SMART SENTENCE FOR SUFFRAGETTE

Joyce Locke Sent Down For Eighteen Months at Old Bailey

WILL HAVE TO GIVE BOND TO KEEP PEACE AFTER SENTENCE EXPIRES.

London, March 7.—(Special)—Joyce Locke, a militant suffragette, whose real name is Olive W. Harry, was sentenced to-day at the Old Bailey Sessions to eighteen months' imprisonment on the charge of setting fire to the refreshment pavilion in the Kew Botanical Gardens on February 20th.

When first arraigned at the police court on the day of the crime she hurled a book at the magistrate, narrowly missing him, and fought desperately against her removal to a cell.

She was, besides being sentenced to prison, ordered to pay all costs of the prosecution and to find two sureties in \$500 each that she would be of good behavior for two years from the completion of her sentence.

RUN ON SAVINGS BANK IS OVER

Employers of Labour Had Much to do in Bringing About Confidence

CAPTAINS OF INDUSTRY GAVE THEIR PERSONAL GUARANTEE TO DEPOSITORS.

Montreal, March 7.—The run on the City and District Savings Bank, petered out yesterday. But a vital fact, explaining in some degree the quick subsidence of the rush in so short a time, has been omitted in press reports thus far given publicity, and this is that the intervention of most prominent local capitalists gathered round the small part in bringing about the finish of the rush—in fact, prevented the original run from assuming the alarming proportions looked forward to by the directors and management of the bank. The C. and D. is largely a bank of the working and poorer classes. Thus it was that Sir Thomas Shaughnessy, President of the C.P.R., by his personal advice and guarantee, reassured thousands of depositors gathered from amongst the C.P.R. employees in the city. E. J. Chamberlain, of the C.T.R. took similar steps, whilst the head of these two great railway men was followed by the Dominion Textile, the Canadian Northern and numerous other industrial concerns operating in the city.

IMMIGRATION RETURNS IN ONTARIO.

Toronto, March 7.—So far this year 3,714 British immigrants have arrived in Ontario, as compared with less than 2,000 for the same period last year.

The arrivals in February totalled 1,603, as compared with 1,066 for the same month last year.

A new record has also been established this month by the arrival of more than a thousand immigrants within less than a week's time.

BOUDRAIS ACQUITTED OF CHARGE.

Montreal, March 7.—Amid applause from several in the crowded court room late yesterday afternoon, Adolphe Boudrais, charged with the murder of his wife in July last, walked from the dock a free man to receive the congratulations of his friends, after the petit jury had deliberated ten minutes upon the evidence which was wholly of a circumstantial nature.

BANK CLERK GETS THREE YEARS.

Montreal, March 7.—Henri Legace, formerly ledgerkeeper of the Bank of Hochelaga, found guilty of the theft of \$35,000, was sentenced to three years in the St. Vincent de Paul Penitentiary by Judge Bazin in the Court of Sessions yesterday. Judge Bazin told the condemned man that he deserved fourteen years, but he had taken into consideration that he was still a young man, with a wife and a young baby. He had already been six months in the Montreal jail, which was equal to a year in the penitentiary. While he had no excuse for stealing the money, he said, he thought the ends of justice would be served if he spent three years behind prison bars.

QUEEN ALEXANDRA'S 50TH ANNIVERSARY

Of Landing in Great Britain to Become Wife of King Edward

RECEIVED CONGRATULATIONS OF LORD MAYOR ON BEHALF OF CITIZENS OF LONDON.

London, March 7.—(Special)—The 50th anniversary of the landing in Great Britain of Queen Mother Alexandra, Danish Princess, who became wife of King Edward, then Prince of Wales, is being observed quietly to-day in accordance with the expressed desire of Her Majesty.

The Lord Mayor and the corporation of the City of London went to Marlborough Palace to present an address to Her Majesty on behalf of the citizens of London, while the mayor of Windsor and mayor of Margate, where she first came ashore, expressed similar congratulations.

Many members of the diplomatic corps called at Marlborough House in the course of the day, and the vicinity of the royal residence was thronged with people anxious to pay their tribute to Her Majesty.

DIVISION BELL GAVE A RESPITE

Commons Was in Worst Temper Yet Since Sitting Began

UP TO MIDNIGHT HOUSE HAD BEEN 81 HOURS IN CONTINUOUS SESSION.

Ottawa, March 7.—The House of Commons was in a worse temper yesterday than has yet been since the sitting began. Points of order were raised by the score, and guerrilla warfare between the two parties was freely indulged in. Some speakers have a faculty of inciting interruption to a greater degree than others, and these gentlemen formed the chief speakers of the day.

IN SESSION 81 HOURS.

The House at midnight last night was in continuous session 81 hours, and there are 48 hours to go before midnight Saturday, when the Lord's Day Observance Act steps in and prevents further discussion. On the average 12 speakers a day have spoken, and speeches are yet to be delivered by Hon. George Graham, Hon. Frank Oliver, Dr. Clarke, Sir Wilfrid Laurier will also join the ranks with a speech.

There was but one bright spot, a half hour's respite being given while the House argued a point of order, and finally ended only after the Speaker had taken the chair and the division bell had brought the members to their places.

FIFTY ARAB SOLDIERS SHOT

Belonged to Turkish Regiments Guarding the Dardanelles Straits

WERE EXECUTED AS A WARNING TO OTHERS WHO ARE MUTINOUS.

Constantinople, March 7.—(Special)—Fifty Arab soldiers belonging to Turkish regiments guarding the peninsula of Gallipoli and the Dardanelles Straits were shot to-day as an example to others.

Most of the men guarding the lines in this district have been brought in from warm climates of Asia Minor and have become mutinous owing to the extreme cold.

They declared that they are too numb to fight.

THAW PROCEEDINGS STOPPED.

New York, March 7.—The writ of habeas corpus obtained in behalf of Harry K. Thaw was suddenly withdrawn at the request of his counsel in the Supreme Court yesterday. No explanation was offered. Thaw was in court. William Travers Jerome, retained by the State to oppose Thaw's release, was ready to proceed with the argument when one of Thaw's lawyers notified Justice Geiger that he desired to withdraw the proceedings.

KISSING MAYOR COMMITTED.

Montreal, March 7.—Under the Indian Act, which says a commitment disqualifies a man from holding office, Caughnawaga is without a mayor, as Mayor Dr. Angus O. Paton was yesterday committed to stand trial at the June term of the Court of King's Bench for assault on Mrs. Angus Deer, who alleges the accused kissed her beyond the New Year custom among the Indians.

Dr. Paton, in his statement before Judge Leet, said he was not guilty of the charge, and if he was, every woman in Caughnawaga could bring a case against him, as he had kissed pretty nearly all of them between January 1 and 6.

PEACE OF EUROPE IS AT STAKE

French Cabinet Appeals To Patriotism of the People

NEW ARMY BILL CALLING FOR THREE YEARS' SERVICE PRESENTED TO PARLIAMENT.

Paris, March 7.—An appeal to the people of France to submit cheerfully to the patriotic sacrifices called for by the new military bill increasing the term of service in the active army to three years instead of two, was made yesterday when the Cabinet submitted the measure to Parliament. When the bill was laid on the table of the Chamber of Deputies it was accompanied by a declaration from the Ministry expressing the profound conviction that the proposal must be adopted not only for the security of France but for the peace of Europe, which depended entirely on the equilibrium of the great nations of Europe being maintained.

There was no desire, the Ministry said, to conceal in any way the fact that a heavy task was about to be laid upon the French people, whose clear vision and patriotism undoubtedly would overcome all hesitations and all contingencies.

COST OF QUEBEC MONTREAL HIGHWAY

GOVERNMENT CALLING FOR TENDERS FOR WATER BOUND MACADAM.

Quebec, March 7.—From the present outlook, the cost of the highway between Montreal and Quebec would be in the vicinity of two million five hundred thousand dollars, and Hon. J. E. Caron, Minister of Roads, stated in an interview this morning that unless the road may be constructed by contract for a lesser cost than that, the Government will undertake the construction of the road itself.

So far propositions have been received for concrete and bitumen, and as a last venture to have the road built by contract the Government is calling for further propositions for water-bound macadam, and these propositions will have to be made by the 14th inst.

Should the tenders for the water-bound macadam prove as high as the tenders for concrete and bitumen, the Government will then undertake the building of the road itself.

LORD HALDANE'S VISIT.

New York, March 7.—Word was received here yesterday from Baltimore that George Whitlock, Secretary of the American Bar Association, has received advices from London, England, that Right Hon. Sir Kenneth Muir-Mackenzie, C.C.B., K.C., clerk of the Crown, a man of notable distinction in the legal world of Great Britain, will accompany Viscount Haldane, the Lord Chancellor, when the latter comes to this country to deliver the annual address before the Bar Association at its meeting in Montreal, Que., on September 1st. next. Miss Haldane, a sister of the Lord Chancellor, will also be one of the party.

BRITAIN MAY BUILD PARSEVAL AIRSHIP.

London, March 7.—The German Aircraft Construction Company has agreed to build a Parseval airship, to cost \$137,500, for the British Government, and to hand over the plans when the order is completed. It is further agreed that England may build as many Parseval airships as she chooses, on condition that she pays a royalty. This is sanctioned by the German Government.

Mr. C. N. Lyster sends another interesting letter relative to his experiences as E. T. special agent in Scotland. He again emphasizes the absolute necessity for some arrangement in the way of assisted passages if satisfactory results are to be obtained.

Duncans Temperance Hotel, 59 Union Street, Glasgow.

February 13, '13

To Editor Record,

Sir—I thought that the prices which are being paid at some of the markets might be of interest to some of your readers. Serviceable sound horses are much cheaper here than in your district; horses not lame and weighing 1,200 to 1,300 pounds not sound but of good wind and guaranteed good workers (and if not, could be returned) were selling at 50 to 70 dollars each. 150 were sold at the last Glasgow market at these prices and the same prices were ruling at Kilmarnock and Ayr. Yearling sheep were selling for 17 cents by the carcass dressed with head and legs on, skin and offal going to butcher as profit for killing, anyone could buy a carcass at this price, but if cut up higher prices would be paid.

Fat steers were selling at 3 to 7 cents per pound live weight. Farmers or drovers could sell until noon and those unsold were disposed of by auction—one animal being brought into the ring at a time and weighed, and his weight registered on a large dial for everyone to see it, so that they could calculate its value. Irish stores were put up in bunches of 10 to 20 at the age of 10 to 24 months, live weight 700 to 900 pounds (estimated). They were well bred and well shaped but rather poor in flesh and they sold at 50 to 70 dollars. 90 per cent. were Durhams with a few Polled Angus and a few Herefords. The Scotch farmers say after trying all best breeds that the Durhams are the most reliable. I saw a few Blue Grays in Ayr—a cross between Aberdeen Angus and a Shorthorn or Durham cows. A fairly good Clyde cow nearly 2 years old with good pedigree from a fairly good sire cannot be bought for less than 300 dollars. The horsemen say that trade never opened so well as in 1913. A large number of fillies or stallions went out last Saturday on the Cassandra and another big consignment leaves this week on another Donaldson boat, as the Donaldson line seems to get the preference in this business.

About 10 years ago the Clydesdale horse Association of Scotland which numbers among its members nearly all the breeders of Clydesdale horses in Scotland, found their horse trade very dull and sales few and far between so they sent Mr. McNeill, Editor of "The Scottish Farmer" and Secretary of the Association to Canada to lecture throughout Ontario about the Western Provinces on the great benefit the farmers would derive if they would commence and continue to breed no other type of draft horses. He was out two months and being a very convincing speaker the farmers here have reaped a golden harvest as a result of his tour. He also went out at the request of the Canadian Government to view the possibilities of Canadian enterprise and consider farming opportunities. I have invited him to the Eastern Townships for a month, in order that he may visit the Sherbrooke Fair in 1913 and some of the other larger fairs in the Eastern Townships and perhaps we could pay his expenses. He could see our E. T. at its best and as many thousand copies of his paper are taken weekly by the class of farmers we want to induce to come to Canada, he could inform them through the paper just what the conditions were. I have explained to him the importance of the most rigid inspection of the B. T. I see that South Africa, Australia and New Zealand have quite a large advertisement in the "Scottish Farmer" every week which is made very attractive and often changed. I have got the rates and am sending them to you to see if anything can be done on these lines. Mr. McNeill stated he could not come unless a deputy were appointed to sign pedigree statements August and September were his busy months. The members are holding a meeting in June and if he was wanted he would have to be advised before then so that the meeting could appoint a deputy to act in his absence.

All of the emigration agents here on whom I have called told me the "Record" is the only paper that has mentioned Quebec or the Eastern Townships. Others have only referred to wheat raising. I tell them that production and consumption are about equal in wheat and if the production is increased much more it will have to be sold at a loss to the grower. Mr. Buchanan, an emigration agent, is leaving next Saturday with a lot of farm laborers and domestics for Ontario and he has advanced the full passage money to each one; he is going with them to collect this money from those who engage them and make arrangement for repayment out of their earnings. I am sending

THE SHERBROOKE PAVING QUESTION

Wood Block Material Recommended for Wellington Street.

COUNCIL URGED TO SEND DELEGATION TO BOSTON TO INVESTIGATE THIS.

The question of paving will be a live one with the City Council early in the spring. It is generally understood that, at least, Wellington street must be paved this year as a first step towards the permanent construction of the business streets of the city.

Several kinds of pavement have received favorable consideration, such as asphalt-macadam, granite blocks and wooden blocks. The first would be the cheapest and the least durable. The second would be durable and permanent, but very noisy. The last, in the opinion of many, would be the best and should be used from the King street corner to Strathcona Square. Granite blocks would probably have to be used on the lower King street grade, as well as on the grade on the northern side of Strathcona Square.

TESTIMONY FOR WOOD BLOCKS.

A Boston paper which has come to hand has the following:

"Notwithstanding the old-time opposition of the humane societies and the master teamsters, the city of Boston has laid more wood block pavement during the present year than during any previous 12 months, and the commissioner believes that the yearly increase from this time on will be even more marked. He considers wood block the only solution to the paving troubles of the office and business districts, where the traffic is heavy and the grade light. Wood block has strength, easy traction and makes no noise, and the only objection that has been raised against it is that of the slippery surface. The three largest jobs of good paving this year have been those on Massachusetts avenue, Hammond street and Washington street, Dorchester. Much has been said about the Dudley street terminal."

Mr. W. A. Hale and Mr. McManamy, before the latter's retirement from the Council, gathered considerable information relative to the adaptability of block pavement for Sherbrooke's chief business street.

The following letters passed between Mr. McManamy and Mr. Sullivan, of Boston, upon this point:

AN ENQUIRY FROM SHERBROOKE.

J. H. Sullivan, Esq., City Engineer, Boston, Mass.

Dear Sir:—

Through the kindness of our mutual and esteemed friend, Mr. Hale, I have taken the liberty of asking your opinion, in the interest of our little, growing and ambitious city, which is now about to take its first step in street paving.

Our population is between 17,000 and 18,000. The street intended to be paved is 36 to 38 feet in width of roadway, and has at present one street car track; may have two later. I may say that it is our principal business street, on which are located our best and most fashionable stores. This street is a level street, located in a hilly section of our city, and is consequently much used for very heavy traffic.

What we would like to get in paving would be something durable and not noisy. Asphalt macadam has been recommended by some, and condemned by others who say that no composition of macadam is suitable for any street with street car tracks or heavy traffic.

Knowing your extensive and varied experience in paving, I would take it as an esteemed favor if you give me your opinion on this question of street paving, and oblige.

Yours truly,

D. McMANAMY.

Sherbrooke, Que., Nov. 26, 1912.

THE BOSTON REPLY.

D. McManamy & Company, Sherbrooke, P. Q.

Dear Sirs:—

Replying to your letter of November 26, asking information as to the pavement to be laid on such street as you have in mind, I have talked this matter over with your Mr. Hale before, and have in mind some of the conditions under which you are working. The street is not of sufficient width, especially where you have a car track, to experiment with macadam, either water bound or bound with asphalt. The pavement for this street is necessarily a permanent pavement, which is either granite or wood block. The objection to granite is its noise. It is perhaps the most suitable pavement, but is very noisy and is objectionable in that particular respect. A wood block will give you the same surface, and with the additional feature that it is noiseless and easy to clean and keep in condition. I would, therefore, recommend a wood block pavement on a concrete base for the street that you have under consideration.

Yours very truly,

JAMES H. SULLIVAN, Division Engineer.

Boston, Dec. 9, 1912.

DELEGATION SHOULD INVESTIGATE BLOCK PAVEMENT.

The City Council will hardly adopt block pavement offhand, and they should not do so. If a delegation of the Council would proceed at an early date to Boston to investigate the block pavement question they would be able to get direct information. This would be the businesslike way to get at it. Alderman Thompson, of the Road Committee, and

HAVE YOU SECURED COPY OF DICTIONARY

Over five hundred copies of Webster's New Illustrated Dictionary have been sent out to record readers during the past three days.

And orders are still pouring in. There will be enough for all who order promptly.

The offer, however, will not be available very long.

The home, the office, the students' desk will and the dictionary an ever-ready friend. Any who are interested should not delay.

Those ordering by mail should not fail to enclose 22c. extra for postage.

NUTSHELL ENGLISH COURSES.

Home study has been discussed and advertised extensively during the past few years. Various methods and means have been introduced. A self-secured education is obtainable in the English language and general information upon a most economical basis is offered in the Webster's New Illustrated Dictionary.

THE RECORD OFFERS YOU IN ONE VOLUME, BOUND BETWEEN HANDSOME LEATHER COVERS, A COMPLETE EDUCATION IN THE ENGLISH LANGUAGE, AN ABUNDANT OPPORTUNITY OF INCREASING YOUR VOCABULARY, STUDYING SIMPLIFIED SPELLING, AND MUCH OTHER USEFUL INFORMATION FOR SIX COUPONS CLIPPED FROM CONSECUTIVE ISSUES OF THIS PAPER AND A SMALL EXPENSE BONUS.

Commercially speaking, the purchase of this leather-bound volume means that you are getting a book worth several dollars for 98 cents, but generally speaking, it is impossible to estimate the value such a course of at-your-elbow education may be to you.

There are three styles of books, but the limp leather volume seems to have the call. The other two books are as good dictionaries in cheaper bindings.

THE BIG LITTLE BOOK is always at the elbow of those anxious and willing to learn. There can be but one result of the awakening of those who by sloth and misunderstanding had lost the approval of their employers.

Findlay to build and maintain a woven wire fence on the side of the road, passing along the Easterly side of his property for the sum of \$60.00 was accepted by the Council.

MUNICIPAL REFORMERS WIN IN LONDON

Increase Their Majority in The London County Council

KEEN INTEREST WAS TAKEN IN THE NINTH TRIENNIAL ELECTION.

London, March 7.—The municipal reformers for the third time secured yesterday a majority in the London County Council, although not so large as in 1907, when they had a majority of 40. They improved their position, however, over 1910, when their majority was two.

On the 118 members elected yesterday, 67 are reformers and 51 Progressives. The nine seats gained by the reformers and the two by the Progressives are widely distributed and indicate no specially noteworthy change of opinion.

The Reformers, who are allied in opinion to the Conservatives in Parliament, besides increasing their majority to sixteen, will be able still further to strengthen it by the election of ten aldermen.

The keenest interest was taken in the ninth triennial election, not only because of the sharply divided opinion on municipal issues at stake, but because of the threats of militant suffragettes to destroy the ballot papers.

In 1662 Dr. Stubbs wrote a book about chocolate called "The Indian Nectar."

Here are some passages from his treatise:

"—the Indians (of the tropics) by the help of cacao nuts (cocoa beans) alone do subsist all day, notwithstanding their great labor, and heat."

"I dare avow that one ounce of Cacao-paste (beaten cocoa beans) well digested, will yield more fat than a pound of fat beef or mutton."

Were he alive today, what a good time Dr. Stubbs would have over a cup of Lowney's Cocoa.

Lowney's is simply cocoa at its best. The cocoa beans used are carefully chosen from the best yields of the tropics. They are carefully roasted, blended and ground in our Montreal factory.

The flavor of a properly prepared cup of Lowney's Cocoa is simply delicious.

Sold by grocers. In tins, 10c to 50c sizes.

Miss Aline Pomroy, of Compton, guest at the Coatcook House.

The Ladies' Guild of St. Stephen's Church will hold their annual meeting in the Guild Hall on Tuesday afternoon, when the election of officers will take place for the ensuing year.

WATERVILLE.

A bridge party took place on Monday evening at the home of Mrs. C. Little. It was very largely attended. The hostess received the guests in a gown of Alice blue silk, with an overdress of black net, and was assisted by Miss Mary Ann Paul, who was dressed in a charming gown of grey silk crepe-de-chine. The pretty drawing rooms were daintily decorated with red carnations and smilax. Bridge was played at twelve tables. During the evening a concealed orchestra discoursed sweet music. Refreshments were served. Mrs. Ben Brown and Mrs. J. Porteous poured tea; Mrs. R. Jameson and Mrs. W. Sykes, poured coffee, and Mrs. James Long assisted by Miss Irma Jameson cut the ices. Three prizes were awarded. The first prize was won by Mrs. J. Dousan and Mr. August Ogryn; the second by Mrs. J. Long and Mr. J. Paul; and the third or "Booby" prize was given to Miss Irma Jameson, and Mr. W. Portueque, amidst much laughter. The guests then took leave of their hostess.

BARNSTON.

The funeral of the late E. S. Buckland took place at the Baptist Church on Tuesday, the Rev. Chas. Stevens, of Coatcook, officiating. The choir was assisted by Messrs. Hamby and C. Smith, of Coatcook, who sang three favorite hymns. The floral tributes were beautiful and included a wreath of white lilies from the Freemasons; wreath of carnations, Mr. and Mrs. Ed. Webster, and one from Mr. and Mrs. McCutcheon, besides numerous others from friends. Mr. Buckland was born and always lived in this village, with the exception of three years spent on board an American man-of-war, the "Hartford," which was sent to Chinese waters on affairs of state. Mr. Buckland was highly respected for his many sterling qualities, and held many responsible positions of trust in the Anglican Church and in local affairs where rectitude and executive ability were required. He was twice married, his first wife being Nancy Horn, who left two daughters, Mrs. M. F. Carr, who lives in Vermont. Thirty years ago he married Miss Ellen McLean, a sister of John McLean, of Coatcook, and Mrs. Edward Bryan. His illness had been of long duration and he was most tenderly cared for by his wife, who, for the last month, has been assisted by Mr. and Mrs. McCutcheon. The sympathy of the whole community goes out to Mrs. Buckland and the two daughters in their great bereavement.

Mrs. Edward Bryan is staying with her sister at present.

Mr. Peter Buckland, of Raymond, N. H., is in town, called by the death of his uncle.

FARNHAM.

The Ladies' Guild held its annual
meeting in the parochial hall on Wed-
nesday, March 5th. A goodly num-
ber of members were present, includ-
ing Mrs. D. B. Meigs, who was un-
able to attend the previous meeting
on account of illness. Plans were laid
for the management of the work for
the present year, which, it is hoped,
will be successfully carried out. Tea
was served by Mrs. F. T. Brown, Mrs.
Epps and Mrs. Spoor.

Mrs. J. A. Farmer, of St. Johns, is
stopping with her daughter, Mrs. W.
W. Patch for an indefinite length of
time.

Mrs. H. H. Chapman is spending a
few days with friends in town.

An exciting game of hockey took
place on Wednesday on the rink be-
tween the Boy Scouts and the Farn-
ham Juniors, resulting in victory for
the Boy Scouts, 2 to 0.

Mrs. Landers, who has been very
ill, is convalescing slowly.

Mr. L. Finnigan has purchased the
Dunbrugh property on the corner of
St. Joseph and Bernard streets, and
intends taking possession on the 1st
of May.

Mr. and Mrs. F. R. Brady have
gone to North Carolina for a rest.

Mr. Brady was at one time local su-
perintendent in Farnham of the C.P.R.
The Farnham shops and offices have
turned out during the past 20
years many men who are now filling
important positions on different rail-
ways in Canada and the United
States. The late lamented Senator
A. B. Foster stated at a public gather-
ing more than 45 years ago that if
the whole of the Eastern Town-
ships united together in opposition
they could not prevent Farnham be-
coming the leading railway junction
in the province of Quebec. At the
same meeting (held in St. Cesaire to
try and induce that municipality,
along with Abbotsford, to give a
bonus to the Stansfield, Shefford and
Chambly Railway Co.) he told the
ratepayers that that proposed line
would eventually be a part of a rail-
way line from the Atlantic to the
Pacific. When some of the audience
laughed he added the point that the
younger members of the audience, if
they lived the natural term of life,
would also see it double-tracked. The
Stansfield, Shefford and Chambly
Railway eventually was built through
Farnham, and the line from coast to
coast has not only been many years
completed, but the section running
through Farnham has been double-
tracked. Senator Foster has long
since slept with his fathers, but his
work and his words have lived after
him.

ton and Mr. Marshall Miller and sis-

ter of Brome Centre, at Mr. T. Mil-
ler's for week-end.

BROME.

Mrs. M. P. Eldredge recently enter-
tained Mr. and Mrs. M. Hunt of
Knowlton and Mr. and Mrs. E. Joy-
al; Mr. and Mrs. M. Hunt visited Mr.
and Mrs. W. D. Soles of West Brome
on Tuesday.

Mr. and Mrs. Fred Chapman and
family of Hartford, Conn., have ar-
rived at Mr. E. W. Farmer's, East
Hill and have entered upon their du-
ties of farming, this relieving Mr. and
Mrs. Farmer.

Mrs. H. Chapman of Farnham ac-
companied by Miss Gladys Martin of
Brome, who has been her guest for
a few weeks, arrived here a few days
ago where she will visit friends.

BOLTON GLEN.

About thirty relatives and friends
drove to the home of Mr. and Mrs. T.
Mason Monday evening to remind
them of the 40th anniversary of their
marriage. A very good time was in-
dulged in by all present. Among the
gifts presented was a purse contain-
ing a sum of money.

Mr. C. H. Brown, Mr. D. Cousens
and Mr. A. C. Knowlton attended the
Council meeting at Brill's, Monday.

Little Miss C. Allan is recovering
from her recent illness.

Mr. C. H. Brown received word
from Mr. W. H. Vilas, M.L.A., that
a representative from the Roads De-
partment, Quebec, would address a
meeting at Brill school house, on
March 13th, this being the place
nearest the centre of the township.

The fire brigade was called out at
the week-end, and not being quite sure
where the fire was, brought up in front of
Ladur's store by a very bright illumina-
tion that was at first thought to be
where the fire was. The cause of the
alarm was only a chimney burning out
in Mr. H. R. Newett's home, the blaze
of light at the corner being only the
light from Mr. Ladur's new lighting
arrangement.

Mr. T. Comeau has moved here from
Richford, Vt., and is living in the Bil-
lings' house.

Mr. A. E. Jenne, of Farnham, was in
town on Wednesday.

Mrs. S. N. Boright went to Cowans-
ville on Wednesday, a guest of her daugh-
ter, Mrs. (Dr.) Rogers.

Mr. Ben Mudgett from Salem, Mass.,
on Saturday, after passing the winter
here.

Mr. R. Curley, of Cowansville, was
in town on Saturday to visit his bro-
ther, Mr. Wm. Curley, whose health is
rather poor.

Mr. L. E. Clark moved early in the
week from Mrs. Mills' home into L. J.
McClarty's tenement on Main street.

The S. S. scholars in Mrs. Leon
O'Brien's class snowed out by home
recently, three miles distant, returning
after lunch. They were the Misses Olive
Jenne, Daisy Chatfield and Elfreda Jack-
man.

The "Pickinies" met with Mrs. L.
Jenne on the 22nd. Their next
meeting is with Mrs. S. B. Palmer on
Saturday, the 30th.

Miss Pansy Safford was a week-end
guest at Mr. L. J. Jenne's.

Mr. Wm. Brown returned from a busi-
ness trip to North Troy and Newport,
Vt., spending Sunday at West Derby.
Vt., a guest of Mr. Chas. L. Reed and
daughter.

FRELIGHSBURG.

Next Sunday, March 9th., the ser-
vice in the Methodist Church at 10:30
a. m. will be conducted by Mr. Nor-
man Lambly of Inverness.

The Bible Society meeting held in
the Methodist Church on Monday
evening was fairly well attended. The
pastor of the church presided and in-
troduced the lecturer, Rev. Thomas
Bennett who delivered a very interest-
ing and profitable address on the
work of the B. and F. Bible Society.

Bedford Council Consid-
ering Better Roads,
Water and Sewer
Systems

SUGGESTIONS WERE MADE BY
THE BOARD OF TRADE.
COMMITTEES NOW
AT WORK.

Bedford, March 7.—(Special).—A
large number of the townspeople
turned out for the regular monthly
session of the Town Council, which
was held in the County Building on
Wednesday afternoon, when all the
councillors were present as follows:
Councillors W. J. Pendleberry and
A. A. Lent representing the North
Ward; Councillors Joseph McAleer
and J. J. Creller, the South Ward,
and Councillors E. F. Currie and T.
Poirier the Centre Ward. Mayor F. D.
Walsh presided and Sec.-Treas. Geo.
A. Sulley was in his usual place.

A few accounts then took up the
attention of the Council, and proving
to be correct they were ordered to be
paid.

TO REPAIR BRIDGE.

Messrs. D. J. Pells and E. Maurice
presented the report of the special
committee appointed to examine the
Frelighs bridge. They found that the
bridge was too low and should be
raised; also that one of the abut-
ments should be renewed. The Coun-
cil heard the report and decided to
have specifications made of the work
necessary to put the bridge in good
condition, and to have this work
done by the day rather than by con-
tract.

STONE FOR ROAD WORK.

Mr. M. McNamara reported that so
far a thousand tons of stone had been
hailed into town for the roads. He
secured this at a price of 20 cents
per ton and thought it advisable to
continue buying as much stone as
possible at this price before sleigh-
ing ceases. The Council coincided
with him in this regard and gave
instructions where to place certain
quantities of the stone.

SUGGESTION FROM BOARD OF
TRADE.

At this juncture Mr. McNamara
called on Mr. A. S. McCaw, secretary
of the local Board of Trade, to
submit certain suggestions to the
Council concerning roads and water-
works in the town, as follows:
To the Mayor and Councillors,
Town of Bedford.

At a regular meeting of the Bed-
ford Board of Trade, held on the
28th ult., several important matters
concerning the welfare of the Town
of Bedford were referred to, which it
is felt should at once be brought to
the attention of your honorable body
for consideration.

With that purpose in view we re-
spectfully submit the following sug-
gestions:

With the early approach of spring,
our attention is now particularly di-
rected to the necessity of putting out
several roads and streets in order.

Under the laws of the Province of
Quebec, provision is made whereby
municipalities may borrow money
for the purpose of road-building, at
the low interest rate of two per cent.
per annum; and we understand that
the Town of Bedford has a right to
negotiate a loan under the provisions
of the Act referred to.

As you are aware, large quantities

of stone are being hauled for the pur-
pose of repairing and building our
roads, but nothing has yet been
done by the town towards providing
money with which to execute this
work.

We therefore suggest that the Town
of Bedford, in its annual meeting, apply
to the government of the province
for the necessary funds with which to
prosecute such works.

We also consider it expedient and
advisable that the town should own
a steam roller and other machinery
necessary for the purpose of road-
building. The possession of such an
equipment will enable the town to
properly maintain its highways, and
by giving our roads and streets the
attention they deserve the cost of
maintaining them will thus be re-
duced to a minimum, and the ma-
chinery will in a short time pay for
itself.

WATER SYSTEM WANTED.

The necessity and importance to the
Town of Bedford of an efficient sys-
tem of waterworks for domestic, fire
and sewer purposes is apparent to all.

The present primitive method of
obtaining water does not appeal to any
progressive community, nor is the
present system from a sanitary
point of view conducive to the com-
fort and physical well-being of our
citizens.

The absence of a proper water sys-
tem renders it impossible to provide
the town with adequate fire protec-
tion, consequently the highest in-
surance premiums are paid by its
residents.

As you are aware, the Provincial
Government have declared their in-
tention to construct through our
town, in the very near future, a high-
way to connect with other towns and
villages east and west of us; but be-
fore any such work is prosecuted, it
is important that water mains and
sewers be laid in advance of any road
making.

We therefore ask your honorable
body to take these several sugges-
tions into serious consideration, with
a view, at an early date, of giving
these various works the attention they
deserve.

We would also suggest that proper
levels be established in all our streets
by a competent engineer, that the
services of an engineer be employed
to assist in deciding the question of
the best method to be observed in
the matter of a water supply, hav-
ing due regard, of course, to the
obtaining of water that, as far as
possible, is free from any impurity.

With the completion of such works,
we are sure you will agree with us
that it is impossible to estimate the
benefits that will accrue to our citi-
zens. Bedford will then be in a
position to advertise her advantages,
invite the building of new homes, wel-
come new citizens, and we hope new
industries as well.

The above is respectfully presented
to your honorable body by the spe-
cial committee regularly appointed
by the members of the Board of
Trade, and we trust that the sugges-
tions above referred to will meet
with your approval.

A LARGE PROGRAMME.

After hearing these suggestions,
Mayor Walsh thought them quite a
programme to undertake but worthy
of all due consideration, and the
Council immediately got down to
business and took the first steps
necessary towards carrying out these
proposed works. A committee of
three, one from each ward, was ap-
pointed to measure all the pieces of
roads required to be built in the
different wards and to report at an
adjourned meeting of the Council on
Saturday evening, March 15th. This
committee consists of Messrs. M. Mc-
Namara, A. J. Bouchard and W. J.
Pendleberry.

In regard to the waterworks, a
committee consisting of Messrs. N. A.
Pare, H. A. Best and C. B. Jameson
is to look into this question and
make a report on the 15th. When the
Council has the reports of these two
committees they will then have
something to work on.

HOTEL LICENSES GRANTED.

Councillors Pendleberry and Poirier
moved to put off the granting of li-
censes to the three hotels for another
month until the April session of the
Council, but the motion was lost by
a 4 to 3 vote. It was then decided
on motion made by Councillors Cur-
rie and Creller, and passed, that the
three hotels in town, the Central
House, Hotel Galipeau and the Bed-
ford House, all receive a license for
next year, the license fee to the
town being \$50 each.

TO RAISE SIDEWALK.

Two petitions were received and
decided to be acted upon by the
Council. One asked that the piece of
sidewalk on the north side of Main
street, from C. O. Jones' store to
Dr. Braut's block, be raised to a
proper height, it now being lower
than the road.

The other petition asked that a
sidewalk be built on what is known
as Phillipsburg avenue. These peti-
tions were signed by the ratepayers
directly interested.

OFFICERS APPOINTED.

The following officers of the town
were then appointed, on motion made
by Councillors Lent and Poirier:
Valuators—Messrs. Nap. Rocheteau,
D. J. Pells and J. M. Stevens.
Auditor—F. T. Baldwin.

Rural Inspectors—South Ward, Henry
E. Capsey; Centre Ward, Jos. Lebeau.
Road Inspectors and Pound Keep-
ers—North Ward, No. 1, Agna Pin-
sommeault, Nos. 2 and 5, J. Boivin.
South Ward, No. 8, Ernest Maurie;
No. 9, D. J. Pells; No. 10, W. A. Al-
combrack.

Finance Committee—Councillors Mc-
Aleer, Poirier and Pendleberry.

Pro-Mayor—Councillor E. F. Currie.

The Council then adjourned until
Saturday evening, March 15th, at 7
o'clock.

A Secret

The busy man or woman with a cheer-
ful countenance cannot be troubled with
tired, aching feet, or with any foot
troubles, such as corns, bunions, callouses,
weak ankles or flat-foot. They invariably
wear the

Scholl "Foot-Eazer"

an anatomical foot rest which fits inside the shoe
like an insole.

It eases the feet by helping Nature to firmly
hold up the arch of the foot—equalizing the
weight of the body and taking away all nervous

Scholl's "Foot Eazers" ease the nerves and
afford complete rest and relief—even from the
most strenuous work.

A jolly good soup is Edwards'
Soup—but, as you know,
even the best of soups can
easily be spoiled if you don't
make them in the proper way.

This is how to make Edwards'
Soup (Brown or Tomato variety):—
Put a pint of cold water in a sauce-
pan, add one packet of Edwards'
Desiccated Soup (Brown or Tomato
variety), boil for thirty minutes, stir
frequently, salt and pepper to taste
and—there you are!

**EDWARDS'

PRESENTATION AT LENNOXVILLE.

A very pleasant event took place in Lennoxville recently at the Methodist Parsonage, when Mr. and Mrs. Frank Johnston, now of Ayer's Cliff, were presented on behalf of the choir and others of the congregation of the Church, with a very handsome alabaster mahogany tray, and brass tea table with fittings. The Rev. I. Norman made the presentation, expressing the sincere appreciation of the Pastor, and people of the work of Mr. and Mrs. Johnston for the choir and church during so many years, and their unselfish efforts to promote the best welfare of both.

Regret at their departure had been universal, and he was sure that every church member felt a distinct sense of loss. He hoped they would accept the accompanying gift, as a small token of the esteem and affection of their many friends in Lennoxville, who joined with him in wishing them happiness and prosperity in their new home.

Mrs. Johnston, making a feeling reply, said that both he and his wife felt deeply the severing of the many ties which bound them to Lennoxville, their life-long home. Their work for the choir and the church were a source of pleasure to themselves and he was glad to have been able to assist in the services of the Church. On behalf of his wife and himself, he thanked the choir and other donors of the beautiful gift, which they would use with peculiar pleasure.

The members of the choir and other friends were present and the evening was spent in social intercourse and music, while refreshments were served towards the close.

LENNOXVILLE.

The 'Farm Concert' given by the Junior League Monday evening was a splendid success, every one seemed to have a good time. There was, exactly \$23. realized. One pleasant feature was the presentation of some beautifully bound books to Earle and Aliza Fuller who are about to leave for Rock Island, they were active workers in the League and will be greatly missed. The next day the League members left school at 2:30 gathered at the Methodist Church, took a small horse sleigh, went and called for Earle and Aliza and pulled them around the town a while, then gathered at the Church to enjoy refreshments in the vestry, and play games for a couple of hours.

Mrs. McLeod entertained the Ladies' Aid Wednesday, March 5th. There was a large turn out, and the refreshments were much enjoyed. A St. Patrick's tea was planned. On Friday, March 7th, a tea will be given by the young lady pupils of the Lennoxville Academy from 4 until 6 o'clock p.m. at the Academy. An admission will be charged and the

proceeds will be in aid of the school library fund.

Mrs. C. N. Martin was the guest of Mrs. C. E. Ramsdell, North Hatley, on Thursday.

Among the visitors in town and at the College House during Wednesday and Thursday were Messrs. Stuart Jamieson and W. A. Williams, of Montreal; G. P. Feltus, Beebe; G. A. Robertson, Montreal, and J. H. Skinner, New York.

STOMACH STARVERS EAT ANYTHING NOW

No indigestion or upset Stomach
for "Pape's Diapepsin" users

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin, and realize not only immediate but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

HOVEY PACKING COMPANY

Unload Your Freight Right On The Top Floor

WHEN the ground floor or basement is used as a receiving room, store room and shipping room combined, it is impossible to avoid confusion and consequent delay in filling orders.

The logical place for the receiving room, in a factory or warehouse, is the top floor. Here bulky cases may be unpacked and their contents rushed to the store room, or direct to the proper department, leaving the packing cases on the top floor and reserving the ground floor and basement for showing goods and shipping orders.

An Otis-Fensom Freight Elevator makes all floors as readily accessible as the ground floor. It saves money by reducing the time and labor required in handling raw materials and manufactured goods. It makes possible the use of your regular line shaft power, or if line shaft power is not available a "single belt" type of elevator may be had with an independent motor. The prevailing low rates for electric power make this type of elevator most attractive and economical.

Our booklet, "Freight Elevators and Their Uses," will tell you all about an elevator designed to meet your individual needs.

Write for it to-day. Don't put it off until another time. Just sit right down and fill out this coupon NOW, while the thought is fresh in your mind.

FINANCIAL AND MARKET NEWS

COUNTRY PRODUCE

EGG PRICES STEADY.

Montreal, March 7.—According to latest advices received from Boston the situation in eggs has undergone a most decided change within the past few days and the impression is that the lowest prices have been seen for the first time being on account of the market increase in the consumption, owing to the low prices ruling for the season of the year. There is no actual change in the condition of the local market, prices being steady under a good demand, and an active trade is passing. Receipts of eggs were 1,402 cases, as compared with 1,979 for the corresponding date last year.

We quote prices as follows:
New laid eggs 28 to 30
Selected cold storage 20 to 22
No. 1 cold storage stock 16 to 18
No. 2 cold storage stock 14 to 15

HONEY MARKET QUIET.

Montreal, March 7.—The demand for honey shows no improvement and the market in consequence is quiet, but as the offers are not excessive the feeling remains steady and prices show no change.

Clover, white honey 16 to 17
Dark grades 14 to 15 1/2
White extracted 11 1/2 to 12
Buckwheat honey 8 to 9

POULTRY MARKET GOOD.

Montreal, March 7.—A firm feeling prevails in the market for dressed poultry owing to the continued steady demand from butchers for small sup-

plies and the light offerings. The demand is principally for choice fresh-killed turkeys and chickens.

We quote prices, in wholesale lots, as follows:
Turkeys, per lb. 22 to 24
Ducks, per lb. 18 to 20
Chickens, per lb. 18 to 21
Fowls, per lb. 15 to 17
Geese, per lb. 14 to 15

POTATO TRADE IS DULL.

Montreal, March 7.—The trade in potatoes is quiet owing to the fact that buyers in most cases are well supplied for the present, and as the offerings of car lots are fairly large and easy feeling prevails in the market. We quote: Green Mountains in car lots at 70c, and Quebec grades at 60c to 65c per bag, and in a jobbing way at 90c per bag.

DAIRY PRODUCE

BUTTER SHOWS AN ADVANCE

Montreal, March 7.—Receipts of butter were 55 packages, as compared with 47 for the corresponding date last year. The estimated stock of creamery butter in store in Montreal on February 28 was 33,014 packages which shows a decrease of 9,241 packages as compared with the previous month, and an increase of 18,927 with the corresponding month last year, while the stock of dairy butter shows an increase of 794 packages as compared with the previous month and an increase of 2,165 with the same month a year ago. In spite of the facts and the increased supplies of New Zealand butter now coming forward a stronger feeling has developed in the market for fancy and finest creamery and prices in a jobbing way have advanced 1c to 2c per lb., and sales to grocers were made at 31c to 32c.

We quote as follows:
Finest creamery 29 to 29 1/2
Fine creamery 27 1/2 to 28
Fresh made creamery 24 to 26
Dairy butter 23 to 24

CHEESE MARKET FIRM.

Montreal, March 7.—The estimated stock of cheese in store in Montreal on February 28 was 35,050 boxes, which shows a decrease of 31,278 boxes as compared with the previous month, and an increase of 19,987 with the corresponding month last year. Receipts of cheese were nil as against 5 boxes for the same date a year ago. There were no new developments in the market, the feeling being firm with a little business passing over the cable.

We quote prices as follows:
Septembers 12 1/2 to 13
October 12 1/2 to 12 3/4
Fodders 10 1/2 to 11 1/2

PROVISION MARKET

UPWARD TENDENCY OF PRICES.

Montreal, March 7.—The feature of the provision trade continues to be the strong upward tendency of prices for live hogs, they having scored a further advance of 10c per 100 lbs. in the Toronto market with sales of fed and watered at \$9.50 to \$9.60 per 100 lbs. There was no change in the local market, but prices were firmly maintained at the advance recorded on Monday. The supply was small, with a good demand from packers, and sales of selected lots were made at \$10.10 to \$10.25 per 100 lbs. weighed off cars. The tone of the market for dressed hogs is firm under a good demand and sales of abattoir fresh-killed were made at \$13.75 to \$14, country dressed light weights at \$13.25 to \$13.50 and heavy at \$12.25 to \$12.75 per 100 lbs.

DAILY STOCK LETTER.

New York Noon Letter.

The market was dull and lower on the start but on the whole didn't seem to be very much disturbed over the money stringency or the outlook of having to send a lot of gold to the other side.

Toward the end of the first hour the selling increased and stocks sold off quite sharply with a moderate amount of liquidation on the way down and rallies have been slight. Stocks ranging close to lowest of the day.

Steel common led the decline in industrials, while Union Pacific was the heaviest in the railways, but the market moved rather uniformly to lower levels. Weakness of the bond market is the most disturbing feature of the session. The new B.L.O. convertibles are now selling below the subscription figures and stockholders evidently only took a small amount of their allotments so that the bulk of these bonds are still in underwriters' hands.

Market still continues professional but the tone is heavy and some moderate liquidation has occurred this a.m. Sales to noon, 197,000 shares.
Money, 3 1/2 p.c.
Grain, steady.
Cotton, eight down.

Montreal Noon Letter.
This has been another quiet day with trading. Listless and entirely without feature. The tone of the market remains fairly firm however. Brazil eased off to 94 1/2, Toronto steady at 140 1/2. Grains, 5 1/4 in Boston.

The Harris Abattoir Company, Limited, distributes its products, principally fresh meats, through its branch houses—St. Lawrence Market, Toronto, Sudbury and Haileybury in Ontario; Montreal and Quebec City in Quebec, and Sydney and Glace Bay in Nova Scotia. By-products, such as Hides, Wool, Bones, Tallow and Oleo Oil are distributed very widely over Canada, the United States and Europe.

The Company has buildings now under construction at the Union Stock Yards, West Toronto, which, when completed, will be one of the most modern packing plants in Canada. They consist of a group of six buildings, mostly of concrete construction and fireproof.

The Management of the Company is in most capable hands. Mr. James Harris and Mr. W. T. Harris have from its inception acted as Managing Director and Sales Manager respectively, while Mr. J. S. McLean, Secretary-Treasurer, has held that position since 1903. There has been no change since then in the personnel of the Stockholders, Directors or Management of the Company. Nearly all the heads of departments have been associated with the enterprise for many years.

Copies of the Trust Deed and of the appraisal certificates may be seen at our offices.

Interim Certificates will be furnished pending delivery of definitive bonds.

YES

A few minutes after Zam-Buk is applied to a cut, a burn, a scratch, or any sore place, the pain is stopped. Mothers should never forget this, because it is one reason why Zam-Buk is the best thing for children's injuries. It stops their crying and gives them ease. Right from the instant of application healing begins, and Zam-Buk heals quickly. Note these statements from reliable persons, some of whom you may know.

Baby's Sore Healed.

"My baby girl had a bad sore on her chin, which was very painful, and caused her to be very restless. We put on some ZAM-BUK, and in a wonderfully short time it gave her ease. In a few days the sore was completely healed."

Mrs. E. COCKER,
Yorkton, Sask.

Rusty Nail Pierced Finger.

"I ran a rusty nail under my thumb nail while at work. The pain was terrible and I feared blood-poisoning from the dirty, rusty nail! I melted some ZAM-BUK and ran it into the wound, and it stopped the pain almost instantly. It kept away inflammation and in a few days the wound was quite healed."

Mr. A. H. ONTT,
Shipley, Ont.

A Bad Burn.

"In moving some wood in the stove, I burned my thumb very badly. In a few minutes it was covered with a big white blister, and the pain was very bad. ZAM-BUK was applied, and in quick time it gave me ease."

H. E. JENNER, Organist, Carman, Man.

Take this Advice!

If you have some sore place, some skin disease, some cut, or burn or ulcer, why continue to suffer pain? Every hour you suffer is an hour wasted. You cannot do your best work in pain; you cannot enjoy your leisure. ZAM-BUK saves far more than it costs, by saving you time in this way.

ZAM-BUK is a "short cut" to skin healing. There is nothing which acts so quickly and so surely. Use it for all skin injuries and diseases, Eczema, Ulcers, Blood Poison, etc., and for Piles. All druggists and stores, 50 cents a box, or post free from ZAM-BUK Co., Toronto, for price. Refuse harmful imitations.

STORY OF TRAGEDY IN THE ANTARCTIC

LIEUT. NINNIS FELL DOWN INTO
AN UNFATHOMABLE CRE-
VASSE.

Sydney, N. S. W., March 7.—Details of the tragic ending of Lieut. B. E. S. Ninnis, of the Royal Fusiliers Regiment, and Dr. Xavier Mertz, champion ski jumper of the world, who met their deaths in the frozen South Polar regions while members of the Australian Antarctic Expedition, were told in a wireless telegraph message received here Tuesday from Dr. Mawson, the leader of the expedition, who also suffered great hardship.

The wireless message received from Dr. Mawson, who is now in Adelaide, says:

"On December 4, 1911, while we were exploring a new coast line three hundred miles to the southeast of our winter quarters, Lieut. Ninnis, with a dog team and with almost all our food, disappeared in an unfathomable crevasse.

"Dr. Mertz and myself, with an inadequate supply of provisions, and with six starving dogs, then started over the plateau for our hut. Bad weather retarded our progress and we subsisted chiefly on dogs.

"On January 17, 1912, Dr. Mertz died, the cause of his death arising from malnutrition.

"On February 7, I arrived at the hut alone, having travelled through snow and fog, and having miraculously been guided by Providence through the heavily crevassed areas.

"The steamer Aurora, waiting at the base until the weather conditions made it no longer safe, she left a few hours before my arrival at the hut. Six men were left there by the Aurora to prosecute a search for the members of the party."

THE SHERBROOKE PAVING QUESTION

(Continued from page 1)

The new Road Commissioner, Mr. W. H. Beaman, might join the delegation which is going to Boston to investigate the industrial proposals. The two delegations could work together and kill two birds with one stone.

Sherbrooke citizens will expect to see paving work begun next summer, and they will expect the narrow chief business street paved with the best material obtainable, without undue regard to cost.

Now is the time to get busy.

MARRIAGES

WYATT-MCKENZIE.

Cookshire, March 7. — (Special)—The marriage took place on Friday last, the Rev. Mr. Plett officiating, of Miss Nellie McKenzie, of Renfrewshire, Scotland, and Mr. Thos. Wyatt of London, Eng. The bride was very becomingly attired in cream serge suit with blue hat and veil.

After the ceremony a wedding breakfast was served at the home of Mr. and Mrs. A. Warren.

Mr. and Mrs. Wyatt have taken up their residence in one of Mr. F. R. Cromwell's houses on his estate.

PENNOYER-BAKER.

Cookshire, March 7. — (Special)—A very quiet wedding was solemnized in St. Peter's Church on Wednesday, February 26th, at high noon, when Miss Kathleen Baker, youngest daughter of Major E. S. Baker, and Mr. Arthur H. Pennoyer, third son of Mr. and Mrs. Wm. Pennoyer, for many years residents of Cookshire, now of Calgary, Alta., were united in holy wedlock, by Rev. Rural Dean Robertson. Only the immediate relatives of the contracting parties were present.

The bride looked very nice in a dark blue travelling suit, with hat to match, and was attended by her niece, Miss Helen Parry, who also wore blue. The groom was supported by Mr. Harry Moe. After the ceremony the wedding party repaired to the residence of the bride's sister, Mrs. F. A. Hurd, where a dainty wedding breakfast was served, after which the young couple left for a trip to Boston, Mass., and other New England cities. Upon their return they will leave for their new home in Northern Ontario, where Mr. Pennoyer is engaged with the C. T. P. The bride is a life long resident of this place, the groom also having spent the greater part of his life here, and the best wishes of their

INCREASE IN QUEBEC MINERALS

OUTPUT FOR THE PAST YEAR WAS THE LARGEST EVER RECORDED.

Quebec, March 7.—A marked increase in the mineral production of the Province of Quebec is shown by statistics just issued by the mines branch of the Department of Mines and Colonization, and covering operations for the year ending December 31st last.

From these figures it may be gathered that the value of the mineral production of the province during that period rose to the sum of \$11,017,000, the highest annual figure ever recorded. This is an excess of \$2,337,260 over the amount for 1911, when the value was \$8,679,740, and, to indicate the great development in this direction during recent years, it may be pointed out that twenty years ago the total production of all Canada combined was only worth \$16,625,000, and to this sum Quebec contributed an amount only slightly in excess of a million dollars.

The principal mineral products of this province are asbestos, copper, mica and granite. These represent about a third of the total. Building materials such as limestone, granite, cement, brick, marble, etc., account for 60 per cent.

The development of Quebec is clearly indicated by a comparative table, which shows that during the last ten years the figures have risen from \$2,772,762 to \$11,017,000.

hosts of friends follow them through life's journey.

ACID STOMACH AND DYSPEPSIA CURED

FOOD WAS LIKE A HOT IRON TO
A NAKED WOUND.

The letter which is herewith published in full resulted from an announcement in one of our leading dailies of the remarkable curative properties of Bisurated Magnesia in the treatment of stomach acidity, the cause of practically all forms of stomach trouble.

Dear Sir, I suffered for some months from Dyspepsia and acidity of the stomach, and have tried all sorts of patent as well as doctor's medicines with no effect. Seeing a doctor's statement in one of the daily papers about the marvels of Bisurated Magnesia, I got a small bottle from the local chemist and am glad to say that it has done me more good than anything I have ever tried. Food to me was like a hot iron to a naked wound, but since I have taken Bisurated Magnesia I can now enjoy my food without bad after effects.

W. DOUGHTY.
Mr. Doughty's experience is doubtless that of thousands of others who have obtained relief and cure of stomach trouble from the use of Bisurated Magnesia where medicines and advertised remedies have failed. Readers who suffer from stomach trouble in any form should get a little Bisurated Magnesia from their druggist at once. Half-a-teaspoonful in a quarter of a glass of warm or cold water after eating, will almost immediately relieve the severest pain.

SUFFRAGETTES WILL NOT BE LIBERATED

HUNGER STRIKERS IN PRISON WILL BE TREATED AS OTHER CONVICTED PERSONS.

London, March 7.—It is understood that the Government has decided to introduce two Bills in Parliament as early as a date as possible dealing with the suffragette difficulty. The first will empower the Home Secretary to exercise the same licensing control over persons committed to prison as he now does over convicts. Thus, a suffragette prisoner adopting the hunger strike will be sent to a hospital or home until her health has been restored, and would then be re-committed to prison. This method would be repeated until the prisoner

had served the full term, in which the time out on license would not be counted. The second Bill will provide a better procedure for recovering fines and damages from suffragettes convicted of attacks on property, and will otherwise modify the criminal law in the desired direction.

FATAL ACCIDENT AT THETFORD

JOSEPH DAIGLE WAS STRUCK BY A DERRICK AND INSTANTLY KILLED.

Thetford Mines, March 7. —(Special)—A fatal accident took place here, yesterday morning, when Joseph Daigle, an employee of the Bell Asbestos Mine, was struck by a derrick and instantly killed.

Deceased was about forty years of age and leaves a wife and family of eight children. As soon as the accident occurred Dr. Lacerte was sent for, but on his arrival found that Daigle was dead.

The inquest was held yesterday afternoon and a verdict of accidental death returned.

The Cake that's worth the Candles

Take off the candles. Cut into generous pieces. Now the feast's begun!

The delicate texture, the honey-gold color, the rare flavor—all join to make the finest treat that ever took the form of cake.

They won't let you wait 'til another birthday to make another cake like this.

Rainbow Flour certainly does help in cake-making. Yet that's not surprising when you consider that it is the quality-leader among flours. Only the rarest nutriment of the high-grade Manitoba Spring Wheat is eligible for Rainbow Flour.

Every cake will be worth a celebration when you begin the use of Rainbow Flour. Just try some.

In using Rainbow Flour for pastry, more water (added slowly) is required and less flour.

A HAPPY, LAUGHING CHILD IN FEW HOURS

If cross, feverish, tongue coated or sick, give "Syrup of Figs"

Mother! Don't scold your cross, peevish child! Look at the tongue! See if it is white, yellow and coated! If your child is listless, drooping, isn't sleeping well, is restless, doesn't eat heartily or is cross, irritable, out of sorts with everybody, stomach sour, feverish, breath bad, has stomach-ache, diarrhoea, sore throat, or is full of cold, it means the little one's stomach, liver and bowels are filled with poisons and need a gentle thorough cleansing at once.

Give a teaspoonful of Syrup of Figs, and in a few hours all the waste, undigested food will move on and out of its little system, without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only regulator needed—a little given to-day will save a sick child to-morrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious, tasty, genuine old reliable. Refuse anything else offered.

SPORTING NEWS

HOCKEY

TEAM WILL ARRIVE AT NOON.

The McGill hockey team will arrive on the noon train to-morrow, and will be ready to start the match on time.

The Sherbrooke players had a good workout last night and are confident they can defeat the McGill aggregation.

SHAMROCKS 4, ROYALS 0.

In a very interesting game of hockey which took place at the Minto Rink, Lennoxville, the Shamrocks defeated the Royals by a score of 4 to 0. The score at half time was 2 to 0. Millette, the star Jacques Cartier man, played a star game for the Royals. C. Hawkins was the first one to score for the Shamrocks, about five minutes after W. Plomondon performing the same trick. The first half ended 2 to 0 for Shamrocks. The second half started with the Royals trying hard to score, but could not find the net at all. Just after the face-off R. Kenalty scored another for his team, which was followed by P. Redmond. Fortin, who played for the Royals, was the roughest man on the ice. L'Heureux gave satisfaction to both teams.

The line-up was as follows:
Shamrocks: V. Brownlow, Goal; Boucher, R. Kenalty, Point; Hugo, P. Redmond, C. point; Fortin, W. Plomondon, Rover; Millette, L. Saunders, Centre; Crocheteire, C. Stenson, L. wing; Pouton, C. Hawkins, R. wing; Genest, Referee, L'Heureux; timekeeper, C. Gordon.

BANKERS VS. TOWN.

Bedford, March 7.—(Special)—The two local teams, the Bankers and the Town, played their rubber game off at Best Bros. rink on Tuesday evening. Each team had won a game, and the play-off was looked forward to with much interest. Only a few of the faithful were on hand, however, to see the match, and these surely received the worth of their money, as the hockey played was very good, and although the score was somewhat one-sided, the Town winning by 10 to 1, still the play was not so one-sided by any means, the Bankers being very much in evidence at all times. The teams were as follows, six man hockey being played, which suits the size of the local rink much better than seven men a side:

Bankers: Lorden, goal; Trotter, Cakes, point; Currie, Roy, cover; McGowan, Hungerford, centre; Baldwin, Jameson, wing; Cadorette, Pharoah, L. wing; Paré, M. C. Hungerford replaced Cadorette after the first period on the Town team. Referee, Dr. F. E. Draper.

Bedford would like to arrange games with local clubs. It is expected that the rubber game with Cowansville will be arranged in the near future.

ABERCORN VS COWANSVILLE.

Cowansville, March 7.—(Special)—A hockey match was played Wednesday evening between Abercorn and the Cowansville juniors which resulted in a win for Cowansville by a score of 10 to 2.

The teams lined up as follows:
Abercorn: E. Westover, Goal; Cameron, Spencer, Point; Bulman, Jacobs, Cover; Hawk, Demers, Forward; Hall, W. Westover, " Ross, H. Westover, " Marquette, Spencer, " Webb.
Referee, W. McCabe.

BASKETBALL

To-morrow (Saturday) evening the last of the games in the Association Boys' League will be played off, the Dreadnoughts playing the First Scouts in the first game and the Rand Drill vs. Maples in the second. Throughout this league the game have been very interesting and the boys have shown fine form, and promise to do good later on. The standing of the leading teams is as follows. The Dreadnoughts first with the Rand Drill a close second. Either team have to do its best next Saturday to win the league. The following Saturday the senior team from North Branch, Montreal, are playing the local senior team, and the week following a McGill team may be here. Both these games will be big fixtures.

Standing of Junior School Boys' League:
Played Won Lost P.C.
Ravens ... 6 4 2 66 2-3
Vultures ... 7 4 3 57 1-7
Hawks ... 8 4 4 50
Eagles ... 7 2 5 28 4-7

IRON HILL.

Mrs. Edward McCrum will entertain the Ladies' Guild at "The Maples" Wednesday afternoon, March 12th.

Miss Mildred Beard has been confined to her bed for at least three weeks.

Mr. and Mrs. E. Raymond entertained sixteen of their friends at their home on Saturday evening. The evening was very much enjoyed by all.

Arrivals and departures: Mrs. A.H. Miller, of Highwater, visiting her parents, at "The Cottage"; Miss F. E. Bedee, week-end with Mrs. J. C. Beard; Mr. E. Scott, home at "The Maples"; Mr. H. Moffatt, of Bolton, visiting at Mr. George Royce's; Recent guests at "Pleasant View Farm": Mrs. E. McCrum, Mr. and Mrs. C.A. Beard, of La Roche, Mrs. Austin, of "The Knoll"; Mr. E. Beard, of West Shefford and Mr. Tom Nolan, Miss Freda Jeannean, to her duties at Granby; Mr. Tom Nolan, to the Military School at St. John's; Miss R. Shepard, guest at Mrs. J. C. Blaney's; Shady-side; Mr. Willie Blaney, to Sutton, recently.

ONE WAY ONLY, SAYS MR. LYSTER.

(Continued from Page 1)

you a copy of the contract that is signed by the man or woman in conjunction with one or two of their friends here to safeguard as far as possible the party who hires them. I have asked Mr. Wright who is going with this lot to call at Sherbrooke on his way back to talk over our troubles concerning help and farms; he says he will be at Sherbrooke on or about March 10th, so I want you to have our Government agent for immigrants on hand along with yourself and as many more as possible of the business people of the city, including Messrs. Alex. Ames and J. H. M. Parker, and Mr. Farwell if he can spare time.

MR. LYSTER'S SUGGESTION
As we will only get a sprinkling of help on the lines we are working, I submit the following proposition. That an adequate sum of money be applied in 1914 by the Provincial and Federal Governments in providing assisted passages to young men from 18 to 20 years of age who are sons of ploughmen and cattlemen and have never been off the farm, and get an agreement signed by them and one or two of their friends here to repay to the Government the money advanced. No doubt some of this money would be lost but a very little on the whole, and much less than the agents cost with far greater results to our farming community in securing men to help them.

If the Government cannot afford both I would leave special agents at home and provide for assisted passage.

The agents here say our visits do them a lot of good, but I am sure this scheme of mine will work out all right although it may not be approved of by the Canadian Agents.

I have seen a number of farmers from the Isle of Arran who have said they are coming out to buy farms in the Eastern Townships, but they cannot come this spring as they have to give six months' notice leave to the landlords and sometimes more.

The agents tell me that Canadian born agents are better than English born, as the latter spend a lot of time visiting their friends. Every agent I have seen tells me he is worth much more than the Government pays him!

Yours truly,

C. N. LYSTER.

LAWRENCEVILLE

Arrivals and departures: Mr. Wm. Solomon, of Waterloo, in town, Wednesday; Rev. A. H. Booth, of Waterloo, in town, Wednesday; Mr. E. Solomon, of West Ely, in town, Wednesday; Mr. and Mrs. A. W. 2nd AFTER SUPPER SALE

SATURDAY NIGHT

from 7 o'clock till closing time

We were quite sure that there would be no lack of buyers at the first Saturday Night Sale. The crowd came—it saw and was conquered—it needed no microscope to discover the remarkable values. The merchandise was here, exactly as we advertised it. The prices—well, we only know that action began at the stroke of the 7 o'clock bell and continued unabated until closing time.

One can bring a crowd with an offering of big values, but one won't do business unless the prices match the advertisement. We did business.

We have prepared for the second After Supper Sale with another great budget of bargains. We will see a large percentage of the people who came to the first—and a host of friends—because there has been much talk of the plums that were picked at the first sale. So you had better come, too—another crop is ready for those who like to buy goods at retail, at less than most stores pay wholesale.
