HOW VILJOEN WAS CAUGHT.

Was Returning From a Visit to the So-called President Schalkburgher—More Boers Surrender.

Johannesburg, January 28.—General Viljoen and one of his adjutants were captured north of Lydenburg. Another adjutant and a Boer private were killed at the time. General Viljoen was returning from Pilgrim's Rest from a visit to acting President Schalkburgher and other members of the so-called Boer Government to Steenkampburg, west of Lydenburg. Col. Plumer pushed a party of Boers against the Pat. Reider's blockhouse line and captured thirty-six of them. Some mounted infantry captured twelve in a similar manner near Ermelo. General De Wet is avoiding the British columns within the encompassing blockhouse lines.

Col. Kekovich is establishing a line of blockhouses at Wolmarstrand. He is utilizing mounted troops to scour each side of the line with some success.

BOERS SURRENDER.

Ladybrand, Orange River Colony, January 28.—Field Cornet Bodes, with three men, surrendered to Col. Lean, near Kurensberg yesterday, bringing their horses, rifles and ammunition. It is said that the majority of Bodes' men are convinced of the uselessness of further resistance and will surrender within a short time. The Boers are hard pressed for food now, owing to the fact that the British are occupying the grain districts. Twenty-five Ladybrand burghers took the oath of allegiance on Thursday and eighteen more today. Heavy rains are delaying the operations of the British columns, the swollen drifts making transport difficult.

WAITING FOR DE WET.

Wolvoek, Orange River Colony, January 27.—The garrisons of the blockhouses along the line in the Orange River Colony are noticeably alert owing to the proximity of Gen. De Wet. The wire entanglements are now very strong. Seven prisoners from Heilbron went through here today on the way to the coast.

RUSSIA SUCCEEDS.

Makes With China a Separate Agreement.

BY RUSSO-CHINESE BANK GETS RIGHTS IN MANCHURIA.

London, January 28.—The Pekin correspondent of the Times says a report circulated last Thursday that the Manchurian convention had been signed was premature, though undoubtedly the signing of the treaty is appreciably nearer. The stipulation in the preceding draft of the convention which provoked most opposition, viz.: The infringement of British treaty rights by the granting to Russia of exclusive railway and mining privileges in Manchuria will be abandoned, as Russia has secured these privileges in another guise.

Since the recent return from St. Petersburg of M. Pokotiloff, the able manager of the Russo-Chinese bank, who for several years has been a powerful agent of Russian progress in China, he has been engaged in negotiating with the Chinese plenipotentiaries an agreement greatly extending the rights conferred by the bank's agreement of August, 1896. It is now virtually agreed that China will sign, simultaneously with the Government convention, a separate agreement of a secret nature with the bank granting to it the preferential railway, mining, industrial and commercial privileges in Manchuria, which Russia has been seeking. China thus "saves her face" by the fiction that the bank, as its misleading name suggests, is partly Russian and partly Chinese, while Russia attains her ends.

FIRE AT NORTH HATLEY

Vendome Cottage Was Burned Yesterday.

MOST OF CONTENTS SAVED—LOSS COVERED BY INSURANCE.

North Hatley, Jan. 28.—(Special.)—About noon yesterday, Claude Reed's "Vendome" was discovered on fire and was burned to the ground in a short time.

The greater portion of the furniture will be rebuilt at once.

It was with great difficulty, owing to the high wind, that the adjoining cottages were saved.

It is understood that Mr. Reed's loss is covered by insurance and that he will rebuild at once.

This was one of the best cottages on the lake, being located on the west side, some distance back from the lake shore. The insurance on the Vendome was \$2000, placed as follows: \$1000 with Dresser & Co., of which \$500 was on the building, \$150 on adjoining building and \$350 on furniture, and \$1000 with G. E. and C. K. Fraser.

ARMY MAY BE REDUCED

MANILA QUESTIONS GOV. TAFT'S SUGGESTION.

Manila, January 28.—The public here, backed by army influence, is inclined to dispute Governor Taft's cabled interviews since his arrival in the United States concerning a reduction of the army by 15,000 men within a year, which would undoubtedly be the minimum strength of the American forces. The residents of Manila, however, are naturally influenced by the prolonged insurrection, and distrust the course of the provinces. They do not see and therefore do not appreciate the gradual increase in the efficiency of the provincial constabulary, which now numbers 5000 men, and which is steadily relieving the army of a large amount of work. The municipal police are also performing most useful work, and the 5000 native troops who are now in the field are daily becoming more perfect in their duties under American instruction. Furthermore, many of the natives fail to appreciate the improvement in the conditions other than military. Trade is growing, and as a consequence money is more plentiful. Popular self-government here is working advantageously, and the ledgers are being rapidly destroyed. The entire province of Batavia has been peacefully controlled for months without a single soldier, and General Bell has achieved great success in the Province of Batangas. Captains Allan and Baker of the regular army, who are acting as chiefs of the constabulary, are recognized as being among the ablest type of officers. Many regular officers are acting as governors of provinces, and they concur in Governor Taft's statements.

SENATOR RESIGNS.

HON. MR. SNOWBALL TO BECOME LIEUT.-GOV. OF NEW BRUNSWICK.

Toronto, January 28.—(Special.)—The Globe says: Hon. Mr. Snowball has resigned his seat in the Senate in order to become Lieut.-Governor of New Brunswick. He will succeed Hon. A. McLean, whose tenure of office has expired.

The names of two gentlemen are mentioned as likely to succeed Mr. Snowball. One is Robert Thomson, of the Thomson Shipping Co., St. John, N.B., and the other is Mr. F. P. Thomson, founder of the Dominion.

AMERICAN INVASION

MR. JOHN HARE PLEASED WITH THE AMERICAN INFUX.

London, Jan. 28.—Mr. John Hare, speaking at the Old Players' Club, last night, said they had heard a great deal lately of the American invasion. He for one heartily welcomed it. He was sorry to see England's trade, commerce and artists ousted by her brilliant cousins, but he did welcome those bright and quick witted men and women who gave fresh life to this somewhat tired and base old country.

QUEEN IS ILL.

SLIGHTLY INDISPOSED AS RESULT OF A COLD.

Windsor, Jan. 28.—(Special.)—Queen Alexandra is again slightly indisposed owing to cold which has caused the postponement of the King's return to London.

Messrs. R. W. Herring, E. Halkinland, and F. E. Perry, of Montreal, and C. J. Sargent, of Boston, visited Sherbrooke yesterday.

THEY SAIL TO-DAY.

C. M. R. and Field Hospital Corps Off for Africa

CROWDS OF CITIZENS ASSEMBLED TO SEE THEM OFF.

Halifax, January 28.—(Special.)—Crowds of citizens assembled on the streets this morning to see the C.M.R. and Field Hospital Corps embark on the steamship Victorian.

The weather was clear and cold.

The troops were played to the dock by a military band, and after saying farewell went on board the troopship.

The R.C.R. band played on the pier, and a guard of honor was furnished by the same regiment.

Col. Evans received a number of messages wishing the troops good luck.

A board of inspection went through the ship and pronounced everything in perfect order.

Two royal artillery men attempted to stow away on the troopship, but were detected and brought ashore.

MONTREAL MAYORALTY.

PREFONTAINE'S NAME MUST APPEAR ON THE BALLOT.

Montreal, Jan. 28.—Mayor Prefontaine is again in the field for the office of chief magistrate of the city of Montreal, and his name will appear on the ballots that are to be cast next Saturday by the electors of the various wards. This was decided on last evening by order of court in chambers.

Mr. J. Wellington Grier, insurance agent, through his attorney, Mr. E. A. D. Morgan, applied to Mr. Justice Langelier for a writ of mandamus, alleging that Mayor Prefontaine's name had been illegally withdrawn, and asking that the city clerk, Mr. L. O. David, be instructed to reinstate Mr. Raymond Prefontaine's name on the ballot paper.

In support of his plea, Mr. Morgan cited the city charter to show that a withdrawal from the candidature must be done personally and not by power of attorney, as was the case in Mayor Prefontaine's retiring.

The writ was made returnable today, but His Honor said the case of a violation of the law was so clear that he ordered the issue of the writ instantly.

Later in the evening the writ was served on Mr. L. O. David, who will act accordingly.

The announcement of the Mayor's reappearance in the field was received with a great deal of enthusiasm by members of the aldermanic committees in the East End wards, where they had applauded Mr. James Cochrane a few hours before.

Mr. R. Wilson-Smith, who was seen during the evening, said:—

"I am exceedingly surprised, in fact, nonplussed, at the latest turn of events, and it is very difficult for me to realize that such is the case. However, I can make no further statement until I have further looked over the field in the morning."

THE BOER LOSSES.

KITCHENER REPORTS RESULT OF WEEK'S OPERATIONS.

London, January 28.—(Special.)—Kitchener reports Boer losses for week to be as follows: Killed, 31; wounded, 20; captured, 322; surrendered, 153.

Mr. J. W. Brankley, from Agnes, is in town today.

THREE VILLAGES.

January 28.—Dr. A. G. Bugbee, who has been quite ill, is reported better. The play, "Breezy Points," which was to have been given tonight, has been postponed until next Tuesday night, as those taking part did not feel that they were quite unprepared to give it in so short a time.

Mrs. Jas. W. Abbey at Stanstead is reported seriously ill. We understand that the post office at Stanstead will be moved from its present place into the old part of Bissonette's store, formerly used as a tailor shop.

Mrs. D. W. Davis has recently returned from a visit to Massachusetts. The death of Miss Nellie Bodwell, only child of Mr. and Mrs. Eliphaz Rodwell, of Beebe Plain, occurred yesterday. It seems particularly sad, as she was just entering womanhood, and was a young lady with a sweet character and a lovable disposition, and her death is deeply deplored by all who knew her, and the bereaved parents have the sympathy of the whole community. Never very strong physically, and having had both typhoid and bilious fever within the past year her constitution was weakened so that she had not vitality to rally from this last illness. The funeral will be held on Wednesday.

Mrs. T. Lee Terrill has closed her house and is staying at W. C. Herbert's during the remainder of the winter. Rev. G. Ellery Read and Rev. E. E. Margraf exchanged pulpits on Sunday.

Misses Lanout and Carter entertained the "Fortnightly Club" at the former's home on Friday evening and a most delightful evening was spent. Progressive whist was played for two hours, Miss Florence Pike winning the lady's prize and Mr. W. Phillips the gentleman's prize. This was followed by a guessing game. Miss Josie Pike captured first prize in this game. Refreshments were then served, followed by dancing. Mr. Roy Fuller being present with his graphophone gave several fine selections. Mrs. David Libby is reported seriously ill.

"Musical Club" is being organized among the lovers of that art in the Three Villages. A condition is that each member must practice half an hour a day and they are to meet once in two weeks, taking some composer for the afternoon's programme. Mrs. Walter Bowen entertained a few of her friends last Friday evening and all reported a pleasant time.

WATERVILLE.

Jan. 27.—Mr. H. Swanson applied and received the appointment of postmaster, last Friday, with the understanding that Miss Edith Wyman, the present assistant postmaster, retain the office for the ensuing three years if she wishes.

Mayor F. G. Gale, who has been on a ten days business trip to Chicago, returned last Saturday evening. Quite a number of our boys attended the hockey match at Lennoxville, last Saturday evening.

His Lordship, Bishop Dunn, of Quebec, held confirmation services in St. John's Church, last Sunday, when eight or nine were confirmed.

We are informed that Mrs. A. H. Gale and family accompanied by her brother, Mr. Perry S. Dobson, intend leaving in a few days for England, where Mr. Dobson will finish his course at Oxford. Mrs. Gale intends to visit Italy and other places. They expect to be absent five or six months. They will be greatly missed here in many ways. We hope for their safe return.

Mr. Lyman McGovern, who spent the holidays with his parents, left Saturday, for Boston.

HATLEY.

Jan. 28.—The play, "In the Tolls," was exceedingly well rendered by the Hatley Dramatic Company, the other night, in Foresters Hall. As has often happened the building was too small for the company who sought assistance, many having to remain outside, for lack of room. The cast of characters was a wise one, the parts all being well carried through. The heroine of the play, "Helen Morton," was Miss Mary Bowen, and while all did well she performed her part admirably.

On Thursday, February 6th, the Ladies' Guild assisted by some of the Dramatic Company, intend to give an entertainment in the same hall, the proceeds of which will go into the improvement fund of St. James Church.

The beautiful weather of the past week was brought to an end by a wild wind storm on Sunday evening, followed by quite a thaw.

Mrs. C. E. Putney, County President W.C.T.U. went to Barnston, on Sunday evening, to give an address upon the use of intoxication.

"They don't eat mistletoe, do they, pop?" "No, my son." "Well, sister says there was a piece in the parlor when Mr. Huggins called last night, and her lips are all sore."—Yonkers Statesman.

La Montt. "I wonder what they are selling over there? I just heard them shouting: 'Here's something to catch a man's eye!'" La Moynie. "H'm! they must be selling ladies' umbrellas."—Philadelphia Record.

BARON VON LIEBICH.

SECURES HIS RELEASE ON BAIL IN BURLINGTON.

Durlington, Vt., Jan. 27.—After spending three months in jail here Rudolph Felix Liebich, alias Baron Von Liebich, the pianist, succeeded today in securing bail in the sum of \$500, furnished by his attorney, Henry Ballard.

The charge against the Baron is bigamy and his trial is set for the March term of Chittenden county court, he having waived examination. He was arrested in this city October 13, 1901, on complaint of Mme. Inga Siebich, of Christiansia, Norway, who claims to be Liebich's first wife.

His American wife is at East Aurora, N.Y., in the Roycroft shops, and it is said that Elbert Hubbard furnished the security for the Baron's release.

Mme. Inga Liebich is still in Burlington and will be the principal witness against Liebich at his trial here in March.

AT SWEETSBURG.

Xavier St. Amant, the Granby man who had been committed on charge of polygamy, pleaded guilty and asked for speedy trial. He had slicked up for the ordeal. His hair was duly parted and pasted on his classic brow. As an Adonis he looked to be a failure. Not even the power and efficacy of "Brown's Drops" could restore him to the manly appearance assumed to be characteristic of gray smasher of hearts. He seemed to be indifferent to the technical statement of the charge. He commenced to plead guilty when he saw the judge and it was so recorded against him. The judge, however, remedied the error caused by his celerity in pleading, by assuring him that the statute under which he was arrested didn't touch upon, nor appertain to his offence, as had been decided by the Court of Appeals in the Labrie case. He thereupon discharged Xavier from custody, and he went out under the dull, gray wintry sky wondering what he was to do with his liberty.

A Knowlton correspondent says: "It is asserted that a Chinaman will open a laundry here in the spring. And why shouldn't one of the sleek eyed celestials come hither? Is not Knowlton becoming a cosmopolitan town? Have we not parks and lanes, and well kept sidewalks, and pure water, and ministers of the crown to represent us in parliament? And more-over will not Knowlton provide as easy a point from which to slip across the border by the underground railway as St. Johns or Bedford, or any other place comparatively near the frontier? Who will say nay to any of these questions? By all means then let us go for a Chinese laundryman."

AN IMPORTANT TESTIMONIAL.

Confirmed by a Whole Parish. It is known that St. Ferdinand of Halifax, in Margerie County, is a flourishing parish. Its principal citizens are business men who best know how to appreciate things at their true merit. Thus when such a man as Mr. Froehette, of Froehette & Co., one of the most important firms of this place, allows Dr. Ed. Morin & Co. to use his name in recommending one of their medicines, such a testimonial is quite sufficient to give general confidence. Here is what Mr. Froehette says: He had occasion during the winter to use Morin's Wine Creation Phares for his family who were suffering with bad coughs and severe bronchitis, and in every case he had a cure. He is so satisfied with this medicine that he recommends it to every one. More than that he says that amongst his numerous customers, who used Morin's Wine, he has not yet found one of them who has not been satisfied with the result obtained with this medicine in coughs, colds, consumption, weakness and even nervous depression. This testimonial of a whole parish is certainly the best homage that has been yet given to the extraordinary qualities of this wine. All our felicitations to the manufacturer, and we hope that this new certificate will increase the reputation of this medicine already so well known.

ROSEBERY'S NOVEL.

HAS GIVEN RISE TO SOME SARCASTIC HITS.

London, January 27.—Lord Rosebery has written a novel on which he is engaged in putting the finishing touches. It is expected that it will be published in the autumn. In spite of his Chesterfield speech, and many political and other diversions, Lord Rosebery, it is said, found time to re-write the manuscript three times. The name and plot of his novel are not hinted at so far, but one of the weekly papers suggests it should be called "The Lonely Furrow" or "If compiled on the lines of Dickens, it might be named 'A Neutral Inn,' which is a sarcastic reference to Lord Rosebery's recent suggestion that peace negotiations with the Boers might well be initiated at a wayside tavern.

ONLY A PENNY TO GET WELL.

I ask only a postal stamp which book you wish. No money is wanted. I want you to know how nerve power alone operates each bodily function. If some organ is weak, and fails in its duty, I want to tell you how more nerve power will correct it. I want you to know, as I do, that a permanent cure can come in no other way. I have spent my lifetime on this problem. I will send with the book an order on your nearest druggist for six bottles of Dr. Shoop's Restorative. Every druggist keeps it. I will ask you to accept the Restorative and test it for a month. If it cures, pay \$5.50, if it fails it is free. I will pay your druggist myself for it. This offer in five years has been accepted by 550,000 people. Practically all of them had difficult troubles, long endured. Most of them were discouraged. Yet 39 out of 40 who received those six bottles were cured. They paid because they were cured, for otherwise no druggist asks a penny for it. I cannot better prove my own faith in this remedy. No physician can do more than pay for your treatment if it fails. No other does so much. Won't you write a postal to learn if I can help you? simply state which Book No. 1 on Dyspepsia, Book No. 2 on the Heart, Book No. 3 on the Kidneys, Book No. 4 for Women, Book No. 5 for Men (sealed), Book No. 6 on Rheumatism. Mild cases, not chronic, are often cured by one or two bottles. At all druggists.

Several from this way attended the W.C.T.U. missionary social at Compton, on the 23rd, and reported a good attendance and large collection.

RICHMOND.

Jan. 28.—Mr. Walter Ginn, of Walla, Walla, Wash. Ter., is visiting Mr. J. O. Ginn, Richmond.
The Protestant Board of School Commissioners have for the benefit of Jansville School, installed an organ. "Music hath charms to soothe the savage breast."
Mr. Jas. E. Linnahen, engineer, was married in the R. C. Church, yesterday morning, to Miss Mary Doyle, of County Wicklow, Ireland. The wedding breakfast was served at the residence of Mr. John Murphy, mail clerk, cousin of the bride, after which the happy couple left on a trip to Montreal and other western cities.

One of the largest temperance meetings ever held in Richmond took place in the Town Hall, Sunday night. Rev. C. W. Finch presided. A union choir sang several numbers and two very eloquent temperance addresses were delivered by Rev. Messrs. R. Geo. Watt and Dr. Kellock. Mr. Watt was the first speaker. He said he did not intend discussing the merits or demerits of prohibition, but to confine himself to straight Gospel temperance and our responsibility towards one another. The first question God asked man, he continued, was "Where is thy brother?" There are those who feel that they have no responsibility for their brother, but if we looked into the question, we would find that we were responsible. Oftimes we were overwhelmed with the thought of our responsibility to God; but did we, also, think of our responsibility to our fellows. Jesus Christ himself taught the great brotherhood of man and was this not the foundation on which the Christianity of today rests. If then we were responsible for our brother, we should see that we were not stumbling blocks to our brother. The moderate drinker was our slippery ground and there was danger ahead for any young man who was tampering with that awful temptation for character is but the crystallization of habit.

Rev. Dr. Kellock said that from genesis down the time of Christ we were told that we were our brother's keeper, but he was, also, going to speak of the great canopy of earth, which was the fatherhood of God and, in common debt to God, we must do what we could for our brother. When asked, "Where is thy brother?" we could not answer by a subterfuge. We must not do this in duty only but in common heart with God our Father. Prohibition might save the body, but not the soul. We have been discouraged and disheartened in Richmond County, but looking over the horoscope of the whole Dominion we could see the bright spots with only Quebec the dark one, and let all take comfort in the fatherhood of God, who is looking down from heaven on us.

A Fickle Public Quickly Decides That MALT BREAKFAST FOOD IS THE GREAT NOURISHER FOR BODY AND BRAIN

The public always fickle and changeable has, after testing Malt Breakfast Food as a flesh and muscle producer and health-giver for one year, come to the conclusion that it is the great nourisher for body and brain. The history of cereal foods in Canada cannot furnish such a series of victories as Malt Breakfast Food has achieved in the families of Canada. This delicious and healthful breakfast food has quite captured a fickle public, who in the past required a continuous weekly change of grain foods, not finding any one of them satisfying. Grocers everywhere who sell Malt Breakfast Food, say it gives more general satisfaction than any other food ever placed on the market. Ask your Grocer for a package and try it.

Omega Oil

NEURALGIA—There is no sense in wasting words about Neuralgia. We know that it causes terrible suffering, and the darting pains are enough to drive you mad. What a sufferer wants is relief. He wants the pain to stop. He wants to be well and happy again. The way to get relief from neuralgia is to rub Omega Oil into the spot where the trouble lies. First bathe the part with hot water to open up the pores. Then give it a good, thorough rubbing with Omega Oil. This liniment will be taken up by the flesh, and penetrate to the aching nerves. It will give gratifying relief. It will soften, soothe and comfort. It will overcome and banish the pain. Plenty of people will doubt this, but their doubting does not change the facts. Omega Oil is good for everything a liniment ought to be good for.

If your dealer refuses to supply you with this wonderful Swiss grass liniment, the Omega Chemical Co., 407 Broadway, New York, will mail you a bottle, prepaid, for 5c. In cash, money order or stamps.

HOCKEY.

THE LADIES AGAIN JUST MISS WINNING THE MATCH

The return match of the Ladies vs. Men, was played yesterday afternoon, in the Drill Shed, and resulted in a victory for the latter by a score of 6 to 5. For the ladies, Misses Nita Hunt, C. Morkill, Winnie Hobson, and Florence Mitchell, played exceedingly good hockey. For the men "Lyn" and "Doc" were out of sight. "Alfie" was always sure that some one was "off side," and "Ned and Ralph" were stars. The referee was called on several times, to use her authority, but for trivial offences. The following were the teams:

- Men: Miss E. Bradford goal, A. T. Boydell, Miss W. Hobson point, A. B. Hood, Miss N. Hunt cover, H. B. Fletcher, Miss E. Boydell forward, Dr. Lynch, Miss C. Morkill forward, E. H. Bowen, Miss Mitchell forward, R. H. Fletcher, Miss F. Boydell forward, F. C. Bowen.
- Miss Meade acted as referee and time-keeper, and Misses Lola MacLagan and Edith Bradford as umpires.

The Rev. Elie Auclair, Professor of Literature, at the Seminary, has presented a magnificent owl to the museum of that institution.

Tickets for the Haydn Trio concert have been placed on sale at Fraser's, Wilson's and Authier's.

The 10th Field Hospital Corps under the command of Surgeon-Col. Worthington, took part in the parade of the Second Mounted Rifles, in Halifax, on the 24th. The officers were mounted, the men on foot, and they presented a remarkably fine appearance, many complimentary remarks being heard as the troops filed the through the streets, so say reports from Halifax.

'Kicks' by 'Kickers'

This column is for the exclusive use of kickers in which they may kick as hard and as often as they please. And they may "kick" concerning anything they please, upon the following conditions:

- (1)—That they stick carefully to facts.
- (2)—That they avoid anything libellous.
- (3)—That they confine themselves to not more than 200 words, on one subject, on one day.
- (4)—That their names (in confidence or otherwise) invariably accompany their "kicks."

THE STREET RAILWAY.

For the Kickers' Column: As a citizen, and on behalf of a good many of my fellow citizens, I wish to enter a protest in your most valuable paper, against one of our public institutions, I mean the Sherbrooke Street Railway Co. If ever a farce was got up in a town, is not this a good one? Put a couple of men on a street car, break up the streets to put the rails in, and send them to go around the town as they please, and you will have the actual state of our system. The employees seem to have but little knowledge of their duty as public servants. On a good many occasions they feel very independent of the public, so does the company, it appears to me. I wonder if our City Fathers who have allowed this Co. to enter our walls, tear up our streets, destroy part of the beauty of our pretty little town, made any reserve, or if the bylaw governing this institution has a clause in it stating that the Sherbrooke Street Railway may serve the public "as they please" and "as they see fit to do." If people of other cities were looking at Sherbrooke as a very advancing town when they introduced the street car system into it, they would be greatly surprised if we should tell them that the Sherbrooke Street Railway Co. consists of one single car, with two certain individuals running it around the city, who do not even know the most elementary rules of politeness, and a manager changed every six months. A man standing on the sidewalk may signal for a car to stop as much as he chooses and be certain of one thing, which is that the motorman will not see him. There should be some stop taken by the City Council, or some kind of a move made to the effect of either having the Street Railway Co. furnish us with a decent service, or discontinue it altogether. There is no use in being bothered with the noise and seeing our principal streets broken up in such a way that we can hardly drive through, to perform this very unsatisfactory service, if we are to have no benefit from it. The time has arrived for our councillors who are so devoted, and are so full of promises in election time, to fulfill some of those promises, and prove their great devotion to the public interests.

Yours truly, A CITIZEN.

Sherbrooke, January 26th.

Thousands of Our Canadian Women Have Found the True Fountain of Health.

PAIN'S CLEARY COMPOUND

A Sure Banisher of Ills Peculiar to Women.

Dr. Phelps' famous prescription, Paine's Cleary Compound, has been and is now freely prescribed by many of our ablest physicians for the ill peculiar to women. They have found the wonderful remedy to be exactly what is claimed for it. It has been proved again and again that Paine's Cleary Compound is the one great cure for that form of nervousness peculiar to women, and gives to weak, rundown and suffering females a perfect and robust womanhood. All women who suffer from irregularities, hysteria, nervous prostration, anaemia, liver and kidney troubles or blood diseases, should at once give Paine's Cleary Compound a trial. Its cures are happy and permanent. Miss Jessie M. Ross, Quyon, Que., says:

"It affords me much pleasure to testify to the great good that Paine's Cleary Compound has done for me. I was completely run down in health and a victim of female weakness, and after using three bottles of Paine's Cleary Compound I was completely cured. It is the best blood purifier I know of."

but they had disappeared. He thought it would be wise to procure a supply of these cards, and try the experiment again. Mr. Farwell approved of the plan of appointing a special inspector to cooperate with Chief Davidson and his officers, and said that from subscriptions and fines, the society would be in a position to pay such an officer.

Moved by Mr. Cate, seconded by Mr. L. C. Belanger, that the executive appoint the additional inspector to report to the society, any cases coming under his notice. Carried.

Hon. Henry Aylmer expressed himself as being thoroughly in sympathy with the society, and hoped to become familiar with its workings. The society had done good work, but a wide field remained. Mr. W. A. Hale stated that in New Bedford, Mass., every cabin had a copy of "Black Beauty," furnished by the S.P.C.A. Cards of printed rules were, also, used, and much good had been accomplished.

The election of officers then took place, resulting as follows:

- President, Hon. Henry Aylmer.
- 1st Vice-President, Dr. Pelletier, M. L. A.
- 2nd Vice-President, W. A. Hale.
- Secretary-Treasurer, Geo. H. Borlase.
- Executive Committee, Mrs. Hargrave, Mrs. Buck, Mrs. Lucke, Mrs. W. Duncan Smith, Miss Hale, Miss Elkins, Miss Lloyd, Mr. S. F. Morey, Mr. C. C. Knight, Mr. L. N. Perreault, Mr. J. F. Morkill, Mr. L. C. Belanger, Dr. Spencer.

FEW PANAMA OBSTACLES.

A LONG LEASE WILL BE GIVEN BY COLOMBIA.

Washington, Jan. 28.—Most of the stumbling blocks in the way of an agreement between the Colombian and the United States governments are in a fair way to be removed, unless it be the question of the price we shall pay for the right of way, on which point no formal overtures have been made on either side. The concession is likely to take the form of a lease for two or three hundred years with privilege of renewal at the same terms, and it is generally regarded as probable that the conditions which our posterity will face five or six hundred years hence will be so different from those which confront us now, as to make a lease for this long period practically as valuable as one in perpetuity.

It is considered extremely significant that two representatives of the State of Panama are coming on to assist Dr. Silva, the Colombian minister, in his negotiations with our Government. The Federal Government of Colombia stands in considerable awe of the State of Panama fearing that that State may secede from the Federation and set itself up as an independent republic. The canal passes through Panama and will be wholly within the jurisdiction, so that the threatened secession would mean that Colombia as a whole would get none of the benefits of the great inter-oceanic enterprise. Hence whatever the Panama representatives insist upon is very likely to be conceded by Colombia.

The possibility that Colombia may try to overcharge the United States for the desired right of way is somewhat modified by the circumstance that the Nicaragua element are still very sure that their route will win Congress after all. They assert that Senator Morgan will surely carry his committee, having already assured himself of the votes of Hawley, Harris, Turner and Mitchell, and needing only one more, which he may have secured by this time, to make a majority. Even if he succeeds in handing a majority report to the Senate favoring Nicaragua, there will surely be a minority report, and then it will remain for the Republic of Nicaragua and Colombia to try to underbid each other. The price of the right of way, as things look now, will decide the main question of the routes, and the Panama advocates feel sure that Colombia will not be so foolish as to throw away all it has already gained.
