Westmount Civic Officials Retire

PERCY E. JARMAN

THOMAS J. HUGHES

CHARLES W. HOUSTON

The retirement of Percy E. Jarman, general manager of the City of Westmount, and Charles W. Houston, secretary-treasurer, has been announced. Mr. Jarman goes on leave of absence with pay, pending his retirement on January 1, 1951. He is being succeeded by Thomas J. Hughes, his former assistant. Andrew W. D. Swan, former assistant secretary-treasurer, will replace Mr. Houston who retires at the same time as Mr. Jarman.

Westm'nt Power Chief Retires, Effective April

Edwin P. Brown, superintendent of the light and power department, City of Westmount, will retire next April 1 after serving the city for 45 years.

Westmount council at its meeting on Monday night granted Mr. Brown leave of absence with pay, effective November 23, until his formal retirement next year.

It was also announced that the council has authorized the widening of Kensington avenue, on the east side only, from Sherbrooke street, to Cote St. Antoine road. The widening of the street will include removal of the eastern sidewalk and the rounding-off of both northeastern and southeastern corners.

Increasingly heavy traffic on the street made widening necessary officials said.

The council agreed to extend for an additional year its permission to the National Research Council to maintain an experimental radio tower and service building in Summit Park on the top of Westmount Mountain. Previously, the council allowed the N.R.C. to erect the tower and building and carry out tests for a two-year period. The N.R.C. applied for an extension as the tests being conducted have not been completed.

Mayor J. S. Cameron and Alderman R. Panet-Raymond were appointed council's representatives to the forthcoming meeting at which suburban municipalities of the metropolitan area will elect a commissioner to represent them on the Montreal Transportation Commission.

A preliminary meeting of the suburban municipalities will be held in the Outremont City Hall on October 16 with the final meeting, at which the representative will be named, being held at the offices of the Montreal Metropolitan Commission on October 18.

Fine Red Feather Revue At Victoria Hall Tonight

The Red Feather Revue will appear tonight at Victoria Hall. Packed with local talent the revue has already given three performances, to acquaint the public with the needs of the forthcoming Welfare Federation Campaign.

Westmount Praised By Welfare Federation Officials

Leslie Buzzell and H. G. Norman of Welfare Federation, paid tribute to Westmount, Outremont and Verdun in making an appeal to Mayor Camillien Houde of Montreal for an increase in the amount of civic grants to Federation.

They stated that several island communities made no grants. The two Welfare Federation representatives appeared before the Montreal Metropolitan Commission and explained the nature of the welfare work handled by the Federation in the metropolitan area.

Mr. Norman pointed out that the federation has taken over the additional responsibility of looking after four new services — one being the Girl's Cottage School (for delinquents) and the other three being new boys' clubs in Westmount, Rosemount and the east end.

Questioned by Mayor Houde Mr. Buzzell said that last year the federation had received suburban grants totalling $4,000 but this year hopes for at least $4,600.

The Federation, he said, hoped that municipal contributions will increase this year by 15 per cent to enable it to reach its $1,387,000 objective.

Hi-Y Delegates To Attend Meet

The executive officers of the Westmount Hi-Y clubs will attend the city-wide Hi-Y conference to be held at Camp Otoreke this week-end. The week-end training conference will be attended by approximately 50 delegates from the 12 Hi-Y clubs throughout the city.

Dean H. F. Hall, Dean of Sir George Williams College will be the main speaker of the conference. His Topic will be "Our Challenge Today".

Boys' Department will take place on Friday evening, September 29, at 6.00 p.m. All members of the Boys' Division of the "Y" are invited to attend this banquet, at which plans for the coming fall season will be announced. J. G. Atkinson, chairman of the Westmount Y.M.C.A. Boys' Work Committee, will be in the chair during the meeting.

Roland Asselin Appointed Coach of 'Y' Fencing Club

The Physical Department Committee of the Westmount Y.M.C.A. has announced the appointment of Roland Asselin as coach for the Westmount "Y" Fencing Club. This will be welcome news for fencing enthusiasts in the district, since Mr. Asselin has had many years' experience as an instructor and competitor in the sport. He was a member of Canada's Olympic Team for 1948 and a three-weapon medalist. He won the 1948 Dominion Championship, and is at present holder of New England Three-Weapon Open Championship for 1950.

Amazing Astronomical Facts Told Members of Rotary

"The Heavens do declare the Glory of God," Henry F. Hall, B.A., L.R.E., Dean of Sir George Williams College, said in speaking on astronomy to members of the Westmount Rotary Club, Wednesday.

Introduced by Ralph Murray, Mr. Hall gave some interesting facts about the planet and solar system, maintaining that as far as modern astronomy knows our galaxy of stars is only one of thousand.

"Through a powerful telescope, or on a clear night, you can see a fuzzy light patch in the sky, which astronomical science reveals is another galaxy," the speaker said. He pointed out that it was impossible to comprehend the vastness of space, but said that some idea might be indicated in stating that some stars are millions of light years away, and that light travels at 186,000 miles per second.

In referring to our universe as seen by the naked eye and average individual, Dean Hall claimed that a conservative estimate of how many stars there are, is 47 billion. He said other figures have been set as high as 100 billion stars.

"If we were to represent the sun as a pin-point, and then place another point on a scale one inch away, it would represent the world. Another point 40 inches away would represent the ninth planet, Pluto, and the nearest star to that would be a further pin-point four and a quarter miles away.

Using this as a basis, the speaker questioned how important was man in this scheme of things. "Such a question is bound to be forced upon us when we think in these astronomical terms," he said. "We cannot get a view of the universe without thinking of the forces and reason, and feeling about the Almighty, he said in closing.

The speaker was thanked by J. Wilfred Page.

Yesterday, approximately 25 members of the club made a special trip to Dunany, for their annual fellowship and golf tournament day. Rated as one of the chief highlights of the club during the year, it is reported that a splendid trip was enjoyed by the entire group.

Elderly Woman Knocked Down At Busy Corner

Mrs. Margaret Gebbie, 70, of 5373 Second avenue, Rosemount, was knocked down by a solo motorcycle driven by Robert Roland, 3131 Holt street, Rosemount, on Tuesday afternoon at 5.40 p.m. at the intersection of Lansdowne avenue and Sherbrooke street, Westmount.

Mrs. Gebbie was crossing Sherbrooke from north to south when she was struck by the motorcycle which was proceeding from west to east on Sherbrooke. She had almost made the curb but was hit by Robert's vehicle as he swerved in an effort to avoid her.

Constable Lauzon of the Westmount Police Department called the ambulance and the victim was removed to the Homoeopathic Hospital, where she was attended by Dr. J. J. Griffiths.

Last reports from the hospital were that Mrs. Gebbie's condition was fairly good but that she was suffering from chest injuries the extent of which could not be determined until the X-Ray plates were available.

Hon. Abbott to Preside At World Bank Meeting

Hon. Douglas C. Abbott, member for St. Antoine-Westmount, and Finance Minister of Canada, will preside at next year's meeting of the International Bank and Monetary Fund, to be held in Washington, D.C.

Canada's election to chairmanship of both the Bank and the Fund constituted the main business of the closing session on Thursday of the organization which was held in Paris.

Several countries had urged a resolution calling for control of inflation at its source. Their aim was to remove the need for direct controls on prices and foreign exchange, officials said. The conference generally supported the principle of the resolution, but was unable to reach agreement on the wording.

Representatives of Ceylon and Pakistan stressed the need for aid to underdeveloped countries of South and Southeast Asia.

"The slums of the world cannot but affect the health and well-being of the more prosperous areas" Chulum Mohammed of Pakistan told the delegates from 49 countries.

"Mere reference to this stupendous problem or the allocation of a few millions under point four (President Truman's program to air underdeveloped areas) is not going to solve it" he said.

Jaya Wardene, of Ceylon, told the conference "I feel that countries whose citizens draw incomes six times that of ours, who enjoy a surplus of the good things of life, while our people live on the border line of starvation, should help these institutions in their great work for humanity."

Rev. Canon Oliver Says Ashes Rites Permitted Here

Rev Canon Gilbert Oliver, of St. Matthias Church, Cote St. Antoine road, Westmount, told The Examiner that Anglican Church Authorities here, had not considered banning the practice of permitting the scattering of cremation ashes.

The Examiner's action in asking Canon Oliver for a clarification on this matter was prompted by a decision taken by the Lower House of the Convocation of Canterbury, "Parliament" of the Church of England, at a meeting in London, England last week.

The churchmen denounced the scattering of cremation ashes as "pagan" and deleted from their church laws a clause permitting the practice.

Canon Oliver, explained that the question had not been discussed by churchmen here, and that the church here would continue to permit the practice which he stated is rather unusual as most of the cremation ashes are buried. If however, the deceased has expressed a wish that his ashes should be scattered over a given area, the church would not stand in the way of this wish being carried out.

In the debate which preceeded the banning of the practice at thte London meeting, Canon C. K. Sansbury, of Lincoln said: "The whole idea of scattering ashes in a garden of rest where there are roses growing is that dear George, who died last year will grow up into new roses next year."

One of the churchmen who failed to join in the laughter at this sally was Canon H. B. Graham, of Ipswich, Suffolk, who said he found nothing objectionable in the custom.

Recalling the story of a Scotsman who asked that his ashes be scattered over a moor he loved, Canon Graham demanded "Are you suggesting this was a pagan custom.

Loud cries of "Yes", came from all parts of the assembly.

The Convocation Lower House also carried an amendment which ruled that Christian burial should not be refused to any unbaptized person unless the deceased had refused baptism.

Mr. Justice F. T. Collins Heads Rosary Crusade

Mr. Justice Frederick T. Collins, 7 de Casson Road, Westmount, has been named by Rt. Rev. Lawrence P. Whelan, Auxiliary Bishop of Montreal, to head the lay committee in charge of arrangements for the six-week Family Rosary Crusade, which is currently being sponsored by the Roman Catholic Archbishops and Bishops of Eastern Ontario, Quebec and New Brunswick.

The appointment of Mr. Justice Collins to head the committee in charge of the various parish organizations whose members have volunteered as crusade workers, emphasizes the lay participation which has been the keynote of the success attained in the Family Rosary Crusades already held in Western Canada.

The crusade has as its objective, the restoration of daily family prayer in every home, and while directed primarily to Catholics who are asked to pledge themselves to the daily recitation of the Rosary, its appeal is universal, and all denominations are invited to participate. In previous crusades, many non-Catholic ministers and rabbis have endorsed the efforts of their Catholic fellow citizens.

The crusade is based on the belief that the best defence against the forces working against peace and happiness is a strong home life, and that this home life is best assured by family prayer. The slogan of the crusade is "The family that prays together, stays together."

One of the highlights of the crusade will be the visit to Montreal of Rev. Patrick Peyton, C.S.C., founder of the Family Rosary Crusade movement, to address a rally at the Forum on Sunday, September 24 at 8 p.m.

Age groups 8 to 14 for boys and girls is the policy of the club.

Mr. Moss also said that the appeal for equipment had been very satisfactory but that more was still required.

The pressing need at the moment is for women volunteers to take charge of sewing, cooking and similar classes.

Church Mortgage Burned Gambling Is Denounced

An overflow crowd on Tuesday night watched the burning of the mortgage of the Parish Hall of the Anglican Church of the Advent, corner of Wood and Western avenues, Westmount.

The occasion marked the inaugural meeting for the season of the Church Women's Year.

Mrs. F. G. Cope, of 460 Wood avenue, one of the leaders of the Church Women's Year was given the honor of lighting the mortgage.

She was thanked for her part in helping to pay off the debt by Rev. H. M. Little, founder of the hall. The church's pastor Rev. Canon Sydenham B. Lindsay gave a short history of the hall.

Rev. H. M. Little in a brief address pleaded for sacrificial giving as the sole basis of support for all forms of Christian work.

He attacked resort to any form of gambling or games of chance on behalf of religion or charity.

Mr. Little said that personal giving was the only form of Christian giving "People go down to the ball park and pay two dollars to see a football game sponsored by a service club in aid of charity. That is the bunk" he declared. "They are not giving to charity. They are simply paying to see a football game. There are fairs held by service clubs in which it is impossible to buy anything. You have to buy a chance on anything you want. We hear of lotteries for good causes. That is not God's way."

Reminding his hearers that the parish hall was intended for fellowship, Mr. Little also expressed the view that when a concert was being held in it, all and sundry should be invited without any admission charge. "By all means have a plate at the door for voluntary contributions, but do not set a price for entry", he said.

Leathercraft Courses Opened

In this new era of the 40 hour week, the greatest problem we face to-day is to put our idle hours to useful and interesting diversions. Hobbies thus loom up as being of paramount importance to all and there remains only the need of making a wise choice. Many of us complain that this or the other hobby is allright for the person who is used to working with his or her hands, but for me "I'm all thumbs."

Unlike most of the Arts and Crafts, leathercraft requires no tedious and expensive course of training before anything worth while can be turned out.

One may be a complete stranger to leathercraft work, but you immediately step into the making of your first leather project. It may be only a watch-strap, bookmark or simple coin purse, but even such unpretentious items as these become great achievements

LETTERS *to the Editor*

Letters are reproduced as a public service. They do not reflect editorial opinion and the paper does not accept responsibility for their contents.

The Editor;

Dear Sir: All of us who have this summer enjoyed the facilities of the Westmount Adult Tennis Courts would like to express their appreciation to the attendants, notably Johnny Garland, for the excellent care they have given to the courts. This has added greatly to the enjoyment of our games and we feel a hearty "Thanks, boys" is due as the season closes.

Yours sincerely,

Tennis Courters.

The Editor,
The Examiner.
Sir,

After reading the letter by "Westmounter" published in The Examiner, regarding the sand play box in Queen Elizabeth Gardens, I am inclined to agree that the writer has a point.

Living in the neighbourhood of the park, I have often seen dogs soiling the sand in which the children play. This is usually in the evening, when the dogs are let off their leash.

If as your correspondent states, some children put the sand in their mouths, then undoubtedly something should be done to cover the boxes in the various parks after play hours.

We cannot risk the chances of an epidemic such as happened at Valois. Although a dog lover, I think the health of our children comes first, and either dogs must be kept on the leash as required by law, or steps should be taken to keep the sand in the play-boxes clean.

Holton.

The Editor,
The Examiner.
Sir,

Joe Stalin must be sitting back smiling, he can withdraw his agents from Canada now and just let nature take its course.

The great grab hunt is on, with manufacturers, retailers and labor, all taking part. That the great bulk of the population is being hurt does not appear to be anyone's concern.

Our government seems bent on spending vast sums of money on defence, most of which will have to come out of the pockets of the salaried class already staggering under the load of increased prices, inflated rents, and high taxation.

There was a time when merchandise was sold on a cost plus a reasonable profit basis, but today, this system of doing business has been discarded, to be replaced with "how much can the traffic stand." This plan seems to apply from the cradle to the grave, as professional fees are no exception to the general scheme of things.

That labor should be able to tie up the whole country, simply because they cannot get increases demanded is to say the least outrageous. That a government should sit back and allow such things to happen is worse, no wonder many reasonably minded people are fast losing confidence in this so-called democratic system, which looks after the few but ignores the mass.

Disillusioned.

The Editor,
The Examiner.
Sir,

While doing a little house cleaning during the long Labor Day week-end, I threw out a lot of old copies of popular songs. One of the titles caught my eye "Bananas are Cheaper, Potatoes are Cheaper, Now's the Time to Fall in Love."

I think this song was written about 20 years ago, but it set me thinking on the difficulties confronting young couples to-day, who may be planning marriage.

There is nothing cheaper to-day and prices for most commodities are climbing instead of coming down. This tendency towards inflation must be very discouraging to couples in moderate circumstances, who are simply dying to get married, but cannot afford the luxury unless they both decide to continue their respective jobs, which is, in my opinion, not desirable, either from a social or economic viewpoint.

The institution of marriage was intended to create a home, where children could be raised in decent surroundings, but with prices where they are now, added to existing taxes, marriage is out of the question, for a great many engaged couples.

Surely some action could be taken to curb the price situation. Religious authorities must be well aware of the threat to society which present circumstances constitute.

Anti-Inflation.

A. Vallance Dies; Was Active Mason

Alexander Vallance, 15 Gladstone Avenue, Westmount, died suddenly on Friday night, at the age of 70 years.

Mr. Vallance was for many years owner of the W. C. White Boiler Works.

At the time of his death he was connected with Burnett Limited and was returning home from business, when he suffered a heart attack and collapsed on St. Antoine Street.

Born in Montreal, Mr. Vallance had been an active member of the Caledonia Club. He was a 32nd degree mason, a member of Kilwinning Lodge. He was also a member of the Arcanum Society and of Calvary United Church, Westmount.

Besides his widow, the former Pearl Lillian Ulley, he leaves two daughters, Mrs. Maurice Speyer and Mrs. Ruth Thomson; two grandchildren and a brother Albert H. Vallance, all of Montreal.

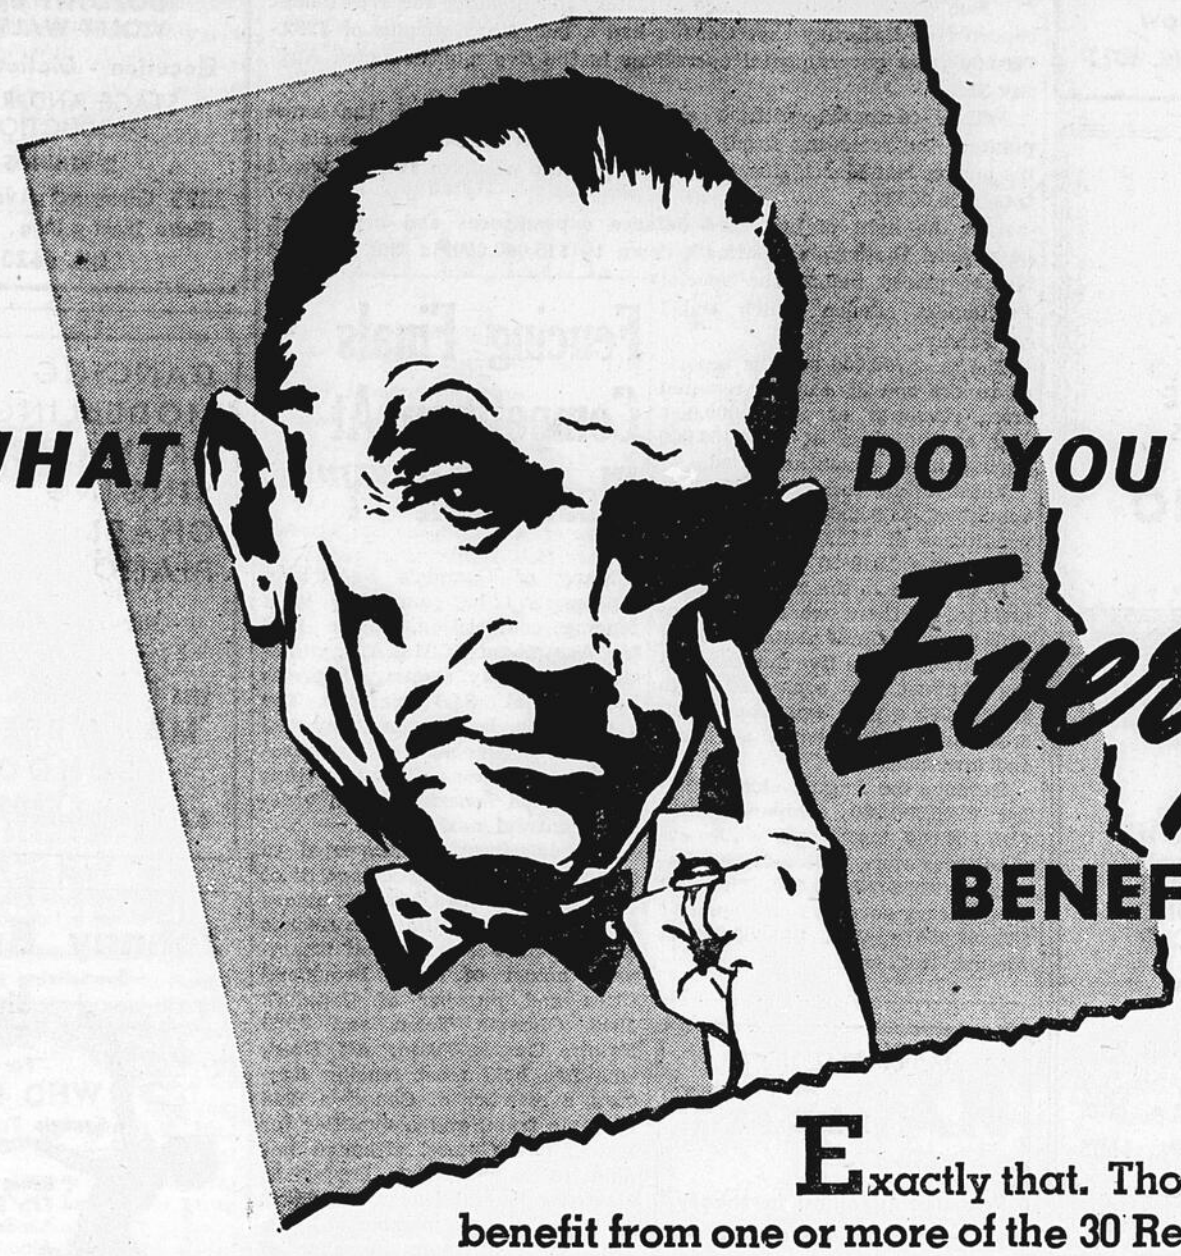

The funeral was held on Monday afternoon from the Chapel of Tees & Co., Tower Street, to Mount Royal Cemetery.

A HAPPY TIME

Old age can be a healthy, happy time of life provided it has been approached with a healthy mental outlook. When retirement age draws near special activities should be developed to give meaning and interest to the days of relaxation. It is of highest importance that men and women should begin to plan for their declining years well in advance.

NOT FOR WOMEN ONLY

Many men have the mistaken impression that cancer is a disease of women but statistics show that many cancers, particularly of the face. stomach, mouth and lip and prostate are more frequently found in men than in women. Many forms of cancer are curable, particularly if they are discovered early. Don't hesitate to see your doctor immediately if you suspect you may have cancer.

WHAT DO YOU MEAN— Everybody BENEFITS?

Exactly that. Thousands of Montrealers benefit from one or more of the 30 Red Feather Services . . . and everybody benefits indirectly!

Red Feather Services lessen the load on the entire community. They care for the sick and aged; provide nursing services, foster homes, and family aid. Youth camps, clubs and settlements reduce juvenile delinquency and crime.

Your dollars—split 30 ways—help to create productive, useful citizens.

Count your blessings— and give!

Remember! A dollar is the equivalent of ONLY 3c each for 30 vital Welfare Services.

THESE ARE JUST A FEW OF THE MANY SERVICES RED FEATHER PROVIDED LAST YEAR

Abbott Reports Budget Surplus End of August

Hon. D. C. Abbott, Finance Minister, and member for Westmount reported on Saturday that Canada had a budgetary surplus of $292,700,000 from governmental operations in the five months ended August 31.

This compared with a surplus of $294,600,00 at the same point in the receeding fiscal year and with Mr. Abbott's estimate in his budget last March that the surplus for the whole of 1950-51 would total $20,000,000.

In the light of increased defence expenditures and new taxes, he revised the surplus estimate down to $15,000,000 in the stop-gap budget placed before the special Parliament session which ended on Friday.

The $292,700,000 surplus reported to the end of August resulted from revenues of $1,067,000,000. and expenditures of $774,400,000 during the five months period.

These totals compared with revenue of $1,066,000,000 and expenditures of $722,000,000 in the comparable 1949-50 period.

In addition to the budgetary expenditures, there were also non-budgetery disbursements totalling $40,000,000 in the five months ending August 31, compared with $97,500,000 a year ago. These covered outlays for loans, advances and investments.

Revenue for August alone totalled $205,300,000 compared with $187,800,000 last year, while expenditures were $165,500,000 compared with $147,200,000. This left a budgetary surplus for August of $39,800,000 against $40,600,000 in August last year.

Fencing Finals Competition At Westmount "Y"

Many of Canada's leading fencers will be competing in a fencing competition, to be held in Westmount Y.M.C.A. gymnasium, Thursday evening, September 28, at 8.00 o'clock. The competition is sponsored by the Province of Quebec Fencing Association to choose a Canadian team to meet the American team visiting Montreal next month.

Canada's best are expected to enter this qualifying competition, many of which are familiar names in Foil circles of Montreal: George A. Pouliot, Dominion Foil Champion, holder of many Provincial titles and member of Canada's 1948 Olympic Team and 1950 Empire Games Team; Alf Horn, who has held most fencing honours, a member of Canada's 1948 Olympic team, and a qualifier for the Empire Games, although unable to attend; Bob Desjarlais, a most colourful fencer, President of P.Q.F.A., a member of the 1948 Olympic team, member of the Empire Games team, and at present coach of Palestre Nationale; R. Asselin, Coach of Westmount Y.M.C.A., a member of the 1948 Olympic team, three-weapon medalist 1948 Dominion Championship, and holder of the new England three-weapon Open Championship for 1950; Larry Cossette, always a close contender for all events and 1947 Provincial

More Support Needed For Hospital Drive

Jeff Chapleau and Leslie Choyce, co-chairmen in Westmount of the Homoeopathic Hospital campaign to raise $84,000, today asked friends and supporters of the hospital, who have not already been called on, to mail their donations direct to the hospital, 2100 Marlowe Avenue, before September 23.

"Only two days remain before the end of the drive", Mr. Chapleau noted, "and there remains about $25,000 to be obtained. We all know what a worthy cause it it and how deplorable it would be should the Homoeopathic fail to attain its objective. Please give generously and don't wait for the canvassers to call."

He explained that a shortage of canvassers had made it wellnigh impossible to reach all prospective donors and that the only hope was that these latter would forward their cheques as soon as possible.

"Westmount has always been to the forefront in supporting a worthy cause", Mr. Chapleau added, "and certainly there could be nothing as deserved of support as the present drive of the local community hospital".

St. Matthias Cubs To Meet Tonight

Activities for the new season will get under way on Friday, September 22nd, when the Pack will hold its first gathering. It is hoped there will be a good turn-out for the opening meeting.

All Cubs are reminded that annual Pack dues and Provincial registration fees are payable on the opening night, except for those men "going up" this Fall.

The floorball season will begin on the following Friday and two matches will be played each night. Sixers are expected to contact their men and see that there is a full turn-out of each Six for the opening night.

There is room for a few good men in the Pack. They must be at least eight years of age and preferably not over nine.

There is a host of other entries, which indicates an enthusiastic opening to the 1950-51 fencing season.

Westmount Couple Married 50 Years

Dr. and Mrs. George D. Robins, of 314 Metcalf avenue, Westmount, celebrated their 50th wedding anniversary on Tuesday.

They were married at South Durham, Que., in 1900, four years after Dr. Robins received his M.D.C.M. degree from McGill University. At graduation he was awarded the Holmes Gold Medal, highest award in McGill's faculty of medicine.

Dr. Robins was long a general practitioner here until his retirement some years ago, and was on the staff of the Western Division of the Montreal General Hospital.

During the day, many friends and relatives called to pay respects, and telegraphed congratulations were received from outside points.

In Westmount for the occasion were the couple's son-in-law and daughter, Dr. and Mrs. A. J. M. Smith and son, Peter, of Lansing, Mich.

Dr. Smith is professor of English at Michigan State College there.

TRUCKS AND HIGHWAYS

* * *

Is The Competition Unfair?

A truckload of steel weighing 34 tons recently went through the wooden planking of a bridge. It was wooden planking that would have served lighter vehicles for a long time yet. But great weights on wheels, even when the wheels are cushioned with air and rubber, make necessary stronger bridges and culverts than would be necessary if trucks had not grown so big and heavy. Railway bridges and culverts have to be much stronger than would be necessary for the cars. It is the engine that is the weight, states a writer in The Printed Word.

These facts are the best evidence that there is some justice in the argument that trucks and buses do not pay their fair share of the cost of highways. It is a constant argument, the truck owners pointing out that their licenses are high in price and that, as they use much more gasoline than small vehicles, they make a large contribution to the provincial treasuries by reason of gasoline taxes.

But if the bridges and culverts — a substantial portion of the cost of highways -- are being broken down because of the trucks, and if, perchance, highways must be wider because of trucks, there should be re-examination of the situation for two reasons. One reason is that every commercial use of the highway should pay its own way, without subsidy, direct or indirect. The other is that the railways are subject to close regulation and to political pressure and should not be subjected also to unfair competition from highway vehicles.

Christian Science

"Reality" is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist, on Sunday. The Golden Text is from Zechariah 2:10. "Lo, I come, and I will dwell in the midst of thee, saith the Lord".

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For the grace of God that bringeth salvation hath appeared to all men, teaching us that, denying ungodliness and wordly lusts, we shou'd live soberly, righteously, and godly, in this present world; looking for that blessed hope, and the glorious appearing of the great God and our Saviour Jesus Christ; Who gave Himself for us, that He might redeem us from all iniquity, and purify unto Himself a peculiar people, zealous of good works." (Titus 2: 11 to 14).

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christian Science demonstrates that none but the pure in heart can see God, as the gospel teaches. It is the spiritualization of thought and Christianization of daily life, in contrast with the results of the ghastly farce of material existence; it is chastity and purity, in contrast with the downward tendencies and earthward gravitation of sensualism and impurity, which really attest the divine origin and operation of Christian Science. We should strive to reach the Horeb height where God is revealed; and the corner-stone of all spiritual building is purity".

Westmount Baptist

The present series of Sunday morning addresses on "The Church Which Is At Westmount" is proving both arresting and challengiing. The third address will be delivered Sunday and will carry the title "The Church at Westmount Recognizes the Potency of Prayer." The Presence of Christ, The Power of the Holy Spirit and The Potency of Prayer these are the indispensible elements in a Christian Church.

At the evening service Dr. J. A. Johnston will have as his sermon subject "The Pause that Refreshes." Moses said:- "I will now turn aside and see this strange sight why the bush is not burned," This service will be preceded at seven o'clock by a Circle of Prayer around the Communion Table.

The Church Bible School holds its Rally Day service. The school will meet with the church for part of the program at 11 o'clock. A fine Young People's Bible Class meets at ten o'clock. New pupils are cordially urged to accept this invitation. A party for the nursery and primary children and their parents will be held Saturday, October 23 at 3.30 p.m.

The Mid-week Fellowship for Worship, Prayer and Discussiion is held every Wednesday evening. Special Prayers will be offered for the Alan Redpath Campaign being held in the Salvation Army Citadel under the auspices of the Christian Business Men's Committee. On Thursday evening a special meeting of Montreal Baptists will be held in First Baptist Church.

On Sunday, October 1 Rev. Bob Munro will speak on the subject of Prison Evangelism. On the week end of October 14, 15, and 16 the church will hold a great Missionary Convention. Rev. Dr. Earl and Mrs. Merrick, who have just returned from Bolivia will be among the speakers. The Young People's Union under the presidency of Sidney G. Simpson has published a most attractive program for the Fall Season. The Union meets every Thursday at eight o'clock. The Young Married Couple's Fellowship has also its seasonal program well under way.

Dry Disc Removes Unpleasing Hair

Unsightly hair smudging beauty of arms (above) is erased with a cosmetic disc.

One way to get rid of unfeminine-appearing hair is by using a friction disc to erase nature's mistake.

Hair is simply rubbed off by this dry method, which counts among its virtues the non-messiness of the job.

Although this method provides, like most others, only a temporary de-fuzzing, it has the advantage of causing no coarsening of the new hairs that will grow back in.

Everybody's Favorite: Glossy Chocolate Cake

For Sunday dessert—rich glossy chocolate cake served with fresh pineapple.

The pineapple can be cubed and served in crystal cups, or sliced lengthwise, with a few spines on the end of each slice to use as handle, and dusted with powdered sugar. For a de luxe dessert, cut off top of pineapple, scoop out all the inside, combine pineapple flesh with pineapple or lemon sherbet, and put back into pineapple shell. Return top.

Chocolate Cake

Two cups sifted cake flour, 1 teaspoon baking soda, ½ teaspoon salt, ¼ cup vinegar, ¾ cup milk, 1 teaspoon vanilla, 2 eggs, 1¾ cups sugar, ½ cup shortening, 3 squares chocolate, melted.

Set oven at 350 degrees F. Line two 8-inch layer pans, 1¼ inches deep, with waxed paper. Grease waxed paper lightly. Sift cake flour onto a piece of waxed paper. Measure 2 cups. Place in sifter. Add baking soda and salt. Set aside. Mix together vinegar, milk and vanilla. Set aside.

Put eggs and sugar in large mixing bowl. Beat for one minute, about 125 strokes. Sift in flour mixture. Add shortening and one-half of milk mixture. Stir until flour is moistened. Beat vigorously one minute. Add remaining liquid and chocolate. Beat one minute. Turn into prepared pans. Bake at 350 degrees F. 30 minutes.

Cool in pans on wire rack about 10 minutes. Turn out on cake racks and remove paper. When cold, brush off crumbs. Place one layer on cake plate bottom side up. Spread with Glossy Chocolate Frosting. Cover with a second layer top side up. Frost sides, then top of cake.

Glossy Chocolate Frosting

Three squares unsweetened chocolate, 1½ cups sifted confectioners' sugar, 2½ tablespoons hot water, 3 egg yolks, 4 tablespoons butter.

Melt chocolate in double boiler. Remove from boiling water, add sugar and water, and blend. Add egg yolks, one at a time, beating well after each. Add butter, a tablespoon at a time, beating thoroughly after each amount.

GLOSSY CHOCOLATE CAKE, accompanied by fresh pineapple, is the ideal topper for your Sunday dinner.

Speirs-Miller Staff Has High Credentials

In answer to many enquiries, from the front office of the Spiers-Miller Studio, comes the following information regarding new members of the staff.

Miss Joan Champion, who will conduct the ballet classes, will teach all grades according to schedule of the Royal Academy of London, England. This young lady, who has just returned from New York, where she visited such famous studios as Madame Braninska of the Ballet Russe de Monte Carlo and George Chaffee, the celebrated choreographer who invited Miss Champion to dance the leading role as "Pierrette" in the Ballet of that name which he is producing in Atlanta, Georgia. Joan had to refuse because of her previous commitments at the Speirs-Miller Studio.

Miss Champion is a prodigy of Eleanor Moore, whose work is recognized throughout Canadian Ballet circles, and will conduct the intermediate and senior groups and, by request, a special class for business girls in the evening.

Olive Sanborn Lead holds her B.A. from McGill in English and French. She has lectured for the past few seasons on Public Speaking at Sir George Williams College. Betty Madden was born and raised in N.D.G., but her reputation as a dancer and teacher in rhumba, tango and samba is well-known wherever these dances are done. Miss Madden and Mr. Miller will combine to make this Department of the School second to none in the City.

HANDY SOAP

Have you tried keeping soap handy in the outdoor water spigot? It's a good idea some housewives are discovering, since the first layer of the amateur mechanic's grease, the dirt and grime of baseball playing, and mudpies can be washed off before smudging the back door, or the fresh white basin.

Mrs. Franco Consiglio Will Conduct Oral Club Classes

The Oral Club, a public speaking group for women with its slogan "Making the best of your voice," enters its sixth season this year when it meets on Monday, September 25, at 8 p.m., in the Ignace Bourget School Hall, 1220 Mountain Street.

This year the club will be under the guidance of Mrs. Franco Consiglio who is highly qualified as an instructress, having studied at the Emerson College of Oratory in Boston, and her ability in conducting such classes is well known in Montreal.

This is an informal group in public speaking, both elementary and advanced and since every member gets a chance to speak each evening and gets individual criticism, membership is of necessity limited. Each year the club is represented in the oratorical contest of the Montreal Debating League (women's division).

Meetings are held each Monday from 8 to 10 p.m. The first meeting of the season is open to past as well as prospective members when the new officers will be on hand to greet them. Further information may be had from Mrs. A. W. Paquin 2336 Wilson Ave., or Miss B. Donald, 4435 Wilson Ave., N.D.G.

NDG Women's Club Resumes Activities For Another Season

Once again the Notre Dame de Grace Women's Club is ready with a most interesting and entertaining programme for the coming season.

Under the presidency of Mrs. K. E. Norris, a series of varied events have been arranged.

The theme of the founders of the club when it was originally organized some years ago, still remains the same, namely, progress for the community, including help in various forms when needed, cultural advancement and entertainment.

Ever increasing group facilities at the disposal of club members this year include choir, dressmaking, effective speaking, music appreciation and parliamentary procedure. The art class, drama class, French conversation, leathercraft and millinery groups where outside professional services are required, obligates the member to a small fee. Sources of further interest are to be found in such groups as book group, bowling (new group added this year for first time), civics, citizen's forum, know your Montreal, marathon bridge, and the following groups for volunteer service, hospital visiting, talent table, (proceeds parcels overseas), Red Cross knitting and sewing, dressings, Canadian Cancer Society, clinic service, house and hospitality service pertaining to club meetings, music for the season's programme and press for club publicity.

Designed to hold the interest of all its members, the board of

TOM GARD'S NOTE BOOK

"Let me live in a house by the side of the road
And be a friend to man."

Wonder how many follow this practice? I can't help thinking there would be a marked improvement in man's dealing with man if we all did. It would be equally hard to imagine people of this calibre living in houses that were not attractively landscaped. A few well chosen and artfully placed shrubs will work wonders in transforming the appearance of your property. Right now is the time to transplant them.

Wipe Your Feet

I suppose it is only human nature to put off until tomorrow what you don't feel like doing today! One job I have been avoiding in my own back yard must be done at once, if for no other reason than to keep the housekeeper happy. Invariably dirt tracks into the kitchen on my shoes after a session in the garden, even though I try to be careful. A shoe scraper at the back door is the answer and it will have to be installed before a visit to a marital relations board is involved. I plan to make mine out of an old hoe blade.

Indoor Gardening

Now that the thoughts of the gardener will soon be turning indoors, here are two ideas I'm working on. My picture windows do frame a picture in summer while the garden is in bloom but present a dreary sight at times during the garden's off season. By making a large fernery, I'll be able to enjoy an indoor garden all winter this year. The other ideas is one I dug out of a magazine recently. If you enjoy making miniature dish gardens try the idea illustrated for your container.

Record Cabinet

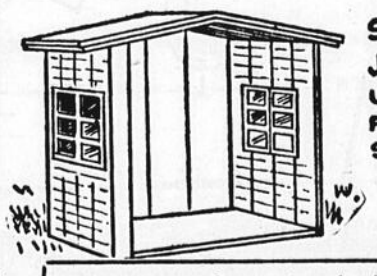

If you have an old piano that has finished its period of usefulness, don't scrap it but make a cabinet for records or books out of the frame. By using the old wood and giving it a new finish you'll be surprised at the attractive case that can be made at reasonable cost.

Mack Sennett Relates Story of Whale, "Jonah"

By ★ JACK HIRSHBERG ★

NEW YORK, September 21 — Some weeks ago, in a reminiscent mood, I penned a piece about my 13 years in Hollywood and a trip I made to the Coast with Montreal's Roby Kidd and Lawson Reid the summer we all were graduated from Sir George Williams College.

While I knew Roby had since become a big shot in the Canadian YMCA, I said Reid's whereabouts was beyond my ken.

Yesterday, forwarded from Hollywood, came a note from Lawson bringing me up to date.

One day in 1939, it seems, he accompanied a chum to a meeting of the Canadian Army Service Corps — and walked out with a uniform on. Then followed five years in Europe with the Forces.

Now Lawson's with the Shawinigan Water and Power Company. Saturday of this week he is marrying a lady whose name he forgot to mention. They'll reside in a new home in Pt. Claire. Reid's parents live at 3757 Marlowe Avenue, N. D. G.

Good luck, Lawson, and thanks for the letter. We had quite a time that summer, even though I did wreck the car twice and ended up back in Montreal with less than a dollar in my pocket.

★ ★ ★

Perhaps I'm just a small town lad, but New York has never been one of my favorite towns. Too many people, too much humidity, too fast, too pseudo-sophisticated. But I'm enjoying this trip as a simple rubber-necking tourist.

Prior to heading for Hollywood I used to hit Gotham irregularly on trips which took me mainly to newspaper offices, theaters and radio studios. I didn't find time to see the Aquarium, to climb inside the Statue of Liberty, to roam through the Metropolitan Museum of Art, to visit Columbia University.

But now I'm making up for lost time. With Playwright Peg Phillips as guide, I've seen a goodly number of sights recommended in the guide books. We rode to the top of the Empire State Building, munched cream cheese and strawberry jam sandwiches at Sardi's, had a drink at the Stork Club, even watched a big league ball game. And it was fun.

★ ★ ★

New York is essentially a cold city. Its inhabitants are in such a hurry they resent slowing down to go through a revolving door. The village has more phonies than even Hollywood, and life is on too hectic a plane. The same shows eventually come west to Los Angeles, the same concert artists generally go on tour. And the claim that life in New York is invigorating is a gross distortion. On the contrary, the living here is so fast that life is over at an early age and you're liable to drop dead from exhaustion.

Give me California, where the livin' is easy and skyscrapers don't blot out the sunshine. Or Montreal, where the people are as real as the mountain around which the town is built. And, by the way, that's our cue to hop a plane. Be seeing you next week.

At the Westmount

Fine Bill 'Stage Fright' and John Ford Comedy

One of the most complex sequences ever done for a motion picture was completed for "Stage Fright," which opens at the Westmount Theatre on Sunday. This is the new film directed by Alfred Hitchcock, starring Jane Wyman, Marlene Dietrich, Michael Wilding and Richard Todd. It is the sequence which contains that staple of traditional Hitchcock excitement—the "chase"—and it was filmed in its entirely within the walls of the famous Scala Theatre in London.

Miss Wyman has just discovered that the boy friend she has been shielding from the police, is falling into a police trap. Todd who is the man being chased, has come to the theatre where Miss Dietrich has been holding forth on the stage. Wilding, Scotland Yard detective, is leading the chase for the suspect.

2nd Feature

Sparkling, fresh and witty, John Ford's "When Willie Comes Marching Home," which will be the added feature, is as great a triumph for that master director in the comedy field as he has long been accustomed to having in the dramatic field. With Dan Dailey to expertly enact the title role, Ford has made an unusual and delightful film and for the untold audiences that should find it irresistible.

"My Foolish Heart" Heads Another Two Hit Show at the Monkland

Heralded as one of the most unusual romantic dramas ever to reach the screen, "My Foolish Heart," starts Saturday until Tuesday. It's Samuel Goldwyn's new production for RKO Radio, stars Dana Andrews and Susan Hayward in the story of a wife who married just after she discovers that she is to have a child by another man.

After about seven years, the marriage hits the rocks. As Miss Hayward is preparing to leave with her child, she finds an old evening gown which brings back poignant memories of her boarding school romance with a young GI (Andrews), and his untimely death before they can be married. In desperation, she inveigles her school room-mate's fiance (Kent Smith) into an immediate marriage, with nobody any the wiser regarding the parentage of her child. However, this emotional tangle ends on a note of future adjustment.

Second Feature

For one of the taut, dramatic scenes in Harry M. Popkin's mystery thriller, "D.O.A.", which costars Edmond O'Brien and Pamela Britton, O'Brien has to speak a few lines of highly scientific dialogue.

To his horror he discovers that a friend has poisoned him because of certain information he has about a murderer. He goes to a doctor for a diagnosis of the poisoning, and discovers that it is a drug called iridium, which has a fancy chemical formula and an equally unpronounceable chemical name, Phlogeno-oxylicin.

"Are you sure we can't substitute another word for that one?" Director Rudy Mate asked the chemical expert called in to verify the drug.

"Don't worry about it," countered O'Brien smoothly. "In my last picture, 'White Heat,' I knocked off Jimmy Cagney, and he was the world's most desperate killer. If I could knock him off, I can certainly knock off a little word like Phlogeno-oxylicin."

And so he did, without a hitch, much to the astonishment of the staff and cast.

when they are the product of one's own handiwork.

Few handicrafts present such genuine possibilities for artistic expression. Leathercraft is sure to satisfy the creative urge which so often besets us and demands that we produce with our own hands something of beauty and worth.

Because leathercraft is a versatile craft, educational as well as utilitarian, and because it is an inexpensive craft that needs no costly material or equipment, it is fast becoming recognized as one of the most practical and valuable crafts to teach in hospitals, schools, camps and other organizations.

Day and evening classes under the supervision of Louis Zimmerman are now taking place at the Leathercraft Studio, operated by Pauline Sullivan and Peggy Quigley, at 4119 St. Catherine St. West at Wood Avenue.

Westm'nt Service Softball League Held Gala Dance

The Westmount Inter-Service Softball League, wound up the season with a very enjoyable dance held in the quarters of the Sea Cadets, Closse street, on Friday evening.

Some 500 guests attended the affair, which was arranged by the president of the league, Major J. M. Coupland R.M.R., assisted by his committee of Sub-Lieut. D'Arcy Quinn, R.C.N.R., Capt. Gordie Rose, R.C.A.S.C., Constable Frank Chevray, R.C.M.P., Sergeant Andy Lowson, Westmount Police Force, and Sergt. Joe Tetreault, R.M.R.

Guests present included: Lt.-Col. Robert Schwob, M.C., Major K. A. and Mrs. Campbell, Act. Cmdr. and Mrs. Mongenais, Lieut. Cmdr. and Mrs. Bugden, Inspector and Mrs. J. Belec, Police Chief and Mrs. Robt. Byford, Fire Chief and Mrs. Cobb, and Mr. and Mrs. Harry Griffin.

Westmount Police and Fire, winners of the league, were presented with the Harry Griffin, perpetual trophy. The trophy is a beautiful thing, being in the form of a statuesque figure holding aloft laurel leaves, with two baseball players at either side of the base. Harry Griffin, the donor, who lives at 222 Melville avenue, Westmount, has long been a keen supporter of sports in the district.

The dance was voted by those present as the most successful affair of its kind yet attempted by a local sports organization.

The president elect for next year is Police Chief Bob Byford.

Westmount Play Host To Montreal at W.A.G.

By ALLAN SANDZELIUS

Greetings, everyone! This is yours truly returning for another exciting (we hope) season of news and views of the doings at my alma mater, Westmount Senior High School.

Now that things have been humming for three weeks at the little gray building below the fire station, it's time for your correspondent to begin making notes on things worth noting.

And they are, to begin with: Westmount's Purple and White gridders are this year breaking with a long standing tradition by playing their opening game against Montreal High instead of West Hill. The Montreal laddies are defending Senior A city champions. The game takes place this afternoon at 4.00 p.m. at the newly renovated Westmount Athletic Grounds where, incidentally, most Senior A high school football will be played this year, including all of Westmount High's battles.

Patrick Coach

The Westies' coach, Jim Patrick, has been working his young charges very hard the past fortnight and seems to think that they will, at the least, put up a spirited battle with all their opponents.

The W.H.S. ball chasers have been fortunate this term in acquiring what look to be three substantial players, and end, a lineman and a backfielder on the line and in the backfield are two graduates of W.J.H.S., the Bailey twins, Charlie and Ray; and at right end, Timmy Burke, who comes to us from Harry Shugrue's former hall of learning, Ottawa St. Pat's. In addition there are at least three good holdovers from last year's squad, in quarterback Dave McDougall, linesman Doug Carlaw and Charlie Johnson, left end. Other members of the first team had not yet been finally decided upon at Examiner deadline time.

Schedule Setup

The schedule for Westmount this season includes five games, one with each team in the Senior A League plus three more bouts to be decided upon at the end of five games according to their position in the standings.

NOTES TO YOU It's understood that there will be six boys and three girls leading the spectators in cheers for the Purple and White twelve. Some of them are. Anne Redfern, Patsy Earl, Doug Reed, Pete Howie, Lyle Johnson and John Nourse . . . New uniforms for the team, including pants, sweaters and helmets . . . wait 'til you see them. They're guaranteed to knock your eye out! . . . Skippy Warnock out for the first game at least — twisted ankle . . . Nearly 65 boys turned out for this month's first tryouts for rugby . . . shows pretty good spirit . . . W.H.S. will be playing four games on Fridays, four on Wednesdays.

Westm'nt Stars Win Softball League Title

The Avenue Stars, managed by Ron Brambell, became 1950 champions of the Westmount Municipal Softball League, Monday night when they won their third straight game from the Police and Fire.

The Stars have been the league's snappiest ball team all season, and waltzed through the playoffs losing only one game; that to Western Taxi. They are a good ball team and deserve the final outcome.

Plaudits go once again to 16-year-old Clifford Bowles, the Avenue Star pitcher who held the hard hitting "protection men" to three hits. In the first game of the playoffs he gave up 2 hits; a good record for any pitcher in any league. Our bet is the Mr. Mel Cottle has this

Westmount Cricket Club Defeated McGill Saturday

Westmount cricket club defeated McGill XI on Saturday afternoon scoring 42 for six wickets to McGill's 41.

Carnie and Taylor were Westmount's best bowlers. Westmount played with only eight men.

Murray Starke Wins Final Organized Putting Tournament of 1950 Season

Last Friday night saw the closing organized tournament played on the Westmount Putting Greens, climaxing as it did a very successful season. This does not mean that the greens are closed, as putting will continue for those who care to do so for a while longer. The weather was not conductive to good putting, nevertheless, there was a fairly large turnout and good scores were made.

Those who won the spoons on this final tournament were, for the ladies, Mrs. Robert Drain, with a score of 79 net. The special prize given to the lady who was not fortunate enough to win during the season, went to Mrs. Percy Minto with a score of 92 net. In the men's section Murray Starke carried the honors with a score of 77 net.

Special Prize

Like the ladies, there was also a special prize given to the gentlemen who also had not been successful during the season and this was won by Charles Cassels with a core of 80 net.

The intereting feature in the men's case is that these two chaps were newcomers to the greens this summer and were heartily congratulated on their achievement. The putters were very fortunate in having as their Green's Committee, such men as Robert Drain and Harry Smith who looked after their needs in every way, seeing that things ran off smoothly, and giving of their time in this connection; they were ably assisted by Percy Minto acting in an advisory capacity and Mr. J. Cameron whose nightly duty entailed the handling of tickets, publicity, scoring, etc.

The Committee would like to thank all those who participated in the tournaments during the past season for their all-out cooperation, hoping that they will be around next season along with others who would like to enjoy the pleasant past-time of putting.

Westmount Juniors to Seek Third Victory on Saturday

By GARRY GUNN

A scoreless tie for 58 minutes, Westmount Juniors finally broke the deadlock over the St. Aloysius Orfuns in the Q.R.F.U. ranks when Bill Spencer blocked an attempted kick behind the goal line and fell on it for a major.

It was the second straight victory for the Purple and White Warriors who tamed the Cartierville Cavaliers 21-5 in a rough contest on Sunday.

This Saturday they will be up against the highly touted South Shore Combines in St. Lambert Park.

The Westmounters made it a three way tie for first place by beating the Orfuns, 6-0 in Woodland Park, Verdun, Wednesday night. Playing a charging, hard hitting game, both squads were on even terms for the biggest part of the match, with the Westmounters only beginning to take over in the final quarter.

Finally, they marched down the field to the Orfuns 10 yard line on three first downs and then Chuck Cannon booted the pigskin deep behind the goal line. Gerry Hecklinger(trapped there, tried to boot the ball back on the playing field but Spencer dived in to block the kick and fell on the loose pigskin. Lafontaine booted the convert for the extra point, and the Westmounters staved off a late Orfun rally to take the match.

On Sunday, Westmount played a hard fought battle with the Cavaliers on the mud soaked Cartierville field. Scoring a major in each quarter, the Westmounters proved too much for the new Q.R.F.U. entry and Jimmy Lawson netted two majors with Johnny Chase and Shugrue accounting for the others.

Lawson made the first major and Chase made the second with D. King of the Cavaliers nulifying the count when he crossed the Westmount goal line in the same quarter.

In the third frame, Lawson carried over for his second major and Shugrue ended up the victory with a final major in the fourth quarter, with Lafontaine booting home the extra point.

The Westmounters now face two of their toughest foes; South Shore this Saturday and the Rosemount Bombers the following weekend at their home ground as part of a double header with the Intermediate squad who tangle with the Army squad on the same day.

R.M.R. Runs Wild, Beat Sherbrooke By Heavy Score

Royal Montreal Regiment unleashed their big guns on Saturday afternoon when they swamped Sherbrooke 33-1 at Westmount Athletic Grounds.

This was the first home game for R.M.R. and the crowd liked what they saw of them, as the machine gunners unleashed everything in the grid books to roll to their one-sided victory.

Saturday's victory gave R.M.R. an even split in their two games to date. They lost 9-4 to Eastward the previous Sunday at the east end gridiron. Sherbrooke absorbed their second straight defeat as Lakeshore trimmed them 17-1 in the opening fixture.

Sherbrooke started out as if they were to make quite a contest out of the game when they kicked through with a single point minutes after the start of the first quarter but R.M.R. got their bearings and started to roll from then on.

Ross McLure opened the local scoring when he raced through the middle for a major and Ken Barwick marked touchdown number two minutes later when he gathered in Bill Dryden's toss. A Vic Daigneault to Barwick heave was good for the convert.

The teams battled through a scoreless second quarter, but in the third frame, Norris Masterman whipped over the line to give the locals a 16 to 1 edge. Jack Patterson flung to Johnny Kay in the fourth quarter for another major, and then the slick forward passer went over himself for another R.M.R. touchdown. The convert was good.

Daigneault scored the final major of the afternoon and Paul O'Neill snared a pass from Patterson for the extra point.

Quarterback Club Started in Local Football Club

The Westmount Rugby Football Club, with two teams in the Q.F.F.U., have made further moves to promote interest in football.

This time, they have turned to the elementary and high school students, by organizing a "Quarterback Club" which will entitle members to certain privileges throughout the remainder of the season.

The idea behind the scheme is to allow students a season ticket pass for a minimum charge and then on presentation of the pass, they will be able to see the game for 10 cents.

"It is a plan to promote a following in our clubs, one executive of the club pointed out, and is an easy way for youngsters to see good games at a minimum charge."

Several schools have already received an allotment of passes to sell to the students, including, Westmount Junior High, Montreal High, West Hill High, Roslyn, Queens, Kings, Catholic High and St. Leo's Academy.

WRESTLING CHAMP

When he was a student at St. Lawrence University in New York, Kirk Douglas, star of Paramount's "Ace in the Hole," was the college wrestling champion in the 150-pound class.

boy in Snowdon in short order.

A pitcher has to have runs on his side to win a game, and these were provided by the two hits of Bert Kelley and Gordie Graham, Willie Monolson and Ken Brambell each had a home run. Paul Motard, Bill Black and Leslie Wood found Bowles for two doubles and a single respectively. A walk, on error, and two doubles gave the Police and Fire these three runs all in the fifth inning.

At the conclusion of the game the winning Avenue Stars lined up on the pitchers mound and were presented with the Westmount Softball League trophy by Lional Fournier, the Superintendent of Recreation.

Scouting Around with REG. GROOME

The Montreal West Group Committee is sponsoring a "First Chance Dance" tomorrow evening (Friday) in the Montreal West High School. The dance will start at 8.15 p.m. Emcee for the night will be John McCrae of the International Service of the Canadian Broadcasting Corporation, while Danny Jarmush will entertain with his usual expert pantomime. Music for the occasion will be provided through the courtesy of the Tin Can Alley Club, and all proceeds from the dance will go into the Montreal West Scout Troop funds. Refreshments and prizes are all included in the admission price, which is 25c. This is your "First Chance Dance" . . . so let's see everyone out at the Montreal West High School Friday night, anytime after 8:15 p.m.

Montreal West's Wolf Cub Pack held their initial meeting of the fall season last Friday in the Elizabeth Ballantyne school gymnasium. Various games were played, including races, knot tieing, etc. With the organization of a new pack in the northwest area of Notre Dame de Grace, the Montreal West group will be reduced to around forty boys. Eight Cubs will "Go Up" to Scouts, and about a dozen New Chums are expected to join the Pack. Vern Crowley will once more continue as the Cubmaster, ably assisted by Mrs. E. A. M. Edson and Messrs. Nickerson, Mason, Hayman and Brueton.

Unfortunately, the Inter-Pack Hockey League, which operated so successfully for the past several years, must be disbanded, owing to inability to complete satisfactory arrangements with the Montreal West Civilian Recreation Association, which controls the hockey rinks. This week's Pack meeting will be attended by the fathers of the Cubs, to discuss and plan an alternative programme, to include Saturday afternoon hikes and ski jaunts.

St. Luke's United

Cubs of St. Luke's United are asked to note that the Pack will open for the new season next Wednesday evening, September 27th, starting at 7 p.m. All old Cubs in the Pack last year are urged to be present, and to note the change in meeting night. Any young lad who has reached his eighth birthday and wants to join the Pack, will also be welcome.

St. Augustine's Troop

Instead of their regular scheduled meeting, St. Augustine's Troop staged an outing on Mount Royal Monday evening, where they spent the evening playing night games. The boys hiked up as far as the cross and later stopped at the chalet for refreshments, also having the opportunity of viewing the city at night from the heights. Most of the "old boys" were back with the Troop.

Next Monday, the regular meeting will be held in the school hall, starting at 7 o'clock. A very special announcement will be made but, in order to participate in the event to be announced, all Scouts must attend next Monday's meeting.

St. Saviour's Pack.

Last Friday evening, owing to the cool weather and other contributing factors, the corn roast was not held as scheduled. It is hoped that letters to all Cubs in the Pack will be in their hands this week, outlining plans for the fall and winter programme. Until such time as the Group Committee completes arrangements for a hall to meet in, the Pack will only take part in outdoor meetings, which will be made as interesting as possible by Akela Mel Burge. Last Saturday evening, many of the Cubs visited Joe Laflamme's wild animal show. For company, two of the St. Saviour's Girl Guide company went along.

Willingdon Troop

Last Thursday, one week ago today, marked the Troop's eighteenth birthday, and one of the original members of the Troop was on hand. He was none other than our old friend, Mel Burge. Mel presented a report on the Troop's growth since its inception on September 13th, 1932. Mel also brought along a birthday cake, complete with all the trimmings, and Scouters and Scouts joined together in a short period of "feasting."

They have since asked the writer to extend their heartiest thanks to Mel Burge for his kind and generous gesture.

Unique Rail Trip For Train Lovers

Westmounters who delight in train trips and train scenery, will have an opportunity of taking their families on a somewhat unique excursion to Huberdeau, Que., on Sunday morning, October 1.

The Canadian Railway Historical Association has planned the trip in a replica of the first Canadian National Diesel car to cross the continent. It has been arranged that stops will be made every 20 miles or so, in order that passengers may explore the surrounding countryside and take photos. The car will return early in the evening.

The excursion has been organized by the association in cooperation with the Canadian National Railways to commemorate the 26th anniversary of the record breaking journey of diesel electric car 15820 which travelled from Montreal to Vancouver in 67 hours.

Anyone interested in making the trip, should telephone the president of the association, S. S. Worthen, at WE. 4358, or the publicity manager, J. N. Love, at EL.5842.
