

GERMANS FAIL IN SUPREME EFFORT ON SOMME; ALL DAY ATTACKS PROVED BLOODY FAILURE; ROUMANIANS REPULSE BULGARIAN INVADERS

Feature of Today's War News is Repulse of Great German

Attacks on Somme Positions. Allies Have Held All Ground Though Trenches Had Been Battered at Time of Their Capture by Allies. King Constantine Urges Soldiers to Follow Blindly. In Great Battle in Roumania, Teutonic Invaders are Repulsed.

HUNS' GREATEST EFFORT IS REPULSED

(Special, Canadian Associated Press)

New York, Sept. 21.—The London correspondent of the Tribune cabling last night, says: As if to disprove the statement that their counter assaults had lost their clan, the Germans made a desperate effort today to regain their hold on the Peronne-Bapaume Road. A series of terrific rushes were hurled against the French and British lines, but they made no headway.

The blows began last night on both sides of the river, but they met with no success. On the French front the Germans penetrated some trenches, but Foch's troops drove them out in short order.

This apparently was a preliminary work—an attempt to feel out the strength of the new allied positions. With morning a greater effort was begun. This attack was confined to the French front, in the sector between Rancourt, and Clercy. It aimed to regain possession of those parts of the Bapaume-Peronne road won by the French a week ago. Through this gap it is possible for the Allies troops to drive a wedge between the two towns.

From nine o'clock in the morning until nightfall the attack continued with fury along a three mile front. Moving forward in dense masses, as the Russians assault the Teuton line in Galicia, the Kaiser's troops threw themselves repeatedly at Foch's positions.

BULGARS REPULSED IN VIOLENT ATTACKS

(Special, Canadian Associated Press)

Paris, Sept. 21.—The repulse of violent Bulgarian attacks on the Greek Katakalan with heavy losses to the attackers is reported in an official statement given out by the war office today. In the region of the Erod River, the Bulgarians forced their way into the village of Boretski after two attacks had failed.

Further progress for the allies is reported on the left wing where they have reached Hill 1,550, three miles northwest of Pissoderi.

FRENCH OFFICIAL, HUNS QUIET TODAY

(Special, Canadian Associated Press)

Paris, Sept. 21.—The French official communication today states: "To the north of the River Somme the enemy has not renewed their activities along the front between the Priez Farm and the Farm of Abbeville. Bad weather has interfered materially with operations on the bank of the River Somme."

"In the Argonne an attack of the enemy delivered upon our positions at Four de Paris resulted in failure because of our curtain of fire. This attack was preceded by the explosion of a mine."

"On the right bank of the River Meuse our troops yesterday evening executed two operations, each of which was brilliantly successful. To the southeast of Thiaumont Work we captured several sections of enemy trenches and captured over one hundred prisoners, including two officers. We also took two machine guns. In the eastern part of Vanx-Chapelle Wood we have advanced our line by about one hundred yards, while in the forest of Apremont one of our advanced posts repulsed an attack of the enemy, in which hand grenades were used."

"A French air pilot yesterday brought down a German aeroplane, which fell near Molains, to the north of Peronne."

Paris, Sept. 21.—The French have made another gain in the Verdun sector, where they captured two trenches and one hundred prisoners south of the Thiaumont Work, according to an official statement issued by the war office. They also captured a hundred east of Fort Vanx and in the Chapelle Wood.

Bad weather still halts operations on the Somme, and the German attacks have not been renewed.

(Special, Canadian Associated Press)

London, Sept. 21.—The ceremony incident to the taking of the oath of allegiance by new recruits, held in Athens yesterday, was attended by King Constantine and the royal family, says a Reuter despatch from the Greek capital under date of September 20. The King in a speech, says the despatch, recommended blind devotion by the men to their superior officers and their sovereign, and that when every soldier acted on his own initiative with regard to his country's requirements, "Woe betide the country possessing such an army."

CANADIANS ESCAPE FROM PRISON CAMP

THREE CANADIANS WHO HAD BEEN OFFICIALLY REGISTERED AS DEAD

London, Sept. 21.—Registered as dead by the Canadian Pay and Record Office, which was about to authorize the distribution of their effects, Lance-Corp. Edward Edwards, of the Princess Patricia's; Private James Jerry Burke (1216), of the Battalion Winnipeg; and Private M. C. Simonds (23445), of Port Arthur, Seventh Battalion, have arrived in London, after having escaped from a German prison camp. They experienced some strenuous adventures. For three weeks they were at large, slowly and cautiously wending their way to the Holland frontier. They covered a distance of about 150 miles. In Holland the fugitives, to their surprise, found a warm welcome. In fact, a local band headed them in procession to the mayor, who in turn communicated with the British consul, with the result that they were shipped to England.

Corporal Edwards is a Scotchman, who had been living in Toronto. His number, 39, shows that he was an early enlistment. Privates Burke and Simonds are Canadian born. The first two were taken prisoners at Ypres last year.

AMAZING STORIES OF LAND SHIPS

Remarkable Deeds of British "Tanks" in Recent Battle.

PUT MACHINE GUNS OUT OF ACTION, TOOK PRISONERS, AND OVERCAME ALL OPPOSITION

(Special, Canadian Associated Press)

London, Sept. 21.—(N. Y. World cable)—"Of the landships or tanks, one continues to hear amazing stories," says a Daily News despatch from the Somme front.

"One whose steering gear got out of order could not turn to the right or left, so it trundled straight ahead until quite out of touch with the infantry, then sat down on a German trench and for five hours withstood bomb attacks."

"In another case the landship found the infantry was not coming on behind, so it went back to find out what was the matter."

"They were held up by a trench which the tank had overlooked, where a strong bomb party of Germans were situated. So the machine walked over to the trench, deposited itself on top of it and wiped the bomb party out."

"A tank is known to have put out of commission six German machine guns in a single position. Another wandered around for hours, nosing out German machine gun positions in shell holes about the open, and dealing with them firmly when found."

"Another, after rendering yeoman service in the operations in high wood, went on to what it thought was our front trench and then discovered it was a German one. It came back shortly afterward with twenty-five German prisoners, who walked beside it like a flock of sheep, cowed by its machine guns."

"Another cleaned out a German machine gun post in a shell hole and then one of the gunners of the crew got out and took charge of a German machine gun and stayed there to use it against its former owners."

"They have proved themselves real formidable engines of war, and a new service has been created, 'His Majesty's Land Navy.'"

REVOLUTION IN CRETE

(Special, Canadian Associated Press)

Paris, Sept. 21.—A revolution in the Greek island of Crete is reported in a Havas despatch from Athens. The revolutionists are said to have proclaimed a provisional government.

Several revolutionary outbreaks in Greece have been reported since the entrance of Roumania into the war and the occupation by the Bulgarians of the eastern portion of Greek Macedonia, which resulted in an agitation in favor of participation by Greece in the war. Last month revolutionists obtained control of parts of Greek Macedonia, near Saloniki, and proclaimed a provisional government. The movement was said to be extending, but further news was withheld by the censor.

The island of Crete, 150 miles long, with a population of some three million more than 300,000, is in the Eastern Mediterranean, 60 miles from the southern extremity of Greece. It is the former home of Ex-Primer Venizelos. Under the treaty of peace between Greece and Turkey in 1913 the island was annexed by Greece.

Manila, Sept. 21.—The portions of the cargoes of the British steamers Kafue and Aymerick, destined for Manila, and which were seized by the British authorities at Hong Kong, have been released.

Information to this effect was received by the consignees to-day from Hong Kong. The Kafue and Aymerick cleared from New York for Manila. At Hong Kong 1,200 packages of the Aymerick's cargo and 3,600 packages of the Kafue's cargo were removed by the British authorities on the ground that they were consigned to enemy interests. In a previous case where similar action was taken in regard to the portion of the cargo of the British steamer Chinese Prince, the Manila collector of customs imposed a heavy fine on the captain of the steamer. BLAMES FRIDAY FOR HIS TROUBLE

SKIPPER WHOSE SHIPS WERE WRECKED FINDS HE SAILED ON FRIDAY.

(Special, Canadian Associated Press) Boston, Sept. 21.—Captain George Birnie, of the Portland Schooner Lucia Porter, arrived here to-day from Gibraltar with six members of his crew aboard the S.S. Cretic, and reported that his vessel had been abandoned six hundred miles west of the Azores.

"Disaster has ended my last three voyages," Captain Birnie said. "I began them all on Friday because I thought that superstition was a dream. Now I have decided I'll never sail again if I have to start on that day."

In February the Lucia Porter was shipped of her sails and her seams opened in a storm of the Maine Coast, and in May she was tossed up on the beach at Swampscott, almost a wreck, and her crew taken off in a lifeboat.

After being rebuilt the schooner sailed from St. John, N.B., on Friday, August 11, for Las Palmas with a cargo of pine, and a few days later encountered a storm. Capt. Birnie said he and his crew were forced to seek shelter in the after deckhouse, and had exhausted their limited food supply when the British tramp steamer or Knight of the Garter picked them up on her voyage from Norfolk to Italy and landed them at Gibraltar.

PREMIER HUGHES' STIRRING WORDS

Sydney, N.S.W., Sept. 21.—The Hon. William Hughes, Prime Minister of Australia, has opened his campaign for conscription in the Commonwealth.

"By remaining on the defensive," said the Premier, "a victory never will be achieved. We must keep on attacking and ever attacking. We are now called upon to make the supreme sacrifice, the supreme effort to shorten the war."

"Voluntarism can no longer be relied upon to supply the necessary numbers, and we must fall back upon compulsion. Australia will require an additional hundred thousand troops to maintain her reinforcements till the end of July, when I hope and believe victory will be in sight."

Mr. Hughes did not think it would be necessary to call on the married men of the Commonwealth. There were enough single men to supply the need.

Young men from eighteen to twenty-one would not be compelled to enlist, but would be accepted as volunteers if they offered themselves. Only sons would be exempt; and those who were the sole support of dependents.

In order that the industrial efficiency of the country might not be menaced, the Premier announced, other exemptions of an industrial nature would be allowed.

"But for the British Navy and the Allied armies now in France, we should be doomed men this day. We should be like sheep before the butcher. We might bleed and struggle, but could not save ourselves from destruction. The Allies' trenches in France are the ramparts of our native land. If the Germans once break through, nothing can save us. No efforts of ours could prevent the Germanization of Australia. And it would not be war here, but massacre," he declared.

PREPARING FOR BAZAAR.

The Ladies of Charity, under the presidency of Mme. Sylvestre, wife of the city mayor, are busily engaged making preparations for the bazaar which will be held in the Stadium all next week, beginning Monday. Every effort is being made to make this event as successful as former ones which these ladies, who are indefatigable workers, have organized. The proceeds will be for the benefit of the Hospital General (St. V. de P.), the Old People's and Orphans' Home, and the Creche.

ST. ANDREW'S AUXILIARY.

The first meeting for the new season of the St. Andrew's Auxiliary was held at the home of Mrs. Ralph Gift, Fairmount avenue, Wednesday, with a good attendance. Tea was served and a pleasant social afternoon enjoyed by all.

The hostess was assisted in her duties by her sisters, Mrs. Spalding, Mrs. Sjolander and Miss Lillian Myers. On account of the absence of some of the members, business matters were laid over until the next meeting.

SHERBROOKE NURSE ARRIVES IN ENGLAND.

Letters received from Miss Bessie Odell, of the A.M.C., who went overseas with a reinforcement of nurses, give the news of her safe arrival in England after a pleasant and uneventful voyage, of which the last three days, however, were rough. This was very satisfactory to the travellers, as submarines cannot operate in stormy weather. The nurses spent four delightful days in London, and were then assigned to their various stations. Miss Odell is at the Duchess of Connaught's Hospital at Cliveden, and on night duty in charge of fifty-two beds. All the patients are Canadian private soldiers and the majority are recovering from wounds.

SHERBROOKE RED CROSS

Year's Work is Reviewed at
Annual Meeting Held
This Week.

OUTSIDE UNITS AIDING.—NEED
OF FUNDS TO CARRY ON
WORK IS CONSTANT.

The second annual meeting of the Sherbrooke Branch of the Canadian Red Cross Society was held on Monday afternoon, Sept. 18, in the Art Hall. Twenty-five active members were present. The President, Mrs. J. T. Morkill, took the chair and called the meeting to order. The officers elected for the ensuing year were: President, Mrs. J. T. Morkill; 1st Vice-Pres., Mrs. DeLottinville; 2nd Vice-Pres., Mrs. T. J. Parkes; 3rd Vice-Pres., Mrs. R. A. Ewing; 4th Vice-Pres., Mrs. A. C. Bissell; Hon. Secretary, Miss E. M. White; Asst. Secretary, Miss H. Spier; Hon. Treasurer, Mrs. S. A. Jones.

The following are the names of those on the Committee: Mrs. James Mackinnon, Mrs. E. O. Grundy, Mrs. Gage, Mrs. Rosenbloom, Mrs. J. Leonard, Mrs. Dowlin, Mrs. Vineberg, Mrs. J. McKechnie, Mrs. F. A. Briggs, Mrs. Hutchinson, Mrs. W. Spier, Mrs. F. Rugg, Mrs. Poutre, Mrs. G. Odell, Mrs. James Johnson, Mrs. W. E. Allen, Mrs. H. Irwin, Mrs. W. L. Read, Mrs. H. R. Fraser, Mrs. T. L. McSwiggan.

PRESIDENT'S REPORT.

The report of the President, Mrs. Morkill, was as follows:

"In submitting the second annual report of the Sherbrooke Branch of the Canadian Red Cross Society, it is our aim to lay before you as briefly as possible a summary of the work which has been carried on continuously during the past year. Since Sept. 1, 1915, the rooms in the Whiting Block, the headquarters of the Branch, have been open every afternoon, with two ladies in charge each day. An effort was made to systematize the work and have special duties for each day, and to a great extent this was successful.

"The Secretary's report of the numerous groups that have been organized by this Branch, and the record of all that has been sent to Provincial Headquarters, must appeal vividly to all who have sufficient imagination to perceive what lies behind an imposing column of figures and a varied list of commodities. That this splendid result has been achieved is due to the individual efforts and loyalty of the women of Sherbrooke, and to the wonderful spirit shown by the countless number of women throughout the Townships who are giving so generously of their time, making it possible to forward such large amounts of clothing and hospital supplies of all kinds.

"Since Sept. 1, 1915, many new groups have been formed throughout the Townships, and are now working through this Branch. This growth is largely due to the Red Cross booth in the Main Building at the Exhibi-

tion. As anticipated, it was of great benefit, giving the people an opportunity to see for themselves exactly what Red Cross work meant. The thanks of this Branch are due the directors of the Eastern Townships Agricultural Association for placing space at their disposal and supplying entrance tickets to the workers.

"The correspondence arising from the establishment of so many centres of activity has been enormous and obliges the Secretary to be at her desk every afternoon in order to cope with the work. Miss White personally employs a stenographer to assist in this work. Not only is every letter and a copy of its answer filed away, but a strict record is kept of material purchased, material sent out and returned to us as completed garments, as well as a record kept of every article shipped to Montreal. It may readily be seen that this involves a tremendous amount of secretarial work. The appointment of Miss Spier as Assistant Secretary greatly relieved this strain, and her work, which has included the packing department, cannot be overestimated. It would be impossible to go into detail regarding the work of the various committees, but in order to point out to the public that an earnest effort has been made to organize all this voluntary work on business lines it will suffice to mention the Voluntary Committees, viz.: Daily Committees, Packing Committee, Folding Committee, Shipping to Groups Committee, Sewing and Sorting Committee, Waste Material Committee, and Surgical Committee.

"NERVILINE" STOPS EARACHE IN 10 SECONDS, FIXES TOOTHACHE IN 2 MINUTES

It Seems to Possess Almost
Some Divine Power
Over Pain.

RUB ON NERVILINE

Toothache is usually due to neuralgia in the gums or to the congestion and swelling of the nerve pulp.

As "Nerviline" relieves congestion, you can easily see why it cures toothache.

Nerviline does more—cures any ache or pain—in any part of the body.

It matters not where your pain is. It may be in a joint or muscle; it may be neuralgia or lumbago; it may be a surface pain in deeply situated in the back, side or chest. Nerviline will reach it; Nerviline will drive it out.

What is Nerviline, you ask? Just a

liniment, but very much stronger in pain-subduing power than other liniments—one that penetrates more deeply in the tissue than any other liniment. It is a liniment that cures quickly, that gives permanent relief.

You might spend ten or a hundred dollars, but you couldn't buy as much relief as you get from a single bottle of Nerviline.

We guarantee Nerviline: we refund your money if it does not relieve you.

In many lands it is a household trust, a remedy that has justified itself under the experience of those who have used it. Guaranteed for neuralgia, sciatica, lumbago, rheumatism, pleurisy, strains or sprains; the large 50 cent family size bottle is more economical than the 25 cent trial size. Dealers everywhere sell Nerviline, or direct from the Catarthozone Co., Kingston, Canada.

emergencies. Having this in view, the Executive again recommend to all the groups of this branch the advisability of encouraging the system of monthly contributions, however small.

"This report would be incomplete without an acknowledgment of the splendid co-operation of the officers, was appointed to take charge, and now this Branch is in constant communication with Mrs. Rivess-Bulkeley who has charge of the Department in London. Letters from Mrs. Bulkeley and numerous cards from prisoners show that this Branch is doing good work along this line. Upon Mrs. Hepburn's departure for England, Mrs. Philip Robins was appointed to fill this office.

"The Treasurer's report to-day is very encouraging, but at times during the year it has been depressing. For the first six months this Branch was dependent for funds upon the monthly contribution of \$350 from a special Men's Committee. This, together with an uncertain, varying income, comprising donations, proceeds from entertainments, fees and private subscriptions, was found to be inadequate to meet the ever-increasing rise in the price of materials and the necessity of ordering that material months in advance. Fearful of involving the Branch deeply in debt, the Executive felt obliged to cancel one order for material in May while stringent steps were being taken to insure an adequate monthly income. A meeting was called, and it was decided to send a circular to the out-of-town groups, asking for their regular financial support as well as their unselfish aid in sewing and knitting. I may say that now many of the groups are sending certain amounts of money regularly. But to meet the urgent need at the time it was decided to hold a rummage sale for one week. Mrs. McSwiggan and Mrs. E. C. Fraser were appointed conveners. The splendid results achieved by all the ladies who devoted their time and energy to this sale need no comment. That the sum of \$2,106.65 was netted, with only an expenditure of \$26.10, speaks for itself. In April the Sherbrooke Branch of the Canadian Patriotic Fund began a contribution of \$600 a month for one year. This systematized monthly income has relieved the Executive of much work and anxiety, and has particularly lightened the work of the Treasurer, whose bookkeeping must be an arduous task, as many donations come in earmarked for certain purposes expressly stated by the donors, thus making a complication of accounts. Not only has Mrs. Jones performed the duties of this office cheerfully and faithfully, but her wide

LIVE STOCK MARKET STEADY

PRICES WERE MAINTAINED AT EAST END STOCK YARDS ON WEDNESDAY.

Montreal, Sept. 21. Prices in the local live stock market, yesterday were generally well maintained and firm, with few changes evident. At the East End Stock Yards, good butcher's steers and cows were selling at the same prices as prevailed last Wednesday, the large run of cattle not affecting them, but light, common grades were 10c. lb. lower, which was due to larger receipts of this class of stock. Up to \$7.00 cwt. was paid for the best cattle offered.

The market for hogs continues very strong and prices are holding firm at the sharp advance noted in Monday's market, \$12.50 cwt. being paid yesterday; hogs constituted the most active feature of the market and a brisk trade was done, with select stock in good demand.

On light offerings calves were selling better than previously, and 10c. per lb. was paid for milked stock. The arrivals, however, were said to be ample to meet local requirements.

There was no change to note in the price of sheep, the trade being fair in this line. A weak feeling developed in lambs on increased receipts, and prices were down 10c. pound from last week's quotations. There was said to be considerable buying for export account, principally to United States markets, by the New England Dressed Beef Company.

The trade in all lines of live stock was said to be very good for this period of the year, and prices now paid are higher than those of the corresponding time last year, one reason for this being the farmers' reluctance to part with their stock for anything except high prices, this probably being a reflection of conditions in all other lines of country produce.

Sales of round lots of live stock were quoted as follows: Butcher's steers, good, \$7.10 to \$7.60; fair, \$7; medium, \$6.60 to \$6.90 cwt. Butcher's cows, good, \$6 to \$6.50; fair, \$5.50 to \$5.75; common, \$4 to \$5; canner cows, \$3.50 to \$3.75; cutters, \$3.75 to \$4.50. Butcher's hogs, best, \$6 to \$6.50; good, \$5.50 to \$6; fair, \$5 to \$5.50; canners, \$4.50 to \$5. Sheep, 6c. to 7c. lb.; lambs, 9c. to 10c. lb. Calves, milk fed, 9c. to 10c. lb.; grass fed, 6c. lb.

Hogs, select, \$12 to \$12.50; roughs, and mixed lots, \$10.50 to \$11.50, all weighed off cars.

Receipts of live stock at the East End (C.P.R.) Stock Yards yesterday were 700 cattle, 1,200 sheep and lambs, 800 hogs, and 800 calves.

CHEESE AUCTION SALE. At the sale held by the Quebec Agricultural Co-operative Society at the Board of Trade yesterday, the offerings amounted to 1500 boxes, of which 571 boxes No. 1 white cheese sold at 19 1/2c. lb.; 482 boxes No. 2 white at 19 1/4c. lb.; 341 boxes No. 3 white at 19 1/2c. lb.; and 106 boxes No. 2 colored at 19 1/2c. lb.

WASH POISON FROM SYSTEM EACH MORNING AND FEEL FRESH AS A DAISY.

Every day you clean the house you live in to get rid of the dust and dirt which collected through the previous day. Your body, the house you live in, also becomes filled up each twenty-four hours with all manner of filth and poison. If only every man and woman could realize the wonders of drinking phosphated hot water, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a veritable, optimistic throng of rosy-cheeked people everywhere.

Everyone, whether sick or well, should drink each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

WILL EQUIP CONVALESCENT HOME.

The President, Canadian Red Cross Society, Sherbrooke, P. Q.
Dear Madam:—We have received the following communication from Central Headquarters:

"The Executive Committee has decided to equip a Convalescent Home for Canadians at St. Law-

rence College, Ramsgate. For this purpose the Executive will require some 700 beds at \$50 each, in addition to the 400 beds already donated to but not used in previous hospitals equipped by the Society. I shall be glad, therefore, if your Branch would notify the Executive whether you would wish to take any of these beds, and, if so, what number."
The Quebec Provincial Branch has undertaken to get subscriptions in this Province for 100 beds.

We trust your Branch will avail itself of this opportunity, and if you will let us know how many beds you wish to subscribe for, we shall be glad to forward the subscriptions and names to Central Headquarters. The hospital will be known as the "Princess Patricia Special Hospital" and the beds can be inscribed with the names of the donors, as was done in the case of the Cliveden Hospital.
Yours truly,
J. J. M. PANGMAN,
Hon. Secretary.

CATTLE KILLED BY G.T.R. FREIGHT

ACCIDENT NEAR CORRIS ON GRAND TRUNK RAILWAY — SEVERAL COWS STRUCK

Windsor Mills, Sept. 21.—(Special)—On Tuesday evening, Mr. T. Chabot, farmer of the 10th range, Windsor, was driving 10 cows that he had purchased, home and just as they got to Taylor's crossing, near Corris, he saw the Scot coming from Windsor. He turned the cattle in time, and as soon as the cattle were in line again he saw a freight train following. He tried to turn them again but the cows turned on the track and before the train could be stopped, 8 out of the ten were killed.

COL CANTILE IS WOUNDED

MONTREAL HIGHLANDERS WERE IN ACTION ON FRIDAY.

London, September 21.—Lieut.-Col. Cantile, of the Montreal Highlanders, was slightly wounded while in action with his battalion on Friday, but he is now still on duty. In the week-end fighting the Canadians found themselves opposed by Wertheimburgers, the same as at Ypres. Captain Morton, of Windsor, Ont., who is in a hospital at London through illness, left the front a few hours before the heavy fighting commenced. Lieut.-Col. Pelletier, Agent-General of Quebec, and his wife are about to sail for Halifax en route to Quebec.

ACTION OVER CATTLE SALE

Waterville Man Claims \$750 From One Lamy of Barford.

DEFENDANT ALLEGES THAT HE BOUGHT 39 ANIMALS. PLAINTIFF SAYS CONTRACT WAS FOR 23.

The case of Leclaire, of Waterville, vs. Lamy, of Barford, came before Mr. Justice Hutchinson in the Superior Court again yesterday, part of the evidence having previously been heard.

According to plaintiff, in August, 1915, he sold to defendant 29 head of cattle and a quantity of hay at a fixed price. The hay was delivered and accepted, and a payment made on account, but Lamy delayed taking possession of the cattle and finally refused until November 4, when Leclaire protested him to take them immediately and to pay the balance of the contract price.

Some discussion then arose between the parties in the presence of the notary who had served the protest, and Lamy agreed in writing to pay \$750 for the "thirty-nine head of cattle mentioned in the protest" (but as a matter of fact the protest mentioned "twenty-nine" only). The 29 animals were delivered the next day and defendant refused to pay the money until he received the remaining ten which he claims are due to him.

Defendant's contention is that the memorandum above referred to makes a new and separate contract and sets aside all previous pourparlers or contracts between the parties, and that Leclaire is therefore obliged to deliver another ten animals to be entitled to receive the \$750. This the plaintiff disputes, hence the action. Plaintiff asks that the words "thirty-nine" in the memorandum be rectified by the Court to read "twenty-nine."

Mr. J. Roy (Messrs. Duffett & Roy) is attorney for plaintiff, with L. C. Belanger as counsel, and Mr. Hector Verret, K.C., for defendant, with W. L. Shurtleff as counsel.

Mr. Arthur Lemay has the frame of his new house on his farm on Ness Hill, up and boarded in.

Mrs. Archie Bouchette and son, who have been spending a couple of weeks the guest of Mr. and Mrs. H. Laporte at their camp, "Villa Clara," have returned to their home in Montreal.

Mr. Ireland returned to New York the beginning of the week.

The Carpenter's gang of the C.P.R. are now removing the Q.C.R. station building to a new site near the C.P.R. roundhouse, where it will be fitted up for offices for the locomotive fireman and others.

RED CROSS WORK AT FRELIGHSBURG

Annual Meeting Was an Enthusiastic Gathering.

SOCIETY PLANS FOR EVEN GREATER WORK THIS YEAR—OFFICERS CHOSEN FOR ENSUING YEAR.

Frelighsburg, Sept. 21.—(Special)—The Patriotic Society held their second annual meeting in the Town Hall, Sept. 12, 1916. A number of members were in attendance.

The meeting was called to order promptly and opened by prayer. The secretary, Mrs. James O'Neil, and treasurer, Miss Frances Barnum, gave an encouraging report of the progress of the society, the charitable work done, and the great amount of money paid out in the past year. Their report, which was in detail, showed this society to be in a flourishing condition. Receipts from entertainments, contributions, disbursements and balance on hand. The president, Miss Grace Blinn, and vice-president, Mrs. A. L. Goodue, were present. The president thanked the officers and members for their co-operation with her in the work. She certainly felt that all was pleased at the amount of money collected and work done. She gave an excellent address relative to the work the society is doing, outlined the excellent business system with which the work of the society is transacted, and spoke of the work that has been done during the past year or two, and what they expect to accomplish during the next. She urged them to remain loyal to their work, to attend the meetings regular, thereby giving moral as well as their active support to the society. The present officers were re-elected: Miss Grace Blinn, president; Mrs. A. L. Goodue, vice-president; Mrs. James O'Neil, secretary; Miss Francis Barnum, treasurer; entertainment committee, Miss Georgie Dunn, Miss Muriel Spencer, Miss Eliza Tait, Miss Smout; work committee, Mrs. J. Frary, Mrs. Shufelt, Mrs. Button; junior branch, Mrs. W. P. Hibbard (convener), Mrs. Wench, Miss Muriel Spencer, Mrs. H. C. Blinn was also present, who has been one of our most enthusiastic members, and much credit is due her for the organization of this society here. She has promised to keep behind the members in order that this enthusiasm will not die out, and we urge all the members to use their best efforts to bring their families and all their friends. We will have room for all and want co-operation to make this year one grand success. The doors are open to all; every member of the society has a voice in its management; it is not a stock company in which they have no say, it is a mutual company in which every one has a vote and every vote is counted.

Refreshments were served in the evening by the ladies. A nice sum was realized. All went to their homes feeling they had done their bit to help in the good cause, and with a silent prayer in their hearts for peace.

SYMPATHY FOR MR. AND MRS. REYNOLDS.

Much sympathy is felt for Mr. and Mrs. A. Reynolds in the loss of their only son, Aubrey. The funeral service was held in the Bishop Stewart Memorial Church, and was largely attended by a concourse of friends and relatives. The flowers were in abundance, which were contributed by his friends that showed their esteem

MAGIC IN A NAME

Names there are which will recall to your mind achievements that stand out in their own class.

Turner means to you all that is rich and wonderful in the world of color. Chippendale means all that is charming in the furniture-craft. Pheidias all that is great in sculpture. And Gourlay—Gourlay will bring to your mind the magic of rich inspiring music.

Magic you'll find in the artistic symmetry of its design.

And more than magic you will discover in the enduring perfection of its tone.

METHO'S WILL TO STAND

CONTEST OVER QUEBEC MAN'S \$1,000,000 ESTATE ENDED.

Trenton, N.J., September 21.—The contest over the \$1,000,000 estate of the late Edouard W. Methot, a French-Canadian lumber merchant, was ended yesterday when Chancellor Stevens upheld the decision admitting Methot's will to probate.

The unsuccessful suit to break the will of the millionaire lumberman, who committed suicide in Red Bank, N.J., in 1914, was brought by Adolph Arcande, a nephew of the deceased, on behalf of himself and a number of relatives residing in the province of Quebec. The suit was based on the charge that the testator, who was at one time an inmate of a Canadian lunatic asylum, was unduly influenced by his niece, Homer Methot, of Red Bank, a beneficiary, under the will, and that hypnotic influence had been exercised by Dr. Shirres, a noted Canadian neurologist. The court decided that undue influence had not been used.

The auto was ditched during the journey and the occupants thrown to the ground, the young man sustaining painful injuries to the knee. He was taken to the Hotel Dieu at Quebec. WEALTHY BOSTON MAN KILLED

SHOT FIVE TIMES AN UNKNOWN MAN AS HE WAS GOING HOME.

Boston, Sept. 21.—Gaspard di Cola, a wealthy importer and wholesale fruit dealer, died today as a result of wounds inflicted by an unknown man who shot him five times near his home in Brookline last night. The Brookline police early in the day had found no trace of his assailant.

Di Cola was shot just after leaving a street car on his return from a meeting of Italians in Boston. His wife, who accompanied him, said that two men approached them and without saying anything one or both opened fire. Di Cola fell and the man ran off. Before his death at a hospital di Cola said that he did not know who had done the shooting and knew of no motive which anyone could have for the act.

Di Cola was President of the Boston Italian Red Cross Society and a prominent member of the Society Dante Alighieri.
