**DESIRE TO BE GRIDIRON THREAT SENDS YOUNG STAR BACK HOME**

Hollywood — Claude Jarman, Jr., who soared to stardom in "The Yearling," and M-G-M have called it a day by mutual consent. Jarman, now 15 years old and six feet tall, goes back to Tennessee where he hopes to become a football star at the University of Tennessee. He has one unreleased film, "The Outriders," with Joel McCrea. Dore Schary says he will be recalled to the studio if the right role comes along.

Joan Leslie is disturbed over that "premature" announcement of her engagement to Dr. William Caldwell, but she admits it is true. She's still in mourning for her mother, who passed away a month ago. The marriage, says Joan, won't take place until fall.

Here's the inside on the switch of directors for Esther Williams' new movie, "Pagan Love Song." Stanley Donen, M-G-M's new directorial find, was assigned to the picture, then assertedly cracked that Esther had "no talent." Esther heard about it, marched to the M-G-M front office, pointed out that she's one of the town's top boxoffice stars and said she wouldn't go on location to Hawaii with a director who didn't think she had talent.

The studio agreed with her, replaced Donen with Bob Alton. There never was any talk of M-G-

**Enough Arable Land, Says Farm Forum**

Cookshire, Feb. 22.—The Cookshire Farm Forum held their weekly meeting at the home of G. W. Learned on February 13. The group under the leadership of Rev. A. M. Butler decided after a lengthy discussion that they would answer the question, "Is there enough arable land?"

By taking an optimistic view they decided there was enough land if the proper care and use of land was practised.

Concerning the scarcity of food in the world and at the same time the difficulty Canadian farmers in disposing of their surpluses, they were of the opinion that some sort of a world clearing house should be set up, also that the flow of currency should be promoted and trade barriers lowered.

Mr. T. Kirby reported that a speaker was coming to Lennoxville, on March 23, to give a talk on "Pastures and Dairy Cattle."

At the risk of being subpoenaed by the Committee on Un-American Activities, I'd like to get it into the record that the story of George Washington and his little hatchet is the most pernicious bit of claptrap to be found in our school books.

Look at it this way. The obvious moral of the tale is that crime does pay—as long as you are properly contrite and 'fess up on the spot. In other words, to carry this illogical premise to its logical conclusion, Lizzie Borden, who was tried for meat-axing her maw and paw, could have dispensed with her battery of expensive lawyers and waited out of the courtroom by simply declaring, "I cannot tell a lie. I did it with my little hatchet."

But I'm getting ahead of myself and this column...

Forty years ago in the good old miss-meal days, I was one of the charter members of the Allen Street Angels, a loosely-knit but enterprising, East Side organization devoted to the twin arts of breaking windows and swiping hot chest-

Miss Eleanor Murray, of Montreal, and Miss Kathleen Murray, of Sherbrooke, were guests of their parents, Mr. and Mrs. D. R. Murray.

Mr. W. O. MacLeod spent a day in Magog on business.

nuts. Patsy Doyle, a pimply bundle of uproar, was the leader of our frolicsome lodge, and had it been put to a vote, the teachers of P.S. 4 would have unanimously chosen him as the boy most likely to succeed—in getting himself hung.

One Washington's birthday, I ran into Patsy on Rivington Street. The Boss Angel was bemused, and when Patsy was bemused it could only mean he was thinking thoughts that shouldn't happen to a police department.

"I been tinkin' about dis cherry tree malarkey, an' you wa ta know what I'm tinkin'? I tink maybe I give dis gimmick a whoil!"

Suiting misdememnor to word, Patsy swiped a wrench and opened up all the fire hydrants on the block, and since it was a cold February and the resulting freeze could be dangerous to both horse and pedestrian, this was no small offense. As the street turned into a small river, a cop tore down on Patsy who was standing near a hydrant, wrench in hand.

"I can't tell no lie," said the young hoodlum. "I done it wit' my little wrench."

"A wise guy, eh?" said the patrolman. "Okay, don't squeal, but ya better be 't before ya get into trouble."

Patsy's next experiment in coming clean was to dump a box of apples outside Tony Scappiolli's fruit market. As Tony ran out, screaming the Neapolitan equivalent of bloody murder, he found the Boss Angel waiting for him, munching one of the McIntoshes.

"Who done it?"

"I can't tell no lie," said Patsy. "I done it."

"Sure, and yer waitin' I should knock yer head in. Geddaahere!"

Patsy, drunk with power now, decided to give the gimmick "a real whoil." Outside Mrs. Slotkin's grocery store there was a pile of empty egg crates waiting for the garbage truck. Patsy wedged a newspaper into the heap and set a match to it, and when the patrolman came rushing up, he found him warming his hands at the blaze.

"I can't tell no lie..." Patsy began.

"Shaddap," said the cop. "I hear enough outta you for one day."

When I met up with Patsy a couple of days later, he was more bemused than ever.

"Like I tol' ya," he said, "dat Washington was a smart sonaf-a-gun. Wid his system, a guy could get away wid moidah."

If O. Henry were finishing this column, Patsy Doyle would probably reform and then, coming out

of Mass one fine Sunday morning, would be nabbed for a crime he didn't commit. But I cannot tell a lie—leastwise, not on Washington's Birthday—and I have to admit that nothing even remotely like that ever happened to him. As long as I knew him, Patsy was never arrested, although oldtimers on Rivington Street tell me that some of his subsequent pranks were more felony than fun.

The other day, however I read a story in the papers which made my eyebrows do a pole vault. It was about a hitch-hiker who had walked up to the sheriff of a small Florida town and confessed he had hit a motorist over the head with a hatchet and buried the body in a nearby swamp. After routine investigation, the sheriff had released him with the comment, "Obviously a crank." The vagrant gave his name as Peter Donnelly... I wonder if that could be Patsy Doyle? A representative number of citizens, old friends and acquaintances, gathered in large numbers to pay their final respects to Henry Welsh, of this city, who was laid to rest yesterday after a funeral service held in St. Peter's Church.

Mr. Welsh, who was general manager of the MacKinnon Structural Steel Company Limited, at the time of his death, had been in ill health for some time and death came to him at his residence, Saturday night. He was in his 68th year.

## Rotarians Pay Tribute To Henry Welsh

Members of the Rotary Club, saddened by the death of a valued member, Henry W. Welsh, paid a special tribute to his memory at their regular meeting last night.

Past President A. A. Munster expressed the feelings of his fellow Rotarians and said:

"I consider my assignment to pay tribute to Henry Welsh a very deep privilege and one which I offer with all humility, conscious of a rather bewildering incompetence to do justice to his integrity, his ready understanding of existing problems and his splendid high character."

"Having enjoyed a deep-rooted friendship with Henry I offer this tribute in all the sincerity of my command. To me Henry was one of the outstanding men of our time in Rotary. I am sure that he must occupy a special place in the hearts of all of us. He brings into prominent relief the value of comradeship and with that comradeship a strong yearning for the high objects of Rotary which were a part of his daily life. I specially refer to the development of acquaintance as an opportunity for service; high ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying by each Rotarian of his occupation as an opportunity to serve society; the application of the ideal of service by every Rotarian to his personal, business and community life."

"An outstanding citizen of Canada, a loyal subject of the Empire, his influence will always be in evidence and he will always have the abiding admiration and respect of all who were so fortunate to know him."

Before asking the members to bow their heads for one minute's silence in memory of Past President Henry Welsh, Mr. Munster proposed a resolution.

"Be it resolved that we, members of the Sherbrooke Rotary Club, hereby express our deep sorrow and feeling of personal loss in the death of our friend and fellow member Henry Welsh. A member of this Club since 1920, his active interests in the formulation of wise and enduring policies was of greatest value and with the passing of time his continued interest in the progress of Rotary and other community undertakings serving others, never lessened. His wise counsel and unwavering loyalty was a source of continued strength to this and many other organizations. His munificent support of charities of all kinds gave evidence to the warmth of his sympathy. We have lost a friend and this community a very outstanding citizen."

**Wales Home Is Seeking First Government Aid**  
 A delegation of officials of the Wales Home at Richmond conferred yesterday with government officials in Quebec, seeking financial assistance for the much-needed new wing of the home.

W. H. Bradley and D. J. Salls of Sherbrooke and W. E. Melver, Dr. C. E. Manning and Archie Dyson of Richmond met with Hon. C. D. French, mines minister, Hon. Dr. Albin Paquette, health minister, Hon. J. S. Bourque, minister of lands and forests and hydraulic resources, and Albert Gaudreau, Richmond member of the Legislature.

The delegation was given a cordial reception by the Ministers and Dr. Paquette commented that it was "quite remarkable" that the Wales Home had operated for 30 years without government aid and had accumulated the necessary endowment to guarantee the increased cost of operation of the new wing, besides having \$300,000 in cash to pay for half the cost of the new building.

The Wales Home officials requested that the provincial government provide the remaining \$300,000.

It is hoped that within the next three or four weeks the committee which saw the Ministers will be able to announce to the people of the Eastern Townships that building operations will begin in early spring.

The new wing will fill a much-needed want because many deserving old people have been unable to enter the home during the last two years because of lack of accommodation.

## Squirrels, Hoot Owls, Bobcats and Skunks Get Break From City

Squirrels, hoot owls, bobcats — and technically even skunks — should find living a much easier proposition in Sherbrooke from this day forward if a by-law approved by the City Council last evening means what it says. The by-law in question, No. 722, was given all three readings and amends By-law 216, passed in the dim and distant past, by inserting the following clause:

"It is forbidden to carry a rifle or other firearm in any park in the city, or to molest, kill or take by trap or otherwise birds or wild animals in any park, street, lane or any public place in the city."

The chief discussion over the regulation concerned the white-striped, black kitties, one alderman asking whether a citizen would be subject to a fine if he disposed of these pets. An affirmative answer being forthcoming, several learned discourses were heard on how to attract these animals from a public place to private properties, where they could be killed legally. Finally it was decided that the best solution would be to shoot them anyway and run the risk of prosecution. Nobody was seriously concerned over bobcats.

Another by-law was also given three readings. This increases the license fees on bicycles and motorcycles from 35 to 50 cents. Ald.

Fisette, the sponsor of the measure, explained that it was not the desire of the city to increase its revenue from this source. The price of plates had been increased by the manufacturer, he said, and the higher fee would barely cover the added cost. The idea of the license is to aid the police in tracking down stolen machines.

Ald. Nadeau had a few words to say about a by-law recently passed to restrict parking. There was no desire, he said, to inconvenience business men using side streets to park their cars during business hours but some legislation was needed to relieve the city of the responsibility of providing free garages for those who preferred to leave their vehicles on the streets for twenty-four hours a day.

After a brief debate, a resolution was passed urging the provincial government to pass legislation banning the sale or distribution of obscene literature in the province.

The lease of the ball park to the Sherbrooke Baseball Club was approved on terms similar to those of last year.

The remainder of the brief session was devoted to the approval of committee reports authorizing the payment of bills and the purchase of supplies for the electric and water departments.

**Teacher Saves Father In Fire At Mansonville**  
 Mansonville, Que., Feb. 22.—Miss Marion E. Atwell, a teacher at the Mansonville Intermediate School here for several years, suffered burns to both arms early yesterday morning when she led her 55-year-old father out of their two-story Bridge street home shortly before it was destroyed by fire.

Miss Atwell and her father, Volney G. Atwell, were alone in the house when the fire broke out in the kitchen around 6 a.m. Awakened by the smoke, Miss Atwell roused her father and led him from his upstairs bedroom to safety.

By the time firemen arrived at the scenes, the flames already had gutted the rear of the home, which was levelled within two hours. Both Mr. Atwell and his daughter sought refuge at the home of neighbors, where Miss Atwell also received medical treatment for her burns.

**Rotary Club Members Hear Scouting Talk**  
 "Scouting is not the imposition of artificial instruction from without but rather the encouragement of natural impulses from within," George Beers, executive commissioner, Sherbrooke District Council of the Boy Scouts Association, told members of the Rotary Club at their regular meeting last night.

Mr. Beers said that as the standard of scouting is very high it is inevitable that some will fall by the wayside, but they are in the minority. The movement's fundamental aim is to produce good citizens, through personal leadership and example.

He pointed out that scouting is not a substitute for education, but both working together help to develop a boy according to his particular talent.

Referring to Lord Baden-Powell, the founder of scouting, the speaker declared that this man, when he termed a genius, gave to the world the greatest boy movement it has ever known.

He said he could not stress too strongly the many benefits which scouting gives to the growing boy or girl, and the opportunities for developing ideal Christian community life.

"Scouting is not something haphazard, it is a tested and proved method of training boys and girls, it is a movement which is growing and will continue to grow," he concluded.

Mr. Beers was introduced by Don MacLennan and thanked by Fred Kirby.

**Wales Home Is Seeking First Government Aid**  
 A delegation of officials of the Wales Home at Richmond conferred yesterday with government officials in Quebec, seeking financial assistance for the much-needed new wing of the home.

W. H. Bradley and D. J. Salls of Sherbrooke and W. E. Melver, Dr. C. E. Manning and Archie Dyson of Richmond met with Hon. C. D. French, mines minister, Hon. Dr. Albin Paquette, health minister, Hon. J. S. Bourque, minister of lands and forests and hydraulic resources, and Albert Gaudreau, Richmond member of the Legislature.

The delegation was given a cordial reception by the Ministers and Dr. Paquette commented that it was "quite remarkable" that the Wales Home had operated for 30 years without government aid and had accumulated the necessary endowment to guarantee the increased cost of operation of the new wing, besides having \$300,000 in cash to pay for half the cost of the new building.

The Wales Home officials requested that the provincial government provide the remaining \$300,000.

It is hoped that within the next three or four weeks the committee which saw the Ministers will be able to announce to the people of the Eastern Townships that building operations will begin in early spring.

The new wing will fill a much-needed want because many deserving old people have been unable to enter the home during the last two years because of lack of accommodation.

## Rotary Club Members Hear Scouting Talk

"Scouting is not the imposition of artificial instruction from without but rather the encouragement of natural impulses from within," George Beers, executive commissioner, Sherbrooke District Council of the Boy Scouts Association, told members of the Rotary Club at their regular meeting last night.

Mr. Beers said that as the standard of scouting is very high it is inevitable that some will fall by the wayside, but they are in the minority. The movement's fundamental aim is to produce good citizens, through personal leadership and example.

He pointed out that scouting is not a substitute for education, but both working together help to develop a boy according to his particular talent.

Referring to Lord Baden-Powell, the founder of scouting, the speaker declared that this man, when he termed a genius, gave to the world the greatest boy movement it has ever known.

He said he could not stress too strongly the many benefits which scouting gives to the growing boy or girl, and the opportunities for developing ideal Christian community life.

"Scouting is not something haphazard, it is a tested and proved method of training boys and girls, it is a movement which is growing and will continue to grow," he concluded.

Mr. Beers was introduced by Don MacLennan and thanked by Fred Kirby.

## MATERIAL ISSUES NOT ALONE IN ELECTIONS

Canadians could easily miss the meaning of tomorrow's British election if they try too hard to see it from the average British voter's viewpoint.

Like his cousin in this country, he is a pretty practical fellow. His food and shelter, his pocketbook, his general welfare, these are uppermost in his mind when he casts his ballot.

By contrast things like freedom, private enterprise, socialism, nationalization strike him as more or less remote abstractions. They will not become real issues to him unless they somehow get tangled up with his more immediate wants.

There is nothing new or surprising in all this. It is perfectly natural that the ordinary British voter today is worrying about getting a better house, more gasoline, more food at lower prices, and what not.

By the same token, it was to be expected that the western farmer voting during the past summer was thinking about grain and hog prices—not the possible "encroachment of big government."

Yet we cannot assume therefore that an election either in Canada or Britain has no significance beyond these bread and butter issues. An election has to be viewed not simply as a measure of what voters want, but in terms of what the winning party has promised to do and what it can reasonably be expected to do.

In Britain, for instance, the incumbent Labor party is pledged to extend socialism further, the Conservatives to reverse the trend. It is likely there will be action on these promises, whichever party wins.

It will not matter that the voters will not have had socialism and private enterprise much in mind when they voted. What counts is the effect of their votes. By giving power to one or the other party, they will actually promote one political philosophy over another, whether or not that be their intent.

For the people in North America the prime interest in tomorrow's election is still how the question is to be answered. We already know that the British voter will act according to his individual interests as he sees them. What is important to watch is the impact of his action on general political trends in Britain, in America and in the world.

## POTATOES FOR SPAIN

By one of those queer quirks of international economics it appears that Franco Spain will be the chief beneficiary of the United States decision to dump its unmarketable government-owned surplus of potatoes. Spanish representatives in Washington have bought 50,000 tons, approximately eight shiploads, at the going price of one cent per hundred-weight.

This windfall is apt to be very important to the tyrannous rule of General Franco. Following a drought of more than a year, but due more to the drying up of initiative, hope and energy through ten years of political repression, agricultural and industrial production in Spain has fallen to such a low point that food is short, the bread ration low, and credit nearly exhausted.

Such was the specter of hunger on the Iberian peninsula this winter that Franco officially was bargaining with its arch-enemy, Soviet Russia, to exchange minerals, textiles and olive oil for wheat and petroleum.

Commenting on the potato deal, the Christian Science Monitor says:

It will cost Spain 75 cents a bag to transport the 1,120,000 one-cent bags of potatoes to its docks, but there the very bags they are packed in will be worth 30 cents apiece, according to the commercial counselor of the embassy.

There is no joy in the thought that these potatoes may make the iron-fisted, reactionary rule of Franco any more palatable to Spaniards, but there is some comfort in the assumption that hunger will to this extent be

relieved for thousands of all-but-helpless families.

One hopes that with these foodstuffs somehow a significant fact will seep through to Spanish minds. This fact is that in America, under a government which cherishes and protects individual freedom of thought, speech, and worship, there has been vitality enough to produce this surplus after winning a war—while the Franco police state, though it profited from the wartime bidding of the belligerents for its resources, is unable to evoke sufficient production to feed its people.

## WHY THEY ADVERTISE

The management of the great Jordan Marsh store in Boston, users of the largest newspaper retail advertising space in the world, recently told a convention of newspapermen gathered in Boston why so much space was used.

The store management said newspapers reach the greatest number of potential purchasers more cheaply and with greater versatility than any other medium of publicity. Newspaper advertising was given credit for Jordan's great growth and development, the store having done a lot of cold-blooded analysis of results from various forms of advertising to give flatly the credit to newspaper advertising.

Successful retailing is not done with mirrors and magic but by constant and liberal use of newspaper advertising space, the copy for which has been carefully and truthfully prepared.

## Press Comment

### LET FREEDOM BE THE TEST

Christian Science Monitor  
We assume that when President Truman announced that he would make a nonpolitical tour to help elect Democratic congressmen he had his tongue in his cheek. His Jefferson-Jackson Day speech was similarly "nonpolitical."

As a partisan shot it was a highly effective effort. Mr. Truman was plainly playing a congenial role. He was fresh from a news conference in which he had angrily slapped down reporters who had dared to question the propriety of his granting an exclusive interview. He was talking to party leaders brimming with confidence in the Democratic future.

The broadcasting of any party jamboree is hazardous. Partisanship tends to strike sour notes in ears outside the magic circle. We confess that from our nonpartisan sideline this jaunty Truman appeared much less attractive than the humble Truman who sought divine guidance and the support of all the people when suddenly burdened with his great office. This speech, falling atop the Krock interview and the news conference explosion, prompted serious questionings.

The Krock interview presented a very attractive picture of a simple, sincere man who had come through hard times, had learned his job, and had the magnanimity to admit mistakes. But the press conference and the speech disclosed a man who seemed to regard the presidency as a personal and partisan possession.

Most of the speech jeered at the new Republican cry that the Democrats have become socialists. Mr. Truman pointed to Republican alarms raised repeatedly during the last 17 years, and said this was only the latest "scare word." Of course, the more extreme alarms have not been borne out. And the "wolf, wolf" cry eventually causes disregard of the little foxes. But citizens who balked at New Deal and Fair Deal methods prevented some bad results.

Mr. Truman repeated a proposition Franklin Roosevelt made about 1938: "Let the American people look into their own lives and ask themselves whether they enjoy greater freedom or less than they did 18 years ago."

This is a reasonable test—if freedom is properly defined. It is right to judge a regime by the practical results in freedom, not by hypothetical dangers. But it is right also to realize that freedom depends on government is a risky kind of freedom. It often curtails the individual's effort to develop his own powers. Freeing a worker from possible oppression by employers only to subject him to the possible oppression of a closed shop is not always freedom. Freeing farmers from fear of crop failure only by letting Washington dictate what they can raise is a doubtful freedom.

Moreover, the final results of steps already taken are not yet fully apparent. The bills for some "freedoms" can spell bankruptcy. And the balance can only be fairly rendered if the total freedom taken away from the minority is balanced against the total given to the majority. Let freedom be the test. But let's not mistake handouts for freedom. Let us not imagine that freedoms denied by big business will be granted by gigantic governments.

## EDITORIAL NOTES

While Laborites and Conservatives in Britain waited until announcement of the general election date in order to launch their campaigns, the Communists started on October 10. Yes, but October 10 what year?

John L. Lewis is said to be becoming more involved legally. There must be a limit somewhere to the man's capacity for absorbing trouble.

One judge told a complainant "you should tell your wife that you are the master of the house." Well, wives do enjoy a good laugh.

In describing the United States as "the warfare state," apparently the Daily Worker of London, Eng., has overlooked the one behind the iron curtain.

Senator Taft, we observe, wants legislation to give employers equal rights with workers. He'll never get anywhere with crazy notions like that.

Money, some observers say, will not purchase happiness. We agree. It will, however, buy a large number of things that will go a long way toward taking one's mind off one's unhappiness.

## Throw Out The Trash

By REV. B. S. MURRAY, M.A.

Sitting in an upset room recently, a friend, busy with preparing to discard old papers, books, pictures and other things, remarked: "Things do accumulate!" And, pointing to a pile of such, added: "I must throw away that trash. I should have been wiser and had periods of spring cleaning."

### "ONCE MORE THE SOLEMN SEASON CALLS"

Well, the Church of God has such a period annually. We call it Lent which began today, Ash Wednesday. For the forty days following (Sundays excepted) we are bidden examine ourselves so that forthwith new and contrite hearts may be created "that we worthily lament our sins and acknowledging our wretchedness may obtain from the God of all mercy perfect remission and forgiveness." This is the Church's way of throwing out trash!

Our Exemplar, Jesus, had a method all His own for He spent forty days fasting in the wild, tempted yet undefiled. Here was disciplined living. Prowling beasts about His way; stones His pillow, earth His bed. All of this He chose to experience preparatory to beginning His Ministry. Emerging as a Victor, He went forward to the Cross.

Imitating Him, we, too, can enter the Church's wilderness and by watch and prayer, fast and litany, Bible meditation and, chiefest of all, the Blessed Sacrament, we can attack and conquer sin, throwing away all its trash. Then reinforced and reempowered with a new spirit expressed in a new obedience and new found peace, we go forward to Good Friday and Easter Day.

INVITE THE HOLY SPIRIT  
For you a thrilling spiritual adventure awaits! Repent you truly and earnestly of your sins, assured that the Precious Blood of Christ shall wash them and make you whiter than snow. (Eph. 1:7). With love as your motive, intending to lead a new life, following the Commandments of God and walking henceforth in His way, you shall walk down the future's broadening way a hero of the Cross, for it is only by a beautiful manifestation of the Spirit of the Cross that the whole world is to be won for

### READ GOOD BOOKS

As a practical step I suggested in last Saturday's Sermon that we declare war on Gossip with its allied forms of vulgarity, profanity, angry words, and sarcasm. A forty day campaign directed by the Church of God would considerably reduce the excess luggage of life

and get rid of much of the trash that hinders our living the full, rich, abundant Christian life. Now to throw out Gossip demands that we read good books so as to inform, stimulate, and provide for the growth of our minds. And there are plenty of those available. What of the Best of Books, the Bible and its Companion, the Book of Common Prayer? They are two of the best in all literature. Then there are such Classics of the Soul's Quest as Bunyan's Pilgrim's Progress, Thomas a Kempis' Imitation of Christ, Brother Lawrence's Practice of the Presence of God, St. Augustine's Confessions, to name a few. You know a few books, well chosen and read to the score of realization, assimilation, and utilization, are better than an expensive, large library. Such make a "full man."

From across the centuries come from the Master of Life a challenge to throw out such trash as hate, lust, greed, jealousy, anxious fears, covetousness, laziness, failure before opportunity, weakness when Divine aid is available, and filling our mind with Love that knows no barrier. Courage that cannot be shaken. Faith strong enough for the darkness. Strength sufficient for our tasks. Loyalty to the Kingdom's goal, Wisdom to meet life's complexities, and Power to lift men up. God, centering, Christ-empowered, Spirit-led people. These are the bulwarks of our democratic Christian civilization.

Are are the temples of the Holy Ghost! Invite Him to visit you this Lent. Through His enabling power you can live like a victor—provided you throw out the trash!

### WOULD YOU HAVE BID THIS CORRECTLY?

I received today's hand from Dr. L. W. Ziemiak, who is associated with the Mellon Institute of Industrial Research of the University of Pittsburgh. He told me the hand came up in their regular duplicate session. They had seven tables playing, six of which arrived at a four or five spade contract, while one table reached three no trump. All made seven-odd.

The North players who used the Blackwood four no trump convention, asking for aces, signed the hand off at five spades when their partners responded with five clubs, showing no aces. I have given you the bidding as I think it should have gone.

Dr. Ziemiak asked me several questions about the hand. First—Did I think North and South should arrive at a slam contract? Second—Should South open the bidding, and if so, should South bid one spade or three spades? Third—When North bid four no trump should South bid five diamonds, without an ace, showing the void in hearts?

My comments were as follows: The South hand is too good to preempt, and as he does not have an opening bid, he should pass. The North hand is the type that does not lend itself to the use of the Blackwood four no trump convention.

When North jumps to three spades over South's overall of one spade, South should realize

## The Record Short Story Washington's Choice

By HOLLIS STARNES

Every boy had his hero, Hannah Griffin had learned from the small fry who gathered each day after school at her drugstore at rural Silverlake. Ball players, movie cowboys, radio comics reigned as favorites, with one lone vote for George Washington, cast by Hannah's errand boy.

Had thin, pale, freckle-faced Billy Wells chosen Lincoln, Hannah felt she would have understood; but what identity could a village drunkard's son, brought up in squalor, feel with an aloof patriot? Billy told her, "Washington never told a lie. That's why I'm for him."

Suddenly the warm-hearted widow who owned Griffith's Pharmacy divided why the cherry-tree tale meant so much to this child reared in an atmosphere of untruth. All his life he had heard his father lie, and his harassed mother do the same, to shield her mate. "Lies are catching like mumps," the boy said vehemently. "Only way's to be like Washington—never tell one!"

Truth-telling became Billy's religion, and he read books about his hero while schoolmates played games. With Washington's Birthday approaching, Hannah told the boy's teacher of his interest, and the proudest moment of his life came when he was chosen to speak on the father of his country at class exercise, the day before the holiday. "Just imagine," he told Hannah breathlessly, "me up on the platform telling the class about him!"

On the holiday morning, after his big day at school, Billy reported bright and early at the drugstore. "So long there's no school, I can work all day for you."

Knowing his sordid surroundings at home, Hannah said quickly, "Fine, Billy! I'll leave you here to keep shop this morning while I go visit the sick. There'd be little business on this bitter cold holiday—all the young crowd would be skating at the lake, the old folks hugging the fire."

When she came back at lunch time, Billy reported the sales, then told his employer excitedly, "You can't guess who came for the key to his Summer place—drove all the way from New York just to skate on our lake!"

Most of the rich Summer colonists left their keys with Hannah when they shuttered their homes for the season. "No, I never could guess, Bill."

"Major Sherman—but he's just plain Mister now, he said."

Slade Sherman, handsome young socialist and hero, was married to beautiful Marcia Prescott of the lake colony, and was now the father of two small boys. "Did you find his key?" Hannah asked.

"No, but he knew where it was in the rack. Funny how he came, just when I'd been thinking about him. Next to Washington, I guess Major Sherman's my favorite character."

"I can understand that," Hannah said. Slade was dashing, colorful, friendly—he had presented the village with its playground and ball park. "Were Mrs. Sherman and the children along?"

"There was a lady outside in the car. Mercy, if Mrs. Sherman has to go into that old house, she'll freeze!" cried Hannah. "Bill, you scoot right out there and put a blaze in the reception hall fireplace."

"He said they wouldn't stay long on the house, they just came to skate."

"But when they come back from the lake, it'll be cosy to have a nice warm fire. Tell them I'll send out a good hot lunch before they start back."

As Hannah watched the boy ride off on the drugstore bike she thought with relief that things must be all right again with the Shermans. She had been concerned by the Summer's gossip that things were not well; wasn't another woman or another man, Slade's friends of the family, but Slade was still a "party boy," and Marcia spent all her time at home with their children.

When Billy came back to the store he looked troubled. "That lady with Mrs. Sherman's not Mrs. Sherman. She's blonde."

Hannah said lightly, "Maybe some friend of Mrs. Sherman's."

The boy shook his head sagely. "The way she talked, she's never flopped onto a chair by the fountain. Nothing for me, Gee, why did it have to happen on his birthday?"

"Birthday? Oh, Washington's, you mean. But Billy, don't look so sad. You didn't lie—what Mr. Sherman told you to."

He shook his head. "Mr. Sherman was so upset he couldn't think of a thing. The girl couldn't either."

"That story about how he—? He bowed his head. "I made that up. It was a lie."

"But Billy, it was so plausible! I'm proud of you."

"Proud!" he groaned. "Yes, you did no one any harm, and helped keep a family together I'll bet Washington would have made the same choice."

He looked up at her, all guilt suddenly leaving his eyes. "Gosh, maybe he would've, at that!"

## BRITISH HOUSEHOLDS MAY GET GERMAN HELP

London.—A plan for employment of German women as domestics in British households has been announced by the ministry of labor.

Under the scheme, a German placement office will send to prospective employers details of a suitable worker, along with the names and addresses of two persons given by the woman as references.

Later, the woman in Germany may write directly to the employer. Employers must make their own arrangements for bringing the women to Britain.

The plan applies to single women and childless widows between 18 and 45, to be engaged as full-time domestics on a living-in basis in private households.

Retirement Plan For Corset Co. Is Announced

Pierre Amyot, general manager of Dominion Corset Company Ltd., announces the introduction of a "retirement annuity plan" for all male employees of the company...

Keeping in step with modern employee relations methods, the Dominion Corset Company aims to provide retiring age security to their employees and will contribute a large share of the cost to enable all male employees to build up savings towards retiring age pension.

This plan is on a participating basis and involves an amount of \$2,500,000 representing the Dominion Corset Company's share of the total fund. The employees' contribution is deductible from their salary, their contribution being but a fraction of that absorbed by the company.

The plan also provides for an insurance policy to protect the family of employees in the event of death while in service. Expressing his satisfaction in the company's accomplishment, Mr. Pierre Amyot took great pride in pointing out the advantages that the plan will afford the employees.

He said, "It has long been my wish that a plan of this magnitude be devised to protect our employees and assure their future. The benefits it provides are indeed well deserved. This great step forward is a manifestation of the company's interest in the welfare of its employees, and already our personnel is showing evidence of the good will it has fostered."

According to Mr. Harbert, the study and the incentive wage were then developed by Mr. Taylor. In the 1920's efficiency experts who had not the proper grasp of their material or knowledge gave time study programs a "black eye"; however, just before World War II time study came into its own.

Now we are entering a new phase: Job evaluation, job analysis and merit rating. These methods along with plan suggestions and profit-sharing need more study and research to become effective tools of management.

Mr. Harbert was introduced by R. M. Cutts and thanked by J. Owen. H. J. Moffatt, of Hall Machinery, provincial president of the society, said that in the drive for new membership over three hundred members have been enrolled in the past eight months. Also the education program is now affiliated with fourteen universities across Canada and a standard syllabus has been agreed upon.

Visitors were Mr. Garvinch and Mr. Lush from Canadian Johns-Manville Company, Asbestos, D. R. Patton, R.I.A., C.A., and W. Van Reit, C.A., of Haskins and Elkins, Montreal, and L. Couture, of Sherbrooke.

It doesn't pay to have the big head. On the market put on sale two bats. The 7 1/4 brought \$2.99. The ad writers kicked the George Washington legends around unmercifully.

E. T. Harbert Speaks To Cost Accountants

"Aspects of Modern Management" was the topic discussed by E. T. Harbert, assistant works manager of the Canadian Ingersoll-Rand Company, before the regular meeting of the Society of Industrial and Cost Accountants of Quebec Eastern Townships Chapter last Thursday evening.

Mr. Harbert's talk was a comparison of the 1900's and present day of 1950's. Early management ownership problems were simple and power rested in one man which produced the "Captains of Industry" era. In the early 1900's you received an order then hired your men and purchased materials for the job, completed it, and received your money.

Today the size of industry and mass production require powers to be delegated to numerous persons for control within four walls. As few businesses are owned by one man today, management is the middleman between business and the shareholders.

Although unions have been in existence since the early craft guilds they have only shown their strength since the turn of the century. Public opinion was slack and working conditions poor and labor's first general reaction was "do not work any harder than necessary." Human factors, as conditions are never static for long intervals, and scientific management, developed by Mr. F. W. Taylor, became a basic principle for a measure of a day's work.

This developed the economic aspect of "How much are you getting for what is spent?" According to Mr. Harbert time study and the incentive wage were then developed by Mr. Taylor.

In the 1920's efficiency experts who had not the proper grasp of their material or knowledge gave time study programs a "black eye"; however, just before World War II time study came into its own.

Now we are entering a new phase: Job evaluation, job analysis and merit rating. These methods along with plan suggestions and profit-sharing need more study and research to become effective tools of management.

New Contract Is Signed At Asbestos

Asbestos, Feb. 22.—Karl V. Lindell, mines manager, announced today the signing of a collective labor agreement for the next 12 months between the Canadian Johns-Manville Company Limited of Asbestos, and jointly the National Syndicate of Asbestos Workers and the National Federation of Employees of the Mining Industry.

The agreement was signed in Asbestos by the following: Armand Larivee and Raymond Pellerin for the Syndicate, Rodolphe Hamel and Daniel Lessard for the Federation, K. V. Lindell, J. E. Morrison and C. M. McLaw for the company.

Also present were Rev. Father Louis-Philippe Camirand, O. Champagne, J. P. Roy, O. Lemaire, R. St. Cyr, E. Gagne, L. L'Italien, and F. Champoux, officers of the local syndicate, Jean Marchand, secretary of the C.C.L., C. W. Hite, Fred Hardy, P. H. Moison and P. A. Filteau of C.J.M.

Principal changes in the agreement, said Mr. Lindell, are as follows: Cost of living bonus of 40 cents per point based on January 1949 index of 159.6, equivalent to almost 2 cents an hour at the present time and effective January 1, 1950; two weeks vacation after three year's service; one additional holiday—Labor Day; adjustment of wages and vacation benefits for the year 1949 as of February 1.

"It must be pointed out," Mr. Lindell said, "that our employees were granted, effective February 1, 1949, four social holidays and a general 10 cent increase, bringing the company's base labor rate to 85 cents an hour."

"The syndicate and the company are confident that the signing of this agreement will lead to harmonious relations as well as continued efficient operation of the plant to the end of the interests of both parties to the agreement, and that of the general public may be advanced during the coming period."

Delicious refreshments were served by the hostesses Mrs. Allen, Mrs. Moffatt and Mrs. Pearson, and the remainder of the evening was spent in playing cards.

Derby Line, Feb. 22.—There are still tickets available for the concert by Miss Jean Scarth to be held at the Haskell Opera House, Rock Island and Derby Line, this Friday evening, under the auspices of the Rotary Club of the Boundary, according to Roland A. Roy, who is in charge. Miss Scarth will be assisted by Etienne Paquin, baritone, with Mrs. C. B. Howard at the piano.

The program was announced last week, and the variety and quality of the numbers included makes the concert one with very wide appeal. With no community concerts this winter, all lovers of good music should be especially pleased to have the chance to hear two very fine young singers in an excellent concert at a reasonable price.

Miss Scarth is making real progress as a singer, and those who heard her sing comment very favorably upon both the quality and volume of her voice. The aria "L'adieu" from Don Giovanni, which features the voices of both Miss Scarth and Mr. Paquin, should be an especially fine number; and Mr. Paquin also includes the famous aria, "Vision Fugitive," from Herold's, on his program. The inclusion of light classical numbers by both young singers, adds to the appeal of the concert. Truly, there is plenty for almost any musical taste.

Earl Heath, chairman of the concert committee for the local Rotary Club, announces that the plans are virtually complete, and that a large crowd is expected to be present this Friday evening.

St. Monica's Guild Meets At Lennoxville

The monthly meeting of the St. Monica's Guild was held in the parish hall on Feb. 13, with the president, Mrs. Frost presiding. The meeting opened with the Lord's Prayer and twenty-two members answered the roll call. Minutes of the previous meeting were read and approved and several letters of thanks for contributions and cards were read.

The treasurer, Mrs. Trafton, then gave the financial report of the Guild which showed a good bank balance. She gave the report on the Penny Sale which was held on February 9, showing that this was a huge success. The president thanked the conveners, those helping with the money members who aided and all those who donated or helped in any way to make this the most profitable sale yet.

The conveners were Mrs. Allen, Mrs. Moffatt and Mrs. Brady with the assistance of Mrs. Jenne, Mrs. W. Pearson, Mrs. Trafton, Mrs. McClay, Mrs. Pearce, Mrs. R. Johnston, Mrs. B. Clarke, Mrs. Mashek, Mrs. Murray, Mrs. Dunnfield, Mrs. Cathcart, Mrs. Wells and Mrs. Frost.

Letters of thanks will be sent to all the merchants or persons outside the Guild who donated prices or helped in any way. The "door prize" was won by Mrs. F. Jackson. Mrs. Jenne purchased dishes and other equipment for the hall kitchen and this bill was ordered paid.

The \$500.00 contributed to the Institute for the Blind Fund. Mrs. Frost was named to represent the Guild on the committee with Senior Guild members to purchase dishes.

Delicious refreshments were served by the hostesses Mrs. Allen, Mrs. Moffatt and Mrs. Pearson, and the remainder of the evening was spent in playing cards.

Plane's Life Raft

Capt. Vance King said the prevailing southeast winds of the time could have blown it to this position after an unsuccessful attempt by a survivor to reach shore in it. Capt. King, fishing boat skipper who rescued the first 10 survivors a week ago, added that men as heavily clothed as the survivors could not have gotten into the raft.

Meanwhile, U.S. coast guard, Canadian navy, Airline club, prospectors and Indian trappers continued to search through rugged terrain dense with rock and brush. Planes of the U.S.A.F. and R.C.A.F. are aiding the search while U.S. coast guard cutters and the Canadian destroyer Cayuga stand offshore.

Three survivors are scheduled to return to Fort Worth, Texas, today after a return trip to Vancouver to plot "jump tracks" on maps of the area, showing where the men might be.

Plane's Life Raft

Capt. Vance King said the prevailing southeast winds of the time could have blown it to this position after an unsuccessful attempt by a survivor to reach shore in it. Capt. King, fishing boat skipper who rescued the first 10 survivors a week ago, added that men as heavily clothed as the survivors could not have gotten into the raft.

Meanwhile, U.S. coast guard, Canadian navy, Airline club, prospectors and Indian trappers continued to search through rugged terrain dense with rock and brush. Planes of the U.S.A.F. and R.C.A.F. are aiding the search while U.S. coast guard cutters and the Canadian destroyer Cayuga stand offshore.

Three survivors are scheduled to return to Fort Worth, Texas, today after a return trip to Vancouver to plot "jump tracks" on maps of the area, showing where the men might be.

**MRS. SCOTT PARSONS OF SCOTSTOWN**

Scotstown, Feb. 22.—The many friends and relatives were deeply grieved to learn of the death of Mrs. Scott Parsons, who succumbed to a heart attack, on Tuesday, January 31, 1950, at her home here. Although she had been in ill health for several months, her unexpected passing came as a shock to the entire community.

Following prayers at the home, the funeral service was held on Thursday, February 2, in St. Alban's Anglican Church, which, with adjoining hall, was filled to capacity with sorrowing friends, and relatives from surrounding towns, and cities, as well as with local residents.

Rev. W. E. Walker conducted the simple but impressive service. With Mrs. H. A. Scarth as organist, favourite hymns of the deceased were sung, "Jesus Lover Of My Soul", and "Peace, Perfect Peace", while Miss Jean Scarth of Lennoxville, gave a rendition of the beautiful selection, "In The Heart Of The Wildwood."

The beautiful flowers, covering the casket, evidencing the love and esteem in which the deceased was held, included floral tributes from St. Alban's Guild, the Women's Institute, the local School Board, the teaching staff of the Scotstown High School, and officers, and men of C. Squadron, Scotstown.

The casket was reverently borne to its last resting place, in Riverside Cemetery, by Messrs. Dewar, Scott, P. A. Snerman, Lyford Elger, W. A. Ladd, W. W. Bowman and A. H. Cowling.

Mrs. Parsons, nee Annie May Goodwin, was born in Canterbury, on June 26, 1882, a daughter of the late Mr. and Mrs. Henry Goodwin.

She was united in marriage to Scott Parsons, on July 27, 1914. With their family, a son, and a daughter, Mr. and Mrs. Parsons established a home in Scotstown, where they took an active part in the life of the community, and were prominent in church and civic affairs.

Outside her family circle, she was a kind and thoughtful neighbour, and friend. Her cheerful personality, and her gracious hospitality were responsible in part for the large circle of friends, who join with her family in mourning her passing.

Devoted to her church, she was a faithful member of all its organizations, and a charter member of the Women's Auxiliary, a charter member of the local Women's Institute, and a director of the Smith Memorial Foundation.

Those who survive, and mourn her loss, are her husband; her daughter, Mrs. Royal Smith, of Drummondville; her son, Mr. Harvey Parsons, of Scotstown; her daughter-in-law, Mrs. Harvey Parsons; a son-in-law, Mr. Roy Smith; her grandchildren, Richard and Judy Parsons, of Scotstown; Scott and Paul Smith, of Drummondville; brothers-in-law, Mr. Ernest Parsons, of Scotstown; Mr. George Parsons, and Mr. John Weir, of Williamsburg, Vt.; sisters-in-law, Mrs. Ernest Parsons, Mrs. George Parsons, Mrs. John Parsons and Mrs. James Weir and numerous nieces, nephews and other relatives.

## CORONARY THROMBOSIS ATTACK MEANS A LONG REST IN BED

By Edwin P. Jordan, M.D.  
Nearly every day one picks up the paper there is a report of someone dying suddenly from a "heart attack." In almost all cases this means a coronary thrombosis or occlusion.

Coronary thrombosis or occlusion, is however a startling thing. An attack can and usually does come without warning and without any particular exertion or strain in the immediate past which can be blamed. Coronary occlusion may come during a sound sleep or while sitting at rest in an easy chair.

A severe sudden pain in the chest which may or may not extend down the arm (usually the left) to the abdomen, or up into the neck together with shortness of breath and a feeling of faintness is enough to arouse suspicion. The definite diagnosis, of course, does require other tests which the doctor alone has the skill and equipment to make.

The person who even suspects an attack of coronary thrombosis, however, should cease activity at once and get the opinion of a doctor as to whether the condition is really coronary thrombosis or not. Sudden Death.

If a large part of blood supply to the heart is blocked off by a clot or closure of a coronary artery, it is impossible for the heart to go on beating. This is the type of heart attack which accounts for the sudden, unexpected deaths.

In a great many cases, however, only a small branch of the artery is closed off and the heart, especially with proper treatment, keeps on beating and can make a good recovery. How much recovery will take place depends on how much of the heart has been damaged.

About six weeks of rest in bed is required after an attack. The activity that can be taken later must depend on the judgment of the doctor who has determined the amount of injury to the heart and the degree of its recovery. Resumption of physical activity has to be gradual. There is good reason to believe that the more gradual the return the better the final results.

age age of the population coronary thrombosis is probably not increasing. Also there are many who have had at least one heart attack and have not died suddenly; many have even resumed full or nearly full activity after such an attack.

London. — British ex-wives are rushing to take out summonses for more maintenance money.

The Married Women (Maintenance) Act, 1949, which came into force Jan. 1, raised the maintenance maximum from £2 (\$8.20) to £5.

Magistrates are warning the would-be summoners that "to pay an order of £5 a week a husband would have to be earning about £750 a year."

As few husbands earn this amount, they say few wives will be able to collect the maximum from their estranged husbands.

Eaton Road, Feb. 22.—The Eaton Road Farm Forum held its weekly meeting on February 6, at the home of Mr. and Mrs. H. Bennett, with Mr. and Mrs. C. C. Warner and Mr. E. Warner, of Lennoxville, as guests.

This discussion, "Are Canadians Well Fed?", was turned over to the ladies by the secretary, Mrs. Milton Labrecq. The discussion it was decided that we follow the food rules of Canada as nearly as possible, and that most Canadians have enough food, but not always a balanced diet. The men discussed buying their fertilizer co-operatively.

Several tables of "500" and Euchre were enjoyed. At the close of the evening, the hostess, assisted by the Misses Marilyn and Beverly Bennett, served refreshments.

East Clifton, Feb. 22.—The East Clifton Farm Forum met with Mr. and Mrs. Ernest Gorrington on February 18. Seventeen took part in the discussion on "Is there enough Land?" This group thought there was sufficient land if it is farmed properly.

Lower freight rates, scientific farming, stabilizing of prices, better understanding of people's food needs, and better distribution of food would enable the world's people to be better fed. We would all use more fertilizer for larger yields if we had a higher income.

Letters from Hon. J. A. B. Blanchette, M.P., and the Hon. Mr. Gardiner were received in reply to those sent regarding price supports of Farm Products.

Fourth night plays were made, with Mrs. Percy Gray, Mr. and Mrs. James Bellam, on the committee. The next meeting will be held at Mr. Gordon French's.

### Other Woman's Side

Reader Offers Own Experience As Warning To Young Girls

Dear Miss Dix: In the Eternal Triangle, it isn't the wife who suffers the most and who goes through the tortures of hell. It is the Other Woman. I know from experience. The man will promise no matter what happens to always love and protect you, but when the time comes when he is tired of you he will betray you. He will take everything you have to give, and leave you with a broken heart and a broken home. Dorothy Dix, isn't there some word you can send out that will save some girl from the wreck I have made of my life?

DOROTHY DIX

Members from the Aubrey Ladies' Curling Club, who are guests of Mr. and Mrs. Arthur Legere, at their Tourist Home, on Dufferin Avenue, are: Mrs. R. Reddick, Mrs. F. Gruer, Mrs. G. Robb and Mrs. J. Gruer, skip.

Dear Dorothy Dix: Is there any cure for boy craziness? I have three girl friends who have gone completely off their heads about boys. They can't talk about anything but boys. They can't sit still and play a game of cards with running to the window to see if some boy is passing. They will only go to the movies if there is a slight chance of some boy bringing them home. I can't seem to get any kind of boy friend and they get flocks of them. Does it do any good to call boys on the phone? I am not boy crazy, but I would like a few dates. What should I do?

Answer: Well, Rita, you have been exposed and it looks to me as if you were coming down with a virulent case of boy craziness yourself. But don't despair. It is a malady that belongs to your time of life. Nearly all girls have an attack of it and generally they get over it. When girls are boy crazy they are, as you say, temporarily out of their minds. Their brains, if they have any, sit on only one cylinder. They have only one idea and that is fixed. It is sad, indeed, to see a normal and bright little creature thus afflicted, but nothing can be done about it except to wait and let Nature take its course and let the girl outgrow it.

## MARRIAGES

**MURPHY—VADNAIS**  
St. Cesaire, Feb. 22.—The marriage of Laura Vadnais, of St. Cesaire, to Mr. D. J. Murphy, Mayor of St. Ignace, took place on Saturday morning, February 11, in the Catholic Church of St. Ignace of Rouville, the parish priest of the church officiating.

Following the ceremony, the wedding breakfast was held in the St. Cesaire Hotel, and later the bridal couple left on a honeymoon trip to Springfield, Mass., and other points in the United States.

Upon their return, Mr. and Mrs. Murphy will take up residence in St. Cesaire.

On Thursday night, February 9, upwards of 600 persons assembled in the Market Hall, in Farnham, to honor Mayor Murphy and his bride-elect, on the occasion of their approaching marriage.

At this gathering were friends and acquaintances from every parish in the county, testifying, by their presence, to the high esteem in which the couple are held in the entire district.

Among the distinguished guests were: Mr. Henry Gosselin, M.P. for Brome-Missisquoi, and Mrs. Gosselin; and Mr. Jean Jacques Bertrand, M.L.A. for Missisquoi.

Telegrams of congratulations and best wishes were received from Hon. Mr. Maurice Duplessis, Premier of Quebec, and friends from far and near.

On behalf of the invited guests, little Miss Therese Coupal, five years old, gowned in a floor-length frock of turquoise taffeta, presented the bride-to-be with a sheaf of roses, and Master Pierre Coupal, in a navy blue suit, presented Mr. Murphy with a \$500 purse. An address, paying a well-deserved tribute to both the groom-elect and his fiancée, was then read by Mr. Arsene Galipeau, secretary-treasurer of St. Ignace.

Mr. Murphy fittingly replied to Mr. Galipeau, who had acted as interpreter of the feelings and good wishes of the community, towards his future bride and himself, and sincerely thanked them for this ovation and their generous gift.

Following the ceremony a recep-

tion was held at the home of the bride's aunt, Mrs. A. P. Little, and Mr. Little, when nearly fifty guests were present. The house was attractively decorated in pink and white, the bridal couple receiving in the living room.

A buffet lunch was served in the dining-room where the bride's table was centered with a three-tier wedding cake, with cream tapers in silver holders on either side.

Rev. W. H. Boomhour proposed the toast to the bride, to which the groom responded.

Amid showers of confetti and good wishes Mr. and Mrs. Turner left for a short honeymoon. They will make their home in Toronto, Ont.

The young couple were the recipients of many lovely and useful gifts.

**TURNER—DEZAN**

Dezan, was united in marriage to Mr. Clayton Hubert Turner, son of Mr. Hubert Turner, and the late Mrs. Turner, of Foster, the Rev. W. H. Boomhour officiating.

The bride was in a grey flannel suit with a blue hat and accessories, and she wore a corsage of pink roses.

Her only attendant was her sister-in-law, Mrs. Ulden Dezan, as matron of honor, who wore a pastel blue crepe with brown accessories and a corsage of sweet peas.

Mr. Ulden Dezan, brother of the bride, acted as best man.

Following the ceremony a recep-

## RAMBLING AROUND THE BORDER

Letters sent out to all the 1949 members of the International Chamber of Commerce announce that membership is now open for the current year, and those who paid in '49 may secure their membership for 1950 for only \$1. The regular fee is \$2 per year, and it is hoped that others will join so as to make the organization truly representative of the whole Boundary District. Considerable correspondence has been had with H. E. expressing to you their most sincere good wishes, and their hope that you will continue for many years to serve the public in the cheerful and efficient manner, which you so naturally and invariably use.

"We cannot attempt in these few words to list your many kindly deeds, quite apart from the call of duty, but we would like to say that you have always been a devoted friend and counsellor to many without regard to race or creed.

"Your splendid work on behalf of the boys and girls, who served in the armed forces during the last Great War, and your continued devotion to their interests are only incidences of your numerous acts of community service. No good cause ever found you unwilling to give your cheerful and helpful best in its assistance.

"We would ask you to accept these flowers and this purse as a token of affection and in slight appreciation of the esteem in which you are held by all your numerous friends and acquaintances.

"May God give you many more years of health, strength and useful service."

"You sincere friends," This was followed by the presentation of the purse of money and cheques by Miss Suzanne Lefebvre, and the flowers by little Miss Caroline Girard, who looked very charming in a floor length pale blue taffeta dress.

Miss McCourt very graciously thanked Mr. and Mrs. Marcotte, the members of the staff, and her many friends for the gifts and the very pleasant evening arranged in her honour.

Mr. Burns called on the following guests to express good wishes to Miss McCourt: Dr. A. W. McCabe, Dr. C. E. Manning, Mr. R. A. Marcotte, Mr. A. B. Lyster, Mayor Charles Armstrong, Mr. Fred Newell, C. R. Boast, Mrs. P. C. Duboyce, Mrs. R. A. Marcotte, Miss Irene Laroche, and Mrs. Grant Campbell.

In these brief addresses, tribute was paid to Miss McCourt for the untiring work which she did for the service personnel during the days of the Second World War. She was the convener of the committee that arranged the presentation of \$15 to every service personnel in the Town of Richmond. This required many hours of collecting, arranging presentations, and Miss McCourt never ceased to do all she could for the comforts of the boys and girls of Richmond, who were in the armed forces.

Several vocal and piano solos by John Mercier were enjoyed and by special request he sang, "Ave Maria," Miss Françoise Proulx sang, "Whispering Hope" and "I Love You Truly." She was accompanied on the piano by Miss Reita Marcotte, who also played two piano solos.

Mrs. A. E. Fee played the piano for a sing-song, when several of the old favourite songs were sung.

Seated at the head table with Miss McCourt were: her sister, Mrs. Elizabeth Epps, of Farnham; Mayor C. W. Armstrong and Mrs. Armstrong, Mr. and Mrs. J. L. Burns, Mrs. P. C. Duboyce, Mrs. Annis Hayes and Mr. and Mrs. C. R. Boast.

"Skating Sensations Of 1950" Playing To Record Crowds In Maritimes; Tickets On Sale

Special to the Record
Fredericton, N.B., Feb. 22.—Accompanied by record-breaking crowds during the early part of her tour of the Maritime provinces, Barbara Ann Scott, Queen of the Ice and Canada's Golden Girl, received a tremendous reception on her arrival in New Brunswick's capital.

Branch Rickey Worried Over Robinson's Weight

Brooklyn, Feb. 22.—(AP)—Twelve pounds are causing Branch Rickey more concern than the five reluctant Brooklyn Dodgers who have yet to sign their 1950 contracts.

These 12 pounds may prove to be more stubborn than the wills of pitchers Rex Barney, Jack Banta, Clarence Podbielan, outfielder Gene Hermanski and infielder Bob Morgan—the five reluctant athletes.

This extra avoirdupois belongs to Jackie Robinson, the key man of the National League champions. The circuit's most valuable performer as well as batting champion, currently making pictures in Hollywood, is reported to be totting around 208 pounds of muscle, bone and flesh. His normal playing weight is 196 pounds.

That and the fact that Robinson probably won't report to the Dodgers' spring training camp until March 4 or 5 is worrying the Dodgers president.

"I'm worried sick about it," Rickey admitted during a press conference. "Robinson's condition is easily the most apprehensive thing on the club. He'd had trouble with his weight before and I know how difficult it will be for him to pare down to his normal playing weight. I hope he's doing some running in between times."

Robinson had his greatest season last year, batting .342, leading the league in stolen bases and finishing second to Pittsburgh's Ralph Kiner in runs batted in. As a reward for his outstanding season, Jackie was given a \$35,000 contract, representing the highest salary ever paid to a Brooklyn player.

HALF-CENTURY HIGHLIGHTS

"HIT THE SAWDUST TRAIL," shouted the Rev. Billy Sunday, evangelist extraordinary when the Twentieth Century was in its teens.

Those who do so, executive or writer, says Ted, "forget the fact that the players in the good old days, who sloshed through water in championship games, or played in below-zero rinks and took the hammering and the stitches for small returns, carried our winter national pastime to a point of popularity that enabled some gardeners to be built or others to be saved from the balliffs."

For the benefit of those who might have fallen behind lately on basketball jargon, we gladly give you "angelic elbows."

That, it seems, is what a player has who tosses his fins about in a manner to frighten opponents who want to keep their front teeth, but not so palpably as to draw a whistle from the referee.

George Mikan, for example, is supposed to have 'em, along with several better known college stars.

From Earl J. Hilligan's American League Red Book we learn that, if the won-and-lost records of the league's eight clubs from 1901 through 1949 were totalled, the standing as of now would be, in order, New York, Detroit, Cleveland, Chicago, Boston, Philadelphia, Washington and St. Louis.

The same volume discloses that Aaron Robinson, Detroit catcher, was the best night hitter in the league last season with a .370 mark. Also that Myron (Joe) Ginsberg, Detroit rook-

ie catcher, pronounces his name with a "soft G." And that Phil Rizzuto, at 5'9 1/2", is the shortest man in the league.

CANADIAN SPORT SNAPSHOTS

By BOB McALEER

Toronto, Feb. 22.—(AP)—Don McEwen could turn out to be the greatest Canadian track star since Percy Williams flashed across the cinder tracks to world fame in the late '20's.

The 21-year-old Ottawa speedster turned on the steam last week for the University of Michigan—where he is a student—and registered the fastest mile posted on United States tracks this year—4:11.7.

"Even more remarkable," says Doug (Windsor Star) Vaughan, "is the fact that it marked the first time McEwen had competed in a mile race in college competition."

McEwen established himself as one of the greatest two-milers in North America Feb. 12 by going the distance in nine minutes 6.9 seconds, the fastest indoor two miles ever run on a cinder track.

Terrific Speed. Vaughan says McEwen's Michigan coach, Don Canham, claims the Ottawa Gleebe Collegiate product is "so fast it scares him" and he is certain that McEwen will prove to be "one of the really great runners of this, or any other period."

Good Old Days. Ted (Toronto Telegram) Reeve disagrees with those who sneer at the pioneer players of professional hockey.

Those who do so, executive or writer, says Ted, "forget the fact that the players in the good old days, who sloshed through water in championship games, or played in below-zero rinks and took the hammering and the stitches for small returns, carried our winter national pastime to a point of popularity that enabled some gardeners to be built or others to be saved from the balliffs."

Seventy-Five Major League Baseball Players Still Unsigned With Spring Training Due To Commence Next Week

New York, Feb. 22.—(AP)—Seventy-five major leaguers, including such stars as Hal Newhouser, Howie Pollet, Bob Lemon and Vern Stephens, still have not come to contract terms with their employers.

Many may still be yelling for more dough when spring training begins one week from today.

A survey by the Associated Press showed today that St. Louis Browns have the most malcontents, 15, while New York Giants have none, the only club that can claim that distinction.

Newhouser, one of five Detroit Tigers out of the fold, is reported ready to sign. The brilliant left-hander is reported to have been asked to take a \$10,000 cut, reducing his pay cheque to \$50,000.

Pollet also is reported on the verge of submitting. The St. Louis Cardinal 20-game winner is asking \$25,000. Card President Fred Saigh said in St. Louis yesterday both had agreed on the basic salary but are at odds over attendance bonus clauses.

Lemon, who won 22 games for Cleveland Indians last season, is angling for \$35,000.

Stephens, who bats cleanup for Boston Red Sox, supposedly is peeved over his 1950 contract which calls for the same salary he made last season, approximately \$25,000.

The world champion New York Yankees also are having trouble gathering in their brood. Nine of the Bombers are unsigned, including 20-game winner Vic Raschi, catcher Yogi Berra, infielder Bob Brown and outfielder Dick Wakefield, the importation from Detroit.

Brooklyn, the National League champion, also has problems—five to be exact. Dodgers still on the loose are pitchers Jack Banta, Rex Barney, Clarence Podbielan, infielder Bob Morgan and outfielder Gene Hermanski.

One of the most stubborn balkers is second baseman Cass Michaels of Chicago White Sox. The youthful infielder has fired back six documents with machine-gun precision.

The top St. Louis Browns out of the fold are rookie-of-the-year outfielder Roy Sievers and right-hander Ned Garver, two of the most desirable performers in the American League.

Philadelphia Athletics have six disgruntled players. One is third sacker Bob Dillinger, obtained along with Paul Lehner from St. Louis for \$100,000 and five players.

Washington has five displeased members, including Rae Scarborough, who wants more than the \$18,000 he received for winning 13 games last year.

Philadelphia Phillies have the most balkers in the National League, nine, including 17-game winner Ken Heintzelman.

The Boston Braves have only one player left to sign, Sibby Sisti. Chicago Cubs, Cincinnati Reds, Pittsburgh Pirates and the Cards have two each.

### LADY CURLERS ARE IN SESSION

Lady curlers from all over the province are in town taking part in the fifth annual Ladies' Sherbrooke Curling Club Bospiel and for all reports they are having a really good time.

Forty-four rinks are entered in the annual event, which is the largest ever to take part in the tournament, and which goes to prove how curling has come along with the ladies. The 'spiel' is well organized and the different committees are doing a wonderful job.

tonight they hold their dinner and following that, one series of games will be played at 9:30. The 7:00 shift has been cancelled in order to allow time for the banquet. Three trophies are in play: The G. M. Young, the Canadian Fairbanks and the Canadian Ingersoll Rand. All contestants commenced play in the Young and there they drop down until they are eliminated from the event.

The local window skips are having a hard time to find places behind their plate glass enclosures, as the ladies are holding forth which makes it a little tough to get in the front row. It would seem the only way to get in your favored spots is to come en masse and take over, perhaps then you would have a chance, but I doubt it. Too many ladies in the house.

The event comes to a close tomorrow evening with the finals being played in the evening at 8:00 for all three trophies with the presentation of prizes following immediately.

An important meeting of the Sherbrooke Industrial Softball League has been called for Friday evening at the New Sherbrooke Hotel at 7:30 and President Ted Anderson has asked for all teams to be on hand.

George Guillebaud's Windsor Mills Juniors stepped out of their class here this week and took on the Intermediate club of Weedon, members of the Wolfe Compton League, in an exhibition tilt and downed them 6-3.

George is arranging exhibition games to keep his team in trim for the provincial junior playdowns which will commence in the near future, at least he hopes so. This is one way of keeping his team in condition, providing no injuries are sustained. Weedon are in the playoffs of their league and are considered a pretty fair intermediate "C" club so all in all it is a good evening for the Windsor Juniors should be O.K. in their own class.

Granby and Waterloo are staging quite a battle for the honors and the right to meet Pat Murphy's aggregation in the finals of the Western section playoffs. In the opening tilt the Maroons came through with a 7-1 victory over Granby but last night they ran into Mr. Albert Belanger, who was having a good evening, and it spelled defeat for Frank Greaves' outfit.

In the last period Waterloo was all over Granby but Belanger kept kicking them out from all angles and robbed the Maroons of at least six sure goals. It was a fast tilt with Waterloo carrying

give Doug membership in the exclusive 200-club of which Montreal's Maurice Richard is the only active playing member.

Clarence Campbell, the N.H.L. president, is reported to have dismissed the incident at Detroit on Monday night when Canadiens' Coach Dick Irvin, referee Hugh McLean, Canadian players and Detroit fans were involved in a between-period rumpus that also engaged Detroit police.

The Detroit Free Press said that players Ken Reardon and Floyd Curry were hit on the head with police blackjacks, and that Irvin was grabbed by the arm and given a police lecture on inciting to riot. Irvin himself "leaving Detroit is the only good thing that has happened to me since I arrived," but that he planned no further action. Detroit police said Tuesday they are forgetting the incident.

Montreal's side of the story was given by Baz O'Meara, sports editor of the Montreal Star, who said the Canadian players were hemmed in the corridor by "an angry crowd thirsting for their gore," and that one Detroit policeman actually reached for his gun.

Andre Corriveau, the League's leading scorer, Eddie Cyr and Jack Irvine tallied for the Braves.

Corriveau opened the scoring early in the first period when he split the Montreal defence and faked Jacques Plante in the Royal cage out of position. Desaulniers tied it up a few minutes later when he poked in a loose puck from a scramble in front of the Valleyfield goal.

McNeil gave the Montrealers a 2-1 edge in the middle session on a hard back-hand shot from just inside the blue line. Tommy Manstersky of the Royals was in the penalty box at the time.

Denis increased the advantage at the eight minute mark of the final period as he deflected in Bob Fryday's pass. Cyr put the Braves back in the game two minutes later with a screened shot. Jimmy Hagzarty and Ray Mayer drew assists on the goal.

Royals then opened up and rapped home two counters in less than

## Shawinigan Falls Pay Their Last Visit Here Tomorrow; Locals Out To Solidify Position In League

Ralph "Bucky" Buchanan and his Cataracts, of Shawinigan Falls, will be in town tomorrow to pay their final visit of the season to the local Arena.

Out of their four visits here this year the Cats have won only one, and that was on their last trip here January 19th when they edged out the Saints 4-3. On their other three trips the local aggregation won by scores of 7-3, 5-4 and 9-2.

The locals have six more games left on their schedule and these are with Shawinigan, Royals, two with Chicoutimi then on the last week-end they will tangle with Ottawa and Quebec. So every game is considered an important one by Coach Dugre and his team.

Quebec, who are fighting to overtake the Saints, are trailing six points behind and have five hard

## Buck Boucher Of Boston Bruins Still Has Hopes Of Making N. H. L. Playoffs As They Meet Leafs Tonight

Coach Buck Boucher, of the Boston Bruins, still has hopes that his team will make the Stanley Cup play-offs. The Bruins now are in fifth place in the National Hockey League, six points below New York Rangers, who hold the fourth and last play-off spot.

"I think we're just as good as the Rangers," said Boucher as the Bruins prepared for tonight's battle against the Maple Leafs at Toronto. The Rangers are playing at Chicago Black Hawks in the other game tonight.

But Boston has only 15 games left before the regular schedule ends March 26th, sending two teams into the discard, and the Rangers have 17. Buck wasn't any too hopeful, but his team is in there fighting to the finish.

The Rangers take a record of four victories and two ties in their last six games into the fray at Chicago tonight. They'll pay particular attention to veteran Chicago forward Doug Bentley, though he has yet to score against the Bruins this season. Bentley has a total of 199 goals in the N.H.L. right now, and a goal tonight would

## Royals Strengthen Hold On Fourth Place With 6-3 Win Over Braves

Montreal, Feb. 22.—(C)—Montreal Royals strengthened their hold on fourth place in the Quebec Senior Hockey League here last night by downing Valleyfield Braves 6-3 before 3,000 fans. They now lead the fifth-place Braves by three points.

Gerry Desaulniers, Dugger McNeil, Lulu Denis, Cliff Malone, Claude Dolbec and Dewar Thomson were the Montreal goal-getters. Desaulniers also picked up two assists.

Andre Corriveau, the League's leading scorer, Eddie Cyr and Jack Irvine tallied for the Braves.

Corriveau opened the scoring early in the first period when he split the Montreal defence and faked Jacques Plante in the Royal cage out of position. Desaulniers tied it up a few minutes later when he poked in a loose puck from a scramble in front of the Valleyfield goal.

## Fernando Gagnon Drops Decision To Boland

London, Feb. 22.—(C)—Fernando Gagnon, of Quebec City, Canadian bantamweight champion, last night dropped a hard-fought 10-round decision to Bobby Boland, of Dundee.

About 3,500 fans packed Streat-ham Ice Rink to watch the bout. Gagnon weighed 118½; Boland scaled 119.

The Scotsman showed surprising speed and a strong body attack, giving the Canadian a boxing lesson for the first six rounds and piling up a big points margin. Gagnon finished a shade stronger, rallying in the close rounds. But he never made much of an impression through the canny Scotsman's guard.

## Verdun Ekes Out Win Over Quebec Citadels

Quebec, Feb. 22.—(C)—Verdun Leafs last night tied their best-of-five Junior Amateur Hockey Association quarter final series 1-1 when they defeated Quebec Citadels 3-2, before 1,500 fans.

Jacques St. Pierre, Fern Lapointe and Eddie Lozienski scored for Leafs while Gaston Gervais and Roland Dubeau notched the Quebec counters.

In the opening game, played Sunday in Waterloo, the Maroons swamped Granby 7-1, and were favored to cop the second tilt and make it two straight, but they forgot to reckon with Albert Belanger, Granby's classy net minder. The teams meet tomorrow evening in Waterloo in the third, and deciding, game of the series.

Granby moved to the fore in the opening period when F. Reid tallied for "Peanuts" St. Onge's aggregation after ten minutes and forty-six seconds of play. It was the only goal of the game and the only one until the final frame when H. Young tallied on a break away.

The teams, following Granby's experience began to tell the tale and Langlois won by a T.K.O. in the third round. Langlois had previously eliminated J. Richard, Sherbrooke, in quick fashion.

In the first bout of the evening Burke Emery, Sherbrooke, 143, won by decision over R. Daig-neault, 142, another Sherbrooke entry. The winner, lacking training, wisely withdrew from further competition and Everett went on to win the class.

At the close of the tourney Forest Keene presented a trophy to the Maroon team who had the most victories.

Everett reached the finals by eliminating Bout Moquin, of Magog, who was unable to come out for the third round. Everett, who two years ago won his class in the Montreal Golden Gloves Tourney, put up a sensational fight against his tough opponent, Robert Lefebvre. Lefebvre scored a T.K.O. over Ovide Klein, Coaticook, who was unable to continue after the second round.

Featherweight winner Dave Gaudette, entered the ring fresh which was a great factor as his opponent Kid Roudreau, a club mate, was tired as the result of a hard fought battle with B. Pelouquin, of Coaticook. Gaudette won by decision over Roudreau.

Coaticook's R. Dube, 157, scored a surprise victory over Georges Tessier, 158½, Magog, in the finals. Dube tore into Tessier and knocked him out early in the first round. Earlier in the evening Dube scored a T.K.O. over Guy Marquis, 148½, of Sherbrooke, while Tessier scored a T.K.O. over R. Martineau, Sherbrooke.

Young Jimmy Smith, Sherbrooke, received loud applause from the audience as he gamely fought St. Langlois, of Magog, who was heavier and had much more experience. Despite warnings not to enter the ring, Smith went against his opponent and tore into him at the opening but

it seems that everybody and his brother is getting out All-Star teams, but the official one from the league is still to come. Anybody can pick out a team and have it published but until it comes out officially I will stand by. But I suppose it will be the same as the one that was carried in Saturday's edition of Montreal's "Le Matin."

## Western Rinks Dominate Race For Canadian School Curling Title

Quebec, Feb. 22.—(C)—Two Western Canada rinks—Manitoba and Alberta—today were running one-two as 10 provincial champions hit the home stretch for the Canadian School Curling Championship.

Manitoba was still undefeated after five rounds of play while Alberta has four wins against one defeat. Pressing closely behind were New Brunswick, Prince Edward Island and Saskatchewan each with three victories and two losses.

The rest of the field was conceded little chance in the four-day round robin playoffs which end tomorrow. Three rounds are scheduled today.

Three rinks came out of yesterday's play with two wins in as many rounds. These were Alberta, British Columbia and Manitoba. Northern Ontario, Ontario, Prince Edward Island and New Brunswick split while Quebec and Nova Scotia suffered two setbacks.

Manitoba's champions skipped by Mike Zacharczuk of Arborg High School defeated New Brunswick 13-8 and Prince Edward Island 9-7.

A win for Doug Cameron's rink from Prince of Wales College would have given the Charlottetown crew a first place tie with Manitoba.

In their other game yesterday, the Islanders came from behind a 6-1 score at the conclusion of five ends to defeat Eddie Ricker of Kenogami High School, the Quebec entry 11-6.

Ted Ray, skip of the Alberta rink from Mirror High School, defeated the Quebecers 10-7 after Kenogami blew a 6-0 lead going into the fifth end. Earlier Mirror swamped the winless Nova Scotia rink 14-4.

British Columbia's two victories included a 14-3 whipping handed to a minute with Malone and Dolbec the marksmen. Irvine made it 5-3 at 17:57 and the Braves yanked goalie Roger Bessette in a desperate attempt to deadlock the score.

The strategy backfired, however as Thomson fired a loose puck into the unprotected Valleyfield goal to 20 seconds left in the game.

## Lennoxville Girls Down Beebe 6-3

The Lennoxville girls hockey team chalked up their second consecutive victory of the season when they downed the Beebe Girls 6-3 in an exhibition game.

Carmen Turcotte was the leading scorer for the Lennoxville team when she tallied four goals while Alice Janowski accounted for the two others. Louise Shepard notched two goals for Beebe while Henriette Poulin tallied the other.

The return game is slated for tomorrow evening in Lennoxville. In their first game the Lennoxville girls downed Windsor Mills 9-1, and will play a return match in the near future.

The team consists of Rita Berube, goal; defense, May Fontaine, Alice Dundin; centre, Alice Janowski; wings, Carmen Turcotte, Georgette Vanier. Rita Dundin, Alice Vanier and Lena Harron are the subs for the club.

## Baseball The Same

Ted says there is the same smug outlook in baseball.

"Yet it may have been a better game, at that, to watch or to play," adds Ted. "Bush league sport is all right. As long as athletes can demonstrate the ruggedness and resourcefulness needed for life in the underbrush."

## Granby Blanks Waterloo 2-0 To Even Best-Of-Three Series In Playoffs; Meet Again Tomorrow Night

Special to the Record

Granby, Feb. 22.—The Granby hockey club staged a surprise here last night when they turned back the fast skating Maroons of Waterloo 2-0 behind the outstanding goal keeping of Albert Belanger. To even the best-of-three series at one game each in the semi-finals of the E.T. Intermediate Hockey League playdowns.

In the opening game, played Sunday in Waterloo, the Maroons swamped Granby 7-1, and were favored to cop the second tilt and make it two straight, but they forgot to reckon with Albert Belanger, Granby's classy net minder. ## Everett, Langlois, Gaudette And Dube Win Respective Classes In Golden Gloves Preliminaries Here

Only three out of eleven bouts, went the limit in the Golden Gloves preliminaries held at the Y.M.C.A. last evening.

Maurice Everett, Lennoxville, retained this E.T. welter-weight championship; R. Dube, Coaticook, copped the middleweight championship; Sid Langlois, Magog, slugged his way to the lightweight championship and Dave Gaudette, Magog, won the featherweight title.

At the close of the tourney Forest Keene presented a trophy to the Maroon team who had the most victories.

## L'AVENIR

A former resident of this place, Mrs. Clara Rock, passed away recently at the Wales Home, Richmond. Mrs. Rock lived here many years and has a number of friends, who extend sympathy to the family and other relatives in their sorrow.

Mr. and Mrs. Herbert Stevens, of Richmond, were evening guests of Mrs. Candlish Bogie and family.

Sympathy is extended to Mrs. John Silver and family, of Danville, in the death of Mr. Silver, who was known to many in this district.

Mr. and Mrs. S. A. Doyle and Vernal and Mr. and Mrs. Candlish Bogie and family attended the "500" party at the Woodburn home in Melbourne, on Friday evening, February 17.

Mr. and Mrs. Michael Brady entertained at three tables of "bridge" one Thursday evening. Those present included Mr. and Mrs. E. R. Crook, Mr. and Mrs. Walter Coles, Messrs. Alfred Smith and H. Coles, of Richmond, and Mr. and Mrs. B. L. MacIntosh and Mr. and Mrs. A. B. Lyster, of Kirkdale. Prizes for the highest scores were won by Mrs. A. B. Lyster and Mr. R. L. MacIntosh, while for the lowest scores the prizes went to Mrs. Walter Coles and Mr. E. R. Crook. Refreshments were served by the hostess.

Friends here are pleased to learn that Mrs. C. Lockhart, of Montreal, a sister of Mrs. B. L. MacIntosh, is recovering after having undergone a major operation.

Mr. S. A. Doyle spent a day in Drummondville, in connection with the Winter Roads Association.

All regret the unfortunate accident of Mr. Joseph Mills, of Richmond, and his friends here extend best wishes for his early and complete recovery.

For Quick Cough Relief, Mix This Syrup, at Home

You'll be surprised how quickly a bad winter cough can be relieved, when you try this well known recipe. It is universally used throughout Canada because it gives such gratifying results. It's no trouble at all to mix, and costs but a trifle.

Into a 16 ounce bottle, pour 2 1/2 ounces of Pinex; then fill up with granulated sugar syrup to make 16 ounces. Syrup is easily made with 2 cups of sugar and 1 cup of water, stirred a few moments until dissolved. No cooking needed. Or, you can use corn syrup or liquid honey, instead of sugar syrup. This makes four times as much cough medicine for your money. Never spoils and tastes fine.

Quickly you feel its penetrating effect. It loosens the phlegm, helps to clear the air passages, and soothes the irritated membranes. This explains why it brings such quick relief.

Pinex is a special compound of proven ingredients, in concentrated form, well known for its soothing effect on throat irritations. Money refunded if it does not please you in every way.

### Cowansville Lions Club Mourns Passing Of Member R. H. Hibbard

Cowansville, Feb. 22. — Although a good crowd attended the Lion's meeting last week and an enjoyable time was had, none the less there was a distinct feeling of regret at the sudden and unexpected death of Lion R. H. (Reg.) Hibbard.

Lion Reg. had only been a member for a few weeks but had won the admiration of all, as was so aptly expressed by President W. Olpinski. In deference to the loss of a friend, group singing was dispensed with, but Mrs. Edmond Lewis, whose voice has been heard before at Lion's meetings, was a most welcome guest soloist and her solos "The Lord's Prayer" and "My Cathedral," dedicated to the memory of Lion Reg., were most pleasantly rendered. This part of the program was under the able direction of Lion Guy Cousens and his good wife "Lioness" Emily.

### HALF-CENTURY HIGHLIGHTS

"BUY AN APPLE, MISTER?" — The apple seller remains the symbol of America's great depression of the Thirties, the memory of which remains vivid and fearful in many minds today. The dramatic spark which touched it off was the stock market crash of 1929. But it was not until late in 1930 that the average, thrifty, hard-working wage-earner really felt the jolt. Conditions became harsher through 1931 and by 1932 millions were jobless; business was stagnant. How we got out of it is still a subject of bitter controversy. There came the "New Deal," the bank holiday and the pump-priming measures, the NRA, the CCC, the WPA and NYA. World War II came and it was momentarily forgotten, but the awful shadow of the Big Depression and its apple sellers will long remain.

An American by birth, and a graduate of Columbia University in New York, Miss Laws said her native instinct to boost never lacked for opportunity in the years she has spent in Canada. The speaker brought her address to a con-
