Collins and Lois enjoyed a trip to New Woodstock, N.Y., and Cazenovia, N.Y. visiting with his two sisters and a brother,and his step-father, Mr. Burt Spencer.

Mr. Fred Lockhart; who has been a patient at the Barrie Memorial Hospital for a month, has been taken back to Montreal.

Ormstown Tennis Club Holds Semi-Final Tournament

On Saturday, Sept. 12th, the annual bonfire and presentation of trophies will be held at the Ormstown Tennis Club, sponsored by the Ormstown War Memorial Community Centre. The finals of the young men's 21 and under competition between Yves Remillard and Michel Beauchamp will take place the same afternoon at 4.30 p.m.

In the semi-finals played last week Yves Remillard won his set against Peter Rona and Michel Beauchamp won against Jacques Dandurand.

In the girls 15 and under Sonia Soucy won the finals against Marie France D'Aoust. In the 12 and under Alison Johnson defeated Lynn Rowe. In the boys 15 and under class Pierre Boyer was the winner against John Moore. Jean-Pierre Forget won his finals against Danny Henshaw in the 9 and under section and Murray McIntyre won against Dee Glover in the boys' 12 and under class.

Twenty-six young people took part in the tournament. This year a new trophy has been donated by the Alumnae of Ecole Notre-Dame de Rosaire. It will be awarded to the winner of the Young Men's 21 and under class.

The program on Saturday evening will include music and refreshments for tennis club members.

Baseball Tournament, Children's Field Day At Athelstan

The Baseball Tournament held at the Sport's Field Monday afternoon was a great success. In the first game the Athelstan team defeated a team from Huntingdon, the second game was won by Brainardsville over Grant's Bakery. In the final, Brainardsville defeated Athelstan and walked off with the loot. The games were well played and there was a good crowd on hand and the refreshment booth did a good business in hot dogs and drinks.

Lacolle

LACOLLE — The U.C.W. met in the United Church Hall on Wednesday evening. Sixteen ladies were present. It was decided to hold a turkey supper this fall.

Mr. and Mrs. Jack Boyse enjoyed a vacation in Ontario last week and visited relatives.

Mr. and Mrs. Elmer Robinson were Sunday dinner guests of Mr. and Mrs. Wm. McClintock at Ormstown. The occasion being the fifteenth wedding anniversary of Mr. and Mrs. Erskine McClintock. Other guests were Mr. and Mrs. Geo. McClintock, Mr. and Mrs. Harold Daniels of Huntingdon, Mr. and Mrs. L. McClintock of Trenton, Ont., Mr. and Mrs. Don McClintock of St. Genevieve. Mr. and Mrs. E. McClintock were presented with a lovely electric frying pan.

The Misses Boomhower are guests of their parents, Rev. and Mrs. Boomhower.

Miss Wanita Boyse and friend spent the Labour Day weekend with Mr. and Mrs. S. Boyse.

Mr. and Mrs. Bill Stevenson of Franklin, Que., were supper guests on Saturday, of Mr. and Mrs. Don Robinson.

Miss Nancy Quebec of Swanton, Vt., spent a few days last week with Mr. and Mrs. Nelson Van Vliet.

Mrs. Gordon Elvidge, assisted by Miss Mary Van Vliet, was hostess at a party in honour of Mrs. Willis Hadley prior to their moving to Toronto area, where Mr. Hadley is employed in the Canadian Customs.

Bridge, Canasta and scrabble were played. A gift of a blue Wedgewood pitcher was presented to Mrs. Hadley.

Mr. Hadley was intensely interested in church, school and Scouts and Cubs. He was past President of the Lacolle Legion Br. No. 11 and Mrs. Hadley was past secretary of the Ladies Auxiliary. They will be greatly missed in the Community by friends and neighbours. We wish the family much happiness and success in their new home.

The Havelock Fair will be under way on Saturday next, we are all hoping for the usual fair weather. The Lacolle Curling Club will have Midway concession as in the past. It is a wonderful little one day fair, everyone possible should attend.

Hemmingford W.I. Members Order Pulleys For Hospital Bed

The monthly meeting of Hemmingford W. I. branch was held on Wednesday evening September 2nd in the High School auditorium with nineteen members present.

Mrs. F. Greer presided, opening the meeting with The Ode. She announced that the Q. W. I. History could now be bought and several members placed orders.

Mrs. Winter has been working on the matter of having an overhead pulley made for the hospital bed, and has given Mr. Nelson Middlemiss of Rockburn the go-ahead to make it. In the meantime if it is needed, one can be borrowed from the hospital. At the present time the bed is being used by Mrs. F. Sherrington of Franklin.

The Secretary, Mrs. E. Keddy read two notices — the first a report on the County President's meeting which dealt with a change in the date of the Annual Convention, a bursary for nursing, date and subject matter for Leadership Courses and clean-up campaign. The second notice from the Macdonald Farm Journal Editor dealt with a drive for new subscribers.

Mrs. Greer reported that a Red Cross Blood Donor Clinic will be held on Monday, Sept. 21st from 3.30 to 5.30 in the afternoon and from 7 to 9.30 in the evening, and asked for a motion to buy sugar and coffee cream as a donation from the branch. Mrs. J. Robertson took names of members willing to help at the clinic.

Conveners' Reports followed: Agriculture — Mrs. J. Robertson stated that the School Fair plans were in the final stages, judges having been chosen, but helpers were needed for arranging exhibits on Wednesday night and Thursday morning Sept. 9th and 10th. She had brought a sample of nightshade which was passed around the members to illustrate what this poisonous plant looks like. There are hundreds of species, some more poisonous than others. The deadly nightshade, a native of Europe produces belladonna used to dilate the pupil of the eye. In older days the ladies sat with it in their eyes thinking it made them more beautiful. The woody nightshade is not as poisonous. It would take quite a lot to make one sick, but children should be warned not to eat it. The berries are so bitter, however, that probably they would not go beyond the first mouthful. In Britain it is rooted out by the farmers as they have found it poisonou to cattle. Several other plants were mentioned as poisonous such as the castor bean and barberry.

Home Economics Convener Mrs. R. Petch gave some useful hints for judging home baking at Country Fairs. She emphasized the importance of having the necessary utensils handy for judges such as forks, spoons, knives, a long handled fork for tasting pickles, etc., and to have a change of pace for the judges as after a while the taste buds get tired so that everything has the same flavour. Mrs. Petch has tickets for the Fashion Show to be held in Ormstown High School on Wednesday Sept. 16th at 8.30 P.M. under the auspices of the Barrie Memorial Hospital Auxiliary.

Publicity Convener, Mrs. Harris read a newspaper clipping regarding car graveyards which mar the otherwise beautiful highways and byways, the writer finalizing his complaint with the hope that the Government will plan to control or obviate this situation in time for Expo '67. She also read from the "Countrywoman" about the Jubilee Guild's Handicraft Shop in Newfoundland where things are bought not only from members but from local girls who have been trained in various crafts. Raw materials and instructions from Head quarters are sent to them and the, make articles specifically to order, and if help is needed the district worker is sent to them.

Besides the shop in St. John's there are wholesale outlets on the mainland of Canada. The profits are turned back to the organization. An amusing excerpt from the same magazine about "Family Life Updated" goes as follows" Our grandparents had to put up with the housework, whereas we are blessed with 'home making'; having to scrimp is now called 'budgeting'; being in debt is 'instalment buying'; quarrelsome children are exhibiting 'sibling rivalry'; nosy in-laws constitute 'intrafamilial sharing'; and knowing you can't win is just 'marital adjustment'!"

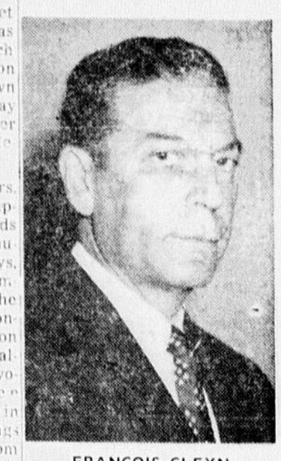

The Roll Call was responded to by naming a prominent Canadian woman. A special Pennies for Friendship collection was made which netted $2.21.

The reminder of the program was in charge of Citizenship Convener, Mrs. Gaeso, who had arranged with Mr. Webb a resident of Hemmingford, to show a movie film of his trip to Europe and South America. Mr. D. MacGregor very kindly loaned and operated his projector and screen for the occasion and Mr. Webb commented on a most interesting air trip through Germany, Holland, Denmark, Sweden, Belgium, Switzerland and the south of England, ending with a bullfight which he witnessed in Bogota, South America. The oldworld architecture of Denmark Sweden and Holland hold a particular charm which is lacking in the modern skyscrapers on our continent. The brilliant colours of the flowers, landscaping grounds and parks and being sold in the marketplaces were indeed eyecatching. When thanking Mr. Webb for showing the film, Mrs. Woolley asked him to which country he would like to return — without hesitation he answered "Switzerland' and after seeing the great beauty of this land on film we must say we don't blame him.

Refreshments were served by hostesses Mrs. D. Laurie, Mrs. R. Petch and Mrs. M. Clelland.

Mrs. Greer announced the October 6th meeting will be a Singer Sewing Machine demonstration. All interested teenagers or others are welcome to attend.

News from Howick

Jane Stuckey, Susan Fingland and Cathy Greig enjoyed a holiday at Upward Trail Camp, Lake Memphremagog.

While holidaying in Nova Scotia the Mattinsons saw two tuna fish each weighing more than 600 lbs. Fundy National Park is a delightful spot other travellers enjoy visiting.

Mrs. N. Moir enjoyed a holiday of about three weeks at the home of her friends, Mr. and Mrs. G. D. Hill of Lachine.

W.I. Meeting

Fourteen members and three visitors attended the Women's Institute meeting at Miss Jean Ritchie's home on Tuesday afternoon, Sept 1, with Mrs. R. B. Ness presiding.

This was an agriculture meeting. The speaker was Mrs. James Scoble, convener of Agriculture, who told the story of the Candidum lily, flower emblem of Quebec. It is white, the symbol of purity, is easy to grow but needs shallow planting. A northern exposure is best and care of plants is not difficult. Notes were given on the care of philodendron and cacti.

Mrs. Scoble conducted two quiz games concerning flowers. There were many furrowed brows and few correct answers. Mrs. Haddon Kerr, Mrs. Whiteford McKell and Mrs. Donald Chisholm tied for first prize marking.

Mrs. James Crawford displayed an Easy Iced Cake, and samples of an icebox cookie were tasted and method given for freezing the mixture ready for slicing and baking. Mrs. Brady read a beautiful poem, Yussouf.

Two $25 scholarships will be given as usual in the 1964-65 school year. The ones for 1963-64 will be presented at the fall opening, also prizes of money for home economics and woodworking.

Delicious sandwiches, cookies and the Easy Iced Cake were served with a cup of tea.

Mr. David Morison has been at home for several weeks, after months in a nursing home and weeks of hospital care.

Many young people in the village and district have returned to school or college, both as pupils or teachers. Miss Marianne Parent has gone to her school at Pointe aux Trembles.

Mr. and Mrs. Paul Parent's daughters Mary and Monique, are attending Grade XI in the Regional School at Ste. Martine. Their son Jacques is taking Grade XII at Richard High School, Verdun and Luc is taking his second year (Mechanics) at the Technical School, Montreal. Miss Lucie Parent is attending Notre Dame Normal School.

Miss Yvette Tellier daughter of Mr. and Mrs. Paul Tellier will teach at Ville Emard, Miss Cecile Tellier at St. Zotique School in Montreal and Miss Catherine will attend Notre Dame Normal School, Montreal.

Miss Francoise Billette is teaching at Ste. Martine and Miss Lucie Billette is attending the Normal School at Valleyfield for the first year.

Mr. and Mrs. Gerald Roy, Mr. and Mrs. Oakley McRae and Mr. and Mrs. Rowland Ness attended Brome Fair on Saturday. As usual folk for miles around gathered for the day. Oakley judged about 90 head of Holsteins and Rowland had about the same of Ayrshires.

4-H Club Activities

Twelve members from the Senior Section of Howick 4-H Club attended Sherbrooke Exhibition last Tuesday. They stopped at Lennoxville Experimental Farm to eat lunch and do some sightseeing. The afternoon and evening were spent at the Exhibition. Drivers were Robert E. Ness, Carmen Goundrey and Robert McFarlane.

Nineteen junior members had a Wiener Roast at Brodie McFarlane's farm. Ken Roy, one of the leaders, supervized the evening and several mothers were on hand to help with games. They gathered around a campfire for a sing-song at the close of an evening filled with fun and entertainment.

Breaks Arm

Mr. Robert McFarlane tangled with something while getting off his tractor and landed on his arm and chest — the result a broken left arm.

One arm or two, the farm work has to be done, so Robert hasn't had time to sit in a rocking chair while it mends. It has been business as usual.

Mrs. Ann Rich and Miss C. Cole had the pleasure of taking the Saguenay Boat Trip during the last week of August.

Mrs. Melville Kerr entered several house plants at Huntingdon Fair and came home inland from Passamoquoddy with some prizes.

Relatives of the Melville Brown family and neighbours who attended the Brown-Jones wedding at Moncton was of special interest.

The wedding was the highlight of the trip but the beautiful scenic drives and spots of interest delighted everyone.

Motels occupied by Howick folk were situated on the Petitcodiac River up which the Tidal Bore comes entering inland from Passamaquoddy Bay. The Magnetic Hill at Moncton was of special interest.

Many guests went on to P.E.I. Some visited Green Gables, Cavendish Beach in the National Park and The Fathers of Confederation Memorial Centre. They called on the Raeburn Orr family, the Murray McEwens and others.

They enjoyed the nine-mile (55-min.) trip across Northumberland Strait on the ferry Abegweit the world's most powerful icebreaker, especially built to carry car and rail traffic.

At St. John, N.B., they saw the Reversing Falls, the N.B. Museum, established in 1842 which presented in visual form the complete story of the life of the Province (events, people, land and sea, animals, waterfowls, birds, etc.).

At Lancaster, N.B., an interesting sight was the Martello Tower built in 1812 on the highest land at the western end of St. John Harbour as a defense against the U.S. An estimated 5,000 tons of stone were used in this circular structure. The historic relics of the period are preserved in its quaint rooms.

One family came home via Dalhousie, N.B., where they called on Mrs. Isobel Court, continuing through the Matapedia Valley and the Gaspé Peninsula.

W.C.T.U. Prizes Presented

Mrs. Cora Grass, Huntingdon, spent the week-end with Mr. and Mrs. J. D. Lang. On Sunday they attended St. Paul's Church, Ormstown, where Mrs. Grass presented Dominion W.C.T.U. prizes. Four prizes went to children of one family — the Lloyd Sproule family.

Accident.

Mr. Leslie Champ had a narrow escape recently. He was going from Howick to the Irish Concession and stopped at the Montreal-Riverfield Highway, but a car came over the hump while he was crossing. In an effort to avoid a car collision he collided with a telephone pole instead. After spending the night at the Barrie Memorial Hospital he came home with a broken nose, several stitches and bruises.

Pee Wees Win Trophy

The Howick Pee Wees — the Reds — coached by Mr. Leslie Champ won the Esso Trophy, donated by Mr. Geo. Menard. The final game was Thursday night and the captain, Raymond Arcoite, received the trophy on behalf of his team. It was presented by Ronnie Tennant.

Members of the ball team are Capt. Raymond Arcoite, Leonard Bridge, Brian Ness, Leslie Champ Jr., Robert Arcoite, George McArthur, Danny McArthur, Wayne Barrington, Allen Elvidge, Andy Stonehouse, Ian Cole and Colin Champ. Congratulations!

Mr. and Mrs. Arnold McKell took a little jaunt recently to Lancaster, Ont., where they called on Mrs. Scott Fraser and Mr. and Mrs. Carlyle Watt. After leaving Lancaster they visited Upper Canada Village at Morrisburg, a place worth seeing — and then took a boat trip through the Thousand Islands at Gananoque. Words cannot describe the beauty of the place. They then crossed the International Bridge at Ivy Lea to return home through the United States entering Canada at Herdman. The weather was perfect for the three-day trip.

Mr. and Mrs. Derek Munnery and infant twins, Christine and Stephen returned to New York Monday afternoon. Mrs. Munnery and twins spent two months with her parents and family, Mr. and Mrs. Arnold McKell. Week-end guests at the same home were Mr. and Mrs. Harold Ostapovitch and boys, Mr. and Mrs. Grant Cunningham and Mrs. Donald McKell and and family. Mr. and Mrs. Ross Whyte and family, Mr. family and Mrs. Edgar McKell and family.

W.I. Meeting

Franklin W.I. held their September meeting on Wednesday, September 2nd instead of Thursday to give everyone a chance to attend the opening of Huntingdon Fair. The meeting was a social one with laughts and talk of the coming Fair at Havelock. Parcels were brought in for the post office and fish pond and colourful aprons for the booth. Cooking is to come in the day of the Fair as well as vegetables, plants, etc. There will be two booths this year. A contest was conducted on how many words could be made from "Franklin Women's Institute". The winner was Mrs. L. Baxter with 86 words, runner-up Mrs. H. Clarke. In the absence of the secretary, Mrs. L. Towns read the minutes of the last meeting. Mrs. H. Steele and Mrs. Everett Lindsay were the hostesses at the home of Mrs. Lindsay.

ROCKBURN

Mr. and Mrs Alton Farquhar, son-in-law and daughter of Mr. and Mrs. Joe Renaud, Huntingdon, spent the week-end at Hunta, Ontario. They attended the funeral of Mrs. Stanley Farquhar who passed away at her home Sept. 3rd. Three weeks ago, Mr. and Mrs. Alton Farquhar received an invitation to the wedding of his nephew, John, son of Mr. and Mrs. Stanley Farquhar and were planning to attend. Just as they were leaving they received word that John's mother had died suddenly. So a joyous event was turned into a sad one. Mr. and Mrs. S. Farquhar one time residents of this Community, settled in Northern Ontario thirty-nine years a go.

Hemmingford News

CORRESPONDENT — MRS. A. L'ESPERANCE

Around The Town
(By Mrs. L'Esperence)

HEMMINGFORD — Mr. and Mrs. Lynwood Cookman spent a pleasant few days, this past week, in Burlington. Mrs. Cookman is recuperating very well after her recent operation and will be returning to her duties in the classroom this week.

Have been catching glimpses of some of the school children these past few days and how they have grown! I can hear many mothers wailing, 'Don't remind us, they cannot get into any of their last year's clothes'. Well, cheer up. The members of the Hemmingford W.I. — some of them — are facing the same problem and are trying to do something about it. They are going to hold a 'Nearly New' sale, on September 19th in the High School. You'll find all the details in the W.I. news column. Dewittville Branch have held several, all quite sucessful, you know the idea, — your child has grown out of that blazer or tunic or snowsuit so you wash or clean the garment and bring it along to Mrs. Bob Petch's house. There it will be numbered and if sold on the day you get the money less a small percentage which the Branch will retain for their funds. So turn out all those too smalls or unwanteds and bring or send them in right away.

The ladies of the Cedar Creek Folly Shop tell me they think The Gleaner must have a very large and wide circulation judging by the number of people who have called to see them and who say 'Oh we read about you in The Gleaner.' How nice to be on the front page! They were delighted — and so was I.

What delightful weather we are enjoying. School starts tomorrow. Max. temp. 80!

During the summer months, at St. Roman's Church, it has been the custom to have all Low Masses on Sundays, no singing. This year there have been Low Masses as usual but because the order has gone forth that there shall be greater congregational participation in the service, four hymns have been sung at appropriate places with Mr. Yvon Frederwick and Mr. Jean-Yves Fortin leading the congregation from the pulpit. Jean-Yves also sang at the week-day Masses. While I was away, young Camil Frederick accompanied the singing on the organ and managed very well indeed. Thank you, Camil.

Salvation Army Campaign Organizer Retires
(By Mrs. W. J. McKay)

It is with relutance and regret that the officers of the Salvation Army, Red Shield Appeal, have accepted Mrs. C. E. Petch's resignation. After 20 years as Chairman of the Salvation Army, the organization has extended to her sincere thanks for the excellent work she accomplished in that interval. Mrs. W. McKay has accepted the chairmanship and will shortly contact the canvassers who have done such excellent work in this area in the past.

89th Birthday

Belated birthday wishes to Mr. Robert Campbell, who on September 1st, celebrated his 89th birthday, with his family all calling on him. May we all wish him good health, and many more birthdays.

Miss Mary Hebert has accepted a position with the Prudential Insurance Co., in Montreal.

Mr. J. L. Racine, Valleyfield, was a business visitor to town last week

Miss Susie Green, Montreal is holidaying at the home of Mr. and Mrs. Fred Greer for a couple of weeks.

Congratulations from relatives, neighbours, and many friends to Mr. and Mrs. Walter Barr, who on September 9th will have attained their 50th Anniversary.

Miss Bonnie Trottier spent a few days with her Grandmother, Mrs. W. F. Orr, before getting started back to school.

Miss Susan Deery was a week-end guests of her friend Miss Lynn Kellett, Plattsburg, N.Y.

Mr. A. F. McKay, and daughter Mrs. Stanley Mills, and Bonnie, spent a few days recently in Quebec City visiting Mrs. Tom Cleland.

Miss Susie Brown is spending a while in Montreal with her brother-in-law and sister, Mr. and Mrs. O. Perry, we are pleased to learn that Miss Brown is feeling better.

Congratulations to Mr. and Mrs. Gateau Beaudin of North Hatley, who are rejoicing over the arrival of a baby boy. Mrs. Beaudin was the former Mildred Tobin and both she and Mr. Beaudin are well known here.

(By Mrs. Myrtle Moore)

The sacrament of baptism was observed in Wesley-Knox United Church on Sunday, August 30th. The infant daughter of Mr. and Mrs. Ronald Yull, St. Chrysostome, was baptized by the Reverend G. F. Ficko, receiving the names Colleen Wynita. Following the service Mr. and Mrs. Yull entertained the immediate families to dinner.

Mr. and Mrs. Gordon Edwards of London, Ontario, are spending some time at the home of Mrs. A. L. Stewart.

Painful Injury

Miss Winnifred Stewart has returned home from London, Ontario, Miss Stewart met with an unfortunate accident while visiting at London. She fell and factured her right arm, above the elbow, which has resulted in a great deal of pain and discomfort. We do hope that she will soon be feeling much better.

Wesley-Knox Sunday School Picnic was held on Friday, August 28th at Mr. Lucien Dauphinais' grove. It was a perfect day for swimming, racing and visiting. All are grateful to the Dauphinais family for the use of their grounds.

Recent callers at the home of Mr. and Mrs. Fergus Moore and family have been: Miss Linda Potman and Mr. Robert Sieban of Long Island, N.Y.; Mr. and Mrs. James Barto of Wingdale, N.Y.

Get well wishes are extended to Mr. W. W. Barr and Mr. Merle Robinson, patients in the Barrie Memorial Hospital, Ormstown.

On Sunday, September 6th the annual anniversary service was held at Wesley Church, Covey Hill with an attendance of 90. The Reverend Victor Rose of Pointe Claire was the guest speaker. At this service the sacrament of baptism was also observed when the Reverend G. F. Ficko baptized the son and daughter of Mr. and Mrs. Albert Boran of Robson St. Edwin and Karen were the chosen names.

Saturday guests at the home of Mrs. A. L. Stewart were Mrs. Norman Moore, Mrs. John Rooney and daughter Judy and Miss Delia Cleland of Lachine. Sunday tea guests at the same home were Reverend Victor and Mrs. Rose of Point Claire, Reverend G. F. and Mrs. Ficko of Hemmingford, Mrs. R. B. Tolhurst and Mrs. Bradley of Howick.

Mr. Brent Sutherland has returned home to Greenfield Park, after spending the past seven weeks with his grandmother, Mrs. A. L. Stewart.

Mr. and Mrs. Donald Elvidge of Montreal, spent Labour Day week-end at the home of her parents, Mr. and Mrs. James McAllister.

Miss Margaret McAllister was also home for the week-end. As school re-opens this week may we take this opportunity to wish health, happiness, and success to all the beginners and to all those who are returning for further education.

Blood Clinic At Hemmingford September 21

A meeting of the officers and executive of the Hemmingford Branch of the Red Cross met in St. Roman's school on Tuesday evening, September 1st. Mrs. Fonteyne, of Montreal Headquarters, was present and the main item on the agenda was the planning of the forthcoming Blood Donor Clinic which will be held in the United Church Hall on Monday, September 21st. In view of the fact that Hemmingford fell far short of their goal at last year's clinic, Mrs. Fonteyne suggested that neighbouring villages be asked to join in. No clinics are planned for St. Chrysostome or Lacolle this year so after a full discussion of all the problems, during which it was pointed out by Dr. Belanger that many residents of this area are on call, and are frequently called to donate, to the Barrie Memorial Hospital, it was agreed that President Mr. R. Bourgon should approach the local committees in both these places and endeavour to obtain their co-operation. Once again the goal is 125 pints of blood. With the wholehearted co-operation of all in the community who are able to donate this figure could be reached quite easily.

OPENING NIGHT PARADE...

Decorated Bicycles — 1st, Lawrence of Arabia, Mildred Scott; 2nd, Bicycle Built for Two, Lois Ann and Donnie McCoy; 3rd, Red Riding Hood and Grandma, Nancy Lee Deme and Patricia Hawthorn; Tied for 4th place, Gillian Tinker and Heather Tannahill.

The Tug-O-War went this way: — First pull between Howick and St. Chrysostome teams, winner St. Chrysostome. Second pull between Huntingdon Volunteer Firemen and Hinchinbrooke Volunteer Firemen, winner Hinchinbrooke Volunteer Firemen. Final, between Hinchinbrooke Volunteer and St. Chrysostome, won by the firemen. The Huntingdon Merchants Association Trophy was presented to the winners, Hinchinbrook Volunteer Firemen, by Chief J. L'Heureux. Mr. Ken Fraser presented prize money from himself and Huntingdon Agricultural Society to the winners of the finals and the runners-up on Saturday evening.

The Rotary Club did a good business selling tickets on their car and also the balloons. It is reported that about 360 balloons were sent into orbit from the Fairgrounds during the three days. Anyone finding these are requested to return the tag to the Huntingdon Rotary Club. It will be interesting to know just how far these balloons travelled away from this area. There is a prize for someone when the reports come in. They certainly went to a great height and were soon lost to view.

That about wraps up the Fair for another year and we are sure that everyone attending had a good time.

Editorial Notes...

It's Havelock Fair Time

On Saturday of this week, Havelock Fair will be held at the Fair Grounds on Route 52 near Havelock. While these grounds have been rearranged and enlarged from time to time, each year finds the grounds well filled. The Fair Officials have been trying to obtain some more land adjacent to the present grounds to provide additional space for the parking of cars.

Over the years the grounds have been rearranged to provide judging rings, etc. for all the events that must be crowded into this one-day Fair. Two cattle judging rings have been allowed for at the far end of the grounds and also new sheds for the cattle have been built. Coming toward the centre is the horse judging ring and then another enclosure fenced in and with seats where the races and games, etc. take place. Outside of this the space is mostly used to park the large number of cars which are brought to the Fair.

It takes quite a bit of organizing, but the officials have got everything down to the last letter. However, they do need extra parking space and it is quite possible that come Fair time they will have it.

Havelock Fair is a nice place to meet your friends and to enjoy a day's outing that is a little different to the regular Fairs. Dinner is served in the dining hall by members of church organizations in the area and it is one of the highlights of this particular day. The judging goes along quietly in all departments during the forenoon and a part of the early afternoon and then the exhibits may be examined and the prize awards noted. Meantime, various kinds of competitions are going on and the patron's attention is kept engaged at one thing or another for the whole time. The mid-way is one mostly of games and it is usually a time to win a basket of fruit, which seems to attract a great many. The many booths sponsored by ladies of the various churches offer a variety of useful articles and by the time the Fair closes, these booths have sold out. One booth that does a very good business at all times, is the refreshment booth for soft drinks, ice cream cups, chocolate bars, cigarettes and so on.

The friendly atmosphere that prevails all over the grounds with everyone alike, makes the day a most pleasant one and the outing enjoyable. You please yourself what you want to do and you follow your own inclination in doing it. It is this which makes people want to visit Havelock Fair each year and each year, more and more people are doing it. Each year you meet people who have never been before, or have started to go again after a lapse of a few years, as well as those who have been attending for many years. From one and all, you get the same opinion — They Like It.

So — Be seeing you at Havelock Fair, on Saturday.

What Is The World Coming To?

A scientist has recently given a very shocking report on the state of the world by 1970. This is just six years hence and if what he says is true, many of us will not be living then, or we may be dead in any case. He says that the worst famine of all time will be on by that time and people will die of starvation and disease resulting from malnutrition. Some people will be kept alive by medical skill and drugs, but it will be painful.

He says that we should start now to prevent this great disaster and this means that the "have" countries will have to supply more fertilizers to the "have-not" countries in order that they may increase their supplies of food materials. It is also essential he says that births be cut down to 1 per cent in order to control the population growth. If the population continues to grow as it is now, we shall be unable to supply the food that will be required by 1970.

We in America are sleek and well fed now, says this scientist, but we shall not be, unless we take immediate steps to bolster our production of food supplies and help other less fortunate countries to increase theirs. He says we could well be spending the money on this that is being spent in an effort to place a human being on the moon. He predicts that millions of the earth's population will die of starvation and millions more will suffer as a result of malnutrition from lack of required food. Principally he says this will occur in Asia, China and such countries. The fertilizers are needed to help the soil produce the rice crops used for food by the people of that part of the world. We, the people on this side of the world should be prepared to produce and give the fertilizers free to these countries and to help them to increase the yields of the soil. Unless we do, he says, by 1970, the world will face a disaster such as has never been known before and it will affect everyone.

He also says that during this time something must be done to cut the birth rate in order to control the population and not let it increase too fast or beyond the means of food production. He suggests that the number of births should not be more than one per cent for a number of years.

This is not the first time that we have been warned of such a possibility, but apparently now it is much closer to realization. There is no doubt there is far too much waste in the world. Excesses of production in some countries have led to the excesses being destroyed instead of being sent to other parts of the world where it might be of use. We have had a few instances of where our surpluses of grain have been useful to Russia and China and other countries. These countries previously were able to grow sufficient of their own and in the case of Russia had some for export. It is hard to determine why these shortages occur, but we have been told it is because of poor, or no crops. This could bear out the scientist's warning that we must send fertilizers to other countries in order to bolster their crops. He does not ask us to send the food. Fertilizers can help in many ways toward the reproduction of food and if the crops are abundant, then the people will also fare better. It also goes to show that Canada should pay much more attention to its farming population and the areas under cultivation. We have perhaps forgotten the basic foundation in favor of manufacturing and industry. Most of all foods find their raw ingredients in the soil as the foundation.

We are inclined to think of potatoes, cabbages, fruit, grain and so forth as the products of the soil. But what about butter, meat, milk, sugar, flour and almost all of the other products we use in our daily living, are they not from the soil also? The chemicals that we use in so many ways, find their origin in most cases in the soil. The iron, the steel, the wood, the bricks and other such products have their origin in the soil also. Perhaps fertilizers would not help much in all such products, but there are many, many, raw products that would be helped. We denude the soil of the various minerals and chemicals that are put back in the fertilizers. If they are not put back we cannot expect the soil to keep producing that which we need in such abundance.

It makes sense and we should perhaps give the matter some consideration in order to ward off a diseaster that means much more than a type of flag, or sending a man to the moon, or a number of other projects that our legislators spend their time on. The future needs some thought and it must be the present that provides for it, or it could be too late.

SUGAR AND SPICE

Summer Who Needs It!

Bill Smiley

Waning summer is a sad time, in a way. The halcyon days are nearing an end. The sun has lost its burning, baking strength. The nights come sooner, and cooler.

Young lovers who have had a fair part with a last embrace, desperate promises to write, and a great heart-wrenching, a feeling that something is going to be lost, irretrievable. And they're right.

There is a slightly forlorn, lonely air about the beaches and the resorts and the summer places. They have acquired a certain air of shabbiness that goes with the end of summer.

Canadians fall asleep every year, in June. Lulled by the whispered, scented promises of that lush and lovely month, they dream of dazzling beaches, pine-scented woods, fun and sun, health and happiness.

And then the dream turns into the reality. The sizzling irritation of the July heat wave, when they have decided for a change, to take their holidays in August this year. And the cold, wet blanket of August, which turns camping trips into shivering family feuds, cottages into miniature mental institutions, and resort owners into wild-eyed neurotics.

But don't let this end-of-summer sadness bother you. It's phoney. Canadians are not really sad as summer ends. At least, they're no more sad than I am, when I dream I'm flying to Hongkong with Elizabeth Taylor, and I've just drifted off with her head on my shoulder, and she shakes me gently and leers into my eyes and says, "I think I WILL have a double brandy," and I suddenly wake up and the Old Battleaxe is shaking my shoulder, the one with the bursitis in it, and mumbling, "Gemme a drinka wodder."

Summer in this country is an absolute fantasy, something in which no sensible Canadian would put any more faith than he would in his Irish Sweepstake ticket, or his old Aunt Ethel who has changed her will six times.

Summer in this country is a fraud, an illusion. Every time I lie out in the backyard, on the green grass, with the green trees enclosing a circle of blue sky above me, I shake myself and pinch myself, until I know it's a dream, and that if I tried the same thing four months later, I'd be buried under three feet of snow.

That's why I feel no real sadness as summer draws to a close. The Canadian summer is about as real as Gilbert and Sullivan.

In fact, I am elated at the thought that another two months of muddling around with visiting relatives, irrational golf balls, reluctant fish and lippy kids is at an end.

As any true, red-blooded Canadian knows, fall is the time when we begin to live again. We love it. We come alive. We stop dreaming.

We look at our kids with clear eyes, after the opium-dream of summer, and find they've grown four inches. We look at our stomachs, after two months of barbecued chicken french fries and dairy queens, and find they've grown two inches.

We look with loving eyes at our schools and realize with some joy that it's only a few days until we can take advantage of our position as taxpayers and get rid of the kids for the best part of each week.

We look at our country and see it with new eyes. It's beautiful. Not a tourist in sight.

We look at our soft, soppy, silly, summer selves, and realize that this is not what life is all about. And we give a dim silent Canadian cheer for the fact that it's all over once again, and we can get back to the serious things of life. Like having a baby. Or running for the school board.

Huntingdon Tax Rate Set

At a regular meeting of the Huntingdon Town Council on Tuesday Alderman Barrett moved and Alderman Michaud seconded a motion stating the rate for 1939 would be set at thirteen mills with the exception of land under cultivation which would be set at ten mills.

Milk Price Set

The price of milk for the fall and winter season has been fixed at $2.15½ to the dealer and $2.15 to the producer for milk testing 3.5% delivered Montreal. The price will become effective on October 1st.

Tobacco Harvesting

More than 400 people are employed in harvesting the fine crop of Virginia cigarette leaf tobacco on the farm of Dr. O. E. Caza at Cazaville. Dr. Caza is counting on harvesting 90 acres of tobacco. Some of the plants are four feet in height while the quality of same is of a high standard and thoroughly justifies the confidence placed in the growing of tobacco on the sandy loam of Cazaville.

Hinchinbrooke Tax Rate Set

By-Law 191 was read a first, a second, and a third time and was adopted levying a rate of 3½ mills on each dollar of all rateable property within the limits of the Municipality of Hinchinbrooke at the regular session of the Hinchinbrooke Council held on Tuesday, September 5th.

Huntingdon Fair Statistics

Huntingdon Fair gate receipts for Thursday and Friday amounted to $523., dance $98. net, ground rentals $110., a total of $731. or a decrease of $59.70 over 1938. The gross receipts from the tents amounted to $257.14 a decrease in gross sales of $90.36 over 1938.

However the Fair is definitely on the upgrade and with united efforts and good weather the fair will undoubtedly become a creditable fall exhibition. The introduction of some clean midway attractions gave the fair the needed punch to make its appeal to greater numbers. Those in attendance this year found the fair to be the most entertaining and educational in its history.

Report From Ottawa

THE WEEK AT OTTAWA

OTTAWA (CP) — Reports that the Queen's life may be in danger when she visits Canada next month reached the floor of the House of Commons last week.

Prime Minister Pearson branded the published newspaper stories and radio reports as "exaggerated publicity" and assured members of Parliament that security arrangements for the Queen's stay here are adequate.

In Quebec Premier Jean Lesage echoed Mr. Pearson's statement. RCMP deputy commission J. R. Lemieux, in charge of security for the Royal visit, said every step has been taken to protect the Queen.

Concern over the Queen's safety was first raised after 18-year-old Richard Bros., a member of a Quebec separatist movement, said in a radio interview in Toronto that he had heard about a threat to kill the Queen.

He said he heard about it while serving a one-year term in Bordeaux jail. He had been jailed for arson and theft in connection with FLQ violence in Montreal.

The Queen is to be in Charlottetown, October 5-7, visit Quebec City, October 10-11 and then go on to Ottawa for two days before flying home.

Bros said the attempt on the Queen's life will be made during her stay in Quebec City.

Opposition Leader Diefenbaker raised the matter in the Commons Thursday by asking if the Government believes extra precautions should be taken because of the rumored plots.

Protection Adequate

Adequate protection has been laid on, replied the prime minister.

"Every effort will be made to provide necessary precautions for the security and comfort of Her Majesty".

Mr. Pearson then criticized news media that had given Bros' statement such "extreme publicity."

"I cannot think that it adds anything to the effectiveness of security to have that kind Bros' statement such "extreme gerated publicity," he said.

On the same day Mr. Pearson reported to the Commons on a decision taken by the provincial premiers in Charlottetown to bring home the Canadian constitution.

Sought Agreement on BNA

Mr. Pearson and the premiers spent two days in the island capital last week in connection with Centennial celebrations and also to seek agreement on how to amend the British North America act in Canada.

The BNA act setting up Confederation in 1867 was enacted by the British Parliament. To make any changes in it, it now is necessary for the Canadian Parliament to pass a resolution asking the Mother of Parliaments to make the change.

Mr. Pearson said the federal government had not given any indication that it would be prepared to surrender any of its jurisdiction in federal affairs to get full agreement on bringing the act to Canada.

Mr. Diefenbaker referred to a report in a French-language newspaper which quoted Premier Lesage as saying that the agreement of the provinces to repatriate the consititution depends on a satisfactory revision of the section dealing with the distribution of legislative powers.

Not so, replied Mr. Pearson.

Gist of the premiers' agreement was that the federal government would need the unanimous approval of all 11 governments to secure amendments to the section dealing with basic provincial rights. These would include pensions and labor codes.

Flag Debate Continues

Meanwhile the flag debate droned on in the Commons. Conservatives put up most of the speakers in the first 20 days of the debate due to resume this week.

Social Credit party leader Robert Thompson said the prolonged debate was hopeless, damaging and futile. It encouraged the Separtist movement in Quebec.

Mr. Thompson compared MPs to quarrelling children and high school football cheering sections. The taxpayers were impatiently waiting for the players to get on with the game — the passing of important legislation. The government should have held a nation-wide plebiscite on the flag issue.

He said he personally favors a distinctive Canadian flag but didn't like the government's proposed three-maple-leaf design.

"Somehow it seems to lack the esthetic appeal that a flag should have," he said.

Mr. Thompson called for a special all-party committee and said such a committee probably could reach an agreement on a flag within a month.

He urged Mr. Pearson to call another meeting of party leaders to iron out details of the committee.

Conservatives were quick to point out that Mr. Thompson had voted against a Conservative motion that called for a plebiscite. Mr. Thompson replied that he didn't agree with the questions on the proposed plebiscite.

The sub-amendment, defeated Tuesday evening by a vote of 118 to 69, would have asked voters to choose one of the following options: the Red Ensign, a modified ensign with a French symbol, the tri-leaf design, a single maple-leaf flag.

Government Off-Guard

Douglas Fisher, the burly New Democratic house leader, almost caught the government off-guard Thursday evening when he moved in the Commons that the flag bebate be adjourned.

The division bells clamoured for 46 minutes before the Liberals could muster enough voting strength to beat back the motion. The vote was 84 to 69.

Had the vote carried, the Government would have been forced to move another motion later calling for resumption of the debate.

Mr. Fisher said the debate constitutes "almost a negation of the parliamentary process."

He said it was obvious that the conservatives would continue indefinitely to block adoption of the new flag. The government has said that it would not retreat.

"We are in a state of legislative paralysis," Mr. Fisher said.

Letter to the Editor

Ormstown, Que.
September 1, 1964

Huntingdon Gleaner,
Huntingdon,
Quebec.

Dear Sir:

I apologize for not signing my name to the letter on the subject of the renaming of Chateauguay Street to Gasoline Alley.

"The New Canadian Flag"

Your paper may not print this for the flag issue is a very hot subject. I think it is high time for the Canadian people to smarter up and have Green Leaves placed on the new flag instead of the old red ones.

Myself, I was under the impression that Canada was a young, rich and prosperous country. But when I see red maple leaves I am under the impression that leaf is dying or dead.

So, don't you think that a green leaf would be better as it stands for youth and richness.

Thank you,
Francis Paterson.

"COUNTRY NOTEBOOK"

BY WALKER RILEY

"Country Notebook" by Mr. Walker Riley, Agricultural Extension Specialist with Macdonald College, appears in The Gleaner with this edition. The column will be a weekly feature which we trust will be of interest to all in the Chateauguay Valley.

Farming in England is efficient and productive. That was the impression Dr. John Bubar received when he was over there this summer for six weeks. Dr. Bubar is the forage plant breeder at the College; in that capacity he took part in the Tenth International Botanical Conference in Edinburgh.

A few years ago, a farm of any size in England employed several men. John found that farm labour had largely been replaced by machinery. He said it was common to see two or three large self-propelled combines working in one field. These were quite often the property of a custom operator, who contracted for the complete harvest operation.

John noticed that barley had become the most popular grain, with the same publicity and prominence as is given to corn in this country. He noted, too, that it was very often being grown in the same field year after year by men who specialized in grain growing. Fertilizer was used heavily to the point that they looked for the grain to lodge.

Combining is often done he said, in conditions of weather considered impossible in this country. The crop, however, was kept free from any green growth, or new seeding, to make the threshing easier. Artificial drying is considered a necessity.

The growing of grass without legumes was another trend he noticed. The nitrogen normally produced by the legume is supplied out of a bag. The theory is that straight grass, heavily fertilized, can produce more feed per acre than the combination of grass and legumes. But land values are very high in England; John doubts that the practice would pay here.

British farmers are working toward year-round pastures in an attempt to reduce feed costs. This was another interesting observation John made. The plant breeders have picked up a fescue from high in the Atlas Mountains of Africa which will be green in January in the British Isles. That, and kale, have stretched out the normal pasture season. Rye grass and cocksfoot (orchard grass) are the popular forage grasses. I asked John about his favourite plant, trefoil. He said it was growing wild in many places, but had not yet been selected for a field crop.

Dr. Bubar wonders if there isn't a trend in England toward vertical integration. One of the chain hotels he stayed in advertised that the dairy products served were from their own farms.

Like most visitors to the British Isles, John and his wife found the Scottish Highlands very attractive. But he found that the unsolved problems of keeping the hill farms productive were forcing the young people off the land and into the big cities. It may be that the beautiful rugged countryside will find its ultimate use for grouse hunting and holidaying.

The College is a hive of activity these days. Last week there was the Rural Sociological Society, meeting for the first time outside of the U.S. Our 330 visitors went home very impressed with the kind of weather we provided for them.

Then the External Aid Conference took over. Professors, teachers and their families are on their way overseas to do their bit for the less fortunate countries. They have stopped for a few days for their final instructions.

And this week, there is a high level meeting concerned with the problems of financing education in Canada.

The College housekeepers must be looking forward to the nice, peaceful days when the students will be back. They have done a tremendous job.

- O -

Dr. L. N. Andreev, plant pathologist with the Academy of Science, in Russia, has been a very interesting visitor to the college for the past three days.

His visit is part of a scientific exchange between Russia and Canada. Last year, Dr. W. E. Sackston, who does research in plant pathology and physiology at this College, spent several weeks visiting experimental stations in Russia.

Dr. Andreev is particularly interested in rusts of cereal crops and admires the way our plant breeders, pathologists and biochemists work together to keep ahead of the problem in Canada. It seems that this happy close association between groups is not to be found in all countries.

Athelstan

Mrs. D. S. Baldwin (Anna Chalmers) and sons Kenneth and John after spending a pleasant vacation at the Chalmer's Cottage returned to England by air, Sunday evening from Halifax, where she had been visiting friends.

They had involved consultation with Montreal authorities, and it didn't seem unusual that the Municipal affairs Minister was making them.

Roads Minister Bernard Pinard announced $9,500,000 in highways contracts, and Attorney-Central Rene Hamel discussed a point in the Gabias case.

Claude Morin, Deputy Minister of Federal-Provincial affairs, lightly brushed off questions about the Thatcher-Roblin statements.

It was all routine, and after dutifully filing stories, most of the press went home later than usual, grumbling about late afternoon Cabinet meetings.

Two remained behind—Roger Bruneau of Quebec City's L'action and Paul-Emile Plouffe of Le Nouvelliste, the Trois-Rivieres Daily.

It was Bruneau who answered the telephone, ringing hollowly in the almost empty building, at about 7 p.m. Moments later, he had set aside the routine announcements and was working on hard news.

Georges-Emile Lapalme, 57, had just tersely announced he was resigning from public life "for personal reasons".

Bruneau, an experienced veteran, called Mr. Lapalme at the Chateau Frontenac to doublecheck that the Minister had actually made the announcement.

On confirmation, the L'action reporter tipped the Canadian Press and the news was flashed across the country.

Mr. Lapalme told the News-gathering agency he was leaving the Cabinet, and intended also to resign his Montreal-Outremont Seat, "for personal reasons I do not intend to parade in public."

He said Premier Lesage had known of the intended resignation "for some time."

The unembellished and sudden announcement was made even more mysterious the next day when Mr. Lapalme, a figure in Quebec's public life since 1945, stressed he was resigning "for personnal reasons, not for health reasons."

Mr. Lapalme led the Liberal Opposition from 1950 to 1958—Lean years for the Party in Quebec—then stepped aside to clear the way for Mr. Lesage to direct the Party.

When the Liberals won in 1960, Mr. Lapalme became Attorney-General and later was made first Minister of the New Cultural Affairs Department.

Though painfully hurt in an auto accident during the 1962 Quebec General Election Campaign, he showed vigor last year after giving up the Attorney-General's job to devote full time to Cultural Affairs.

This Department was his "baby"—what Education is to Paul Gerin-Lajoie or Natural Resources are to Rene Levesque.

In recent weeks, Mr. Lapalme had discussed with Mayor Jean Drapeau the possibility of setting up a permanent opera troupe for Montreal. Both cherished the prospect and Mr. Lapalme had told a reporter a few weeks ago details might be presented for Cabinet discussion this fall.

In all the speculation about Cabinet changes during the summer, his name hadn't been mentioned. And the resignation exploded like a grenade, fragments of speculation flying in all directions.

With byelections not long off, what caused the retirement of a key figure in the Party?

This was to be the news of the week that was to come, when Premier Lesage, after a weekend of silence, was to meet the Press Gallery on the subject.

Provincial Capital Report

Quebec (CP) — Late afternoon, Thursday, Sept. 3, and restless reporters played blackjack and awaited the end of a cabinet meeting.

Resources Minister Rene Levesque, strolling pass the Press Gallery, was asked whether anything big was up.

"Just a couple of announcements," the Minister, a former journalist himself, replied.

The Gallery members strolled to the ante-chamber of the room where the Cabinet meets.

Main interest was in what Premier Jean Lesage's reaction might be to remarks made by Premiers Thatcher of Saskatchewan and Roblin of Manitoba that he was "blocking" the repatriation of the constitution.

The Premier had refused to comment earlier in the day, however, and his Press Secretary, Denys Pare, advised reporters as the Cabinet meeting ended that Mr. Lesage would have nothing to say.

Pierre Laporte, Municipal Affairs Minister, came out to announce some appointments to the Board of Montreal's Place Des Arts.

Though they were in the realm of cultural affairs, no one questioned the fact that Cultural Affairs Minister Georges Lapalme wasn't making them.

BANK OF MONTREAL

UNIVERSITY EDUCATION PROGRAMME

A comprehensive, life-insured plan for financing a college education for boys and girls now in high school

If you are like most parents with children in high school, you are probably wondering how you are going to meet the costs of financing your youngster's college education. To help parents solve this problem, the Bank of Montreal has introduced its University Education Programme—the first life-insured plan of its kind in Canada.

Under this comprehensive programme, parents, guardians and sponsors of high-school students can spread the cost of a university education over periods of up to nine years, thus keeping monthly payments to amounts they can afford without hardship. *And the cost to the parent is only a fraction of the interest paid on a straight loan programme.*

HOW THE PROGRAMME WORKS

Under the basic plan, the parent agrees to make monthly payments to the Bank starting, say, two years before the student enters university, and terminating one year after graduation. In return, the parent receives an annual sum from the Bank at the start of each of the four university years.

VARIANTS OF THE PLAN

Several optional plans are available under the programme, and these vary as to the number of years in which the parent wishes to make monthly payments, as well as to the amount required annually for university expenses. Plans are based on objectives ranging from $1,000 to $8,000 payable to the parent in four annual instalments.

Here is an example of how one of the basic plans can be varied to suit your needs:

OBJECTIVE: $4,000
To be paid to the parent in four annual amounts of $1,000 each

OPTIONS	YOU PAY MONTHLY	PERIODS OF PAYMENT	YOUR PAYMENTS BEGIN
Plan A	$49.55	7 years	2 years before university
Plan B	42.78	8 years	3 years before university
Plan C	37.56	9 years	4 years before university

LIFE-INSURANCE FEATURE

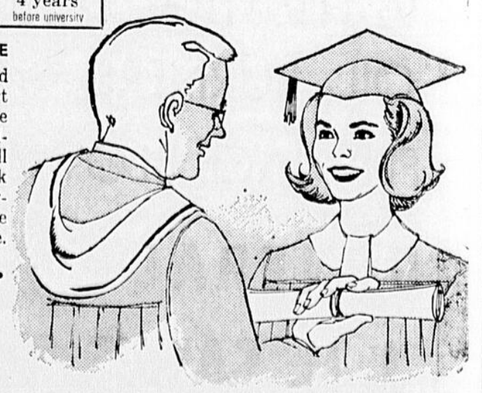

If the parent concerned should die after the start of the programme, the funds for education specified in the agreement will be advanced by the Bank each year without any further payments being made by the family or the estate.

HOW TO JOIN THE PROGRAMME

See the people at your neighbourhood B of M branch. You will receive a warm welcome from a staff who will be pleased to give you further details and to help you select a plan suited to your needs. *Ask for your copy of the Bank of Montreal University Education Programme folder.*

P.S. If you need help in financing a student already in University — or planning to register this year—talk to your B of M Manager. Chances are he can arrange a tuition loan with extended payments adapted to your circumstances.

BEAVER — Mr. and Mrs. Lyle Watterson and Mr. and Mrs. Clarence Platt motored to Kirkland Lake, Ont., and spent the week-end of August 30th, stopping at Noranda to visit Mr. and Mrs. Norman Smithers, who wished to be remembered to all their Dundee friends.

Mr. James Barnewall and Miss Ann Cook of City of Two Mountains were guests of Mr. and Mrs. Clarence Platt on Monday.

Pope Of The Chateauguay

By C. K. Morison

Allusion to our good friend Dr. Bazin brings to mind an incident that points up the strict economy that had to be exercised at the manse when we were being put through college. Besides the economy of modest lodging in Montreal, money was saved by sending weekly wash to be done at home. For this purpose we got free transportation for some old valises which we checked on Dr. Bazin's week-end railway ticket, delivered and received by some member of the family at either end of the fifty-mile run between Ormstown and Montreal. Laundry was usually accompanied on the return trip by titbits from the manse kitchen, and on one of those trips, as I stepped from the street-car at the corner of Peel and St. Catherine, a couple of hard-boiled eggs dropped to the pavement from a hole in one of the valises. Not batting an eye, I slipped through the traffic and trod gently on my way up Peel, Sherbrooke and Metcalfe, hoping against hope that I would not jiggle out any more eggs before I had negotiated McGill campus.

It was no small feat for a country minister, on the modest stipend of those days, to put a family of five through college and normal school, but Mother must have brought something in the way of a dowry to the home in Ormstown. Some cash was brought in by Hugh and Ralph from the peddling of stereoscopic views in the summer holidays, from working in the mines in Ontario, British Columbia and the Maritimes, and from preaching in the mission fields out west. Whoever stayed at home helped to work the glebe, an important factor in manse economy. Somehow or other, four of us were financed through college, emerging variously as mining engineer, preacher, teacher and librarian. Helen declined university and took the two-year course in the McGill Normal School, forerunner of the school for teachers at Macdonald College. She thus became the first bread-winner amongst us five, starting at a monthly salary of thirty-five dollars on the strength of the Montreal School Board.

Father's own academic standing was crowned with the honorary degree of Doctor of Divinity, bestowed on him by Queens University in recognition of yeoman service in his parish along the Chateauguay, as well as in wider responsibilities in the Presbytery of Montreal.

Needless to say, social and recreational activities that the minister of St. Paul's could call to his aid, or with which on the other hand he might sometimes have had to compete, were considerably different from the manners and customs of today. Radio and television were hardly even figments of the imagination, and the only movie that struck town before the first world war was one on life in the British army and navy, innevitably enlivened with one of the standard comedies of the day: butcher chasing dog chasing cat, and policeman and most of the neighborhood chasing all the rest. Any one-lunger that chugged through town was a ten days' wonder, but there was many a fine turn-out of spanking horse and carriage. The necking party had not yet been invented, and when a young farmer was bold enough to take his girl out for an evening spin, he might as well have publicly announced their engagement. Sports were still sport. Curling was the roarin' game that it is today, and hockey had not become a gladiatorial spectacle, put on by mercenaries for the excitement of hysterical mobs.

Indoor entertainment ran to such homely games as charades, musical chairs, chequers, tiddly-winks. Dances, euchre parties, and whist drives were frowned upon by all good Presbyterians and Methodists. Public concerts were mostly of the local "variety" type: choral singing, recitations, instrumental music, and perhaps a short dramatic skit. Occasionally a local group of amateur players rose to a melodrama so successfully that it would have a bid from neighbouring communities. Sometimes we would be favoured by travelling entertainers such as the Swiss Bell-Ringers, an itinerant hypnotist, or a troupe showing "Ten Nights in a Bar-Room" or "Uncle Tom's Cabin".

A perennial performance was the Xmas concert, put on by Sunday School or day school to wind up the year's activities. Their name was legion! The minister was often called on to act as master of ceremonies, and this could mean a long, cold sleigh ride in sub-zero weather, followed by the tropical heat of a stuffy little one-room country school or hall, heated by a red-hot stove at one end, and a long stove pipe heading for the chimney at the other end. The hall would be packed to the doors with old and young, the children nervously waiting for their turn on the platform, proud parents lapping up the applause. At the back of the hall a row of country swains would shy hard Xmas candies and bits of orange peel at the ladies of their choice. Father took it all in his stride and would then plunge again into the frigid night, protected for the long drive home by his big coon coat, a couple of buffalo robes, and sometimes with a lighted lantern at his feet.

The pastor of St. Paul's was widely known as a man of great good will: his cheerful salutation to people he met on the street was spoken of as a benediction. Equally he was the benign head of his household, a household of no mean proportions. There were nine of us: besides Father and Mother, three boys and two girls, there were Auntie Mag who was combined housekeeper, governess, and general supervisor of the manse menage, and Aunt Jeannie, a younger sister of Father's whom he had installed as teacher — she was a graduate of the McGill Normal School — of his children for the first two years of their schooling.

Day at the manse started with chores in the barnyard, after which Father presided over the porridge pot in the kitchen, one of those ancient, pot-bellied affairs with three stubby little legs that kept it from rolling over when it was not thrust deep down into a blazing fire. Setting this on the back of the stove to simmer, Father would then settle down to meditation and a long session with the toast-rack, browning slice after slice of home-made bread to a perfect crisp. This was our daily breakfast, washed down with copious glasses of milk for the youngsters and black tea for the old folks.

Chateauguay Centre Council Moves For Inquiry Commission For Merger of Five Towns

A special meeting of the Town of Chateauguay Centre was held August 28th, with Mayor Richard Sutterlin presiding and all councillors present.

Due to the following considerations: A referendum is to be held September 10 in the towns of Chateauguay and Chateauguay Centre on the question of merging the said towns under one administration.

The Town of Chateauguay Heights, Ville de Lery, Town of Ste. Philomene are also adjacent to the limits of the towns of Chateauguay and Chateauguay Centre, but have not been contacted to merge with the two towns mentioned above.

The municipal problems of the five towns concerned are common, along with many services, and it would of interest to all that the problems be settled once and for all.

It would be proper that the number of towns to be amalgamated be indicated and the procedure to be followed in such an instance, shown.

Consequently, it was moved by Coun. Gilbert, seconded by Coun. Chevrefils that the Minister of Municipal Affairs, Mr. Pierre Laporte, be asked to institute an inquiry commission which would study the advantages of amalgamation for the five towns, to indicate which should merge, show the procedure to be followed in such a case, and present its conclusions within three months of its formation to avoid unnecessary delays. Coun. E. Reid was dissident.

It was also moved by Coun. Rolland Colpron, seconded by Coun. E. Reid, that the Minister of Municipal Affairs, Mr. Pierre Leporte, be asked to create an inquiry commission to prepare the bill, should the result of the referendum to be held September 10 be favourable. The Council is very anxious to receive an answer at the beginning of the week concerning this.

It was moved and seconded that a contribution of $100. be given to the Town of Ste. Philomene towards the organization of the Civic Celebrations of that town.

A Message To The Wives and Mothers of Chateauguay Centre From Mayor Richard Sutterlin

Mayor Richard Sutterlin

Positive results of the September 10th referendum will mean the safety of your children and the welfare of your community.

But the success of a referendum depends solely on the voting turnout.

Therefore, I appeal to your sense of duty as well as to your intelligence.

I know the The importance you have in the decisions taken in your homes.

You certainly can be of great help in reminding your husbands to vote Thursday September 10th.

Your awareness of your family and civic duties assures me that you will try and convince your husbands to vote in favour of the UNIFICATION. Thus my first message to you, after the REFERENDUM, will be one of gratitude.

As instigator and promotor of the movement I naturally am in favour of the UNIFICATION. I have thoroughly studied the project, therefore I am in a position to assure you without any restraint that the people of Chateauguay Center have everything to gain in casting a positive vote on REFERENDUM day. Hence no obstacle will prevent us from getting the well managed city which will soon be our large Chateauguay.

Your commonsense and intelligence as well as your sense of duty allow me to believe that you have already grasped the many advantages which will be brought about by the UNIFICATION.

Nevertheless, I want to remind you, wives and mothers of Chateauguay Centre, that I shall see to it that the taxpayers which I represent, will not have to unjustly pay the debts of others.

The success of the REFERENDUM as well as the welfare of your children and the future of Chateauguay also depends on you.

It is most important that you remind your husband to go out and vote on September 10.

I thank you in advance and congratulate you for your good judgment.

Yours truly,
Richard Sutterlin
Mayor of Chateauguay Centre.

CHATEAUGUAY VALLEY TRACK AND FIELD

This week all forms and programs for the meet Sept. 26th. will be going out to the schools in the Valley. Members of the Legion will be in contact with them to iron out any details. We expect the response to be very good and ask all mothers, fathers, uncles, aunts, etc. to come out on the 26th. and cheer for their competitors. Our representatives have now returned from Guelph and although we have not yet had the chance to talk with them our understanding is they learn a great deal and a few creaky muscles were oiled. More about this in our next column. Although the meet coming is primarily for school children, we will accept entries from any others for open events, a complete program will be shown in The Gleaner next week.

The final preparations for the meet will be made next week after a meeting of the committee and all other interested parties.

This is a big undertaking by all concerned in the Valley which can lead to the Chateauguay Valley Track and Field Club being heard from in competition in Canada next year. We feel we have the talent to shake a few of the athlete presently being heard from down to the tips of their collective spiked shoes and with the backing of the Valley as a whole anything is possible. More next week.

Bottleneck At St. Francis Traffic Lights

By Fergus Horsburgh

The putting into experimental operation of a modern-type traffic light complex on St. Francis Boulevard last month ended a two-year period of complaints by local residents, or at least reduced the flow of protests temporarily.

Over two years ago the Town of Chateauguay requested Provincial authorities to install traffic lights at the junction of Routes 3 and 4 with St. Francis Boulevard, since the main highway came under Provincial jurisdiction. It was then already apparent that due to the rapid residential development in the area, the junction would shortly become a potential death trap. Vehicles proceeding from the Vfield - Beauharnois area preparatory to turning left on to St. Francis, found themselves dangerously exposed to collision with South-bound traffic using the centre lane. The fears then expressed were only too well-founded, and many minor and several major accidents, including one fatality, have been reported.

The Roads Department informed the Town two years ago that Provincial policy prevented the installation of traffic lights until such time as a divided highway extended at least 100 yards into the Municipal thoroughfare of St. Francis Boulevard. Town authorities acted quickly to provide the prerequisite traffic island after which early installation of the lights was promised. A series of delays, protests and accidents followed. Local residents demanded that a large measure of temporary protection be afforded by the immediate painting of traffic control lanes. Unaccountably, no action in this regard materialized.

Last January it was announced that Municipal Signal and Supply Co. Ltd. of Ville St. Laurent had been selected to install the most modern traffic control equipment. However, the contractor was unable to proceed with the work until such time as a formal contract was awarded. Some two months ago Mr. George Kennedy, M. P. P., succeeded in unsnarling red tape in Quebec, and verbal instructions to proceed were issued.

Fears has been expressed that with the traffic lights in operation, major tie-ups in rush-hour traffic would occur. The accompanying picture shows that a bottleneck has indeed developed at this point. Adjustments to the timing mechanism have since kept congestion down to tolerable proportions, but it is clear that further road improvements will be required shortly to keep pace with the ever-growing flow of traffic. Proper provision has not been made for vehicles turning left on to St. Francis. It is suggested that traffic turning right at this point should be permitted to do so even on a red light, as is the custom elsewhere in Canada. It is further suggested that the main highway be widened 100 yards on either side of the lights. Some relief could be expected from provision of roadside parking areas for buses loading or unloading passengers.

Mr. Kennedy has announced that plans are under study to provide an exit road for South-bound traffic. This and the eventual opening of the Chateauguay bridge which will bypass Routes 3 and 4 will reduce the flow to a level which the existing roads could handle, or at least provide some breathing space.

This vexing problem will never be completely solved, nor the hazard reduced to normal proportions, until such time as the accident-prone feature of a three-lane highway is removed. A centre lane is too much of a temptation to aggressive drivers to be easily resisted. A heavy and continuing toll of fatalities and injuries must be expected until routes 3 and 4 become four-lane between the Caughnawaga-Heights traffic circle and D'Anjou Boulevard.

Mayor Richard Sutterlin Personally Meets Pierre Laporte

By Fergus Horsburgh

Mayor Richard Sutterlin of Chateauguay Centre, accompanied by Alderman Roland Colpron, Dr. Jean-Marc Sauvé and Mr. André Lussier, President of the Liberal Federation for the County of Chateauguay, personally met with Minister of Municipal Affairs, Hon. Pierre Laporte, at his summer cottage on Sunday, September 6th, in order to be in a position to inform the population.

The Hon. Pierre Laporte was pleased to greet the delegation. After a successful meeting, the minister's closing remarks were: "A negative vote in the coming REFERENDUM would disappoint me personally and, furthermore, Chateauguay would register a set-back."

Mr. Laporte emphasized that it was up to each Council to take its own responsibilities. On the other hand, the Minister confirmed what Mayor Sutterlin has stressed to the population: "Following a positive vote in the REFERENDUM, help will be provided, from the Ministry, in order to avoid any possible injustice and discrimination brought upon the drafting of the Bill relative to the UNIFICATION."

That which refines character at the same time humbles, exalts, and commands a man, and obedience gives him courage, devotion, and attainment.

Unichat Press Conference

by Edith Bate

At a press conference held last Thursday evening, Sept. 3rd., in the Unichat Headquarters in the Chateauguay Shopping Plaza, Thomas McDade introduced Mayor Richard Sutterlin of the Centre, Mayor Joseph Laberge of the Town and Unichat President, Mr. Ernest Koenig. Mr. McDade spoke briefly on the nine points in the Declaration presented by Unichat.

1. Three year tax and valuation freeze; 2. Controlled spending of our tax dollars; 3. Effective management of public affairs; 4. Proper town planning; 5. Better police and fire protection; 6. Improved civic services, i. E., water, roads, etc.; 7. Year round recreation center; 8. Zoned area for industrial development; 9. Each area must pay their own debts.

Mayor Sutterlin then spoke stating that Unification was the first step to good sound development; and suggested a Master Plan with a sole planning director. He urged all to vote in favor of the referendum, stressing the residential, industrial and recreational advantages in the declaration.

Mayor Laberge heartily endorsed some of the points in the declaration, but stated he does not agree with all nine points. Amalgation in the future will be the best for the coming generation. In reference to industries, Mayor Laberge is definitely not in favor of small low income industry, feeling that it would be to the detriment of the area. Instead well planned, well organized industries should be encouraged to locate here. Mayor Laberge maintains that amalgamation now will mean many, many sacrifices at the beginning. At present the Town is on a sound financial standing, according to the Mayor, and citizens should give a great deal of thought before voting in the referendum on Sept. 10th.

Mr. Ernest Koenig then spoke, mentioning that some of the Unichat personnel had been accused of having personal interests in the amalgamation. Mr. Koenig himself has one personal interest only, that of living in a well organized, well administered, well planned community, secured in every respect. The children's interests have also to be considered. At present there is no place for recreational activities for the young people. "Let's work for a bigger, better and more powerful city" stated Mr. Koenig. Make sure our city is well respected and a city we should be proud to live in. There is too much talk, and too much dissention with the present way we are divided.

Mr. Emil Adamyk was asked to say a few words on behalf of Unichat. He would like to see a big city here, instead of three towns; a city with a recreational center to help alleviate some of the juvenile delinquency now prevalent in this area. He asked all to join together and vote YES for the amalgamation. Mr. Adamyk closed with the declaration "PROGRESS NOT UOLITICS".

Seigniory Park Home Owners Elect New Executive

The annual Election Night of Seigniory Park Home Owners Association was held in Chateau-Gai Motel last Wednesday evening. The outgoing President, Mr. Fergus Horsburgh, was in the chair for the well-attended first monthly meeting of the season.

In Activities Chairman Mrs. Pat Bedard's unavoidable absence, the Chairman read a report prepared by Mrs. Bedard. The main feature of the past year had been the Saturday morning Art Classes taught by commercial artist Keith Strike. The future of these classes was in doubt because of the possible non-availability of premises. The Art Class was indebted to the generous provision, free of charge, of accommodation throughout the past season by Seigniory Park Country Club. Other successful events organized by the Committee included the Annual Sleigh Ride, carol-singing, brewery visits, transport to the Santa Claus Parade in Montreal and the Christmas Children's Party.

The President in his review of the year's events spoke of the many instances of co-operation shown by Tom Hall, mainly in the persons of Mayor Joseph Laberge and Alderman Bert Oliver and Phil Bonneau. He listed the installation of Stop signs, the provision of a playground in Woodbine Park, street paving, ditch-digging and road-oiling as major examples where the Association had worked closely with Town officials. In his opinion, co-operation wth Municipal authorities represented the proper and most fruitful function for an Association such as the Seigniory Park Home Owners. He closed his review with the suggestion to the incoming executive that monthly meetings were unnecessary unless special circumstances arose, and appealed for an amendment to the constitution to ensure some measure of continuity in the executive's personnel.

Officers for the new season were elected by acclamation, namely President, Mr. Gerry Flynn; Vice-President, Mr. Colin Mason; Secretary, Mrs. Rhoda Rowntree; Treasurer, Mr. Marcel Grenier. The election of Directors was held under the Chairmanship of ex-Acting President John McKay. The three Directors elected were Mr. Ed Karch, Mr. Lyn Dullege and Mr. Fergus Horsburgh. Mr. Dennis Layzell was re-appointed Auditor by acclamation.

The meeting continued under the chairmanship of the new President, Mr. Flynn. Problems to be pursued in the immediate future include the finishing of the soccer pitch at Seigniory Park Sports Ground, and the control or apprehension of speed-limit offenders in the area.

Mr. Thomas McDade Discusses Nine-Point Declaration

(By Fergus Horsburgh)

Mr. Thomas McDade was interviewed by The Gleaner last Saturday morning concerning a widely distributed memorandum listing nine objectives relative to the September 10th referendum on amalgamation of the Town of Chateauguay with the Town of Chateauguay Centre.

Q. Mr. McDade, who is behind the Nine-Point Declaration?

A. The nine points are issued over the signatures of nine private individuals, not linke together in any formal affiliation as of yet. The individuals are Dr. Jean-Marc Sauvé, Mr. Ernest Koenig, Mr. Marcel Viau, Mr. Jules Dumouchel, Mr. Emil Adamyk, Mr. Steve Bobula, Mrs. Barbara Fraser, Mr. Jean Marchand and myself.

Q. What are your nine points?

A. 1. Three year tax and valuation freeze
2. Controlled spending of our tax dollars.
3. Effective management public affairs
4. Proper town planning
5. Better police and fire protection
6. Improved civic services, i.e., water, roads etc.
7. Year around recreation centre
8. Zoned area for industrial development
9. Each area must pay for their own debts.

Q. Mr. McDade, what is the objective of your nine-point declaration?

A. We wish to link the referendum vote with these nine stated aims. We hoped to obtain the backing of both local Mayors prior to the vote. Mr. Sutterlin goes along with our aims, but Mr. Laberge told us that when he wishes to make a declaration he will do so. He says that he is not going to allow us to put words in his mouth.

Q. What are your plans now?

A. If an affirmatvie vote is recorded on September 10th, we shall form a committee and will fight for our nine points. We will not rest until our demands are met.

Q. Will your nine-point declaration which you described earlier as an ultimatum not confuse the public, coming as it does virtually on the eve of the referendum vote?

A. It should not, and it was not and is not our intention to confuse anyone. We favour an affirmative vote, and urge the electorate to get out and VOTE. An affirmative vote will give strength to our aims. Tell The Gleaner readers to vote as they see fit, but tell them to VOTE.

George Kennedy Dispells Mercier Bridge Closure Rumors

by Fergus Horsburgh

They started even before the repaired span of Mercier Bridge reopened to traffic last month — rumours that the new span would shortly be closed for extensive repairs and that the concrete piers had cracked and would require many months repair work. The rumours have persisted throughout recent weeks. The Greater Chateauguay Mercier Bridge Committees Mr. Thomas McDade stated that he had, of course, heard the rumours, but as far as he knew, there was no truth to them.

To ascertain if there was any foundation to the rumours, I asked a week ago for assistance from Mr. George Kennedy, M. P. P. Mr. Kennedy told me last weekend that he had checked with Provincial engineers and was glad to report that there was no truth whatsoever in the rumours. "There has been a peeling of cement on the pillars," Mr. Kennedy said, "but this is a minor matter which can be repaired without interruption to traffic. There will be no closure on either span in the forseeable future".

Two Robberies Reported Over Weekend

The robberies are reported in Chateauguay over the week-end, the first was the Boulevard Curb Service and occurred on September 5th at about 7.40 p.m. The owner, Mr. Desbiens reported to Const. C. Pregent, the thieves had taken about $2,000 in cash. The case is still under investigation.

On Sunday a robbery occurred at the Perrette Dairy Store, 41 Blvd. D'Anjou. The time is given as between 11 p.m. on Saturday and 9.30 a.m. on Monday.

The thieves entered by the shoe store of Laberge & Godbout, which is next door. They went into the basement by way of a window, forcing out an iron grill, then through a wooden partition in the cellar, finally removing cement blocks from the wall dividing the two stores. Nothing was taken from the shoe store, but about $2,000 worth of cigarettes were taken from the Perrette store.

Later the thieves were apprehended by the Chateauguay Centre police and the missing merchandise was returned.

Mr. George Kennedy Announces Creation of A Commission

(By Fergus Horsburgh)

Mr. George Kennedy, M.P.P., announced last weekend that as a result of the demand made by the Town Council of Chateauguay Centre, the Minister of Municipal Affairs, the Hon. Pierre Laporte, has agreed to the creation of a commission to study the lines along which an eventual amalgamation between the Towns of Chateauguay Centre and Town of Chateauguay should be carried out.

Mr. Kennedy stated that no further details were known but that he hoped to issue a statement in the coming week concerning the personnel and scope of the Commission.

Mr. Kennedy was informed by The Gleaner on Monday morning that Mayor Sutterlin stated that he had been in touch with Provincial authorities who said that a Commission would not be appointed.

"My statement to the effect that Mr. Laporte had agreed to the creation of a Commission still stands" Mr. Kennedy commented. "My statement is official — go ahead and publish it. You may also state that in spite of the confusion and conflicting statements made in various quarters these past few days, my advice to the electorate is to get out and VOTE. They may vote as they wish, but they should VOTE."

Mayor Laberge Favors Amalgamation

(By Fergus Horsburgh)

Mayor Joseph Laberge of the Town of Chateauguay was asked by The Gleaner last weekend if he had any last minute message for the electorate, prior to the September 10th Referendum vote on amalgamation of the two Towns.

"I thought I had done my duty as Mayor these past few weeks," replied Mr. Laberge," in publishing information and statistics on the issue now facing the public. However, I am glad to have this opportunity on the eve of the Referendum to attempt to eliminate any confusion which may have arisen recently as a result of conflicting reports which have been circulated."

Mr. Laberge was asked to comment on reports that Mr. Laporte, Minister of Municipal Affairs, has agreed to the appointment of a Commission to study all sides of the problem of amalgamating the two principal Chateauguays.

"If formation of a Commission is confirmed", replied Mr. Laberge, "this will be exactly as advocated by Mayor Sutterlin of the Centre and myself. We are on record as favouring provision of experts by the Provincial Government to assist the two councils in promulgating By-Laws leading to amalgamation. I believe that the splitting of the old St. Joachim Parish into three or more territories just before World War 1, and again in 1948, should never have occurred and that that historical error should be corrected. I favour amalgamation of the two principal Chateauguays after adequate study of the various problems involved. A Provincially-appointed Commission would provide such a competent appraisal of the situation by experts."

"Mr. Laberge", I asked, "what are your views on the nine point programme presented at last Thursday's press conference?"

"As I told Mrs. Bate, who attended the press conference for The Gleaner", said Mr. Laberge, "there are certain of the nine points to which no responsible citizen could object. However, I refuse to back the whole nine points presented as a package. A tax and valuation freeze is not consistent with increased spending on water, roads, fire and police protection and a recreation centre. Let us be realistic about this — a future Chateauguay can have whatever standard of services it wishes, but let us not fool the public into thinking they can have it all for nothing. We are all in the same boat, so let us row together", concluded Mr. Laberge. "I believe arrangements for the reincorporation of the former St. Joachim Parish should have been started five to ten years ago, when the two Towns found themselves faced with the identical problems of a tremendous acceleration in residential and commercial development. But better late than never — let us forget the misunderstandings of the past. The present is not desperate but if we all work together, the future of a greater Chateauguay is indeed dazzling. Tell Gleaner readers that Joe Laberge favours amalgamation. I leave it to the intelligence and common sense of the Chateauguay public".

CHATEAUGUAY PROTESTANT SCHOOL JOTTINGS

The Protestant School Board of Chateauguay, have again made provisions with an Insurance Company, whereby all parents may avail themselves of the opportunity of having their children insured to cover all types of accidents, (Medical expenses) under one of three plans.

Plan No. 1

All types of accidents, 24 hours a day, 12 months, including summer holidays.

Plan No. 2

All types of accidents, 24 hours a day, 10 months, excluding summer holidays.

Plan No. 3

All types of accidents, while travelling to and from school including participating in school sponsored activities.

Each pupil will be given an envelope containing more complete information, and we trust that the parents will read the important message contained therein, and return the envelope properly completed to the pupil's teacher.

TOMORROW IS THE DAY

Time is getting short to make that decision on the Amalgamation question and remember it is an important one.

A new committee of citizens has decided to join the fray in the best interests of the Chateauguay Area and some of these did woman service in connection with the Mercier Bridge delay. They had a decided success with this particular problem, that but for them may have been going on now.

These citizens have made a declaration on how they feel about Amalgamation and they want a definite "YES" vote tomorrow, September 10th. They have no affiliation with any faction which may have self interests in the amalgamation, they want this thing because they feel it is in the best interest of all the people in the end. They did not do wrong in the Mercier Bridge matter, they feel they are not wrong in the declaration they have made with regard to the Amalgamation.

We print their declaration below and we leave it to the citizens to read it and decide for themselves if they want to support it.

A DECLARATION

PROGRESS — NOT POLITICS

The pride in our families, the future of our children and the security of our homes dictate ACTION. Time will not stand still for future studies. These nine points, based on common sense — not fancy figures, spell out our future with assurance.

1—Three year tax and valuation freeze.
2—Controlled spending of our tax dollars.
3—Effective management of public affairs.
4—Proper town planning.
5—Better police and fire protection.
6—Improved civic services I.E., water, roads, etc...
7—Year around recreation center.
8—Zoned area for industrial development.
9—Each area must pay their own debts.

We list our names with respect to these facts, without fear or favor; in the best interest of all who live in Chateauguay and Chateauguay-Centre, join us in giving:

A positive "YES" vote on September 10th.

Well I guess summer is about over with Labour Day week-end past and the children back at school. It's too bad it wasn't a nicer week-end weather-wise, although Monday (Labour Day) itself was lovely.

The week-end before last yours truly and family spent a very pleasant two days at my brother-in-law and sister (Mr. and Mrs. John Cowdrey) home in Asbestos, P.Q.

With the starting of school it seems our little troubles are also starting. It seems there is a possibility of some of the children on the west side of the River being transferred from Julius Richardson to Mary Gardner School. I find this is rather disappointing to a young child, I know my daughter Carol was quite upset when she heard about it as she is fond of Julius Richardson School and the teachers and young friends she made there. My neighbour informed me that this is about the fourth time her girls have been transferred since they started school and she finds it affects them in their school work.

Mrs. Jack Butt had her sister and husband, Mr. and Mrs. Collins from Ottawa spending the week-end with them and last night they all went out and celebrated Mr. and Mrs. Butt's 6th wedding anniversary. Congratulations Jean and Jack.

Here is a little verse my next door neighbour passed on to me and said it applies to her young son and I'm sure a lot of us will agree it applies to our's.

He dilly-dallies at his meals,
spills milk upon the floor.
He's scribbled over bedroom
walls and scratched up
every door,
He'll ask to go out playing
but when dressed and let
go out
Before he's gone five minutes,
"Let me in" you'll hear
him shout.
And, when I settle down to
read, all comfy, with pipe
lit
It's just the time he wants
to romp, or on my knee
to sit.
And then on Sunday morning
when I like to sleep
till ten
He's up at six and yells
Oh, Dad." I give up trying then.
There's no doubt he's a rascal.
Mischief twinkles in his eye.
A question always on his
lips. He is a human WHY.
And others often brag to us
their kids are not like that
So I'm inclined to recognize
my youngsters is a brat.
But I would never have him
changed, the pesky little
lad
He darn well suits me as he
is.
They say he's like his Dad.
There's not much news folks.

It was very gratifying to see two representatives from Northern elected to the new executive of the Home Owners Association. Best of luck to Secretary Mrs. Rhoda Rowntree and Treasurer Mr. Marcel Grenier in their new duties. It was also very satisfactory to meet the constitutional requirement of two French-speaking members under tree election. Had events developed differently, the mechanics of the election would have become much more complicated and time-consuming and we would not all have got back home in such good time. Not that election Chairman John McKay couldn't have handled it, because he could. Many thanks for your help John — you've got yourself an annual job for life.

—

Congratulations to Mr. G. Rowntree and Mr. A. Wilding on the recent formation of the Seigniory Park Bowling League. Alleys have been reserved for Friday evenings from 7 p.m. at the West End Bowling Alley. This is to be a mixed league, so husbands and wives can have an evening out together. Those interested even as occasional spares should contact Mr. Wilding 691-1424 or Mr. Rowntree, 691-1424. It is hoped to report on league developments from time to time in this column.

What a salutary effect the Town of Chateauguay police man on duty at the St. Francis junction has on motorists during peak hours. It struck me as symbolic that the Town officer normally takes up his stance on the Chateauguay Center side of the road — an instance where the police forces of the two Towns can co-operate with each other even prior to amalgamation.

—

Tomorrow, Thursday, is voting day in the referendum on amalgamation of the two towns. Seigniory Parkers cast their votes at the Police Station on St. Francis and Northerners at St. Willibrord School from 9 a.m. to 8 p.m.

The departure of the Mad Hatters' of Woodbine to the West Coast caught most of their neighbours by surprise. Bob has left to take a Navy Officers' course in Victoria. He will be sorely missed by the Seigniory Park Sports Association when hockey time rolls around again, as he was one of the most devoted coaches to the youngsters. It was one of the sights of Winter to see Bob skating at breakneck speed between the trees in our frozen Park. How he always avoided breaking his neck I never could quite figure out.

Reverend Howard Fraser baptized our infant son at St. Andrew's United last Sunday, naming him Fergus Bruce Norman. We call him Fergus the Bruce for short, to distinguish him from the other Fergus, who is rather long.

For some months now I have been waging a one-man economy campaign in the Horsburgh menage. (This bears no relation to a menagerie, as is sometimes falsely claimed). The main theme of the drive has been: "Thou shalt not waste electricity in any way, shape or form." I am very happy to report a major breakthrough in the effectiveness of the campaign. It is now routine for certain decisions to be referred to Management for approval, for instance: "Would it be all right to switch the kitchen light on to wash the dishes?" "Would you like to have boiled potatoes tonight, or do you insist on eating them raw?" Most touching appeal of all: "May I switch on the stairs light while I go upstairs? I promise to run up ever so quickly."

Several people have asked me how our little Siamese kitten is getting along. Naturally she is growing, but still looks awfully thin, although she eats quite well. When it comes to mischief, she is a real whiz-bang. Two more African violets have been turned upside down, nylons chewed, sweaters dragged along the hallway, and as of last Friday, she has now scaled the top of the piano, scattering music in all directions. She is a dear wee pet just the same, and for a Siamese, she is quite friendly to everyone.

We took a ride down to the Huntingdon Fair last Saturday afternoon. Enjoyed seeing all the hand work that the various Ladies' Groups had on display; the animals, the dog and cat show; but there wasn't very much there for children. I hope I will not make any enemies by criticising, but it was a little disappointing. We find everyone so friendly in that area. If the readers are wondering what to do some Saturday, now that gardening is at a bit of a standstill why not take a drive down that way? There are lots of good roads apart from the high way, and the leaves are now turning color. You will enjoy it, I'm sure.

Two of our junior residents of this area, Ian and Sara McKenna of Melrose Ave. have had a most wonderful summer in England with relatives. They arrived home by plane last Monday, August 31st, via Halifax and so on to Dorval. While away they kept a diary, and I am hoping to meet the children very soon, and tell the readers all about their adventures in England.

A very Happy Birthday to Gail Walker of Colonia who will be 8 years old on Sept 14th.

They're off! We waved a fond farewell to Tom, Tilly, Ricky and Patti-Ann Long last Saturday morning at 8 o'clock. Their furniture left on Friday, and sleeping arrangements for the night were mixed up, but quite sitisfactory. They will be moving in to their new home in Windsor, Ont. some time this week and the children must register for school on Tuesday there. Tilly has promised to write when they are all settled, so I'll let all their many friends know their news.

The Catholic Women's League of Our Lady of Perpetual Help Parish is having the first meeting of the Autumn season on Tuesday, Sept. 15th, at 8 p.m. in the Church Hall. A discussion will be held concerning the date of future meetings. All members are asked to attend. and new members will be made most welcome. Slides of South America will be shown after the business meeting.

The Woman's Auxiliary of St. George's Anglican Church are having their first meeting of the season on Sept. 16th (Wed.) at 8 p.m. in the Walsh Memorial Room. This is a combined business and Study meeting, and all members are asked to attend, and bring along a new member.

Rally Sunday at St. George's Church is Sept. 13th, at both the 9.30 and 11.15 a.m. services. Children will attend part of the Service in the church first and then proceed to their classes to be registered for the Church School.

—

Also on Sept. 13th, Sunday School will start again at Maplewood Presbyterian Church.

gans of Low Gross. in the Salaberry Lodge Tournament held te the Beauchateau Golf and Country on Sunday.

The Legion held their annual Corn Boil and hay ride on Sunday afternoon. Among those attending from the West-End were, the Penny's, Sprostons, Hillocks and Stapletons.

Mona and Fay Cotton celebrated on Sunday, at a Birthday party, the occasion being Fay's 6th birthday. A lovely lunch was served and the children enjoyed, hot dogs, coke, cake and ice-cream. Games were played, and all had a most enjoyable time. The guests included, Line, Daniel, and Michael Rochette, Karen Lee Roy, Patricia Smith, Dibbie and Teresa Carlington. Francois Belair, Roger Gautier, Mr. Schluter and children, Alice, Dolph, Marion, Johnny and Robbie, Mr. and Mrs. Rochette were on hand to give Mrs. Cotton some help.

Birthday greetings to Peter Penny, who celebrates on September 15th.

Mr. and Mrs. Harold F. Mitchell were week-end visitors at the home of Mr. and Mrs. Syd. Mitchell on St. Louis St.

Vetville News

The Annual General Meeting of the Vetville Bowling Club will be held on Monday evening, Sept. 14th, at 7 p.m. in the Hall, at which all members and prospective members are earnestly requested to attend. The election of Officers for the coming season will take place, and various Annual Reports will be rendered, and renewal membership applications will be received. New members will also be welcomed. All residents of Vetville and any of those residing in the immediate vicinity interested in the game of carpet bowling will be made welcome. The first bowling session will also take place on this evening. It is hoped that a good turnout will be present to give the new season an enthusiastic start.

Sincere good wishes to Mrs. Evans of Dunkirk, who is recuperating at home from an operation at Montreal General Hospital.

I had a letter this past week from former resident of Vetville, Mrs. J. Cashion. She writes from her new home in Ormstown, and tells me they are very happy in their new surroundings. Mr. Cashion has been prevailed upon to join the Church Choir, and indeed he enjoys music so much, that it won't be long before they have many new friends in the area. There's no place like a Church to make new friends, and lonely people always find that there's always a friendly hello and handshake there.

—

Speaking of Church Choirs: Tenors, basses and ladies voices also are required in all the churches in this area. St. Andrew's United Church in the Basin, Maplewood Church on McLeod and St. George's on St. Francis Blvd., would be happy to welcome new singers. All meet on Thursday evenings at 8 p.m. in their respective churches.

Here is a real oldy from Plato:

A bad man is wretched amidst every earthly advantage, a good man — troubled on every side, yet not distressed; perplexed, but not in despair; persecuted, but not forsaken; cast down, but not destroyed.

Home owners: don't forget to get out and cast your vote for or against amalgamation on Thurs. Sept. 10th.

I do hope you all enjoyed the long week-end.. my goodness. Fall is just around the corner.. it won't be long before we have the first frost. Well mothers, how did you enjoy your summer vacation? And how does it seem to have the youngsters off to school once again.. no doubt rather strange and very quiet indeed.. I was speaking to one of my friends the other day and mentioned that I will have my vacation when my youngsters return to school, no we didn't go away this year.. but believe it or not we enjoyed ourselves. I think that 150 St. Aubin was a makeshift Recreation Hall. Everyday there would be youngsters in some having Bible study other playing ping-pong, Chinese checkers, monopoly, listening to records etc., besides the little ones ranging from ages of about 2 to 8 years playing outside on the lawn. The little boys would be playing "Cowboys" or playing with their cars.. the little girls would be playing house with their dolls and carriages etc.. everyone seemed to enjoy themselves. We had several Bar-B-Ques during the summer months.. all in all it wasn't to bad at all. Last week I was very weary and couldn't understand exactly why? I hadn't had that hard a day, there weren't as many youngsters around as usual Why was I so tired? My daughter and I started counting the youngsters who had been in the house playing, or outside during the day.. (Remember I said that the number of youngsters was far less than usual!) Do you know how many we counted altogether counting my own 5? Thirty-four! These youngsters ranged from the ages of 2 to 16 .. so now you may know why I said I will start my vacation Sept. 9th. Believe me the youngsters were all very well behaved and I know I'm going to miss them.

John and Jean Roberts of St. Aubin entertained 20 guests Saturday night at a Bar-B-Que and Corn Boil! Besides the serving of bar-b-qued hamburgers and delicious tender corn they served tossed salads, potato salad, for dessert they had walnut squares, butter tarts, and Maids of Honor (umm good, but the Calories!). Tea and Coffee were served, everyone who attended had a wonderful time.. A great big thank you to our Host and Hostess of the evening John and Jean Roberts for a most enjoyable evening.

Belated Birthday wishes to: Little Gordon Kraushaar of Prince Street, who celebrates his second Birthday August 27th. A very happy birthday to Gordon's baby brother Brian who was one year old Sept. 7th.

Happy Birthday to Charlene Myers of St. Aubin who was 11 year old Sept. 8.

Happy Birthday to Linda Doucet of Gover St. who was 12 years old Sept. 8th.

Mr. and Mrs. Donald Kernahan of Toronto, were guests of Mr. and Mrs. George Myers of St. Aubin Street recently.

Don't forget "Parkview Bowling", Thursday Sept. 10th., at the Westend Bowlarama at 7.15 p.m.

Little John King of Edgewood drive forgot his sweater at Maple Park the other day it was a bottle green mohair with two buttons on the front he went back to get it but unfortunately it was gone in its place was a girls navy blue cardigan.. If you happen to have found Johnny's sweater will you please call 691-9163 or take it to 114 Edgewood Drive.. and of course if you are the owner of the cardigan you may pick it up at the same address.

Letter To The Editor

The Editor,
Chateauguay Gleaner.
Huntingdon, Quebec.

Sir,

Congratulations to Ste. Philomene upon incorporation as a town — Ville de Lery celebrating its 50th anniversary of incorporation — Chateauguay Heights — Mayor and Aldermen burning the midnight oil to ensure installation of water and sewers at lowest cost to taxpayers.

Yet in other columns we read of an overall plan to amalgamate these towns into a "Greater Chateauguay".

Has not the time come for the smaller municipalities to indicate how they feel about amalgamation? Could we not hear from the Councils of Ste. Philomene, Ville de Lery and Chateauguay Heights?

It must be borne in mind that many people came to live in Chateauguay area to get away from industrialization and to enjoy the satisfaction of their own "blessed plot".

If the plans for a Greater Chateauguay are fulfilled, what protection will the smaller municipalities have against its creeping tentacles? As one example Chateauguay Heights has a by-law to provide a minimum of 75 ft. frontage for all properties and carefully zoned residential areas. Would such a by-law remain with amalgamation?

I must hasten to add that this letter is not penned with the thought of remaining in "horse and buggy days" but progress in any field must be tempered with careful thought and planning. Quebec as a Province rightly wants its voice heard from sea to sea. Some of us in the smaller municipalities want our voices heard too.

Mutual co-operation certainly, but let it be with mutual benefit.

"DISMAYED BUT NOT UNDAUNTED."

The 7th Chateauguay Brownie Pack are holding a meeting Sept. 14th, at 7 p.m. at the Mary Gardner School. This meeting is for the Brownies and mothers. It is important that mothers attend this meeting.

The P.R.A. are organizing a Teen Group which should get underway shortly. The group will be under the direction of Mr. Cornford who has a great deal of experience in this field. For further information you may call Jane Miller at 691-0216.

Our deepest sympathy is extended to Mrs. Bessie McKnight and family of Hillsdale Drive on the recent death of Mrs. McKnight's father.

A number of residents have gone to California. The Boyles of Sheraton Drive moved about a month ago. The Kendricks formerly of Benny left in July and now Mr. and Mrs. Ron Roberts and Gail of Trenton Ave., are leaving Sept. 15 to take up residence in California. Our best wishes are extended to Ron, Mary and Gail in their new undertaking.

St. Andrew's Notes

Presented for Christ's blessing in the Sacrament of Baptism on Sunday morning at St. Andrew's were: Sandra Christine Voysey, daughter of Mr. and Mrs. James W. Voysey, 111 Leduc St., Chateauguay Centre, Fergus Bruce Norman Horsburgh, son of Mr. and Mrs. Fergus H. C. Horsburgh, 394 Woodbine St., Seigniory Park, and Sheryll Lee, Ka-Re-Won-Ta Scott, daughter of Mr. and Mrs. Ian K. Scott, 102 Oliver Avenue, the Heights.

Flowers were placed in the Sanctuary on Sunday morning by the Watt family in loving memory of the late Mrs. Irven Watt who died on September 11th, 1963.

A sincere word of thanks from the Minister, the Rev. Howard C. Fraser, just returned from a month's vacation, much enjoyed by him, his wife and family at Fraser's Point at Dundee to the Elders who conducted Worship Services at St. Andrew's on each of the Sundays during August. Their efforts are to be commended. As the fall activities commence God's continued guidance and blessing is sought.

On Saturday, September 12th at 9 a.m. a Cleaning Bee will be held to give the ten classrooms in the church basement a thorough housecleaning before Sunday School commences. Please bring pails, washing cloths, brushes, brooms, mops, etc. Cleaning fluids, dustbane, etc., will be provided. Here is a project calling for willing helpers and is an opportunity to show your appreciation for the weekly efforts of the Sunday School staff.

The Sunday School Rally Day Service will be held in the Memorial Hall on Sunday, September 13th at 9.30 a.m. Boys and girls from 3 years and up will be registered in their respective classes following the opening Worship Service to which parents and friends are also invited.

The General Council of the United Church of Canada will be meeting at Gower Street Church in St. John's Newfoundland from September 9-18. General Council is the highest court of the church. It meets once every two years. It is composed of an equal number of ministers and lay members elected by the conference and the overseas mission councils. They are called "Commissioners". Each General Council elects a Moderator who holds office until the next council meets.

Sunday service at 11 a.m. Nursery for wee tots during Worship Service.

On Wednesday at 8 p.m. the Session will meet in the Church Parlour. On Thursday at 7.30 p.m. the Sunday School staff will meet in the Church Parlour.

All girls 9-10-11 years of age are invited to join the Explorer Group at St. Andrew's United Church. Registration will take place in the Memorial Hall on Tuesday, Sept. 15th, at 6.40 p.m.

This organization meets weekly at this time, for the purpose of helping young girls to grow as responsible Christians.

The first event of the new season will be a hike on Saturday, Sept. 19th. Details will be given to members at the registration meeting.

Any parents wishing to have further information many call any of the following Counsellors: Mrs. Kenneth Smith, 692-8724; Mrs. Rod L'Ecuyer, 692-8718; Mrs. Paul Beauchamp, 692-9972; Mrs. Harry Grimes, 692-8723.

News Round-Up

Mr. and Mrs. Harry Grimes and their daughter Joanne of Trudeau Avenue motored to Toronto on Saturday to spend the holiday weekend at the home of Mr. and Mrs. Nelson Bryant of Etobicoke and to visit the Exhibition.

Mrs. Margaret Rice of Watt Ave., spent the holiday weekend in Ottawa as the guest of Mrs. Hugh Evans.

Mrs. Lorna Bosshart and her sons Steven and Peter of Watt Ave., were guests at the summer home of Mr. and Mrs. Rod L'Ecuyer, St. Anicet over the week-end.

Birthday greetings to Mrs. Bessie Herbert of Smith St. who observed her day on September 13th.

Friends and neighbours of Desrochers St., the Station join in extending greetings to Mr. and Mrs. Joe Whitton who observed their 41st wedding anniversary on Monday, September 7th.

Mr. and Mrs. George Oliver of Salaberry South were the Sunday guests of Mr. and Mrs. Maurice King at Greenfield Park.

The Doug McMullins of St. John Blvd., the Station have returned from a camping trip to Cedar Point, N.Y. Betty and her son James enjoyed the week days with Dad and the girls popping in for the odd days and week-ends. Hope you enjoyed yourselves, folks.

Anniversary greetings to Mr. and Mrs. Joe Lee Jr. of Trudeau Ave., the Heights who observed their 1st on Monday, September 7th.

Birthday greetings to Mrs. Mary Milloy of Vetville, President of the Ladies' Auxiliary of Branch 108. I believe the day was Tuesday, September 8th and everyone joins in wishing her many happy returns of the day.

Mr. and Mrs. Kenneth F. Bonnell of St. Lambert, former residents of the Heights for many years observed their 51st wedding anniversary on Tuesday, September 8th. All old friends and neighbours extend sincere congratulations.

Immediate neighbours of Mr. and Mrs. Bonnell on Hamilton Ave., Mr. and Mrs. Lorne A. Hay were wed 51 years ago on Monday, September 7th and every good wish is extended to them.

Warrant Officer Charles Hamilton and Mrs. Hamilton of Smithfield, Ont., were the house guests of Mr. and Mrs. Leslie Holmes, Gordon Ave. for the holiday week-end.

Sincere sympathy is extended to Mrs. James E. Chasles of Gilmour Ave., on the sad loss of her father, Mr. Edgar Beauregarde who died on Tuesday, September 1st. Mr. Beauregarde was one of the first tenants of Dupont Terrace and his passing will be received with regret by former neighbours.

Miss Mabel Horsnell of Taylor Ave., entertained on behalf of Unit 1 at her home on Wednesday, September 2nd. Two valued members of the Unit, Mrs. Anne Eagles of Taylor Ave., and Mrs. Ruby Georgion of Provost St. are taking up residence elsewhere and 12 members gathered to say "Adieu". Mrs. Jessie Hill, Leader of the Unit made a presentation to Mrs. Eagles and Mrs. Georgion in appreciation of their work. The Stuart Eagles are taking up residence in Beaconsfield and the G. Georgions will reside in Chambly. Good wishes to both families who will be missed at St. Andrew's Church and in Chateauguay.

Certain moods of mind find an indefinable pleasure in stillness, soft, silent as the storm's sudden hush.

The school bells have again rung out their joyful sound and the small fry have all marched off to the little red school house for another term. Don't know if this is what tempted our oldest boy or whether it was just that he wanted some adventure, but on Sunday morning, he announced to us that he was leaving home. We sort of took it as a joke so said go ahead would you like a suitcase and he agreed that he would like to pack his own things. My husband and I sort of taking it all as a joke provided him with a suitcase and wondered how far he really would go He did his own packing with a little help from his sister, then asked if he could have a cok and a few bandaids and off he went at about 9 a.m. We watched him depart very determined and he headed across the street and went in behind a vacant home and we watched him leave, I with a heavy heart and yet sort of a smile on my face I guess. He's only 8. I kept telling myself, a mere babe still wet behind the ears. My husband watched too and it seems every few minutes our son peeked from behind the house to see if we too were peeking and once he emerged with one of the bandages across his eye as though he had hurt himself. After about an hour of this my husband went out and asked him if he would like to come back home and the poor fellow, he decided he would, for he hadn't had any breakfast and soda pop doesn't really fill you up. So back home is the young adventurer none the worse for his experience, but now his little brother informs us that he too thinks he'll leave home if I give him a bottle of soda pop to leave with.

Bon Voyage

Sure and wasn't it a sad day in the Kavannagh house on Friday, for it was the day Grandma McMahon was to leave for Dublin, after spending the summer with the Kavannaghs of Ethier Street. She was a delightful person and all of us who met her will long remember her tales of the Leprechauns and the banshees and her Irish wit which left us all in a happy mood.

Week-end guests at the Gervais home were Mr. and Mrs. Gervais Sr., from Montebello, Quebec.

Belated Birthday wishes to young Miss Leslie Faughnnan of Louis Crescent, Salaberry Development, who was 10 years old on Sunday, September 6th. Leslie celebrated her big day with a Birthday Party and her guests included her two brothers Kerry and Danny and her friends, Miss Sandra Brown, Carol Spenard, and Lynn Fabio. Leslie's very special guest was her Grandmother Faughnnan from Los Vegas.

9th Chateauguay Brownies

Final arrangements are now being made for the 9th Chateauguay Pack and as soon as they are completed we will inform the parents as to the date the Brownies will commence. The age group is from 8 to 11 years of age. It is not known whether or not there will be room for any newcomers as it all depends on how many of last year's pack will be coming back.

Welcome home to Mr. and Mrs. K. Moody and daughters, Debbie and Robin who returned home Monday from Barrington, Woods Harbour, Nova Scotia. Mrs. Moody and the girls spent the whole month of August visiting with Mrs. Moody's parents and Mr. Moody drove down on August 15th to join them and they all drove home together. Robin and Debbie are proudly showing off their fox tails which their grandpa gave them and Robin tells me she saw her grandpa catch the fox in a trap. The Moody's report that the trip home was a memorable one. They drove home via White Face Mountain and found the countryside a beautiful sight to behold.

Children up to the age of 16 wishing to show their talents are invited to attend the audition which will be held at the Marguerite Bourgeoys School on Sunday, September 13th at 2.00 p.m. The talents chosen will then be presented and re-auditioned for a future television programme.

Congratulations and thanks to Pops Gravel and his fellow workers for staging a successful Sports Day for the children on Labour Day. There was a wonderful turnout of youngsters and the prizes given were really grand, not to mention the treats all the children received.

St. George's Anglican Church News

Rally Sunday

Sunday, September 13th is Rally Sunday in St. George's Church. During summer months and vacations worship at our home parish has not always been feasible. The weeks away give us an opportunity to attend other churches and join in fellowship with a different circle. But, it is always heartwarming to return to "the parish Church" to meet old friends and worship in familiar surroundings. Rally Sunday is exactly what it says: the day when we all rally together in our own Church. Services on this day are scheduled as follows: 8:00 a.m. Holy Communion; 9:30 a.m. Choral Communion and Church School; 11:15 a.m. Morning Prayer and Church School for children of all ages at both 9:30 and 11:15 a.m. in the Church and also at 11:15 in Mary Gardner School.

Christian Education Officer

Mr. W. (Bill) Brooks has been appointed Christian Education Officer with overall responsibility, under the rector's direction, for the Church Schools in the parish. In this capacity, arrangements are being made for him to act as a regular member of the Board of Management. At each of the three Church Schools, he will have the assistance of an active teacher as teaching supervisor, viz.: at the 9:30 a.m. School in St. George's — Mrs. C. Schofield; at the 11:15 a.m. School in St. George's — Mrs. G. Watson; at the 11:15 a.m. School in Mary Gardner School — Mr. D. Van Doran.

Board Of Management

The next meeting of the Board is on Monday 14th September at 8 p.m. at the Church hall. Parishioners are reminded that the members of the Board welcome their attendance to hear what goes on at these monthly business meetings. At the last Board Meeting, approval was given for a Nursery School to meet in the Church hall, Mondays to Fridays, 9 a.m. to 12 a.m. to 12 noon. Tieing in with this decision are arrangements for a caretaker for the Church and hall. No praise is high enough for the work done by the men who have washed, cleaned and polished in recent years. But progress we must, and the hiring of a caretaker is certainly a step in the right direction.

Choir

The Organist and the rector have been feeling a little lonely all by themselves in the chancel of the Church these last few Sundays. They are, therefore, looking forward to the companionship of the choir members once again. Choir practices will be held on Thursdays, commencing with Thursday Sept. 10th in preparation for Rally Sunday. As some of our choir members have moved away during the summer months there are openings in both the Junior and Adult choir. The adult choir would welcome especially tenors and basses. You need no further invitation than this. So, come along at the beginning of the new season when everyone is making a fresh beginning. Junior choir at 7 p.m. and Adult choir at 8 p.m. — Thursdays.

Meetings

The W. A. extends an invitation to new members as it holds its first meeting of the fall season on Wed., Sept 16th at 8 p.m. in the Church hall.

The J. A. begins its Fall programme on Thursday, Sept. 10th at 3 p.m. (after school). A Christian mid-week activity for girls aged 7 to 12, new members will be extended a sincere welcome. At 11:15 a.m. on Sunday, Sept. 20th a Service of Promotion will be conducted by the J.A. during the regular worship.

St. George's Lay Readers

The parish can feel justly proud of the men who have assisted in the Diocese this summer at parishes where Ministers have been on vacation. John Friedlander, Bill Brooks and Fred Lunn have travelled many miles to take Services where otherwise no Minister was available. The Associate Editor writes as follows:

"In recent weeks I have had the privilege of accompanying my husband when he has taken Morning Prayer at widespread Churches in the Diocese. On one occasion we arrived at the Church about 20 minutes before the Service was to commence to find a rather anxious organist waiting with the expressed fear that she thought the congregation would be at another Church some 10 miles distant; the local paper had announced (erroneously) that the Service would be there. At five minutes to eleven, with no congregation in view, it was decided to find out what was happening 10 miles away. Accompanied by the organist, the trip was made in record time, thanking God rather fervently that there were no Provincial Police around (though, strangely enough, we were told later in the day that whenever a small car was seen speeding around the countryside in this particular area on a Sunday, with the driver in white, it was bound to be the Anglican Minister going to his next Service!) and there at the other Church waited our congregation. Morning Prayer might have been a little late in starting and the opening sentences a little breathless, but the welcome lacked nothing. It was reassuring to meet the man who delivered milk at the lake and to be invited to the local Fair — this is a 'must'.

Confirmation Classes

Confirmation is one of the most important steps in a person's life. So, plans for it must be carefully carried out. Because the winter is such a difficult time to travel, and our candidates come from a widespread area that is Chateauguay, our Confirmation Service takes place in the late fall that is early December, the specific date to be announced later. Therefore, Confirmation classes for young people will start on Friday, September 11th at approximately 3:30 p.m. (after school) in the Church, 162 St. Francis Blvd. Parents, and their confirmation candidates should note the following:

1. Candidates must be 12 years old on or before Nov. 30, 1964.

2. Please include all given Christian names on the application form, as well as the date of birth; Baptismal Certificate or verification of Baptism will be required from all candidates before being Confirmed.

3. Each candidate is required to have a Bible and a Prayer Book of his own for use at home and at the Church during the period of instruction. Bibles may be purchased at the Bible House, 1450 Union Ave., and Prayer Books at the Diocesan Book Room, 1446 Union Ave., Montreal (just below the Cathedral on St. Catherine St.). Neither a Bible nor a Prayer Book is expensive, e.g. a regular Prayer Book costs $1.75, a Bible $1.50.

4. No candidate will be eligible for presentation to the Bishop who has not attended more than half the number of weekly classes. Those who for one reason or another are unable to fulfill this, will be welcome to come to the classes the following year to complete their preparation.

5. Question sheets are hand-

Quebec Intermediate Football League

Saturday, September 5th. — Ramblers 33 — Hawks 8.

In a game played amidst torrents of rain, Chateauguay Ramblers completely overwhelmed the Hawkesbury Hawks. Chateauguay intercepted 4 passes and recovered 3 fumbles to consistently keep the Hawks in their own end of the field.

The Ramblers offense relying mainly on their fullbacks, Lapointe, Milley and Marc Bruneau, (newly acquired from Sam Ectheverrys' Rifles) and fine blocking from the tackles and guards stayed on the ground for most of the game.

1st quarter — Single for Hawksbury on attempted field goal.

2nd quarter — Touchdown — R. Milley — no convert Hawkesbury rouged for single point, Touchdown — M. Bruneau — Convert, good on a pass from Fleurquin to Payne.

End of first half — Chateauguay 14 Hawkesbury 1.

3rd quarter — Touchdown Murray of Chateauguay. Convert no good.

4th quarter — Touchdown Bruneau of Chateauguay. No convert. Touchdown Proulx of Hawkesbury Convert good. Touchdown Fleurquin of Chateauguay. Convert on pass from Fleurquin to Payne.

Final score — Chateauguay 33 Hawkesbury 8.

Monday — September 7th — Chateauguay 1, Hawkesbury 0.

On Monday 1000 spectators witnessed a tight defensive battle. The first half was played between the respective teams 30 yard lines and it wasn't until the last play of the first half that Chateauguay finally got on the scoreboard with a rouge on an attempted field goal.

The second half seesawed back and forth with Chateauguay killing off a Hawkesbury march just as the game ended.

On Chateauguay's behalf it must be pointed out they had 5 or 6 men going both ways for most of the game. It is a tribute to their ability that the game ended in Chateauguay's favor.

ed out each week to be answered by the candidates at home on note paper supplied by the Church, and turned in week by week for appraisal.

6. Regular attendance at Church and Sunday School is part of preparation.

7. An offering will be received at the worship Service, conducted by the candidates themselves, each Friday in the Church, and will go to a worthy Christian purpose at the discretion of the Bishop.

8. Parents and Godparents will encourage their children to learn the Creed, the Ten Commandments and the Lord's Prayer and other instruction in the Christian Faith as found in the Catechism on page 544 of the Prayer Book, and by teaching them how to pray, by coming with them to worship in the Church, and by setting them an example of Christian living in their daily lives.

A message from Roland Colpron to the population of Chateauguay Centre and particularily to the taxpayers of Ward Number 3

I am very proud to state here that for nearly seven years now I have had the honour and the privilege to be one of your representatives at City Hall.

I, therefore, deem it my duty to communicate to you my sincere thoughts about the UNIFICATION — object of the September 10 REFERENDUM.

The logical way in which I have tried to look after your interests in the past, dictates to me — once more — a straight line of conduct.

I fully endorse the project expounded by our two mayors and am entirely in favour of the UNIFICATION, which in my opinion, represents solely merged advantages for the population and the future of Chateauguay.

Nevertheless I deplore the fact that certain public representatives — although in favour of UNIFICATION — are willfully delaying the project for reasons which are purely personal.

Indeed you are all aware that the next great Chateauguay Council can not be formed with all the present two councils' personnel. Some of them will have to step down because of pure quantity and possibly also because of the results from the next general election.

In spite of this, many of us have chosen the interest of the public rather than our own.

It is evident, dear friends, that unfortunately the two excellent mayors who presently direct our two towns, can not together occupy the one future mayor's seat.

But nevertheless neither one of them, in spite of the evident truth, hesitates to work for the interest of our great population.

This to me, is a striking example of unselfishness.

My experience in the past proves to me that it is a pity that UNIFICATION was not realized long before this date, because for many years, we could have already gained from the many advantages of such a UNIFICATION.

Therefore, dear friends, strong with the information published recently in the newspapers and aware of the great confidence that I have in this movement, I know that you will cast a positive vote on Thursday, September 10 — on REFERENDUM day.

I assure you that the rights of each and every one shall be respected and upheld.

I thank you for your kind attention and rely upon your good judgment.

Respectfully yours,

Roland Colpron
Alderman of Ward No. 3
Chateauguay Centre.

LEGION NEWS in CHATEAUGUAY

Chateauguay Branch 108

The regular monthly meeting of the Chateauguay Legion, was opened by Vice-President Phil Chartrand, President Jobber being absent.

Thirty-six members were present when Phil Chartrand introduced Mr. LaRue who talked on the proposed hospital for the Chateauguay area. He solicited door to door canvasers to cover Chateauguay Heights for the purpose of obtaining signatures to a petition for a hospital. Questions from the floor were invited and answered. Mr. LaRue stated that it is hoped to receive funds from the Provincial Government to erect the building but no mention was made as to how it would be maintained.

By a unanimous vote, Comrade Bill Smith was elected as Honorary Vice-President of the Branch filling the vacancy caused by the passing of the late Louis Smith. He was duly installed by Comrade Phil Chartrand.

One new member, Kenneth Wilkinson, was installed with Comrades John Ross and Hartland Rowell assisting the chairman.

Service Officer

Forty cases completed as previously reported by Comrade John Ross, and this is the first meeting at which he had no new cases to report.

Publicity

Comrade Harry Robinson reported he was preparing ads for Corn Roast, Track and Field, and offering our present quarters for sale.

Track and Field

Comrade Tony Croft stated that the Chateauguay Valley Track and Field will be recognized as an official section at representative of the A. A. V. of Canada. Further one of the three A.A.V. Provincial meets next year will be alocated to Chateauguay

Motion re Dues

Comrade H. Robinson made a motion that the yearly dues be raised from $5.00 to $7.00. Passed unanimously. It was explained that years ago the branch paid over to Provincial Command $3.00 leaving $2.00 per member. We now pay $5.00 to command, and the need for the increase in dues was apparent.

Poppy Fund

Comrade Harty Rowell has again accepted the chairmanship of this branch activity. He appealed for a good working committee.

Building Fund

The ticket for the winner of the monthly draw for the Building Fund was picked by the newly-installed Hon. Vice-Pres. Bill Smith, and the winner was Harty Rowell, the ticket number 86.

Ste. Agnes

Enjoy Pleasant Holiday

STE. AGNES — Mr. and Mrs. J. B. Quenneville accompanied their son and daughter-in-law, Mr. and Mrs. Leo Quenneville of Joliette on a pleasant holiday last week, when they enjoyed a motor trip through parts of the United States. They spent a day in Washington, D.C. where they toured the White House and also visited the National Cemetery at Arlington, Va., including the grave of the late President, John F. Kennedy.

The Quennevilles spent a brief time in New York City and enjoyed an evening at the races in Saratoga Springs, returning home via the Adirondack Mountains, enjoying thoroughly the beautiful scenery en route.

Visit Granby Zoo

Mrs. George Sutton, daughter Wendy, little Miss Margaret Ann Sutherland and Master Derek McCracken accompanied by Mrs. George Cookman, Mrs. Lloyd Hadley and daughter Susan of Lacolle enjoyed a delightful visit to Granby Zoo on Wednesday of last week.

Visit Relatives in California

This past week, Mr. and Mrs. John Leslie left by train on an extended visit to their son-in-law and daughter, Mr. and Mrs. Lester Davidson and family and also to another daughter, Miss Doris Leslie, who make their home in Rodundo Beach, California.

On the return home, Mr. and Mrs. Leslie plan to spend some time with Mr. Leslie's brother in Vancouver, B.C.

Members of the community join in wishing Mr. and Mrs. Leslie a pleasant trip, and much happiness in renewing the strong bond of family kinship.

Participates in Competitions

Mr. and Mrs. George H. Sutton spent the week-end in Mount St. Bruno and Sherbrooke, where George participated in Labour Day week-end rifle competitions.

Mr. and Mrs. Ronald Fleming and Craig of Ottawa, Ont., spent the Labour Day week-end at the Fleming and Elder homes.

Mrs. Gregor Leslie spent several days last week with her sister Mrs. Lyle L. Currie in Bombay, N.Y.

Mrs. Ella Anderson of Cornwall, Ont., was a week-end guest of her sister, Mrs. Olive Arnold.

Church Notes —

Service Cancelled

Service in Zion United Church will be cancelled this Sunday morning, Sept. 13th., to allow the student minister to have a brief, well-earned holiday. In the announcement concerning the cancellation of the service, Mr. Martin encouraged the members of the congregation to choose a church of their choice and attend worship as usual this Sunday morning.

Mr. and Mrs. Martin and Heather are holidaying in the Rideau Lake District. We hope their vacation will be restful and relaxing, and provide that very necessary break before the fall term at College begins in a few short weeks.

Service at Lake

The summertime services at Lakeside terminated for this season with the Sunday morning worship.

As has been previously stated, the Hi-C group has been present each Sunday morning to lead in the service of song. To show their appreciation to the young people in a tangible way, the congregation at the Lake made a generous presentation to them to help the group finance an endeavour of their choice. For this, the Hi-C are most grateful, and are happy that they, in some small way, are able to help in leading the Sunday morning worship service in God's great outdoors.

Malone Golf Club Championship To George Gokey

George Gokey won a five and four victory over Jon Proudfoot to retain his Malone Golf Club Championship, in a 36 hole match played at the Malone Golf Club last Saturday, September 5th. The match ended on the 32nd hole with Gokey 5 holes up with 4 to play. Gokey was hard pressed for the first nine holes when Proudfoot finished at even par for a one up lead, but finished the second nine strong with a one under 35 to take a 3 up lead after the first 18 holes Gokey's medal score was an even par 72, Proudfoot was 3 over at 75.

Proudfoot made a strong bid to catch Gokey at the start of second eighteen, winning the third and fourth holes, losing the fifth and then winning the sixth, this cut Gokey's lead to 1 up. Proudfoot then ran into trouble off the tee and lost the next four holes, 7, 8, 9 and 10 to go five down. Proudfoot managed to win the eleventh hole, but Gokey came back to win the twelfth, to go back to five up. Both players bogied the thirteenth, then on the fourteenth and final hole, after Proudfoot had dropped a 25 foot putt for a birdie, Gokey sank his short 5 foot birdie putt to end the match.

Gokey was four strokes over par for the thirty two holes, while Proudfoot was nine over.

Aubrey-Riverfield

AUBREY - RIVERFIELD — The September meeting of Aubrey-Riverfield W.I. was held on Thursday afternoon at the home of Mrs. Melbourne Stacey. Twelve ladies answered the Roll Call by reading or telling something interesting about another W.I.

A minute's silence was observed in memory of a beloved member, Mrs. Earl Ness, and was followed by a short "In Memoriam" read by the secretary, Mrs. Finlay Milne.

Letters of appreciation for sympathy were read from the family of the late Mrs. Earl Ness, as well as a note of thanks from the family of Mrs. Annie Gruer, for the sunshine box, visits and cards from members of the W.I.

A vote of thanks was sent to Mr. Jack Hamilton — who so kindly delivered several boxes of books to the Ranfurly Library and the Christmas stockings to "Save The Children Fund". Mrs. Milne read several items from the Executive meeting at Macdonald College. Plans were completed for catering to the 4-H Club Day at Robert E. Ness' on September 19th. It was decided that the price of the noon meal would be raised this year to forty cents (40c) for Club members and sixty cents (60c) for adults.

The "Declaration by Canadian Women" was discussed but as none of the ladies had heard the specific programs mentioned it was felt it would not be logical to sign the petition. A suggestion was made that when a programme was seen which pleased the members a letter of commendation be sent to the CBC and thus encourage the production of similar programmes.

The Finance Committee is planning to hold a Euchre party in the near future.

Current Events — **Agriculture** — Grant of $115,000.00 in prizes to encourage farmers in the "La Belle Province" to clean up and beautify then premises before 1967.

Education — Discipline in schools appraised and McGill lady musician says "Beatles are nice boys".

Home Economics — Synthetics outlast cottons — when cottons are treated for wrinkle resistance their durability is reduced by 30 - 40%.

Publicity — Business of Agriculture.

Welfare and Health — Good news for childhood Cancer.

The Publicity convener having asked to be relieved was replaced by Mrs. Florence Johanssen until the end of the present term. The meeting closed with the singing of "God Save The Queen." A mystery drawing arranged by Mrs. Myra Walsh was won by Mrs. Annie Hamilton and proved to be a pair of pillow cases. Refreshments provided by hostesses Mrs. Stacey, Mrs. Math McKell, Mrs. Osborne Orr and Mrs. Finlay Milne were enjoyed and a social hour spent. The next meeting will be held at Mrs. Florence Johanssen's home on October 1st, at 8 p.m., when the members are planning a quilting bee.

Mr. and Mrs. Gordon Easton enjoyed a trip to Ontario last week when they visited their nephew Bert Easton in Toronto and Mr. and Mrs. Bill Easton in St. Thomas.

Mr. and Mrs. George Kees accompanied Mr. and Mrs. Willard Orr to Hamilton, over the week-end, having been called there by the illness of Mrs. Charlie Wylie. We wish her a speedy recovery.

Mr. and Mrs. Dick Bunbury, Ina and Cindy were Labour Day guests of Mr. and Mrs. Robert Templeton. Wynn who had spent the past week with her grandparent's returned home with them.

Riverfield Curlers held a successful dance on Friday evening in Clifford Brown's new barn. On leaving the dance Mr. and Mrs. Roy Angell found their car had been stolen. The police found it the following day with the five wheels missing and quite a bit of damage done to the car.

Mrs. Margaret Angell is enjoying two week's vacation with her family. She accompanied Mr. and Mrs. Wm. Husband and Phyllis Whyte to Toronto for the Labour Day week-end.

ROCKBURN

ROCKBURN — Mr. and Mrs. Don Brown and family of Cornwall, Ont., are vacationing at the home of her parents, Mr. and Mrs. J. Sloan.

Mr. and Mrs. Allan Wilson were recently in New York City and spent several interesting days at the World's Fair.

Mrs. W. G. Trainer and Mrs. John Sprague were Monday afternoon visitors at the Trainer home. Other callers at the same home were Mr. and Mrs. Crawford Anderson and family of Pointe Claire.

Mr. and Mrs. Minchinton, and daughter Beverley and Audrey spent Sunday with friends in Montreal, Miss Beverley remained in town after spending the week-end with her parents.

Rockburn Presbyterian Church News

Church services were resumed here last Sunday morning when many visitors attended from Rennie's United and Franklin congregations. Miss Alice Cain and Mr. Arden Douglas sang a duet, "Beautiful Isle of Somewhere" which was much in keeping with the splendid sermon delivered by Mr. Cunningham, our student minister. The basket of flowers at the front of the church were placed there by Mr. and Mrs. Keith Dunn, in memory of her mother, Mrs. S. McNeil.

On Sunday, Sept. 13th, the Sacrament of the Lord's Supper will be dispensed in this church, when Dr. Ritchie Bell will be in charge of the service.

Mr. Stanley Arnold who recently underwent a serious, but successful operation for Parkinson's Disease in the Neurological Division of the Royal Victoria Hospital, Montreal is now recuperating at the home of his brother-in-law and sister Mr. and Mrs. Bert Rennie. This operation is still in its infancy; some victims can be operated on, while others cannot. Mr. Arnold was one of the fortunate cases, and we trust he may be spared to enjoy many years of good health. Mr. Arnold retired in April from his work at the Canadian Customs at Trout River.

Mr. George Arleit and friend of Toronto, Ont., visited here a few days last week, and on their return trip were accompanied by Mrs. Hazel Farquhar who intends to remain for some time in that city. While here Mr. Arleit disposed of his property, adjoining the Wm. Hoyer farm, to Mr. Floyd Douglas who in time plans to erect a home for himself.

Mrs. Everett Lindsay entertained the Women's Institute last Wednesday evening with a good attendance.

Miss Ilda Winter of Montreal is visiting with Mrs. Myrtle Blair.

BETTING IN MILLIONS

OTTAWA (CP) — Paramutuel betting at all Canadian racetracks during 1963 amounted to $203,056,267. Provincial taxes on this amount were $13,783,104, and the federal levy was $1,015,223.

POWERSCOURT

POWERSCOURT — On Tuesday Sept. 1st. Mr. Natis went to Dorval Airport where he met his father, mother and sister Marie, also his two little sons who had spent the past year with their grandparents. The family flew from Tripoli, Greece and will make their home with Mr. and Mrs. Natis Jr. who live on the McHardy farm at Powerscourt Corner. We welcome these newcomers to our midst and wish them every happiness in their new home.

Mr. and Mrs. James Crawford and Mrs. Mae Jones of Howick spent Wednesday with Mr. and Mrs. E. M. Wood.

More changes in this community: Mr. and Mrs. Stanley Hamilton and two boys are now in residence at the farm recently bought from Mr. Bill Syktus. Welcome to these new neighbors.

Mr. Syktus has moved to one of his cottages at Powerscourt Corner.

Mrs. Henry Wallace and her mother, Mrs. Whelen, were Thursday luncheon guests of Mr. and Mrs. E. M. Wood. Mrs. Whelen left on Saturday for her home in Fort Coulonge after a week's visit with Mr. and Mrs. Wallace.

Recent callers at the Koski home were Mrs. Louis Cusson, and Mr. and Mrs. Pinsoneault and three children, all of Ste. Martine. They also enjoyed a picnic at the Dam.

Miss Norma Barr of LaSalle spent a week with her cousins, Mr. and Mrs. George Atcheson.

Congratulations to Mr. and Mrs. Jackie McGowan on the arrival of a baby boy, and to Mrs. Bertha McGowan the new grandmother and to the great grandparents, Mr. and Mrs. Albert Rosevear.

Mr. John Natis of St. Louis, Miss., motored here to visit his parents after their arrival from Greece. He was accompanied by Mr. Art. Houser, and John Kolowtronic.

Miss Marion Dawson of Howick spent a week with her uncle and aunt Mr. and Mrs. Geo. Atcheson.

Mr. Arthur Taylor left on Friday to spend some time with his daughters, Mrs. A. G. Fraser at Brampton, Ont., and Mrs. Jessie Watchorn, Ajax, Ont.

Friday visitors of Mr. and Mrs. Henry Wallace were Mrs. Bidner, Astred, and Renate all of Dunham. Astred will leave soon to spend some time in Germany and Renate will be teaching in Montreal.

Threshing operations are practically completed in this district and corn cutting is still in progress. The corn crop has been a very good one.

Callers last week at the McHardy and Ronald Wood homes were their cousin Mrs. Bruce Martinet and Skire, Malone, N.Y., and Mrs. Ken Vivelemore and Julie, Chateaugay, N.Y.

Mr. and Mrs. Raymond Lewis and two children and Mrs. Webb, all of Montreal spent the weekend at Primrose Cottage.

MACHINES CLOGGED

HALIFAX (CP) — Bread dough, left in mixers when 62 employees at one of the province's largest bakeries walked off the job on a Saturday to protest working hours, rose up and spilled over machinery during the weekend, literally gumming up the works. The machinery was cleaned up by plant supervisors Monday and the dough disposed of.

ORDO
EGLISE ST-JOSEPH
HUNTINGDON

13 SEPTEMBRE — 1964 — SEPTEMBER 20

Liturgie — Non, çà ne va pas tout seul! On se marie... et c'est chic! Les caméras déclicnent... les confetti volent, un dernier au revoir de la main gantée... et filons vers le bonheur! Evidemment, ça ira tout seul, car on s'est préparé. L'entrée à l'église, un succès; la musique, une heure du ciel; la robe de la mariée, une création adorable; la réception, quelque chose de formidable. Hélas! ce n'est pas cela, préparer son mariage. Et même si l'on croit que ça ira tout seul, çà n'ira pas tout seul. Attendez! — "Docteur, çà ne va pas." — "Notaire, je voudrais éclaircir nos problèmes financiers." — "Maman, on a de la misère à arriver." PREPAREZ VOTRE MARIAGE en suivant le cours de Préparation au mariage. Vous ne le regretterez pas!

Liturgy — The Pharisees did come to put Jesus to a test. We classify all Pharisees as proud snobs — but let's give credit where credit is due. The Pharisees did do a lot of penance, sincerely, — penances that we ourselves might back away from. Jesus did not jump on them. He answered their question clearly, politely, lovingly. He related the great commandments in the Law: " You shall LOVE the Lord your God with your whole heart, with your whole soul, and with your whole mind. You shall LOVE your neighbour as yourself." We should do our best to like them but we are not commanded to like them. We are commanded to LOVE: to be kind to them, to help them.

Participation du Ministère de l'Agriculture à l'Expositionde Québec

Comme par les années passées, le ministère de l'Agriculture et de la Colonisation apporte son concours à l'Exposition provinciale de Québec qui se tiendra, cette année, du 4 au 13 septembre dans la Vieille Capitale.

Cette exposition constitue, en effet, pour les agriculteurs du Québec, un événement de première importance. Les différents concours attirent les principaux producteurs du Québec et permettent de faire le point sur la valeur de la production agricole chez nous.

La contribution du ministère de l'Agriculture et de la Colonisation est tout à la fois d'ordre financier, matériel et technique.

Au point de vue financier, le ministère contribue de façon substantielle aux bourses en argent offertes par la Commission de l'Exposition aux meilleurs exposants de bétail.

Au point de vue matériel, le ministère organise plusieurs stands éducatifs. Ainsi, au pavillon des Arts domestiques, on pourra voir cette année un stand sur les herbages et des exhibits sur la "Petite Ferme" et le "Jus de pomme". Au pavillon de l'Agriculture, il y aura un stand sur "L'art de produire et de consommer".

Au point de vue technique, le ministère met à la disposition de l'Exposition plusieurs spécialistes en agronomie pour le jugement des divers concours: bovins, porcs, moutons, volailles, fruits et légumes.

Finalement, sous la présidence de son ministre, l'honorable Alcide Courcy, le ministère offrira, mercredi soir, le 9 septembre, en la salle du Palais central, un banquet aux lauréats du concours du Mérite agricole et du concours du Mérite du défricheur. Il y aura alors proclamation des gagnants de la Médaille d'or et remise des décorations et prix aux gagnants des différents concours.

Exposition annuelle du Cercle des fermières de Hemmingford

L'exposition annuelle du Cercle des Fermières de Hemmingford a eu lieu vendredi le 28 août à la salle paroissiale. Les membres, quoique peu nombreuses actuellement ont exécuté pendant l'année quelques pièces vraiment magnifiques dans les différentes sections de couture, broderie et tricotage; les tartes et les gâteaux avaient à la fois bonne apparence et bon goût et il y avait une excellente collection de plantes, fleurs et légumes. Des 21 membres, 14 présentèrent des articles dans les différentes classes et l'on comptait un grand total de 135 entrées.

Les gagnantes de prix furent: section couture, tablier, Mlle Kathleen Perras, 2, Mme R. Priest. Couverture de grille-pain, 1, Mme R. Laplante, 2, Mlle K. Perras, 3, Mme W. Berthiaume. Robe de bébé, la seule entrée dans cette classe appartenait à Mme Gérald Ouimet. Mme Ouimet avait pris le magnifique pan en dentelle qui ornait le devant de la robe de mariée de Mme Réal Germain (née Pauline Smith) et l'avait arrangée en une robe de baptême d'une délicatesse et d'une beauté remarquables. Evidemment elle gagna le premier prix.

Les juges étaient: articles de maison et cuisine, une technicienne du département de l'Agriculture, Québec, légumes et fleurs, M. Léon Beaudin, agronome, Huntingdon.

A la convention-exposition annuelle du district tenue à Sherrington en fin de juillet, quatre articles furent présentés par la section de Hemmingford et furent très bien classés pour leur excellente qualité. Une jupe de dame, décorée de broderie suédoise, travail de Mme Roy Holmes, reçut tous les honneurs. Une blouse et des pantalons de dame furent soumis par Mme Gérald Ouimet, une paire de draps et de taies d'oreiller avec une bordure en dentelle crochetée, dûes au travail de Mme R. Priest, et un ensemble pour bébé, travail de Mme R. Laplante, furent aussi présentés.

La réunion annuelle des Fermières aura lieu à la salle paroissiale le deuxième mardi du mois d'octobre à 8 p.m. et toute dame voulant se joindre au Cercle est invitée de bon coeur. La présidente est Mme Roman Priest et la secrétaire, Mlle Yvonne Stringer. Une liste complète des officiers et un rapport de l'assemblée annuelle seront soumis en octobre.

Questions et réponses

Q. Le BRUIT ne fait pas de bien. Le BIEN ne fait pas de bruit. Voilà ce que l'on nous dit, dans nos mouvements d'Action catholique. La peur de faire du bruit paralyse nos apôtres. Est-ce bien ce que veut l'Eglise?

R. On abuse de cette maxime lancée autrefois par le P. de Falvelly: "Le bruit ne fait pas de bien; le bien ne fait pas de bruit." Il voulait combattre la vaine gloire, qui stérilise souvent les bonnes oeuvres, selon la parole de Notre-Seigneur, dans le Sermon sur la montagne: "Gardez-vous de faire vos oeuvres devant les hommes pour être vus d'eux.. Quand tu fais l'aumône, ne sonne pas de la trompette devant toi, comme font les hypocrites afin d'être honorés des hommes. En vérité, ils ont reçu leur récompense" (Matt. ch. 6)" c'est donc l'intention vaniteuse que Jésus condamne.

Auparavant le divin Maître avait invité à faire le bien ouvertement pour donner le bon exemple: "Vous êtes la lumière du monde. On n'allume pas une lampe pour la mettre sous le boisseau, mais sur le chandelier, afin qu'elle éclaire tous ceux qui sont dans la maison. Qu'ainsi votre lumière brille devant les hommes, afin que, voyant vos bonnes oeuvres, ils glorifient votre Père qui est dans les cieux" (Matt. V, 14).

L'Eglise glorifie les Apôtres par cet éloge: "Le bruit de leur voix s'est répandu dans toute la terre, et leurs paroles jusqu'aux confins du globe." (Ps. XVIII, 4). Car le Christ leur a dit: "Allez, enseignez toutes les nations (Matt. XXVIII, 19). Comment le faire sans bruit? C'est une ruse du démon qui inspire à certains chrétiens de se cacher pour faire le bien, afin de ne pas faire de bruit. Alors, les méchants s'emparent de la publicité et ils répandent le mal librement. De nos jours surtout, il faut que le BIEN fasse beaucoup de BRUIT pour gagner le monde au Christ; mais nos apôtres rediront: "Non pas à nous, Seigneur, mais donne la gloire à ton nom" (Ps. CXIII, 9).

Q. Le juste pèche sept fois par jour, nous a dit un prédicateur qui commentait le Livre Saint. Moi qui voudrait devenir juste, je n'arrive pas facilement à pécher sept fois par jour! Ne vaudrait-il pas mieux dire: Le juste évite de pécher sept fois par jour?

R. Voilà encore une maxime mal employée; elle est même faussée, car le Livre des Proverbes, dans la Bible écrit différemment: "Le juste tombe sept fois et il se relève" (XXIV, 16). Les mots par jour n'y sont pas! Un scribe aura confondu ce texte de la Bible avec un autre passage: "Sept fois par jour je vous adresse mes louanges" (Ps. CXVIII, 164). Par une trahison de mémoire, il aura fait passer le sept fois par jour des louanges au péché, ce qui est bien différent! Et des prédicateurs ont continué à répandre cette erreur déprimante; et le diable janséniste ricane! Cela fait penser aux citations fantaisistes de la Bible que font les Témoins de Jéhovah.

De plus, notez que le texte dit: "Le juste tombe sept fois et il se relève". D'après le contexte, il s'agit ici de tribulations, d'épreuves, de persécutions. Ces chutes du juste peuvent-elles aussi signifier des fautes morales, des péchés véniels? Saint-Augustin répond: Non! et il explique: "Lorsque le juste tombera, il ne périra pas; ce qui s'entend, non pas des péchés, mais des tribulations qui conduisent à l'humilité". Sans doute, les justes, les saints eux-mêmes, peuvent chaque jour commettre des imperfections, étant donné la faiblesse de notre nature. Mais il ne faut pas en faire une règle ou une fatalité. Ils peuvent, avec la grâce de Dieu passer un jour, et même plusieurs jours, sans faire de péché. Alors, me direz-vous, on ne peut plus se fier aux prédicateurs? Vous prétendez qu'ils peuvent se tromper dans leur prédication! Je réponds: Eh oui! Ils peuvent faire quelques erreurs, par exception, car l'infaillibilité doctrinale est réservée au Pape et aux Evêques réunis. Nos prédicateurs jouissent de la même garantie, tant qu'ils restent dans la ligne des enseignements du haut magistère de l'Eglise. Donc ayez confiance et écoutez la prédication des prêtres catholiques, tant qu'ils restent catholiques.

Jeune travailleur qui es-tu? Où vas-tu?

La Jeunesse ouvrière catholique (J.O.C.) lance une grande enquête, dont le cadre est le monde du travail, afin de connaître le plus exactement possible les conditions de vie et de travail des jeunes travailleurs. La J.O.C. est un mouvement extrêmement dynamique. Ses membres ne cessent de travailler, d'agir en partant de réalités aussi vivantes que celles du travail. Son mot d'ordre: "Jeune travailleur, prends ta place comme personne humaine et chrétienne, dans ton milieu de travail, dans la société humaine", l'oblige à s'interroger constamment sur l'évolution de ce milieu, sur l'évolution de la société elle-même. Ses enquêtes sont extrêmement précieuses et sources d'informations multiples sur le milieu des jeunes travailleurs. Cette fois, l'enquête prend de l'ampleur. Elle servira de préparation à l'"Enquête Travail", lancée à travers le monde par la J.O.C. internationale. Elle aboutira, sur le plan national à une grande rencontre, les 1er et 2 mai 1965, donc dans un an, où tous les jeunes travailleurs du Canada seront conviés pour analyser cette pré-enquête qui s'ouvre présentement.

Il est temps, il est grand temps que l'on s'interroge sur l'intégration du jeune dans le monde du travail. Les statistiques démontrent que le nombre de jeunes chômeurs est impressionnant au Canada et particulièrement au Québec. L'automation, les techniques modernes exigent du jeune travailleur une compétence de plus en plus grande, une formation de base de plus ne plus poussée. Trop de jeunes abordent ce monde ingrat sans préparation suffisante, d'où frustration et naissance de multiples complexes. Vie sans joie parce qu'on n'aime pas son travail où qu'il ne débouche sur aucun avenir prometteur. Orientation mauvaise au départ, marquant toute une vie. L'intégration du jeune dans le monde du travail est dure et difficile. La responsabilité des adultes comme celle des jeunes sont engagées. Il faut y voir clair. Qui? La J.O.C. répond à cette question: "Le jeune travailleur c'est toi qui est technicien; toi qui est aide garde-malade; toi qui est secrétaire; toi qui es vendeur; toi qui es livreur de paquets; toi qui es manoeuvre; toi qui es couturière, enfin tout jeune travailleur, toute jeune travailleuse, collets blancs ou porteurs de salopettes. C'est à vous tous que la J.O.C. lance un appel pour faire de son enquête une réussite totale et cela dans votre intérêt à vous tous.

Le Gleaner de Huntingdon, journal des jeunes, appuie sans réserve l'initiative de la J.O.C. et l'assure de son entière collaboration.

Agence temporaire de SPN à Franklin Centre

Monsieur J. DeSerres, gérant du Bureau national de placement de Salaberry de Valleyfield, annonce que, pour la quatrième année consécutive, le SNP s'est vu confié le recrutement de la main d'oeuvre nécessaire à la récolte des pommes dans le région de Franklin Centre et Hemmingford, dans le comté de Huntingdon.

L'an dernier, le Bureau national de placement avait recruté 558 cueilleurs de pommes et la récolte avait atteint 550,000 minots. Cette année, on prévoit que la récolte atteindra 500,000 minots et emploirea environ 500 travailleurs. Cette diminution provient du fait que la récolte dans la région de Hemmingford a été endommagée par les intempéries.

Monsieur DeSerres nous informe, de plus, que son bureau opérera une agence temporaire de recrutement à la Coopérative de Franklin Centre à compter du 14 septembre prochain, pour toute la durée de la récolte, soit une période d'environ trois semaines. L'an dernier, les cueilleurs recevaient $0.20 le minot et les conditions de travail devraient être les mêmes cette année.

Toute personne intéressée à travailler à cette récolte est priée de communiquer avec le Bureau national de placement, 63a rue Champlain, Valleyfield ou 35, rue St-Laurent, Beauharnois ou 23, rue King, Huntingdon.

Centre de documentation de l'office de la langue française

L'Office de la langue française au ministère des affaires culturelles (1530, bd de l'Entente, Qué.) met à la disposition des Québécois un Centre de documentation comprenant une bibliothèque spécialisée (2.000 ouvrages, 80 revues), un service de renseignements par correspondance et un service de renseignements par téléphone (693-21-45 et 2134.

Le Centre est ouvert du lundi au vendredi, de 9 heures et demie à midi et de 2 heures à 4 heures et demie.

LAISSEZ LE CHAMP LIBRE

Couper la route à un véhicule qui suit, soit en le doublant, soit par une manoeuvre à l'improviste, est un sport qui conduit souvent à l'hôpital ou à la morgue, et qui est défendu évidemment. Après avoir doublé une voiture il ne faut pas reprendre la ligne droite avant de laisser suffisamment de distance entre les deux pour que celui qui vient derrière ne soit pas obligé d'appliquer soudainement ses freins à fond.
