REBEL PLANE BOMBS BRITISH SHIPS

Disappeared Toward Balearic Isles When Warships Open Fire

Official Protests Lodged With Insurgent Headquarters Over Action of Plane in Dropping Six Bombs Near British Destroyers Off Coast of Algeria—Fact that Attacking Plane Was German Type Machine and Direction of Flight Convince British Government Plane Belonged to Insurgents.

London, February 13.—Two British destroyers opened fire when an airplane, "believed to be a Spanish insurgent plane," attempted to bomb them off the coast of Algeria, official circles disclosed today.

The plane dropped six bombs near the destroyers Navock and Gypsy while the vessels were stationed near Cape Tenez, it was officially announced. The bombs did no damage to the ships.

Official protests against the bombing were immediately despatched to the insurgent authorities at Palma, Mallorca Island, and Salamanca, administrative headquarters for the Government of General Francisco Franco.

The attacking airplane was described by official sources as "apparently a Junkers (German) machine."

"The British Government is convinced it was an insurgent plane from the type of machine and the fact that it flew off in the direction of the Balearic Islands after the destroyers opened fire," they added.

(Spanish insurgents have held airdromes and fortified positions in the islands off the eastern coast of Spain almost since the start of the civil war last July.)

The destroyers were en route from Gibraltar to Malta to join their squadrons, naval officials declared.

The formal protest was requested by Admiral Sir Roger Backhouse, Commander-in-Chief of the British fleet in the Mediterranean.

The British consul at Palma was instructed to protest to the insurgent authorities at Palma and Sir Henry Childton, British Ambassador to Spain, will transmit a Foreign Office protest to Salamanca.

DEMAND REORGANIZATION OF LOYALISTS' COMMAND

Madrid, Feb. 5.—Government troops counter-attacking against a wave of tanks and ground-rafting planes were reported today to have beaten back an insurgent assault on Madrid's bloody southeastern front.

An official bulletin said the desperate action resulted in capture of two tanks and an anti-tank gun. Two insurgent-planes were shot down.

The fascists drove at Arganda, strategic point on the Valencia-Madrid highway fifteen miles south-east of Madrid, and on the village of Morata de Tapuna, about seven miles south of Arganda.

Fearful of the threat to Madrid's vital connection with Valencia and the rest of Government-held territory on the eastern Mediterranean coast, the defence junta sought centralization of command for all fronts.

The Madrid defence sent a message to Premier Francisco Largo Caballero declaring aggressive action on every line was necessary to turn the insurgent tide.

Conditions prescribed for a general Government offensive included compulsory military service, weeding out of incompetent persons in the ranks.

Austrian Government Places Ban On Pro-Reich "Cultural" Organizations

Thinly-Veiled Nazi Groups Warned by Chancellor Kurt Von Schuschnigg that Their "Inopportune" Activities Will Not Be Tolerated—Glimmer of Hope for Ultimate Return of Monarchy Seen in Chancellor's Statement.

Vienna, Feb. 15.—A ban was clamped down today on all pro-German "cultural" organizations in Austria—in the wake of a warning by Chancellor Kurt Von Schuschnigg that their "inopportune" activities would not be tolerated.

At the same time, Monarchists seeking the return of Archduke Otto to the Hapsburg throne saw a glimmer of hope for an eventual restoration in Von Schuschnigg's address to some 1,600 Patriotic Front leaders in the main hall of the Parliament Building here yesterday.

It was said, however, that restoration in the immediate future was not likely.

Schuschnigg told the Government party heads that "the Austrian leaders alone are entitled to make a decision through eventual consultation with the people."

He warned legitimists against any "premature action" and declared all

monarchist propaganda "should subordinate itself to the internal political composition of the new Austria."

The Chancellor is known to favor a restoration, but only when all domestic and foreign difficulties have been removed. One of the main obstacles at present is the hostility of Germany to such a move.

Von Schuschnigg's warning to pro-German organizations, coming a few days before the scheduled visit of Konstantin von Neurath, German Foreign Minister, was regarded as significant.

The Chancellor insisted that all one-time anti-Government groups must enter the Patriotic Front, the sole Government party, and work with it to safeguard "The Austria of Dollfuss."

Temperature yesterday: Maximum, 43; minimum, 28. Same day last year: Maximum, 22; minimum, 5 below.

AT LEAST FOUR DEATHS ATTRIBUTED TO COLD IN UNITED STATES

Chicago, Feb. 15.—At least four deaths were attributed today to freezing weather and snow storms that visited the northwest and far west portions of United States over the weekend.

Highway traffic was virtually paralyzed by snow in parts of Minnesota and the Dakotas. A dust storm swirled over the Oklahoma Panhandle.

More than two hundred families fled inundated homes in southern California. Police said about one thousand Los Angeles basements were under water.

Washouts disrupted some highway and rail traffic. Several communities were isolated by flood waters.

Complete Quiet Today Contrasts To Week-End Of Disorders At Anderson

Ten Thousand Employees of General Motors Corporation Resumed Work Today as National Guardsmen Maintain Martial Law in the Factory Districts—Seventy-Five Thousand More Automobile Workers Return After Six-Week Strike.

Anderson, Ind., Feb. 15.—Five hundred Indiana National Guardsmen patrolled the area around General Motors Corporation plants here today as ten thousand employees went to work after a week-end of disorders which caused Anderson to be placed under martial law.

Colonel Albert H. Whitcomb, in charge of the National Guardsmen sent here Saturday by Governor M. Clifford Townsend, placed his men in the vicinity of the Delco Remy and Guide lamp plants but there were none in the buildings.

Complete quiet prevailed here yesterday in contrast to the disturbances early Saturday in which ten men were injured and thirteen arrested in a fight at a south side beer tavern.

Colonel Whitcomb conferred last night with representatives of the United Automobile Workers of America and told them they could hold their meetings this week providing military authorities received formal notice three hours before the meeting time.

Colonel Whitcomb explained the provisions of the martial law order

EIGHT HUNDRED PERISHED IN A THEATRE FIRE

Carelessly Placed Candle Believed Responsible for Holocaust which Transformed Manchoukuo Playhouse into Fire Trap.

Antung, Manchoukuo, Feb. 15.—Every available carpenter and lumberjack of this little border town on the main route between Japan and Manchuria was pressed into service today to help coffins for eight hundred Chinese burned to death in a theatre fire.

A carelessly placed candle behind a screen in the Manchoukuo playhouse, devoted to the old-style Chinese drama, investigation disclosed, started the holocaust Saturday night when 1,500 persons were jammed into the theatre.

Most of the bodies were charred beyond recognition. One family lost twenty-one members.

The flames spread with such speed a balcony collapsed a few minutes after the fire started, plunging screaming, fighting hundreds on top of the frenzied spectators on the lower floor.

The flames destroyed more than thirty buildings.

THE WEATHER

RATHER COLD, PROBABLY SNOWFLURRIES.

Pressure is high over the Rocky Mountain states and Hudson Bay region, and relatively low over the northwestern portion of the continent. A disturbance of moderate intensity covers the Mississippi Valley and another deep low area, centered this morning over New Brunswick, is moving quickly northeastward. Snow, sleet or rain has fallen in all districts from the Great Lakes eastward to Newfoundland.

Forecast: Strong northwest winds with snowflurries and becoming somewhat colder. Tuesday: Strong northeast to north winds; partly cloudy and rather cold; probably snowflurries.

Northern New England: Partly cloudy and colder tonight, Tuesday: Increasing cloudiness followed by snow in the afternoon and at night. Colder Tuesday.

DEFINITE PLAN ADVOCATED FOR FUTURE GROWTH

Sir Edward Beatty Outlines Programme Designed to "Substitute an Intelligent Direction of Public Policy for a Process of Muddling Through."

Montreal, Feb. 15.—Advancing a broadly-based and comprehensive programme designed to "substitute an intelligent direction of public policy for a process of muddling through," Sir Edward Beatty, G.B.E., K.C., LL.D., chairman and president, Canadian Pacific Railway, speaking before the Canadian Club at noon here today, urged the following points as essential to the future well-being of the Dominion of Canada:

Balanced budgets, and the substitution of visible taxation for fundamental principles in an attempt to set our house in order.

In transportation, adoption of the simple principle that those who use transportation facilities shall pay for them, insofar as this is possible, having regard to the present magnitude of the railway problem.

Correction of the present wasteful situation with regard to highways and waterways, by arranging their administration so that revenues from them will provide maintenance and a proper service of capital investment.

Elimination of the waste of money on transportation facilities.

A definite form of taxation for the single purpose of relief.

State aid for primary industries when such aid is needed.

A definite and planned investigation of public expenditures, and of the source of public revenues with the announced intention of aiding those responsible for public finance in the immediately necessary task of balancing all public budgets.

EUROPEAN LIVING COSTS ARE STEADILY MOUNTING

London, Feb. 15.—The cost of living is on the upward grade. Prophets predict it will go still higher. Housewives are paying considerably more than a year ago for clothing, linen and cotton goods. Mr. and Mrs. Newlwyed are now regretting they did not decide sooner, for furnishing costs have risen ten to fifteen per cent. during the last twelve months.

In France the cost-of-living graph is climbing a still steeper incline. The rise in prices there threatens to wipe out the profits of the recent devaluation. It is giving the Blum

Declares Report of Split In Quebec Cabinet Is Fantastic

Minister of Lands and Forests Denies He Has Split with Premier Duplessis Over Question of Patronage—"I Cannot Be Bothered with Such Rumors," Stated Hon. Oscar Drouin in Commenting on Reports that He Would Resign—Opposition Leader Declares Open War on Government.

Montreal, Feb. 15.—"I have nothing to add to the statement I made in Quebec on Saturday," said Hon. Oscar Drouin, Minister of Lands and Forests in the Duplessis cabinet, when questioned here today concerning rumors he had tendered his resignation.

"I cannot be bothered with such rumors," the Minister commented Saturday. At the closing meeting of the Provincial Forestry Conference Mr. Drouin said "I am here in my official capacity of Minister of Lands and Forests."

The Minister described as fantastic reports that he and Premier Duplessis disagreed over questions of patronage.

Mr. Drouin planned to spend the day in Montreal, but would not say whether he intended to confer with Premier Duplessis, who was also in the metropolis.

He did not plan to attend the banquet tendered Premier Duplessis and W. R. Bullock, Union Nationale member for Westmount, tonight, Mr. Drouin said.

NO "SIT DOWN" STRIKE ON LIBERALS' PROGRAMME

Montreal, Feb. 15.—Liberal members of the Quebec Legislature did not plan any "sit-down strike" but intended to vigorously oppose any government measure which they believed was not in the interest of the Province, Opposition Leader T. D. Bouchard told Liberal supporters at a Reform Club luncheon here Saturday.

"The Liberal party in Quebec is militant, is ready for the next election, which may be earlier than we expect," said the Opposition leader.

Mr. Bouchard said he had received reports from Quebec that Hon. Oscar Drouin, Minister of Lands and Forests in the Duplessis cabinet, had

ENGINEERS IN VICTORY OVER FLOOD WATERS

Army Officials Report Record Mississippi Crests Rolling Harmlessly Gulfwards After Failing to Breach a Single Wall in Billion-Dollar Dyke System.

Memphis, Tenn., Feb. 15.—Lieut. Colonel Eugene Reybold told today how his doughty levee corps tamed the Mississippi on a rampage—a job old rivermen said was beyond the power of man.

Record crests now are rolling harmlessly gulfward below Helena, Ark. after failing to breach a single major wall in the valley's \$1,000,000 defences. Although it will be weeks before the water is back to normal, the weary chief of the United States army engineers in the Memphis district feels the flood is licked.

Reybold sat in his office today and between telephone contacts with his still large battalion of river fighters, told how the greatest flood campaign was mapped and won.

"We feel the flood is controlled, but should spring tides and rains cause a new emergency we keep the levee line intact if it takes all the time," he said with characteristic caution.

On January 25, it was apparent the "zero hour" approached. Reybold's mission was to maintain his levees at all costs and place the New Madrid-Bird's Point (Mo.) floodway in operation.

The "fuse plug" levee was dynamited. Floodwaters poured into the 131,000-acre floodway. The stage at Cairo was held to 50.82 feet after that.

Engineers manned the Cairo seawall and the levee line and raised them with sandbags until the crisis passed. The Hickman, Ky., seawall similarly held.

VIENNA WORRIED BY MYSTERY SKYWRITER

Vienna, Feb. 15.—Thousands of Viennese craned their necks today for the start of a "skywriter" tracing strange figures in smoke against a cloudless sky.

Many observers said the designs made by the aviator, described by police as a non-Austrian, were the hammer and sickle emblems of Communism.

Government serious concern. Charles Spinasse, French Minister of National Economy, is preparing special legislation.

SHARP CUT IN RECIPIENTS OF RELIEF NOTED

Labor Minister Declares that January Figures Show Reduction of Eleven Per Cent. in Number of Heads of Families Receiving Relief.

Montreal, Feb. 15.—Federal relief figures for January show a decrease of eleven per cent. in the number of heads of families on relief rolls this year compared with the number for the same month in 1936. Labor Minister Norman Rogers revealed in an address here Saturday. The number of individuals who received relief in January this year was seven and a half per cent. below the figures for January 1936.

"In the light of these figures and the undoubted recovery in our industries we are entitled to face the coming months with greater confidence than at any time during the depression through which we have been passing," said Mr. Rogers.

He reviewed at length steps to establish single unemployed men on the land, after closing of relief camps last July, taken by the Government through its farm employment plan. Of the 40,000 so placed from October last to January, he thought a large number would be retained on a regular wage basis in Western Canada, where prospects had considerably improved in the past few months, while others would be moved into industry again.

It all led him, he said, to still another phase of the relief situation—the measures mentioned in the Throne Speech for re-establishment of unemployed young people. Estimates had not yet been brought down and he could not reveal details, but the Government had in mind its obligation to give national direction and support to their retraining and reconditioning. With that would be linked a re-orientation of the employment services of the provinces.

"There has been a lack heretofore of definite preparation for definite work in our economic system. We intend not merely training them to use their hands in a particular occupation, but the upbuilding of the governing body of China."

MARRIAGE OF PRINCESS ERIK ANNULLED

Copenhagen, Feb. 15.—Official announcement was made today that King Christian X had annulled the marriage of Prince and Princess Erik.

The Princess before her marriage was Lois Booth, of Ottawa. They were married at Ottawa on February 11, 1924. Since then they had spent most of their time in Europe and in California, where they maintained a chicken ranch.

The Princess was a of the late J. R. Booth, Ottawa valley lumber king. The Prince was the third son of the King's uncle, Prince Valdemar.

Princess Erik, under the terms of the annulment, will cease to be a member of the Danish Royal House.

TRANSLATOR IN HOUSE OF COMMONS LAW BRANCH DEAD

Oscar Paradis, K.C., Who Entered Federal Civil Service in 1904, Passed Away Today at Age of Sixty-Three Years.

Ottawa, Feb. 15.—Oscar Paradis, chief translator of the House of Commons law branch, died this morning after a two-day illness. He was sixty-three.

Born in St. John's, Que., in 1874 he studied classics at Ottawa University. He was called to the Quebec Bar in 1900 and entered the Federal civil service in 1904.

Mr. Paradis was appointed chief translator in 1922 and was named King's Counsel for the Province of Quebec in 1929.

His wife, one son, Jerome, a lawyer in the Canadian Pacific Railway office in Montreal, and two daughters survive.

Employers Have Responsibility For Welfare Of Worker, Commission Told

Stability the Worker Enjoys as a Producer and His Purchasing Power as a Consumer Two Basic Factors of Country's Equilibrium Which Cannot Be Neglected with Impunity, Associate Commission Tells Textile Probe.

Ottawa, Feb. 15.—Particulars regarding wages in the Canadian textile industry and general conditions affecting workers in plants which the Royal Commission investigated today were laid before Justice W. F. A. Turgeon by Elie Beauregard, associate Commission counsel.

The presentation took the form of a brief in which Mr. Beauregard analysed and commented upon evidence adduced before the Commission by examination of 234 workers had been heard.

Stability the worker enjoyed as producer, and his purchasing power as consumer, were the two basic factors of the country's equilibrium and Canada could "no longer neglect with impunity either of them," Mr. Beauregard claimed.

"In the process of development, industry multiplied its workers at the expense of the other classes," he said. "Short of going backward or falling into bankruptcy, industry today must provide for the livelihood and the welfare of the worker in the same measure as it tends to enrich itself."

France Not To Tolerate Open Invasion Of Spain By Italian Sympathizers

France Will Demand International Blockade of Spain Without Help of Portugal if "Flagrant Violations" of Non-Intervention Pledges Continue—Stern Warning Issued in Connection with Reported Landing of Twelve Thousand Italian Troops Prior to Insurgent Capture of Malaga.

Paris, February 13.—Premier Blum warned Italy today that France will not tolerate the "open invasion of Spain." Informed sources disclosed the Socialist Premier, in a long talk with Vittorio Cerutti, the Italian ambassador, declared the reported landing of Italian troops near Malaga from an Italian warship was a flagrant violation of Italy's non-intervention pledges.

He also told Cerutti that France regarded such intervention as a potential threat to her North African communications.

International reports have stated the landing of at least twelve thousand Italians preceded the Spanish insurgent capture of the seaport of Malaga.

France is ready to demand international control of the men and arms that are going to Spain by February 28th, with or without the help of Portugal, responsible persons said today.

This statement followed Premier Leon Blum's spoken declaration that France cannot accept continued open violations of European neutrality in Spain.

Informed persons asserted that if Portugal still refused to cooperate in permitting neutral supervision of her borders, the Franco-British fleet should, in effect, blockade the Portugal coast.

At the same time police authorities in Morocco began an investigation of reports that members of the French Foreign Legion were deserting in an organized manner in order to furnish recruits for General Francisco Franco's Spanish insurgent army.

Newspaper reports from Rabat said a deserter speaking German had been arrested, and that police had raided the headquarters of what appeared to be a "deserters' bureau," apparently directed from Spanish Morocco.

A close watch was kept on the Franco-Spanish Moroccan border. The indirect warning by Premier Blum to Italy and Germany that his Socialist Government would not tolerate open intervention on either side in the conflict dramatically prefaced Ambassador Charles Corbin's trip to London to renew neutrality negotiations today.

Corbin, French representative on the International Non-Intervention Committee as well as ambassador to London, carried France's warning to the Socialist Government unless machinery to halt aid to the insurgents was set up quickly.

Informed sources in London said the sub-committee hoped today to receive "constructive suggestions" from Portugal whose objection to a supervision of her Spanish frontier to halt foreign aid was the latest stumbling block.

The Socialist National Council, before which Blum delivered his warning last night, demanded control of the coast of the entire Iberian peninsula. It approved the Premier's stand and declared by resolution that non-intervention has failed "because of the attitude of certain powers."

The Council's demand revived speculation that other powers might resort to a patrol of the whole peninsula coast if Portugal persisted in her stand against frontier supervision. Blum counseled prudence, however, "lest we compromise precious foreign friendships."

Future Japanese Defence Plans To Be Based On Non-Aggression Principles

Premier Senjuro Hayashi Tells Diet that Japan Has No Intention of Invading North China or Any Other Country—Pleads for Better Relations with Russia Based on Extension of Mutual Concessions.

Tokyo, Feb. 15.—Premier Senjuro Hayashi outlined his government's course of armed peace today in his maiden speech before the reconvened Japanese Diet.

The Premier-Foreign Minister, speaking first in the House of Peers and then in the House of Representatives, took only sixteen minutes to outline his compromise cabinet's programme.

He declared the national defence plans must be carried out, but there shall be no change in our policy of strict adherence to the principle of non-menace and non-aggression.

Japan, he said emphatically, has no intention of invading North China or any other country.

At the same time, Japanese political observers regarded the simultaneous session in China of the Executive Committee of the Kuomintang Congress as a striking coincidence.

The governing body of China

dominant political party, it was felt, was beginning a session of equal moment with that of the Japanese Diet, suspended since January 21st when a bitter fight developed between party leaders and the army bureaucracy.

Despite the tense and uncertain air of the Diet session, Opinion generally was that the amended budget inherited from the Koki Hirota cabinet would pass and threatened dissolution would be avoided.

The danger of Fascism—one of the points on which the attack against the army was based—has passed, Hayashi said. "Our constitutional government is capable of holding its own against the tide of whatever political thought or doctrine may sweep the world."

Hayashi declared relations with Soviet Russia must be settled by mutual concessions and added negotiations to that end were under way. Please Turn to Page 2, Col. 2.

MAGOG FACTORY LONG-AWAITED RESUMED WORK THIS MORNING

Dominion Textile Firm Operating at Normal Capacity Today Following Complete Shutdown Last Saturday Owing to Epidemic of Influenza.

Magog, Feb. 15.—Normal operations were resumed at the Dominion Textile Company here today following complete shut-down on Saturday owing to an epidemic of influenza that depeted by thirty-five to forty per cent. the staff of 1,850 employees.

John Peters, manager of the textile firm, stated to the Record this morning that ninety per cent. of the employees returned to their work today and that the epidemic appeared over.

NEW COAL MINING CONTRACT SOUGHT

Washington, Feb. 15.—John L. Lewis probably will devote his entire attention until April 1st to a new wage contract for his own United Mine Workers, and then will demand a steel employees' agreement.

That was the word passed around the United States capital today among usually well-informed labor men, although Lewis himself has refused to disclose his strategy in his 1937 campaign on the labor front.

The present wage and hour agreement between the miners and soft coal operators expires at midnight, March 31st. Negotiations toward a new contract are to start Wednesday in New York, with the miners and the operators far apart in their proposals.

The operators will ask that the present thirty-five hour work week be extended to forty, with no increase in pay rates. Coal men expect the miners to seek a thirty-hour week with a pay increase of at least fifteen per cent.

Unless one side meets the other's demands or a compromise is reached before April 1st, about 400,000 miners will strike that day. Lewis' forces in the steel industry will continue their efforts in the meantime to enroll a majority of all steel workers in the Amalgamated Association of Iron, Steel and Tin Workers.

If and when he has an indisputable majority, it was said in labor circles, he will demand that all steel companies, through the American Iron and Steel Institute, make a labor contract with the Amalgamated. Some believe a strike may follow.

SEVENTY-FIVE THOUSAND EMPLOYEES RETURN TO WORK

Detroit, Feb. 15.—Factory whistles called approximately seventy-five thousand employees back to work today in General Motors plants reopening throughout the United States following settlement of the six weeks strike.

Within a few days the Corporation expects to have all of the 135,000 who were idle at the peak of the strike again at their work benches and office desks. The back-to-work movement started Saturday with the return of three thousand men at Flint, Mich.

The Chevrolet Motor Company, the largest producing division of the Corporation, ordered forty thousand workers to report today to plants in Detroit, Bay City, Flint and Saginaw, Mich., Toledo, Ohio, and Muncie, Ind.

The big Buick plant at Flint summoned 12,500 of its sixteen thousand workers. It plans to have the full force on duty by the middle of the week.

The group which resumed work at Flint on Saturday was employed in one unit of the Fisher Body plant No. 1—one of the three occupied by sit-down strikers. The unit occupied by the strikers will resume operations later in the week.

Virtually all of the 43,000 General Motors employees in Flint, which became the strike "capital," are expected to be working by the week-end.

In most cases not all of the workers were ordered to report the first day. The Corporation offices announced that the remainder would return as soon as they were needed after materials were ready for their departments.

Leaders of the United Automobile Workers of America and Corporation executives will meet tomorrow to open negotiations on issues not settled in last week's agreement ending the strike.

LONG-AWAITED ARMS ARGUMENT TO OPEN TODAY

Whole Question of Canada's Defence to Be Debated when C. C. F. Member Introduces Want of Confidence Motion on Increased Appropriations.

Ottawa, Feb. 15.—Parliamentary members and the nation generally await eagerly the long-expected House debate on increased estimates for defence expenditures. Observers believed it would provide the session's brightest fireworks.

Solidly arrayed against the increase, designed chiefly to provide an enlarged military air force, will be the Co-operative Commonwealth Federation, led by the bearded pacifist James S. Woodsworth whose neutrality resolution was beaten more than a week ago.

Position of the Social Credit group was uncertain. J. H. Blackmore, its leader, announced he would support the increase, but P. J. Rowe, Athabaska representative who was read from the party caucus last week, said he opposed it.

There were 1,700 cases of influenza in the town last week, but conditions were reported as much improved today.

EMPLOYERS HAVE RESPONSIBILITY FOR WELFARE OF WORKER, COMMISSION TOLD

Continued from Page 1. Support for the added expenditures was expected from the Conservatives, but it was said some of them might question the manner in which the Government proposed to spend the money.

The attack was expected to be launched by Grant McNeill (C.C.F. Vancouver North), political neighbor of Defence Minister MacKenzie, who will be one of the chief defenders.

Mr. MacNeill, it was said, planned to bring a non-confidence motion against the Government despite its overwhelming majority in the Chamber.

Further off than last week appeared the bill to appoint a company to operate the projected Trans-Canada Airway. A week ago it was reported ready for introduction. Today there was no sign of it and none could be found to predict the date on which it would appear.

However, the Senate Railways Committee has under consideration the bill to transform the Board of Railway Commissioners into a Board of Transport Commissioners, enlarging its scope to include authority over inland steamship services, traffic on Dominion highways and air traffic.

Representatives of the airways will appear before that committee Wednesday. A debate will be held on the recent decision of the judicial committee of the Privy Council agreeing in effect with Supreme Court's opinions on "New Deal" legislation passed by the last Government, it was learned.

Meanwhile the Government's constitutional lawyers were believed puzzling if the Statute of Westminster giving Canada equality among the Empire the nations did, actually, do that.

FUTURE JAPANESE DEFENCE PLANS TO BE BASED ON NON-AGGRESSION PRINCIPLES

Continued from Page 1. with a hope of success. URGES CHINESE TO RECOVER POSSESSIONS LOST TO JAPAN

Peking, Feb. 15.—China must recover those now threatened and recover her lost territories and re-assert her place in the world, former Premier Wang Ching-wei told the executive committee of the nation's dominant political party today.

That is the most important issue facing the country and the Kuomintang-Nationalist party—Wang asserted before the third plenary session of the committee in his keynote address.

Political authorities believed the meeting might produce drastic changes in the leadership of the Government, largely controlled by the party, strong opposition to Generalissimo Chiang Kai-Shek's general developed during the Communist inspired revolt at Sian-Fu last December 12.

REFUSED TO COMMENT ON POSSIBLE RAIL STRIKE

Montreal, Feb. 15.—Labor Minister Norman Rogers refused here Saturday to comment on whether the Federal Government would intervene in the event of Canadian railway workers declaring a strike next month.

Any statement at the present time "would possibly be misconstrued" said the Minister, expected to be working by the week-end.

REPORTS SUCCESSFUL YEAR

A. G. Partridge.

Addressing the annual meeting of the shareholders of the Goodyear Tire and Rubber Company of Canada, President A. G. Partridge, above, reported an increase of \$71,145.38 in net profits for the year ending December 31, 1936.

The total working capital of the company, after deducting all current liabilities, including bills payable and tax reserves, is \$9,334,722.54.

Mr. Partridge reported that the company had carried out an extensive programme of plant modernization in the three mills owned by the company and had closed the year with no bonded or bank indebtedness.

BETTER TERMS FOR FORESTRY WORKERS ASKED

Better Wages, Maximum Ten-Hour Day and Prohibition of Sunday Labor Proposed at Quebec Forestry Conference.

Quebec, Feb. 15.—A study of the possibilities of a collective labor agreement was asked of the Provincial Government Saturday in a resolution of the Forestry Workers' Committee drawn up at the closing session of the three-day Quebec Forestry Congress.

The Committee recommended establishment of a definite method of fixing conditions of work for all forestry employees; establishment by the legislature of a minimum wage scale for these workers, and a collective convention between employers and employees.

Work hours in the forests, the Committee recommends, should not exceed ten hours per day between six a.m. and six p.m. unless exceptional conditions should call for overtime by drivers and dynamiters. Sunday work should also be prohibited, the Committee asserted, except when emergency called for Sunday log-driving.

The Committee recorded opposition to the employment of women in lumber camps and other forest activities.

Study of the Compensation Act, with a view to its better application to forest workers, was another Committee recommendation.

During the closing day's sitting, other committees made recommendations for protection and preservation of the forests. The Lands and Forest Department was asked to make inventories of all forest lands in Quebec to establish their contents, accessibility and possibilities. Companies should make inventories of their own land, it was urged.

RAILWAY BETWEEN FRANCE AND CATALONIA WRECKED

Perignan, France, Feb. 15.—A squadron of insurgent air bombers cut the railroad between France and the autonomous Spanish state of Catalonia today.

Four planes circled over the City of Cerbere on the French side of the border, then dumped their loads of projectiles on Portbou, Spain, ripping up the railroad track for a long stretch.

SEEK NATION-WIDE APPROVAL OF COURT PLAN

Carefully Timed Administration Campaign Would Provide for Expressions from Public Figures at Definite Intervals Until Public Opinion Has Crystallized.

Washington, Feb. 15.—Followers of the U.S. Supreme Court reorganization battle saw today the start of a carefully timed administration for nation-wide support in Attorney General Cummings' assertion that the Roosevelt programme was moderate and constitutional.

This strategy, similar to that of the opposition, would provide for expressions from public figures at definite intervals until public opinion has crystallized.

The next step under these tactics will be a radio address tonight by Senator Minton, Democrat, Indiana, favoring the proposal to enlarge the Supreme Court if members over seventy do not retire.

Schedules were re-arranged so that a short talk to be broadcast by the President at a dinner for Postmaster General Farley would not conflict with Minton's speech. Mr. Roosevelt was not expected to discuss the Court situation in detail.

Cummings spoke last night over a nation-wide radio hookup. "What is the real objection (to the proposal)?" he asked. "It is simply this. Those who want to remain on the Bench might be misled by up to veto progressive measures."

"The judiciary is but a co-ordinate branch of the Government. It is entitled to no higher position than either the legislature or the executive."

The Committee recorded opposition to the employment of women in lumber camps and other forest activities.

Study of the Compensation Act, with a view to its better application to forest workers, was another Committee recommendation.

During the closing day's sitting, other committees made recommendations for protection and preservation of the forests. The Lands and Forest Department was asked to make inventories of all forest lands in Quebec to establish their contents, accessibility and possibilities. Companies should make inventories of their own land, it was urged.

CLAIM WOMEN OFFICERS LEADING LOYALIST TROOPS

Alavera de la Reina, Spain, Feb. 15.—Insurgent grave diggers reported today they had discovered women officers had been leading government attacks in the University City section of Madrid.

The grave diggers said they had picked up the body of a woman lieutenant, along with the bodies of 116 Government militiamen.

RAILWAY BETWEEN FRANCE AND CATALONIA WRECKED

Perignan, France, Feb. 15.—A squadron of insurgent air bombers cut the railroad between France and the autonomous Spanish state of Catalonia today.

Four planes circled over the City of Cerbere on the French side of the border, then dumped their loads of projectiles on Portbou, Spain, ripping up the railroad track for a long stretch.

RENEW ATTEMPT TO TRACK DOWN KNIFE-SLAYER

Buffalo, N.Y., Feb. 15.—An eleven-man homicide squad was assigned exclusively to search for the knife-slayer of Mary Ellen Babcock, today as three new attacks on women stirred further alarm in some neighborhoods.

Police Commissioner James W. Higgins added six detectives to the original five-man squad and told them to "stay on the case" until it is solved.

Meanwhile Assistant Detective Frank J. Leigh asked women to report the license numbers of "carb cruisers"—male motorists who roam the streets in search of a woman.

"Give us the number of any carb cruiser and we will pick him up with a radio car in five minutes," Leigh said.

Two attacks yesterday and one today brought the total number of attempted assaults against women to eight since the body of Miss Babcock was found in a field February 6.

Two men found Miss Margaret Galitzdorfer, twenty-three, straggling weakly after resisting an attempted assault. Her clothes were torn.

Miss Galitzdorfer told police she accepted a ride home from a restaurant early today with a man she knew slightly.

Two other new attacks were reported over the week-end. Police said they did not believe any were connected with the slaying.

Miss Annette Skolyn, twenty-one, told police two men pummeled her in front of her home after telling her to warn her sister, Virginia, to "keep her mouth shut."

Virginia Skolyn, twenty-nine, was found unconscious in a vacant lot early Saturday and told police she fainted when a driver threatened to assault her with a knife and attempted to seize her as she neared her home yesterday and ran when she resisted him.

ACQUIT MURRAY ON CHARGE OF MANSLAUGHTER

Geraldine Leitch, of Montreal, Free Today After Having Been Tried for Manslaughter in Connection with Her Step-Mother's Death.

Montreal, Feb. 15.—Geraldine Leitch, twenty-five year old graduate nurse, is free today after having been tried for manslaughter in connection with the death of her step-mother, Mrs. Gerald A. E. Leitch, following a family altercation January 10.

A jury under Chief Justice R. A. E. Greenshield deliberated only a minute and a half before rendering its verdict of acquittal.

"You have been found innocent by twelve men and I am glad," said the Chief Justice. "Now go on and continue your good work at the hospital."

Medical evidence at the trial showed Mrs. Leitch suffered from diabetic trouble. Death was held due to a cerebral hemorrhage caused by the organic trouble and not, as the Crown contended, by an assault by Miss Leitch. The woman died thirty hours after she fell on the stairs in her home.

STANSTEAD AND QUEBEC SCHOOL SHARED HONORS

Continued from Page 8. water when the Stanstead delegation arrived here and arrangements were made to stage the ice tilt in the Arena. The visitors took but a short time to become accustomed to artificial ice and emerged with a three-one decision. Later in the evening the local cagers finished on the long end of a twenty-nine to sixteen count.

Stanstead opened the scoring in the hockey game twenty seconds before he first fifteen-minute period ended. Edgar Fee was the marksman and Mike Taylor gained an assist on the play. The middle frame was scoreless although the visitors had several fine opportunities to augment their margin. Doug. Putney was awarded a penalty shot—the first Stanstead had ever tried—and scored, but the goal was not allowed because Quebec was changing players at the time. Putney was unsuccessful on his second try.

Fee tallied his second goal from the face-off which started the third chapter, Buddy McKay making the play, and Putney ended Stanstead's scoring a few minutes later when he snuffed home the rebound to Galen Sisco's shot. Annett saved the local lads from a shutout when he combined with Mitchell and L. Fleet less than two minutes before the end of the game.

The line-ups were: Stanstead: Bright goal, Murray defence, Miller defence, John defence, Ott Taylor centre, L. Fleet Fee wing, Dunn wing, McKay wing, Mitchell wing. Stanstead subs: Bedard, Sisco, Putney and Millel. Quebec subs: Labor, Annett, G. Fleet and Lawson.

STRONG SECOND-HALF RALLY BROUGHT CAGE VICTORY

Outpointing their opponents by seventeen to six after the halftime interval brought the Quebecers their basketball win. The Stanstead cagers, who had pushed from the Arena to the Y.M.C.A. tied rapidly after the intermission and proved unable to stand the pace set by their opponents.

Dickson topped the scorers with twelve points, while Whitehead led the Stanstead point-getters with nine.

The line-ups and individual scores follow: Quebec—Jones 6, Bidman 2, Ward 2, Pedvis, Dickson 12, Hay, Martin, Jordan 7, and Pergante. Total 29. Stanstead—Whitehead 9, McGill, Bedard 6, McKay, Austin, Sisco, Putney 1, and Peat. Total 16.

HEART ATTACK ENDS LIFE OF WIDELY-KNOWN SURGEON

Montreal, Feb. 15.—The ranks of Canada's great war heroes were bereft today of Dr. Francis A. C. Scrimger, V.C., soldier, surgeon and educator.

Death struck swiftly on Saturday at the fifty-seven year old surgeon—chief of Montreal's Royal Victoria Hospital and assistant surgery professor at McGill University. He died soon after suffering a heart attack.

As a surgeon, he was known as one of Montreal's finest; but it was his heroic act in gaining the Victoria Cross that made him best known throughout Canada. His rescue of a gravely wounded officer near Ypres, in 1917, made him the first medical officer to gain the Cross while serving in the Canadian forces during the Great War.

Dr. Scrimger, medical officer of the 14th (Royal Montreal) Battalion, carried to safety Captain Harold P. McDonald, of the 16th Canadian Scottish, after enemy shelling had fired the field dressing station at Wietje, two miles from Ypres.

The captain, now a brigadier-general and chairman of the Canadian Pension Commission, was brought Dr. Scrimger through a barrage of shrapnel and high explosive at imminent danger to the rescuer's life. More than once, the doctor sheltered his wounded companion with his own body until a safe place was reached.

The firing immediately precipitated a pounding artillery duel with shore batteries and the Government gunboat Laya defending the port.

A direct hit from the attacker battered the chapel of the provincial hospital. Others exploded near a cinema theatre and a railroad station, inflicting an unestimated number of casualties in the refugee-crowded city.

The vessel blazed away for thirty minutes until the Laya put it to flight. The troops spread by the attack was a grim sequel to Premier Francisco Largo Caballero's declaration a few hours earlier that "discipline is the most vital factor."

MEMORIAL TO WILL ROGERS SCULPTURED FROM ICE

Dedicated to the memory of the late Will Rogers, this gigantic bust of solid Morrison unveiled at the Hibbing, Minn., Twenty-two feet high and sculptured out of one hundred tons of ivory ice, the statue at night, under floodlights, appears as if made of marble. Its size forms a contrast for the two figures at the left. Built to scale with an ordinary ice pick, trowel and hatchet for tools, the statue was completed in two weeks.

BANK BUILDING HAS STRONGEST EMPIRE VAULT

Estimated It Would Take a Hundred Cracksmen a Full Year to Penetrate Bullion Room of Bank of England Housing British Gold Stock.

London, Feb. 15.—The reconstructed Bank of England—repository of the nation's gold—is being built to last a thousand years. When completed, experts say it will be virtually impregnable and the strongest building in the Empire.

Work of rebuilding and strengthening the Bank was begun in 1925. For year workmen have toiled underground, now the upper part of the building is nearing completion, a cracksmen would find his first obstacle after gaining entrance to the building would be the penetration of a wall of solid concrete, fifty feet deep and eight feet thick, between him and the treasure in the vaults. He would find each concrete block "keyed" to its neighbor—a defence so strong that experts believe the bank's main vaults could withstand concentrated bomb attacks and an enormous charge of dynamite.

Beyond this wall—at the end of a dark and winging corridor studied with foot-traps which set alarm bells ringing—are double steel grilles with two-inch steel bars, then other doors of steel, each weighing eighteen tons.

Miles of alarm wires thread their way through underground passages of the bank, armed patrols are always on duty near the bullion rooms, now and secret devices are a constant trap for the unwary.

Inventors of the vaults could be trapped and drowned at the touch of a button

SHERBROOKE IS BLANKETED BY BIG SNOWFALL

Heaviest Snowfall Since December Offered Solution to Logging Operations in Eastern Townships Today—'Stormy Weather' Forecast for Next Twenty-Four Hours.

The heaviest snowfall since December blanketed this district today with the barometer forecasting 'stormy weather' for the next twenty-four hours.

The return—perhaps it would be more appropriate to say the arrival—of winter was received with mixed opinion.

Lumbermen saw a solution to their logging difficulties, ice harvesters hoped to inaugurate belated operations and sportsmen generally welcomed the snowfall.

On the other hand, railway officials feared a prolonged storm would disrupt their schedules, and motorists piloted their cars along slippery streets and found country highways practically impassable.

At eleven o'clock this morning approximately six inches of snow had fallen. The mercury hovered around the freezing mark.

Officials at the Lennoxville Experimental Farm reported this the heaviest snowfall since December 2nd and 3rd when eight inches fell.

Yesterday's temperature was maximum 43 and minimum 28, and that on the same day last year was maximum 22 and minimum 5 below.

At seven o'clock this morning the thermometer registered twenty-six degrees.

The barometer at the local tourist bureau predicted 'stormy weather' for the next twenty-four hours.

For many weeks Eastern Townships lumbermen have been waiting for a substantial snowfall. The lack of snow this winter caused many logging difficulties.

A well known lumber operator, interviewed by a Record reporter this morning, explained that in many cases new roads have been built to haul out the cut.

On cold nights these rough passages have been iced. Trucks have been pressed into service. In this manner it has been possible to haul quite extensively during the past three weeks or so, and mills that had been idle for some time began operations, working full blast to meet the unfilled orders.

Farmers who lumber on a small scale, relying upon their cut to realize ready cash, were hard hit by the lack of snow and many have been unable to bring their timber out of the woods.

Today's snowfall was particularly welcomed by these.

It is estimated that in spite of the difficulties that have been encountered to date, this season's cut in the Eastern Townships will be ahead of last year. A general improvement in the lumber industry is evident.

The freak weather conditions that have prevailed this winter hit another industry—the ice-harvesting firms. Although lakes have been solidly frozen since December, this has not been true of rivers in this district.

A local ice company reported today that the ice on the Magog river is ten to twelve inches thick at some places, but as thin as five and a half inches at others. No ice has yet been cut. Confidence was expressed, however, that a spell of colder weather would enable cutting operations to start within a few days.

Streets were exceedingly slippery this morning and motorists experienced considerable trouble. A trolley autobus slid backwards into a light standard at corner of King street west and Depot street at nine o'clock. No one was hurt.

The husband drew up a chair beside his wife's sewing machine the other day and remarked: "Don't you think it's running too

SCOUT BANQUET WAS ADDRESSED BY PROF. SCOTT

Necessity of Faithful Service to God and King Stressed by Rev. Elton Scott in Timely and Interesting Address at Patrol Leaders' Banquet on Saturday Night.

Sturdy lads with smiling faces assembled at the New Sherbrooke House on Saturday evening to participate in the annual banquet of the Scout Patrol leaders and to listen to a timely and inspiring address by Rev. Prof. Elton Scott, of Bishop's University, Lennoxville.

The happy gathering was presided over by Belden Bradford, one of Sherbrooke's veteran Scouters, who was accompanied at the head table by C. Howard Aikman, of Lennoxville, president of the Boy Scout Local Association, and by members of the executive committee.

The guest-speaker was introduced by Mr. Aikman and thanked by Patrol Leader Lorne Tapp.

In urging his youthful hearers to faithfully serve God and King, Rev. Mr. Scott stressed the difference of government by persuasion and government by power, which inevitably results in dictatorship.

Special reference was made by the speaker to Russia, Germany and Italy, three countries where Scouts had been banned. On the other hand, there was the appeal to the brotherhood system.

Co-operation among all forces of the community was, Prof. Scott held, the logical way of preventing control under a spirit of militarism.

The toast to the Chief Scout, Lord Baden-Powell, was proposed by Patrol Leader James Clowery. Patrol Leader Albert Hadden proposed the toast to the Local Association executive and to the guests.

A lively sing-song was enjoyed during the evening with Merrill Smith in charge and Colin Cuttill acting as accompanist.

TRADITIONS OF FOURTH TROOP REVIEWED

A short address on the "Traditions of the Fourth Troop" by Scoutmaster Lynn Trussler featured the regular meeting of the Fourth Troop, which was called to order by Norman Phelps, followed by flag break by Patrol Leader J. Flag and prayer by Assistant Scoutmaster Arvid Sinclair.

Scoutmaster Lynn Trussler and Assistant Scoutmaster Fred Sinclair took the inspection outside of the patrol corners. Scoutmaster Trussler led the boys in a lively exercise game, after which the patrols dispersed to the patrol corners for instructions.

Following the patrol corners Fred Sinclair led in a fork relay game, which was followed by a knotting game by Norman Phelps.

M.L.A. DEMANDS MINIMUM WAGE SCALE

Quebec, Feb. 15.—Curtailed of monopolies and better salaries for workers were urged last night by Dr. Philippe Hamel, member of the Quebec Legislature for Quebec Centre, in an address before the St. Esprit section of the St. John Baptist Society.

Appealing for a reasonable wage scale for the working man, he pointed out that while minimum wage laws have been established for women, none have been adopted to protect the male laborer.

He called specifically for higher salaries for bank employees.

"Why, what's the matter with you? I've been running this machine for ten years."

"Oh, I was merely trying to assist you. Just as you try to help me drive the car."

WILL LIKELY ADOPT DOG-MUZZLING BY-LAW THIS EVENING

Adoption of the dog-muzzling by-law is practically assured at tonight's regular meeting of the City Council.

First reading was given to the by-law at the last Council session, but its adoption was delayed until certain clauses could be altered. It was stated at the City Hall this morning that the by-law is complete and that the aldermen are in favor of adoption.

Apart from this by-law, tonight's session is expected to be largely one of routine business.

EMPLOYEES AID FLOOD RELIEF FUND

Week-end contributions to the U.S. Flood Relief Fund sponsored by the Sherbrooke Branch of the Canadian Red Cross Society were featured by substantial donations from three industrial firms in the district, which, together with several individual contributions, raised the total received to date to \$1,163.15.

In addition a splendid quilt was received from the South Newport Women's Institute to be forwarded to the flood areas. The week-end donations received by the treasurer, Mrs. S. A. Jones, 46 High street, follow:

\$195.50—Employees of the Dominion Textile Co., Sherbrooke. \$27.30—Employees of E. and T. Fairbanks Co., Sherbrooke. \$16—Staff of the Canada Paper Company, Windsor Mills. \$5—St. James' Guild, Compton. \$4—Mrs. D. Davidson, Ayer's Cliff.

AN IMPRESSIVE TRIBUTE PAID TO J. H. BURTON

Friends Paid Final Respects to Popular and Esteemed Resident of Lennoxville, Whose Funeral Took Place on Saturday Afternoon.

Funeral services for John Hebride Burton, who passed away at his home on Thursday evening, February 11, in his eightieth year, following a short illness, took place on Saturday afternoon.

Prayers were said at his late residence by Rev. Albert Jones prior to the service at St. George's Church, where Rev. Mr. Jones officiated, assisted by Rev. Prof. H. C. Bart and Rev. I. N. Kerr. The hymns, "Peace, Perfect Peace" and "Unto the Hills Around," were sung by the choir with Mrs. A. Jones presiding at the organ.

The bearers were Guy Ward, David Harrison, W. J. Lane, L. V. Parent, J. E. MacAllister and F. S. Brien. Interment took place in Malvern Cemetery.

The deceased was born at Halifax, N.S., on August 10, 1857, son of John W. Burton and Charlotte Holder. He received his education in Halifax, and was united in marriage on July 4, 1874, to Caroline Jane Duncanson, daughter of T. Duncanson, R.N., and Mrs. Duncanson, of Halifax, the marriage taking place at St. Mary's Church, Halifax.

Shortly after their marriage, Mr. and Mrs. Burton moved to Coxshe, where he was connected with the Pean Society of Halifax. Not long after this he resigned from the bank and entered the lumber business, retiring from business in 1918. Six years ago, Mr. and Mrs. Burton moved to Lennoxville.

Mr. Burton was a man of high ideals and sterling character, retiring by nature, a devoted husband and a kind and loving father, a loyal supporter of his church and any other worthy cause. He was a justice of the peace, and at one time a school commissioner of the Cookshire High School.

The many beautiful floral tributes and expressions of sympathy received testified to the high esteem in which he was held by all who knew him.

The late Mr. Burton's grandfather, John Burton, came from England and organized the "Building Loan Society" of Halifax, the first of its kind in North America.

The deceased leaves to mourn his loss his widow; one daughter, Marjorie, Mrs. R. M. Elliott, and her husband, Mr. Elliott, of Hull; two sons, Dr. T. E. Burton and his wife, Mrs. Burton, and John W. Burton, of Lennoxville; one brother, Fred M. Burton, of Bedford, N.S.; two grandsons, Russell Burton, of Lennoxville, and Bernard Elliott, of Hull; one cousin, H. F. Burton, of Bedford, N.S., and many friends.

Among those from out-of-town who attended the funeral were his brother, Fred M. Burton, of Bedford, N.S.; his daughter, Mrs. R. M. Elliott, and her husband, Mr. Elliott, of Hull; Miss D. Thicknesse, of Montreal; Louis W. Moore, of Drummondville; F. E. Kerridge, of Sherbrooke; Mrs. Thomas Kirby, Miss Margaret Kirby and Mr. D. French, of Coxshe.

SUCCESSFUL VALENTINE TEA

Douglas Hall was gaily decorated with red and white on Saturday afternoon, when the Young Women's Association of the United Church held a successful Valentine tea.

The guests were welcomed by the president, Miss Elsie Gibby, and the president-elect, Miss Florence Rolin.

The long tea table, which looked most attractive with its centre of red tulips in a large silver bowl and tall tapers in silver holders was presided over by Mrs. Elmer Bickley and Miss Mina Peragu.

Red hearts, pierced with arrows, were suspended from the ceiling over the small tables on which were red menu cards and red paper baskets containing cakes and cookies.

The artistic decorations were in charge of Miss Geraldine Seale, while Mrs. Ernest Gibby acted as convener of food, and the other members assisted in serving.

MINISTERS EXCHANGED PULPITS

Rev. Albert Jones, rector of St. George's Church, Lennoxville, and Rev. E. K. Moffatt, rector of the Church of the Advent, Sherbrooke, exchanged pulpits last evening.

At the morning service, Rev. Mr. Jones preached on "The Example of Christ." The music was in charge of the organist, Mrs. A. Jones.

The congregation of the Lennoxville United Church was happy to be able to again welcome their pastor, Rev. F. R. Matthews, to his pulpit yesterday morning, after his recent illness. Rev. Mr. Matthews took as his subject, "The Lenten Spirit," and the anthem "Rejoice, the Lord Is King," by Nichol, with a lovely solo part by Mrs. Austin Scott, was sung by the choir, under the direction of the organist, Mrs. P. S. Browne.

In the evening, the subject "Know Thyself," was chosen by the pastor, and the anthem, "In Love Abiding," with a solo part by Allan Willard, was sung by the choir.

General Notes

Mrs. Austin Scott entertained very charmingly at her home in honor of Mrs. D. A. Finlayson, whose marriage took place recently. Contract bridge was played at three tables, the prizes being won by Mrs. C. L. Hall, Mrs. F. S. Browne and Mrs. D. A. Finlayson. During the evening, the guest-of-honor was the recipient of a beautiful silver tray from Mrs. Scott. Later the guests assembled in the dining room where a delicious lunch was served. The attractive lace-covered table being centered with a silver bowl of red

ANNUAL TRIBUTE PAID TO DENTISTS' PATRON SAINT

Dentists of Southern France Gathered at Village of La Guade Yesterday to Honor Memory of Saint Apollonia.

La Guade, France, Feb. 15.—Dentists of Southern France gathered at the village of La Guade yesterday in their annual pilgrimage to the statue of their patron saint—Saint Apollonia.

Saint Apollonia was an aged deaconess of Alexandria who was tortured to death about 250 A.D. All her teeth were broken with pincers by the torturers.

More than a century ago someone it was believed to have been a dentist—a figure of Saint Apollonia made, showing the deaconess standing with a pair of pincers in her hand. In the pincers is an object believed to represent one of her own teeth.

For years dentists and their families have come to La Guade on their saint's day.

tulips and tall red tapers in Sheffield candle holders.

A very pleasant party was held on Saturday evening at the home of Miss Ruby Pegg when bridge was played at two tables, the prize being won by Mrs. George Ogston, of Sherbrooke. Delicious refreshments were served by the hostesses, the deacons and a favour being in the spirit of St. Valentine's Day.

Mr. Edward Parker was a week-end guest in town.

Mr. and Mrs. Douglas Campbell, of Montreal, were guests of Mr. Campbell's parents, Mr. and Mrs. J. B. Campbell, over the week-end.

Mrs. Osborne Kelley, of Ottawa, is in town called here by the death of her father, Robert Ashe.

Among those in town to attend the funeral of the late John H. Burton were: Mr. and Mrs. R. M. Elliott, of Hull; Fred M. Burton, of Bedford, N.S.; Miss D. Thicknesse, of Montreal; Louis W. Moore, of Drummondville; Mrs. Thomas Kirby, of Coxshe; Mr. D. French, of Coxshe.

Mr. E. W. Dundin has returned home after spending two days in Newport, Vt., where he attended the funeral of Mr. Malliaux.

Mr. and Mrs. Gordon Jarvis, of Saint John, N.B., spent the week-end with the former's mother, Mrs. M. E. Jarvis, London street.

Rev. Brother Benedict, of the Montreal Catholic High School, a former principal of St. Patrick's Academy, was a visitor in Sherbrooke over the week-end.

The beautiful flowers on the Altar in St. Paul's Church yesterday were given by Mrs. Jennie King in loving memory of her parents, Mr. and Mrs. Gilbert Downes.

Mr. and Mrs. P. J. Keely, of Montreal, spent the week-end with their daughter, Mrs. Gordon Murphy, and Mr. Murphy, Belvidere street.

Mrs. Mitchell, "Elmhurst," Dufferin avenue, and her daughter, Mrs. H. Bruce Fletcher, returned last night after enjoying a three weeks' cruise to the West Indies aboard the Empress of Australia.

Miss Elizabeth Sherman, daughter of Mr. and Mrs. Payson A. Sherman, of Coxshe, is house chairman this year of her dormitory at Simmons College in Boston, Mass. Miss Sherman is a member of the senior class at the college.

Dr. and Mrs. James Mitchell Parker, of Boston, who arrived here by train yesterday en route for the Laurentians, are the guests at the luncheon today of the former's grandmother, Mrs. Mitchell, "Elmhurst," Dufferin avenue, prior to continuing their journey northward.

The last bulletin from the Sherbrooke Hospital states that there was a decided improvement in Dr. M. S. Macdonald's condition this morning. This news will be a great relief to hosts of friends who have been deeply concerned about the doctor's serious illness during the past ten days.

Mr. J. M. N. Jackson, of Toronto, regional secretary of Toc-H, is a guest for a few days of Mr. E. W. Bryan, 26 St. Louis street. Mr. Jackson will meet the Sherbrooke Group of Toc-H tonight and Tuesday evening and will also address the Sherbrooke Rotary Club. During his stay in the east Mr. Jackson will also visit friends in Lennoxville.

An exceptionally enjoyable and largely attended card party was given at the home of Mr. and Mrs. Sam Clark, Brompton Road, last Friday evening, the proceeds from which will go towards the erection of a Community Hall. Five hundred was played at fifteen tables and bridge at three, the prizes for the former being won by the Misses Celia McCloud, Eva Bailey and Idell McCloud and for the latter by Mr. Douglas Mayhew, of Brompton. At the conclusion of the game delicious refreshments were served.

Under the convenship of Mrs. George Lothrop, the Ladies' Guild entertained the executive of the Quebec-Sherbrooke Presbytery at a delicious supper in Plymouth Church hall on Saturday evening. The personnel of the executive includes Mrs. Angus MacRae, of Richmond, Mrs. E. M. Wilson, of Waterloo, Mrs. W. Long, of Danville, Mrs. A. T. Rogers, of Coaticook, Miss Mina Peragu, of Lennoxville, Mrs. A. Planché and Mrs. A. H. Goff, of Coxshe, Mrs. William McMillan, of Quebec City, Mrs. J. O. Baron, of East Angus, Mrs. Nelson Lothrop and Mrs. J. G. Ransheousan, of Sherbrooke. Additional guests were Mrs. F. E. Temple, of Ayer's Cliff, Mrs. John McDonald, of Coxshe, Mrs. P. Peragu, of Lennoxville and Mrs. W. O. Rothney, of Sherbrooke.

Mrs. Roland Gray, Mrs. E. Kennett, Mrs. C. C. McLachlan, Mrs. G. E. Hodge and Mrs. R. Smith were hostesses at a delightful Valentine tea given under the auspices of the Ladies' Guild in Plymouth Church Hall on Saturday afternoon. Mrs. G. E. Hodge, the president, received, and Miss Eva Hall acted as treasurer. The lace-covered tea table, at which Miss M. Melver presided, was charmingly arranged with red tulips and daisies in a silver basket and lighted red candles in silver candlesticks. Cut-out red hearts were strewn over the white linen covers of the small tables, which were centered with lighted red candles in silver candlesticks, while the Valen-

tine color scheme was effectively continued with vases and baskets of hearts placed about the platform and hall.

Assisting at the tea hour were the Misses Ruby Whiting, Eunice McIntyre and Pearl Whiting.

The sale of home cooking convy covered by Mrs. Fred Peterson and Miss Vina Miltimore proved a very special attraction and helped materially in swelling the gratifying proceeds from the enjoyable Valentine party.

REPORTS GIVEN AT MEETING OF BEDFORD GUILD

Substantial Sum Realized by St. James' Church Guild from Play Presented in Bedford Hall by Stanbridge East Young People.

Bedford, February 15.—The bi-monthly meeting of the Guild of St. James' Church was held at the home of Mrs. Heman Hulburd, with Mrs. D. H. Connor as joint hostess.

The minutes of the preceding meeting, held at the home of Mrs. Lyle Gould, and approved. The president announced that she had distributed fifty-one sunshine bags and that she would be glad to supply them to anyone so desiring.

The matter of holding one meeting of the Guild in the evening was discussed and final decision on the subject was left over to another meeting.

A letter was read from Miss Ilep Ewing, of Montreal, thanking members for their kindness in sending flowers to her mother, Mrs. F. E. Ewing, who has been confined to her home in Montreal through illness during the past two months.

Following the business meeting, refreshments were served by the hostesses, assisted by Mrs. Ross Preston, Mrs. W. Corey, Jr., and Mrs. George Moody, tea being poured by Mr. H. V. Fricker.

AMUSING COMEDY STAGED IN ST. JAMES' CHURCH HALL. A very amusing comedy was presented in St. James' Church Hall by members of the Stanbridge East St. James' Young People's Dramatic Society.

The dialogue was bright and sparkling and the interest of the audience did not lag from the first curtain until the finale. An added and very enjoyable feature to the evening's entertainment was the piano entacté furnished by L. Corcoran.

The cast was trained by Rev. F. B. Staes, rector of St. James' Church, Stanbridge East, and the play was presented some weeks ago in Stanbridge East, where it was enthusiastically received.

ANNIVERSARY OBSERVED BY MR. AND MRS. EUGENE BEST. A very pleasant and happy event was celebrated at the home of Mr. and Mrs. Eugene Best on Sunday, February 6th, when members of their family gathered at their home and gave them a surprise party on the occasion of the fifty-ninth anniversary of their marriage.

General Notes. Mrs. D. J. Reid and Mrs. Harry Jones spent Wednesday in Montreal.

Mr. J. Bournival, who has spent the past weeks at his home, Shawinigan Falls, recuperating from the effects of injuries sustained in an automobile accident, has resumed his duties in the local branch of the Canadian Bank of Commerce.

Mr. Allan Cornell, of Stanbridge East, was a guest part of last week at the home of her sister, Mrs. Heman Hulburd.

Mr. Charles McCaw, of Montreal, was a guest over a recent weekend at the home of his parents, Mr. and Mrs. A. S. McCaw.

Miss Helen Gould, of St. Albans, Vt., has been with her parents, Mr. and Mrs. A. T. Gould, for a time, the latter having been ill with a gripple.

Mr. and Mrs. E. O'B. Gould went to Montreal on Wednesday, where Mr. Gould attended the meeting of the Grand Lodge. Mrs. Gould re-

FRELIGHSBURG O.E.S. CHAPTER INSTALLATION

Pleasant Social Evening Followed Impressive Installation Ceremonies for Maple Leaf Chapter, O.E.S. at Frelighsburg.

Frelighsburg, February 15.—At the regular meeting on Maple Leaf Chapter held on Monday, February 8, the officers for the coming year were installed by Mrs. Agnes Bell, P.G.M., assisted by Mrs. Flora Creller, P.D.G.M., of Vermont.

The impressive ceremony was carried out by the installing officers in a most gracious manner. After the ceremonies for the evening were concluded, the annual oyster supper served by the gentlemen of the Order proved most appetizing.

About fifty were seated at the tables in the banquet hall, and many guests were present who were not members, to enjoy the social hour. The officers for the coming year are: Mrs. Maud Laycock, W.M.; Mr. Gardner Russell, W.P.; Mrs. Anne Harvey, A.M.; Leon Rowse, A.P.; Mrs. Blanche Shepard, secretary; Mrs. Dora Capsey, treasurer; Mrs. M. Thornton, conductress; Miss Hazel Dell, associate conductress; Mrs. J. Wales, chaplain; Mrs. Agnes Bell, marshal; Mrs. Geneva Shepard, organist; Mrs. E. L. H. Baker, Adm.; Mrs. A. Manson, Ruth; Mrs. Ida Russell, Esther; Mrs. P. Fortin, Martha; Mrs. Lammpan, Electa; Mrs. M. Blake, warder, and Mr. Percy Searles, sentinel.

Mr. Rowse, of Dunham, met with an accident on Monday last week when he was bringing several people from Dunham to attend the meeting of Maple Leaf Chapter. The car skidded and left the road, crossing a deep ditch, but fortunately did not overturn.

Mr. Thomas Frary, of Montreal, was a recent week-end guest of his parents, Mr. and Mrs. J. R. Frary. Upon his return he was accompanied by Mr. Gerald Martin, who had been a guest at the same home for a week.

Mr. and Mrs. C. H. Remick and Mr. and Mrs. E. H. Spencer motored to Montreal over a recent week-end with relatives.

Mr. Raymond Whitcomb, who has spent the past few weeks in Ontario on a business trip, was a recent week-end guest of his parents, Mr. and Mrs. M. R. Whitcomb.

Mr. and Mrs. C. R. Manson, of Dunham, were recent Sunday guests of Mr. and Mrs. T. J. Bell.

Mr. M. E. Owens, of Sutton, and Mrs. A. Dunn, of Edmonton, Alta., were guests of Mrs. T. J. Cassidy on Wednesday.

Mr. B. M. Shepard acted as hostess for the regular meeting of the Ladies' Guild. There was a good attendance, with one new member being added to the roll.

maintained with her parents, Mr. and Mrs. Joseph Johnston, until the end of the week.

Mr. and Mrs. Clarence Best and Mr. Harold Best, of St. Albans, Vt., were recent Sunday guests of Mr. and Mrs. F. E. Best.

Mr. and Mrs. C. Parker, of Plattsburgh, N.Y., were guests over a recent week-end of the latter's sister, Mrs. Wilbur Borden, and Mr. Borden.

He had never struck such a stuffy hotel in his life. In vain did he try to sleep. He had endeavored to open the windows before going to bed, but had found them all sealed. He tossed and turned. At last, in desperation, he got out of bed, wrapped a blanket round his hand and smashed a window. Then he breathed deeply, got back to bed, and fell into a deep and refreshing sleep.

Next morning he had to pay ten shillings for smashing the window's mirror.

Rheumatism in Feet Relieved. Here is a story of a young man who had almost given up hope of taking part in active sports with his fellows again.

"Two years ago I started with pains in the feet which gradually got worse. I tried everything under the sun but to no effect. Whilst waiting for treatment one evening, another patient advised me to try Kruschen Salt. That was twelve months ago; the relief was not sudden, but the pain and swelling gradually left my feet, and in six months I amazed my friends by taking long walks in the country. This year I have played a good deal of tennis, a thing which I had begun to think I should never do again."

Rheumatic pain and swelling is frequently caused by excess uric acid accumulating in the body. Kruschen contains two ingredients which are notable for their work in dissolving uric acid deposits. Other ingredients in Kruschen assist the natural organs to expel this dissolved acid from the system.

MARRIAGES

NICHOLSON—MacDONALD. The marriage of Ruth Isabelle, eldest daughter of Mr. and Mrs. Norman A. MacDonald, to Mr. David Angus Nicholson, son of Mr. John Nicholson and the late Mrs. Nicholson, all of Milan, was quietly solemnized on January 16 at "The Manse," Sherbrooke, Rev. J. R. Graham, minister of St. Andrew's Presbyterian Church, officiating.

The bride wore a lovely dress of aquamarine spun silk trimmed with beige embroidered net and brown accessories. The bridesmaid, Miss Bernice MacDonald, the bride's sister and her only attendant, wore an emerald crepe dress with brown accessories. Mr. Charles MacDonald, of Montreal, brother of the bride, acted as best man.

After the ceremony a reception was held at the home of the bride's aunt and uncle, Mr. and Mrs. D. J. Shaw, in Lennoxville. The wedding guests included Mr. and Mrs. N. A. MacDonald, the Misses Alma and Bernice MacDonald, of Montreal, Mr. Charles MacDonald, of Montreal, and Miss Jessie MacLeod, Lennoxville.

PREFONTAINE—BREAU. Barnston, February 15.—A wedding of interest to Barnston friends took place in Montreal on Monday, February 8th, when Miss Adelaide Breault, eldest daughter of Mr. and Mrs. Pierre Breault, of this place, was united in marriage to Dr. J. Albert Prefontaine, of Coaticook. The marriage service was performed by Rev. Father Binette in the private chapel of the Basilica, Montreal.

The bride, who was attended by her father, was dressed in a wine-colored ensemble with a silver fox fur and a corsage of spring flowers. The groom was supported by his brother-in-law, Mr. Pouloude, of Montreal.

Following the wedding breakfast, which was served at the Queen's Hotel, the newly married couple left for their honeymoon in New York. After their return, Dr. and Mrs. Prefontaine will reside in Coaticook.

STUDENTS SELL TAGS TO FINANCE LOVE CALL. Hamilton, N.Y., Feb. 15.—Colgate University freshmen sold tags on Hamilton streets today to finance the telephone call that gave Don Richon a few moments with the girl-friend in Belgium.

Richon was surprised when he received the bill for \$44.50 from the telephone company. There was no remorse, however. "I'd do it every day," he declared. Then added thoughtfully, "if I had the money."

Phi Delta Gamma Fraternity members, inspired by the romantic spirit of "Brother" Richon, organized to clear the debt. That's why guests attended the winter carnival house parties at Colgate today were met by the tag-bearing freshman.

HOMESTERS WON LOCAL CONTEST IN EASY STYLE

Local Aggregation Not Unduly Pressed to Win Final Game of Provincial Hockey League Schedule Against Valleyfield Yesterday Afternoon.

Sherbrooke's strongest challenge in years for provincial intermediate hockey championship will be launched tomorrow night in St. Jerome when the local lads start in quest of the provincial League title. The O'Donnell squad put the finishing touches to its pre-series grooming yesterday afternoon in the Arena, polishing off Valleyfield by three to one and thereby gaining the privilege of playing the second contest of the St. Jerome series and the third, if necessary, before a home crowd.

Despite the inclement weather, a total of 1,918 paid admissions witnessed the homesters' conclude their regular schedule with a record of sixteen victories, one draw and one defeat. And it was fitting, from the viewpoint of Sherbrooke fans, that their favorites should conclude their pre-playoff activities with a triumph over one of the two teams which prevented the O'Donnellmen from travelling through the schedule undefeated and untied.

The ice surface stood up fairly well in the first two periods, during which Sherbrooke established a two-goal lead. Obvious reasons for the play too hard because of this week's important encounters, the homesters started the drive for their first goal when Landreville drew a penalty. Their offensive, although unsuccessful until the teams were again at full strength, continued and paid dividends thirty-one seconds before the frame ended. "Hank" Harris, who had missed the penalty shot awarded when Landreville was waved the "cooler," made up for this lapse when he slapped home Ronnie Mooney's pass-out from beside the net. Bill Gordon helped towards this tally and was credited with an assist. Earlier in the period, when Jean-Paul Ranger was banished, the visitors applied the pressure but failed to pierce Roger Dion's guard.

Valleyfield paid plenty of attention to Harris in the second frame and their overzealous resulted in a penalty to Desautels and Boyer. Content to protect their lead, the homesters did not press unduly while their opponents were short-handed. Peculiarly enough, it was while the visitors had the advantage in manpower, through a penalty to Bob Dunsmore, that Sherbrooke made the count two to nothing. Jack Kelly and Freddie Belanger were instrumental in netting what ultimately proved to be the winning goal, the latter converting Kelly's pass into a cord-catcher. The homesters continued to hold the upper hand as the chapter ended. But Laplante's stellar netminding prevented them from increasing their margin. At the other end, the Sherbrooke defence was showing up well, furnishing Dion with plenty of protection with skillful blocking.

The game was held up a few minutes in the final minute when Leblond was slightly injured and obliged to retire for repairs. Valleyfield was finally successful in denting the Sherbrooke draperies, Latour being responsible for preventing Dion from chalking up his fifth shutout of the season. The lead threatened, the red and white-vested brigade went on the attack again and clinched the verdict when Mooney picked up Harris' pass and waited for Laplante to make the first move before taking the Valleyfield netminder's measure. Penalties to both teams in the closing minutes put an end to prospective scoring plays.

The fixture brought Howie Grant, former Lennoxville star, back to Sherbrooke after an absence of several years. Grant was used on the Valleyfield defence and acquitted himself well.

SHERBROOKE HAD HIGHEST ATTENDANCE FIGURES

Statistics released by Provincial Hockey League officials today indicate that Sherbrooke home games attracted 19,500 fans for a high average of nearly 1,200 spectators a game. Valleyfield placed second in the attendance column with 15,000, while St. Jerome was third with 11,700. Crowds of 7,800 saw Joliette and Drummondville in action, while Granby drew 6,500 to its home games. The estimated paid attendance was 71,500.

VICTORY SENDS AMERKS NEARER PLAY-OFF SPOT

Toronto's Hold on Third Place in Canadian Section Threatened by Week-End Developments—Maroons Whipped Canadiens in Intra-City Clash.

Perhaps it would be just as well not to count the New York Americans out of the play-offs yet. For weeks they have looked like sure things to end up behind the eight ball, but now they come along with a two-game winning streak.

And their chief opposition, the Toronto Maple Leafs, are not travelling so well. While the Americans were beating the New York Rangers by five to four in Madison Square Garden last night, the Leafs were losing a three-goal lead and letting the Detroit Red Wings tie them at three-all. That following a "three to nothing" beating the Boston Bruins gave them in Toronto Saturday night.

The result is that the Americans are only five points behind the Leafs today and they have twelve games in which to take third place in the National Hockey League's Canadian section. The Leafs, however, are only one point ahead of the Bruins and have to win seven of their remaining eight games to take the lead.

The Bruins, bolstered by the addition of Milton Schmidt and Porky Dumont from Providence, strengthened their hold on third spot in the American division by taking the win from Toronto and beating the Hawks by two to one in Chicago last night. They are only two points down to Rangers and are eleven up on the Hawks.

The fifth game of the week-end saw the Maroons defeat the Canadian section leaders, the Canadiens by five to one before a sell-out crowd in Montreal Saturday night. That brought the Maroons to within seven points of their intra-city rivals.

The week-end was one of the best of the season from an attendance standpoint. The crowd of 11,000 in Montreal was the smallest of the five. The attendance of 15,361 at New York led the rest and, in all, 65,343 persons saw the five games.

The Americans piled up a four to one lead in the first two periods of the game with the Rangers and successfully withstood a strong closing attack by Lester Patrick's team. Art Chapman, Tommy Anderson and Eddie Wiseman trailed before the Rangers hit the score sheet through Butch Keeling. Joe Jerwa and Lorne Carr got the other Amerks' goals and Babe Pratt, with two, and Keeling finished up the scoring.

The Bruins won the game with Toronto by scoring through Dit Clapper in the first period and playing defensive hockey. The Leafs had every man up on the attack in the last two minutes of the game when Bill Cowley and Cooney Weiland broke away for the other Bruin counters.

Clapper scored the first goal again at Chicago and Schmidt aided in it just as he had in Toronto. Paul Thompson made it tough for the Bruins when he tied the game up in the second frame, but in that same period Charlie Sands scored the winning counter.

McGILL SCORED CLOSE VICTORY OVER BISHOP'S

Lennoxville Collegians Gave Montreal Redmen Hard Battle Before Succumbing in Intermediate Interscholastic Hockey League Encounter.

Bishop's hopes of annexing the 1937 Intermediate Interscholastic Hockey League pennant suffered a serious jolt Saturday night when the Lennoxville collegians dropped a close decision by the odd goal in five to McGill's Redmen. The spectators who invaded the University rink witnessed a fast exhibition of hockey despite the sticky condition of the ice surface.

The Montrealers iced a team which outweighed the smaller Bishop's students by a considerable margin. Vic Loftus and Andy Anton, of football fame, combined to form an almost impenetrable defence barrier, the latter being particularly impressive with his solid bodychecking. In other departments both teams were quite evenly matched, the return of "Dago" Knox bringing the first line to full strength and the netminding by Don Bennett keeping the Lennoxville boys in the running until the final whistle sounded.

The first period opened at a furious clip, both teams determined to take advantage of opportunities before the surface made puck-carrying and combination work ineffective. McGill pressed hard for the opening goal, but Bennett kicked shots out in fine style. The persistent Crimson offensive achieved results, however, at the halfway mark when O'Brien and Kerrigan staged a two-man passing play. Bennett could not clear O'Brien's shot, uncocked the McGill wingman rounded the Lennoxville rearguard. Kerrigan snapped up the rebound and passed to O'Brien, who caught the top left-hand corner with a rising shot. The counterattack was a two-man drive when Kenny and Calder were penalized in succession, but their efforts reaped no dividends and the frame ended with the Montrealers leading by one to nil.

The visitors continued to set the pace at the beginning of the second frame. A two-man drive involving O'Brien's measure after an individual ruck. Bishop's passed up two fine chances in this frame before the second-string forwards notched the first Lennoxville goal. Johnny Hibbard tricked his way past Loftus and passed to Harry Scott whose shot grazed the corner of the net which Newman had left wide open. A few minutes later Hibbard broke through alone on Newman, who made a sensational save of the centreman's shot.

At the fifteen-minute mark John Paterson was responsible for the first Bishop's tally. Paterson was on hand for his big brother's rebound and flipped the disc into the draperies before Newman could make a move. Bishop's continued to outplay the Redmen, but were outkicked around the net and finished the middle chapter behind by the odd goal in three.

The principal thrills of the game were crowded into the final minutes of the third stanza. Midway through this session Bishop's had an anxious two minutes when Carl Norris was waved to the penalty bench. Five Redmen swarmed around the Lennoxville citadel and another McGill tally appeared imminent. The return of the husky defenceman, however, relieved the pressure before any damage was done.

The Bishop's cause appeared lost two minutes before the last gong when Calder scored for the visitors. It was not all over, though, for John Paterson connected for his second point a minute later. Pandemonium reigned during the last sixty seconds, but the Red line held against the frenzied attack of the desperate Bishop's sextette.

Between periods the spectators were kept informed of the trend of play by "Wild Bill" Gedye and his amplifying system.

The teams were: McGill: Newman, goal; Bennett, Anton, defence; Norris, Loftus, centre; Hilborn, Doherty, wing; Knox, Calder, wing; St. Jerome: J. Paterson, D. Paterson, Dawes and Carter. Referee: E. J. Wolfe.

MILD WEATHER HALTS PLAY IN LOCAL BONSPIEL

Final Stages of Record and Mitchell Trophy Competitions Held Over Until This Week on Account of Soft Ice—Move to Extend Scope of Local Bonspiels.

The local knights of the broom and stone are anxiously hoping today that the cooler spell which set in last evening will last long enough to allow the completion of the competitions in the Sherbrooke Curling Club's annual bonspiel which had to be suspended on Saturday on account of soft ice. With play in both the Record and Mitchell trophy competitions, and the co-ordination series at a halt, the attendance at the annual competition in the Sherbrooke Curling Club's annual bonspiel which had to be suspended on Saturday on account of soft ice.

Following the dinner, Sam Wood, a past president who acted as chairman in the unavailing absence of President Jim Fuller, called on a number of members and visitors for a few remarks and considerable time was spent discussing a proposal of Hubert Ames that steps be taken to extend the scope of both the Sherbrooke and Lennoxville bonspiels so that a greater number of members of both clubs could take an active part in the competitions.

This suggestion met with general approval, although the many difficulties standing in the way were pointed out. Finally, the whole issue was left over as a problem for future years.

OTTAWA ANNEXED GOVERNOR GENERAL'S TROPHY AGAIN. Ottawa, Feb. 15.—The historic Governor General's Curling Trophy rested in Ottawa today for the twenty-third time since Lord Dufferin donated it fifty-two years ago. Two Ottawa Curling Club rinks, skipped by Reid Hutchison and Bert James, won the trophy on Saturday by defeating two Montreal Heather Club rinks, skipped by C. O. Wood and J. McKee. The score was twenty-nine to twenty-two.

James' rink, composed of G. Wilton, W. Warwick and J. Madley, won over Wood's rink, made up of Dr. E. Edmondson, C. W. Taylor and H. R. Cockfield by a score of fifteen to twelve.

Hutchison's rink, of George Green, P. J. McLaughlin and J. H. Buckham defeated the Montreal rinks, led by Allan, A. C. Wood and W. E. Markham, to the tune of fourteen to ten.

Local Tweedsmuir, who watched the matches, presented the trophy to the Ottawa winners.

CATHOLIC HIGH DOWNED LOCAL IRISH JUNIORS

Pearse Casey Scored Montreal Team's Five Goals in Exhibition Game Against Eastern Townships Junior Hockey League Leaders Saturday

That the St. Pat's Grads would cut quite a figure in Montreal inter-scholastic hockey circles was evidenced in the Arena Saturday night despite the fact that the local entry in the Eastern Townships Junior League succumbed by a score of five to one in an exhibition fixture against the Catholic High School. The Montrealers, holders of a record of ten straight victories and favored to win the inter-school title, and the current leaders of this district's junior circuit staged a hard-fought fixture in which the final issue was not definitely settled until late in the third period.

Superiority around the nets and a stronger defence contributed to the victory achieved by Brother Paul's proteges. The local lads succeeded in breaking through the staunch Montreal rearguard on several occasions, but lack of polish prevented them from catching Forty Lyons off guard. On the other hand, the visitors aimed a barrage of close-in shots on the Sherbrooke citadel and were only prevented from winning by a bigger margin by the sensational netminding of Ashley Hunting.

Despite the soft condition of the ice surface, which was dotted with pools of water, the contest provided plenty of thrills. Plenty of body checking and roughing required the attention of both referees, Len O'Donnell and Dave O'Keefe, at all times, but nothing of a serious nature developed. The fans were satisfied with the exhibition, their only regret being that hard ice would undoubtedly have resulted in a more interesting display.

There was a certain gentleman named Pearce Casey who caused the Sherbrooke players and their supporters several attacks of the jitters every time his stick caressed the puck. The tremors of anxiety were founded on Casey being responsible for five tallies in the Montreal column. A neat stickhandler and a hard shooter, the winger made few mistakes when his team mates placed him in scoring positions. His picture goal came in their period, when he siestepped the local lads and drilled a wicked drive into the meshes behind Hunting.

The local aggregation, with Frankie Milton in the masterminding role, showed up best in the second period. They held command of the played almost continually in this stanza only to be turned back every time by Lyons. In the other sessions they enjoyed their share of territorial play, but inability to keep track of Casey provided one of the principal reasons for their downfall. Bill Christison saved the Sherbrookes from a shutout early in the final chapter and it was while the home-sters were striving for the equalizer that Casey wound up his prolific scoring.

Ken Storey, Edmond Keely, D'Arcy McGovern and Anthony McMenamin were the playmakers for Casey's tallies. Storey and Keely in the first and second periods, respectively, and McGovern and McMenamin in the final twenty minutes. The Christian shot which broke Lyons of a shutout was a backhandler from inside the Montreal blue line with several players obstructing the Montreal goalie's views.

Minor penalties and one major were meted out, Keely suffering the five-minute banishment when he argued too strenuously with Referee O'Donnell. The teams were: Catholic High: Casey, goal; Hunting, defence; Delorme, O'Connor, defence; Woolton, Keely, centre; Murphy, McDonnell, wing; Veilleux, McMenamin, wing; Mooney, Storey, Casey, McGovern and Neville. St. Pat's subs: Prefontaine, Christison, Byrne, Gingues and Conway.

THE SUMMARY. First Period. 1—Catholic High Casey (Storey) 11:15. Penalties: Prefontaine and Bolanger. Second Period. 2—Catholic High Casey (Keely) 4:35. Penalties: Prefontaine, Neville 2, and Murphy (minors); Keely (major). Third Period. 3—St. Pat's Christian 5:00. 4—Catholic High Casey (McGovern) 5:30. 5—Catholic High Casey (McMenamin) 2:45. THREE INDOOR WORLD RECORDS WERE BETTERED

Lash, Varoff and Allen Shattered Former Marks to Feature Star-Studded Track and Field Meet in Boston Garden Saturday Night.

Boston, Feb. 15.—Three world indoor records crashed while the star-studded international track and field force thrilled a packed crowd of 13,682 at the forty-eighth annual Boston A. A. Games at the Boston Garden Saturday night.

Time was bested by Don Lash, Indiana star, when he gained a smashing two-mile victory in 8:58 flat, one-fifth second under the mark set by Paavo Nurmi twelve years ago, and also by Sam Allen, of Bristol, Okla., the United States A.A.U. indoor hurdles champion, who turned in a 5.7 seconds heat in the 45-yard tall-timber event, only to be nosed out in the final by Dartmouth's Johnny Donovan, intercollegiate champion.

Allen's time was one-tenth second better than the 5.8 record established by Monty Wells back in 1927. That old mark has been equalled many times since, the last time by Donovan when he broke the tape an inch or so ahead of Allen in the final.

Height was conquered by George Varoff, the University of Oregon star, and he added the world's indoor pole vault record to his outdoor mark when, on his second try, he cleared 14 feet 4 1/2 inches. That mighty flight was 7/8 inch higher than the previous high vault, made by Keith Brown, former Yale star, three years ago.

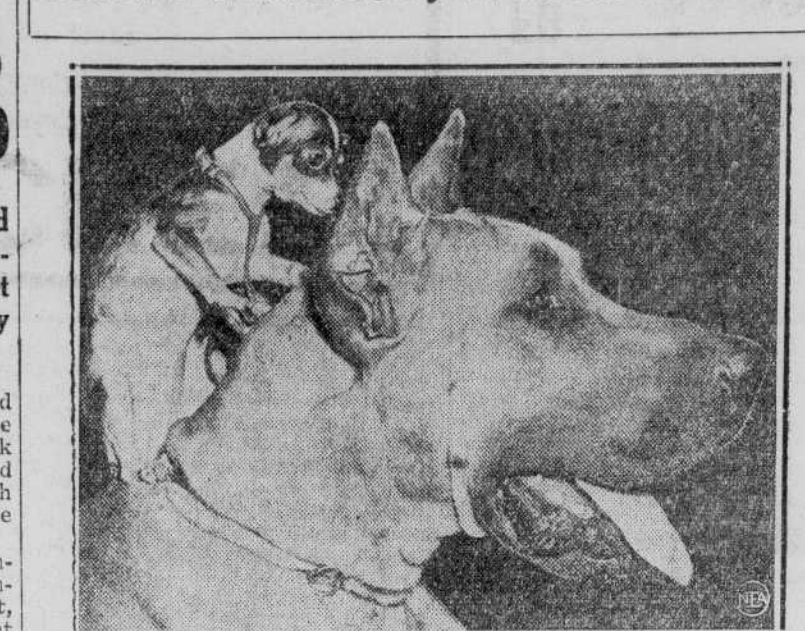

Lash's unprecedented feat stirred the packed crowd more than the other two record-smashing performances, for he gave it ample warning of what was to come when he withdrew from the famous Hunter Mile, thereby reducing it to a three-cornered race, to conserve his strength for one desperate battle with the watches.

He started off in the nine-man, Williams field in fifth place, worked his way up to third on the second lap and about the Garden near eleven-lap track and then pulled ahead of Yale's Wilbur Woodland and Blain Rideout, one of the famous Texas twins, to take command after the third lap.

From then on, Lash was never challenged and he broke the tape at least one hundred yards ahead of Norman Bright, of the San Francisco Olympic Club. Wayne Rideout, the other Texas twin, straggled over the finish line in third place, followed at regular intervals by his brother and the veteran Joe McCluskey.

Miklos Szabo, the Hungarian champion, who came here to make his American debut, was lapped on the seventeenth turn by Lash and dropped out a half-lap from the finish line.

PUTTING ON THE DOG JUST TO HOUND FAME

Of course, a dog show wouldn't be complete without a Great Dane-Chihuahua picture, but little Don Juan Alfonso seems about to put a flea in the ear of Steinbacher's King regarding photographers.

That wrapped look on Cecile of Ettie Haven reflects her owners' pride in the tiny Chihuahua's prize ring achievements as indicated by the ribbons that decorate her comfortable bed.

The dog show must give Cliffside Golden a big kick, for he submits happily to the ministrations of Catherine Captain in preparation for judging of the Pomeranian Class.

STANSTEAD AND QUEBEC SCHOOL SHARED HONORS

Eastern Townships Collegians Victorious in Hockey Match, but Lost Basketball Fixture to Quebec Commissioners High School Saturday Night.

Quebec, Feb. 15.—The Quebec Commissioners High School won the 1936-37 rugby-hockey-basketball series against Stanstead College by reason of conquering the Eastern Townships collegians in the annual cage contest here Saturday night. The Stanstead boys had evened the series by winning the hockey match earlier in the evening to counter-balance the gridiron triumph. The local students scored last fall, and the fixture on the Y.M.C.A. gymnasium floor accordingly became the "rubber" affair.

The open-air rink was under Please Turn to Page 2, Col. 6.

THREE GERMANS EXECUTED TODAY FOR HIGH TREASON

Three Decapitations Brought Number of Week-End Executions in Germany to Six. Berlin, Feb. 15.—The white-gloved, frock-coated executioner of Berlin's Ploetzensee prison swung his axe three times at dawn today, beheading three Germans accused of high treason against the Third Reich. The victims were Friedrich Richter, twenty-nine, Guenther Galgan, twenty-five, and Johannes Eggert, thirty-nine. The three decapitations brought the number of week-end executions to six. Of the three men beheaded Saturday, one was sentenced to death for treason, and two for "non-political" murders.
