25th ANNUAL ROTARY FAIR

ROTARY SEEKS TO MAKE THE DREAM
— A REALITY —

BELVEDERE STREET ARMOURY

THURSDAY — FRIDAY — SATURDAY — OCTOBER 25 - 26 - 27

CHILDREN'S FAIR — SATURDAY AFTERNOON

The President's Message

This year the Sherbrooke Rotary Fair celebrates its 25th anniversary. It is an occasion of which we, as Rotarians, are justly proud.

It has come a long way from its first humble beginnings. It has grown with the years but only because it has received the whole-hearted support of the people of Sherbrooke and the Townships.

We will be assisted again this year by numerous friends, without whose help we could never carry on this enormous undertaking. Our chairmen and their committees have been working for months planning what we expect to be our best fair yet.

The Rotary Club's only means of raising money is through this annual fair. It is the means whereby we are able to provide treatment for crippled and underprivileged children, one of our major projects, and this without regard to race or religion. It provided the funds for a cabin at the Crippled Children's Camp at Ayer's Cliff this year as

ARTHUR KERRIDGE

well as for numerous other charitable donations. Naturally the help we can give is limited by the success of our fair.

That is why I would urge each one of you to come to the Belvedere Street Armoury on Thursday, Friday and Saturday. Come to enjoy yourself! Come to win prizes! Come to help others less fortunate!

Activities Differ But Objectives Remain The Same

Wherever Rotary Clubs are located — in the United States of America or the Union of South Africa, in Sweden or Switzerland, in Argentine or Australia, in any of 99 different countries and geographical regions — the activities of Rotary Clubs are based on the same general objectives.

True, Rotarians meet and they eat at weekly luncheons or dinners — but their activities go far beyond these meetings. Rotarians find many outlets for their activities, both in committee work and as individuals. Rotarians are active in civic and community welfare work, in leading boys and girls into good citizenship, in the betterment of rural-urban understanding, in helping boys' clubs and youth movements, in giving counsel in occupational guidance, and in many other useful activities.

The Rotary Club does not endeavor to promote civic activities rightfully belonging to other organizations, but every Rotarian, as an individual, is urged to participate in all activities which make his community a better place in which to live.

Rotarians are active in raising the standards of their own business and professions, and of their entire vocation.

Throughout the world, Rotarians of many diverse nationalities are working together — through correspondence, personal contacts at Rotary International Conventions and in their travels, and through study of the history, economy and culture of other countries — for the advancement of international goodwill and peace.

Rotary Club Has Helped Many Groups

The Sherbrooke Rotary Club has spent over \$215,000 in aid of both English and French-speaking organizations in and around Sherbrooke, including the following:

Air Cadets, Toc-H, Bien-Etre de L'Enfance, boys' and girls' work, Catholic Federated Charities, Child Welfare Clinic, Community Chest, Catholic Women's League, L'Assistance Maternelle, St. Vincent de Paul (blood transfusion), Victorian Order of Nurses, Y's Men's boys' camp, YWCA (membership), Hospice du Sacre-Coeur (toys), Home Service Campaign, St. John Ambulance, Salvation Army, Sherbrooke Library, Junior Welfare League, Canadian Legion, Anti-TB campaign, Boy Scouts' camp, boys' and girls' Calf Clubs, Les Scouts Catholiques, crippled children's assistance, C. N.I.B., I.O.D.E. Milk Fund.

Sherbrooke Hospital (blood transfusions), Shriners Hospital, Y.M.C.A. (membership), I.O.D.E. (Lennoxville), Canadian Red Cross, Prisoners of War Association, United Nations Children's Fund, Anti-TB League, food parcels for overseas, Christmas fund for needy children, and the crippled children's camp at Ayer's Cliff.

GREETINGS

From the LIONS to the ROTARIANS

ON THE OCCASION OF THEIR
25th ANNUAL FAIR

The Lions of Sherbrooke are happy to extend their best wishes to the members of their brother service club and wish them every success in their undertaking.

The Lions Club of Sherbrooke

Frank Patafie, President for year 1956-57.
Dr. Georges Saine, Immediate Past President.

Ernie Lindell To Feature Children's Day Program

Ernie Lindell and his Rhythmaires, local television and radio stars, will be featured on the children's afternoon program at the Rotary Fair this year.

A special program for the youngsters has been arranged for Saturday afternoon from two to five o'clock in the Belvedere Street Armoury. Parents are invited to bring their children to the event, which promises to be filled with attractions for all.

In addition to the appearance

of Ernie Lindell, his wife, Candy and the rest of the group, the children will be treated to special rates on most of the games. As well as the many prizes offered for the various games, there will be a drawing of door prizes.

All parents and children will be admitted free to the Armoury.

In charge of this year's program is John Mathias, assisted by Guy Desmarais and Jeff Wilson.

Fur Coat Special!

ATTENTION WINNERS! This is for you! Any and all winners at any and all games at the Rotary Fair are eligible to try for this special prize offered for the first time — an elegant fur coat fashioned from the finest muskrat backs and created by A. Martin and Co. As you become a winner at any one of the many booths, you will receive a ticket. This ticket, with your name on it, will be dropped in the special box for only 25 cents extra. On Saturday night when the drawing takes place, you may be the lucky one to claim this handsome new coat!

Hampshire and southern Quebec.

Mr. Cowles is an attorney-at-law in Burlington, Vt., and is a member and past president of the Rotary Club of Burlington. He has served as president of the Burlington Community Y.M.C.A., vice-president of the Burlington Community Center, director of the Vermont Church Council and as a trustee of the Burlington Boys' Club.

He was elected as a district governor of Rotary International for the 1956-57 fiscal year at Rotary's 47th annual convention in Philadelphia last June. He is one of 248 district governors.

ROTARY GROWS

On September 26 there were 9,202 Rotary Clubs and an estimated 434,000 Rotarians in 99 countries. New Clubs since July 1, 1956 totalled 63.

The Object Of Rotary

The object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

The development of acquaintance as an opportunity for service;

High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying by each Rotarian of his occupation as an opportunity to serve society;

The application of the ideal of service by every Rotarian to his personal, business and community life;

The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional men united in the ideal of service.

In the past fiscal year, seven countries have been added to Rotary's roster — Angola, Iran, Iraq, Jordan, Netherlands, New Guinea, Ruanda-Urundi and Swaziland.

TIMELY LETTER

Recently Hanne Arkil, a Rotary Foundation Fellow sponsored by the Rotary Club of Haderslev, Denmark, was a guest speaker at the Rotary Club of Sherbrooke, Que., Canada. The president of the latter Club wrote to the President of the Rotary Club of Haderslev, telling of Hanne's visit, and the letter arrived the very day her mother was a guest of the Haderslev Club in Denmark!

PRESIDENTIAL HONORS

Reported last month was the Panamanian honor conferred upon President Lang by Panama's Minister of Foreign Affairs. Two other honors have since come to him: one in Canada, the other in Italy. In Toronto, Ont., the Iroquois Indian Confederacy named him "Chief Ganadeyo", meaning "pretty home", the reference being to the world and the efforts of Rotary's President to make it better. In Livorno, Italy, the President's home, the Provincial Commissioner conferred upon him the title "Grande Ufficiale al Merito della Repubblica".

We'll see you at the Rotary Fair!

RECENT VISITOR — District Governor Richard H. Cowles visited the Sherbrooke Club last week on his official tour of clubs in District 287. Pictured above from the left are Cliff Bryant, Vice-President of Sherbrooke Rotary; Doug Stevenson, Canadian Director of Rotary International; Governor Cowles; Past District Governor George Ewing and President Art Kerridge. (Record photo by Gerry Lemay)

Doug Stevenson Appointed R. I. Canadian Director

Douglas Stevenson, a member of Sherbrooke Rotary Club since 1930, was elected to the office of Canadian Director of Rotary International this year at the International Convention in June.

Sponsored by the Sherbrooke club as a nominee, Rotarian Doug took over the position as

one eminently qualified for the responsibility. As well as the keen interest he had shown in the local club activity, he was the Sherbrooke President in 1933-34 and had served on all the major committees.

Prior to his election as Canadian director he had obtained

considerable experience on various committees of Rotary International. In 1939 he was a member of the Canadian Advisory Committee, and in 1940 was elected the committee president. In 1940, he was on the R. I.

DOUG STEVENSON

nominating committee for president, as well as a member of the Rotary Refugee Placement Committee.

Chairman of the 1941 Convention Committee, Doug was also chairman of the Rotary Foundation committee in 1945 and a member of the same committee in 1946. He has also been Sgt.-at-Arms for the R. I. Assembly since 1951.

Although he was appointed chairman of the Convention Committee for the 1942 Toronto Convention of R. I., Doug participated in the preparatory work until July 1941, then resigned to join the Air Force.

Following his discharge from the force in May, 1945 with the rank of Squadron Leader, he was asked to act as chairman of the Rotary Foundation Committee which was charged with the

responsibility of making a thorough survey of the history of the Foundation and of recommending to the Board what should be done about continuing it. The Foundation, as it is known today, is largely the result of this Committee's work.

In the five years as Sergeant-At-Arms at the International Assembly at Lake Placid, Doug has had the opportunity to be

come familiar with the broader aspect of Rotary and has made a host of friends throughout the entire Rotary world.

Apart from his Rotary work, Doug has been president of the Sherbrooke Life Underwriters Association and Vice-President of the Sherbrooke Chamber of Commerce. He is a representative of the Great West Life Assurance Company.

Wide Range Of Topics Covered By Speakers

Rotary speakers at the Sherbrooke Club during the past year have come from a number of different places and spoken on a wide variety of topics.

In January Jack Dunfield spoke on defective wiring, past district governor George Kidder of Burlington, Vt., on Rotary information, Cal Murchison of Ottawa on Unemployment Insurance, Howard Woollerton on Customs and Immigration and Dr. L. Laberge on Health.

Miss Hanne Arkil of Denmark, a Rotary Foundation Fellow studying at McGill addressed the club in February as did Dr. Jacques Olivier, Vernon F. McAdam, Executive director of the

Boy's Club of Canada, and Rev. Vaughan Wilford.

In March, the annual public speaking contest between boys of the various high schools of the district took place followed by the movie of the 8th World Scout Jamboree, a musical night which featured the Rand Male Chorus, and a talk on Vocational Service by Past District Governor Guy Foster of Manchester, N.H.

Dr. Leo Yatta of the Department of Chemistry at McGill University addressed the club in April on the peacetime use of atomic energy. There was also a joint meeting with the Optimist Club when the speaker was the U.S. Consul General, R. M. Davis,

general sales manager of Atlas Steel of Welland, Ont., and Dr. Margaret E. Nix, assistant professor, Department of Health and Social Medicine of McGill University who addressed a ladies' night, completed the month's program.

The Rotary Spring Conference occupied the first week in May after which the speaker included Mayor Armand Nadeau, H.P. Capozzi, television program director for station CBMT, Evender Veilleux, Q.C., who spoke on the "Mayas" of Yucatan and two boys who attended the Model General Assembly of United Nations at Plymouth, N.H., Robert Home and Terry Murphy.

In June the speakers were Clark Middleton Hope of Hudson Heights and Rev. Norman Rawson of Montreal, at a joint meeting with the Kiwanis Club. The remaining two meetings were taken up with reports of

the International Convention and annual reports by committee chairmen.

The noon meetings started in July and the speakers were as follows: John Bassett, Jr., president of the Canadian Daily Newspapers Publishers Association on "Empire Trade"; D. A. Stevenson, director of Rotary International on "R. I. Organization"; Gaston Cote on "Engineering and the College Student at the new University of Sherbrooke"; Aime Biron on "Civil Defence" and Henry MacFarlane of Montreal on "A Day at the Crippled Children's Camp."

The month of August showed a wide diversity of topics. Dr. Brigham Day of Montreal addressed the Club on "The Canadian Theatre"; Lloyd MacPherson of Stanstead spoke on a recent trip to Scotland and England; H. C. Gonthier of Montreal discussed "Road Safety" and the entertainers from the Sherbrooke Exhibition put on their usual excellent performance.

George Logie of Sherbrooke reported on the Duke of Edinburgh's Study Conference at the first meeting in September and C. H. Hall of Montreal gave an

International Executive

Air Cadets Receive Good Training

Since 1940 the Sherbrooke Rotarians have been successfully sponsoring an Air Cadet Squadron and the value of this work during and since the war has been tremendous.

Within a few short months of the time the Rotary Club began its Air Cadet Squadron, 150 boys were in uniform. Under good and careful instruction, they underwent the training laid out in the R.C.A.F. syllabus.

The squadron compiled an outstanding record during the war years, and while at that time its work was of vital importance to the war effort, its accomplishments in the training of young men since the war ended has been

of no little significance.

Not only does the Air Cadet League produce young men capable of maintaining this country's air strength, but it teaches them the fundamentals of good citizenship so important to their success in taking their place as adults in our society.

F/L L. D. Audet was the first officer to command the Rotary Squadron and continued to do so until 1947 when F/L J. A. Archambault took over for a year. He was succeeded by F/L Cliff Bryant and S/L F. G. Lord, the latter having commanded the squadron since 1948.

Until 1948 the activities of this 67th Rotary Squadron con-

sisted mainly of lectures and the annual two weeks summer camps at various R.C.A.F. bases. The squadron was always hampered by the lack of a flying field in the immediate vicinity but this was remedied in 1949 when several cadets were taken to the R.C.A.F. Station at St. Hubert for practical training. Attempts have been made to continue this idea each year.

The same year the Rotary Squadron program was widened considerably with the introduction of a course in aero-engines and advanced training in target rifle practice. A Rotary Challenge Shield for marksmanship was also donated by the local club in 1950. During the past few years the squadron has become noted for its marksmanship. In 1952, a picked team captured the Venis Trophy, denoting marksmanship supremacy in this province, at Montreal, and again in 1954.

Proficiency in training, too, has always been one of the trade marks of the 67th Squadron. In 1947 Air Cadet League headquarters named 46 cadets, drawn from the 15,000 Air Cadets in Canada, to participate in an exchange visit with their United Kingdom counterparts. One of these cadets was chosen from the Sherbrooke Rotary Squadron.

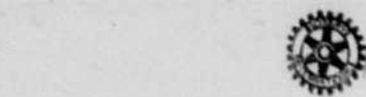

In 1950 something new was added with the beginning of lectures on navigation, meteorology and airmanship, preparing some of the older cadets for flying scholarships. Three Sherbrooke cadets passed local exams and went to Quebec for advanced training where two of them won their wings and private flying licences. Each year since then the squadron has sent at least one cadet to Quebec on a flying scholarship.

Rotary Past Presidents

Arthur W. Kerridge is the 37th President of the Sherbrooke Rotary Club. Others who have served in that capacity since 1919 are as follows:

ROTARIANS AT CONFERENCE — Delegates from 62 Rotary Clubs and their wives attended a three-day joint Rotary International Spring Conference of Districts 286 and 287 here this May. 450 guests are pictured above at the Governor's Banquet at which the Hon. Paul Martin, Minister of Health and Welfare was speaker. Governor Manning Moody of District 287, from Hanover, N.H., presided at the banquet in the Sherbrooke Regiment Armory. (Record photo by Gerry Lemay)

Rotary Spring Conference Was Year's Highlight

An outstanding highlight of the local Rotary Club program this year occurred in May, when the Sherbrooke club played host to the Rotary International Spring Conference.

The three-day affair was held from May 3 to 5 and was attended by nearly 500 Rotarians and Rotary-Anns from Canada and the United States. A joint conference of districts 286 and 287, it brought representatives from the 62 clubs in the districts. Sherbrooke was the single all-Canadian club, while the only other Canadian delegates came from Rock Island, part of the Derby Line - Boundary group. Other clubs were from Vermont and New Hampshire.

Special feature of the conference was an address by the Hon. Paul Martin, Federal Minister of Health and Welfare, at the Governor's Banquet Friday night. Other speakers were Francis Kettaneh, of Beirut, Lebanon, representative of R. I. President, A. Z. Baker, who spoke at the Friday luncheon; Lee V. D. Schermerhorn, International Counsellor who addressed a special breakfast for incoming club presidents and secretaries Saturday morning and Miss Hanne Arkil, Rotary Founda-

tion Fellow from Denmark, who spoke at the closing banquet Saturday noon.

Attending the conference were District Governors Ernest J. Erickson and F. Manning Moody, who were presented with past district governor pins Saturday noon.

Plenary sessions were held in the Premier Theatre Friday and Saturday mornings and in the Sherbrooke Regiment Armoury Friday afternoon. Rounding out the business agenda were a Rotary Town Meeting and joint Rotary Service Assemblies.

Various musical groups performed at each social function during the conference. These included appearance of the Granby Boys' Choir, the Sherbrooke Lime-twigs, a local instrumental trio under direction of Horace Boux, and the Magog Army-Navy Pipe Band. A precision drill was presented by the Rotary Squadron Air Cadets following the Governor's banquet.

Rotary-Anns were treated to a fur fashion show at Rockcliffe Friday, when the famous Norman Hartnell collection was brought to Sherbrooke. Social activities were climaxed Friday night when

THREE NEW MEMBERS who joined the Sherbrooke Rotary Club this year are pictured above. They are from the left: J. U. Brazeau, classification railway executive; R. L. Clement, classification life insurance; W. M. Bradshaw, classification electrical appliances retail, 2nd active.

the Governor's Ball was held in the Sherbrooke Regiment.

General chairman of the conference executive committee was R. A. Webster, while Doug Stevenson and W. Sutherland were general co-chairmen. Others on the committee were President Hawley Griffith; Howard Woollerton, budget chairman; Gordon Armitage, secretarial chairman; Cliff Bryant, Air Cadets; David Green, Boy Scouts; Clarence Blake, transportation; Gerry Rockwell, meeting places; Dick Dixon, decorations; Carl Skinner, printing; Lyman Tomkins, entertainment; Ivan Saunders, promotion; Ernie Gilbey, housing; Alec Davidson, registration, and Rev. R. Tait, reception.

AWARDED MEDAL

Blind and deaf for nearly 75 years, Helen Keller has given a lifetime of help to the handicapped as an author, lecturer, and leader of the blind. For her service to humanity, Miss Keller was awarded the service Medal of the Rotary Club of New York, New York. "Always," she said as she accepted it, "I have admired the generosity with which Rotarians succor the handicapped. . . . I feel confident that the day will come when normal people everywhere will . . . give understanding and care to those who get left behind in the race of life."

COLONIAL GEM

Monument of colonial architecture, St. Andrew's church at Niagara-on-the-Lake, Ont., was built in 1831.

Fellowship Winner Hugh Doherty Is Good Ambassador

Sherbrooke's first Rotary Foundation Fellowship winner, Curtis Hugh Doherty, will be returning in January from a year's advanced study in New Zealand.

An honors graduate in history and philosophy from Bishop's University, Hugh was enabled through the Rotary Foundation, to study journalism at the University of his choice, Canterbury University College in Christchurch, New Zealand.

As well as studying, Hugh has been doing a good deal of travelling, seeing at first hand how the people live and visiting Rotarians in their homes and at their club meetings. Acting in the role of an unofficial Canadian ambassador, Hugh has won the respect and admiration of the New Zealand people. Letters received by the local club from many of

HUGH DOHERTY

the groups he has visited show how much even one goodwill ambassador can do to foster international understanding.

A letter from the Queenstown Rotary Club had this to say — "By a happy coincidence he (Hugh) was here just at the time we were entertaining a group of six Asian students who are studying at Otago University — two men from Ceylon, one from India and one from Malaya and two girls from Fiji. The whole party was together for two of the trips we arranged for them, and for a special International evening to which we invited the wives of Rotarians, Secondary School scholars and others interested. One of the students from each country addressed the meeting and Hugh took the opportunity of showing his slides of Canada. It was a very profitable evening for all concerned."

The Rotary Club of Wellington — "...Hugh is making a most favorable impression on all those with whom he comes in contact and his addresses have been of a

ROTARIANS in charge of booths and general committee at the Rotary Fair taking place this Thursday, Friday and Saturday are shown above. Seated from the left are: Hawley Griffith; Ivan Saunders; Bob Webster; Ernie Gilbey; Art Kerridge; Cliff Bryant, Howard Nichol. Second row: Bill Richardson; Doug Racey; Don Johnston; Mac Bradshaw; Nelson Lothrop; Cyril Pyge; Archie Mitchell; Phil Biron; John Mathias; District Governor, Dick Cowles. (Record photo by Gerry Lemay)

very high standard indeed."

The president of the Motueka Rotary Club — "May I compliment your Club on the choice of your Fellow, a very worthy ambassador of Canada . . . Hugh gave us an excellent picture of the Canadian way of life and impressed us all with the manner in which he has already acquired a very real understanding of New Zealand and its people."

Another Foundation Fellowship student, Hanne Grethe Arkil of Haderslev, Jutland, Denmark, visited Sherbrooke in May of this year and spoke to Rotarians at the Spring Conference of Districts 286 and 287, telling about her country, her people and their way of life.

Hanne was studying French and sociology at McGill University, Montreal, in preparation for a career in international relief work. She has also studied at the University of Edinburgh, the Copenhagen School of Economics and Business Administration.

These are only two of the young people who have received Foundation Fellowships. This year 122 more are taking advantage of the opportunity to study abroad, bringing to 827 the number of Rotary Foundation Fellowships which have been awarded to young men and women living in 61 countries of the world, since the program was inaugurated in 1947 in memory of the founder of Rotary, Paul Harris.

To be eligible for these Fellowships candidates must be between 20 and 29 years of age. They must have a college or university degree or they must be in their senior year, with a record of high scholastic standing, and a thorough knowledge of the language of the country in which they pro-

pose to study.

They must have the ability to make friends easily, be vitally interested in world affairs, and possess an instinct for leadership.

Rotary Fellowships are granted without regard to race, creed or citizenship.

Rotary Fellows have proved themselves to be unusually effective ambassadors of international goodwill, not only in the lands in which they do their graduate work, but also in their own countries after their year of study.

Rotary Foundation Fellowships are unique in that, with some 9,200 Rotary Clubs in 99 countries throughout the free world, the student is in direct contact with Rotarians and their families during his year away from home, no matter where he is studying. He attends their Rotary meetings, visits in their homes and places of business, and travels as much as possible during his school holidays. In this way, he sees at first hand how the people in his host

country live and, through these close associations, he lays the essential foundations for increased international understanding, which is one of Rotary's principal objectives.

Although the program is only in its tenth year, many Rotary Fellows already have shown promise that they may well be among tomorrow's leaders; they are teaching in universities and secondary schools — they have entered the foreign and domestic services of their governments —

they have been ordained as ministers of churches of various faiths — they are doing advance research work — and they are active in positions of leadership in diverse business and professional fields.

GIRL'S NAME

The Alberta village of Irma was named after the daughter of W. Wainwright, an official of the old Grand Trunk Pacific Railway.

The Importance Of Understanding

The following excerpt from The Rotarian was written by the president of Rotary International.

By GIAN PAOLO LANG

Since that memorable night last January when the Nominating Committee for President of Rotary International telephoned across the Atlantic to inquire whether or not I would accept its nomination, I have been thinking deeply about which might be the best objectives I could choose for my year.

Indeed they were not new thoughts, as for years I had been giving much consideration to several matters which, in my opinion, need more attention in Rotary. I came to the conclusion that it would be an extremely good thing if, rather than emphasizing the importance of increasing the number of Rotarians as we have in recent years, I might now stress the absolute necessity of increasing and deepening the knowledge of Rotary in all Rotarians.

In fact, we must admit that there are many Rotarians in many parts of the world who do not fully understand the organization to which they belong.

I am convinced that a strong effort should be made toward a better Rotary education for these friends of ours, as we cannot expect them to put their hearts and souls into Rotary without knowing it intimately. The following illustrates what can be achieved. It strengthened my own enthusiasm for Rotary.

I am referring to a certain Rotary Club which, until several years ago, was far from operating satisfactorily. Its members were not friendly; attendance was poor; there were no lectures or speeches at its meetings; briefly, everything in that Club helped to push the Rotary spirit away from it.

Then a new President was elected. He happened to be a man who was a keen follower of Rotary's ideals. He spoke separately to each member, telling him how much good he could find in Rotary, and in a short time he succeeded in stirring a real interest in the Club. He was able to transmit to the members a good deal of his enthusiasm. In a short while everything changed: fine fellowship prevailed, a high attendance record was established, the members were happy to

GIAN PAOLO LANG, President of Rotary International

meet their colleagues.

This shows what a really capital help to our cause a man can be—a man who is fully informed about Rotary and who feels deeply its spirit.

I believe that Rotary is basically a simple thing, and that we may be in danger of losing sight of the real Object of Rotary because we become engrossed in exterior forms and procedures. We must try to free ourselves from unnecessary overstructures, reclaiming the fundamentals of our organization. Let us be simple, for the simple way is often the best.

I recall the case of a very high managing official of a certain industry who was once approached about becoming a Rotarian. His position was one that commanded attention and respect, and I dare say that he was fully aware of this—and showed it.

He accepted the Club's invita-

tion, but at the beginning his attendance was very irregular. Obviously, he thought himself too important to mix with "ordinary men in the street." He thought that sitting next to a Rotarian of what he considered a "less dignified" classification than his own was something of a disgrace for him.

He continued to read his Club's bulletin, however, and slowly but steadily he commenced to find out that, after all, these Rotarians were meaning to do good. His attendance improved, and he was fortunate enough, each time, to sit next to outstanding Rotarians—simple, modest men whose behavior fascinated him.

Slowly he began to realize that he had been thinking too much of himself, and that indeed there are in this world many other fine people who stimulate an attraction on themselves for their naïveté. His egotism started to

come down, and in a few weeks he found himself completely changed.

You see, Rotary had done it—had taught fellowship and humility to a man who did not possess them.

Another pillar of Rotary is its international side. I am fully convinced that Rotary has a unique opportunity to contribute to the cause of peace. We have at our disposal all the necessary means; we can and we must make a serious effort to foster understanding and goodwill among men of different nationalities. Let us remember that the world we live in, with all its difficulties, is something like a gigantic time bomb. It can explode at any minute!

Rotarians must help to avoid such a catastrophe.

After each of the great wars, there have been tensions which hung on. Several Rotary Clubs even refused to accept visiting Rotarians from certain "former enemy" countries. In time, however, these wounds have healed—and the healing processes have been more rapid within the framework of Rotary.

Do you remember Paul Harris' speech at the Nice Convention in 1937—when he said, "In Clubs in the Far East, representatives of a score of races and a dozen religions have for the first time in history been brought together. Before the day of Rotary such things were considered impossible."

Well, what does all this mean? It means that we must know each other better; it means that only as a result of acquaintanceship can we build friendship. When people are friends, I go as far as to say that even wonders can be achieved!

In conclusion, I summarize "our targets" for the Rotary year 1956-57 as follows:

1. Keep Rotary simple.
2. More Rotary in Rotarians.
3. Learn more about each other.

If our efforts are successful, we shall have the satisfaction of contributing ever more towards the establishment of peace in this so perturbed world.

Therefore I earnestly invite all Rotarians to join in trying to accomplish our targets.

You'll have fun, and at the same time you'll be doing a good turn, by going to the
